Editorial

This year our School has more new boys than ever before. Many have probably been warned not to over-study; neither should they under-study. These boys have been sent here to get an education, and it is about the only thing of which anybody can have as much as he is willing to take. Almost everything else is screwed down tight, and the screwdriver lost. When this education is handed around, nobody should be bashful, but reach out, and take a handful every time.

Many of the fathers who have sent their sons here never had the opportunities we have—some got their education from professors and parchments, but many more get theirs from newspapers and friends. It makes no great difference how one gets it. The first thing that any education ought to give a boy, however, is character, and the second knowledge, combined with the ability to think for himself.

Everybody should try to be a firstclass scholar, but it is more important to be a first-class man. If a boy graduates with a sound conscience, it does not matter much if he cannot find the mean difference of two numbers.

There are two parts of a secondary school education: one that a boy gets in the form-room from the masters, and the other that he gets outside of it from the other boys. The first can do little more than make him a scholar; the second can make him a man.

What a good education can do for a boy, however, depends on the boy. Real education is not thrust down his throat; it has to be seized. He can take it, or leave it. If he takes it, he is wise; if he leaves it, he is a fool. Whether he is bright or not, the difference between a boy who has taken it and one who has left it is the difference between a Don Bradman and a slogger.

The lack of a good education will not keep a boy down, but having it will help him to attain the greatest heights.

In this College there are plenty of facilities for study, and plenty for sport. We therefore advise new boys to study hard during school hours, and to play hard after them. Then P.A.C. will turn out scholars and men.

Prefects' Notes

Though there are thirteen of us this year, we are undoubtedly the luckiest, pluckiest collection of men ever to grace the interior of the Prefects' Room. And you should see the interior of the Prefects' Room!

SPORT—Mention sport and you mention Prefects. Captain Morris, with Williamson, Welch and Benson, formed two-thirds of our tennis team; LePage carried the Eight to victory (against Saints); while no less than ten of us, under Captain Evens, formed the backbone of the athletics team. But most important in the sporting line is our high-class table tennis, the noise of which can be heard for miles around. With an atmosphere the consistency of cheese and excitement running high,

we drive, cut and smash—especially smash. One of our ping-pong balls lasted nearly six days.

WORK—Though of secondary importance, school work has interested a few of us sufficiently to have the first four places in VIU filled by Prefects.

Finally, we put forth the following insoluble riddles:

- What's the use of (a) ventilators, (b) keys to the P.R., (c) light wells, (d) chimneys?
- Where do you buy ping-pong balls?
 Does Octopus Osborn like Wriggleys? Is
- she a Juicy Fruit?

 4. How did Smith escape the Call-up?

School Notes

The first term has ended. This is always a busy term, with so many sports events.

Congratulations to Alan Morris and his team on a good fight in the Tennis Match. We did not win, but it was an honour to lose a game so well contested.

Scotch College boys were again too good for us in the Boat Race, but we won the Blackmore Shield from St. Peters. Congratulations to Keith LePage and his crew!

Grant Evens and his team put up a good fight for the Intercollegiate Athletics. If Biggs and Nicolson had been able to run things might have been better for us.

This year began with a record high number of boys in the Prep., in the Big School, and in the Boarding House. The increased number made it necessary to have more masters, and we welcome several gentlemen to the staff. Mr. Connell, Mr. Johnson, Mr. Wigan and Mr. Kurtz began the term with us, and all very quickly made themselves at home at P.A.C. Later in the term Mr. Hill and Rev. W. H. P. McKenzie joined us and have quickly made a place for themselves in the life of the school. In the Prep. Mr. Rodger, Miss Gilling, and Mrs. Clarke joined the staff, and have found a high place in everyone's regard.

Sixty years ago, in 1884, the first inter-school boat race was rowed on the Torrens between St. Peters, Prince Alfred and Whinham Colleges. Whinham College beat both the other schools. Mr. A. H. Hill is the only surviving member of the Prince Alfred crew, and Mr. W. Isbister is the only one left who was in the St. Peter's boat. These two gentlemen were specially invited to the Head of the River Regatta on 15th April. We hope they will be able to see many more of our schools' races.

During the last week of the term occurred the deaths of three people, each of whom had been closely connected with the School. The School extends sincere sympathy to the families of these, its friends.

Mrs. C. H. Bartholomaeus, mother of Malcolm and Alan, was before her marriage Miss Winnie Nicholls. In 1918 she was appointed as the first lady assistant in the Prep. under Mr. J. R. Robertson. Miss Nicholls gave of her best, and until her resignation and marriage in 1921 she did much to lay the sure foundations of the good work in the Prep. All who knew the School in those days will join in sympathy for Mrs. Bartholomaeus's husband and children, and in regret at this severing of a link with our past.

Mr. F. T. Cooper was an old boy of the School who was in the classes from 1894 to 1902. He belongs to an Old Prince Alfred family, and has held many positions connecting him with the College. He was at one time President of the Old Collegians' Association, a very coveted honour, and for the last few years he has been a member of the Council, the governing body of the School. He was a man whom everyone loved, one who gave freely his time and work for the good of his old School. His place will be hard to fill.

Mr. A. A. L. Rowley, an old boy of the eighties, gave much time and energy to the work of the Old Collegians' Association. He is better known among the later generations of Prince Alfred boys as the donor of the Amos Rowley Woodwork Room. The woodwork room has meant much to the School, and we all owe much to Mr. Rowley for making this work possible.

DOUGLAS THORNE MARTIN

The School has suffered many sad losses during the years of the war, and among them is the death of Douglas Martin, on service with the Air Force in England.

Mr. and Mrs. Philip Martin, Douglas's parents, have always been enthusiastic supporters of the School, and few boys had a greater affection for Prince Alfred than Douglas. In the last letter which Mr. Martin had from his son he expressed the wish that if anything happened to him, the money which had accumulated from his allotment should be used for some purpose connected with the School.

Mr. and Mrs. Martin naturally felt bound to carry out Douglas's wish in this matter, and after some discussion a plan was evolved. The money has been paid to the School, and is being held in trust by the Council to be used for the Douglas Thorne Martin Memorial Scholarship. Under the terms of this gift the money will be used to educate the son of some old Prince Alfred boy who has lost his life while serving in the Air Force.

Everyone connected with the College must feel how fine a thing this is that Mr. and Mrs. Martin have done, and especially will it appeal to all those boys in the Forces who knew Douglas at school and now realise how close the School was to his heart.

There is no doubt that the boy who benefits by this generous gift will be fortunate in that he will find that Mr. and Mrs. Martin will be keenly interested in his welfare both at school and after he has gone out to find his place in life.

LIBRARY NOTES

Our Memorial Library is still growing, and is being well used. We were glad to receive a presentation by an Old Boy, Sir Herbert Gepp, of two of his own books: "Democracy's Danger" and "When Peace Comes."

R. D. Hastwell presented "Principles of Economics" (Taussig).

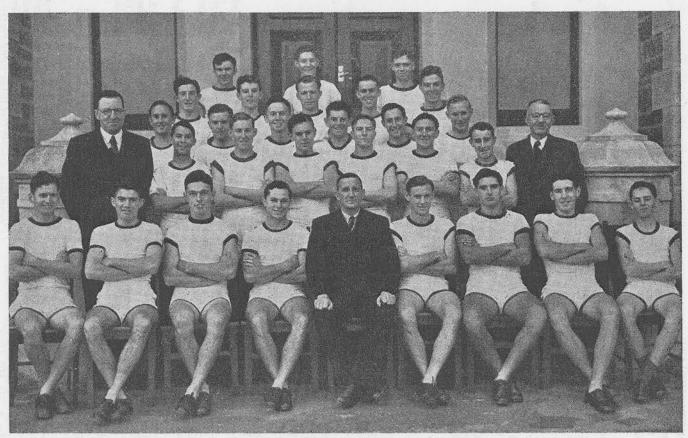

Among other books added to the Library were: "Exploring in Physics" (Stephenson), "Analytical Experimental Physics" (Lemon and Ference), and seven Economics books.

INTERCOLLEGIATE ATHLETICS

The Intercollegiate Athletics this year were held on Friday, 21st April, and were marked by the welcome return to the Adelaide Oval, after two years' absence. The tracks were in excellent condition, several fast times being recorded; and although the sky was overcast in the morning, the weather held, leaving everything favourable for the afternoon's sport.

The confident spirit which prevailed in our team a week or two before the Intercoll. was somewhat dispelled when we were subsequently deprived of the services of Biggs, our first string in the Senior 100, 220 and 440 Yards Flat Events. Nicolson, one of our best Under 16's, was also unable to run, and Eaton, another Under 16 athlete, was not seen at his best, through sickness the week before.

Our hopes still ran high, however, and seemed justified when Williamson won the opening event, the Senior 120 Yards Hurdles from Giles and Bungey (both of Saints). Approaching the second to last hurdle, the three place-getters were together, but Williamson cleared the last two well and won narrowly. Gordon (S.P.S.C.) had no difficulty in winning the Under 16 100 Yards Flat from Campbell (P.A.C.) and Jose, the latter from Saints, and in doing so equalled the existing record of 103 sec. The score-board at this stage read:

P.A.C., 7 points; S.P.S.C., 9 points

Evens' good start contributed much to his victory in the Senior 100 Yards Flat. He won fairly easily from Miller of Saints, while Hockney, who won this event last year, brought us in a third placing. The time for the race, $10^8/_{10}$ sec., was just $^1/_{10}$ th of a second outside of the record. The score was now:

P.A.C., 13 points; S.P.S.C., 12 points

Saints took the lead again when they won the Junior 100 Yards, Lawrence and Pitcher (both S.P.S.C.) taking the first two places, respectively, while Harford was our only representative to gain a place. Saints went further ahead by taking first and second places in the Senior High Jump. Both Hoile and Giles failed at 5 ft. 5 in., but as Giles had touched more often than Hoile the latter was awarded first place, with Giles second and Osborn (P.A.C.) third. Osborn did well to clear 5 ft. 3 in., only an inch below the winning height.

Our opponents now had a clear but not unassailable lead:

P.A.C., 15 points; S.P.S.C., 26 points

Our captain, Evens, running strongly in the outside lane, gained his second success in the 220 Yards Flat, winning from Miller and Gordon, both of S.P.S.C. We gained three points on our opponents in the Junior High Jump where four competitors failed at 4 ft. 11 in., but on the count back Wicks secured first place for the Reds, while Steele (S.P.S.C.) and Huelin (P.A.C.) filled the minor placings, in that order.

P.A.C., 25 points; S.P.S.C., 32 points

The next event, Putting-the-Weight, was decided simultaneously with the Junior High Jump. Le Page gained another first for the Reds with his putt, the last one of the event, of 38 ft. ½in., thus narrowly beating the previously best throw by Barker (S.P.S.C.) of 38 ft.

The Under 16 Hurdles gave us our fourth consecutive victory, Pederick winning, after

hitting the last hurdle, in the good time of 15\(^2\) sec., only \(^1\) of a second outside the record. Astley and Jose (both S.P.S.C.) filled second and third places. Our supporters were now feeling more confident, our score being reasonably close to that of Saints:

P.A.C., 34 points; S.P.S.C., 39 points

Giles (S.P.S.C.) jumped excellently in the Senior Broad Jump to win first place with a leap of 21 ft. 2½ in. Evens was next best with his last jump of 20 ft. 11 in., his first and longest, unfortunately, being a "no jump."

Saints forged further ahead, filling first and third positions in the Under 16 Broad Jump. Jose broke the previous record of 19 ft. 11½ in. with a jump of 20 ft. 2½ in. Stevens brought us in a second place, while Snoswell (S.P.S.C.) filled the other placing. Our opponents established a substantial lead when Miller, Saints' captain, won the 440 Yards Flat from Hockney (P.A.C.) and Morris (S.P.S.C.), in the good time of 53³/10 sec.

P.A.C., 42 points; S.P.S.C., 56 points

The 100 Yards Hurdles (Junior) gave Saints another victory, Cowan winning from Pearson and Hoad (both P.A.C.). Probably the most spectacular event on the programme, the 440 Yards Hurdles, was the means of adding another 8 points to our total. With 200 yards to go, two of the Saints' three had dropped back, leaving only our three runners and Treloar (S.P.S.C.) with any chance. Williamson won the event in the excellent time of 60\(^c\) sec. from Heitmann, who narrowly defeated Treloar for second place.

P.A.C., 53 points; S.P.S.C., 61 points

The result of the 880 Yards Flat (Under 16) eliminated our chances of winning the Intercoll., as Saints gained all three places. Time for the race was 2 min. 13³/₁₀ sec., ³/₁₀ths of a second outside D. W. Miller's 1942 record.

The final event, the Mile, thrilled our supporters. Donaldson (P.A.C.), who had led for most of the last two laps, was challenged on the northern bend by Drever. Saints' first string. Rallying splendidly, Donaldson raced away from Drever and won handsomely by about 12 yards. The time for the race, 4 min 52½ sec., was ½ of a second better than the time recorded by the previous record-holders, and Donaldson is to be congratulated on his fine effort.

It may be interesting to note that, as in the previous year, we gained as many first places as our opponents and the final scores:

P.A.C., 58 points; S.P.S.C., 72 points; were identical with those of 1943.

After the concluding event, Mrs. J. H. Hill presented certificates to the winners of the various events and the cup to Miller, Saints' captain.

The team wishes to thank Mr. Steele for his energetic coaching, and also Mr. Connell and Mr. Johnston for their help in training our boys and for their interest in the team.

SCHOOL SPORTS

Under ideal conditions the School sports were held this year on Saturday, 29th April, on the College Oval. Competition in the Cup events was keen, especially in the College Cup, where a dead-heat resulted between A. G. Evens and P. W. Osborn, each gaining 24 points, with D. A. Williamson only two points away third. The fate of this cup was not decided until the last race, the 880 Yards Flat, had been run, Williamson winning the event, while Osborn defeated Evens for second place by a matter of inches.

The Under 16 Cup was won by B. M. Pederick with 14½ points, his nearest opponent being J. H. Clarkson with 7½ points. L. W. Harford won the Junior Cup, with G. R. Wicks and

P. G. Prest, equal, second.

The House Competition, introduced in 1943, was won this year by the Whites, comprising the day boys in the following forms: VIU, VIB, VAu, VCu, VCl, and IVB.

B. E. Hockney was outstanding in the Open

Events, winning the Senior 120 Yards Flat, Senior Broad Jump, 220 Yards Flat, and running a close second in the 100 Yards College

Championship.

The success of the sports was largely due to the efficient management by the Masters, to whom our thanks are due. The School also extends its thanks to Dr. L. L. Davey, who, in his wife's absence, kindly consented to present the certificates to the successful competitors.

THE TENNIS INTERCOLL.

This year, to our pleasant surprise, the match was again held on the main courts. Unfortunately, we were defeated, Saints winning the odd rubber, 8 rubbers 20 sets to 7 rubbers 18 sets. This is the first defeat we have suffered since 1938, and only the second since 1928. Saints, therefore, deserve all the more our heartiest congratulations.

The first sets to be played were the doubles. Williamson and Morris, our first pair, played Watson and Allen, winning fairly easily, 6—3, 6—3. Candy and Welch, after a long tussle, defeated B. Wilson and Dowding, 6—4, 2—6, 6—2. Our third pair, Benson and Hockney, playing against Saints' first pair, D. Wilson and Astley, were somewhat outclassed and, although we saw some brilliant play from our side, they lost, 1—6, 6—5, 1—6.

The next round consisted of three singles. Hockney and Dowding, very evenly matched, fought out a very long game, with the victory going to us, 5—6, 6—3, 6—3. Welch was not quite good enough to beat Astley who won, by no means easily, 6—4, 3—6, 6—2. Benson, playing brilliant tennis, beat Allen rather easily.

The afternoon opened, with the scores at 4 rubbers to 2 in our favour, with three doubles. D. Wilson and Astley proved too good for Morris and Williamson, winning 6—3, 6—4. Hockney and Benson were also defeated rather decisively by B. Wilson and Dowding, 6—5. 6—0. Welch and Candy, however, after some excellent tennis by both, beat Watson and Allen easily, 6—2, 6—3.

Then followed three singles. Williamson, our first player, treated us to some beautiful tennis when playing D. Wilson, Saints' captain, and although the latter won, 6—5, 6—4, at no time did he have much to spare. Morris, our captain, also lost, to B. Wilson, after a startling recovery in the second set, 2—5, 6—5, 1—6. Candy, our youngest player, surprised us all with some brilliant and effortless play, winning mainly by faultless placing, 5—6, 6—2, 6—3.

The scores were now: 6 rubbers 15 sets each.

The last three rubbers were again doubles. Morris and Williamson were more than a match for B. Wilson and Dowding, defeating them 6—3, 5—6, 6—1. Candy and Welch, however, obviously tired after their gruelling matches, lost to D. Wilson and Astley, 4—6, 4—6.

The excitement was now terrific, with the scores at 7 rubbers each, and the day depending on the final rubber between Benson and Hockney and Watson and Allen. Despite brilliant volleying by Benson, and solid backhand work by Hockney, Saints won the first set, 6—5. We won the second set, however,

6—4. The tenseness grew as the scores rose in the last set from 1—1, 2—2, 3—3. During rallies there was complete silence, followed by cheers and groans. Watson and Allen, however, went on to win, 6—3, thus bringing an end to the most exciting Intercollegiate match for many a year.

Critique of Team

Williamson, D. A.—A good player with a strong serve and forehand. His good net play was not shown in the Intercoll., but his play during the day was good. Played a good single against Wilson.

Welch, H. W.—An erratic player with very forceful shots. His serve and forehand are brilliant, but his other shots lack consistency. Played well in Intercoll, match.

Benson, H. W.—A solid player with steady overhead, backhand and forehand shots. Played well in single against Allen.

Hockney, C. F.—A consistent player with a good forehand. Ground shots inclined to be sliced too much, but volleying and smashing very sound. Played consistently all day at Intercoll.

Candy, D. W.—A fine player with excellent shots all around the court. His play in the Intercoll. was good, and he must be congratulated on his win over Watson. Service needs speeding up.—A. E. M.

Morris, A. E. (captain)—Much improved player; inclined to suffer from nerves. Sound forehand and backhand. Service lacks confidence, but on occasions is good.—T. G. L.

ROWING NOTES

This year K. E. Le Page was again elected captain of the Boat Shed, with B. F. Dunncliff vice-captain. The Eight began training during the Christmas holidays under the capable coaching of Mr. M. Solomon. The other crews, however, have not had much coaching and their training has been very interrupted.

PUBLIC SCHOOLS' REGATTA

To everyone's satisfaction the Regatta was once again held on a Saturday, the date being 15th April. Although the sky was overcast there was very little wind, and the usual crowd of spectators lined the river banks.

The first event was the Under 15 (Tub Slides), in which P.A.C. rowed against S.P.S.C. in the second heat. Our crew was:

Kallin, R. S. - (8.7) - Bow Piper, P. B. - (10.7) - 2 Moffatt, J. E. - (10.5) - 3 Pelham, J. T. - (9.7) - Stroke Maeder, F. - (5.7) - Cox

These boys won their heat by one and a quarter lengths from S.P.S.C., and rowed against A.H.S. in the final. Princes looked like winning until two of our crew caught crabs and practically stopped the boat. A.H.S. won by a length.

INTERCOLLEGIATE TENNIS 1944

Won by S.P.S.C., 8 rubbers to 7 rubbers

Back Row-D. W. Candy, H. W. Welch, W. H. Benson, C. F. Hockney. Front Row-A. E. Morris, Mr. T. G. Luke, D. A. Williamson

The next event was the Under 16 (Tub Slides). Princes met Scotch in their heat, but Scotch proved to be the better crew. At Long's Point Scotch led by half a length, and although Princes put their rating up, Scotch went ahead and won by over one length. Our crew was:

Lemmey, J. R. - (8.5) - Bow Phillips, M. K. (9.12) - 2 Moore, C. K. - (9.8) - 3 Bennier, D. J. - (10.2) - Stroke Sanderson, J. G. (7.0) - Cox

In the Open (Tub Slides) P.A.C. rowed against A.H.S. in what was probably the closest race of the day. The crew was:

Brooks, F. C. - (9.12) - Bow Moore, R. L. - (10.8) - 2 Wolsey, J. C. - (12.0) - 3 McCallum, R. G. (9.8) - Stroke Manser, K. B. - (7.2) - Cox

Both crews were very evenly matched, and from the start it was a very exciting race. Forty yards from home both crews were level, but A.H.S. proved too strong and gained a victory over the last few yards.

The P.A.C. Second Crew (Clinker Fours) rowed against A.H.S. in the first heat. After a very bad start by which we lost nearly one length, the crew had a very hard race. At the willows A.H.S. had increased their lead, and with our crew tired out by trying to catch them, A.H.S. went on to win by over three lengths. Our crew was:

Warnecke, D. P. (10.2) - Bow Lyons, C. H. - (10.6) - 2 Cooper, J. A. - (10.4) - 3 Hocking, J. A. - (9.11) - Stroke Humble, W. G. - (7.4) - Cox

HEAD-OF-THE-RIVER

Our Eight consisted of:

James, P. W. - (9.2) - Bow Lavis, D. M. - (10.8) - 2 Heitmann, J. S. (10.8) - 3 Fowler, B. M. - (11.8) - 4 Bertram, A. N. - (10.9) - 5 Dunncliff, B. F. (10.1) - 6 Blanch, C. E. - (10.13) - 7 Le Page, K. E. - (12.0) - Stroke Turner, G. E. - (7.4) - Cox

The first heat, in which P.A.C. met A.H.S., was due to start at 2.50 p.m. However, Princes could not get into line, and it was 3 o'clock before they eventually started. Once started our crew proved the better, and after a beautiful exhibition of rowing won by two lengths.

In the second heat Scotch comfortably defeated Saints, and thus Princes were to row against Scotch in the final. Scotch, averaging a stone heavier than P.A.C., had a slight advantage over our crew. P.A.C. led to the Morphett Street Bridge in the fastest time ever recorded. However, stroke's inability to keep the rating up, and Scotch's heavier crew, proved too

strong for us over the last 200 yards. Scotch won by one length and broke the record for the final of the Head-of-the-River, the time being 2.57 min. Congratulations, Scotch!

THE BLACKMORE SHIELD

This race was held on the Tuesday after the Regatta, as P.A.C. did not meet S.P.S.C. in either the heat or the final.

Although we were disappointed over the result of Saturday afternoon's racing, we had every confidence in our crew and felt sure that they could easily defeat Saints. After a very good start, P.A.C. led the way to the willows and rowed comfortably from there to Long's Point. At the Point the stroke ordered a "dozen" and P.A.C. passed the buoy three to four lengths in front. Princes have now held the Blackmore Shield for four consecutive years. which is a record, and congratulations are due to Mr. Myer Solomon for his excellent coaching, and to Keith Le Page, who rowed in three of the four races, which is a record. We are also deeply grateful to Mr. Claud Coogan, who took charge of the crew at the end of our preparation when Mr. Solomon was ill. He came to the rescue most willingly, and we benefited from his capable coaching.

Critique of Crew

James (Bow)—An ideal bow and a much improved oarsman. Has a strong rip through the water.

Lavis (2)—Gave of his best always and rowed a powerful blade. At times tends to feather his oar before finishing.

Heitmann (3)—Has endless stamina, and would go a long way in rowing if he would sit up and swing well back with open shoulders.

Fowler (4)—Cannot be praised too highly for his work in the last few weeks and in the Regatta. An asset to any crew.

Bertram (5)—Rows with surprising power considering his weight. Has a very even swing and a good finish.

Dunncliffe (6)—A neat and clean oarsman, whose experience helped the crew immensely.

Blanch (7)—Improved out of sight to row the seventh seat particularly well. Did an outstanding job in both training and racing.

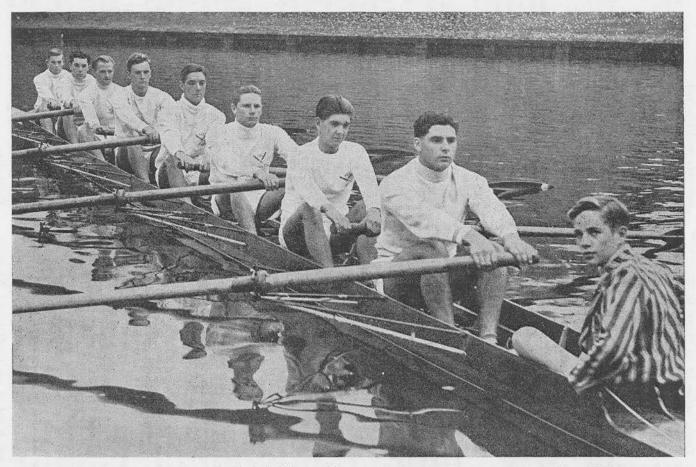

LePage (Stroke)—Combines a strong leg drive with a good body swing. A most promising oar.

Turner (Cox)—A born coxswain, who again steered two excellent courses.

THE SWIMMING SPORTS

Our Annual Swimming Sports were held at Henley Baths on Friday, 18th February. The day was sunny and windy, and the water was close on freezing-point; but this had no effect on Clem Blanch, who won four events in fine style. He was allowed a maximum of only two

We thank, most heartily, Mr. Steele and his committee, who worked hard and made the swimming sports a great success.

S.C.M. NOTES

With regard to attendance, we have to report that the meetings this term have not been very successful, although the speakers have been excellent. The usual practice was followed of inviting the Headmaster to take the first meeting, the invitation being graciously accepted.

The Head told us first how the S.C.M. originated and grew into a world-wide students' union. He then proceeded to explain one of the Psalms-how it was written and why.

The Rev. S. Forsyth, O.B.E., who gave the second address, took for his text the story of Samson. This great figure, a man of sunny disposition, represents, he said, the people who commit no crimes and believe that they live as they should, but who have no relation with God. Samson, for all his physical might, perished under the displeasure of the Almighty. The worldly cannot exist uncombined with the heavenly.

At the third meeting we were addressed by Mr. Tom Brown, a Y.M.C.A. officer who has been with the troops. He explained the work of his organisation and related some of his own experiences.

The fourth meeting brought us the pleasure of hearing Mr. C. C. Crump, an old "Red," who spoke of the higher things after which we strive in life. He said that war destroys people and homes and everything material, but it can never shatter the ideals, symbolised by our School motto, at which we aim.

The speaker at the last meeting, Senior Chaplain C. J. Perry, drew a better attendance. He told us that both Easter and Anzac Day are memorials of a time of suffering, followed by victory. Both the Cross and Gallipoli remind us that no victory is won without cost. Our privileges in this College, and our heritage of a great and free country, are ours through the sweat and blood of our forefathers. We must choose, Chaplain Perry concluded, whether we are to maintain and extend our heritage at our own cost, and to our subsequent advantage, or whether we are content to leave it to others

because we are unequal to the task; and now is the time to make our decision. This address was very well received.

As usual, the second term meetings will be led by members of the committee. Discussion will be invited on the topics chosen by the speakers.

CADET NOTES

The first term of 1944 brought with it great changes for the Cadet Corps. Lieut. Mansfield took command of the Detachment, while two new Masters at the School, Messrs. Johnston and Kurtz, took command of "A" and "B" Company, respectively.

For the past few years uniforms have gradually been discarded because of war conditions; but this year, at a comparatively low cost, all cadets have been fitted out with summer and winter uniforms. These uniforms have helped to make the cadets more interested in the Corps, and consequently the results have greatly improved.

Besides uniforms, new equipment has been issued to the Detachment. We have our own L.M.G. and Sub-machine guns, while No. 1 Platoon has been issued with 303 rifles and bayonets, with the remainder still using the ·310 rifle.

The Detachment has been divided into three sections this year. The first year cadets form "B" Company and are engaged in rifle exercises and drill. "A" Company is composed of three platoons, two second year and one of third-year cadets. The second year cadets study mainly fieldcraft and the L.M.G. (Bren), while the third year cadets are learning battle drill.

During the May holidays a camp for cadets, from Saints, Scotch and Princes, will be held at Woodside.

AIR TRAINING CORPS

The A.T.C., after two years' experience, has become well established, and with a flourish of new recruits our corps is this year the largest since its introduction. Activities this term have been considerably restricted due mainly to the enrolment of many new cadets and other school activities. However, it is hoped that officers will be appointed and work commenced early next term.

The usual Squadron Parade was held on Anzac Sunday, and the service was held in the Malvern Methodist Church. On Sunday, 1st May, No. 4 Wing attended the Wings Parade at the Parade Ground, where about 60 young pilots were presented with their wings by Air Commodore Cobby on the fourth anniversary of the Empire Air Training Scheme.

A camp is expected to be held during the vacation at an S.F.T.S., where it is hoped the new cadets will gain some knowledge of Air Force life.

D Flight 70 Squadron has in the past two years built up a very fine reputation, which can be gathered by the list of air crew personnel who have enlisted from our comparatively small flights. Each one, however far advanced, knows the full value of a good grounding in the A.T.C. and the experience gained while visiting Air Force Stations. We would like to take this opportunity of thanking Sgt.-Pilot Trevor Howard, an officer of the 1942 Flight, who generously donated an invaluable book on Air Force Activities and Recognition. Being on Active Service he knows full well the value of this knowledge, and it is hoped that those who intend enlisting will take full advantage of it. We would like to thank him sincerely and wish him all the best in any eventuality.

It has been decided to compile a list of the cadets from D Flight who have joined the Air Crew. This will subsequently be added to when more cadets join the R.A.A.F. as Air Crew Personnel.

BOARDERS' NOTES

This year began with the largest enrolment of boarders on record. A new Sister was employed to attend to our medical needs, while Matron was left to cope with rationing difficulties.

We were sorry to lose Mr. Bennett this year, but welcome three new resident Masters: Messrs. Connell, Wigan and Johnston.

During the second week of the term the swimming sports were held at the Henley Pool. Several boarders swam well. The day-boys beat us in the Relay, but we are sure it is only because of the lack of training of our team. On Friday, 17th March, R. E. McLean, H. Pearson, G. M. Mudge and E. G. F. Berry represented the School in the Inter-School Swimming Carnival at the Olympic Pool. Their strong swimming helped us gain second place.

The boarders again held their tennis tournaments this term. Unlike last year we finished them in several weeks. This was mainly due to Max Basheer's efforts and the fact that Mr. Luke kindly let us use the lawn courts each day. M. Basheer won the Open Singles, Ian Hickinbotham the Under 15 Singles, while A. G. Evens and N. Effick proved the strongest pair in the Doubles.

The boarders were not represented in the Intercollegiate Tennis Team, and, therefore, do not hold ourselves responsible for Princes' defeat.

B. Fowler again rowed in the Eight and kept up our reputation. We congratulate him on rowing in the crews that twice won the Blackmore Shield.

The boarders were to the fore in the Athletics. A. G. Evens was elected captain for the second time, and gained 13 points out of a possible 15. Other boarders from whom we ex-

pected great things had the misfortune to lie in the sick-room. Nicolson was unable to run, while Eaton and Pearson came out of the sickroom too late to be in their best form. B. Hoad and P. Prest did well in the Junior events.

The boarders did not prove strong enough to win again the Colour Competition at the School sports, but we can at least say we were second.

Evens must be congratulated on tieing for the College Cup, and P. G. Prest for coming second in the Junior Cup.

The boarders were pleased to hear of the A.R.P. display to be held on the Oval, and especially when homework was cancelled for us to attend.

Each day the dormitories were marked for tidiness, and the tidiest dormitory, namely No. 3 in the Juniors, was granted picture leave on the last Friday of the term.

In spite of increased numbers, and therefore increased difficulties, the boarding house is running smoothly, and we can look forward to a successful year.

 What is this speed-wagon we are hearing so much of lately?

 Why are there always newspapers on the library floor? Perhaps the overseer finds some difficulty in "bending" to this task.

3. Who is the boarding house roof spotter?

SCOUT NOTES

At the beginning of the term we were faced with some serious difficulties. The commandeering of our old Scout Room left us homeless, until we took up our very temporary quarters in the Junior Changing Room. With most of the old Scouts back from last year, and many new boys, the Troop has increased in number, if nothing else. It was found necessary to have one more patrol, making six.

Early in the term the following were appointed patrol leaders and seconds: R. Fox. R. Collison (Woodpigeons), K. Suter, D. C. G. Hemson (Magpies), M. Cooper, J. Haigh (Owls), G. Wicks, R. Smith (Eagles), J. West, F. Park (Kangaroos), P. J. Stobie and I. Tait (Kookaburras).

Those that remembered him were very pleased to see Doug. Newman back with us again as Assistant Scoutmaster. He has been invalided out of the R.A.A.F., and is now at the University.

During the Easter holidays the patrol leaders went away camping with the King's College Scouts. In spite of the rain it was a very interesting and instructive camp.

Several important things have happened this term. A march to the Norwood Oval for the opening of the Patriotic Carnival was very successful. The Troop also attended the Baden-Powell Memorial Service at the Cathedral, and heard an interesting talk by the State Commissioner, Henry Rymill, on his recent trip to England and the United States.

A troop camp is to be held at the shack during the holidays, and we are all looking forward to having a good time.

ORIGINAL CONTRIBUTIONS

BEMUSED

With firm resolve I sit me down to write; I'll pen a contribution here tonight. Some paper and my fountain pen I find, While glorious visions crowd into my mind. But now I pace the floor and scratch my crown, For how am I to write these visions down? Undaunted, ne'ertheless, I start to work—It's no good. Then I wake up with a jerk. What sacrilege! I could not fail to lose, Without the invocation of my Muse. "Hearken, Muse!" I cry in my distress, "And speedily fix up this awful mess." Behold, it acts like turning on a switch! My thoughts take fire and rise to higher pitch. With trembling hand I grasp once more the

And try to be original again.
The words are flowing fast. I race along,
And in a trice I've written half the song.
My fountain pen runs out—no time to think,
But fill it up again with nice new ink.
O cruel Fate. Alas, and lack-a-day!
For as I rise to put the ink away,
The bottle in my hand gives just a tilt,
And over everything the ink is spilt.
I feverishly grab my precious work,
But all is blotted out in inky murk.
All efforts to recall my wondrous song
Were useless, though I puzzled hard and long.
I know now that there must have been a hitch,
For though my plaintive words turned on a
switch.

It can't have been the proper kind of Muse: The heartless wench had merely blown a fuse.

THE SEARCHLIGHT

Often when I lie in bed I watch the searchlights overhead. A plane I hear, but cannot see Till the searchlight points it out to me.

And then I feel quite safe and sound As the aeroplane circles round and round. Our country is safe, we need not fear, But pray that peace will soon be here.

ORANGE TREES

Under the shade of the orange trees Silently I walked, Smelling the blossom in the breeze; I'm sure the branches talked.

Hark! hark! can't you hear
The wind in the branches chanting?
They are whispering in accents clear,
Making their farewell parting.

ODE TO THE CHEM. LAB.

Row upon row of potent power; Yellow liquids and solids grey. In here to pass a dreamy hour On an idle summer's day.

'Mid the tinkling of the test-tubes,
And the vapours bluey grey,
To hear the flaming bunsens roar
Makes me love chemistry all the more.

Upon the yellow ceiling high Black blotches we descry; A lasting monument they make To those who toiled for Science sake.

CHRISTMAS CADET CAMP

In preparation for the coming large Cadet Camp for a week of our May holidays, many of us, to help spin out our Christmas holidays, decided to attend a camp for a fortnight in January.

Before the camp commenced we were all looking forward to the fourteen days of military life, but once in we did not seem to work hand in hand with roaring sergeant-majors. Now we look back on it as good fun, and are looking forward to the next one in May.

We arrived at the camp with mixed feelings, and they were still further mixed when we found ourselves issued with great heavy boots which fitted where they touched. It was a bit tough breaking in these boots over the rough ground we trained on, and many, myself for one, had to put up with blisters. The first night sleeping on a palliasse on the floor of a tent was quite a novel experience, and we soon came to like it.

The first few days were spent on rifle drill and other exercises. Then we received lectures and demonstrations on our modern automatic weapons, and all were amazed at their simple construction and their other good characteristics.

A few days later we were put into trucks with all our sleeping gear, bound for Fort Largs. We stayed there a couple of days, sleeping in huts, and spent two days on the Range firing rifles and automatic weapons. In the evenings we were shown over the shore installations, which proved very interesting. From there we returned to Victoria Park, and next day were taken in the hills to Happy Valley. We slept in an old winery, and from there carried out day and night manœuvres.

Leave time was the most popular event—we received three nights till 23.59 hours. I think the time in all cases was well spent.

At the close of the camp everyone was well satisfied with the time spent, and much the wiser and fitter with the extra knowledge and physical training gained. So we leave it, hoping that the next camp, although only for a week, will be as enjoyable as this one.

PREPARATORY SCHOOL NOTES

This year our numbers have grown again. We were all very excited on our return to see our fine new form room ready to welcome Miss Dunn and her large family of little boys.

We welcome to the staff Mrs. V. M. Clarke, Miss C. L. Gilling and Mr. H. J. Rodger, and sincerely trust that they have a happy time in the school.

Mrs. A. P. Hunwick goes from us this term. We take this opportunity of telling her how sorry we are, and to thank her for all she has done for us during her all too short stay in the school.

Early in the term the installation of leaders took place for the first time in the Assembly Hall at the Big School. The Headmaster was present, and he spoke to the boys on their duty to the school and each other. These boys were appointed to office: J. F. Naughton (Capt. of Prep.), G. E. Sumner, J. R. Michell, E. A. Reesema, M. J. Scholz, H. A. Williamson, R. E. Glyde, K. B. Glastonbury and M. K. Gould. We congratulate them and wish them a happy year of service in the school.

Our donations to patriotic and charitable funds this term have amounted to £120/13/10.

CRICKET

We have had a most successful term's cricket. Our Under 13 boys have won every match. The fielding and team work was of a high standard, and some very fine catches were taken. Some of the batting and bowling figures are very impressive.

Perry made scores of 128 not out and 70 not out, and has an average of 55 runs. Sumner on one occasion played throughout the innings without losing his wicket, making 92 runs. His average is 39. Brabham once made 82 runs in a very short time. In the bowling, Sumner has taken 25 wickets for 98 runs, and Glyde 15 wickets for 76 runs. We congratulate these boys on their fine performances.

We look forward to another interesting round of games in the third term.

The House matches were both very exciting. Chapple Firsts defeated Roberston by 15 runs; but in the Seconds' Match Robertson turned the tables and won by a narrow margin of 2 runs.

MY LIFE

By a Tinned Peach

I came down from the tree-top As mellow as could be, And I was packed into a case And shipped to a factory.

There I was cleaned and peeled, And sorted into size, And packed into tins and cooked With steam to sterilize.

When I had cooled sufficiently
To be held by the hand,
A label was stuck on that said,
"Valley Royal Brand."

Then I was purchased by a shop, And sold for one and three; And here I am upon your plate All ready for your tea.

M. K. G., IIIA

CONTRAST

Through the stately tree-tops
Comes the hearty cry:
"Timber, timber!
Everyone stand by."

Through the smoky city
Comes the husky shout:
"Paper, paper!
Latest copy out."

HOLIDAYS

Holidays are nearly here;
I feel so very glad:
Although my work could better be,
That shall not make me sad.

After two short weeks of play,
Of fun, and games and rest,
I'll work again the whole long day
Until I come out best.

MY CAT

I own a little cat; He caught a little rat. He ate it for his tea After offering it to me.

FLYING-OFFICER PHILIP WESLEY HART, aged 29 years, lost his life as a result of air operations in Scotland on 27th February, 1944. He was educated at the School, 1929-1930 (School Reg. No. 6692), and gained his B.E. degree at the University, and A.S.A.S.M. at the School of Mines. He was President of the University Engineering Association, and played rugby and other sport for the University. He was the eldest son of Mr. and Mrs. A. P. C. Hart, of 20 Avenue Road, Unley Park.

FLYING-OFFICER GORDON ROY BROOKER, aged 25 years, lost his life as a result of air operations over Europe on 24th November, 1943. He attended the School 1934-1935 (School Reg. No. 7093). He was the son of Mr. and Mrs. A. J. Brooker, of Nth. Terrace, Seaton Park, and at the time of enlistment was a director of the firm of J. Brooker & Sons Ltd. He was a member of this Association.

PTE. RAYMOND KENNETH RICHARD-SON (A.I.F.), aged 22 years, was accidentally killed in a motor accident in New Guinea on 19th January, 1944. He enlisted in 1941, and proceeded to the Middle East. He was then with the A.S.C. in New Guinea for twelve months. He was the adopted son of Mr. Arthur Piggott, of Renmark. He attended the School 1936-1938 (School Reg. No. 7282), and was a member of this Association.

SGT. LEONARD ARTHUR OMSBY R.A.A.F., wireless air gunner, aged 28 years, lost his life as a result of air operations over Amboina on 13th May, 1942. He was the son of Mr. and Mrs. A. C. Omsby, of Second Avenue, Helmsdale. He attended the School 1931-1932 (School Reg. No. 1931), and was a member of this Association.

SGT.-PILOT JOHN MARSH EMERY, R.A.A.F., aged 30 years, lost his life as a result of air operations on 8th December, 1941. He was a member of the All-Australia Spitfire Squadron in England. Before enlisting he was employed by the State Bank of S.A. and the Broken Hill Propty. Co. Ltd. at Whyalla. He was a member of the Spencer Gulf Aero Club. He was the son of Mrs. C. H. Emery, of Sixth Street, Bowden. He attended the School 1927-1929 (School Reg. No. 1927), and was a member of this Association.

L.A.C. DEREK GOLDSWORTHY WICKS (R.A.A.F.), aged 22 years, was killed in an aircraft crash whilst flying solo on a training flight in Victoria on 25th March, 1944. He was the son of Mr. and Mrs. L. J. Wicks, of Highbury East, and has left a widow, Mrs. R. Wicks, of Campbelltown. He attended the School 1934-1937 (School Reg. No. 7174), and was a member of this Association. He was a member of the School rowing Eight and runner-up in the boxing competitions. He enlisted in the A.I.F., and after being stationed at Darwin resigned his commission to join the R.A.A.F.

MILITARY AWARDS

We offer heartiest congratulations to the following:

Surg.-Lieut. Ronald McKenzie MacIntosh, R.A.N., of Rushcutters Bay, N.S.W., upon being awarded the M.B.E. for "courage, endurance and devotion to duty." He is the son of late Capt. R. and Mrs. C. M. MacIntosh, of 10 Herbert Street, Medindie, and attended the School 1931-1935 (School Reg. No. 6851).

F.O. Maxwell H. Paynter (R.A.A.F.) upon being awarded the D.F.C. The citation reads:

"F.O. M. H. Paynter has flown on many operational sorties, and has taken part on two attacks on U-boats. The first occasion was in October, 1943, when, while on patrol in the Atlantic, he attacked a fully-surfaced enemy submarine, and in the face of intense antitrcraft fire pressed home his attack. On the second occasion, in February, 1944, he was captain of an aircraft on patrol at night in the Atlantic, when a fully-surfaced U-boat was sighted. He immediately made a successful attack from a low height and successfully straddled the enemy submarine. After the attack a considerable amount of debris was observed. This officer's fine leadership is reflected in the outstanding efficiency of his crew."

He is the son of the late Mr. P. and Mrs. Paynter, of Westbourne Park. His wife resides at Harrington Street, Prospect. He attended the School 1933-1934 (School Reg. No. 7028).

Major Norman B. Hall (British Army), who has been awarded the O.B.E. (Military Division), "for gallant and distinguished service in the field." Major Hall is a well-known medical man in London, and is the son of Mr. and Mrs. Jas. Hall, of Beulah Road, Norwood. He attended the School 1902-1911 (Reg. No. 3573).

Advice has just been received that Flying-Officer Ross M. Standford (R.A.A.F.) has been awarded the D.F.C. The citation states: "He has completed many successful operations against the enemy, in which he displayed skill, fortitude and devotion to duty." He was captain of a Lancaster Bomber. He is the son of Mr. and Mrs. Frank Stanford of Fulham. He is a member of this Association. Before enlistment he was employed at the Tailem Bend Branch of the State Bank.

COLLEGE ENDOWMENT FUND

Your Committee has decided that no special effort to augment this fund should be made during the present war conditions. The fund is still open and receiving contributions from time to time. PAPER SHORTAGE

In accordance with Governmental restrictions the quantity of paper available for the "Chronicle" is now one-half (by weight) of pre-war requirements. Membership of the Association has increased considerably since 1939, and 2,800 "Chronicles" are now required by the School and Association for each issue as compared with 2,500 per issue in 1939, but no additional allowance of paper is made for increase in membership. Consequently, as the Association membership increases there is a decrease in the size of the "Chronicle." Your Committee offers this explanation for abbreviated reports and contributions, which are under the circumstances unavoidable.

EDUCATION FUND

This Fund is being raised for the purpose of educating the children (boys and girls) of Old Boys who lose their lives on Active Service. The response to this worthy object is very gratifying, and nearly £1,500 has already been subscribed, of which £1,000 has been invested in the First Victory Loan.

Your Committee hopes this Fund will reach £2,000 by the end of the year. Those who have not yet contributed are requested to give the matter their earnest attention.

PURELY PERSONAL

Dr. Ian McNeil (Melbourne) recently visited

Gerald G. Masson (Sydney) spent a few weeks' holiday at Glenelg, and met many of his old friends. He recently returned from Palestine.

We congratulate Mr. Maurice G. Giles upon being elected Mayor of the City of Westminster. He is the first Australian to have that honour conferred upon him. For many years he resided at Melrose (S.A.). He attended the School 1891-1905. Whilst on medical leave he returned to Australia in 1919, being then a Lieutenant in the British Army in India. Since that time he has chiefly been interested in the Scout Movement, but has found time also to assist in the managing of several schools, including two London County Council residential schools, each of about 500 children,

The Association is non-political, but we are pleased to learn that several old boys gained the confidence of electors in the recent State elections. They were Hon. E. W. Holden, Hon. A. L. McEwin, Messrs. H. H. Shannon and R. W. Pearson.

Marsden G. Dempster, M.E. and C.E. (Melb.) (P.A.C. 1907-1908), son of W. E. Dempster (W.A.) (P.A.C. 1884-1888), and great-great-great grandson of Rev. Samuel Marsden, pioneer chaplain of N.S.W. and first missionary to New Zealand (1813), was for many years Chief Bridge Engineer for Country Roads Board, Victoria, for which he planned and constructed many notable bridges all over the State, the last one the unique (for Australia) suspension bridge to Phillip Island, Western-port, Victoria. He is now Chief Consultant Engineer to the United States Army in Aus-

MILITARY NOTES

We congratulate Major (temporary Lieut.-Colonel) R. J. Harvey upon being mentioned in despatches.

H. M. Stubbs has received his discharge from the R.A.A.F., and is now residing at Peterborough.

W. J. S. Miller (R.A.N.) recently advised

change of address to Papua.

A. L. Johnson (A.I.F.) is reported P.O.W. in Burma.

Randell Wright (R.A.A.F.) was wounded in operations over Berlin recently.

Kenneth Wildy (R.A.A.F.) is now a Spitfire pilot in India.

A. K. Hill (R.A.A.F.) is reported P.O.W.

K. E. Barton (A.I.F.) advises recently meeting the following: Gordon Luxton, Jack Tre-gonning (R.A.N.), Warwick Oates (R.A.A.F.) and Bob Allen (A.I.F.).

A. O. Walkington (R.A.A.F.) is now in England.

Wyllton Todd (British Aarmy) is now re-

ported P.O.W.

Lieut. R. D. Johns, M.M., recently returned from New Guinea and spent a few weeks' holiday at Kangaroo Island.

Correspondence has also been received from Frank L. Collison (R.A.A.F.), A. D. Edelman (A.I.F.) and V. H. Dawe (A.I.F.).

Ross Stanford (R.A.A.F.), writing from London, says he is enjoying a quiet holiday after operations over Berlin and other towns. He played for the R.A.A.F. Cricket Team, and was twelfth man for a match at Lords, where he fielded for three overs.

Amongst recent visitors to the Boomerang Club (London) were Sq.-Ldr. John Cock and F.O. A. W. Crompton.

P./O. J. E. Dunn, of the R.A.A.F., is completing his training in England, and writes of an interesting coincidence:

"I was in Hereford last week-end, when a man came up to a group of us and asked: 'Any South Australians here?' Well, it turned out he went to Princes about 1901-3, is a Life Member of the Old Collegians Association, and had the February 'Chronicle' with David's photo in. He has two sisters in Adelaide, is a relative of Rev. A. B. Lloyd, and came here some twenty years ago. He is Dr. S. Lloyd Corry. He took me drives around the pretty spring-bound country lanes while he popped into a few patients, and then took me home to tea, catching his wife by surprise. She was equal to it and turned on poached egg on toast! A real live egg!"

THE LATE MR. A. A. L. ROWLEY

By the death of Mr. Amos A. L. Rowley the School and Association have suffered a big loss, as he was an enthusiastic supporter of both.

Mr. Rowley played a prominent part in the social and sporting life of South Australia at the end of the last century and the beginning of this. He was closely associated with the growth of tennis in South Australia, and held several executive offices in the S.A. Lawn Tennis Association, including that of vice-president. He played in many tournaments, both Inter-state and in England. In 1888 he took part in the first Interstate lacrosse match in Australia. played between Victorian and South Australian teams

He had a fine tenor voice, and sang in public throughout Australia. He was a past chairman of the Adelaide Orpheus Society. An active Freemason, Mr. Rowley was a past Deputy Grand Master, and chairman of the Free-masons Hall Trust. For several years he was honorary secretary of the Royal Institution for the Blind, of which he was also vice-president and honorary treasurer. During the last war he was associated with Sir Nicholas Lockyer as deputy controller of the A.I.F. Garrison Institute and Canteen Association.

As representative of the bequest of the late Sir Samuel McCaughey, he was a member of the Board of Repatriation for the Education of Deceased Soldiers' Children. He was also a past president of the Old Collegians' Association.

THE LATE MR. FRANK T. COOPER

The death of Mr. Frank T. Cooper has also taken a very keen and loyal supporter of both School and Association. This occurred at Renmark whilst Mr. Cooper was taking part in the Annual Bowls Competition.

Mr. Cooper was the eldest son of the late Mr. John T. Cooper, who was one of the earliest scholars at Prince Alfred.

At the time of his death he was Managing-Director of Thos. Cooper & Sons Ltd. of Upper Kensington. He was a keen bowls enthusiast, and was a member of the Marryatville Bowling Club. He invariably "skippered" a winning ring in the pre-war bowls matches with St. Peter's Association. He was a Member of the School Council, and also a Past President of this Association. His two sons are on Active Service: Lieut.-Col. G. D. T. Cooper, M.B.E. (A.I.F.) and C. L. Cooper (R.A.N.).

COMMITTEE VISITS THE SCHOOL

During the first week of December, 1943, at the Headmaster's invitation, the Association President (Mr. H. N. Shepley) and members

of the Committee attended morning assembly.

Mr. Shepley, when addressing the boys, explained the activities of the Association and how

it had helped the School in various ways, including many of the sports and building improvements. He urged those who were about to leave school to join the Association, and thus maintain their school friendships, and by so doing also help the School.

OBITUARY

BAKEWELL—On 31st March, 1944, Edward Howard, loved husband of Florence Bakewell, 80 Northgate Street, Millswood, aged 84 years. He attended the School 1869-1872 (School Reg. No. 31), and was a Life Member (No. 129) of this Association. Mr. Bakewell was a notable figure in the commercial life of Adelaide, and died suddenly on his way to the opening of the Morgan-Whyalla pipe line.

CHURCH—On 19th April, 1944, at his residence, 19 Valmai Avenue, King's Park, Richard Mayfield, beloved husband of Esther Church, aged 66 years. He attended the school 1890-1893 (School Reg. No. 2241), and was a member of this Association.

COLLINS—On 31st January, 1944, at a private hospital, North Adelaide, Dr. William K. Collins, beloved husband of Lulu Collins of Dennybrook, W.A., aged 47 years. He was Professor of Mathematics at the Adelaide University at the time of his death.

Old Boys' Week

The Committee of this Association has arranged with the Committee of St. Peter's Old Scholars' Association to abandon all inter-Association sports contests during the war.

THE FOLLOWING PROGRAMME HAS BEEN ARRANGED

THURSDAY, 27th July-Old Boys' Day at the College.

9 a.m.—Morning Assembly for all Old Boys, and especially those who attended the School 60 or more years ago.

SATURDAY, 29th July-Intercollegiate Football.

SUNDAY, 30th July—11 a.m.: Old Scholars' Service.

Rev. N. Claridge Goss will give the Address.

Your Committee, in view of many increasing difficulties, has decided not to hold any social function during Old Boys' Week, but hopes to do so later in the year. It is hoped that members will appreciate the arrangements.

Arrangements have been made with the Australian Broadcasting Commission to broadcast through Station 5AN and 5CK, and members are requested to watch broadcasting programmes and for press announcements.

COLLEGIANS CRICKET CLUB

The Collegians Cricket Club has just concluded a more brilliant-than-customary season, finishing seventh out of thirteen in the premiership table. As usual our fielding was delightful (that is from our opponents point of view), and the ten to fifteen chances dropped per match did not disgrace an established reputation.

The Club would appreciate the services of one or two young "old" scholars next season to assist not only in making up the team, but in reducing the average age of the players, which at present stands at 33.5 years. Anyone wishing to play are advised to get in touch with Mr. Ken. Matthews (M 7398).

Readers are asked not to mistake the averages, there being a decided similarity between figures for batting and bowling.

MONTHLY LUNCHEONS

The Monthly Luncheons continue to be the main factor in keeping the Committee in touch with our members during this difficult time. In the absence of most of our young men and the pre-occupation of us all the attendance has been excellent, although it is obvious our members try and judge the talk from the advice card, and as a consequence some of our most entertaining speakers have not had the audience of less able but better known guests.

Mr. J. E. Blackmore, who spent many years in Japan, entertained us twice with interesting talks about these unfathomable creatures with whom he lived.

Mr. T. J. Brown, who has been amongst the boys in the forward areas with his Y.M.C.A. truck, supplying comforts and good advice, spoke in the easy, confident style of a man who is at home amongst men.

Our last speaker this term was Mr. F. S. Robin, who spoke about Boys' Clubs.

Two well known public men have promised us talks during the middle term, and those who make the trifling effort of taking their lunch away from their usual haunt will be rewarded as we have been so often in the past. Our Monthly Luncheons are now established, and have become a most important factor in the activities of the Association.

LIFE MEMBERS CERTIFICATES

Life Members Certificates are available upon payment of 2/6 to cover cost of printing and postage.

NEW MEMBERS

The enrolment of new members still continues very satisfactorily, but your Committee wants every eligible Old Boy to join now and give the Association added strength.

If you know of an Old Boy who is not a member, send his name and address to the secretaries; or, better still, bring him along personally to join up.

INTERSTATE BRANCHES

VICTORIA

Any Old Red in Melbourne requiring information can apply to Mr. Frank Ellis, Technical College, Latrobe Street, Melbourne, or Mr. Alf. Waldeck, c/o Goldsbrough, Mort and Co., Melbourne.

NEW SOUTH WALES

The Branch Secretary is Mr. E. A. Kesting, 45 Pine Street, Cammeray, N.S.W.

Mr. Allan Lyon is President and his address is 73 Pitt Street, Sydney. Any Old Scholars visiting Sydney are invited to communicate with them.

PERSONAL

We congratulate Dr. J. T. Mitchell, 25 Weetatibah Road, Northbridge, N.S.W., upon his 88th birthday. The Branch President, Mr. Allan Lyon, presented him with a birthday cake on behalf of Old Collegians. He received telegrams from many Old Boys and also from Mr. Shepley, President, Adelaide. To complete a perfect day, he attended a picture show, "The Mitchell Bomber." Dr. Mitchell sent the following acknowledgment:

"Dear Mr. Shepley-It was a great surprise and greater pleasure to receive your wire of congratulations on my 88th birthday in the name of the P.A. College and boys and Old

Collegians Association.

My mind went back to that morning in January, 1869, when a handful of boys were waiting to enrol. The Headmaster had not yet arrived from England, nor was the first section of the building completed. For six months we assembled in Pirie Street Lecture Hall, and put in the time somehow, I fear not very profitably. Rev. Alfred Rigg and Rev. J. deQ. Robin, B.A., did the best they could for a few weeks till Mr. Fiddian arrived.

My sincere thanks for your kind thoughts, and I can assure you that I have watched the triumphant march of my old School up to its present high standard. Heartiest good wishes to you all."

W. G. Kither is Managing-Director of Goodyear Tyre & Rubber Co. He left P.A.C. in

1894, fifty years ago.

Gordon Hutson, of 34 Bennett Street, Bondi, is woolclassing with the Farmers and Graziers Co-op. He recently became a Life Member.

We regret to learn that I. R. Nottle has been compelled, through illness, to resign from the A.T.C. He attained the rank of sergeant on the day he handed in his resignation. His address is "F" Ward, "Bodington," Wentworth Falls, N.S.W. He is continuing his accounting studies, and hopes to return to his former employment with General Motors-Holdens at Pagewood upon completing his convalescence.

WESTERN AUSTRALIA

The Branch Secretary is Mr. J. C. Livingstone, c/o Goode, Durrant & Murray Limited, William Street, Perth.

The Branch President is Mr. R. J. B. Miller, c/o Bank of Australasia, Murray Street, Perth.

PERSONAL

We regret to record the deaths of Messrs. John C. Hassel and Walter C. Cross, both of Perth, which occurred recently. Mr. Hassell was No. 46 member, and resided at the Perth Club. Mr. Cross was No. 12 member of the local Branch, and resided at 7 Barrack Street, Perth. We offer our deepest sympathy to their relatives.

Mr. Joseph W. Langsford, of A.M.P. Buildings, William Street, Perth, has become a Life Member of the Association (No. 1405). He entered the School in 1874 (School Reg. No.

Jack Tregonning (R.A.N.) had a most successful season in District Cricket, making six centuries, heading the batting averages. has now been transferred elsewhere.

Recent callers at the Perth Branch were Jack Norman (R.A.A.F.), D. G. Lloyd (A.I.F.) and J. L. B. Cowan (R.A.A.F.).

L. Thurston (A.I.F.) was married when on leave recently.

The W.A. Branch contributed £5/5/- to the Education Fund, and donations were also forwarded by Messrs. H. A. Cooke, A. J. Sharland, R. J. B. Miller, J. C. Livingstone and W. Stokes.

OUEENSLAND

Mr. P. D. Coles, c/o Bank of Adelaide, 305 Queen Street, Brisbane, is acting Branch Secretary, and will be pleased to see any "Old Red" who may call on him.

ANNUAL SUBSCRIPTIONS

Subscriptions for the year ending 30th September, 1943, are now due, and members are requested to remit promptly to facilitate the work of the Association.

As the amount of Annual Subscription, 6/-, is so small, it is suggested that members forward two, three or four years' subscriptions, thereby saving postage and exchange. The prepayments of subscriptions will also save the Association expense of postage, etc.

The work of the Association, on account of enlistments, war records, etc., has increased considerably, and your co-operation by prompt payment of subscriptions is requested.

ANNUAL SUBSCRIPTIONS OF OLD BOYS ON ACTIVE SERVICE

It has been decided that all Old Boys who enlist for active service will be maintained as members during the war, even though their subscriptions fall in arrear. In some cases it will be impossible for Old Boys to pay the subscriptions, and in other cases it may be practicable for them to do so.

Your Committee hope that those on active service who can will continue to pay their subscriptions. The "Chronicle" and other Association notices will be forwarded to all members, as previously.

ASSOCIATION TOKENS

The supply of Association tokens is now exhausted, and under existing Federal regulations no new supplies can be obtained at present. There is a limited number of miniature tokens available to members at 20'- each. Application should be addressed to the Joint Secretaries.

LOST TOKENS

Tokens remain the property of this Association, and are held by members on trust only. In the event of the loss of a token, the member should immediately report this to the Secretaries of the Association.

The Objects of the Association are: To keep Old Boys, wherever they may be, in touch with one another and with the boys at the School; also to foster and maintain their interest in the School.

"Old Boys' Week" is observed annually towards the end of July, during which a dinner and other social functions as well as sports contests are held. Also social gatherings are held whenever any occasion arises that makes them desirable.

The Association has donated the following Scholarships to the School:

H. W. A. Miller (Old Collegians')
Scholarship.

J. A. Hartley Scholarship.
Fredk. Chapple Scholarship.
W. R. Bayly Scholarship.
A. G. Collison Scholarship.

"The P.A.C. Chronicle," of which a large part is devoted to matters of special interest to Old Boys, is forwarded to each member of the Association.

The subscription is six shillings per annum. It is suggested that Country Members should remit sufficient to cover four years' subscription or become Life Members by payment of £5 5s. Any Old Boy wishing to become a member can do so by forwarding his name and address to the Head Master, or to any member of the Staff, or to one of the Secretaries.
