## Editorial

We, as Australians, can be proud of the fact that since the inauguration of a Federal Parliament in 1901, we have become a leading world power, despite economic disadvantages and the comparative youth of our nation. It is because of this that we are celebrating the jubilee of our Commonwealth Government.

Yet as we look back on this eventful half-century with its years of toil, war, depression and miraculous recoveries, we may wonder whether our efforts have not been in vain. Apprehensive lest the threat of a third and more terrible world war should be realized, some may be fearful. Despite the many errors of the past, however, the successes in scientific, medical and social fields atone for them, and if the saying "we learn by our mistakes" be true, then surely we, and mankind generally, have benefited from the past fifty years.

Australia's future is dependent upon the quality of her people, for our resources, although not yet fully exploited, are limited. In previous years Australia was essentially a primary-producing country but owing to the state of the world today, her existence depends largely upon the great industries which have arisen. Consequently there is a growing tendency for the population to gather in these industrial areas. Unfortunately the comfort and attraction of easy living provided by the city appear to be sapping the spirit and vitality which were so prominent in our forefathers. If, by some means, we can retain this pioneering spirit, then our future is assured, for if we can emulate their example, we need have no fears.

J. R. B.

## School Notes

The first term has ended. It is always a broken term, with more Inter-collegiate events and more holidays than any other, and this year we had, in addition, the Commonwealth Jubilee Holiday.

We were all very sorry that our Senior Mathematics Master, Mr. K. W. A. Smith found it impossible to carry on his work because of ill-health. He was a grand schoolmaster—a most efficient teacher of mathematics, a great moulder of character, a charming and helpful colleague and a loyal Princes' man.

We welcome Mr. W. A. Tregenza, M.A., Mr. J. E. Duff, B.Sc., Dip. Ed., and Mr. R. M. Fry, B.Sc. to the staff of the Big School. Mr. Tregenza, who is spending some time in South Australia, has had much experience in English public schools and was for many years a house master and senior modern languages master at Haileybury. Mr. Duff who has taken over Mr. K. Smith's work is a Sydney graduate with teaching experience in N.S.W., Kenya, and England.

Members of Conference were present at morning Assembly on Thursday, 8th March. We welcomed the new President, Rev. R. E. Stanley, who gave us an inspiring address for which he was thanked by Rev. R. H. Davidson,

a member of the College Council. Mr. Stanley attended P.A.C. as a ministerial student in 1909-10 and is now the minister at Kent Town.

At Assembly on 8th May, Mr. Geoffrey T. Clarke, M.P., gave an excellent short address on the significance of the Commonwealth Jubilee and handed to the Captain of the School the Australian flag, presented by the Commonwealth Government as a Jubilee gift. Mr. Clarke who is an ex-President of the Old Collegians' Association has done very fine work as Deputy-Chairman of the State Committee for the Jubilee celebrations.

Others visitors to morning Assembly during the term have been Mr. Thiyufilus, President of the Wesley Boys' High School at Azamgarh, India, Mr. Grant Berriman who left school in 1948 and who now has left to represent Australia in the World Junior Chess Championship, Rev. H. Alvey upon his retirement from the Kent Town Church and from active work in the ministry, and Dr. Paul White, perhaps better known as the "Jungle Doctor."

In our contests with St. Peter's College, we have had our best first term for many years. The tennis was very even, our team, captained by Faull, winning by the odd rubber. Congratulations to Mr. Luke on this our twenty-second success in twenty-four years!

Our crew was inexperienced, but lost by only a narrow margin in a fast heat after it had seemed for most of the race that we might surprise our redoubtable opponents—a good effort of which Mr. Frolich and Cooper might well be proud.

All P.A.C. supporters were delighted with the success of the Athletics team—our last victory was in 1939. Congratulations to Skinner and, indeed, to every member of a strong team. Congratulations also to the coach, Mr. Fuller, one of the younger members of our staff, who has done so much to arouse greater interest and enthusiasm in athletics. It was evident, despite the fact that he is an "Old Blue," that this victory gave him even greater pleasure than it did some of the more enthusiastic members of the Old Collegians' Association Committee present.

The Anzac Service was conducted by the School Chaplain, Rev. C. J. Perry before the close of school on 24th April. The address was given by Brigadier F. A. Burrows, D.S.O., M.C., M.M., who served with distinction in both world wars and was at both Gallipoli and Tobruk.

The School would express its gratitude to Mr and Mrs. A. J. Burdett who have endowed the IV C Scripture Prize and have given a substantial donation to the War Memorial Fund in memory of their son Geoff. Burdett, who last year was a member of Form IV C and whose death was reported in the last Chronicle.

## The late Mr. John D. Iliffe, B.Sc.

A Tribute from Mr. J. E. Langley, B.A., a former Colleague.

The passing of "Jimmy" Iliffe has left his many friends cherished memories of a life rich in service to his fellows. The inexorable march of time carries away with it much that we hold dear and would fain keep with us.

Mr. Iliffe came to the School as a boy in 1880, and soon showed a marked bent for science. In 1884, he gained honours in Physics in the Higher Public, and two years later, joined the College staff. He also became an active member of the University Scientific Society and was soon in demand for lectures on various scientific subjects.

By 1932 he had completed a half-century as boy and master, and in 1936 he ended fifty-one years on the teaching staff. In 1944 he came back to part time work. On Speech Day, Mr. Ward said of him, "Whenever we are in difficulty about masters, I know that as soon as I meet Mr. Iliffe, he will say 'I hear that you are in trouble; can I help you?' Since his retirement he has been back two or three times to help us out. It has been a delightful experience for me, who am one of the many hundreds whom Mr. Iliffe taught, to feel that we have such friendly co-operation from one whom I, like so many others, respect and love so deeply."

In his later years, he formed a close connection with Kent Town Church, where he found scope for the interest he took in his fellows.

On April 26, 1951, after patient endurance of suffering, the end came and a unique and attractive personality was taken from our midst.

As a teacher of science, Mr. Iliffe was one of the best. His pupils met with marked success in their University examinations. Not the least important of his assets was a voice of measured resonant tones that could command attention. As a disciplinarian he never showed undue severity. His belief in personal contact with his pupils as individuals was especially shown in geology excursions to beach or hills on Saturday mornings. Hallett's Cove was a favourite hunting ground.

With all of his colleagues he was 'persona grata,' and his arrival in the smoke room was always welcome and provocative of much genial banter. He was a good companion and always ready to render help and advice when needed; he would take a new-comer under his wing and soon make him feel at home.

The name of "Jimmy Iliffe" will long remain in the memory of hundreds of Old Boys who gratefully remember the influence his work and personality have had on their lives.

## Student Christian Movement

During the first term this year, we had five meetings, at which we were addressed by visiting speakers.

The Headmaster at a meeting of the Senior Boys, gave them a short history of the S.C.M., and told them of the part played by P.A.C. since its inception.

The first meeting for the term was addressed by Mr. Len Clarkson, who spoke convincingly on the well known text "Render unto Caesar the things that are Caesar's, and unto God the things that are God's."

Our second speaker was Rev. E. N. Broomhead, M.A., B.D., whose subject was, "The Crucifixion." He pointed out that the Crucifixion of Christ had had more influence on the world than any other incident in history.

Principal Dr. E. S. Keik was our next speaker, and he emphasized the fact that we should make ourselves images of Christ, just as coins are made with the King's image moulded on them.

At our fourth meeting, we were addressed by Padre Strange, who spoke on the work that is being done for the less fortunate people by his mission at North Adelaide.

Dr. Meinardus, a recent migrant to Australia, spoke on his work in a Negro Chapel in New Orleans, while he was visiting America. He was our final speaker, and gave a most interesting talk on his work as a minister.

We should like to thank the speakers who have addressed us during the term. Their talks were very much appreciated by those who attended the meetings.

During the term, an "International Evening" was held at M.L.C., so that we might meet our new field secretary, Miss Pat McGrath. In a short address to the representatives, she told us of the excellent work done by "World Student Relief." Also during the evening, items were presented by the various Colleges present. We are very grateful to Miss Harris for making available the M.L.C. hall.

## Scout Notes

This year scouting has progressed rapidly at P.A.C. All through the term recruits have been joining both scout and sea-scout troops so that we now have a record number of 65 enthusiastic members in four scout and three sea-scout patrols.

The official meetings are held on Friday nights, while Wednesday morning is devoted to a special course on first-aid.

We are glad to welcome, as additional scouters, Mr. John Ward (pioneering expert) and "Happy" Hoepner (expert) who have increased the leadership to five.

At last we have a scout den, where we store gear and hold patrol meetings. It was formed by simply clearing the pottery paraphernalia and the vast clay deposits out of the former pottery-room and inserting our cupboards there. Two quartermasters have been appointed to maintain order in the den and keep a check on gear.

The essential activity of the term has been first-class work. Our objective is to have every scout first-class as soon as possible, for, not only is it the minimum qualification for the big hike in Tasmania, but we are eager for a group of scouts of high standard. We must congratulate Roger Ali for being the first to become first-class, and John Buckland for gaining his second-class badge in three months.

The usual camp was held at Easter, this time at the Boy Scouts' Association Camping ground at Kuitpo. Camping was efficient, weather grand, H.Q. good-tempered, cooking delicious, the flag-pole elaborate and the tinned-apricots luscious. On the other hand the water was vile, the wide-game unsuccessful, the raft, H.M.R. "Submerge," incredible, and Mt. Magnificent difficult to find (?). The patrol competition was won by the Eagles. Here are some unsolved problems:

1. Which was right, the map or Mt. Magnificent?
2. Precisely what position in a camp-site does a gasometer hold?
3. Where did "Mo" (Vaughn) Nimon learn the words to "The Phantom Stage"?
4. Who was "Whiteface"? (The actual person involved?)

On Anzac Day there was a hike for camp tests, and the dozen participants passed over 20 tests between them.

The sea-scouts have had two week-end camps, boating at the Outer Harbour, and they would like to thank the Commodore of the Yacht Squadron, Mr. Rymill, for the delightful afternoon cruise in "Beth." They have progressed in the painting of their boat which still lies in its "port de carenage," the gymnasium,

Sea Scouts in the "Sea-Cub"

and for the possession of which we are indebted to Sir James Gosse and the Adelaide Steamship Co.

The biggest highlight of the term took place on the evening of Friday, May 4, when there were coincident meetings of the scout-troops and the Scouts' Parents and Friends Association; and both were honoured by a visit from the H.Q. Commissioner for Relationships, Mr. Colquhoun, the Chief Commissioner of South Australia, Mr. Rymill, and the Headmaster.

Thirteen scouts went to Port Lincoln in May for the Jubilee Rally.

In the second term we shall be competing for the Parker Cup in a two-days' hike; and, of course, there is the thrilling hike through some of the most magnificent country in the world, our trip to Tasmania in the Christmas holidays. The party, twenty in number, will spend a month covering most of the island. We shall hike 70 miles through the rugged Central Reserve and shall also tackle Cradle Mountain, Mt. Wellington and that formidable obstacle, Frenchman's Cap.

We should like to thank those who have given donations towards the maintenance of our troops, and we "are prepared" for another very successful year in scouting.

W. H. T.

## Prefects' Palaver

This year's prefects, under the capable leadership of Perry, have, with equanimity if somewhat blushing, taken up the honour thrust upon them. We are still housed in the confines of the battered and ancient, but still worthy Prefects' Room, the walls of which are still standing—but when a broom was brought into the room for the third time this term, the shock was too much, and the plaster above the door has begun to collapse.

It has now been unanimously agreed that such a thing should never be done again.

One of the greatest achievements by the prefects this term was the introduction of a door handle which actually works. This wonderful invention altogether overshadows the addition of a wireless (?) which was welcomed with "open ears"—but we are wondering just what effect and future it will have.

Suggestions put forward by some of the more energetic in our ranks include the improving and renovating of the Prefect's Room. Following the traditions of our predecessors, nothing has been done.

Our only case of sickness was that of Smith, of whose presence we were relieved for the last and the most peaceful fortnight of the term, through his contracting that childish complaint—chicken pox.

This term the school was over-run by a serious crime-wave. The dastardly sin of new boys failing to recite their songs by the appointed day was small compared with the more serious crime of not attending compulsory standard sports. We sympathise with future

head prefects in having to deal with this problem.

In the serious side of school life we were again well to the fore, but the position of Dux of the School has slipped from our grasp. However, we continue to dominate on the field of sport. Faull and Perry are to be congratulated on their fine performance in the Intercol. Tennis. Tiver was our only representative in the VIII, and the only other prefect to row in the Head of the River Regatta was Bailey, who stroked the open crew.

The School Sports again saw the prefects dominating. The feature of the day was the way in which the Captain of the School carried the school flag in the march past. Perrott and Smith fought an even contest for the School Championship, the former winning the cup by 1 point. Skinner is to be congratulated on leading the Intercol. Athletics team to victory, and for the fine part he played in our win. Smith, Perrott and Evans are also to be congratulated on their fine performance on the day.

Thus, with a successful first term behind, and having established control over our potential criminals we anticipate no further outbreaks of vice in the coming terms.

Perhaps someone can enlighten us on the following tricky problems.

- (1) What price second-hand cars?
- (2) What "ghastly creature" is in charge of that "motley" crew?
- (3) Who is running in his old man's shoes?
- (4) Who made the apology for the wireless?
- (5) What "does" Barrel do on Saturday nights?

## Cadet Notes

The year's work was begun with a camp for officers, N.C.O's and potential N.C.O's which was held under canvas at Fort Largs. We had a few cadets in "A" wing as they wished to attend an athletics camp, and the remainder in "B" wing. Our students did well in their courses and gained a good reputation.

With the commencement of the school year new enrolments brought our strength to 278, a slight decrease on last year. There are nine platoons, five in "A" company and the remainder in "B" company. "A" company's platoons include two specialist platoons consisting of tank-attack, signals, M.M.G., intelligence and medical sections. Cpl. Thomas has done excellent work in training the newly-formed medical section. All the personnel in these specialist platoons are progressing satisfactorily.

On the whole "A" company is giving only a mediocre performance while "B" company, is making excellent headway, as it did last year. Most of the cadets are keen and many are working hard to obtain promotions. The coming camp

in May, should improve the general standard of efficiency immensely.

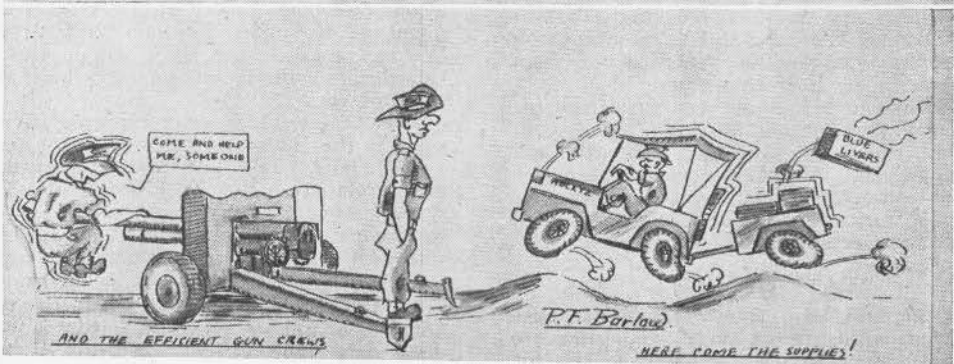

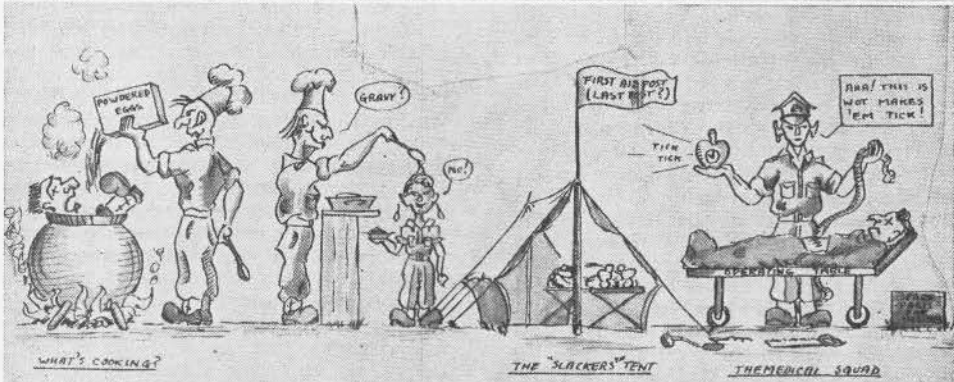

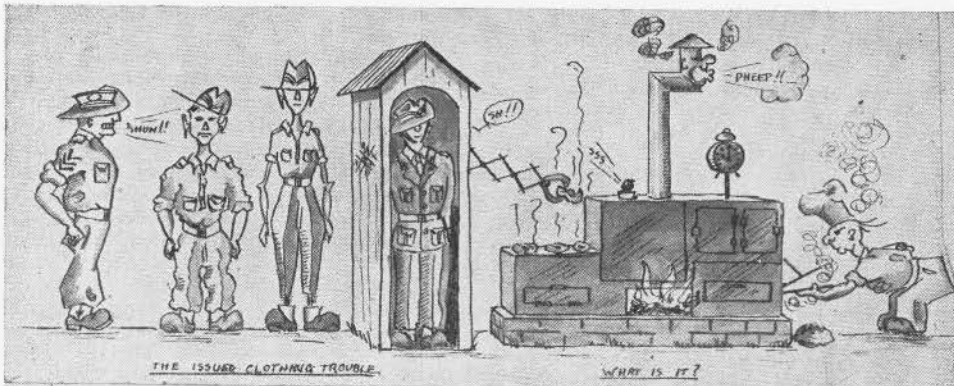

Much more effort is required from the "A" and "Q" staff to achieve an efficiency comparable with last year's.

An inter-house guard competition was held but unfortunately few opportunities for practice were available, as the commanders were given such short notice; consequently the standard suffered considerably. School House were prevented from participating owing to circumstances beyond their control. The results came as a surprise to some participants.

- (1) Waterhouse, (2) Cotton, (3) Bayly.

From these guards we shall select a guard for the coming camp, which will be of great benefit to all who attend, as cadet training is considered in the National Service call-up.

Our thanks are due to the A.R.A. instructors who have helped to get the unit under way this year and especially to Cpl. Baldwin, who helped our cadets at Largs.

## House Notes

### BAYLY

The house activities this term began with the election of the Committee, consisting of Ducker (Captain), Bailey, Johnson, Hall and Vandeeper. Of these we congratulate Ducker and Bailey on being appointed as School Prefects.

The first house competition for the year was the tennis, in which we performed surprisingly well in gaining second position, as Vandeeper was the only Intercol. player in our team. The Waterhouse team proved too strong for us in the final, and thoroughly deserve their success and our congratulations.

A greatly improved attendance at the "standards" this term enabled us to double the previous year's total number of points, and we were in quite a good position when Sports day arrived. However on the big day we enjoyed only moderate success, and finished third. We congratulate McIntosh for his great effort in winning 16 points for the House.

The Intercollegiate Rowing followed, in which Bayly House was represented by Humble. We congratulate him on his selection, but we are sorry that the crew were unable to regain the Blackmore Shield.

The final house event of the term was the Guard Competition in which only three houses participated. Our guard trained conscientiously under the leadership of Cadet Lt. Bailey, but were disappointed in gaining only third position.

The Intercol. Athletics Meeting was the next and final school event of the term and here we were ably represented by McIntosh, Mickan, Pullin, Richardson, Stevens, Hocking, Glastonbury, Pearlman. We congratulate these boys on their performances and in particular the team as a whole on its brilliant victory.

Our thanks to Mr. Smith and Mr. Leak for their encouragement and direction throughout the term, especially with our standards and house marching. Although Bayly House has been only moderately successful this term, we are looking forward with confidence to football and cricket successes in the following terms.

### WATERHOUSE

With the first term completed, Waterhouse House has settled down very well, and are well on the way to win outright the cup for which we tied last year. We are again fortunate in having Mr. Kurtz and Mr. Coombe as our Housemasters, and with the backbone of the School Prefects in the House, we are looking forward to another successful year.

At the beginning of the year, Perry was appointed Captain of the School and Prest, Vice-captain. We must congratulate them and also Crowe, Evans, Fuller, May and Skinner on being elected School Prefects. It was decided that all Prefects would be made house-committee members, and, on the boys' recom-

mendation, Day was also made a committee member.

Waterhouses again dominated in the field of sport. In the tennis, seven Waterhouse boys were included in the final practice squad, and of these Perry, Johnson, Day and Richardson gained a place in the victorious Intercol. team. This made the house tennis competition very uneven and we had a 4-0 victory both in the minor round against School, and in the final against Bayly. Johnson must be congratulated on his fine win in the School Championship. Congratulations must also go to Day who by his inclusion in the tennis won his merit badge. He has had remarkable success in sport, and while still under 16 he has represented the School in football, cricket and tennis.

The School Sports were a disappointment for Waterhouse. The results of the Standards were pleasing but on the day we were not very successful. Skinner, Evans, Torr and Dyke must be congratulated on winning their events. In the House Marching we again came second.

In the Intercol. Rowing, Waterhouse were well represented. Measday and Carter are to be congratulated for gaining seats in the VIII, and Litchfield, Harbard, Sampson, Sheppard, Gill and Gibson must also be congratulated for their inclusion in second and junior crews. This augurs well for a win in the House Rowing in the third term and we hope a greater interest will be shown in this than there was last year.

Waterhouse are again well to the fore in the cadets, and with a majority of the N.C.Os. in our ranks, and with Cdt./Lt. Wilson in command, we are hoping to retain the Cadet Shield. We had a good start by a win in the House Guard Competition, but on the whole the win was not very impressive.

This year we had fewer representatives than usual in the Intercol. Athletics. Evans, Sweeny, Little, Dyke, Gray, Torr and Hambly must be congratulated on their inclusion in the School's Athletics team; special congratulations must go to Skinner, who captained the winning Intercol. side. All these boys performed exceptionally well, and played a great part in our grand win.

On the scholastic side of school life, Waterhouse was not so prominent. We could produce only four duces — Sheppard (Vu C), Lithgow (VL A), Clark, R. A. (VL B), and Thompson (IV C) — but we are hoping for better results in the second and third terms.

### SCHOOL

Once again School House has begun the year in a most successful manner. Doug. Smith has been chosen as Captain of the House and he is well supported by his committee members B. L. May, J. L. Menadue, I. J. W. Pearson, P. L. Silver and M. A. Tiver.

Our House again demonstrated some of its

fine sporting talent by furnishing four of the eight in the Head of the River Regatta. Although a new system was introduced by the Sports Committee in reducing the total value of the standard points to only a small percentage of the actual total gained, we were still victorious on Sports Day and carried off the keenly contested cup. Congratulations to Smith, Smallacombe and Kay for their fine performances throughout the day. Smith was elected Vice-captain of the Intercol. team which beat the Blue and Whites this year.

Our good average was somewhat upset by our performances in the House Tennis and House Guard Competitions. In the former we were rewarded for our fine display of tennis by securing the "wooden spoon." There was a slight misunderstanding over the House Guard Competition, however. The School House representatives were not allowed to compete, as many of them were without uniforms, a fault for which they are not to be blamed since it is due to a shortage of uniforms.

On the 28th of April, sixty of our boarders were invited to M.L.C. to participate in a debating evening. Our senior team, consisting of Silver, Allanson and Nosworthy, was slightly outclassed, but "Sid" Catford and his junior crew retaliated by winning their discussion in a light-hearted, and at times humorous manner.

We must congratulate Menadue, Greenslade, Smyth, McBride and B. Greenslade, who did so well to top their respective forms this term.

### COTTON

At the first meeting of the House the committee members were elected as follows:

Perrott (Captain), Faull, Preece, Ekins, and Cooper, M. J.

During this term the house has been very successful in all activities. The first to occupy our attention was the House Tennis, in which we gained third place, due mainly to the efforts of Faull and Sumner. These two are to be congratulated upon their play in the Intercollegiate

Tennis Match. Again this year, Princes was captained by a Cotton man, namely Faull, whose outstanding single was a highlight of the day.

As in the tennis, so with the rowing. Cotton again provided the captain, (M. J. Cooper, Captain of Boats). Our two members in the eight, Cooper, No. 2 and Hoepner, No. 4, are to be congratulated on their performance. Other members to gain inclusion in the crews in the regatta were Cooper and Silk.

The School Sports, held on April 14th, showed other houses what we can really do. At this stage it must be said that, if all members of the house had tried for their standards, School House would not have seen the way we went. The fact that we gained second place reflects credit on those who participated. Congratulations must be extended to Perrott, who won the Senior Cup, and to Wicks for his victory in the Under 14 Championship.

With the Intercollegiate Athletics so fresh in our memories, it is not necessary to point out that our chaps formed the backbone of the victorious P.A.C. team. Twenty-five points out of a total of ninety-seven were gained by our members, who were: Perrott, Preece, Ekins, Bloxham, Wicks, Cooper, P. R., Cooper, M. J., Hopkins, Wallace, Lathleen, McKay, Nicholls. Congratulations, fellows, upon scoring more than a quarter of the total points.

The Cadet Unit has been improved tremendously by us and this can be seen by our prominence in the House Guard competition, in which we gained second place.

Cotton has not only shone on the sports field but has shown its prowess in the class rooms where many members fill top positions.

With these qualities we can confidently prophesy that, as a House, we shall certainly fill first place in the competition.

In conclusion, we should like to thank our Housemasters, Messrs. Mutton and Laurie for their help and interest.

## Library Notes

This year the Memorial Library is being completely reorganised. This was necessary because of the numerous systems of classification previously used, and with the co-operation of the Master-in-charge, Mr. W. L. Davies, a great deal has been done to unify the classification system.

A number of books have been rebound and several additional books have been presented or purchased. These are: "Leaving Chemistry," by R. T. Smith (presented by the author), "Early Victorian Novelists," by Lord David Cecil, "Here My Son," by Bean, "Golden Miles," and "The Roaring Nineties," by Katherine S. Prit-

chard (presented by the authoress), "Music and Religion," by Brian Wibberley, Mus.Bac. (presented by Mrs. Wibberley). In addition to these the January, February and March copies of "The Reader's Digest" have been purchased. A number of magazines, including "Discovery," have been placed in the Sixth Upper room, since they were of most use to Leaving Honours students.

We have also to thank Mr. J. E. Langley for a valuable gift of some 40 volumes and the Misses H. and M. Roberts, of East Adelaide, for 75 volumes, all of which form a very useful addition to the library.

## Club Activities

### ART

This term has produced no master-pieces of art, but everyone has enjoyed himself. Only two boys out of the seventeen members are prepared to visit the Art Gallery, since the others are interested only in drawing cars, animals, and caricatures.

The officers for this term are: President, Schneider and Secretary, Bradey.

Unfortunately our esteemed secretary remarks that members appear to hide themselves on his approach. If these persons co-operated by denying themselves a treat at the milk bar, or the tuck-shop, and by means of this self denial became financial members, I am sure our club would progress towards the desired end.

During the next term, with the help of Mr. Fry, I think the boys will make greater efforts to improve their artistic knowledge.

I. N. G.

### SENIOR DEBATING

With the inclusion of the VIU form the society commenced its new year with a strong representation of senior boys. The constitution was revised and officers were elected to their respective positions. The offices filled were: President, S. L. Skinner; Vice-President, M. D. Perrott; Secretary, P. A. Barclay; Minute Secretary, C. L. Watson; Committee-member, T. J. Sweeney.

We began the term with a discussion on "Science v. Arts." This was followed by an experimental debate on that subject. The following meeting was occupied by prepared short speeches on topics of general interest. During the following week a debate on the subject "That Public Exams, are necessary" was presented. The three consecutive meetings were used for the presentation of a Mock Court in which all the Court formalities were executed quite successfully and the experience was gratifying to all who took part in it.

The society has run smoothly and correctly under the able supervision of Mr. Dennis, but we should like to stress the importance of members. An increase in membership will create a greater enthusiasm for debating in the School. Thus we invite every one of you to our society and ask you to support a vital branch of our school life.

P. A. B.

### CHESS

This term teams from our club played in the newly inaugurated Inter-school Chess Association against other schools for the first time. We had one team in the A grade, and one in the B grade, and participated in the meetings every fortnight. The A team had one win and three losses, while the B team won two matches

and drew two. As a result of these matches added keenness has been shown in the club.

Dr. Ellis has put the boys into two groups, and is running a tournament for each group. This term we had a visit from Grant Berriman, one of our old boys, prior to his trip to England for the World Junior Chess Championship. After giving us a short talk on "Combinations," he consented to a simul against 15 players, but time permitted only one of these to be concluded: In this, Ross Johnson, using a new move which Dr. Ellis had shown us a few days before had Berriman in a heap of trouble, and he very generously resigned. Grant afterwards commented on the capacity of our players and said that he had counted on Johnson not knowing the particular move he used.

At the moment we have nearly enough sets for everyone, and when all of the 2/- subs. have been received, we shall be able to procure 3 or 4 more sets.

W. E. M.

### MODEL AEROPLANES

The Model Aeroplane Club was continued this term and several successful models were made. Mr. Mutton's interest and advice were of great assistance, and those who originally knew nothing about model aeroplanes, now have a fair idea of cutting and modelling.

Smallcombe and Blockley were the main workers, and both made some excellent models. Blockley's free-flight with a six-foot wingspan and a Mark 3 E.D. engine, came fourth in the scramble flights at West Beach. Although the Club has some very industrious workers more interest could be shown, and we hope that for the rest of the year, added interest will make the club one of the most successful in the school, and we are sure that Mr. Mutton's helpful supervision and interest will make this possible.

G. H. S., D. A. S.

### LEATHERWORK

This year the Club was divided into two sections. Mr. Hart has taken charge of the boys who are beginners, and Mr. Provis has taken charge of those with some experience in the work.

Mr. Provis's Club started the year by making purses or comb-cases, while some of the more experienced boys made camera cases, brief cases and wallets. McKay and Rundle were appointed secretary and treasurer respectively, and a committee was formed. Considerable progress has been made, and the members of the club would like to thank Mr. Hart and Mr. Provis for their work and instruction.

T. J. R.

**DRAMA**

One of the plays being produced this year is "The Housemaster," a comedy in three acts, by Ian Hay. Mr. Coombes is directing this play and we are hoping that it will be a great success. It will be staged some time during the second term and will be acted on a public stage, as the school's is not large enough.

The characters have been chosen remarkably well, and each player seems quite natural in his part. The Housemaster is played by David Evans, and those who have seen him act will agree that he is a natural and versatile actor. The "heroine," Barbara Fane, is played by Peter Barclay, who is well suited for the part of a fussing, responsible aunt. The rest of the cast is numerous, but each person is playing his part well, and in the words of Mr. Coombes "If everyone acts normally we shall meet with outstanding success."

Two other groups under Mr. Laurie and Mr. Goodenough have also made considerable progress with their plays.

B. M. H.

**WOODWORK**

At the commencement of the year twenty-one boys were selected to form the Woodwork Club. Under the guidance of Mr. Inglis this group has progressed very favourably and many fine models have been made. Amongst these models Australian Mulga wood book-ends and ashtrays seem most popular. Some boys have tried their skill at making jigsaw puzzles, and many have obtained successful results, whilst a few keen yachtsmen have turned their efforts towards model boats. The boys of the club would like to thank Mr. Inglis for imparting much valuable knowledge, which has been of great assistance.

**STAMPS**

We are very thankful to Mr. Dunning for so readily taking on the position of Patron of our club, as Mr. Laurie had to leave us after the first few weeks. At the first meeting Conigrave was elected President, G. A. McKenzie, secretary and Peter Nimon treasurer. The term has been mostly devoted to exchanging and selling stamps. Not long ago we sent back the approval sheets which we had received from Stanley Gibbons in London, after we had sold a considerable number of stamps. Our membership is 33. Next term we are hoping to have some auction sales and talks by well-known old boys of the school.

G. A. M.

**PHOTOGRAPHY**

This year the Photography Club has made further progress. With a membership of over forty, Mr. Fuller, the master-in-charge, decided to divide the club into two groups. The senior boys have been working in the two dark rooms, printing and developing films, while the junior members have been attending the illustrated lectures of Mr. White. These lectures cover all aspects of photography, and we should like to thank Mr. White for his valuable assistance.

D. M. S.

**LINO. PRINTING**

The Lino Club, under the able and helpful guidance of Mr. Kurtz, has been active again this term. Its fifteen members are very enthusiastic and eight scarves have been printed. At the moment we have three popular designs—birds, autumn leaves, and aborigines—but we intend adding to these, and next term some of the more advanced members hope to print tablecloths.

T. J. N.

**RIFLE CLUB**

This club was formed again this year and consists of fourteen members and the Master-in-charge, Mr. Johnston. The committee was elected as follows: Captain, J. R. Bailey; Vice-Captain, D. T. Preece; Secretary-Treasurer, J. T. Wilson. We have sent only one team to Keswick so far this year, and they did quite well. Due to the various sporting fixtures many of the better marksmen were unable to attend, but we look forward to excellent results in the coming practices.

**JUNIOR DEBATING**

If we had any visitors to our club, perhaps they would hear a future member of Parliament speaking, even though we look everywhere except to the front and sway on our feet. But we know what we should do.

A programme was drawn up by the committee this term and we had eight meetings. We had impromptu speeches on three occasions, two debates and three sessions of prepared speeches. The lower-fifths acted as chairmen, but next term the fourths will be given a chance to conduct the meetings.

A committee was chosen, the members being Cameron, Edwards and Jenkin and they have performed their tasks very well. We should like to thank Mr. Potts, the Master-in-charge, for his helpful advice. The members have been very enthusiastic and we hope that the interest in the club will be maintained throughout the year.

## First XI

A feature of this term's cricket has been the keenness shown by all teams, and the high standard maintained by the First XI, which was runner-up in the Adelaide Turf Cricket Association this year. Much of the team's success has been due to the lion-hearted efforts and excellent form of the Captain, Myles Fuller, but he has been ably supported by a well-balanced team.

At the beginning of this term, Myles Fuller and "Mike" Perry were again elected Captain and Vice-Captain respectively, and colours were awarded for 1950 to Hall, Bridgland, and Watt.

### Feb. 10 and 17th.—P.A.C. v. Sturt.

This match was the first of four in which our captain lost the toss. Sturt batted first and after a long stand by their middle batsmen they compiled a score of 275. In reply we made 256 for the loss of 8 wickets thus effecting a draw.

Sturt 275 (Hall 4 for 68), P.A.C. 8 for 256  
(Fuller 102, Perry 95)

### Feb. 24th and March 3rd.—S.P.O.C. v. P.A.C.

S.P.O.C. elected to bat but they could not withstand our accurate bowling and were soon dismissed for 92. Our batsmen batted solidly and we closed our innings at 5/224. In the second innings S.P.O.C. scored 2/51.

S.P.O.C. 92 and 2 for 51 (Little 4 for 15),  
P.A.C. 5 for 224 dec. (Fuller 80 n.o., Ducker 67)

### March 10th and 17th.—P.A.C. v. S.P.O.C.

This was the semi-final and because the 1st team on the premiership list had to play the 4th, we again opposed S.P.O.C. Their batting was considerably strengthened by the addition of an "A" grade player but even so we dismissed them for 134. We were all out for 194 after passing their score comfortably.

S.P.O.C. 134 (Fuller 4 for 35, Hall 3 for 30,  
Lyon 2 for 44) and 4 for 139 (Fuller 2 for 16)  
P.A.C. 194 (Day 74, Fuller 40 n.o.)

### March 24th and 31st.—P.A.C. v. Sturt.

Sturt won the toss and sent us in on a dangerous wicket which, at one end, had no less than four different varieties of grass. Only three of our batsmen reached double figures which accounted for our poor first innings score of 129. Sturt used correct tactics in their innings by attacking the bowling vigorously and at the end of the first Saturday they declared at 6/227.

To make matters worse rain fell throughout the week and on the Saturday, because of the wet wicket, Sturt had no difficulty in dismissing us for 106. By gaining this outright win Sturt won the "Adelaide Turf Association" premiership from us by one point—58 to 57. We would congratulate them on the high standard of cricket played.

P.A.C.—1st Innings, 129 (Fuller 56, Menadue 38 n.o.,  
Ducker 17)  
2nd Innings, 106 (Menadue 23, Little 23 n.o.,  
Fuller 19)

Sturt 6 for 227 and 0 for 9 (Fuller 5 for 87).

## Second XI

This term was quite successful for the 2nd XI in that it won two out of the three matches played, the only loss being to Saints U16 XI. The most consistent players for the season were Mickan, McIntosh, Gann and Crowe.

### RESULTS

Second XI 183 (McIntosh 56, Johnson 48 ret.), defeated P.A.C. Under 16 XI 6 for 181.

Second XI 146 and 8 for 58 (Crowe 30, Mickan 26), defeated C.B.C. First XI 113 (Preece 3 for 26, Gann 2 for 3).

Second XI 170 (Mickan 52, Gann 47), lost to S.P.S.C. Under 16 XI 203 (Crowe 4 for 75, Cox 3 for 45).

## Under Sixteen

We have had a good term, losing narrowly to the Seconds, tying with Immanuel and defeating A.H.S.

Paterson's performances were outstanding and Cook performed well. Dunn's fielding was consistently good while Perrott and McIntosh aided us materially in one match.

We here thank Mr. Fry for his coaching and general supervision.

### RESULTS

P.A.C. Under 16 XI 181 (Paterson 60 ret., Menadue 57 ret., Waters 33 ret.), lost to P.A.C. II 184 (Cook 3 for 27).

P.A.C. Under 16 XI 165 (Perrott 47, Paterson 36, Cook 32), tied with I.C. 165 and 112 (Paterson 4 for 29 and 3 for 23, McIntosh 3 for 26, Hopkins 2 for 23 and 2 for 31).

P.A.C. Under 16 XI 144 (Paterson 75), defeated A.H.S. 73 and 3 for 66 (Cook 5 for 21, Paterson 3 for 22, Hocking 2 for 12).

## Under 15

Captains—U15 Reds—W. Lathlean  
U15 Whites, M. D. Whittam

This season the U15 teams had to be divided into two equal teams, Red and Whites.

Both teams wish to thank Mr. Coombes for his keenness and very good coaching.

Details of the matches played by the U15 Whites—

U15 Whites v. U15 Reds (February 17th)—Reds 88. Whites 96 (Forrest 24 n.o.).

U15 Whites v. S.P.S.C. (March 10-17) (Played at Saints)—Whites 9 for 200 (decl.) (Pope 46, Whittam 44, Hilder 33). S.P.S.C. 117 (Whittam 4 for 17, Forrest 3 for 3, Hogarth 3 for 14. P.A.C. (second innings) 5 for 55 (Hilder 18).

Challenge Match, 31st March and 7th April—Whites 168 (Whittam 42, Hilder 35, Pope 25). Reds 117 (Hilder 3 for 18).

## Under 14

The "A" team was very successful winning three out of the four games played.

P.A.C. v. S.H.C.—A tie, both sides scoring 87 (Wicks 55 n.o.).

P.A.C. v. Immanuel—We won, 107 to 68 (Wicks 38; Pearlman, Pledge, Glastonbury each took 3 wickets).

P.A.C. v. C.B.C.—We won, 144 to 95 (Pearlman 53 n.o.; Anderson 5 for 25 including hat-trick).

P.A.C. v. Saints—We won, 126 to 119 (Paterson 32 n.o.; Ashby 5 for 35).

The "B" team, captained by Giffen, had an enjoyable term's cricket. We again tried to give everyone interested a chance to represent the school. We must thank Mr. Provis for his enthusiastic coaching.

### Under 13

This year the Under Thirteens are a large and enthusiastic group, with a good sprinkling of most promising cricketers. Interest has been so keen, that in order to foster this interest we have found it necessary to field sometimes two and sometimes even three teams. This certainly promises well for the future of cricket at P.A.C.

Ducker has proved an excellent wicket keeper, a useful and very promising batsman, and a very satisfactory captain. Walker (vice captain)

should develop into a very fine cricketer, but this year has not done quite as well as was expected. Whittam, who bowls a cunning leg break, has been the most successful bowler, and has batted well. Others who have also met with success include Lewis, Alexander, Gniel and Fee.

Of the four matches played by the A team, two were won (against S.H.C. and C.B.C.) and two lost (against A.H.S. and St. Peters).

In the third term it is hoped to field two teams regularly every Saturday, so that all who want to can take part.

P.A.C. 5 for 86 (Lewis 44 n.o.), defeated A.H.S. 8 for 82 (Whittam 6 for 31).

P.A.C. 108 (Alexander 27), S.H.C. 8 for 97 (Walker 3 for 15).

P.A.C. 96 (Whittam 51 n.o.), C.B.C. 74 (Whittam 3 for P.A.C. 9 for 125 (Whittam 32 n.o.), S.P.S.C. Prep. 134 (Fee 4 for 25).

## Tennis

This year the School Tennis Championship was held in the last three weeks of term. There were forty-two entries and the competition was keen. In the early rounds Hocking and Mcintosh played well against Day and Sumner respectively with the two Intercol. players winning narrowly 9-8 and 9-7.

In the quarter-finals there were two minor upsets when Richardson defeated Day 9-8 and Vandeeper defeated Perry 9-8. Richardson and Faull played off in the first semi-final and Faull was the winner 6-1, 6-4. In the other semi-final Johnson playing strongly defeated Vandeeper in a good match 6-5, 6-3.

In the final Johnson played very well to win the first set 6-2. Faull took the next set 6-3, but Johnson playing brilliant tennis won the deciding set 6-0.

### THE INTERCOLLEGIATE MATCH

The annual tennis match was played at the Memorial Drive Courts in ideal conditions on Saturday, March 31. In the first round our first double, Faull-Perry, met Saints third pair; our second double, Johnson-Richardson, met Saints first pair and our third double, Day-Sumner, played their second pair. Our first double combined well and won in straight sets—6-2, 6-4. Day-Sumner had a very interesting tussle against Muecke-Bungey, winning narrowly 6-5, 6-4. Johnson-Richardson began brilliantly against Matz-Bowman, but the St. Peter's pair settled down and with accurate tossing and smashing took the rubber, 6-4, 6-3. Thus at the end of the first round, Princes had gained that extra rubber which was to mean so much later on.

The second round saw the 4th, 5th, and 6th singles played, with some unexpected victories going to our rivals. Richardson began well

against Forster but the Saint's player fought back gamely after losing the first set 6-4. Moving forward to the net he "killed" Richardson's tosses and took the next two sets, 6-4, 6-3. On the centre court Day, our fourth player, quickly won his match. He hit the ball firmly and with well-directed placings ran out an easy winner, 6-2, 6-3. Sumner, our sixth string, proved a disappointment after his great game in the doubles. His opponent by cautious tactics allowed him to make the mistakes and so defeated him 6-5, 6-4. Sumner certainly redeemed himself in his doubles display later on. At the end of the morning each side had won three rubbers. Early in the afternoon the main attraction was the meeting of the first doubles on the centre court. Here Saint's pair showed their superiority and by steadier and more consistent play won a closely fought rubber 6-5, 6-3. Johnson-Richardson played their best tennis for the day in this round, overwhelming Saints second pair, 6-0, 6-1. Day-Sumner began somewhat uncertainly against Saint's third double. After losing the first set 6-5, they recovered brilliantly to win twelve games in a row and gained the rubber 5-6, 6-0, 6-0. Next followed the three main singles matches. Faull and Matz staged the best match of the day. This gruelling game went to 11-9 in the third set before Matz gained the rubber. Matz must be congratulated on his splendid win. Johnson failed to settle down against Bowman who won 6-1, 6-3. This rubber was more even than the scores indicate. Playing very forceful tennis Perry won his single 6-5, 6-1, thus equalising the scores at six rubbers all.

Now began the last and decisive round. Faull-Perry, matched against Saint's second pair, took the first set 6-3 and then playing more strongly won the second set 6-0. This gave us a lead of one rubber and with increas-

ing excitement we watched the issue of the two remaining doubles. Johnson-Richardson rose to the occasion and playing better tennis than their opponents took the vital set, 6-4, 4-6, 6-2. Day-Summer were not to be outdone. They played as if the whole match rested on their shoulders. They won the first set from Matz-Bowman—the only set that this pair lost throughout the day—but then the Saints rallied and took the rubber, 5-6, 6-5, 6-3.

Scores: P.A.C.—8 rubbers 19 sets.  
S.P.S.C.—7 rubbers 16 sets.

Princes proved to be a more evenly balanced side than Saints, who owe much of their fine performance to Matz and Bowman. Faull deserves special mention for the way he captained his side and for his sterling performance during the day.

#### Critique

**Faull, J. F. (Captain)**—An aggressive player with a sound service and an excellent forehand crosscourt drive. Must learn to steady himself when he volleys and smashes. Has been a conscientious captain.

**Perry, M. G. R.**—An attacking and forceful player with a powerful forehand, serve and smash but is sometimes inconsistent. Played well in the intercol. and is to be congratulated on his fine singles win. His keenness and enthusiasm have done much for the welfare of the team.

**Johnson**—A promising player with a powerful and consistent forehand drive. He plays a good general all-court game with his service as his only weakness.

**Day, I. D.**—A steady and reliable player who plays many brilliant shots. Possesses a fine fighting temperament and played well in the intercol. He drives, volleys and smashes well but is inclined to be too erratic with his service.

**Richardson, B. G.**—A consistent left hander who is a difficult opponent. Has a well controlled forehand and service but his backhand needs attention. His net play is generally effective.

**Summer**—A young and promising player who has shown exceptional ability in his doubles play where his volleying is an outstanding feature. Too inconsistent for successful singles play.

## Rowing

Rowing began this year with a party of fourteen attending a twelve-day camp at Murray Bridge. Unfortunately the coach, Mr. Frolich, was unable to attend. However we extend our thanks to Mr. Rex Pike, the M.B.R.C. secretary who assisted us through a critical training period. We are also grateful to M.B.R.C. for the loan of their boat-house and boats.

As a pleasant interlude we witnessed the Jubilee "Sturt" party being escorted down the river to be officially received by the Governor of S.A. and the townspeople. We express our appreciation to Mr. Harry Beauchamp and family who looked after us, provided excellent meals and assisted in numerous ways. Later, M. J. Cooper was elected Captain of the Boats and was assisted by M. A. Tiver, R. T. Bailey, D. S. Humble and G. M. Measday as committee-men. To supply a long felt want our boatshed on the Torrens received a face-lift during the holidays.

A week before the Schools' Regatta, our three senior crews gained valuable experience at the Metropolitan regatta and although we failed to win an event all the finishes were very close. The Eight, particularly, showed great promise.

We desire to thank Mr. G. M. Potts who at all times and in all weathers has been down at the river assisting, advising and encouraging the crews. To Messrs. F. J. Frolich, K. L. Morris, D. W. Perry, M. P. Tidley and Dr. B. C. Rennie we also tender our grateful thanks.

#### Critique of Crew

**Bow: Walker**—Came into the crew with little experience, but was conscientiously trying to improve himself and became a very sound member.

**2. Cooper (Captain)**—One of the mainstays of the crew, was working all the time in the interests of the others and was a great help with his experience.

**3. McTaggart**—As with Walker he came with little experience and gave everything he had at training and the race as well.

**4. Hoepner**—Connected the top end of the boat to the bottom end extremely well and with more experience will make a really good oar.

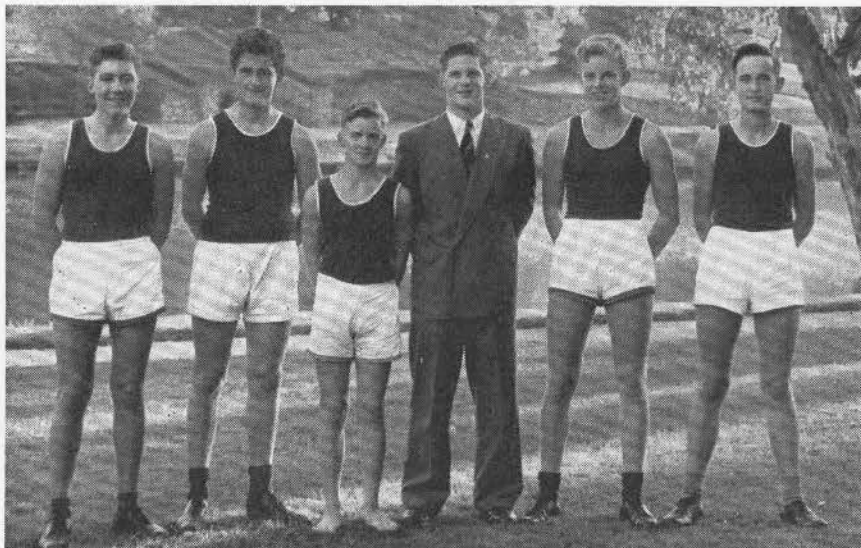

**5. Bailey**—One of the most conscientious oars; helped greatly with his experience to blend the crew together.

**6. Carter**—A natural oarsman, improved day by day and became the smoothest member of the team.

**7. Tiver**—The most powerful member of the crew; was one of the biggest assets of the boat and a great help to the coach.

**Stroke: Measday**—A natural stroke, with an easy swing and racing temperament. One of the best in the boat.

**Cox: Humble**—A worthy member of a keen rowing family, coxed an excellent course and kept his crew well together.

### HEAD OF THE RIVER REGATTA

The Head of the River was held on Saturday, 21st April. It was a cloudy day with very little rain in the afternoon. Excellent times during training and a creditable performance in the Metropolitan Regatta augured well for our chances in the main race.

The Under 15 Tub Slides rowing against Adelaide High in the second heat rowed strongly and were unfortunate in being beaten by four feet. The Under 16 Tub Slides showed their superiority by winning from Scotch by two lengths. One of the best races of the afternoon was the struggle between our Open Tub Slides and St. Peter's. Amid hoarse barracking from both schools we regained the half-length lead held by Saints with a terrific finishing spurt to be beaten by two feet.

In the second heat of the clinker fours we rowed very strongly and pulled away from A.H.S. to win by seven lengths.

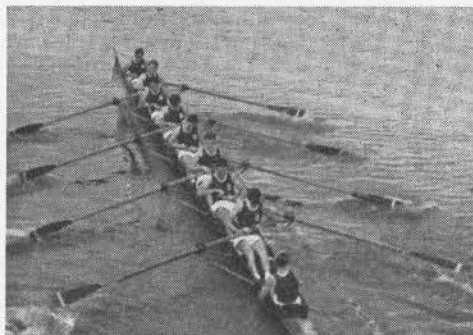

The next race was the long awaited tussle between our own and St. Peter's eights. Our crew got away to a clean start and with timing perfect, rowing strongly, they took the lead, rating 44 to Saints' 35. Our lead of three-quarters of a length was maintained to Morphett Street Bridge where Saints began to gain, rating slightly higher. As the crews approached Long's point misfortune befell our eight and bow-side disappeared from view in a cloud of spray. After losing the better part of a length the crew quickly recovered and responded well to the stroke Measday, who increased the rating and made a magnificent recovery, to

come within half a length of Saints at the finish. We offer our congratulations to Saints on their fine win.

In the final for the Head of the River Saints met A.H.S. and after a well-contested race defeated them by  $1\frac{1}{2}$  lengths.

Some consolation was afforded when our Old Boys' eight defeated Saints in the heat and A.H.S. in the final. Congratulations to the Old Boys and also to the under 16 Tub Slides, who defeated Saints in their final by half a length.

The day's events completed, amid a slight drizzle, Sir Mellis Napier presented trophies to the winning crews. The Blackmore Shield was retained once more by Saints, but we feel confident that we will regain this trophy next year.

The Eight leads to the Bridge

## Athletics

This year both schools agreed to certain major changes in the Intercollegiate Athletics programme. Because of poliomyelitis last year the 440 yards hurdles and the one mile flat were reduced to a 220 yards low hurdles and 880 yards flat race. Both of these events were retained this year and the mile was restored to the programme, the old 440 yards hurdles being jettisoned. In the Under 15 and Under 16 divisions relay races were run for the first time and another new event was the Under 14 100 yards. The method of scoring in the under-age events was also revised. It was agreed that they should carry the same number of points as Senior events, viz 5, 3, 1.

The Athletics camp was held again at Victor Harbour in the last week of the Christmas holidays. This was the third anniversary of the camp and it was the most successful yet held. This camp is held primarily to foster interest in Athletics and to create a good spirit throughout the team. In this role the camp certainly succeeded. Our team was like one happy family and interest this year was greater than ever before.

In addition to the usual fun of camp life our time table included numerous visits to Victor and its inhabitants, a bus trip to Goolwa, a cruise to the Murray Mouth in a launch, and an evening at the pictures. The most unexpected and exciting event was the visit by the Victor Girls' Gymnastic Club. This was a very pleasant interlude.

We all left the camp with many happy memories which will be pleasant to recall.

Mr. Fuller and Mr. Foreman were invaluable as supervisors, and, as coaches at school they did a fine job in leading us to victory in the Intercol. Mr. Foreman late in the term had to curtail his activities because of the pressure of business but we all thank him for accomplishing a task for us which no one else could have done.

Mr. Fuller carried on the good work by introducing Saturday morning training and his attention to individual boys and his enthusiasm at all times played a big part in bringing us the victory.

### Critique

**Skinner, S. L. (Captain)**—A natural athlete who captained his team well and gave a sterling performance in the Intercol. Must be congratulated on his fine effort in the high jump.

**Smith, D. M. (Vice-captain)**—An excellent sprinter who won both sprints last year, but, owing to illness this year his efforts were restricted to the 100 yds. flat race only. It was a blow to our team as Smith was our best sprinter.

**Perrott, M. D.**—An excellent hurdler and high jumper. His effort in equalling the 120 yds. hurdles record and breaking the 220 yds. hurdles record is best proof of his ability. He also did well to win the School Cup.

**McIntosh, W. C. A.**—An excellent all-round athlete, who prefers hurdling to running, but who ran in the 440 and 880 yds. flat races and won them both. His determination is outstanding.

**Evans, D. W.**—A good sprinter who did extremely well to win the 220 yards flat race. With serious training next year he should be unbeatable in the 220 and 100 yds. races.

**Smallacombe, I. L.**—A good all-round athlete who ran an excellent hurdles race in the Intercol. He also did well in the school sports.

**Kay, P. W.**—A consistent distance runner, judges pace well. He ran well to win the Intercol. 880 yds under 16 and to finish second in the 100 yds.

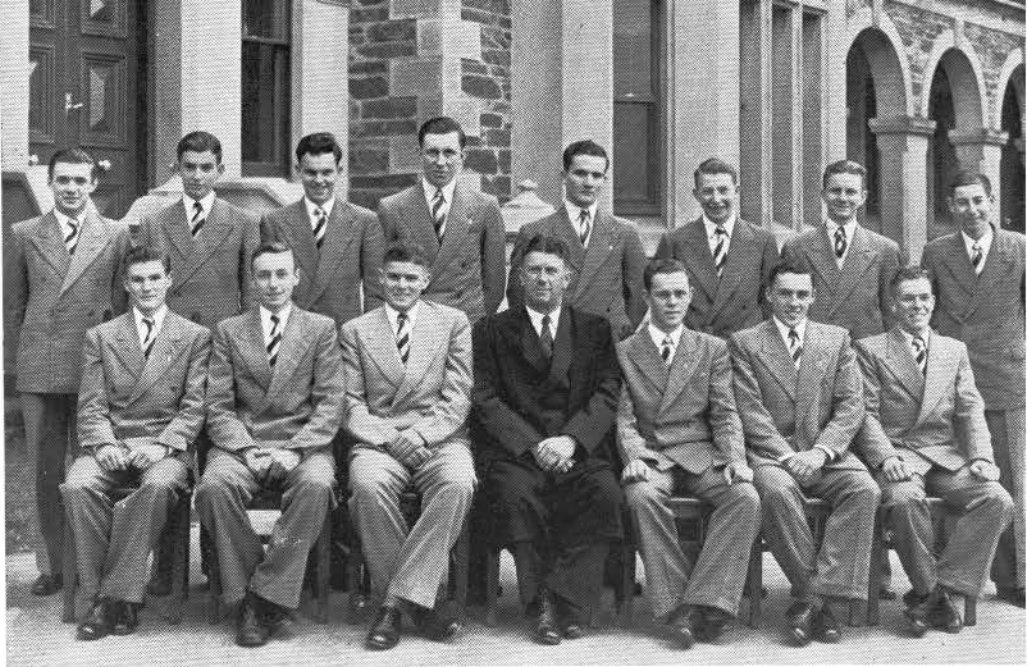

**Wicks, R. H.**—A most promising athlete, whose efforts in the Intercol. were meritorious for his age.

### INTERCOLLEGIATE ATHLETICS

For the first time for eleven years Princes are rejoicing at having defeated their rivals at Athletics. The weather on the morning of Tuesday, May 18th, was ominous; heavy rain had fallen during the night and it was uncertain whether the sports could be held. In the afternoon the weather gradually cleared and the sun broke through for a time, though the tracks were very soggy. In view of the heavy turf, times and performances were very good. Several of the flat races were remarkable for their close finishes, the issue being fought out with rare determination. *(continued on p. 185)*

LANCE H. MAY

We began the afternoon well with a fine win by Perrott in the first event, the Senior 120 yds. Hurdles. Skinner, our Captain was third. Perrott equalled the record of 15½ secs. in this event and also later broke the Senior 220 yds. Low Hurdles record. The time was 27½ sec. which is ¼ secs. inside the record. Second and third places were won by Evans and Preece of Princes. The Senior 100 yds. Flat was won easily by Murrell of Saints with May and Smith second and third respectively.

beautifully showed his superiority early in the race and went on to an easy win with Hocking and Hambly, both of Princes, second and third respectively. For the first time a 440 yds. Relay was held which was won by Saints, a bad change at three costing us the race. St. Peter's continued to dominate in the field events, Graves gaining first place in the Broad Jump with Bloxham (P.A.C.) second. However we regained these points with a win in the 880 yds. Flat by Kay in a desperate finish.

"Spog" flies ahead

In the field games Muecke of St. Peter's dominated both the Senior Putting the Weight and the Broad Jump. In the former Torr (P.A.C.) gained third place while Skinner also gained a third in the Broad Jump. Skinner's superiority in the High Jump was soon evident. An attempt was made for the record of 5 feet 10½ inches but the conditions were unfavorable. The final height reached was 5 feet 9 inches.

As we excelled in track events our total was steadily increased in both the Senior 440 yds. Flat and the Mile Flat. The former was won brilliantly by McIntosh who, with excellent judgement made an amazing finishing sprint to defeat Murrell, with Perrott third. The Mile was won by Greenfield of St. Peter's with MacArthur (P.A.C.) second.

The first event in the Under 16 section was the 100 yards Flat which provided a very close finish, the winner being Graves (S.P.S.C.) with Kay and Jenkin of Princes second and third. In the 100 yds. Hurdles, Smallcombe, hurdling

In the Under 15 events Dyke, Stacey and Wicks were the outstanding competitors, gaining first, second and third places in the High Jump and each gaining a place in at least one other event. Wicks who won the Under 14 100 yds. Flat also helped to win Under 15 440 yds. Relay. In the 100 yards Flat in this section Gray was narrowly defeated by Bryan of St. Peter's. Perhaps the most difficult race of the day for the judges was that of the Under 15 100 yds. Hurdles which was closely contested for first and minor placings. G. C. McKay gained first place with Stacey in second position.

The only Old Scholars event was the 100 yds. Flat which was easily won by A. K. Gordon who defeated Copley and Black all of St. Peter's College. Presentations were kindly made by Mrs. Dunning thus fittingly closing an enjoyable afternoon.

## School Sports

The School Sports were held on Saturday, April 4th in favourable weather. The Captain of the School, Perry, led the march past of the houses in which the wearing of the distinctive colours of the houses in the form of sashes by the house captains was an excellent innovation adding to the impressiveness of the march. School House gave the best performance and they deserved the first place which Lt. Col. G. D. T. Cooper, O.B.E., awarded them.

The first event was the 220 yards low hurdles in which Perrott commenced the compilation of 18 points which won him the Senior Cup. Perrott's other wins were in the 120 yards hurdles and the high jump in which he defeated S. L. Skinner who won both these events last year. A second in the 440 yards gave Perrott his other 3 points. This race was won by McIntosh in the excellent time of 52<sup>2</sup>/<sub>10</sub> secs. McIntosh tied with Smith for second place in the Senior Cup with 16 points. Smith dominated early in the 100 yards and 880 yards with 10 points.

In the Under 16 section Smallacombe won the U 16 Cup with 16 points showing his superiority in the track events. He was successful in the 100, the 220 and 100 yards hurdles. Bloxham who won the high and broad jumps was a little unlucky to come second with 15 points.

Dyke won the U 15 Cup, being successful in the 100, 220 yards and high jump. In the Under 14 section Wicks won the 75 yds. flat, the 75 yds. hurdles, the 100 yds. flat and the high jump, a fine performance. Ducker also did well in the Under 13 group to win the 75 yds. hurdles and the 50 yds. and 75 yds. sprints.

There were few competitors in the Old Scholars' events. Kennewell dominated this section with wins in the 100 yds and 440 yds. while Rosser won the 120 yds. hurdles.

In the handicap mile, Bridge, last year's winner, again easily won this event from the 180 yd. mark. The new system of awarding standard points resulted in a much keener competition between the houses. Despite this School House increased their lead gaining a total of 185 pts. to Cotton's 174.

Once again the generosity of old scholars, parents and friends made it possible to award first, second and third prizes for each event. Mrs. A. W. Perry kindly consented to present the prizes. Our thanks to Mrs. Perry, to Mr. A. S. Johnston for his organisation and to all those who were concerned in making the day such a success.

### MY VOYAGE FROM MALAYA TO ADELAIDE

I decided to come and study in Australia last August and accordingly wrote to the principal of an Adelaide school to see if he would admit me in the school for 1951. He replied that he was willing to accept me, and so I made the necessary arrangements, applying for my visa and booking a passage on the "Gorgon," which was due to sail from Singapore on January 31st with all the students who were returning to various parts of Australia after spending their vacation with their parents in Malaya.

I took it for granted that there would be no difficulty in obtaining a visa; but three weeks before my boat was due to sail I received a letter from the Australian Commissioner, informing me that my visa for entry into Australia had not been approved because of the Australian Commonwealth policy that does not admit overseas students into high schools. I immediately sent a telegram to Dr. Rossiter, Principal of Wesley College, Perth, asking him whether he would consider my application to study in his college. As he consented, I sent all my papers to the Australian Commissioner in Singapore and asked him to cable to Canberra.

I left Penang for Singapore, and on my arrival was taken to see the Commissioner. As there had been no reply from Canberra about my visa, the Commissioner again sent a cable, saying that my ship was due to leave in two days' time. Next morning, in feverish anxiety, I rang the Commissioner; but the visa had not arrived. I did the only thing left for me—I cancelled my passage. But in the afternoon the Commissioner 'phoned me with the news that my visa had come. Hardly believing my ears, I drove to the Commissioner's office with my luggage to get my passport endorsed. But now I had only fifteen minutes to reach the wharf five miles away. As the traffic was heavy, we had to drive slowly, and I thought I should never make it.

When I got to the wharf, the gangway was being lifted up, and parents were waving their last farewells to the children whom they would not see until next Christmas. Streamers were being thrown, handkerchiefs waved, words of advice shouted and many mothers were weeping silently. On this scene I burst, carrying two large suitcases, and, running like a madman, I managed to jump on the gangway and was hauled up on it. I left Singapore with the sweet but sad strains of "Auld Lang Syne" floating through the air.

The journey from Singapore to Fremantle took seven days—seven wonderful days of deck tennis, deck quoits, socials, dances and other entertaining functions. When we berthed I went to see Dr. Rossiter who advised me to come to Adelaide.

### BABY-SITTING

Baby-sitting can be quite a hazardous occupation. I am of the opinion that baby-sitters fully deserve any payments that they may receive. They are kept in expectation of nearly anything happening and they have to be prepared for any eventuality. When baby finally goes to sleep they may breathe a sigh of relief. However this view is probably rather over-optimistic as babies are quite unpredictable things to adults and probably even to babies themselves.

It is quite a strong possibility that the baby during the course of the evening will require some personal attention that requires a certain technique not easily acquired. If the child is older than this last example then doubtless he has to be entertained for some of the evening. The baby-sitter requires a sense of humour, patience and ability to take both mental and physical punishment.

If the baby-sitter is sufficiently strong-minded then he can put the youngster into a room by himself. However the most strong-minded people, though they may place themselves in the room farthest from the one in which the child resides, will probably find it very difficult to endure the particular kind of torture that children are wont to produce when the occasion demands it.

Even though the baby-sitter may be able to bear the child's noise, the neighbours sometimes think poorly of such proceedings. In fact more often than not neighbours come in offering the most helpful suggestions, though when it comes to any practical help they seem to have faded out of the house when you next look for them. Sometimes the children are well behaved, but this is more the exception than the rule to mis-quote a well known quotation. I congratulate baby-sitters. Theirs is a hard and testing occupation and they need all the sympathy and encouragement that they can receive.

### CHESS

O, who can live without some fray; release  
Those pent, inherent forces, hate and fear?  
And what can stop, sometimes, man's basest  
piece

From breaking through his civilised veneer?  
When every boy oft wishes to command  
In some most vile and murd'rous battle field,  
Does not the lust for blood in him expand?

Do not his wicked instincts come unsealed?  
But why not lead a harmless war-like farce,  
And let your vicious feelings gently drain  
And disappear in chequered universe?

O, whet your wits until they shine like brass,  
And rid your evil thirst in clean campaign:

By letting mind and soul in chess immerse.

**THE CHESSBOARD**

What triumph of man's skill the checkered board!

What power of knowledge may therein be found!

Small carv'd shapes replace the dripping sword,  
Ncat painted squares the smoking battle ground.

How mighty and how awful is the sight  
As iron-clad battalions wait the fray,  
Yet greater still and subtler far the might  
Of simple pieces, lined in brave array.

In life's long race the slow pursue the fleet,  
Upon the unfav'ring board they equal meet;  
Yet seems it still to be decreed by fate  
That my opponents all announce "Check-mate!"

**THOUGHTS IN THE FLINDERS RANGES**

When I beheld the grandeur of the Pound,  
The distant blue of lofty mountain peaks,  
As I hike over unfamiliar ground,  
Its other-worldly beauty to me speaks  
Of the Creator whose Almighty hand  
Has long ago such splendid temples made.  
For since each portion of the glorious land  
Is His own work, there is in ev'ry glade  
A place of worship where God shows to man  
His splendour and His glory and His power.  
To men from scrub and mallee plain, God's plan  
On earth is oft revealed. For in the flower,  
The hill, the bird or stream, they see the hand  
Of God, and His high purpose understand.

**2GB IN ACTION**

During the Christmas vacation I had great pleasure in visiting radio station 2GB, Sydney, to see "Love that Brute," adapted from the 20th Century Fox Film, presented by some of Australia's best actors.

The auditorium itself accommodates approximately 400 people, being about the same size as Adelaide's Savoy. The stage is of medium size, and on it are the controlling sound-proof rooms. In the centre of the stage the actors group around the microphone, while at the back is the sound-effects man. This man provides the audience with much amusement with his gadgets, ranging from small bones to musical instruments. Before the play commences, Dick Fair, the compere, tells the audience what to do throughout the play, to be quiet, to clap quickly, and to laugh at the jokes. The main reason for clapping quickly, is to enable the controlling room to record it! The players are usually dressed to suit the play, and read their scripts in front of the microphones. The reading of these scripts must be done to exact timing, and throughout the play Dick Fair gives signs to the audience and to the actors

indicating whether everything is running to schedule. During the play, the audience is kept in suspense either with a spine-chilling murder scene, or with a comic farce, the latter being the one I saw. From this auditorium we hear the famous Jack Davey and the George Wallace Shows, which shows are really fun to watch.

**SHEEP**

Sheep,

Ambling, rambling,  
Lazily meandering,  
On.

Cropping saltbush or acacias prickly,  
Grazing along, never-moving quickly,—  
Sheep!

Sheep,

—Scattering wildly, leaping imaginary logs,  
Hotly pursued by excitable, tawny dogs,  
Till in a mob they slowly drive on,  
Quietly, submissively, their freedom  
gone.

—Then in the sheep yards, dust flying high;  
Grime on men's faces, grit in the eye  
Indignant rams are hoarsely bawling;  
Bewildered lambs plaintively calling.

—Into the shed with hasty crush,  
There men are hurrying, all is relentless rush:  
Fleeces are flying, shearers are plying  
Their shears with flashing speed,  
For seconds are flying.

—Into the pens the shorn sheep tumble  
Staggering dizzily, ready to stumble;  
Bleating dismally, with voices unsteady;  
Their short snowy fleeces are dirty already.

—At last it's all over, the last sheep is shorn;  
The shearers are bustling,—they leave the  
next morn,  
While out in the paddocks the sheep are  
lazing;

Trials forgotten, they're placidly grazing;  
But they are  
SHEEP!

Ambling, rambling,  
Lazily meandering  
On.

**A PEDAL-PUSHING HITCH-HIKE**

A holiday suggests to many people a car and caravan, a beach cottage or perhaps a holiday resort or hotel, but by no stretch of imagination could they regard a cycle trip as a holiday. During my holidays, two friends and I set out on such a trip, but being young and not very energetic, we sportingly hitch-hiked on trucks, timber lorries, a tar lorry, a truck carrying explosives and a large interstate lorry carrying batteries, as well as an army utility taken over by a road gang and even a Shell petrol lorry—bicycles and all! Actually we were only going to ride about two hundred miles

from Adelaide, along the Coorong or Prince's Highway, but after our first lift, which took us past our objective, we decided to hitch-hike with our cycles to Melbourne. We had to hurry because we only had ten days to get there and back.

We were disheartened considerably on the first day by the rough roads and fierce head wind, both making our progress painfully slow. And yet we slept soundly that night, in a dilapidated institute—we had a big fire in the fire place, and plenty of insects to keep us company. The following morning we did a little rabbit shooting, and in higher spirits, pushed on. Unfortunately, the weights of our packs and the still persistent head-wind slowly sank our spirits.

Our first lift came that afternoon. Two new Austin trucks stopped for us, and we thankfully clambered on, not forgetting the bicycles. These two trucks took us more than two hundred miles and left us at Millicent. It was about midnight; so we were lucky to find a tennis court with a shade recess where we slept on two tables. Millicent we found to be a pleasant, friendly place, and we left it all too quickly, although not before buying some cigarettes, which we knew would be an acceptable "thank you" gift for any future obliging truck drivers.

We were left two miles outside Mt. Gambier by one truck, and we pedalled through the streets of this city feeling a little like explorers, but very dirty explorers. Likewise, we felt a little out of place at Geelong, which struck me as being very clean. We had a brush up at the baths there, and a short look about. Unfortunately we had only a little time, and as our next stop was Melbourne, we wasted little of it.

We were amazed at the traffic in Melbourne, which we had encountered at the peak hour on a Friday. Wending our way through this traffic, we sought accommodation for the night. At length we slept on an oval at East Heidelberg, several miles from the city. In spite of the mosquitoes Melbourne's heat wave brought, we did sleep. Saturday morning we spent looking around the city, and also sent a telegram, informing our parents where we were, and what state we were in.

Ten days allowed us only a half-day at Melbourne, and so our journey home began on the Saturday afternoon. During the journey home via Duke's Highway, we were given several very short lifts, and one which took us the better part of a hundred miles. The remaining distance, (which was quite far enough), we pushed. Pedal pushing is thirsty work, and so our main worry, water, began. Our two water bottles (we left a water-bag and water bottle behind) did not hold enough, and many times we were compelled to ask for some at homesteads. The occupants were always very friendly and talkative; so we did not mind wasting this

time, getting water. When we eventually arrived home, we found that water was just as urgently required, but in a bath.

This holiday was very interesting, and we met all types of people and saw many things. The life was healthy in most respects. We rose at dawn, having slept in the open, and were outside all day. For the three of us the holiday was ideal, and roughing it a little here and there is all good fun. Such a trip is full of variety, and to any fairly adventurous young chap I recommend it. I should, though, travel without bicycles, as hitch-hiking without them is much more comfortable and faster, and gives one more time to see the towns on the way.

It is the cheapest way to travel, and if you have a good friend, one of the best. If you try it at Christmas time, who knows? I may see you on the road.

### THE DEATH OF BILL BUCKIN

My handle's bad Bill Buckin,  
I'm the wildest man in the west,  
My ivory-butted sixguns—  
Are drawn with speed the best.

I robbed the bank the other night,  
The teller drew a gun,  
With lightning speed I drew my own—  
And then I had some fun.

My picture's on a poster,  
I'm wanted for the kill,  
For sending Spike the teller  
A hauntin' down "Boot Hill."

The sheriff and his posse,  
Are gettin' on their broncs  
They're a comin' out to get me,  
With lead I'll fill the skunks.

They're a ridin' down the canyon,  
Five of them all told,  
I'll sell 'em to the buzzards,  
Yes, they're as good as sold!

My ivory butted sixguns  
Are loaded for the kill,  
For singin' lead I'm mournin'  
And blood I'm out to spill.

Crack! a puncher hit the dust,  
The others think I'm tripe,  
I'll show 'em good and proper,  
They'll get it when I snipe.

I'm gettin' sore of waitin',  
My smoke-poles ready drawn.  
Crack! There lay bad Bill Buckin,  
A-waitin' for the dawn.

### THE SHORT CUT

It was a Saturday morning when George rang me. The sun was shining brightly in a clear, blue sky. The message of the call was to ask me to go for a drive with George and his Aunt Agatha. "Delightful!" I thought; but this was before I had met Aunt Agatha. She was rich, round and rheumatic.

We started on the journey and, after passing an uneventful twenty-two miles, I suddenly heard a weak groan from Aunt Agatha who, with George, was sitting in the back seat. I braked the car to a halt and was informed that Aunt Agatha was about to have one of her "turns."

I was instructed by George to get a doctor. I started to walk the three miles to Emford quite jauntily, but after the first mile my shoes felt like fire, my collar and tie were in my hand and I carried my coat over one arm.

At last, after walking the longest three miles in history, I reached Emford, I saw that the place was deserted apart from an old man sitting outside the "Red Lion" trying to knock a solitary fly off the wall with tobacco juice. I approached and politely asked, "Could you direct me to a doctor?"

"Eh!" was the reply, "I'm a bit hard of hearing."

"Where is a doctor," I shouted.

"Which one?" he asked.

"The nearest."

"Well I suppose it would be Doc Drake."

"Where can I find him?"

"Well he's down at the graveyard with the rest of the town."

"Is there a funeral?" I asked foolishly.

"Why do you think they'd be at the graveyard if there wasn't?" was the scornful reply.

"Well I shall have to fetch him away as it's a case of serious illness, I think" said I, setting off down the road.

"Well, 'e can't 'elp yer," he wheezed at me.

"Why not?" I asked, stopping.

"Because it be 'is funeral," he chuckled and prepared to depart.

"This is a case of illness and I have to get a doctor. Can you tell me where to find one, living?" I asked, putting the question to him again.

"You'll 'ave to go to Doc. Partridge's then, I suppose."

"Thank you! Now how do I get to Doctor Partridge?"

"Well you go 'long this road till you come to three turnings," he said dramatically.

"Oh, which one do I take?"

"None of 'em. You go through Jim Miller's cow paddock."

"And how will I know his paddock?"

"It's got a cow in it."

"Surely some other fields have cows in them."

"Not Jim Miller's cow they 'aven't."

The intervention of George in the car with Aunt Agatha, quite well, seated beside him

prevented the need for another funeral to take place.

George called me and said "Aunt Agatha was quite ill, and, when sent on a message, you stand there talking to that deaf old ruin; a nice one you are! We nearly ran over him anyhow."

I was about to say, "I wish you had," but instead remained gloomily silent, deeply in thought, for the remainder of our Saturday afternoon drive.

### THE FISH

He glideth smoothly through the pools,  
Alone or with some wandering schools,  
Preceded by a stream of bubbles  
As airy as his fishy troubles.  
His home is at the bottom sea  
Beside the bright anemone;  
His curving body quiet lies  
Deep underneath the glowing skies.  
Having no cares like you and me  
His life is undisturbed and free,  
Only the angler he doth fear  
Who tries to trap him with his snare,  
As he lies placid on the sand.  
Soon will he leave with finny band,  
Throughout his life compelled to roam  
The seven seas, his changeless home.

### A SENSE OF DARK FOREBODING

A sense of dark foreboding claims the sky,  
And earth below is threatened by the cloud  
Whose thick black mass pervades the atmosphere,  
And pierces e'en my mind, my heart, my soul.  
The massive man-built structures, the city's heart,  
Tower up ahead with stagnant solemnness.  
Their gloomy outlines rise against the cloud,  
Rise through the narrow width of this long street.  
Then comes a wondrous change, when sunshine's sprites,  
Enkindling first the gleaming roofs of gold,  
Come dancing down the flashing window frames,  
Illuminating walls with radiant beams.  
While I in threatening darkness stand, and watch  
The revelation of new life and hope.

### A CLOSE SHAVE

Before we came to live in the city my parents and I lived outback from Mt. Pleasant. We had a rather comfortable home but unfortunately no electric light. My father owned about six acres of sheep country on which we had seven hundred and fifty head of sheep.

One particular night my parents went visiting some neighbours about four miles away. Usually

I was not afraid of the dark, but this particular night I felt uneasy. I read for a short while by the fire and then decided to go to bed (after a good hot bath).

Our bathroom was at the back of the house with the door facing the back yard. In one wall, which forms part of the wall of the house, was a window. Below the window we had a wash basin about three feet six inches high. In the corner behind the door was the bath, while in the corner opposite the door was the chip bath-heater.

I went into the bathroom and stuffed paper and kindling into the heater. I struck a match and applied the flame to the paper. After watching the paper burning for a short time, I turned around to go to the door, when I saw crawling from the opposite end of the bath a big black snake. Struck dumb with fright I just looked at the snake crawling towards me. The snake meantime stared at me and kept on coming.

As luck would have it, a piece of kindling wood suddenly burst into flame with a loud

bang! This distracted the snake's attention for a moment and seemed to bring me to life. I jumped on the wash basin, just as the snake struck, so quickly that it would have done credit to a frightened rabbit. The snake missed me and I hurriedly opened the window and climbed out, or rather half-fell out in my hurry. I rushed around the house, closing the door of the bathroom as I went, and dashed inside to get my father's twelve-gauge shot gun. After snatching it and a couple of cartridges, I got the ladder out of the garage and put it up to the window. Climbing cautiously up the ladder, I looked in to see the snake gliding around the floor, looking for a way of escape. It was then that I noticed that it must have been all of six feet long. I took careful aim and fired both barrels, one after the other, at the reptile, killing it immediately. Dirty as I was, I just crept inside and into bed with the shotgun by my side and the lamp turned up brightly to await the arrival home of my parents.

## SCHOOL NOTES

We started the year with a full school with 200 boys enrolled. We regret that, after accepting more than 50 new boys, we had to turn away more than a hundred who were seeking entry. The position of enrolment has become so difficult that we would urge all old scholars who wish to enter their sons in the Prep. School to enrol them at birth.

We welcome back to the staff Miss Scarfe, and we trust that she has not found the labours of the class room too irksome after her year abroad. We are indebted to her for several gifts, principally aboriginal weapons, that could form a nucleus for a National History Museum.

We should like to thank also the Parents and Friends' Association for providing the Prep. with an electric clock, and Gerard and Goodman for its installation.

### The Back Ground

During the holidays, the Norwood Council covered the surface of the ground with Colas. The lawn doggedly survived the water shortage of the summer and, together with the covered area and the playground equipment, offers a clean, attractive playing area for the smaller boys. Already a striking improvement has been noticed in the cleanliness of the boys at the end of the day. We should like to pay a tribute to the work of the Mothers' Club whose sterling efforts last year made the scheme possible, and to Mr. Applebee and his Council staff who did the work for us.

### The Mothers' Club

The Mothers' Club held its first meeting for the year in April. The main business of the meeting was the election of officers. Mrs. S. B. Denton was appointed secretary in place of Mrs. W. B. Clark who had very ably filled the position for two years.

At the Club's request, improvement in the cut and material of the summer uniform was sought. It is hoped that a sanforized drill will be available to replace the cesarine cloth now used.

### Charities

Over thirty pounds has been raised by the Prep. this term to be distributed among the various charities the School supports.

### Outings

Several of the classes have had educational outings this term. Form III B at the invitation of Mr. Gibbs visited Holden's and thoroughly enjoyed the factory, the pictures and the afternoon tea provided for them. Form II A has had a number of trips. They made a short excursion to the foothills to study valleys and creeks, another to the museum to be instructed in the rudiments of conchology and then, through the kindness of a number of parents,

they went in motors to collect shells at the Outer Harbour.

The librarians on May 9th spent the holiday hiking from Aldgate to Mylor and back with Mr. Kesting.

### Leaders

We wish to congratulate the following on their appointment as leaders in the Preparatory School—R. L. Pearlman (Captain), J. C. Adams, G. W. Bennett, D. R. Crossing, G. B. Digby, D. J. Perriam, J. R. Sudholz, R. N. Walker, P. G. Harris, T. R. Waterman.

### The Prep. Sports

The Prep. Sports were held on Saturday, May 5th. Despite lowering skies, the day remained reasonably fine and the programme proceeded without a hitch, a tribute to the organization and hard work of Mr. Laycock and his helpers. Mrs. S. Pearlman kindly consented to distribute the prizes.

We should like to congratulate G. Sims on winning the Prep. School Open Championship and R. L. Pearlman, S. J. Woodcock, P. M. Hopkins, G. R. Hill and I. R. Hill for their wins in the under-age championships. Robertson House, after winning the Standards 80 points to 64, was successful at the Sports, finishing 82 points to 62.

### Cricket

The Under 13 B team under the guidance of Mr. R. V. Moore has had a very successful term, winning 4 out of its 5 matches and losing one narrowly to Adelaide High School in a race against time by 7 runs. It defeated Senior School U.13 A, S.H.C. B, S.P.S.C. Prep. B, C.B.C. B and lost to A.H.S. B. Rex Pearlman, the captain, has had a phenomenal season, scoring 212 runs at an average of 43 runs.

The Under 12 team played twice, defeating an S.P.S.C. team (D. Oaten 26 and 6/14), and losing to a senior school side.

Chapple was successful in winning both the Senior and Junior House matches. Pearlman 55 and North 25 helped Chapple to victory in the senior game.

### A. W. Welch Cup

This year a different system of allotting points is being tried. 18 marks are awarded for work (3 per term to the house leading in class marks and 3 for exam. marks) and 18 for sports (Standards 3, Athletics 3, Football and Cricket 2 senior matches each, each worth 2 points and 2 junior matches each, each worth 1 point).

First Term totals:	Robertson	Chapple
Class marks .....	3	
Exam. marks .....		3
Standards .....	3	
Athletics .....	3	
Cricket .....		3

## Original Contributions

### BLACK TOMMY'S GOLD FIND

Black Tommy worked for Dr. Kerr,  
He was a station hand,  
Who caught the local gold fever  
And sought o'er all the land.

One day when he was minding flocks,  
And digging in the earth,  
He saw a gleam among the rocks,  
And straightway knew its worth.

It was a nugget of pure gold,  
A hundred-weight it weighed,  
And for it when at last 'twas sold  
Four thousand pounds were paid.

J. R. S. IIIA.

### GOLD

When gold was found at Ballarat,  
The miners came from far and near.  
They carried loads upon their backs  
Of picks and spades and mining gear.

And Melbourne was deserted then,  
And ships lay idle in the bay,  
While sailors in far Ballarat,  
Dug feverishly night and day.

And Captain Starlight roamed the land,  
And stopped the coaches on the roads;  
And often at his pistol point,  
He took from them their golden loads.

A. J. U. IIIA.

### PARENTS AND FRIENDS' ASSOCIATION

The Annual Meeting of the Parents and Friends' Association was held at the College on Tuesday, 3rd April. In his report, the President, Mr. N. C. Taylor told of a most successful year. All the functions arranged had been well attended, and the Association had been able to help the school by giving an electric clock for the Preparatory School, and equipment for a second leatherwork group for use in the hobbies period in the Big School. The usual prizes had been provided and a donation had been made to the Scout funds. In addition a substantial sum was given to the War Memorial Fund as a result of the bridge evening.

The election of officers for 1951 resulted as follows: President, Mr. R. J. Hopkins; Vice-Presidents, Mr. A. E. Sampson and Mr. A. G. Alexander; Hon. Treasurer, Mr. E. Perriam; Hon. Secretary, Mr. A. L. Gniel.

### DATES TO REMEMBER

July 13 and 14—Preparatory School Concert, School Assembly Hall.

August 2 and 3—School Play, "The Housemaster," Norwood Town Hall.

August 16, 17 and 18—School Concert, School Assembly Hall.

"The Housemaster" is a more ambitious performance than we have undertaken for some years.

The Objects of the Association are: To keep Old Boys, wherever they may be, in touch with one another and with the boys at the School; also to foster and maintain their interest in the School.

"Old Boys' Week" is observed annually towards the end of July, during which a dinner and other social functions as well as sports contests are held. Also social gatherings are held whenever any occasion arises that makes them desirable.

"The P.A.C. Chronicle," of which a large part is devoted to matters of special interest to Old Boys, is forwarded to each member of the Association.

The subscription is seven shillings and sixpence per annum. It is suggested that Country Members should remit sufficient to cover four

years' subscription or become Life Members by payment of £10/10/-. Any Old Boy wishing to become a member can do so by forwarding his name and address to the Head Master, or to any member of the Staff, or to the Secretaries.

The Association has donated the following Scholarships to the School:

H. W. A. Miller (Old Collegians') Scholarship  
J. A. Hartley Scholarship

**SCHOLARSHIPS AND PRIZES FOR  
 1950**

D. M. Brebner (David Murray Schol.)  
 I. J. Forbes (Elder Prize).  
 A. A. Jessup (Lister Prize).

**MONTHLY LUNCHEONS**

The Monthly Luncheons continue to be well attended and are held at Myer's Apollo Rooms, Rundle Street, on the second Thursday of each month.

We are indebted to the following for their interesting and helpful contributions: Messrs. F. B. Lee "The Lighter Side of Taxation," Brian Sims "Rum and Coca-Cola," C. Branson "S.A.'s Industrial Revolution," A. C. Shrape "The Young Man in Commerce," and W. T. Martin "Australia—Our Country."

Interstate and Country members are specially invited to attend.

**SCHOOL ENROLMENTS**

Members are reminded of the urgent need to enrol intending scholars at the earliest possible date. Enrolments have already been made up to 1961. Don't delay; but make enquiries from the Headmaster now.

**The History of the College**

Mr. J. F. Ward, O.B.E., M.A., has, at the request of the School Council, compiled a story of the First Eighty years, 1867 to 1948, of Prince Alfred College.

Mr. Ward has made a most valuable and useful contribution to the history and literature of South Australia. The book should be of absorbing interest to all Old Boys and others directly

associated with the School. Those not so vitally interested in the School will also derive much useful information from a perusal of its pages. The College Council trusts that every Scholar (past and present) will avail himself of the opportunity to secure a copy of this book which will be published in July, 1951, when "Old Boys" Week will be celebrated.

**The War Memorial**

In the erection of a memorial to perpetuate the memory of those sons of the School who served and who made the Supreme Sacrifice in the Service of the Country, there is no more fitting place than in their boyhood School.

Contributions to the fund may be forwarded to Mr. E. W. Forbes, Epworth Building, Pirie Street, Adelaide, or to Mr. W. Douglas Verco, 178 North Terrace, Adelaide, or to the Association Secretaries. The following is the list of donations to 2nd June, 1951.

### THE LATE DR. F. S. HONE, C.M.G.

Dr. Frank Sandland Hone, chairman of the Adelaide University anti-cancer organisation and one of Australia's most notable doctors, died at the age of 80.

Until his death, Dr. Hone was said to be the oldest living graduate of the Adelaide Medical School, where he graduated in 1894 as Bachelor of Medicine and Bachelor of Surgery, five years after having gained his B.A. degree.

For a great many years Dr. Hone had been an outstanding figure both in the Adelaide University and in the medical world.

He gave one of his greatest services as an inspiring chairman of the Adelaide University anti-cancer organisation.

He served as B.M.A. State president, as S.A. representative on the B.M.A. Federal Council and, as a director of the "Medical Journal of Australia."

Dr. Hone had given valuable service as president of the Baptist Union in 1935 and later as chairman for some years of the home mission committee.

Dr. Hone made many notable contributions to Australian preventive medicine in 57 years' practising in S.A.

He was also interested for many years as an executive of religious, philanthropic and sports organisations.

The climax of Dr. Hone's twelve years' chairmanship of the Adelaide University anti-cancer organisation was the raising last year of £108,000 by the Lord Mayor's Cancer Fund.

In 1922 he was the first to suggest how endemic typhus was spread among workers near stored grain or other food.

In 1924, Dr. Hone, as a member of the Commonwealth Royal Commission on Public Health was mainly responsible for the Hone report which included recommendations almost all of which have been introduced into Australian public health practice.

Dr. Hone was in practice at Morphett Vale and Semaphore, where he was quarantine officer before he established his city practice as a specialist physician 32 year ago.

He was born in 1871 at Mt. Gambier, and had a successful career at Prince Alfred College.

He was prominent both at cricket and tennis. He won the S.A.L.T.A. doubles championship in 1891 and was runner-up in the single the same year.

He was a trustee of the S.A. Lawn Tennis Association.

Dr. Hone was for many years one of the most able and popular lecturers at the Adelaide Medical School. Students regarded him as an inspiring example.

He was an honorary physician at the Royal Adelaide Hospital from 1921 to 1931 and was later for many years an honorary consulting physician.

Dr. Hone played an important part in the development of S.A. infant welfare work. During half a century he saw Australia's infantile mortality rate fall from 100 deaths per 1,000 to less than 30.

He was also a leading member of the Crippled Children's Association.

Dr. Hone was a foundation Fellow of the Royal Australasian College of Physicians.

He was for many years chairman of the S.A. Amateur Football League.

Dr. Hone was awarded a C.M.G. in 1941.

Dr. Hone leaves a widow, four sons and two daughters.

### THE LATE SIR OSCAR ISAACHSEN, K.B.

Sir Oscar L. Isaachsen, chairman of directors and a former general manager of the Bank of Adelaide, died suddenly in Sydney at the age of 65.

He was visiting the general manager of the United Insurance Co. (Mr. J. Williams) when he suddenly collapsed.

Well known in financial circles throughout Australia because of his wide financial knowledge, business acumen and general ability, Sir Oscar Isaachsen played a major part in the organisation and development of industries in this State.

He was for many years chairman of the Associated Banks of South Australia and from 1945 to 1947 was president of the Adelaide Chamber of Commerce.

Sir Oscar Isaachsen was knighted in the New Year's Honors list.

An active organiser and worker for a number of philanthropic and patriotic appeals, he was honorary treasurer of the Lord Mayor's Food for Britain Appeal, when over £250,000 was raised, and chairman of the finance committee of the Lord Mayor's Cancer Appeal which raised over £100,000 for cancer research.

Sir Oscar Isaachsen, in his young days, took an active part in cricket, rowing and other sports. In later years he maintained a keen interest in all sports through his membership of many clubs.

He leaves a widow, three sons and one daughter (Mrs. David Crompton).

Arrangements are also being made for a Badminton match.

The annual Golf Match has been arranged to be played at Seaton on Wednesday, 1st August.

The Town and Country football match will as usual be played at the School on "Old Boys' Day," and all country players are requested to send in their names as early as possible to the secretaries. At the Dinner the usual interstate telephone link-up will be made.

The annual Dinner is usually the most popular function of the week and members are requested to make early application for tickets and table reservations. The annual service will be held at the School on Sunday, 20th July, when Mr. A. H. Dennis will give the address.

## Sports

### ROWING

At the Annual Rowing Regatta, the "Old Boys' Eights" were keenly contested: Adelaide High defeated Scotch in the first heat and Princes defeated Saints by five feet in the second heat.

In the final Princes defeated Adelaide High by half a length.

Princes were represented by Stanton, Hocking, Perry, Heitmann, Blanche, Tiddy, Humble, Morris and Sanderson.

### BOWLS SOCIAL EVENING

This function has now become a fixed annual social evening with keen competition between members and was held at the Toorak Club's rinks on Wednesday, 22nd February. All 12 rinks were occupied and some good games were enjoyed. Several possible scores of 8 were made, sometimes owing to the skill of the players and sometimes otherwise. A "Spider" at the end of the games provided a friendly argument as to who really won the prize.

During the supper interval, Mr. Rex Pearson expressed appreciation to the Toorak Club for the use of the rinks.

Supper was provided by the Ladies' Committee to whom we are indebted for their assistance. Old Scholars' ties were presented to the winning team.

### CRICKET CLUB

The Old Collegians Cricket Club participated in the Adelaide Turf Association for the season 1950-51. Members will be advised later respecting the next Annual Meeting. Intending members are requested to communicate with the Club Secretary, Mr. L. E. Letcher, 9 Avenue Road, Highgate, Telephone U 3307.

### FOOTBALL CLUB

The Old Collegians are participating in the Amateur League games with two teams in A and B grades.

New members will be welcomed to strengthen the teams and should communicate with the Club Secretary, Mr. A. E. Norman, C/- School of Mines, North Terrace, Adelaide or Mr. Ross Johnston, C/- A.M.P. Society, King William Street, C 5400 or UX 1188.

Practices are held regularly at the College on Tuesday and Thursday nights.

### RUGBY CLUB

The 1951 season is now well advanced. More players are needed to strengthen and improve the team. Practices are held regularly at the College. For further information, communicate with Mr. R. Johnston, Telephone X 7229.

### ATHLETICS CLUB

The Annual General Meeting of the Club will be held in early August. Arrangements are being made by the Committee for the coming season, and with help of enthusiastic members they are confident of a very successful season.

All boys interested should contact Mr. Lloyd Harford, C/- Commercial Union Assurance Co., Phone LA 4111 or Mr. Don Larkin, C/- W. D. and H. O. Wills, Ltd., Phone LA 4401.

### OLD SCHOLARS' TENNIS MATCH

The annual match with St. Peter's Old Collegians Association was played on St. Peter's College courts on Wednesday, 14th March, and resulted in a win for Princes by 8 rubbers to 4.

This year, the number of players was increased to 12 per side. Many games were closely contested, and some brilliant tennis was played.

A. Morris and M. Newcombe defeated Davidson and C. Mehaffey, and defeated D. Turnbull and Astley.

D. Rowe and R. Battye lost to Davidson and C. Mehaffey and lost to D. Turnbull and Astley.

J. Price and D. Babidge defeated Whitehead and Allen, and Brookmen and Bowman.

J. Head and D. Sumner lost to Brookman and Bowman and lost to Whitehead and Allen.

Hill and T. Richards defeated Henderson and Wilson and defeated Selth and Brummitt.

K. Berriman and V. Branson defeated Selth and Brummitt, and Henderson and Wilson.

### GOLF TOURNAMENT

The golf tournament for members of this Association will probably be held during September next.

Last year, there were 42 entries, but a larger number is expected for the next match. Trophies are donated for the Clarkson Cup and also for 4-ball, best ball competition. Members desirous of participating should communicate with the Association Secretaries.

### BLAZERS, TOKENS, AND TIES

Supplies are now available for Association members. Tokens are available at £1 and the new Association ties are 10/-. Certificates of membership for blazers may be obtained from the secretaries upon application.

### ETCHINGS OF THE SCHOOL

A limited number of very good etchings of the School (6½" x 10½") are available to members of the Association at £2/2/- each. The proceeds will be devoted to the costs of the Masters' Common Room improvements.

## New Members

The enrolment of new members still continues very satisfactorily, but your Committee wants every eligible Old Boy to join now and give the Association added strength.

If you know of an Old Boy who is not a member, send his name and address to the Secretaries; or, better still, bring him along personally to join up.

## South-Eastern Dinner

Old scholars from as far afield as Bordertown assembled at Jens Hotel, Mount Gambier for the Annual Reunion Dinner.

Mr. D. A. Roberts was Chairman, 39 "Old Boys" attended including Messrs J. A. Dunning (Headmaster), L. B. Shuttleworth (Joint Association Secretary). Other Adelaide visitors were Dr. D. Crompton and Messrs. C. B. Norton and D. H. Prest.

The "oldest Old Scholar" was Mr. T. J. Martin who attended the School in 1886. Archdeacon E. A. Codd honored the toast to "The Old School" and Mr. Dunning in response gave a comprehensive account of School identities, past and present, of sporting activities, and scholastic achievements.

Mr. A. C. Shepherd, or Millicent, proposed the toast to "The P.A.C. Old Scholars' Association." Mr. L. B. Shuttleworth, the Association Joint Secretary, who responded, reported fully on Association activities, and its interstate and overseas branches, as well as on certain activities of Old Scholars.

Mr. H. F. Kessal proposed "The Visitors" and Mr. L. R. DeGaris, of Naracoorte, responded.

School songs were sung enthusiastically at intervals. Accompaniments were provided by Mr. B. M. Pederick. The Re-Union was organised by Mr. D. A. Roberts (Chairman), Mr. C. S. Davis (Secretary) and Dr. H. R. Oaten. Arrangements have already been made for the 1952 Re-Union.

#### Old Collegians' Cricket Match—

##### P.A.C. v. S.P.S.C.

This year our annual cricket match against Saints' Old Boys was played on the Christchurch Grammar School oval at the invitation of the headmaster, Mr. P. Moyes, on Saturday, 3rd February, 1951, and despite the high temperature (105 degrees) an enjoyable game resulted. Saints batted first and we expected a trying time leather-hunting, however, due to some excellent bowling by Bill Chapman and first-class fielding by Mel Williams their batsmen got no chance to settle down and were all out for the moderate total of 97. Due chiefly to a good knock for 48, not out, by Alec Dawkins we managed to pass Saints' score with five wickets in hand.

Now, we are endeavouring to arrange a bowls match, so before the next Chronicle goes to press I hope to be able to give you the results.

### NEW SOUTH WALES

The Branch President is Dr. Reg. M. Dunstone, 175 Macquarie Street, Sydney.

The Branch Secretary is Mr. E. A. Kesting, "Yanawa," 24 Loorana Street, East Roseville.

#### Dinner for the Head Master

On Friday, 25th May, the branch held a dinner at the Hampton Court Hotel to meet the Head Master.

Although the night chosen was not a convenient one for most Old Reds in Sydney, we had a very good muster. Our President, Dr. Reg. Dunstone presided.

In addition to the pleasure of meeting the Head Master, we were also honoured by the presence of Mr. Ward, Mr. Dunning's predecessor; and Mr. L. P. Lawrence, senior Vice-President of the Association.

#### Personal

G. R. Glasson, who was President of the Combined South Australian Schools Association in Brisbane, is now living in Sydney, having been transferred here by the Broken Hill Pty. Co. Ltd.

Fred Harris. We are happy to report that Fred Harris has regained his health, and was at the recent dinner to the Head Master.

Will Ashton retains his interest in the Old School and the activities of the local Branch of the Association although his health precludes active participation.

Rex (Wacka) Dawe. We hear more of him than we see of him as he is a producer for the Colgate-Palmolive Production Unit, and in particular the "Cashmere Bouquet Show."

**QUEENSLAND**

The Branch Secretary is Mr. P. D. Coles, room 12, fourth floor, National Mutual Building, 293 Queen Street, Brisbane. Tel. B 8017.

**Reunion**

A very enjoyable time was spent at the Reunion held at the Green Lounge of the Stock Exchange Hotel, on Friday, 11th May. There was an attendance of twenty-five.

**VICTORIA**

The Branch President is Mr. Allen Shepley, Manager Melbourne Branch of the Bank of Adelaide, 267 Collins Street. Telephone C 6661.

The Branch Secretary is Mr. A. N. Dawkins, Sales Engineer, Electric Supply Department, Town Hall, Melbourne. Telephone JM 1511.

**Annual Dinner**

The Annual Branch Dinner will be held to coincide with the Adelaide function on Thursday, 26th July.

**The Late Brian Manuel**

We regret to record the death of Mr. Brian Manuel, son of Mr. and Mrs. Howard Manuel, of Jolimont. Mr. Manuel was sports, choir and housemaster at Grimwade House, Melbourne Grammar School.

Educated at Prince Alfred College, Adelaide, and Trinity Grammar School, Melbourne, Mr.

Manuel was captain of Trinity and captain of the football, athletics, cricket and tennis teams.

He gained a Bachelor of Commerce Degree at Melbourne University, where he was a double blue (football and athletics).

He was a member of the East Melbourne harriers and centre half-back for University Blacks.

**LONDON**

Dr. Stanford Howard of 49 Wimpole Street, London, W.1., is acting Secretary and is desirous of meeting all Old Boys who may be visiting London.

**BROKEN HILL**

The Branch President is Mr. George Fisher, General Manager, Zinc Corporation, and the Secretary Mr. J. Prider, c/o 2BH, Broken Hill.

**Annual Meeting**

At the recent Annual Branch Meeting, the following officers were elected:

President, Mr. G. R. Fisher; Vice-President, Mr. R. Crossing; Hon. Secretary, Mr. J. Prider; Assist. Secretary, Mr. R. Glasson; Committee, above officers, also J. Crase, W. Harbison and W. White.

**Branch Reunion Dinner**

The Annual Branch dinner arrangements are in hand and members will be advised of the date and place later.

**J. D. ILIFFE MEMORIAL**

Arrangements are being made with the School Council for a suitable Memorial Plaque to be placed in the big school room.

A further suggestion has been made to provide three annual prizes for Science, to be known as the "J. D. Iliffe" prizes in order to perpetuate his memory.

For this purpose, a sum of about £300 will be required. Full particulars will be advised later.

**YORKE PENINSULA RE-UNION**

Arrangements are in hand for the Annual Dinner to be held at Maitland on Friday, 6th July. All "Old Boys" desiring further information should communicate with Mr. R. M. Tiddy, Maitland, Yorke Peninsula.

**PRINCE ALFRED COLLEGIANS LODGE**

W.M.: Wpl. Bro. N. A. Walsh.

I.P.M.: Wpl. Bro. L. S. Walsh.

S.W.: Bro. W. F. Patterson.

J.W.: Bro. F. A. Baldwin.

Chaplain: Bro. C. J. Perry.

Treasurer: Wpl. Bro. R. F. Middleton.

Secretary: Wpl. Bro. R. P. Goode.

D.C.: Wpl. H. M. Wilson.

Meetings are held on the first Friday each month.

**ANNUAL SUBSCRIPTIONS**

Subscriptions for the year ending 30th September, 1951, are now due, and members are requested to remit promptly to facilitate the work of the Association.

The work of the Association has increased considerably, and your co-operation by prompt payment of subscriptions (7/6) is requested.

**EDUCATION FUND**

This fund has been raised for the purpose of educating the children (boys and girls) of Old Boys who lost their lives on Active Service.

Messrs C. J. Glover, N. S. Angel and L. B. Shuttleworth have been appointed trustees to administer this fund, under direction of the Association Committee.

Up to the present time no applications have been received. Members are requested to notify the Secretaries should they learn of any child desiring educational benefits. All enquiries should be addressed to the Joint Secretaries, 50 Grenfell Street, Adelaide.

**SCHOOL SONGS**

The music of the "Cricket Song" which was composed by Mr. C. J. Stevens in 1890 has now been obtained. The School Songs, words and music will shortly be available in booklet form for use at Present and Old Boy functions.
