Editorial

When, this year, the new War Memorial Building joins the older War Memorial Building in the fabric of the School, the actual walls will stand, in great part, as a commemoration of the ideal of service. In two World Wars, men nurtured in our School gave not meanly their allegiance to this ideal, and we like to think that the influence of the School was potent in shaping their honourable course.

But we feel that these buildings should be, and are, more than memorials of past duties nobly done. They are tangible, ever-present reminders that in a healthy community the spirit of service and, if necessary, sacrifice must be a living thing, and that in this school a powerful tradition of loyalty and devotion has been truly planted.

The direct inheritors of this tradition are the members of the School Cadet Corps. Moreover, this Corps is the strongest body in the School, organized, trained, and inspired with only one final purpose—service to the community. There are those who are vocal in their condemnation of Cadet Corps in schools, claiming that a brutal militarism is inculcated at the expense of pacific and Christian ideals. In fact, the main lessons learnt in the Corps are not those pertaining directly to the techniques of warfare, but those which aim at teaching each member to maintain his self-reliance and self-respect, while at the same time subordinating his own interests to the good of his fellows by self-discipline, good fellowship, and honest endeavour.

We are confident that in this school, with a tradition of service to maintain, the Cadet Corps will remain a powerful and entirely good influence upon succeeding generations.

School Notes

Conference has appointed Mr. Reginald C. Hall Honorary Secretary of the College. He succeeds Mr. David Waterhouse, O.B.E., who remains on the College Council. Rev. R. E. Stanley, Rev. W. R. Steadman and Mr. G. T. Clarke, M.P., have retired from the Council and their places have been filled by the appointment of Rev. C. J. Davis, Rev. G. T. Inglis and Mr. T. W. Cotton.

The Council is now constituted as follows—President: The President of the Conference, Rev. W. F. Hambly, M.A., B.D.; Hon. Secretary: Mr. Reginald C. Hall; Hon. Treasurer: Dr. L. L. Davey; Members: Revs. G. S. Wellington, C. J. Davis, W. G. Clarke, W. O. Harris, C. B. Holmes, G. T. Inglis, Hon. Sir Shirley Jeffries, Dr. M. W. Evans, Messrs. D. A. Clarkson, J. Crompton, T. W. Cotton, J. F. W. Dunn, F. E. Piper, G. K. Ryder, D. Waterhouse.

Mr. W. L. Davies, B.A., retired and Mr. J. M. Tregenza, B.A., and Mr. D. Parrington (Prep. School) resigned from the teaching staff at the end of 1954. New Masters this year are Mr. R. S. Forsyth, B.A., an old boy who was on the staff from 1934 to 1937, and Mr. C. Watson (Prep.) Biology is now being taught in Leaving Honours by Mr. W. Ewers, a part-time master.

Mrs. A. F. Smith who had done so much for the boarders for almost five years as assistant to the sister, found it necessary to leave us at the end of the year, while Mrs. Russell, who had served the School so well in the Tuck Shop, left in February. We welcome Miss Queale and Mrs. Wincke who have taken their places.

The number on the School roll is now 733. Of these 219 are in the Preparatory School, while 145 are boarders.

The service conducted by the President in Kent Town Church on 3rd April to mark the retirement of Rev. C. J. Perry as Chaplain of the School, was attended by a very large congregation and proved a really inspiring occasion. Mr. Perry based his farewell address on the Lesson, St. Luke 12: 13-30. We are indebted to our retiring Chaplain for the gift of a beautiful Bible for use in the Assembly Hall. A tribute to Mr. Perry and his work is to be found elsewhere in this issue.

Conference accepted the recommendation of the College Council and unanimously appointed Rev. R. Kyle Waters, B.A., to be Chaplain of the College. In our next issue, we shall have more to say about Mr. Waters.

The Old Collegians' Association Committee paid its annual visit to Assembly during November. The retiring President, Mr. F. H. Chapman, explained the aims and achievements of the Association, and urged all boys leaving school to become members.

We have lost both Intercollegiate games played since the last issue of the Chronicle—the cricket after a keen match made memorable by the fine all-round performance of the S.P.S.C. Captain, McLachlan, and the tennis rather easily to a strong Saints team. We sympathise with our tennis Captain, M. J. Lemon, who was unable to play because of illness.

Members of Conference were present at the Assembly on Thursday, 3rd March. Congratulations were extended to the new President, Rev. W. F. Hambly, M.A., B.D., Master of Lincoln College, who gave us an inspiring address.

Visitors who have addressed us at Assembly include Dr. Malcolm McKay, secretary of the Australian branch of the World Council of Churches, who spoke on the Evanston Conference, Mr. John Ives, who was representing the International Council of Congregational Churches of U.S.A. on a tour of Australia and other countries, Bishop Ivan Lee Holt, President of the World Methodist Council, and Dr. J. Manning Potts, editor of "The Upper Room," and Rev. E. N. Broomhead on the eve of his transfer from our Kent Town Church to Naracoorte.

Our thanks are extended to the three daughters of the late Mr. H. W. A. Miller—Mrs. Treleaven, Mrs. Diener and Mrs. Robinson—who have endowed "The H.W.A. Miller Memorial Prize" to be awarded annually to the Dux of V lower A.

The Parents and Friends' Association held its annual meeting in the Assembly Hall on Friday, March 18. There was a very large attendance of members who heard the retiring President, Mr. H. C. Williams, tell in his report of a most successful year. The election of office-bearers for 1955 resulted as follows: President: Mr. J. C. Piper. Vice-Presidents: Mr. J. P. Motteram and Mr. B. H. Clark. Hon. Secretary: Mr. A. L. Gniel. Hon. Treasurer: Mr. E. Perriam. Members of Committee: Lady Jeffries, Mrs. R. T. Binns, Mrs. S. Pearlman, Messrs. J. B. Lathlean, C. L. McKay, N. S. Fielding.

Annual School Service

Kent Town Methodist Church was again crowded for the twenty-second Annual School Service which was held on Sunday, 12th December, 1954. The School Chaplain, Rev. C. J. Perry conducted the service and the lesson, the Parable of the Talents, Matthew 25: 14-30, was read by the Captain of the School, M. E. B. Smyth. Two anthems, "Rejoice in the Lord," and "Awake My Soul," and the carol "Masters in this Hall" were beautifully sung by the School Choir, conducted by Mr. Rolland May, Mus.Bac. Mr. G. M. Bowen, A.U.A., gave an organ recital before the service began and accompanied the singing.

The Headmaster based his address on the reading and took as his subject "The Use of Our Talents." He dealt first with talents peculiar to the individual—natural abilities, character talents and what might be called personality talents. With use, these would develop, but without use they would fade away.

In addition to these talents, there were certain circumstances which had influenced us and made us fortunate beyond measure. These had given us opportunities unknown to millions of our fellow men. These opportunities carried with them tremendous privileges but also grave responsibilities. It was just as necessary that we used the talents that were ours because of these opportunities. If we failed, then it might well be that our children's children would not be as fortunate in their opportunities.

Five circumstances given below were then mentioned and dealt with in turn. We were

members of the British Empire. We lived in Australia. We were born into the Christian faith—surely our greatest inheritance. The remaining two applied particularly to the boys who were leaving. They had been members of a church school. They were going out from school at a marvellous time fraught with opportunities for the best use of talents. Courage would be necessary, and courage of a high order if they were going to play their part in preventing this world being annihilated by its own cleverness and inventions. Their grandfathers and fathers in their lives had seen great changes but they would see greater. Whether these changes would be for the preservation or destruction of mankind was a matter of vital interest to everybody. Each person had his part to play. If each said to himself "It all depends on me," all would be well.

The Headmaster concluded: "The boys and girls going out from our schools this year are a far more important product for Australia than her wool, her wheat, her wine, or her uranium. Your parents, your school and its masters, your country and your church love you and have high hopes for you. Our prayer for you is that at the time of reckoning, you will not be cast like the unprofitable servant into outer darkness, but that you will hear the Master saying to you, 'Well done, good and faithful servant; thou hast been faithful over a few things, I will make thee ruler over many things: enter thou into the joy of thy Lord.'"

Speech Day

Speech Day for 1954 was held at the School on Friday morning, 17th December, in the shade of the Capper Street drive. It was presided over by Rev. G. S. Wellington, President of the Conference, who addressed the assembly. After the Captain of the School, M. E. B. Smyth, had read the Games Report, the Headmaster, Mr. J. A. Dunning, M.A., M.Sc., presented his report on the work of the School.

Major-General R. N. L. Hopkins presented the prizes. In his address to the School Major-General Hopkins spoke feelingly of the great advantage which our boys have in their education and of the obligation which this involves to give willing and unselfish service to the community. He urged them to remember this in their choice of vocations and stressed the need of the fighting services and the Commonwealth and State public services for boys with the best brains and the best characters. "No man," he reminded them, "can do more than his best, but no man should do less."

Mr. N. A. Walsh, the President of the Old Boys' Association, proposed a vote of thanks to Major-General Hopkins.

HEADMASTER'S REPORT

Mr. President, General Hopkins, Ladies and Gentlemen.

I have the honour of presenting to you the report on the work of Prince Alfred College in 1954.

I would first say how glad we are to have General Hopkins with us this morning to speak to us and to present the prizes. We remember with gratitude the interest that he took in school cadets when he was G.O.C. Central Command a few years ago.

Prince Alfred College suffered a great loss during the course of the year in the passing of Mr. J. F. Ward. Like Mr. W. R. Bayly his predecessor as Headmaster, he had been first a pupil and then an Assistant Master at this School. In 1930, he was appointed Headmaster, and in this capacity for nineteen years he gave devoted and distinguished service. I know better than any man the efficient school with such a good spirit and a good heart that he handed over at the end of 1948. In his report at the 1937 Speech Day Mr. Ward spoke the following words about Mr. Bayly: "There is something fine about the school which can produce such a son as our late Headmaster, and Prince Alfred College has no need to fear the future if, as the years go by, it can produce men who have even half of his fineness of character and determination to do the right, and who have the same devoted loyalty to the school as he displayed so often and so long." I feel that these words are very true of Mr. Ward.

On the day that Mr. Ward died, there passed away Mr. S. J. S. Freak, of Semaphore. In his will, subject to a life interest to his wife, Mr.

Freak has bequeathed his estate to the school for the purpose of building a chapel to be known as the Eric Freak Memorial Chapel, in memory of his son, the late Robert Eric Freak, who died in 1934 shortly after he had left Prince Alfred College. In this way two parents have hallowed their grief for a son whose early death ended a life of unusual promise.

Last year I was able to report that the College Council had requested Mr. Colin Hassell to prepare plans and specifications for the War Memorial Building. Work on the construction of this building commenced in September, and already much progress has been made. When it is opened in July next year during Old Boys' Week it will provide the school with ten new class rooms, and will enable us to use some of the present classrooms in other ways. When work was commenced, the amount in hand in the War Memorial Fund was well in excess of £25,000, the amount asked for when the appeal was opened. Costs have risen to such an extent that it has been found necessary to appeal for another £17,500. This appeal has only recently been opened, but already the response is most gratifying.

My review of the year's work commences as usual with a report on the results in the Public Examinations. Thirteen boys gained the Leaving Honours Certificate, sixty the Leaving, and seventy-two the Intermediate. Our previous largest number of Leaving passes was forty-five, and the average number for the last ten years was thirty-nine. The corresponding Intermediate figures are sixty-four and fifty-three. Partial passes completed or passes gained at the Supplementary Leaving Examination are not included in these figures. In addition, the average

number of passes per boy for all who sat was our best for many years in both Leaving and Intermediate. In Leaving, the average was more than half a subject per boy better than in any previous year.

Twenty-seven boys were awarded Commonwealth Scholarships. It is very pleasing to see the practical interest now being taken by both the Commonwealth and the State Governments in University education and the assistance being given to students to enable them to do a University course. I would suggest, however, that it should be possible for some credit to be given for Leaving Honours work in the award of Commonwealth scholarships, and also for them to be postponed for two years, provided the holder remains at school. At present, they are awarded on the results of the Leaving Examination and they can be postponed for only one year.

This year, for the first time, the number on the school roll exceeded 700. With grade I and grade II boys in separate forms for the first time, there was an extra class in the Preparatory School, where the number increased by sixteen. At the other end of the school, we had no fewer than forty-eight boys doing Leaving Honours work, and this helped to increase the roll number.

A good standard of work has been maintained in both the Big School and the Preparatory School. F. J. W. Symons, who gained a place on the General Honours List at Leaving Honours last year, is a worthy Dux of the School. Once again a large number of the boys in our Leaving Classes are returning to school for another year. I consider it expedient to maintain Leaving Honours as a one year course, but I am glad that again next year we shall have some boys back for a second year in Leaving Honours.

Mr. W. L. Davies retires from the staff after almost thirty-six years of devoted service not only in the class room but in all sides of school work. An Old Boy of the School, he joined the staff on his return from the First World War, in which he had served with distinction. Prince Alfred College has been fortunate in the Masters who have retired after giving many years of outstanding service, and Mr. Davies takes his place worthily with these men. We wish him good health and happiness in his retirement and trust that Mrs. Davies and he enjoy their trip abroad in 1955.

Our Chaplain, Rev. C. J. Perry, is retiring early next year. The Conference of our church did a very wise thing when they decided to appoint a full-time chaplain to Prince Alfred College, and perhaps an equally wise one when they chose Mr. Perry for the position. His record in the Church, as an army chaplain, as a footballer, and in other ways is well known, but I venture to say that his greatest service to his Master and his fellow men has been his work with us.

I know how much Mr. Ward appreciated the work of both Mr. Davies and Mr. Perry. I am indeed fortunate that I have had their assistance during my first six years as headmaster.

Mr. N. E. Peard, Mr. P. M. C. Turnbull and Mr. J. M. Tregenza joined the Big School Staff, and Mr. D. Parrington that of the Preparatory School at the beginning of the year. At the beginning of the second term we welcomed the return of Mr. Chester Bennett, who had been teaching in Perth for some years. Mr. Tregenza and Mr. Parrington are leaving us at the end of this year. An Old Boy and former member of the staff, Mr. R. S. Forsyth, rejoins us in February. Since he left South Australia, Mr. Forsyth has had valuable experience in Queensland, England and France.

Interest has been well maintained in all school activities. Tribute must be paid to the work done by masters, old boys and friends of the school in connection with these and with our sport. Others will forgive me if I stress the help we have received from Mr. Frolick in rowing and Mr. Bruce Hockney in football. The Captain of the School in his report on games has told of our victories over our traditional rivals in rowing and football—our first for some years in these particular contests. Both the cadets and the scouts have had good years and done much good work. The Preparatory Concert and the Big School Concert were well attended and most successful, while the Dramatic Society gained much praise for its production of "The Fourth Wall" in the Norwood Town Hall.

We had a good year in the Boarding House. The boarders have been a very happy band and have done well except in the inter-house competition. Mrs. Henderson, who had been our housekeeper for more than three years, had to resign early in the year because of ill-health. Mrs. E. G. Smith was appointed to the position and has done much for the well-being of the boarders. We have been fortunate for some years in having Sister Rowe in the Preparatory School and Sister Todd and Mrs. A. F. Smith in the Big School to care for the boys.

A major change in the set-up in the House was made at the end of second term. The College Council purchased the property in Flinders Street previously owned by the late Sir George Ritchie. This has a right of way to Pirie Street and the Council decided that it should be used as a residence for the Headmaster. As a result it has been possible to give the senior House Master, Mr. Keeves, better accommodation and also provide a flat for Mr. Peard and his family in the space previously occupied by the Headmaster. This enables the boarding house to be run more efficiently.

The Old Collegians' Association, with Mr. F. H. Chapman as president, and the Parents and Friends' Association, with Mr. H. C. Williams as president, have had a most successful year and have continued to assist the school in many ways.

Old Boys who have been honoured by Her Majesty since last Speech Day are Sir Lyell McEwin, K.B.E.; Dr. H. T. J. Edwards, C.M.G.; Dr. R. M. Dunstone, O.B.E.; Mr. J. S. McEwin, O.B.E.; and Mr. Ivor Hele, O.B.E.

The prize for the dux of V Lower A is now to be known as the H. W. A. Miller Memorial Prize. We thank Mrs. Treleaven, Mrs. Diener and Mrs. Robinson for their generosity in endowing this prize in memory of their father who was secretary of the Old Collegians' Association for many years. Mr. Miller, along with Mr. W. R. Bayly and Mr. A. G. Collison, and later Mr. L. B. Shuttleworth, was responsible for making the association the active and strong body that it is today.

Old Boys have continued to meet with success in all branches of the life of this State. At this time of the year we are always interested in University results, and we are proud that for the second year in succession top credit in final year medicine was gained by an old boy. This year it was Dr. C. J. Schwartz, while D. N. Williams gained top credit in final-year dentistry. Another fine achievement was the fact that R. P. Hale and T. R. Ophel were the only students who gained first-class passes in Physics in the final honours course in the B.Sc. Honours degree.

The number of applications for enrolment in 1955 was higher than for any previous year and many boys could not be accepted. The position for day boys in the Preparatory School and boarders in the Big School was particularly acute, and has been accentuated in the latter case by the fact that so many senior boys are returning for a fifth year. This is a good thing, but it is unfortunate for those wishing to gain admission.

I am afraid that there will be a little unavoidable crowding and confusion during the early months of next year, but when the new class rooms are available we shall be in a very happy position. The only change in the curriculum for next year is that Biology will be included as a Leaving Honours subject. Early this year the Public Examinations Board recommended that Biology be added to the list of Leaving Honours subjects, but it takes a long time for even such a small proposed change to work its way through the necessary machinery to have it ratified. However, I propose to include it in our course, even if it is not included as a subject for the 1955 Public Examinations. Provision has been made for an Art Room in the new building, but it will not be until a later time that an Art Master is appointed.

In conclusion I should like to express thanks to all who have helped the College during this very successful year. I must add my personal thanks to many—members of the Council, old boys, parents and friends, the teaching staff and the grounds and domestic staff, the prefects

who were a good band under a worthy captain. M. E. B. Smyth, and the boys who, after all, are the most important people in a school though we do not like to let them know that we think this is so.

I should be sadly failing in my duty if I did not, as I end my report, pay a particular tribute to the work of the Secretary of the College Council, Mr. David Waterhouse, O.B.E. He has intimated that he is retiring from the position at the next Conference. Only those who are in close touch with the College have any idea of the debt Prince Alfred College owes to him for the wisdom and extent of his labours during his twenty-one years as secretary. I am glad that we shall still have the benefit of his advice and wisdom as a member of the Council.

And so the school year 1954 ends. It has been a year made memorable by the visit of Her Majesty Queen Elizabeth, and for us a year of steady progress in which much good work has been accomplished. It merely remains for me to wish the boys who are leaving every success in the future and to wish all present today the compliments of the season.

GAMES REPORT

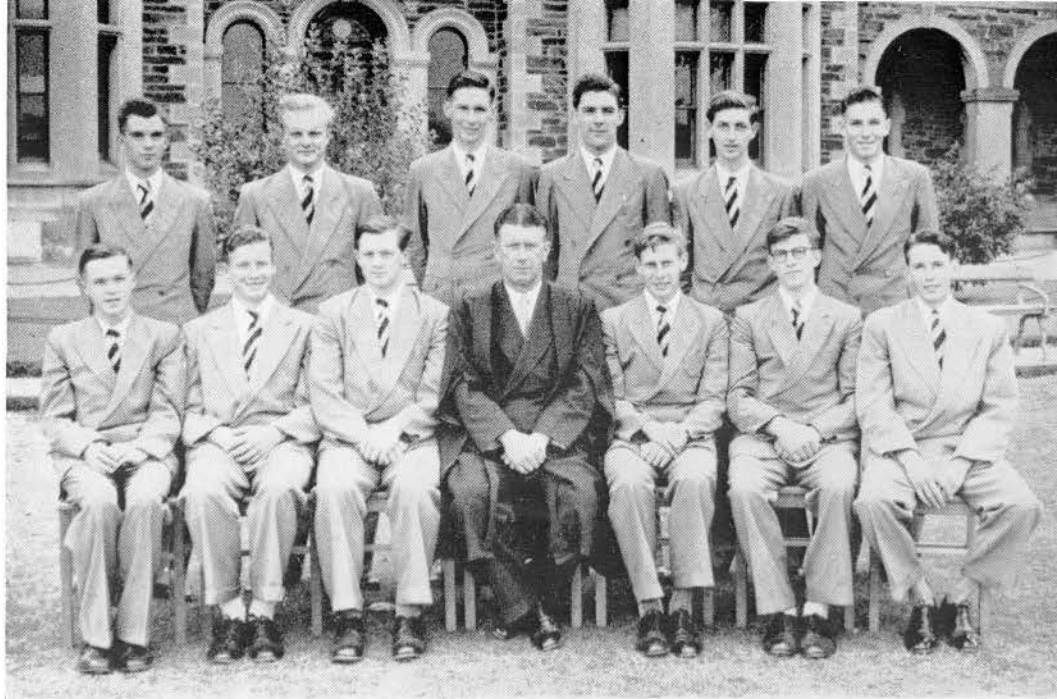

Mr. President, General Hopkins, Ladies and Gentlemen.

This sporting year has been notable for two things—the breaking of Saints' grip on both the rowing and football Intercolls. However, they have retained the athletics and tennis cups, and the cricket is in a very interesting position, with a result possible either way.

This year the Intercoll. tennis followed much the same pattern as that of last year—the doubles matches were even, but Saints all but swept the courts in the singles to win 10 rubbers to 5. Cox played consistently to win our only singles match.

In the school championship, Shearer sprang a surprise by narrowly defeating Southwood, the Captain of Tennis, at 8—6 in the third set. The junior teams have had successful seasons, and the under thirteen team was undefeated. For their work for tennis we say thank you to Messrs. Dennis, Glancey and Luke, with a special word of thanks and praise to Mr. Turnbull, who has given much time to coach teams.

For the first time since 1944, Princes' eight defeated Saints to win the Blackmore Shield. Up to the Head-of-the-River regatta, all crews had competed with success in other regattas, and the eight had been undefeated. In the first heat of the Head-of-the-River eights, Princes defeated Saints by two lengths in the record time of 2 minutes 55 seconds. In the final, Scotch lasted a shade better to win by one-third of a length, once again lowering the record. Our hearty congratulations to Scotch on a well-earned win! The clinker fours, our second crew, were once again victorious, and the open-tub-slides crew also won.

Back Row—Mr. B. H. Leak, P. R. Stewart, B. M. Hurn, J. G. Jenkin, I. L. Branson,
R. R. Oaten (Scorer)

Front Row—J. N. Rogers, R. H. Corbet, W. B. Lathlean, R. H. Wicks (Captain), R. G. Pearlman,
M. E. Ducker, B. G. Walker

I am indeed sorry to report that Mr. Frolick is relinquishing his post as coach of the eight. A man who had had no previous association with the school, he has given long and valuable service to rowing at Princes, and there can be nothing but praise and thanks for the job he has done. The admiration of those whom he has coached has almost amounted to worship, which is a good comment on his manner and ability. Dr. Basil Rennie is taking his place, and we wish him success.

To Mr. Potts, our rowing master, and to Messrs. Scott, Sheppard, Humble and Gill we must say a sincere thank you for the work they have done. We are indeed sorry that Mr. Scott had to leave us, for he had shown himself a helper of sport at Princes, and has ably coached both football and rowing.

Despite the fact that we lost the Intercoll. by a wide margin, Princes athletes have had a reasonably successful year. The house competition on Sports Day resulted in a narrow win for Bayly, 115½ points, from Cotton with 113½, while the cup-winners were Crawford, Gemmell and May. At the Schoolboys' Championships at Wayville, Princes athletes gained seven firsts eleven seconds and seven third places, with four records; no other school had such success. Then came the Intercoll. Saints seniors swept all before them for the second year in succession and, while our juniors did well, St. Peter's registered a good win.

This year the Sports Committee decided to reintroduce the cross-country run, to be run by every boy medically fit. Mr. Connell spent much time in planning the course, and the eventual success of the event was in a large measure due to him. It was gratifying to the organizers to see the spirit in which the race was run, and it is hoped that it will encourage an enthusiasm for the distance running which has for so long and so often let us down against St. Peter's. The cross-country champions of the respective age groups were Humble, Harris and Philips, while School House gave proof of the old theory that country life builds stamina by comfortably winning the house competition.

A few present scholars have been successfully competing with the Old Boys on Saturday afternoons, and this avenue of training and competition is recommended to all those who enjoy athletics.

This year Princes loses a brilliant athlete in Crawford. He holds the school high-jump record, schoolboy half- and quarter-mile records, and the State sub-junior 440 yard record, and although he spent only one year as a senior athlete at Princes, his achievements will probably not be bettered for some time.

Lastly may I express the appreciation of the school for the fine work of Mr. Connell, whose keenness and enthusiasm for athletics, not only

in the school, but for the sport as a whole, must result in a higher standard at Princes.

At long last, after ten years, the Football Cup is again safe at Princes. This year has been one of the most successful ever for football at Princes. The First XVIII, built on a solid nucleus of last year's team, climaxed an unbeaten record in Students' Grade with its convincing win over Saints, when the result was never in doubt. This year has provided the answer to those critics who hailed the High Schools as the best teams, and advocated the abolition of the oval match. Our congratulations to Wicks, best and fairest for the season, and Pearlman, best and fairest against Saints.

In Melbourne, however, it was a different tale. This year we could send only a football team, which squeezed two matches into a heavy but delightful itinerary. Despite our determination to avenge the honour of the State, Melbourne Grammar turned on a third-quarter burst which completely shattered our defences, and though we broke even in every other quarter, they won easily. The Wesley match, however, was in doubt until the bell. Missed chances and a last-quarter wilt cost us the game. We were very pleased that Mr. Hockney was able to accompany us to Melbourne, and are indeed sorry to lose him as coach. He has done much for the firsts in his two years as coach, and gained the complete confidence and respect of all whom he helped so much to weld into a winning team. We wish him every success in his new occupation at Renmark.

Following the example of the firsts, the seconds were also undefeated for the season. Under Mr. Bennett, returned to us from Western Australia, they were a good team, and defeated the first teams of several other schools. Many were unlucky that the firsts were so strong; in a normal year they would have been playing at the oval.

The House matches roused the usual fighting spirit, and the resulting games were rough and vigorous. Despite their obvious enjoyment of these conditions, the boarders lost to Bayly in the final, with Cotton third.

This year the under sixteen team was abolished and two thirds teams were introduced, one of day-boys and the other of boarders. Under Messrs. Turnbull and Keeves they have had fair seasons and it is pleasing to see the added interest this set-up has aroused among the younger and less able boys of the school. The junior teams, under Messrs. Leak, Provis and Connell, completed successful seasons, and the future of football at Princes seems bright.

So far the first XI have had a very successful season in B Grade District Cricket, and at the present moment are fifth on the premiership table. A fine 114 from Pearlman and good bowling performances by Walker and Corbet

have helped considerably, but the whole team has performed well. Consequently the results of the Intercoll. so far have been rather disappointing. The scores at present, Saints still requiring sixty-six runs with four wickets in hand, promise a close finish, and we all wish the team every success for this afternoon. Mention must be made of the fine bowling of Corbet, who took 6 for 50 in Saints' first innings and did much in our recovery from a poor position. We must also extend our congratulations to McLachlan, who has topped off fine bowling with a valuable century in Saints' second innings. He is still there, and is a danger to our hopes of victory.

The junior teams have all done reasonably well under Messrs. Davies, Coombes, Smith and Bennett. The house competition resulted in a close win to Cotton from School, with Bayly third.

Turning to the lighter side, towards the end of this term the staff played the boys at cricket, tennis and rifle-shooting, and were, of course, vanquished in each case.

This report can only outline facts, and can say very little of individual effort except where it is outstanding. Most people, however, must

realize that much depends on those who make up for their lack of ability by keenness and determination. In them lies the main strength of a house and a team. Soon we shall be conceding Saints an advantage when their two-year Leaving Honours course becomes fully operative. Only by more interest and determination from you who are not stars but have some ability can this disadvantage be offset. It is perturbing to realize the number of boys who at the present time take little or no interest in sport at Princes.

The house competition this year resulted in another win for Cotton from Bayly, and our congratulations go to them.

The school owes a great debt to Mr. Leak, our cricket coach and sportsmaster. To him has fallen much of the organization of sporting functions, and the administration of sport in general, and he has been unsparing in his efforts. Mr. Kurtz has also done a great job as football master and to him we say a sincere thank you. Our groundsman and his assistant have done their customary efficient job.

Looking back, it has been a reasonably successful year. Looking forward, hope for the future is high.

The War Memorial Building

Unveiling of the Commemorative Stone

On Sunday afternoon, February 20, in the presence of a large congregation, His Excellency Air Vice-Marshal Sir Robert George, K.C.V.O., K.B.E., C.B., M.C., Governor of South Australia, honoured the School by unveiling the Commemorative Stone of the new Memorial Building which is now being erected as a tribute to those sons of the School who served in the 1939-1945 War.

The service was conducted by the President of the Conference, Rev. Gordon S. Wellington, assisted by the School Chaplain, Rev. C. J. Perry, E.D. The hymn "Now praise we great and famous men" was sung, and when prayer had been offered and the Lesson, 1 Peter 2: 1-7 had been read, the President of the Old Collegians' Association, Mr. N. A. Walsh, gave

an account of the history of the Memorial Buildings.

The Headmaster then introduced His Excellency who addressed the congregation. After congratulating the cadets on their fine Guard of Honour and recalling the close connection which has been maintained between the Royal Family and the School since the laying of the foundation stone by His Royal Highness the Duke of Edinburgh in 1869, he commended the School for its purpose in erecting the new memorial and for the success of the War Memorial Appeal. His Excellency then unveiled the Commemorative Stone. Prayers of Dedication and Commemoration were offered by the School Chaplain, and after the singing of the National Anthem the President closed a memorable service with the Blessing.

The Roll of Honour

In the Memorial Building now being constructed, the names of all who served will be inscribed on the panelled walls of the stairway hall in lettering similar to that on the honour boards in the Assembly Hall.

As this work is to be undertaken almost im-

mediately, friends of the school are requested to notify the Headmaster at once of any errors or omissions.

The names of those who gave their lives for King and Country are marked with a cross.

Student Christian Movement

1954—Third Term: Because of interruptions few meetings were held during this term. Rev. Philip Potter gave us an address entitled "Belief, Experiment, Experience." He told us that this was a good plan in life and explained how many famous men had triumphed by following it.

Rev. Frank Hambly, Master of Lincoln College, told us of one of the most controversial books in the Bible—the book of Daniel. He explained that it was really a code, written to convey a message to the people without the knowledge of their enemies who knew nothing of its secret.

1955.—Early this term Mr. Potts called for volunteers to form the committee for this year. The response was overwhelming and the committee now consists of the unprecedented number of twelve, whose names are recorded elsewhere.

Our meetings this year will be of the same form as in previous years. The first and third terms will be devoted to fortnightly addresses, while in the second term we shall hold discussion groups led by University students.

Our first speaker for the year was the School Chaplain, Rev. C. J. Perry, who is on the point of retiring. Mr. Perry has given ten years of valuable service to the School as its first full-time Chaplain and all of us are very sorry to see him leave. In his address he stressed the fact that the churches' call was to the young, and he went on to point out what a Christian life had to offer us.

We should like to thank sincerely those who have given up their valuable time to address us and also Mr. Potts, whose untiring enthusiasm is responsible for much of the success of these meetings. —G.D.S.

The School Play

On 7th and 8th October, 1954, the School Dramatic Society, under the skilful direction of Mr. H. E. Coombes, gave two fine performances of A. A. Milne's light detective drama "The Fourth Wall," a play which depicts the almost perfect crime and the upsetting of an apparently flawless alibi by the charming but astute heroine. The level of acting was remarkably and consistently good and reflects great credit on the cast, which was made up of the following: J. Young, S. Clark, G. Branson, R. Francis, M. McBride, R. Gniel, C. Humphrey, M. Chase, G. Jenkin, E. Jenkin, G. Crawford.

The School tendered its sincere thanks also to all those who contributed to the success of the play, and especially to Mr. Coombes the producer, Mrs. J. A. Dunning, who was in

charge of the wardrobe, Mrs. G. Anderson and Mrs. M. Page, who made up the actors, Mr. E. L. Glancey and Mr. J. Steele who, as Stage Manager and Business Manager respectively, did excellent work, Mr. T. G. Luke for his help in directing the ushers and finally Mr. Gray for his effective posters.

This year the School will present a dramatic version of Jane Austen's novel, "Pride and Prejudice," a delightful story of a woman's efforts to marry all her daughters into good circles. The play, production of which is already progressing steadily, requires some ten women, and experienced "women" actors are hard to come by in a boys' school, but with the strong support of members of last year's cast and the experience and skill of Mr. Coombes, there is every reason to hope that this play will be at least as good as last year's.

Mr. W. L. Davies, M.C., B.A.

Mr. W. L. Davies, M.C., B.A., retired from the teaching staff of Prince Alfred College at the end of 1954 after many years of very fine service.

As a scholar at P.A.C. he acquitted himself well both in and out of the classroom. In 1904 he won a place in the First Eighteen and played in the Intercollegiate match. At the University he had a very good career, securing his B.A. degree and his Blue for football. He also played in the "A" Grade University Cricket team.

Until the outbreak of the First World War, Mr. Davies was a teacher in the Education Department. In 1916 he enlisted in the 27th Battalion and served in France with the rank of Lieutenant. For his meritorious services in the field he was awarded the Military Cross; and one of his most cherished possessions is General Birdwood's letter congratulating him on winning his distinction.

The war ended, Mr. Davies became a Master at his old School. Being a well-trained teacher he immediately proved his worth in the classroom where he taught, for the most part, History, English and French, and in due time became a Senior Master in charge of History.

Mr. Davies' activities out of the classrooms

were numerous and varied. For many years he was the Officer-in-charge of a very efficient School Cadet Corps; he coached the First Eleven for some time and later on one of the junior cricket teams; he was the Master-in-charge of the School Chronicle and the Memorial Library; he was a successful producer of plays and other items at the Annual School Concert; and on Sundays the boarders wondered what was wrong if occasionally Mr. Davies was not in his place in the choir of the Kent Town Methodist Church.

In the Second World War Mr. Davies received a staff appointment in the Australian Army Ordnance Corps, and rose to the rank of Lieutenant-Colonel. After four years' service he returned to the College where he taught until his retirement.

Mr. Davies has retired youthful in spite of his years, full of honours, and deserving of the School's best thanks. He never spared himself, and so had no difficulty in inspiring his pupils to give of their best. We are pleased that he and Mrs. Davies are taking a trip to England, where he expects to do some teaching.

[We hope to publish a photograph of Mr. Davies in our next issue.—Ed.]

Rev. C. J. Perry, E.D.

Rev. Charles J. Perry, E.D., who was appointed the first full-time Chaplain of Prince Alfred College in 1945, is now retiring after ten years' excellent service.

His connection with the School began in 1908 when he won a place in the First Eighteen; in the following year he was elected Vice-Captain. From the School team Mr. Perry went immediately into League football, and for many years he was one of the outstanding players in the League.

In 1915, Mr. Perry was ordained a Minister of the Methodist Conference, but soon after the outbreak of the First World War he enlisted and served in Egypt and in France as Chaplain with the 8th Brigade H.Q., 3rd Divisional Artillery. On his return to South Australia Mr. Perry in addition to carrying out his ministerial duties in various country and suburban churches found time to coach our First Eighteen in the years 1920-22.

In the Second World War he served abroad as a Senior Chaplain, and on returning was appointed Assistant Chaplain-General of 2nd Army H.Q. with the rank of Colonel.

When Mr. Perry was appointed Chaplain of Prince Alfred College in 1945, we recognized

that his natural gifts and his wide experience in various spheres marked him out as the ideal man for the position. The Chaplain is the one Master on the staff who teaches every boy in the School, and Mr. Perry has performed his difficult task with great success; for he has won the esteem and the affection of all the boys who have passed through his hands. In the Boarding House he has made a deep impression on the minds of the boarders in the Sunday evening services conducted in the Assembly Hall.

Recently he showed his genuine interest in the School in a very practical way by providing the means for illuminating the main entrance gates of the College; this was done as a memorial to his father, the late Rev. Isaiah Perry. And only a few weeks ago he presented the School with a large and very handsomely bound Bible for use in the devotional exercises at morning Assembly.

Rev. Charles Perry has a record of which he can be justifiably proud. We thank him with all our hearts for his great services at Prince Alfred College, and express the hope that in his retirement both he and Mrs. Perry will enjoy many years of happy relaxation.

Mr. David Waterhouse, O.B.E., LL.B.

Honorary Secretary of the College 1934-1955

During 1954, Mr. Waterhouse informed the College Council that he wished to relinquish his work as Honorary Secretary of the College, and so he was not nominated for the position at this year's Conference. In almost ninety years P.A.C. has had only four secretaries—Hon. G. W. Cotton from 1865, over three years before the College was opened until 1886, his son Mr. G. S. Cotton from 1886 until 1911, Mr. J. H. Chinner from 1911 to 1933, and Mr. D. Waterhouse, 21 years from 1934 to 1955.

Mr. Waterhouse, who entered the school in 1903 and left from the upper sixth in 1910, has been closely associated with P.A.C. for over fifty years. In 1925, he was President of the Old Collegians' Association, but his greatest work for the school has been done on the administrative side, first as treasurer, then as secretary and treasurer in 1934, and since then as secretary. These years included some of the depression years and the war years, when very real and difficult problems faced all Colleges. Our school owes much to its late headmaster, Mr. J. F. Ward and to Mr. Waterhouse for their wise guidance during those years.

Mr. Waterhouse's interests are very wide, and he has given grand service to the Methodist Church, to local government affairs, and to

charitable and other worthy causes. Thus, as Mr. Ward writes in his book, "All friends of the school were delighted when in 1945, the value of Mr. Waterhouse's work for the school and other institutions had been recognized by His Majesty the King, who had conferred on him the order of O.B.E."

The Conference showed its appreciation of Mr. Waterhouse by adopting with enthusiasm the following resolution:

"On the occasion of the retirement of Mr. David Waterhouse, O.B.E., LL.B., from the office of Honorary Secretary of Prince Alfred College, the Conference places on record its appreciation of the splendid service rendered by Mr. Waterhouse during the past twenty-one years. His devotion to duty, his love for the College, his attachment to the Methodist Church and his loyal co-operation with the headmasters have made his work an invaluable contribution to the welfare of the school during a period of difficulty and prosperity.

The Conference is glad that he is willing to continue as a member of the Council and prays God's blessing upon him as he relinquishes an office which he has filled with dignity and discharged with efficiency."

Mr. Reginald C. Hall

Honorary Secretary of the College 1955

The College Council nominated Mr. Reginald C. Hall, a director of the firm of A. A. Cheek and Son, to succeed Mr. Waterhouse as Honorary Secretary, and this nomination received the unanimous approval of Conference. Mr. Hall has been an ardent supporter of the school for many years. He entered P.A.C. in 1919 and left in 1923. He is a Past President of the Parents and Friends' Association, he has been a member of the Committee of the Old Collegians' Association for several years, and he was one of the joint organisers of the big fete held in 1948

when £7,000 was raised for the War Memorial Appeal Fund. His son, G. C. Hall was Captain of the School and of Cricket in 1953.

Mr. Hall is a member of the trust of Pirie Street Methodist Church and holds high office in the Prince Alfred Collegians' Lodge. Those who know the new secretary well feel that the school is once again fortunate in its choice and that Mr. Hall will be a worthy successor to the four gentlemen who have done so much for Prince Alfred College in the past.

Science Journal

Despite greatly increased cost of production, the committee expects that this year's journal will be as large and bright as usual. The writing of articles has, generally speaking, been limited to members of the sixth forms but this year very short interesting paragraphs of a few lines on scientific phenomena will be welcomed from all forms, as we feel that most of the attention of the younger boys is focussed on these paragraphs, some of the longer articles being rather too advanced for them. We feel,

also, that the journal's value is increased by the addition of a number of these paragraphs and that the boys' interest in the journal will be keener if they can feel they have contributed something towards it. This year we hope to be able to accommodate more articles by reducing the number of advertisements; this should greatly improve the value and appearance of the journal. It is expected that the journal will be ready for distribution early in the third term.

Memorial Library Notes

At the beginning of the term, Mr. J. E. Duff was appointed Master-in-charge in place of Mr. W. L. Davies, who has retired and is now on his way to England. He immediately threw himself into this new task with his customary zeal and efficiency. A committee was appointed as follows: G. D. Symons (Librarian), G. W. Bennett, M. E. Ducker, R. M. Gibbs, C. B. Hewitt, A. J. C. Holland, M. D. Pitcher and D. J. Perriam. Before long the tables had been rearranged, all the books checked and replaced

in their correct positions, and cards had been printed showing the positions of the various groups of books. We expect that the library will soon be in perfect working order and hope that it will remain that way for the rest of the year.

The following books have been added so far this term: "Teach Yourself Geology" (Rais-trick, A.); "Outline of Geology," (Longwell); "Elements of Geology," (Clarke); "Oxford Economic Atlas of the World."

House Notes

BAYLY

1954.—This term proved to be fairly successful. Although we won the house debating and the Cadet Shield, we were unable to overhaul Cotton, and as a result were runners-up in the house competition. We congratulate Fred Symons, Jenkin and Watson upon their grand debating win, and Under-Officer Wundke and the cadets on winning the Cadet Shield.

The house cricket was disappointing. We were able to come only third in the senior, and fourth in the junior competitions. Congratulations go to Pearlman, Ducker and Jenkin for their inclusion in the Intercollegiate side.

The house rowing, not through lack of keenness, found Bayly once again not succeeding in gaining anything better than third place in both events.

1955.—The first day back at school proved to be a very successful one for Bayly. Seven out of the twelve prefects named are Baylyites. Congratulations to Bob Pearlman, Bill Alexander, Murray Ducker, John Jenkin, Peter Humble, Andrew Jeffery and Geoff. Symons. We should not be short of good leaders.

As usual at this time of the year, the house committee was elected. It consists of Pearlman, Ducker, Gibbs, Alexander, Humble and Jenkin. Pearlman and Ducker were elected Captain and Vice-Captain of the House respectively.

We have four representatives on the sports committee, namely, Pearlman, Humble, Jenkin, and Ducker. Humble has been elected Captain of the Boats, and Pearlman Captain of the First Eleven.

We should have a very successful year in the cadets, and hope to retain the shield. Jenkin, Walsh and McLachlan have all been named as Under-Officers.

Our hopes of winning the cup this year are good. Despite the fact that we are strong in most fields, it is very hard to win the house cup unless we possess a good house spirit. Into it chaps! It is up to everyone of you! As these notes were going to press, news comes of the selection of the Intercollegiate Tennis Team. Congratulations to McEwin and Clarkson on their selection—a strong nucleus upon which to build our House tennis team.

COTTON

1954.—After maintaining our lead over Bayly during the third term, we managed to retain the House Cup. Congratulations to everyone in the house for their fine efforts, especially to Bill Lathlean, House Captain, and the House Masters, Mr. Laurie, Mr. Mutton and Mr. Duff.

Our first triumph for the term was the House Chess, in which we comfortably defeated Waterhouse and Bayly. In the debating we came third; our only success being against School.

Unfortunately there was a lack of rowers in the house, and this was reflected in the results. Our thanks go to Peter Gallasch for his able coaching of our inexperienced crews.

Cotton showed their supremacy in the cricket by winning both the Junior and Senior competitions. The Juniors, aided by fine performances from Hopkins, Parkinson and Dinnison, were able to defeat Bayly and School. After comfortably defeating Waterhouse in the first round, we defeated School in the final by six runs. Rogers, particularly in his fine innings of 114, and Wicks were the best of our batsmen, while Corbet and Lathlean, the Intercol. opening attack, found little difficulty in disposing of the opposition. These four boys were our representatives in the Intercol. cricket and to them we offer our congratulations.

Finally we should like to thank the House Masters for their help and interest and hope that in 1955 we may complete the hat-trick by winning the competition again.

1955.—This year we are privileged to have the Captain of the School in our midst. Our congratulations go to Bill Lathlean on his appointment, and also to Peter Gallasch and Tony Holland, our two other prefects.

At the first House meeting, Rogers (House Captain), Corbet, Gallasch, Gibbs, Harris, Holland, James, Lathlean and Wicks were elected to the committee.

With the withdrawal of Lemon, the Tennis Captain, through illness, Cotton had three representatives in the Intercol. team, James (captain), Hannam and Holland. Congratulations to these boys, especially to James who played well despite a severe attack of cramp. Although Holland was a late inclusion in the side he won one of the two rubbers which came our way.

As there is keenness already being shown we have high hopes of winning the House cup again.

SCHOOL

1954.—Despite a reasonably good third term in the sports field, we were unable to maintain our previous position in the House Competition and we congratulate Cotton on coming first. We have excelled, however, in many spheres within the Boarding House and feel that we have spent our time successfully in more ways than one.

In the House Regatta our junior crew came third and the senior crew, Haeusler, Crawford, Rob. Greenslade and Phil. Martin did well to row second to Waterhouse, and as a result School finished second.

We were successful against Bayly in the first round of the House cricket matches but the final saw us fail by six runs against Cotton's

speed attack, though not before Silver and J. C. Greenslade had openly defied the bowling in a daring last wicket stand. We also came second to Cotton in the junior competition through a combined effort. We congratulate Hurn and Chapman (12th) on their inclusion in the Intercoll. side, and particularly the former for making top score for P.A.C. in each innings.

School work proved a weakness in spite of the efforts of J. C. Greenslade, Morris, Tremlett, J. D. Smyth and Murdock, who topped their forms for the year.

The first of the competitions within the house was the billiards ladder which was won by Graeme Silver. Max Williams won the senior table tennis from J. Copley for the second time in succession, while Lyndon Longmire took the junior title. The tennis tournaments were run without a hitch, thanks to efficient organization and appropriate handicapping by the committee and Mr. Luke, who supplied the tennis balls. Dene Rundle won from Max Williams, and Kitto and K. S. Kelly combined well to win the doubles from Henderson and G. Martin.

The success of the Junior Boarders' Party is to be attributed partly to our orchestra, comprising Angel, Polkinghorne, Firth and Henderson. Their contributions were appreciated by all and their fine performances at this and other functions during the term reflected their enthusiasm and the hours of practice which they spent.

Under Mr. Peard's supervision, a carol service was introduced on the last Monday night of the school year, and with the juniors leading the singing, proved very successful. It should become an annual function in the boarders' life in the future. Mrs. Peard and her helpers were responsible for preparing the backdrop and window decorations, and these added dignity and colour to the scene.

Thus ended a profitable year within the House. In our New Year resolutions we have determined not only to maintain this aspect of our life but to leave our mark in the House Competition for 1955.

1955.—Firstly, we welcome all new boys and trust that they have now settled into our communal way of life. With five House Prefects from last year back and swelled numbers in the seniors, we look forward confidently to a successful year. In contrast to the usual two or three in Leaving Honours forms we have this year fourteen, and so, with this added strength, we already loom as a threat to the day-boy Houses.

Congratulations to those who were appointed House Prefects, and particularly to Garth Brown on his appointment as Head of the House and a School Prefect. We also congratu-

late Brown on his inclusion in the Intercoll. tennis team as a reserve.

At the beginning of the term Mrs. Martin-Smith was forced to leave her duties in the sick-room, and her presence will be missed by all who knew her. We welcome Miss Quail who replaces Mrs. Smith and trust that she will be happy with us.

With an already firm grip on the Athletics standards, School House 1955 now intends to win everything within its reach, and we hope that, by the next edition, we shall be well on the way towards ultimate victory in the House Competition.

WATERHOUSE

1954.—A poor third term in sport left Waterhouse far behind Cotton and Bayly on the House Shield premiership table. We were not disgraced, however, in coming third. We dominated the school-work and house rowing; in doing so we drew very close to the two leading houses but were a little too far behind to overhaul them. We are once again proud to note that most of our house points were won by enthusiasm, rather than by superiority in the various school activities.

We have been fortunate in having two very keen and energetic house masters, Mr. Kurtz and Mr. Coombes, and we should like to thank them for their guidance and help throughout the year.

We congratulate Walker, Branson and Stewart on their inclusion in the Intercoll. cricket side and thank them for the help which they gave on the Waterhouse committee.

1955.—Early in the first term, after the new boys had been allotted to their houses, a meeting was held and the following were elected to the Waterhouse Committee: Lemon, as Captain of the House, Walker, Richardson, Branson, Nettelbeck and Gniel. Our congratulations go to Lemon for being the only Waterhouse boy elected to the office of a prefect.

Nettelbeck and Lemon were promoted to Under-Officers and our chances of gaining the Cadet Shield this year look very promising.

Although we are once again weak in the senior division, we have some strong juniors and are depending upon them a good deal this year.

It is up to each boy in the House to do his share of the work and, with plenty of house spirit, we have an excellent chance of winning the House Shield this year. So go to it lads!

Waterhouse have a good chance of winning the house tennis this year. We congratulate Lemon on his election as Captain of the Intercoll. Tennis team and Gniel upon his inclusion.

Prefects' Palaver

1954.—The year ended on a somewhat quieter note as prefects settled down to hard work and play. The results were well reflected in the honours lists and on the cricket field. In the Intercoll. we saw Rod. Wicks, Bill Lathlean, and Bob Pearlman, a formidable trio, performing with distinction; and the prefects also managed to collect six Leaving Honours credits between them. The Red and White was a great social success, and even the non-cricketers managed to score well.

1955.—The prefects have begun their year's office by inflicting dire punishments for such malicious acts as dropping of paper, pelting with peel and the bombing of unsuspecting souls with water projectiles. It is hoped our all-out efforts are not in vain.

It seems that this year the prefects will be represented in every phase of the School's activities—school work not excepted. Max Lemon will lead the tennis and Humble has been appointed Captain of Boats. Congratulations to Gallasch for his place in the Eight, and to Holland and Brown (reserve) for their inclusion in the tennis. We have a number of representatives in the cricket—Pearlman (Captain), Lathlean, Jenkin and Ducker, a quartette who, all hope, will harmonize to good effect.

As far as cadets are concerned, we have two budding generals in our midst; one, we have no doubt, will squeeze the most out of his platoon.

With the school athletics nearly upon us, we sincerely hope that our faster members will qualify for inclusion in the Intercoll. team on the last Tuesday of term.

The following is a word picture of this year's prefects:

A is for Alex. the pride of us all,
If he don't break his leg he's in the football.
B is for Brown the boarders' big boss
A long-suffering fellow who seldom gets cross.
D is for Ducker, a lad of few loves,
But perfectly happy when wearing the gloves.
G for Gallasch who rows in the eight
Keep your eyes off the bank and the boat'll
run straight.

H is for Holland a studious type,
When he sits for exams. he never writes tripe.

H is for Humble, the Captain of Boats,
In this proud position he quietly gloats.

J is for Jeffery of the second eleven,
He's one of the finest debaters we've had.

J is for Jenkin, that literary lad
He's one of the finest debators we've had.

L is for Lemon the Captain of Tennis,
His cannon ball service may yet prove a menace.

P is for Pearlman our pet Protozoa
Try as he will he can't sing any lower.

S is for Symons. My how he swots!
When they handed out brains, he got lots and
lots.

L is for Lathlean, whose poems won't scan,
Because he tries to get as many words in the
last line as he possibly can.

Scout Notes

The third term of 1954 completed a successful and enjoyable year of Scouting. With regret we say goodbye to many who have been members of the group for five or more years and we are hoping to form a Guild of Old Scouts shortly so that they will not lose touch with the Group. Mr. J. M. Tregenza left us at the end of the year and we thank him for his help.

During the year our new boat was rigged and equipped, and a launching ceremony was planned for Friday, 22nd October at 6 p.m. We were delighted that Mrs. C. J. Perry should name the boat "Sea Prince II." In spite of a stormy evening, a large group of parents and friends gathered at the Yacht Squadron for the occasion and afterwards enjoyed the excellent buffet tea provided by the mothers.

On 5th November another highly successful jumble sale was held at the Kent Town Church Hall and we are very grateful to all mothers and in particular to Mrs. Jeffery and Mrs. Adams for their efforts.

The Scout Party held on the last Friday night of the year was once more a happy and gay event, and we are grateful to our parents for providing such a splendid supper.

A re-union of those who had gone on the Flinders Hike was held at the home of Mr. and Mrs. J. H. Evins, on 1st October, and we were delighted to see the splendid collection of kodachrome slides taken by M. P. McBride.

The new year has brought with it many newcomers to Scouting and once more we regret that we are unable to take some who wish to join. The Seniors (the 3rds) and the Sea Scouts (the 2nds) are now working on the policy of accepting only entrants who have already had Scouting experience and who have passed their second-class tests. Both troops have expanded up to their maximum strength of twenty-four.

We congratulate P. R. Gallasch on being awarded his Queen Scout Badge and S. D. Clark on winning his Scout cord.

SENIORS

The year started well for Senior Scouts, the troop being twenty-four strong and with three out of the four P.Ls from 1954 back at School. They are G. C. Kelly (Sir Joseph Banks Patrol), B. H. Kelly (Edward John Eyre Patrol) and A. Jeffery, who has been made a Rover. The other two patrols are under the leadership of R. A. Denton (Burke and Wills Patrol) and J. W. M. Lawton (Col. William Light Patrol).

The first activity for 1955 was the investiture hike. On a Friday night early in the term we hiked up to the N.F.C. Hostel near the Mount Lofty Summit. We rose before dawn next morning and held the ceremony at dawn on the Summit. Kelly, G. C., Kelly, B. H., Lawton and Jeffery "scaled" the obelisk before the party returned for breakfast. After an interesting tour of "St. Michael's" the party returned.

Wednesday morning meetings have been divided into troop meetings and patrol meetings. The patrol stunts being attempted are exercises in mapping, pioneering, and signalling, while the main project in troop meetings has been the instruction in judo and first class tests.

Preparations are being made for a trip to the caves at Curramulka over Easter. This is an entirely new kind of adventure for our scouts.

The contrast provided by our investiture week-end at Mount Lofty and our subterranean venture at Curramulka proves that the troop is living up to the Senior Scouts motto, "Look Wide."
—A.J.

SEA SCOUTS

This year we began with four patrols, the Robert Falcon Scott, Captain James Cook, Matthew Flinders and the Sir Francis Drake Patrols. The Patrol Leaders for these patrols are respectively P. W. Munt, K. R. Smith, F. B. Thomson and R. R. Oaten, while P. R. Gallasch and A. D. Colliver are rovers attached to the troop and M. C. R. Cane is Troop Leader.

In the annual regatta for Sea Scouts we entered crews in both the Senior and Junior events. They were both successful, the Juniors winning the Wongala Shield for the second time in three years and the Seniors the Carr Shield.

With the "Sea Prince II" in action we have been down sailing regularly throughout the season and, although the boat has capsized on two occasions, the standard of our sailing has improved. At Easter a patrol will be going on a sailing camp; the other patrols will go on the same trip on the Anzac Day weekend.

We thank John Hoepner and Tony Colliver for giving up so much spare time to go sailing and for the interest they have shown in us.

Wednesday morning meetings have been divided into troop meetings and patrol stunts.

—R.R.O.

LAND SCOUTS

Last year ended very successfully for the troop. A Field Day was held in the form of an inter-patrol cycle trial and we congratulate the Magpie Patrol under S. D. Clark on winning both the Field Day and the Abotomey Cup.

Christmas Camp was held at Glenalta (near Mount Lofty) the property of Mr. Henry Rymill. It was an excellent camp, with a very fine dam for swimming. During the camp we hiked to the shack at Mylor, stayed the night, and returned the following day. It was a most enjoyable camp.

This year we have started with many new recruits and an enthusiasm for test passing. A P.Ls afternoon was held at Grange recently when patrol activities were discussed.

The Easter Camp this year is to be held at Kenton Valley near Gumeracha, and we look forward to an excellent camp.
—P.J.W.

Cadet Notes

The annual Ceremonial Parade was held near the end of the third term when G.O.C. Major General Wilson took the salute. After complimenting the unit on its drill and steadiness, Major General Wilson presented Cadet Wilson with his badge for being the best shot in the unit. The good showing made by the unit reflects very highly the keenness and enthusiasm of Captain Johnston and Captain Laurie.

In January, N.C.O., Specialist and Potential Under-Officers camps were held at Warradale. With the exception of the senior N.C.O. course, these camps were well attended by P.A.C. cadets, and all those who attended them became keener and more efficient.

In 1955 we are having two companies instead

of one. Captain Johnston is again our Unit Commander, with Captain Laurie and Lieutenant Shinkfield Commanders of "A" and "B" companies respectively. The anti-tank section had been abolished, and a medical section has been introduced into the Specialist Platoons instead.

The major event for the cadets in the first term was the guard for His Excellency the Governor, who kindly consented to unveil the foundation stone of the Memorial Building. This was most successful and His Excellency congratulated all those who took part in it.

Finally we should like to thank our A.R.A. instructor, W.O.2 Tothill, who sets us such a fine example of keenness and efficiency.

Club Activities

DRAMATIC SOCIETY

Mr. Turnbull's dramatic group will this year be performing in the school concert a one-act play entitled, "The Ghost of Green Mansion." This is a modern comedy in three scenes, which portrays the difficulties that four university professors get in when they try to hold their weekly card games in an old abandoned mansion, far away from their wives. With a group of 28, considerably larger than last year's, there are plenty of players available for two casts. Rehearsals will be under way soon, and it is hoped that this play will be as successful as last year's "The Invisible Duke."

SCIENCE CLUB

This club does a good service to the school in repairing the apparatus for science experiments, under the capable leadership of Mr. Smith and Mr. Bowen. In addition some members of the club make "ingenious mechanical devices" new to the school labs., some of which have already proved their usefulness.

We should like to thank the masters-in-charge for the help and guidance they give.

M. J. S.

STAMP CLUB

The Club's membership is again around the twenty mark. The members are an enthusiastic group, and this promises to be a very good year. The club has given each member stamps to the value of 1/3 from the latest Nauru issue. These stamps are on sale at the G.P.O. Philatelic Bureau at face value. We have held one quiz, and more are planned for the future. We want to thank Mr. Glancey for ordering twelve issues of Stanley Gibbon's Stamp Monthly which is said to be the best obtainable in Australia. Finally we should like to thank Mr. Glancey for his assistance and co-operation so far this year.

M. J. E.

SENIOR DEBATING GROUP

Third Term, 1954

The nature of the debating and speeches during this term tended to become less serious. We had three debates, the subjects being; (1) "The River Torrens should be paved for the convenience of crabs," (2) "All is not fair in love and war," and (3) "The pen is no longer mightier than the sword." The last debate was actually the challenge house debate between Waterhouse and Cotton.

We had three meetings taken up by speeches, one lot being prepared and the remaining two impromptu. One discussion meeting was held, typical subjects being; "Should the Red and White be held earlier?" "Who will win the 'ashes'?" "Should crew cuts be made compulsory?"

The 'mass debate' was something differing from the usual, the house being divided into

two teams, debating on the subject, "Should boys under 18 go out with girls?" Considerable enjoyment was gained from this.

The term's work has been enjoyed by all, and we feel that it has greatly added to the experience gained throughout the year, which has been a most successful one. Our sincere thanks go to Mr. Dennis for his great help to the club in advising the members on their speaking.

First Term, 1955

As is usual, the opening meeting for the year was taken up by the election of officers, the following being successful:

President, R. G. Pearlman; Vice-President, J. G. Jenkin; Secretary, A. J. C. Holland; Minute Secretary, A. Jeffery, Committeeman, A. J. S. Corbet.

The remainder of the meeting was filled out with impromptu speeches.

For our second meeting we had some of the members prepare speeches. The subjects varied from "Photography" and "St. Mary's Peak" to such subjects as "How to Get on With People."

The first debate for the year was planned for the following meeting. The subject was a very fair one, "That Ignorance is Bliss." After a very even debate, Mr. Dennis had to make an over-all decision to the Con side.

A series of discussion planned for the next meetings contained such subjects as: "There have been two floods in Maitland in five years; should the inhabitants return?" and "Is the moon made of green cheese?"

The standard of these first meetings augurs well for the future.

A. J.

JUNIOR DEBATING GROUP

Third Term, 1954

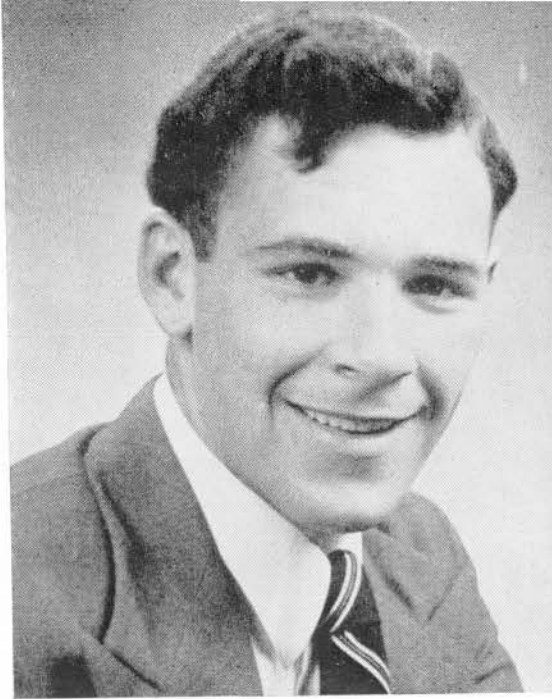

During this term we had a variety of prepared and impromptu speeches, a very popular topic among many of our members being sport. One debate, held towards the end of the year, was "Father Christmas should be banished for ever." Much to the delight of most members, the Con side finally won the day. An analysis of our faults and habits while speaking was given by Mr. Potts, and we are sure this has greatly improved our delivery.

First Term, 1955

As only a very small number of boys joined the society from the fourth and lower fifth forms, all the boys from Intermediate forms, although eligible for Senior Debating, were recalled to swell our numbers. The first meeting was devoted to the election of a committee and other details. Those elected were Shuttleworth, Thomson, Carr, Pearlman and Rogers, and Rogers was also appointed Minute Secretary. In our next meeting, discussion on various items took place. The current subject of "Tangled Towns," a competition being run

GEOLOGY CLUB

This year's Geology Hobby Club, under the helpful leadership of Mr. Provis, has now settled down completely into its stride, and a moderate amount of useful work has already been put into it.

During each hobby period the members of the club are occupied either in sorting and classifying specimens or else in indexing them in the files.

The show-cases have recently been cleaned out and completely rearranged. Two show-cases have been devoted to minerals, another to igneous and metamorphic rocks and the fourth to fossils. A collection of fossils is at present being indexed and will be a valuable aid to those studying the subject.

R. L. B.

RADIO CLUB

This club, although started only recently, has already many keen enthusiasts. Much of the time is devoted to keeping in order the physics equipment, and Mr. Smith is to be thanked for his keen interest.

Other boys towards the end of last year devoted their time to building amplifiers and servicing receivers. Mr. Bowen, an amateur radio enthusiast himself, is to be thanked for his unending help in this field. Last year many additions were made to the club in the way of lighting and tools. Two receivers are now working in the room.

C. G. L.

MODEL AERO CLUB

1955 has given a new master to the club. Mr. Forsyth has shown much interest and the club got into the way of things early in the year.

Many boys have successfully flown model aeroplanes under the guidance of one of the more experienced modellers. This year many new boys have entered the club and at the moment are showing much enthusiasm.

The younger boys have started by building rubber-powered planes and are gradually working their way up to the engine-powered ones. Later in the year we hope to run several contests in the hope that the smaller boys will gain much more experience.

R. J. B.

LEATHERWORK

The two committees for the Leatherwork Clubs for this year are: F. D. Crawford, P. F. Blieschke, J. M. Rowland, G. F. Lynn, P. C. Freburg, I. G. Bassham.

The clubs are looking forward to a very successful year and already some members are showing promise.

The Clubs are again in charge of Mr. Steele and Mr. Duff.

CHOIR NOTES

Third Term, 1954

In the third term of the year the choir settled down to learn two new anthems and carols for the end-of-year service at Kent Town. As an introit we sang "Rejoice in the Lord," followed later by the anthem "Awake my soul." As usual the preparatory choir assisted us in these and in the carol, "Masters in this Hall."

First Term, 1955

This year we began by learning "All in an April Evening" and an Easter carol for the Rev. C. J. Perry's farewell service on April 3.

We are now learning some pieces of "Trial by Jury" which is to be presented at this year's School Concert. Our thanks go to Mr. May for his unceasing efforts in the running of the choir, which is augmented this year by several sixth-upper and other senior boys.

C. W. N.

PHOTOGRAPHY NOTES

This year we have a large, enthusiastic class of amateur photographers. As in previous years, we are having lectures given by Mr. White, a lecturer from Kodak. Up to date we have had talks on loading the film into the camera, best positions in which to hold the camera, the choosing of correct background, and the use of different films.

In one lecture, Mr. White explained the different films and filters. We were told that Super XX had an emulsion which required only a half of the exposure of Verichrome. We learned that, while Verichrome was not sensitive to red, and over-sensitive to blue, Super XX gave the correct values of all the colours in terms of black and white, and that chrome films have a much larger grain than do panchromatic films. We were told that a yellow filter gives photos a good cloud effect and to a certain degree a penetration of haze.

The class has been very attentive and I am sure the club can look forward to a very successful year.

B. D. F.

ENGINEERING CLUB

The first term of the club's activities this year began with the inevitable lectures on the basic principles of the piston engine. Our thanks go to Mr. Bennett and other masters of the staff who were kind enough to permit an inspection of their vehicles.

So far, little practical work has been undertaken because of an absence of machinery upon which to operate. For the benefit of Mr. Mut-

ton we may say that there is particular interest in the internal mechanisms of a certain blue sedan.

After such a successful first term, we hold high hopes for the future of this newly-organised club.

A. J. O. D.

ART CLUB

The Art Club was away to a good start this year, once again under the supervision of Mr. Laurie, who for the past few years has proved an interesting leader to this hobby group. The club this year has twenty-five members and a committee of five was elected at the first meeting. Art Club contributions for the Chronicle were contributed by the more advanced members of the club, including Branson of VIB with his drawing of the Masters v. First XI cricket match. Great enthusiasm has been shown in the painting of designs on silk scarves, the scarves when completed making a beautiful gift for one's acquaintances.

The interest amongst individual members promises another successful year to this prominent and beneficial club.

P. S. C.

LINO-CUTTING CLUB

This club has taken the place of the arts and crafts club this year, and we are greatly indebted to Mr. Peard, who has spent much of his valuable time in organizing this club. We should also like to thank Mrs. Peard for the interesting and explanatory talk she gave us about lino-cutting. We have only twelve members, and most of them are planning to stamp roosters, fish or penguins on ties, which they are preparing for when they leave school.

E. J. W.

CHESS CLUB—1955

The first three lessons this year were devoted to teaching the beginners the fundamental rules of the game. These lessons organized and given by Mr. Kurtz helped all members of the club to enlarge their knowledge about the game. The next few lessons were used for playing games amongst ourselves and so putting into practice what we had learnt during the previous weeks.

On behalf of the other members of the club, I should thank Mr. Kurtz for his untiring efforts in teaching us the main points of the game and for his help during our games.

D. R. B.

CLAY MODELLING, 1955

The Clay-modelling Club, under the management of Mr. Mutton, had a good start this year. The club consists of twenty-four boys who are at present making a variety of models such as vases, decorated tiles, and sprigs of leaves. We hope to make more advanced models later in the year; in the first term we mainly make only simple models and endeavour to get as much experience in the art of clay-modelling as we can. As can be expected the members of the club are enthusiastic and interested in this new hobby, and owe much of their success to Mr. Mutton's helpful comments and the interest he has taken in the club.

It was decided that each boy should subscribe a small amount of money which would be used in buying books on the subject and stocks of clay; thus we are providing for future generations of clay-modellers as well as ourselves.

CRICKET NOTES

I think it can fairly be said that cricket in the School is still booming. The number attending practices has been well maintained and the standard of under age teams particularly is still improving. The First Eleven has had a good year, in spite of losing the intercollegiate match, and finished the school year very close to the "four" in District "B" Grade, a very creditable performance.

The School owes a tremendous debt of gratitude to those masters who have given so freely of their time to coaching of School teams. We were very fortunate to have Mr. F. C. Bennett rejoin the staff this year, and he has shown already that his influence is going to be felt in School cricket here. Unfortunately we are to lose Mr. W. L. Davies, who has been unsparing in his efforts over a very long period to improve the standard of cricket at P.A.C. For many years he was Cricket Master at the School, and also coached the First XI for several seasons. We shall miss him very much and would take this opportunity of wishing him well in the future.

The condition of the School ovals and wickets still leaves very much to be desired, in spite of the efforts of our groundsman. The campaign to eradicate the paspalum weed has had rather disastrous effects on the levels of playing surfaces and the cover of grass, but it is hoped that this will be remedied in the near future.

The thanks of the School are due to the group of boys, under the leadership of McLachlan, who are responsible for distributing sports gear. They have performed an unenviable task exceptionally well.

Others deserving of congratulations are those boys whose service to cricket is limited to looking after the lower grade teams. In this respect the Third XI was particularly fortunate this year to be captained by Jeffery, whose keenness and enthusiasm must have been an inspiration.

In conclusion, we should like to wish those who have left a most successful cricketing future, and those returning a happy and successful season.

INTERCOLLEGIATE CRICKET

Tuesday

Wicks won the toss and decided to bat under perfect cricketing conditions. Our opening pair, Branson and Wicks, began confidently until Branson played over a "yorker" from Irwin and was bowled. Shortly after Pearlman joined Wicks, McLachlan came on and in his third over brilliantly caught and bowled Wicks who had batted well for his 18 runs. Pearlman quickly followed Wicks, being bowled around his legs. Stewart joined Rogers and was soon dismissed, stumped by Swift off

McLachlan's bowling. Rogers, after having batted solidly, was dismissed soon after Ducker came to the crease. With the score at 5 for 47 Princes were in a shaky position. Saints' bowlers were now on top and Burnell obtained his first wicket, leaving Ducker stranded well down the wicket. Hurn joined Walker and this pair, gradually taking command of the bowling, added 36 badly needed runs. Walker, slow in response to Hurn's call, was run out for a well compiled 30. Lathlean and Hurn became associated in a partnership in which the two left-handers upset the Saints attack, adding 36 to a score which was slowly mounting. Hurn's excellent 35 was the top score of the innings. Lathlean was dismissed, stumped Swift, bowled McLachlan, after a solid 19, and Jenkin and Corbet were not out at tea. This pair continued for a short time after the break until Jenkin was dismissed for a useful 16. Congratulations to McLachlan on his fine bowling performance (7 for 66), and to Swift for his six stumpings.

Princes, with 173 on the board, took the field full of determination. Corbet, our "lanky" opening bowler, was immediately successful, having Helier caught at backward point by Hurn. In his third over Ducker caught Moorehouse, and Lahey joined McLachlan. The Corbet-Ducker combination again triumphed when the Saints' captain was dismissed for nine. Hurn relieved Lathlean, and in Corbet's next over Chapman, sub-fielding for Hurn who had hurt his back, dropped Swift at first slip, but in the same over Lahey was caught for 5. Walker bowled the last over, and at stumps Saints were 4 for 62.

Wednesday

In Walker's third over, Brimage was caught behind and Upton joined Swift. The latter was bowled when he did not attempt to play a beautiful in-swing from Corbet, and the score was 6 for 63. Princes' bowlers were on top as Corbet claimed his sixth victim, Ducker catching Upton for 0. McKirdy, the next batsman, swung lustily and achieved a little success until he was bowled by Jenkin's first intercollegiate ball. Irwin batted solidly until he was bowled by a yorker, Lathlean's favourite ball. The same bowler dismissed Muecke who was batting well, and Saints were all out for 137, 36 runs behind our first innings total. Corbet's 6 for 50 and Ducker's four catches were the features of the innings as far as P.A.C. was concerned.

Wicks and Branson again opened confidently for Princes, Branson eventually being trapped in front by an in-swing from Irwin. Much to everyone's surprise Jenkin came in at number three, and after a 28-run partnership Wicks was once again brilliantly caught and bowled by the Saints' skipper. Pearlman joined Jenkin and this pair added 20, Pearlman being

again bowled around his legs. Jenkin was next to be dismissed, having compiled a slow but very useful 26. Stewart was quickly dismissed, caught close in by Muecke for 0, as was Rogers who had made a characteristically solid 20. Walker and Ducker batted to tea. Soon after this interval Ducker was caught. Walker and Hurn once again batted intelligently and well, and were together at stumps, the score being 7 for 122.

Thursday

After the two "night-watchmen" had continued their partnership to good effect, Walker was dismissed for an excellent 31. The two left-handers, Lathlean and Hurn, once again upset the St. Peter's bowlers and were associated in what appeared to be a match-winning partnership, compiling a brilliant 73 runs. Lathlean then saw Hurn (43) and Corbet quickly dismissed, while he himself remained not out for 32. Princes had made 208 and were 244 runs ahead.

Once again the Saints' openers were quickly dismissed, Helier, Moorehouse and Muecke falling in quick succession to our openers. Irwin and McLachlan then added an extremely valuable 70 runs, Irwin eventually being dismissed, caught and bowled by Walker. Swift joined McLachlan and was dismissed by Lathlean, having made 21. In attempting to hook Corbet McLachlan was almost dismissed, Jenkin just failing to reach a difficult chance. Lahey was well caught by Lathlean from Jenkin's bowling and Saints were 6 for 175. Meanwhile, McLachlan was batting extremely well and just before stumps he reached the goal of every Intercoll. batsman—a century. Thus, at stumps, Saints were 6 for 197, McLachlan and Brimage being the not out batsmen.

Friday Afternoon

McLachlan continued his run-getting, while Brimage defended stoutly. Corbet's lion-hearted efforts were rewarded when Ducker took a brilliant, diving, leg-side catch to dismiss Brimage. Upton joined McLachlan, and after Ducker had missed the new batsman, McLachlan made the necessary runs and Saints had won the Intercoll. The game was most interesting and fortunes fluctuated wildly throughout.

Congratulations to McLachlan on a fine win and a brilliant 142 not out.

Critique of First Eleven 1954

Wicks, R. H. (captain)—An excellent right-hand opening bat, capable of forcing the pace when necessary, but must learn to fight harder when the bowling is on top. Has captained the side thoughtfully and well.

Lathlean, W. B. (vice-captain)—An excellent all-rounder with the capacity of rising to a big occasion. A very good team man who sets a great example of keenness and perseverance to the rest of the side. Splendid Intercoll. performance.

Pearlman, R. G.—A very good right-hand bat who has played some excellent innings this year. A sound field and useful change bowler. His century against Glenelg was worthy of a much more experienced player. Won the batting prize for the year.

Walker, B. G.—A most promising leg-spin bowler who with hard practice should have an excellent future. A fair right-hand batsman who should do well in future seasons when co-ordination is better. Fielding very good.

Ducker, M. E.—A brilliant wicket-keeper who has given some excellent performances this year. His form with the bat has been very inconsistent and he must work hard to overcome his faults, particularly that of playing too far away from his feet.

Rogers, J. N.—A very steady bat and useful change bowler who has given good service as an all-rounder this year. Is still a little hesitant in running between the wickets. Sets a very good example to the rest of the team in determination.

Corbet, R. H.—A promising fast bowler who has made good progress during the year, but still lacks adequate control at times. Is to be congratulated on a fine Intercoll. performance. The number 11 batsman, but is capable of better things. Takes an occasional brilliant catch, surprising everyone!

Stewart, P. R.—A diminutive right-hand bat who is at his best when in aggressive mood, but who failed rather disappointingly in the Intercoll. A very fast boundary fieldsman.

Jenkin, J. G.—Left-arm bowler who has not yet attained sufficient accuracy, but on his day has performed well. Relished a lift in the batting order in the Intercoll. and rose to the occasion very well. Reliable field.

Hurn, B. M.—A promising all-rounder who forced his way into the team during the last term and made top score in both innings of the Intercoll. Must learn to move his feet to every ball, and play close to the body.

Branson, I. R.—Opening bat. Promoted into the team just before the Intercoll. for a very fine performance in "B" grade. Must play close to the ball at all times. Should do well next year.

Chapman, G. R. (12th)—A very solid opening bat whose form lapsed at the wrong time last year. Gave the side some very good starts at times when the clock was more important than runs on the board. Weak field, but tried very hard.

**RESULTS AND REPORTS OF TEAMS
THIRD TERM, 1954
FIRST XI**

October 9 and 16—P.A.C. v. Port Adelaide "B"

Wicks, our captain, won the toss and decided to bat. We made 119, Rogers batting very solidly for 54. In Port Adelaide's first innings Walker bowled extremely well to take 6 for 38, but they made 128, and so had won on the first innings. In the time that remained we compiled 9 for 214, due to two excellent knocks by Pearlman (80) and Ducker (48).

Port Adelaide 128 (Walker 6 for 38).
P.A.C. 119 (Rogers 54) and 214 (Pearlman 80, Ducker 48).

October 11—P.A.C. v. Junior Colts

This was an all day match in which Walker again bowled extremely well to take 7 for 48, Junior Colts making 99. We batted well and declared at 6 for 183, Wicks having made a very good 76, characterised by powerful cover-driving, and Pearlman 39 not out. Junior Colts batted much better in their second innings to be 2 for 109 at stumps.

P.A.C. 6 for 183 (Wicks 76, Pearlman 39).
Junior Colts 99 (Walker 7 for 48 and 2 for 109).

October 23 and 30—P.A.C. v. Prospect "B"

Everyone batted steadily in our first innings (seven reached double figures) and we made 182, Ducker 52 being the top scorer. Prospect were 0 for 30 at stumps, but the next Saturday was wet and play was abandoned.

P.A.C. 182 (Ducker 52).
Prospect 0 for 30.

November 13 and 20—P.A.C. v. Sturt "B"

We won this match, making 148, while Sturt could only manage 109. Rogers again batted solidly and well to make 63. Jenkin and Corbet each took 3 wickets in Sturt's innings. We made 125 in our second innings, Pearlman 37. Sturt were 1 for 22 at stumps.

P.A.C. 148 (Rogers 63) and 125 (Pearlman 37).
Sturt 109 (Jenkin 3 for 37, Corbet 3 for 38).

November 27 and December 4—P.A.C. v. Glenelg "B"

This was the most exciting match of the year. Under very trying conditions Glenelg made 8 for 248 declared on the first day, the bowling honours being shared between Corbet, Jenkin and Rogers. The following Saturday Pearlman and Branson figured in a century partnership for the third wicket, the latter being dismissed for an excellent 53. Pearlman continued to bat well and had valuable partnerships with Walker and Jenkin. With five minutes to go Corbet, the last batsman, came

in and at stumps we were 9 for 240, eight runs short of Glenelg's score. Pearlman finished with a brilliant 114 not out.

P.A.C. 9 for 240 (Pearlman 114, Branson 53).
Glenelg 8 for 248 declared (Corbet 2 for 33).

Second XI

The team was unlucky to have lost two of its matches very narrowly, and to have tied another. The batting and bowling was even, Simpson, Wundke, Giffen, Trenorden and Watson making most of the runs. There were many fast bowlers in the side, Gibbs, Glastonbury, Silver, Wundke, Giffen and Crawford all doing quite well. Smyth and Simpson did a little slow bowling. The fielding was spasmodic, but at times Cameron and Young fielded splendidly.

We are indebted to Mr. Davies for his keenness and helpful advice throughout the season. We regret that his service has now terminated with his retirement from the staff.

D. J. Watson, Capt.

P.A.C. 157 (Wundke 42, Crawford 34) and 6 for 150 (Trenorden 58, Wundke 54), tied with Pulteney Grammar School First XI (Wundke 4 for 50, Glastonbury 2 for 20, Giffen 2 for 25).

P.A.C. 102 (Silver 33, Giffen 29), lost to S.P.S.C. Second XI 111 (Smyth 3 for 34, Giffen 2 for 20).

P.A.C. Second XI 5 for 147 (Watson 74, Simpson 57), lost to P.A.C. Under 16 4 for 168 (Wundke 2 for 25, Gibbs 2 for 50).

P.A.C. 147, (Watson 46, Giffen 20) and 7 for 69 (Simpson 34), defeated C.B.C. First XI 96 (Gibbs 4 for 54, Simpson 2 for 2).

Third XI

Captain—A. Jeffery

The Third XI had a fairly successful season, playing four matches, of which two were won, one was drawn, and one lost.

The results were as follows:

P.A.C. 8 for 102 (Stewart 51), defeated Immanuel Firsts 101.

P.A.C. 69 (Lewis 28) and 99 (Heaslip 53), lost to Concordia 134 (Jeffery 3 for 6), and 102 (Skeer 5 for 35).

P.A.C. 85 v. Marist Bros. Firsts. Match unfinished owing to rain.

P.A.C. 7 for 68, defeated Saints III 58.

Our thanks go to Mr. Leak for valuable assistance throughout the term.

Under 15 Group

Although possibly not quite as strong as last year, this year's Under 15 group nevertheless has been able to field two very successful teams. The Red team, with "Joe" Heaslip as captain, consisted mainly of boarders, and the White team, with Rex Pearlman as captain, was made up entirely of day boys.

Both teams were successful in winning more matches than they lost, and a number of players showed excellent promise. Hurn eventually won a place in the First XI, and did well in the Intercollegiate match. Other players with good performances to their credit include Perriam, Clarkson, Doley, Pearlman, Woolcock, Mitchell and Koch. North also has batted and

bowled well, without quite coming up to expectations.

Trophies were won by Perriam (batting) and Mitchell (bowling). The teams were coached by Mr. R. T. Smith and Mr. F. C. Bennett.

Under 14 A

The U14 "A" had a fair season, beating C.B.C. and Immanuel College by a great margin and Adelaide High by 1 run, but losing to S.H.C., U.H.S., and Saints, and drawing with Woodville High School.

Todd, Woodcock and Carr all batted well at times, with Blight and Hopkins the best of the bowlers.

We would all like to thank Mr. Provis very much for his valuable coaching and general interest in the team.

Under 13 A

The team had a very successful season, losing only two matches out of the 18 played. There were two prizes presented at the conclusion of the year. One was won by Hill being best with the bat, and Paul with the ball. We had two good victories over St. Peters, each being very close indeed.

We would like to extend our very hearty thanks to Mr. Bennett for his excellent advice and taking such an interest in the team.

RESULTS AND REPORTS OF TEAMS

1955

FIRST XI

January 22 and 29—P.A.C. v. East Torrens "B"

P.A.C. batted first and made 104. Wicks (33) being the best in a weakened side's good effort. East Torrens replied with 9 for 182 declared, Rogers taking 4 for 39 with consistent bowling. We were 4 for 84 at the close of the second day's play.

East Torrens 9 for 182 (Rogers 4 for 39).

P.A.C. 104 (Wicks 33) and 4 for 84 (Rogers 26 n.o.).

February 5 and 12—P.A.C. v. West Torrens "B"

We again batted first, and after Branson had batted very well for 73, we were dismissed for 209. West Torrens, due to Lathlean's 4 for 40 and Rogers 4 for 27, were dismissed for 184, and we had won our first match for 1955. At stumps we were 5 for 57 in our second innings.

P.A.C. 209 (Branson 73) and 5 for 57.

West Torrens 184 (Rogers 4 for 27, Lathlean 4 for 40).

February 19 and 26—P.A.C. v. University

University declared at tea on the first day with a score of 9 for 101, Hurn bowling well to take 4 wickets; but we could only manage 92, Rogers being the only batsman to master the bowling. Corbet, now playing for University, took a hat trick and finished with 6 for 25. University only made 66 in their second

innings. Lathlean and Kitto taking 4 wickets each. P.A.C. needed 75 to win, but we were dismissed for 70, Lathlean being the only one who looked like giving us victory.

University 9 for 101 declared (Hurn 4 for 13) and 66 (Lathlean 4 for 25, Kitto 4 for 30).
P.A.C. 92 (Rogers 43 n.o.) and 70.

March 5 and 12—P.A.C. v. Kensington "B"

The team batted very well and declared at 8 for 296 at the end of the first day. Branson batted extremely well for 82, while Pearlman made his second brilliant century for the season (117). Kensington made 136 and 7 for 90, Hurn and Rogers each taking 3 wickets in the first innings, while Kitto and Lathlean were successful in the second.

Our near outright win augurs well for the future.

P.A.C. 8 for 296 declared (Pearlman 117, Branson 82).
Kensington 136 (Rogers 3 for 9, Hurn 3 for 20), and 7 for 90 (Kitto 2 for 15, Lathlean 2 for 21).

Second XI

As there are few vacancies in the Firsts this year, the Second XI is comparatively strong. Of the three matches played, one was won outright and two won on the first innings. Our captain was A. Jeffery.

The batting honours were shared between Nicholls and Trenorden. The former, with scores of 51, 43 and 23, has given exhibitions of sound batting, while displays of hard hitting have been given by Trenorden, with scores of 47, 23 not out and 23 to his credit. Chapman batted well on several occasions.

Our strength, however, lay in the bowling. The best spinner, Chapman, was most successful, taking 10 wickets for 80 runs. The opening bowlers, Gibbs and Nicholls, have bowled well, gaining 11 for 105 and 8 for 68 respectively. Slow bowlers Pitcher and Jeffery have also taken wickets. Trenorden has given a brilliant display of wicket-keeping, claiming 19 victims in four and a half innings.

RESULTS

P.A.C. 101 (Nicholls 23) and 8 for 87 declared (Trenorden 47, Chapman 20), defeated Marist Bros. I 86 (Chapman 3 for 20, Gibbs 3 for 24) and 80 (Chapman 4 for 9, Nicholls 3 for 6).
P.A.C. 123 (Nicholls 43, Trenorden 23) and 1 for 68 declared (Trenorden 24 n.o., Pitcher 23), defeated Sacred Heart II 64 (Nicholls 3 for 11) and 4 for 80 (Jeffery 2 for 17).
P.A.C. 8 for 149 (Nicholls 51, Chapman 40), defeated Rostrevor II 146 (Gibbs 5 for 35).

A. J.

Third XI

The Thirds did not have a very successful season, only winning one match out of the three played. Our most reliable batsmen were Vincent, May and Clark, while our most successful bowlers were Buckett, Deslandes and Firth.

In our final game against Immanuel, we won convincingly.

RESULTS

P.A.C. 85 (Deslandes 27), lost to Sacred Heart Seconds 8 for 142 (Walsh 3 for 36).
P.A.C. 100 (Clark 29) and 103 (Vincent 23), lost to Rostrevor Thirds 159 and 4 for 62 (Firth 2 for 7).
P.A.C. 6 for 238 (Firth 52, Clark 43, and Buckett 52 n.o.), defeated Immanuel Seconds outright 79 (Hyde 3 for 11) and 122 (Buckett 4 for 15).
D. W.

Under 16 A

The U16 "A's" have played three matches this season, one against Sacred Heart College Seconds, one against Saints Seconds and the last against Saints U16 "A's".

We lost our first match against S.H.C. Seconds, but redeemed ourselves by beating S.P.S.C. Seconds and S.P.S.C. U16 "A".

Mitchell, Koch and Heaslip have played a most prominent part in the bowling, while Clarkson, Doley and Mitchell have done well with the bat. Congratulations go to Pearlman, Corbet and North, as they all have played with the First XI this season.

With Heaslip captain and Koch vice-captain the team has gone along very well and everyone is quite pleased with their efforts.

In conclusion, we would all like to thank Mr. Coombes for his assistance to us as our cricket coach this year.

G. H.

Under 15 "Reds"

The U15 "Reds" started the season off very well by beating the S.A. State Schoolboys' side by 20 runs and beating Salesian School by an innings and 81 runs. We made 135 and they made 34 and 20, Blight taking 4 for 0 and 3 for 1 and Woodcock 5 for 4 in the first innings. We then met Saints at Saints and were sent in to bat on a wet wicket and were dismissed for 71. They batted and declared at 9 for 155 and tried for outright victory, but at stumps we had lost only 5 for 71.

We met Saints again in the following match, and they declared at the end of the first day at 8 for 163. After some slow scoring we passed their score in the last over and finished with 8 for 167. Hopkins with 43 not out batted very well, and he was well supported by Todd 36 and Woodcock 26.

We should all like to thank Mr. Bennett for his coaching this term, and the interest that he has shown in our cricket.

D. O.

Under 15 "Whites"

Because the team consisted mainly of boarders we only played two two-day games. We won the first match against Saint Ignatius College by 138 runs. This grand win was mainly due to an excellent 60 by Trestrail. Salesian College defeated us by 50 runs in the second match.

Our thanks go to Mr. Bennett for his interest and advice, which because of his wide knowledge of the game have been very helpful.

Under 14 A

This season the team, led by Hill, has started off very well, winning all four matches played. When we met Saints we had a very good win by the small margin of 3 runs. Paul was the most outstanding bowler of the day. He has bowled most consistently throughout the season and is a very hard trier. Our batsmen have been a little erratic, but all try very hard. Our best victory was over Unley High when we were all out for 62 and made a dashing start by getting 9 for 13, but thanks to the last wicket partnership they were all out for 32. Paul again bowled well.

The team would like to thank Mr. Provis for his very helpful advice, and for taking such an interest in the team.

Under 14 B

J. Richardson (captain)

During this season we have won one match, drawn one and lost two. The match against Saints was drawn with the scores 74 each. R. C. Smart was the mainstay of the team, scoring 25 not out and taking 4 wickets. R. Evans has been bowling extremely well also. The match against Immanuel was lost by 1 run. Richardson made 12 and Piper scored a dashing 35 not out, including a six. The next match, played during a boarders' exeat, was against Unley High School on the South Parklands. This match was lost by 16 runs. Richardson scored a useful 33, while Reschke helped with a good score of 18. The scores were, U.H.S. 96, P.A.C. 78. We won our first match against King's College by the narrow margin of 5 runs. Freburg top-scored with 17 and Saint got 4 useful wickets for 28 runs. These included their two best batsmen.

We, with the "A's", extend out hearty thanks to Mr. Provis for his advice and interest.

J. R.

Under 13 A

Donald Trowse was elected captain and John Causby vice-captain.

The series of matches played during this term were against Brighton High, Unley High, Enfield High and Sacred Heart College. In each match P.A.C. were successful. The team combined well and all players at some time proved their worth.

Best with the bat were J. Causby and D. Trowse. Causby's aggregate for three matches played was 135 runs, being retired twice, and his best score was 68 retired. D. Trowse's aggregate for four matches was 152 runs, retired three times, and best score 64 runs.

Our bowlers also did very well, best performances being registered by John Pearlman, 4 for 8 against Enfield High, and David Shearer 7 for 22 against Sacred Heart.

Special thanks to Mr. Smith for his guidance and coaching, as most of the success of our team can be attributed to the way he handled our players.

To Mr. Bennett we, as a team, say thank you for your assistance at practice.

D. D. T.

Under 13 "B"

At the beginning of the season J. A. Haslam was elected captain and J. D. Hains vice-captain.

Out of four matches played we were the victors on each occasion.

Humphris made the highest score this season with a very good 51 retired against Sacred Heart College. Hains bowled well in all matches to finish with 17 wickets at the cost of only 40 runs. Stock also bowled consistently in all matches.

We thank Mr. Smith, Mr. Bennett and Bob Pearlman for their helpful coaching.

J. A. H.

Athletics

The enthusiasm with which the School has attacked Athletics this year gives rise to hopes that we shall give a good account of ourselves. The School Sports, which will be written up for the next issue of the Chronicle, were a great success, and reflected great credit on Mr. Johnston's organization. The Athletics squad has been chosen for the Intercol. which will

be held on Tuesday, 3rd May, and although we are fully aware of the strength of the opposition, we are confident that Mr. Connell's efforts will get their just reward. A meeting of the Athletics Squad elected R. K. Kitto captain and P. G. Harris vice-captain for Athletics this year.

Rowing

THE HOUSE REGATTA, 1954

The House Regatta was held on 23rd October, in the middle of the third term. Once again School and Waterhouse House were well represented with Head-of-the-River rowers, while Bayly and Cotton Houses found it hard to find good senior crews. It was not long, however, before the two latter houses had found some willing beginners who were keen to see their house win, and as a result of this pleasing response two reasonably good junior crews were picked.

Waterhouse House were firm favourites for the Senior event, while either School or Waterhouse House was chosen to win the Junior event. The first heat was between Waterhouse and School House junior crews. These crews were evenly matched and provided some excitement when they dead-heated. They immediately rowed back to the start, and this time the steadier Waterhouse crew won by half a length. In the next heat Cotton and Bayly Junior crews rowed extremely well in view of the amount of rowing they had done, the latter crew winning by one and a half lengths. The third heat was between the evenly matched Bayly and School Senior crews. Both crews rowed well, but School were steadier and crossed the line three-quarters of a length in front. In the last heat, the strong Waterhouse crew rowed beautifully to defeat Cotton by two and a half lengths. The next race was between the losing Junior crews, School and Cotton. School rowed well to defeat Cotton by two and a half lengths. In the next race Bayly rowed well to defeat Cotton by two and a half lengths in the Seniors losers' final. In the final of the Junior event, Waterhouse rowed too strongly for a determined Bayly crew and won by one and a half lengths. Then, in the long-awaited final of the Senior event, Waterhouse showed their superiority as a rowing house in defeating School by a length and three-quarters.

Congratulations, Waterhouse House, on winning both the Senior and Junior events!

ROWING CAMP

As in the past, this year's rowing camp at Murray Bridge was most successful. Accommodation was provided by the Murray Bridge Yacht Club, situated on the river bank about a half a mile from the boat-shed.

Sixteen oarsmen and two coxswains made up the party which was accompanied by this year's coach of the "Eight," Dr. Basil Rennie. With such a large number, it was necessary to take up our own training eight, and a tub four. Murray Bridge supplied another "tub."

In direct contrast to last year, the weather was constantly fine, allowing us to do some

very useful training on the calm river. (The Murray's calmness must not be compared with that of the Torrens.)

Each day there were a morning and an afternoon outing, varying in length from about four to six miles. Towards the end of the camp, Dr. Rennie decided that we should have a "longish" outing. In good faith we set out, and after only one mile, Dr. Rennie stopped us (he was the acting "cox") and broke the news that we should "paddle" for forty minutes without stopping! After that truly longish forty minutes we stopped once more, at a distance of six miles from the boat-shed, feeling a little the worse for wear. Most, if not all, of the boys registered over a hundred miles rowed during the nine days of the camp.

Life at the camp, however, was not all hard work. After a hard row, everyone found welcome a "dip" in the river from the wharf of the M.B.S.P.B.C. In the Yacht Club we were fortunate to have the use of billiards, table tennis and darts. Indeed one evening we invited the Scotch boys over for a lavish party. The feast consisted of two and a half crates of "coke," several pounds of biscuits and a huge watermelon, all paid for by a general contribution. Perhaps the main event of the evening was the table tennis tournament, in which P.A.C. dominated. Other evenings were spent at the cinema, and on the night of the S.A.R.A. regatta many lads attended a dance in the Town Hall.

Our thanks go to Beauchamp's Café for our meals, to the M.B.S.P.B.C. for our accommodation, and to the M.B.R.C. for the provision of the tub four.

Some questions which bring back memories are:

Who was Mr. Joseph Young?

What is a car?

Who broke the billiard cue?

Who was Hazel?

Who misjudged the landing?

Who had a sore wrist?

Preparations are now well in hand for the big event of the year, the annual Schools' Regatta, and the crews have been practising so well that hopes are high that we will perform creditably in the Blackmore Shield and Head of the River races. By the time this Chronicle is published they will have been decided. In the meantime we wish our crews every success.

Tennis

The Intercollegiate Tennis was played on Saturday, 26th March, in ideal weather conditions. The Memorial Drive Courts were being used for the first time since the Australian Championships, and were green and fast. P.A.C. supporters were dismayed to learn that their captain, Max Lemon, would be unable to play owing to influenza.

The first round of doubles was our first double (James and Holland), who had only played one set together previously, against St. Peter's Third; our Second against S.P.S.C. Second; and our Third against their First.

James and Holland did not combine very well in the first set of their match against Murray and Codd. Their tossing was too short, and Murray and Codd were untroubled to win the set 6-1. They improved greatly in the second however, and just won 6-5. Saints were too strong in the third set and ran out winners at 6-1, 5-6, 6-2, after an even game.

Hannam and McEwen were playing below form against Cadzow and Hyde and were completely annihilated, 6-0, 6-0.

Gniel and Clarkson were trying hard against a vastly more experienced doubles combination in Swift and Lahey. Gniel was playing very consistently and showing tigerish determination, but Clarkson was very nervous and was playing erratically. Swift and Lahey had no difficulty in winning 6-1, 6-1.

After the first round of doubles, the fourth, fifth and sixth singles were played. Our sixth player, Clarkson, was pitted against Murray. Clarkson started playing very well with powerful serves and drives. He slumped a little, however, to lose the first set 6-4. He improved in the second set, but could not quite beat Murray. The final scores were 6-4, 6-4, after a good game.

Cadzow and Gniel had a prolonged rubber on the eastern court. Cadzow was playing stylishly and Gniel was returning everything. Gniel won the first set 6-2, but Cadzow changed his game and won the second set 6-3. The third set was very exciting, and although Gniel was tiring, he hung on well to win the set and the rubber, 6-2, 3-6, 7-5.

On the centre court, our fourth single Holland was completely out of touch to lose the first set 6-1 to Codd. He improved greatly in the second set, however, and won it 6-2, scoring many winners with strong forehand drives and serves. In the third set Codd quickly ran up a 3-1 lead, but Holland then won five games in a row, and finished off the rubber with a beautiful side-line drive. Thus, when lunch was taken, the scores were: S.P.S.C. 4 rubbers 10 sets, P.A.C. 2 rubbers 5 sets.

After lunch, Holland and James played Swift and Lahey on the centre court. Both pairs were

playing well, but Saints were too strong, especially overhead, and had too much experience for our pair. They finally won 6-3, 6-0, but perhaps the match was closer than the scores indicate.

Hannam and McEwen played against St. Peter's third pair, Murray and Codd. In the first set Hannam was very nervous, but improved as the game progressed. McEwen was volleying well, but the Saints pair were too consistent and won the first set 6-4. The second set was a thriller, and with the score 5 each and Hannam to serve, we had high hopes of winning another set. However, it was not to be, as Hannam lost his serve and we lost the rubber 4-6, 5-6.

Gniel and Clarkson were out-manoeuvred and out-volleyed by the tall S.P.S.C. second doubles combination, and although Gniel fought tenaciously and Clarkson served well, Hyde and Cadzow had little difficulty in winning 6-2, 6-4.

After this round of doubles, the first, second and third singles were played. Hannam tried hard at second single, but although he played well, Hyde was too strong for him in all respects, especially overhead, and won 6-0, 6-2. Swift, St. Peter's captain and third single, also played very well against McEwen and had little difficulty in battering him into submission to the tune of 6-1, 6-2.

Although Princes had now lost the Intercollegiate match, a very interesting match was taking place on the centre court between Lahey and James, the first singles for the respective schools. James won the first set 6-5, and at 4-5 down and 40-15 up on Lahey's serve, succumbed to an attack of cramp. He fought on gamely, however, but lost the set 4-6. Then, at the beginning of the third set, he got the cramp again, this time in both legs, and was unable to continue. Thus Lahey won a most interesting match 5-6, 6-4, 6-0.

The last round of doubles was between our first and Saints' second; our second and their first; and the third doubles of the two schools. Gniel and Clarkson had an even match with Murray and Codd. Clarkson was nervous at the beginning, but quickly improved, and by the end of the match was playing his best tennis for the day. Our pair fought back after an early set-back to be down 5-3, but then lost the set 6-3. They played patchy tennis in the second set, and, although the games were close, Murray and Codd finally won 6-3, 6-1.

The St. Peter's first pair had little difficulty in defeating Hannam and McEwin 6-0, 6-4. They were far too strong for our pair, and were able to hit winners from all parts of the court.

Garth Brown replaced James as Holland's partner in their match against Hyde and Cadzow. We continued in our losing vein, being beaten severely, 6-0 6-2. Hyde and Cadzow had little difficulty in returning Brown's comparatively slow service, and were untroubled to win their own services. The S.P.S.C. pair lapsed for a short time in the second set when our pair forced them into errors, but soon improved to win easily.

A feature of the day's play was the way in which both teams tended to miss the easy volleys but hit the hard ones; and the way in which our players lacked any sort of co-ordination in their doubles play, especially in going for high tosses. P.A.C. service in general also lacked the power which the S.P.S.C. team exhibited.

The final scores were:

S.P.S.C.	- -	13 rubbers	28 sets
P.A.C.	- -	2 rubbers	6 sets

SCHOOL TENNIS CHAMPIONSHIP, 1955

The quarter-finalists this year were Lemon, James, Hannam, Holland, Gniel, Clarkson, Burrows and O. Williams who had defeated Brown 14-12 in a marathon singles to gain this round. In the quarter finals, Lemon defeated Burrows 9-1, James comfortably won from O. Williams, Holland played consistently to defeat Hannam 10-8, while Gniel settled down after a bad start to overcome Clarkson 9-6. The semi-finals provided wins for our first two single players, James defeating Holland 6-1, 6-3, and Lemon defeating Gniel 6-3, 1-6, 6-1, Gniel extending Lemon to the third set. This was the best match up to date, with Lemon lifting his game in the last set to a standard which he has not bettered this year. Thus James met Lemon in the finals. In the first set Lemon served well and used strong cross-court drives to take the set 6-4. Then James changed his tactics, used his backhand effectively and closed to net at every

opportunity. This change of play enabled him to take the two remaining sets 6-3, 6-4, thus securing the School Singles Championship.

Tennis Critique

Lemon, M. J. (captain)—An excellent singles player with a strong all-court game. Has a powerful serve and smash, with a strong forehand and well-directed backhand. Excels at net-play.

James, C. M.—An aggressive player, with strong forcing shots. Powerful serve and volley. When he improves his backhand and consistently follows his service to net, he will be very hard to beat.

Hannam, A. G.—This player has shown great improvement. Possesses strong shots on both sides and is capable of forceful net play. At present is lacking only in experience.

McEwen, W.—This player possesses some fine shots, excelling in powerful smashing and volleying. However, he has a bad tendency to lose concentration and his game deteriorates as a result.

Clarkson, P.—Has strong driving shots from both sides, and a powerful, if unorthodox, serve. At present he is inclined to worry too much over lost shots and this upsets his concentration.

Holland, A.—A left-hander, this player has some very strong shots, especially forehand and serve, which he can swing either way. Has the right temperament and should be a big asset to the team next year.

Gniel, R.—A tigerish player with an unlimited amount of stamina. His shots, while not extremely powerful, are always well-directed and consistent.

Brown, G.—A reliable player. His service has improved considerably and he has a very strong backhand. At present he is too diffident in venturing to net.

SIN

Sin, comprehended in the inner bounds of thought,
Steadily engulfing the rapturous mind,
Infinite in its purpose, yet precise and credible.
This conceivable quality of the spirit, ever present
in the diseased
Conceptions of man
Is forever latent to the immoral foresight,
Sardonic, opaque.
Man, oblivious to the demands of common
virtue,
Futile, incompetent, pitiable,
Striving to gain the goal of his imposed ideals,
Fails.
Escaping the shackling bonds of reason, one
journeys afar,
Inspired by the sense of freedom,
Debonair in visions of the future, yet wary of
warnings
Prompted by defeatists
Unmitigated.
Detached from such disturbing thoughts, these
incoherent dreams,
The extravagant yet valid sense overcomes all,
Inexorable as fate consuming the irrelevant
actions of fools.
Having distilled the murky waters of baseness,
One leaves the realms of self-possession,
Disillusioned,
Defeated

ON JAZZ

Although its history is not as long as that of classical music, the history of jazz is much more remarkable.

When the negro slaves were taken from their West African homes, and transported to America to be put to work in cotton fields, they soon found themselves suffering from the lack of their native music. In spite of repeated efforts to stop any slave movement in its source, the negroes began to make their drums out of old tubs, and were soon singing their songs, which are now called work-songs.

As the years rolled by, the negroes began to sing the white man's hymns, from which evolved first the spiritual and then the "blues." The "blues" were at first sung, but the variation in pitch of the notes was not just semitonal, but roughly approximated to a quarter of a tone.

Some time after the abolition of slavery, some negroes began to learn white men's instruments. Street bands were formed and, in about 1890, full bands.

Its many years of evolution gave this Afro-American music a very strong foundation. The fact that it was so entirely different from any music previously heard, and the fact that it was played by black men, did not stand it in good stead. But jazz stood for everything that

slavery had done to the negro, and so its musician persevered. He tried to make his instrument "talk," to represent the human voice in expressing his feeling, and he succeeded.

The negroid content of jazz is very great, as the strong rhythm in all jazz music shows, but it is a rhythm that has been altered by the long period of slavery. The extensive improvisation can be termed "fluency." Just as a good orator can speak well, so a negro can transmit his emotions through his instrument to any sympathetic listener.

In the half a century since its birth in New Orleans, jazz has gone through many heart-breaking periods and has killed many of its musicians, but has covered the world. Its unique background carried it through the rough water, and it looks as though it will sail peacefully for many years more.

THE STEAMROLLER

The strong steady steamroller
Slowly, surely, made its way.
Huge, hefty, heavy,
It crunched
Over the harsh coarse gravel,
Crushing it
Into the moist warm bitumen.

Backwards and forwards it moved,
Restlessly, as if considering,
But unable to decide which way to go.
Mighty
In its slow, overpowering strength,
Humble
In its noisy, monotonous rhythm of movement.

Yet,
Unnoticeably, imperceptibly
It rumbled along the white expanse of road,
A camel in a desert,
Travelling from one oasis to another,
Trampling the harsh stones in its path,
Like a mighty elephant
Breaking his path through a dense jungle.
Compressing, defeating and advancing,
The steamroller rolled its way.

THE MODERN MOVIE CAMERA

As many boys take a great interest in photography, I decided to write an article on this subject.

Firstly, I think it is necessary for you to understand the process of taking an ordinary photograph.

The camera usually consists of a light-proof box with leather sides. It may be extended so that the lens, which lets in the image to the film or plate on which the picture is to be taken, can be focussed. Today most cameras are arranged so as to take pictures, one after another,

on a roll of celluloid film coated with a solution of a salt of silver, which is darkened in proportion to the amount of light admitted. Because of this you will notice that, on the plate or film after development in a chemical bath, the lighter portions of the picture show dark, and vice-versa. This sun-print is called the negative, because of that reversal of tone. As the negative is printed by light falling through it, it may easily be seen that the dark tones, which keep the light off the silver-coated paper, are left light, while the light parts, the shadows of the negatives, become dark on the print—and by this, the values are made true as in the original subject.

Although the movie camera has to do more than that a few pictures of separate subjects on a short piece of film, the principle is the same. The movie camera has to take a long series of pictures, each being of a successive phase of a motion. Each picture must be taken swiftly so that in one second there will be many, each separate and distinct.

This means that each picture must have a separate exposure, and that at the moment of exposure the film must be still for a very small period of time to obtain a sharp image.

The number of pictures taken in a second may vary from sixteen to fifty, according to the speed of the movements to be taken. Suppose the number of exposures is sixteen. Then the shutter must blink sixteen times in a second. The film travels over the camera field at a pace to clear each picture area exposed, and bring a new area under the lens. It is then held for a fraction of a second, about one hundredth, while the exposure is made and travels on, making way for the next exposure.

This is usually done by a toothed wheel or cam, the teeth of which fit into little slots cut in the film at regular intervals. This device is timed at the same intervals for the opening of the shutter, so that at each pause of the film on the cam, the shutter opens and closes while the film moves on.

All that has to be done now is to transpose and reverse this series of pictures in a similar apparatus of blinking shutters, lit from behind by a powerful light to transfer and enlarge them upon the screen. That is the principle of the projector, an apparatus arranged with a shutter to expose the little pictures on the film, at the proper rate, at the moment they come opposite the lens.

The sound track, which gives the music, the voices, and any other sounds accompanying the film, is found as a little black line running to one side of the film.

RUSTY

She was wild, and loveable, and free,
A Kelpie, full of Dingo fire and grace,
Yet Collie gentleness was in her face,
And whether it were tears or jollity,
What mood I had, I had her sympathy;
A tearing streak of red if in a race;
If I were sad, a gentle, warm embrace.
To think that ne'er again that look I'll see!
Now who will be there waiting at the gate
When I come home, with loving licks and
squeaks,
And who will say goodbye to her old mate
More sadness in her face than if she speaks,
And who will be my chum where'er I go,
For Rusty's dead, and oh, it grieves me so.

BLACK SUNDAY

Charcoaled the earth and all that lies about;
Bird life all flown where strength supported
flight.
Tragic the end for many feathered friends,
And yet so many live and will return
To charm our ears with hopeful songs renewed.
Later come welcome rains to sweeten earth.
We all take courage from the changing scene
And look ahead, unlost in black despair,
With eyes upturned to see the sun again
Bringing new meaning to our heavy hearts.

EXPLORING A TROPICAL REEF

For my holidays, I sometimes used to go to Singatoka, a place eighty miles away from Suva, the capital of Fiji. We travelled in buses owned and driven by Indians, to our destination, where we stayed with some friends of ours.

When we explored the reef we equipped ourselves with staves, to feel for new and brittle coral and to discover where not to step on the reef. We were also equipped with fishing lines, rods and bags to carry bait and fish for anything that we saw and felt like keeping. To begin our exploring we crossed over the road to the beach, which was just opposite the place where we were staying, and walked along until we came to a suitable place to start our exploration.

After wading through the water, we came to some rocks where we began to explore. Darting in among the rocks near the beach were some tiny blue fish. If we tried to catch them they would swim swiftly under a rock, making it difficult for them to be caught. There were also some long black things called "bêche-dermer," which were lying on the sand underneath the water. As we got further out on the reef we found some clams about a foot long lying in between the rocks.

Soon, after climbing over the rocks and coral, we came to a basin-shaped rock where we were to fish. After having been there for about forty

minutes and caught six rock-cods between us, we began to look under rocks for cowries.

We usually found these shells underneath the rocks and they were usually a couple of inches in length. They can be found from tiny ones about half an inch in length to some about nine inches long. The shells were mainly white, with many brown spots covering the surface. These shells we did not take home with us to Suva, as it took a long time to take out the shellfish which lived inside. I saw two large orange cowries at the house where I was staying and I was told that they were worth five pounds each.

The coral was mainly found in colours such as red and purple which made it lovely to look at from above the water. It was mainly inhabited by small rock-cod which were speckled brown in colour. There were many tiny fish of all shapes, sizes and colours, while clams lay in between the rocks. Harmless black and white water snakes crawled lazily along the sand as octopi poked out their many arms from underneath rocks. Bêche-de-mer, blue starfish and many different kinds of shell fish are found in the waters of tropical reefs.

Our staves helped us many times by telling whether the coral was strong enough to hold us. Sometimes, if we were not careful, we found ourselves up to the armpits in water, because we had not tested the coral.

THE END OF THE DROUGHT

The drought is on,
The bores are dry,
Each passing day
More cattle die.

The birds are dead,
The ground is dust;
But rain will come—
Clouds say it must.

The sky is dark,
The lightning flashes,
And on our roofs
The loud rain crashes.

The birds come back,
The rivers run,
The bores fill up,
Out comes the sun.

The clouds move off
From a land of green,
The loveliest land
You have ever seen.

THE STRASBURG CLOCK

This clock is one of the main objects of interest in the magnificent Cathedral of Notre Dame in Strasburg. The original clock took over seven years to build and its inside workings are very complicated. The replica that I saw was housed in the Technological Museum in Sydney, and was perfect in every detail.

As the clock strikes three and four o'clock each afternoon the procession of the twelve Apostles takes place in the central tower of the clock, to the accompanying notes of sacred music. As each Apostle moves opposite the Saviour, he turns towards Him and bows, but when Peter moves forward, Satan appears at the window. Peter denies Christ by turning his back on Him, and as he does, a rooster flaps its wings and crows three times. After Judas's departure, Christ raises His hand and the procession ends.

Below this are the four ages of man. For the first quarter of an hour a child is seen, but he disappears and is replaced by a youth marking the second stage of life. As each departs, a hammer sounds a gong. The third and fourth are thus represented by a warrior and an old man. When the old man moves out, a skeleton strikes the departing knell.

There is also the representation of lunar and tidal movements; the length of time for one revolution of the moon around the earth is timed to the second. Below this are the planets, each arranged in its own orbit and set to perform its revolution in the proper time. The clock has paintings on it of the three Fates, each doing her particular duty, of famous astronomers, and lastly of the Crucifixion and Resurrection.

The Strasburg Clock is a most accurate and magnificent piece of mechanism, even having six other clock-dials giving the mean time in other important cities.

FISHING

The sea was blue, the sky was clear,
The fish were biting at the pier.
A thousand seagulls hovered near,
When I came down with all my gear.

Upon the hook I placed my bait,
I hoped I hadn't come too late.
My line thrown out, my rod up straight,
I then prepared to stand and wait.

Suddenly my line jerked tight,
I wondered if it were a bite.
I tugged and pulled with all my might,
When a huge schnapper came in sight.

The fish now safely in my sack,
I got my gear and started back,
Leaving behind an angry pack
Of those who didn't have "the knack."

The Preparatory School

The term began romantically with a staff wedding. Miss Enid Angwin was married at the end of the first week to Dr. R. C. Bennett, who is an Old Boy of the School. Following closely on this break in routine came the announcement of Mr. Shinkfield's engagement. We would like to express our good wishes to both of them and our hopes that they and their partners will have bright, happy futures.

Staff

We said goodbye to Mr. Parrington at the end of the year. He has rejoined the Education Department and has been given charge of a school in the South-East. In his place to take charge of II A we welcome Mr. Ian Watson, who has already fitted into the life of the School and is doing good work in the classroom and the boarding house. We hope that he will stay with us a long time.

During Mrs. Bennett's absence we were very fortunate to have in her place, Mrs. V. Beasley, and would like to thank her for helping us.

We regret that Mrs. G. Anderson was forbidden by her doctor to return to School at the end of the Christmas holidays. We have missed her sorely and we hope that she will soon be restored to health and that she will be with us for the second term.

We sadly said goodbye to our Chaplain, Rev. C. J. Perry on 15th April and gave him our best wishes for a happy retirement. We are glad that Rev. R. K. Waters, who succeeds him, already knows quite a lot about the Preparatory School as he spent a year in residence in the Prep. at the end of the war. We welcome him to our midst and anticipate a long and pleasant association with him.

Leaders

The following were appointed Leaders for 1955: I. J. Simmons, Captain of the Preparatory School, R. S. Blake, P. J. N. Fox, W. G. Holdich, J. L. Kallin, P. J. Nelson and D. G. Watkins.

Mothers' Club

A meeting was held in the third term last year at which Dr. Jungfer, of Lobethal, was the speaker. He gave a very interesting and helpful talk on "First Aid in the Home." Quite a large number of mothers of new boys starting in 1955 were present.

Torrential rain caused the Fathers and Sons' Cricket Match to be cancelled. The Christmas Tree arranged by the Mothers' Club proved, despite the unfavourable weather, as successful as always.

A well attended meeting of the Club was held on 24th March. Officers for 1955 were elected and Mrs. B. H. Leak read an article on developing an appreciation of music in children particularly by the use of the gramophone.

The School is indebted to the Mothers' Club

for its continued help and interest in the Preparatory School.

House Competition

Mitchell House is to be congratulated on winning the A. W. Welch Cup in the first year of its existence. It showed itself to be strong in work and games and thoroughly deserved its victory. This year competition in school work is even, but Chapple House has established a useful initial lead by winning all its cricket matches.

Cricket

The under 13 team had a very successful third term winning most of its matches by comfort. J. Angel, on winning the Cricket Cup presented able margins. We congratulate its captain, R. by L. O. Fuller, Esq.

The Prep. School team this term has played in a Primary School Group and has won four out of the seven games it played. R. Day with 164 runs, average 20.5, and I. Simmons 142, average 15.8, have been the most successful with the bat, while R. Blake with 18 wickets, M. Skinner, 17, D. Watkins, 15, and I. Simmons, 13, have been our best bowlers.

Teams from Grades V and VI were both successful against St. Ignatius' College.

In the House Matches, Chapple has won two Senior and two Junior matches, Mitchell, one senior and one Junior, and Robertson, none.

Athletics

Standard sports have not yet been completed. Much interest has been shown and many more boys than last year should complete their tests.

On Wednesday, 6th April, we were again invited by St. Peter's College to an Athletics contest. We were defeated 123 points to 78.

Points	Open	Under 11	Under 10
	(73)	(64)	(64)
S.P.S.C.	45	19	59
P.A.C.	28	45	5

As can be seen from the above table we were overwhelmed in the Under 10 Group.

Tennis

The Preparatory School Tennis Cup, presented by J. C. Stephens, Esq., was won by A. A. Bennett.

Natural History Club

The Club spent the first week-end of the Christmas vacation at the scout shack, Mylor. It plans to spend a few days of the May holidays at the Toc H Camp, Victor Harbour.

During this term, the lunch hour meetings have been well attended and the talks and films have proved full of interest.

Collections

Collections during 1954 amounted to £133. So far this term £61 have been raised. This sum includes an excellent collection of £36 for the Flood Relief Fund.

The Objects of the Association are: To keep Old Boys, wherever they may be, in touch with one another and with the boys at the School; also to foster and maintain their interest in the School.

"Old Boys' Week" is observed annually towards the end of July, during which a dinner and other social functions as well as sports contests are held. Also social gatherings are held whenever occasions arise that make them desirable.

"The P.A.C. Chronicle," of which a large part is devoted to matters of special interest to Old Boys, is forwarded to each member of the Association.

The subscription is ten shillings per annum. It is suggested that Country Members should remit sufficient to cover four years' subscription

or become Life Members by payment of £10/10/-. Any Old Boy wishing to become a member can do so by forwarding his name and address to the Head Master, or to any member of the Staff, or to the Secretaries.

The Association has donated the following Scholarships to the School:

H. W. A. Miller (Old Collegians') Scholarship
 J. A. Hartley Scholarship
 Fredk. Chapple Scholarship
 W. R. Bayly Scholarship
 A. G. Collison Scholarship

The War Memorial

"LEST WE FORGET"

An open letter to all Old Boys of Prince Alfred College

At the end of 1945 a Committee was formed with the object of taking active steps in preparing plans for the erection of a War Memorial Building to honour and in lasting memory of 1,200 Prince Alfred Old Boys who served their Country magnificently in the fighting forces—in the Navy, Army and Air Force—in the several theatres of World War No. 2 and of whom 122 paid the supreme sacrifice.

An appeal for funds was launched in July, 1946, and the target set at £25,000. The Committee remembers with gratitude the many gifts to the original appeal which stands at over £30,000.

Owing to many difficulties which followed the close of hostilities, due to building controls, it was not possible to commence the building at that time.

Costs have risen from time to time, but it was decided that no further appeal should be made until the building had been commenced.

This building was commenced late last year and a Memorial Stone was unveiled by His

Excellency the Governor, Air Vice-Marshal Sir Robert George, K.C.V.O., K.B.E., C.B., M.C., on Sunday, 20th February, 1955. At the ceremony, as your President, I told the large gathering present that a further £17,500 was needed to enable the War Memorial Building to be completed (and which will be opened on Old Boys Day, Thursday, 28th July, 1955), and thus fulfil the task that was launched 10 years ago under the Chairmanship of the late Headmaster, Mr J. F. Ward.

I therefore take this opportunity of again bringing before you this most worthy appeal and to express appreciation to those who have already so generously contributed to this fund and any further contributions, whether large or small, will be gratefully received.

"At the going down of the sun and in
the morning

We will remember them."

NORMAN A. WALSH, President

Annual General Meeting

The Annual General Meeting was held at the School on Thursday, 18th November, 1954, when the 76th annual report and statement of accounts was presented.

The attendance was an improvement on the preceding year.

Mr. Norman A. Walsh was elected President, with Messrs. N. T. Todd, F. C. Hassell, F. H. Chapman (immediate Past President) as Vice-Presidents. Mr. Norman J. Angel was re-elected Hon. Treasurer and Messrs. Harold Shuttleworth and Ron Johnston Joint Secretaries.

A very close and keenly contested ballot resulted in the following members being elected to the Committee:—Messrs. P. E. Clark, A. W. Crompton; Dr. M. W. Evans; Messrs. L. P. A. Lawrence, F. E. Piper, and Senator Rex. W. Pearson, and two new members in Messrs D. L. Davies and C. L. McKay. The remaining members of the Committee are not due to retire until 1955.

The Hon. Auditors, Messrs. C. W. L. Muecke and E. F. Hunwick were re-appointed.

After the adoption of the report and accounts, Mr. Todd proposed a vote of thanks to the retiring President, Mr. F. H. Chapman, who suitably responded. Mr. Walsh then proposed a vote of thanks to the Headmaster (Mr. J. A. Dunning) and Mrs. Dunning for their very great help and co-operation during the year, to which the Headmaster responded.

Mr. Walsh also moved a vote of thanks to the retiring Committeemen, Messrs. R. W. M. Johnson and J. B. Craven. He then gave a detailed resume of the War Memorial Appeal and the committees which had been appointed in connection with the organisation of the appeal.

Mr. Hugh Frost was presented with the Clarkson Cup, which he had won at the Close Golf Match.

The meeting then adjourned for supper, during which Mr. David Clarkson gave an excellent illustrated address on his recent trip overseas. A vote of thanks to Mr. Clarkson was carried with acclamation.

New and Retiring Committeemen

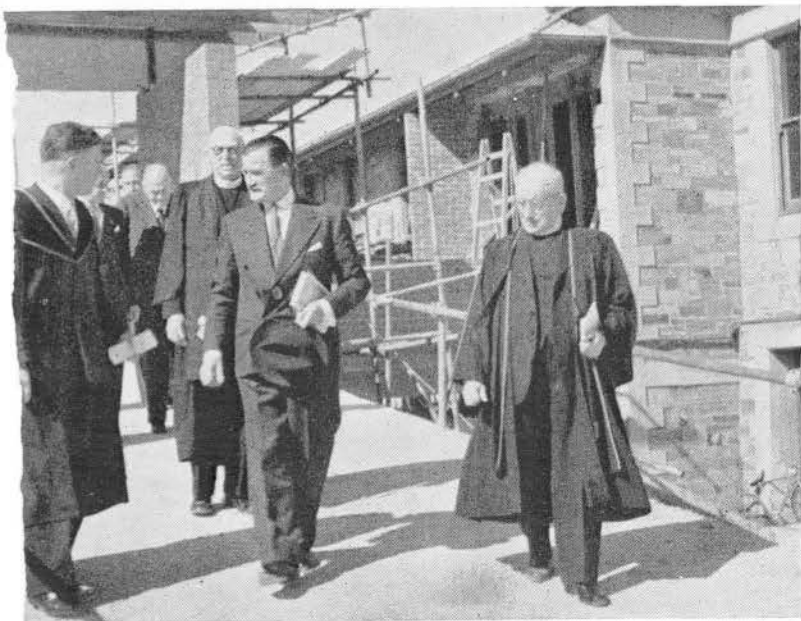

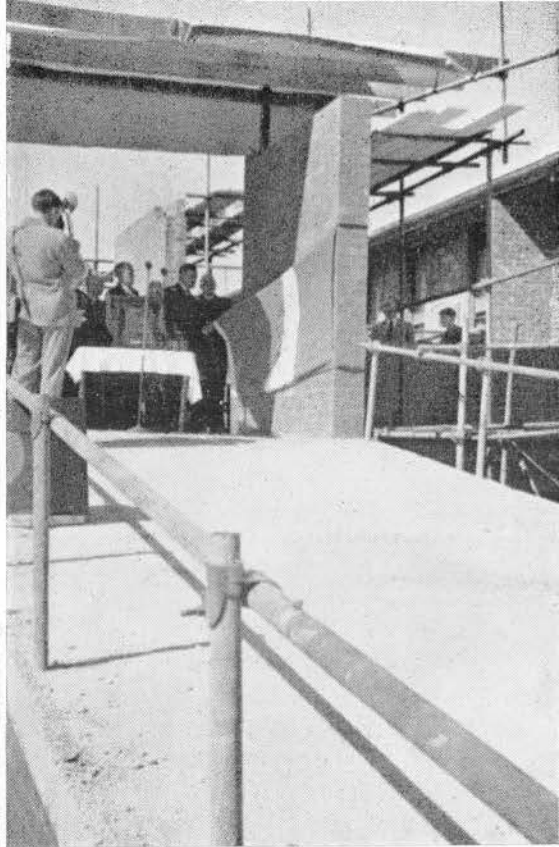

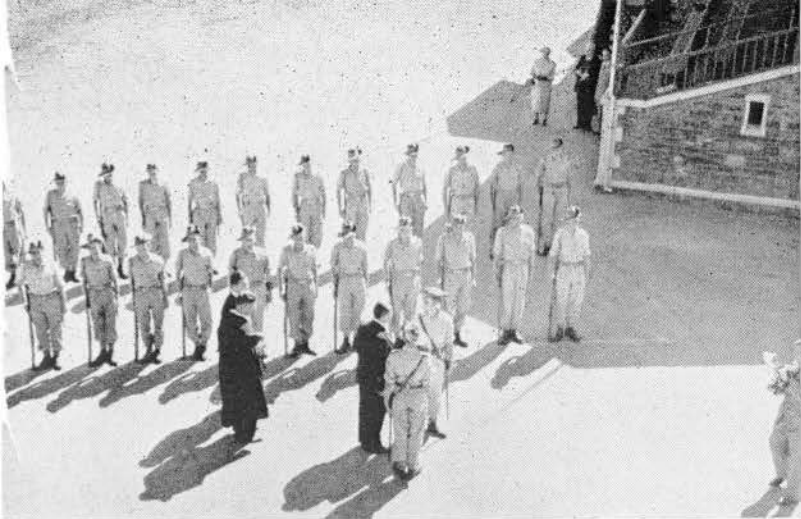

Mr. Ronald W. M. Johnson was a member of the Committee from 1945 to 1954. He was a Vice-President for two years and then became President in 1953 and a Vice-President again in 1954. He was a very hard-working and enthusiastic member of the Committee, and presented the cup for annual competition between the Town and Country teams on Old Boys Day. He is the present Mayor of Campbelltown (second term in office) and President of the Parkin Trust which controls the Parkin Theological College. His second son, Bill, is Secretary of the O.S. Football Club.

Mr. John B. Craven was a member of the Committee from 1946 to 1954. During that time he gave valuable assistance to your Association, particularly in relation to the Annual Ball each year, the Association tie, and also served on a number of sub-committees. He is a returned man from the Second World War and a son of the late Mr. Charlie Craven, a former President of this Association.

Mr. Don L. Davies, a son of Mr. W. L. Davies who retired from the staff last year, entered the School in 1934. After passing his

Leaving he proceeded to the University, took his degree in Architectural Engineering and is a member of the Royal Australian Institute of Architects. He saw service with the R.A.A.F. in World War II. Whilst at School he was a member of the football (captain 1942), cricket and athletic teams. At the University he played football and cricket, and up until his retirement from football last year held his place in the S.A. Amateur League side. As one of the younger members of the Committee he has done excellent work amongst his own contemporaries.

Mr. Colin L. McKay entered the School in 1919. After passing his Junior, he entered the insurance business and is now Manager for his company, and a member of the Fire and Accident Underwriters' Association. He played cricket and football at school and was a foundation member of the Old Scholars Football Club. He is a member of the Prince Alfred Collegians Lodge and has for many years been connected with tennis and bowling clubs at Millswood. At present a member of the Parents and Friends Association Committee, he has a son attending the School.

MR. R. P. GOODE, O.B.E.

MR. REGINALD C. HALL
Honorary Secretary of the College.
Appointed 1955

MR. NORMAN A. WALSH
President of the Old Scholars Association

MR. DAVID WATERHOUSE,
O.B.E., LL.B
Honorary Secretary of the College
from 1934 to 1955

New Year Honours

Her Majesty the Queen has been pleased to confer the following New Year's Honours: Knight Bachelor, The Hon. Frank Tennyson Perry, M.B.E., M.L.C.; Officer of the Most Excellent Order of the British Empire, Roger Paul Goode, Esq., O.St.J., F.C.I.S., to whom we offer our congratulations.

SIR FRANK PERRY, K.B.

Sir Frank Perry, managing director of Perry Engineering Co. Ltd., is one of the leading industrialists in S.A.

Since 1947 he has been a member of the Legislative Council and from 1933 to 1936 was a member of the House of Assembly.

During World War II, Sir Frank Perry was chairman of the board of area management for S.A. in the Ministry of Munitions.

He also served on the advisory panel on industrial organisation in the Defence Department.

In those capacities he gave valuable service to the war effort.

Sir Frank Perry was president of the S.A. Chamber of Manufactures in 1940-41 and president of the Associated Chamber of Manufactures of Australia in 1942.

He has also served as president of the Australian Metal Industries Association, and the Metal Industries Association of S.A., and president of the Iron Trades Employers' Association of S.A.

For 10 years Sir Frank Perry was a member of the St. Peters Council and served a term as mayor.

He has also rendered outstanding public service on several committees appointed by the Government, such as on afforestation and brickmaking.

He has also served on the council of the Memorial Hospital and on the State committee of the Council for Scientific and Industrial Research.

Sir Frank Perry is a member of the Council of the University of Adelaide and is chairman of the Ammunition Industry Advisory Committee in the Federal Department of Defence Production.

MR. PAUL GOODE, O.B.E.

Mr. Goode has given long and important public service with the St. John Ambulance Association and the Queen Victoria Maternity Hospital.

For more than 20 years he was secretary of the Queen Victoria Maternity Hospital, and still performs duties in a minor capacity for the hospital authorities.

During his period of service as secretary, admissions have grown from 865 to 3,888 a year.

A large building programme was also carried out during his term of office.

For the past 25 years Mr. Goode has been closely associated, in many capacities, with the work of the St. John Ambulance Brigade and the St. John Ambulance Association.

In 1931 he became honorary secretary of the association, which post he held until 1948, when he became its chairman.

In 1932 he was appointed a district officer in the brigade, an office he still holds.

During World War II, he undertook the supervision of casualty services and their training, together with special training for wardens and police.

Our President

Mr. Norman A. Walsh (twin brother of a past President) was elected President at the annual meeting held in November last. He attended the school 1912-1921, commencing in the Prep. under the late Mr. J. R. Robertson. He was a prefect for two years and excelled in sports, representing the school in inter-coll. cricket (four years), inter-coll. football (three years)—and captained both teams. At tennis he won the school championship on three occasions and was vice-captain of the inter-coll. tennis team.

Upon leaving the school he continued his sporting activities and won his blue for football at the Adelaide University whilst studying commerce—he gained inclusion in the S.A. Inter-state cricket team and was included in one International match against Gilligan's English Test team. He was appointed captain of the Amateur League Inter-state team and

later played both football and cricket for the Old Collegians teams.

In 1928 he was elected to the committee of this association. He enlisted in the A.I.F. in 1940 and served with the 7th Div. Petrol Coy. A.A.S.C. in the Middle East. On the return of the A.I.F. to Australia he gained commissioned rank and served with A.A.S. Corps in various parts of Australia.

He is a past master of the Prince Alfred Collegians Lodge and has rendered good service to the young people's clubs of the Malvern Methodist Church with which he has been connected for over 40 years.

After completion of his University studies in 1926 he joined the staff of the Vacuum Oil Prop. Co. Ltd., where he is still employed.

A son is at present attending the school, and (unlike his father) has represented the school in inter-coll. athletics.

Sports

PERSONAL

Norman Todd was re-elected patron of the S.A. Baseball League. He donated a shield for the Australian Night Baseball Championship, which was won by S.A.

Sandy Skinner was third in the Australian High Jump Championship, and equalled the S.A. residential record of 6 ft. 3 in.

Graham Crawford holds the State 440 and 880 yards records for his age division.

John Lill, captained University, and Colin Webb captained Sturt during last cricket season. John Lill won the S.A.C.A. batting aggregate and captained the State Second XI against a Victorian Second XI.

Dean Trowse, not available early in the season, regained his place in the State Sheffield team.

Colin Parham (who plays football for Port Adelaide) was next to top scorer for that club in the final cricket match against West Torrens.

Frank Piper, president of the S.A.L.T.A., and Dr. D. R. W. Cowan, vice-president, represented this State at the Jubilee dinner of the Lawn Tennis Association of Australia.

Bill Johnson has had a successful tennis season. He was prominent in both hardcourts and close championships, won the singles and doubles championships at Port Augusta, and was a member of East Torrens, runners-up for the district premiership.

Don Candy had several meritorious victories in championship matches last season. On one occasion he defeated U.S. Davis Cup player Trabert, and prior to that had beaten Hoad in a semi-final of the Metropolitan championship in Sydney.

Gavin Battye is now one of the State selectors for the S.A.L.T.A.

Don Dawkins took part in an exciting bowls match at Gawler when Adelaide team was defeated by 1 point, after an extra end had been played.

A. E. J. Klose, a former master, has been a prominent bowler for the Kensington Gardens Club, having won the club championship four times—another master, H. E. H. Mutton, has been successful three times.

Peter Dalwood has been elected a life member of the Norwood Football Club. He is a former Inter-state player.

Dr. D. G. McKay has been elected patron of the S.A. Amateur Football League. Clarrie Tideman is treasurer and a member of the executive—Don. Brebner is honorary solicitor—the two former are both Life Members of the League.

Clive Davies (former master and cricket

coach at the school, claims to have taught Test Captain Ian Johnson to bowl the off-break "wrong 'un."

Sir Lyell McEwin has been elected chairman of the S.A. Rifle Association.

W. D. Verco finished second in the Kintore Cup ocean race conducted by the S.A. Yacht Squadron.

Les Martin (Balhannah) won his fifth Country Tennis Championship—his opponent in the final was Doug. Young, from Wilkawalt.

In the S.A. Athletic Championship, Sandy and Bob Skinner scored first and third places in the high jump. Graham Crawford won the junior long jump, and third in the hop, step and jump. Dean Perrott scored in 440 hurdles, and Bruce Dyke won the junior shot putt.

Ron. Fewings was a member of the Grange team which won the first Division Bowls Pennant for the second consecutive year.

Gavin Battye won the singles championship at Murray Bridge Tennis Tournament and reached the finals of the doubles.

J. Wohlers and Head were prominent in the Port Lincoln Tennis Tournament—David Rowe won the singles title at Renmark—and with Alan Morris reached the final of the doubles. He was also a member of the Unley team which won the District Tennis premiership.

CRICKET

The Old Collegians Cricket team competed in the Adelaide Turf Cricket competition during the 1954-55 season.

Whilst the team finished well down the premiership list, it did maintain a position in the top four until late in the season. The committee hope for a continuance next year of the improved mustering of players which was evident this season.

Chester Bennett, who captained the side, topped the batting average and aggregate, whilst Murray Wellington did likewise in the bowling sphere.

The following are the top batting and bowling figures:

	BATTING				
	Inn.	NO.	H.S.	Aggr.	Av.
C. Bennett	9	1	123	353	39.2
P. Dalwood	11	—	92	318	28.9
M. Perry	10	—	54	203	20.3
L. Letcher	11	—	49	194	17.6

	BOWLING				
	O.	M.	R.	W.	Av.
M. Wellington	92.1	6	384	31	12.4
B. Statton	123.4	12	501	20	25.1
C. Bennett	87.4	8	372	14	26.6
P. Dalwood	70	10	283	9	31.4

FOOTBALL

Two teams will be competing in Grades A2 and A4 of the S.A. Amateur Football League this season. The A team commenced the season with a convincing victory over Alberton Church United and are hoping to finish near the top of the list and thus regain their place in A1 for 1956.

At the Old Scholars' monthly luncheon in April, Mr. Hugh Millard (Hon. Sec. of the Amateur League for thirty-three years) was the guest speaker and the opportunity was taken of making a presentation to him from the club. It was pleasing to note a good representation of past and present players.

More members would be welcome, and those interested should contact the secretary, Bill Johnson at W 1495 or F 8206 (private). Practice is held each Tuesday and Thursday at the school.

This club, together with the other Old Scholars' Sporting Clubs is having a working bee at the school in May, when the dressing rooms underneath the stand will be repainted. Any volunteers should contact Graham Fricker at C 7270.

RUGBY

The club will again field two teams, one each in A and B grades. Last year some difficulty was found in fielding two teams, and some really good matches were fought out. There are a number of new players this year and judging by the attendance at practices and also at the trial match, the season should be very successful.

The club had its share of representatives in the State side last year and congratulations go out to those players.

Arrangements are in hand for the club to play a match in Victoria against the Kiwi Club, which is scheduled for the Queen's Birthday week-end in June.

The club is very sorry to lose Geoff. Hone, who has given very valuable service over the years and extends its best wishes to him for success in his interstate job.

Any Old Boys who would like to play rugby should contact Jeff. Clarke at W 5930 or F.4381.

ATHLETICS

The season 1954-55 has been a record for the club and after six years of struggling, the club is now one of the strongest in the State—not numerically, but in athletic ability. In the weekly inter-club competitions, this club finished fourth on the premiership list for the first time and with a few more keen athletes it is possible to be in a higher position, or even win the 1955-56 premiership.

G. Crawford and M. D. Perrott were members of the interstate side and performed very

creditably. In the State titles the club won the Junior Cup mainly due to the magnificent efforts of Brian Dyke, Graham Crawford and Trevor Siegele, who between them won eight titles.

In the sub-junior and senior divisions, a number of wins and many good placings were obtained, which gives good promise for next season. The events held at the School Sports were the 100 yards, won by T. Siegele; the 220 yards hurdles, by M. D. Perrott; and hop, step and jump, by B. Dyke.

The club expresses appreciation to Dr. B. M. Jolly, President, for his assistance during the year, and Mr. J. A. Dunning for allowing the club the use of the school oval and facilities.

Any Old Boy interested in athletics and desiring to join the club should contact Bob Skinner at W 2041 or ML 1823.

TENNIS MATCH v. SAINTS

The annual match against Saints Old Scholars was played at St. Peter's College on Wednesday, the 30th March under excellent conditions. This association was represented by A. Morris (Captain), G. Battye, W. Johnson, R. Lock, J. Wohlers, M. Newcombe, B. Sumner and D. Babidge. Princes were leading 3 rubbers to 1 at the end of the first round of matches. One of these ties turned out to be a real marathon—Newcombe and Sumner finally losing to Whitehead and Kerr 8—6 in the third set, after playing for nearly two hours. The second round of matches also went in favour of Princes, 3 rubbers to 1. Battye and Johnson had a notable victory over C. Mehaffey and Davidson, winning the third set at 9—7 after being down 6—7. The final scores were Princes, 6 rubbers 13 sets 99 games and Saints, 2 rubbers 5 sets 82 games. In the evening a dinner was held at Hotel Rundle. Those present included the players of both teams, Mr. Frank Piper (President of the S.A.L.T.A.), Mr. Norman Walsh (President of this Association), Mr. Max Horwood (Chairman Saints' Old Scholars Association) and Mr. Ern. Rowe (donor of the cup presented for annual competition). After Mr. Bill Stevenson had proposed the toasts of "The Queen," and introduced the guests, the cup was presented by Mr. Horwood to Mr. Walsh. Both these gentlemen referred to the long standing and friendly rivalry between the two schools and associations. Alan Morris (Captain of Princes), and Gordon Whitehead (Captain of Saints), who have both played in this match for a number of years, spoke on behalf of their teams and said how much the players appreciated the match each year and the conviviality of the dinner in the evening. Max Newcombe also spoke in similar strain and suggested former players might be invited to future dinners.

BOWLS MATCH v. SAINTS

The annual match against Saints was played at South Park on Wednesday evening, the 9th March. The greens were in first-class condition, and though the night was rather cold, there was very little wind. Before the commencement of play, Mr. Smith, the president of the club, welcomed all the players and visitors and hoped everyone would have an enjoyable evening. The usual ten rinks were played and the match proved very close and exciting. When the scores for rinks 2—10 were totalled, Princes were leading by four on the aggregate. Play was still in progress on rink one, with Saints two up and holding two on the last end. However, Skipper Ern. Dawkins, with two excellent bowls managed to put Princes two up and thus make the scores 16 all for that rink and leaving Princes the winners by 190 to 186. (Princes won on 5 rinks, Saints on 3, and 2 rinks tied.) A non-competitive rink was played between members of the committee of the two associations and resulted in a win for Princes 21—19. At the conclusion of the game, visitors and players had supper, during which time, Mr. Norman Walsh, the Association President, announced the scores, thanked South Park Bowling Club, and expressed pleasure at seeing so many visitors, including particularly the ladies. Mr. Horwood, Chairman S.P.S.C., responded for Saints and after offering congratulations to Princes called for three cheers.

OLD SCHOLARS' BOWLS MATCH

This function is becoming more popular each year, and on Wednesday evening the 16th February, when the match was held at the Toorak greens, over 100 members took part. There was plenty of keen rivalry during play and in many instances sound advice was offered to regular bowlers by some real amateurs! At the close of play, a "spider" was held and Keith Trott was adjudged the winner. During supper the President (Mr. Norman Walsh) thanked the Toorak Club for making the evening possible and the members of the club for loaning their bowls to players. When he said he hoped that members had had an enjoyable evening it was carried with acclamation. The president also thanked Mrs. Walsh and the ladies on her committee for the very excellent supper they had provided, and congratulated them on the floral decorations which they had attended to in the morning. Dr. Mervyn Evans, the Vice-President of the club and a former President of the Association, responded. He said the club was very happy to loan their greens and club house for the occasion, and if members behaved themselves he had no doubt that it would be available in future years. The President also presented Association Ties to Messrs. Fred Norman, Peter Dalwood, Chester Bennett, and Lloyd Letcher for winning their rink by the

greatest margin, and to Keith Trott, who as reported above, won the "spider." In conclusion the President stated that it was the custom and privilege of the winning rink to assist the ladies with washing up the supper dishes.

SPORTING CLUBS' ANNUAL BALL

This was held at the Palais on Friday, 1st April, with a good attendance of Old Scholars and their friends. The Palais was brightly decorated with dahlias, white daisies and perennial asters, and painted ivy. Also around the walls were School shields, badges, and flags, whilst across the front of the stage was a tennis net decorated with various kinds of sporting gear. Red and white balloons were hung from the ceiling. The Headmaster, Mr. J. A. Dunning and Mrs. Dunning, were amongst the official guests of the President of the Association, Mr. Norman Walsh and Mrs. Walsh. During the evening, a lucky spot dance was won by Malcolm Fricker and his partner, whilst later in the evening there were balloon and streamer dances. The floor show took the form of a fashion parade compered by Miss Phyllis Skinner, and those taking part (Peter Cox, Peter Hodges, Ian Mackay, Graham Fricker, Hugh Williamson, John Michell and Joe Crowe) were enthusiastically applauded for a very good effort. Hats, streamers and Easter eggs were sold during the evening and those with the lucky numbers received a prize from the President. After supper, Mr. Walsh spoke from the stage and after thanking everyone for coming along, congratulated Michael Perry and the members of the committee for their efforts. He then introduced Miss Rosemary Dunnet, the convener of the ladies committee, and asked her and her committee to accept the thanks of all present for the excellent work they had done in recent weeks. A happy and successful evening concluded with the singing of Auld Lang Syne and the National Anthem.

OLD SCHOLARS' ROWING

In conjunction with the Head of the River Regatta, held on the Torrens Lake on Saturday, 16th April, four old scholars' crews competed for the Shannon Trophy. This Association was represented by the following crew: P. Cooper (bow), W. Litchfield (2), W. Brown (3), M. Cooper (4), R. Gill (5), D. Brown (6), K. Stanton (7), D. Humble (stroke), and P. Sanderson (cox). They were drawn against their old rivals, Saints, in the first heat. Getting away to a good start, Saints maintained their lead of about a length all the way. Saints subsequently defeated Adelaide High Old Scholars in the final by a comfortable margin and thus retained the Shannon Trophy. Both the Association and the crew desire to express their thanks to the Adelaide Rowing Club for the loan of one of their boats.

Annual Dinners

EYRE PENINSULA

The annual re-union was held at the Pier Hotel, Port Lincoln, on Saturday, 19th March. There was a record attendance of members, including a pleasing number of young Old Scholars. Dr. Alan Clarkson made a very efficient chairman and, after proposing the Loyal Toast, he then introduced the Headmaster, Mr. J. A. Dunning, Mr. N. A. Walsh, President of this Association, and Mr. Colin Hassell, Architect for the War Memorial Building.

The toast of "The School and the Headmaster," was ably submitted by Dr. Brian Wibberley, who spoke of the great changes in the world during the past fifty years. He was well supported by Ian Pearson, who urged those present to remember what had been learned at school and thus endeavour to improve relationship man to man.

In response, Mr. Dunning expressed appreciation for the kind remarks, and outlined various activities and improvements at the school, and made eloquent reference to the late Mr. J. F. Ward, and also the War Memorial Fund, and several old masters.

"The Old Collegians' Association" was proposed by David Dickson, who referred to the assistance given to the school over many years by the Association, also the various activities of that body, in the form of Scholarships, Education Fund, Benevolent Fund, etc. He was ably supported by David Trestrail, who stressed how widely the Association was spread throughout Australia, with branches in all the other States, and also in London.

Mr. Norman Walsh, in responding, thanked those present for inviting members from Adelaide, and then gave interesting details regarding the War Memorial Fund and the organized efforts in the metropolitan area. He appealed for support from all Old Boys.

Ross Johnson, Joint Association Secretary, briefly referred to several Association matters of administration.

During the evening, Association Ties were presented to Arthur Ridgeway (at school 1885),

Arthur Mellor (1890), Dr. B. W. Wibberley (1905), and also to Hubert Woods, who travelled 200 miles to attend the gathering.

David Clarkson, as soloist, and Don. Mellich as pianist, added considerably to the success of the evening. At the conclusion the Chairman announced that future functions would be held in March, as this was more convenient to members generally. A very happy evening concluded with "Auld Lang Syne."

Members from Adelaide wish particularly to thank Dr. and Mrs. Alan Clarkson, Mr. and Mrs. Glen Walkom, Messrs Lloyd Clarkson, and Hubert Mellor, who so kindly provided entertainment and arranged the fishing party at Coffins Bay.

SOUTH-EASTERN

Arrangements are being made to hold the Annual Dinner at the Kincaig Hotel, Naracoorte, on Saturday, 21st May, and Mr. R. M. DeGaris, of Naracoorte, is making the necessary arrangements and will be pleased to hear from all Old Boys who may be able to attend.

The Headmaster, Mr. J. A. Dunning, will represent the School, and Mr. Norman A. Walsh, President of the Association, will also attend.

MONTHLY LUNCHEONS

The Monthly Luncheons are now held at Balfours Cafe, King William Street, on the third Tuesday in each month at 1 p.m., and satisfactory attendances have been well maintained. Interstate and country members are especially invited to attend when visiting this City.

Interesting addresses have been given by the following guest speakers:—Dr. Elliott Forsyth (on being a foreigner) Senator R. W. Pearson (Impressions of Africa), Mr. H. J. Lee (Nutritional Research Overseas and in Australia), Mr. A. J. McBride (World Wool Promotion), Mr. J. F. Ashton (The Fifth Freedom), and Mr. Hugh Millard (33 Years Secretary of the S.A. Amateur Football Association).

London Branch

Dr. Stanford Howard, of 49 Wimpole Street, London, W.1., is desirous of meeting all Old Boys who may be visiting London.

Annual Dinner

Arrangements are now being made for the

Annual Re-union Dinner and all Old Boys resident in England and those visiting London should communicate with Dr. Stanford Howard for further particulars as to date and place.

Annual Meeting

The Annual Meeting of the S.A. Schools' Association was held at the monthly luncheon in the Hotel Cecil on Thursday, January 27, the opening luncheon for this year.

After a most successful year, which was commented on by the members, the following new executive was elected: President, M. L. Staer (Princes); Immediate Past President, E. A. Winner; Vice-President, A. Rechner; Committee, A. F. Duffield, A. J. Osborne, W. C. Stevens, A. D. Turner, E. L. Walpole, C. A. M. West; Secretary, P. D. Coles (Princes).

In accepting the Presidency, Max Staer commented on the fine work done by the previous

President, Arthur Winner, under whose guidance the monthly luncheons had been established and become a regular feature.

For the benefit of country members they are reminded that the luncheon is held on the last Thursday of each month at the Hotel Cecil in George Street.

The Branch Secretary is Mr. R. J. B. Miller, of 167 Vincent Street, Perth, Western Australia.

Personal

Stan Wreford attended the March "Sun-downer" during his visit to Western Australia. He is now living in Melbourne.

E. Y. Morcombe, of Yandanooka, has joined the Association membership.

Obituary

This Branch has recently suffered the loss of three Old Boys who have died, Lionel John Chapman, of Geraldton; Walter Julius McRostie, of Nedlands; and Ernest Harry Jolly, of Nedlands. Deepest sympathy is expressed to their relatives.

Annual Cricket Match

The Annual Cricket Match was played on the grounds of the Christ Church Grammar School, Claremont, on 5th February last. A cup, for annual competition, has been kindly donated by a St. Peter's supporter and Princes are honoured to win the right to hold this trophy for twelve months. A very enjoyable game ended with Princes well in the lead.

ASSOCIATION BLAZERS

Blazers are now obtainable by members of this Association, but a certificate of membership must be obtained from the Association Secretaries.

LIFE MEMBERSHIP CERTIFICATES

Life Members' Certificates are available upon payment of 2/6 to cover cost of printing and postage.

EDUCATION FUND

This fund has been raised for the purpose of educating the children (boys and girls) of Old Boys who lost their lives on Active Service.

Messrs. C. J. Glover, N. S. Angel, and L. B. Shuttleworth have been appointed trustees to administer this fund, under direction of the Association Committee.

Several children are now receiving the benefits of this Fund and making satisfactory progress. Arrangements are in hand for others to attend in the near future at Prince Alfred College or Methodist Ladies College or other approved school.

All enquiries should be addressed to the Association Secretaries, 50 Grenfell Street.

TOKENS AND TIES

Supplies are now available for Association members.

Tokens are available at £1 and new Association Ties are 12/6 for woollen and 5/- for silk.

THE HISTORY OF THE COLLEGE

Old Scholars are reminded that copies of Mr. Ward's most interesting and valuable book of the first 80 years, 1867-1948, of Prince Alfred College are still available. No Old Scholar can afford to be without a copy of this valuable record. Copies are available bound in red cloth at £1/1/0 plus 6d. postage. Order forms are available from the Association Secretaries, 50 Grenfell Street, Adelaide, to whom remittances may be sent.
