Editorial

M A N N E R S

To William Reynolds Bayly, Headmaster of Prince Alfred College from 1915 to 1929, the moulding of character was the most important feature of a school-boy's education. He was renowned for the frequency with which he quoted William of Wykeham's famous dictum, "Manners Maketh Man". To William of Wykeham manners had the older meaning of moral character. Mr. Bayly, in his use of the proverb, also recognised this interpretation. In many of his speeches to the School he referred especially to one aspect of this, the importance of manners as we now know the word. Many of the boys who passed through his hands on the way to manhood may have found this constant reference unpalatable, but, as the years passed, the ideal that he stressed was to reveal itself as one of the fundamental necessities for a good life.

The function of this school is not merely to turn out scholars steeped in learning, nor, on the other hand, should independent judges have cause to consider the school a sporting academy, but those who go out into the community should be trained to exhibit the highest qualities of citizenship. Not the least of these is the intangible something known as "manners". Elusive in definition, it finds substance in the consideration of others. Whatever its branch or species, whether it is revealed at the table, in the drawing room, on the football field, in the street, on the trolley-bus or in the home, the quality "manners" has as its basis consideration for the feelings of others.

The mental background associated with "bad manners" is obscure. The lack of thought which accompanies many a youthful impulse often results in the discomfort of others. The manner of conduct which borders upon the uncouth usually emanates from a self-conscious shrinking from the performance of those

"— little nameless unremembered acts
Of kindness and of love."

The thought of being called "sissy" produces an exaggerated bravado which the more mature classify as bad manners.

Courtesy is one of the simplest forms of natural expression—it requires no sacrifice, and yet it will bring its own reward. If not spontaneous it may be quickly acquired, and is equally attainable by the quick-witted and the dull, the athletic and the physically handicapped by the boys in the Prep. or in the Honours. Each generation holds the name of the school in its hands. Our courtesy will not give it added lustre, but each failure in good manners will do it harm. The value of the school in our time will be assessed largely by the behaviour of every one of our pupils.

School Notes

The Chronicle makes its appearance rather later than usual to enable the Old Collegians' Association to give notice of its annual general meeting. This notice, together with the annual report and balance sheet, is included in the Old Boys' section. The Association will thus be saved the expense of printing and posting the usual notice to members. It is intended that future Chronicles shall be issued in April and October.

A College service in memory of His late Majesty King George the Sixth was held in the Kent Town Methodist Church on Friday, 15th February, 1952. This was conducted by Rev. C. J. Perry and Rev. H. Alvey.

Both the College Chaplain, Rev. C. J. Perry, and Mr. Mutton have had leave in order to visit Britain and the Continent. Mr. Perry sailed in February and will return towards the end of October. During his absence Rev. H. Alvey has acted as Chaplain. Mr. Alvey was already well known to many of us as he had been Minister of Kent Town Church from 1946 until his retirement in 1951.

Mr. Mutton left in early April and returned during the August vacation. His trip saw the realisation of a long-cherished dream of a trip abroad, and his Geography and Economics classes will now receive first-hand information of matters European.

At the beginning of the year the School welcomed to the staff Mr. E. L. Glancey, M.A., B.T., Mr. G. Wellby, Mr. J. L. Allison, B.A., and Mr. J. G. Medwell, B.A., in the Big School, and Mr. I. J. Houston, Mr. C. D. Crouch and Mr. C. A. Savage in the Preparatory School. Mr. Allison, who was on the staff of the Prep. in 1951, and Mr. Medwell are Old Boys. Mr. Savage resigned at the end of the second term and his work will be taken in the third term by Mr. P. A. Fuller from the Big School. Mr. G. L. Laycock resigned from the Prep. School at the end of 1951 to seek further experience abroad. He had given excellent service both in the classroom and on the playing fields. Mr. Hart resigned from the staff at the end of second term to serve with the Church Missionary Society in East Africa. He has served the school well for seven years. His place is taken by Mr. J. P. Keeves, B.Sc., Dip.Ed., who has been on leave for three years in England. For two years he was on the staff of Radley College where he gained valuable experience of English Public School life and methods, and then he spent one year as a student at Lincoln College, Oxford. He gained his Diploma of Education in the University of Oxford with distinction.

Captain of the School for 1952 is David W. Evans, son of Dr. Mervyn W. Evans, who was Captain of the School in 1925. This is the first instance of father and son having been Captain of the School at P.A.C., while the Captain of Athletics and of Football M. D. Perrott is the son of M. F. Perrott who was Captain of Athletics in 1924. The College and in particular the Prefects are indebted to Dr. and Mrs. Evans for their kindness in renovating and refurnishing the Prefects' Room.

The usual inter-collegiate contests have been held and each school has two victories to its credit. S.P.S.C. have won the rowing and football, and P.A.C. the tennis and athletics.

The football and tennis teams visited Melbourne to play Wesley College at the end of the second term, while a group of thirty boys under the guidance of Mr. Laurie left about the same time on a two weeks' tour of Tasmania.

Members of the Conference were present at Morning Assembly on Thursday, 6th March. We welcomed the new President, Rev. W. R. Steadman, who

gave a most interesting and inspiring address on Fiji. Mr. Steadman is an Old Boy of the School, and attended first as an ordinary pupil and later as a ministerial student.

Visitors who have addressed the school have included Dr. W. C. Poole a Minister from America who was taking some services at Pirie Street Church, Dr. Paul White (the "Jungle Doctor"), Rev. Gordon Young an Old Boy who is serving as a missionary in the New Guinea Highlands, Major-General Hopkins, Commandant of the Royal Military College, Duntroon, Commander Synnott who showed films and gave details of the Naval College at Flinders, and Squadron Leader Newman from Mallala who told us of the R.A.A.F. College at Point Cook.

The Acting-Chaplain, Rev. H. Alvey, conducted the Anzac Service before the close of school on 24th April. The address was given by Brigadier T. C. Eastick, D.S.O., E.D., President of the R.S.L.

Two members of the College Council to retire this year were Rev. J. H. Pointon and Mr. H. H. Cowell, both of whom had shown great interest in the work of the College. Mr. Cowell, a past President of the Old Collegians' Association and one of the school architects for a long period, was a member of the Council for many years and by his enthusiasm and advice he has done much for the school.

The new members of Council are Rev. Frank Hambly, Master of Lincoln College, and Mr. G. K. Ryder. Mr. Ryder who resigned from the Council in 1948 on his transfer to Melbourne has just returned to Adelaide.

The Parents and Friends Association

The annual meeting of the Association was held at the College on Friday, 14th March. The retiring President, Mr. R. J. Hopkins, on submitting his report told of a most successful year. Meetings had been popular and well attended and the Association had given material help to the school in many ways. The main contribution had been the provision of additional lockers in the Junior Dressing Room. Assistance had been given to the Prep. Mothers' Club and the Scouts, while the usual prizes had been given in both the Big School and the Preparatory.

The election of officers for 1952 resulted as follows:—President: Mr. A. Sampson, Vice-Presidents: Mr. A. G. Alexander and Mr. H. C. Williams, Hon. Treasurer: Mr. E. Perriam, Hon. Secretary: Mr. A. L. Gniel.

There was a large attendance at the second term meeting when the Warden of the University Union, Rev. Frank Borland, gave a most interesting address. During this year two hundred cups and saucers have been purchased for use at Association meetings and at school functions.

Prefects' Palaver

The inglorious state into which the prefects' room has gradually fallen over the last twenty years has been rectified by extensive renovations. The funds necessary for this major operation were kindly furnished by Dr. and Mrs. Evans. The improvements included the installation of sixteen lockers, the painting of the walls and woodwork, and new frames for the pictures. There has been a vast improvement, and we should like to thank Dr. and Mrs. Evans for restoring its pristine dignity to the abode of the prefects.

As usual the prefects this year have dominated on the field of sport. The year's sporting activities commenced with the Intercol. Tennis. Perrott, McIntosh and Evans had excelled in this realm during the third term of 1951. The prefects voted, however, that these three veritable champions should give other boys a chance to show their worth in the tennis. In other words no prefects were included in the victorious tennis team.

The next major event of the year was the School Sports. Needless to say, the senior events were a triumph for the prefects, who won every race except the mile, in which Billy Mac, our only representative, was forced to retire owing to injury. Our congratulations go to "Spog" Perrott who won the cup with 21 points from Bill McIntosh and "Merv." Evans, who both scored 16 points. Congratulations also go to Myles Fuller, Frank Hambly, John Menadue, Brian May and Stan Schofield for helping to maintain the prestige of the prefects. Unsatisfied with minor triumphs, the prefects went on to even greater deeds in the Intercol. Athletics, scoring no less than 52 points between them. Evans (18), Perrott (16), and McIntosh (10) contributing most of them. We can not lose this opportunity of congratulating "Spog" on his fine effort as captain in breaking two intercol. records—good going "Spog"! Congrats. also to Billy Mac. for his time of 2 mins. 7.8 secs. in the 880 yards—another record!

Our only representative in the eight was John Greenslade, and we commiserate with him, at the same time congratulating him on the fine manner in which he pulled his weight! Our achievements during the first term were not confined to the sporting field. "Merv." Evans managed to come Dux of the School, an honour which in the few previous years had slipped from the prefects' grasp. P. S. Hambly, Smith and Taylor followed closely. Needless to say, one of our company (whose name for obvious reasons we refrain from publishing) honoured the lowest seat by his bottom position.

Even during the holidays the prefects continued to exert an influence on the life of P.A.C. Our four lieutenants "Spog" Perrott, "Merv."

Evans, Billy Mac, and Stan Schofield proved their mettle by delivering orders with customary military precision.

During the second term the Intercol. Debating contest with Saints was held, resulting in a win for our team. P. S. Hambly and Smith deserve commendation for the eloquent manner in which they spoke.

In this year's Intercol. Football team there were no less than nine prefects, forming the backbone of the side. Although we were not successful, the prefects set a fine example to the rest of the team by fighting to the final bell. Bill McIntosh is to be congratulated on gaining the umpire's vote and on winning the Norman Dowie Cup as our best player. "Spog" Perrott led the team well, and Myles Fuller kicked six goals.

In the classroom in the second term, the prefects continued their successes. Evans was again dux with Hambly second, Taylor third and Smith fourth.

Our congratulations go to John Menadue and David Evans for gaining their merit badges—well deserved rewards for services on the field of sport.

We welcomed to our ranks for the third term Laurie Mickan, who last year had an attack of polio. We are glad to see him so much better, and wish him the best of luck in his new office.

Student Christian Movement

The activities of the Student Christian Movement began this year with the formation of a committee consisting of:—D. W. Evans (President), I. R. Dingle, F. S. Hambly, P. S. Hambly, and M. D. Perrott.

Our first speaker for the year was Rev. C. J. Perry who gave a very memorable address. He stressed the importance for each one of us to make periodical self-examinations. The large attendance was very pleasing and David Evans thanked Mr. Perry and wished him a happy holiday in England.

The next speaker was Principal Kiek, his subject being "Teller of Tales," a very suitable one, for Dr. Kiek is himself an excellent teller of tales. He pointed out that each one of us tells the story of his own life and writes each page. He implored us to make sure our tales are always good, and trusted that they would all have happy endings.

The third speaker for the term was Rev. L. G. Menadue, who pointed out how Christ

gave us our highest conception of God nearly 2000 years ago. He urged us to remember the love and understanding Christ showed to all men. Rev. E. N. Broomhead was our next speaker, and in his usual eloquent manner held the interest of the large audience.

The final speaker for the term was Rev. Frank Borland who gave a very interesting talk on Korea, and his experience there.

During the second term two discussion groups met weekly. They were conducted by two old boys, David Prest and John Francis, and we feel that the boys who took part in these discussions derived great benefit. The interest which has been shown in the S.C.M. activities this year has been much greater than that shown in previous years. All of the members of the group would like to thank David Prest, John Francis and Mr. Potts for their willing help, and thanks are also extended to all of the speakers who so kindly gave up their time to address us.

Library Notes

We should like to thank all those who have helped with the running of the Library this year and especially Mr. Davies and his assistants who have spent their hobbies periods on the cataloguing of new books.

We also wish to thank M. P. Schneider, who was last year's librarian, for the gift of two books, "Australian Journey," by Paul McGuire, and "We of the Never-Never," by Mrs. Aeneas Gunn, which have been added to the K. W. A. Smith Memorial Australian Section.

Other additions are as follows:—

Economics.

- "Economics" (Samuelson).
- "The Control of Industry" (Robertson).
- "The Social Framework" (Hicks).
- "Introduction to Economics" (Cairncross).
- "The Australian Economy" (Copland).

Mathematics.

- "Mathematics and the Imagination" (Kasner and Newman).
- "Elementary Analysis" (Dakin and Porter).
- "Differential Equations" (Piaggio).

The Debating Society

The Debating Society this year has had quite a good season. Some unsuspected talent has been discovered, and other speakers have improved a great deal with experience and practice.

At a meeting of those interested held early in the year, the members of the committee were elected. C. L. Watson has occupied the Chair with dignity and enthusiasm, while P. L. Millhouse (Vice-President), B. W. Smith (Secretary), D. W. Evans and M. G. Bennett have served in their various offices effectively.

The first three meetings were devoted to the Inter-House debates, two rounds of which were held in the first term. By the new arrangement determined by the committee each house met every other house. In the first round, on the motion "That it is all our fault," Bayly (pro) defeated Waterhouse, while Cotton, denying "That variety is the spice of life", proved superior to School. In the next round School defeated Waterhouse, opposing the motion "That civilization is more marked by the putting on of clothes than by the taking off." This amusing and interesting debate was followed by one between Cotton and Bayly on the subject "That this house has no confidence in the retiring generation," which was won by Cotton, who took the pro side. In the final round, Bayly, affirming "That capital punishment should be abolished," defeated School, while Cotton, on the pro side of the argument "That girls spend their leisure time more profitably than boys," triumphed over Waterhouse. Thus the House Competition was won by Cotton, who defeated every other house, followed by Bayly, School and Waterhouse, with two, one and no wins to their credit respectively.

At the next meeting, we invited two junior and two senior teams to take part, consisting entirely of those who had not yet participated in debates. The junior debate on the motion "That Australia's laziness will lead to its eventual ruin" was lost, as also was the senior, "That divorce laws should be made easier."

The fifth meeting was preparatory to the Intercol. debate. Potter, Jeffery and Clark (pro) defeated another team on the subject "That moving pictures do more harm than good." The senior debate was impromptu, only an hour's preparation being given. In this

the con side (Smith, Hambly and Millhouse) won, the subject being "That power always corrupts."

The most important event of the debating year was the Intercollegiate Debate at St. Peter's on July 18. Our junior team, D. C. Potter, R. G. Pearlman and A. Jeffery (captain), took the affirmative of the motion "That moving pictures do more harm than good." Our team spoke well to the point and had a systematic attack. All spoke well, especially Potter in his opening speech and Jeffery in the summing-up. Our team was declared the winner by Dr. Bray, and we congratulate them on their win.

The senior team consisted of P. L. Millhouse, P. S. Hambly and B. W. Smith (captain). The subject was "That the United States is a menace to culture", and we took the affirmative. In a vigorous opening speech, Peter Millhouse set forth the general inherent dangers of America's strong economic position. Peter Hambly spoke brilliantly, taking a number of examples and deducing from them the inevitable conclusion that the United States constitutes a grave menace to the world's culture. Barry Smith, in a speech that was rather lengthy because of a mistake in the time-keeping, rebutted the opponents' arguments effectively and also undertook an analysis of the American outlook upon life. The debate resulted in a fairly clear win for our team. Both our rejoicing teams and our supporters were then invited to a delightful supper. We wish to thank S.P.S.C. for their kind hospitality towards us.

For the last meeting of the term, the Adelaide High School meeting, it was decided that our first team should stand down to enable others to gain Intercollegiate experience. Our "C" team, ably led by Willoughby, with Parsons and Stodart as colleagues, successfully denied "That power always corrupts", but our "B" team C. L. Watson (Captain), D. W. Evans and M. G. Bennett, after a gallant fight, claiming "That the machine is the master of man," fell before a brilliant team from Adelaide High.

We wish to thank Messrs Dennis, Duff, Schneider and Clarke and Dr. E. S. Kiek for kindly consenting to adjudicate, and especially Mr. A. H. Dennis for his continual help and advice.

Scout Notes

With an increase in the number of Scouters we were able, at the beginning of this year, to split into four distinct groups, and thus, apart from the two junior troops, there are now two corresponding senior patrols. This arrangement has proved quite successful, and throughout the year the keenness inspired by our month's trip in Tasmania in the Christmas holidays has been maintained; and here a word must be said about that wonderful adventure.

Every aspect of the trip may be described in the same way—new, and in striking contrast to anything we had ever experienced before. The country, for instance, is very mountainous, and the plateau through which we hiked contains vast, muddy button-grass plains with high peaks rising up sheer out of them. There are deep mountain-lakes and smaller tarns in the flatter localities, and the tall beech forests on the slopes with undergrowths of ferns, the deep rivers with high waterfalls, the bauera thickets, snowgums, scarlet waratah, the countless leeches and the cairns and snowpoles all added to the novelty. We slept either in our hike tents or in wooden chalets, our food was mainly dehydrated and our uniforms abandoned in this country. We wore long trousers, gaiters, boots, windjackets and, one day in three, when it rained, our groundsheets. En route we climbed Cradle Mountain and Frenchman's Cap and wound up our hiking with a twenty-mile road tramp. In our travels per bus, train, etc., we visited Burnie, a northern seaport, Queenstown, a western mining centre, and the hydro-electric works at Butler's Gorge and Tarraleah. We spent four days in Hobart and then took a train to Launceston. From here we went to Melbourne by boat, and thence home by 'plane, the best mode of travel and the one we had used on the outward journey.

Let us now come down to earth again. The great thing concerning all of us is the Jamboree in Sydney at Christmas, and the forty-five of us going have been working hard to qualify in proficiency. Our main job has been getting ourselves qualified as we hope to send fifty scouts. In order to facilitate test passing, the seniors have been invested with the powers of passing others in second-class tests. Another affair has been our part in helping to raise the £8,000 required by Scout Headquarters. We raised £60 in "Bobs-for-Jobs," and conducted a salvage drive over a number of Saturdays. In this connection we should like to thank those who gave us the use of trucks. We also thank those parents who contributed their time and cake to the cake-stall which contributed over £50 to the Scout Fair in the Town Hall. Thanks again to Mr. Dunning for the loan of the school projector for the showing of the Australian Jamboree film at the Fair. This "side-line" netted over £40.

JUNIOR TROOPS

The Scouts have been meeting as usual on Friday nights in the gym. in which the School has generously put lights, and our recruits and proficiency have alike been fostered by Mr. Goodenough, Mr. Ward and Geoff Bridge. The first great event this year was Easter Camp held at "The Pines" in Tea-tree Gully. This was a great success, marred only by the lack of drinking water, which had to be imported from the house. Among the outstanding features of the camp were a swimming-hole, canoe and "sunken tables" in the kitchens. New aluminium billies considerably speeded washing up. Monday's marathon tested every Scout's stamina, and Torrens Gorge proved whose skull was the toughest. "Away from camp by 8 o'clock" was a new item on departure day, but was greeted with mixed feelings.

The next event in the year was the annual Parker Hike, in which members of the juniors competed, traversing twenty miles from Nairne to Bridgewater via Shepherd's Hill. The seniors handled the whole affair and we "time-travellers" enjoyed ourselves very much. Congratulations to Gallasch and Clarke on winning the cup!

Recently, Earle and Nicholls have replaced Gallasch and McMordie as patrol leaders. Gallasch is now troop-leader and McMordie a senior.

The Sea Scouts got under way this year with about twenty members under old scholars "Minnie" Peters and "Happy" Hoepner. The troop comprises three patrols, the "Penguins," "Stingrays," and "Bull-dogs." During the first term all the recruits gained Tenderfoot Badges and got well into the Second-Class work, the meetings being held in the quadrangle. The Scout Regatta at Outer Harbour was the first big affair. The crews trained in the "Sea Prince" almost every week at the harbour under the guidance of Ron Silk; but, although the junior crew beat Saints in their first heat, they lost to Victor Harbour in the semi-finals.

In the second term a week-end camp was held at the Mylor shack to enable Sea Scouts to pass the Cook's Badge for the Jamboree, "Happy" being the examiner. There are about a dozen Sea Scouts who hope to attend the Jamboree.

SENIORS

We began in two groups, land scouts and sea scouts, but recently have amalgamated. The former are the Captain Charles Sturt Patrol, under Mr. Cleland, and the barnacled members the Captain Matt. Flinders Patrol, controlled by Ron Silk. We all planned out our ways for gaining the Queen's Scout Badge, but only Barry Smith has yet made it. Congratulations!

The Sturt Patrol, in the first term, participated in a competitive hike for senior scouts, which was held at Ironbank—but to no avail. Our main concern after that was to organise

the Parker Hike. The route was mapped out from Nairne to Bridgewater, and we spent the first day in the Easter holidays covering it ourselves. During the remainder of that week-end we went to Victor Harbour and hiked up the Hindmarsh Valley in order to find out the meaning of a green patch on the map. It turned out to be a large stretch of thick scrub, and, having pushed through it, we came back to Victor via the Inman Valley. The Parker Hike, held over the Anzac Day week-end, was very successful, due, no doubt, to our untiring diligence.

In the second term we visited the Adelaide Fire Station and the ABC, and we are looking

forward to more in this series. At the beginning of the September vacation we are attempting a hike from Williamstown to Gawler via Humbug Scrub and a wild-life sanctuary.

The Flinders Patrol have had a vigorous year. After training hard for the Scout Regatta, they beat Underdale in the first heat, but were beaten by Saints in the second. Altogether, the "Sea Prince," which was anti-fouled early in the year, has had a lot of use. A small group from the senior patrol rowed around Torrens Island—they are still convalescing. During one of the salvage drives a canoe was given to the Sea Scouts, and is said to need only a couple of ribs to make it shipshape.

Science Journal

The Science Journal is a magazine compiled, edited and managed entirely by the senior science students of P.A.C. Boys from the Leaving and Leaving Honours forms contribute essays on various topical and interesting scientific subjects. The best and most interesting are chosen for publication each year.

One of the main objects of the Journal is to promote among the boys of the school an ever-increasing enthusiasm for the study of science, and so to give them a better appreciation of the wonders of the world in which we live.

By encouraging boys to read scientific periodicals and popular books on science in order to find information to help them in their task of compiling articles for the Journal, and then to make this information available in simple and readable form to others, it is hoped that their appetites will be whetted and that the boys will come to regard science as worthy of life-long study, and not just something to be learned

while at school, and thereafter forgotten.

This year the committee has been working hard to increase the size of the Journal to at least sixty pages. We shall thus be able to publish more of the excellent articles submitted. It appears that this, the eighth issue, will be of the same high standard as past numbers. There is a wide variety of interesting subjects discussed, and many have been included especially because of their general interest not only to those with a fair knowledge of science, but also to those whose knowledge of scientific matters is small.

The Journal is now at press. Copies, which will be available early in October, will cost no more than in previous years, although the size has been increased by nearly a half. Copies will be on sale at school (price 2/6) or may be charged to school accounts. Copies may also be ordered by mail. Those who desire posted copies may remit three shillings to the Editor.

Cadet Notes

During the latter part of January and early February, camps for Specialists, potential officers and potential N.C.Os. were held at Warradale, Chapman, Evans, McIntosh, Nettelbeck and Schofield are to be congratulated on gaining their commissions. Additional honour came to the school when Evans won the General Rowell Efficiency prize for 1952, a prize open to all cadets in the State.

WO2 Thomas won a Bren Wreath and Sgt. Clarnette a Gunner's Wreath, whilst WO2 Thomas, Cpl. Bamford, and Cadet L. E. Gibson have gained their "cross rifles." This year there are two companies each of four platoons. B company consists of first-year cadets, whereas A company contains 2nd, 3rd and 4th year cadets. Specialist groups in A company are Intelligence, Medical, MMG and Tank Attack. Cdt./Lt. Petchell has been appointed B company Commander.

Over 200 cadets—a large percentage of our total strength—attended the annual camp held

at Warradale in the May holidays. The weather unfortunately was not good, and although there was a lack of A.R.A. instructors, the lessons were well taught by the Officers and N.C.Os of the unit. Some excellent fieldcraft lessons were prepared for both companies at West Beach.

We supplied two guards for Brigade Duty, one being chosen from B company, the other from A company. The experience gained here helped participants in the guard competition, won by Waterhouse with Cdt./Lt. Evans as Commander. A platoon drill competition was held at Warradale, and 3 Platoon, commanded by Cadet/Lt. Nettelbeck, was chosen to represent 28th Bn. against Scotch and Saints in the final after the Ceremonial Parade.

Half way through the second term General Hopkins, Commandant of R.M.C. Duntroon, visited us and gave a talk on conditions at Duntroon. Several of our boys were interested, and intend applying for positions in 1953. Good luck, chaps!

House Notes

BAYLY

At the first meeting of the house, the committee, comprising G. Hall (captain) W. McIntosh, S. Schofield, R. Lyon, I. Hocking, K. Baker and D. Humble was elected, and we welcome our new housemaster, Mr. Provis. Congratulations to Hall, McIntosh and Schofield on being appointed School Prefects!

The tennis was the first house competition, and our team performed very well to draw the final with the strong Cotton side, after defeating Waterhouse in the first round. Congratulations to Baker on his inclusion in the intercol. team.

The annual Sports Day was not a great success for Baylyites, and even our two convincing victories in the Under 14 and Under 16 relays and our improved marching were not enough to prevent us from taking the "wooden spoon." Special mention must be made of McIntosh who, although unable to compete in all his events, still gained 16 points for his house. The attendance at the "standards" was not good and thus our hopes of gaining more points for the House Competition were disappointed.

We were sorry to see the eight lose the Blackmore Shield, but we were well represented by the two Humble brothers who stroked and coxed the crew confidently.

The Intercol. Athletics, at which we were ably represented by McIntosh, Schofield, Hocking, Shearer, Pearlman, Ducker, Glastonbury and Payne, resulted in a well-deserved victory for Perrott and his team. Congratulations to McIntosh on setting a new record in the 880 yards and his victory in the 440 yards.

In the house debates we defeated Waterhouse and School, but lost narrowly to Cotton, and thus we had to be content with second place.

The House Guard Competition was held in the second term, and after training hard during lunch hours we secured second place behind Waterhouse. For the first time a House Rifle Shoot was held and our team shot accurately to win this competition.

The house football was a great triumph for Bayly, for we defeated the favoured Cotton side and then easily accounted for School in the final. Our intercol. stars, McIntosh, Lyon, Schofield, Wundke, Cook and Hocking were outstanding in these matches. Congratulations to McIntosh on winning the trophy for the best player in the Intercol side! Well done Bill! The Junior House team defeated Waterhouse before being well beaten by Cotton.

In school work, Bayly has held its position and we congratulate all Bayly duces and others who have done well in the classroom.

Late in the second term we welcomed Laurie Mickan back after his long absence from school, and we heartily congratulate him on being made a School Prefect.

We wish to thank Messrs. Smith and Provis for their interest and help, especially for their assistance with the "standards" and their patience in training us for the house march. At the end of the second term Bayly is more than holding its position, and at the end of the year we are hoping to see Bayly at the top of the house competition for 1952.

COTTON

At the beginning of the year, it appeared that Cotton House would be very strong contenders for the House Cup. We had in our midst three prefects, Perrott, Menadue and Smith, B. W. The house met in the second week of the term to elect the house committee, which is Perrott, (captain), Menadue, Smith, B. W., Tregilgas, Waters, Lathlean, Wicks, Cooper, Petchell and Sumner.

The first house competition was the tennis. Our team comprising of Conigrave, Sumner, Southwood and Willoughby, tied with Bayly for first place. We offer our heartiest congratulations to Sumner who was made captain of the successful Intercol. Tennis team. Conigrave, too, made the team and we also extend our congratulations to him.

While our tennis team was winning glory for the house, standards were being held. In this we came third, but had more interest been taken by our mediocre athletes, our position could have been greatly improved. On Sports Day, Cotton, after a bad start with the House Marching, went on to win easily from School House. This was due mainly to the combined efforts of Perrott, Lathlean and Wicks, who won the Senior, under 16 and under 15 cups respectively. As was to be expected from our showing on Sports Day, Cotton had a large representation in the winning Intercol. Athletics team.

We are extremely proud of Perrott, who captained the side, Menadue, Wicks and all the other Cotton House boys who were included in the team.

At the regatta, many Cotton boys were seen in the senior crews. Cooper, however, was our only representative in the eight. Although we did not win the main event, we had a gala day in the minor events. We congratulate all those Cotton boys who took part in the races that day. Until now, Cotton had been ahead of Bayly by a few points in the scoring for the House Cup. However, a blow befell us that made us hang our heads in shame—we came last in school work. This was a bitter pill

to swallow, as for many years now, schoolwork has been Cotton's strength.

B. W. Smith (captain), Willoughby, Menadue and Goulter represented Cotton in debating and swept all opposition before them. All in the House were very pleased with this effort and it looked as if Cotton might catch up its leeway. Again we had a Cotton boy captain of an Intercol. This was B. W. Smith who led the successful debating team. The school also won the junior debate in which we were represented by Potter. Congratulations debaters!

Cadets again proved our downfall this year. We came a very bad last in the rifle shooting. We have two lieutenants in the cadets, Perrott and Petchell. The latter was our guard commander in the guard competition. Petchell started teaching our guard in the first term, but because of many unaccountable postponements, interest waned if there was any interest to wane, and we could only manage to beat School House for third position.

In the Intercol. Football we had six representatives. They were Perrott, Menadue, Lathleen, Tregilgas, Rogers and Wicks. Thus we had both captain and vice-captain of the side from Cotton. For these two players our congratulations and praises are indeed loud. Perrott captained two Intercol. sides while Menadue received a merit badge.

In the junior house football we defeated School by a point and then went on to defeat Bayly. We are extremely proud of Rogers and his team who played so well. In the senior football we were hot favourites but were badly beaten by Bayly. Each time we kicked a goal, three or four stout Cotton supporters gave a cheer. The team might have played better if more boys had been out to barrack us along. We avenged our defeat by trouncing Waterhouse by 108 points and then challenged School House for second place, which we finally gained.

Mr. Mutton left us in the first term for a holiday in England. Just before he left, all the house met to wish him "bon voyage." The holiday should give him a much needed rest. Besides the school presentation of a pair of sun glasses, Cotton House gave him a wallet engraved with his initials in which to keep his credentials.

The house sincerely thanks Mr. Laurie and Mr. Duff for their keen support of all our activities.

WATERHOUSE

Unfortunately, this year we have not as many outstanding boys as we have had in previous years. However, although we are not coming top, we hope to do better in the examinations and in the cricket.

Congratulations to "Merv" Evans on his appointment as Captain of the School and to "Fanny" Fuller who is House Captain.

The House Committee this year consists of six school prefects—Fuller, Evans, Frank and Peter Hambly, Dingle and Taylor.

Our first House encounter was the tennis and our side was too weak for the opposition—Johnson being our only representative in that Intercol. Congratulations "Johnny"! In the first round we were unlucky to be beaten by Bayly—the margin being one game. However, School easily beat us in the second round.

Our rowers—Harbard, Gill, Sheppard and Sampson must be congratulated on their inclusion in the eight. With these four in Waterhouse we have high hopes of winning the rowing in the third term.

Our second House contest was held on sports day; we came third. It was pleasing for us to win the House marching competition after putting so much into it. Evans, Frank Hambly and Crawford are to be congratulated on their victories. We must also congratulate the following boys on gaining selection in the Athletics team: Evans, Dyke, Frank Hambly, Cockburn, Burfield, Boyle, Harbard, Crawford, Chase and Stodart.

Special mention should be made of Evans for winning three events and for coming second in another.

Our debaters were handicapped by the absence of one of our stars and were narrowly defeated by Bayly and School. Peter Hambly, Evans, Parsons and Stodart represented the House in this sphere and it was not through lack of enthusiasm that we lost. Peter Hambly must be congratulated on his inclusion in the victorious Intercollegiate debating team.

Waterhouse boys have been more outstanding in the academic side of School life. Our successes in this have helped us greatly in keeping abreast of the other houses.

This year rifle shooting was introduced as a new house competition. Our shooters, Bamford, Evans, Gibson, McKenzie, Nettelbeck and Sampson, came second to the great Bayly House.

The efficient cadets of Waterhouse in their well pressed uniforms and with gleaming brass dazzled the inspecting officers and won the house guard competition.

We had only four boys in the Football Intercol., Fuller, Evans, Hambly F. and Harbard—Congratulations boys!

With such a small representation in the Intercol. our hopes for the House Football were not very high. And when Fuller dropped out through injury our hopes sank lower, and needless to say we got "the wooden spoon."

Junior House Football was introduced this year, and here too we came bottom! We think our Juniors must have been kicking the wrong way against School, for they did not score.

Whilst on the subject of football we would like to congratulate Mr. Kurtz, one of our Housemasters, on the excellent work he did as master-in-charge of football.

We should also like to thank him and Mr. Coombes for the work they have done in connection with the House.

Our congratulations go to Evans and Harbard for gaining one of the school's most coveted awards—the Merit Badge. Evans has represented the school in cricket, athletics and football, whilst Harbard has taken part in rowing, athletics and football.

In conclusion we ask one question: Who are the namesakes who are attracted to M.L.C.?

SCHOOL

This year Brian May and John Greenslade were appointed captain and vice-captain respectively of the house. Together with the prefects and resident staff, we welcome all new boys.

Our sporting activities this term have not come up to the reputation established in past years. Though our house tennis results were disappointing, we congratulate Peter Millhouse and John Vandeeper on their inclusion and performances in the intercol. tennis team.

Rowing, which has taken unlimited time and effort, resulted in the inclusion of John Greenslade and Peter Fisher in the "eight," which proved to be a fine crew even in defeat. Together with these we congratulate all other School House representatives in regatta crews.

Even though we were defeated by Cotton House in the athletics competition, we feel we were not disgraced, as our mediocre scoring was due mainly to the lack of senior talent. Although we lost the House Marching competition we extend our appreciation to Messrs. Fuller and Prest for their untiring efforts. Our eleven representatives in the Athletics team must also be congratulated.

Results within the classroom have been pleasing, with Johns, Forrest, Haeusler, D., and

Chapman, G. topping their respective forms which balances our third position in the debating competition.

Our social engagements have again extended to M.L.C. where a social debating evening was arranged, and resulted in a win for our senior team and a loss for the junior team.

Cadet enthusiasm has once again broken loose within our members, and has boosted our hopes of a successful house unit.

Early in the second term a senior boarders' party was held, and we take this opportunity to thank Mr. and Mrs. J. A. Dunning for this party, and also Mr. Fuller for arranging such an excellent programme. We are grateful also to Mrs. Henderson and Sister Todd for supper arrangements.

In the latter part of the term many of our boys were invited to both junior and senior parties at M.L.C. A great improvement has been shown in their dancing ability due to the dancing classes continued from last year and conducted very effectively at M.L.C. by Miss Airey, the Sports-mistress. At the same time we should like to extend our appreciation and thanks to that inimitable character—Mr. Fuller—for the time he gave up for the enjoyment of the boarders, by showing films in the Assembly Hall on non "tea-leave" nights.

The main sporting activity this term has been football, and we offer our congratulations to the four intercol. representatives from School House, Prest, Ashby, Greenslade and May. We commiserate with McKay, who sustained an injury before the oval match which kept him out of the final side.

House football began late in the term and we comfortably defeated Waterhouse and later lost to Bayly House through bad luck? ? ! We were beaten in the challenge match by Cotton House for second place in the house competition.

Saints, who declined an offer to field a team of boarders to defend their title, greatly disappointed our team who were looking forward to playing the annual match.

Remember boarders, competition points are close!

The School Concert

The annual school concert was held in the Assembly Hall on Thursday, Friday and Saturday, August 7th, 8th and 9th. The programme was opened on each night by two songs from the school choir—"The Gypsies' Laughing Trio" and "Bonnie Dundee." Then followed a pianoforte solo by Petchell on Thursday and Saturday, and by Perriam on Friday.

The next item on the programme was a play, "Campbell of Kilmhor," produced by Mr. Laurie. Both Coombe and Sumner gave convincing performances as Archie Campbell. Able support was rendered by the large cast, especially by one of the soldiers who, perceiving that Dugald had dislodged some of the scenery, bravely supported it until its equilibrium was restored.

Wheatley then played a violin solo—"Hungarian Dance No. 5" by Brahms, and this was followed by "The Purple Bedroom" an excellent play, produced by Mr. Allison. Nosworthy played the part of Alfred Bassett extremely well, and all of the other characters were well portrayed. The costumes were very good, and Stodart and Petchell as Don Pedro de Parambo, Parsons and Patterson as The Earl Fitzdoodle, and Lithgow as the beautiful Ann must be congratulated on their performances. Prider and Smith gave able support.

Two innovations in this year's concert were organ and bagpipes soli. The organ soli by Symons were recorded on the school's tape recorder and replayed on the nights of the concert. The bagpipes soli were played by Gibson, his two pieces being "Skye Boat Song" and "Road to the Isles."

The school choir then followed with "O Hush Thee My Babie" by Sullivan, and the hymn "Now Let us see Thy Beauty, Lord." Next followed a pianoforte solo by Young on Thursday, Brown on Friday and Crossing on Saturday. These were three enjoyable items of a high standard.

A sketch "Thought Reading" produced by Mr. W. L. Davies was the next item on the programme. The genial professor was excellently played by both Nettelbeck and Glover, Hambly and Tregilgas proving very co-operative mediums. The humour was well sustained throughout, and the audience obviously derived amusement from this ludicrous sketch.

The second to last item was a violin solo by Lawton. This accomplished young artist played "Sonata in F" by Handel, and the masterly way in which he did play marks him as a violinist with a great future.

To conclude the concert the choir played the first act of "The Pirates of Penzance." Judging by the applause this proved to be an outstanding success, and Mr. May and Mr. Duff must be congratulated on their fine work. Peter Millhouse gave an excellent performance as the pirate king and is to be commended for the manner in which he sustained his part. David

Evans as the genial Major General with no less than sixteen daughters, gave a sparkling performance, and how he actually managed to pronounce all those words is still a subject for much comment. One of the most delightful characters in the play was Mabel, played by John Sudholz. Able support was also rendered by Perriam, Petchell, and Woodcock. The pirates and the girls played their parts well, and the singing improved each night, Saturday's performance, which incidentally Mr. May recorded, being the best. Any success which the play obtained is solely due to the untiring efforts of our popular choir master Mr. May and the conscientious Mr. Duff.

We should like to thank all those boys who produced plays. Special thanks go to Mr. Dennis and his worthy helpers for their excellent work backstage, and to Mr. Scallion for erecting and dismantling the scenery.

The Tasmanian Tour

At the end of the second term a group of thirty boys in charge of Mr. Laurie spent a happy and most interesting holiday in Tasmania. The party left Parafield by Skymaster at 6.50 a.m. on 25th August, and touched down at Essendon two hours later after an uneventful journey. On the way we saw the swollen waters of the River Murray and a white blanket of snow on the ground near Ballarat.

In the flight across Bass Strait to Wynyard, ten of the party travelled on the regular service and the remainder followed in a chartered plane. As the plane approached the Tasmanian coast the water suddenly changed from a murky grey to a beautiful blue, and this, combined with the rugged coastline, provided a wonderful sight from the air.

We travelled from Wynyard to Burnie by service coach and were soon settled in at the Bay View Hotel. Burnie is a large town nestling in a hollow between the mountains and the coast. It has become very important in recent years through the growth of the paper and pulp industries, and the operations of I.C.I. and other companies. The surrounding district produces large quantities of potatoes and we saw many thousands of bags loaded into ships for despatch to New Zealand.

Next morning we boarded the tourist coach which was to take us on our tour of the island, and set out for Mole Creek. We followed the coastline for some time and passed through the dairying districts of Penguin and Ulverstone. An interesting point about Ulverstone is that there are 13 level railway crossings within its boundaries. The road then turned inland and went through Brookside, Latrobe, Deloraine and on to Mole Creek. It was from this road that we obtained our first glimpse of snow on the distant Great Western Tiers mountains. Later, we were to see much more at closer range. The inspection of the King Solomon Caves near Mole Creek was very interesting. The caves have a constant temperature of 49° F. at all times, and are reputed to be the best of their type in the world. In the afternoon we proceeded to Launceston, arriving there at dusk. At Hadspen, near Launceston, we inspected "Entally" National House, which once belonged to Hon. Thomas Reibey, Premier of Tasmania in 1876. This old colonial mansion containing many antique and beautiful pieces of furniture as well as very fine silver, china and glass, is preserved as an example of a wealthy settler's home between the years 1821 and 1840.

Most of the party visited Cataract Gorge on Wednesday morning, and in the afternoon went to Beauty Point and enjoyed a launch cruise to Georgetown and back.

On Thursday morning the party left Launceston for St. Mary's and Port Arthur, and this proved to be one of our most interesting days. After passing through Newstead we came upon the Eastern Tiers mountains which are very steep and thickly wooded and support sheep where the land has been cleared. Many giant steel towers carrying the hydro-electric power lines are to be seen from the road. Then the fertile Scottsdale Valley presented a fine sight from a nearby observation landing. We lunched at Derby and inspected the alluvial tin mine where a high-pressure sluicing process separates the tin from the earth. The unrefined product is worth £700 per ton at present. St. Helens, primarily a fishing town, was our next stop, and a further 23 miles brought us to St. Mary's for the night. In the morning our journey southwards was continued. From the top of the range we saw, in the distance, the famous Cole Bay granite deposits and "Rostrevor", the first orchard of Sir Henry Jones, who was the pioneer commercial jam-maker in Tasmania. After passing through the small towns of Triabunna, Buckland and Dunally, we reached Port Arthur before evening. At Buckland we saw a stained glass window in the Anglican Church reputed to be 500 years old and also some tombstones with strange epitaphs.

Port Arthur is now a very peaceful little place. Even after a visit to the ruins of the convict station, it is difficult to imagine that it could ever have been any different. Leaving for Hobart, we returned along Tasman's Peninsula and visited the Blowhole, Devil's Kitchen and Tasman's Arch at Eaglehawk Neck. These freaks of nature gave us a great thrill, and were among the most interesting things seen on the trip. We reached Hobart for a four-day stay by crossing the Derwent by means of the floating cement bridge which is the only one of its kind in the world. This is a remarkable bridge.

A day trip to the Derwent Valley, Salmon Ponds and Russell Falls was very enjoyable. Russell Falls and National Park provide some magnificent scenery for visitors. Some of the swamp gums in the park are 250 feet high and 36 feet around the base. Hops are grown in large quantities in the Glenora district. One of the high-lights was a visit to Mount Wellington where many of us handled snow for the first time. A strong gale was blowing but the view of Hobart and its surroundings was very fine. A pleasant afternoon was also spent in the Huon Valley among some of Tasmania's famous apple trees. The high-light of the following day was our inspection of the Cadbury Factory at Claremont where we saw the delicious chocolate confections being made. After-

noon tea and a generous supply of samples were provided.

On Wednesday, 3rd September, we left the capital for the West Coast and had lunch at Derwent Bridge. Here the icy waters of the Derwent flow at an estimated 15 knots and we realised for the first time the great potentialities for hydro-electric power. The trip from here to Queenstown brought rapidly-changing scenery. We passed through thickly wooded mountains and the King William Saddle which is nearly 4,000 feet above sea level. Nearing Queenstown the mountains suddenly became barren and treeless, because of the action of the sulphur dioxide fumes from the adjacent smelting plant. In the morning we travelled by the Mt. Lyell Co. train along the A.B.T. system to Strahan and back. This railway is similar to those in Switzerland which use cogs on a middle rail to climb and descend steep mountains. It is used by the Company to convey pyrites to the coast for shipment to Port Pirie and to bring coal from the ships at Strahan to the mine works. Later in the day we were shown over the mill, smelters and refinery at Queenstown and saw how the

ore entered the mill and how pure copper emerges from the refinery.

The tour was drawing to a close as we left Queenstown and inspected the hydro-electric schemes at Butler's Gorge and Tarraleah. These gigantic undertakings have to be seen to be believed and are certainly the way to offset coal shortages. Our last night was spent at "Rainbow Chalet", Breona, on the northern end of the Great Lake. When we awoke in the morning snow was falling and the whole of the countryside was covered with a white mantle. This really provided the climax to a wonderful trip and I think there were mixed feelings when we touched down at Parafield at 9.00 p.m. on Saturday, 6th September.

The tour was most enjoyable and of considerable value from an educational point of view. The grateful thanks of all members of the party are due to Mr. Laurie for arranging the tour and having the responsibility of our health and welfare on his shoulders. Our thanks are also due to our driver, Mr. Bill Hill. We did appreciate his efforts to make the trip go with a swing.

Club Activities

SENIOR DEBATING

The group, judging by comments from its members, has had two most enjoyable and successful terms. The club has now a full representation from all forms in the upper part of the school. The great success of the society is due to both its officers and members. At the commencement of each term the members are able to put forward ideas and suggestions for the running and general welfare of the society. They also give suggestions for the programme, and this help is invaluable to the committee when drawing up a programme which will both suit and aid the society. The committee for this year has been:—Presidents—B. W. Smith (1st term) P. Willoughby (2nd term); Secretary—C. L. Watson; Minute Secretary—J. F. Rogers; Committeemen—M. G. Bennett, P. S. Hambly and P. L. Millhouse.

Impromptu and prepared speeches have proved extremely popular this year, and these have given members training for the speeches they may be called upon to give in later life. We have had many meetings of the form of mock parliaments and United Nations Assemblies. Here we find practice in public speaking and also have a chance to put forward our views on subjects of topical interest. We had an excellent forum on the subject "That 'Ike' should be President."

Our debating is now at a standard of which we can be proud. This shows that much preparation is being done and this was certainly true in the house debates, an annual event, at the end of the second term. School and Waterhouse were victorious and they will be the participants in the final, early next term. The subject, "That total abstinence is desirable" produced some extremely heated arguments between apparent teetotallers and others.

We should like to thank Mr. Dennis for his constant help and also Mr. Duff for his interest in the society.

C.L.W.

JUNIOR DEBATING

Although our society was sadly lacking in IV formers this year, everybody benefited from the meetings held in the hobbies period each Friday, in VIB class-room.

A committee comprising A. Holland, J. Jefferson, and J. Jenkins was elected at the beginning of the first term, and has done a good job in compiling the programme, and attending to the affairs of the club.

The most pleasing features of our meetings were the excellent prepared speeches. A variety of subjects was chosen, and all were informative and interesting. The debating was of a high standard, and the meetings devoted to impromptu speeches were quite good.

The committee and members of the club

would like to thank Mr. Potts for his helpful advice; we can assure him that his efforts were not in vain.

J.G.J.

CHESS

This year, owing to a large membership, our club split into two groups, Mr Kurtz coaching the beginners, and Dr. Ellis the more experienced players. The former group, under the watchful eye of Mr. Kurtz, has already reached a very high standard, and should form the nucleus of the club next year.

From Dr. Ellis's group, two teams participated in the Interschool chess competition, one in A grade and one in B grade. Both teams did well; the B team was unlucky to miss the final four while the As qualified by narrowly defeating P.G.S. on a count back. The semi-final against A.T.H.S. was very exciting and rose to a climax as Southwood, undefeated for the season, won a harrowing five-hour battle to draw the match. We won the play-off but lost the final to N.H.S.

Our success this year is a tribute to Dr. Ellis' coaching and the keen interest he has taken in the club.

G.B.G

DRAMATIC SOCIETY

Our major production this year is "The Passing of the Third Floor Back," a three act play, written by Jerome K. Jerome. It is to be produced at the Norwood Town Hall on October 9th and 10th and naturally everyone connected with the play is hoping for an excellent production.

Mr. Coombes is the producer and, after the great success that he achieved last year in the same capacity with "The Housemaster," he naturally has every confidence in this year's performance. The main part of the Stranger is to be played by Peter Millhouse who can act very convincingly both on and off the stage. There are twelve in the cast, consisting of an equal number of male and female roles. In spite of rather obvious difficulties, we have a very good cast of "actresses," who really look the parts. In fact the supporting cast is well balanced and if present indications are a safe guide, then this play will be at least as successful as last year's production.

M.G.B.

PHOTOGRAPHY

The photography club has had a very successful term especially with the interesting lectures provided by Mr. White from Kodaks. These talks were often illustrated and we are sure that the members of our club have derived benefit from them. Mr. Fuller has kindly provided us with photography magazines, and we thank him for his interest.

D.J.P.

GEOLOGY

The Geology Club, newly formed this year, has had its time mainly filled with the sorting and classification of the large collection of specimens. We progressed very little at first, owing to our lack of knowledge of the subject, but since then we have begun to grasp it, and are now making steady progress.

We are indebted to Mr. Provis for his guidance in enabling us to carry on efficiently, for without his help we could not have continued. We hope that our efforts will be of some benefit to future geology students at the school.

D.S. & G.J.

LEATHERWORK

This year there are two leatherwork clubs. The boys who have previously worked with leather are under the supervision of Mr. J. S. Steele. All newcomers are under Mr. Hart's instruction. The secretary and treasurer of Mr. Steele's Club are M. J. McKay and J. W. Pearson respectively, while these positions in Mr. Hart's Club are held by B. A. Gardner and J. W. Baldock.

At the beginning of the year committeemen were elected to help with the supervision. Boys make various models ranging from small purses to larger articles such as writing folders and brief-cases. Thanks are due to Mr. Hart and Mr. Steele for their efforts to make this term successful.

M.J.McK.

WEAVING

Progress this year has not been as rapid as it might have been, with only two looms among the inexperienced members. On one loom Prest, Dennis and Kuhlmann completed one scarf, thanks to the help and advice of Mr. Fuller, and on the other loom Price and Craig, after a poor start, worked at a steady rate to get another scarf under way.

M.C.P.

WOODWORK

The club during this year has been a little crowded, but each boy has managed to find a place to work. Some of the boys have used the lathe and made very satisfactory models. Subscriptions were not immediately forthcoming, but were collected before the end of the first term. We should like to thank Mr. Wellby for the assistance he has given us this year.

RIFLE CLUB

During the second term the house competition was held, and Bayly House, after much practising, won the competition from Waterhouse, School and Cotton in that order. The club is fortunate in having the services of Mr. Johnston and N. S. C. Thomas, who is an experienced and keen rifle shot. The club has been scratching to get a team for shoots at Keswick, as most of the members play sport on Saturday mornings. The only members who have gained consistently good results are Thomas, Trelliving and Pauley.

T.M.S.

STAMPS

This year the stamp club has been under the supervision of Mr. Allison and has been making good use of the time in the Friday hobby periods. The membership of the club is about fifty, and when the subscriptions had been forwarded the club's credit was a little over five pounds. Mr. Shuttleworth donated several pounds' worth of stamps to the club, and many other stamps have been procured. In the first term several talks on stamps were given by senior members of the club, and more talks are planned for the third term. We should like to thank Mr. Allison for the help he has given us during the first and second terms of this year.

G.H.S.

MUSIC

During the second term Mr. May was very fortunate in persuading well-known musical artists to come and entertain us during the Friday lunch hours.

The first concert was given by Mr. Lewis Dawe who sang "Little Jack Horner," "The Three Mummings" and the Scottish ballad "Lord Randal." He concluded with Kipling's "On the Road to Mandalay," "Mary" by Bennett, and "Women."

The following week two young artists Shirley and Audrey Curry from M.L.C. visited us. They played four duets, two of them being their own compositions. Then Shirley played a waltz by Chopin and the "Londonderry Air" after which Audrey played "Solfigietto" by Bach and "Clair de Lune" by Debussy. The concert was concluded by Shirley who played her own composition "The School Anthem of M.L.C."

Our next artist was Mary Hepenstall who commenced by singing some Benjamin Britten compositions. She then sang "The Rose and the Nightingale" and two compositions by Ivor Novello. Her final item was the ever popular "Christopher Robin is Saying His Prayers."

Mr. Peter Fraser visited us, and interested everyone with his excellent playing of the saxophone. He played compositions by Tschai-kowsky, Bach and Debussy.

Mr. Douglas Karran was our next artist and he sang several songs, including "Trottin' to the Fair," "Sea Fever" and the Oratorio version of "Little Jack Horner." He concluded an excellent concert by singing "Bendemeer Stream."

The next week Miss Audrey White played compositions by Bach and Mozart, and also studies by Chopin and Liszt.

Our final concert was given by a leading actress from "Oklahoma." She sang songs which included "A little bit of Heaven", "Waltz of my Heart", "Alice Blue Gown", "They didn't Believe Me" and "Smilin' thru". She was given a great ovation by the boys which showed their appreciation of both her singing and personality, attributes upon which Evans commented in his vote of thanks.

We should like to thank Mr. May for arranging these lunch hour concerts, and our thanks also go to all the artists who entertained us.

CHOIR NOTES

This year it was evident, after the Headmaster had impressed upon the boys the importance of the choir as a part of school life, that there was a large increase in membership. Unfortunately, although some of the boys who so eagerly joined no doubt have good voices for some purposes, Mr. May found that they were not quite suited to the requirements of the choir. Thus after some preliminary sifting we sounded less like a mixed farm, and so were able to settle down in earnest to our rehearsals.

It had been decided that we should put on the first act of "The Pirates of Penzance" by Gilbert and Sullivan at the school concert. The bright songs in this operetta proved to have a

wide appeal and the boys showed great enthusiasm during the practices.

During the second term we were invited to broadcast in the programme, "Youth Sings." We presented "Now let us see Thy beauty, Lord" and "O, Hush thee my babe." These songs and also "Bonnie Dundee" and "The Gypsies' laughing trio" were sung at the school concert, as well as "The Pirates."

The choir has improved greatly through the year, and this is unquestionably due to Mr. May's patience and ability.

MODEL CLUB

The model aeroplane club has had a successful term. Earlier in the year Chase won several awards in the Royal Adelaide Exhibition and we should like to congratulate him. O'Donnell, Chase and Wilson have made some very good planes which have flown well. Next term we hope to see some more models flying at school.

The Wesley Trip

The party left Adelaide by air on the last Thursday of the term and, after a very smooth trip, reached Essendon, subsequently to be taken to our hosts who were awaiting our arrival at Swanston Street. We immediately felt that the Wesley boys were going to do all in their power to make our trip successful—and they certainly did!

On Thursday night a conspiracy was hatched and some of the prominent members of the team found themselves induced to try a little ice-skating—fortunately no ankles were broken.

On Friday morning we were given a wonderful reception at the Wesley Assembly, after which we were shown over the school. Our afternoon activities included a football practice followed by an enjoyable half-hour in the Wesley swimming pool. On Friday night we all attended a picture-show at the Regent.

Next morning the tennis match was played, resulting in an excellent win for our boys. We won all the rubbers without losing a set—well done, boys! After relaxing during the morning, we took the football field. Wesley soon showed that they would do all in their power to avenge their morning defeat, and they had a handy lead at half-time. Menadue and Perrott were playing good football for P.A.C. In the third quarter Evans stopped everything on his wing and McIntosh was figuring prominently at centre half-back on occasions. Despite the drive we were getting we could not finish off the attacks. In the last quarter Evans went to centre half-forward and we put on four quick goals. Wesley, however, defended strongly and finally won 15—11 to 8—13.

After the game Mr. Frederick, Headmaster of Wesley, visited our dressing-room and presented Mrs. McIntosh's handsome trophy for P.A.C.'s best player to David Evans.

Best players — Evans, Menadue, Perrott Wicks.

Goalkickers—Wicks (5), Perrott, Rogers and Schofield (each 1).

The dinner held in the school dining-room was a great success and everyone thoroughly enjoyed it, most of us attending a dance afterwards.

Sunday afternoon found us all partaking of a magnificent feast at Mr. Efron's in the Dandenong Ranges, whilst at night we attended the end-of-term service in the school chapel.

On Monday we went to Mt. Donna Buang for the day, and what a time we had! There was never a dull moment and with twelve inches of snow underfoot, anything was likely to happen, and it certainly did! After a long but enjoyable day we reached our respective home bases and went to bed early (??).

Tuesday came all too soon, and the partings at Swanston Street were in some cases very tender, especially where "Merv" and "Bob" were concerned. And so we reached home, a tired but happy band.

We should like to take this opportunity of thanking Mr. Mason-Cox and all the Wesley hosts for the hospitality they accorded us. We, as a school, are proud to be associated with Wesley; may these trips continue, for the true bonds of friendship which they create are bonds which can never be broken.

Cricket

First XI

We were delighted to see our captain, Fuller, return this year, and with several other players available from last year's side, we should be reasonably strong again. The team is having only moderate success in "B" Grade, but we feel that it is doing well enough to merit re-inclusion, while the experience gained in cricket of this class should be invaluable in the future careers of our players.

With several capable reserves waiting for a chance to prove their ability, some of the regular members of the side will be forced to display improved form in the third term to be certain of inclusion. Once again our thanks are due to those who have given their assistance so readily. We are indeed fortunate to have men like Charlie and Jack to assist us. Paul Stewart has once again done a sterling job with the scoring.

February 2nd and 9th—P.A.C. v. Sturt "B"

Fuller lost the toss and Sturt batted on a good wicket.

Our bowling and fielding remained steady and at the end of the day Sturt declared their innings closed at 7 for 336.

On the second Saturday our batsmen failed and we lost on the first innings.

Sturt 7 for 336 declared
P.A.C. 104 (Menadue 40, Wicks 25 n.o.) and 4 for 70

February 16th and 23rd—P.A.C. v. Adelaide "B"

Again, losing the toss, we fielded and after an early success we dismissed Adelaide for 202.

Our batting again collapsed, mainly due to an express bowler in the opposing side—Glyn Williams. However, in the second innings we were 4 for 87 at "stumps."

Adelaide 202 (Hall 5 for 54, Fuller 2 for 16)
P.A.C. 86 (Fuller 23 and 4 for 87, Evans 37)

March 1st and 8th—P.A.C. v. Senior Colts

Winning the toss Senior Colts batted on a perfect wicket.

After losing Trowse early they made 371 for six, and then declared.

The following Saturday we did our best against the "A" Grade bowlers and mainly due to a last wicket partnership between McIntosh and Craig we compiled 103.

Senior Colts 6 for 371 declared
P.A.C. 103 (McIntosh 21 n.o.) and 3 for 30

March 15th and 22nd—P.A.C. v. Prospect "B"

And yet again Fuller lost the toss!

In this match our bowlers performed very well and we dismissed Prospect for 148.

Our batsmen also batted well and so, by

making 345, we won our second match for the season.

Prospect "B" 148 (Fuller 5 for 29, Lyon 3 for 40, Hall 2 for 38)
P.A.C. 345 (Waters 77, Craig 65, Fuller 52, Lathlean 51, Menadue 42)

Second XI (Term 1, 1952)

Captain—M. Smyth

The Seconds have had a very successful term, and have so far won all their matches. Although a younger team than usual, we have combined into a well-balanced side with plenty of team-spirit.

Our most successful batsmen have been Willoughby and Ashby (openers), Treloar and Smyth, and the best bowlers Hookham, Hambly and Ashby.

Third XI

The Thirds had a very successful season, winning all three matches by wide margins. In the first match we easily defeated C.B.C. and Davidson, by scoring 45 and taking 4 wickets gained a place in the Second XI.

We won the second match against S.H.C. by an innings and 95 runs. Wundke and Daniel batted well to score 75 and 50 respectively, Prest taking 10 for 22 and Corbett 9 for 23 for the match. In this match Prest achieved the hat-trick, while in the following match when we easily defeated C.C. Corbett gained the hat-trick also.

Under 15

As we did last year, the U 15's were divided into two teams of equal strength, the Reds and the Whites. However, we played our strongest team in the last match against St. Peters.

Reds v. Whites

Reds 162 (Ashby 51 ret., Schlank 40 ret., Pearlman 27 ret.)

Whites 53 (Ashby 5 for 23, Pearlman 3 for 18)

Under 14 "A"

This term the U 14 "A" team had a very successful term, winning five out of the six matches played. The team was well supported by the good performances of Walker and Paterson, and the other members of the team. The team was ably coached by Mr. R. T. Smith to whom we extend our thanks.

Results are:—

P.G.S. 95 (Kitto 5 for 16)

P.A.C. 5 for 103 (Paterson 25, Walker 20)

S.H.C. 69 (Jenkins 2 for 8)

C.B.C. 43 (Walker 5 for 11, Kitto 4 for 14)

P.A.C. 8 for 165 (Harris 40 ret., Rogers 38, Walker 29 ret.)

P.A.C. "A" 134 (Paterson 50 ret., Kitto 33 ret., Walker 4 for 39)

P.A.C. "B" 50 (Rogers 3 for 7, Kitto 2 for 2, Paterson 3 for 23)

Under 13 "A"

The U13 "A" had a successful season, winning three out of the four matches. We wish to thank Mr. Provis for his interest. Results:—

U13 "A" 5 for 104 (Pearlman 52, North 29), defeated M.B.C. 58.

U13 "A" 5 for 98 (Doley 40, Pearlman 33, North 6 for 19), defeated S.H.C. 90.

U13 "A" 4 for 89 (Doley 30), defeated W.H.S. 4 for 86.

U13 "A" 6 for 65 (Buckett 5 for 17), lost to A.H.S. 8 for 106

Tennis

INTERCOLLEGIATE MATCH

The annual Intercollegiate tennis match was played on the Memorial Drive Courts on Wednesday, March 26th. Conditions for play were not ideal, the weather being far from pleasant.

In the first round, our first pair, Johnson—Sumner met Saints' third pair; our second double Millhouse—Vandepeer played Thompson—Fox and our third double, Baker—Conigrave, played Saints' first pair. Our first double combined well and ran out easy winners 6—1, 6—2. Our second double began excellently and quickly ran through the first set. After an uncertain period in the second set they went on to win 6—0, 6—2. The opposition proved too good for Baker—Conigrave in the other double, Saints winning 6—0, 6—2.

Thus at the end of the first round Princes had established a 2—1 lead.

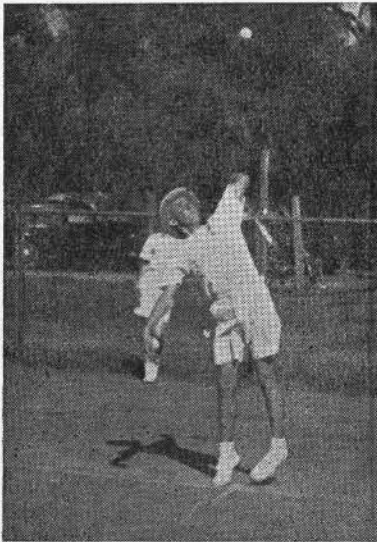

The second round saw the 4th, 5th and 6th singles played. Millhouse in his single against Burton played well to win the first set, and after some anxious moments in the second set

clinched the rubber, winning 6—3, 6—5. Millhouse seemed somewhat upset by the caution of the opposition. Baker played infinitely better than he had in the double earlier and had little difficulty in defeating Wilson 6—1, 6—2. After a very uncertain start Conigrave recovered to win the first set, but after establishing an early lead in the second set allowed Wells to level at 5 all. However, Conigrave won the deciding game, winning 6—4, 6—5. At the end of the morning round Princes led 5 rubbers to 1.

Conditions were much more suitable after lunch; the wind having almost ceased. Early in the afternoon the main attraction was the meeting of the first doubles on the centre court. Our pair Johnson—Sumner excelled themselves throughout this match. Sumner volleying brilliantly, and Johnson serving and smashing with great vigour completely unsettled the opposition and ran out easy winners 6—1, 6—0. Our second double Vandepeer—Millhouse playing Saints' third double easily won the first

set 6-2. After being down in the second set Saints recovered but were beaten 6-5. Thompson-Fox, Saints' second pair, proved too good for Conigrave-Baker, Saints winning 6-3, 6-4.

The meeting of Johnson and Bowman was the highlight of the day. After an even first set Bowman won 6-4. Bowman led again in the second set 5-3, but Johnson after levelling at 5—all failed to win the deciding game. Bowman is to be congratulated on his splendid win. In the second single Sumner started well and took the first set from Thompson 6-4. Continuing to play well, Sumner, after a few uncertain moments took the second set at 6-4 also. Vandeeper played excellently to take the first set from Fox 6-1. After starting well in the second set, Vandeeper fell into errors but finally won 6-5. With the completion of this round, and only three doubles remaining to be played, Princes were in an unbeatable position.

Captain Sumner in action

Johnson-Sumner in their match against Fox-Thompson produced none of the brilliance they had shown earlier in the afternoon. Our pair won the first set 6-3, lost the second 3-6, and after a prolonged last set, won 10-8. With the tension relaxed, Millhouse-Vandeeper, played brilliantly against Saints' first pair Bowman-Burton. With nothing to lose, our pair, with excellent understanding, ran out easy winners 6-3, 6-3. To complete an excellent day's tennis Baker-Conigrave defeated Wells-Wilson in the third double 6-3, 6-4.

Vandeeper and Millhouse are to be congratulated in that they did not lose a set all day. Sumner who did not lose a rubber deserves particular mention for the way he captained

the side. Princes proved a much more evenly balanced side; all members of the team giving a very good account of themselves.

Particular mention must be made of Mr. Luke's outstanding success as tennis coach. Twenty-two victories in twenty-six years is surely an amazing record and the school is grateful for the time, energy and ability he has given so willingly.

We also tender our thanks to Mr. Alan Morris for his interest and help.

Final Scores: P.A.C. - - 12 rubbers, 24 sets
 SP.S.C. - - 3 rubbers, 7 sets

Critique

Sumner, C. B. (Captain)—Must be congratulated on his fine captaincy. A left-hander who possesses a powerful double-handed backhand and fine net play. His forehand has improved during the season and he uses his service as an attacking weapon.

Johnson, W. M.—A very good player with well controlled strokes from both sides. His service has greatly improved, but he is inclined to relax when in a favourable position.

Millhouse, P. L.—Another left-hander who won all his sets in the Intercol. Has a flat forehand and a well controlled slice backhand. Volleying in doubles play vastly improved during the year; must endeavour to overcome footfault weakness.

Baker, K. J.—A consistent player who hits a good length ball. Always a fighter with much ability as a singles player. His short stature proved a disability for smashing, but he has overcome this by well-placed shots.

Conigrave, M. C.—An improved player who has good doubles ability. Must endeavour to place his service and shift his feet when striking the ball.

Vandeeper, J. B.—An aggressive player, who, although sometimes erratic, gives any opponent a hard game. He has a sound all-court game with his volley and drop shot outstanding features. Did not drop a set in the Intercol.

HOUSE TENNIS

The House Tennis this year was played the week following the Intercollegiate Tennis. Interest ran high, with each House having at least one player from the Intercol. team.

Comments on Play

At the outset of this match it was predicted that Cotton, having two Intercoll. players, would take first place. After the first two doubles had been played it was undoubtedly clear that the favourites would win. Both Sumner and Conigrave played excellent tennis, forced their opponents into errors, while South-

wood and Willoughby had an unexpected win against Baker and Shearer.

In the second round, after leading 5-3 Sumner-Conigrave changed their winning tactics and failed to take another game. Hocking and Staunton avenged their earlier defeat by winning a hard fought match at 9-5, the match ending in a draw.

To decide third place School played Waterhouse.

Intercollegiate Athletics

The Intercol. held on the Adelaide Oval on Tuesday, 6th May, again resulted in a win for Princes, this time by a considerable margin. In fact an examination of the results shows that this year's win was our most decisive since 1915. Never before have we gained the first three places in the 100 yards flat and also in the 220 yards flat. Mr. Fuller, Perrott and all those concerned with the athletics are to be congratulated on their fine win. On the day eight records were broken (3 by S.P.S.C. and 5 by P.A.C.) and one was equalled.

In the 120 hurdles we were given a good start by Perrott and Menadue, who gained first and second placings. Perrott flew ahead and broke his own record made last year.

P.A.C. 8 points, S.P.S.C. 1 point

McIntosh with a fine finish won the 880 yards senior, breaking the record by 2.7 seconds.

P.A.C. 13 points, S.P.S.C. 5 points

In a closely contested race, Haselgrove of Saints won the under 16 100 yards. Dyke ran well, coming third.

P.A.C. 14 points, S.P.S.C. 13 points

In the senior 100 yards Evans streaked ahead, followed by May and Kay, who narrowly beat the Saints' runners. By winning all three positions we increased our lead.

P.A.C. 23 points, S.P.S.C. 14 points

Ducker and Kitto, both running very well, struggled for first place in the under 14 100 yards. Ducker won in record time.

P.A.C. 31 points, S.P.S.C. 15 points

Burfield was most unfortunate to fall after the last hurdle in the under 16 hurdles when he had a clear lead. McKay won third place.

P.A.C. 32 points, S.P.S.C. 22 points

In the senior shot put, Harbard and Dyke

did very well with the two best puts. This gave us a lead of 17 points.

P.A.C. 40 points, S.P.S.C. 23 points

Wicks, Pitcher and Glastonbury ran neck to neck in the under 15 100 yards, and only spaced out a little at the finish to fill all places.

P.A.C. 49 points, S.P.S.C. 23 points

In the 220 yards flat, our team kept well ahead all the way. Evans won in $\frac{1}{10}$ second over record time, followed by Perrott and May.

P.A.C. 58 points, S.P.S.C. 23 points

The finish of the under 15 high jump put us in an even better position. Crawford won with a very good jump at five feet, and Luke gained second place on the count back.

P.A.C. 66 points, S.P.S.C. 24 points

Finish of 880

Saints again beat us in the under 16 relay by a fair margin, improving on their time of last year.

P.A.C. 66 points, S.P.S.C. 27 points

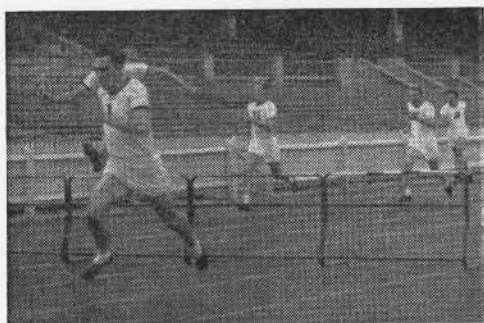

The under 15 relay, however, went to us after an extremely close race, the winning margin being about a yard. We broke our own record by half a second.

P.A.C. 69 points, S.P.S.C. 27 points

Burfield did well to come second in the senior high jump, losing on the count back.

P.A.C. 72 points, S.P.S.C. 33 points

We must congratulate Perrott, Evans and Menadue upon their magnificent success in the 220 yards low hurdles. For the third time in Intercol. sports, Perrott broke one of his own records, this time cutting one and a half seconds

Senior 220 Hurdles

from his time, and also bettering the State record for juniors. By gaining all three positions we were well ahead.

P.A.C. 81 points, S.P.S.C. 33 points

In the under 15 hurdles Wicks won easily, equalling the record of 14.3 seconds. We had now won the contest by gaining half the total points.

P.A.C. 86 points, S.P.S.C. 37 points

The Old Boys 100 hundred yards was won again by Australian representative, Gordon of Saints, who by a superb sprint lowered the record to 9.8 seconds. Smallacombe of P.A.O.C.A. ran well to come third.

The under 16 broad jump was the next decided. Wicks jumped well, but was unable to beat the Saints lads, and came third.

P.A.C. 87 points, S.P.S.C. 45 points

David Evans won the senior broad jump with a beautiful jump, bettering his effort on school sports day by ten inches.

P.A.C. 92 points, S.P.S.C. 49 points

Bill McIntosh won the 440 yards in good time, followed closely by Perrott. The score now stood at the round figures:—

P.A.C. 100 points, S.P.S.C. 50 points

and Prince Alfred supporters rubbed their eyes with amazement at the unusual sight.

The three members of the Saints' team had a clear lead in the under 16 half-mile, but with a brilliant final dash, Michael Smyth overtook two of them to come second.

P.A.C. 103 points, S.P.S.C. 56 points

The Saints' team again had an evident superiority over our team in the mile, and McIlvride came in with a long lead and a good time, followed by Lea, also of Saints, but Cooper, in a last moment struggle with Greenfield, came third.

The final points stood at

P.A.C. 104 points, S.P.S.C. 64 points

Mrs. Dunning kindly presented the medals at the close of the meeting.

Critique

By the Vice-Captain

Perrott, M. D. (Captain)—One of the most outstanding athletes the school has ever had. By his efforts he has proved himself one of South Australia's best junior hurdlers. He was a great inspiration to his team.

By the Captain

McIntosh (Vice-Capt.)—One of the best middle distance runners the school has had. Represented the school in the quarter and half mile in the last two years, winning both races each year. His determination and length of stride have been the answer to many good opponents. In representing the State he has shown he is an athlete of great possibilities. Is to be congratulated on his Intercol. half-mile record.

Evans, D. W.—Represented the school in the 100, 220 flat, 220 hurdles and the broad jump. Gained 18 points altogether and proved himself to be a valuable team man. Is to be congratulated on his broad jumping performance. Must learn to "hug" the inside of his lane when rounding a bend as this can mean winning or losing an event in good competition.

Names of P.A.C. Competitors in *italics*.

* denotes a record.

† denotes equals record

May, B. L.—Ran in the 100, and 220 flat and was second string in the broad jump. Gained a second in the 100 and was third in the 220, and was always a force to be reckoned with, despite his ankle injury.

Harbard, R. D.—The first "Red" to win the shot put since 1945. Trained conscientiously and thoroughly deserved his five points.

Menadue, J. L.—Ran in the Senior 120 and 220 hurdles. Has persevered with his style and by running second in the former and third in the latter events has proved that he is a hurdler who can fight out a finish.

Burfield, B. G.—Came second to Saints' Captain on a countback in the senior high jump and has the makings of a good hurdler. Should go a long way in both events if he concentrates.

Wicks, R. H.—Definitely a future Intercol. winner. Took part in four events, viz.:—the U15 100 flat, 100 hurdles, relay team and U16 broad jump. Gained in all, 11 points, plus helping in the relay win. Is to be congratulated on equalling the junior hurdles record.

Pitcher, M. D.—A strong, stylish runner over 100 and 220 flats, who can always be relied upon to fight back. Would clock faster times if he could only "get away" faster. Ran well to take the State schoolboys' record during the holidays.

Ducker, M. E.—A good runner who in breaking the U 14, 100 yards record has shown that he will be a big factor in our future Intercol. wins.

Sports Day

The annual school sports were held on Saturday, April 5th, under ideal conditions. The afternoon opened with the Parade of Athletes which was won by Waterhouse House; the standard of the marching was particularly high and the appearance of the Houses was greatly enhanced by the wearing of House colours on the shorts.

Another innovation this year, was the introduction of records in the Senior and Under 16 groups, compiled from past issues of the "Chronicle". The Senior, Under 16 and Under 15 Cups were all won by Cotton House boys and so, quite naturally, Cotton gained most points, thus winning the competition.

In the first event, Perrott in a tense finish broke his own record for the 220 yards hurdles defeating D. Evans, whom he also narrowly beat in the 220 yards flat. McIntosh pressed Perrott hard in the 120 yards hurdles, but the latter won equalling his last year's record of 16 seconds. A second place in the 440 yards and the high jump gave Perrott 21 points, sufficient to win the Senior Cup for the second successive year. Evans did well to win the broad jump and 100 yards. He tied with McIntosh, the easy winner of the 440 and 880 yards, for second place in the Senior Cup competition.

In the Under 16 group Lathlean, the cup winner, and Smyth, fought out the 440 and 880 yards. Smyth won the former and Lathlean the latter. Lathlean, with a win in the 220 yards and a second in the putting-the-weight, gained 16 points. Smyth was runner-up with 15 points. Dyke, who won the Under 15 Cup last year, was unfortunate in pulling a leg muscle two days before the sports and could only compete in the putting-the-weight, which he won, creating a new record.

The Under 15 division was dominated by Wicks and Crawford who gained points in

every event. Wicks won the cup by five points.

Ducker and Kitto were the two outstanding athletes in the Under 14 competition while Clarkson gained most points in the Under 13 section.

The Old Scholars held three events in which the Skinner brothers were conspicuous. W. Taylor won both the 880 yards and mile handicaps: he was "a dark horse" and was leniently handicapped.

We would like to thank the band of the University Regiment who, resplendent in their new kilts, provided the music and helped to make the House March the success it was. The school is once again indebted to the Old Scholars, parents and friends for their generous donations towards the prize fund.

Our thanks, too, must go to Mrs. M. W. Evans for so graciously presenting the prizes. Finally, we must thank all who made the day a success and especially Mr. A. S. Johnston who carried out so efficiently the unenviable task of organising the meeting.

Rowing

The Rowing Committee for 1952 was elected at the beginning of the year and comprised the following: D. S. Humble (captain of boats), P. R. Cooper (vice-captain), J. L. Greenslade, R. C. Gill, P. A. Humble.

During the Christmas holidays a Camp was held at Murray Bridge for the Eight. Because of illness the Four could not attend. Much valuable training as well as fun was derived.

A fortnight before the Schools' Regatta the Eight took part in the Metropolitan Regatta

and was successful in winning the Maiden Eights.

We desire to thank Mr. Potts who has been down at the river at all possible times, giving advice and encouragement to the junior crews.

To Messrs. Frank Beauchamp, Keith Scott, David Perry and Dr. Rennie we also tender our grateful thanks, and especially to Mr. F. J. Frolich whose untiring efforts were greatly appreciated by all.

SCHOOLS' REGATTA

The Head of the River Regatta was held on the Torrens on Saturday, April 19th. Fortunately the weather was kind and there was bright sunshine for most of the afternoon. However, a tricky wind made conditions unfavourable for fast times.

P.A.C. made a good start by winning the second heat of the Under 15 Tub Slides from Saints. They must be congratulated on the way in which they rowed, especially in the final when they defeated A.B.H.S. by three-quarters of a length.

We showed that our juniors were exceptionally strong this year, for the Under 16 Tub Slides scored against Saints in the heat by a length, and then in the final they convincingly defeated Scotch by three lengths. They are to be commended for their fine efforts.

The Open Tub Slides crew rowed well to win their heat from A.B.H.S. by two and a half lengths but were beaten in the final by Saints. The Second Crew continued our good run by defeating A.B.H.S. by four lengths in their heat. They subsequently won a very exciting final defeating Saints by a length. A good effort!

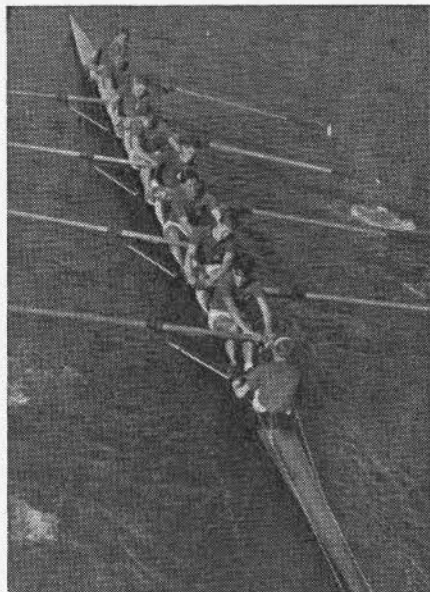

Clinkers (far side P.A.C.)

Once again our Old Boys showed that Old Reds "can't be beat" by winning both their races in grand style. Old Saints came within a canvas of them at the finish.

Our hopes were high for the main race, and excellent times at the Metropolitan Regatta showed that the crew that beat us would be first-class. Our boys rowed well, but the more experienced Saints crew proved too good for them. Congratulations go to our friends across the way for gaining their sixth successive win.

The Regatta proved very successful for us and we finished by winning four finals out of six. We offer our heartiest congratulations to the hard-working coaches and to their crews for the excellent performances that we saw.

The Eight, taken from the Bridge during the Race

Critique of the Eight

Bow. Fisher, G. P.—Was a great trier and did everything in his power to make the race a success.

2. Gill, R. C.—Was an asset on the two seat and with more experience will become a very good oar.

3. Sampson, G. P.—With the little experience he had in rowing he discharged his duties well.

4. Greenslade, J. L.—His conscientious cheerful attitude helped enormously to make the crew an entity.

5. Sheppard, D. R.—Fitted well in the crew and with his smoothness connected the top end very well with stroke, 7, 6.

6. Harbard, R. D.—A tower of strength, who came late into the crew but improved it immediately and became the strongest oar in the crew.

7. Cooper, P. R.—Backed his stroke up very well and executed his duties always with great cheerfulness.

Stroke. Humble, D. S.—A really lively stroke, who also made a first-class captain, by holding the boys together as a crew; his performance was near faultless.

Cox. Humble, P. A.—An excellent cox, who steered a perfect course on the day of the race and did the same thing right through the training also.

Football

INTERCOLLEGIATE MATCH

The annual Intercollegiate football match was played this year on July 26, at the Adelaide Oval. The ground had completely dried out during the preceding week of sunshine and so the turf was very firm. The day was overcast and early in the afternoon a few drops of rain fell, just enough to make both the grass and the ball slippery. McKay, who unfortunately had torn ligaments in his ankle on the previous Saturday was not fit and his place was filled by Rogers. Perrott won the toss and elected to kick with the slight breeze to the river end. As umpire Logan bounced the ball the team was placed as follows:

Forwards—Perrott (Capt), Fuller, Wicks
 Half-Forwards—Rogers, Lyon, Cook
 Centres—Ashby, Menadue (Vice Capt.), Evans
 Half-Backs—Lathlean, McIntosh, Schofield
 Backs—Harbard, Wundke, Tregilgas
 First Ruck—Hambly, Prest, May
 Second Ruck—Perrott, Harbard, Wicks

After the Princes backmen had repulsed many attacks, Saints succeeded in opening the score with a behind. Then Menadue who was easily superior at centre at this stage passed to Wicks, who passed to Fuller and Princes had scored their first goal. Soon Newcombe, who was being allowed some latitude, passed first to Alpers and later to McFarlane who both goaled. Princes replied with a goal from Cook. Saints seemed invariably to have extra men in our backlines and many of our attacks were turned almost in the goal mouth. Saints kicked more accurately and so finished in front of us at the end of the first quarter.

S.P.S.C. - - 4 goals 1 behind (25 points)
 P.A.C. - - 2 goals 3 behinds (15 points)

The opening of the second quarter saw positional changes in an attempt to put us in a better position. Lathlean went to centre half-back, McIntosh into goals to stand the elusive McFarlane and Wundke went to the half-back flank. A goal from Fuller was quickly registered. Then Ketley once again goaled for Saints. When Perrott kicked the bouncing ball off the ground into an open goal Princes were drawing closer. McIntosh was saving time and time again with well-judged marks at full-back and had succeeded in keeping McFarlane quiet. A goal from Wicks and Princes were in the lead. Then Cook racing into goal on the eastern boundary had a shot and scored full points. To curb our rising hopes McFarlane scored for Saints, putting them within two points and then went on the ball changing with Muecke at full forward. Perrott replaced Lathlean at half-back and later McIntosh at full back. This proved to be of little avail however since Saints ran away in the latter half of the quarter giving us a large tally to chase. Hancock who was continuing to shut Lyon out of the game did not allow our forward line many opportunities.

He was heavier, taller and more experienced than his immediate opponent. Saints were well clear of us at half-time.

S.P.S.C. - - 12 goals 1 behind (73 points)
 P.A.C. - - 6 goals 3 behinds (39 points)

The Reds at the start of the third quarter took the field in their original positions. Tuckwell who had gained the ascendancy at centre towards the end of the previous quarter after Menadue had suffered a heavy fall gave Saints forward lines frequent opportunities. Newcombe too made the most of the kicks he had and Saints were able to rattle on goals. Although Wundke spoilt McFarlane often, he had a fair amount of success and was extremely accurate. Cook and Rogers were both given a run on the ball but no apparent good resulted from it. Then Harbard who had been defending stoutly was moved to full back. Fuller notched Princes only two goals during the quarter.

S.P.S.C. - - 19 goals 4 behinds (118 points)
 P.A.C. - - 8 goals 3 behinds (51 points)

At this stage although the game was obviously lost Princes still continued to battle on and scored as much as Saints during the last quarter. Fuller scored a major from a pass from Rogers. Then Hambly scored a goal from a free in the pocket. McIntosh was playing brilliantly in the back-lines and holding them together. Unfortunately Menadue suffered an attack of cramp and was compelled to leave the field, his place being filled by Hocking. Then Ashby left the field and Greenslade took his place. Our lads were still battling on when the bell rang.

Final scores:

S.P.S.C. - - 22 goals 5 behinds (137 points)
 P.A.C. - - 11 goals 4 behinds (70 points)

McFarlane, Saint's captain must be congratulated on his match-winning effort of twelve goals. McIntosh who turned so many of Saints' attacks played an excellent game and gained the umpire's vote for the best man on the field.

Best players: McIntosh, Wicks, Cook, Fuller, Perrott.

Goal-kickers: Fuller 6, Cook 2, Perrott, Wicks, Hambly each 1.

Critique of the First XVIII

Perrott, M. D. (Captain, ruck and forward pocket) — [By the Vice-Captain] A natural footballer who proved himself a most able and popular leader. His brilliant marking, strong kicking and elusive ground play have made him invaluable in ruck and when resting in the forward line.

By the Captain

Menadue, J. L. (vice-captain—centre) — His experience as a third year member in the side has been invaluable. A fast and reliable footballer, whose turning and feinting ability have

got him out of many difficulties. Could improve his left foot-pass. Although hampered by injury in the closing stages of the season he has helped the side consistently throughout, both on and off the field.

McIntosh, W. C. A. (centre half-back) — A reliable footballer who clears well with long drop kicks from either foot. Marks well and his ground play has been excellent throughout. Should check his centre half-forward more thoroughly. Is to be congratulated on his Intercol. effort which won him the Norman Dowie cup.

Fuller, M. G. (full forward) — Although hampered by injury late in the season, 53 goals in 11 matches brands him as one of the best goalsneaks in the association. An accurate kick and a good mark.

May, B. L. (rover and forward pocket) — A fast, small man who, if he adopted "go through" tactics more, would improve his game greatly. A good footpass, but could improve his overhead marking. Combines well with forwards and rucks.

Lathlean, W. B. (half-back left) — A dependable backman who comes through with great force. Clears well with long kicks to his forwards. A determined player who should be a tower of strength next year.

Ashby, B. T. M. (centre wing) — A high-flier who footpasses well to his forwards. Creates plenty of drive from the centre bounce, and does not give up when the going is hard.

Evans, D. W. (centre wing) — A very fast player who kicks strongly with both feet and is strong overhead. His position play has been excellent, but must learn to pick up the ball while at top speed.

Greenslade, J. L. (19th) — Unfortunate to miss Intercol XVIII. To improve he must correct his aerial weakness and learn to footpass more accurately. A very useful utility player.

Hambly, F. S. (ruck and forward pocket) — A great fighter whose ability to palm the ball to his rovers has set the side in motion repeatedly. His foot passing could be improved, but his perseverance has been the main factor in holding the ruck together during the season.

Hocking, I. W. (20th) — Despite his lack of pace, his marking and field kicking have been of the highest order. Most unfortunate player in the side in missing selection in the Intercol.

Lyon, R. A. (centre half-forward) — A tall man who gets into position well, but spoils his efforts by inconsistent marking. Excellent kick but must improve his ground play.

Prest, M. C. (ruck and back pocket) — A good mark but an inconsistent kick spoils his field play. A very keen footballer who has rucked well during the season but in order to improve, must go and meet the ball. Uses his height to advantage.

Rogers, J. F. (half-forward right) — A small man who has served the side well. A good foot-pass and reliable mark, but would improve his play if he would dispose of the ball to a man in a better position, rather than kick blindly goalward.

Schofield, S. W. (half-back right) — A solid and reliable team man who has played in a variety of positions. His marking and kicking have improved since last season and his determined style has turned many of the opposition's attacks.

Tregilgas, B. B. (back pocket) — Although not a stylish player, his grit and "go through" tactics have shown that he is truly a fighter. Checks opposing rovers very well and has a good understanding with his fullback. Clears with a good kick.

Wicks, R. H. (rover, forward pocket) — Played in a number of positions but served the side best as a rover. A fast player who kicks well with both feet and is strong in the air. The type of player any team could use.

Wundke, I. (full back) — Although not a brilliant player he spoils well and is a good natural kick. Filled the position well and is a good team man.

McKay, M. J. (half-forward right) — Unlucky to miss the Intercol. owing to injury. A great fighter who passes well with both feet. A good mark and possesses natural ball sense. Should be a match winner next year.

Harbard, R. D. (ruck, back pocket) — A solid footballer who has played consistently all the season. A tower of strength when on the ball and has good understanding with the full back while resting.

Cook, B. A. (half-forward left) — Came into the side late in the season and has combined well. Sure mark and good footpass. Played well in the Intercol, but must not cut off his centre half-forward's leads. A great battler who is capable of "mixing it".

REPORT FOR SEASON 1952

Fielding eleven teams on most Saturdays, the school, as a whole, has been successful in football this year.

The First XVIII played in all 14 games, five of which were practice matches prior to the Intercol. We would like to take this opportunity of thanking the following teams who provided us with valuable match practice:—University "C" and "B", Adelaide Teachers' College, Concordia College and Prince Alfred Old Collegians.

Of the nine association matches we won seven, going down to Saints and Adelaide High School. Although we consider ourselves a good side beaten, we would like to congratulate both these teams on their victories.

With only six members returning from last year's side, the Firsts had to be built up from promising juniors; a move which produced a

young, keen and surprisingly determined combination. Thanks to the able coaching of Mr. Doug. Sanders, the side quickly developed into a combination which proved to be a stumbling block to many opposing teams. The Firsts would like to express their gratitude and sincere thanks not only for the way Mr. Sanders has coached them but also for the manner in which he endeared himself to each one of them. Similarly had it not been for some of the masters and senior boys who coached under-age teams, the standard of football at Princes could not have been as high this season as it was. With the help of Mr. Kurtz as football master this year, and the able services of Mr. Leak as sports master, all football teams have had a good chance of success.

We would like to say "thank you" to the coaches and those who have been connected with the organising of football this season. In our thanks must be included the Firsts' trainers, Smallacombe, Dennis and Millhouse, our energetic goal umpire, Nosworthy, and last, but by no means least, Mr. Charles Foreman for his invaluable services at the Intercol., and Harold Simcock who proved to be an effective masseur.

FIRST EIGHTEEN MATCHES

31st May 1952—P.A.C. v. Concordia

Scores: P.A.C. 9—11 defeated C.C. 1—3

Goalkickers: Fuller, 5; Schofield, Perrott, Hambly and May, each 1

This was the first match of the season and was a non-association match, played on our ground. The players had their first taste of big football and we eventually ran out winners with Hambly playing a very useful game, while Evans and Perrott also came into the picture at times.

7th June—P.A.C. v. Immanuel

Scores: P.A.C. 24—34 defeated I.C. Nil

Goalkickers: Fuller, 10; Perrott, 7; Rogers, 2; McKay, Evans, Hambly, Lyon, May, each 1

This game was the first association match and, with the opposition weakened by the age limit, we thoroughly outclassed them. Perrott played spectacular football, kicked seven goals and received the first vote. Fuller, our goal-sneak, started the season well with 10 goals and obtained second vote, while Menadue at centre played brilliantly and Lyon outclassed his immediate opponent at centre half-forward.

14th June—P.A.C. v. C.B.C. (played away)

Scores: P.A.C. 13—17 defeated C.B.C. 4—4

Goalkickers: Fuller, 9; Perrott, Hocking, May and Prest, each 1

This match was played in "the hollow" in the park. Despite the appalling ground conditions we eventually ran out winners by 67 points. Perrott again played well and received first vote while Ashby at centre wing and Menadue on the pivot set the side in motion. Fuller in this match notched another nine goals.

21st June—P.A.C. v. Scotch College (played away)

Scores: P.A.C. 9—15 defeated S.C. 2—4

Goalkickers: Fuller, 5; Perrott, 2; Lyon and May, each 1

Confident after the last two wins, but tired after the mid-week match, the Firsts played poor football for the first half of this morning match. However, after half-time, the team settled down to a determined long-kicking game. With Lyon giving the side an open path to goal (play which gave him the first vote), we finished with a respectable score on the board. Ashby at centre-wing, Fuller at full forward and McIntosh at centre half-back were the best of the others.

28th June—P.A.C. v. Rostrevor (played away)

Scores: P.A.C. 7—15 defeated R.C. 5—10

Goalkickers: Fuller and Perrott, each 2; McKay, Hambly and Lyon, each 1

From the first bounce to the last both teams played hard vigorous football under wet conditions. At three-quarter time one goal separated the teams, however goals from Hambly and Perrott settled the issue and we won by the slender margin of 2 goals 5 points. Menadue at centre played well and gave the forwards plenty of opportunities. In gaining first vote he, together with Tregilgas and Perrott, set the side attacking.

5th July—P.A.C. v. Concordia

Scores: P.A.C. 13—16 defeated C.C. 4—4

Goalkickers: Fuller, 1; Wicks, 4; May and McKay, each 2; Schofield, Hambly, Menadue and Rogers, each 1

By now most of the positions had been settled. Wicks was moved from half-back right to second rover—a move which proved to be a match winner. Owing to injuries Perrott, McIntosh and Tregilgas were out, but despite this reshuffle, the team played good open football. Cook came into the side at half-forward left and Menadue, who obtained second vote, together with Wicks, Evans and McKay made position well. The side began to look more like a combination than a team of individuals.

19th July—P.A.C. v. Sacred Heart (played away)

Scores: P.A.C. 8—5 defeated S.H.C. 4—7

Goalkickers: Fuller, 5; Lyon, Rogers and Evans, each 1

The side which played this match was as close to the Intercol. team as possible. Although the conditions were against us, Evans at centre

wing played brilliantly, and was ably backed up by McIntosh, Fuller and Lathlean. This was another morning match and we again found it hard going for the first half. Evans secured the umpire's vote.

9th August—P.A.C. v. Adelaide High

Scores: P.A.C. 4—6 lost to A.H.S. 8—8
Goalkickers: Wicks, 2; May and Lyon, each 1

After losing to Saints two weeks before, the side looked forward to another win, however, hampered by injuries of key men, we went down to the visitors by 4—2. With the absence of Menadue at centre, Fuller as our spearhead, and McKay out since the Sacred Heart match, a complete re-shuffle of places was made. Lathlean at half-back left, gained a well-earned first vote, while Tregilgas in the pocket, and Hambly and Perrott in ruck, played with consistency all day.

16th August—P.A.C. v. Rostrevor

Scores: P.A.C. 7—15 defeated R.C. 6—4
Goalkickers: Wicks, 6; Perrott, 1

For the third time this season, the Firsts robbed themselves of a greater winning margin by inaccurately kicking 15 behinds in 22 scoring shots. The first half provided the spectators with good, fast, systematic football. At half-time we led 6—3 to 1—1. Wicks playing at full forward, proved a valuable spearhead, while Evans created many opportunities for the forwards from centre wing. After half-time, however, the effects of a heavy dinner took toll, and the team, in kicking 1 goal 12 behinds to the opposition's 5—3, showed the effects of growing fatigue and lack of concentration. McIntosh at centre half-back played with great dash and in stopping many Rostrevor drives, obtained his second first vote for the season.

NON-ASSOCIATION MATCHES

18th June—P.A.C. v. University "B"

Scores: P.A.C. 2—6 lost to University "B" 13—14
Goalkickers: Fuller and McKay, each 1

This match was the first of a series of games played during the week, in order to give the Firsts match practice, prior to the Intercol. Although two of the regular members of the team did not play, the side fought on against their older opponents till the final bell. Those who played well in defence were Prest, Harbard and McIntosh, while Ashby created many opportunities for the forwards.

2nd July—P.A.C. v. Adelaide Teachers' College

Scores: P.A.C. 7—15 lost to A.T.C. 10—7
Goalkickers: Fuller, 5; Schofield, and Menadue, each 1

Although two regular men (Perrott and Tregilgas) were out of the side owing to injuries, the Firsts played brilliant football to go down by ten points to an older and more experienced side. Again bad kicking for goal robbed the side of victory. In a last quarter effort the Firsts left the opposition standing while they

bombarded their goals. Evans at centre wing, together with Menadue on the pivot, set the side in motion repeatedly, while Lathlean defended solidly at half-back left. Hambly's ruck work during this match was brilliant, while May roved to good effect all day.

16th July—P.A.C. v. Old Scholars

Scores: P.A.C. 9—10 lost to P.A.O.C. 14—8
Goalkickers: Fuller, 4; Hambly, 2; Perrott McKay and Schofield, each 1

As this was played on the 16th July, the team realised that it was the last chance of a good workout prior to the oval game. Rucking against Dalwood and Walker caused our men to exert themselves and generally speaking, the side played well throughout. Perrott marked and kicked to good advantage, while Menadue at centre, Lyon at centre half-forward and McIntosh at centre half-back played intelligently against stiff opposition.

OTHER MATCHES

Second Eighteen

This season the Seconds recorded only three wins out of the ten matches played. Although these results are only moderate we had an enjoyable season, and we should like to thank Mr. Prest and Mr. Scott for their valuable coaching, also Mr. Laurie who willingly took charge of this group.

L. Davidson and G. Hall were elected captain and vice-captain respectively and the former is to be congratulated on winning the trophy for the best and fairest player for the season. Cook must also be congratulated for being selected in the Intercol. team. Others to do well were Chapman, Cockington, Johnson, G. Dunn, Gibbs, and Cooper.

Third Eighteen

The Third's team was not remarkably successful this term and altogether it won only two matches. Due to little enthusiasm on the part of some senior boys, the team was made up of a few regular players and others who had either played in the morning or were members of a younger team which had a bye. Very often it was necessary to cancel the Thirds or Under 16Bs match and play with one combined team.

The team had few regular players, but of those who were, Dunn and Beer played rugged football throughout.

U 16 "A"

The U 16 "A" had a rather unsuccessful, but nevertheless enjoyable season. The attendances at practice were good, mainly due to the excellent and enthusiastic coaching of Mr. P. Dalwood. We would all like to thank him for giving up his time to coach us.

Also many thanks to Mr. Kurtz for his keen interest in our practices and team selections.

In a team which, although beaten never gave up trying, the following showed consistent

ability: Trewenack (centre and half-forward), Wotton (full-back), Treloar (roving), Medson (half-back), Lyon (ruck), Staunton and Smyth (followers), and Butcher (centre).

U 16 "B"

Although this season has not been very successful for us, we feel that we have profited greatly from our matches.

I am sure the whole team joins with me in thanking Mr. Dalwood for his excellent coaching. Mr. Kurtz too, is to be most heartily thanked for his untiring encouragement and organization.

U 15 "A"

This year the U 15 "A" team had an excellent season, winning nine out of the ten matches played. We owe our success to the excellent coaching of Mr. Leak, who taught us that a champion team will always beat a team of champions, and we should like to take this opportunity of thanking him.

We congratulate both McKay and Wicks on their selection in the Intercoll. team. McKay had the misfortune to injure an ankle the week before the game and so was unable to play.

Trophies were won by Horley and Pearlman. Others to play well were Pitcher, Stewart, Humble, Cox, and Leech.

It was very pleasing to see the number of fathers who came to see our matches, and we should like to thank Mr. Horley for his contribution of oranges at half-time.

U 15 "B"

The purpose of this team was to give all boys a chance of representing the school. Bart-ram was elected captain and Potter vice-captain. Those to play well during the season were Price, Sims, Potter, Merry, Smart, Todd and Dennis.

We won three matches out of the 10 played.

We would like to thank Mr. Leak for his coaching.

U 14 "A"

Again the Under 14 team has had a very successful season losing only two matches of the eleven played. We wish to thank Mr. Provis very much for the excellent way in which he has coached and managed us throughout the season. Our success was mainly due to the all-round soundness of the side, which was capably led by M. Ducker (capt.) and R. Kitto (vice). Congratulations are extended to Murray Ducker on winning the "Dick Pinch" trophy. Others who must be congratulated for their consistent performances are Jenkin in ruck; Lewis at centre half-back, Paterson in ruck, and Richardson on the ball.

U 14 "B"

The purpose of this team is to give all who are prepared to practise regularly a chance of representing the school. We were moderately successful winning six and losing five of the

matches played. Chapman and Harris were elected captain and vice-captain respectively, and these two along with Haeusler, Twelftree, Nicholls, Greenslade, Gardner and Hocking were our best players for the season. We would like to thank Mr. Provis for the interest he has taken in the "B" team.

U 13

The U 13 "A" enjoyed a successful season winning seven games, drawing one and losing four. After an uncertain start the team made rapid strides and by the end of the season were proving themselves a very capable combination. The players lacked very little in talent but to make full use of their undoubted ability they must always strive to develop team-work both in matches and in training.

Pearlman was a very capable captain and showed himself to be a footballer of outstanding ability. Clarkson (centre), Woodcock (ruck), Copley (ruck), Hannam (centre half-back) and Kilsby (following) proved of great value to the side. Many thanks go to John Menadue and Bill McIntosh for their interest in our team.

"BUT THINKING MAKES IT SO"

He sits.
 'Twixt both his hands he holds his aching
 head,
 And casts his mind upon another day—
 Yet one more day that's gone, so trite and void
 Of anything of worth. He broods with pain
 On all the things which make his life a hell.
 His faults, his fears, his doubts, his strangled
 hopes
 Haunt him like ghosts in leaden agony of
 gloom.
 His world is plung'd into unending dark.
 Despond reigns supreme.

He starts.
 With manful struggle and a giant wrench
 He shakes away the cloak of forlorn hope,
 Now feels again prepared to face the world.
 Despair deposed, he now can view his life
 In cheerful light, and sees his former qualms
 As nightmares, or an ugly dream at which
 We laugh and jest in light of gladsome fresh,
 new day.
 No more for him the depths of dreary care.
 Tranquil is he now.

DARK-ROOM DILEMMA

Many a young boy has found himself enthralled by the wonders of that elusive hobby, photography. It is elusive because one spends money, time and patience trying to obtain good results which are always missing when one gazes upon the finished print. I, unfortunately belonged to the group of boys mentioned above. This is what happened the last time I went into my dark-room.

I decided one Saturday to do some developing that evening. I always did my developing at night because I did not altogether trust my black-out screen. My dark-room consisted of the laundry blacked out with hessian and bagging. It so happened that I had a panchromatic film to develop that night, which meant I should have to work in complete darkness. The stage was set. The developers and fixer along with other chemicals had entirely replaced the clothes-basket and ironing board and so on. The developer was ready in the milk jug, the tank was ready to receive the film when I decided to check the temperature of the developer. Horrors! The temperature was only 50° F. and the instruction leaflet definitely said 70° F. . . . "Mother, may I borrow a baking dish?"

"Yes, I suppose so."

The tank was promptly stood in the middle of the baking pan while hot water was poured around it. "I'm ready now," I thought. The film was carefully removed from the backing paper and I then began to insert it into the reel of

the developing tank. Suddenly a beam of light swung across the room. A young face appeared around the door. "Jim, can I watch you?" Drat all young brothers! I made a frantic grab at the door and shut it in a hurry, for I could think of no suitably withering reply. "Much more of this," I thought, "and I shall be a nervous wreck." However, the film was eventually developed, I know not how, and fixed in a solution of hypo. When I turned on the light again I saw some beautiful streaks running the length of the film. On further examination I was horrified to see that, out of eight snaps, two were pure black, three had not been taken at all, two consisted of a mixture of scenes, and the last snap, which was most valuable, was nicely blurred. Perhaps you can see now why I call photography an elusive hobby.

"WHEN I HAVE FEARS"

(Cricketer's Version)

When I have fears that I may cease to bat
 Before my blade has swip'd the spinning ball;
 Before well-ruled books, on tables flat,
 Hold like rich garners the well-earned score;
 When I behold, upon the field's green face,
 Huge waiting fieldsmen all with eager glance,
 Who hope that I may never stay to trace
 A score, help'd by the magic hand of chance;
 And when I feel, fair wicket, as I cower,
 That I shall never look upon thee more,
 Never have relish in the fiery power
 Of unrelenting ball; — then at the door
 Of dressing-room I stand alone and think
 That all my dreams to nothingness will sink.

BURRA AND ITS DISTRICT

About one hundred miles north of Adelaide in a basin-like valley lies the pretty town of Burra.

The discovery of copper in this area very early in South Australia's history brought about the founding of this town. This was the second discovery of copper in the State within a few years, and very soon after the find a flourishing town formed.

For many years the town and mines flourished bringing much badly-needed wealth into the State. In 1877, however, the mines were forced to close due to large quantities of water collecting in them. In this same year a large school was built, and to this day it houses both the Primary and High School students.

The wealth of the town did not disappear when the mines closed down, as it was found that sheep could be reared very successfully in the area. Surrounding Burra is some of the finest grazing land in the State. Today this area, known as the home of the Merino sheep,

produces sheep of quality probably unequalled throughout the world.

With these two major production factors and the fact that it is within easy reach of the capital city and the main export markets, Burra and its district are certain to prosper for many decades to come.

"NAPOLEON AND MISS HOSKINS"

On my first visit to little old Miss Hoskins's home in the heart of a small country town, I made the acquaintance of her parrot Napoleon. I first heard him squawking a welcome to the visitors as we entered the dark living room. His cage was perched on the window-sill and, as I did not like this screeching bird, I chose a seat furthest from his cage. Miss Hoskins, however, noticed my fear and proceeded to try and make us friends. She produced a packet of bird-seed and poked some in through the bars while Napoleon fondly ate it from her fingers. Then she made me do as she had done. Nervously I poked my fingers in a little way, but sly Napoleon ignored them completely. On Miss Hoskins's advice I ventured to push my fingers in further and then suddenly Napoleon turned and made a peck at the seed. With a yell, I dropped the seed and withdrew my fingers, almost overturning the cage as I did so. Miss Hoskins assured me he was only playing, but as I did not want to play, Miss Hoskins then made the parrot recite some lines from a poem. She told us that, after she had bought him some years ago, she was horrified to find that he swore. On that afternoon the vicar was coming to afternoon-tea and so she had wrapped the cage in a tablecloth and hidden it behind the chair. Unfortunately the vicar was very curious and, on spying the cage behind the chair when Miss Hoskins was out of the room, he had pulled off the cloth, and a stream of oaths and curses flew out. Horrified, Miss Hoskins rushed back into the room to find the vicar on his knees gazing at a swearing parrot. The vicar, however, soon regained his pride and decided to reform the bird. He and Miss Hoskins spent many mornings repeating lines of Scripture, and in time Napoleon copied them. She told us many other stories of Napoleon which included escapes from cats, an episode with the baker, and many chases through her garden. Then it was time to go. We bade goodbye to Miss Hoskins and Napoleon and departed, with Napoleon's farewell speech ringing in our ears.

AN ABORIGINAL BURIAL-GROUND

Throughout Australia many aboriginal burial-grounds may be seen, usually near a creek. Recently I visited two of these grounds near Robertstown, about 85 miles from Adelaide and about 40 miles west of Morgan, on the River Murray.

These grounds were discovered about twelve years ago, after heavy rains and floods had

washed away the top-soil, leaving a number of aboriginal bones and skulls on the surface. As well as these bones, there are several mounds, thought to have been caused by the clay from the bottom of the grave being placed on top as a cover, and then setting hard.

Older residents of the district tell of natives trekking from Morgan westward, and then turning north to the Burra district. They believe that these burial-grounds were used by natives from many of the surrounding districts.

It is believed that the aboriginal's body was wrapped up in a bark coffin, and placed in the grave. When the body was in the grave, native rites were performed in order that the spirit might be safe-guarded, as it was a native belief that the spirit returned to earth to live a new life. This probably explains why the burial grounds are often to be found near a creek where there are water and game which may be required to start a new life.

A party of several Australian and American scientists who visited the grounds recently were unable to tell the age of the specimens in the limited time at their disposal. They could not form any opinion as to whether the bodies were placed in any special position, but they plan to return at a later date to investigate various other points of interest.

COOKING IN THE OPEN

I think one of the most interesting experiences one can have is to attempt to cook a meal in the open. Though we are told it is easy if we go about it the right way, something always seems to go wrong.

The first thing is to build a fire, and when there is no paper handy, the task becomes really a problem. We must have some dry leaves (very difficult to find), small twigs and bark; then come the larger branches to put on when and if the kindling wood begins to blaze.

When building a fire we must have plenty of ventilation, and so the twigs are usually placed "pyramid fashion" around the leaves and a match applied. The fire blazes into life, the larger wood is put on, and there commences a period of frantic blowing. Finally the whole construction collapses, and, with the faults of the last one in mind we build a new fire.

At long last, with smoke-blackened faces, we have a fire blazing. Then comes the cooking.

We place the chops on the sharpened ends of green sticks and begin. After some time we think the chop is cooked and remove it from the stick. This, of course, is another series of complications, usually ending in burned fingers and the chop in the middle of the fire. After much "Ooh-ing," "Ah-ing," and "Ouching," the chop is retrieved. Then comes the long-awaited meal. It is an under-cooked, charred piece of meat, covered in ash and charcoal but "Gee, its delicious!"

NOISES

One morning I rose early to catch all the calls of the early rising birds. Just before piccaninny daylight the kookaburras began to laugh, and, as soon as the first streaks of light flushed the eastern sky, all the other birds began to give throat to their songs. The thrush's soft melody contrasted with the harsh whistle of the butcher bird, and the gentle cooing of the doves mingled with the chirping and twittering of the tits, as they fluttered from twig to twig. Two or three magpies warbled together, while in the next tree a few minahs set up an opposing orchestra. Down in the swamp I could hear the hoarse "kark" of the blue heron, while a splash of water every now and then heralded the arrival of a brace of duck from their night feeding ground further north.

Soon the clang of milk buckets could be heard, and the soft lowing of a cow conversing with its offspring. The hum of the separator then broke in, and somewhere a hen alternately clucked and cackled. Suddenly the house was astir, the radio blared forth a session of hot "jive," and several baritone voices could be heard from the shower and bathroom. The clink of dishes told us that breakfast was ready, and soon everyone was chatting and eating at the table. Quickly the dishes were washed, and the men retired to the breakfast room for a smoke. The buzz of the starting motor preceded the roar of the truck's engine, and it lumbered off down the road, the hum of the tyres sounding on the hard road.

I strolled down to the tractor, the click of my heels on the asphalt echoing in the shed. The starting motor whined, and then, as I threw the switch, the great diesel cracked into life. For the next eleven hours there was nothing audible save the sullen roar of the engine and the squeak of the plough behind the tractor. As I walked home through the twilight, the creak of the windmill brought my attention to the drinking sheep, scuffling to get a good position, and mouthing it as they drank their fill.

At home were the cheerful shouting of the young ones having a game of table tennis and the splash of someone bathing. Overhead a

flock of crows cawed to one another as they made their way home, and the plaintive call of a plover came gently across the flat. I ate my tea in silence, recalling all the noises, both soft and harsh I had heard that day, and realized how useless we should be without sound. We can express ourselves by sound and enjoy ourselves by listening to music and others conversing. Often sound is the precursor of danger. That night I listened to my room-mate turn over and softly begin to snore, and just before I lapsed into unconsciousness, I heard the distant barking of a dog, and then fainter and fainter came the rattle of the chain, as I slumbered peacefully.

THE FLYING FOX

Recently I had the good fortune to inspect the "flying fox" which is constructed between the Brighton Cement Works and the limestone quarry at Hallett's Cove.

There are approximately three hundred buckets which travel along a steel cable at a speed of five miles per hour. It takes each bucket about two hours to complete the return journey between the quarry and the cement works.

When a bucket reaches the quarry, it automatically stops and seven hundred-weight of limestone is loaded into the bucket. The weight of the limestone automatically clips the bucket to the cable again and the journey to the cement works commences. Here it is emptied and returns for another load.

The maintenance of the whole length of the "flying fox" is one man's responsibility. He rides a horse along the track, oiling the pulley wheels where the cable passes each post. He also watches to see that the buckets do not tip over. He explained that on a windy day the buckets swing about, sometimes hitting a post and spilling the limestone out.

At roadways wire-netting is provided to catch any limestone that may chance to fall out of the buckets. The Brighton Cement Works is to be transferred to Angaston, where there is a plentiful supply of limestone close at hand and then that great engineering achievement, the "flying-fox," will remain just a landmark.

SCHOOL NOTES

Interesting things should be chronicled immediately they happen, for reports made a long time after the events tend to be distorted and hazy. There is a likelihood of distortion and haziness in these notes when the happenings of the first term are recorded.

We welcomed to our staff in February Mr. Houston, Mr. Crouch and Mr. Savage, who replaced Mr. Laycock, Mr. Kelly and Mr. Allison. Mr. Houston and Mr. Crouch have settled into the life of the school and have shown their worth in the classroom and on the sportsfield. Mr. Savage is leaving us at the end of this term and we wish him success in his future work. He will be replaced by Mr. Fuller from Senior School in the classroom and by Mr. Keith Scott in the Boarding House. We trust that they will enjoy their term with us.

The Prep. School Mothers' Club

The Club continues to flourish. The General Meeting was held on March 13th, when officers were elected and preliminary arrangements were concluded for a Garden Fete to be held in the charming garden of Mrs. R. D. McEwen, Kensington Gardens on March 29th. At the meeting Mrs. Max Wilson sang most artistically and was accompanied by Mrs. S. Pearlman.

The Garden Fete was a tremendous success, thanks to the enthusiasm of Mrs. McEwen, mothers, fathers, children and friends. £221/9/1 was raised, a considerable part of which was used to purchase a piano for the junior singing group.

We want to express our thanks to Mrs. McEwen for so generously lending her garden for the fete and for her enthusiastic preparation for it, and to Mrs. Clark who found the beautiful Franke piano which the Mothers' Club purchased.

At the second meeting on July 3rd, I B and C trained by Miss Angwin, sang some unusual kindergarten songs to the delight of all present. Miss Betty Barwell, Instructress of Physical Education at the University, gave an enlightening talk on posture which all mothers found most helpful.

The school would like to thank the Mothers' Club for its generous gift and for the undiminished interest it has displayed in the affairs of the school.

Visits

Since the beginning of the year quite a number of visits have been made by the various classes. Form III A has visited Mr. Lock's factory at Kavan, which makes aluminium kitchen ware, and the Osborne Power House; Form III B has visited Amscol; III D made

several visits to the beach and to Mrs. James's swimming pool, and all the boys are well on the way to becoming accomplished swimmers and life-savers. Forms IIB and IA visited Burford's Factory at Dry Creek. The boys came back laden with soap of all kinds and knowing how it was manufactured, but judging by the continued colour of their knees and hands not yet knowing how to use it. IA, accompanied by IB and IC, visited Port Adelaide and spent an enjoyable morning watching the shipping. Towards the end of the second term the four lowest classes spent the day at the zoo; all returned safely to their bases.

We in our turn have been visited. On the 23rd July we were favoured to have with us the A. B. C. Singers, conducted by Mr. Norman Chinner. They sang beautifully for us songs of our selection, "Bold Sir Brian Botany" and "Camelious Hump" and added more of the A. A. Milne verses and "Old Mother Hubbard" which were most enthusiastically received. When the Choir "went off the air" it repeated most of its original programme at the spontaneous demand of all its audience.

We were also privileged to attend an illustrated talk on mission work in the Central Highlands of New Guinea given by the Rev. Gordon Young, an old boy of the school who, while on service in New Guinea, realized the need of its people and took his discharge there.

We were also visited for a couple of days by Mr. Lewis Clayfield, M.A., who is soon to become Headmaster of Grimwade House, one of the Junior Schools of Melbourne Grammar School.

Cricket

In the first term our Under 13 B team had a very successful season. It played six games and won four of them.

P.A.C. "B"	147 v.	U.H.S. "B"	58
P.A.C. "B" 2 for	94 v.	S.P.S.C. "B"	73
P.A.C. "B"	184 v.	S.P.S.C. "B ₂ "	53
P.A.C. "B" 4 for	128 v.	C.B.C. "B"	92
P.A.C. "B" 8 for	80 v.	A.H.S. "B" 6 for	85
P.A.C. "B"	29 v.	P.A.C. "A"	94

The most successful batsmen were Oaten, with 254 runs at an average of 50.8, and Thomson, with 95 at an average of 31.7.

Oaten also headed the bowlers with 22 wickets, average 6.1. He was followed by Mitchell, 12 wickets at 7.6 runs and Simmons, 8 wickets at 9.6 runs.

The Senior and Junior House matches were both won by Chapple. Mitchell, 54, and 6 wickets for 16, completed a very useful double.

The only seconds match was played against the Salvation Army Boys' Home and was lost 86 to 42.

Athletic Sports

The Prep. Sports were held on the last Saturday of the first term, the only fine Saturday in May. The weather was glorious, almost summery, contributing in large measure to the success of the meeting.

The Championships were won by: A. Fischer, Open and Under 13; P. Hopkins, Under 12; G. Hill, Under 11; I. Hall, Under 10; J. Rowe, Under 9; Mr. R. D. J. Lloyd, Father and Son Relay. Mrs. J. A. Dunning presented the prizes to the successful competitors. Chapple House defeated Robertson 84 to 52.

Standards

In the Standards interest displayed this year was greater than last, but there are still many boys who have not availed themselves of the opportunity to serve their houses while improving their running and jumping. Only 25 boys were successful in completing all the tests for their age, but as many more failed by one test, usually Throwing the Cricket Ball, to complete their five tests.

The House scores were: Chapple 226, Robertson 174.

Football

The Under 13 B team played in all thirteen games, and was successful in only four of them. In the games it lost the team did not disgrace itself, the losing margins in 5 of them being 10 points, 7, 6, 1 and 1.

The most consistent players throughout the year were Fischer, Dennis, Todd, Oaten, Thomson, Hill, Shaughnessy and Fleet. The chief goal kickers were Hill (18) and Oaten (12).

The Prep. Second XVIII and teams from Grade VII and Grade VI played matches against St. Peter's, but lost all three of them.

On August 7th a football afternoon was held at St. Peter's and the Under 13 B team and teams from Grade VII, VI and V played. All teams lost but they thoroughly enjoyed the afternoon.

The Senior House matches were both won by Chapple and the Junior matches by Robertson.

A. W. Welch House Cup

During the two terms Chapple has established a commanding lead in the House Competition, 25 points to 2.

Chapple:

First Term: Work 3, Exams. 3, Athletics	
3, Standards 3, Cricket 3	15
Second Term: Work 3, Exams. 3, Football	
4	10
	<hr/>
	25

Robertson's only points to date are 2 for football.

Library Notes

More interest has been taken in the Library this term, mainly due to the fact that reading

is now set at the week-ends instead of homework. There is always a rush for the new books the school adds at regular intervals to the Library. The Mothers' Club has been helpful in providing books and periodicals also. It has been largely responsible for adding to the shelf of Australian authors.

The librarians have worked well, and at the end of the second term they visited the pictures with Mr. Kesting.

The Natural History Club

Members of the Natural History Club have been very enthusiastic this year. During the May Holidays, 24 members attended a six-day camp at Victor Harbour. The camp provided many opportunities for observing nature and for making bus trips to places of historical, geographical and scientific interest. Fun and games helped to round off the holiday.

The Club owes a debt of gratitude to Mrs. Treloar, Mrs. Page and Mrs. Clark who cooked, and to other parents who helped with transport and in establishing the camp.

Beside the usual lunch-hour meetings, an evening was held for boys and parents in the second term. Mr. Pattison, a retired sea-captain and an expert on conchology, gave an illustrated talk on "Ships and Shells."

Collections

Weekly collections for charities selected by the Headmaster have amounted to: First term, £40/13/10; and second term, £36/8/4.

Leaders

We should like to congratulate the following boys on their appointment as Leaders in the Preparatory School: J. P. Mitchell (Captain), S. D. Clark, P. M. Hopkins, M. J. Johnston, J. V. Lloyd, P. G. Lock, D. R. Oaten, D. W. Simmons, J. D. Thomson, P. J. Whitham.

The Concert

The Concert was held on Friday and Saturday, July 18th and 19th in the Assembly Room. Once again the Staff helped in providing material for the concert, Mrs. Anderson writing one of the plays and the debate, and Miss Dunn and Mr. May some of the music that was needed.

Each form gave a play, and music was provided by six pianists and the Senior Choral Group which sang very sweetly. The proceeds of the concert, about £60, will be put towards the purchase price of a talking picture projector.

We should like to thank Mrs. Anderson and Mr. May for their hard work in preparing for the concert, and Mrs. Page, Mr. David Anderson and Mr. Eyers, who helped make up the artists.

WISHFUL THINKING

'Twould make the boys at Princes
The gladdest boys in town,
If lessons were abandoned
And blackboards taken down;
If teachers took a holiday
From adjective and noun,
And came back quite contented
Without their usual frown.

J. D. T., III A

THE MOTHERS' CLUB FETE

Not so very long ago
The Prep. all brought their pets to show;
Many strange ones were displayed,
That barked, meowed, and hissed and brayed.

There were stalls on the lawn and under a tree,
Produce, and cake, and afternoon tea,
Ices and hot dogs and a cheap-jack stall,
But I liked the pictures best of all.

G. E. T., III A

THE STORM

The wind was wailing through the trees,
And whistling round the shack;
The tall pine by the cottage door
Came down with thund'rous whack.

While through the woods and through the
fields

And through the tiny town,
The gale with its persistent roar
Brought buildings crashing down.

The rain was falling hard in sheets,
The flooded river swept
Through broken banks and ruined dams,
While owners sat and wept.

J. L. W., III A

THE SCHOOL BUS

My mother makes an awful fuss
If I fail to catch the bus.
When I'm late she says at once
"You'll grow to be a shocking dunce."

P. W. G., III A

MR. KESTING'S CAR

Oh, Mr. Kesting has a car,
And sometimes it gets stuck in tar,
Which causes him to say, "Oh! Bah!"
As he gets cross so frightfully.

It goes just like a meteor,
Too fast to shout, "Beware!" or "Fore!"
And deaf'ning is its savage roar;
Oh, it is most extraordinary.

It is so big it makes us stare,
And it emits a lot of air;
But as for our great hanks of hair,
They stand on end so frightfully.

And as for starting that's a joke,
He always has to use the choke,
And now and then it gets a poke
To keep it moving rapidly.

He goes along the street so fast
That he is always sure to cast
Some people, whom he thinks he passed,
Into the Adelaide Hospital.

SPRING IS COMING

In August come the daffodils,
And flowers cover all the hills,
The roses bloom round window sills,
For winter's going rapidly.

And during spring all young things grow,
And cats have kittens, old clothes go,
The house is cleaned and put just so,
The broom plied energetically.

J. L. W., III A

THE PLANE

One day a plane flew very high
Right up into the bright blue sky,
Said he, "The earth looks very small,
I'm so high up, I dare not fall."

B. R. I., II B

THE TRUANT

One fine day
I ran away.
The birds they sang
While I did play.
The trees all rustled,
The grass was green,
The flowers were the prettiest
I had ever seen.
When night time came
It started to rain,
But I didn't get wet—
I went home in the train.

R. G. K. J., II B

THE BEES

I like to watch the little bees
As they fly among the trees,
Resting on each pretty flower
After a nice rain shower.

In and out the hive they fly
Underneath the sunny sky,
Around the flower beds they go
Each little wing going to and fro.

R. J. L., II B

THE WAGTAIL

There was a little wagtail
 Called Flipperty-Flapperty-Flop,
 He flitted and fluttered in the bright blue sky,
 And no one could make him stop.

J. N. H., IIB

SPRING TIME

Springtime is a happy time,
 All the birdies sing,
 The sun puts on a happy face
 To tell the flowers it's spring.

Springtime is a happy time,
 The girls and boys are gay,
 They love to see the daffodils
 On a lovely sunny day.

SAMMY

Sammy has a coat of grey,
 He chiefly wants to eat and play;
 But in the cold wet month of May
 He seeks his warm box willingly.

We do not let him come inside,
 But if he does, he tries to hide;
 He knows he will, if he's been spied,
 Be bundled out-side rapidly.

At six o'clock Sam's fast asleep,
 And for an hour his slumber's deep,
 But then he's wide awake to keep,
 His nightly watch most carefully.

Three rabbits weekly are his needs.
 Sammy's fussy when he feeds,
 If they're not ready, then he pleads,
 Until he's fed, so piteously.

J. S., III B

EVENING

On country roads the echoes die,
 The shepherds with their flocks pass by,
 The silence of the night draws nigh,
 And all the world yawns sleepily.

C. R. H., III B

MY KITE

On windy days I fly my kite
 And when the weather's fine and bright,
 It really is a merry sight,
 To see it flying gracefully.

P. G. C., III B

SPICE

I have a little cat called Spice,
 And he is good at catching mice;
 No wonder that I think him nice,
 And praise him so effusively.

J. D. S., III B

PATCH

I have a kitten nicknamed Patch,
 And he is very hard to catch:
 He's always hungry and will snatch
 The meat we give him greedily.

J. K. P., III B

WIND AND RAIN

The wild wind howls through treetops high
 The tall trees bend their boughs and sigh,
 The dark clouds race across the sky,
 The welcome rain falls pleasantly.

T. J. F., III B

AUTUMN LEAVES

In Autumn when the dead leaves fall
 Down, down upon the garden wall,
 I love to sit and watch them all,
 They seem to dance so merrily.

G. L. S., III A

DAFFODILS

In August come the daffodils,
 Which bloom bright yellow on the hills:
 When picked thy're put on window sills,
 But there they die quite rapidly.

R. J. T., III B

THE APPROACH OF SPRING

In August come the daffodils
 And green shoots cover all the hills;
 The water rushes past the mills,
 To wander seaward happily.

The Objects of the Association are: To keep Old Boys, wherever they may be, in touch with one another and with the boys at the School; also to foster and maintain their interest in the School.

"Old Boys' Week" is observed annually towards the end of July, during which a dinner and other social functions as well as sports contests are held. Also social gatherings are held whenever occasions arise that make them desirable.

"The P.A.C. Chronicle," of which a large part is devoted to matters of special interest to Old Boys, is forwarded to each member of the Association.

The subscription is ten shillings per annum. It is suggested that Country Members should remit sufficient to cover four years' subscription

or become Life Members by payment of £10/10/-. Any Old Boy wishing to become a member can do so by forwarding his name and address to the Head Master, or to any member of the Staff, or to the Secretaries.

The Association has donated the following Scholarships to the School:

H. W. A. Miller (Old Collegians') Scholarship
 J. A. Hartley Scholarship
 Fredk. Chapple Scholarship
 W. R. Bayly Scholarship
 A. G. Collison Scholarship

Purely Personal

Robert Carter is paying a brief visit to Adelaide and will shortly return to Trinidad, British West Indies.

We are pleased to learn that Don Finch of Cross Roads, Malvern, is making a steady recovery after three years of convalescence from polio.

We congratulate Brig. J. G. McKinna; now commanding 9th Brigade.

Mjr. Robert Woollard has returned to Melbourne from duty in Singapore. He was a Duntroon graduate and will visit Korea soon.

Senator Rex Pearson has been appointed Government Whip in the Senate.

Tom Loutit, after 44 years' service in the Lands Department, has retired.

Several Old Boys, including Mr. Justice Reed, H. E. H. Mutton, Rev. C. J. Perry, Peter Dawe, J. H. Torr, A. S. Millen, F. T. Beauchamp, H. J. Kemp, G. Balfour, Alan Preston, Dr. A. J. Clarkson and L. E. Clarkson are in England.

Dr. J. S. T. T. Hill has removed to Mount Gambier.

David A. Clarkson has been appointed to the Executive Committee of the S.A. Chamber of Manufactures.

J. H. Gerard has been elected President of the Adelaide Breif Club.

David Waterhouse has been elected Chairman of the Export Abattoirs Board.

Dr. D. B. Cheek has been appointed to the Senior position of the Staff of the New Hospital for sick children, University of Toronto.

Ian Markey has left for London for further experience. He recently completed his Opticians course.

P. L. Beerstecher is now residing at 100 Jan Smuts Avenue, Parkwood, Johannesburg, South Africa and has sent a long and interesting letter describing life and conditions and the racial difficulties now existing in South Africa.

After 48 years' service as a teacher, A. P. C. Hart, Headmaster of Unley Primary School, will retire.

We regret to learn of the ill-health of Shirley W. Jeffries and wish him a speedy recovery.

C. S. Charlick has been elected President and Joseph Crompton Senior Vice-President of the Adelaide Chamber of Commerce.

Alan H. Preston, who has been touring Norway, Sweden, Denmark, Holland and Germany, met another Old Boy, J. H. Torr (at Stockholm). He intends touring Scotland and Wales before returning to Adelaide.

D. Menzies Sharpe of Ponsbourne Manor, Hertford, has sent a very long and most interesting letter in connection with his recent world tour, describing the situation in Europe and elsewhere.

H. P. Tuck, of Hobart University, Tasmania, has been abroad visiting Universities and Engineering Works in England, Scotland, Belgium, France, Sweden and Switzerland. He pays a great tribute to the tuition of the late Mr. James Iliffe and Mr. F. I. Grey, which enabled him to win the John Dunn Scholarship and Angas Engineering Exhibition in 1912.

Robert H. Berriman is now in charge of the Design Office of the Electrolytic Zinc Co. at Risdon, Tasmania, and is President of the Tasmanian Fellowship of South Australians.

Bruce W. Ellis and Elliott C. Forsyth who were awarded travelling scholarships by the French Government, both hold the Honors Degree of B.A. in the French language and literature and are at present engaged on research work of the University of Paris in French Philology and literature.

Major Ivor Hele, Official War Artist, recently returned from Korea with many paintings for the National War Museum, Canberra. He was awarded the Archibald Prize in 1952.

HONOURS

We congratulate Mr. Charles Ronald Sutton who has been created an Officer of the Order of the British Empire; for his work in the field of local government and for his public activities in charitable and social fields.

Also Mr. Frank Ellis (Melbourne) who was created a Member of the Order of the British Empire in the New Years Honours 1952 (vide Victorian Notices, February Chronicle, p. 265).

WILSON—On 23rd July, 1952, at Repatriation Hospital, Springbank, Harry Max, beloved husband of Lucy Wilson, of Elston Street, Lockleys, aged 46 years. He attended the School 1919 to 1923. School Reg. No. 5414 and was a Life Member, No. 820, of this Association.

WILSON—On 11th August, 1952, at his residence, 14 King Edward Street, South Perth, Gilbert Meikle, beloved husband of Jessie Wilson, aged 76 years. He attended the School in 1888. School Reg. No. 1875 and was a member of this Association.

MONTHLY LUNCHEONS

The Monthly Luncheons continue to be well attended and are held on the second Thursday of each month.

Very interesting addresses have been given and contributions by the following speakers have been much appreciated: Mr. F. E. Piper (Organising for the Davis Cup, 1952), Dr. C. G. Hansford, Sc.D., F.L.S. (Reminiscences of Africa and the Middle East), Mr. Rex W. Parsons, M.E., M.I.E. (The Quest for Industrial Power), Mr. Rupert Wilson (Lord Howe Island), Mr. K. Kirkman (The Administration of Justice in S.A.), Mr. Bruce Cheek, M.A. (Impressions of an American University), Mr. C. R. Carter, B.Sc. (Life in Trinidad), Mr. E. W. Palmer, LL.B. (Game Fishing in S.A.).

Interstate and Country members are specially invited to attend when in Adelaide.

THE HISTORY OF THE COLLEGE

Old Scholars are reminded that copies of Mr. Ward's most interesting and valuable book of the first 80 years 1867-1948 of Prince Alfred College are still available. No Old Scholar can afford to be without a copy of this valuable record. Copies are available bound in either red morocco at £2/12/6 or red cloth at £1/1/0 plus 6d postage. Order forms are available from the Association Secretaries, 50 Grenfell Street, Adelaide, to whom remittances may be sent.

THE WAR MEMORIAL

In the erection of a memorial to perpetuate the memory of those sons of the School who served and who made the Supreme Sacrifice in the Service of the Country, there is no more fitting place than in their boyhood School.

Contributions to the fund may be forwarded to Mr. E. W. Forbes, Epworth Building, Pirie Street, Adelaide, or to Mr. W. Douglas Verco, 178 North Terrace, Adelaide, or to the Association Secretaries. The following is the list of donations to 9th September, 1952:—

Brought Forward	£24,651	15	7
Hon. P. A. McBride	150	0	0
Dr. C. T. Piper	5	5	0
Interest	434	12	4
Total	£25,241	12	11

EDUCATION FUND

This fund has been raised for the purpose of educating the children (boys and girls) of Old Boys who lost their lives on Active Service.

Messrs. C. J. Glover, N. S. Angel and L. B. Shuttleworth have been appointed trustees to administer this fund, under direction of the Association Committee.

The Trustees have arranged for two boys to attend Prince Alfred College this year and tentative arrangements are being made for one boy and five girls to commence respectively at the School and the Methodist Ladies College (or other alternative schools) during 1953 and 1954.

All enquiries should be addressed to the Association Secretaries, 50 Grenfell Street, Adelaide.

Sports

GENERAL

Several Old Boys will be taking a prominent part in the arrangements for the Davis Cup Challenge round to be played in December. Messrs. Frank E. Piper (Chairman) and Dr. D. R. W. Cowan are two of the organizers. The following will also assist on various Committees:—R. B. Hone, Dr. C. Gurner, E. F. Hunwick and Dr. F. R. Hone.

Gordon Schwartz (Pt. Pirie) retained his Country Tennis title for 1952.

C. M. Paterson of Bute holds the goalkicking record for Princes. He kicked 13 goals in the Intercollegiate match in 1935—Scores P.A.C. 18 S.P.S.C. 8.

Whilst at College, he kicked 163 goals in 15 matches—including a tally of 60 for 3 consecutive games.

Interstate footballers included Ian McKay and Brian Faehse (Vice. Capt.). Other League players included M. Agars, K. LePage, Peter Dalwood, B. Downing, C. Parham, L. Lovegrove and D. Davies.

Mark King of Carlisle Road, Westbourne Park who is 90 years of age—learned his football on the field—the first time he handled a football was in a scratch match and he bolted with the ball and slung it between the goal posts. The following year, he played in the first intercollegiate football match.

G. Elix was a member of the Amateur League Interstate Team.

John Ducker, (runner up for the H. W. Tonkin Memorial Medal) and Ian Day played in the Senior Colts Team at Whyalla.

Fred Catt (baseball) and Bruce Harris (hockey) were included in the State Teams in the recent carnival at Perth.

Alf. Holman recently defeated the State Senior and Junior Table Tennis Champion in the district finals. He missed the Old Boys match owing to illness.

RUGBY CLUB

Unfortunately, the club has not had a very successful season. This has not been due to the quality of the players, but to the lack of numbers. This is very disheartening to the regular players and, unless more support is forthcoming, the club may be compelled to curtail its activities next year.

All we ask is that a few Old Scholars, and present scholars leaving school this year, come along and try "Rugger", whether they have played before or not. Once you have tried and have learn a few of the finer points of the game, you will find "Rugger" a fast, invigorating and enjoyable game.

For further information contact Brian King, 15 Ralton Grove, Myrtle Bank (Phone W2347), with regard to our next general meeting, practices, etc.

FOOTBALL CLUB

This season, just finished, saw the club again fielding two teams, the "A's" promoted to "A1" and the "B's" in "A3" of the Amateur League. The "A's" were rather unlucky, losing three matches by one point, two successively, and in having a long list of injuries. However, after a stiff fight, the team held its position in "A1". The young team showed much promise and could do very well next season. The "B" started with five wins in seven games but the heavy drain of injuries depleted their strength and numbers, so that the team fell off in the latter half of the season. With an influx of new players, this team should do well next season.

The highlight of the season, however, was not on the football field. A Dance was held at the Burnside Town Hall and was voted highly enjoyable and successful by all those who attended, approximately 400 being present.

The club would like to thank the Headmaster, Mr. J. A. Dunning, for allowing the use of the School Oval for practices and matches. Our thanks also go to those Old Reds who came along to watch our matches. Their interest and invaluable vocal support is much appreciated. Members are indebted to those supporters who contributed donations and trophies.

The club now has a band of young, enthusiastic players, and it is felt that it may be on the verge of a "best yet" season. However, more new players are still needed, and in this regard a particular appeal is made to boys leaving the school at the end of this year.

To wind up the season a highly successful and well-attended Dinner was held at the Hotel Adelaide on Thursday, 4th September, with President Laurie Lawrence in the chair. During the evening trophies were presented to the following players:—

"A" Team: Owen Price (fairest and best player), Brian Fricker (most improved player), Peter Hill (best placed player), Ron Byrne (most consistent player).

"B" Team: Colin Crouch (fairest and best player), Bill Mann (most improved player). Also special trophies to Bob Griggs (club secretary) and Colin Webb (coach).

CRICKET CLUB

The Old Scholars Cricket team had quite a successful season in The Adelaide Turf Cricket Association competition last year and will again be competing in the Grade A1 of the association this coming season.

As the membership is not great the club is desirous of obtaining new members and any cricketers interested are asked to contact the club secretary Lloyd Letcher Phones U3307 and LA 0201.

BOWLS SOCIAL EVENING

The third annual match between Association members was played at the Toorak Club rinks on Wednesday, 27th February. All twelve rinks were occupied providing some good matches and some budding champions were discovered. The winning rink consisted of four members of the piper family (F. E., J., R. and F. G.). The "Spider" caused a good deal of excitement and was won by Jim Hodge.

At Supper time the President Mr. L. P. A. Lawrence expressed appreciation to the Committee of the Toorak Club for the use of their greens and club house facilities. The President of the Toorak Club Mr. W. G. H. Davey suitably responded.

Once again, we must thank the Ladies Committee for providing a very fine supper.

ATHLETICS CLUB

The Club has made very satisfactory progress since its inception four years ago and last season, through the generosity of former Inter-collegiate athletes and other members of the Old Collegians' Association, some essential equipment was purchased including a discus and javelin for field games. The Club is also indebted to Don Frost for some equipment which he made.

There are about 20 members at present, but new members would be very welcome for the coming season.

The President is Dr. B. M. Jolly and all enquiries should be directed to the Secretary, Lloyd Harford, C/o. Commercial Union Assurance Co., Phone LA 4111.

A suitable coach has not yet been obtained, and any help in this direction would be very much appreciated by members.

ANNUAL GOLF MATCH

The Annual Princes Golf Match was played at Seaton on Wednesday, 23rd September, 1952. There was a good attendance of 58 players and the competition was played in ideal weather conditions. Arrangements were in the capable hands of Messrs. Norman Todd and Colin Hassell.

The Clarkson Cup was presented to Ern. Rowe, who finished 2 up in the bogey competition. Others to do well were R. D. Pfeiffer and N. T. Todd square, V. M. Branson and R. C. Bray 2 down. The four ball bogey was won by Alan Morris and Ron Pfeiffer after a count back from Ern Rowe and Eric Padfield. Both pairs finished 6 up and were followed by P. Dalwood—H. Frost and N. Harvey—N. Todd, both 3 up.

Re-Union Dinners

SOUTH-EASTERN

The Annual Re-union Dinner was held at Reilly's Hotel, Penola, on Saturday, 17th May. There was a good attendance of members. Mr. W. A. Clifford occupied the chair and Mr. R. C. Kidman ably carried out the secretarial duties. Mr. W. L. Davies represented the School, whilst L. P. A. Lawrence (President) and Harold Shuttleworth attended on behalf of the Association. After the Loyalty Toast, Mr. George L. Bayly, son of a former Headmaster, proposed the toast of the School, to which Mr. W. L. Davies very ably responded. The toast of the Association was entrusted to Dr. John Hill, and Mr. Lawrence suitably replied. A toast to the visitors was proposed by Mr. W. L. Barrow.

EYRE PENINSULA

The Annual Re-union Dinner will be held at the Pier Hotel, Port Lincoln, on Saturday, 8th November.

Mr. Glen Pearson, M.P., and Mr. W. H. Rankin of the Pier Hotel are in charge of arrangements from whom further information may be obtained.

YORKE PENINSULA

Arrangements are in hand for the Annual Re-union Dinner, to be held at Maitland. Those interested should contact Mr. Ron Tiddy, Maitland, Y.P.

Old Boys Week

The golf match played at Seaton on 15th July resulted in a good victory for Princes, the final score being 21 to 9 with 3 all square.

Bridge and chess were played at Balfour's Cafe on the following Monday night, resulting in two further victories for Princes, the final scores being 21 to 9 and 7 to 1 respectively.

The hockey match, played at Saints on Tuesday, 22nd July, provided a thrilling second half, with Princes eventually winning 3 goals to 2. Goalhitters for Princes were Piper, Gibbins and West, and for Saints, Shean and Nobbs.

The lacrosse and baseball matches, usually played on the same day, were postponed this year as a number of players were absent on both sides.

On the Tuesday evening table tennis was played at the Duke of Leinster Hall, College Park. Though weakened by the absence of two leading players, the team consisting of J. Jackson (Capt.), G. Jones, J. Head, J. Peterson and the Day brothers went down fighting by 8 rubbers to 7. John Jackson is to be congratulated on a particularly fine performance.

Football and Rugby were played at Princes on Wednesday, 23rd. Both sides fielded strong teams for the football, including a number of prominent National and Amateur League players. The match provided a really fine game with the scores almost level at half-time. Saints went away to a big lead in the third quarter, due to their more accurate kicking and though Princes finished strongly in the last quarter, they were unable to make up the leeway, the final scores being 13-9 to 9-18. Goalkickers—Saints: Hancock (6), Pennells and Whiting (2), Broadbent, Burton and Paech (1). Princes: Young and Langdon (2), LePage, Pitman, Tait, Hill and Skinner (1). Best players—Saints: Harris, Laurie, Walker, Spicer and Harbison. Princes: Davies, Downing, LePage, Dalwood and Langdon.

The Rugby resulted in an easy victory for Saints, 23 points to nil. The best players for Saints were Myer, Gibb, Evans, Robinson and Ashwin, and for Princes, Carter, Williamson, Harbison, Simms and Nienaber.

In the evening the badminton match was played at St. Andrews Church Hall, Walkerville. Princes were represented by G. Jones (Capt.), R. Pearce, F. Fricker, R. Harrison, P. Saunders and J. McPherson. A closely contested match resulted in a victory for Saints by 9 sets to 6. Supper, provided by ladies from the church, added considerably to a very enjoyable evening.

Also on Wednesday evening a well-attended meeting of the United Collegians Royal Arch Chapter Lodge was held at the Masonic Hall, North Terrace.

Thursday, the 24th—Old Boys Day commenced with a well-attended morning assembly of 29 Old Boys who had entered the School up to 1892, the eldest member being Mr. H. G. G. Norris, who entered the School in 1876. The Headmaster (Mr. J. A. Dunning) and the President (Mr. Laurie Lawrence) welcomed them all and after signing the attendance book, they proceeded to Morning Assembly accompanied by Committee Members of the Association.

In the afternoon the annual football match, "Town v. Country", was played and resulted in the second successive victory for the Country Team. Down at half-time by 2 goals, the country boys played a splendid third quarter and eventually finished 13 points in front, the final scores being 7-10 to 6-3. Goalkickers—Country: Fleet and Barton (2), Timperon, Gore, McMurray (1). Town: Williams (3), Looker (2), Collison (1). Best players—Country: Kelly, Scott, Timperon, Gore, Cane, Curtis. Town: Miller, Burns, Collins, Cox, Williams, B. Fricker.

Afternoon tea was served in the College dining hall on both Wednesday and Thursday. Our sincere thanks are extended to Mr. and Mrs. Dunning and their staff for the excellent arrangements.

The Annual Dinner was held at John Martins in the evening, with an attendance of 350 members. The President, after submitting the Loyal Toast, addressed the gathering. This was followed by the usual telephone link-up between Adelaide, Melbourne, Sydney and Broken Hill.

Sir Herbert Gepp proposed the toast of our "Alma Mater", to which the Headmaster (Mr. J. A. Dunning) responded. Mr. Frank Piper very appropriately proposed the toast to "Mr. L. B. Shuttleworth" in recognition of his forty years as one of the joint secretaries of the Association. After Mr. Joe Crompton had called for three cheers for "Len", Mr. Shuttleworth responded, and then proposed a toast to "John Martins" and their staff for their many kindnesses and the able manner in which they had catered for the dinner over a number of years. During the evening members engaged in community singing and heard several vocal items from Messrs. Fred Williamson and Ansbert Campbell. The evening concluded with the singing of "Auld Lang Syne".

Friday evening, the 25th, saw an attendance of over 1,300 at the Palais for the Annual Ball. During the evening there was a lucky spot dance, and at supper time the miniature bicycle race provided numerous laughs and spills. The evening concluded with the singing of "Auld Lang Syne" and the National Anthem. We are indebted to the ladies committee for the excellent decorations and the caricatures of the

Headmaster and Mr. L. B. Shuttleworth. The orchestra joined in with the spirit of the evening by rendering adapted school songs and wearing college blazers and caps.

On Saturday evening, the 26th, there was an excellent attendance of both Town and Country Old Boys at the Masonic Hall for the meeting of the Prince Alfred Collegians' Lodge. Our sincere thanks are extended to the ladies for the beautiful floral decorations in the banqueting room. A retiring collection for the Benevolent Fund realised £8.

A very successful "Old Boys Week" concluded with the Annual Service in the School Assembly Hall on Sunday, 27th. There was a good attendance of members and the service was very ably conducted by the acting School Chaplain, Rev. H. Alvey. The Headmaster (Mr. J. A. Dunning) read the names of 36 Old Boys who had died during the preceding twelve months. The lesson (Luke 4:1-19) was read by Mr. Laurie Lawrence (the President), and Mr. Ken DeGaris sang the solo. Rev. R. E. Stanley gave a most impressive and inspiring address. We are indebted to Mr. Gordon Bowen, a master at the School, and to the Kent Town Methodist Church for the fine organ music and to the A.B.C. for the broadcast. A retiring collection for the Benevolent Fund realised £38.

At the conclusion of the service, the Memorial Plaque, erected to the memory of the late James D. Iliffe was unveiled by Mr. L. P. A. Lawrence, who paid a great tribute to the excellent work and faithful long service of our late beloved Science Master.

The Bowls match against St. Peters was played on Wednesday, 12th March, at South Park Rinks, having been postponed from February on account of the death of the late King George VI. Ten rinks were played, resulting in some exciting games. The final scores showed Saints the winners by 10 points, the

respective totals being 197 and 187. An enjoyable supper was provided for both players and spectators, and during this time Mr. Laurie Lawrence congratulated Saints on their win and thanked the South Park Club for the use of their greens. This was suitably responded to and supported by Mr. John Redwood for Saints.

Tennis was played at St. Peters College on Tuesday, 1st April, in ideal conditions. Princes were represented by M. Newcombe (Capt.), A. Morris, H. Welch, J. Head, D. Rowe, J. Wohlers, D. Babidge and A. Fullerton. Most of the matches were closely contested, the final result being in doubt until late in the afternoon. Saints eventually ran out winners 6 rubbers to 2 rubbers. Refreshments provided during the afternoon were appreciated by both players and spectators.

The Shannon Trophy for Old Boys Eights was held in conjunction with the Head-of-the-River Regatta on Saturday, 19th April, at Torrens Lake, in perfect weather.

The crew was as follows: K. Stanton, J. Cooper, D. Perry, D. Prest, C. Blanche, M. Tiddy, R. Humble, J. Hocking and P. Sanderson.

In the first heat against Adelaide High, Princes led by a canvas at the Bridge and went on to win by half a length. The final against Saints was a very exciting race, watched by a large crowd. Princes established a lead at the Bridge but Saints were in front at Long Point. A magnificent final effort found Princes in front by a canvas at the finish.

The crew are to be congratulated on their success, being the second in succession, and at the conclusion of the Regatta Stroke John Hocking received the trophy from Lady Gosse.

Congratulations are extended to the various school crews on their outstanding successes in the other events. The Regatta was in fact a "field day" for Princes, as out of six events Princes won four, and also rowed off in the final of the Open Tub Slides.

SCHOOL ENROLMENTS

Members are reminded of the urgent need to enrol intending scholars at the earliest possible date. Enrolments have already been made up to 1962. Don't delay; but make enquiries from the Headmaster now.

ANNUAL SUBSCRIPTIONS

Subscriptions for the year ending 30th September 1953, are now due, and members are requested to remit promptly to facilitate the work of the Association.

The work of the Association has increased considerably, and your co-operation by prompt payment of subscriptions (10/-) is requested.

LIFE MEMBERS' CERTIFICATES

Life Members' Certificates are available upon payment of 2/6 to cover cost of printing and postage.

LOST TOKENS

Tokens remain the property of this Association, and are held by members on trust only. In the event of the loss of a token, the member should immediately report this to the Secretary of the Association.

SUGGESTIONS FOR CHRISTMAS

Mr. J. F. Ward's Book "The First Eighty Years' History of the School"—1867-1948. Cloth bound £1/1/6 (including postage.) Red leather, £2/13/- (including postage.) Etchings of the School, £2/2/-, Old Scholars' Ties, 10/-.

ASSOCIATION BLAZERS

The Red-and-White striped cloth is not procurable at present, and your Committee has therefore approved of the following:

- (1) Navy blazer with Old Collegians' pocket badge.
- (2) Maroon blazer with white braid and Old Collegians' pocket badge.

Both designs are now obtainable by members of this Association but a certificate of membership must be obtained from the Association.

COLLEGE ENDOWMENT FUND

Your Committee has decided that no special effort to augment this fund should be made. This fund is still open and receiving contributions from time to time.

TOKENS AND TIES

Supplies are now available for Association members. Tokens are available at £1 and the new Association ties are 10/-.

FINANCE—The Revenue Account shows a small surplus. Costs of postages, printing and stationery are still increasing. Life Members' subscriptions are now treated on an actuarial basis. Portion of the surplus has been written off the Boathouse Loan.

INCOME TAX—Income Tax payment increased from £56 to £104.

CAPITAL ACCOUNT—The Capital Account now totals £11,975. The total accumulated funds constitute a record.

BENEVOLENT FUND—The balance in hand is £229. This fund is for the relief of distress amongst Old Boys.

EDUCATION FUND—The fund is for the purpose of educating the children of Old Boys who died on Active Service. Two sons of Old Boys are in attendance at the School.

INTER-ASSOCIATION CONTESTS—The contests with St. Peter's Association during the year were evenly contested. St. Peter's won the Football, Rugby, Table Tennis, Bowls and Tennis, and this Association was successful at Rowing, Hockey, Golf, Bridge and Chess.

OLD BOYS WEEK—A full programme of sporting and social functions was arranged and carried out. Fortunately we were favoured with fine weather. Further particulars in connection with Old Boys Week appear elsewhere in this issue.

BOWLS AND GOLF CONTESTS—A Bowls contest at Toorak Rinks and a Golf match at Seaton links for members of this Association only were again arranged. Both events were most successful and enjoyable.

ASSOCIATION TOKENS, TIES AND BLAZERS are now available to members.

ETCHINGS—A limited number of signed etchings of the School are still available.

SUPPORT FOR ALMA MATER—The usual donations to the various School sports were made. Two scholarships were maintained at the School.

J. D. ILIFFE MEMORIAL—A Memorial Plaque has been placed in the Assembly Room and was unveiled after the Annual Old Boys Service.

OLD SCHOLARS CRICKET, FOOTBALL, RUGBY AND ATHLETIC CLUBS—Further particulars in regard to these Clubs are contained elsewhere in this issue.

COLLEGE ENDOWMENT FUND—No active steps have been taken to supplement this Fund. The total amount is £2,517.

COUNTRY REUNIONS—A successful Reunion Dinner was held at Penola and arrangements are in hand for Port Lincoln and Maitland.

INTERSTATE BRANCHES—Interstate branches at Brisbane, Sydney, Melbourne, Perth and Broken Hill assist to maintain the interest of Old Boys in these respective places, by Reunions and other functions. A branch has been established in London.

COLLEGE CHRONICLE—The College Chronicle maintains its high standard. Owing to high costs of production, the number of issues has been reduced to two per annum.

MR. AND MRS. J. A. DUNNING—The Association is deeply indebted to Mr. and Mrs. Dunning for their assistance during Old Boys' Week and other functions. Their helpful co-operation is appreciated.

MONTHLY LUNCHEONS have been held regularly on the second Thursday of each month at the Myer Apollo Rooms, Rundle Street. Instructive and interesting addresses are given by Old Boys and friends.

SCHOOL COUNCIL—Five members of the Association Committee are also members of the School Council. They are Messrs. J. Crompton, J. F. W. Dunn, Dr. M. W. Evans, Messrs. F. E. Piper and D. A. Clarkson.

DECEASED MEMBERS—We regret to record, during the year, many deaths amongst members, and we extend our deepest sympathy to their families and relatives.

COMMITTEE—During the year nine Committee Meetings were held, at which the attendances were as follows:—Messrs. N. S. Angel 8, F. H. Chapman 7, P. E. Clark 9, D. A. Clarkson 5, J. B. Craven 5, J. Crompton 6, J. F. W. Dunn 3, J. A. Dunning 9, Dr. M. W. Evans 5, Messrs. R. C. Hall 6, F. Colin Hassell 7, R. W. M. Johnson 6, Ross C. Johnston 9, L. P. A. Lawrence 9, R. W. Pearson 4, Dr. C. T. Piper 5, Messrs. F. E. Piper 5, H. Shuttleworth 9, L. B. Shuttleworth 9, N. T. Todd 6, N. A. Walsh 8, H. Williams 7.

In accordance with the Rules the Officers and seven Committeemen will retire, but are eligible for re-election. The retiring Committeemen are Messrs. P. E. Clark, J. Craven, Dr. M. W. Evans, Dr. C. T. Piper, Messrs. F. E. Piper, J. F. W. Dunn.

The Association records with appreciation its thanks to the Treasurer, Mr. N. S. Angel and to the Joint Secretaries, Messrs. Harold Shuttleworth and Ross C. Johnston.

VICTORIA

The Branch President is Mr. A. N. Dawkins C/o of Electric Supply Department, Town Hall, Melbourne, Tel. No. JM 1511.

The Secretary is Mr. John N. Bennett, Barrister, Selborne Chambers, 411 King Street, Melbourne, Tel. No. MU 7644.

Social Evening to Welcome Mr. Lawrence

On Thursday evening the 26th March, a social evening was held at the home of Mr. and Mrs. Howard Manuel for the purpose of welcoming to Melbourne, our Adelaide President, Mr. L. P. A. Lawrence. This was arranged urgently and was intended to be on a small scale, but Mrs. Manuel warmed the hearts of everybody by supplying us with most delicious savouries etc. Good fellowship was the keynote of the evening. Those present included our President, Dr. Rosanove, Messrs. A. N. Dawkins, C. W. Crompton, G. Cox, "Dolly" Gray, G. K. Ryder, G. Williams, J. Bennett, F. Jackett, C. Alexander, H. Jackett, H. Southwell and numerous apologies were received from those unable to attend. During the evening, Mr. Lawrence gave us a most interesting half-hour's talk on the activities of the Old School, touching upon persons actively interested and upon the splendid book written by Mr. Ward. The evening concluded officially at 11 p.m. although several members stayed and chatted until after midnight.

Our thanks go out to Mr. and Mrs. Manuel for their wonderful hospitality and also for giving us such a wonderful evening when it had to be arranged at such short notice.

Annual Reunion Dinner

The Annual Reunion Dinner was held at the Hotel London, Elizabeth Street, Melbourne on the 24th July. It was preceded by hors d'oeuvres and sherry in the lounge at 6.30 p.m.

A tense silence filled the dining hall a minute or two before 9 p.m. while Mr. Gordon Gibson who so kindly assisted us once again, made final checks on the telephone hook-up. There came the rousing call from Mr. Lawrence and we knew we were all together again for those moments that mean so much. A Melbourne newspaper had a paragraph about our hookup and said that the ties of Alma Mater must be stronger with Prince Alfred College than anywhere else.

The toast of our Alma Mater was proposed by Mr. A. E. Dawkins with great feeling, and the response by Mr. P. Fiddian gave us in his own brilliant fashion sincerity and effervescent humour combined. Mr. C. W. Crompton proposed the health of our rivals, and their representative present, Mr. B. Laing, responded ably after the never to be forgotten "Sit on Saints."

Our dinner, which has also been photographed during the evening and sent into hilar-

ity by our professional entertainer, concluded at 11 p.m. with happy thoughts of a good time being had by all.

Those present were Messrs. A. N. Dawkins, H. Manuel, F. Jackett, C. Alexander, G. Parker, C. W. Crompton, A. Shepley, B. W. Hone, A. E. Dawkins, "Dolly" Gray, D. C. Grey, P. Fiddian, J. N. Bennett, R. Buttery, K. B. James, Dr. I. McNeil, Dr. I. Pender, Messrs. F. Harvey, R. Jackett, H. Brennan, E. Armstrong, J. Williams, D. McDonald and D. James.

Annual Meeting

The Annual Meeting commenced at 7 p.m. Officers elected for 1952-53 were as follows:—President, Mr. A. N. Dawkins; Committee, Messrs. H. Manuel, F. Jackett, C. Alexander and G. Parker; Hon. Sec. and Treasurer, Mr. John N. Bennett.

The gathering observed a minute's silence for the late Messrs. S. Raphael and Dawson Stephens who had died since our last Annual General Meeting.

Golf Match

Arrangements are in hand for a golf match against St. Peters Association to be held on October 12th and also for a cricket and bowls match in January next for competition between Princes and Saints Associations with a shield to be held by the most successful Association.

Personal

Paul Fiddian is writing a book on Gilbert & Sullivan works.

John N. Bennett has commenced practice as a Barrister at Selborne Chambers, 411 King Street, Melbourne.

R. E. Godson has returned from Manus Island and is now residing at 15 Cairnes Crescent, Brighton, S.5, Victoria.

George Searle has moved to No. 3 Gordon Street, Deepdene, E.8, Victoria.

WESTERN AUSTRALIA

The Branch President is Dr. Alex. L. Dawkins of 34 The Esplanade, Peppermint Grove.

The Branch Secretary is Mr. R. J. B. Miller of No. 167 Vincent Street, North Perth, W.A.

Personal

W. E. Dempster of Argyle, S. W. R., W. A. writes:—

"As a boy from the age of nine years I eagerly read all Talbot Baines Reed's stories in the 'Boys Own Paper'.

That was undoubtedly the finest boys' magazine England ever produced since 1881, and it was greatly indebted to Reed for its phenomenal popularity.

He reminded me of my revered headmaster, Frederic Chapple, B.A., B.Sc., who for nearly 40 years raised Prince Alfred College to be one

of the greatest and most successful in both education and sports in Australia.

I spent five years at P.A.C. (1884-8) under Mr. Chapple and during that period practically every local university scholarship was won by P.A.C. scholars.

J. W. Langsford and A. C. T. Fry who were class mates at P.A.C. 72 years ago are now probably the last links with Australian Football's earliest days in Western Australia.

J. W. Langsford (86) played for the Rovers in 1885 and A. C. T. Fry (88) joined the Union team in 1887."

L. Caust formerly of Adelaide is now living at Moora, W.A.

W. E. Stokes now resides at 23 Linton Street, Double View, Scarborough, W. A.

Marsden Dempster (1907-8) is now Chief Federal Engineer of Public Works & Housing and has been selected by the Federal Government as their delegate to an important meeting of Engineers in London.

Farewell to John Livingston

On the 18th April at the Palace Hotel, Old Scholars gathered to say farewell to former Secretary John C. Livingston and to make him a presentation as a small token of their appreciation for all he had done in the interest of the Association and of the old School.

Dr. J. L. Rossiter in the absence of the President made a very nice speech on behalf of the Association and wished him an enjoyable trip. He expects to be absent for nearly 2 years and has left to gain first hand experience in the manufacturing trade of woollen materials.

Annual Cricket Match

Arrangements are in hand to arrange a joint dinner with St. Peters Association early in January or February after the conclusion of the annual cricket match.

Obituary

We regret to record the recent deaths of Messrs. G. M. Wilson, Hardy Hanton and J. A. Loader and extend deepest sympathy to their relatives.

QUEENSLAND

The Branch Secretary is Mr. P. D. Coles, Room 12, Fourth floor, National Mutual Building, 293 Queen Street, Brisbane, Tel. B 8017.

Personal

W. M. Hamlyn formerly of Canning Down, South Warwick has removed to Lockerbie Station, Innisplain, via Beaudesert, Queensland.

We congratulate Mr. and Mrs. P. D. Coles upon the birth of their son John Phillip Douglas on 5th August last.

BROKEN HILL

The Branch President is Mr. Ron Crossing of Burta Station, via Cockburn.

The Secretary is Mr. Jack Prider, C/o 2 BH Broken Hill.

Branch Officers

The following Branch Officers were elected at a recent meeting.

President, Mr. Ron Crossing; Vice President, Mr. Bill White; Treasurer, Mr. Jim Brown; Secretary, Mr. Jack Prider; Assistant Secretary, Mr. Ron Glasson; Committee, Messrs. John Crase, "Dot" Brown, Bill Harbison.

Reunion Dinner

The Annual Reunion Dinner was held at the Palace Hotel on July 24th to coincide with the Adelaide Dinner and proved most successful, 23 members and representatives of Saints and Scotch being present.

This was a great tribute to Mr. Ron Crossing the new President as it was his first function since his election. The Interstate telephone "hookup" was much appreciated.

Branch Dance

The committee have decided to hold a ball in the North Mine Hall on the 31st October. All Old Boys are requested to bring as their guests two other couples if possible. Representatives of Saints and Scotch Old Scholars, and parents of boys of the School will also be guests of the Committee.

NEW SOUTH WALES

The branch President is Mr. Jack T. Hiatt, Beatty Avenue, Balgowlah, N.S.W.

The Branch Secretary is Mr. E. A. Kesting, "Yanawa," 24 Loorana Street, East Roseville.

Visit of President

Members were glad of the opportunity early this year to extend a welcome to Laurie Lawrence, who paid a visit in his capacity as President of the Association. Despite extremely inclement weather a representative number of members gathered at the Millions Club for a Cocktail Party to meet him when speeches were brief, the entertainment enjoyable, and old friendships were renewed.

Day on the Harbour

In February our very popular and well loved Freddie Harris and Mrs. Harris invited the Old Boys of the Branch to spend a day on Sydney Harbour in their motor yacht the "Steady Hour." Some 40 of our members and their wives experienced a day of complete relaxation and enjoyment on his luxury cruiser on which Freddie and Mrs. Harris were able to provide every comfort and entertainment.

We cruised around the Harbour foreshores and occupied our time in either swimming, having trips in the yacht's tender, sunbaking and enjoying the opportunity to mix with members and their wives. The day was voted a great success, and we express our thanks and appreciation to Freddie Harris and Mrs. Harris for their hospitality.

Annual Dinner

The Annual Dinner held on 24th July was a complete success the number of members present being a record of 42.

All were disappointed that Dr. F. W. Wheatley was not able to attend, but were particularly glad to welcome Leo Buring. He was the oldest Old Boy present (1883-1893).

The toasts were appropriately and interestingly proposed by the Rev. A. R. Gardner and Jack Hiatt, while Rex Dawe and his assistants provided us with a really good programme of entertainment.

The highlight of the evening as usual was the telephone link-up with the dinners held in Melbourne and Adelaide, and all messages were clearly received. We greatly appreciate and value this opportunity of linking up with the other dinners, and we hope that it will be possible to continue this practice in the future.

Branch Committee

The following Branch Committee was elected at the Annual Dinner.

President, Mr. Jack Hiatt; Vice-President, Mr. Ken Brown; Secretary, Mr. E. A. Kesting.

Personal

A. I. Millen has been enjoying a trip abroad.

Rex Dawe recently returned from Korea and Japan where he has been entertaining the troops.

Will Ashton and W. J. Nesbitt are both recovering from serious illnesses.

W. J. Hiatt is now retired and living in Adelaide.

Bob Page of the National Bank has been transferred to Adelaide.

Don R. Spry reports the ownership of Robert Bruce Spry born on 17th April.

Rev. F. J. Searle has now retired from the Congregational Ministry and is living at 7 Robinson Street, Croydon.

A. E. Sunter-Clarke is living at Forbes, New South Wales. He is hale and hearty and attended school from 1880-1886.

P. R. Mead who is an Industrial Chemist on the staff of the Sulphide Corporation Pty. Ltd. is now residing at 250 Brighton Avenue, Toronto, Newcastle. He recently met several other Old Boys including Ken Brandwood, Brian Wibberley, Dave Carter and Don Turner.

The Visit of Mr. Maynard Close

On the 15th May we were happy to receive a visit from Mr. Maynard Close, the head of the Preparatory School, who was attending a conference in Sydney. Twelve of our members entertained him at dinner at Usher's Hotel and Brian Monfries and the Branch Secretary showed him some of the beauty of Sydney scenery on a drive to Palm Beach on the following day before giving him dinner and seeing him off on the express for home.

London Branch

Dr. Stanford Howard of 49 Wimpole Street, London, W.1, is Acting Secretary and is desirous of meeting all Old Boys who may be visiting London.

Reunion Dinner

The Annual dinner was held at the Oxford and Cambridge Club on Saturday, July 12th and it was a huge success. The best gathering ever held. There were twenty-seven present:— J. H. Allen, G. W. Mansfield, W. D. Allen, H. L. Rayner, Alan H. Preston, S. N. Corry, Charles J. Perry, Colin G. Hocking, Arch Milten, Maurice G. Giles, R. D. McKay, H. J. Kemp, Lionel Logue, Howard F. Hobbs, L. E. Clarkson, F. A. Gibbs, Peter H. Dawe, Alan Clarkson, D. C. V. Turner, R. S. Forsyth, H. M. Rees, W. Cabot, E. J. Symons, Ira Toop, John Keeves, G. C. Laycock, Stanford Howard.

Apologies were received from Messrs. Stanley Newman, Menzies Sharpe, Denton Winchester, Roger Opie, A. Miell, D. E. Garrett, H. Graham Holland, John Gurner, Reg. A. Crago and H. E. H. Mutton. Also from Mr. Gordon, the Headmaster of St. Peters College who is at present in England.

After Dinner, the loyal toast was drunk and it was received with special fervour as Lionel Logue had just received a letter from Her Majesty thanking him for the great work he had

done in overcoming the speech defect of her Royal Father. The letter was written in her own hand and she enclosed with it a very favourite box which always stood on the King's desk and which she thought Lionel might like to have as a memento of his late Majesty.

The Rev. Charles Perry was Chairman, Dr. Stanford Howard extended the welcome to the new arrivals who are staying in London to work and also to those who were holidaying and would soon return to Adelaide.

Charlie Perry replied and in an admirable speech told of the present activities of the school and of the splendid work being done by Mr. Dunning and his staff, chief of whom he included being Gib. Potts. He drew attention to the increasing sphere of influence of the school, not only in Australia, but in the world, and expressed his confidence in its great future. He then turned to sport, and we learned with general satisfaction that Princes had at last, after a lean period, beaten Saints at the Athletic sports.

Proposed Reunion Dinner 1953

It has been decided to hold the reunion dinner in 1953 on Saturday June 13th which will immediately follow the Coronation Week and it is hoped that many Old Boys then in England will attend.
