ET PATERE

annual giving

but what of tomorrow?

150 years ago the Founders of Prince Alfred College had the vision of establishing a school for boys. In 1865 the land on which the College now stands was purchased and in 1869 the first boys commenced. Their vision became reality.

Such was the foresight of these men and women that not only did they establish the College but they sought to endow scholarships to enable students to attend it. The Colton and Longbottom Scholarship were awarded for the first time in 1870.

As the development of the College progressed through the nineteenth and twentieth centuries the Founder's vision was supported by following generations. Buildings were built, facilities provided, and scholarships endowed.

We are now well into the twenty first century and the vision of the Founders remains clearly in focus.

We invite you to join us in sharing and continuing their vision by making a philanthropic gift to the projects at Prince Alfred College presented in this brochure.

building fund

ANZAC Hall upgrade

Since 1963 Anzac Hall (the Assembly Hall) has been Prince Alfred College's pre-eminent community space.

Anzac Hall needs to be a truly multifunctional space that rigorously meets a diverse range of requirements, from sophisticated ceremonies, to musical performance, to theatre, while also being a technologically savvy teaching environment.

Upgrade work will include an enlarged proscenium, increased stage area, reshaped front walls to improve stage sight lines, upgraded sound and light systems, and new seating.

Mr Porter produced a play which gave us all much pleasure and was of value in the all-round education of the boys.
Headmaster Ward, 1944

scholarship fund

Miyurna, yarta, ngadlu tampinthi.

We recognise the people and their land (Kurna Yerta)

Through the College's Reconciliation Action Plan (2016) we aim to provide a welcoming space for Aboriginal and Torres Strait Islander students and their families. We also aim to ensure Indigenous students have a strong sense of identity and presence in our learning environment.

A significant gift in memory of Colin McKay (1919-21), who was President of the PAOCA in 1960, has enabled the offering of a scholarship for an Indigenous student from time to time. Your gift will add to the opportunities already made possible for Indigenous students to attend the College.

Donations are also welcome to support the provision of scholarships to non Indigenous students through the Foundation General Scholarships Fund.

Currently I am in my 4th year of a double degree of Law and Commerce at Adelaide University. As a past recipient of the McKay Scholarship I can say wholeheartedly the scholarship program provides a life changing opportunity to young Aboriginal students as it did for me.
Tyler O'Brien, PAC 2011

library fund

Libraries are for Life

Libraries are the centre of learning and provide a vast array of resources to staff and students alike. At Princes our Senior School library is named in honour of Headmaster Frederic Chapple, and in the Preparatory School Headmaster Ward's appreciation of the classics and languages is commemorated.

In 2014 and 2015 the Foundation Library Fund has provided significant funds for the upgrading of furniture, information systems, and books for staff and students of all ages.

This commitment will continue throughout 2016 as the College continues to develop library facilities..

A vibrant, well stocked library, remains the cornerstone of any school.

Ryan Manuel, 2005 Rhodes Scholar

professional development fund

A strategic priority of the College is ensuring a highly professional teaching staff.

The Staff Professional Development Fund seeks to assist in the development of our staff to enable them to contribute to the College beyond the expectations of their current role and/or capabilities. This may be through additional study, research or participation in professional development opportunities in line with the College's strategic goals.

Please note, donations to the Professional Development Fund are non-tax deductible.

Mr RT Smith takes us for physics and besides having a sense of humour seems very efficient.
