Editorial

"... the German war is therefore at an end," said Mr. Churchill on his VE Day broadcast. "... the evil-doers are now prostrate before us." Bonfires blazed in London; in New York a million rejoiced in Times Square. Most peoples of the world celebrated the end of Europe's worst war.

In Australia the atmosphere was different—VE was one step only on freedom's road: many still suffer in prison camps; many are still to die. Final victory was still remote. On Wednesday we thanked God for victory; on Thurs-

day we renewed efforts to crush Japan. The first phase is over; the second occupies us.

There is a third phase—more difficult perhaps than the others. This concerns us at school. Old Reds have won battle honours; we at school must educate ourselves to lead and influence in the future. We must fully use all opportunities to improve soul, mind and body, that we may take our places in the work of retaining peace, a peace worthy of a world in which men should live as brothers and nations as friends.

School Notes

The first term has gone, and with it for many all the pains of being new boys.

We all miss Mr. Dennis. There is no doubt the Y.M.C.A. somewhere has gained a good worker, and there must be troops somewhere whose lot is a bit brighter because of our loss. It is a good thing for us to try to help him, and let us hope that we can live up to our expectations.

All the School will join in welcoming to the Staff Dr. Ellis, Mr. Hart, Mr. Allen in the Big School, and Mr. Kelly in the Prep. All have quickly made themselves at home among us.

The Prep. School has lost heavily by the death of Mr. Worrall. The sudden death of so young a man is a very sad loss for his family and for the School, and particularly for the boys he was teaching. Few men have been more successful with their work as schoolmasters than Mr. Worrall, and not many have been so loved by their pupils.

We all hope that Miss Murray and Miss Kloeden of the Prep. Staff will soon be back at their work recovered from their illnesses. The School is very grateful to Miss Sharrad, Mrs. Norman and Miss Middleton for helping us in our need by taking the places of our absent ones.

Congratulations to Morris and his team for their excellent victory in the Intercollegiate Tennis Match. A very fine effort.

Congratulations to Hocking and his crew, and Biggs and his team. We did not win in the rowing or in the athletics, but in each our fellows put up a great fight, and both events were the sort of contests in which it was an honour to be the loser. Congratulations to St. Peters for their good work on both days!

An interesting visitor came to the School on 16th April. Mr. A. R. Stephenson came with his wife to see the School after an absence of many years. Mr. Stephenson came to Prince Alfred in 1885 as a young master from England at the age of 22. He was a member of the Staff till 1887, when he went to Victoria, where he had his own school for a while, and among other positions was Headmaster of Wesley College for some time. He was very interested to see how the School had grown and altered in the sixty years since he had seen it. Another interesting link with Mr. Stephenson was discovered. Before he came to Australia he was a junior master at Kingswood School at Bath in England. Mr. J. E. Langley, our bursar, was a senior boy at Kingswood at the time, and remembered Mr. Stephenson as a master.

INTERCOLLEGIATE ATHLETICS

Intercollegiate Athletics were held Friday, 27th April, the Adelaide Oval. The day was good; the track perfect. All our boys were fit and able to run.

The sports began with Senior 120 Yards Hurdles. Giles (S.P.S.C.) won from Morris and Candy (both P.A.C.3, 16-7/10 secs. Saints had another win when Lawrence won the Under 16 100 Yards from Hoad (P.A.C.) and Cowan (S.P.S.C.), 11 secs. Biggs, our captain, ran exceedingly well to run the Senior 100 Yards, equalling the record of 10½ secs. Gordon and Steele (both Saints) filled the minor placings. Scores were:

S.P.S.C., 14 points; P.A.C., 11 points

The Junior 100 Yards was a good race for us. Kneebone and Effick came first and second respectively; Saints only place-getter was Addison. Kneebone's time was 10-15/16 secs. Morris gained another win in the Senior High Jump. He jumped 5 ft. 5½ in. to beat Jose and Saunders (both of Saints). Biggs equalled another record in the 220 Yards. His strong finish brought him home in 22-9/10 seconds. Giles and Gordon (both S.P.S.C.) came second and third. Scores were:

P.A.C., 27 points; S.P.S.C., 23 points

The Junior High Jump and the Putting the Weight were then contested. Pittman (P.A.C.) jumped 5 ft. ½ in. to win from Effick (P.A.C.) and Brown (S.P.S.C.), who tied for second place. Pittman attempted, unsuccessfully, the Junior record. Meanwhile Morris had again won for us, putting far better than he had previously done, 38 ft. 8 in.; Shepherd (Saints) second, Candy (Princes) third. The Under 16 Hurdles was a good race, Lawrence (S.P.S.C.) just beating Harford (P.A.C.) and Cowan (S.P.S.C.) with a time of 14-7/10 secs. for the 100 yards. Scores, interval:

P.A.C., 40½ points; S.P.S.C., 32½ points

The Senior Broad Jump was a bad event for Princes, Saints gaining three places. Jose won with a jump of 21 ft. 6 in., followed by Probert and Giles. The Under 16 Broad Jump was better, as Wicks gained second place. Lawrence and Hewitson, of Saints, were first and third, winning jump being 19 ft. 1 in. The 440 Yards Flat was our best race. Biggs won again, and Willcox and Keeves were second and third. The 9 points for the event put us ahead again:

P.A.C., 51½ points; S.P.S.C., 46½ points

The Junior Hurdles gave us another first place. Fox won from Salter and Addison (both Saints) in 14½ secs. Kneebone was unfortunate to hit a hurdle and fall, as he was well in the lead and looked like making a record. The 440 Hurdles made up for the 440 Flat, Saints taking the three places. Perrett, the winner, took 61½ secs., and was followed by Giles and Bungey. The Under 16 Half-Mile ended in a

great struggle between Callaghan (S.P.S.C.) and Harford (P.A.C.). Callaghan just won in 2 min. 14½ secs. Ward (P.A.C.) was third. The scores were now, S.P.S.C., 62½ points; P.A.C., 58½ points, so we had to get first and second places in the Mile to win the Intercoll. Skewes, however, settled the matter beyond a doubt by winning with 6 seconds off the previous record. Downing (P.A.C.) second, West (also P.A.C.) third. So the final scores were:

S.P.S.C., 67½ points; P.A.C., 62½ points

We congratulate Saints on winning a very good and close competition.

The Lord Mayor, Mr. Walker, presented certificates to winners and a shield to Giles, Saints' captain.

The team owes a debt of gratitude to Mr. Steele, Mr. Johnston and Mr. Connell for untiring efforts in training.

INTERCOLLEGIATE TENNIS

Lawn Tennis Association Courts, 24th March

Although it rained early, the day developed into one perfectly suited to tennis. The stand was packed. In the morning Sir Willoughby Norrie watched play.

Our first pair, Morris and Welch, combined well together and accounted for Snoswell and Bollen. Playing well at net and volleying many winners, our boys won easily.

Candy and Rowe gave an excellent display, with Candy putting many overhead smashes away and Rowe volleying well at net. They had little trouble in defeating Dowding and Steele.

The most even double was that in which Hockney and Anderson played Allen and Astley. After a long first game our pair kept fighting for every point, but seemed unable to control shots at vital stages. Allen and Astley, combining better in the second set, made play faster and won.

Good tennis was witnessed in the singles, all won by Princes. On the centre court hard serving by both players livened up play. Welch won the first set easily, but had to fight Snoswell hard in the second.

Hockney did not have much trouble in defeating Bollen. After a couple of games he settled down, and placing shots with great accuracy near the back line corners, caused Bollen to run a great deal. His chop shots disconcerted his opponent, and he won easily.

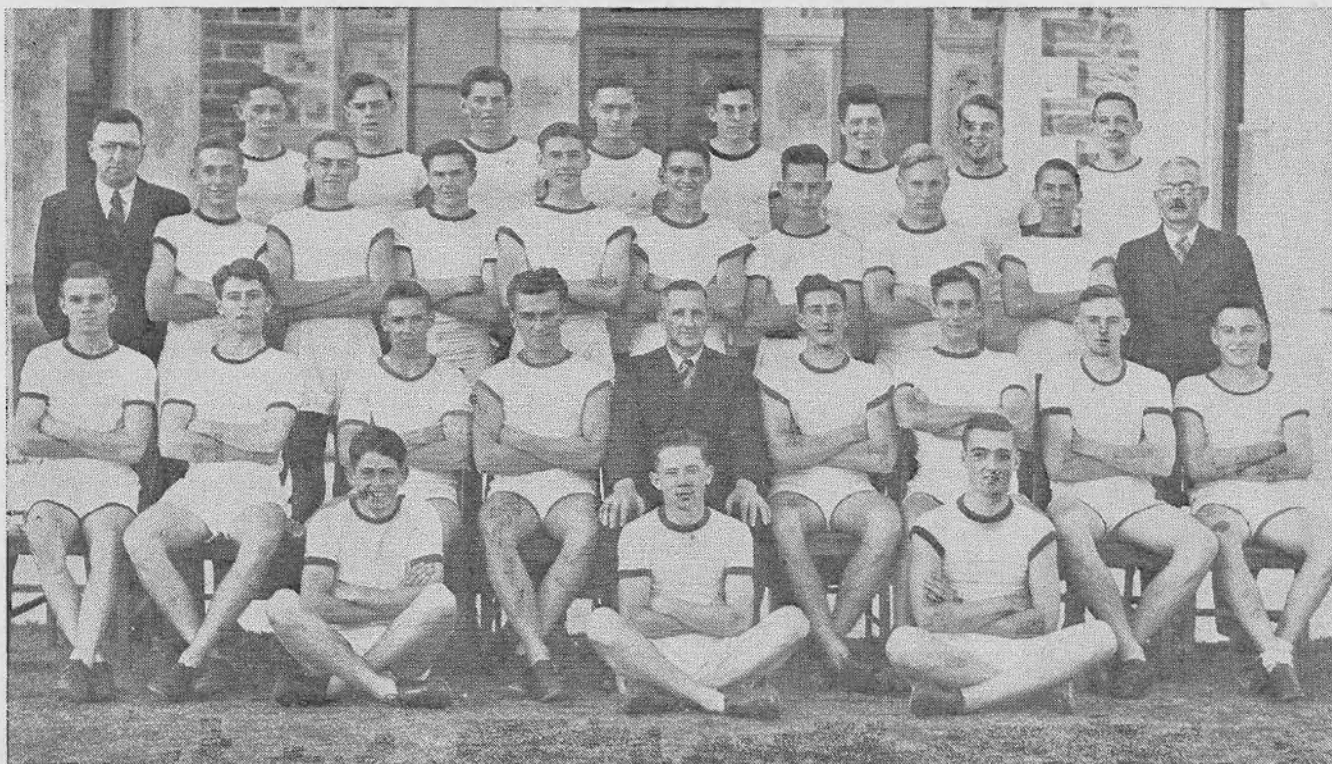

Anderson played Steele on the third court. Playing very steady tennis, he constantly forced Steele into errors, and won the first set. In the second set, owing to his increasing aggressiveness, Anderson won.

At lunch time the scores were 5 rubbers to 1 in our favour. After lunch Morris and Welch played Astley and Allen, and were defeated owing to better combination on the part of their opponents.

Candy and Rowe had a good win from Bollen and Snoswell

 A. E. Morris (Vice-Capt.), A. Keeves, B. J. Downing, G. M. Kneebone
 Front Row—N. B. Effick, D. C. G. Hemson, B. H. Pittman

Dowding lacking vim in his serves, and Steele, making many mistakes overhead, gave Hockney and Anderson a great advantage.

In the second round of singles Morris, with accurate placements to the back-hand court and sharp angled shots, accounted for Saints' first player, Astley. Morris at times struck bad patches but played confidently.

Candy, in his single against Allen, Saints' captain, drove accurately to the corners and, exploiting his placements, volleyed many winners off short balls.

Rowe must be complimented for his aggressive game against Dowding, who could not settle down and was constantly forced into errors.

In the final round of doubles, Hockney and Anderson played Snoswell and Bollen. Playing consistently with confident driving, they defeated their opponents.

Candy and Rowe played Allen and Astley. Candy, by his excellent returns and brilliant volleying, placed all loose shots away. Rowe's play in this double was very solid.

Morris and Welch combined well against Steele and Dowding. Morris drove well and Welch a fine display of hard hitting.

The final score of 13 rubbers to 2 in favour of P.A.C. is a tribute to Mr. Luke, who has tirelessly devoted himself to the coaching. Special thanks are extended to Mr. Rowe, Mr. Harvey, Doctor Sumner, David Williamson and Des. Babidge for their help. Candy and Rowe are to be congratulated on their fine performance in winning every rubber in which they played. Finally, Morris and the whole team are to be especially congratulated on winning for the School the tennis cup once again.

Critique of Tennis Team

Candy, D. W.—A clever player with excellent ground and overhead shots. His confidence was inspiring. He lost only eleven games in the Intercoll.

Rowe, D. T.—A greatly improved player with excellent shots. His play in the Intercoll. exhibited the ability which earned him a place in the team.

Welch, H. W.—A forceful player with a powerful spin service. Unorthodox ground shots are somewhat erratic.

Hockney, C. F.—A steady player who exploits chops and slices. His service has improved, but could be speedier.

Anderson, B. W.—An improved player; shots are always steady and well placed. He could improve his service by hitting harder.

Morris, A. E.—Has many excellent shots, backhand and forehand, with pace and precision. Inclined to overhit impossible shots. He has captained the team excellently for two successive years.

SCHOOL SPORTS

The Annual School Sports were held on the College Oval on Saturday, 5th May.

Owing to an increased number of events, eliminations were held during the week before the sports. Three extra events, 440 Yards Hurdles, Mile, and Putting the Weight, were included as College Cup events this year.

Morris, who won five events, was first; Biggs, the outstanding sprinter, was second with four firsts.

Wicks won the Under 16 Cup, and Kneebone the Under 15. Under 14 and Under 13 Cups were presented for the first time this year. They were won by Kennewell and Hobbs, respectively.

In the handicap events, Cox won the 880 Yds. Flat, Olsson the Obstacle Race, while Cope snatched the Mile from West.

School House gained the highest number of points in the House Competition.

Our thanks are due to masters who conducted the sports, and to Mrs. S. W. Jeffries, who presented certificates.

Committee: M. K. Phillips, D. J. Bennier, P. W. James.

During the Christmas vacation enthusiasts, supervised by Mr. J. A. Hill, spent two weeks in training at Tailem Bend. Mr. M. Solomon, coach since 1940, attended at week-ends. To the Committee and members of the Tailem Bend Rowing Club we offer thanks for the use of club-house and boats.

This term the following were selected to constitute the 1945 Eight:

The crew were relatively unexperienced, but under the coaching of M. Solomon and C. S. Cogan reached a high standard.

Junior crews had also been training during this time. Mr. Hill had much to do to keep his eye on all crews.

We congratulate the Under 15 and Open crews on winning heats. The Under 15 drew with Adelaide High in this final, but the Open were narrowly defeated by Saints.

The Clinker Four boat was unfortunately out of commission for some weeks. We thank the Adelaide Rowing Club for the use of theirs.

PRINCE ALFRED COLLEGE EIGHT, 1945

Bow, P. W. James; 2, D. T. Bennier; 3, E. R. Ashby; 4, K. E. Moore; 5, J. E. Moffatt; 6, M. G. Phillips; 7, J. A. Cooper; stroke, J. A. Hocking; coxswain, J. G. Sanderson. Coaches: Messrs. M. Solomon and C. S. Coogan

The Clinker Four, because of interrupted training, found they could not reach standard. To Saints we give our congratulations.

Our Eight, the lightest and youngest ever to compete in the Head-of-the-River, were drawn against Scotch in the second heat. Princes, rowing exceptionally well, drew away from Scotch at the willows and maintained the lead to the finish.

The time was excellent, being 2 min. 54 sec., which is less than the present record.

Moffatt (5)—Considering his youth is remarkably polished. Rowed well throughout the year.

Moore (4)—A tenacious battler. Improved out of sight to keep plenty of kick in the middle of the boat.

Ashby (3)—A very stong oar with a good drive. Sometimes tends to cut his finish.

Bennier (2)—Combined well with the crew and gave his best at all times.

James (bow)—An ideal bow. Rows a surprisingly long and strong stroke for his size.

UNDER 15 TUB SLIDES

Bow, R. S. Kallam; 2, K. Moore; 3, K. J. Giles; stroke, K. M. Morris; coxswain, R. Silk. Coach, Mr. Hill

Saints, having defeated A.H.S., were our competitors for the final. From the start to Morphett Street Bridge the crews were level; in the last two hundred yards their extra weight proved too much for us. After a most exciting duel, Saints came home only a canvas in front of us. We congratulate them.

On the eve of the race, fathers and members of the crew held a dinner.

Critique of Eight

Hocking (Stroke)—Stroked with outstanding judgment. Will go a long way in the game.

Cooper (7)—A solid oarsman, who proved very capable in this position. Rowed two excellent races.

Phillips (6)—Has a smooth and powerful stroke. At times inclined to be heavy.

Sanderson (cox)—Steered well in the races. While training inclined to keep at the crew too much.

MEMORIAL LIBRARY NOTES

Good use of the Memorial Library has been made this term. It is pleasing to note that more VIU boys are borrowing books, thus getting more value out of the Library than those who merely peruse a few pages each lunch time. The following new books were added:

PREFECTS' NOTES

With one term behind us, we might, if we disallow the use of explosives, live in comparative peace and comfort hereafter.

The term's most important event comes under the title, "Captain Morris and His Revenge." With the help of others, among whom were two prefects, Hockney and Welch, he regained the tennis cup for the School after last year's loss. After a hard fight, his shoulders bearing a heavy burden in the doubles, he succeeded in winning the Intercoll. Congratulations, Alan!

Perhaps the loss of the Rowing was due to Saints' having the better crew, but then again, why, oh why, didn't they include a few prefects in our crew?

In the Intercollegiate Athletics we had seven members, including Vice-captain Morris, Nicolson, Keeves, Hockney, Stobie, West and Welch. Well, we nearly won, anyhow!

There are several amongst us who will persist in working. These few have, not unnaturally, filled the first five places in VIU A.

As is usual in the first term, table tennis has flourished in the Prefects' Room. To combat the breaking of the celluloid balls every other day, a soft rubber ball was introduced. This, however, inside a few days, disappeared, and has not been seen since.

THE SCHOOL CHAPLAIN

For many years the Minister of the Kent Town Church has been the Chaplain of the College, and the School has had excellent service from the holders of this office. During the last few years the Council has increasingly felt that the religious life of the school demands more time than a busy minister with a big Church to manage can possibly give it. Hence some few years ago the Methodist Conference was induced to agree to the principle of appointing an ordained minister as a member of the College Staff to act as Chaplain.

This year the first appointment of this kind was made, and we are all grateful to the Conference for allowing us to have the services of Rev. C. J. Perry. Mr. Perry is a man with an unusual experience. Many years ago he was one of the best known and most successful League football players; he served as a Chaplain during the First Great War, and is well known and loved by all returned soldiers; in this war he had five years' service as a Senior Chaplain. With all these experiences, a happy disposition, and an unflagging interest in boys and young men, Mr. Perry was felt to be an ideal man for this work.

We have had our Chaplain among us for a term, and he has already found his place in the life of the School. Himself an "old boy," he has a deep love for the School; and all who are interested in Prince Alfred College feel sure that his work among us will be sure to bear good fruit.

CADET NOTES

At the end of January a camp was held for officers and N.C.O.'s at Warradale. Besides training in fieldcraft, platoon weapons, etc., a course in life-saving was conducted, and a number of boys gained the Bronze Medallion.

This year we have a record number in the detachment, our strength being 240, all ranks. The first year boys have been concentrating on dismounted drill, while the second and third years have been revising rifle drill, work on the Bren, etc., and new work on the 2-in. mortar.

Besides the signals, two new specialist groups have been formed from fourth year boys and some third year, viz., a Vickers' crew and a mortar (3-in.) crew.

N.C.O. classes have been held regularly on Saturdays at the new Cadet Headquarters, Torrens Hall. The attendance has been pleasing.

In the May holidays a camp for officers is to be held at Seymour, Victoria, while a camp at Warradale is being held for potential instructors.

During the term S./Sgt. McBride received his commission while S./Sgts. Storch, Rowe and Nicolson are waiting to be gazetted.

AIR TRAINING CORPS NOTES

This year started well for "D" Flight. Owing to the elimination of the preliminary exam., all new recruits were able to take medical examinations and obtain uniforms earlier than in former terms.

Not long after all were satisfactorily issued with uniforms, the C.O. of "70" Squadron, Sq./Ldr. Snow, came to announce promotions. He reminded the Flight that efficiency depended mostly upon the efficiency of the N.C.O.'s and the respect paid to them on parade by every cadet. He congratulated L.A.C. Duncliff, who was promoted to Sergeant, and L.A.C.'s Gunning, Minchin and Wilkinson, who were promoted to Corporals.

Several Morse code lessons have been given by our new instructor, with whom we are making excellent progress.

In the first week of the May holidays we are all hoping to attend an A.T.C. camp at one of the Air Force Stations in South Australia.

S.C.M. NOTES

This term the S.C.M. held six meetings, the first being taken, as has been the custom, by the Headmaster, who gave an outline of the foundation and growth of S.C.M. He told that the School S.C.M. had been established early, and was worthy of strong support. The Headmaster then gave an interesting talk on "Render unto Cæsar the things that are Cæsar's, and the things that are God's unto God." Jesus defeated the designs of His enemies by this clever answer.

The next meeting was taken by the Rev. D. R. Maschmedt, his text from John 19:5: "Behold the man." He elaborated the futility of thinking of Jesus as "meek and mild". Mr. Maschmedt used the example of a man who did not believe in Jesus until he saw the strength of His face. Jesus also showed His strength upon the Cross, and was a great and brave man.

Rev. A. E. Vogt addressed the next meeting. He spoke on "Temptation". Everybody is tempted, but that is usual, for temptation is the "Practice of the Soul." Mr. Vogt cited the temptations of Jesus during the forty days and nights. Jesus' soul was strengthened through temptation.

Mr. John Garrett, travelling secretary of the S.C.M. in Australia, spoke next on S.C.M. movements in other countries, and how laymen could help the Church. He asked all to consider the needs of the Church, and to give help in some definite practical way.

The Rev. J. R. Blanchard, B.A., spoke next on Luke 15:16-24, drawing a picture of heaven through the medium of the feast.

The final meeting for the term was taken by the Rev. H. K. Bartlett, a missionary from Papua. He emphasised the fact that if we travelled for about six hours in a fast aeroplane from Adelaide we could soon be in places in Papua where the white man was unknown. He

said the natives' faith was greater now than ever before, despite the tribulations of war.

It has been pleasing to note this term the increasing numbers attending meetings, and we cordially invite more to come. Next term we hope to hold study circles, which will be taken by the Committee.

In conclusion, we should like to thank all who have addressed meetings for their kindness in coming to us. We should like them to know that we appreciate very much their services.

BOARDERS' NOTES

SCHOOL HOUSE

At the beginning of term the backbone of the School gathered under its wing about 25 new boys, making a total of 106, ably cared for by Sister Dellow, who has taken Sister Ramsbottom's place for this term, and by Matron Sage, whom many remembered from last year.

We congratulate Neil Nicolson on being Head of the House.

In the swimming sports at Henley we were represented by two relay teams. We congratulate Ian Campbell on winning the Open Drive in fine style. All boarders attended the Swimming Carnival at the Olympic Pool: an excellent opportunity to evade homework. Berry was our representative in the School team.

We congratulate Eric Ashby on gaining his blazer in the Eight.

The boarders had a big finger in the Athletics pie, supplying eight capable contestants for the Intercol. Of these we congratulate Effick, Downing, Hoad and Ward, all of whom gained points for our team. Although Downing did not win the mile (due to unusually strong opposition from Saints), he showed a very fine leg in the race, and gained second position in Spartan style.

The day boys never believe us the salt of the School, but at the School Sports, when we carried off two of the five cups, we showed them just what we can do. After winning three events, Kennewell competed in two relays, both of which were won. Hobbs won all the events in his section. We particularly wish to congratulate these two cup winners, and also de-Garis, Effick, Hoad and P. G. Prest, who gained second positions. The day ended with a win of 385½ points for School House, closely followed by Waterhouse—only 161 points behind!

A big improvement has been made in the Boarders' library. Several new books and periodicals have been received.

The tidiest dormitory this term was the Subs, who, as a reward for their care, were given picture leave on the last Friday of term.

Finally, can anyone tell us—

1. Is "Speed" analogous with "Pretty Quick"?
2. Do all Antonios have shapely legs?
3. Does "Lease-lend" work both ways?

HOUSE NOTES

BAYLY HOUSE

Under the leadership of Messrs. Johnston and R. T. Smith, Bayly has gone to the forefront in most school activities.

At the start of term Bayly decisively defeated rival Houses in the swimming competitions. This was made possible by some excellent performances from Reesema, Kallin and Harris, and by the combined efforts of the seniors, led by Watson. We led by 10 points at the close of the day.

In the tennis competition we were defeated by Cotton, but have yet to play School House to decide our position.

The athletics was very disappointing. One hopes that next year the boys will try harder and show more interest than they did this. We thank juniors and seniors who gained House points, and congratulate School House for winning the sports cup.

C. Hockney was the only representative from Bayly in the Intercollegiate Tennis Team.

The rowing boys of Bayly showed the other Houses what they could do. Bennier and James represented us in the Eight, and ten other stalwarts graced the other crews. Bayly is therefore placed in favourable position for the rowing cup.

Although four boys represented us in Athletics Intercol, West was the only one to gain points, and is congratulated on his fine run.

C. F. H.

COTTON HOUSE

First we thank Mr. Mutton and Mr. K. W. Smith for the interest shown in House activities.

In the swimming sports we were runners-up to Bayly. Burton must be congratulated for his fine effort.

We defeated Bayly easily in the first round of the tennis.

The athletics saw us runners-up to School House. We congratulate all who attained the various standards; who gained places in School sports; Biggs, Morris and Wicks on being runner-up in the College Cup, College Cup winner, and Under 16 Cup winner, respectively; and all who represented the School in Intercollegiate games.

WATERHOUSE HOUSE

The first sporting fixtures was the Swimming Sports. Although Bayly House was in fine style, our boys did well. Warnecke and Manser were our best, and were consequently much over-worked.

The inter-House tennis competition was successful for us. With Candy, Anderson and Rowe all in the victorious Intercollegiate tennis team, our chances in the House competition were very bright. We easily defeated School

House, and will play off the final with Cotton House next term.

The standard sports introduced this year gave each a chance to qualify and gain points for his House. Most trained well and got good results, though others slacked and let us down.

In the School sports we ran strongly to finish third in the competition. Kneebone did well to win the Junior Cup. We congratulate School House on their convincing victory.

More congratulations are given to Candy and Willcox for representing the School in three events in the Intercollegiate Athletics, and Kneebone and Pittman for winning the Junior 100 Yards and the Junior High Jump, respectively.

We were also represented by Clarkson, Stobie, Osborn-White and Keeves in the Inter-coll.

The less said about the Rowing the better, but hearty congratulations to Sanderson for coxing the Eight so splendidly.

Now considering the serious side of the school work Waterhouse is proud to hail the Dux of the School, P. J. Stobie. With the first term completed, Waterhouse has settled down very well, and will live up to the fine name given by the School benefactor, Mr. Waterhouse.

SCOUT NOTES

Early in the term our former Scoutmaster, Mr. A. H. Dennis, came out to School. We said farewell, and gave him a small wedding present.

Mr. J. A. Hill has admirably filled his place, and the troop is progressing splendidly. All last year's patrol leaders are back. The troop has a large number of senior boys, so standards have risen considerably.

This year we have formed an organising headquarters of Mr. Hill, A. Keeves, P. J. Stobie and J. B. West, who is troop leader.

Patrol leaders are: Wood pigeons: R. O. Fox, R. L. Collison; Magpies: K. J. Sunter, D. C. Hemson; Eagles: G. R. Wicks, R. W. Smith; Kangaroos: R. E. Steele, G. W. Symons; Owls: M. S. Cooper, J. D. Haigh.

The welcome to His Excellency the Governor on the University Oval was our first official outing. The Governor, accepting the position of State Chief Scout, spoke inspiringly to the large gathering of Scouts.

We also paraded about the saluting base on Anzac Day.

Two of our troop were selected to form a reception party for H.R.H. the Duke of Gloucester when he arrived in Adelaide on 3rd May.

During the Easter holidays a troop camp was held near our shack at Mylor. Despite cool nights, all enjoyed themselves, and much good scout training was done. The Rosellas, under

Cooper, were best in the camp patrol competition.

In the progressive points for the Abotomey Cup, the Magpies have a slight advantage over the Eagles. We look forward to a good year.

I AM A DESK

In an airy room at P.A.C.,
Who should stand but solid me!
Here I've been for many years;
I've seen boys' smiles and seen their fears.

Little I thought when I was a tree
And stood in the forest grand,
That marred and scratched I soon would be
By this rough and lusty band.

Sometimes my joints begin to squeak;
The master scowls, his face grows bleak:
And when the squeaking doesn't stop
The lad gets caned and sits down flop.

At night when the room is dim and dark,
And I think of the years I've stayed
With lads who each have made their mark,
I'm proud of the friends I've made.

THE MASTER BUTCHER

Bill Gimlett was a butcher man
For quality renowned;
He sold prime mutton and good beef
At eighteen-pence per pound.
And after work this butcher man
Was known as Trapper Bill,
For he did snare most skilfully
All animals until—

One night this well-known Trapper Bill
Was seen by a policeman
With a large sow o'er his shoulder broad
When pork was out of season!
"Ho! Ho! my friend," the bobby said,
"I must take you in charge;
For men who poach their pork like you
Must not be left at large."

As a result this butcher man
A fine did have to pay;
And when he brings his pork home now
He goes another way.

THE EBONY CLOCK

The ebony clock on the mantel stands,
As proud as proud can be;
To tell us the time it has black hands,
As black as black can be.

The beautiful clock at the people stares,
As proud as proud can be;
To tell us the time it chimes out airs,
As mellow as mellow can be.

The ebony glitters without a crack,
As proud as proud can be;
The beautiful curves on its long white back
Are as true as true can be.

THE LAND OF THE BRAVE AND FREE

There is a land where bombs now cease
To break the greatest nation's peace;
But though that country's still at war,
It's not for long, we may be sure.

Out of the darkness they may come
To see the enemy on the run;
'Tis good to read the news these days,
To read the headlines on each page.

The Stars and Stripes and Union Jack
Are quickly driving the enemy back;
While in the west the hammers and sickles
Are giving the enemy more than what tickles.

The people in England
Are fighting so bravely,
That wars may ever cease,
And in this world may ever reign peace.

A MATHS. PERIOD

Half an inch! Half an inch!
Pages all dirty,
All in the maths. class,
Struggled the thirty.
"Make the lines meet," he said,
"Triangles neat," he said,
All through the maths. class
Struggled the thirty.

Compasses to right of them,
Dividers to the left of them,
Rubbers in front of them,
Mixed up and tumbled.
Stormed at by teachers' tongue,
"Vengeance!" the cry was wrung,
Inwardly mumbled.

MISTER X

I have a friend called Mr. X
In algebraic equation;
He jumps about from place to place
In many a situation,

His bosom friend is Mr. Y,
With whom he goes around;
But often we confuse them both,
And neither can be found.

Mr. Z sometimes comes too,
And he completes the three—
Though I called them friends before,
They're enemies to me.

Whenever these three want a game,
They hide themselves away;
Most students cannot sort them out,
Together let them stay!

FRIGHTENING THE FISHES

Two little girls named Ruth and May
 Sat by a shady pool one day;
 And in the water down below
 They watched the fishes come and go,
 As if at hide and seek they played,
 And of Ruth and May they were not afraid.
 Said Ruth, "If I touch the water—so,
 Do you think that a fish will bite my toe?"
 She dipped in her toe and the fishes fled.
 "Perhaps," said May, "They heard what you
 said!"

HUNGRY (A SAD SONG)

Eggs are nice.
 (What about mice?)
 Some like cheese.
 (Depends on the breeze!)
 Pies are corker.
 So's fried porker
 (With eggs). So are apples
 Which a bad boy snaffles.
 Spinach makes one tough.
 (What about fairy fluff?)
 I sometimes like potatoes
 And salads of tom-ay-toes.
 Some people like juice—
 I like it around goose.
 Ever tried sheep
 As tough as a jeep?

Chorus:

These are my thoughts tonight,
 To stop me would cause a fight.
 I'm sure you now can see
 I wish I'd had more tea.

 the reason for this haunting song?—Ed.]

IN THE MORNING

At half-past six in the early morn
 The roosters start to crow ere dawn,
 And waken the people in sleep profound;
 Other than this there is no sound.
 Very soon after the cocks have crowed
 The traffic starts to crowd the road,
 And busy people, bright and gay,
 Start again another day.

OLD ENGLAND

Three cheers for good old England,
 With all her might and fame;
 Warlike tribes from other lands
 Gave her a noble name.

Three cheers for good old England,
 Mother of all her lands;
 For her large and powerful navy,
 Which guards her gallant sands.

Three cheers for good old England,
 Best country in the world;
 It was, and ever shall be—
 Her flag shall ne'er be furled.

THE POET'S WAY

The Poet's Way is a lonely way;
 He's writing his poetry every day:
 Always thinking, and sitting alone,
 Cramped in fingers, and flesh and bone.

The Poet's Way is a weary way;
 While the sun shines he makes his hay:
 Sometimes wandering, half asleep,
 Always working, himself to keep.

The Poet's Way is a jolly way;
 He's always thinking of things to say:
 Sometmes gazing at the moon,
 Or the blazing sun of a summer's noon.

The Poet's Way is a happy way;
 He's always up at the break of day:
 He writes his poetry all day long,
 And goes to bed with a cheerful song.

THE DUKE'S VISIT

The Duke came driving down the street
 In uniform so trim and neat;
 It was a quite exciting treat
 To cheer and shout and stamp one's feet.

The charming Duchess came with him
 To see the crowds and hear the din;
 I waved my flag, we all joined in,
 Whilst sitting on a roof of tin.

The Duke stopped at the Adelaide Hall,
 To stand on a dais, fine and tall;
 He saw the Scouts, inspected all,
 And told them he'd enjoyed his call.

UN ODE TO FRENCH

Le francais, like mal de mer, or headache and
 despair,

Seems toujours to torment les petits garçons
 who declare

That agreement of les adjectifs, a thing that
 quite confounds,

Is worse than any simple thing like Latin verb
 compounds.

Le francais, o quel horreur, where masters sou-
 vent say,

"What are the words for clearness and for
 cleanliness and May?"

It's only boys who learn vocab. and miles of
 verbs beside

Who appreciate the uses of un petit suicide.

Le francais, o cette leçon-la, that makes les
 pauvres gars quake

When le professeur goes chattering on to keep
 us half-awake.

To learn its rules is trop horrible; we simply
 cannot stay.

It's too much of une chose terrible and keeps
 nous from notre play.

THE MILKMAN

How I'd love to be a milkman,
Riding gaily all day long;
Taking with me a big milkcan,
Singing, too, a happy song.

I'd get up before the daybreak,
Whistling loud a happy tune;
Then my busy round I'd make,
Be home before the noon.

No school work I'd have to do;
I've made my mind up what I'll be:
I'll deliver milk to you—

A milkman is the job for me.

HOME THOUGHTS FROM SCHOOL

Up in the morning bright and early,
To the sound of a bell? O no!
Far from the masters, stern and surly,
Free as the winds that blow.

Out to the bush where the rabbits lurk,
To look at the traps we've set:
That's the place for us to shirk,
And all our maths. forget.

Then home to a meal that's fit for kings,
Far from the boarders' stew;
Plenty of cream and turkey's wings—
How seems that life to you?

PEACE

Peace is coming, peace is near;
Let us sing, and let us cheer.
The boys come home to mothers dear,
For peace is coming, peace is near.

Peace is coming, peace is near,
So let's rejoice all you so dear;
Come and listen, come and hear,
For peace is coming, peace is near.

Peace is coming, peace is near;
Do not worry, do not fear:
The future is both plain and clear,
For peace is coming, peace is near.

HOMEWORK

When each day I leave my school,
I try to make a daily rule
To climb aboard an early train:
Spare time is what I strive to gain.

I know that if I get home late
(I still must work, as sure as fate!)
My hours of homework then begin
Amid the radio's ghastly din.

I try to settle down, and then
I find I must have lost my pen:
Dad's pen I'm not allowed to borrow—
Life is really full of sorrow.

Confound my work! I never would
At maths. turn out to be much good;
At English I am somewhat slack
Because I have no swotting knack.

I put my book away at last;
Homework's now a thing that's past:
Yet when at last I get to sleep
I dream of maths. and problems deep.

THE WINDMILL

The green corn waving in the vale
Is by the green grass hill;
I gaze across the paddock pale
And see the ancient mill.

Its hurtling sails cut through the air,
And make a mighty swirl;
Beside his door the miller's hair
Is ruffled all in curl.

Tireless, strong, his friend the wind
Is very brisk today;
He pants and puffs and blows to grind
All day and every day.

The miller gives the wind no thanks,
Nor even a kind look;
But leans beside the sacks, and ranks
The figures in his book.

A POET'S PAINS

In English now we have to write
A poem of sorts—should take all night!
One toils and worries hour by hour
(Oh! what is a word to rhyme with flower?)
And when the lyric looks O.K.,
When fast approaches dawn of day,
We fold it up and go to sleep
(Or, failing that, start counting sheep)
Till when from bed we must get up
And go to school like frightened pup
And show our poem, with mingled fear,
To Mr. Pinc-nez, overseer,
Who, marking it, will give us "quack,"
And say our work's "a bit too slack,"
And show a total disregard
For the poem on which we worked so hard!

THE TRAVELLER

Through the dark and gloomy forest,
Through the ever glistening snows,
The traveller sees the reindeer
As on his way he goes.

Through the wide and lonely prairie,
Through the ever grassy slopes,
The traveller sees the buffalo
And the peaceful antelopes.

So on his way down southward,
On the ever rolling sea,
The traveller travels onward,
A wanderer to be.

THE WILLOW

The willows waver in the breeze,
Their slender stalks are swaying;
The clean light winds come from the seas,
Brushing by trees decaying.

The finches build their little home,
And make it clean and soft;
They build upon the old tree's dome,
And sing their songs aloft.

Out of the tiny, speckled eggs
The baby finches break,
And see at first from the willow tree
The deep and shining lake.

A GARDEN

My garden is a jumbled one,
Of plants both big and small:
Cherry, plum and apple trees
Above the old stone wall.

I turn the soil with rake and hoe;
Plant seeds with great delight:
As days pass by they slowly grow,
Until one inch in height.

I plant my sister's favourite flower;
Its name is Aquilegia:
Although I do not like it well,
I do it just to please her.

The rain this week has done much good;
The first we've had for quite a while.
I like the winter best of all,
For watering plants, I find a trial.

My Victory garden's nice and green,
With vitamins it is complete:
The carrot, parsnip, pea and bean,
All help toward the near defeat.

ACROSS THE BAY

The sun was shining on the sea,
The waves were breaking on the shore;
The little ships sailed merrily
Across the bay.

The gulls were circling overhead,
Now soaring high, now dipping low;
Their life is free, they have no dread
Of wind and sea.

G. W. S.

A SAILOR

I'd like to be a sailor
Sailing o'er the sea;
Climbing in the rigging,
And drinking mugs of tea.

I'd like to be a sailor
Standing at the wheel
When the sea was very rough
And the ship did keel.

I'd like to be a sailor
Standing in the bow
While the sea was very high
And the ship her way did plough.

I'd like to be a sailor
Or something of the sort;
But I'd be glad to get ashore
As soon as we reached port.

SOME IVA BOYS

'A' is for Appelbee, whose tennis is bright;
'B' is for Brammer, whose hair is not white.
'C' is for Charlton, and Coates, too, I see;
And Chinner—I hope he won't Chase little me!
'D' is for Davis; would Davies be plural?
'Tis a name that, like Dawe, is suggestively
rural.
'E' is Elford—a sporting all-rounder;
It's not true that he is a bit of a bounder.
'F' is for Fricker; Oh, give him a horse
To ride with young Ferrett a race round the
course.
'G' is for Gray, and for Glastonbury too,
Who are always about when there's nothing
to do.
'H' is for Hill, and his learning is good;
I wish I had his sense in my block of wood.
'L' is for Lodge, and it's also for Lowe,
Only one of these two is gymnastically slow.
'M' is for Martin, and Miller as well;
Which one deserves most, I really can't tell.
'N' is for Newman—a bit of a colt;
I won't speak to a person who calls him a dolt.
'P' is for Pitman, whose swimming is fast;
If I swim against him I am bound to come last.
'R' is for Robertson—noble Boy Scout;
One good deed a day is his motto, no doubt.
'S' is for Stewien, a bit of a swot;
And also for Sheppard (I think he is not).
'T' is for Thomas, and for Temby too
(A runner—I must be respectful to you).
'W' for Wibberley, and Williamson too;
Their names are so long, so I guess that will do.
'X' is the number of boys I left out;
But I guess you will find them all hanging
about.

Preparatory School

We commenced the first term with a record enrolment and a complete staff. We welcome most heartily the Rev. C. J. Perry to our midst; all enjoy his helpful talks on Thursdays and Fridays. Leaders chosen are: M. G. R. Perry (captain), K. P. Scott, R. H. Bayes, D. P. Walker, G. E. Parker, R. W. Menz, M. S. Fricker and W. T. Cooper. We welcome these lads as leaders and wish them a successful year of service in the School.

It is with deep regret we record the death of Mr. W. T. Worrall. He was a man of kindly disposition and sterling character—ever ready to help anyone in need. In his all too short time in the School he won the very sincere affection of all.

We also send our best wishes for a speedy recovery and return to duties to Miss Murray and Miss Kloeden, who have been on the sick list for some weeks.

The boys have had an interesting term as far as outings are concerned. All senior forms visited the Children's Library. We take this opportunity to thank Miss E. Morley for her kindly help. Another treat the senior boys look back upon was our visit to the Town Hall, where Professor Bernard Heinze conducted a symphony concert for young people.

The IIIA boys greatly enjoyed their geography excursion to the sea-front.

Two representatives of the Y.M.C.A. paid us a visit and addressed the boys at Assembly, with the view of arousing their interest and help for Mr. A. Dennis, who is serving with them in a forward area.

War Savings and War Charities have received their usual support by the boys. Total amounts are: War Savings, £64/18/6; War Charities, £45/4/11.

We celebrated peace in Europe with a holiday. Let us not forget, if this peace is to endure, we must one and all apply ourselves more earnestly to the work that we are doing, and thus equip ourselves for the tasks that lie ahead.

And have a bit of fun.

GETTING READY FOR SCHOOL

Every morning at seven o'clock
I wake up from sleep with a start and a shock.
I open my eyes and jump out of bed,
And hurry inside to get bathed, dressed and fed.

I eat up my breakfast of bacon and eggs.
(I really should eat them to fatten my legs.)
I brush up my hair, and I pack up my books,
And dash to the tram with a few backward
looks—

To see if I've left my tram pass or lunch.
(The latter I hope I later will munch.)
I get on the tram and I sit myself down,
And travel a couple of miles towards town.

I get off the tram and I walk up the street,
And come to the Prep. on hurrying feet.
I get out my books for my lessons today,
And hang up my cap; now I'm ready for play.

SEASIDE

I went down to the sea one day;
I went on the jetty and was covered in spray.
The birds flew over and said, "Tweet, tweet";
And a foreigner said, "There is a sheep."

He meant a ship, of course, you know,
And it had come from a land of snow;
A tug was towing as hard as could be.
Then I went home and had my tea.

A LITTLE SHIP

A little ship went sailing
Upon the sea one day;
It sailed along until
It came into a bay.

And when it reached the shore
It was quite safe from harm.

Ah! now I know;
I'll count some sheep.

"A GOVERNMENT OF LAWS AND NOT OF MEN"

The Constitution of the Commonwealth of Massachusetts adopted in 1747 was the first Constitution to be written in the English language. In the chaotic period through which we have passed, and are still passing, it may be well to consider Article 30 of that famous instrument evolved by minds fully conscious of the teachings of history and at the very commencement of the period of the great advancement into the democratic way of life as known to us.

"In the Government of the Commonwealth the legislative department shall never exercise the executive and judicial powers or either of them; the executive shall never exercise the legislative and judicial powers or either of them; the judiciary shall never exercise the legislative or executive powers or either of them: to the end that it may be a Government of Laws and not of Men."

"TO THE END THAT IT MAY BE A GOVERNMENT OF LAWS AND NOT OF MEN."

No people who appreciated the significance of the truth contained in this declaration would tolerate any form of dictatorship. The tragedy of world war would not have befallen this age and generation if the citizens of pre-war Germany had understood its significance.

Is the importance of its implications still appreciated by the people of our own country?

The impact of the world war upon this country made it appear necessary or expedient to our sovereign federal legislature to surrender its legislative power in part, if not wholly, to the executive. This may have been justified in the unprecedented situation in which Australia then found itself. But even if then justified, and this is at least doubtful, it behoves us all to beware of the evils that may flow from

it and project themselves into the era which lies ahead at a time when it can be by no means justified other than in direct breach of our historic continuity.

Government by Regulation in essence consists of the wielding of legislative power by the executive.

After almost six years of war there are many signs that the power that was surrendered to the executive in time of emergency, and for that time only, has come to be regarded as something which the executive and its functionaries would seek to retain

There are even signs that the executive, having temporarily partially usurped the function of the legislature, would also seek to abrogate to itself judicial power, control over our judges and courts of law.

If this war has been fought, and is being fought for anything, it is surely being fought for the rule of just law as between the nations. Let us take heed and guard lest at the same time the rule of law within our nation be in any wise impinged upon.

It may well be that in the two centuries that have elapsed since Article 30 was fashioned, our society has evolved in such a way that the control of certain of our institutions should by law be placed in a status similar to judicial power and legislative power beyond the possibility of subservience to the temporary executive. It is unnecessary to mention examples of such institutions as they will readily occur to the minds of the thoughtful.

These matters all require careful thought and attention, as it is surely vital that the sacrifices in this war to end the dictatorships of our enemies should not be followed through indifference and neglect on our part by a species of dictatorship with all its attendant evils within our own country.

EDUCATION FUND

This fund is being raised for the purpose of educating the children (boys and girls) of Old Boys who lose their lives on Active Service. The response to this worthy object is very gratifying to your committee, and over £2,000 has now been subscribed, of which £1,600 has been invested in the Victory Loans.

Your committee hopes this fund will steadily grow during the ensuing year. Those who have not yet contributed are requested to give the matter their earnest attention.

J. H. Rowland, R.A.A.F., has also returned from abroad.

Dr. H. J. Edelman, 2/5th Aust. Fld. Amb., writes that he recently met Keith Cowling and Keith Davey.

R. W. Hone, 2/48th Btn., met several Old Boys in Queensland, including Mjr. Trott, Geoff. Chapman, A.I.F., and P. D. Coles (Brisbane).

Warwick Oates was thrilled when he met the King and Queen in a five minutes' talk at the Victoria League in London.

Correspondence has been received from J. N. R. Hendry, R.A.F.; P. R. Walter, A.I.F.; S. Harvey, Jnr., R.A.A.F.; and Jack Black, R.A.A.F.

Ross Stanford (49) and Graham Williams (53) contributed useful scores in the first Test Match in England, which was won by Australia.

W. G. Chapman, writing from New Guinea, considers it a wonderful place, but "best seen from the stern of a homeward bound ship." He appreciates the "Chronicle".

J. E. Hogarth, having completed his military service with the R.A.A.F., has now received his discharge.

J. P. Morgan, A.I.F., is with 2/9 Armoured Regt. He has been associated with Army Education.

Graham Williams obtained the first wicket in the Test Match, and secured 2 wickets for 56 runs in the first innings.

We regret to learn that the following have been wounded in action, and wish them a speedy recovery: W. F. Monfries, S. L. Dawkins and B. W. Hone.

In a further letter dated 9/5/45, R. W. Hone mentions other Old Reds, viz.: Bill Gilbert, A. G. (Spog) Rowe, Brian Jew, Darby Johns, Geoff. Chapman. Others in his area were Bob Craven, Clive Cooper and Geoff. Stokes. "Somewhere about in the Navy." His unit had just had their "baptism of fire".

Allan Crompton, R.A.A.F., who recently crashed in England, is making good progress towards recovery.

Amongst recent visitors to South Australian House, London, were A. K. Hill and W. R. Thompson.

Frank Collison, R.A.A.F., having completed his military service, has now received his discharge.

K. W. Mossop, A.I.F., having completed his military service, has now been discharged, and has returned to Littlehampton.

H. P. Newman, R.A.A.F., has returned to Adelaide after several years in India. He played in the first Test Match, R.A.A.F. v. R.A.F., at New Delhi. He received severe head injuries from a fast ball, and spent several weeks in hospital.

W. Wright, A.I.F., writing from New Britain, is in hospital with a sprained ankle, and Ron. Hunter is there also with a shoulder injury. He also mentions Lieut.-Col. Hone and Bill Mates.

We congratulate Alec Dawkins upon his promotion to Brigadier-General. He has served in Greece, Crete and New Guinea, and will be able to tell us many interesting things on his return.

Another recent arrival from England is M. E. Thompson, D.F.C.

ANNUAL SUBSCRIPTIONS OF OLD BOYS ON ACTIVE SERVICE

It has been decided that all Old Boys who enlist for active service will be maintained as members during the war, even though their subscriptions fall in arrear. In some cases it will be impossible for Old Boys to pay the subscriptions, and in other cases it may be practicable for them to do so.

Your Committee hope that those on active service who can will continue to pay their subscriptions. The "Chronicle" and other Association notices will be forwarded to all members, as previously.

COLLEGE ENDOWMENT FUND

Your Committee has decided that no special effort to augment this fund should be made during the present war conditions. The fund is still open and receiving contributions from time to time. In order to assist the war effort, your Committee is investing all surplus available money in War Savings Certificates.

THE SCHOOL CHAPLAIN

We were delighted to hear of the appointment of an Old Boy, the Rev. C. J. Perry, as Chaplain of the School and a full time member of the staff. Charlie, as he is known to so many of us, is surely the ideal man for such a position, and he will make the most of his opportunity. In addition to his great qualities as a minister of religion, many of us remember him as a champion footballer, playing for Princes, Norwood and South Australia. A Padre in both world wars, he is a man's man, who will be a great inspiration to the boys. We extend our heartiest congratulations to Chaplain Perry and to the School on his appointment.

PURELY PERSONAL

Mr. Jack Glover was first elected to the Association Committee in 1923, but resigned upon proceeding to England in 1930. He was re-elected to the Committee in 1936, and granted leave of absence whilst on Active Service with 2nd A.I.F.

Mr. J. H. Vaughan has been appointed Conciliation Commissioner in Domestic Affairs.

Mr. Sidney W. Smith, after obtaining his B.E. degree (Adelaide), was rejected by the R.A.A.F. for medical reasons, and proceeded to England. After serving four years with the Home Guard he proceeded to India, and is now employed in a large essential industry.

Dr. S. L. Dawkins has been appointed Commandery Commissioner for Australia of the St. John Ambulance Brigade.

Mr. J. F. Ward has received the following letter from Dr. J. Leon Jona from England, dated 21st March, 1945:

"I arrived from Palestine a few days ago, and yesterday morning a medical friend of mine telephoned me that there was to be a Memorial Service to Lord Dawson of Penn at the Abbey.

After the service, he said that he was going over to Guys, as there was to be a Memorial Service to Harold Chapple that afternoon, so I went with him. By a strange coincidence I had my P.A.C. tie on.

It was a beautiful service conducted in Guys Hospital Chapel by Canon Bardsley, of Southwark Cathedral nearby.

I am posting you along the Order of Service that you may be interested in a few details.

I haven't met any other Old Reds yet, but have no doubt I shall before I leave in a few weeks' time, although this morning I met Professor Kenneth Bailey, son of one old friend and Old Red (E. T. Bailey).

I had a most wonderful time in Palestine, where I spent two months on the way here, and hope to re-visit on my way to Australia.

It was a most inspiring experience, although I had previously visited Palestine on quite a few occasions.

If I can take a day off on my way through Adelaide, perhaps I could tell the boys something about it."

Dr. J. L. Rossiter, of Wesley College, Perth, in an address at Wesley Church, Melbourne, emphasised the need for a common creed as the foundation of a national system of religious education in Australian schools.

We regret to learn that Mr. S. W. Jeffries is ill in Epworth Hospital, Melbourne, and we wish him an early recovery.

The following represented this Association in the Old Scholars' Race at the Torrens Regatta: R. Ockenden, C. S. Hocking, S. Nicholls, D. Lavis, J. S. Heitmann, H. G. Oliphant, L. H. Hobbs, L. S. Heitmann and R. G. Turner; but Saints won after a good race.

We regret to learn that Mr. Clem Hill recently received severe injuries in a tram accident in Collins Street, and was admitted to the Royal Melbourne Hospital. We wish him an early recovery.

Sir Angus Parsons has tendered his resignation as a Judge of the Supreme Court owing to health reasons.

THE LATE DR. HAROLD CHAPPLE

It was with deep regret that we learned of the death of Harold Chapple, one of South Australia's most illustrious sons in the medical profession.

He was senior obstetric surgeon and gynaecologist to Guys Hospital, and was a Harley Street specialist.

He was a son of the late Mr. Frederic Chapple, a former Headmaster of the School, and left for Cambridge to continue his education, where he completed his medical course.

Mr. Chapple married a daughter of Sir Arbuthnot Lane, eminent English anatomist.

Although it is over 40 years since he left Adelaide, he did not forget his old School, and has made a bequest for the establishment of a "Chapple Scholarship" to commemorate his father's memory. We all appreciate this kindly remembrance of a great Headmaster.

A Memorial Service was conducted in Guys Hospital Chapel by Canon Bardsley, of Southwark Cathedral, and the following is the order of service: A Preamble; Hymn No. 402; Psalm 121; Lesson, Revelation of St. John the Divine, chapter 7, verse 9 to end; an Address, a panegyric; Prayers; Hymn No. 426; the Blessing.

MONTHLY LUNCHEONS

The Monthly Luncheons are held regularly on the last Thursday of each month at the Y.M.C.A. Rooms, Gawler Place.

The attendances have been well maintained, and all the addresses have been very interesting and instructive. Members of the Services on leave are especially invited to attend.

At the February Luncheon, Mr. Edgar Mann gave an instructive address on the "Principles of Banking and Exchange".

The Rev. E. N. Broomhead (a repatriated prisoner of war) told us of many interesting experiences in prisoner of war camps in Italy and Germany, and also gave vivid impressions of England under war-time conditions.

The "Early History of Port Adelaide and Shipping" was the subject of Mr. Vernon Smith's address at the April Meeting, and many interesting facts relating to the difficulties and trials of pioneers were related.

Old Boys' Week

The Committee of this Association has arranged with the Committee of St. Peter's Old Scholars' Association to abandon all inter-Association sports contests during the war.

THE FOLLOWING PROGRAMME HAS BEEN ARRANGED

THURSDAY, 26th July—Old Boys' Day at the College.

9 a.m.—Morning Assembly for Old Boys who attended the School 60 or more years ago.

1 p.m.—Luncheon.

SATURDAY—28th July—Intercollegiate Football.

SUNDAY, 29th July—11 a.m.: Old Scholars' Service.

Your Committee, in view of the many increasing difficulties of catering, manpower shortage, etc., has decided not to hold any other social function during Old Boys' Week, but hopes to make satisfactory arrangements later in the year.

The Monthly Luncheon for July falls within "Old Boys' Week," and endeavours are being made for a special Luncheon on that date, and for an appropriate address to be given.

It is hoped that members will appreciate these arrangements. Arrangements have now been made with A.B.C. to broadcast the Annual Service.

ANNUAL SUBSCRIPTIONS

Subscriptions for the year ending 30th September, 1945, are now due, and members are requested to remit promptly to facilitate the work of the Association.

As the amount of Annual Subscription, 6/-, is so small, it is suggested that members forward two, three or four years' subscriptions, thereby saving postage and exchange. The prepayments of subscriptions will also save the Association expense of postage, etc.

The work of the Association, on account of enlistments, war records, etc., has increased considerably, and your co-operation by prompt payment of subscriptions is requested.

RUGBY CLUB

After an interval of four years the Old Collegians' Rugby Club has been reformed, and the standard of rugby football already displayed by most players indicates a formidable team in the near future.

The Club has been exceptionally fortunate in securing the services of an Old Oxford Blue and Welsh International, Dr. J. James, as coach, and coupled with the excellent supervision of Mr. C. M. Bennett on the touchline, the team is quickly learning the finer points of the game.

In the first match, South Australian Railways were easily defeated by 14 points to 0. This proved quite a surprise, for there were only three experienced Reds in the team. The next match was easily won by Woodville 'A', 35 points to 3.

The third match again saw Princes' well in front, defeating Port Adelaide "B" by 56 points to 3.

The following week, however, Port Adelaide "A", with a heavy and experienced team, won by the large margin of 31 points to 3.

The next match was played on the School's grounds, where Railways surprised by winning 23 to 3. All the scoring was done in the first half, and in the second half a very good standard of play was seen. The scores were certainly no indication of the game.

The most outstanding player to date is Blair Neinaber, who has shown an extraordinary adaptability for the game of Rugby football.

The Club extends its thanks to Mrs. J. Von Sanden, who has promised to donate a trophy to the best player for the season, and for displaying such an interest in the team.

The season has only just started, and new players are urgently needed. Any prospective player is asked to contact either—
L. J. Perkins, 10 Esplanade South, Semaphore.
A. D. Harvey, 17 Henry St., Croydon, L4522.

Practice is held on Thursday nights at 5.15 p.m. on the School grounds.

NEW MEMBERS

The enrolment of new members still continues very satisfactorily, but your Committee wants every eligible Old Boy to join now and give the Association added strength.

If you know of an Old Boy who is not a member, send his name and address to the secretaries; or, better still, bring him along personally to join up.
