Welcome to Winter Intercol 2024

The sports programs between our two schools seek to develop a desire and ability to participate in lifelong community sport and activities, thus providing strong health protective factors for all students well beyond their schooling. These intercollegiate fixtures draw attention to this participation and we hope motivate all members of our community to maintain their healthy pursuits. I thank Headmaster, Mr David Roberts and his staff team for our joint partnership.

Bragging rights in your local postcode are always highly prized among friends and our intercollegiate fixtures provide the opportunity to secure same. The equal focus on spectating in addition to participation draws all members of our community toward our shared goals. Our mission challenges each of us to take an interest in others, to share their experiences, both their triumphs and struggles, and to take the time to appreciate the collective endeavour.

I encourage all members of our community to support their peers across the full range of ability during these events. Although the scores will likely be revered among the peer groups, it is the spirit of participation and spectating which must stand as an example to the wider community of our shared values. I ask that all participants, in and out of the arena, represent their community with humility, integrity and respect and wish all participants every success.

Tim Browning | Headmaster
St Peter's College

I sense the Olympics have added to the anticipation and excitement around the playing of the 154th Winter Intercol. There are always stories of triumph and disappointment at the Olympics, as our boys from both schools will no doubt experience in the upcoming Intercol fixtures. The father of the modern Olympics - Pierre de Coubertin

famously said, "the most important thing in the Olympic Games is not winning but taking part". Mr Browning and I, as well as those who have come before us, have always maintained it is the how we take part that must remain central to this friendship and rivalry. How our boys and our supporters continue to uphold the values of both of our great educational institutions is more important as any win on the day.

I thank the Headmaster, Mr Tim Browning, and the St Peter's College community for their hospitality. I have every confidence that the boys from both schools will again compete with a level of effort and intensity befitting the occasion, but that above all, they will demonstrate sportsmanship and humility, whilst preserving and strengthening the friendship that exists between the two schools. We wish all players, coaches and supporters from both schools well for the 2024 Winter Intercol.

David Roberts | Headmaster
Prince Alfred College
