

Prince Alfred College Chronicle

UBI NON EST SCIENTIA ANIMÆ NON EST BONUM.

VOL. VI.—No. 106.

ADELAIDE, MAY, 1913.

[PRICE SIXPENCE.]

School Notes.

Victoria secondary schools have adopted the three term system this year, and N.S.W. is contemplating the same. So again South Australia leads in a wise reform.

There were many congratulations by 'phone and by letter on winning the Sports; but only one wire: that from Mount Gambier, sent by the Palamountain Brothers and George Watts.

How well some of the Prep. boys are doing in the Big School. Lade, Jackman, and Deland, who were of the Prep. in 1911, have come out first, third, and fifth in the Lower Fourth this term in the Big School.

Percy Correll returned to South Australia and home from his long sojourn in the Antarctic ice and blizzards, and our Head Master and Prefects went to the Railway Station on a Friday morning in March to greet and welcome him back. He

looked older, stronger, and browner, and his old school felt proud of him.

H. G. Shapley has passed the examination for a clerkship in the Commonwealth Service. Only three of the S.A. candidates were successful. He has since received an appointment.

E. W. G. Bogner at the March Examination of the University passed in Greek and Latin, thus completing his Senior certificate, and matriculating for the Law Course. He has been received into the office of Messrs. Homburg, Melrose, and Homburg (three Old Reds).

T. D. Campbell, also by passing in Latin completed his Senior, and L. W. Linn has added to his the subjects required for the Medical Course.

Old Boys.

Percy Correll and Cecil Madigan, our two representatives in the expedition led by Dr. Mawson of the Adelaide

University to explore the Antarctic region and learn from it some of its scientific secrets, have covered themselves with glory, and we are proud of them. It was not all fun either. There are little bits in the short notes that have come to hand that tell us so, and we shall hear more when fuller details come out. But here are a few: "Correll was lost for two hours when making a journey of ten yards from the camp to the meteorological screen." "Madigan, Dr. McLean, and Correll (they seemed to have kept together) were detailed to survey eastward from the main base, and traversed 50 miles and made some interesting discoveries." Once the party failed to locate the depôt, and spent two days foodless in their sleeping bags till the weather moderated. The leader, Madigan, highly praised young Correll. When the relieving ship, the "Aurora," reached the main base, Dr. Mawson, with Dr. Mertz and Lieutenant Ninnis, were still absent. Mawson had promised to return by January 13 at latest. Captain Davis waited till February 8, and then dare stay no later, for he had long been risking the lives of Wilde's party 1,600 miles away on the ice. Being the second in command of the expedition, Davis chose six men to leave behind for another year to search for Mawson, and selected Madigan as the fittest leader of the rescue party. "No man was more admirably fitted to be a leader." (Read

it "Reds," and let your nerves thrill.) Dr. Mawson returned to the main base, but alone, his two brave comrades left sleeping in the ice. Captain Davis made strenuous efforts to bring the whole party back, but in vain. The seven stay for another long winter. Wireless messages assure us of their safety. They will come back, having added much to scientific knowledge, and their story will prompt many another brave man to dare and do when duty calls.

At the triennial gathering of the Australasian Congregational Union, it was interesting to notice that there were several Old Reds amongst the representatives. From New South Wales came the Rev. N. J. Cocks, M.A. (of Pitt Street Church, Sydney, and Camden College); from Victoria, the Rev. A. S. Devenish, M.A. (Victorian chairman); from Queensland, T. Gordon Searle; from Western Australia, the Rev. F. J. (Eric) Searle, B.A.; from Tasmania, the Rev. H. C. George; as well as from South Australia, the Rev. W. Hawke, Dr. S. Dawkins, and Messrs. A. G. Collison and Peter Wood. Four of the visitors accepted the Head Master's invitation to take breakfast with the boarders, and visit their old school.

The Rev. W. J. Mortimer has been set apart by the Methodist Conference

of South Australia for the important work of organising and supervising their Sunday Schools throughout our State.

Frank White, the youngest member of the Society of Arts of our State, whose work was exhibited at the last Federal Exhibition, and seen to be of great promise, has left for England: there further to train and develop his gifts. He will be guided by Will Ashton, who is in England already.

T. Gordon Robertson, B.A., of Mansfield College, Oxford, has been bracketed equal for the Nathan Whitley Travelling Scholarship for use in Palestine and Egypt. He is expected back in Australia shortly.

Mr. W. R. Bayly, B.A., B.Sc., the Head Master of the Geelong College, has gone for a tour round the world. Our Old Collegians' Association took advantage of his presence in Adelaide *en route* from Melbourne to wish him *bon voyage*, and to recall once again gratefully how much of its prosperity it owed to his five years' office as its President.

J. L. Glasson, D.Sc. (Adelaide), B.A. (Cambridge), has been selected for the lectureship on Physics at the University of Tasmania, Hobart. We congratulate him on this important appointment.

E. C. Black, M.B., B.S., is proceeding to London, there to prosecute further his medical studies.

W. S. S. Gilbert's evening studentship at the Adelaide University has been renewed for another year.

Mr. Arnold E. Davey has been chosen President of the Chamber of Commerce. This is his second period of office, for he was called to this important position 14 years ago. Mr. Davey is Consul for Peru. He has also been President of the Millowners' Association, President of the Y.M.C.A., of the P.A.C. Old Collegians' Association, and has held many other prominent public and business positions.

E. L. Grundy, general manager of the cyanide works, reports: "The far north pastoral country just now is simply magnificent—abundance of good grass and herbage."

Will Ashton and Hayley Lever again this year have pictures in the Royal Academy, London.

Charles F. Hummel has sailed for Africa, where he is to take up pioneer missionary work for the Soudan Interior Mission—a noble, self-sacrificing task in which we all wish him great usefulness and success.

Dr. Melville Birks, of Petersburg, has been elected (out of 24 candidates) resident superintendent of the Broken Hill Hospital.

The Rev. F. R. French has returned to Adelaide from a greatly enjoyed visit to Europe and Palestine.

F. A. Potts, who holds the Diploma of the School of Mines for electric engineering, left on April 9th for work on the railways in the Northern Territory.

H. L. Brose, the Rhodes Scholar for 1913, has entered at Christ Church College, Oxford.

Leonard Darling has returned to Adelaide after a short term of business life in London.

In the list of those winning Diplomas at the Roseworthy Agricultural College we note with pleasure that Roy C. Cowell has a Diploma of the First Class with Honours in Chemistry, and that G. E. Roberts has one of the Second Class.

In the report of the Rhodes Scholars at Oxford we note with pleasure that H. Kenneth Fry took his B.Sc. there, and also the Diploma in Public Health, and the Diploma in Anthropology. He played for his University against Cam-

bridge in lacrosse, and thus won a "Half Blue."

G. S. Shipway has passed his Supplementary in Anatomy, and thus completed his Second Year Medicine.

Palmerston Heath, assistant manager in Australia of the London, Liverpool, and Globe Insurance Company, now stationed in Sydney, has been paying a visit to his native town.

D. S. McNeil has left for England, being transferred by Elder, Smith & Co. to their London office.

Dr. Frank Cowan and his brother Horace have gone for a trip to Britain.

W. L. Cleland, B.Sc., has resigned his office of Registrar of the Port Pirie School of Mines, that he may proceed to Britain to prosecute further his studies. He had a hearty send off.

The Athletic Sports.

The day of our sports was an ideal one for athletics, it being a pleasant day for both competitors and spectators.

Soon after one o'clock our boys, with their handbags, could be seen going to the Adelaide Oval.

The entries were very large, and the Committee was confident that a suc-

cessful meeting would result; they were not disappointed.

The attendance was good, a large number of friends and relations being present to witness the athletic capabilities of the boys.

A large number of events was arranged; so many there were, in fact, that several heats had to be decided on the previous day at the College Oval. The running and jumping were good, and were quite up to the standard of former years. There were only three competitors for the College Cup—H. L. Rayner, G. C. Davies, and L. A. Mander. Rayner was by far the best athlete, as is shown by his gaining first place of the Cup competitors in six of the seven Cup events, and so scoring 30 out of a possible 35 points. Mander was second with 11 points, whilst Davies obtained 10.

Rayner won the 100 yds. Senior Championship in fine style, the time being 10 $\frac{3}{4}$ secs. He also made a fine leap of 19ft. 5in. in the long jump.

Thompson broke the tape in the under 16 Championship, and McGregor secured the Junior 100 yards. Chinner did not reach the height of his Inter-collegiate High Jump; nevertheless he won, having cleared 5ft. 2ins.

There were many entries for the mile and half-mile, and the former, which was run on the preceding day, was won by D. Tobin, with Crosby second. The half-mile was secured by Knowles.

W. M. Fowler was the first to pass the winning post in the 120 Yards Hurdles and Steeplechase, whilst the 440 Yards fell to W. K. Collins.

The Obstacle Races were very amusing, especially when some bulky competitor was held fast in the ladder, or a hefty runner was tangled in the net. The determination of some of the younger boys to finish the course was worthy of the highest praise.

There were no Old Scholars' events owing to lack of entries.

At the conclusion of the sports, the Mayoress of Adelaide graciously presented the prizes to the successful competitors, and was heartily cheered for her kindness.

As far as actual running went, the Sports were over, but we trust that the recollections will remain with those who took part in them for years to come.

We went home after having enjoyed ourselves to the utmost, and there were some who thought, with a little sadness, that this would be their last College Sports, while others looked forward to what they may achieve at the next annual meeting.

In conclusion, our most sincere thanks are due to our Sports Master (Mr. Grey), to Mr. Blacket, and Mr. Davies, who all worked very hard so that the Sports might be a success, and that we might enjoy ourselves as much as possible.

Results :—

120 Yards Flat (Open).—E. M. Trott, I. G. Thompson, K. Jauncey.

100 Yards Flat (Senior Prep.)—W. W. McGregor, S. T. Flint, L. S. Walsh.

150 Yards Flat (under 16)—I. G. Thompson, H. W. McGregor, A. M. Hunter.

One Mile Flat.—D. Tobin, W. A. Crosby, L. W. Trott, M. K. May. Time, 5 min. 35 secs.

Junior High Jump.—S. Howard, K. A. Mullner. 4ft. 8½ins.

300 Yards Steeplechase. — W. M. Fowler, E. M. Trott. 45 secs.

120 Yards Flat (under 14). — L. Hoare, J. T. Cowan, R. M. Fowler. 13½ secs.

100 Yards Senior Championship.—H. L. Rayner, L. A. Mander. 10½ secs.

100 Yards Flat Junior Championship.—H. W. McGregor, S. Howard, F. B. Day. 12 secs.

100 Yards (under 16) Championship.—I. G. Thompson, A. M. Hunter. 11 secs.

220 Yards Flat Handicap.—K. Jauncey, N. V. Mengersen, E. M. Trott. 25 secs.

75 Yards Flat (Junior Prep.)—H. Leader, C. H. Wood and J. Bonython dead heat.

100 Yards Flat (under 12).—L. J. Nesbit, R. S. Cooper, W. McGregor. 13½ secs.

440 Yards Flat.—W. K. Collins, R. A. Davey, G. C. Davies. 55½ secs.

120 Yards Junior Hurdles.—S. Howard, J. T. Cowan, K. R. Cave. 19½ secs.

120 Yards Senior Hurdles.—W. M. Fowler, H. L. Rayner, C. Gurner. 18½ secs.

Senior High Jump.—T. L. Chinner, R. M. Catt. 5ft. 2ins.

Long Jump.—H. L. Rayner, C. Gurner. 19ft. 5ins.

Obstacle Race (Junior). — T. E. Cooper, L. Hoare, R. H. Gordon, R. J. Mellor, K. A. Johnson.

Senior Obstacle.—M. K. May, C. E. Cockram, A. L. Langrehr, S. F. Fowler.

Half Mile Flat.—R. H. Knowles, G. M. Hone, R. R. Mahnke, F. R. Hone. 2 min. 20 secs.

Christian Union.

It is with hearts full of thanks and praise to our God that we look back on our progress during the term. The number of those engaged in active Bible study has been more than doubled, and while our membership has not been increased, the attendance at the weekly meetings has been good. We received a visit from Mr. McKenzie, the travelling secretary in South Australia of the Australian Student Christian Union, on April 10th. He met the executive on that occasion, and gave us some very helpful advice. A fortnight later he

addressed the members on "The Need of Bible Study."

Our old friend, Rev. C. J. Perry, advised us "to walk circumspectly." One of the meetings that our younger members enjoyed most was the talk with the Rev. H. C. Farley. Remembering the cricket match against the Methodist Conference held the week before, and remembering also Mr. Farley's share in the support of his team, they knew that they would hear something good from him, for he was a "sport," and consequently they turned out in force.

The address Rev. J. E. James gave us was much appreciated. We look forward to an address from him again in the future.

Dr. Hone spoke on the process of building. He pointed out that Peter and Judas both failed in their duty, but whereas Judas gave up hope, Peter started again and succeeded.

Other speakers were:—Messrs. F. Chapple, J. G. Jeffreys, and Revs. J. Blacket, A. W. Bean, F. Lade, and W. A. Dunn.

The Tennis Tournament.

The usual annual Tennis Tournament was held during the first term. This has for many years been a popular event in the school year, but this year the interest taken in it seemed greater

than ever. The number of entries was larger than last year's, and the competition in most of the events was very keen.

In the handicap games the perennial difficulty of handicapping unknown players was once more felt, but the closeness of most of the matches showed that no very serious mistakes had been made. In the doubles some of last year's good players were put out in the first or second round, and the final match was played between Hoopmann and Roberts (owe $\frac{1}{2}$ 15) and Humphery and R. Fowler (owe $\frac{1}{2}$ 15). The former pair, after some long and close games, won by 11 games to 4.

The A Grade singles handicap produced some exceedingly closely-fought games, and the final match was a fine set between Hoopmann (owe $\frac{1}{2}$ 15) and Gurner (owe 30). Gurner at one time seemed almost certain of victory, as the score stood at 8-4 in his favor, but Hoopmann stuck to his guns and finally won, 9-8. Hoopmann is a newcomer at the school, and bids fair to be an acquisition to our ranks for tennis.

In the B Grade singles the winner was Mullner, who is also a new boy this year. Mullner was somewhat lightly handicapped, but even with a much heavier burden than owe $\frac{1}{2}$ 15 he would probably have won. His opponent in the final round was G. Hone, one of the youngest boys to enter for the tournament. Hone deserves to be

congratulated very heartily on reaching the final match with a handicap of owe $\frac{1}{2}$ 15.

The Junior Championship games also brought out some good players among the new boys. Here both the first and second men were new to the school, and neither of them came to the final round without some very close games. McGlashan only beat G. Hone after a long struggle, and Rowe had a similar fight with Gray. In the final games Rowe beat McGlashan, but here again only after a long game of three sets, 6-2, 5-6, 6-2.

In the games for the Senior Championship several of the good men were drawn to play one another in the first round, and some good games resulted. Right through this series of matches there were very few easy victories, and Chinner, who met Gurner in the final round, had one or two hard battles to get there—one against Humphrey and one against Hoopman. Chinner, who is a new man in the College tennis, played a very steady game right through, and deserves hearty congratulations on his success. In the final round he was no match for Gurner, who of course has had far more experience in the game. Gurner's performance in this event is well worthy of comment and congratulation. He played in five rounds altogether, and in

each case he scored a win by two sets to none, and in none of the ten sets that he played did his opponent score more than two games. His claim to the championship is indeed indisputable.

One very pleasing feature of this year's tournament was the number of promising players which it discovered. The Committee hopes that tennis will not be allowed to lie dormant during the whole of the winter. The prizes were distributed at the closing assembly, and the school congratulated the winners, but it is very desirable that those who have done well in our own tournament, and others too, should keep up their practice with a view to the intercollegiate match at the beginning of the third term. The Challenge Shield has reappeared among us after an absence of some years, and the principal reason for that long absence was that tennis had been neglected for the more essential school games, cricket and football, and an attempt made to win a match on about five weeks' play. Cricket and football, everyone will admit, must be maintained even if other games are allowed to drop altogether; but it should be possible, and would certainly be most beneficial, for some players to have regular tennis practice on the days not devoted to the regular football practice.

University College Camp.

The first University Camp for colleges was held this year from January 22nd to 30th at Second Valley, and proved a great success. The movement was started by a few 'Varsity students, who realized what great opportunities are given to all concerned in camp life.

The Camp was based on Christian principles, its object being to bring boys into contact with 'Varsity students, who might be able to help them when coming on to the University. Also, to stimulate friendly relations between the various colleges, and to try and show them that a Christian life is the one that counts for most.

There were six officers, 23 boys (of whom 14 were from P.A.C.), and last, but not least, our cook. We all left for Second Valley on Wednesday, January 22nd, in the s.s. "Karatta," some starting from Port Adelaide, the rest joining the party at Glenelg. What a merry party we all were! All prepared to make the best of our last holiday week. After having a pleasant run down for about 5½ hours, during which time we had dinner, we arrived safely about 2 o'clock at our destination, without anybody having "felt the *worse* for the trip." It took us a good time to get all our luggage transported to the Camp site, but who cared? Then came the pitching of tents and marquee.

This was accomplished within a comparatively short time, and did credit to all the willing workers. So from this time onward, everything went very smoothly.

But what about those who had never met before? Surely there must have been a "strangeness" of feeling. Indeed 'twas just the reverse, everybody feeling quite "at home," and also by this time, quite ready for a good night's rest.

Each day passed very happily, the routine being approximately as follows:—

- 6.30 a.m.—Reveille.
- 6.45 a.m.—Camp Prayers.
- 7 a.m.—Biscuit and Bathing Parade.
- 8 a.m.—Breakfast.
- 9.15 a.m.—Tent Inspection by Camp Officer.
- 9.30 a.m.—Games, tours, etc.
- 1 p.m.—Dinner.
- 2 p.m.—Games, excursions, bathing, etc.
- 6 p.m.—Tea.
- 7.45 p.m.—"Sing Song."
- 9 p.m.—Supper.
- 9.15 p.m.—Evening Prayers.
- 9.30 p.m.—Lights out.

The names of the respective tents were the Angels' Retreat, Nox Potz, Knifti Nutz, and Stockade, the inmates of which upheld the reputation of their respective abodes admirably. The inter-tent cricket and tennis matches proved a great success, although one

had to contend with many inconveniences whilst the match was in progress (to wit, the umpire favouring some particular man, etc.).

The Camp was the means of "stirring up" the worthy inhabitants of Second Valley to a tremendous pitch of excitement by the announcing of a concert to be given in the local "Town Hall" on the evening of Monday, January 27th. What a treat was in store for them, and didn't they just roll up in swarms, until the hall was full to over-flowing. A splendid programme was given, and "seemed" to be much appreciated, although we must confess that the audience hadn't the habit of showing their feelings to any extent.

We managed to obtain a piano for the Camp, which proved a great success. The sweet strains which issued from that same instrument, repeatedly led the entranced listeners into the realms of superb ecstasy, and gave "tone" to our surroundings.

Another great feature was the *inexhaustible* supply of food, and didn't we all take advantage of this great privilege of having a full hamper. The meals seemed to be the happiest time, from the point of view of fun, everybody being in a state of constant uproar the whole time. The duty of "slushying" was also the means of helping towards the funny side of the Camp.

The greatest feature of all was the feeling of true friendship permeating the whole atmosphere. Surely the memories of such happy times will "stick fast" in our minds, and spur us on in our daily life when all around seems dull and uninteresting! But these happy times come and go, and the time seemed to pass away only too quickly. Nevertheless, our return journey was a fitting end to a bright and happy time, and we all had a feeling of thankfulness for the opportunity given us to get away together and spend the last few days of our Christmas holidays in Camp.

We are already preparing for a next Camp. Who is coming with us this time? Owing to the success of our first Camp, it has been decided to extend the time from eight to ten days. Full particulars will be forwarded to the College shortly, and we strongly advise all who enjoy real wholesome fun to come along to our next Camp.

J.G.J.

Form Notes.

UPPER VI.

Alas! great is the sorrow with which we are obliged to spend the following two weeks in enforced idleness. However, in after-life we shall always be able to look back upon our self-sacrifice in granting our masters a respite from

their onerous duties, for well do we understand how brain-racking and terrible their task must be.

First of all, it is necessary to complete a long list of congratulations. Collins, Rayner, Davies, Fowler, and Gurner have been appointed as our overseers in the capacity of Prefects. G. C. Davies and H. S. Rayner were elected as captain and vice-captain respectively for the Intercollegiate Sports. Rayner is also to receive a laurel wreath as a reward for his services. We were also well represented in the Intercollegiate Sports by Collins, Gurner, and Mander.

As for our own Sports, congratulations are due to Rayner for winning the Cup, also to H. T. J. Edwards for his touching act of self-denial in refusing to run in "the mile" for the purpose of giving the other competitors a "sporting chance." It has been rumoured that the Royal Humane Society, in conjunction with the Society for the Prevention of Cruelty to Dumb Animals, is going to reward him in a fitting way.

Last, but not least, we are pleased to see Gurner Dux of the School.

Gratulationibus completis (and yet they will say that we know no Latin!), let us continue with the various losses which we have sustained during the term—A. E. C. Gepp, A. N. Shuttleworth, and a pair of trousers—from these last we parted with regret.

It was on the 4th of April that, with

tears of woe, we parted from our comrade Gepp. He has gone to the Military College at Duntroon, and we are assured that he will make a splendid soldier, for he was ever a good runner, and will be able to get out of the reach of the enemy's bullets in "less than no time," as the vulgar express it.

Also two weeks from the end of the term the lamentable news was imparted to us that our learned and inventive genius, A. N. Shuttleworth, was to leave us to take up the arduous task of Chief Engineer on the North Kensington Steam Roller. He was cheerful to the last, and with smiling visage departed into the wicked world to assume his responsible position. Amongst his most important achievements was the invention of the world-famous Shuttleworth blowpipe machine. He revolutionised science by proving that Newton's Second Law of Motion was absolutely incorrect and an abomination in its present form; and just before he left his benevolent nature was clearly exposed by his last will and testament, wherein he bequeathed all his marks to Dorsch and Jolly.

But our saddest loss this term has been that of a pair of trousers in the laboratory. The solubility of living protoplasm in aqua regia was being tested, when suddenly the treacherous and villainous plot was discovered by the ever-vigilant Shuttleworth. He immediately emptied all the ammonia

bottles in the laboratory on the living mass of protoplasm which was being dissolved by the aqua regia. Hydrogen was freely evolved, and a serious explosion seemed imminent, when Collins, with great presence of mind, turned the hose on the protoplasm, aqua regia, and hydrogen combined, and saved the whole situation—except the trousers.

At last we have come to the conclusion that Paul and Rosy have been deprived of their senses, but as the subject is rather painful, we shall not enlarge thereupon; full particulars concerning the diagnosis may be had on application to the secretary.

As we are not permitted to fill the whole *Chronicle* with our notes, we shall now close with a list of books for perusal during the holidays, recommended by our literary censor, H. T. J. Edwards. They are as follows:—"The Swoop: or How Clarence Chugwater Saved England"; "The Story of Slippery Sly-Shoes"; "Lycidas"; "Screeching Jew Lizards: or The Tale of Three Bad Mice"; and "Bawling Kanakas." They are all worth reading, especially "Lycidas."

LOWER VI.

Another term has drawn to a close, and we are ready to enjoy a well-earned rest. We congratulate "Bill" Menz on attaining the highest position in the Form. There is a report that "Bill" is going to play football in the future,

as he has been told that "marks" are given. Two of the members of the Form, Eric Trott and Don Magarey, have been raised to the high position of Prefects, and they keep the Form under their iron heels.

We are well represented in the different branches of sport, and we wish to congratulate those who ran in the Inter-collegiate. We take this opportunity of congratulating Eric Trott on being elected captain of the first eighteen, and hope that he will be able to lead his team to victory.

The Tennis Tournaments have now finished, and out of our class "Hoopy" and "Humph" have played well.

We are very sorry to have to relate that our midget, "Squib," has been sent to quarantine; we wonder that he is not always isolated, as he is a danger to the community.

Two of our number are succeeding in making their hair assume a terrific length by the use of certain black oily fluids, guaranteed to be "pure water."

We are informed that ink turns starch blue. (This fact is probably a new discovery, so scientists take note.)

Dutchy has taken a great fancy to experimenting with chemicals, and we all heartily congratulate him on burning an artistic hole in his coat, and also adorning his desk with deep cavities.

Two of our Form left during the term, and we wish them success in their new life.

COMMERCIAL VI. AND V.

Another term of strenuous study has passed peacefully away, gone but not forgotten, and we are all looking forward to the holidays. We must congratulate N. V. Mengersen on obtaining first place in the VI. Form, and Harris for his hard try for it; also R. C. Smyth on coming top of the V. Form. The members of the Geology class were all looking forward to a geology trip to Aldinga at Easter; but, alas, no boarding-house would accept the contract of accommodating the class. We were all disappointed, as we were certain of obtaining splendid specimens in the cliffs or in the shallow waters of the port. The "parsons" have been trying hard to make our Science Master change his views and theories on the subject of geology, but naturally have met with a very stubborn resistance.

Four of our members obtained places in the Intercollegiate Sports Team—Mengersen and Catt, of the VI., Dreyer and Gray, of the V., and we are all unanimous in saying that they did their best to win honour for the school. A great number of prizes, too numerous to mention, were obtained by our members in our own sports. We are in very high hopes of obtaining the senior football shield, as we have five members of the first eighteen—Mengersen (vice-captain) and Cockram

of VI., and Bell, Chipper, and Dreyer of the V.

Catt and Maddern are leaving our midst this term to take their place in the wide, wide world, where we trust they will find a high place in the realm of commerce for which they have been trained for a number of years.

"Puss" is utterly worn out this term since he has taken one subject in the weekly exams; consequently the doctor ordered a two months' holiday, and we all sincerely hope it will greatly benefit his health, and that he manages to get those 250 frogs on his homeward passage. On the last day of term he had his exam. certificate, neatly framed, presented to him in memory of his last term's work at College.

The V. Form started the term with a large number of new boys and a few stray University converts. The "Face" in the Form brightens up the class considerably with his sweet (?) smile, and harasses us with his many notes. A notable addition is the "Scout," or the future Baden-Powell. "Bertie" is thinking very seriously of revising the Geography Book for next term, and improving the notes on sheep.

K. Taylor had exceptionally bad luck in breaking his wrist in the gymnasium in the last lesson of the term, in trying to beat the University geniuses in the long jump. He has our sincere sympathy.

Our "long friend" from the VI., and

"Dummy" from the V., are leaving us, and we wish them the best of luck in their respective careers.

In the Vc, which has 22 names on the roll, 11 certificates were gained. This speaks well for the work of this Form.

UPPER V.

We are again at the end of a hard term's work. During the term the annual sports against St. Peter's took place, and four of our number—Barlow, Hobbs, Hunter, and McGregor—competed. McGregor succeeded in winning the Junior Hurdles in record time, and we all congratulate him heartily.

This term we had a very small class of only twenty-one. Our captain, Chinner, is predicting gloomy things about the class matches, but he is quite cheered up by the laughter at "Watermelon's" weird Latin and German pronunciation.

The class has gained seven certificates, and Hobbs has kept up his reputation as a Dux.

We all sympathise heartily with Piper on his bad luck in breaking his arm, and hope he will be well enough to enjoy himself in the approaching holidays.

In the tennis, Chinner and Roberts have won fame—Chinner by coming second in the Senior Championship, and Roberts, with Hoopmann, by winning the Doubles Handicap.

Only a few of our number seemed to

care for cricket, for we had only three playing for the teams; these were Cornish, Hone, and McGregor, the two former being both left-handed "sloggers;" but they are improving greatly under the able tuition of Mr. Davies.

Footer practice has just started, and in the first match Chinner and Roberts played for the firsts.

UPPER IV.

Our first duty is to congratulate K. W. Smith on coming top of a Form of 41 boys. He not only took first place in the examinations, but also took the first place in every class subject—a splendid record. The number of certificates gained was 15, and we hope to increase the number next term. We are very pleased to mention that two of the new boys—H. G. Miell and E. J. Swann—have gained very good positions in the class.

It gave general satisfaction to see "Fat" May elected captain of the cricket team. We played two games against the Lower Fourth, winning the first but losing the second. Our success in the first game was mainly due to Swann's effective bowling.

A. K. Mullner and K. R. Cane represented the Form in the Intercollegiate Sports, and Mullner obtained third place in the Junior High Jump. We also had two emergencies in R. M. Fowler and M. G. Johnston.

In our own sports, D. V. Tobin, after

training assiduously for some weeks, obtained first place in the Mile, while on the other hand, we were disappointed not to see our friend "Donkey" Muir come first in the Half-mile. The following boys gained places:—May, Fowler, Mullner, and Tobin.

We have played the Lower Fourth twice this term at football, being successful once. Our team is captained by E. M. Davidson, who was elected by a big majority. Our success was due to our captain and our vice-captain, M. K. May.

Shapley's store of Latin seems to be never exhausted—impositions we mean, of course.

Ehmcke's name is still a puzzle to all of us.

"Spokes" Wheeler has settled down to work, and is a real enthusiastic footballer.

"Baby" Burnard is still determined to be a professor of music, and if he is as successful in music as he is in talking, we are sure he will be a great musician.

It is needless to say that Engelbrecht has come top of the gymnastic class.

We all hope to enjoy our holidays, and come back all ready to pass the Primary Examination at the end of the second term.

LOWER IV.

The Lower Fourth may once more look back on a term joyous and strenu-

ous alike. Among so many heroes it seems invidious to discriminate, but a few stand out prominently on the roll of honour.

We have this term 34 names on the roll, including 6 new boys, and 6 who have had a double shift from the Lower Third. Then at half-term we welcomed two more boys from the Upper Third.

We are not sorry that the end of the term has come at last, when we can have a rest from learning those tiresome theorems. There has been a keen fight for the top place; the place of honour was gained by Lade, who only just managed to beat Rohinson. Other boys who have done particularly well are those who have gained certificates: Jackman, Torr, Deland, Preston, Piper, Hone, Jauncey, and Williams.

In sports we have more than held our own. At the beginning of the term we had some very exciting games of cricket with the Upper Fourth. We defeated them in the first match, while the second was drawn in our favour. We were pleased to see two of our members, Cowan and Thompson, representing their school in the Intercollegiate Sports. Thompson is a runner of more than ordinary ability, for he stood out "head and shoulders" above the others. He won all the under 16 events, viz., 100 yards, Hurdles, and the 440. Cowan trained most enthusiastically, but just missed gaining a place. In our sports we gained several prizes,

Thompson 3, Cowan 2, and Hone second in the half-mile, while "Skeet" Gordon was placed in the Obstacle Race. We hope to win the Junior Football Shield. Thompson and Robinson will lead us, and we have already defeated the Upper Fourth by kicking 5 goals to their 2.

Then we must congratulate Weylandt, a boarder, on coming top of the gymnastic class, which can only be done by great muscular exertion. Also Hone, who has done so well at tennis as to be runner-up in the handicap singles.

We are all very sorry to miss our friend "Dutchy," who has generally caused so much excitement with his comical sayings and grins, which always cheer our dull minds in English lesson, but for all that we have a good comedian called "Girly," also our friend "Ike," who is always very "innocent."

Julius, our pea rifle expert, who is always taking his nap in English, is in the wars again. Quite recently he was shot right through at short range while skirmishing on the outskirts of Tanunda; now he has his fingers in a sling.

Jones still amuses us with his definitions, which always start from the wrong end.

Downing is leaving us this term, and we wish him every success.

UPPER III.

We commenced a fresh term on Feb-

ruary 3rd, and were glad to get a start after such a long holiday. We were pleased to welcome this term seven new boys, bringing the total of the class to thirty.

The attendance has been good all through the term, and our studies have progressed satisfactorily, our master making the various subjects interesting and pleasant.

Our Form was not represented in the Intercollegiate Sports, but at our Annual Sports Hoare came first in the under 14, and second in the Obstacle Race, while Langrehr finished third in the Senior Obstacle.

We must congratulate Eime on securing the much-coveted pride of place, and condole with McNeil on coming top at the other end.

Hoare also obtains the Gymnastic Medal, where he excels in smartness more than he does in showing up his home lessons.

The cricket season is over, and although we played but few matches, we managed to win most of those we did play. Collins, our captain, proved himself to be a veritable wielder of the willow, and will make a name for himself in the future.

Our Form holds the Football Shield from last year, and under the guidance of Kimber and Freddy Warren, we hope to retain it at the end of the coming season.

On the last day of the term, Freddy

PREFECTS, 1913.

The Head Master

D. D. Magarey
H. L. Rayner

L. A. Mander
G. C. Davies

was resplendent in hot socks, with a flowing "Tighe" to match; and Lee actually woke up when Morris, in the exuberance of joy, decorated the room with military flags.

LOWER III.

Our class has consisted of twenty-three boys, three of whom were promoted during the term. We congratulate Treloar on coming top of the Form, and Gleeson on attaining top place for gymnastics.

We all entered for something in the School Sports, but L. J. Nesbit was the only successful athlete. He came first in the 100 Yards under 12. We elected Cornish captain of our cricket team. Only one match was played, in which the Upper Third proved too strong for us. Taylor made top score, and Gleeson secured seven wickets.

Nesbit has performed some interesting feats, one of which was an attempt to barber McTaggart. Gleeson tried his skill on Fry by throwing a soft ball at him, but unfortunately missed and broke our class-room window. "Annie Laurie," our long-sighted singer, has assumed an aristocratic appearance by wearing glasses.

FORM II.

Our small, jovial band has just concluded a good term's work, and now looks forward to an enjoyable vacation.

Whilst the familiar faces of Captain

and Toby have been conspicuous by their absence, we have had one member of last year's Form, "Rufus" Gordon. It was suggested that, together with S. Krantz, he should favour the school with a duet at the Midwinter Concert, but unfortunately he has decided to leave us this term.

Chennell, with his merry, contagious laugh, has banished all dulness from our midst, and has proved himself a worthy successor to "Smiler" Cornish.

Johnson, who was our only prize winner at the sports, has come to the fore in examinations, having beaten Krantz for first place by 25 marks. The same boy, by the way, is the only one who has attended every day during the term. We congratulate him, and also the four boys who have gained certificates.

Towards the end of the term our ranks were increased by the inclusion of a new boy, Fletcher. It was not long before he was spoken of as "the little fellow with the big voice."

Next term we want several more boys to join us, so that we can form a good football team.

Prep. Notes.

At the beginning of the term we said good-bye to nine of the boys who had the bad luck to be moved up to the Big School. We don't think they will

have such good times as we have here. We got nine new boys this term, so that we have just the same number as we had last year. We were all very glad to see Lawrence back again after his long illness.

We had a lot of cricket matches this term, and Sir let us go on the Big School grounds to play our last one. It was all right playing on the turf, and we all thought it very kind of Mr. Grey to allow us to use it. "Mac" has been a very good captain, and Richie has looked after the things well.

We started football last week, but we haven't played any matches yet. Flint was elected captain; Norman Walsh, vice-captain; and McGregor, secretary.

Richardson came top of the Senior A's, and Krantz top of the Senior B's. Little Leader is top of the Juniors.

We had great fun at the Sports down at the Oval. "Mac" won the Senior Prep. Race, and Flint and Frank Macrow were second and third. Leader won the Junior Prep., and Colin Wood and Bonython tied for second place. Two Prep. boys, Cooper and McGregor, came second and third in the race for boys under 12.

Boarder's Notes.

Looking back on the past term, the boarders can with all truthfulness say that they have been a very great factor

in the life of the School. On our return, we were dismayed to notice the absence of many old familiar faces; but on viewing the great number of new arrivals we were pleased to know that the numbers would compare favourably with those of last year.

We were especially fortunate in having two of our last year's prefects, W. K. Collins and N. V. Mengersen, with us again. The former must be heartily congratulated on being deemed worthy of holding the high office of head prefect. L. A. Mander has since then been appointed a prefect, and we congratulate him most heartily.

Our achievements in scholastic and athletic realms call for loudest praises, although we say it ourselves. An excellent beginning has been made this year, and we hope for a still more glorious end.

In school work, Collins, Mander, and Hossfield hold second, third, and fourth places in the school. Mengersen, in the VI.c, was 102 marks ahead of the second boy. Smyth obtained top place in V.c, while Treloar headed IV.L, and Eime the III.u.

In the athletic world, we can boast of such as those ten who helped to uphold the honour of the school in the recent Inter-collegiate Sports. How well they succeeded is now a matter of history. I. G. Thompson performed a great feat in obtaining first place in all three under 16 events, thus obtaining

12 points for the school. S. Howard won the Junior High Jump by clearing 4 ft., 11½ ins. while P. L. Chinner's grand effort in jumping 5 ft., 5½ ins., and thus winning the Senior High Jump, was loudly applauded. Collins obtained second place in the 440 Yards, and Gray was second in the under 16 Hurdles.

At the end of the term we had four members in the first cricket team, namely, Mander, Cockram, Chinner, and Mengersen. The annual match against the St. Peter's boarders on their ground, ended in a disastrous defeat for us. On a beautiful day and on a beautiful wicket, our representatives could not produce more than 55 runs. Of these, Mander made 32 n.o., and Chinner 17; the rest obstinately refused to make more than six runs. St. Peters then went in, and Riley punished the bowling unmercifully; although Cockram bowled splendidly, securing 3 for 12; and after losing four wickets, the winning hit was made. The Seconds, however, turned the tables by winning by the narrow margin of nine runs.

With the help of Mr. Davies, Mr. Blacket, and a 71 ft. pitch, our First gloriously avenged themselves by unmercifully defeating the day-boys' eleven. A casual observer would have thought that when the day boys were batting a game of skittles was in progress.

With regard to our own sports, we still upheld our own. Thompson carried off the under 16 championship, 150 yards under 16, and was second in the 120 yards open. Collins won the 440 yards in fine style; Mengersen secured a place in the 220; and Mander ran well in the 100 yards championship, being beaten by Rayner only. Howard won the Junior High Jump and the Hurdles; and Chinner beat Catt for first place in the Senior High Jump.

— — —
THE A.S.S.
(By a Member.)

Probably the greatest work that has been done in the College this term has been the formation of the glorious society—The A.S.S.—by five noble youths. This was formed to improve the morality of some of the Seniors, but evidently some were frightened of losing too many half-pennies, and so they did not join. The five members, viz., the president, vice-president, treasurer, and two secretaries, lost very few half-pennies, and the society, after lasting for half a term, was disbanded.

— — —
One fine summer's eve, near the beginning of term, uproars of delight, mingled with grunts of pain, were heard issuing forth from a certain well-known room. As two or three huge water-melons had been conveyed to those quarters, this was probably the

cause of three boys lying in next morning.

Surely most profound of all, was the excitement caused by the suggestion of shorter hours—not of work—but of leave: so that the intellectual and social frame might be better developed on Saturday evenings. Certain of our respected members became violently incensed, and required buckets of water to cool their demented brows. Party politics then ran high, the bone of contention being, "Should 9.30 leave be granted every Saturday?" The Liberals strongly upheld that we should be permitted to visit our friends every Saturday right. On their banner was inscribed, "Down with the Wowzers!" But these unruly members suddenly collapsed when they discovered that the whole affair was a huge joke.

Among our numbers there seemed to be many who were hand in glove with the sufragette movement, and they showed their ardour by their constant onslaught on the windows. At least five windows were broken in four successive days. These foolish youths have now deserted the suffragettes, owing to the magnitude of the expense.

— — —
WANTED TO KNOW.

Who was kicked off the lawn, by whom and where?

Who is the "Headitor" of the "Daily Fibs?" We suggest that he

should buy a twopenny spelling book and employ an artist.

Why is Hunt leaving this term?

Why was Mander so anxious to get an envelope without a badge just before the Inter-collegiate Sports?

Who is going to be the stroke in the Western Australian rowing team in years to come?

What is the date of the boarders' social?

Who ran hardest (not fastest) in the mile? Was he waiting for his wind to catch up?

What is the time? Please apply to Mengersen at the Prefects' room between 4 and 5 o'clock.

Who ate the dog-chain?

Who rules the dormitory?

Who won the cricket match, Boarders v. Day Boys?

Who is going to finance the "Painless Window Fund?"

Was it Bartlett Day who was singing "Kind is my Mary" the other Saturday morn?

Why should we weep for Willie's (?) whiskers? It was his own fault.

Why is sweet seventeen?

— — —
The boarders are greatly indebted to Mr. Haslam for his gift of three books to their library. These books were so chosen that one at least should suit the taste of any individual. They are:— "From Cape Town to Ladysmith," by G. W. Stevens; "Frank Fairteigh,"

by F. E. Smedley; "The House not made with Hands," by D. Lyall. The opportunities of recreation which the library offers, have been extensively made use of during the past term in spite of the fact that the first term is the term in which sports are being most indulged in.

The Intercollegiate Sports.

The Sixteenth Intercollegiate Athletic Sports Meeting was held on the Adelaide Oval on Saturday, April 12th.

We were extremely fortunate in dodging Mr. Wragge’s disturbing agents. Ulysses, Agamemnon, & Co. were luckily otherwise engaged, so we were favoured with ideal sporting weather.

His Excellency the Governor was

out of town, but he was represented by Sir Samuel Way. We are very grateful to Lady Way, who kindly presented the medals and trophies to the successful contestants. We also thank the following gentlemen who officiated as Stewards, Judges, etc.:—Messrs. G. C. Campbell, J. C. Edmunds, C. W. Hayward, R. H. Wallmann, E. E. Cleland, W. D. Taylor, W. A. Magarey, G. M. Evan, H. V. Rounsevell, S. Talbot Smith, W. H. Stevenson, and C. Kellett.

This year the contest was held before our own sports. This proved to have its disadvantages as well as its advantages. On the whole, however, it may be said that it is a good idea. It certainly took longer, and greater difficulty was experienced in selecting the team. It also eliminated the "dark horse" element, which plays an important part in most college sports. On the other hand, however, the rivalry was so keen that there appeared to be more boys interested in training than when the team is selected largely as a result of our own sports.

The boys are to be congratulated on their keenness. This was no doubt partly due to the fine stretch of green that we now possess. When the oval is finished it will be a credit to the school.

For the first time, three under 16 events were added to the programme. It is not often that boys under 16 are

good enough to represent their school in the senior events, and this innovation makes the test more complete.

Rayner (14) and I. G. Thompson (12) scored the greatest number of points for us. The other 36 points were very evenly distributed. Rayner is a much improved runner, and is at present in a class by himself as our best all-round sport. Thompson won the three under 16 events in a most decisive manner, and is a runner of great promise. Lowe (S.P.S.C.) is a fine athlete. He scored 16 points for his school. He equalled the record in the 100 yards (10 $\frac{1}{2}$ secs.) and 120 Hurdles (17 secs.). He also won the 220 Yards Flat. One record only was broken. H. W. McGregor (P.A.C.) cut down the 120 Junior Hurdles by $\frac{3}{4}$ secs., finishing in 18 $\frac{1}{2}$ secs. He had previously done the distance under 18 seconds, but on this occasion he lost his stride when approaching the last jump. T. L. Chinner in the Senior, and S. Howard in the Junior High Jump excelled and surprised themselves. Chinner's 5ft. 5 $\frac{3}{4}$ in. was a fine effort. The Broad Jump was also a great improvement on previous years.

At the conclusion of the sports, G. C. Davies, our captain, was very pleased to receive the Challenge Cup from Lady Way. We carefully placed it beside the Tennis Shield, but thoughtfully left room for the Football Cup and Cricket Shield, which we hope to shortly place with them.

THE EVENTS.

High Jump (Juniors).—1, S. Howard (P.A.C.); 2, G. C. Barnard (S.P.S.C.); 3, K. Mullner (P.A.C.). Height, 4ft. 10 $\frac{3}{4}$ in.

Howard jumped splendidly, and Mullner altered his style at the last moment with good results.

120 Yards Hurdles.—1, E. B. Lowe (S.P.S.C.); 2, H. L. Rayner (P.A.C.); 3, C. M. Muirhead (S.P.S.C.). Time, 17 secs.

Rayner ran a close second in a very fast race.

100 Yards Flat (under 16).—1, I. G. Thompson (P.A.C.); 2, F. L. C. May (S.P.S.C.); 3, A. M. Hunter (P.A.C.). Time, 11 secs.

A walk-over for Thompson.

100 Yards Flat.—1, E. B. Lowe (S.P.S.C.); 2, H. L. Rayner (P.A.C.); 3, L. R. Pellew (S.P.S.C.). Time, 10 $\frac{2}{3}$ secs.

Here again Rayner was just beaten.

High Jump (Senior).—1, T. L. Chinner (P.A.C.); 2, G. M. Muirhead (S.P.S.C.); 3, O. E. Colley (S.P.S.C.) Height, 5ft. 5 $\frac{3}{4}$ in.

Chinner had many admirers. All were taken with his graceful style.

100 Yards Flat (Juniors).—1, F. L. C. May (S.P.S.C.); 2, H. W. McGregor (P.A.C.); 3, R. L. Borrett (S.P.S.C.). Time, 11 $\frac{2}{3}$ secs.

Both May and McGregor are stylish runners, and will be heard of again.

220 Yards Flat.—1, E. B. Lowe

(S.P.S.C.); 2, L. R. Pellew (S.P.S.C.); 3, G. C. Davies (P.A.C.). Time 23 $\frac{1}{2}$ secs.

This was our worst scoring event. Davies was our only representative who could store up enough wind to finish. The other two ran 120 yards very well.

440 Yards Flat (under 16).—1, I. G. Thompson (P.A.C.); 2, A. M. Hunter (P.A.C.); 3, K. D. Cowan (S.P.S.C.). Time, 58 secs.

Thompson and Hunter both finished very well.

300 Yards Steeplechase.—1, H. L. Rayner (P.A.C.); 2, W. M. Fowler (P.A.C.); 3, L. M. S. Hargrave (S.P.S.C.). Time, 43 secs.

Our three were the first over the last jump, but E. M. Trott collapsed when he seemed certain of second place. Considering that he was not well, Trott ran a fine race. Murray Fowler finished well ahead of Hargrave.

440 Yards Flat.—1, G. C. Davies (P.A.C.); 2, W. K. Collins (P.A.C.); 3, E. B. Lowe (S.P.S.C.) Time, 56 secs.

This race was less interesting owing to Lowe falling down at about the 60 yards mark. This gave the field a big start. Davies led all the way, and Collins finished well. Lowe certainly ran the last 100 yards faster than any one, but was just beaten for second place.

120 Yards Hurdles (Juniors).—1, H. W. McGregor (P.A.C.); 2, R. L. Bor-

INTERCOLLEGIATE SPORTS TEAM, 1913.

rett (S.P.S.C.) and G. C. Barnard (S.P.S.C.) equal. Time, 18 $\frac{2}{3}$ secs.

McGregor is a clean hurdler, with a taking style. He won easily.

Broad Jump.—1, W. O. Jose, (S.P.S.C.) 2, H. L. Rayner (P.A.C.); 3, R. B. Coulter (S.P.S.C.). Distance, 19ft. 1 $\frac{1}{2}$ in.

A good fight. All the six were fairly equal.

120 Hurdles (under 16).—1, I. G. Thompson (P.A.C.); 2, W. E. Gray (P.A.C.); 3, C. A. Barlow (P.A.C.). Time, 18 $\frac{2}{3}$ secs.

Thompson won comfortably. We secured all three places.

One Mile Flat.—1, F. G. Price (S.P.S.C.); 2, L. W. Trott (P.A.C.); 3, T. L. Chinner (P.A.C.). Time, 5 min. 35 secs.

A good finish to a good day's sport. All three ran well. Trott found Price's finish just too strong for him. Chinner again surprised us.

Final scores:—S.P.S.C., 49 points.
P.A.C., 62 „

Points for the under 16 events:—
First, 4; second, 2; third, 1.

OLD SCHOLARS' EVENTS.

100 Yards Flat.—1, H. L. Bröse (P.A.C.); 2, M. Badger (S.P.S.C.); 3, C. Q. Wilkinson (S.P.S.C.). Time, 10 $\frac{2}{3}$ secs.

440 Yards Flat.—1, I. B. Pender (P.A.C.); 2, J. C. P. Strachan (S.P.S.C.); 3, R. Badger (S.P.S.C.). Time, 54 secs.

120 Hurdles. — 1, I. B. Pender (P.A.C.); 2, N. B. Stevens (S.P.S.C.); 3, J. T. Creswell (S.P.S.C.). Time, 17 secs.

Cadet Notes.

Cadet competitions are arranged annually to determine the best company in each State. Prior to this an eliminating contest is first held amongst the companies of each battalion, after which all the top teams meet to decide the best trained company in the State. The representatives of each State eventually meet to determine the crack team of the Commonwealth. The syllabus is divided into six sections, being rifle-shooting, inspection, physical drill, company drill, skirmishing, and march past. The test in rifle-shooting is very severe. The teams advance in skirmishing order from 500 yards to 200 yards with three halts. At the first halt three shots are fired at a bulls-eye target, and at the second three shots at a disappearing figure target. At 200 yards two shots are fired at the figure of a running man. Each hit on the targets scores one point, and in addition marks are given for range discipline. Points for inspection are allotted for condition of arms and equipment and general turn-out of each team. For physical training a set of exercises that calls for the use of the

majority of the muscles is selected. In company drill commanders are required to put their teams through the various company formations, and points are allotted for marching, handling of rifles, and promptitude with which orders are carried out. Interpretation of signals and carrying out formations by signal is required in skirmishing. In the march past each team having been formed up as a company in line is required to march past saluting points, notice being taken of correctness in dressing and in keeping of distances.

The competition for the 78th Battalion was held at the Port Ranges on March 29th, and six of the companies were represented. Our team led off with physical drill, and going through the exercises in a creditable manner, secured second place. The shooting was the next section, and, although the team secured highest points for range discipline, the actual shooting was on the poor side, and we had to be content with a third. The chief cause for the failure was that we were the only company armed with the old pattern rifle, and the fact that excitement resulted in hasty and inaccurate sighting. We did well in points for inspection, and the section commanders are to be congratulated on the way in which they managed their commands. Very little scope was given for displaying our knowledge of skirmishing, as practically nothing was given but advancing and

retiring, and the examining officer was at one stage quite 400 yards distant. With just a little better handling of rifles and remembering to keep the heels down we might have secured first instead of second position. However, in company drill the work was left to the discretion of the officer in charge, and the commands were carried out by the team with precision and accuracy. One could not understand the decision of the examiner to hold the march past over broken ground. Still the step was correct and the dressing as good as possible considering the nature of the ground. In the last two sections we secured second positions.

The competition on the whole was very satisfactory, but some improvements might be made. The work should really spread over two half days or a whole day, as at present a satisfactory test in each section is not ensured. In order to be fair all rifles should be inspected before firing and not just when it pleases an examining officer to do so, and to give every team an equal chance in shooting it should be armed with the same pattern rifle. Again, the most level stretch of ground should be selected for a march past, and not land with rises and dips and bushes. It requires careful training to keep good dressing on the best of ground, so that one can imagine what it is like when traversing rough ground. Most important, is that a judge should

complete the examination of all teams in his section. It is not fair that another judge should finish the examination, as his style of allotting marks might be entirely different.

Although the School's team only managed to secure third place, it is to be congratulated on the excellence of its performance, especially when it is remembered that the competition is held at a very unsuitable time for schools, and that very little preliminary training had been done. The best thanks of the College are due to those cadets who volunteered so freely to assist the School.

The State Commandant has twice visited the School this term. On the first occasion he watched the senior cadets at company drill, and expressed himself as being very pleased with the work done. At the last parade the annual inspection of the junior cadets took place. The youngsters were put through their facings by Major Leschen, and acquitted themselves splendidly.

Owing to an oversight, mention was forgotten last term of Lieutenant G. C. Davies' success in passing the examination for lieutenancy. He has always been exceedingly keen on cadet work, and is to be heartily congratulated on his promotion to commissioned rank. It is hoped that some of the senior sergeants will present themselves for this examination, and that all non-coms. will prepare for an examination for promotion which will shortly be held.

Cricket.

Attention has been paid during the first term of this school year to all the games in which the school is interested. The cricket programme, interrupted by the Christmas vacation, was resumed, and the season lasted well into April. The tennis tournament had to be commenced early in the term, as the splendid entries received for the various events necessitated the playing of a large number of games—considerably over 100—before the finals was reached. The holding of the intercollegiate and College sports in this term resulted in early attention being paid to training, and the middle weeks of the term were occupied with preparation for these events; and, finally, football practice started two or three weeks before the term ended.

As the tennis tournament and sports meetings are described elsewhere in this issue, a brief resume of the Cricket season only is here necessary. The first eleven lost four of last year's members, viz., Steele (captain), Ashby, Pearse, and Davies, so that there were less places to fill than usual. Rayner was elected to fill the captaincy, held for the past three years by Don Steele, and the new men tried for the team were Chinner, Cockram, Dreyer, Collins, Jolly, and Mengersen.

Three B Grade matches were played, of which one was won and two lost.

The first match was against North Adelaide B, and in this our batting failed badly on a wicket spoilt by rain; our score totalled only 46, to which North Adelaide replied with 143. In the latter innings four wickets only were down with 136 runs on the board, when Gurner and Collins finished off the innings in 20 balls, the former getting four wickets in one over, and the latter the last two wickets in successive balls. Against the weaker West Torrens B team our fellows showed better form; Mander, Gurner, and Edwards batted well, and Edwards and Rayner each secured five wickets in an innings. The last match was against the B Grade premier team (East Torrens), and was lost after an interesting game by the narrow margin of 20 runs. Mengersen, on his first appearance in the team, was top scorer, and Edwards, Rayner, and Fowler also made useful scores. Two other matches were played by the first eleven, one against a team representing the Methodist Conference and the other against Roseworthy College. In these matches Rayner batted well for 56 (retired) and 115, and in the latter Cockram bowled well, obtaining 5 wickets for 30 runs.

The Second, Third, and Fourth Elevens have each had a fair number of matches, and promising form has been shown by a number of the junior players. Considerable interest has

been taken in these teams, and competition for places in them has been keen; this, and the attendance at practice, are hopeful signs for the future of the School's cricket. Our best thanks are especially due to Mr. Davies for his assistance and advice to our younger players and his enthusiasm in "spotting" and bringing on so many promising colts.

The record for the half season is as follows:—

First Eleven (B Grade)—played 3, won 1, lost 2.

First Eleven (all matches)—played 5, won 2, lost 2, drawn 1.

Second Eleven—played 6, won 2, lost 2, drawn 2.

Third Eleven—played 4, won 2, drawn 2.

Fourth Eleven—played 4, won 4.

Total of all matches—played 19, won 10, lost 4, drawn 5.

FIRST ELEVEN MATCHES.

B GRADE.

v. North Adelaide B.—Lost by 7 wickets. P.A.C., 40 and 146; N.A., 143 and 4 for 99. Rayner 45 and 18, Edwards 30, Fowler 24; Gurner 5 for 38 and 2 for 23, Collins 2 for 1.

v. West Torrens B.—Won by an innings and 7 runs. P.A.C., 188; W.T., 112 and 69. Mander 48, Gurner 33, Edwards 42; Edwards 5 for 21 and 2 for 11, Rayner 5 for 18.

v. East Torrens B.—Lost by 20 runs.

P.A.C., 158; E.T., 178. Mengersen 36, Edwards 31, Rayner 25, Fowler 21; Gurner 3 for 34; Edwards 3 for 35, Cockram 3 for 22.

OTHER MATCHES.

v. Roseworthy College. — Drawn. P.A.C., 9 for 205; R.A.C., 6 for 112. Rayner 115, Gurner 32, Edwards 21; Cockram 5 for 30.

v. Methodist Conference.—Won by 4 wickets and 76 runs. P.A.C., 6 for 173; M.C., 97. Rayner 56, Gurner 27, Collins 23; Collins 2 for 8, Chinner 2 for 13.

SECOND ELEVEN.

v. Kyre College.—Drawn. P.A.C., 7 for 143; K.C., 6 for 56. Dreyer 33, Collins 22; Mengersen 2 for 9, Cockram 2 for 13.

v. S.P.S.C. II.—Lost by 23 runs. P.A.C., 106; S.P.S.C., 129. Mengersen 37, Thompson 23; Temby 5 for 42, Hoopmann 2 for 3.

v. C.B. College II.—Won by 20 runs. P.A.C., 137; C.B.C., 117. Jolly 54 not out, Pflaum 22; Jolly 5 for 32.

v. Concordia College.—Drawn. P.A. College, 7 for 104; C.C., 6 for 147. Jolly 56 and 2 for 22, Knowles 2 for 26.

v. Marlborough II.—Won by 81 runs. P.A.C., 163; Marlborough, 82. Hoopman 42 not out, Dreyer 34 and 4 for 16, Chipper 29; Knowles 3 for 16.

v. S.P.S.C. II.—Lost by 93 runs.

P.A.C., 77; S.P.S.C., 170. Pflaum 18 and 2 for 35, Mengersen 13, White 12; Temby 3 for 31.

THIRD ELEVEN.

v. Unley District High School.—Drawn. P.A.C., 91; U.H.S., 7 for 73. Pflaum 21 and 1 for 2; Swann 2 for 6.

v. S.P.S.C. III.—Won by 26 runs. P.A.C., 87; S.P.S.C., 61. Stempel 26, E. Davidson 19; Willsmore 3 for 16, Swann 3 for 21.

v. Adelaide High School II.—Won by 118 runs. P.A.C., 160; A.H.S., 42. Johnston 44, G. Hone 38 not out, Willsmore 23 and 3 for 20; Knowles 3 for 17.

v. S.P.S.C. III.—Drawn. S.P.S.C., 4 for 123; P.A.C., 8 for 76. G. Hone 19, Swann 12.

FOURTH ELEVEN.

v. Grange II.—Won by 20 runs. P.A.C., 70; Grange, 50. Bell 17, Cornish 15; Willsmore 4 for 19, Collins 2 for 2.

v. S.P.S.C. IV.—Won by 20 runs. P.A.C., 105; S.P.S.C., 85. Williamson 27 and 2 for 12, Howard 23; Gray 2 for 5.

v. Glenelg United.—Won by 113 runs. P.A.C., 174; G.U., 61. Mullner 44, Cornish 29, Williamson 25 and 2 for 14, Sauerbier 22 and 2 for 11.

v. S.P.S.C. IV.—Won by 85 runs. P.A.C., 131; S.P.S.C., 46 and 3 for 86. Sauerbier 29, Mahnke 28, Cornish 21; Williamson 4 for 16.

Football.

As nearly all the clubs with which the College has had matches in past years have now joined the South Australian Amateur Football League, the committee this year decided to apply for our team's admission to that league. This was granted, and consequently a full programme of matches has been arranged for the season. For the last few years football has not been taken very seriously after the oval match, but this season the team will be engaged right up to the end of the second term. Each team in the league, with the exception of that of S.P.S.C., will be played twice. The intercollegiate match, being retained in the management of the two schools concerned, will still be the only match played by the First

Eighteen against St. Peters during the season.

Trott was elected captain and Mengersen vice-captain by the team selected to play in the first match of the season on May 3rd. On that date our eighteen met that representing the University; in the first half we were out-played by our opponents, who took full advantage of the lack of system on our side, a lack due to the fact that this was the first occasion on which the team had played together. After half-time our fellows did much better, and fairly held their own, materially reducing the deficit in points incurred in the first half. At half-time the scores were:—University, 9 goals 3 behinds; P.A.C., 1 goal 1 behind; and at the finish, University, 12 goals 12 behinds; P.A.C., 5 goals 7 behinds. The best players for the School were:—Mengersen (half-back), Trott (following), Dreyer and Bell (roving), Rayner (forward), Cockram and White (wings). On the form shown in the later stages of the game the team should develop into an excellent all-round combination, and we are looking forward to a successful season.

Mr. Blacket has kindly consented to coach the team; but to ensure success it is essential that there should be regularly two full teams out for practice, and this we confidently expect to have.

PROGRAMME OF MATCHES.

FIRST EIGHTEEN.

- May 3--v. University.
 31--v. St. Bartholomew's.
 June 7--v. Kingswood.
 9--v. Semaphore Central.
 14--v. Glenferrie.
 21--v. Marlborough.
 28--v. Semaphore Central.
 July 5--v. St. Francis Xavier.
 12--v. St. Bartholomew's.
 19--v. S.P.S.C.
 26--v. University.
 Aug. 2--v. Glenferrie.
 9--v. Kingswood.
 16--v. Marlborough.
 23--v. St. Francis Xavier.

SECOND EIGHTEEN.

- May 31--v. O.B.I.
 June 7--v. S.P.S.C. II.
 14--v. Kyre College.
 21--v. Parkside Church of Christ.
 July 5--v. Kyre College.
 26--v. S.P.S.C. II.
 Aug. 2--v. Parkside Church of Christ.
 Aug. 16--v. O.B.I.

THIRD EIGHTEEN.

- June 7--v. S.P.S.C. III.
 July 12--v. Adelaide High School II.
 26--v. S.P.S.C. III.
 Aug. 16--v. Adelaide High School II.
 On June 7th and July 26th Fourth and Fifth Eighteen matches will be played with S.P.S.C.

Obituary.

We regret to have to record the death of Mr. James Robert Anderson, LL.B., K.C. He was one of the leading boys here in 1877-9. On leaving us he entered upon the study of the law, and took an LL.B. in 1884. He attained eminence in his profession, and in 1911 was made a King's Counsel. He took earnest interest in the work of Literary Societies, and gained many prizes for essays, &c. He was for ten years Chairman of the South Australian Football League, and for a short time he held office as Attorney-General in Mr. Butler's Ministry. His serious illness came as a surprise and shock to the wide circle of friends who knew and esteemed him, and it terminated his life on Monday, April 7th, 1913, at the early age of 49 years.

Also we regretted to learn that on March 17th, 1913, Ernest Langsford (here in 1882), aged 44 years, suddenly passed away. Respected and esteemed by all who knew him.

We also record with regret the decease of Frank Samuel Toms (960), who was a member of our school from 1881 to 1888. He

entered heartily into its life, and was always a staunch and loyal supporter of it. Many grateful memories arise as we think of him and lament his early removal.

We join in deepest sympathy with the three Angwins in the sudden deprivation of the companionship of their father, the Rev. T. B. Angwin, M.A. All three of his sons attended our school, all three gained scholarships taking them to the University, and all gained their degrees there. From what we have seen when year after year Mr. Angwin has led the Ministers' eleven to play cricket against us, we can clearly guess at least what a friend and comrade he was to his sons, and can realise a little how much they must miss him, how great their sense of loss is.

Old Boys.

Ernest Chapple, the Head Master's youngest son, is paying a visit to his native land, and has received a hearty welcome from his many friends. He has been away for over eight years at Cambridge University, where he gained a place in the Engineering Tripos, in engineering works in Birmingham and Newcastle, and later in Rangoon, where he holds an appointment, from which he is now on furlough.

Arthur E. Howard, who recently took his B.A. Degree at the Adelaide University with honors in Classics, has left for Oxford, where he will further pursue his classical studies. He rendered loyal service to his School in his last years here, on the *Chronicle* Committee, the Debating Society, &c. He was on the Higher Public Honours list in 1908, when we took the first five places, and he was one of that five.

Old Scholars' Lawn Tennis.

Suggestions have been offered from time to time and wishes expressed that a tennis match should be played between past scholars of the rival colleges of St. Peter and Prince Alfred, and it was only this year that the first of what is hoped will be an annual affair was held on the Adelaide Oval Courts on the 19th April. The South Australian Cricketing Association generously allowed the use of their lawns. A very enjoyable afternoon was spent, the weather being ideal for a good display of lawn tennis. The doubles were keenly contested, and although all three rubbers were secured by the Princes, two were not decided until three sets had gone, while the remaining double was only secured in straight sets after the St. Peter's pair were leading by three to one in the first set and four to two in the second. The Princes also captured three of the four completed singles.

Scores :—

A. R. Taylor and R. H. Reid (P.A.C.) beat J. L. O'Dea and H. C. Nott (S.P.S.C.). 6—3, 2—6, 6—3.

R. G. Bowen and A. L. Taylor (P.A.C.) beat G. M. O'Dea and G. G. F. Gardner (S.P.S.C.). 6—3, 6—4.

W. A. W. Lang and A. E. Dawkins (P.A.C.) beat F. C. Bromley and G. K. Thomas (S.P.S.C.). 6—5, 5—6, 6—4.

A. R. Taylor beat J. L. O'Dea. 6—1, 6—1.

R. G. Bower beat G. M. O'Dea. 6—3, 6—5.

W. A. W. Lang v. H. C. Nott. 5—6, 6—4, unfinished.

R. H. Reid lost to G. G. F. Gardner. 2—6, 2—6.

A. E. Dawkins v. F. C. Bromley. 3—6, 6—5, 2—4, unfinished.

A. L. Taylor beat G. K. Thomas. 3—6, 6—2, 6—3.

Totals :—

P.A.C.—6 rubbers, 14 sets, 108 games.
S.P.S.C.—1 rubber, 7 sets, 93 games.

Old Scholars' Tennis Match.

The following letter has been received by the Secretary of the Old Collegians' Association.

Sir,—It was with great pleasure that I learned through the daily press of the success of our Old Boys over St. Peters in the tennis match recently held on the Adelaide Oval. My regret is that no intimation was given that such an

event was about to take place, otherwise my friends and I would have been present.

Upon enquiry, I find that the matter was not brought under the notice of the Committee of the Association, and beg to suggest that in future a Tennis Subcommittee should be formed, and the teams picked from members of the respective Associations; also that the work and expense be undertaken by the Association (that is the procedure adopted in the Old Scholars' Lacrosse matches).

The gentlemen responsible for the initial meeting are to be complimented on the success of what, we hope, will be an annual fixture, and a popular one.

I am, Sir,

TENNIS PLAYER.

Send-Off to Mr. W. R. Bayly.

When the Committee of the Old Collegians' Association heard that their old President, Mr. W. R. Bayly, would be in Adelaide on March 7th for a few hours on his way to Europe, they made arrangements to give his old scholars and friends an opportunity of wishing him *bon voyage*. Although the meeting had to be held at an hour when most of them were busy, upwards of fifty assembled at the South Australian Hotel and gave Mr. Bayly such a send-off as should live in his memory for many a long day.

The President of the Association (Mr. J. R. Robertson) sent a letter expressing regret that owing to his scholastic duties he could not be present.

In his absence Colonel A. C. Catt presided, and in wishing Mr. Bayly God-speed and good luck, he remarked that in going back over the work he had done at P.A.C., it must be recognised that the connection of their guest with the school had done much to elevate the college to the high position it occupied at present. In connection with the Old Collegians' Association, it had been a great pleasure to work with Mr. Bayly. Messrs. W. D. Taylor (Vice-President) and P. Davey supported Colonel Catt's remarks. The Mayor of Adelaide (Mr. Lavington Bonython) proposed the toast of Mr. Bayly's health. He was pleased to have the opportunity to wish his old master a pleasant journey and a safe return. All the boys had recognised Mr. Bayly's absolute fairness.

Mr. Bayly, in responding, said of all the associations he looked back upon in life, the one that gave him keenest pleasure was his association with the Old Boys. He still had as chief ornaments of his study photographs of the annual dinners which he had the honor to preside over. He was a full-blooded Australian, and proud of the fact, and he looked back with reverence to the Kentish father and Cornish mother who had given him clean blood and wholesome principles. Now it was his duty to take the life when it was as clay to receive an impression, and make it like marble to retain it. That was a responsibility second to none in the

world. In this young country, where they had entered into a heritage such as no other people had entered into with so little trouble, it was well that everyone should have ambition to go to the old country where the race was cradled. Before he lost all ability to take an impression, he had decided to go himself. He was leaving his school in Geelong in good hands. He had received invitations to meet Old Reds in Colombo, Yokohama, Hongkong, and America, and he would be able to feel there was a hand to welcome him everywhere. "The all red route," someone suggested, and Mr. Bayly smiled. Nothing had so brightened his life as the visits of P.A.C. Old Boys, he said. He had not been very well of late, and perhaps his boys would say he was a beast, but the mayor had added another adjective, and he was glad to hear it said of him that if he was a beast he was a just beast.

Most of those present accompanied Mr. Bayly to the railway station, and gave him a hearty cheer as the train drew out.

Prince Alfred Old Collegians' Association.

OLD BOYS' WEEK.

On another page will be found the programme arranged for the Annual Reunion of "Old Reds." It will be noticed that the Committee have been compelled to depart from their custom

of many years past of holding the Dinner on the Friday before the College Match, owing to so many business places remaining open on that night. The Association has, however, been fortunate in obtaining the Adelaide Town Hall, after a lapse of some years, and it is hoped that the return to that location will be appreciated by all.

The Football Match between the Old Reds and Old Blues will this year be played at P.A.C. on Wednesday, July 16th. There is always keen competition amongst members to play in this match, and as the Association desires to put the best team in the field, those wishing to play are asked to forward their names at an early date. A trial match will be played during the previous week with the College First Eighteen.

The Rifle Match, Town v. Country, will be fired at the Port Ranges on Friday, July 18th. There is no difficulty in getting up a team to represent the City, but country members who are able to come to Adelaide for the match are asked to send in their names promptly.

ANNUAL SUBSCRIPTIONS.

Members of the Association are reminded that the subscription (5/-) for the current year is due, and should be paid to either of the Secretaries as promptly as possible. So many functions of a social nature, incurring a large cost, are now arranged by the Committee that the success of the

Association depends largely upon prompt payment of the subscriptions. The Secretaries are fully occupied in carrying out the other duties of the Association, and members should not therefore wait for the subscriptions to be collected.

LIFE MEMBER'S CERTIFICATE.

An announcement has appeared in this magazine on several occasions that the Association hoped shortly to have a certificate for Life Members ready for issue. Considerable time has been devoted to the matter by various members of the Committee, and it is with pleasure that we are able to announce that finality has at last been reached. The certificate is the work of Mr. C. H. Comley, of the College staff, and a framed copy will be available for inspection at the Annual Dinner.

THE DANDIES NIGHT.

The Association again arranged with the "Dandies" to give a special programme for the benefit of our members on Wednesday, February 12th, and the attendance was exceedingly gratifying to those responsible for the arrangements, and demonstrated that the idea of holding this evening annually is popular with a large section.

This was the third of such evenings, and on each occasion the booking has shown an increase. The programme, which was arranged by Mr. and Mrs. Dampier, went with a swing throughout, and was enthusiastically received

by all. The Association again took steps to show their appreciation of the efforts of the various members of the company by presenting each with a small token. These were handed to the performers by Misses Marshall and Miller, who were appropriately bedecked in the College colours. During the evening, the College song and war-cry were rendered by the company, and the College colours, in the form of red and white flags made by Mrs. Dampier, were prominently introduced. The Association arranges this evening mainly for the purpose of bringing members and their friends together, but the attendance was again so favourable that we are able to show a creditable balance. For the information of members, the balance-sheet is given below. The profit will be used in connection with other social engagements arranged by the Committee throughout the year.

BIRTHS.

CLARIDGE.—On the 30th January, at Narma, South Terrace, to Mr. and Mrs. Philip R. Claridge, Palmerston Road, North Unley—a daughter.

COOPER.—On the 30th December, at Miss Walsh's Hospital, Rose Park, the wife of C. T. Cooper—a daughter.

DE ROSE.—On the 28th January, at Avenel Gardens, Medindie, the wife of George J. de Rose—a daughter.

MAGAREY.—On the 2nd February, at Carroo, Young Street, North Unley, to Mr. and Mrs. W. T. Magarey—a son.

HOGBEN.—On the 21st February, at Glengarriff, Kent Town, the wife of A. R. Hogben, Rose Park—a daughter.

DOWIE.—On the 2nd March, at Prospect, to Mr. and Mrs. Charles Stuart Dowie—a daughter.

HAYCRAFT.—On the 1st March, at Camberwell, Victoria—a son, to Mr. and Mrs. J. H. Haycraft.

STODDART.—On the 10th March, at Konetta, North Adelaide, to Dr. and Mrs. H. W. D. Stoddart, of Waikerie, River Murray—twin daughters.

CHINNER.—On the 11th March, at Petersburg, to Mr. and Mrs. Cyril H. Chinner—a son (Lance Raymond).

BRUMMITT.—On the 12th March, at Cartref, Harrow Road, St. Peters, the wife of R. Douglas Brummitt—a son.

SEPPELT.—On the 11th April, at Smith Terrace, Glenelg, the wife of Leo R. Seppelt—a son.

LATIMER.—On the 18th April, at Jesmond, Tynte Street, Gilberton, the wife of R. T. Latimer—a daughter.

SIMPSON.—On the 21st April, at Dequetteville Terrace, Kent Town, the wife of Fred. N. Simpson—a daughter.

FOX.—On the 28th April, at the Malvern Pharmacy, Unley, Road, to Mr. and Mrs. R. Owen Fox—a daughter.

SHAW.—On the 7th May, at Glen-garrif, Kent Town, the wife of P. T. G. Shaw—a daughter.

MARRIAGES.

WARD—BRADDOCK.—On the 21st December, 1912, at Subiaco Congregational Church, W.A., by the Revs. Meredith Davies, M.A., and F. J. Searle, B.A., John Frederick, son of Mrs. Ward and the late John Ward, Unley, to Florence Winifred, only daughter of F. A. and Mrs. Braddock, West Leederville, Western Australia.

SLADE—JORGENSEN.—On the 22nd January, at the Congregational Church, Hindmarsh, by the Rev. George Slade, of Truro (father of the bridegroom), Arthur Leslie Slade, to Emilie Isabella,

second daughter of Mrs. and the late F. P. Jorgensen, of Wayville.

JAMES—LANGMAN.—On the 5th February, at Payneham, by the Rev. W. A. Langsford, Harry Reginald, third son of S. R. James, Lynwood, Felixtowe Road, to Olive Braund, fourth daughter of the late J. Langman, of Hindmarsh.

PFLAUM—RANDELL.—On the 29th March, at Salem Church, Gumeracha, by the Rev. Duncan McDairmid, Ernest Theodore, eldest son of T. Pflaum, Holstein, Blumberg, to Ethel, fourth daughter of W. B. Randell, Kenton Park, Gumeracha.

DEATHS.

TOMS.—On the 23rd February, at Koonunga Estate, via Kapunda, Frank S. Toms, beloved husband of Grace M. Toms.

LANGSFORD.—On the 18th March, after brief illness, Ernest, beloved husband of Isabella C. J. Langsford, of 108, South Terrace, and eldest beloved son of William and Lavinia Langsford, of Malvern.

Victorian Branch, P.A.O.C.A.

ANNUAL MEETING.

The Fourth Annual Meeting of the Victorian Branch was held at the Secretary's office on Monday, 28th April.

The election of officers for the ensuing year resulted as follows:—

President, Mr. E. T. Bailey.

Vice-Presidents, Messrs. C. A. Hack and Dr. B. T. Zwar.

Hon. Sec. and Treasurer, Mr. C. A. E. Sullivan.

Committee, Messrs. W. H. Hammer, A. Duncan, J. W. Styles, Dr. Jacob Jona, and L. W. Grayson.

OLD BOYS AT PLAY.

The 14th December, 1912, was the date upon which the fourth annual tussle for cricket supremacy between Old Reds and Old Blues (Victorian Branches) took place.

We are not so jubilant this time—we lost, which somehow, notwithstanding that we are recognised "good sports," has a saddening effect upon us. We did our best, but Saints did better, owing to persistent, albeit misdirected, batting by Reg. Jennings and one Bray, a mighty smiter from Moonta way.

Glorious weather prevailed (Mr. E. T. Bailey admits it), and we had a good wicket, likewise a good team, and we have been trying to think up a good excuse ever since for our defeat.

We put Paul Zschorn, a first-class all-round man from Sturt, in the team, and although he bowled like a Trojan (5 wickets for 19 runs), and batted well (30 runs), the fact remains—we were beaten. Some sympathisers fancy that had not the sun affected Paul at a critical juncture (probably owing to too much ice-cream at the interval), or had Charley Darling not sprained a tendon

in the calf of his leg when nobly chasing fourers, events might have been differently settled. On the other hand, had Dr. Hornabrook, wicketkeeper, not received a playful knock over the eye from the bat of a thoughtful Prince at a right moment, the Saints' score would have been—however, this has nothing to do with our defeat that I can see.

Again, had the umpire given Jennings run out when only 6 (of course, he was not out, I am only assuming this for the purpose of argument), we must have won.

The afternoon was lovely—so was Mr. Styles.

Our score was 116 all out. The reliable George Darling made 26, Charley Harder 19, the international batsman, Otto Flecker, 18, and the hereinbefore-mentioned Paul of Sturt 30, and all made their runs well; the rest made scores that are quite unfit for publication (including sundries). Saints, on the other hand, totalled 137 for the loss of 7 wickets, but as the remaining batsmen were more or less "tripe," we can take it for the purpose of this report that Saints were all out; anyhow, they should have been, for the weather was "hot" in the sun.

Jennings made 66 before he deemed it prudent to retire, M. M. Bray 35 not out. These were the only two to damage the Reds' bowling to any extent, the other scores bore a striking resemblance to the unpublished Princes.

Apart from Zschorn (5 for 19), no P.A.C. bowler did any damage. Harold Greenway (Saints) really, from our point of view, should not have played, but did, and mowed over 5 poor Old Reds for 35 runs. The versatile Jennings also destroyed 3 of us for a paltry 19, whilst the long Wickham Bayly hung two scalps at his belt at a cost of 25 runs.

Good old Saints! As we could not win, we are glad that you did, and hope to reverse matters at our next merry meeting.

The teams were:—P.A.C.—Sam Gault (captain), George and Charley Darling, C. A. Harder, C. A. E. Sullivan, P. Zschorn, O. Flecker, C. S. Bray, Dr. Jacob Jona, Dr. Joyce H. Bickerstaff. Dr. B. T. Zwar and C. A. Hack emergencies.

S.P.S.C.—W. H. F. Bayley, R. G. Jennings, Nigel Brock, R. Egerton Warburton (captain), H. Greenway, J. M. Stokes, Dr. R. Hornabrook, M. M. Bray, — Winterbottom.

Umpires, Messrs. E. T. Bailey and G. E. Roberts.

Results of matches:—Played 4; drawn 1, won 1, lost 2.

TENNIS.

The return tennis match against our friendly rivals, Old S.P.S.C., was played on the Church of England Grammar School Courts (kindly lent for the occasion) on Saturday, 29th March.

A large muster of supporters of each school attended, and much good-natured "barrack" was indulged in.

The Saints' President and Mrs. W. A. Gale kindly entertained players and guests at afternoon tea, which was much appreciated.

A splendid afternoon's enjoyment ended in a victory for Princes, the scores being as follows:—

H. Bickerstaff and H. Haycraft beat J. M. Stokes and F. L. Russell, 6-4, 6-3.

Leo. Kaines and Sam Gault beat R. E. Warburton and P. G. W. Bayly, 4-6, 6-4, 6-1.

Dr. Zwar and H. Flecker lost to R. W. Hornabrook and M. M. Bray, 2-6, 6-4, 3-6.

Bickerstaff and Haycraft lost to Warburton and Bayly, 5-6, 2-6.

Zwar and Flecker beat Warburton and Bayly, 6-4, 6-2.

Kaines and Gault beat Stokes and Russell, 6-0, 6-0.

Total—P.A.C., 4 rubbers, 9 sets, 70 games.

S.P.S.C., 2 rubbers, 5 sets, 52 games.

OLD BOYS' DOINGS.

Much of the success of the recent great A.N.A. Exhibition held at Melbourne, was due to the organising and supervising abilities of the Chairman of Committees, our Old Scholar and esteemed Vice-President, Clem A. Hack.

PRINCE ALFRED OLD COLLEGIANS' ASSOCIATION

.....

“OLD BOYS’” WEEK.

.....

The following Programme has been arranged by the
Committee:—

- July 15 (Tuesday), at 3 p.m.—Lacrosse, at St. Peter's
College: Old Reds v. Old Blues.
- July 16 (Wednesday), at 3 p.m.—Football, at P.A. College:
Old Reds v. Old Blues.
- July 17 (**Thursday**), at 7.45 p.m.—**Annual Dinner, at
Adelaide Town Hall.** Tickets (including re-
freshments), 6s., obtainable from the Committee.
- July 18 (Friday)—Rifle Match: Town v. Country.
- July 19 (Saturday), at 2.45 p.m.—**College Football, at the
Adelaide Oval.**
- July 20 (Sunday), at 11 a.m.—Old Scholars' Service, at the
College. Mr. A. Langsford will give the Address.

No further intimation will be sent, but tickets for members and their friends (lady and gentleman), together with all further particulars, may be obtained from any member of the undermentioned Sub-Committee:—

J. R. Robertson, P.A. College
 T. Steele, L. L. & Globe Insurance
 Coy., Grenfell Street
 R. H. Rhodes, Bank of N.S.W.
 R. K. Wood, G. Wood, Son, & Co.,
 North Terrace
 H. V. Menz, Wakefield Street, City
 J. H. Burgess, Waymouth Street
 T. C. Craven, Rundle Street
 C. H. Cornish, Jno. Darling & Sons
 E. C. Grasby, Grenfell Street
 N. Hall, University
 F. N. Simpson, Grenfell Street

H. B. Piper, University
 R. F. Middleton, Exec., Trust, and
 Agency Coy.
 E. J. Millhouse, c/o Young, Newland,
 and Ward, Currie Street
 R. L. Rhodes, Bank of Adelaide
 Reg. Wilson, Bank of Australasia
 H. L. Bowen, c/o Jno. Wyles & Co.,
 Pirie Street
 H. L. Brose, University
 W. R. Kennett, c/o H. & W. H. Hall,
 Grenfell Street

Single Tickets, 5s. each. Special Cars to City and Unley.

H. W. A. MILLER, } JOINT
 L. B. SHUTTLEWORTH, } SECRETARIES.

Prince Alfred Old Collegians' Association

ESTABLISHED 1878.

OFFICERS, 1911-1912.

Patron—The Head Master.

President—Mr. J. R. Robertson.

Vice-Presidents—Messrs. A. C. Catt,
G. M. Evan, and W. Taylor.

Hon. Treasurer—Mr. A. G. Collison.

Representatives on College Committee
—Messrs. F. Simpson, G. W.
R. Lee, J. W. Grasby, W. Lath-
lean, H. W. A. Miller, J. H. Bur-
gess, and A. S. Lewis.

Hon. Auditors—Messrs. R. G. Neill
and C. Viner Smith.

Committee—Messrs. H. V. Rounsevell,
W. G. Rhodes, Tom Steele, A. A.
L. Rowley, R. F. Middleton, H. B.
Piper, and J. W. Blacket.

Joint Secretaries—H. W. A. Miller,
c/o A.M.P. Society; L. B. Shuttle-
worth, c/o Shuttleworth & Letch-
ford, King William Street.

Melbourne Branch—C. A. E. Sullivan,
Stock Exchange Club, Melbourne,
Hon. Sec.

Sydney Branch—Alfred G. Newman,
Vickery's Chambers, Pitt Street,
Sydney, Hon. Sec.

Broken Hill Branch—E. M. Holder,
Central Mine.

The objects of the Association are:—
To keep Old Boys, wherever they may
be, in touch with one another and with
the boys at the school; also to foster

and maintain their interest in the
School.

The P.A.C. Chronicle, of which a large
part is devoted to matters of special
interest to Old Boys, is forwarded to
each member of the Association.

A dinner is held annually, at a time
which is thought likely to give as many
Old Boys as possible an opportunity of
meeting one another; and social
gatherings are held whenever any
occasion arises that makes them de-
sirable.

The Association gives annually to
the School the Old Collegians' Scholar-
ship, of the value of fifteen guineas, and
donates five guineas per annum to the
Sports' Fund. Two Scholarships
tenable for two years are also awarded
and are balloted for by the members.

The subscription is five shillings per
annum. The simplest way is to
send along a pound for four years, or
to make a life payment of three
guineas. Any Old Boy wishing to
become a member can do so by for-
warding his name and address to the
Head Master, or to any member of the
staff, or to one of the Secretaries.

H. W. A. MILLER,
c/o A.M.P. Society.

L. B. SHUTTLEWORTH,
c/o Shuttleworth & Letchford
King William St.
