

Prince Alfred College Chronicle

UBI NON EST SCIENTIA ANIMÆ NON EST BONUM.

VOL. IV.—No. 85.

ADELAIDE, MAY 18, 1906.

[PRICE SIXPENCE.]

School Notes.

Improvements are still being made at the College. The sound of the hammer and the clink of the trowel ring out merrily, and buildings rise before our eyes day by day. New out-houses are being erected and fitted with all that modern sanitary science can suggest. And all up the back of the four stories of the main building broad balconies are being constructed. On the top two of these bathrooms, lavatories, &c., are to be put for the increased comfort and health of the juniors and sub-seniors. Some of us are wondering whether there has been another legacy left to the school, or whether some member of the Committee or some old boy has struck a gold mine. Within the last two years over £6,000 must have been spent upon improvements, and great improvements they are. For these last contracts, appropriately, an old boy is architect, Mr. Good, of Messrs. Williams & Good, and at least one of the contractors, Mr. Baulderstone. He points to his stonework as the best on the ground, with a proper pride.

We heartily congratulate Mr. C. H. Comley, of our staff, on passing the Senior Latin in March, and thus removing the only impediment in the way of receiving the magic letters B.A. and B.Sc. of the Adelaide University.

The Debating Society has been in recess during the hot weather, but will resume its meetings with the Second Term, meeting on alternate Fridays from 8 to 9 p.m. In no age, perhaps, has the power to speak to one's fellow-men wielded a mightier influence.

Carpentry and Wool-classing have again a goodly number of our boys—most useful in such a practical country as ours.

The word "practical" reminds us of a recent article in *The Advertiser*, calling attention to the marks allotted by the University authorities to the Science subjects at the Junior, Senior, and Higher Public Examinations. There is no doubt that under present arrangements Science does not *pay* at these examinations, and it ought to, for it is so important to most boys. And they

are difficult subjects, too, and deserve more marks.

The Cadet Corps has taken a new lease under more favorable conditions, and every Wednesday, under Lieutenants Bayly and Newman, Color-Sergeant Goode, and Sergeants Lloyd, Osborn, and Wilton, they are undergoing vigorous training. The Head Master told us in an assembly one morning lately that the arrangements of the Federal authorities were now nearly complete, that they offered to each cadet equipments (rifles, belts, ammunition, &c.), the right to shoot at the butts, and free passes on the railway thereto. Further, they would arrange for uniforms to cost less than one pound, and give a small subsidy towards the expenses of the Corps. All the College Cadets are to form companies of Battalion 1. On the collar of each uniform is to be the number of the company and the school coat of arms. We trust P.A.C.'s will become famous for all-round excellence.

We hope that everything will be quite straight shortly, and two or even three good companies enrolled. The Scotch College, Melbourne (of a school roll about the same length as ours), reports 150 in full drill, and every man who has gone heartily into this work in his youth will tell of lasting benefits in carriage, bearing, habits, and success in life that it brought him.

The first term of 1906 ended on May 4th, after fourteen weeks of steady work. At the final assembly the Head Master read through the class lists and made a few remarks about cases of special success or failure. The duces of the forms were duly applauded. It was then announced that the prizes won at the recent Tennis Tournament would be handed over to those players who had been successful. Amid much clapping, Gordon Goode received a handsome pewter cup for winning the Champion Singles. S. E. Holder and W. W. Cooper, the winners of the Handicap Doubles, and R. C. Thomson and E. W. Robertson, the winners of the two divisions of Handicap Singles, also received a "pewter" each.

There was yet another pleasant task to be performed. The Head Master said that he had been asked by the two Sixths and Upper Fifths, in their name, to hand to Mr. Langley a token of their respect and esteem and good wishes. In making the presentation, Mr. Chapple spoke of the good work Mr. Langley had done in our midst for over nine years, and voiced the sentiments of the school by wishing him and the lady who to-morrow was to be Mrs. Langley long life and every happiness. Mr. Langley briefly thanked the Sixths and Fifth for their kind and handsome gift, adding that he had always found the Australian boys to be kind and sympathetic, "rejoicing with them that re-

joice, and weeping with them that weep." He also thanked the Head Master for his kindness through all the years, and for his remarks on this occasion. Another burst of cheering closed this pleasing incident. After the school had sung a verse of the Old Hundredth the Head Master closed the session with the benediction, and we went "home for the holidays."

Old Boys.

Newton J. Moore has been raised to the high dignity of Premier of Western Australia. His old school heartily congratulates him, and wishes for him a long and useful term of office. He invited the Hon. M. Moss, another old P.A.C., to join him as Colonial Secretary and Leader of the Upper House; but Moss, Attorney-General in the late Ministry, was unable to comply.

Leonard J. Dunstone has passed his Third (final) Professorial Examination in Medicine at the University of Glasgow.

C. E. Robin, who was an esteemed contributor to our columns in 1884-6, the earliest years of our existence, gave us a call the other day and a pleasant chat on old times. After several years spent in teaching in New South Wales, he has turned fittingly to literary pur-

suits. By-the-way, why don't "old boys" contribute to our columns now as they once did? They are wanted, and would be heartily welcomed.

The Rev. Charles Martin has been elected President of the South Australian Methodist Conference for 1907. The Secretary, the Rev. W. G. Clarke, also once studied at P.A.C.; and so did both the Rev. H. Wilkinson, the President of the W.A. Conference, and its Secretary, the Rev. A. S. J. Fry.

Evening Scholarships at the Adelaide University for 1906 have been awarded to W. B. Angwin, J. B. Arthur, J. W. Blacket, R. J. Dumas.

Hedley Rowe, who has been transferred from the W.A. Bank, Perth, to the Royal Bank, Brisbane, gave us a call en route.

M. M. Maughan, B.A., has been appointed Chief Inspector of the Schools of South Australia.

G. A. Fischer, B.A., M.B., B.Sc., has been appointed Lecturer on Otology in the Medical School of the Adelaide University.

A. W. Piper has been appointed Lecturer on Commercial Law, and P. E. Johnstone, B.A., LL.B., Lecturer on Constitutional Law and the Law of Contracts, at the University.

Dr. Ren. Burnard was appointed Pathologist, and Drs. Rupert Magarey and Dean Dawson House Surgeons, at the Adelaide Hospital; and Dr. Robert Brummitt was elected House Surgeon at the Adelaide Children's Hospital.

Hugo Flecker has passed the second degree examination for the M.B. and Ch.M. (he was eighth on the list), and has now only the third or final to negotiate to complete his course.

L. H. Harris has obtained his B.A. at Sydney, and is also now in his third year for the LL.B.

Dr. Burton Cleland, formerly resident pathologist at the Prince Alfred Hospital, Sydney, and demonstrator in Pathology at the University of Sydney, returned a short time ago from London, where he spent two years in studying at the School of Tropical Medicine, and as cancer research scholar at the London Hospital. He has again left his native land to take the position which was offered to him as Assistant Bacteriologist and Pathologist to the Central Board of Health, Perth, W.A.

"Ken" Fry has been elected President of the Adelaide University Christian Union for the session of 1906.

Harold Parsons has paid a short visit to London and Cambridge, and

has returned to Frankfort to continue his musical studies at the Hoch Conservatorium.

Evan M. Holder has won the Entrance Day Scholarship at the School of Mines.

A. B. Smith passed the Pharmacy Preliminary Examination with credit; and T. M. Young and A. D. Wilkinson the Intermediate in Botany.

We had not many candidates for the University examinations in March, rarely have, but are glad to say that all passed that sat. Mr. Comley passed in the Senior Latin, thus completing the conditions for his B.A. and B.Sc. Mr. Blacket also took the Senior Latin, and Dolling the German, and can now go straight ahead on their degree courses. Lewis Jeffries also completed his third year of the M.B. course; also Leslie H. Haslam passed in Constitutional Law.

Mr. Thomas Davey and his son Gordon have gone on a visit to Europe.

The Rev. Sampson Stephens, of the Queensland Methodist Church, has resigned, intending to enter the Church of England in that State.

Ernest Chapple, B.Sc., who gained the University of Adelaide's diploma for

Electric Engineering in honours, and went to England for practical experience, has been employed for the last nine months at Messrs. Whitworth, Armstrong, & Co.'s, at Newcastle-on-Tyne, has now transferred himself to the engine works of Messrs. Belliss and Morcom, of Birmingham. They are considered the most famous builders of high-speed engines, much used in electric power stations. The son of the head of the firm was a pupil and friend of Alfred Chapple in the Engineering School at Cambridge.

—

Dr. S. L. Dawkins, of Hamley Bridge, has been enjoying a few weeks' holiday at Glenelg.

—

To R. K. Lawrence and A. W. Magarey have been awarded the diploma of the Agricultural College, Roseworthy.

—

Oliver Rogers is the engineer representing the S.A. Government on the Outer Harbor works.

—

Old P.A.C.'s were again well represented in the tennis match, South Australia v. Victoria, as four of the champion six were ours—Messrs. Bowen, Taylor, Lang, and Newman.

—

Charlie Sparrow, who gained first prize for recitation at our Speech Day of 1897, and has since won great fame at the Ballarat Competitions, in Perth,

and elsewhere, as well as his native Adelaide, has left for Europe to seek further cultivation of his elocutionary powers. He was tendered a benefit before leaving our shores. The subjoined is the *Register* report:—"The Victoria Hall was crowded on Wednesday evening, when Mr. Chas. M. D. Sparrow gave an elocutionary and musical recital, and further enhanced his reputation as an elocutionist. The pieces selected provided every opportunity for him to display his remarkable versatility, and the success of his efforts was demonstrated by the enthusiastic applause with which each item was received. One of the best was 'Fra Giacomo' (Buchanan), the tragic element in which was presented with admirable power and feeling. Mr. Sparrow possesses a strong, intense voice, and he used it with fine effect in the interpretation of Tennyson's magnificent story of the heroic struggle between Sir Richard Grenville's Revenge and the 53 Spanish ships of the line. Another excellent contribution was Manners's 'Bishop and the Caterpillar,' and his masterly portrayal of the agitation and manifest discomfort of the ecclesiastical dignitary when asked by the bright little boy, 'How many legs has a caterpillar?' elicited unrestrained mirth. Mr. Sparrow was responsible for three musical monologues, all of which were successfully presented. The beautiful but difficult

lines in Thomas Bracken's 'Not understood' were particularly well de-claimed. Mr. Sparrow is the winner of the first prize at the S.A. Literary Societies' Competition of 1902; first prize Humorous Recital, West Australia, 1903; and winner of nine prizes at the Ballarat Competition, 1905."

Norman H. Edwards has left for Tasmania, having accepted a position in the Education Department there. Besides being a successful teacher, Mr. Edwards has been a prominent member of the Literary Societies' Union, and was Whip to the Pratt Government in Union Parliament. He is the holder of several certificates for successes won at the competitions. He was one of the originators of the Southern Suburban Union, and its first general secretary. He was made the recipient of a toilet case at a farewell gathering of the members of the Goodwood Literary and Debating Society just before his departure.

The Rev. Frank King has returned to his duties at Petersburg after a twelve months' visit to England, Scotland, and Wales, and parts of the Continent. He worked for the S.P.G. during part of his holiday, and lectured on Australia with great acceptance.

W. B. Angwin did some good running at the first meeting of the S.A.

Amateur Athletic Association. He won the 100 Yards Flat and the 220 Yards Flat. In each case C. R. Doudy was second. C. R. Davies won the 100 Yards Maiden Flat.

Alfred Chapple, M.A. (Cambridge), B.Sc., Adelaide, has again been invited by the Director of Naval Education in Great Britain to examine H.M.S. Dockyard Schools. The subjects assigned to him are Mechanics, Hydraulics, and Theory of Structures, and there will be over 300 papers to mark and value.

Dr. J. A. R. Smith has entered into partnership in Melbourne with the famous surgeon, Dr. Fred. Bird; but is taking a tour through Europe and visiting famous hospitals there previous to commencing his new duties.

Linthorne Casely is the Mayor of Petersburg, and J. O. Tiddy of Maitland. J. T. Mellor, LL.B., is Chairman of the Walkerville District Council, J. H. Cowling of that of East Torrens, L. E. L. Dunn of Kondoparinga, J. F. Martin of Georgetown, and J. G. Williams of Upper Wakefield.

Claude Bennett is meeting with great success as the instructor of the Y.M.C.A. Gymnasium.

J. B. Cooke passed the recent examination for Civil Service Cadets.

Cecil Doudy and Will Angwin covered their University, their old school, and themselves with glory in Melbourne at the Inter - University Sports by coming in first and third for the 100 Yards Flat Race, beating the picked men of Sydney and Melbourne. Hopes were entertained that Angwin would pull off the 440 also, and thus put Adelaide in the lead for the whole meeting; but the race was very fast, and he was just beaten.

— — —
The Hon. J. W. Langsford, M.L.C., is Superintendent of the Sunday-school at Claremont, W.A.; has held this office for many years, ever since the school was founded. J. B. Allen, B.Sc., takes the young men's class at Subiaco.

— — —
The Head Master greatly enjoyed his visit to W.A. this summer. Old boys took many opportunities of showing their regard for him and their kindly memories of the old school and old times; indeed, he had many more invitations than he could avail himself of. He was met at the wharf on Christmas Day by Nelson Pearse and Charlie Osborne. The latter had arranged suitable quarters at an hotel, and then bore him off to his home for the Christmas dinner. Here Willie Osborne was met, too. On the following day Charlie Greayer had arranged some tennis on the capital grass courts

of the club, of which he for three years has been champion.

The Hon. Newton J. Moore, Minister of Mines (now Premier), gave a little dinner to friends and old boys at very short notice at the Palace Hotel. Amongst the many that called on or met Mr. and Mrs. Chapple were the following "old boys":—The Revs. H. W. Wilkinson A. S. J. Fry, A. W. Bray and G. McLaren, H. W. Rischbieth, G. Braund, Ned Stirling, C. Hudson, H. V. Thompson, Eric and Hugo Throssell, R. S. Tucker, Dr. O. S. Flecker, Edgar Liddelow, Hedley Rowe, H. H. Wheatley, Herbert Hill, Clifton Penny, Arthur and Frank Wilson, Charlie Sparrow, Crase, W. E. Rossiter, A. L. Tilly, G. Bateman, Edwards (2), Chipper (2), J. M. Solomon.

At Dongarra, where one of his daughters resides, Mr. Chapple met the Rev. J. Stone, Newman Pearse, H. Waldeck, Foster and Joe Clarkson, Tom Readhead, and Norman Lowe; and at Geraldton, over 300 miles north of Perth, he saw Henry, Walter, and Willie Stokes, Lionel Chapman, Jose (2), Tom Urch, and the brothers of Major Darling. (He is in South Africa.)

Though only three Sundays in W.A., the Head Master accepted invitations to preach upon four occasions, mainly influenced by the hope that "old boys" might like to hear his voice once more uttering sacred truths. Several did so, for, in addition to some mentioned above,

at Charles Street, South Perth, on his last Sunday morning there was a fine gathering of young men, and he specially remembers that Searle, of D. & W. Murray's (with a message from T. M. Burgess, of the same), J. U. Hood, and J. M. Dingle, stayed behind to greet him after the service. On the last Sunday evening, Wesley Church, Perth, was filled, and there were many old boys in the audience, and their parents and relations. It was a fine sight as they gathered round the preacher as he left the pulpit to shake his hand. Not to mention again some spoken of before, there were amongst these—Sandland, Chester, Kirkwood, Rogers, Goldsmith, Blaikie, Carlin, Huntleigh and Ross East, F. M. and R. Wilkinson, Len. Langsford, and Sorrell.

Altogether it was a most cheering thing to meet so many, happy and prosperous, and to hear of them and of others esteemed and respected.

We are glad to see that the Adelaide University at length possesses a Football Team, and that there are many "old Reds" in it. N. Stoddart is the captain of the First XVIII., and with Doudy, Moore, Drew (2), Dolling, Catchlove, Seppelt, Jefferis, Jona, and Tassie we are well represented.

In the First Lacrosse XII. we have always had a good share, and this year we note with pleasure the names of R.

A. Goode, R. Brummitt, Steele, L. Jeffries, Rex Plummer, Shierlaw, and Verco.

We all rejoiced that Dolling made so successful a *début* as an interstate cricketer. His most successful performance with the willow was in the second innings of South Australia v. New South Wales, when he scored 83 not out out of a total of 188. His three innings yielded 15, 30, and 13. He also bowled one Victorian wicket for 15 runs.

A cable has just come through stating that Harold Chapple, the third son of our Head Master, now at Guy's Hospital, London, has been successful at the examination for the Primary of the F.R.C.S., England.

Christian Union.

Our first meeting for 1906 was held on Wednesday, February 14th. As is the custom, the Headmaster had charge of the opening gathering, and Mr. Chapple's earnest and impressive address was listened to by a large number of members and associates.

Our old friend, Rev. Wm. Jeffries, spoke to us on Foundation Building, and we were glad to have an abridged edition of an address which the Uni-

versity students so much appreciated at the Mt. Barker Summer School of 1905.

We are grateful to Revs. John Watts, Frank French, F. Rooney, V. Roberts, and Mr. J. Delehanty for talks which were very helpful to us all.

Rev. Brian Wibberley gave us a fine address on "Whereas I was blind, now I see," and we had serious heart-searching thoughts from Rev. Wm. Shaw on "The Inner Life."

Mr. Bayly helped us by his manly talk on the privileges we have in our college life. He appealed to us not to shirk the responsibilities which would surely come to us, and we are sure his words will be remembered. The Rev. C. Martin was the last speaker of the term, and we thanked him for his philosophical address on "Thought"

The leaders of the meetings were G. P. Goode, A. V. Mills, A. O. Böer, S. E. Holder, F. Basedow, A. E. Howard, G. H. Holland, G. M. Potts, L. Davey, V. Campbell, H. Angwin. E. Lloyd has made a good organist.

Probably the best meeting of the term was that held on the Wednesday preceding Good Friday, when four of our members, G. P. Goode, W. T. Hoggarth, A. G. Carne, and F. M. Moore read short papers containing "Easter Thoughts."

It did us all good to hear our own fellows speak, and the papers they pre-

pared were both well written and thoughtfully arranged.

Partly because of the success of this meeting and also because of the feeling that members should help more in Union Meetings, the Executive have arranged for three of next term's gatherings to be in the hands of members, and papers will be read by R. Broadbent, T. R. Caust, A. E. Howard, E. Puddy, C. Bennett, L. Blacket, V. Campbell. Then again it was thought that at least three meetings should be devoted to Bible Study; so the Committee have arranged for Mr. Chapple, Mr. Haslam, and Miss Chapple to take charge of these meetings: the subjects of the study will be taken from Sallmon's "Life of Christ."

Then we hope to have addresses from Revs. Jos. Robertson, J. G. Raws, T. Owen, W. H. Hanton (President of the College), H. Howard, and Messrs. Wheeler, Hunt, and Chinner.

The meetings are held on Wednesday at 1 p.m. in the big schoolroom, and a hearty invitation is given to all P.A.C. boys to attend.

Cricket.

Although the cricketers generally consider the first term of the year somewhat slack, no one can deny that the past term has been one of busy interest.

The first and second elevens have

been in full swing, having matches every Saturday, and the thirds have played scarcely less often. It is a pity, however, that regular practice is not indulged in by the fellows not in the first eleven. There seems to be rather a lack of enthusiasm amongst those who do not see any immediate prospect of Oval honors.

Our batting this year gives promise of being of the first class, but the bowling is somewhat weak. However, with earnest, steady practice, such bowlers as Hurn, Osborn, Steele, and Wilton should do well.

Of last year's eleven we have seven back, and for the last four places there will no doubt be a keen contest. Of course, Dolling, Stoddart, Middleton, and Charlie Drew were great men to lose all at once.

For the past term Wilton, Angwin, and Rankin have been most conspicuous with the bat, consistency being their chief feature, and all three have a creditable average to show.

A cricket Selection Committee—consisting of the Chairman (Mr. Langley), Goode, Wilton, and Rankin—was elected, and every assistance should be given this committee in regard to turning out teams loyal to their side. The respective captains of the second and third elevens especially should see that their teams have regular practice.

FIRST ELEVEN MATCHES.

P.A.C. v. Gilbertons—P.A.C., 5 for 147; Rankin 55 not out, Angwin 58, Goode 15 not out; Wreford 3 for 19. Gilbertons, 188; Newberry 55, Sacking 44, Griffiths 28; Rankin 5 for 66. A draw.

P.A.C. v. Woodville Park—Woodville, 4 for 248; Willsmore 128 not out, Jeanes 68; Steele 2 for 39. P.A.C., 6 for 98; Wilton 23 not out, Symonds 17, Goode 15; Bridgman 4 wks. A draw.

P.A.C. v. Bankvilles—P.A.C., 7 for 152; Wilton 73, Rankin 23, Symonds 12 not out, Goode 12. Bankvilles, 191; Campbell 48, Kelsh 37; Steele 6 for 35, Angwin 3 for 48. A draw.

P.A.C. v. Grange—Grange, 5 for 205; Bond 48 not out, Gillman 47 not out, Hayward 38, Cragen 37; Osborn 3 for 25. P.A.C., 7 for 64; Osborn 24, Hurn 14, Steele 10; Peck 5 wks. A draw.

P.A.C. v. Woodville Park—P.A.C., 8 for 153; Angwin 50, Willsmore 27, Goode 27, Osborn 26 not out; Jones 5 wks. Woodville, 239; Willsmore 123, Jones 45; Rankin 4 for 58, Steele 3 for 49, Symonds 2 for 24. A draw.

P.A.C. v. Methodist Conference—Conference, 133; Caust 44, Broadbent 33 not out; Wilton 7 for 47. P.A.C., 121; Osborn 36, McDonald 21 not out, Trengove 7 wks. A win for the Conference.

P.A.C. v. Adelaide University —

P.A.C., 4 for 207 (innings declared) ; Wilton 64, Rankin 45, Goode 39 not out, Steele 33. University, 143; Drew 49, Stevenson 42; Symonds 3 for 2, Wilton 3 for 34. A win for P.A.C.

P.A.C. v. Ramblers—Ramblers, 4 for 230; Cole 100, Chinner 73; Wilton 2 for 45. P.A.C., 4 for 117; Goode 65 not out, Wilson 31 not out. A draw.

P.A.C. v. Stow Ramblers—P.A.C., 213; Wilton 103, Willsmore 38, Steele 14, Rankin 14; Lucas 6 wkts. Stow Ramblers, 5 for 115; Burgess 47; Wilton 2 for 23. A draw.

FIRST ELEVEN AVERAGES.

BATTING.

Batsman.	Innings.	Not Out.	Runs.	Highest Score.	Avg.
Angwin ...	5	2	135	58	45
Wilton, A.	8	1	269	103	38.4
Goode ...	8	3	174	65*	34.8
Osborn ...	5	1	101	36	25.25
Rankin ...	8	1	161	55*	23
Wilson, R.	3	1	36	31*	18
Symonds	6	2	54	17	13.5
Willsmore	7	1	76	38	12.6
Steele ...	7	0	72	33	10.28
Hurn ...	6	1	47	16	9.4
Lloyd ...	4	0	16	9	4

BOWLING.

Bowler.	Balls.	Mdns.	Runs.	Wkts.	Avg.
Symonds	134	1	102	6	17
Wilton, A.	354	2	280	16	17.5
Osborn ...	216	6	121	6	20.16
Steele ...	479	13	311	15	20.73
Rankin ...	482	2	444	15	29.6
Angwin...	174	1	150	5	30

SECOND AND THIRD ELEVEN MATCHES.

P.A.C. II. v. St. Giles—P.A.C. II., 35; Holder 16, Steele 10; Holder 2 for 55. St. Giles, 3 for 184.

P.A.C. II. v. St. Mark's—P.A.C. II., 7 for 134; Shorney 26 not out, Mowat 25, Holder 21, Grant 13; Burnell 3 for 3, Grant 3 for 26. St. Mark's, 8 for 76.

P.A.C. II. v. Wavertons—P.A.C. II., 8 for 83; Pflaum 15, Shorney 12 not out; Steele 1 for 2, Graves 3 for 20. Wavertons, 72.

P.A.C. II. v. St. Peter's II.—P.A.C. II., 8 for 155; Randall 32, Holder 22, Pflaum 22; Holder 4 for 20. St. Peter's II., 103.

P.A.C. III. v. St. Mark's II—P.A.C. III., 107; Trengove 24 not out, Goss 22, Rose 17; Moore 3 for 20. St. Mark's II., 120.

P.A.C. III. v. Woodville—P.A.C. III., 72; Rose 36; Cave 3 for 16, Moore 4 for 36. Woodville, 82.

Coming Events.

July 14—Annual Football Match v. St. Peter's.

August 19—Old Scholars' Annual Service at the College.

Midwinter Concert—Probably early in August.

Old Scholars' Dinner — Probably middle of July.

Gymnastic Competition—Early in August.

In Memoriam.

Mr. Edward Spicer was a member of our School Committee from the first. His son and grandsons were boys with us. His name appears in the Act of Incorporation in 1878. He founded the first of our University Scholarships in 1893 with the handsome gift of £1,000, and he helped in all our movements financially and with his counsel. Those who know the working of the Committee know that he was a great source of strength. Now, in a good old age, he has been laid to rest.

It was a pathetic sight for two coffins to be placed in the family vault on the same day—that of grandfather and grandson; for Frederick Wallis Spicer, a scholar with us from 1892 to 1899, now a young man of 23, had succumbed to an attack of enteric at Broken Hill, just one day after his grandfather passed away. *Omni ætati mors est communis.* “So teach us to number our days that we may apply our hearts unto wisdom.”

Of the Rev. Alfred Pickford Burgess, Methodist minister, of Clarendon, the Head Master wrote to his parents a letter, portion of which we are allowed to reproduce:—

“I have so vivid a recollection of

his life and course with us at Prince Alfred, and so tender a memory of him especially when here, that I want to tell you so. I found him at the school when I came in 1876, and early noticed him for many reasons; one was the keen interest he took in everything and the many questions he asked. Some might have deemed him plaguy in persistence, but wiser thought showed that his spirit of enquiry was indicative of mental alertness and of kindly interest. In 1878, the Waterhouse wing was being built. By that time he had become a boarder, and during my early rounds of the new work he often accompanied me and put me through a searching catechism on all the plans and arrangements. In the classroom it was the same; nothing was taken for granted, the scholar became the questioner till clear ideas had been grasped. In the life, in the ‘house,’ in the boys’ prayer meetings, in the meetings of the debating society, and in all that interested our little community in playground or in form-room, he took a busy, bustling part, always keen, and always trying to help the best side as it appeared to him. In March, 1881, he passed the Matriculation Examination, and soon left us. But again and again, at appropriate times, he came to see us, and twice

at least on Conference visits spoke as an 'old boy,'—always with point and energy, always showing, what appealed to the boys so much, that he had still the heart of a boy and still loved his old school. In many other ways he showed loyal attachment to us and pride in his *alma mater*. I value very highly the memory of the respectful affection he ever showed to me personally."

Malcolm Wood, second son of Mr. Peter Wood, too, has been called to the better life after but a short stay on earth. Best known to the school at large by his skill in reciting, holding the best place in our programme for the three Speech Days of 1902, 1903, and 1904, and winning honor for us at the Ballarat and many other competitions; but greatly liked by many in his own form and in the boarding-house for his frank, manly, courteous bearing, his kindly disposition, and upright life. Early in 1905 he sailed for Great Britain—the father and three sons (all four old boys)—and spent a most delightful holiday. He reached our shores in January, and was looking forward to a final year at school before starting in business. But it was willed otherwise. He was brought from the ship with difficulty, and never

rose from his bed. "Cut down like a flower."

And yet another—how long the list stretches out! Cecil Goode, of the Tennis Six of 1905, left for Victoria in the summer vacation. Then came a hurried summons of his friends to Melbourne, and in the fewest days the earthly course was ended. He, too, was of pleasing manners and popular; and forgive us if now with comfort we think with most satisfaction of him, too, even from early days, with us as a member of the Junior Christian Union.

Still another have we to mourn, for in April there closed the earthly life of Hector John Dobbie, once so stalwart and strong, but for many weary months the prey of dread phthisis. His father has long been known as a diligent member of the P.A.C. Committee, and the brothers are all esteemed old boys.

And even as we go to press another honored name has to be added to the roll of those whose warfare is accomplished. George Windham Cooper was one of those who entered Prince Alfred College on July 19, 1869, the first day that its doors were opened. With characteristic energy he began at once to march upwards, and by

June, 1871, though then only 14 years of age, his name appeared at the head of the Fifth Form, then the highest. There it remained pretty constantly till he left school at Christmas, 1872, having then won the Colton Scholarship. How successful and how much esteemed he was in after life we all know, for he has for 14 years been one of the managers of the great firm of Elder, Smith, & Co. He was an active member of the Chamber of Commerce, and in 1904 its President. In church life he played a most earnest part at Sunday-school and young men's societies. To his old school he was steadfastly loyal. He sent three sons to us, and worthily they upheld the honor of their name. He was a member of the Old Collegians' Association from the first, many years a member of its committee, and Vice-President, and in 1901 its President. The Benevolent Fund of the Association was due to his initiative. He also for some years was a representative of the old scholars on the Committee of Management of the College. He will be much missed in our community, but by none (save the sacred home circle) more than by those who love the old school.

And even yet the sad tale is not

complete, and we have to record a motor accident and the sudden death of Robert Rymill, whose bright and cheery presence with us nearly 25 years ago some of us remember so well, and whose kindly visits later we recall so gratefully.

Old Boys' Match in W.A.

The annual cricket match between old scholars of P.A.C. and St. Peter's in Western Australia was played on the Perth ground on April 6, and resulted in a win for P.A.C. by 39 runs. We have only lost once so far in this series.

Tournament.
Do you study astronomy?
Saints too good for us at tennis.
Record entries for tennis tournament.
Have you heard the boarders' orchestra?

Congratulations to Mr. Comley on his recent successes.

Conference won their annual match against our first eleven.

The *Chronicle* wishes Mr. and Mrs. Langley every happiness.

Sporting members of Methodist Conference know how to barrack.

G. P. Goode won single championship of the College in tennis tourney.

Some very promising material among new members of our first football team.

Wanted.—Any number of good voices for forthcoming midwinter concert.

The College Committee's wise improvements of school property will be ready early next term.

Revised Ancient History.—Magna Charta would not allow villains to be robbed of their pocket money.

The musical portion of the service is quite a feature of the prayers on Sunday evening in the boarding house.

Astronomer Royal reports appear.

ance of a new "star" in Southern Hemisphere, visible fortnightly. No telescopes required.

Mr. Robertson will be glad to hear of, or from, any budding or full-blown orators, vocalists, or instrumentalists for midwinter concert.

Messrs. Wheatley and Ward write to us frequently with happiest recollections of the old school, and wish to be remembered to all its members.

All our tennis members in recent match played a much improved game, and the performances of Goode and Thomson were splendid both in doubles and singles.

In recent interstate tennis match against Victoria four old P.A.C.'s helped to represent this state. Also at recent intervarsity sports at Melbourne C. R. Doudy won the 100 yards championship.

Sports Committee.

Early in the term a large and enthusiastic meeting was held in the school-room to elect a Committee to control all school athletics during the year. Not only was the importance of the election shown by the good attendance, but the nominations showed judgment not always exercised. The voting was close, and it resulted as follows:—

G. P. Goode, 77; H. A. Rankin, 64; A. C. Wilton, 63; K. McEwin, 59; A.

V. King, 53; H. T. Angwin, 52. C. E. Lloyd, next on the list, has taken the place of King, who has left us.

The attempt to hold swimming sports this year fell through owing to insufficient entries. It is difficult to understand why the cult of swimming is confined to such a small circle of devotees, as young Australians can hardly be charged with a tendency to fight shy of the water, and the summer has not been so very cold. Or is it that we are becoming satiated with the ceaseless competitions of this strenuous age, which seems to be ever bribing us to prove our superiority to someone else in everything under the sun, from mathematics to tops and marbles?

The gymnastic competition will take place towards the end of the term. In future the juggler will not be permitted to cut his antics at these meetings, so much valuable time will be saved.

Amateur Athletics.

The inaugural sports meeting of the South Australian Amateur Athletic Association was held on the Adelaide Oval on Saturday April 7. The attendance was small, but this had been to a certain extent expected, as there were several counter attractions on that day, and, as the Association had been so

recently formed, its aims and objects were not generally known except among those who take a very active interest in athletics. Those, however, who were present had a very enjoyable afternoon. An interesting and varied programme had been arranged by the Council of the Association, and most of the events were keenly contested. The finishes in several races were very close, while the jumping has probably seldom been equalled in South Australia. The Clubs at present affiliated with the Association are the University, School of Mines, St. Peter's, and Prince Alfred Colleges, and the more successful of the competitors at the Sports were representatives of one or other of these institutions. We were well represented by W. B. Angwin and C. R. Doudy, who had both often gained points for us in Intercollegiate Contests; they carried off the honors in the two flat events, viz:—the 100 yards and 220 yards. Angwin was first in the 100 in $10\frac{1}{2}$ secs., and the 220 yards in $23\frac{2}{3}$ secs., Doudy being a close second in each. In the High and Broad Jumps and Hurdle Race old "Blues" were successful, Moyes' High Jump of 5ft. $7\frac{3}{4}$ ins. being exceptionally good. This seemed to be a natural sequel to the results of the last two Intercollegiate Contests in which we have held our own in the flat races, while our

rivals have been more successful in the jumping events.

The holding of this meeting has greatly stimulated the interest in amateur athletics in this State and should hasten the formation of harrier clubs and the institution of cross-country running, without which we cannot hope for the great interest here which is shown in athletics in the other States. The popularity of this branch of athletics in Victoria may be gauged by the fact that at the opening run of the combined Metropolitan Harriers' Clubs in Melbourne on April 28th, over 200 runners took part, representing nine clubs. The 10 miles Club Cross-Country Championship of Victoria, including the 10 miles Individual Championship, usually attracts a field of over 100.

South Australia was well represented at the Inter-University Sports held in Melbourne in the last week in April, the success of the Adelaide University representatives at their first appearance at these meetings was very gratifying. Doudy and Angwin again ran well, the former winning the 100 yards Inter-University Championship in $10\frac{2}{3}$ secs. after a splendid race in which Angwin was placed third although many thought he really gained second place. St. Peter's was as in the Adelaide meeting well represented in the High and Broad Jumps by Moyes and Murray respectively; the latter winning the

Broad Jump with 19 ft. 10 ins, and the former tying for first place in the High Jump at 5 ft. 8 $\frac{3}{4}$ ins. The result of the sports was:—Sydney 3 points; Adelaide 2 $\frac{1}{2}$ points; Melbourne 1 $\frac{1}{2}$ points. As the Adelaide men also won the Inter-University Flag Race, Sydney being second, and Melbourne third, their record was exceptionally good; and their success should greatly assist the work of the South Australian Association in firmly establishing Amateur Athletics generally in this State.

Lawn Tennis.

The weather authorities and the Cricket Association are to be congratulated upon the delightful day and excellent courts provided at the Adelaide Oval for the annual intercollegiate match, which after a much keener contest than the rubbers indicate resulted in a well-earned win for our rivals. The total games were 188 to 156. There was a capital attendance. The Reds held a slight advantage in the singles, but the perseverance and combination of the blues' doubles brought them in 7 rubbers to 2. For us Goode played a magnificent single, skilfully combining forceful passing shots with judicious tossing. Thomson played finely, and made the most of his opportunities against Pincombe. Wells and

Hall had a great struggle, which lasted over two hours, Hall picked up from set all 5—2 against him, to retire only at 11—13. Angwin struck a hot opponent in Robertson, whose fast brilliant game took him out at 12—3. Needham played well for Saints. Left-handed and cool, with wristy passing shots and clever placing, he led all the way against Holder, 12—6. Scott volleyed and placed too well for Nott, whose evident nervousness gave his opponent many openings of which he was not slow to avail himself. The two best doubles of the day were those of Goode and Thomson against Pincombe and Dean and Robertson and Wells. Our first double played A fine combined game. Dean was rather erratic for Saints, but Pincombe stuck gamely to every stroke. He pulled his partner out of many critical places, and the blue pair eventually won on the third set. Thomson and Goode were especially severe in their return of the service, and made short work of anything soft. Robertson lost the first set with his partner against Scott and Holder, but thereafter hit brilliantly and, ably backed by Wells, who played solidly all day, took this rubber. They afterwards won the first set from Goode and Thomson, 6—1, but the cool P.A.C. pair proved too much for them in the end. Needham and Nott lost pluckily to Goode and Thomson, but against the second and third doubles

they worked well together and pulled off each rubber. The arrangements for the match by the Cricket Association were in all respects excellent.

Results:—

SINGLES.

Dean (St Peter's) lost to Goode (Prince Alfred), 2—6, 3—6.

Pincombe lost to Thomson, 3—6, 4—6.

Robertson beat Angwin, 6—0, 6—3.

Wells beat Hall, 6—3, 4—6, 13—11.

Needham beat Holder, 6—4, 6—2.

Nott lost to Scott, 3—6, 4—6.

St. Peters—3 rubbers, 6 sets,
66 games.

Prince Alfred—3 rubbers, 7 sets,
65 games.

DOUBLES.

Dean and Pincombe beat Goode and Thomson, 6—4, 6—8, 6—3; Dean and Pincombe beat Angwin and Hall, 6—2, 6—3; Dean and Pincombe beat Scott and Holder, 6—2, 6—3.

Robertson and Wells lost to Goode and Thomson, 6—4, 1—6, 4—6; Robertson and Wells beat Angwin and Hall, 6—1, 6—0; Robertson and Wells beat Scott and Holder, 3—6, 6—0, 6—4.

Needham and Nott lost to Goode and Thomson, 1—6, 4—6; Needham and Nott beat Angwin and Hall, 6—8, 6—4, 6—2; Needham and Nott beat Scott and Holder, 7—9, 6—0, 6—4.

St. Peter's—7 rubbers, 15 sets,
122 games.

Prince Alfred—2 rubbers, 8 sets,
91 games.

GRAND TOTALS.

St. Peter's—10 rubbers, 21 sets,
188 games.

Prince Alfred—5 rubbers, 15 sets,
156 games.

School Officers for 1906.

G. P. Goode—Cricket Captain, Football Captain, Tennis Captain, Running Captain, and Football Secretary; Color Sergeant of Cadets.

A. C. Wilton—Football Vice-Captain and Secretary; Sergeant of Cadets.

H. T. Angwin—Manager and Secretary of the *Chronicle*; Secretary of Christian Union.

SPORTS COMMITTEE.

Mr. J. E. Langley (Chairman), Messrs. Grey, Robertson, and Newman, G. P. Goode, H. A. Rankin, A. C. Wilton, K. McEwin, H. T. Angwin, and C. E. Lloyd.

J. L. GLASSON,
Hon. Manager.

The Annual Tennis Tournament.

This year's Tennis Tournament must rank as the most successful yet held at P.A.C.

A new record of entries was established, there being a total number of

136 entries, easily surpassing last year's number.

Throughout the tournament the weather was reasonably favorable, but at times slight inconvenience was felt owing to light showers or excessive heat.

The play taken generally was of a higher standard than in the previous tournaments, and some sets were won by a single point only.

There was an absence of novices, but some players were especially noticeable, Broadbent and Caust, the two representatives of "The Cloth" discarded their clerical garb and donned flannels. Their appearance was always heartily welcomed. Böer and Burnell were another pair of prominent players. Boer's net play is worthy of special mention, and the cute way in which he watched the ball was particularly noticeable.

West Australia was well represented in Grant who with the aid of a handicap defeated Goode in the Handicap Singles.

We must not forget to remind Caust that there is many a slip "twixt the Cup and the lip."

In the Championship Singles Goode was victorious. As this is the third occasion on which he has so distinguished himself he may now well be termed "thrice crowned King of Tennis."

Thomson was runner-up and played consistently throughout.

This young player may be credited with the winning of the Handicap Singles, Class A, Holder being a good second.

The Handicap Doubles produced many keenly contested matches and afforded much amusement. It was eventually won by Holder and W. Cooper, who beat Mr. Newman and Caust in the final, 11—9.

The hearty congratulations of the School go with the trophies to the various winners.

Geology Excursion.

The members of the Geology Class undertook a trip to Hallett's Cove on Saturday, the 17th day of April. We all were up in time to see the sun rise, a phenomenon strange to the eyes of some of us on a holiday morning. Having armed ourselves with hammers, sunhats, and last but not least, with victuals, each made his way to the city, some with time to spare, by tramcar, others pressed for time, by means with which nature had provided them.

At last when all had arrived at the rendezvous in Waymouth Street, we sought out and engaged a cab, and selected from among ourselves a driver. We drove through the streets on to the South Road and thence to the foot of Tapley's Hill. We walked up the

ascent visiting the quarries, and had pointed out to us many interesting geological features—the characteristic lamination of Tapley's Clay Slates, their cleavage, jointing, pluckerings, dip, &c. Having arrived at the summit of the Hill we drove along over fairly level country, admiring the scenery, especially the blue waters of Happy Valley, nestling amidst the sombre greens of the adjacent vineyards, with here and there the broad whitened roofs of cellars, telling of well filled and high piled tuns and of the generous fertility of this fair land of the South.

Before us lay Hallett's Cove, bounded by two headlands of purple slates, hollowed out by wave action from the softer beds of till. Between us and the sea, in a cup-like depression, flanked by walls of dark clays, the yellow glacial deposits, carved by rain and wind into pyramidal and flat-topped hills, glistened in the sun-light.

Beyond this natural amphitheatre stretched a line of still brighter sand built up by the wind, then a wide beach merging into the green waters of the cove. Arrived at our destination, lunch was discussed with great pleasure, diminished however somewhat by the absence of water. The beach was first examined; granite boulders, the formation of a pudding stone in situ, large blocks of Cambrian Conglomerate, and ice scratched boulders were pointed out.

Then the plateau to the North of the Cove was reached, the famous glaciated surface was seen, the till beds above the purple slates and the overhanging miocene limestones with their fossils were carefully examined.

A great thirst made us enter a side valley in search of water. Here we struck shattered rocks, contortions and fractures in beds of Cambrian age.

Some brackish water was eventually obtained from Field River, and we sat down to our evening meal. Everything was splendid but the tea, which was made as strong as possible to counteract the saltness of the water. The return journey was enlivened by sweet and tuneful melodies.

Football.

Last year's team was considered one the best we have had for some time, but there is no reason why 1906 team should not surpass it. Of the eighteen who played against St. Peter's last year, we still have six, viz :—Goode, Wilton, Grant, Willsmore, Lloyd, and Fletcher. These are well supported by Symonds, Steele, Rankin, Randell, Thomson, and Osborne. The fact should be realised that there are only six weeks before the match, and constant and steady practice should be engaged in. The Selection Committee consists of

Mr. J. E. Langley (Chairman), Goode (Captain and Boarders' Secretary), Wilton (Vice-Captain and Secretary), Lloyd. If surmises be correct, the competition for the last few places will be keen, as we have several promising players coming on. Yet we should like to see a little more enthusiasm put into it. Of course the first eighteen generally do their best, and one of the best things a fellow learns at school is to do his best for his school, putting his own wishes a long way second.

There are some brilliant men in the team, but our forwards are weak in kicking. Goode is in brilliant form this year, and besides playing a good game he manages his team well. Grant is a tower of defence in the half-back line. Willsmore is a very reliable centre man. Wilton is excelling in high marking, and Symonds and Randell are doing good work as followers. Our forwards, Thomson, Rankin and Steele play well together, as is needed to help the team generally. Also the team as a whole should play more hand-ball and pass better, but this will probably come when we get into the able hands of Mr. S. Reedman next term.

FIRST EIGHTEEN.

P.A.C. v. Semaphore Seaside.—P.A.C., 3 goals 8 behinds; Semaphore Seaside, 2 goals 5 behinds. Goals were kicked for us by Lloyd, Rankin, and Goode. Goode, Grant, Hoggarth,

Holder, Wilton, Cooper, and Lloyd played best.

April 28. P.A.C. v. Kent Town.—P.A.C., 6 goals 9 behinds; Kent Town, 3 goals 5 behinds. Holder (2), Thomson (2), Davey and Rankin kicked goals. Goode, Steele, Grant, Rankin, Symonds, and Wilton played best.

SECOND EIGHTEEN.

S.P.S.C. II. v. P.A.C. II.—S.P.S.C., 14 goals 7 behinds; P.A.C., 6 goals 4 behinds. Conspicuous players—Burkett, Elkan, Plumstead, James, Magarey, Cane.

Hillsides v. P.A.C.—Hillsides, 12 goals 14 behinds; P.A.C., 6 goals 8 behinds. Conspicuous players—Burkett, Magarey, Elkan, Cane, Matters.

THIRD EIGHTEEN.

On Saturday, April 28th, on our grounds, the Thirds played their first match of the season against Commercial College. When the ball was bounced it was sent down to our goal, where it remained for the best part of the afternoon. In the last quarter our opponents played well and kicked four goals to Princes' 2. At the end of the game the scores were :—Commercial College, 4 goals 13 behinds; Princes, 7 goals 13 behinds. Goal kickers for Princes were, Rose (1), Hübbe (1), Darling (2), Benson (2), and Southwell (2). Morrison and Cameron also played a good game in the ruck.

Our Contemporaries.

Prince Alfred Old Collegians' Association

ESTABLISHED 1878.

OFFICERS, 1905-1906.

Patron—The Head Master.

President—W. R. Bayly, Esq.

Vice-Presidents—A. S. Lewis, Esq.,
Dr. F. J. Chapple, P. E. Johnstone, Esq.

Hon. Treasurer—A. G. Collison, Esq.

Hon. Asst. Sec.—D. M. Steele, Esq.

Representatives on College Committee
—Messrs. J. W. Grasby and E. H. Newman.

Hon. Auditors—Messrs. R. G. Neill
and C. W. Chinner.

Committee—Messrs. H. R. Adamson,
S. W. Bailey, W. Lathlean, C. E. Bennett,
F. J. Searle, A. Rowley,
and E. J. W. Ashton.

Hon. Secretary—H. W. A. Miller, Esq.

The objects of the Association are:—
To keep Old Boys, wherever they may be, in touch with one another and with the boys at the school; also to foster and maintain their interest in the School.

The P.A.C. Chronicle, of which a large part is devoted to matters of special interest to Old Boys, is forwarded to each member of the Association.

A dinner is held annually, at a time which is thought likely to give as many Old Boys as possible an opportunity of

meeting one another; and social gatherings are held whenever any occasion arises that makes them desirable.

The Association gives annually to the School the Old Collegians' Scholarship, of the value of fifteen guineas, and donates five guineas per annum to the Sports' Fund. A Scholarship has also been founded, according to the terms of which the members of the Association have the right of nominating annually the son of one of their number for one year's free education at the School.

The subscription is five shillings per annum. The simplest way is to send along a pound for four years, or to make a life payment of three guineas. To encourage boys on leaving school to join the Association at once, they are admitted as members for the first year without payment of any subscriptions. Any Old Boy wishing to become a member can do so by forwarding his name and address to the Head Master, or to any member of the staff, or to the Hon. Secretary.

H. W. A. MILLER, Esq.,
care of A.M.P. Society,
King William St., Adelaide.
