As we were going to print, the sad news was received of the death of His Majesty King George VI. Together with all his faithful subjects we mourn the loss of a great Christian King, whose courage and unselfish devotion to his people were an inspiration to us all.

As a school we express our loyalty to our new Sovereign, Queen Elizabeth II, and pray that she may have God's blessing and constant help.

Editorial

In their recent "Call to the Nation," the leaders of Australia stressed, as one of the causes of our troubled times, the apathetic outlook of the community. Unfortunately this is only too true and has even been evident in our own school during the year.

The waning interest which the younger boys seem to be taking in school activities has made it necessary to introduce compulsory practices for the various sports. Although it seems unfortunate that such measures should be taken, there is no greater evidence of their value than our outstanding victory in the Intercollegiate Athletics this year.

In past years when we met with continual defeat at this and other Intercollegiate games, lack of the necessary material to build winning teams was blamed as the reason for our failure. Yet, though this may be true to some extent, it was also largely due to the fact that insufficient interest was taken in these activities by the boys.

Not only has this been evident in sport but also in the Cadet Corps and House Activities. Whether or not this is a sign of the growing cynicism and fatalism throughout the world it is hard to say; but one cannot truthfully say that the present generation is not of the fibre of its ancestors.

Should such measures as have been introduced restore to the school the glory which past generations bestowed upon her, then they are worth upholding. Let this be a call to live the words of our motto,

"Fac Fortia et Patere"

J. R. B.

School Notes

The school year is over. Speech Day is a thing of the past. P.A.C. looks back upon a highly satisfactory year.

At the end of second term Mr. Fry resigned from the Big School staff to take up a position with the Cancer Research Board and Mr. Moore from the Prep. to return to Victoria. Mr. J. K. Allison, B.A., an Old Boy, was appointed to the Prep. vacancy. Mr. Mansfield, our Woodwork Master, who has been on leave in England since early 1949 has resigned and will remain abroad. Mr. Inglis, who came to relieve Mr. Mansfield, has done excellent work and has been popular with staff and boys. We shall miss him next year. Mr. Tregenza returns to England in the New Year. His year with us has been very well worth while for P.A.C. and we are sorry that his time with us has been so short.

The passing of Dick Pinch—a polio victim—cast a great gloom upon the school. He left P.A.C. at the end of last year. He was a school prefect, a sound student, and an intercollegiate football player for two years, but above all he was a boy whose friendliness and quiet solidity of character were such that he was held in the highest esteem by boys both senior and junior and by members of the staff. His parents have endowed a prize—the Dick Pinch Memorial Cup—for the fairest and best player in under 14 football.

Visitors to Assembly have included Dr. Leiper (U.S.A.) representing the World Council of Churches, Rev. Albert Hearn, Property Secretary of the British Conference, Mr. Roger Opie, 1951 Rhodes Scholar, before his departure for Oxford, Dr. Ralph Parsons on his return from Oxford, Rev. Norman Elliott from Melbourne, while visiting Adelaide to conduct Kent Town Anniversary services, Rev. Walter Whitbread from our Canberra Church.

The programme of Old Scholars' Week followed the usual pattern. The highlight for the school was the Thursday morning Assembly of old "Old Scholars."

The football team had been playing so well that our hopes were high when we made our way to the Oval for the Intercollegiate match. It was a grand game but we were not good enough on the day. Congratulations to S.P.S.C. Congratulations also to Prest and the members of his team and to Mr. Leak on the fine football played during the season.

Wesley College football team visited us during the last week of second term. The visitors agreed that we were ideal hosts except when we met them at football on the school oval.

The cricket team, at the express invitation of the S.A.C.A., returned along with S.P.S.C. to B grade after a long absence from its ranks. We were sorry to sever our connection with the Adelaide Turf Association, but it was felt that the interests of cricket would be better served by our playing in B grade.

The President of the Old Collegians' Association, Senator R. W. Pearson, and members of the Committee visited Assembly late in the third term. The President told the school of the work of the Association and urged boys who were leaving to become members.

The Intercollegiate cricket match, still fresh in our memories, was an exciting one of fluctuating fortunes. Princes' fielding was magnificent and did much to bolster up an attack by no means strong. Ducker must surely rank as one of the best wicketkeepers taking part in these games. Congratulations to the team on their play and to Fuller on a good season and some fine captaincy in the S.P.S.C. second innings.

The "Red and White," held during October as in 1950, was a great success—some even suggested it was better than the 1950 function which last year's Chronicle voted the best ever. Our thanks to Mrs. Dunning, Mrs. Perry, Mrs. Prest and members of the Mothers' Committee who did so much for our enjoyment.

The Senior and the Junior Boarders' parties were also very successful. They seemed to be the cause of a temporary increase in the volume of inward mail for the boarders.

Speech Day

Our Annual Speech Day was held this year on Friday evening, 14th December and, as in 1949, it took place at the school.

The President of the Conference, Rev. R. E. Stanley, who is also the minister of Kent Town Church, presided. The Games Report was read by Michael Perry, Captain of the School, and the Headmaster, Mr. J. A. Dunning, M.A., M.Sc., then presented his report.

The School was honoured by the presence of the Honourable Mr. Justice Reed who presented the prizes. In his address to the boys His Honour stressed the importance of developing the power to think, and spoke of the continuing life and spirit of the school as a most valuable heritage.

Mr. L. P. A. Lawrence, the President of the Old Boys' Association, proposed a vote of thanks to His Honour.

The Preparatory School Choir sang very beautifully two groups of carols.

HEADMASTER'S REPORT

I have the honour of presenting to you the report on the work of Prince Alfred College in 1951.

I would first extend a welcome to Your Honour and I would like you to know that, as a School, we give you a special welcome because you are an Old Boy. It is very appropriate that you should honour your old School at this time, when the forthcoming Royal Visit is so much in our minds, for fifty years ago, I gather you played quite an important part in another Royal Visit. You, because of your position as the top boy of the youngest class in the College, along with a small boy from St. Peter's presented a basket of flowers to the gracious lady we now know as Queen Mary when she, as the Duchess of York, attended the 1901 intercollegiate football match.

In nearly every way, the year that is ending

has been a most successful one. There has been no slackening in the number of applications for admission, even though unfortunately both for parents and the College there have been further increases in the costs of running the school, and so our fees for next year have had to be increased. From my point of view as Headmaster, these problems of admissions and costs are still major ones.

In the 1950 Public Examinations, the excellent standard set in previous years was well maintained. Fourteen gained Leaving Honours certificates, with seven gaining places on the General Honours List. R. P. Hale, 3rd on the list had our best pass, and gained top credit in both Mathematics I and Mathematics II. Fifty-one gained Leaving certificates, with M. P. Schneider, second in the State, having the best pass. Fifty-four gained Intermediate cer-

tificates, with B. W. Smith our best pass. Seven Leaving bursaries and four Intermediate exhibitions were won.

This year the Leaving Honours class did not have as strong a second-year group as in 1950. We hope for more certificates but do not expect as many high places in the General Honours List. W. E. Mann, who is doing Leaving Honours for the first time, is Dux of the School and he has done excellent work in all subjects. The standard of attainment in the other Public Examination forms varies greatly, but generally a reasonable effort to succeed has been made.

The Preparatory School has had a good year, remarkably free from interruptions. I am glad to report that three of the first four places in the fourth forms have been gained by boys who came up from the Preparatory School at the beginning of the year.

In February we welcomed Messrs. J. E. Duff, W. A. Tregenza and R. M. Fry to the staff of the Big School. Mr. Duff took up the position of Senior Mathematics Master and we were fortunate to secure a man with his qualifications for this important position. Mr. Tregenza came to us for a year after a long association with one of the best-known English Public Schools. He returns to England shortly and I hope he carries away as pleasant memories of P.A.C. as we shall retain of Mr. Tregenza. In the Preparatory School, Mr. J. K. Allison, an Old Boy, replaced Mr. Moore who resigned at the end of the second term. Mr. Kelly is retiring after several years of faithful service in the Prep. and we shall miss him in his work with form IIID.

The College Woodwork Master, Mr. Mansfield, who has been on leave in England for almost three years has resigned. Mr. Inglis who was appointed to relieve him has done very good work and we farewell him tonight with regret.

Next year both Mr. Mutton and the College Chaplain, Rev. C. J. Perry, are taking the opportunity of visiting Britain and leave has been granted to them for part of the school year.

Religious instruction has proceeded on the same lines as in previous years. As years go by, I appreciate more and more the worth of the work of the College Chaplain. A pleasing feature has been the increased attendance at Student Christian Movement meetings. During the year, we welcomed the President of the Conference, Rev. R. E. Stanley, who became our minister at Kent Town. He succeeded Rev. H. Alvey who had taken the greatest possible interest in our work during his five years at Kent Town.

The Captain of the School has read to you his report on school games. I think you will agree that, not for many years, have all five intercollegiate events been so evenly contested. In each contest, the margin was so narrow that the result could easily have been reversed.

A study of the two issues of the School Chronicle will let you know that the cadets, clubs, choir, societies and hobby groups have been functioning most energetically. Time does not permit me to deal with all of them, but I must mention the increased activity of the Scouts. Mr. Goodenough has been unsparing in his efforts to improve the efficiency of the troop. The sea-scouts are proud of their boat, the "Sea Prince," which was launched at the Outer Harbour during November. Three members of the troop who left a year ago, attended the World Jamboree in Austria, while a party of twenty are spending a month in Tasmania during the coming vacation. Through the generosity and enthusiasm of the Scouts Parents Group, Scout funds are now in a healthy state.

I would also refer briefly to the success of the Dramatic Society's major effort for the year—the highly successful production of Ian Hay's "The Housemaster" under the direction of Mr. Coombes in the Norwood Town Hall.

The Old Collegians' Association has had another most successful year and has again given valuable assistance to the College. The membership will be over 3,000 as soon as a few of those who leave tonight become members. Three-quarters of these are life members. The school congratulates Mr. L. P. A. Lawrence on following in his father's footsteps in being elected President of the Association.

I cannot let this occasion pass without recording appreciation of the magnificent record of Mr. L. B. Shuttleworth who resigned from the position of Secretary of the Association after serving in this capacity since 1912. Only those who have worked closely with Mr. Shuttleworth can have any idea of what he has done not only for the Association but also for his Old School.

Old Boys continue to give great service to the community in all branches of public life. It is of particular interest that the 1951 President of the Association resigned from the State Parliament to contest the election for the Senate. As a result he is now Senator Pearson, while his brother Mr. G. G. Pearson, another "Old Red," was elected to his place in the State Parliament. Younger Old Boys too, have been successful in study and in sport. I have noticed some very high credits for them in recent Science, Medicine and Dentistry results at Adelaide University, while three members of our 1949 Intercollegiate cricket team, Lill, Trowse and Tiddy are meeting with success in the S.A.C.A. Senior Colts team.

The War Memorial Fund has steadily grown until it now stands at almost £25,000, the sum originally asked for. Unfortunately this will not now be sufficient for the buildings which we hope to erect as soon as we are able to do so.

The Parents and Friends Association under the presidency of Mr. R. J. Hopkins has continued its good work of assisting the College.

I would mention in particular the help given by providing a large number of lockers for the Junior Dressing Room. Meetings of the Association were always well attended.

The Prep. School Mothers Club has again been most active, and I know Mr. Close is most appreciative of the help that has been so readily given to various projects in the Prep. School.

Since last Speech Day we have suffered a great loss by the death of two men, who, while Masters, gave outstanding service and endeared themselves to colleagues and pupils alike. No words of mine could pay adequate tribute to them or to their work. Mr. J. D. Iliffe, an Old Boy of the School, retired in 1936 after fifty-one years of devoted service, but continued to help his Old School from time to time during the war years. He was a man with a great love for his fellow men and particularly his Old Boys, and they in their turn had a great love for him. To commemorate his name, Old Boys have endowed three Science prizes, which will be awarded for the first time this evening.

Mr. K. W. A. Smith, also an Old Boy, passed on at a relatively early age. He was a Junior Master at the School for some years but left to join the staff of King's College when it was founded. Returning to his old school in 1942, he had been responsible for much of the senior work in Mathematics. Mr. Smith's brother-in-law, Mr. H. L. Morris, and his brother, Mr. A. E. Morris, (both Old Boys), have endowed a prize for Mathematics at the Leaving stage to be known as the K. W. A. Smith Memorial Prize. This will be awarded tonight and the first winner is Mr. Smith's younger son, B. W. Smith, who is a most able student.

Two other memorial prizes are awarded for the first time this evening. During the last Christmas vacation, Geoff Burdett, a fourth form boy, met with a fatal accident, and his parents have endowed the IVC Scripture prize in his memory. Dick Pinch was in our 1950 Leaving Honours class, and this year was doing first-year Medicine when he fell a victim to poliomyelitis. He was a School Prefect in 1950, and a member of the Intercollegiate football team in 1949 and 1950. His parents have endowed a trophy to be known as the Dick Pinch Memorial Cup and this will be awarded annually to the fairest and best player in the Under 14 football team.

I would record with regret the passing of two Old Boys who have taken a great interest in their Old School—Dr. F. S. Hone and Mr. P. E. Johnstone. We are glad that on the shelves of our School Library we shall have books that once belonged to them. To the members of Dr. Hone's family the thanks of the College are due for the gift of over two hundred books from his library.

Old Boys and those connected with P.A.C. are proud of the book on the History of the School written by my predecessor Mr. J. F.

Ward, O.B.E., M.A. By reading it, many of us have learnt a great deal more about our School. I commend it to all interested, and on behalf of the School I thank Mr. Ward.

One of Mr. Ward's former colleagues today joins him in retirement. I know you would like me to convey to Mr. Gratton the congratulations of Prince Alfred College upon his great record of service to Scotch College and to education in South Australia, and to express to him the hope that Mrs. Gratton and he will enjoy many years of happy and well-earned retirement.

Recently most headmasters have supported "The Call to the People of Australia." As I have said before, I welcome it because it is a statement backed by the leaders of the community of those very ideas that we have for so long been trying to stress in the schools. At the last meeting of the Headmasters' Conference of Australia held in Sydney in May and attended by over forty headmasters from all States the general principles of "The Call" formed the basis of many of our discussions. At the conclusion of the meeting, the Conference gave unanimous approval to a statement for publication which included the following relevant paragraph. "The Conference, while it recognises the special responsibility of schools and schoolmasters, appeals to all members of the community, particularly parents, who share a belief in Christian ideals, to co-operate fully in the interests of the nation in the restoring of standards largely lost or overlaid, by precept where necessary, but more usefully by the example which they themselves set. For although schoolmasters might like to believe that schools can shape the education of the future, it is distressingly more likely to be true that the common standards of society will nullify the noblest efforts of the schools."

If school annual reports for the years since the war were perused, you would find the same sentiments expressed scores of times. I hope that with the backing these ideas are now receiving something very much more may be achieved. I believe that with co-operation between parents and schools, and with schools and schoolmasters ever mindful of their Christian obligations, much can be accomplished for Australia.

In conclusion I would express my sincerest thanks to all those who have helped to make this year such a successful one—to the members of the College Council, to the staff, both teaching and domestic, to the Captain of the School, the prefects and boys, to the parents and to all others who in any way assisted.

To the boys who are leaving may I commend to you some words of Earl Baldwin but with P.A.C. substituted for Harrow; "I will with God's help do nothing in the course of an arduous and difficult career which shall cause any Prince's man to say of me that I have failed to do my best to line up to the highest ideals of the School."

GAMES REPORT

Mr. President, your Honour, members of the College Council, and of the Committee of the Old Collegians' Association, ladies and gentlemen—It is my privilege and pleasure to present to you the Games Report for 1951.

The first encounter with the "Blues" this year was the tennis, played at the Memorial Drive. As usual the competition was very keen and it was not before the last round of doubles was played that Princes came out on top, winning by eight rubbers to seven. Our win was due to a more evenly balanced side, and the great keenness of the boys under the capable leadership of Faull. I should like to thank Mr. Luke for his inspiring and indefatigable labours as coach. This was his 22nd win in twenty-four years, which is a truly remarkable record.

During the last Christmas holidays, our Rowing Club went to Murray Bridge to start their strenuous training for the Intercol. A week before the Intercol. Princes showed fine form in the Metropolitan Regatta and we went down to the River with high hopes of defeating Saints. Unfortunately Saints beat us by a canvas in a very even race, and we congratulate them on winning the Gosse and Blackmore Shields.

Our Under 16 Tub Slides was the only crew to uphold the name of Princes, and we offer our congratulations to this crew, and also to the Old Boys on their success. I should like to thank Mr. Frolich, the coach, and Mr. Potts for their untiring efforts in this sphere, and also congratulate Cooper on being Captain of the Boats.

The Intercollegiate Athletics were held on Tuesday, 18th May. This was our greatest triumph of the sporting year.

It was our first win since 1939, and I should like to congratulate Skinner and the team on a well-deserved win. The whole team performed well, but special mention must be made of Perrott, who broke two records, namely, the 120 hurdles, and 220 low hurdles, and McIntosh who gave an amazing exhibition in winning both the 880 yards and 440 yards. We wish McIntosh every success when he represents South Australia in the Australian Championships to be held in Tasmania tomorrow. I should also like to mention Skinner, Evans and Kaye for their fine performances. Mr. Fuller's outstanding coaching paved the way for this meritorious win.

In the second term, our only encounter with the "Blues" was the football. At the beginning of the term it seemed very likely that we should be a great threat to Saints. The boys were soon moulded into a fine team, and at times played brilliant football. Our first defeat in the Inter-Association matches was at the hands of Saints, who defeated us 13—15 to 12—8 in a hard-hitting, even game, in which the winner was in doubt to the final bell. Ducker was voted

by the boys as the best and fairest P.A.C. player on the ground, while Skinner received the umpire's second vote. Congratulations to Prest, captain of the team, who did much for the welfare of the team. I should also like to thank Mr. Leak, the coach, for his enthusiasm and persistent efforts for the team as well as for football in general.

This year, the coveted Gosse Medal for the most brilliant and fairest player in the Students' Association, was awarded to I. D. Day. Congratulations Ian.

The Under 14 Football team was the only team to go through undefeated this season, and this reflects great credit on the fine coaching of Mr. Provis.

At the end of the second term, Wesley College brought a strong team from Melbourne to challenge us and, like true Princes men, we took up the challenge and eventually won after an interesting match.

Merit Badges awarded to boys who have received colours in three sports have this year been awarded to Day and Perry, both of whom have represented the School in cricket, football and tennis.

This year the School Tennis Championships were held at the end of the first term. Both Faull and Johnson, who played first and second singles in the Intercol respectively, reached the final, in which Johnson defeated Faull in three sets 6-2, 3-6, 6-0.

The Annual School Sports were held on Saturday, 24th April. The standard of the march past was higher than in past years, and great credit must be given to School House for their win. This House also won the House Competition, defeating Cotton by 185 to 174 points. The Senior Cup resulted in a very interesting contest, Perrott finally winning by 2 points from Smith and McIntosh. The Under 16 Cup was won by Smallacombe, the Under 15 by Dyke, the Under 14 by Wicks, and the Under 13 by M. Ducker. Thanks are due to all those who officiated on the day.

Owing to the lack of House enthusiasm during previous years, compulsory House practices were introduced. If House enthusiasm is greater, the standard of school sport must improve, and so I appeal to all boys to take more interest in their House activities.

The first inter-house competition was the tennis, which resulted in a win for Waterhouse, who defeated Bayly, with Cotton and School taking 3rd and 4th positions.

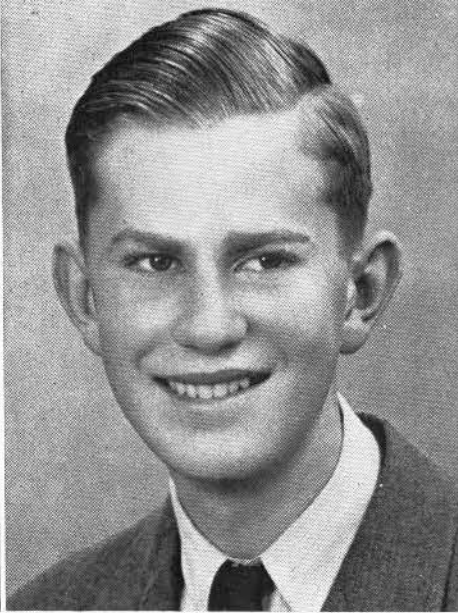

The House Regatta was held on the River Torrens. School House won the senior and Waterhouse the junior event.

The football resulted in an unexpected win for School House from Cotton.

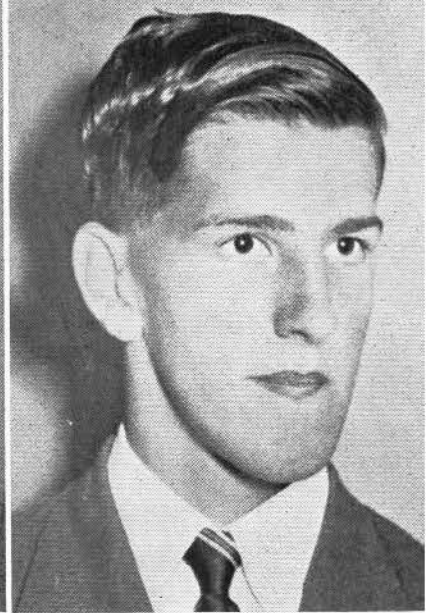

All the matches were evenly fought and it was evident from the play that the standard of School football was improving.

The cricket which was played early in the third term was won by Waterhouse from Cotton, Bayly and School.

I should like to congratulate Waterhouse on winning the School Cup. Waterhouse by its supremacy in both sport and work compiled 165 points whilst its nearest rivals were Bayly and Cotton with 85 points.

The annual match between the Masters and the First XI was won by the Masters, but we do not think that our dignity suffered by allowing them to win.

After having a very successful year in the Adelaide Turf Association, in which we came second on the premiership list, P.A.C. transferred to B grade at the special invitation of the S.A.C.A. In the new grade we are doing moderately well.

The Intercol. cricket which has just been concluded was a most exciting game. As usual in the true game of cricket, fortunes fluctuated from side to side during the course of the match. Special mention must be made of Menadue, Waters and Hall for their splendid batting efforts in the first innings. Ducker must be commended on his fine wicket-keeping

throughout the match, while Lyon in Saints' second innings bowled extremely well for his 5 wickets. In our second innings we realised that runs had to be made in fast time, and wickets were sacrificed to do so. However at the end Princes had lost 8 wickets, and still needed 30 runs, so that the match ended as an exciting draw. Evans is to be congratulated on his innings.

Fuller throughout the season captained his team very well, and at all times he had the boys' confidence. I should also like to congratulate him on winning both bowling and batting averages. I should like to thank Mr. Leak for his enthusiastic coaching of the cricket team, and all the old scholars, members of the staff, and friends of the School for their support in what has been a reasonably successful year of sport.

Finally, might I commend to all those who are returning, and to those who are leaving, the last verse of the School Song:

"Princes all the world over
Hold her inviolate name,
You can wager your last drop of blood, sir
That Princes are playing the game."

The late Mr. K. W. A. Smith, B.Sc.

The passing of Mr. K. W. A. Smith at the comparatively early age of 51 removed from our staff one who had endeared himself to all. His patience, his fortitude and above all his cheerfulness during a long illness were a revelation even to those who knew him well. Friends who went to visit and condole with him came away from his home uplifted in spirit. Ken Smith entered P.A.C. as a day scholar in September 1912 and his progress through the school was notable. At the IV Upper, V Upper and Lower Sixth grades he was consistently dux of his form and finally at the Senior Public examination in 1915 he was placed first on the General Honours list. The following year he joined the teaching staff as a junior master under Mr. W. R. Bayly and also began attending lectures at the University. Later he found it necessary to devote more time to his university studies. This bore fruit for at the end of 1923 he succeeded in gaining his B.Sc. degree with honours in mathematics.

At the inauguration of King's College in 1924 Mr. Smith accepted the position of Maths Master. There he won the confidence of both the pupils and the governing body of the school for in 1933 he was offered and accepted the headmastership. However during World War II he resigned from his position and returned

to his old school as Senior Maths Master. It is probable that his love of mathematics can be traced to the inspiration of the late F. I. Grey, our former Maths Master, for whom he had a great affection. Be that as it may, he was a very successful teacher and his pupils won outstanding results. Yet Ken Smith's interests ranged far beyond the walls of the classroom. He loved good books, his reading being wide and discriminating. On the cricket field he was a useful spin bowler, while in later years he enjoyed relaxation on the bowling green. Ever ready to rejoice at the triumphs of others, he yet had a warm word of encouragement for the less fortunate.

Those who were privileged to hear the moving tribute to his memory paid by Rev. T. W. Fraser in the Kensington Gardens Congregational Church during the funeral service could not but feel the impact of a gracious personality, whose abiding purpose in life had been to serve his family, his pupils, his fellowmen and his God. Widely known and greatly beloved by the old scholars of two schools. Ken Smith has passed to his reward.

One of his last school activities was to begin a purely Australian section in the Memorial Library and it would be fitting indeed, if his name could be permanently associated with it.

Annual School Service

The nineteenth Annual School Service took place on Sunday, 9th December at Kent Town Methodist Church.

The School Chaplain, Rev. C. J. Perry, conducted the service. Mr. G. M. Bowen was at the organ and the Choir directed by Mr. Roland May, Mus.Bac., led the singing of the hymns and sang the anthem "All in the April Evening," and the carol "When Christ was Born of Mary Free." The Captain of the School, M. G. Perry, read the lesson from II Timothy I, verses 1 to 14.

The Headmaster took the word "Remember" as the subject for his address. He pointed out that present boys are accustomed to hearing "remember" used with quite a different meaning from that in which Old Boys use it when thinking of their school and their school life. For the present boy, "remember" is most frequently associated with the idea of a command—an instruction—an order—from masters, parents and others, but one has only to be present when a group of Old Boys gather together to realise that for them, "remember," in respect of their school life, means to call to memory incidents and heroes of their schooldays.

The following are extracts from the address: Paul in the portion of his letter to Timothy which was read for the lesson gives us those two same ideas in verses 5 and 6 which can be regarded as my text. Here we read "When I call to remembrance the unfeigned faith that is in thee, which dwelt first in thy grandmother Lois, and in thy mother Eunice, and I am persuaded that in thee also. Wherefore I put thee in remembrance that thou stir up the gift of God which is in thee by the putting on of hands."

Paul remembers Timothy's faith and the opportunities that are his by virtue of the faith of Lois and Eunice, and tells him to remain firm in his calling.

So for a short time this evening I would direct our thoughts to a few of the many things—some connected with our school life—that we should do well from time to time to call to remembrance and a few that we should put in remembrance.

Have you ever thought how much poorer life would be if we did not possess the faculty of memory? We should miss the joy of reminiscing with our friends, and even more the joys of meditation. As an Englishman has written,

"Memory was given to us that we might have roses in December." Those who have known a bleak December in England realize what this means.

Now we at P.A.C. have surely entered upon a goodly heritage, and we should ever remember or in Paul's word—"Call to remembrance" some of those to whom we owe so much, and so I say, "Remember our founders." Let us ever remember that our college is a Church school. Let us learn something more of its founders and its early history. If you have not already studied it, read the early chapters of Mr. Ward's book. Remember that this is a Methodist college, and whether you be Methodist or not, learn something more of the founder of Methodism, John Wesley and his work, and from there let our thoughts turn to the founder of the Christian Church, our Lord Jesus Christ, and let us read and learn more of Him.

Our founders had great faith—and I rejoice that over 80 years later members of our Church are showing the same faith by—even in these difficult times—founding our University Residential College—Lincoln College. May this faith be rewarded even as I think I may fairly say the faith of our founders has been rewarded. So let us remember our founders. Secondly is it not well that we should call to remembrance more frequently those who served and particularly those who fell in the two world wars? For what should we have enjoyed had it not been for their sacrifice? Indeed we might well ask would there ever have been a P.A.C. On Anzac Day, on Armistice Day, we do remember them, but can we truthfully say that our efforts as a nation during the last five years have been worthy of our sacrifice? We have done much, but how much more could we have done both for ourselves and for the

world? And in these matters the individual still plays the important part.

Thirdly, let us call to remembrance two well beloved masters who passed to their reward during the year—Mr. Iliffe and Mr. Ken Smith. There is not one person connected with Princes in this church tonight who has not been influenced either directly or indirectly by these men. For myself, I regard it as a great privilege to have known them, and I shall always cherish their memory. Mr. Iliffe was very closely connected with the work of this church. The last time I saw him was at a communion service here a few weeks before his death. As I was leaving, I told him I was going to an Old Boys' Dinner at Mt. Gambier during the following week and his last words to me were "Give them my love." Mr. Iliffe's love for his fellow men and in particular for his Old Boys knew no bounds, and great also was his love for his church.

Again many who visited Mr. Smith during his long illness came away feeling that they were better men because of his influence—I know that I did. Those of us who heard the address at his funeral service in the little Congregational Church will never forget it. I rang the minister the next day to thank him for it and to let him know how much everyone had been moved by it. His reply was that he had known Ken Smith since they had gone to Sunday School together, and his life had been such that in paying a tribute to him in God's house he had merely to tell of the life of the man. Would that we all could serve our generation as these two men did, and then face the Maker, as I am sure they have done, to receive His "Well done, good and faithful servant."

So, with the memory of all these that I have mentioned, and mindful of the rich heritage that they enabled us to enter upon, let us remember that unto whomsoever much is given from him much is required. So I am going to suggest to you three things we must remember if we are to prove worthy of our heritage—three that I think we are in danger of losing sight of today. Remember the value of home and home life. Remember the Sabbath Day. Remember the value of church worship.

First then, remember to value and to esteem your home and your home life. For the home is still the place where character is moulded and the instincts of reverence and worship

trained. What a fine thing it is to find in a home reverence of children for their parents, and reverence of parents for their God! With such an example in all homes, we should not have before us the instances of lack of reverence that so appal us today. And who can judge the value of Bible study and worship within the home—even to the saying of Grace before meals?

Some one has said of the present age "The trouble perhaps is not so much that we are so busy but that we have got into the habit of hurry. Speed has become a kind of mania with us and the pace of life is sometimes frantic. We are tending to become feverish, overwrought, with a lust for change and a hectic passion for pleasure. So a race is rising that can hardly bear to spend a quiet evening at home—an evening with just the family at home. We must take time to be quiet occasionally,"

"When days are full of discord
And every moment brings
Its share of strife and worry
I think of quiet things."

Or again,

"Have you ever thought my friend,
As you daily toil and plod,
In the noisy paths of men,
How still are the ways of God?"

Following on from this, I come to my second "remember." Remember the Sabbath Day. I am not going to suggest to you any hard and fast rules, as to what should be allowed and what should not be allowed on the Sabbath Day. But this I surely know, that it is not God's wisdom that the Sabbath should be spent in the way so many spend it today. Consider the loss there has been to family life as a whole in so many cases. What an inspiration and an example it is to see a family worshipping together regularly on a Sunday! Nor, I think, from the angle of economic efficiency does the rapid tenor of life on the modern Sunday pay industrial dividends. Again we need more rest and quietness in our lives.

My third "remember" is "Remember your Church worship." I know the many attractions that make it so difficult for the young person and indeed the older one to be regular in attendance at Church. But once the habit of regular attendance is given up, then in most cases it means not attending at all—Church becomes the place for weddings and for funeral services. Yes, it is very easy to be drawn away from the habits of regular Church attendance.

Browning in his day said, "How very hard it is to be a Christian!" To my mind being a Christian includes as one of its obligations "attending Church"—the converse is not necessarily true.

Therefore, remembering that we owe what we now enjoy to the effort of others such as those I mentioned earlier, let us remember that our standard of life and behaviour must be such that we pass on what we have inherited undiminished to the generation which follows us.

Let me conclude with a thought on "remember" for the older boys. Those of you who were fortunate enough to hear Mr. Menzies deliver the Milne Memorial Oration at the Bonython Hall will remember that he concluded by listing some of the pictures that came to his mind when he thought of Britain. May I suggest some of the things that I think and I hope may come to the minds of some of you boys when in pensive mood 10, 20, 30, 40 years on you recall your schooldays;

- friendships still enduring that commenced at school;
- good games played hard and thoroughly enjoyed;
- the sacrifice of parents to give you your chance;

- the Scripture period with a beloved Chaplain once a week where you learnt far more of the Christian way of life than you realise now;
- the singing of hymns at morning assembly;
- the Thursday morning assembly in Old Boys' Week when the old Old Scholars attended.
- for many boarders, the memory of your first Communion service;
- for some the realization for the first time of what you really wished to be in life;
- perchance for some the dedication of your life to the service of God and His Kingdom;
- for all of you, I hope, the recollection of this end of year service within this great church;
- and indeed other cherished memories for each individual alone—too sacred to be spoken about but fondly to be kept in one's heart.

So may I conclude with one last "remember" to those who leave this year. "Remember" now Thy Creator in the days of thy youth, while the evil days come not nor the years draw nigh when thou shalt say 'I have no pleasure in them,' and for you all, but particularly for the large number of boarders who partook of Communion this morning in this church, the words of our Lord, 'This do in remembrance of me.'

Student Christian Movement

The S.C.M. has completed yet another successful year. In the second term, as in previous years, we held discussion groups. This year the committee decided to have one of the groups led by the boys and the other by the Chaplain, Rev. C. J. Perry. The groups met each Thursday and several most interesting discussions were held. Everyone who participated felt that he had gained great benefit from these discussions.

In the third term Rev. Frank Silwood gave a most interesting address on Sir Gareth, a knight of medieval times, and the obstacles he encountered.

Rev. B. H. Phillips of the Port Adelaide Methodist Mission told us of the great work

that is being done by the mission for the poor and distressed. Mr. R. J. Coombe, S.M., gave us a very penetrating talk on his experiences and the classification of courts. He stressed the necessity of strict training of children from early childhood.

Rev. Frank Hambly was our final speaker. He examined the five phases of life and pointed out their characteristics. He showed how infancy, childhood, manhood, middle-age, and old-age were typified by interest in the self, the gang, the community, one's life work and reminiscences respectively.

The committee would like to thank Mr. Potts for the keen interest that he has taken in the work of the S.C.M.

The Debating Society

Our earlier fears that our lack of experience would tell against us in debating this year proved to be unfounded. The first evening of semi-prepared debates revealed a number of natural debaters, at least as far as entertaining manner was concerned. The second debate of this evening, "That democracy is a greater boon than sanity," produced some weird arguments among which was the claim that "sanity brings (as a matter of course) jealousy, hatred and avarice!"

For the following two meetings we were engaged in House Debates. In the first round Waterhouse narrowly defeated Cotton and Bayly defeated School. The lighter debate, "That all history books should be burnt," was contested for third place, Cotton on the pro side gaining the verdict mainly on the argument that history books were a good substitute for coal as fuel. The final was narrowly won by Bayly taking the pro side on the subject, "That State Governments should be abolished" after an excellent display of debating on their part. The following meeting consisted of a junior and a senior debate, the pro side winning the latter on the subject, "That Christopher Columbus sailed too far."

The first inter-school debate was held on July 20 against Girton. It was a most successful meeting. We were surprised to hear the decision given against our juniors who had debated really well. However, we were even more surprised to find that the senior debate in which we took the con side on the argument "That the U.S.A. is a menace to culture," was awarded to us, for we feared that Miss Martin's eloquence had swayed the adjudicator. Supper was arranged by Sister and for this we were truly grateful.

The climax of the year was the Intercollegiate Debate which took place on July 27. Our junior team, P. Willoughby, M. G. Bennett and M. E. B. Smyth, took the pro side on the subject, "That Federal Price Control is in the best interests of Australia." They debated well and came out on top. Our senior team consisting of M. P. Schneider, M. L. McArthur and A. Looi took the con. side of the subject, "That War is Inevitable" and, after a very even tussle, waited for five minutes for the adjudicator to separate the two teams. Eventually the decision went to Saints whom we congratulate on a fine effort.

For the final meeting we were the guests of Adelaide High School. There were two senior debates, the first being won by Adelaide High. Our chances of winning the main debate seemed small, since our Intercollegiate team stood down to allow B. W. Smith, P. L. Millhouse and G. D. Gann to represent us. However they debated excellently to defeat the strong Adelaide High team, taking the con. side on the subject, "That youth, not age should lead the world."

The interest taken this year in the Debating Society was greater than in many previous years, but there is still room for more participants and much larger attendances. Come along and join in the fun!

Finally we should like to thank Mr. Dennis heartily for his help and advice as Master-in-Charge, and Messrs. Duff, Opie, Marshman and Edgeloe for their very welcome assistance as adjudicators. The Debating Society would also like to place on record its appreciation of the valuable contribution to the work of the Society made by the late Mr. Ken Smith, for a number of years Master-in-Charge.

House Notes

WATERHOUSE

After due warning given at the end of last year, Waterhouse House has again illustrated its all-round ability, and once more the House Shield has been returned to our possession. Our superiority in the House Competition is borne out in the results of the last four years—two outright wins and one tie. Much of our success must be credited to our Housemasters, Mr. Kurtz and Mr. Coombes, and we should like to take this opportunity of thanking them for all they have done.

The first of the competitions in the second term was the football. The prospects for a win were good, for the nucleus of the Intercoll. team came from Waterhouse. Prest (Captain), Day, Skinner, Crowe, Perry, Fuller, Sweeney, and Richardson must be congratulated on their inclusion in the Intercoll. team, while special congratulations must go to Day for winning the Gosse Medal for the fairest and most brilliant player in the Students' Association. The results of the House football, however, were not very pleasing, for we could only manage third position.

The House debating proved to be much better; but we unfortunately lost by a very narrow margin to Bayly in the final. Albert Looi's effort in gaining a place in the Intercoll. debating team deserves mention.

The House Competitions of the third term illustrated fully Waterhouse's strength. The Cadet Competition saw us gain a very clear win, and the cadets are to be congratulated on their enthusiasm. At the ceremonial parade, Cdt./Lt. Wilson received the shield, while Skinner and Crowe were presented with their commissions.

The results of the House Rowing were satisfactory. The senior crew—Lichfield, Harbard, Carter, Measday and Gibson (cox)—were unfortunate to lose narrowly in the first heat, but the junior crew fulfilled all expectations, and they easily won the junior section. In the whole contest we gained second place. The House cricket saw Waterhouse gain two solid victories, first over School and then over Cotton. In the final Cotton batted first and, with some fine bowling from Little, we kept them down to the modest score of 7 for 132.

Perry (75 retired), Day (41), Fuller (35), and Harbard (25 n.o.), all contributed to our large score, and we eventually won by 60 runs. As usual the nucleus of the Intercoll. cricket team was provided by Waterhouse, and congratulations must be extended to Fuller (Captain), Perry (Vice-Captain), Day, Little and Evans for their inclusion in the victorious side. All members played a noteworthy part in our win, but the most meritorious performance of all was the fine bowling by Perry.

Our achievements, however, are not restricted to the sporting fields, for in the classrooms

also we have maintained a high standard. We have topped the aggregate points for school work each term, and the following boys are duces of their respective forms: D. R. Shepard (VUC equal), J. N. Lithgow (VLA), P. Renk (VLB), J. Leggoe (VLC), M. J. Stobie (IVA).

We have remembered Cotton House's advice from last year only too well, and the results can be seen in the results of the House Competition. All the boys must be congratulated on their outstanding effort and the committee hopes that they will retain the shield in a similar manner in future years.

BAYLY

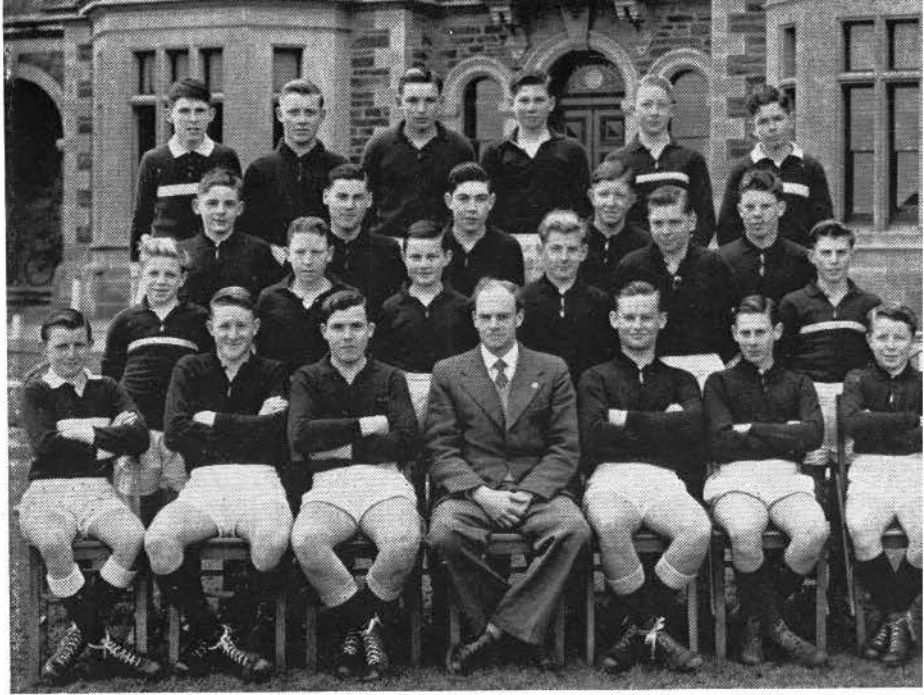

The second and third terms have not proved as successful for Bayly House as was expected. The outstanding event of the second term was the football, and although Bayly were well represented in the Intercollegiate game by Ducker (Vice-Captain), McIntosh, Haskard, and Johnson, we had to be satisfied with the "wooden spoon." In the first round, we were particularly unfortunate in losing to School (the ultimate winners of the competition) by only three points, but against Waterhouse our youngsters were outclassed by an older and more experienced team.

House Debating was also held in the second term, and here, at last, Baylyites displayed their true qualities. After comfortably defeating School in the first round, we followed with an excellent win against Waterhouse. Our congratulations to McArthur, Gann and Watson upon their fine efforts.

Bayly House cadets, under the capable leadership of Cdt./Lt. Bailey, have been quite successful this year. This is mainly due to the added keenness shown in the various sections of the cadet competition. Previously we have been handicapped by the lack of N.C.Os, and this year we were unlucky in that we came only third, being one point behind Cotton, with Waterhouse well ahead in first place. Cadet competitions are becoming more popular each year, and in the future they should greatly stimulate house interest and enthusiasm.

The next house competition in the third term was rowing. The senior crew (Bailey, S. Humble, Bradey, Pullin and (Cox) P. Humble) did remarkably well to push the strong School House crew, which comprised four Intercoll. rowers, to a very close finish in the final. Our younger and inexperienced junior crew, however, were overwhelmed, and on the day we managed only third place.

The final sporting event of the year was the House Cricket. Once again Bayly performed below expectations, for we surprisingly lost to Cotton in the first round. In the next encounter we were able to have our revenge at School House's expense, for we won by 30

runs. In both matches the Intercoll. representatives, Ducker, Hall and Lyon were outstanding and we take this opportunity to congratulate them on their selection. Lyon's fine bowling and the solid batting of Ducker and Hall played a great part in our success.

Our scholastic achievements this year have not been outstanding. The following duces are from our ranks: G. N. Walton (VUA), D. J. Pope (VUC equal), P. A. Lewis (IVC).

Finally, we should like to thank Mr. Leak and Mr. Smith for their interest and leadership throughout the year. All Baylyites, together with the rest of the School, extend to Laurie Mickan the very best wishes. We all hope he will have a speedy recovery.

COTTON

When reviewing our activities from the second term onwards we cannot refrain from commenting on the fact that Cotton seems to have been outstandingly successful in collecting second positions. Where this has been an improvement on previous years' performances we offer our congratulations to those concerned, and where it has been a fall from grace we make this request—can we have a little more enthusiasm and co-operation next year?

The house competitions in the second term started with the football in which we scored over Waterhouse by the narrow margin of one point. In the final, however, we went down to School House. Whilst congratulating them on their victory, we should like to remind them that their success was partly due to our injuries.

In the House Cricket we surprised everyone by defeating the highly rated Bayly team in a thrilling finish. However, we were caught on a "sticky" wicket by Waterhouse and finished second in this competition. Congratulations to Waterhouse!

With prominent members of the Intercoll. crews in our boats we anticipated success in the rowing. As the 'flu has visited some of our representatives our hopes were not justified and on aggregate points we came last.

It is with pride that we turn to the scholastic side of our activities. Congratulations first of all to Mann who is Dux of the College. This certainly puts us in front of the other Houses. Other duces deserving of praise are: B. W. Smith (VIA), P. R. Jenkin (VIC), P. Nimon (VUB), D. N. Royal (IVB).

The House Cadet Competition resulted in Cotton obtaining second place, the shield going to Waterhouse. At the ceremonial parade, three lieutenants, Pitman, Petchell and Perrott were presented with their "pips" by Major-General Kendall. Although we might say that Cotton dominated the parade, we are forced to stress the necessity for more interest to be taken in our unit. Our house strength could be increased by additional N.C.Os.

Our debating team, consisting of Schneider, Smith and Mann won third place, the winner

being Bayly House with Waterhouse House second.

In Intercollegiate matches, Cotton representatives, although not as numerous as could be wished, have done sterling work. The first eighteen included Perrott, Faull, Ekins and Lathlean (19th) and we extend our congratulations to them.

Only two Cotton men, Waters (opening bat) and Wicks (12th), were included in the first eleven; the former's innings of 65 formed the foundation of our first innings lead. Congratulations Bob! Our house position of equal second with Bayly for the year shows that Cotton possesses all-round ability in both sport and class work, and whilst we offer congratulations to the winning House, Waterhouse, it is but fair to give praise to those who worked hard in an endeavour to place Cotton in that position.

We should like to thank Messrs. Mutton, Laurie and Duff for their interest and support and we trust that next year we may repay their efforts by gaining first place in the House Competitions.

The members of Cotton House wish to take this opportunity to pay tribute to the memory of their late Housemaster, Mr. K. W. A. Smith, who for years was connected with this house, and whose help and interest were always appreciated by its members.

SCHOOL

The year has again followed the usual trend for School House, with several major successes in sport, and with very meagre success in school work. In the house football matches, we decisively overwhelmed Cotton in the final by 15 goals. This fully illustrated the strength of our team, and we should like to congratulate Menadue, Maxwell, Smith and May (20th) for their inclusion and fine performances in the Intercoll. team.

The House Cadet Competition left us in fourth place. We are determined that this will not happen again next year and, with due warning, we inform the other Houses that we intend to be at the top of the Cadet Competition in the near future.

We redeemed ourselves somewhat by winning the house rowing in no uncertain manner. Our powerful senior crew, Tiver, Bailey, Walker, McTaggart and Prider (Cox), gained a very clear-cut victory, but the junior crew could only manage third place. Nevertheless we won the rowing contest easily.

After our great success against M.L.C. in the first term, the house debating seemed a foregone conclusion and, without any undue difficulty, we gained fourth place. The house cricket met with like success; once again we gained the "wooden spoon." We were a trifle unlucky in that McTaggart, our star all-rounder, was unable to produce his true, brilliant (?)

form. However, we were all pleased to note the inclusion of "Banjo" Paterson and "Buck" Menadue in the Intercol. cricket team. Menadue's entertaining play in the first innings was meritorious, while "Banj" bowled extremely well in both innings.

The Boarders' Picnic again proved to be a great success. Everyone began in great spirits, and at the end of the day "Crusty" Prest had a number of admirers for his nice rosy complexion. Our thanks go to Mr. Fuller for organising the picnic and for making it such a success.

The change in the House Competition emphasizes the importance of school work. This does not seem to be our strong point, and it is regrettable, for until we take full advantage of the opportunities for solid work, School House will never win the House Competition. We have, however, had some success, and the following boys topped their respective forms: J. L. Menadue (VIB), F. B. Greenslade (VUD), R. P. J. Greenslade (VLD). Thus we have with only partial success this year, but watch out for us in the future.

HOUSE COMPETITION, 1951

This year it was decided by the Sports Committee to establish a new system for allotting House points. The previous system had proved to be inadequate, and it is hoped that this new system will create greater House interest and enthusiasm.

Points allotted were as follows:

	Bayly	Cotton	School	Waterhouse
Athletics	—	10	15	5
Cricket	5	10	—	15
Football	—	10	15	5
Rowing	5	—	15	10

School Concert

This year the School Concert was held on 16th, 17th and 18th August.

The School Choir conducted by Mr. May and accompanied by P. Millhouse opened the programme by singing two songs, "A Regular Royal Queen" and "In the Merry Month of June." This was followed by a pianoforte solo from Young on Thursday, Wicks on Friday and Preece on Saturday, and these boys must be congratulated on their performances.

"Something to Talk About," produced by Mr. Goodenough was the next item on the programme, and the events which took place in the Manor Library on Christmas morning were quite well acted.

Evidence of Mr. May's excellent choral work was again shown by his small choir which sang a delightful song, "My Ain Folk." Mr. May's work cannot be estimated too highly, and we should like to thank him for his efforts with school music in general.

Next on the programme was a violin solo by R. A. Wheatley which was followed by a play, "The Oak Settle," produced by Mr. Laurie with the assistance of Mr. Coombes. Pianoforte soli by Crossing on Thursday and Saturday and by Pearson on Friday, showed that the standard of playing under Mr. May's guidance is very high.

The piece de resistance, two duets by Skinner and Evans, with Cooper on Thursday, followed and, judging by the applause, this act was extremely popular. The songs were "The Keys of Heaven" and "Anything You Can Do," and "Frank" Skinner and "Annie" Evans

thoroughly enjoyed "singing" them. The audience must have enjoyed them as well, for there were numerous encores.

"Money Makes a Difference," produced by Mr. Laurie and adapted for a country town in South Australia, was the next item on the list. The acting in this play was very good and Sumner gave a convincing performance as a country farmer. In contrast with this was the dignified manner in which Menadue played his part as the city beau. "Hungarian Dance No. 6" was played by Millhouse and Symons, and this was followed by a bracket by the School Choir. J. Lawton rendered a violin solo "Sonatina in G Minor," and the excellent manner in which he played marks him as one with great possibilities for the future.

Three of the scouts, Taylor, Bridge and Elford, appeared as "The Three Musketeers" and they were followed by the play "Mr. Hackett's Alibi." At the Concert Committee meeting Mr. Smith "volunteered" to produce this play, and it was very well acted. Laurie Michan and Michael Schneider played the part of Mr. Hackett extremely competently, whilst Millhouse and May played Mrs. Hackett with feminine grace. McKenzie as Mrs. Saunders and Gann and Mann as Sam Biddle rendered able support.

In conclusion we should like to thank all those who performed and the masters who produced plays. Special thanks also to Mr. Dennis and his helpers for their excellent work backstage and to Mr. Scallion for erecting and dismantling the stage.

Dramatic Society

The Dramatic Society presented Ian Hay's immortal comedy, "Housemaster," on the 2nd and 3rd August at the Norwood Town Hall. This was the first large-scale production for many years and all who had the pleasure of seeing it voted it an outstanding success.

David Evans excelled himself in the part of Charles Donkin, the Housemaster, who, under the pretence of a hard exterior, really had a heart of gold; his simple and lovable character was superbly portrayed throughout. Evans is to be congratulated on the way he succeeded in conveying that requisite touch of simplicity and charm which makes Donkin such a delightful personage in the play.

Jeffery Pearson made an excellent "Bimbo." Although he did not enjoy his flogging at the beginning of the play, his "delicate rubbing" soon made him forget this. Once it was all over he entered into the spirit of events which followed.

Bimbo's three sisters were played delightfully by Barry Smith as Rosemary, John Goulter as Chris and Paul Steward as "the adhesive little thing," Bimbo's twin "Button." The way in which they carried their parts really left the audience amazed; it was really unbelievable at times that they were not girls. Although apparently innocent, they were yet children of romance who gave at least a few in the Marbleton School a thrill, to say nothing of some of the staff who were equally affected!

Their Aunt Barbara was wonderfully taken by Peter Barclay, and credit must be given for an interpretation of one who "had not changed a bit" over so many years. "Her" audibility of speech, variation in tone, gesture and movement on the stage mark "her" as one who will go a long way in the theatrical world. We are losing Peter Barclay and wish him all success in this sphere as he goes to Sydney.

Brent Hopkins played the part of Victor Beamish — a house-tutor with an amazing amount of overbearing self-confidence — and did it extremely well. Many thought that he really did not have to act the part at all! But, of course, he was never told how aptly he suited

it! Beamish believed, unconsciously or otherwise, that some masters "are more popular than others" and that he was one such! Perhaps this was why Rosemary suggested that "he kiss Button goodnight, instead!"

In contrast to the irrepressible Beamish there was Frank Hastings, played by Malcolm Bennett. As a be-spectacled mathematics master, with a dry, caustic manner, one can just imagine how much love he had for his colleague, Beamish, and towards the end of the play, for Donkin, who was caught in the act of kissing his future wife, Barbara! With quiet confidence Bennett understood his part and played it exceedingly well.

Dean Crowe as the Reverend Edmund Ovington was superb, and scrupulously true as a Headmaster who believed that a boy was not a reasoning animal, and that tradition had sometimes to be trampled under foot.

Sir Berkeley Nightingale was played by Michael Bloxham in a way in which only he could do it in spite of a severe attack of influenza. He was splendid, and so were John Pitman as Philip de Pourville and Christopher Watson as "Flossie" Nightingale.

All the other characters, without exception, right down to "Old Crump," succeeded wonderfully in interpreting the entire action and meaning of the play, which was quite a triumph for young amateurs, as many who were present would testify.

Any success which the play may have gained is mainly due to the untiring and inspiring efforts of Mr. Coombes, the producer. Mr. Coombes gave up much of his time, and the School is indebted to him for his able direction. Mr. Laurie, the business manager, and David Evans, his assistants Mr. Luke and Mr. Bowen are also to be thanked for their efforts. The proceeds of the performance amounted to £120.

Some of the mothers and friends of the School toiled in Mrs. Dunning's kitchen, tying up sweets, which had been given. Their efforts were very well rewarded, for the sweets were all sold for £42, making the total profit about £160—a creditable effort.

"Prince Alfred College"

The Story of the First Eighty Years, 1869-1949

The School is deeply indebted to its former headmaster, Mr. J. F. Ward, O.B.E., M.A., for this splendid history of the foundation of the School, and its growth through the first eighty years of its life. Mr. Ward has brought to its compilation fine gifts of mind, careful research

and a great store of knowledge. As a result the book has received the warmest welcome from friends and Old Boys of the School. Copies may be obtained from the Bursar at a cost of £1/1/- (£1/1/6 posted).

Club Activities

SENIOR DEBATING CLUB

In order to obtain variety and to give experience to as many members as possible, a new committee was elected at the beginning of each term. The presidents were S. L. Skinner, M. P. Schneider and P. A. Barclay, while others who filled committee places were M. L. McArthur, M. D. Perrott, T. J. Sweeny, C. L. Watson and P. Willoughby.

House debates, an annual feature, occupied the first four meetings in the third term. The subject, "That it is better to plant a cabbage than a rose," produced the most heated arguments, one side proclaiming the beauties of the cabbage and the other the usefulness of the rose. The debates resulted in a win for Bayly with Waterhouse a very close second.

Thereafter the examinations intervened, but we resumed soon afterwards in the last few weeks with two meetings as the United Nations Assembly, the latter of which proved the most successful of the year. The discussion was over the Suez Canal dispute, aptitude for foreign accents was displayed, the applause was violent and there seemed to be a general confusion about the meaning of the word "Suez."

At the close of the session, Mr. Dennis was asked to say a few words. He thought that this had been the most successful year yet and expressed the wish that with added experience next year we might do even better. The Club this year had proved invaluable to all its members in promoting self-expression. We thank Mr. Dennis for his very much appreciated assistance and cordially invite all to share in the proceedings of the club next year.

LINO CLUB

Another year has finished and under the able direction of Mr. Kurtz the members of the Lino Club have printed many scarves, serviettes and tablecloths. The tablecloths were made by the more advanced of our members during the last term. We should like to thank Mr. Kurtz for his help and to wish the club continued success in 1952.

T. J. N.

JUNIOR DEBATING CLUB

The members of our club feel that they have benefited greatly by taking part in our weekly meetings during the year. The debates and prepared speeches were most interesting and were very successful. During the last term we held a mock court, which, with Jenkin as judge, was performed exceedingly well. The committee, consisting of Edwards, Cameron and Jenkin carried out the duties satisfactorily and they, with the other members of the club, wish to thank Mr. Potts for his helpful advice.

D. C. P. and D. E. C.

MODEL CLUB

We have come to the end of another year under Mr. Mutton's guidance in the Model Club. Since the second term we have increased in number and consequently many more models have been made. Some have tried their hands at making model boats, and lately steam, heat and electric engines have been brought to school, and have created great interest. During the year several free flights have been made by Blockley and Smallacombe, which have obtained places in scramble flights. Altogether we have had an interesting year, and our thanks go to Mr. Mutton for his constant interest.

PHOTOGRAPHY CLUB

Once again we must thank Mr. White for coming along each Friday and giving us interesting lectures with the aid of his projector. These lectures covered all aspects of photography, and the boys have derived great benefit from them. After Mr. White's lectures had concluded towards the end of the third term, members spent their Friday hobby periods reading and discussing the contents of photography magazines.

CHESS CLUB

This year has been a most successful one for the chess club. Although we have had a large, in fact excessive membership, we have been able to buy sufficient sets for all of our members to play every week. The standard of the games played has reached a high level, so that many of the players are able to give the best members a good game. This is due to the large number of senior boys in the club.

In the Interschool chess competition our A team was not successful, but our B team won their division on a countback. Of our members who took part in the Schoolboy Chess Championships, D. M. Southwood was runner-up in the under 16 division.

Much of our success this year is due to the capable supervision of Dr. Ellis, who arranged the interschool games, and helped us very greatly.

J. G. G.

LEATHER-WORK CLUBS

This year there are two leather-work clubs. Mr. Hart and Mr. Provis have helped the boys immensely. In Mr. Hart's club W. B. Lathlean is secretary, in Mr. Provis's, B. F. Rundle is secretary. At the beginning of the year new tools were bought for the new club. This term the boys are making a variety of things, briefcases, writing folders, wallets, stationery holders, double purses, bicycle bags and many other articles.

R. G. W.

RIFLE CLUB NOTES

During the second and third terms we again competed in inter and intra club shoots. At Keswick range our team, badly hampered by sporting and cadet activities, did well to finish in fourth place. Although we had no outstanding marksmen, we managed to hold our own.

At the school practices were fired every Friday after lunch. This provided excellent sport and raised the standard of our marksmanship immensely. In all, we fired about 3,000 rounds.

In conclusion we offer our thanks to Mr. Johnston and also to Bailey, Preece and Wilson,

to whom we owe the smooth operation of the club and the provision of a good year's sport.

WOODWORK CLUB

The woodwork club has had a very successful year under the capable supervision of Mr. Inglis. All of the members have worked well and many models have been made. Some of the more advanced members have made tables, lampshades and other items of practical use. We should like to thank Mr. Inglis for the way in which he has helped us throughout the year.

Cadet Notes

The Annual Camp, held at Fort Largs during the first week of the May holidays, was attended by about 200. The advance party marched in two days prior to the main body, erected the tents, collected camp stores and installed Headquarters and the "Q.M." store.

Apart from some adverse weather during the week-end, training went ahead slowly but surely. This was mainly due to our attached instructors, now with 16th National Service battalion, who were very keen and endeavoured to keep the cadets interested in their training. Films and lectures were prominent features, but practical work was not neglected. A day at the range put the final polish on a very good camp.

Home training during the second term progressed smoothly. About half-way through the term we were affiliated with the Royal Australian Army Ordnance Corps, under Captain A. A. MacKinna from whom we have received some valuable assistance.

Then came the course at Warradale for potential N.C.O.s. Our representatives did well and deserve congratulations. Most of them were junior cadets and they achieved good results. Everything at this camp ran smoothly. Unfortunately Captain Johnston was unable to attend.

In the third term we have had four trophy shoots. The "King George V," which was fired on a miniature range with 22 rifles, has not yielded any results as yet, but C/Lt. Bailey must be commended for retaining his "Silver Rifle," which he gained in 1950. Our team in the Earl Roberts Shoot gained third place in the State. The Jake Rudall Trophy was fired, and we gained fifth place. This competition is fired with Bren and rifle. In the Simpson Trophy L/Cpl. Litchfield gained the only creditable mention that we received.

As well as these trophy shoots we had the ordinary range practices. With both miniature rifle, service rifle and Bren L.M.G., good results were obtained. The miniature rifles were fired at Keswick or at school, the others at the

Dean Range. The results for Bren II, which were not very good in comparison with the others, were not due to the cadets as much as to the weapons.

The Annual House Cadet Competition was won again by Waterhouse. The standard was moderately high, and the cadets appeared to have enthusiasm. C/Lt. Wilson must be congratulated as he was in command of Waterhouse Company. The final placings were thus: Waterhouse, Cotton, Bayly and School. Bayly and Cotton were very close all the way and were separated by one point at the finish.

Our senior cadets, third years and upwards, are divided into specialist sections. We have M.M.G. (Vickers gun), Signals, A.M.C. (medical), A. Tk. (6-pounder) and Intelligence. The "I" section maintained a steady rate of progress throughout the year, but the others, partly due to lack of A.R.A. instructors, partly to lack of enthusiasm, deteriorated during the latter part of the year.

The Ceremonial Parade, held at the School, was a great success. Adverse weather conditions prevailed but Maj. Gen. Kendall made special mention of bearing and steadiness under these conditions. The address was given in the Assembly Hall. C/Lts. Crowe, Pitman, Petchell, Skinner and Perrott were presented with their stars. L/Cpl. Litchfield and Cdt Hayes were presented with their "crossed rifles," the marksman's badge.

In January next, a series of schools are being held at Warradale for potential C/Lts., potential N.C.O.s and Specialists. The cadets attending these courses will be the nucleus of next year's unit.

On the whole, although training has progressed slowly, we have had our highlights. The Ceremonial and the turn-out for the House Drill Competition were ample reward for the work of instructors and cadet officers and N.C.O.s. In conclusion our thanks should go to Sgt. Baldwin who has given much valuable advice and assistance to officers and N.C.O.s.

(June 1951 Issue)

We regret that in our last issue the name of O. Crompton was wrongly printed. Crompton is the son of Dr. D. O. Crompton and the grandson of the late Owen Crompton, both old scholars of the School.

Memorial Library

The library has been greatly enriched by the donation of some two hundred books by the family of Dr. F. S. Hone. These have not yet been catalogued but it is expected that they will be available next year. We have also received a welcome donation of books for the K. W. A. Smith Australia Section from Mr. V. Branson. These include: "The Sunlit Land," "Paving the Way," "For the Term of His Natural Life," "Flying Doctor," "Green Mountains," "Cullenbong," "Central Australia," and "The Official Jubilee Commemorative Book."

The following books have also been presented: "From Galileo to the Nuclear Age," presented by B. C. Chase, "The Art of Public Speaking," presented by A. Looi, "History of

Prince Alfred College," presented by "An Old Boy."

To all those who have so kindly assisted by presenting books we wish to convey our deepest gratitude.

The following have also been added: "Main Words," "Kon-Tiki," "A Discussion of Money," "The Allegory of Love," "This America," "The Australian Junior Encyclopaedia" (2 volumes), "Feet on the Ground," "The Earth's Crust," "Modern Geography," "Higher Certificate and Intermediate Tests in Pure Mathematics," "P.A.C. Chronicles" (1946-1949), "Macbeth" (Muir), "Development of Shakespeare's Imagery," "The Imperial Theme," "History of the English People" (Mitchell and Leys), and "The Oxford Atlas."

Prefects' Palaver

The year 1951 has been a very successful one as far as the prefects are concerned. Although a few of us have, on occasions, resorted to the childish occupation of "swotting," we have shown ourselves most proficient on the field of sport.

The backbone of the first XVIII was provided by the prefects—Prest was Captain, Ducker vice-captain, Fuller chief bouncer, and they were ably supported by Skinner, Crowe, Smith, Perrott, Faull and, of course, P.A.C.'s rival to Mae West, the inimitable Mick! Congratulations, boys, on a fine showing in the Intercol. We feel, however, that had Sandy's legs not been mistaken for the goal posts the scores might have been even closer.

During the third term the Red and White was held and the main feature was the way in which Skinner unblushingly crashed into and under some onlookers during the bicycle races. Sandy and Merv. did their turn to amuse the audience which even enticed them to give an encore. The caricatures which adorned the Assembly Hall of Mick, Merv., Sandy and Jim, were drawn by Peter Barlow, and everyone was impressed by their reality.

The cricket team is indebted to the solid batting strength of Ducker, Fuller, Perry and Evans. John must be congratulated on his fine wicket-keeping in the Intercol., and also for his batting—Mick batted extremely well and even took a few wickets, one from an excellent caught-and-bowled, whilst Merv. fielded very well. (He even hit the wicket once! !). Congratulations also to Myles Fuller for his excellent captaincy during the past two years.

We are indebted to John Bailey and Mick Perry for the use of their cars and wirelesses during times of need.

Unfortunately the prefects this year have not worked in class as hard as they might have and only a matter of one or two are not on the administrative committee of 7 A, although some have been temporarily relieved of their commissions for breach of contract.

Congratulations to Sandy on winning the Keith Swann and Frank Hunter Prizes, and also to Schneider for his scholastic achievements during the year. Joe must also be given a pat on the back for winning the Maths. Prize and for his excellent effort in "The Housemaster." David Evans also deserves commendation for his performance as The Housemaster. We would also record that Rob. Prest won the Scripture Prize.

In conclusion we should like to ask

(1) Whether anyone can fill in the blanks?

(a) (i) You're just slimy, _____

(ii) You're just jealous, _____

(b) What _____ pinched my _____ cricket shirt?

(c) _____!

and (2) whether anyone can answer the following posers.

(a) Who's captain of the 2nd XI? (and why?)

(b) Who was going to win the Scripture Prize? (but didn't).

and (c) Why is the sick room so popular?

Scout Notes

The School Troops now muster some sixty scouts, of whom about twenty are First Class. Much enthusiasm is now being shown, as our contingent of three, ("Minnie" Peters, "Chic" Parker and Kingsley Newman) have returned at last from the World Jamboree in Austria, and as some eighteen of our number are spending a month hiking and touring through Tasmania, in the Christmas holidays.

In May eighteen Princes scouts and sea scouts went to the State-wide Jubilee Rally at Port Lincoln. Features of this camp were hot showers, bus and boat trips and the C.C., Mr. Henry Rymill. This did much to promote more active interest and a greater understanding of the true nature and scope of scouting.

During the second term, the senior members of the troops took part in an advanced course

in ambulance and first-aid work, which culminated in a grand examination at school, at which many went a long way to gaining the most important scout proficiency badge, the Ambulance Badge. We wish to thank Mr. H. E. H. Mutton for his interest and help. This was the most important piece of work done in the second term, and provided valuable training for those going to Tasmania.

Two functions of importance were held in September. First, a team of four seniors participated in the Venturer Badge week-end at Glenalta, in which much valuable experience was gained, in spite of heavy rain. Later, several enthusiasts spent a week of camping at Cox's Creek.

During the second and third terms, the sea scouts have been much in evidence. They

have done much work, which came to a successful climax in November when Mrs. J. A. Dunning launched "Sea Prince" at the Royal S.A. Yacht Squadron at Outer Harbour, in the presence of the Commodore, our Chief Commissioner, Mr. Henry Rymill.

On Friday, December 7, the troop celebrated its 28th birthday with a hilarious party in the Assembly Hall. Our thanks are due to those mothers who helped prepare the fare, and to those boarders who "cleaned up" afterwards.

On the following morning at 9.30, the second annual Parker competitive hike began in earnest. The eleven pairs who took part were taken by bus to Breakneck Hill, and made their ways along routes of graded difficulty to the two Mounts Gawler, and thence to the camp site, generously lent by Mr. Millar. It rained. Despite the carefully graded difficulty of the hike, four juniors, who apparently were under some misapprehension, did not arrive at Prof. von Bruch's control point, but made their way instead back home by foot.

However, the single activity which has most engaged our attention this year has been the preparation for the Tasmaniacal trip, in which

sixteen First Class Scouts from P.A.C., one from S.P.S.C., and one from K.C., and two from H.Q., are hiking through the Central Reserve, climbing several mountains, notably Cradle Mountain and Frenchman's Cap, inspecting various industrial smelting and hydro-electric works, and visiting the historic towns of Hobart and Launceston.

The several members of the expedition have been allotted their own scientific and specialist responsibilities, e.g., meteorologist, botanist, zoologist, O.C., amenities, etc. This expedition is the most ambitious undertaking which the troop has yet tackled, and promises to be most rewarding from the point of view of scouting experience and instruction.

Next year Mr. Goodenough, who is now Group Scout Master, unfortunately will be unable to devote as much time to troop work, and the newly formed senior patrol will take a great deal of the responsibility of troop administration, e.g., test-passing, planning of Parker Hike, etc. This step towards decentralization of control will, we hope, be beneficial, both for the troop and for the patrol.

INTERCOLLEGIATE MATCH

The Intercollegiate match was played at the Adelaide Oval on the 28th July. Resplendent in their new red jumpers, the team presented a bright spectacle as they lined up for Umpire Staker's inspection. Ground conditions were good except for the sticky mud-patch at the centre.

The team, as it took the field, was as follows:

Forwards—Skinner, Fuller, Faull.

Half-forwards—Sweeny, Perrott, Johnson.

Centres—Smith, Ducker (Vice-capt.) Men-
adue.

Half-backs—Haskard, McIntosh, Perry.

Backs—Maxwell, Ekins, Richardson.

First Ruck—Crowe, Prest (Capt.) Day.

Second Ruck—Skinner, Richardson, Faull.

Reserves—Lathlean (19th), May (20th).

Murrell (Saints) won the toss and kicked towards the southern end, which was favoured by a slight cross-wind. Saints began the attack and sending the ball high to McFarlane at full-forward they soon had two quick goals on the board. Princes seemed flat-footed and uncertain in their handling of the ball, and when Forgan added another goal Princes still had not scored. At this stage of the game, McFarlane was proving too much for Ekins, and Perry was sent to the full-back position. Our opening score was a point from Richardson which hit the post. Princes again attacked and our first goal came from Fuller with a beautiful kick from the boundary. Ducker at centre set the side in motion again which resulted in a point when Crowe hit the goal-post. Saints swept the ball away, and Forgan scored their fourth goal with a fine kick from centre half-forward. Day replied, after Crowe had sent the ball forward with a well-directed knock from the centre bounce. The first quarter scores were:

P.A.C. 2—5 (17 points)

S.P.S.C. 4—4 (28 points)

Princes began the second quarter with a very determined bid to take the lead. Playing with much more determination and purpose, and with our rucks giving us fine drive, we overpowered Saints to score 3 goals 3 points to their 5 points for the quarter. The first goal for the quarter came when Prest sent a beautiful pass to Fuller, who kicked accurately. Saints were unfortunate in losing their captain, Murrell, at this critical stage. He was replaced by P. Muecke, while D. Muecke, who had been kept very quiet at centre half-forward by McIntosh, was moved to centre half-back.

Princes now began to show their true form, and with good systematic football, goals were added by Day and Faull. Meanwhile the backs were defending strongly, and playing much harder than in the first quarter. Misfortune pursued us in this quarter as we again hit the goal-post twice. At half-time Princes were 5 points in front.

P.A.C. 5—8 (38 points)

S.P.S.C. 4—9 (33 points)

In the third quarter Princes renewed their relentless attack and with vigorous football increased their lead to 11 points. This quarter saw brilliant, hard, fast football in which solid bumps were freely given and taken by both teams. Skinner and Crowe were playing grandly in ruck and created many opportunities for the Reds. First goal for the quarter came from Fuller—a left foot snap-shot. Forgan added a goal for Saints (their first since the first quarter), and Princes replied when Day, combining well with Ducker, raised our seventh goal. Muecke, D., was playing solidly at centre half-back, and he repeatedly turned back persistent attacks by the Reds.

Saints were now playing much more determinedly and after Forgan had goaled again for Saints, play became very scrumbly. Princes were breaking down badly at half-forward, and it was not until the end of the quarter when Ducker sent the ball down into the goal-mouth that Fuller was able to kick our eighth goal with a fine shot from dead in front. The third quarter ended:

P.A.C. 8—10 (58 points)

S.P.S.C. 6—11 (47 points)

Early in the final quarter it was evident that the team was tiring badly. Saints began with many tactical changes—the most important being those of Muecke, D., who went to a forward pocket, and Hancock to centre half-back. These moves paid great dividends for S.P.S.C. added two more goals in quick succession. Amid great excitement, Saints attacked again and the Blues took the lead for the first time since the beginning of the second quarter. Faull (P.A.C.) who had been playing well, was replaced by May, while Bungey (S.P.S.C.) was replaced by Bonython. Play sea-sawed between the two half-forward lines, and our backs were beginning to weaken. Muecke, D. increased Saints lead with another goal from the forward pocket, and from the centre bounce Saints attacked again but only a point resulted. The difference was 13 points with only about ten minutes to go. From the kick-out Princes attacked desperately, carrying the ball up to the full-forward region and scoring our final goal. During the scramble, Sweeny received a head injury and was replaced by Lathlean. Princes were now only 7 points behind, but Saints goaled again to win a hard-fought game by 13 points.

Final scores—

P.A.C. 9—12 (66 points)

S.P.S.C. 11—13 (79 points)

Congratulations must be extended to Saints on their fine win. They outplayed us to win the best Intercollegiate game for many years; a win largely due to their tactical changes. Ducker was adjudged the best player for Princes and he was awarded the Norman

Dowie Cup. He was always in control at centre and he repeatedly set the side in motion. Skinner, who was unbeatable in the ruck, earned the umpire's second vote. Fuller proved to be a capable full-forward bagging five goals and Crowe battled courageously in ruck throughout the game. Others to play well were Prest, Perry and McIntosh, who played brilliantly at times at centre half-back.

Goalkickers: Fuller (5), Day (3), Faull (1).
Best players: Ducker (Norman Dowie Cup), Skinner (second vote), Fuller, Crowe, Prest, Perry and McIntosh.

Critique of Team

Prest, R. H. (Captain; ruck and back pocket, by J.R.D.)—He has proved himself an enthusiastic and unselfish captain. Has set the team a fine example both on the field and at practice, and at all times has had the confidence of the team.

Ducker, J. R. (Vice-captain and centre)—A brilliant footballer who can always be depended upon for a solid game. His ground play and handling of the ball (even on a wet day) are excellent. He is to be congratulated on winning the trophy for the best player in the Intercoll. match.

Perrott, M. D. (centre half-forward)—A fast vigorous footballer, who played better at the end of the season when moved into ruck. Has done many spectacular things, but his lack of co-operation has spoilt some of his efforts.

Day, I. D. (rover and forward pocket) Has had a most successful season and is to be congratulated on winning the Gosse Medal for the best and fairest player in the Students' Association. A really brilliant rover who has combined exceptionally well with ruckmen and forwards.

Skinner, S. L. (ruck and forward pocket)—A good ruckman who knocks out intelligently to his rovers. Determination and stamina have developed considerably since last season. He is to be congratulated on his fine Intercoll. performance.

Faull, J. F. (rover and forward pocket)—Has only had a mediocre season, but nevertheless has been valuable as second rover. Is inclined to wait for the ball to come out of the crushes rather than go in and get it himself. Kicks well both feet and handballs to advantage.

Menadue, J. L. (centre wing)—A player whose lack of pace is overcome by sound judgment and clever position play. His disposal of the ball is exceptionally good. Spoils otherwise good play at times by giving away unnecessary frees.

Crowe, D. S. (ruck and forward pocket)—Has improved greatly in every phase of the game to make his presence felt both in ruck and while resting in the forward pocket. This dogged determination and "never say die" attitude has been of tremendous influence on the team.

Perry, M. G. R. (half-back right)—A great trier who clears well with long drop kicks. A good over-head mark, but his ground play is weak. Uses his weight to advantage. Played his best games when the going was hard.

Smith, D. M. (centre wing)—A fast, light player whose pace has often got him out of trouble. Has tried particularly hard to correct his faults, but still does a fatal back-turn when hard pressed.

Maxwell, R. T. (back pocket)—Has played well in a number of positions, but served the side best in the back pocket. Uses his weight effectively and checks the opposing rovers very closely. Kicks well either foot.

Johnson, R. G. (half-forward right)—A cool footballer who has played his position very well. Is very neat and clever in his play, both on the ground and in the air. Tends to drive the ball down into the forward pocket rather than into the goal mouth.

McIntosh, W. C. A. (centre half-back)—A player whose go-through tactics and determination have been outstanding. His fearless play in the crushes and his fine clearing kicks have made him a first class centre half-back. Ground play and marking are also exceptionally good. Does not check his immediate opponent thoroughly enough.

Fuller, M. G. (full-forward)—One of the best full-forwards the School has had for a number of years. His fast leading and uncanny kicking have earned the side many goals. Has practised very keenly and was always eager to improve an already accurate kick. Must be congratulated on his fine Intercoll. effort.

Ekins, W. G. (full-back)—Although not stylish is very effective. His determination and go-through tactics have unsettled many opponents. Ground play is exceptionally strong, but should try to improve his overhead marking.

Haskard, R. L. (half-back left)—A solid footballer who shuts his immediate opponent out of the game very effectively. Is prepared to give and take a hard bump. Clears well with long drop kick.

Richardson, B. G. (ruck and back pocket)—A natural footballer whose left-foot turn has made him invaluable in the team. Often broke up many drives right on the goal line, but he must learn, when clearing, to kick to the flanks rather than the centre of the field.

Sweeny, T. J. (half-forward left)—A good team man who combines well with the other forwards. Ground play and marking are very strong. His kicking has been hampered by a knee injury, but he has a very accurate stab-pass.

Lathlean, W. B. (19th)—One of the most promising footballers in the School. Played some fine games on the half-back flank and was unfortunate in not gaining a place in the Intercoll. team. His determination and natural ability should make him invaluable.

May, B. L. (20th)—A very keen footballer, who gained selection in the Intercoll. twenty,

after some fine displays of roving in the Seconds. Is inclined to overdo the short passing and handballing, and although not lacking in determination or keenness, should get into the play more.

REPORT FOR THE SEASON, 1951

With ten of last year's Intercoll. team back, and a promising array of juniors, it was felt early in the second term that we could produce a side capable of beating Saints. This, however, was not achieved, but the team has no reason to be disappointed for it acquitted itself very well. The match against Saints was not our only loss. We also suffered defeat at the hands of Adelaide High, while in a non-association game we were also beaten by a strong University team. These were our only defeats for the season and all of them were lost by narrow margins.

Coaching has again been in the capable hands of Mr. Leak, and we regret that he will be unable to carry on in this sphere next year.

Besides Mr. Leak, there are many whom the committee would like to thank for the help they have given to the team during the season. First, our two trainers, B. T. Ashby and B. L. May (whose place was capably taken by J. L. Greenslade when May was selected to play for the Firsts). This year the trainers have had very little to do for throughout the season there have been very few injuries. We would also like to thank Mr. Fuller for obtaining boundary umpires and goal umpires for the matches we played at home. Thanks are also due to the lads who gave up their Saturday afternoons to do these jobs. The committee would also like to thank those people who kindly presented trophies for football for 1951 (a list of the trophy winners can be found elsewhere) and special mention must be made of the success of I. D. Day in football this year. We would all like to congratulate him on winning the Gosse Medal for the fairest and most brilliant player in the Students' Association. The last P.A.C. winner of the coveted award was P. A. Dalwood in 1940.

This year we have fielded eleven teams every Saturday and the results, on the whole, have been a lot better than in previous years (particularly in the under-age teams). Much of this success has been due to the enthusiasm of the Masters who have coached the various teams, and this report would not be complete without thanking these gentlemen for their guidance and assistance throughout the season. The Masters-in-charge of the various teams were:

- First XVIII: Mr. Leak.
- Second and Third XVIII: Mr. Goodenough.
- Under 16 ("A" and "B") XVIII: Mr. Kurtz and Mr. Dalwood (coach).
- Under 15 ("A" and "B") XVIII: Mr. Fry.
- Under 14 ("A" and "B") XVIII: Mr. Provis.
- Under 13 "A" XVIII: Mr. R. Smith.
- Under 13 "B" XVIII (Prep.): Mr. Laycock.

BOARDERS' MATCH

This year the Boarders' Intercoll. was played on the main oval at St. Peters. Smith (P.A.C.) won the toss and decided to kick towards the southern end.

Our team began exceptionally well and it was not long before Paterson goaled with a long drop kick. This was quickly followed by a good snap shot by Dennis, and at the end of the first quarter we had a two goal lead.

Princes	2 goals	3 behinds
Saints	0 goals	3 behinds

We increased our lead early in the second quarter to three goals when Silver goaled from dead in front. Menadue was playing exceptionally well at centre and he started many of our forward drives. Walker was also playing a rugged game at centre half-back, and it was not until towards the end of the quarter that Saints broke through our strong defence and secured their first goal. The scores at half-time were:

Princes	3 goals 5 behinds
Saints	1 goal 6 behinds

Saints opened the third quarter with a quick goal and soon after Smith, our captain, who was playing extremely well, was forced to leave the field with a nasty cut above his eye. Saints now began to attack strongly and with two quick goals, they took the lead. The end of the quarter saw us attacking vigorously but we could not break through their defence. Scores at the end of the third quarter were:

Princes	3 goals 7 behinds
Saints	4 goals 10 behinds

Then late in the last quarter McTaggart goal-ed from a free kick. From the centre bounce Menadue drove the ball forward but unluckily it hit the goal-post. Saints cleared and just before the end of the match, they clinched the game with another goal.

Final scores—

Princes	4 goals 10 behinds
Saints	5 goals 11 behinds

Goalkickers—Paterson, Dennis, Silver and Mc-Taggart (each 1).

Best Players—Menadue, Maxwell, Paterson, T. Rundle, D. Walker.

VISIT OF WESLEY FOOTBALL TEAM

Early on Wednesday afternoon, 22nd August a party of twenty-four, with Mr. McKenzie as Master-in-charge, arrived in Adelaide. After introductions all round, the guests were spirited away by their respective hosts.

The respite, however, was very brief, for a short practice run had been arranged for the afternoon. Later the two teams were entertained at afternoon tea in the Boarders' Library during which Mr. Leak welcomed the visiting party.

Thursday morning was also free, and although it rained heavily, most of the boys spent the morning seeing the sights of Adelaide. In the afternoon, the Wesley v. P.A.C. match was played at the School. Prior to the match the Wesley party visited the final school assembly where they were officially welcomed by Mr. Dunning.

The usual trip to Victor Harbour was held on Friday and about a dozen cars conveyed the boys to Victor by various routes. After meeting there at midday, the party visited Granite Island and the Bluff. The party left early in order to return for a dance held in the Assembly Hall in honour of the visiting team. This was a great success, largely owing

to the efforts of the Parents and Friends, and the solid rhythm of Alf Holyoak's band. The committee would like to thank heartily all who helped.

On Saturday morning, there was an informal rowing race on the Torrens but the course of 600 yards proved unsuitable for our guests. That afternoon the boys saw a League match either at Adelaide Oval or at Norwood, and in the evening the hosts and their Wesley visitors were the guests of Mr. and Mrs. Perry at a buffet tea at their home. This was very successful and we wish to thank our hosts for a splendid evening. Sunday morning was free, enabling our guests to enjoy some rest, and to gather the loose ends before leaving early in the morning by plane for Melbourne.

The committee must be congratulated on their fine organisation and our thanks are extended to Gillingham's for the souvenir programmes, and to Mr. Frank Boase for his splendid group photos. Finally special thanks are due to the Parents and Friends, and to the hosts for their part in making the visit a complete success.

P.A.C. v. WESLEY

The match was played on the front oval on 23rd August in poor football conditions. The ground was waterlogged, and therefore systematic football was impossible. Wesley were without Ray Allsopp, while Princes were weakened by the absence of Perrott, Faull, Smith and Haskard. They were replaced by Lathlean, T. Rundle and Lyon (all Under 15 footballers) and Schofield.

The game commenced with Princes attacking strongly, and Fuller soon kicked our first goal. Play then see-sawed between the two half-forward lines until Hicks (Wesley) kicked a beautiful goal from a long way out. This was quickly followed by another goal from Hicks, who was unbeatable at centre half-forward. The first quarter ended:

W.C.	2—0 (12 points)
P.A.C.	1—0 (6 points)

In the second quarter both teams began to play good wet-weather football with Day and Ducker outstanding. Two quick goals from Sweeny put Princes in front, and when Day and Crowe added two more, we had a three-goal lead. Bassett and Smith were holding Wesley's back-line together, and with goals from Hibbins, Curry and Carden, Wesley fought back to make the scores equal. However, Princes broke through again and two goals from Day put us twelve points in front at half-time.

W.C.	5—1 (31 points)
P.A.C.	7—1 (43 points)

With Ducker in control at centre and Menadue and Johnson giving fine support on the wings, the forwards were given numerous opportunities. Goals from Maxwell, Crowe,

Ducker and Day put us further ahead and the only score by Wesley for the quarter was a goal from Carden.

W.C. 6-1 (37 points)
P.A.C. 12-7 (79 points)

The last quarter began with Wesley attacking desperately. Goals from Carden and Curry added vigour to their game, and when Westacott added yet another goal, Wesley were within touch. Play became very scramble and resulted in a free being given to Fuller (P.A.C.) who kicked a fine goal with a shot from the boundary. Wesley replied with goals from Curry and Carden and it seemed that they might overtake Princes. However, before they could score again, the bell rang and Princes won a most enjoyable match by 15 points.

Final scores—
W.C. 11-4 (70 points)
P.A.C. 13-7 (85 points)

Goalkickers:

P.A.C.—Day (5), Fuller, Sweeny and Crowe (each 2), Ducker and Maxwell (each 1).
W.C.—Curry (4), Carden (3), Hicks (2), Hibbins and Westacott (each 1).

Best Players:

P.A.C.—Day, Ducker, Skinner, Menadue, Johnson and Perry.
W.C.—Hicks, Bassett, Carden, Westacott, Smith and Curry.

FIRST XVIII MATCHES

June 2.—P.A.C. v. C.C. (at home).

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	0-1	3-3	9-6	11-8
C.C.	3-1	4-4	7-8	8-9

In the first game for the season, P.A.C. met a strong team from Concordia. Perry was unavailable, and his place was taken by Maxwell. In the early stages of the game Concordia's hardhitting tactics unsettled us, and it was not until the third quarter that our side began to play as a team.

Day roved brilliantly and gained the umpire's first vote, while McIntosh earned a well-merited second vote with a fine display at centre half-back.

Goalkickers—Fuller (5), Day (4), Sweeny and Perrott (each 1).

Best Players—Day (first vote), McIntosh (second vote), Prest, Richardson, Ducker, Fuller and Maxwell.

June 9.—P.A.C. v. I.C. (at home)

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	6-3	10-8	17-13	23-18
I.C.	1-0	1-0	2-1	4-2

The only alteration for this match was that Perry replaced Haskard at half-back right.

Princes took the initiative right from the first bounce, and playing well over our opponents, we had an easy win.

Day was again the outstanding player on the field, and besides gaining first vote, he kicked ten goals. Perrott showed a glimpse of last year's form at centre half-forward and he was awarded second vote.

Goalkickers—Day (10), Fuller (4), Faulk (2), Ducker, Skinner, Richardson, Maxwell, Crowe, Sweeny and Prest (each 1).
Best Players—Day (first vote), Perrott (second vote), Ducker, Skinner, Prest and McIntosh.

June 11.—P.A.C. v. University (at home)

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	2-1	2-3	5-7	6-11
University	1-2	3-3	5-10	7-13

This was our first non-association match, and the team had to be reshuffled to fill the vacancies caused by the absence of Ducker and Bailey. Haskard came back into the side, and Borick played his first game. The match proved to be one of the best games we have played and we would like to thank Gus Elix and Dick Bennett, who arranged the match, and all the University students who played.

Goalkickers—Fuller and Day (each 3).

Best Players—McIntosh, Day, Ekins, Perrott, Richardson, Prest and Johnson.

June 16.—P.A.C. v. C.B.C. (at home).

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	3-5	9-11	16-15	20-21
C.B.C.	0-0	0-1	1-1	1-1

In this match, the firsts showed signs of developing into a formidable Intercoll. side. Ducker replaced Borick, while Haskard was retained at half-back. The forwards played good, open, systematic football, and completely overwhelmed the opposition. The backs, on the other hand, were given few opportunities, and they were not extended at any time.

Prest gained first vote with a good display on the ball, while Day again roved and scouted well to earn second vote.

Goalkickers—Fuller (8), Day (7), Faulk (4), Crowe (1).

Best Players—Prest (first vote), Day (second vote), Ducker, Fuller, Perrott, Sweeny, Johnson and Menadue.

June 23.—P.A.C. v. R.C. (at home).

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	3-3	5-5	8-8	12-12
R.C.	0-0	1-2	2-2	2-3

The team remained the same as against C.B.C.—it was now beyond the experimental stage. This was our first match under adverse conditions for it rained steadily for most of the game and consequently systematic football was out of the question. The game was very keenly contested, and the Firsts showed that they could adapt themselves to wet-weather football.

Day showed his versatility by giving a splendid display in the "wet" and he was awarded first vote. The umpire's second vote went to Rostrevor's captain, Pak Poy.

Goalkickers—Day (7), Faulk (2), Fuller, Prest and Crowe (each 1).

Best Players—Day (first vote), Crowe, Smith, Ducker, McIntosh and Prest.

June 27.—P.A.C. v. P.A.O.C. (at home).

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	5-5	5-7	8-13	13-13
P.A.O.C.	2-0	6-3	8-5	13-8

This was our second non-association match, and the team was thoroughly tested by a strong combined side of Old Scholars.

We began very strongly, and assisted by a slight breeze, raced away from the Old Scholars. The second quarter saw the Old Scholars fighting back, and at half time they had a very narrow lead, but we eventually won the game by the slender margin of 5 points.

We would like to thank Mr. Peter Dalwood, who arranged the match, and all the Old Scholars who played.

Goalkickers—Fuller (6), Day (3), Perrott (2), Sweeny and Crowe (each 1).
Best Players—McIntosh, Fuller, Ducker, Day, Crowe, Smith and Haskard.

July 7.—P.A.C. v. I.C. (at Walkerville Oval).

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	5-5	7-12	17-16	26-21
I.C.	1-0	1-1	3-1	3-1

In our first match away from home the team was slow in adapting themselves to the strange conditions. May, B., came into the side as a rover in place of Faull—the only change since the C.B.C. game. The ground was very sloppy and heavy, and it was not until after half time that the team "found its feet." In the last two quarters the team played outstanding football, and one could see the results of Mr. Leak's purposeful and capable coaching.

Best on the ground was Day, and much of his success must be credited to Skinner, who knocked out intelligently throughout the match and as a result was awarded second vote.

Goalkickers—Day (9), Perrott (4), Crowe and Johnson (each 3), Fuller and May (each 2), Skinner, Sweeny and Prest (each 1).
Best Players—Day (first vote), Skinner (second vote), Menadue, Ducker, Perrott, Prest and Smith.

July 14.—P.A.C. v. C.C. (at Concordia).

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	0-3	0-4	2-7	3-9
C.C.	1-0	1-2	1-4	3-5

The team was considerably weakened by the absence of Perrott (tonsillitis) and McIntosh (heavy cold). Faull came back into the side, while Lathlean got his first chance after being a reserve since the University game.

The oval was in a soggy condition and to make matters worse, it rained heavily all the afternoon. Good football was impossible, and the game proved to be of a very low standard.

Once again Day was prominent and he thoroughly deserved a well-merited first vote. Sweeny proved to be a great success at centre half-forward and gained second vote, while Perry was a capable substitute for McIntosh at centre half-back.

Goalkickers—Faull (2), Crowe (1).
Best Players—Day (first vote), Sweeny (second vote), Perry, Ducker, Haskard and Menadue.

July 19.—P.A.C. v. A.H.S. (at Adelaide Oval).

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	6-1	9-3	9-5	9-6
A.H.S.	2-0	3 0	4-3	5-4

This was our third non-association match and it was played on the Adelaide Oval in preparation for the Intercoll. game on the 28th. The game was played under the worst possible con-

ditions—the oval was cut up badly and was very slippery, and to cap this a hail-storm smote us during the second quarter, and for the remainder of the match, it rained steadily. McIntosh had recovered and was available. Our first quarter was exceptionally good, but thereafter, we could not adapt ourselves to the adverse conditions, and consequently our display in the last half was not impressive.

We would like to thank A.H.S. for the valuable match practice they gave us.

Goalkickers—Fuller (4), Sweeny and Crowe (each 2), Day (1).
Best Players—Ducker, Sweeny, Menadue (until injured), and Fuller.

July 21.—P.A.C. v. S.H.C. (at Glenelg).

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	4-1	8-3	16-5	20-10
S.H.C.	1-1	1-1	6-2	9-6

Menadue (injured shoulder) was unavailable, but Perrott rejoined the team. The team played sluggishly in the first half, and it was not until the beginning of the third quarter that we produced our top form. This third quarter saw better and faster football by both teams, and the Sacred Heart forwards gave our backmen a sound test, while our forwards wasted few opportunities kicking 8 goals 2 behinds for the quarter. The last quarter was not of the same high standard, and produced some very patchy football.

Day, as usual, played another solid game, and he created many opportunities for the rest of the side. He was awarded a first vote, while Ducker, following up his fine display against A.H.S. gained a well-deserved second vote.

Goalkickers—Fuller and Day (each 4), Skinner, Perrott and Sweeny (each 3), Crowe, Johnson and Prest (each 1).
Best Players—Day (first vote), Ducker (second vote), Skinner, Perrott, Sweeny and Fuller.

August 4.—P.A.C. v. R.C. (at Rostrevor).

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	5-6	7-7	10-10	14-12
R.C.	1-3	1-6	1-8	2-13

The side was reshuffled slightly owing to the absence of Faull (unavailable) and Richardson (heavy cold). The vacancies were filled by the two Intercoll. reserves, May and Lathlean. Perrott was moved from centre half-forward into following, and with a game reminiscent of last year's form he gained the umpire's vote.

The backs played exceptionally well throughout the match, and their hard-hitting tactics broke up a number of Rostrevor drives, while the forwards, although over-crowding the play, wasted few opportunities.

Goalkickers—Fuller (5), Skinner, Ducker and May (each 2), Day, Sweeny and Perrott (each 1).
Best Players—Perrott (first vote), Ducker, Fuller, McIntosh, Crowe and Skinner.

Aug. 11.—P.A.C. v. A.H.S. (at Adelaide High)

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	1-3	2-5	6-11	9-17
A.H.S.	2-0	6-1	9-3	13-6

The results of this match were not very satisfactory, but we must congratulate A.H.S. on their fine win. We had already defeated them

in a non-association game by a fair margin and consequently the team started off in a very light-hearted manner. Richardson and Lyon (Captain of Under 15 "A" team) replaced May and Lathlean (both unavailable).

A.H.S. played far superior football in the first half, and at half time they had a very handy lead. The third quarter saw Princes fighting back determinedly, but poor kicking for goal left us still behind at three-quarter time. Soon after the commencement of the last quarter, we took the lead, but A.H.S. finishing much better, and kicking much more accurately ran out the winner, and thus inflicted our second defeat for the season. Ducker was the outstanding player on the ground and he thoroughly deserved first vote.

Goalkeepers—Fuller (4), Day (2), Crowe, Sweeny and Perrott (each 1).

Best Players—Ducker (first vote), Fuller, Perrott and Prest.

August 18.—P.A.C. v. S.C. (at home).

	1st Qtr.	2nd Qtr.	3rd Qtr.	Final
P.A.C.	4-4	8-7	13-9	18-12
S.C.	0-1	0-3	0-7	1-7

Conditions were very unfavourable for football in this match. The oval had been cut-up by House matches, and light rain fell most of the afternoon; consequently good football was practically impossible. Maxwell, Smith and Haskard were unavailable owing to injuries, and their places were taken by Lathlean, May, and Rundle. The team set about making amends for last week's defeat, and playing with much more determination, they repeatedly sent the ball to Fuller, who finished with 11 goals. This was the best individual effort for the season, and it gained for him the umpire's first vote.

Goalkeepers—Fuller (11), Perrott (2), Day, Sweeny, May, Richardson and Skinner (each 1).

Best Players—Fuller (first vote), Perrott, Ducker, Prest, Menadue, Lathlean and McIntosh.

OTHER MATCHES

Second Eighteen

This season the seconds recorded four wins and one draw out of the eleven matches played. These results are much better than in previous years and are due to the capable coaching of Mr. Goodenough. May, B., and Evans were elected Captain and Vice-captain respectively and the former is to be congratulated on winning the trophy for the best and fairest player for the season. Bailey, Schofield, Ashby, Tiver and Walker played well and on various occasions capably filled vacancies in the Firsts.

D. W. E.

Third Eighteen

The thirds, this year, have had a lean season, losing all but two matches. This, I feel, is mainly due to lack of keenness in the "not-so-good" group of footballers. Occasionally some of our members have played for the seconds, but at other times we have had to call on seconds and under age players to complete the team. Practice this year has been

under the capable hands of Mr. Goodenough, and we would like to thank him for the assistance he has given us. Our most outstanding player for the season was W. Hart, while others to play well were Little, Mickan, Schofield and Mann.

W. E. M.

Under 16 "A"

This season has not been very successful as we won only two out of the twelve matches played. Very few of the games were of high standard as the wet grounds were not conducive to good football. At the beginning of the season Silver and Hambly, F. were elected Captain and Vice-captain respectively.

The trophy for the best and fairest player for the season was won by Borick, closely followed by Hambly, F. and Tregilgas. Others to play well throughout the season were Rogers, Prest, M., Cook, and Fisher. Hocking, who was available only for the last two matches also played well as a utility man.

We would like to thank Mr. Dalwood and Mr. Kurtz for their very keen interest and valuable instruction.

P. L. S.

Under 16 "B"

Although the team met with only moderate success, the matches were keenly contested. Of the ten matches played, we gained victories over Scotch II and P.A.C. III and tied with P.A.C. III. Hart, Jenkin, Tilly, Lodge, G. Dunn, McEwin, May and Schneider were our best players throughout the season.

Our thanks are due to Mr. Kurtz and Mr. Dalwood for their interest and help.

R. W. W.

Under 15 "A"

This year our Under 15 "A" team had a successful season, winning seven out of the eleven matches played. Our good results are largely due to our coach, Mr. Fry, and we extend our thanks to him. Congratulations are also extended to Bill Lathlean, who gained selection as 19th in the Intercoll. team.

John Craig had the misfortune to fracture a bone in his ankle in a match against Saints. He was playing good football and we were indeed unfortunate to lose him.

Trophies won during the season were as follows: Best and fairest, P. R. Butcher; most consistent, R. A. Lyon. Others to play well were Treloar, H.; Rundle, T.; Lathlean; Craig and Rundle, B.

R. A. L.

Under 15 "B"

The Under 15 "B" team met with only moderate success this year, and of eleven matches played we won only four of them. In three encounters with Saints "B" team we won two and lost one. Daniel and Stacey were consistent players throughout the season, and both of them played a number of games for the "A's."

We would like to thank Mr. Fry for his valuable coaching.

C. H. S.

Under 14 "A"

The Under 14 "A" football team has proved to be the most outstanding team in the school. This success is largely due to the enthusiasm and interest of our coach, Mr. Provis, and we would like to take this opportunity of thanking him for his valuable coaching and guidance. We remained undefeated for the season.

Wicks was elected Captain and McKay Vice-captain, both of whom won trophies for the best and fairest player and the most consistent player, respectively.

The outstanding performance for the season was McKay's against S.P.S.C. Playing exceptionally well he kicked 11 goals from centre-half-forward. McKay also headed the goal-kicking list with 37, while Ashby was second with 24 goals.

Others to play well throughout the season were: Horley, Pearlman, Daniel, K., Ashby, Daniel, R., and Johns.

R. H. W.

Under 14 "B"

The purpose of this team is to give all those who are prepared to practise a chance of representing the school. Potter was elected Captain

and Merry Vice-captain, and these two, together with Dennis, Stewart, Thomas, Leech and Luke were our best players for the season.

Our results were mediocre as we won five and lost five, but all boys benefited greatly by playing every Saturday morning.

We would like to thank Mr. Provis for the interest he has taken in the "B" team.

Under 13 "A"

The Under 13 "A" football team had a successful season winning seven out of the eleven matches played. Thirty-two boys (out of an eager practice group of 60) played at least one game during the season. Ducker and Jenkin were elected Captain and Vice-captain respectively and congratulations are extended to our Captain, M. Ducker on winning the trophy for the best and fairest player for the season. Others who played well in a solid side were: Burrows (centre half-back), Lewis (ruck and back pocket), Catchpole (ruck), Walker (rover), Jenkin (ruck) and Gneil (centre half-forward).

Our thanks are due to the joint coaches, J. R. Ducker and I. D. Day (two senior boys) for their interest and assistance.

Cricket

INTERCOLLEGIATE MATCH

The annual intercollegiate cricket match commenced at S.P.S.C. on Tuesday, December 11. The weather was warm with a slight breeze blowing from the north-east. By winning the toss for the fourth year in succession, Saints were in a favourable position.

Little opened the bowling for Princes and the batsmen were quite content to wait for the loose ball which they promptly dispatched to the boundary. Fuller on the other hand had the batsmen guessing and after bowling extremely well, he had Symon caught by Ducker for 8. Saints were then 1 for 16. Fuller at the end of his first bowling spell had the analysis,

O.	M.	R.	W.
6	3	9	1

Hodge joined Tuckwell and this pair were untroubled by the bowling until Tuckwell was brilliantly thrown-out by Little for 35. Hodge soon followed, and Saints were 3 for 68.

Muecke and Newcombe were then associated in a fourth wicket partnership of 90 runs before Newcombe was out for 17. Muecke was aggressive and delighted the crowd with his powerful hitting.

McFarlane was soon bowled by Day, and after reaching his century in 82 minutes, Muecke was caught and bowled by Perry for 114. Taylor soon followed Muecke and Saints were 7 for 218. Ketley and Symons were then

associated in an eighth wicket partnership of 69 before Ketley was out to a brilliant catch by Evans at silly midon. Strickland and Rogers soon followed and Saints were all out for 294.

Princes were left 22 minutes in which to bat before stumps. Disaster immediately overtook P.A.C. for Day was trapped l.b.w. by Rogers' first ball. Lyon and Waters then played out a very hostile attack until stumps. At stumps Princes were 1 for 8 and Saints had regained the initiative.

In the pre-lunch session of Wednesday, Saints dismissed Lyon, Evans and Fuller in quick succession and at lunch with 4 for 74, they had the situation well in hand.

However, after lunch Ducker and Waters were seen in an 85 runs partnership. This partnership was not without its blemishes, but Saints missed a golden opportunity to have Princes struggling. When Waters was 35 he was stranded half-way down the wicket, but Newcombe receiving a good return, allowed the ball to slip through his gloves and Waters was safe. With the dismissal of Ducker for 45, a tired Waters was soon out for 65, made in 175 minutes.

Perry and Menadue were then seen in a seventh wicket partnership worth 77 runs. Again in this partnership, Saints missed a chance to clinch matters. Rogers, fielding at deep mid-on dropped an easy chance off Menadue, when he was 2. This was the most costly

mistake of the innings as Menadue went on to make 73.

On the dismissal of Perry and Menadue, Hall went on to make 62 not out by solid batting. Princes after being 8 for 347 at stumps, were finally all out for 365, leaving Saints 71 runs in arrears. Menadue is to be congratulated on his fine batting performance, as well as Waters, Ducker, Perry and Hall.

In the second innings, Symon and Tuckwell opened cautiously against Fuller and Little. Symons was soon bowled by Little for 6 and Saints were 1 for 8. Tuckwell followed at 2 for 35, and Princes had regained their lost initiative. However, Muecke and Hodge were associated in a third wicket partnership worth 90 runs. Muecke again batted forcefully, but was out to a good catch by Hall off Lyon. McFarlane, Ketley and Hodge followed in quick succession. The last two were out to excellent leg-side stumpings by Ducker off Lyon.

However, Taylor and Newcombe were associated in a seventh wicket partnership of 76 before Taylor was brilliantly caught by Day at deep mid-on. Strickland was out next ball and Lyon was on the verge of the hat-trick. Then Symons came in and played out the over. Play for the day closed at 8 for 258.

Play commenced at 2 p.m. on Friday and Newcombe and Symons and later Rogers defied the bowling until 3.02 p.m., when Saints were all out for 297. This left P.A.C. 227 runs to get in 153 minutes.

Day began well for P.A.C. and quickly scored 13 before being bowled by Symons. Evans and Waters batted cautiously and at tea P.A.C. were well behind the clock being 1 for 21. With the dismissal of Waters, Fuller joined Evans and this pair carried the total to 127 before Fuller in going for a long hit was caught at deep mid-on by Strickland. Evans continued to bat attractively; his cover-driving being a treat to watch. However, Evans, in an effort to score faster, was bowled by Symons for 79 made in 95 mins. Later batsmen still tried to force the pace but wickets fell in quick succession until P.A.C. were 8 for 187, with two overs still to be bowled. The fight was keen and the air tense as spectators and players alike eagerly awaited the bowling of each ball. Meanwhile Lyon and Paterson were holding the fort.

In an endeavour to break through the batsmen's defence, Symons brought Taylor on to bowl the last over. With inviting monotony he rolled up his lofty spinners but our batsmen were not to be tempted. With the bowling of the last ball, it was a relieved batch of P.A.C. supporters who wended their way home.

Those who witnessed the game were treated to cricket played at its best. There was good batting, some excellent fielding, very little loose bowling, while the fortunes of the game fluctuated from time to time in the four day contest.

Critique

Fuller, M. G. (captain)—A brilliant all-rounder whose own form has suffered at times from attempts to bolster team weaknesses. Has captained the side very well, particularly in the Intercoll. when he played a gallant second innings.

Perry, M. G. R. (vice-capt.)—A very forceful bat. Makes runs when they are most needed. A change bowler and a good field.

Ducker, J. R.—A wicket-keeper of a high class. A steady bat—an ideal opener. An excellent team man.

Day, I. D.—A very good opening bat. Has made many runs this year. A good bowler and a magnificent field.

Menadue, J. L.—One of the best slip fields the school has ever had. A very good batsman who hits the ball extremely hard. A fair off-spin bowler.

Hall, G. C.—The most improved batsman in the side. An accurate off-spin bowler and a safe field.

Evans, D. W.—A good batsman who is to be congratulated on a steady 79 in the second innings of the Intercoll. game. A good cover field but should exercise more control when throwing in to the wicket.

Waters, R. W.—A very good opening bat who should make many runs next year. A very keen field.

Lyon, R. A.—A fine leg break bowler who must be congratulated on taking 6 wickets in the Intercoll. A promising bat and a safe field.

Paterson, G.—A good slow bowler who concentrates mainly on the "wrong-un." A good bat and an improved field.

Little, E. V.—A medium pace bowler who varies his pace and direction constantly. He should concentrate on pace. A fair field and a good bat.

Wicks, R. H. (12th man)—A very promising young batsman and a good field. Has improved a great deal throughout the year.

CRICKET NOTES

It is very pleasing to be able to record that once again this year the standard of cricket played in the School has been good, and that particularly in the under-age teams keenness and enthusiasm have been well maintained. This is in no small measure due to the efforts of those few hard-working Masters who give so generously of their time.

The First Eleven was promoted to "B" Grade this year and in the circumstances has performed very creditably; only slow scoring has prevented them from winning at least two matches. There has been a notable improvement in the standard of the bowling since the first term, the two spinners, Lyon and Paterson, especially, have reaped the benefit of diligent practice.

Once again the brunt of the work has fallen on the capable shoulders of our captain, Myles Fuller who has led the side most intelligently throughout the year and thoroughly deserved to win both the batting and bowling trophies for the year, the runners-up being Day in the batting and Hall in the bowling.

Mention must be made of the excellent performances of our popular wicket-keeper, John Ducker, which culminated in his winning the fielding trophy in the Intercoll.

We are indebted to Paul Stewart for coming along each Saturday afternoon to do the scoring for the team, a job which he has carried out faithfully and well.

A word of praise too for our popular groundsman, Jack, who has worked hard to maintain the high standard of wickets which he has always provided.

It is a little early yet to assess prospects for next year but there are some very promising players waiting to step into the vacancies created by those who are leaving. To the latter we wish every success in their future careers.

FIRST XI GAMES

October 6 and 13—P.A.C. v. West Torrens "B"

Fuller lost the toss and West Torrens batted on a perfect wicket.

Our bowlers performed reasonably well, but we could not dismiss the opposition for less than 370.

The following Saturday we batted and when dismissed we had 214 runs to our credit. Day batted extremely well to get 91.

West Torrens in their second innings were 0 for 36.

West Torrens, 370 and 0 for 36 (Fuller 3 for 37, Perry 2 for 37, Lyon 2 for 122)
P.A.C., 214 (Day 91, Ducker 35, Little 20, Paterson 18 n.o.)

October 8—P.A.C. v. East Torrens "B"

Again we lost the toss and fielded. Our bowlers could not master the opposition who finally declared at 8 for 243.

Lyon bowled very well and at one stage had captured 3 wickets for 21 runs.

Our batsmen played well until the state of the light made cricket impossible.

East Torrens "B," 8 for 243 dec. (Lyon 3 for 65, Hall 2 for 27)
P.A.C., 7 for 156 (Perry 34, Fuller 33, Menadue 26)

October 20 and 27—P.A.C. v. Glenelg

After winning the toss, we batted and collapsed for 79.

Our bowling was very steady and we kept Glenelg's score rate low so that when they declared they only had 228 for 7

In our second innings Day flogged the bowling to make a spectacular century.

P.A.C., 79 and 6 for 157 (Day 100, Waters 20)
Glenelg, 7 for 228 (Little 3 for 65, Paterson 1 for 8)

November 3 and 10—P.A.C. v. Kensington (at Kensington)

Fuller won the toss and elected to bat on a fair wicket.

Some of our batsmen obtained valuable practice in this match. We declared at 6 for 227.

Ducker kept wickets well taking one amazing catch. At stumps Kensington were 5 for 168.

P.A.C., 6 for 227 dec. (Evans 81, Fuller 45, Ducker 37 n.o., Day 24)
Kensington, 5 for 168 (Little 2 for 37)

November 17 and 27—P.A.C. v. Woodville (at Woodville)

Once again winning the toss we batted on what proved to be the worst wicket for the season.

Evans and Perry were the main run-getters—Evans making 38 and Perry 35.

We were all out for 143.

The strong Woodville batting team batted all the second day against steady bowling to finish with 8 for 263. Paterson and Hall bowled very well in this game.

P.A.C. 143 (Evans 38, Perry 35)
Woodville, 8 for 263 (Paterson 3 for 43, Hall 2 for 45)

December 1 and 15—P.A.C. v. Prospect.

Once again we won the toss, and on a very good wicket but with a slow outfield, batted into the second day to score 7 for 285. When Prospect were 7 for 100 it looked as though we would win, but a stubborn stand by the eighth wicket batsmen played out time. Our bowling was very good at first, but the grueling Intercoll. exacted its toll towards the end of the afternoon.

P.A.C., 7 for 285 (Menadue 74, Ducker 72, Day 39, Perry 34)
Prospect, 7 for 185 (Lyon 2 for 43)

SECOND XI GAMES

This term the Second XI have been very successful, since they have won three out of the four matches played. The team was very unfortunate to lose the one-day game against Rostrevor. The most consistent players have been Preece, Gann, Silver, Perrott, Ashby, Crowe and Sweeney.

The team wishes to thank Mr. Davies for his excellent coaching. Results:

P.A.C. 134 d. Marist Brothers, Alberton, 37 and 26 (Preece 7 for 15 and 8 for 23)

P.A.C. 6 for 214 dec. (Gann 48, Silver 75), d. Immanuel First Eleven 70 and 71 (Sweeney 5 for 25, Ashby 5 for 18)

P.A.C. 47, lost to Rostrevor 128

P.A.C. 147 (Perrott 44, Johnson 27), d. S.P.S.C. Second Eleven 140 (Ashby 3 for 25, Sweeney 5 for 30)

UNDER 16

We were not very successful this term, winning only one of the four games played. We were at a great disadvantage when the two stars of our team—Bob Waters and "Banjo" Paterson—went into the firsts. However, we congratulate them on their inclusion in the Intercoll. team.

In our first game against S.P.S.C. Under 16 we were badly beaten by a much stronger team. When we played C.B.C. Firsts, we were sensationally dismissed for thirteen and they went on to a comfortable first innings win. Marist Brothers were our only victims, and we defeated them outright.

In our final game with Rostrevor Seconds we lost on the first innings but were in a much stronger position in the second innings.

We have had no outstanding players this term but Willoughby and Hopkins were probably the best with the bat and ball respectively.

Finally we would like to thank Mr. Davies for his interest in the team.

UNDER 15

This year the Under 15 were divided into two—the Reds and the Whites—the idea being to have two teams of more or less the same strength and thus field one more team in this group. The Reds were captained by Michael Smyth and the Whites by McDonald Whittam. Both are to be complimented on the efficient way in which they handled their sides. Our thanks are due to Mr. Coombes for the interest he has taken in us.

Reds

October 6 and 13 v. S.P.S.C. (away) We fielded a weak side and had little success. Saints declared at 5 for 167 and sent us in. Disaster struck in the last over and we were 4 for 12. Treloar and McKenzie carried the score to 55 on the second day.

S.P.S.C. 5 for 167 dec. and 9 for 108 (Nettlebeck 3 for 11, Smyth 2 for 16)
P.A.C. 55 (McKenzie 19, Treloar 10)

November 17 and 24 v. A.H.S. This was a very low scoring match and we just scraped home on the first innings. Collison bowled very well in the first innings.

A.H.S. 35 and 76 (Collison 4 for 0, Packer 3 for 15)
P.A.C. 39 and 7 for 53 (Forrest 15 n.o., Nettlebeck 19)

Whites

October 6 and 13 v. A.H.S. Our opponents won the toss and fielded. Holmes and Hookham were responsible for their moderate score, while Lathlean was our best batsman.

A.H.S. 94 and 1 for 44 (Holmes 4 for 28, Hookham 2 for 17)
P.A.C. 138 (Lathlean 56)

October 20 and 27 v. S.P.S.C. We were sent in on a soft wicket and after being 2 for 7 went on to score 137. Whittam with a chanceless 70 was the only batsman to master the bowling. Hookham was again the best bowler sending down medium-paced balls with great accuracy.

P.A.C. 137 (Whittam 70)
S.P.S.C. 106 (Hookham 5 for 10, Corbet 2 for 5)

November 17 and 24 v. S.P.S.C. (away) This was our strongest team against Saints strongest. We won the toss and fielded. After being 2 for 1 they were all out for 154. We were 2 for 5 at stumps and finally made 88 all out. Saints second innings was also a poor one, being 7 for 56. This was our first defeat for the year.

S.P.S.C. 154 and 7 for 56 (Craig 3 for 43)
P.A.C. 88 (Hogarth 26 n.o.)

December 1 and 8 v. Under 14 "A"

Under 14 170 (Whittam 3 for 30)
Under 15 116 (Starkey 29, Hookham 24 n.o.)

UNDER 14

Under 14 "A" had a comparatively good cricket season, winning five out of the eight matches played. The team must be congratulated on their brilliant fielding. Throughout the

season many excellent catches were taken. Special thanks go to Mr. Provis for a grand job in coaching the team.

Under 14 "A" 56 (Stewart 18)
Rostrevor 3 for 97

Under 14 "A" 129 (Ashby 38, Stewart 28, Pearlman 27 ret.)

Under 14 "A" 62 (Pearlman 19, Anderson 14 n.o.)
A.H.S. 85 (Pearlman 2 for 1, Gibbs 2 for 10)

Under 14 "A" 3 for 106 (Wicks 57, Pearlman 26 n.o.)

S.P.S.C. 99 (Pledge 4 for 6, Anderson 4 for 27)

Under 14 "A" 4 for 159 (Anderson 52 n.o., Bartram 46, Pearlman 46)

C.B.C. 63 (Pledge 4 for 7, Ashby 2 for 16)

Under 14 "A" 8 for 106 (Ashby 18, Paterson 16 ret.)
M.B.H.S. 91 (Ashby 6 for 24, Pearlman 2 for 14)

UNDER 13

The most pleasing features about Under 13 cricket at P.A.C. this year are the keenness and enthusiasm of the many who have been striving for a place in the side. There were many good players who were unable to win a place in the only team entered in the regular Inter-School Competition. Consequently, whenever possible, games were arranged for the "left-overs," who, incidentally, acquitted themselves very well, and had more than their fair share of victories. In these games A. Clarkson, Dignum, Hocking and Nicholls did so well that they eventually won places in the Under 13 Firsts.

The Under 13 "A" team won most of its matches, thanks to good performances at different times from nearly every member of the team. Murray Ducker (captain) and Bruce Walker (vice) set the team a good example. They showed commendable keenness and leadership, and got "amongst the runs or wickets" in nearly every match. Others who also did well include Lewis and Jenkin (batting), Whittam (good batting and bowling), and Brown and Fee (bowling).

The team was ably coached by Mr. R. T. Smith to whom we extend our thanks

MASTERS v. FIRST XI
(by "Another Scoop")

Three years ago our venerable predecessor "Scoop" reported that the "village cricket" match had been reinstated after a lapse of twenty years. The defeat of the masters last year was evidently still rankling for it was noticed that they took the field with set faces and impressive mien. After sorting themselves out they launched their opening attack—the Head operating from the Prep. end and Mr. Laycock from the northern end. Day and Waters, the opening bats, felt their way

cautiously until a fastish delivery from Mr. Laycock completely beat Waters—1 for 15. The yokels lying at their leisure in the shade or lounging in the pavilion were dumbfounded. Then appeared Fuller, the captain, and he began cracking the ball so crisply and vigorously that the fieldsmen had to bestir themselves. Masters running hither and thither and getting themselves into unusual attitudes were vastly entertaining but it had to be stopped somehow. So Day (17) and Fuller (25) were cajoled into retiring. If later batsmen had visions of retiring also, they were sadly disillusioned for on a sudden the Masters' side developed striking cohesion, precision and deadliness and the remaining wickets fell steadily. The fielding, for example, was irresistible. Mr. Laurie who had brought off some fine saves, capped this by catching Paterson. Then after some brilliant but unnecessary throwing down of the wickets by various masters, a perfect throw-in from the outfield by Mr. Goodenough ran out Hall. A scurrilous gibe from a boy-scout that he had really aimed at a bird on the wing is hardly worth contradicting. Mr. Laurie, then took a few minutes off and obligingly fielded the umpire's hat which a sportive wind had carried in his direction. He was certainly in great form. Things, in fact, went so well that there was no need to call Mr. Duff—the dark horse—to the bowling crease and the First XI was all out for 146. At this stage the gladiators withdrew for refreshments.

Messrs Provis and Coombes opened the batting for the masters, and those barrackers who had expected strokes of the village green variety, had quickly to re-arrange their ideas. Mr. Close followed and enjoyed himself immensely by hitting two sixes and a succession of fours. Runs flowed from Mr. Leak's bat like an unending stream of music. Now 100 was on the score-board and with only three

wickets down the masters were "sitting pretty." At 5 for 133 the position looked brighter still. Unfortunately at this point the Head who was batting well, was run out, but a staunch effort by Mr. Bowen saved the situation.

After the Firsts' total had been passed the game quickly assumed a Pickwickian atmosphere—indeed the last two batsmen might well have been Sam Weller and Alfred Jingle, Esq., if one were to judge by the enthusiasm of the onlookers and the unavailing efforts of the batsmen.

Umpires: Messrs Brian May and W. L. Davies.

Rowing

This last term's rowing has been most successful, the main event being the House Regatta. In the first heat of the Senior Event, School defeated Waterhouse in fine style. In the second heat, Bayly and Cotton drew. On re-rowing the race, the Cotton House crew, stroked by Cooper, lost an oar at the start, so that it was again re-rowed, resulting in a win for Bayly. In the final, School House narrowly beat Bayly in a well-rowed race. The winning crew consisted of Walker (stroke), Tiver (3), McTaggart (2), R. Bailey (bow), Prider (cox).

Waterhouse won the junior section with some fine rowing, and the keenness of the juniors was noted with some pleasure by the coaches. The coaches this year were, for the eight, Mr. Frolich; the "clinker," Mr. K. Morris; the

Open, Mr. D. Perry; the U 16, Mr. M. Tiddy; and the U 15, Dr. Rennie. To these we extend our heartiest thanks for their untiring efforts and interest. Of these crews, special mention must be made of the successes of Dr. Rennie's crew throughout the year.

Two crews were entered in the invitation fours at the opening of the University Boat-house, but these met with little success. A senior crew was entered at the Adelaide Rowing Club's opening day. This crew was more successful, S. Humble being awarded a cup. Crews were entered in other inter-club meetings during this term but opposition was too strong. The rowing camp is to be held at Murray Bridge in January, and it is hoped that all who attend will benefit, as in past years.

Athletics

During the May holidays the State School-boy Championships were held. Five of our boys were successful in winning events and others scored minor placings. Perrott won the Under 17, 120 yards hurdles in the record time of 15.5 secs. McIntosh won the Under 17, 440 yards flat race. Preece won the 220 yards flat Under 18. Skinner gained first place in the Under 18 broad jump and Ducker won the Under 13, 75 yards flat.

Towards the end of the second term and through the September holidays some of the boys trained for the trials to be held in the third term for selection in a State team to go to Hobart in December for a Jubilee Schools Athletic contest. The events were very specialized, with few field games and McIntosh was our only athlete to gain selection. We congratulate him on his success in quarter-mile events.

During the September holidays Mr. P. A. Fuller our athletics master went to Mt. Gambier to make arrangements for our Athletics camp in the first week of the Christmas vacation. Everything was planned to the last detail and Mr. Fuller could not possibly have made the camp more interesting.

It had been arranged that we should compete

against the local High School in several events but this was cancelled because most of their athletes had left and it was decided to play cricket instead.

The match was full of excitement with the concrete pitch having a disastrous effect on our batting—we were all out for 84, Hopkins making 25. However, our bowling proved too good for the Mt. Gambier batsmen and with Little taking six wickets, High School was all out before they could reach our score.

Numerous places were visited during the week, such as the Yahl cheese factory, the Cellulose mills near Millicent and the Town, Tantanoola and Princess Margaret caves. All trips were made even more enjoyable by the pleasant outlook of Keith Wright, our bus driver. The trip on the Glenelg River from Nelson to the Princess Margaret cave is best described by the favorite adjectives of Mr. Fuller, e.g., "glorious," "magnificent."

Some Old Scholars and their wives and Mrs. Millhouse, mother of a P.A.C. boy, arranged a dance in the Town Hall cafe, and with Mr. Fuller as M.C. the evening was a thorough success.

The Red and White

This eagerly awaited function was again held before the examinations on Friday, 19th October. The reception was at 7.45 and by this time there was a continuous stream of cars entering the College gates. Mr. and Mrs. Dunning received the guests and at 8 o'clock the dancing commenced. As usual Alf Holyoak's band gave a really smooth performance.

This year there were extra innovations, some due to our M.C., Mr. Fuller, to add to the festivity of the occasion. Perhaps the most popular of these were the miniature bike races. Two of the heats were really sensational. With everybody on seats around the edge for safety, the three captains, Tim Murrel of Saints, Grant Mayfield of Scotch and "Barrel" Perry representing the "Alma Mater" mounted their steeds. Although he did not win, "Barrel" stole the show; his cornering at unbelievable speeds and his resultant "prangs" at nearly every corner thrilled the audience. In the second heat, Skinner was no less daring but it was left to Harbard to win this heat. The third heat was won by Smith who won a rather tame final after supper.

Other innovations were the two placards on

each side of the stage announcing the programme, and Pete Barlow's full-size caricatures of "Mick" Perry, "Rob" Prest, "Jim" Faull, "Sandy" Skinner, and "Merv" Evans. These latter were admired by all and sundry and the artist remarked in VIU the next Monday that he felt he had been repaid for his work by the number of introductions he received to other fellows' partners.

The work of Mr. Fuller and his helpers in arranging the decorations, and of the ladies who helped with the fruit-cup and supper must be mentioned. These did a magnificent job. There was always abundant fruit-cup and the supper was truly a repast! Mrs. Dunning's work in organising was greatly appreciated and we offer our special thanks to her.

The actual programme of dances was excellent, having taste and variety. Some of the dancers really got "into the groove" to the Charleston.

In all, this was a really successful "Red and White" and I think the members of the band were the only people present who were not sorry when "God Save the King" was played.

"The look that saw not"

(Winning Entry in the Kenneth Harley Memorial Prize Competition)

By B. B. Tregilgas

Howard White was lying on the settee in the lounge room before the fire reading the evening paper. The room was scantily furnished—a plain red carpet on the floor, a settee, two chairs and in the centre of the room, a big desk strewn with papers. On the desk amongst the papers was a telephone, a blotter weighted down by a steel paper-knife and a reading lamp. Suddenly the front door bell rang. White—five feet six inches in height, broad shoulders, middle-aged, with his hair beginning to recede from his temples—languidly rose from the couch, walked into the hall and opened the door. On the threshold stood a weedy individual with large ears and a long nose, wearing clothes several sizes too big for him.

"Ullo, 'Oward," he whined.

White turned deathly pale and croaked "Jim Grubber!" as that person—looking very much the worse for wear—pushed past White and walked into the lounge. He pulled up a chair in front of the fire, sat down and put his feet on the mantelpiece. White followed as one in a trance. Then, with beads of perspiration standing out upon his brow, he made a great effort, managing to slur out the words, "Whadda you want?"

"Now 'Oward," said Grubber helping himself to a cigar, biting off the end, spitting the tobacco into the fire and lighting the cigar nonchalantly. "We was pals, once, when we was boys. You've come a long way since then 'Oward. Maningin director of 'Bennett and Sons' now. A long way 'Oward from living in the slums, pinchin' whatever food you could lay your 'ands on."

"What do you want? What do you want?" shouted White, collapsing back on the settee, gasping for breath. "You didn't come back for nothing," he panted. "What was it? "What do you want?" His voice rose to a crescendo again.

"We-ell, I've been out of luck lately 'Oward, an' I was wonderin' wot to do, when I thought of me mate. 'Oward, I says to meself, I says, 'me old pal 'Oward will give me a little something to go on with.'" He finished this speech by blowing a cloud of smoke in White's direction. He seemed very sure of himself as he looked at his former friend between half-closed lids.

"How much?" said White quickly.

"Five thousand, 'Oward. Only five thousand."

"Five thousand!" echoed White. "Don't be stupid! Where can I get five thousand from?"

"Now what's five thousand to you 'Oward. You wouldn't miss it. Anyway, you wouldn't like Mr. Bennett to know about that little bizness a few years ago."

"Blackmail!"

"Now that ain't a nice word. Call it 'elpin a friend."

"Get—! No! No! Wait! I must think!

"That's orlright. I'll give you an hour," said Grubber pouring out some whisky from a decanter on the side-board.

Fifty-five minutes passed, during which time the only sounds were the heavy breathing of White who sat hunched up in his chair, face in his hands, the clinking of glass as Grubber poured out whisky after whisky, and his noisy gulps as he drank the whiskies down. Then White rose wearily to his feet and said, "Right, I'll give it to you." His voice was flat and contained no expression. He went to a wall safe, opened it, took out a bundle of ten and five pound notes, counted off from the bundle the right amount and handed the notes to Grubber. That dilapidated individual stuffed them in his coat pocket without giving them even a cursory glance.

"Thanks 'Oward, I knew you wouldn't desert a pal. I'll always be indebted to you," he said meaningly as he walked slowly out of the door closing it noisily behind him. White stood transfixed to the spot for several seconds, then whirling about, he snatched up the paper-knife from his desk and rushed out of the door, his face livid and contorted with uncontrollable fury. Glancing up and down the street, he saw Grubber's unmistakable figure to his left, slinking under a street lamp which threw a pale yellow patch of light on to the pavement.

Walking swiftly, silently and keeping in the shadows wherever possible, White gradually overtook his quarry. After walking for about five minutes, Grubber turned into a small dark alley with White following only ten yards behind. Grubber stumbled against a garbage can which had been put out for the council to collect its contents, knocking off the lid. The noise echoed hollowly down the street and with a curse Grubber bent down to feel his shins. There was a quick patter of feet, a flash of steel as the light from the moon was reflected from the knife, a muffled groan and a soft thud as Grubber's dead body slumped to the pavement. Feverishly White searched Grubber's pocket for the money. Finding it in the dead man's coat pocket, White removed it, stuffed it in his own pocket and stood up. As he did so, out of the corner of his eye, the murderer caught a glimpse of something white in the dark shadows of a doorway. Spinning around quickly he could just discern the figure of a man standing there. White stood stock still, paralysed, unable to do anything.

"Excuse me" said the man calmly, "but . . ."

The voice roused White from his stupor. He threw himself at the figure, which offered no resistance, dealing with it as he had dealt with Grubber. He hurried home and washed his hands and the knife free from blood. Luckily only several small stains of blood had fallen

on his coat and these were easily removed by some petrol as the blood was still wet. He sat down again on the couch and picked up his paper, but he could not read a word of it. His thoughts were on those bodies in the alley. Killing Grubber did not upset him. In fact the world was better off without him, but White now had a conscience, unlike the days when he lived in the slums, and although it allowed him a great amount of freedom, murdering a man he had never seen before, worried him. Perspiration trickled down his brow, his eyes were glued on the paper, but he saw nothing. Somewhere a voice was chanting, "You killed an innocent man! You killed an innocent man!" The voice became louder and louder. It kept in time with his heart-beats. It filled the room with its thunderous noise. With a supreme effort White stood up, shook his head, hurried from the room, took his hat and coat from the stand in the hall, put them on and ran out into the street.

The cold of the dank night calmed his frayed nerves and soon he began to think logically once again. He made his way to his club where he sat in a corner by himself, sipping very strong whiskies. He tried to brush the thoughts of the murders from his mind by concentrating on the different objects in the room. However his mind always returned to the ghastly scene in the alley. There he sat, huddled in his chair for three-quarters of an hour concentrating very hard. At the end of this time, however, he could no longer hold his thoughts and imagination in check. The small voice started again. It

sounded a great way off, but White could hear it coming nearer. It filled his head until it was about to burst with the noise.

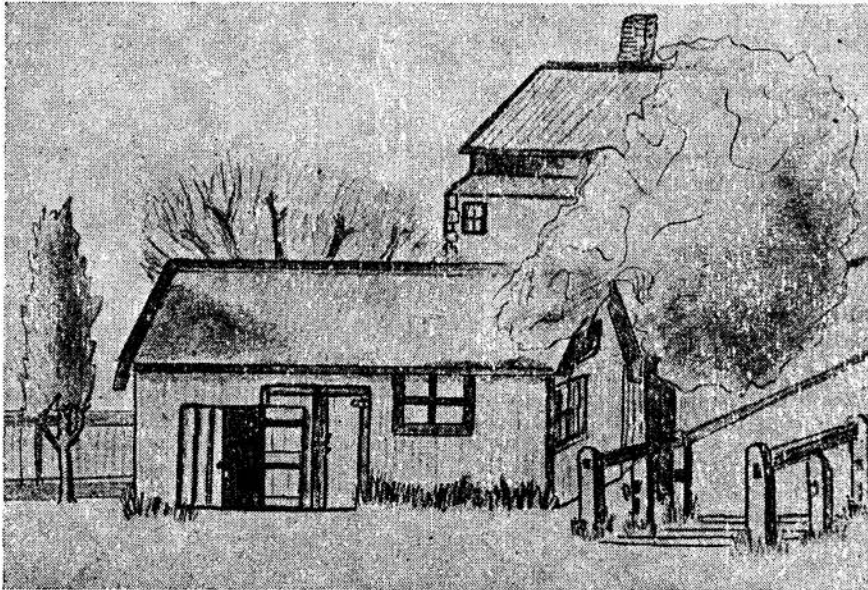

"I'm going mad," he thought.

"Yes, you're going mad," said the voice, "because you killed an innocent man." Then the voice started chanting, "You're going mad! You killed an innocent man!"

White gripped the edge of the table tightly; the veins stood out on his neck. He could stand it no longer, and with a blood-curdling scream he jumped up, overturning the table and rushed out into the street. He stumbled about the town for some time and finally staggered into the City Watch-house, collapsing into a seat, his whole body broken by sobs.

After a doctor had treated him White became quiet, except for an occasional sob. He told the sergeant there the whole story and at the end he signed his name with great difficulty at the bottom of his statement. As the sergeant led White away, the latter whimpered half to himself, half to the sergeant, "Why was he there? I don't care about Grubber in fact I'm glad I killed him." At this point White started to laugh hysterically on a very high-pitched note. Then he stopped as quickly as he had started. "I only killed him because he saw me do it. He would have told the police. He knew what I looked like. Oh! Why was he there? Then he fell to whimpering again.

The sergeant said quietly, "He might have told the police about a scuffle in the lane, but he would not have given us your description, you see, he was blind."

HYPERION'S SCHICKSALSIED (Translation from Friedrich Holderlin)

In the light above you dwell,
On mellow ground, blessed spirits.
Sunbeams from God
Touch you softly,
As the artist's finger
The sacred strings of the violin.

Fateless, as the sleeping
Infant, breathe the heavenly;
Kept pure
In modest bud
Blooms eternally
Their spirit,
And their blessed eyes
See in quiet
Eternal clearness.

Yet to us is it given
In no place to rest;
We decay, fall,
Suffering mankind,
Blindly from one
Hour to another,
As water thrown from rock
To rock
Age long down into uncertainty.

DUSTER

Thou, wayward, fair princess of grey dost rule
Our will, majestic in thy stately flight!
Thy dusty wake doth hold us, Mistress cruel,
In fascination's spell with beauty's might.
When on thy throne of righteousness we see
Thee tamed, in unhonoured duty tied,
Thy lure we must obey, thy slaves must be,
And let thee loose again freely to glide.
But ah! sweet sorceress, full well we know,
When sweepst thou in that frenzy of delight,
That peril lurks within the errant course
Thou followest: disaster grief and woe,
Attendant on temptation's sorry plight,
Are bitter fruits of thy most subtle force.

THE TYRANNY OF FASHION

It is a strange commentary upon human nature that every individual member of society feels an obligation to dress, behave and speak in certain ways, not of his own accord, but in order to conform with the fashion of the times, as laid down by the privileged few who form the elite of society and its fashion experts. No Australian in business or the professions enjoys wearing a thick, double-breasted suit in the summer, but no teacher would dare arrive at school in shirt and shorts. Everybody agrees that the Englishman's dress is unsuited to our climate, yet what business magnate in his office

could feel at ease if he had to reprimand an employee while he was in his shirtsleeves?

Every year all women who wish to have any social standing anxiously con the fashion supplements of magazines. Every spring countless hours are spent in letting dresses down or taking up the hem, at the whim of a few designers in Paris. In spring many hats, which may have cost five or six pounds, are neglected altogether or completely transformed. Last year's gros-grain hat is taken down and ruefully inspected. The artificial flowers are replaced by feathers—the flowers may have cost ten shillings, but they must go, for flowers on hats are out of fashion. Other things are affected by fashion. One year men's ties must have broad stripes; the next year all young bloods wear spotted bow ties. Oh, fashion is fickle!

At the "Head of the River" an Old Boy appeared with three months' growth of hair, and many witty comments were made at his expense. Yet in the reign of Charles I, no one was considered a gentleman unless his hair came to the bottom of his neck. The idea of men wearing their hair long seems to us absurd, but who is to say it will not again be the fashion? Since the first use of the razor, nearly every successive generation has changed from wearing beards to being clean-shaven, or vice versa. Who can imagine the youth of today growing beards? But such fashions usually come in cycles.

Fashion, however, can be a subtler master. Not content with its supremacy over trivial matters such as dress, it can strike deeper, trying to usurp the sovereignty of the individual personality. It is fashionable to speak and write in certain ways, and even some opinions and trends of thought can become fashionable. In the nineteenth century verbosity was popular in society. A genteel book on astronomy (1877) began, "The heavens . . . present the aspect of an immense hemispherical vault, the concave surface of which is studded with a countless number of luminaries." Today officials and leader-writers prefer a confused jargon with a multitude of long, unnecessary, new words. A very highly-placed diplomat said, "The unity of view of the participants in the conversations has been established regarding the exceptional importance of an all-embracing collective organisation of security on the basis of the indivisibility of peace." Who says fashions do not change?

Whatever we do, we cannot ignore fashion. If we do not conform to fashion's standards, we run the risk of losing social standing. We can try to change fashion, but to oppose it directly is to commit social suicide. The other extreme, being very fashionable, is even worse. I could not bear the nervous and financial strain of continually changing from high collars to low collars, from clocked socks to checked

socks, and from plain to striped shirts. How much better it is to steer a middle course between being fashionable and being old fashioned!

SUNRISE ON MT. EVEREST

About four o'clock one summer morning, high up in the Himalayas, we were roused with cups of steaming hot tea. Having dressed, we set out for the top of a nearby rise.

The morning was cold, with enough frost lying on the ground to make it hard to get a foot hold on the slippery rocks and boulders with which the hillside was strewn.

A little more than an hour later we arrived panting at the top of the hill, quite warm with our exertions. The beautiful snow-covered slopes of Mt. Everest, the scene of so many heart-breaks, rose before us, resplendent against a purple sky. Range upon range of mountains stretched away on either side, looking like hills in comparison with Nature's giant.

Slowly the rays of the rising sun appeared on either side of the mountain, tinging the snow with a delicate pink. The sun rising almost behind showed the mountain's dazzling beauty to the full. The colour changed from the delicate pink to almost blood red as the sun rose higher. The beautiful snow-covered ranges stretching for miles on either side showed up the red colouring of Mt. Everest to perfection.

The sun rose slowly and we, feasting our eyes on this beauty, were suddenly dazzled by it appearing around the mountain side to dawn on another perfect day in the Himalayas.

"ODE TO A PEANUT BAR"

O lovely block of peanut fudge
For miles and miles to thee I'd trudge,
To take thee in my hand and bite,
Puts me in transports of delight.
Thy long brown chocolate-coated form
Is all I yearn for, dawn to dawn.

What is it in a thing so small,
That does my very soul enthrall?
Perchance the scrumptious nutty mess,
That does my poor internals bless.
Whate'er it is, there's one great curse,
Which is, thou suittest not my purse.

SPOT-LIGHT SHOOTING

One of the most interesting and exciting experiences I had in my three years of farm life was going out spot-lighting for foxes. The conditions under which the sport took place added spice to it

The first essential was to wear plenty of warm clothing. This was so because we went shooting only in the winter, so as not to lose a fox in a crop. Our equipment consisted of a much-battered old car named The Red Terror, a spot-light, and two 12-gauge shot guns.

It was my job to hold the spot-light and "pick-up" any foxes with it. When, while shining the light in an adjacent paddock, I saw a green gleam, I gave the signal and off we went to the nearest gate. When we came close to the spot where we had last seen the fox, I shone the light on the area. When we again saw the gleam, the chase was on. I am sorry to say that in the excitement of the chase I often lost our quarry, but more often we got close enough for a shot. When he saw the light on him and heard the car approaching (which was not difficult), he immediately began to run. We gave chase, with the icy wind blowing in our faces adding to the excitement. At last we were within fifty yards of our quarry and my father fired one barrel of his 12-gauge at him. Usually this made him somewhat keener to get away, but once one dropped dead first shot. Afterwards all except Dad said he had died of sheer fright. But now the chase is working up to a climax. The fox goes as fast as he can and so does the car. We are now within thirty yards and gaining all the time.

By this time Dad has usually discharged the other barrel and is re-loading. Now the other shooter discharges one barrel. The fox is almost dead on his feet and the second barrel usually "drops" him. The next operation is to remove the brush, which is far harder than it looks. We do this because some people are very disbelieving.

At the end of the hunt we usually have about six brushes in the back of the car. The time is approximately 12 o'clock and on the way home we talk about the "one that got away," passing such remarks as, "It must have been bigger than a dog." "Don't be silly it was bigger than the sheep in that paddock."

Then with a sudden abruptness it is all over, and the only thought that fills my head is "The school bus comes at 7.30 in the morning."

SCENES OF SUNSET

The sun sinks golden in the west,
Tipping the fleecy clouds with pink.
O'er the hill the foxes slink,
To hunt before they rest.

The sheep are crossing o'er the creek,
The weary sheep dog runs along,
As from the homestead drifts a song,
That wafts o'er crag and peak.

The crow is flying swiftly on,
To reach his nest and mate.
And sleepy-eyed the white owls wait,
Till the weary day be gone.

AN INTERLUDE AT THE BARBERS

Silence reigned, and except for the buzz of the clippers, not a sound could be heard. Mr. Brown, hairdresser to all Dunstburgh, sighed and swore under his breath as he evaded Dr. Jones's wart with the clippers, for nothing, not a single exciting thing had happened in the village since farmer Higgleberry's hen coop was wrecked in a storm two years ago.

To relieve the monotony of it all he switched on the radio. His spirits rose as the music from the radio came to him like a sea breeze on a hot day. At that instant, he was awakened from his dreams by this announcement: "Flash! This session is interrupted to warn the inhabitants near Dunstburgh of the escape of the dangerous lunatic 'Black Salamander.' It is thought he is in the vicinity of . . ." and then followed details of his whereabouts, his age, height, build and most particularly his hair, for it was a foot long! At this, the waiting customers jumped. Long hair! the most logical thing for him to do would be to have a haircut!

One by one, the customers crept out, offering such excuses as would shame even a little boy caught stealing oranges. Soon after, however, another news flash was broadcast. The lunatic had not really escaped, but had only climbed over the asylum wall to pick dandelions. Immediately several heads appeared at the door and the customers crept back inside again.

With a smirk on his face, Mr. Brown shook the hair from the sheet and said, "Next please." The little interlude was over.

THE MORGAN-WHYALLA PIPELINE

The Morgan-Whyalla pipeline, 223 miles in length, runs from Morgan on the River Murray to Whyalla on the western side of Spencer Gulf. It was originally built for the Broken Hill Proprietary Company Limited to supply water to its large plant at Whyalla. Construction of the pipeline started in 1939, and it was opened in 1943.

The water is pumped by a series of pumping stations between Morgan and Robertstown. At each pumping station there are two pumps, with a combined maximum output of 4,500 gallons per minute.

The pumps and the electric motors which operate them were all made in Australia.

No. 1 pumping station at Morgan is below the level of the river, so that a constant pressure may be maintained. Before the water enters the pumps, it is considerably cleaned by being passed through several layers of fine wire and silk mesh.

The four pumping stations force the water to Hanson, 1,600 feet above the river level, where it is collected in five tanks of two million gallons capacity each. From Hanson, the water gravitates to Bundaleer Reservoir, Pt. Augusta and Whyalla. At Hanson and Bundaleer smaller feeder mains take water to Clare, Burra, and Port Pirie. Everywhere along the route,

small pipes are tapped to supply water to farm-houses and stock-troughs.

The pipeline passes over bridges built to take it over creeks, and it goes underground at intervals so that roads and railways may cross it.

In the event of any mishap, the water may be temporarily cut-off by large valves, which are built every two miles along the pipeline.

Should any mishap occur, the officers on duty will see immediately on their charts and instruments that something is amiss.

Without the pipeline, many districts would not be as prosperous as they are, and life for country people in such districts would be much harder and less comfortable.

THE FRIEND OF THE SAILOR

From the earliest times when men ventured forth in their small boats to explore and trade with other countries, various means have been used to warn sailors of dangerous rocks and shallows. The earliest of these were signal flares burning at night on the top of dangerous rocks.

Seven hundred years before the birth of Christ, an attempt was made to build a lighthouse, but the first definite record is of one built on the island of Pharos in the year 300 B.C.

This was considered as one of the Seven Wonders of the World. Not until the nineteenth century was any great improvement made on this lighthouse.

The modern lighthouse is usually circular in shape, and is built into the rock so that it can withstand terrific storms. Inside the tower, store rooms are built one above the other, and also the living quarters and workrooms. At the very top are the lighting mechanism, perhaps three times taller than a man, and its prisms, which not only magnify the light but focus it into one powerful beam.

The lights on old towers were provided by wood or coal, but the new ones operate on electricity.

When a very dense fog descends on the sea, either sound rockets, sirens or diaphones are used but nearly all lighthouses now have radio.

Lightships are often used over dangerous banks and shoals. Many of these ships have radio and powerful lights aboard, but some are worked automatically.

In river estuaries, small floating vessels known as buoys are used and these are differently marked according to whether they mark a wreck, sandbanks or hidden rocks.

Buoys are of various types. Light-buoys as their name implies, carry a light worked by compressed gas; bell-buoys are conical in shape and are often employed in foggy regions. Whistling buoys are particularly useful, for they carry a light and a whistle. Other types of buoys—the "can," the "spherical," the "pillar," the "truncated," carry no warning signal, but are used to indicate naval channels in harbour and river mouths.

The "wreck" buoys are distinguishable by their green stripes. All buoys have distinctive marks and lettering, and are entered on charts, so that sailors are able to identify them and to set their courses accordingly.

MIDNIGHT SYMPHONY

There breaks upon my slumbering ear
An unmelodious sound,
Of screeches, yells and soft meows,
Which make the night resound.

I bear it but for half an hour,
And then with furious roar,
I raise myself from off my bed,
And hie to the back door.

On reaching there, behold a sight,
Most horrible to see!
A pair of cats intent upon
Their mid-night symphony.

One well aimed boot into the mob—
They scatter left and right,
Restoring my disturbed sleep,
And the silence of the night.

THE STORM

The day was hot and dusty
A storm was on the way
And with the night the thunder came
The clouds were dark and grey.

Lightning flashed across the sky
Showing through the rain,
The trees groaned before the wind,
Bent low beneath the strain.

With the early morning light
The storm began to pass,
The sheep came out into their fields,
And ate the dewy grass.

The Preparatory School

The year 1951 will be remembered principally as a year of departures. At the end of the second term, Mr. Moore returned to his home in Melbourne and we were fortunate enough to find Mr. J. K. Allison, an Old Boy of the School, to take his place. At the beginning of the New Year, Mr. Allison is going up to the Senior School; so we can really count him as an arrival and a departure.

At the close of school we said farewell also to Mr. Kelly and Mr. Laycock. Mr. Kelly has been resident in the Prep. for seven years and his going will be regretted by the boys who passed through his hands, and by their parents. Mr. Laycock, whom we must congratulate on the completion of his arts degree, is leaving in January for England where he will spend two years teaching in English schools. We hope that he will rejoin our staff or the Senior School staff when he returns.

The Council has engaged Mr. Houston, Mr. Crouch and Mr. Savage to take the places vacated.

The Mothers' Club this term has limited its activities to one meeting at which Mr. Kesting demonstrated the strip-film projector, which the Club had presented to the Prep., and to the provision of afternoon tea and the Christmas tree at the Fathers' and Sons' Cricket Match. To complete the sum of money necessary to buy the projector, a trading table was organised at the conclusion of the meeting and nearly twenty pounds was raised.

The projector has been in constant use since its purchase and all classrooms have been fitted with blinds so that its use can be extended.

The money raised by the sale of tickets for the Prep. Concert in the second term was to have been used for the purchase or part-purchase of new tables and chairs for the kindergarten room. However, through the generosity of Mr. Whitwell and another parent, the kindergarten room has been refurnished without cost to the school. The Prep. would like to thank Mr. Whitwell and his fellow benefactor for their kind gifts.

Twice during this term the boys of the Prep. have mingled on friendly terms with the boys of St. Peters' Prep. On the first occasion Forms III A, B, D and II A spent a very enjoyable afternoon watching the dress-rehearsal of the St. Peters' Prep. play "Jason." On the second occasion the same forms with IV A were hosts to the equivalent forms at St. Peters when six cricket matches and two tennis matches were played on our grounds. Our boys provided drinks and afternoon tea for the visitors. Four of the six cricket matches and one of the tennis matches were won by us.

Quite a number of boys from II B, II A, III B, III D and III A took part in the National Safety Council Safety Quiz. Although we did not produce a State winner, good papers were sent in by Saddler, Smith, H. K. Clark and Stansfield who were awarded prizes.

Most classes this term have been on outings. During the last week II A and III B had class picnics at Port Noarlunga, III A, II B, I A, and I B C spent the day at National Park, Belair, and III D boys were the guests of Mrs. James of Payneham. Earlier III B visited Port Adelaide and through the efforts of Mr. Johnston, S.M., they visited the Police Court, the "Morialta," a Norwegian freighter, and the "Fire Queen."

The Prep. Tennis Championship for which the trophy is presented by Mr. J. E. C. Stephens was won by Owen Williams with Grantley Sims as runner up. Chapple proved too strong for Robertson in the House tennis winning six sets to none.

The A. W. Welch Cup was won by Robertson House 22 points to 20. Although Robertson House was unable to take a single point in football, cricket and tennis it was just able to hold off desperate bids by Chapple in school work and amass sufficient points to win the cup. The Prep. was sorry that illness prevented John Sudholz from being present at Speech Night to receive the cup. It hopes that John will be well enough to start school in the New Year.

Collections for the various charities have amounted this term to £26/6/8 and for the year to £92/7/6.

Our Under 13 Cricket team had a successful term winning five out of its seven official games. An exciting game was played against a senior school team in which senior school won by a small margin.

The Objects of the Association are: To keep Old Boys, wherever they may be, in touch with one another and with the boys at the School; also to foster and maintain their interest in the School.

"Old Boys' Week" is observed annually towards the end of July, during which a dinner and other social functions as well as sports contests are held. Also social gatherings are held whenever occasions arise that make them desirable.

"The P.A.C. Chronicle," of which a large part is devoted to matters of special interest to Old Boys, is forwarded to each member of the Association.

The subscription is ten shillings per annum. It is suggested that Country Members should remit sufficient to cover four years' subscription

or become Life Members by payment of £10/10/-. Any Old Boy wishing to become a member can do so by forwarding his name and address to the Head Master, or to any member of the Staff, or to the Secretaries.

The Association has donated the following Scholarships to the School:

H. W. A. Miller (Old Collegians') Scholarship
 J. A. Hartley Scholarship
 Fredk. Chapple Scholarship
 W. R. Bayly Scholarship
 A. G. Collison Scholarship

SUCCESSSES OF OLD BOYS

In order that the list of successes of Old Boys during 1951 at the University, School of Mines and elsewhere, may be as complete as possible, it has been held over until the next issue of the Chronicle. Old Scholars are requested to forward to the Association Secretaries, full particulars of their successes.

Degrees conferred in 1950 (not previously recorded): M.B.,B.S., J. F. Jackson, B.Sc.

Old Collegians President

President for this year is Laurie P. A. Lawrence, who attended the School from 1919-1925.

He gained selection in Intercollegiate football and athletic contests, and was a prominent gymnast throughout his school career.

Whilst studying Commerce at the Adelaide University he was prominent in Student Union Movements, and acted as Honorary Secretary of the Commerce Students' Association and the Athletics Clubs respectively. He was a member of numerous Inter-Varsity Athletic and Lacrosse teams, gaining his "Blue," and was also State Champion High Jumper and a leading figure for many years in field games activities.

A Life Member of this Association, Laurie joined the Committee as Joint Hon. Secretary in 1936, owing to pressure of business relinquished this position in 1945, but successfully contested a vacancy on the General Committee,

thereby retaining his keen interest in Association and School activities.

As a member of the Rotary Club of Adelaide he has done very useful Youth Service Rehabilitation work amongst delinquents from the Magill Boys' Training School and the Edwardstown Industrial School.

A keen follower of politics he is a member of the committee of the Hyde Park Branch of the Liberal and Country League.

Well known in commercial circles, your President serves on the Board of Directors of several well-known organisations, his primary occupation being that of Managing Director of Lawrences Limited, and Managing and Chairman of Directors of Wholesalers Agency Coy. Limited.

He is the younger son of S. Gilbert Lawrence, a former President of this Association, who also served this Association for many years.

J. D. ILIFFE MEMORIAL

The School Council has arranged for a Memorial Plaque to be placed in the Assembly Hall.

There has been a splendid response to the suggestion for endowing three prizes to be awarded annually as the "Jas. D. Iliffe Science Prizes." Over £450 has been subscribed.

Many appreciative letters were received, all paying tribute to Jimmy Iliffe's genial and lovable character.

Lionel Logue (146 Harley Street, London, W.1.) writes:—

"I have instructed the National Bank to forward a donation to the James Iliffe Fund.

Alas! I was never one of his bright boys, my mind did not run to science—in fact, in those days it did not run to anything.

There was always one bond between us—we entered P.A.C. the same year I was born.

A school boy does not love his masters, but he respects and admires them. "Jimmy" was a grand chap and I only wish I would do more to make his name imperishable."

SCHOOL ENROLMENTS

Members are reminded of the urgent need to enrol intending scholars at the earliest possible date. Enrolments have already been made up to 1962. Don't delay; but make enquiries from the Headmaster now.

THE WAR MEMORIAL

In the erection of a memorial to perpetuate the memory of those sons of the School who served and who made the Supreme Sacrifice in the Service of the Country, there is no more fitting place than in their boyhood School.

Contributions to the fund may be forwarded to Mr. E. W. Forbes, Epworth Building, Pirie Street, Adelaide, or to Mr. W. Douglas Verco, 178 North Terrace, Adelaide, or to the Association Secretaries. The following is the list of donations to 31st January, 1952:—

Mr. L. B. Shuttleworth retires

(JOINT SECRETARY 1912 - 1951)

Thousands of Old Boys were surprised, almost grieved, when they heard of Mr. Shuttleworth's retirement. He had been carrying out his duties with unobtrusive efficiency, for so long that we seemed to take it for granted that he could go on forever. The oldest of us could hardly remember when he was not doing the job.

Mr. Shuttleworth was affectionately addressed as "Len" by thousands of Old Boys, not only of Princes, but also by many Saints, with whom he came in contact in the course of his varied duties. Perhaps the greatest compliment ever paid him was a remark made at a Joint Sub-committee meeting some time ago by a St. Peters man who remarked as Mr. Shuttleworth came through the door, "Here comes old Len, the only chap in either Association who knows all the answers. What would we do without him?" Many of our rivals shared the admiration which we all have for our retired secretary. This light-hearted remark was quite sincere, and almost without exaggeration. Out of his head, or by referring to a pile of papers which seemed part of him, Len could answer every question and give every detail of previous events, and he could also tell us what to do. Our sub-committee meetings were usually a formality, authorising Len to proceed with arrangements which were invariably organised to the last detail.

The courtesy and attention that we all received from Len extended to his whole office staff. Any member calling on association business could not have received better treatment if the whole office and staff had been there solely for the benefit of our members. In this regard, it would not be inappropriate to mention the name of the late Mr. F. C. Cavanagh.

Generations have seen Len quietly watching our games with no outward demonstration of his feelings. As a young man he played many games himself. He played Lacrosse with East Torrens, and was for many years Captain of the Linden Park Cricket Club, one of the many good clubs of those days outside of grade cricket. His cricket was indicative of his character, he seldom put himself in to bat early, he seldom hit a six, and he was a good captain. Like most of his team, he left the cricket field for the battle field, and his old Club was never revived.

During that first war Len married in London, Mlle. Jeanne Charlier, a young Belgian lady who was to become Prince's most loyal female

supporter. A tower of strength to her husband, and to the Association. The loss of Mrs. Shuttleworth, even to the Association, was indeed a very great one. Her early and untimely death occurred soon after she had visited her native land, once again, with her husband.

Len's modest and retiring nature, his objection to any sort of reward, and his dislike of the limelight made his achievements ever more remarkable. We will spare him from being confronted with the details, which are already so well known. Sufficient is it to say that when he became a Joint Secretary with Mr. H. W. A. Miller in 1912, the Association had just the thousand members, when he retired in 1951 leaving his nephew Harold to carry on with Ross Johnston, the Association had a few short of three thousand.

During his term of office, Len has become an identity not only within our Association, but in the City of Adelaide. An era has passed, we shall not see his like again. But the Association will grow bigger and stronger on the foundations which he helped to lay. Great though his loss may be as Secretary, the Committee will be immensely strengthened by his election as an ordinary member. His knowledge and experience in guiding the affairs of the Association will be of great value and will, we hope, be available to us for many years to come.

Every one of our three thousand members would wish to thank Mr. L. B. Shuttleworth for his great work for our Association, and so for our School.

EDUCATION FUND

This fund has been raised for the purpose of educating the children (boys and girls) of Old Boys who lost their lives on Active Service.

Messrs. C. J. Glover, N. S. Angel and L. B. Shuttleworth have been appointed trustees to administer this fund, under direction of the Association Committee.

The Trustees are now arranging for the education of one boy who will enter Prince Alfred College this year and for several girls who wish to enter Methodist Ladies College (or other alternative school) during 1953 and 1954.

All enquiries should be addressed to the Association Secretaries, 50 Grenfell Street, Adelaide.

Annual General Meeting

The Annual General Meeting was held at the School on Friday, 21st November, 1951, when about eighty Old Boys attended.

Mr. L. P. A. Lawrence was elected President; Messrs. R. W. M. Johnson, F. H. Chapman and Rex W. Pearson were elected Vice-Presidents; Mr. N. S. Angel was elected Treasurer; Messrs. Harold Shuttleworth and Ross Johnston were elected as Joint Honorary Secretaries. Mr. L. B. Shuttleworth did not seek re-election to this office.

More nominations than required were received for Committeemen and a ballot resulted in the election of the following: Messrs. L. B. Shuttleworth, J. Crompton, R. C. Hall, J. F. W. Dunn, F. C. Hassell, D. A. Clarkson, N. A. Walsh, H. C. Williams. The following committeemen were not due to retire and remain on the Committee until the end of 1952: Messrs. P. E. Clark, J. B. Craven, F. E. Piper, N. T. Todd, Dr. M. W. Evans, Dr. C. T. Piper.

Messrs C. W. L. Muecke and E. F. Hunwick

were elected Honorary Auditors.

Mr. Lawrence drew attention to the untiring service that had been given to the Association by Mr. L. B. Shuttleworth as Joint Honorary Secretary since 1912. Mr. J. Crompton in supporting Mr. Lawrence presented Mr. Shuttleworth with a handsome office chair and a leather brief case on behalf of the Association.

The Headmaster (Mr. J. A. Dunning) on behalf of the School Council also referred to the sterling service which Mr. Shuttleworth had given for so many years to the School and presented him with a copy of Mr. Ward's book, autographed by both Mr. Ward and himself. Mr. Shuttleworth in expressing his appreciation to the Association and the School referred to the great pleasure he had derived from this work.

After the business of the meeting was concluded, members adjourned to the dining room for refreshments and were addressed by Mr. L. S. Clarkson on his recent visit to America.

Sports

PERSONAL

At the Wimbledon 1951 Championship Tennis, Don Candy defeated Robertson (Brit.) 8-6, 6-2, 6-3.

Grant Berriman has returned from England, where he recently took part in the World Junior Chess Championship and tied for eleventh place out of 20 competitors from all parts of the world.

In the 1951 League Football Premiership Match, Ian McKay captained the North Adelaide team. Colin Parham played for the victorious Port Adelaide team.

Other Football League players during 1951 were Peter Dalwood, Keith LePage, D. Watson, D. Brebner, D. Davies, B. Downing, M. Agars, B. Faehse and D. Bartlett.

Dean Trowse has shown good form with the cricket bat and has been selected to represent South Australia in the State Team now touring the Eastern States.

BOWLS SOCIAL EVENING

The Annual Bowls Contest will be held at Toorak greens on Wednesday, 27th February next, at 7.30 p.m. Prizes will be awarded to the winning rink and there will also be a "spider" competition prize. Supper will be provided.

The Subcommittee comprises Dr. W. M. Evans, Messrs. Colin Hassell and N. A. Walsh.

Old Boys desiring to play are requested to contact the Secretaries.

CRICKET CLUB

The Old Scholars Cricket Club is at present participating in the Adelaide Turf Association competition.

The team is having quite a successful season, but new members, particularly youthful ones, are badly needed to enable us to build up a strong team for the future.

Those interested should contact the Club Secretary, L. E. Letcher, 'phone U3307.

RUGBY CLUB

To all those interested, the Rugby Club will hold its Annual General Meeting at The Green Dragon Hotel, South Terrace, on Friday, February 15, at 8 p.m.

The Committee will be very pleased to see any "Old Boys" who are interested in playing Rugby at this meeting. A good season was had by all last year and it is sure that in the ensuing year both "A" and "B" grade teams will do much better.

Practice is held on P.A.C. (back oval), so if you are unable to come along to the meeting, ring the Secretary, B. W. King, at W2347, or after business hours U3567, and he will advise you of our practice nights and make sure that you meet all members.

ANNUAL GOLF MATCH

The annual golf match was played at Koo-yonga links on 24th September, 1951.

Arrangements were in the hands of Messrs. N. T. Todd and F. C. Hassell. Fifty-four players participated.

The Clarkson Cup was won by G. R. Wicks with a score of 4 up.

The winners of the 4 ball, best ball contest were M. Raggatt and D. T. Rowe with a card of 6 up.

FOOTBALL CLUB

Last season, after an uncertain start, the "A" team just managed to get into the final four and then played really well to carry off the Grade "A2" premiership under the captaincy of Leighton Williams. A very successful dinner was held on 19th September, 1951, with the President, Senator Rex Pearson, presiding. We were also privileged to have with us the Headmaster, Mr. J. A. Dunning, Mr. J. F. Ward, Mr. A. E. C. Treloar, the President of the Amateur League and Mr. H. V. Millard the Hon. Secretary. Members of the Old Scholars Committee were also present. We would like to express our appreciation to those supporters who donated such a fine list of trophies.

The Annual Meeting will be held towards the end of February and members will be duly notified. The Committee is most anxious to hear of new players, particularly those who have left school in recent years. This year the "A" team will be playing in Grade A1 and the "B" team in Grade A3. More regular players for the "B" team are required to enable it to field a full team each Saturday and also to improve the standard of play. Mr. Ted Norman, C/o School of Mines (W1771) or Mr. Colin Webb, C/o Executor Trustee & Agency Co. Ltd. (LA4251) will be pleased to hear from any intending players.

OLD COLLEGIANS ATHLETIC CLUB

This club has commenced the fourth year of activity and is making a good start by being well represented in the inter-club competition.

If any of the scholars who left school last year are interested in competitive Saturday afternoon sport (in the form of athletics), they

should contact the Secretary, Lloyd Harford, at 117 King William Street, LA 4111 or at home UA 6876.

The office-bearers for this year are Dr. B. M. Jolly, President; D. Rosser, Treasurer; and L. Harford, Secretary, from whom any information about the club may be obtained.

In order to stimulate interest in the club, the following Old Scholars have given their support by joining as members and subscribing funds for the purchase of necessary equipment and other purposes:—

R. W. Pearson, M. W. Stain, Dr. A. F. Hobbs, C. M. Barr, K. M. Barr, Dr. A. G. Trott, C. J. Glover, Colin Gurner, K. Engel-

brecht, F. G. B. Greenslade, S. Krantz, G. D. T. Cooper, J. H. Williams, B. J. Magarey, Alan H. Preston, Norman Todd, Peter R. Hodges, J. A. Williamson, B. E. Hockney, M. F. Perrott, H. L. Brose, I. R. McTaggart, F. L. Collison, Roy Pender, K. L. Matheson, W. R. Ferguson, Dr. D. G. McKay, L. H. Haslam, Dick Fowler, W. Gordon Taylor, D. P. Lord, C. H. S. Dolling, C. H. Shimmin, H. W. McGregor, K. P. Scott, Joseph Crompton, P. E. Clark, J. Gumma Symonds, H. G. Prest, C. H., L. B., C. G., H., and A. C. Shuttleworth, L. J. Basnett.

Any Old Scholar desirous of assisting the Club may become a member for four years by forwarding £1 to the Association Secretaries.

MONTHLY LUNCHEONS

The Monthly Luncheons continue to be well attended and are held at Myer's Apollo Rooms, Rundle Street, on the second Thursday of each month.

Very interesting addresses have been given and contributions by the following speakers have been much appreciated: Mr. Jas. E. Duff ("Tribal Customs in East Africa"), Mr. C. S. Charlick ("Give us this day our daily bread"), Hon. A. G. Cameron, M.H.R. ("Opening of New House of Commons"), Mr. J. Crompton ("A Second Impression of England and France"), Mr. Renfrey Potts ("A Glimpse of Oxford"), Mr. Arthur E. Sampson ("A Talk on Glass").

Interstate and country members are specially invited to attend when in Adelaide.

NEW AND RETIRING COMMITTEEMEN

Harry Clark Williams who was elected to the General Committee at the last Annual Meeting attended the School 1919 to 1926.

On leaving, he entered the employ of James Marshall & Co. Later he was employed by the Peoples Stores Limited, and was appointed Manager in 1934 and Managing Director in 1939.

He is a Past President of the Apex Club of Adelaide and District Governor of the same organisation in 1948 and a member of the Rotary Club of Adelaide.

At present, he is President of the Retail Traders Association of S.A. and also a member of the Council of the Chamber of Manufactures.

His sporting and hobby interests lie in tennis and gardening.

Geoffrey T. Clarke upon being appointed to assist in organising the Jubilee Celebrations was reluctantly compelled to resign from the Committee owing to pressure of work.

During his term of office, he took a great interest in the Association's activities and was President 1948-1949.

COMMITTEE VISITS SCHOOL

Early in December at the invitation of the Headmaster (Mr. J. A. Dunning) the Association Committee paid its annual visit to the School when morning assembly was attended.

The President (Mr. Rex W. Pearson) addressed the boys on the objects of the Association and explained its social and sporting activities.

In his address to the assembly Mr. Pearson emphasized the great value to boys in their after school life by maintaining contact both with the School and their former school-mates. He advised those about to leave school to immediately join the Association which could ensure and develop these desirable relationships.

ANNUAL SUBSCRIPTIONS

Subscriptions for the year ending 30th September, 1952, are now due, and members are requested to remit promptly to facilitate the work of the Association.

The work of the Association has increased considerably, and your co-operation by prompt payment of subscriptions (10/-) is requested.

THE HISTORY OF THE COLLEGE

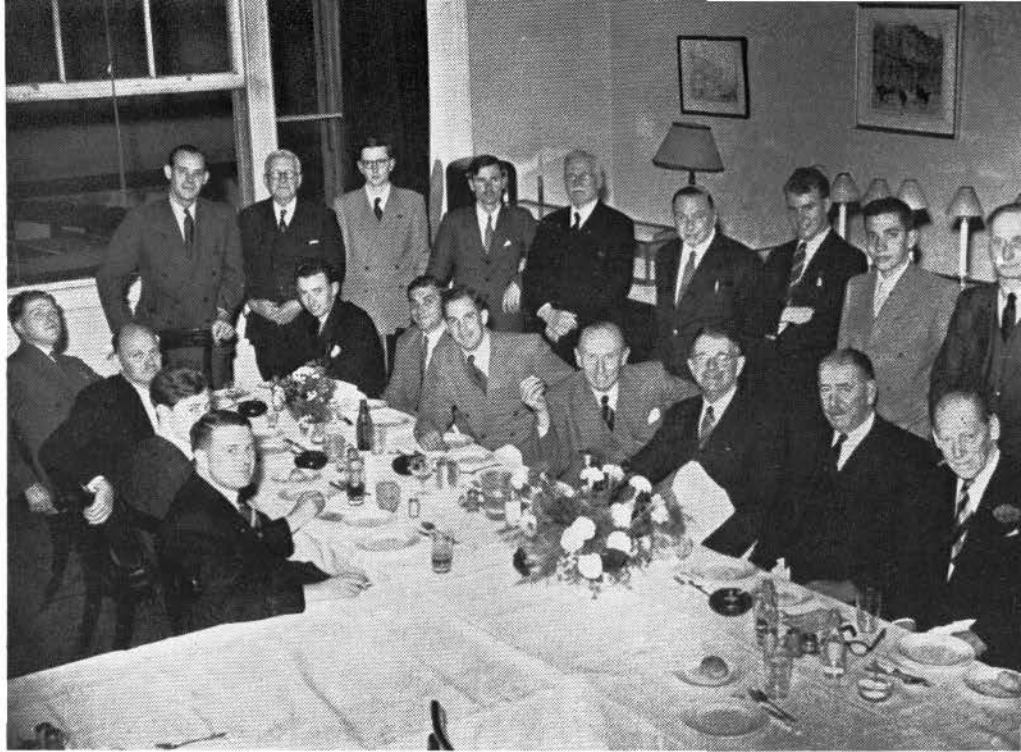

Old Scholars are reminded that copies of Mr. Ward's most interesting and valuable book of the first 80 years 1867-1848 of Prince Alfred College are still available. No Old Scholar can afford to be without a copy of this valuable record. Copies are available bound in either red morocco at £2/12/6 or red cloth at £1/1/0 plus 6d. postage. Order forms are available from the Association Secretaries, 50 Grenfell Street, Adelaide, to whom remittances may be sent.

ASSOCIATION BLAZERS

The Red-and White striped cloth is not procurable at present, and your Committee has therefore approved of the following:

- (1) Navy blazer with Old Collegians' pocket badge.
- (2) Maroon blazer with white braid and Old Collegians' pocket badge.

Both designs are now obtainable by members of this Association but a certificate of membership must be obtained from the Association.

Old Boys Week 1951

The Bridge Evening was held at Balfour's Cafe and resulted in a win for Princes by 14 to 12. In the Chess Match Princes were also successful, winning by 5 games to 1.

The Hockey, Lacrosse and Baseball Matches were played at Prince Alfred College. The Hockey Match was won by Princes, 3 goals to nil. Best players:—Princes: West, Martin and Opie; Saints: Hutton, Staggs and Meaney.

We also won the Lacrosse Match by 9 goals to 6. Goalthrowers:—Princes: G. Clarke (4), J. McCoy (1), K. McCoy (1), D. Selth (1), D. Hemson (1), B. Forrest (1); St. Peter's: Bulbeck (3), Parsons (3). Best players:—Princes: Clarke, McCormick, K. McCoy, D. Selth; Saints: Hall, Collett, McCormac, Chapman.

The Baseball was won by Saints after a very close game by 9 to 8.

The Table Tennis Match was played at the Railways Institute, North Terrace. St. Peter's won by 10 rubbers to 5. Unfortunately, through a misunderstanding we did not have a full team.

The Badminton match was not played this year owing to sickness, but it is hoped that the fixture will re-appear in next Old Boys' Week.

Golf Match. This was played at Seaton Links on the 1st August and resulted in a win for Saints after an exciting match.

The Rugby and Football matches were played at St. Peter's College. At Rugby Saints scored a rather easy win by 26 to 6. In the football match Princes were successful, winning the game by 9 goal 13 behinds (67 points) to 8 goal 16 behinds (64 points). Teams included a number of League players and the game was of its usual high standard.

The Thursday morning assembly of Old Boys who had entered the school over 60 years ago was well attended. The Headmaster (Mr. J. A. Dunning) and the President (Mr. Rex W. Pearson) welcomed the Old Boys who then proceeded to the Assembly Hall. The oldest members, Mr. A. M. Bonython and Mr. E. E. Mitchell (now deceased) were among those who attended and signed the attendance book.

On Old Boys' Day, the usual keenly contested Town v. Country Football Match was played. After an exciting match the City Team won, the scores being 13 goals 10 behinds to 12 goals 4 behinds.

The Annual Dinner was held at John Martin's Dining Hall. There was an attendance of 370. After the Loyal Toast had been honoured

the President addressed the gathering, this was followed by an exchange of greetings and messages from the President (Mr. Rex Pearson) Adelaide, Dr. Reg. Dunstone Sydney, and Dr. Ted Rosanove Melbourne through the usual Interstate telephone link-up, including Broken Hill. Mr. J. H. Caskey proposed the toast of the "Alma Mater," to which the Headmaster (Mr. J. A. Dunning) responded.

The Annual Ball at the Palais Royal again proved an outstanding success, there being an attendance of over 1,300. Our thanks are extended to the Ladies' Committee whose excellent decoration of the Palais contributed greatly to the enjoyment of the dance. As usual the orchestra was in "good heart." The bicycle races again proved of great interest. Prizes were given to winners, and to the "best" dancers.

On Saturday evening the Prince Alfred Collegians Lodge met at the Masonic Temple, when there was a large attendance of Old Boys and friends.

Old Boys' Week concluded with the Annual Service at the School. There was a splendid attendance, the service being conducted by the School Chaplain (Rev. C. J. Perry). Mr. Alan H. Dennis, B.A., delivered the address and the Headmaster read the names of those Old Boys who had died during the year. The President, (Mr. Rex W. Pearson) read the lesson. A solo was contributed by Mr. Alan Whittle.

OLD BOYS WEEK 1952 PROGRAMME

The programme for Old Boys Week 1952 has not yet been finalised.

"Old Boys Day" falls on Thursday, 24th July. The Annual Dinner will be held on that date. The Intercollegiate football match will be played on the Adelaide Oval on Saturday, 26th July, and the Annual Service will be held at the School on 27th July, at 11 a.m.

BOWLS AND TENNIS MATCHES

Owing to the death of His Majesty King George VI, the Annual Bowls Match with St. Peter's Association has been postponed and will be played on the South Park Greens on Wednesday, 12th March.

The Annual Old Scholars Tennis Match will be played at St. Peter's College at a date to be arranged, about the middle of March.

The Annual Service

Address delivered by Mr. A. H. Dennis, B.A.

"Be watchful and strengthen the things which endure." Revelation III, 2 (in part).

Of all the messages spoken by the Holy Spirit of God through the Apostle John to the seven churches in Asia by far the most severe and sweeping is that which is addressed to the church in Sardis, "I know thy works, that thou hast a name, that thou livest, and art dead." It is a charge of complete spiritual failure, of inward death. And we can imagine with what appalled horror the Sardinian Christians would have received it, how they would have wondered in stunned bewilderment in what way it could have come to pass that they, whose faith had once been warm and strong, should have deserved so terrible a judgment.

But, of course, the purpose of the Holy Spirit was not to condemn, but to correct. His words are rather the penetrating diagnosis of the soul's physician than the cold sentence of the judge. He proceeds, therefore, at once, to make clear the cause of the failure of the church in Sardis and the means of its correction. "Be watchful," says the Spirit, "and strengthen the things which endure." It appears then that the downfall of the Christians at Sardis resulted simply from their failure to distinguish between those things which are of primary importance and those which are of lesser worth, between that which is of permanent and unchanging value and that which is merely useful for a time. Now the danger which entrapped those early Christians is one which threatens the Church at all times, which threatens, indeed, all human institutions. There are in every institution two contrary tendencies or influences. There is first the revolutionary influence, the way of thought which is impatient of tradition and eager to welcome new truth, which is forever scanning established belief and practice, on the look-out for that which has outlived its usefulness, and eager to be rid of useless lumber. Against this stands the conservative tendency, the point of view of those who jealously guard the heritage of the past, who are wary of untried innovations and who watch anxiously lest that which the experience of the past has shown to be valuable should be lost. And it is on the preservation of a just balance between these two tendencies that the health of any institution depends.

Often enough in her long and splendid history the Church has suffered terrible harm through her failure to be watchful, through holding too long and too devotedly to that which was not worthy, and which had in fact no permanent value. Sometimes it has been a matter of church organisation which has thus

led Christians into error. There was a time when the authority and influence of the Bishop of Rome were of inestimable value to the Church, when they proved a rallying point and a source of leadership and unity at a time when all else was crumbling and men's hearts were puzzled and bewildered. Time was when a Bishop of Rome turned back a barbarian army from the gates of Rome by the mere weight and splendour of his office. But with the passing of years belief in this authority, useful and right in its day, hardened into dogma and became a cause of dissension, and we have the frightful spectacle of Christian killing Christian in impious warfare; so that it is hard to know which is the more shameful, the savage treachery of those Catholics who, one St. Bartholomew's morning, slew all the Protestants they could find in Paris, or the ruthless cruelty of the Protestant army who disgraced the trees of the forest through which they marched with the hanged bodies of their Catholic enemies. Such evils result when men mistake that which is passing for that which is eternal.

Sometimes it is a question of doctrine which has carried undue weight. No thinking Christian today can fail to deplore the unhappy and sinful divisions which enfeeble the Church in this hour of the world's need; yet the first great schism in the undivided Church—that which divided the Church of the west from that of the east—arose over a question of which in all probability scarcely anyone here has even heard, the question whether the Holy Ghost proceeds from the Father alone, or from the Father and the Son. So great is the harm that can spring from a misplaced reverence.

Sometimes the Church has given her loyalty quite unworthily to some established social order. You would surely be amazed if you were asked to sing as one verse in a popular hymn:

"The rich man in his castle,
The poor man at his gate,
God made them, high or lowly,
And ordered their estate."

Yet it is not so very long since the prayer, "God bless the squire and his relations And keep us all in our proper stations," did not seem clearly a poor joke, and men were informed in a catechism that the duties of the poor are to be content with their lot and to respect their betters. We have learned better since then, but the memory of such errors still afflicts us.

No nation has more cause than ours to honour the Holy Scriptures. The Bible has been the foundation of our national character and

greatness. Yet even this sacred gift has sometimes been wrongly used to the very great detriment of the Church. Some men have used it as a kind of magic box, opening it at random and finding the answer to their problems in the first text on which their eyes fell, instead of using their God-given intelligence and prayerful thought. Others, out of a misplaced reverence for the letter of Scripture, have made themselves enemies of the truth as it is revealed to honest scientific enquiry, and created an entirely unreal and needless war between religion and science which has done incalculable damage to the cause of Christ. Such deadly harm follows when men fail to discriminate between the essential and the trivial. "Be watchful," therefore, says the Spirit "and strengthen the things which endure."

For, of course, there are things which endure, things which no passage of time can alter and no new knowledge can replace, which remain eternally true and vital. What are they then, these things that endure? They are many, but there are, I think, three above all which are particularly apposite to our present need.

The first is the fact of the sovereign majesty of God. And what does that mean for us? It means in the first place that we do wrong to despair of this world of ours; that despite all the waste, destruction and folly, the sorry confusion and chaos of our human situation, this is still God's world, that it is no derelict drifting helplessly to ruin, that God is on the throne of the universe and will not abdicate His power, that somehow and at some time His will must be done and His good purposes of love vindicated. It reminds us also that we are dependent creatures and that therefore our highest good is to be found in obedience, not to our own wills and desires but to the will of God. Now this is a fact which our generation is increasingly loath to accept. There is a growing tendency amongst us to behave as though man is properly subject to no limitation save that of his own desire or convenience. We see it in untruthfulness in income-tax returns and dishonesty in business relations and again in our unwillingness to assume the burden and responsibility of our sick and aged. We see it also in domestic relationships where the magic word "incompatibility" is somehow made to justify not only easy divorce but marital unfaithfulness. But man is not self-sufficient, nor is he a law unto himself. The law of our nature is the law of God. "In His will," says Saint Augustine, "is our peace," and if we do not learn it by precept and counsel we shall assuredly learn it by sad experience.

The second of the "things that endure" is the dignity and worth of human personality, and this is a fact which we are in danger of forgetting. We have just emerged from a terrible war which was fought on just this issue,

against a way of life which regarded individuals not as of value in themselves, but as chattels, intended only to serve the purposes of the State. Yet we ourselves, in much more subtle ways, are tempted through the temper of our age to regard the individual as important not so much in himself as for the service of some outside value. We tend to think statistically in terms not of men but of numbers. But it is not so with God. The old catechism opens with the assertion that "the prime end of man is to glorify God and enjoy Him for ever." That is the high destiny of man, not to be cast back as refuse to the earth from which he came, but to know the living God through all eternity. And that is why the Church has resolutely set her face against whatsoever would belittle the dignity of the human spirit, because she sees in every human soul of whatever race or colour, virtuous or sinful, and whether of feeble intellect or brilliant, a child of God, made for His glory and born heir of His kingdom. That is why she can know no peace with that godless materialism which, under the specious name of Communism threatens our society and which, whether it seeks to coddle men with creature comforts or consume them for purposes of state, is alike unmindful of his high dignity and heedless of his immortal destiny. That, too, is what makes it impossible for us to exploit our fellows for our own gain or to suppose that those of poorer talents have less need of or right to God's good gifts than those more richly endowed.

And the third of the things that endure is an historic fact, the fact of the Incarnation of Christ; the fact that God in His love and mercy, not suffering us through our sin and blindness to lose the high heritage to which He had appointed us, "Himself bare our sins and carried our sorrows;" that "here upon this bank and shoal of time" God in Christ Jesus became man and did for us such battle as never before or since was joined on mortal field. His life, the life of perfect gentleness and goodness, leaves us no room for cowardly compromise or excuse by which we sometimes persuade ourselves that it is impossible for man to live rightly. His death, accepted without bitterness and in perfect love, leaves us no room for despair, inviting us, however far we have strayed, however badly we have failed, to rise and try again, offering us God's own strength for our warfare and consecrating for us "a new and living way unto the Holiest."

These then are "the things that endure," the things that no change can outmode, no discovery supersede; the sovereign majesty of God, the dignity of human personality, the fact of Christ as a living, victorious Saviour. God grant us so to watch that we give not the loyalty of our hearts to that which is not worthy, so to lay to our hearts His holy truth that we finally lose not "the things that endure."

Re union Dinners

MAITLAND

On 6th January, 1951, the fourth Reunion Dinner was held at the Yorke Valley Hotel, with Mr. Len Greenslade in the chair. There was a good attendance of approximately 60 members.

The School was represented by the Headmaster, Mr. J. A. Dunning, and Mr. H. E. H. Mutton. Representing the Association were Mr. Laurie Lawrence, then Senior Vice-President, and Messrs. Phil Clark and Ross Johnston. Senator Rex. Pearson, President, was unable to attend on account of bad weather holding up plane travel.

The toast to the School was given by Rev. J. R. Andrew, and responded to by the Headmaster. Mr. T. M. Hogarth proposed the toast of the Association and Mr. Laurie Lawrence responded. "Visiting Old Collegians," was proposed by Mr. J. A. Kelly and responded to by Mr. Mutton.

Musical items were given during the evening and an etching of the School was presented to Mr. Ron Tiddy in recognition of his continued good work as Secretary. Mr. Greenslade, senior, was the recipient of an Old Scholars tie, being the oldest member present.

WEST COAST

A most enjoyable and successful Reunion of Old Princes men was held at the Pier Hotel, Port Lincoln, on 20th October, when the attendance was about 35. Mr. Glen Pearson was in the chair.

Representatives from Adelaide were Messrs. J. A. Dunning, Rex W. Pearson, D. A. Clarkson and Harold Shuttleworth.

After the Loyal Toast had been honoured, Dr. Alan Clarkson proposed the toast of "The School and the Headmaster," and Mr. Dunning responded.

The toast "The Association" was submitted by Mr. Max Bray, and Mr. Rex W. Pearson responded.

Mr. A. E. J. Ridgeway proposed "The Visitors," to which Mr. David Clarkson replied.

The Committee and Mr. G. W. Walkom as Secretary are to be congratulated upon the very successful function.

Dr. and Mrs. Alan Clarkson entertained the Adelaide visitors, who were also treated to a successful fishing excursion at Coffins Bay.

WESTERN AUSTRALIA

Dr. Alex. L. Dawkins is President and his address is 34 The Esplanade, Peppermint Grove.

The Branch Secretary is Mr. J. C. Livingston, c/o. Goode, Durrant & Murray Ltd., William Street, Perth.

Annual Meeting

At our Annual Meeting in November, 1951:—Dr. J. L. Rossiter (Patron), Dr. Alex L. Dawkins (President), Messrs. C. R. Morgan and E. G. Playford (Vice-Presidents), Messrs. W. B. Chapman, J. T. Martin, S. H. Haslam, F. C. Waldeck and V. H. Dawe (Committeemen), J. C. Livingston (Treasurer and Secretary), R. J. B. Miller (Assist. Treasurer and Secretary), and W. R. Rogers and S. J. Dimond (Auditors).

General Report

During 1951 Luncheon and Sundowner Meetings were held on alternate months and attendances showed an improvement on the previous year. Dr. S. L. Dawkins and Mr. G. K. Ryder attended our functions during their visit to Perth. Chester Bennett was selected to represent Western Australia in the Sheffield Shield matches. He is Captain of the Claremont-Cottesloe team in "A" Grade cricket. Mr. M. A. P. Mattingly, a former Master at Princes, who returned from England during the year, is now on the teaching staff at Guildford Gram-

mar School and has linked up with the local branch of the Old Collegians' Association. Mr. N. E. Peard has also linked up with us. He is teaching at Christchurch Grammar School.

Mr. E. H. Edgecombe has left for Adelaide this past week, where he is to take up the position of Architect for the S.A. Railways.

Recently we held a combined "Sundowner" with Saints, at which about fifty were present, and it was easily the most successful function of its kind yet held by us.

Personal

Mr. R. J. Dumas is in the limelight these days as Co-ordinator of Works and Industrial Development in Western Australia. Two very large projects—the establishment of an oil refinery about 25 miles from Perth and the possible founding of a steel industry on an extensive scale—receive much of his attention at present.

New Members

Ken V. Hewett, A. G. Scott, T. Godlee and T. W. Williams; also transferred from Adelaide: B. L. Kelton, Ross Leak, A. K., D. I. and K. J. Mullner, J. T. Martin.

Old Collegians Cricket Match

P.A.C. v. S.P.S.C.

The Annual Old Boys Match was held at the Christchurch School oval at the invitation of

the Headmaster, Mr. Peter Moyes. Weather conditions were ideal and thanks to excellent organising by Mr. Ray J. B. Miller the function was successful in every way. Fred Waldeck won the toss for Princes and put the opposition in to bat. Thanks to good bowling by Ken Hewett and Bill Chapman, four wickets were down for 22 at lunch but after the break "Babe" Wainwright and Dr. Reg. McKellar Hall got on top of the bowling and Saints finished with the respectable total of 132.

Dr. Alex Dawkins and Ken Hewett opened for Princes and with an opening partnership of 72 put us in a good position, which later batsmen built on and we won fairly comfortably, as will be seen from the scores attached. The match was played twelve a side.

Annual Dinner

The Annual Dinner, which was held at the Hotel Australia on 26th July to coincide with the Annual Dinner in Adelaide, was a great success. Not only were we able to enjoy an excellent menu in ideal surroundings, but the meeting again of old school friends and the temporary trip to Adelaide and Sydney through the radio-telephone hook-up made this once again a memorable occasion. It was greatly enjoyed by all present, and the clarity of the Interstate broadcasts, for which our thanks go once again to Mr. Gordon Gibson, brought us right into the heart of our Alma Mater once again. Our Annual Meeting was held in conjunction with this dinner. Very regretfully was it that we accepted because of his ill-health the resignation of Norman Dawkins, who has been our stalwart Secretary-Treasurer since the last war. Our President summed up the position when he said that we hoped Norm. would be well enough again to be our next President. He is now a committee member, together with

Fred Jackett, Colin Alexander and Howard Manuel.

Dinner for Senator Rex Pearson

In December we were delighted to welcome Senator Rex Pearson in the capacity of President of the parent body in Adelaide. Our dinner in his honour at the Hotel Federal coincided with our Christmas function. It was a very happy evening, which continual power blackouts through our coal shortage could not dim. Rex will always find a warm welcome here, particularly as he went to the trouble on his return of letting us know the result of the Intercoll. cricket.

Those present included: E. Rosanove, C. Alexander, H. Brennen, K. C. James, G. K. Ryder, G. R. Cox, G. Parker, H. Jackett, F. Jackett, R. Jackett, J. C. Williams, D. Grey, H. Manuel, D. R. Letcher, R. A. Parker, R. G. Williams, J. Bennett, J. S. Gilbert, H. W. Southwell, Rex Pearson, C. Armstrong.

New Year's Honour—Frank Ellis, M.B.E.

We are happy to record that Frank Ellis was created a Member of the British Empire in the New Year Honours. His services to education as the Principal of Melbourne Technical College, from which he is about to retire, and in the general scheme of education in Victoria have been most valuable. Likewise, his services to this Branch. "Fac fortia et patere."

Personal

After many years, Norman Dawkins has resigned as Branch Secretary. During his term of office he has devoted much time and energy in the interests of members and the School. He has been a real "driving" force in maintaining all the sporting and social activities, and the Association and its members are indebted to him for his efforts. We all hope he will be fully restored to health.

John Bennett, who has been appointed as Branch Secretary, takes a keen interest in the Association work and has the assistance of an enthusiastic Committee to maintain an active organisation.

Fred and Howard Jackett played in the Interstate bowls team together—the first pair of brothers to do so.

John Gilbert has returned from an interesting trip abroad.

Brian Hone came to the Princes Annual Dinner. The Head of Melbourne Grammar is invited to the Saints Dinner here, but Brian's happy boyhood memories were too powerful.

Ray Buttery is with the Norwich Union in Queen Street.

Robin Hone has been transferred from the Puckapunyal Camp to Korea.

Melbourne Grammar School is creating a Scholarship in perpetuity to the memory of the late Brian Manuel, formerly Sportsmaster of its Preparatory School.

Arch De Garis, Garth Kelly and L. Bagshaw came three hundred miles to attend our Annual Dinner.

NEW SOUTH WALES

The Branch President is Dr. Reg. M. Dunstone, 175 Macquarie Street, Sydney.

The Branch Secretary is Mr. E. A. Kesting, "Yanawa," 24 Loorana Street, East Roseville.

Annual Re-union Dinner

We had one of the best attendances at our Annual Re-union Dinner that we have had for many years, and we were delighted to welcome a number of new faces, including Geoff. Ryder from Melbourne.

Dr. Reg. Dunstone, our President, was in the chair, and we took the opportunity during the evening of electing J. T. Hiatt, the son of a former President of the Association, the Vice-President of our Branch.

The highlight of our very successful function was, of course, the telephone link-up with the Dinners in Adelaide, Melbourne and Broken Hill, upon which we all place a very high value for its effect in bringing us so much closer to the Old School and the main function being held in Adelaide. Actually it means more to us than is perhaps generally realised, as the circuit is opened in Sydney well before 9 p.m. and we are therefore able to enjoy the proceedings of the Adelaide Dinner during that time.

The Dinner was rounded off by a most satisfactory programme of entertainment provided entirely by Old Boys, headed by Rex (Wacka) Dawe, who was our compere, supported by Jack Hiatt, Dr. Henry Brose, Fred Tanner, and last but not least Freddie Harris.

Visit of the President

Cocktail Party—We were very appreciative of the effort made by the President of the Association, Senator Rex Pearson, to pay us a visit before he went out of office, and on 23rd November a goodly number of our members met him at a cocktail party at the Millions Club, among them being the following:—H. D.

Angwin, H. Botten, W. F. Barton, B. Berry, P. Davies, Dr. R. Dunstone, E. G. Dorsch, D. McL. Davidson, L. S. Edelman, R. Farley, Rev. A. R. Gardner, R. Garland, G. Glasson, J. Hains, L. A. Harris, F. Harris, J. Hiatt, B. Monfries, I. Nottle, A. Read, N. Ridings, D. Spry, S. D. Storer, J. Tuck, N. Walter, A. Weidenhoffer, T. Wreford, Capt. W. Wright.

The function was highly successful and all our members expressed appreciation of the visit and the opportunity it provided to keep us in touch with the Old School.

Luncheon Party—To coincide with the visit of the President, Harold Woodman and Mrs. Woodman invited a number of Old Boys and their wives to a buffet luncheon party at their home, Madang Park, Penrith, on the banks of the Nepean River.

The drive to Madang Park is a very pleasant one, and the Woodman's hospitality at the end of it was something to experience to believe. Every member of the party of 27 who was present expressed unbounded appreciation of all that had been done by our host and hostess to give us a good day's outing. We returned to the city after afternoon tea, at which both Rex Pearson and Reg. Dunstone made appropriate expressions of thanks and appreciation on behalf of all those present.

Personal

Lewis A. Harris has recently retired from the N.S.W. Registrar General's Department and is now practising as a Barrister.

F. M. Hunter has been recently transferred from Victoria to become the Mill Manager of the Botany Mill of Australian Paper Manufacturers Ltd. and his address is now 7 Village High Road, Vaucluse, N.S.W.

W. J. Hiatt has been seriously ill, but we are all pleased to learn that he is recovering his normal health.

Dr. F. W. Wheatley's face has been absent from a number of our recent functions, and his friends will be sorry to hear that it has been through ill-health, and for this reason he finds it necessary to go along very quietly.

K. S. Brown, Personnel Officer for the Lever

Bros. group of Companies in Australia, is at present abroad on a business visit.

Leo Buring recently celebrated his fiftieth anniversary of his association with the wine industry in Australia. He began as Manager of Minchinbury.

QUEENSLAND

The Branch Secretary is Mr. P. D. Coles, room 12, fourth floor, National Mutual Building, 293 Queen Street, Brisbane. Tel. B 8017.

Personal

John Gilbert, who recently returned from England, is now with the Department of Supply and spent a few days in Brisbane on his way to Manus Island.

BROKEN HILL

The Branch President is Mr. George Fisher, General Manager, Zinc Corporation, and the Secretary, Mr. J. Prider, c/o. 2BH, Broken Hill.

Annual Dinner

A very successful Dinner was held at the Royal Exchange Hotel on Friday, 16th November, 1951, when about 30 Old Scholars from Broken Hill and surrounding places met and entertained representatives from Adelaide.

Unfortunately the President, Rex W. Pearson, was unavoidably delayed, and Vice-President Laurie P. Lawrence and L. B. Shuttleworth represented the Association. Mr. T. G. Luke (Senior Master) attended on behalf of the School.

Mr. George R. Fisher (Branch President) occupied the chair. After the Loyal Toast had been honoured, Mr. Fisher proposed the toast of "Our Alma Mater," to which Mr. Luke replied in an interesting and breezy manner. The Old Collegians Association was proposed by R. Crossing, and Laurie Lawrence made a suitable response, giving much information about the Association's activities. The toast of "Kindred Associations" was entrusted to W. White, and H. L. C. Cotton (St. Peter's) replied.

The Adelaide representatives received overwhelming hospitality at the hands of the local President and members of the Committee, including a visit to the mines and electric power station.

Prior to returning to Adelaide, a cross country visit to Ron Crossing's station, where Mr. and Mrs. Crossing provided unbounded hospitality, was thoroughly appreciated and every-

one enjoyed a most interesting outing amongst the kangaroos and emus.

Personal

It is with great regret that Broken Hill is to lose the service of George Fisher, who is transferring to Mount Isa, Queensland.

On behalf of the Association and the School, we thank him for all that he has done for us and wish him and his family every success in his new sphere of activities.

A copy of Mr. Ward's History of the School was presented by the Association to Mr. Fisher at the Dinner, and later a presentation to Mr. and Mrs. Fisher was made by the members of their Branch.

Mr. George Fisher, who for some years has been the local President, recently resigned from his position of General Manager of Zinc Corporation to take the position of Vice-Chairman of Mount Isa Mines Ltd. at Mount Isa.

Mr. Fisher has been a most enthusiastic President and worker for our Branch, and at several very happy informal farewell functions great praise was given by all speakers to his value to the Old School. All Old Scholars will join with us in our regrets at having to lose him and our congratulations on his new appointment and wishes for his future prosperity. Senior boys of the School who visited the Hill last year will remember, too, Mrs. Fisher's wonderful hospitality and they will join with the Old Boys in wishing her every happiness in her new home at Mount Isa.

Mr. Ron. Crossing, of Burta Station, who is the Country Vice-President of our Branch, is certain to be nominated to fill Mr. Fisher's place as President.

London Branch

Dr. Stanford Howard of 49 Wimpole Street, London, W.I., is Acting Secretary and is desirous of meeting all Old Boys who may be visiting London.

Re-union Dinner

Several Old Boys have left for a visit to England and the Continent. All Old Boys who expect to be in London at the end of July should contact Dr. Stanford Howard in respect to the Annual Dinner.

TOKENS AND TIES

Supplies are now available for Association members. Tokens are available at £1 and the new Association ties are 10/-.

ETCHING OF THE SCHOOL

A limited number of very good etchings of the School (6½" x 10½") are available to members of the Association at £2/2/- each.

LIFE MEMBERS' CERTIFICATES

Life Members' Certificates are available upon payment of 2/6 to cover cost of printing and postage.

LOST TOKENS

Tokens remain the property of this Association, and are held by members on trust only. In the event of the loss of a token, the member should immediately report this to the Secretary of the Association.

COLLEGE ENDOWMENT FUND

Your Committee has decided that no special effort to augment this fund should be made. This fund is still open and receiving contributions from time to time.
