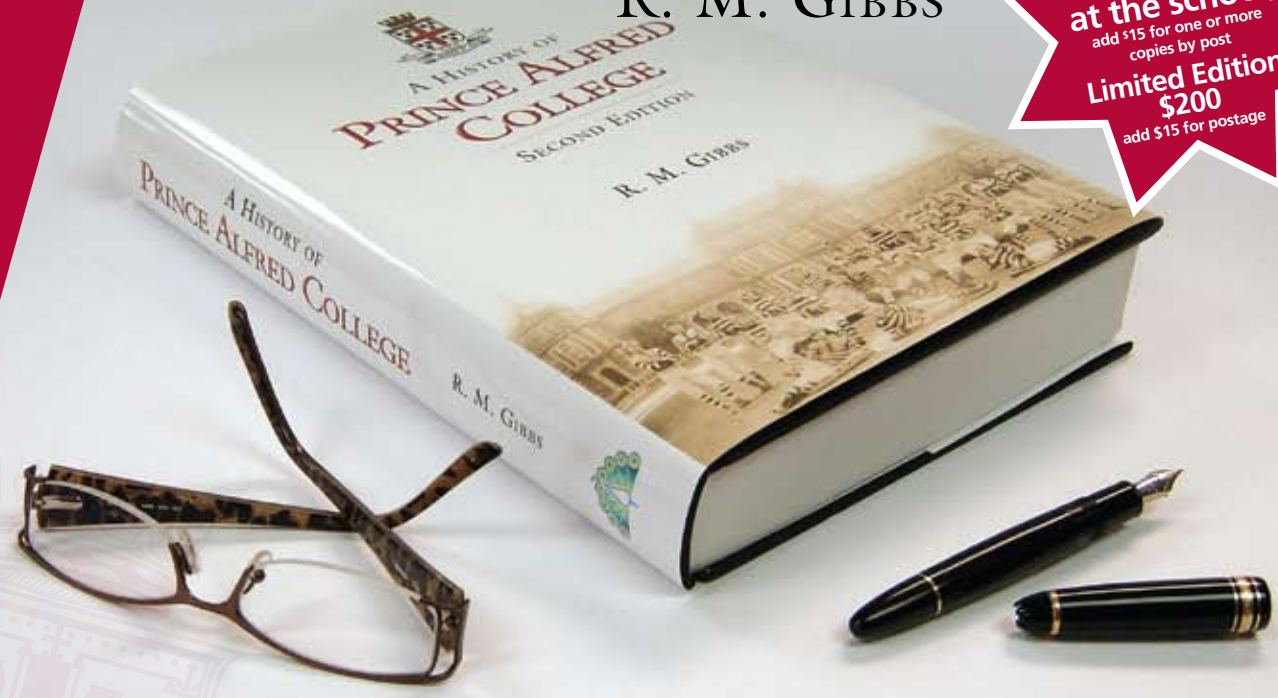
Limited Edition $200 add $15 for postage



The first edition of this history, published in 1984, was awarded the *SA Government prize for non-fiction* at the 1986 Festival of Arts. This second edition now incorporates much new material relating to the school's earlier history and carries the story in detail through to the present day. This highly readable book, of 568 pages, is handsomely illustrated (including 16 colour pages), hardbound with a dust-jacket, comprehensively indexed and moderately priced. It will be invaluable for all those interested in the school's rich traditions and the South Australian historical background. The book will also make an ideal gift.

A special signed limited edition of 140 copies, leather-bound and in a cloth slip-case, is available for $200 for copies collected at the school, or $215 including postage and handling. (The limited leather-bound copies of the first edition in 1984 sold within a month.)
