(Editor), M. S. Elliott, R. A. Geddes, R. M.
Moyse, D. R. Oaten, W. D. Phillips, P. D.
Shaughnessy.

Editorial

Dr. Charles Thwing, in his book "Human Australia," declares that ". . . in Australia efficiency is a crime. In the present state of world conditions, Australia is relying too much on other nations for their aid and discoveries. The average Australian is too prone to rely on the work of others; he is too prone to enjoy the privileges for which others have struggled. As a race, we are apt to be complacent; complacency has been called our national heritage."

Perhaps you will say, "That is all very well, but everything comes to him who waits." However, the fellow who strives for his goal will reach it far more quickly. In a world of speed, we can ill afford to be lax. The accent of the world today is on speed; everything is a race. Our scholars and industries alike urge speed and accuracy. There is no place, no position for complacency. "Hurry, hurry," cry the politicians; "Hurry, hurry," echoes industry; "Hurry, hurry," shout the papers. And we vaguely comprehend. How many times a day do we say, "I couldn't care less?" "Quand on est en retard, on a toujours de bonnes raisons pour l'être . . . mais on est en retard."

Let us take heed of the positive, imperative "Fac" of our school motto. Let us lead the way in this call for action in our community. And let us take up the challenge of Jesus Christ, and by our example exert a Christian influence, a living, powerful, active influence in our community.

"Come my friends,
'Tis not too late to seek a newer world."

A. C. W. M.

College Council

President of the College

The President of the Conference, Rev. C. T. Symons

Honorary Secretary

Mr. R. C. Hall

Honorary Treasurer

Mr. T. W. Cotton

Revs. W. G. Clarke, C. J. Davis, W. F. Hambly, C. B. Holmes, G. T. Inglis, A. R. Medson, A. E. Vogt, Messrs. D. A. Clarkson, J. Crompton, Dr. L. L. Davey, Mr. J. F. W. Dunn, Dr. M. W. Evans, The Hon. Sir Shirley Jeffries, Mr. Justice Piper, Mr. G. K. Ryder

School Officers

School Prefects

D. R. Oaten (Captain of the School), R. F. Bartholomaeus, I. H. Craig, M. S. Elliott, R. W. Evans, P. M. Hopkins, C. G. Luke, D. G. McArthur, R. M. Moyse, W. D. Phillips, P. D. Shaughnessy, M. J. Story, W. F. Tonkin, P. J. Whitham, P. W. H. Woodruff.

House Prefects

R. F. Bartholomaeus (Head of the House), W. F. Tonkin, R. J. Ashby, R. W. Barrows, R. S. Berkin, R. G. Brandwood, A. Brown, J. L. Brown, G. L. M. Combe, R. L. Farrow, R. J. Humphris, R. W. Hurn, J. W. Staker.

S.C.M. Committee

Mr. G. M. Potts (Master-in-Charge), I. H. Gray (President), R. F. Bartholomaeus, M. S. Elliott, R. W. Evans, C. K. Everett, D. J. Jarman, R. J. Kitto, D. J. McArthur, K. W. Mills, A. C. W. Mitchell, W. D. Phillips, M. J. Story, G. E. Turner.

Memorial Library Committee

Mrs. J. Walden (Librarian), Mr. J. E. Duff (Master-in-Charge), L. R. Davis, M. S. Elliott, I. H. Gray, P. P. Krantz, C. G. Luke, K. W. Mills, A. C. W. Mitchell, H. K. Smith.

Science Journal Committee

C. G. Luke (Editor), M. J. Story (Business Manager), G. L. Brown (Associate Editor), R. M. Adamson, P. G. Chapman, R. W. Evans, R. A. Geddes, M. G. Golley, I. C. Heron, K. W. Mills, P. D. Shaughnessy, R. W. Taylor, P. W. H. Woodruff.

Sports Committee

The Headmaster, Messrs. R. T. Smith, F. C. Bennett, G. F. Connell, C. N. Kurtz, B. H. Leak (Sports Master), C. D. Mattingley, H. E. H. Mutton, G. M. Potts, D. F. Provis, J. S. Steele; R. F. Bartholomaeus, J. P. Causby,

I. H. Craig, P. M. Hopkins, R. W. Hurn, R. M. Moyse, D. R. Oaten, W. D. Phillips, W. F. Tonkin.

Sub-Committees

Cricket: Mr. B. H. Leak; J. P. Causby, D. R. Oaten.

Athletics: Messrs. G. F. Connell, C. N. Kurtz, and B. H. Leak; R. M. Moyse, W. D. Phillips, W. F. Tonkin.

Tennis: Messrs. T. G. Luke and P. M. C. Turnbull; R. M. Moyse, W. D. Phillips.

Rowing: Mr. C. D. Mattingley; R. F. Bartholomaeus, T. R. Denton, G. L. Shepherd, P. J. Whitham.

Captains of Games

Cricket: D. R. Oaten

Tennis: W. D. Phillips

Rowing: R. F. Bartholomaeus

House Captains

Bayly House: R. M. Moyse

Cotton House: P. M. Hopkins

School House: R. F. Bartholomaeus

Waterhouse House: W. D. Phillips

Cadet Unit

O.C. Capt. G. H. Woollard; Lieut. P. H. Kentish; C.U.O.'s R. W. Evans, K. D. Gogler, P. M. Hopkins, J. H. Jackson, D. J. Oliver, P. W. H. Woodruff; Sgts. I. H. Craig, R. A. Geddes, W. R. Giles, D. G. McArthur, R. M. Moyse, P. J. Nelson, R. J. Slatter, J. W. Staker, G. E. Turner.

Scout Group

Scoutmaster, Mr. J. P. Keeves; Cadet Scouters, R. F. Bartholomaeus (2nd P.A.C.), P. J. Whitham (3rd P.A.C.); Troop Leaders, P. D. Shaughnessy (2nd P.A.C.), A. C. W. Mitchell (3rd P.A.C.).

School Notes

Members of Conference were present at the Assembly on Thursday, 27th February. Congratulations were extended to the newly elected President, Rev. C. T. Symons, M.A., B.D., to whom we gave a particular welcome, not only as an Old Boy who attended P.A.C. from 1919 to 1923, but also as a former member of the staff from 1924 to 1926. Mrs. Symons is a member of the staff in the Preparatory School, while their son, Fred, was a prefect and Dux of the School in 1954.

We are very sorry that Rev. W. O. Harris has found it necessary to retire from the Council of the College after many years of valuable service. We welcome the President-elect of the Conference to the Council.

The number on the roll at the beginning of the year was 808, the same number as in 1957. The number in the Big School was 559, and in the Preparatory School 249, a decrease of one in the former and an increase of one in the latter.

Each year more and more applicants for admission to the school are unable to gain places. In one class it was not possible to accept boys for whom application was made a few months after Mr. Dunning came as Headmaster in January, 1949. The position for days boys and boarders is equally acute in the Big School, but in the Preparatory School the boarder position is somewhat easier.

Staff changes have been few. At the end of 1957, Dr. R. Ellis retired and he and Mrs. Ellis are now on a trip to Europe, while Mr. J. A. Brockhoff retired to take up a scientific position in industry. Mr. J. M. Mills, B.A., with teaching experience in state schools and in France, joined the staff in February. The Prep. School staff remains the same as in 1957.

Mr. Potts, at his own request, retired from the position of Second Master at the end of 1957. We are glad that he is remaining on the staff. Mr. R. T. Smith, B.Sc., has been appointed Second Master.

Mr. J. P. Keeves returned at the beginning of the first term after being abroad on leave of absence for a year. His place, both in the classroom and with the scouts, had been taken by Mr. Barry Smith, who is now continuing his studies at the National University, Canberra.

We miss Mr. Keith Scott in the House, where he had been a resident master for some years. His place was taken by Mr. G. A. Lockyer, who is doing resident duty, and at the same time continuing his science course at the University. Mr. Lockyer is giving Mr. Keeves valuable and much needed and appreciated assistance with the scouts.

There are reports of two intercollegiate games in this Chronicle. In cricket, we were soundly beaten by a good S.P.S.C. team, but the tennis cup now graces our hall after an absence of five years from a place where from about 1930 to 1950 it had appeared to be almost a permanent fixture. Congratulations to our coach, Mr. Turnbull, our captain Phillips, and the members of the team.

The President and members of the Committee of the Old Collegians' Association paid their annual visit to morning assembly during November. The retiring President, Mr. F. C. Hassell, told the school of the work the Association was doing and advised boys who were leaving to join at the end of the year.

Mr. and Mrs. S. R. Chase have endowed a prize to be known as the Malcolm Chase Memorial Prize in memory of their son, who was accidentally drowned while doing his National Service Training with the R.A.A.F. This will be awarded each year to the Editor of the Science Journal.

Annual School Service

The School Chaplain, Rev. R. K. Waters, conducted the twenty-fifth Annual School Service in Kent Town Church on Sunday, 15th December, 1957. The lesson, St. John XV: 1-17, was read by the Captain of the School, D. J. Perriam, and the School Choir, under the direction of Mr. Rolland May, Mus.Bac., rendered the introit, "O Shepherd, ever near us," the anthem, "Let all the world in every corner sing," (Geoffrey Shaw), and three carols, "Sound, sound your instruments of joy," "All my heart this night rejoices," and "Ding, dong, merrily on high." The address was given by the Headmaster, Mr. J. A. Dunning, M.A., M.Sc. The organist for the service was Mr. Mark Symons.

THE HEADMASTER'S ADDRESS

The choice of my subject this evening came to me as I was looking through one of Dr. C. F. Fosdick's study circle books that was much in use in my University days. The title of a chapter in it is "The Abundant Life" and it dealt with abiding happiness, and it is about happiness that I shall speak. I have chosen for my text the words of our Lord in John, chapter 15, verse 11, a portion of the lesson read by Perriam.

"These things have I spoken unto you that my joy might remain in you, and that your joy might be full."

All of us wish to be happy and we are not wrong in wishing it. I know that all parents here tonight, as they think of the future, will have this wish in common, that their sons will be happy.

Robert Louis Stevenson has this to say: "A happy man is a better thing to find than a £5 note. He is a radiating focus of good will, and his entrance into a room is as though another candle had been lighted." Had he lived in these days of the depreciated value of the £1 he would have surely said "ten five pound notes." Again, last Sunday morning at our service in this church Mr. Clarke quoted from Phillips Brooks. A Boston newspaper once had this to say of him: "It was a dull, rainy day and things looked dark and lowering, but Phillips Brooks came down through Newspaper Row and all was bright."

Cannot we all think of somebody who brightens a room by his very presence? I shall give you two instances. You will agree with me when I say that the class rooms and the common rooms at P.A.C. are illuminated when our chaplain enters, yes, and when he laughs. Can any of you who have attended Old Boys' gatherings, or have been at Morning Assembly when I am at the Preparatory School imagine Mr. Potts casting a gloom on a room when he enters it.

What a difference it would make in this land of ours if we would only show our joy and happiness more on our faces? A stranger from a far land viewing the crowds as they pass the Beehive Corner might well wonder if even five per cent of those passing by are happy, such is the set look on their faces. You try studying this for yourself some time. I have done it. During the week, I was glancing through a Public Examinations manual and I chanced to look at the Leaving Honours French paper. The heading to the translation from French to English was "The character of the Athenians and the French." I am giving you the English translation—you would not recognize my spoken French as French at all. This was the opening paragraph: "What peoples were ever more attractive in the ancient and modern world than the brilliant nations of Attica and France? The foreigner, delighted by Paris and Athens, meets only sympathetic hearts and faces, ever ready to smile at him."

There are many things in the life of ancient Athens and of modern Paris that I would not hold up to you as an example, but Adelaide would be a better city to live in if we followed their example in this, i.e., in letting our fellows know when we are happy.

How then can happiness be achieved? I can give you no simple recipe. Be assured of this. There is no enduring happiness where selfishness holds sway. So he who hopes to find more than passing happiness in the pursuit of pleasure is doomed to disappointment. Equally unfortunate is the man who makes money his god and spends himself in his efforts to acquire wealth. Yet let us face up to it. How often do we all, do you, do I, say either to ourselves or aloud something like this: "How lovely it would be if I were the heir of a wealthy man and he left me a large sum of money! How happy I should be if I won Tatts or if I won an English football pool for some astronomical figure." Many an heir and many a winner has been disillusioned. One of the great social evils,

if not the greatest of our day in Australia and in Britain springs from this hope of gaining wealth without doing anything to earn it—winning money from other people who often cannot afford to lose it. All credit to our State Government that it still sees the light in this matter.

The great trouble today is that so many confuse the quest for happiness with the quest for pleasure, and the latter is essentially selfish.

True happiness will always be associated with unselfishness. Let us then consider some of the factors which contribute much to an enduring happiness—not a happiness merely of a day or of a season. To a certain extent I am here following the headings given in Dr. Fosdick's book.

A man's life cannot be a happy one without friends. A true friend is not concerned with what he can get out of the man with whom he is friendly. We all know that a small boy about to have a party suddenly finds all his class mates regarding him as their best friend. I would not say that they were all true friends. In adversity a true friend shares your sorrows and troubles and in prosperity he shares your joys and successes. Someone has said: "A real friend is one who will tell you of your faults and follies in prosperity and help you with hand and heart in adversity." Friendship doubles our joys, divides our griefs, and warms our lives with a steady flame. The ex-Lord Mayor, the late Mr. J. S. Philips, comes to mind as a man who seemed to be the friend of all who knew him. Many an Adelaide man was happier because he could count Mr. Philips as his friend, and I like to think how much happier his own life was because of his friends. Cicero has this to say "As to the value of other things, most men differ; concerning friendship all have the same opinion. What can be more foolish than, when men are possessed of great influence by their wealth, power and resources, to procure other things which are bought by money—horses, slaves, rich apparel, costly vases—and not to procure friends, the most valuable and fairest furniture of life." So much for friends and friendship.

To be happy a man must be engaged in honest and useful work and in work that appeals to him. As I have mentioned and spoken on this point in previous end-of-year services, I shall merely touch on it tonight and not labour it. Hard work honestly done with a just pride and pleasure in efficiency and skill is life's fundamental blessing, while idleness is the most deadly boredom that life can know.

While we of the generation who remember the poverty and insecurity of the early 1930s—and it is very difficult for the boys of today to picture what our land was like in those days—are responsible for advising our children, we, mindful of that poverty and insecurity, may at times lay too much stress on financial return

and security. These things are important but they are not all-important. If a thinking man is to be happy, he must be happy in his work, and to be this he must be interested in it and it must be worth while.

Then I think you will all agree with me that for enduring happiness a man's interest should not be too narrow. It always grieves me when I hear of a man who in his working days has done a grand job but in his retirement feels miserable and at a loose end because his work had been his sole interest. Therefore to those who are setting out in life, my advice is that you take care to have some worth while interests in addition to your job, and in particular some interest in which you render service to the community and your fellow men. But do not let these interests become so absorbing that you neglect your work.

None of these things that I have mentioned so far will contribute more to real happiness than the sharing of good things. We usually think of this in connection with material things, but it holds with equal, if not greater force, for many of the good things of life—good books, good music, adventures, holidays, good scenery, motor drives through pleasant country, and even spiritual possessions. All these and many others will be enjoyed the more if they are shared with others. It is not only the wealthy who can share these good things, but perhaps outstanding instances of sharing by wealthy men tend to be quoted more frequently. What joy came to Barnabas as he shared his wealth with the early Christians and what a service he rendered to the early church! But who would say that his happiness and the service he rendered were greater than those of Aquila and Priscilla as they shared their workshop in those self-same days.

On the walls of Harrow is a tablet bearing this inscription: "Near this spot Anthony Ashley Cooper, later seventh Earl of Shaftesbury, while yet a boy in this school, saw with shame and indignation a pauper's funeral which helped him to awaken his life-long devotion to the service of the poor and the oppressed." That Harrow boy was born with a silver spoon in his mouth. He had wealth, rank and social standing—yet he devoted all his time, money and strength to the service of the poor. He founded schools and homes, he fought to abolish child slavery in factories. When he was buried in Westminster Abbey, 100,000 poor people lined the London streets—1,000 working girls carried a silken banner bearing these words: "Inasmuch as ye did it unto one of the least of these, ye did it unto Me." None of you boys is in the position to do work of the magnitude of what Shaftesbury did—your resources are not as great—the poverty about is not as cruel—but each and every one of you can share something with a less fortunate brother. But this sharing only becomes really worth while when you have

shared something you wanted and could have used yourself.

But something more than these and similar external circumstances are necessary for complete fullness of life and happiness. The time comes when they alone are not sufficient. There must be something within a man, some spiritual resources within him upon which he can rely. This comes in its entirety when God enters the life of man, when Jesus Christ has touched his soul and has been accepted as his Saviour. We have the promise time and time again in the gospels. In His own words, "I have come that they may have life, and have it to the full," or in the words of our Text: "These things have I spoken unto you that My joy might remain in you, and that your joy might be full."

All of us must have, from time to time, tried to get a mental picture of Jesus. Perhaps when we were very young we pictured Him as a happy man. As we grow older, we tend rather to think of Him in terms of His sorrow and His sacrifice—a man to be pitied for all that He endured. Yet I am sure that He was essentially a joyous, happy man. Did He not liken Himself and His disciples to a bridal party? Even in the days of His persecution, we find the note of joy remaining. How often did He tell those around Him to be of good cheer. Much of our writings and many of our hymns tend to pity Jesus because of all that He suffered. Many of the masterpieces of art, particularly of the middle ages, scattered throughout the length and breadth of the world, in galleries and in churches, confirm this impression. Jesus spoke of His own life as a blessed, i.e., a happy one, and the Christian religion is and should be a happy one, despite what the cartoonist and the scorners may say.

Fosdick gave these as some of the sources of his joy:

His trust in God.

His hope for the future.

A consciousness that he had found and was doing God's will.

A knowledge that he was doing a great service for men.

Joys springing from such sources are not taken away by man or misfortune. As the night follows the day, so surely must we all at some time face up to adversity. It may come in youth, in middle age, or in old age. It may be this week, it may not be for years. But armed with these resources which come with the entry of God into the life of man and with the acceptance of Jesus Christ as his Saviour, a man may say as Ben. Franklin did when he was over eighty: "At my age I think that I ought to be grateful that I have only three incurable diseases," or again the old coloured preacher who said to his parishioners: "Brethren we must cooperate with the inevitable."

Or Paul to Timothy: "I have fought a good fight; I have finished my course; I have kept the faith. Henceforth there is laid up for me a crown of righteousness, which the Lord, the Righteous Judge, shall give me at that day, but not to me only, but unto all them also that love His appearing."

Many will pass their judgment of the year 1957 in the life of P.A.C. on the success of its pupils in examinations and of its teams in the intercollegiate games. I do not object to this. But our school should stand up to a stiffer trial, and it must be condemned if it sends its boys out without having presented to them the challenge of the Christian faith, and without having shown them the joy that is ever there for them to receive—the joy of which our Lord spoke when He said: "These things have I spoken unto you that My joy might remain in you, and that your joy might be full."

And the responsibility of parents is equally great. As we send our children out into life, it is not sufficient to see that they have stayed at school until they have reached a certain stage, and that they have the material things to give them a good start in life. The condemnation will be great if, at the same time, the joys of being one of Christ's followers have not been presented to them. This then, is the great challenge to both home and school.

Let neither be found wanting.

Speech Day

The Annual Speech Day, held at the School on Friday, 20th December, was presided over by Rev. A. E. Vogt, President of the Conference, who, after prayer had been offered, addressed the gathering. The Captain of the School, D. J. Perriam, read his games report, and the Headmaster then presented his report.

In his speech to the boys, His Honour, Mr. Acting Justice F. E. Piper, C.B.E., who presented the prizes, spoke of conditions at P.A.C. when he himself was a schoolboy here, and of the much greater advantages enjoyed by the scholars of today. He mentioned in particular the importance of the Preparatory School which had not then been founded. The school, he declared, has a duty to provide its scholars with a liberal education and sound convictions, with the courage to stand up to them. Having congratulated those who had won prizes, he wished God's blessing for those about to leave.

HEADMASTER'S REPORT

I am sure that I speak for all connected with Prince Alfred College when I say how delighted and how honoured we are to have Mr. Acting Justice Piper as our principal guest this morning. There is no need for me to tell of his distinguished career and of his grand service to this city. The name of Piper is one of the most honoured at P.A.C. His father, he and his five brothers and his two sons have attended the school. He is a member of the College Council. In 1942 he was President of the Old Collegians' Association, a position held by his father in 1896 and by a brother in 1927. Another brother was school medical officer for many years, and still another was recently President of our Parents and Friends Association. A son in now on the committee of the Old Collegians' Association.

The number on the roll when school opened was 808 of whom 152 were boarders. Of this number, 247, with 22 of them boarders, were in the Preparatory School. The increase of 40 in the total enrolment came about largely by the inclusion of another form in the Preparatory School. This was made possible by the erection of a new class room during the last long vacation. Where before we had a class corresponding to Grade VII in the State schools, another to Grade VI, and a combined Grade VI and VII, we now have two Grade VI and two Grade VII classes, a much more efficient arrangement.

Public Examination results in 1956 were very much as I predicted in my last report. At all stages, the usual proportion of boys passed, with very good results from the top boys at Leaving Honours and Leaving. Seven boys gained places on the General Honours List, and four of these returned to school for a second year in Leaving Honours. Here they were joined by a quite bright group from Leaving, and we therefore look forward to some very good

Leaving Honours passes. In some other years, any one of the first six or seven boys in the class could have been Dux of the School.

We expect the number of passes at Leaving and Intermediate to be much as usual, but school results seem to indicate that there will not be a large number of really good passes. The general opinion of masters is that we shall have some very good Intermediate passes in 1958 and 1959, as the better boys in V lower A and IVA show great promise.

Mention was made above of the good Leaving Honours results last year. The unusually large number of sixteen of these boys did first year medicine at the University. Two boys who were in Leaving Honours the previous year, were doing the same work, and these eighteen all completed the year—seven distinctions, seven credits and four passes.

Before leaving the subject of examinations, I should like to point out three things about the South Australian Public Examinations system.

1. We in the schools should be grateful to the professors and lecturers at the University who are responsible for the setting and the arranging of the marking of papers for the way they, for the most part, cooperate with us in seeking the advice of senior teachers whose job it is to teach at secondary level. I think that this accounts for the fact that there are so few complaints about the papers and the results.
2. I wonder whether parents and the public in general realize that last year the number of candidates eligible for the Intermediate Certificate was 4,959, and of this number 2,643, i.e. fifty-three per cent, qualified for the certificate. In 1948 the percentage was sixty-four, and in 1956 it was fifty-five. As all boys in upper fifth forms sit for the Intermediate, it must be realized

from the above figures that a large proportion of those in VUC, D, and E will not be up to the standard required to gain a certificate. Further, it must be remembered that at this school about ninety-five per cent of the boys who commence a secondary course remain at school for at least three years and therefore sit for the Intermediate. For the State as a whole a much smaller percentage does this, and it is certain that the pupils leaving early will not be, for the most part, those likely to pass.

3. Though I am quite happy with the Intermediate examination as it is at present, I think that the weight of numbers will make it necessary for some form of internal examination to be introduced in the fairly near future.

At the beginning of the year we welcomed Mr. J. A. Brockhoff, Mr. P. S. Kentish and Mr. R. C. Perkins as masters in the Big School, and Mr. D. C. Kitney in the Preparatory School, while Mr. B. W. Smith came for one year to take the place of Mr. Keeves on leave of absence overseas for one year. Mr. Brockhoff is leaving to take up a post in industry. Mr. G. H. Woollard, an old boy, joined the staff in June in place of Mr. Pridmore as master-in-charge of physical education and cadets. Mr. Woollard's previous experience as a warrant officer in the permanent army has proved invaluable to us.

Dr. Ellis, who has been a valued member of the staff since 1945, is retiring. We wish him well in his retirement, and we do hope that he and Mrs. Ellis have a very happy trip to Europe. They hope to sail early in January.

Mr. Potts has asked to be relieved of his duties as second master as from the end of this year. Twelve months ago I did not accede to the same request, but he now insists, and the College Council has accepted my recommendation that Mr. R. T. Smith be appointed to the position. I am most happy to report that Mr. Potts will be continuing as a full-time member of the teaching staff. No word of mine can adequately express our appreciation of the part Mr. Potts has played in the life of this school since he joined the staff almost thirty-nine years ago, nor can I adequately thank him for the way he has helped and guided me during the past nine years. No school has had a more loyal servant, and no headmaster a more loyal second master. To his successor, we offer our congratulations, and I know that he has the confidence of his colleagues, of the boys and of their parents.

This year has been a most unusual one from the point of view of health and attendance. The attendance was remarkably good and far better than in other years, except for the last two weeks of the winter term, when so many fell victims of the then prevailing influenza epidemic that the school had to close three days early. If the year as a whole be considered, we

suffered very little real interruption to our work through illness. I must express my appreciation of the work done by Sister McDonald in the Boarding House during the epidemic, and of the assistance given by the school's medical officers.

For many years, the annual end-of-year school service has played an important part in the life of the school. This year I arranged for a mid-year service on similar lines but with the chaplain, not the headmaster, giving the address. Kent Town Church was packed for what proved to be a most inspiring service, and the mid-year service will now be held annually.

Early in third term, the College Council gave its approval to a plan to enlarge and improve the back oval area. Work has already begun on the project and when it is completed we shall have an oval 160 yards long, as well as three grass and three hard tennis courts in that area. It is also planned to transfer the main cricket practice wickets from the front oval. At the request of the Council, the Old Collegians' Association is sponsoring an appeal for £5,000 to be launched early in the New Year to cover the cost of the work. That the project is already so well under way is almost entirely due to the generosity of Mr. F. T. Thomson, father of Barry Thomson who left P.A.C. in 1955.

Ordinary maintenance within the school has kept us busy. The external painting, a lengthy and expensive job, was completed and has done much to improve the appearance of the school. A jarrah floor has been placed in the gymnasium, and this makes the building much more useful to us. The cost was almost covered by contributions from the boys in some of their weekly collections and from the proceeds of concerts and plays. By this means a sum of £950 was raised.

Interest has been well maintained in all school activities—sports, cadets, scouts, hobbies, the Chronicle, the Science Journal and others. Time does not permit me to speak in detail on these, and to give them what is their due. The scout group was able, after much searching and inspecting, to find an area of over eight acres in Aldgate which was considered to be very suitable for a camp site. This was purchased and is to be the memorial to Bill Taylor, who met his death through an accident while helping our scouts last year. The response to the Bill Taylor Memorial Appeal has been most encouraging and now amounts to almost £1,000.

The Science Journal continues to receive wide commendation from many in the educational world who are often surprised that boys can produce such a fine journal. A new prize has been added to the prize list this year. It is the Malcolm Chase Memorial Prize, and it is awarded to the Editor of the Science Journal. It has been endowed by Mr. and Mrs. S. R. Chase as a memorial to their younger son, who was accidentally drowned while doing National

Service with the R.A.A.F. Malcolm Chase had had a distinguished career at P.A.C. and his work at the University was full of promise.

For some months the oval has had a rather forlorn and worn appearance. In an endeavour to win the battle against paspalum which has been going on for some time, it was decided to take drastic action, and a large area was poisoned. As soon as school breaks up, work will commence on resowing this area. At Speech Day next year, it will be possible to tell to what extent our efforts have been successful.

It is good to be able to report that excellent use is being made of the Ward Library by many boys. For the most part, good care is being taken of borrowed books. Much of the credit for the smooth and efficient running of the library must go to our librarian, Mrs. Mattingley. Unfortunately, she is leaving but I should like her to know that her work has been greatly appreciated. We were indeed fortunate that she was available for two years to set us on the correct way in library procedure. I am always proud of both the Ward Library and the Memorial Library whenever I show them to visitors.

The Captain of the School, D. J. Perriam, has read the report on games. I would do no more than add my appreciation of the work of the masters who give so much time to helping the boys and my congratulations to the football team on its wins against the two Melbourne schools, and to Hannaford the captain of football who won the Gosse Medal.

In conclusion, I would express thanks to all who have helped the school and have helped me personally throughout the year. They are many, and I should like to mention them by name, but in view of the weather conditions, I know they will forgive me if today I make it a general "Thank you."

It merely remains for me now to wish the boys who are leaving their share of success and all happiness in the future, and to wish all present this morning the compliments of the coming season.

GAMES REPORT

Mr. President, Your Honour, Mr Headmaster, Ladies and Gentlemen.

It is my privilege to present to you the Games Report covering the principal sporting activities of the School during 1957.

This year has been very successful for P.A.C. in the realm of sport. In the five inter-collegiate contests we defeated St. Peter's College in rowing, football and athletics, were beaten narrowly in the tennis, but proved no match for our rivals at cricket.

Our first encounter with the Blues was at tennis, played on the Kensington Gardens courts during March. At lunch Princes led 4 rubbers to 2 and after the next round we had increased

the lead to 6 rubbers to 3. Although our opponents had drawn level with the last rubber in progress, our hopes were high as Moyse and Davies had taken the first set 6-4. After reaching 4 all in the second set, the young pair went down in an exciting finish and our rivals retained the Gosse Cup by the barest of margins. Congratulations to Williams and Phillips on winning all three doubles. Simmons, Davies and Moyse won their singles, and one double went to Bennett and Simmons. Phillips, after a very successful season, defeated Williams in the school tennis championship 6-2, 6-3.

The Head-of-the-River Regatta was held on April 13, the main event being won by St. Peter's who defeated Scotch by a narrow margin. An influenza epidemic took toll of our crews and we were unsuccessful in the finals of all events. Princes had been eliminated by Scotch in the first heat of the Head-of-the-River race, and it was therefore necessary to contest the Blackmore Shield event on the following Tuesday. Saints, after their win on the Saturday, were expected to be difficult to defeat, but Princes were equal to the occasion. After trailing early, our crew, showing grim determination, made up the leeway in splendid style and held off Saints in a thrilling finish to win by two feet in the smart time of 2 min. 57 sec. The result was a triumph for the crew and also their coach, Mr. Mattingley, to all of whom we offer our congratulations.

Once again our athletes have performed brilliantly, due very largely to the expert coaching of Mr. Connell. It was a disappointment to our boys when it became known that they would be unable to participate in the State Championships because they clashed with our School Sports which, however, produced some outstanding performances. Twelve records were broken and one equalled. Hannaford is to be congratulated on winning the Senior Cup, being successful in all five events in which he competed. Page, although hampered by sickness, won three events, including a record-breaking run in the mile, and Deslandes did well to record two firsts and three seconds. Another noteworthy performance was that of Trethewey in the under 16 events. He not only won the cup for his age group but broke three records in doing so, Watts, the cup winner, and Causby were outstanding in the under 15 group. Other junior cups were won by Morton and Stain. School House won the cup for the highest aggregate of points for the day. Our thanks are due to all who officiated on the day and to those who helped with donations to the Prize Fund.

After such good results at the School Sports, it was not surprising to see our athletes defeat St. Peter's for the third year in succession in the Intercollegiate contest. Although our winning margin of 95 points to 73 was less than last year's, it was nevertheless a convincing victory. Hannaford, Page and Trethewey each won two events, while Watts, Daebler, Craig and Causby were also successful.

The victory was made possible by some outstanding performances by our juniors, who recorded 61 points to 17. In four of the junior events all three places were filled by Princes.

As was the case last year, Princes had a comfortable win in the Combined Schools Athletics Sports. Our record of eleven firsts and ten seconds out of twenty-eight events speaks for itself. Once again the brilliance of our juniors, had a decided influence on the results, particularly in the under 16 and under 15 age groups. There were thirteen events for boys in these age groups and our record was eight firsts and five seconds. We now have the distinction of having won the pennant in each of the two years in which we have participated in these sports and, with such a strong team of juniors, our prospects for the future seem particularly bright.

The cross-country events, in which every boy medically fit was required to run, were held near the end of the second term. Phillips demonstrated his all-round ability by leading home the very large field of seniors, while Cleland won the under 16 contest and Barratt was first home in the under 15 event.

Good high marking and better team work were telling factors in a comfortable win over Saints in the Intercollegiate football match. Final scores were Princes 13 goals 11 behinds to Saints 7 goals 7 behinds. Hannaford, with a brilliant display of safe marking and long, well-directed kicking, has won the Norman Dowie Cup for the second year in succession. He and Kelly dominated the ruck work with intelligent knocking. Rogers also deserves to be mentioned for some clever forward work. In fact, most of the team performed well, and their combined play contributed in no small measure to the forty-point win.

Later in the term our first XVIII defeated three visiting interstate teams—Wesley College, Melbourne Grammar School and Scotch College, Perth. These successes, following their winning of the premiership in Students' Association, lend strong support to the belief that Princes this year produced the outstanding schoolboy team in the Commonwealth.

The Gosse Medal, which is the Students' Grade equivalent of the Magarey Medal, has been won by Hannaford, one of the best footballers to represent the school for many years.

Our only serious reverse was in the Intercollegiate cricket which ended yesterday in a win for our rivals by an innings and 153 runs. Congratulations to Saints on a fine performance. In the first innings Woodcock, who won the batting trophy with 50 not out, and Rogers with 46 were the mainstays. Oaten 37 and Causby 30 did well in the second innings. Blight with 3 for 82, Oaten 2 for 31 and Gower 2 for 65 were our best bowlers. Despite the trying weather conditions, our fieldsmen performed creditably, Oaten being awarded the fielding trophy.

The House Cup for all branches of school activities was won comfortably by Cotton House.

Merit badges awarded to boys who have gained full colours in three major sports were won this year by two outstanding juniors, Phillips (under 16) and Causby (under 15).

In conclusion I should like to thank the masters, especially our Sports Master, Mr. Leak, for the many hours they have devoted to the coaching of teams and to the ground staff for the efficient manner in which they have carried out their duties.

Thank you.

Prize List

PREPARATORY SCHOOL

Form IC—Dux, J. H. Pryzibilla; 2, A. F. Close; 3, I. H. McQueen.

Form IB.—Dux, D. G. Provis; 2, J. P. Boucaut; 3, D. W. Bedford.

Form IA.—Dux, C. A. Wagner; 2, D. J. Pascoe; 3, J. R. Freeman.

Form IIB.—Dux, W. F. Heddle; 2, P. N. Gerard; 3, I. G. Hone. General Proficiency: J. F. Wilson, R. L. Close, R. G. White, K. L. Glancey, C. K. Bennett.

Form IIA.—Dux (presented by Messrs. Gillingham & Co. Ltd), A. F. Wilson; 2, C. J. C. Bennett; 3, R. S. Freeman. General Proficiency: A. J. Woodcock, A. B. Compton.

Form IIILB.—Dux, P. S. Lovell; 2, I. Huntley; 3, I. R. Pitt.

Form IIILA.—Dux ("Jack Glover" Prize), D. M. Close; 2, R. J. Heddle; 3, R. W. Carmichael. General Proficiency: J. A. Trott, J. L.

Crompton, R. F. Francis, R. E. Hunwick, I. M. Rudd, J. E. Rowe, O. F. Davis, G. D. Martin, L. G. Cleland.

Form IIIUB.—Dux, R. K. Howland; 2, W. G. Tasker; 3, F. P. Nolan.

Form IIIUA.—Dux (George C. Davies Memorial Prize), P. J. Freeman; 2, D. A. Trim; 3, O. Crompton. General Proficiency: A. J. Blake, K. Gehan, G. A. T. Talbot, G. T. Inkster, D. C. Hassell, P. G. Barrett, J. N. Mccris, A. G. Lamb.

Special Prizes

The Donald D. Magarey Cup—D. C. Hassell. Tennis Cup (presented by J. E. C. Stephens, Esq.)—R. W. Carmichael.

Cricket Cup (presented by L. O. Fuller, Esq.)—K. B. Lower.

Scripture—Form IIB, D. C. Rivett; IIA, C. J. C. Bennett; IIILB, I. Huntley; IIILA, O. F. Davis; IIIUB, P. E. Longstaff; IIIUA,

- D. A. Trim.
 Speech Training (presented by Mr. Jas. Anderson).—P. J. Freeman.
 Mrs. J. R. Robertson Prizes.—IIIL, R. W. Carmichael; IIIU, D. C. Hassell.
 Spelling Prizes (presented by the Parents and Friends' Association).—IA, R. H. Tillett; IIB, J. K. Waters.
 Project Prizes (presented by the Parents and Friends' Association).—IIA, M. J. Talbot; IIILB, A. A. Burdett; IIILA, A. J. Leak; IIIUB, D. T. R. Watkins; IIIUA, A. C. Willington.
 Music Prize (presented by R. G. May, Esq.).—R. S. Freeman.
 Art Prize (presented by M. N. Gray, Esq.).—D. B. Harry.
 The G. S. Cotton Scholarship—D. M. Close.
 The James Ashton Scholarship—D. A. Trim, P. J. Freeman (aeq.).
 The J. R. Robertson Scholarship—D. A. Trim, P. J. Freeman (aeq.).
 The A. W. Welch Cup, won by Chapple House—Captain, K. B. Lower.
 Captain of the Preparatory School (Norman Mitchell Memorial Prize)—D. C. Hassell.

BIG SCHOOL

Form Prizes

- Fourth Form (D).—Dux, T. G. Copping; 2, R. H. Williamson; 3, P. G. Saint.
 Fourth Form (C).—Dux, B. C. March; 2, J. S. Collins; 3, A. H. Davey.
 Fourth Form (B).—Dux (John W. Blacket Memorial Prize, 1, R. B. Pascoe; 2, C. M. Philpott; 3, R. W. Ellis.
 Fourth Form (A).—Dux, (F. B. Holland Memorial Prize), D. R. Compton; 2, N. A. M. Paterson; 3, G. H. Searle. General Proficiency: R. H. Cowham, G. W. Trott, D. J. Noble, D. M. Tamblyn, J. H. Clapp, G. N. Pearce.
 Fifth Lower Form (D).—Dux, S. M. Adamson; 2, D. J. Davidson; 3, I. L. Clarkson.
 Fifth Lower Form (C).—Dux, L. T. Dadds; 2, D. J. Goldsmith; 3, A. S. D. Jolly.
 Fifth Lower Form (B).—Dux, D. L. Jacobs; 2, R. J. Worthington; 3, D. B. McInnes.
 Fifth Lower Form (A).—Dux (H. W. A. Miller Memorial Prize), C. R. Marlow; 2, B. A. Gooden; 3, R. J. Maerschel. General Proficiency: D. Charlton, A. M. Angus, A. J. Mack.
 Fifth Upper Form (E).—Dux, J. R. Wunderstz; 2, Q. H. Deverson; 3, I. L. Kitto.
 Fifth Upper Form (D).—Dux, D. J. Oliver; 2, G. D. Cross; 3, R. J. Southby.
 Fifth Upper Form (C).—Dux (Keith Swann Memorial Prize), R. B. Voigt; 2, J. M. Vardon; 3, R. J. Lang.
 Fifth Upper Form (B).—Dux (Messrs. Gilling-

- ham & Co. Ltd.), J. W. Staker; 2, W. V. Michelmores; 3, J. K. Pearlman.
 Fifth Upper Form (A).—Dux (Alan Johnson Memorial Prize), G. L. Brown; 2, H. D. M. Combe; 3, R. A. Geddes. General Proficiency, K. E. T. Little.
 Sixth Form (C).—Dux (Rex Gersch Memorial Prize), W. F. Tonkin; 2, I. B. Gemmell; 3, L. R. Gregurke.
 Sixth Form (B).—Dux, P. E. Johnstone Memorial Prize), E. J. Jenkins; 2, G. L. Shepherd; 3, I. H. Craig.
 Sixth Form (A).—Dux (Jas. and Geo. Robin Memorial Prize), I. C. Heron; 2, W. D. Phillips; 3, M. G. Golley. General Proficiency: K. W. Mills, P. D. Shaughnessy, R. M. Adamson.
 Sixth Upper Form (B).—Dux, C. J. Prisk.
 Sixth Upper Form (A).—Dux of College (Holder Memorial Prize), D. J. Perriam; 2, G. W. Bennett; 3, M. J. Edgeloe; 4, P. L. Rogers; 5, C. Fryer. General Proficiency: R. B. Siegele, J. V. Lloyd.

Special Prizes

Football—

- Best and Fairest Player for Season (presented by Old Collegians' Association)—I. G. Hannaford.
 Best and Fairest Player in Oval Match (Norman Dowie Cup)—I. G. Hannaford.
 Dick Pinch Memorial Cup for under 14—M. H. Skinner.

Cricket—

- Highest Score on Oval—S. J. Woodcock.
 First Eleven Batting (Norman Dowie Cup)—J. P. Causby.
 First Eleven Bowling—P. M. Hopkins.
 Fielding in Intercollegiate Match (presented by Old Collegians' Association)—D. R. Oaten.

Tennis—

- School Championship (presented by Gordon Taylor, Esq.).—W. D. Phillips.
 Runner-up (presented by Ross Gryst, Esq.).—O. C. Williams.

Rowing—

- H. E. Freburg Trophy for Coxswain—R. W. Barrows.
 P. B. Piper Memorial Rowing Trophy—R. N. Francis.

Scouts—

- Abotomey Cup for Best Patrol—Kangaroos, Leader, J. M. Vardon.

- Morley Bath Memorial Prize for Best Contribution to Chronicle—Literary, J. V. Lloyd; Art, C. R. Philpot.

- Debating (Prizes presented by W. D. Taylor, Esq.).—Best Speaker, G. W. Bennett; Most Improved, D. W. Simmons.

Kenneth Harley Memorial Prize for Original Story or Short Play—R. E. Carr.

Music—

Allan Odgers Memorial Prize: N. E. Geering.
Jack Furness Memorial Prize: C. G. Luke.
Special Prize (donated by R. G. May, Esq., Mus.Bac.): D. J. Perriam.

Dramatic Prizes (presented by Rigby Ltd.)—S. D. Clark.

Special Dramatic Prize (presented by the Adelaide Repertory Theatre)—M. S. Elliott.

Scripture Prizes—IVD, P. G. Saint; IVC, (Geoffrey Burdett Memorial Prize), I. C. Marett; IVB, C. M. Philpott; IVA, B. H. Leader; VLD, S. M. Adamson; VLC, R. D. Chapple; VLB, P. J. Nelson, E. C. Patterson; VLA, (W. H. McKirdy Memorial Prize), P. C. Morris; VUE, N. C. Hallett; VUD, D. C. Wotton; VUC, B. A. Cowan; VUB, R. J. Jarman; VUA (W. A. Dunn Memorial Prize), M. L. S. Saddler; VIC, (Barrie Brown Memorial Prize), R. L. Farrow; VIB, I. H. Gray; VIA, D. G. McArthur; VIUB, P. J. Whitham; VIUA, J. R. Panter.

Arithmetic—

Sixth Forms (presented by S.A. Cricket Association).—P. L. Rogers.

Drawing Prize.—R. J. Makin.

Rowley Prize for Woodwork.—J. R. Wunder-sitz.

Prizes for English and for Essays.—

Form VU (Alan L. Johnson Prize): W. R. Giles; Form VIC (Bruce Hamilton Prize): J. T. Haldane; Form VIB (Bruce Hamilton Prize): G. L. Shepherd; Form VIA (R. L. Cotton Prize): K. W. Mills; P. W. Mellor Prize, A. C. W. Mitchell.
Form VIU (Harold Fisher Prize for English Literature): J. V. Lloyd.
George Thornburn Melrose Prize for Shakespeare: P. L. Rogers.
Gifford Essay Prize—Long Essay: D. J. Perriam, P. L. Rogers; Short Essay: J. R. Panter, J. V. Lloyd.

Special Essay Prizes (presented by Parents and Friends' Association): IV Forms: 1, D. R. Compton; 2, G. H. Searle. VL Forms: 1, D. Charlton; 2, A. M. Angus. VU Forms: W. R. Kelly. VIC: L. R. Gregurke. VIB: P. P. Krantz. VIA: M. S. Elliott.

Prizes for Languages—

French (presented by l'Alliance Francaise): A. C. W. Mitchell. James Clarkson Sunter Memorial Prize for Languages: J. D. Thomson.

Smith Prize for History—Junior: J. D. Hains; Senior: R. E. Carr.

Prizes for Science and Mathematics—

K. W. A. Smith Memorial Prize for Mathematics: W. D. Phillips. H. J. Priest Memorial Prize for Mathematics: D. J. Perriam.
J. D. Iliffe Memorial Prize for Science—Upper Fifth Forms: G. L. Brown. J. D. Iliffe Memorial Prize for Science—Sixth Forms: M. G. Golley. Upper Sixth Forms (Physics): D. J. Perriam.
Cotton Medal for Chemistry: P. L. Rogers.

Editor of the Science Journal (Malcolm Chase Memorial Prize)—G. W. Bennett.

L. J. Branson Prizes (for outstanding contributions in Science Journal)—1, D. J. Perriam; 2, G. P. Bowen.

Best All-round Boy—Fourth Forms (Wesley Lathlean Prize): W. R. Jackson; Lower Fifth Forms (Lewis de Garis Prize): I. J. Simmons; Upper Fifth Forms (Milton Trengove Prize): H. D. M. Combe; Sixth Forms (Bill Jeffries Prize): W. D. Phillips; Upper Sixth Forms (Frank Hunter Prize): I. G. Hannaford; Keith Swann Memorial Medal: P. L. Rogers.

Max Wilson Memorial Prize—R. G. Bennett.

House Competition for Work and Games—The D. H. McDougall Cup: Cotton House (O. C. Williams, Captain).

Scholarships—

IV Forms: The F. I. Grey: D. R. Compton. The Junior Elder: G. W. Trott.
Upper V Forms: The Clarkson: G. L. Brown. The Senior Elder: R. A. Geddes. The George Wills: G. J. Mooney. The Alfred Muecke Prize: H. D. M. Combe.
Sixth Forms: The Samuel Churchward: W. D. Phillips. The John Craven: P. D. Shaughnessy. The Robb: R. M. Adamson. Arnold Davey: T. J. Fowler.

Head of the Boarding House—Kingsley Sampson Memorial Prize. D. R. Oaten.

CAPTAIN OF THE SCHOOL—Bill Bunday Memorial Prize: D. J. Perriam.

Mr. R. T. Smith, B.Sc.

On Speech Day, 1957, the Headmaster announced the appointment of Mr. R. T. Smith as Second Master of the School in succession to Mr. G. M. Potts, who had asked to be relieved of that position.

Mr. Smith has given long and distinguished service to the school. An old scholar of King's College, and a graduate of the University of Adelaide, he joined the staff in 1937, when he succeeded Mr. J. D. Iliffe as Senior Science Master.

In 1945 he founded the P.A.C. Science Journal, which has since been produced each year and has won wide-spread praise. It is worthy of note that P.A.C. was the first school in Australia to produce such a journal.

Mr. Smith was one of the founders of the South Australian Science Teachers' Association of which he was President for four years. In 1954 he was President of the Australian Science Teachers' Association, and in 1955 gave the opening address at the Annual Conference of the Association in Hobart.

He is also a successful writer, being the author of four books on Physics and Chemistry which are widely used in all states of Australia and in New Zealand.

Mr. Smith's interests and attainments are by no means limited to the academic. A former district cricketer, he played for a number of years with University and Kensington A Grade teams. The latter team included such famous players as Sir Donald Bradman and C. V. Grimmett. It is not surprising, therefore, that Mr. Smith has been coaching under-age cricket teams ever since coming to Princes. For some years he was master-in-charge of football at the school, and for two seasons was coach of the first XVIII.

His versatility is further shown by the fact that he has on many occasions produced spirited plays for the School Concert.

Mr. Smith enters on his new duties with the full confidence and best wishes of his colleagues and a great number of friends of the school.

Library Notes

WARD LIBRARY

The book stock is constantly increasing, with a total up-to-date of over 2,800 volumes. With the choice of books becoming wider, the number of loans is also increasing, being at present between 200 and 250 each week. There is still, however, a large proportion of books, those suitable for the senior boys, that do not receive the patronage that they deserve.

This increase in books issued also reflects the fact that more than half of the boys in the school have now received instruction in the use and functions of a library. It is to be hoped that this knowledge will prove of benefit later when use will be made of the facilities of the University and Public Libraries.

A start is to be made this term on a catalogue for the pamphlet material that we have sent us from time to time by different government departments. This information is of considerable use in the project work undertaken by the senior forms, and a readily accessible guide should be appreciated. The magazine section, too, has undergone some revision lately, and

eight new subscriptions have been taken out, both to augment the popular trend for things mechanical, and to stimulate interest in subjects hitherto neglected.

Finally, a word of thanks to those boys who have volunteered their assistance for the coming year. They do a great deal of work behind the scenes which is too often forgotten, but which ensures the smooth running of the library.

J. W.

MEMORIAL LIBRARY

It is good to be able to report that the book stock of the Memorial Library is now completed in as far as the processing is concerned. New books are frequently being put into circulation and suggestions for these will always be welcomed. It is also gratifying to note that this library under the new committee is being kept orderly and tidy, and it is to be hoped that those who are allowed the use of the library will do their share by maintaining discipline.

Student Christian Movement

This year there is a large committee, consisting of nine lads from Leaving Honours and three from the Leaving forms.

As is usual in the first term, addresses are being given fortnightly by both clergy and lay preachers.

Our first speaker was the Rev. G. T. Inglis, whose subject was 'Christ as a reality.' His arguments were convincingly presented.

At the second meeting, Mr. Vic. Ambrose, who is a pilot for the Missionary Aviation Fellowship in the New Guinea Highlands, spoke on the work of this organization in New Guinea. His address revealed to those present

the importance of the work of this organization if missionary activities are to be carried on in this area.

Miss Margaret Bearling, who has recently returned from a tour of Soviet Russia, spoke to us on the S.C.M. on both sides of the Iron Curtain.

We look forward to the final meeting which will be addressed by Sir Phillip Messent, a leading Adelaide surgeon and lay preacher.

We wish to thank Mr. Potts for his continued help and unflinching interest in the S.C.M. at P.A.C.

Parents and Friends Association

The annual meeting of the Association, held in the Assembly Hall on Friday, 21st March, was very well attended. The retiring President, in his report, told of the success of the 1957 meetings, and of the assistance given in providing lockers for the change rooms, and in helping the gymnasium floor fund. This was in addition to the customary help given to the Preparatory School Mothers' Club and the scouts and also to the provision of prizes in both the Big and the Preparatory School.

The election of officers for 1958 resulted as follows:—President, Mr. F. B. Lock; Immediate Past President, Mr. W. B. Clark; Vice-Presidents, Mr. V. A. Edgeloe and Dr. P. S.

Woodruff; Hon. Secretary, Mr. R. B. Cant; Hon. Treasurer, Mr. R. S. Howland; Members of Committee, Mrs. R. T. Binns, Mrs. R. J. Shaughnessy, Mrs. J. Tregoning, Messrs. I. A. Angus, C. F. Compton, R. L. Hains, H. N. Shearer and J. W. Stain.

After the election of officers, the Back Oval Appeal was officially opened by the Headmaster, who was supported by the President of the Old Collegians' Association and by the newly elected President of the Parents and Friends' Association. Both presidents assured the Headmaster of the full support of their association.

R. M. C., IV A

Scout Notes

Scoutmaster: Mr. J. P. Keeves

1st P.A.C., S.M., Mr. G. A. Lockyer; P.Ls., J. Kelly, J. O. Willoughby, M. D. Linn, W. B. Pridmore, G. W. Holdich.

2nd P.A.C.: Cadet Scouter, R. F. Bartholomaeus; T.L., P. D. Shaughnessy; P.Ls., P. G. Chapman, T. L. Chapman, R. M. Adamson, R. McNeil.

3rd P.A.C.: Chief Scouter, P. J. Whitham; T.L., A. C. W. Mitchell; P.Ls., C. G. Luke, T. R. Denton, G. L. Shepherd, M. S. Elliott.

Scouters: A.S.Ms., Messrs. J. Peters, G. J. Bridge, R. J. Hoepner, M. I. M. Watson.

Cadet Scouters: G. C. Kelly, W. R. Anthony, S. D. Clark, M. J. McNeil, R. McKittrick.

Quartermaster: S. S. Vandeeper.

The third term of 1957 completed a most successful and enjoyable year of scouting. With very great regret we said goodbye to Mr. B. W. Smith, whose interest and enthusiasm, and whose remarkable devotion to the heavy task of running the group did so much to make the year such a successful one in so many respects. We wish him well in his future work at the National University at Canberra, and we know that he will never be far away from scouting.

We congratulate P. G. Chapman, T. L. Chapman, M. S. Elliott, C. G. Luke and P. D. Shaughnessy on being awarded their Queen's Scout Badge, and R. Lang, J. Vardon and J. Kirk on winning their Scout Cord.

The venture to Tasmania during the Christmas vacation was a most worth-while and enjoyable trip. An excellent account by one of the party appears further on in these notes. In addition, two members of the Group—O. P. Hilbig and C. F. A. Dibden—went to the Queensland Corroboree.

The completion and launching of the Yachting World Cadet is a most worth-while achievement on the part of the Sea Scouts. Special praise must go to R. McKittrick, P. G. Chapman and M. J. McNeil for the construction of the boat and special thanks to Mr. N. Howard whose interest and encouragement have helped right through its construction. Thanks, too, must go to those many scouts, who have now left school, but who worked so willingly to raise the money to build the boat.

We are grateful to the Scout Parents and Friends Association for their help in a working bee at Hazeldene and for their magnificent efforts for the Jumble Sale which raised £162. This money goes to augment the Bill Taylor Memorial Camp Site Appeal.

The Scout Party was once again a great success and we thank all those who helped

with it, particularly the mothers for providing such a splendid supper.

We have had a most successful beginning to 1958, and have been greatly embarrassed by the many who wish to join the three troops.

We are grateful to many for their help, but above all we are grateful to the many old scouts, who have themselves received much from scouting, and who are wonderfully willing, whenever asked to help, to devote time and thought to helping those who are following them. The group would not be able to exist without their help over week-ends, at camps, and in badge passing.

1st P.A.C.

At the conclusion of a most successful year, which included an Easter Camp at Mount Crawford, and patrol week-ends at the Mylor shack, came our Field Day. Point scores for the Abotomey Cup were very close, with Kangaroos and Magpies tussling for the top of the list. Field Day always holds a large number of points for the cup; so competition was very keen.

The route taken was very intricate, but it came out at the Outer Harbour Yacht Squadron. The troop had lunch there. There were a few interesting tests, one of which was swimming, and then we made our way home. The day was most successful, with many boys passing their Messenger's Badge. The Kangaroos came out on top in point score, and under the leadership of Joe Vardon, won the Abotomey Cup. We should like to take the opportunity of thanking all those who acted at headquarters for their help and guidance during the year.

At the beginning of the present year, many new recruits were invested, some of whom had already passed many tests. With Mr. Lockyer as our Scout Master, and with the help of several of the seniors at our troop meetings, it can be expected that we shall have another successful year.

W. G. H.

2nd P.A.C. Sea Scouts

The new year has begun most successfully. Early on a Saturday morning at the beginning of the term we held an investiture ceremony with the whole of the troop present. After the formal proceedings, the P.Ls. climbed to the top of the mast and the recruits 'walked the plank.' We should especially like to thank Mr. Norm. Howard for his help on this occasion and for his regular help in training aboard his yacht.

With the new Y.W. Cadet and with a new rig for 'Sea Prince' we have planned a com-

prehensive sailing and seamanship training programme, which involves regular work in small boats and frequent instruction in large boats. Over Easter the P.Ls. will stay at the Outer Harbour to gain skill in small boat work and in the May holidays there will be a standing camp. It is hoped that all members of the troop will soon reach a good standard in sailing skills and in the maintenance and care of boats.

P. D. S.

3rd P.A.C. Senior Scout Troop

Most of our senior members, five of them Queen's Scouts, have returned this year, and the troop has a solid core to build around.

The second week-end of term was our initiation hike. A very good number of enthusiasts attended, much to the relief of H.Q., and helped to make the ceremony the enjoyable event that it was. We hiked about three miles past Mount Lofty to Woodhouse, where the initiation ceremony was held. The initiates performed creditably, but proved one thing. 'Pride comes before a fall' is the same thing as saying 'Look before you leap.'

Plans are going ahead for camps and hikes at every available opportunity. This Easter we will share a standing camp at Mount Crawford with S.P.S.C. seniors, the camp being based on requirements for the Camper's and Camp Warden's Badges. During the May holidays there is the probability that we shall be hiking through the Alligator Gorge area in the Southern Flinders Ranges. Altogether our syllabus is very full and we can confidently look forward to a year of good scouting.

A. C. W. M.

Bill Taylor Memorial Camp Site Appeal

Since the last issue of the 'Chronicle' donations have continued to come in from old scouts, parents, and friends, and we are pleased to see that £1,000 is now in sight. Although this will leave several hundred pounds still to be raised, this sum and that needed for the development of the site will be raised by jumble sales and other efforts.

Tasmanian Venture

Have you ever lived three-quarters of a mile up in the sky for days on end? We have, and we want to go back again. The Tasmanian venture was a success from every aspect. Nine of our number continued, from the standard required to be allowed to go, to gain their Queen's Scout Badge. The actual hike was informative and educational, good experience for all, and a great deal of fun.

On 7th January, we left for Wynyard via Essendon, and by 2.30 p.m. were established in the Burnie scout hall. A reporter from 'The Advocate,' the local newspaper, soon arrived and took photographs and notes of our intentions. The next morning, a group photo and one of the two leaders, Mr. Barry Smith and Mr. Alan Lockyer, appeared on the front page. That night we were shown through the paper mills, which were, unfortunately, not operating at the time.

The next day saw us at the northern end of the Lake St. Clair reserve, where we became acquainted with leeches and button-grass. On Thursday, we had a snow-fight on Cradle Mountain, and the next we began the hike proper. We hiked through mud and rain and sleet to Windermere hut, then to Pelion hut. At this juncture, we struck a patch of good weather, and all climbed Mount Oakleigh (4,600 feet) and many went for a few miles down the beautiful Forth track. From there we hiked for the most part under cloudy conditions to Du Cane Hut, Pine Valley Hut, Narcissus Hut and Cynthia Bay. At Du Cane we saw some of Tasmania's best waterfalls, and Cathedral Mountain. At Pine Valley, eighteen of us crowded into a hut built to accommodate twelve persons comfortably. At Narcissus Hut some climbed Mount Olympus (4,680 feet), and others climbed Mount Gould (5,020 feet). While at Cynthia Bay, on the southern end of Lake St. Clair, we stayed indoors and kept dry, while we watched snow

fall on Mount Rufus, only five miles away. This was the end of the first stage of the trip, a distance of ninety-two hike miles.

After a short break at Queenstown on the West Coast, where we visited the Mount Lyell open-cut mines and went for a ride on the rack-and-pinion railway to Strahan, we started on the second stage of the hike in the Frenchman's Cap reserve. This area was almost a resumé of the country we had been through, except that it was wetter and muddier and consequently more trying. The track was a small creek for most of the way. Camp was pitched at Lake Vera in adverse conditions, fourteen miles along the track. The next day was a rest day, and the day after, half the party made an attempt to reach the summit, but having passed the worst of the climb to Barron Pass, they turned back. It was the seventh consecutive day that rain had fallen.

We returned seventeen miles to some huts on the Lyell Highway, and on Sunday, 26th January, we went by bus to Claremont, one of Hobart's suburbs, via Tungatina, Tarraleah, and Butler's Gorge hydro-electric power stations. At 10.15 p.m. we had hot showers at Y.M.C.A., very welcome after 123 miles' hiking.

On Monday we went in hired cars to Port Arthur, on Tuesday to the Electrolytic Zinc works at Risdon, and then toured Hobart. On Thursday we returned to Adelaide; we noticed that the thick layers of cloud over Victoria stopped at the border.

Our thanks go to Mr. Charleton, the D.C., who looked after us at Burnie, to Messrs. Ian Clarke (S.M.), D. Wright (G.S.M.), and D. Clarke (D.C.), who showed such generosity and friendliness at Queenstown, to the Claremont scout group, who willingly allowed us to use their hall, and especially to Mr. Barry Smith and Mr. Alan Lockyer, who spent so much time in planning the venture, and who so capably led the party.

A. C. W. M.

Our patrol exchanged a visit with a patrol from Queensland. This visit enabled us to compare the way tests were passed, the camping facilities and other scouting topics as well as corroborate chit-chat and general talk about our respective States. This was a very useful exchange in ideas and it gave us a good idea of scouting in that State.

When the time came to leave the camp and come home, we packed with a heavy heart; for we did not want to go from such a lovely setting and say goodbye to the many friends that we had made, but it had to be done. I believe that this same thought was echoing through all the scouts' heads. "I have to go, but I shall always remember the Jubilee Corroboree at Greenbank."

O. P. H. and C. F. A. D.

Cadet Notes

The unit stepped swiftly into stride upon the return to school, and with a keen group of N.C.O.s and under officers, this year promises to be a year of high achievement for all concerned with the Cadets. During the last six months of training the unit attained a growing degree of efficiency, and this year promises to advance still further in the right direction. The representatives of the P.A.C. C.U. met with outstanding success in the January Training Courses at Warradale. In most courses we gained high positions, while in four of the eight our representatives gained top places. Our congratulations must go to Cadet U./O. Evans for attaining the highest marks in the U./O.s course, and thus becoming the most efficient cadet in Central Command.

The feature of our year, so far, amongst the less glamorous tasks of equipping the unit,

has been the lining of the route for the Royal Progress. To the delight of all taking part, the view of Her Majesty was from an excellent vantage point, since all cadets were inside the barricade, and within six feet of the Queen Mother.

Many thanks are due to the fine leadership of our O.C. Much enthusiasm has been aroused in the Cadet Unit since his taking over command, and what could prove to be a little monotonous, with a less enthusiastic and able commander, has been made interesting to all. Although he was unfortunate enough to be associated with our "dear friends in blue" before joining us, he has gained forgiveness, since he was in duty bound to attend there, and we welcome him back to Princes, with hearty congratulations for his recent promotion to the rank of Captain.

D. G. M.

Prefects' Palaver

Third Term, 1957

The year ended with the Captain of the School, Don Perriam, gaining top place in the General Honours List in Leaving Honours. Solid work, Perriam! Of course, there were others who were less successful in the examination, but their names will be better left in the records at the University than in this Chronicle!

The intercollegiate cricket was not very successful from our point of view, and we think that was because of the lack of prefects in the side—there were only two.

First Term, 1958

This year has started on a bright note with prefects taking leading parts in all of the school activities.

Phillips has been appointed Captain of Tennis and is well supported in the team by Moyse. Bartholomaeus has been made Captain of Boats, and there are others amongst the prefects who have been pulling their weight in efforts to make the Eight. Story, Woodruff, Shaughnessy, Whitham should all do well.

Mick Story and Col. Luke are keenly fighting for top place in Upper Sixth, but there are a few strangers entering the back row—so watch out, boys!

Of course there are the cadets and scouts. Naturally, the prefects hold top ranks with U/Os, Hopkins, Evans, Woodruff in the cadets and hard-working "Mac" as staff-sergeant. "Bart" is a cadet-scouter, "Piggy" troop leader of 2nd P.A.C., and Peter Whithan cadet-scouter in 3rd P.A.C.

We are also well up in the athletics, Craig and Hopkins winning events in the S.A. Championship in very good times. Elliott, in the mile, and Whitham walking, are also keen athletes and should do well.

"Prefects' Palaver" calls for a verse
A little bit louder, a little bit worse
Than its predecessors, which never could rhyme,
So we thought we'd take the liberty of following suit.

In order of merit, "Dave" Oaten comes first:
Of all Casanovas, he is the worst.
Taking the others alphabetically—
Bartogglewoggle is Captain of Boats,
"Shortie" Craig isn't bad athletically,
While "Monk" Elliott wears charcoal grey coats.

Dizzy Evans is our most efficient cadet,
And Hopkins our chief glamour boy;
At Maths. Colin Luke is the best yet,
Staff-sergeant McArthur is coy.

"Fresh" Moyse and "Woof" Phillips are in
all that goes,
Especially football and tennis;
Pig Shaughnessy is number three in the eight

[On composing, omitted: this was put in late.]

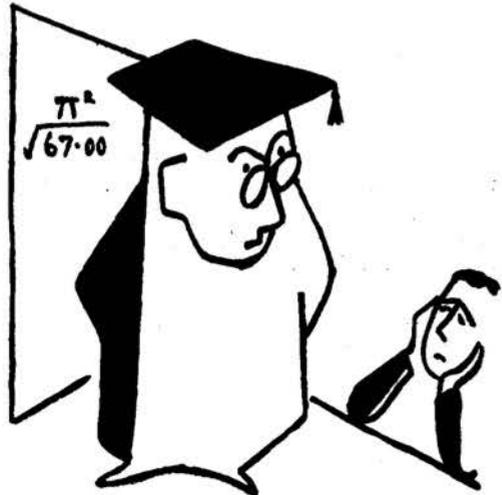

And Story's his best when counting his toes.
Bill Tonkin's another Maths. menace.

Pete Whitham has made a name for walking fast,

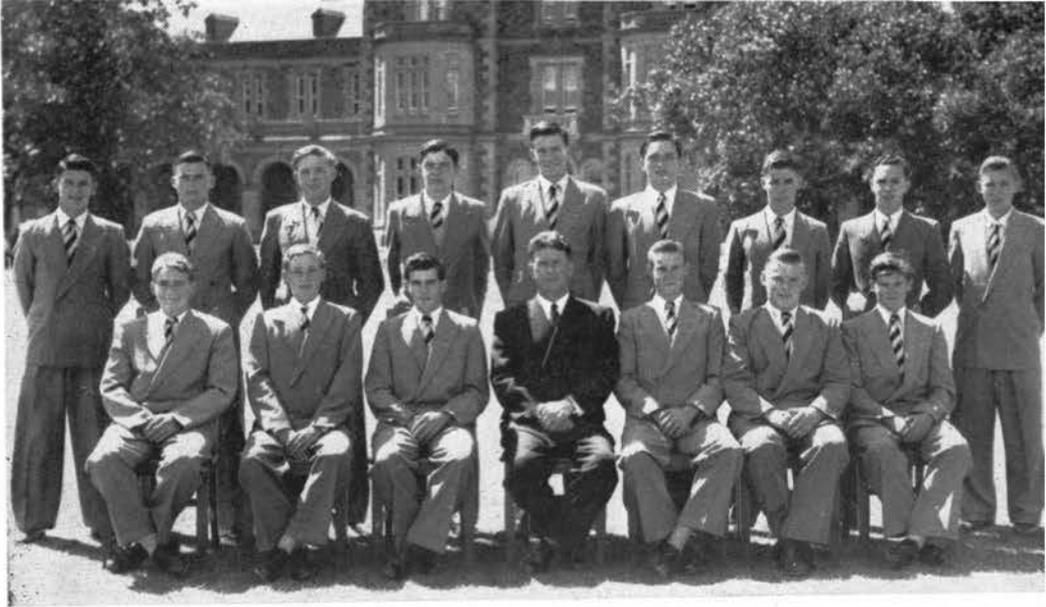

And "Moses" Woodruff in the XI is last.
These are the lads, then, not a bad crew:
They like pitching sox (favourite colour is blue).

The Back Oval

In the last issue of the Chronicle, an account was given of the commencement of the work of developing and enlarging the back oval. After all the trees had been removed, much levelling was done by Mr. Thomson and this involved the use of 600 tons of top dressing. The area for the three new grass courts is now well covered with couch, and the courts will be ready for use in the third term. Up to the present, no work has been done on the area for the three hard courts. The cottages 19 to 25 Young Street are vacant and the one remaining tenant in the big house by the back gate is leaving before the end of term. As soon as this happens, the buildings will be demolished by Mr. Thomson, and then work will begin on the laying of the courts, and the erection of the fence around the courts, and along the boundaries of the neighbouring cottage.

The main appeal for funds was launched by the Headmaster at the annual meeting of the Parents and Friends Association on March 21. Mr. Dunning was supported by the President of the Old Collegians Association and the President of the Parents and Friends Association. Before this, the Appeal Committee, consisting of representatives of the College Council, the Old Collegians Association and the Parents and Friends Association, considered it wise to approach a limited number of friends of the school, so that progress could be reported when the

appeal was launched. This preliminary work was directed by Mr. Norman Todd and Mr. R. W. Piper, and so ready was the response that the Headmaster was able to announce, when he opened the appeal, that over £1,600 had already been received.

Brochures have been sent to members of the Old Collegians Association and to parents of present boys. It is hoped that the target of £5,000 will soon be reached, and that an even larger sum will become available so that other improvements may be effected.

In the brochure, the Headmaster points out that the Council advanced over £8,000 towards the cost of the Memorial Class Rooms Block in order that it might be completed. The Council has decided that it will devote to the Back Oval a sum equal to any donations now received for the War Memorial Appeal, which are allowable deductions for income-tax purposes.

Groups of mothers of present boys and of old boys have held or are planning functions to help the appeal, and it is hoped that others will assist in a similar way.

A list is given below of donations received for the appeal up to March 31. Amounts received after that date will be acknowledged in the next issue.

House Notes

1957. Our congratulations go to Cotton on winning the 1957 House Competition. As runners-up we are making an all-out effort to reverse the position in 1958.

Failure at football and athletics in the early part of the year was converted to success in cricket, rowing, debating, and highest points gained in school work in the third term.

We did very well in the junior house cricket to defeat School, and then Cotton in the final, but were less successful in the senior house matches. Bayly was represented in the Inter-coll. cricket by Ian Chapple and Don Trowse (twelfth).

The standard of our juniors was good, but the remainder of the house relied almost entirely for its supremacy upon a few boys at the top of the house.

1958. To David Oaten, elected Captain of the School, and to Evans, Luke, McArthur, Moyses and Story, who were made prefects, we extend our congratulations.

Early in the year house activities commenced with the appointment of a House Committee, consisting of Moyses (House Captain), Oaten, McArthur, Story, Trowse, Chapple and Freburg.

As we fill the first six positions in Leaving Honours, it augurs well for a successful scholastic year.

We are looking forward to a good year as far as the Cadets are concerned, with Under-officers Evans and Gogler representing Bayly. The annual January camp at Warradale proved a great success for us. The General Rowell Prize for the most efficient Cadet in Central Command was won by Richard Evans. We congratulated him and all who did well.

This year we will again be represented in tennis by Moyses.

Generally, we are confident of having a very successful year, providing every boy does his best. Although we lost the house cup last year, we are to show that this was only a temporary lapse; so watch out other houses.

Our sincere thanks and appreciation go to our masters, Mr. Smith and Mr. Provis, for their guidance and support. Let us reward their efforts by placing Bayly in its rightful position at the top in the house competition.

COTTON

1957. During the third term Cotton House not only maintained their advantage gained earlier in the year, but conclusively proved their supremacy by increasing their lead to finish comfortable victors once more. We have made a habit of winning the House Cup now and in recent years have carried off this trophy three times out of five, being runners-up

once. All-round strength in every point-scoring field has been the telling factor in this year's success.

Cotton was victorious in the senior division of the House Regatta, but the juniors were unable to repeat the success. The senior house cricket proved most exciting, for, after forcing a tie in the last over against School, Cotton was able to defeat a strong Waterhouse side to clinch first place, as School were beaten. The junior side was able to earn second place. The first eleven had Cotton House representatives in Paul, Hopkins and Gower, and these three played in the intercollegiate game. Scholastic ability was also well to the fore, full points being recorded in this division.

1958. This year we are represented by four prefects, namely, Hopkins, Craig, Shaughnessy and Whitham who, with Laidlaw, comprise the House Committee for 1958. As we have many returning who have represented the school in intercollegiate games, we can be optimistic about our chances in the sporting sphere this year. Hopkins and Craig will be competing in athletics, Shaughnessy and Yates in the football, Davies in the tennis and Hopkins, Paul, Barratt, Morton and Pickering have played for the first eleven this year. Mr. Duff and Mr. Mutton are again in charge to see that Cotton House once more occupies its rightful place in the school activities and thereby achieves a hat trick of successes.

SCHOOL

Committee:—Messrs. N. E. Peard, J. Mills G. F. Connell and (Masters-in-Charge), R. F. Bartholomaeus (Captain of the House), W. F. Tonkin, R. J. Ashby, R. Barrows, R. Berkin, R. Brandwood, A. Brown, J. L. Brown, G. L. M. Combe, R. L. Farrow, J. W. Staker, R. W. Hurn, R. J. Humphris.

Third Term, 1957—School House finished the year 1957 in a rather disappointing run after a keen and enthusiastic beginning. Early promise was not fulfilled and the house was fourth in the house competition. School work again handicapped us, as we did not gain any points in this section. If we improve this department next year we shall be in a much better position to win the house cup.

Rowing was the first inter-house contest for the third term and, although we had four members from the eight rowing in the senior four, we finished last.

The house cricket provided another disappointment.

This year the picnic was held at Port Noarlunga. As usual everyone enjoyed himself and the picnic was a great success, although it was too hot for many of the competitions to be held.

In the cadets, Under-officer Gregurke (Casee) groomed us into a smart company, but unfortunately a competition was not held.

At the end of the year we farewelled Mr. Smith who is going to Canberra University, and Mr. Scott who has entered industry. We wish them all the best in the future.

First Term, 1958. This year we have 45 new boys in the Boarding House, and with 84 boys returning from last year we have 128 boys in all. With such a new boarding house we are having quite a few running-in troubles, and we sincerely hope that the new boys are by now well accustomed to the life in the boarding house.

We should like to welcome back Mr. Peard as House-master and Mr. Jenkin and Mr. Connell as resident masters. We also welcome Mr. Mills and Mr. Lockyer into the house as resident masters and hope that their stay with us will be happy.

Our congratulations to Tonkin, Hurn, Berkin, Combe and Hannaford, all of whom performed creditably in the State Junior Athletics Championships.

This year we have formed two new clubs within the house, namely a music club and a dramatic club. It is hoped to produce a play for the School Concert.

We extend our sincere congratulations to last year's Head of the House, David Oaten, who has been appointed Captain of the School. We are sure he will do a good job and that his experience last year will stand him in good stead.

Our congratulations go to the prefects on their appointments, with special congratulations to Roger Bartholomaeus, who was appointed Head of the Boarding House, and to him and Bill Tonkin on their appointment as school prefects.

WATERHOUSE

Third Term, 1957. The house continued fairly successfully, especially in the inter-house cricket. Our seniors were beaten for top place, and the juniors came third. The rowing was not quite as successful; we finished third and fourth in the junior and senior events respectively. Nevertheless, it was a good effort. At the end of the year our position was third.

We were represented in the intercoll. cricket by Causby and Woodruff (both returned in 1958) and by Woodcock, Rogers and Blight. Congratulations to these, and to Don Perriam who topped the Leaving Honours General Honours List. He was also Dux of the School.

First Term, 1958. Committee:—Messrs. H. E. Coombes and E. L. Glancey (Masters-in-Charge), W. D. Phillips (House Captain), J. L. Causby, M. S. Elliott, D. A. Kerr, A. C. W. Mitchell, G. L. Shepherd, D. R. Watts, P. W. H. Woodruff.

On looking ahead, we are confidently expecting a good year, both scholastically and in

sport. Many of the outstanding boys of the house have returned once more to form a solid nucleus around which we can form a well-knit group. The year has started well with Elliott, Phillips and Woodruff as prefects—congratulations to them. A word of warning to the other houses—look out for Mills for dux of VIUA!

We can expect good sports results through the year. Football representatives are Causby and Phillips, and there are good under-age boys. In the athletics realm we have Causby, Daebler, Phillips and Watts, and some very able under-age boys. Other houses have more of last years tennis squad than we have, but we should do well with Kerr and Phillips to hold the fort. Causby, Woodruff, Angel and Dunn are playing in the first eleven, and we appear in a strong position for inter-house cricket with some promising under-age cricketers coming up. We should do very well in the house-rowing, too, with some five or six boys in the present rowing squad (including Woodruff, Shepherd, Chapman, and Jackson).

So much for sport. In the classrooms we have always done well as a whole, but we hope to do even better this year. Last year we slumped rather badly. We have a good representation in VIUA and in VIA, and other examination forms. If all pull their weight, we can easily walk off with full honours.

With whole-hearted support and co-operation from boys throughout the school, we have a high chance of taking the House Cup. We have an especially good hold on top place for sports day—but everyone must pull together. So we'll give it all we have, and we'll keep our eyes on the House Cup, 1958.

H. G. L., IV A

Club Activities

CHOIR NOTES

The choir completed its activities of last year by taking part in the inspiring annual end-of-year service, held in Kent Town Church.

On that occasion the atmosphere was set by the unannounced singing of a lovely seventeenth-century folk carol, "Shepherd ever near us, we'll go where Thou dost lead," music arranged by Martin Shaw.

The anthem, a stirring setting of the words, "Let all the world in every corner sing," was by the eminent English musician, Geoffrey Shaw.

A group of carols completed the choral music of the service.

Donald Perriam, who managed the organ so capably for the mid-year service, took his place in the pulpit as Captain of the School for the purpose of reading the lesson, and we thank the church organist, Mr. Mark Symons, for the splendid assistance he gave in providing accompaniments for the choir.

The band of singers for this year promises well for a successful year of activity.

JUNIOR DEBATING SOCIETY

We have begun the year feeling that we are on top of the world. There are twenty-six of us, a record membership, and we all belong to a Lower-Fifth or Fourth Form. We are pleased that we did not have to call on Upper-Fifth boys to make a quorum, as we have sometimes had to do in the past.

The following members form the committee: W. R. Jackson, R. H. Cowham, R. P. Dennis, and M. F. Peard (Minute Secretary). The committee has prepared an interesting and varied programme, and already some of our speakers seem destined for political careers. The few who still gaze on the floor or through a side window when they are addressing an audience never rouse us to a pitch of excitement, but some day they will look straight at us.

The prospects for a successful year are certainly very bright.

DRAMATICS CLUB NOTES

Last year's production of "Black Coffee" won for Mr. Coombes the praise of being the best of his productions during the seven years he has been at P.A.C. S. D. Clark and M. S. Elliott were awarded Dramatics Prizes on their performances, but the whole cast were really excellent.

Mr. Coombes has been searching for a suitable play for this year's production. After reading many plays which showed possibilities, he has provisionally decided on "When we are married," a comedy by J. B. Priestley. The story concerns three couples who, when the curtain opens are gathered together to celebrate their silver wedding anniversary, they having been married in a triple ceremony. Then confusion reigns when they learn that their marriages are not legal.

Mr. Coombes now has the almost impossible task of training inexperienced boys in roles of middle-aged men and women. One thing is certain; he will find plenty of enthusiasm from the boys, four of whom were in last year's play, and who realize the time he puts into it at lunch-hours, after school, and even during the holidays.

May we wish the play every success, and hope that it proves to be even more popular than "Black Coffee."

GEOLOGY CLUB

Our work this year has been mainly connected with classifying a geological collection presented by A. T. Jeffries, Esq., in memory of the late Mr. J. D. Iliffe, and a collection of specimens donated by Mr. A. Lockyer.

A map showing the mineral resources of Australia is being prepared, which will be of use for both Geology and Geography students.

This work is being supervised by the master-in-charge, Mr. D. F. Provis.

CHESS CLUB

In this section of the Chess Club we have fourteen members who are all beginners. The game has been explained to us very clearly by the master-in-charge, Mr. Kurtz. Hobbies lessons are now being taken up by practice games, and soon we hope to be as well informed as the other group.

WOODWORK

The Woodwork Club started well this year with fourteen members, preference being given to senior boys, as a large number wanted to join. All boys are actively at work, the most popular models being those of practical use in the home. We hope to have a great many of these in the exhibition this year.

The club has many facilities at its disposal, with boys working two at a bench and sharing a comprehensive set of tools. There are a large number of other more expensive tools for the boys' use, including a woodworking

lathe, and a bandsaw. The activities of the woodwork and science groups are shared. Several of Science Club boys use the club's facilities to manufacture Physics apparatus.

Valuable assistance is offered by Mr. Wellby, and the high quality of the models produced is due very largely to his untiring efforts.

CASTING

We started the year well with nearly twenty boys, all of whom find that making useful models is quite interesting. One of the advantages of a hobby such as this is that many of the pieces of equipment are made from odds and ends. It is fun to use something for quite a different purpose from that for which it is intended, for instance, to use a plastic flower pot to mould book-ends, or ice-cream sticks to shape the base of an ash tray. Boys have the opportunity of creating a mess, but the only drawback is that common to all hobbies—the cleaning up of the mess each day when we have finished.

THE AERO-MODELLING GROUP

This year, in the aero-modelling group, a new rule has been enforced; the members of the group must have a model plane, either being built at school or flown at school. The rise in the number of models is considerable. Our membership has increased to such an extent that a second group has had to be formed and Mr. Turnbull is now assisting Mr. Mattingley. The smaller groups are more manageable.

A large number of beginners has joined the club and one afternoon six engines being run-in by raw beginners led to more raw fingers and ruffled feelings, but improvement is already noticeable. Later in the term, P. A. Richards and E. C. Patterson from VUC will give talks on the construction and flying of model aircraft.

On March 21, Wing-Commander Susans gave a very good lecture. To aid his talk he brought along the various types of gear that are so necessary for a jet pilot to be able to fly his machine. In addition, a film was shown of the Fairey Delta FD2 breaking the world air-speed record.

STAMP CLUB

The club opened this year with an enrolment of twenty-four members. B. A. Gooden was elected secretary and treasurer. The committee members were also elected; these were R. K. Bagshaw, M. Williamson and D. C. Ricketts. Approvals were sent for to England and Melbourne. A yearly subscription was paid for the Stamp News. Our members are all very enthusiastic, and so we can say that we are all looking forward to an interesting and successful year.

RIFLE CLUB

As usual many people were turned away from the Rifle Club this year, which again proved its great popularity amongst the boys. The fortunate fourteen have already had plenty of opportunities to display their skill with the rifles. The most successful shooters so far have been Craig, Oliver, Bowen, Golley and Milne, and we look forward to a most successful and enjoyable year with Craig as our treasurer. In closing, we should like to thank Mr. Luke for the zealous interest he has shown in us as our master-in-charge.

LIFE-SAVING

The popularity of aquatic sport has been evident again this year from the record numbers on the club's waiting list. Training started at the Norwood Pool as soon as the new term opened. This, together with the issue of the new and completely revised Royal Life-Saving Handbook, which has just been circulated, shows that the squad has made a good start. Although the school's squad has been active for only three years, each year we move higher up the points table; this year, for the first time, all fourth-formers will work on the basic essential of life-saving, the Holger Nielson Resuscitation Certificate, in their physical education period. With such high potential in the club, backed by the keenness of the club coach, Mr. Woollard, we expect another year of record results.

PHOTOGRAPHY CLUB

This year we have a large number of new, enthusiastic members. If their enthusiasm continues, we are assured of a very successful year.

Once again we are very fortunate in having a representative of Kodak—Mr. West—who has been coming out to school each Friday and giving us hints on good photography. So far he has discussed with us the following subjects: exposure, focus, background and common errors, and has told us how films are made. We are indeed grateful for his very interesting and instructive lectures and it is to be hoped that all members will take full advantage of this Kodak service. By the end of the year we hope to have gained much valuable information regarding the art of photography.

SENIOR DEBATING

3rd Term, 1957

During this term, two debates were held: "That the Olympics should be banned," and "That family life is being ruined by modern technical advances." The other meetings for the term were at times unusual and interesting. It should be noted that the quality of the speakers was fairly high, although preparation was at times lacking. However, even when "Dorothy Dix" questions were being answered, every

member derived a great deal of enjoyment from the society.

The committee for 3rd term was: President, S. N. Gower; Vice-President, R. M. Wilson; Organizing Secretary, L. H. Davies; Minute Secretary, I. G. Hannaford; Committeeman, D. R. Oaten.

1st Term, 1958

It was necessary at our opening meeting to elect members to be officers for the term. The following were successful: President, D. R. Oaten; Vice-President, R. W. Evans; Organizing Secretary, P. W. H. Woodruff; Minute Secretary, H. D. M. Coombe; Committeeman, K. H. Badenoch.

Already this term, we have conducted two debates: "That it is better to plant a cabbage than a rose," and "That TV is an asset to the community," but the quality of these was not as good as could be expected. However, there were several individual members who displayed encouraging ability; this together with the promise shown by some of the members in two series of prepared speeches on extremely varied topics must certainly give us confidence in predicting a very successful year in 1958.

LEATHERWORK CLUBS

Under the guidance of Mr. Steele and Mr. Duff, the two groups have made considerable progress this term. Among the models which have been made are comb-cases, pencil-cases,

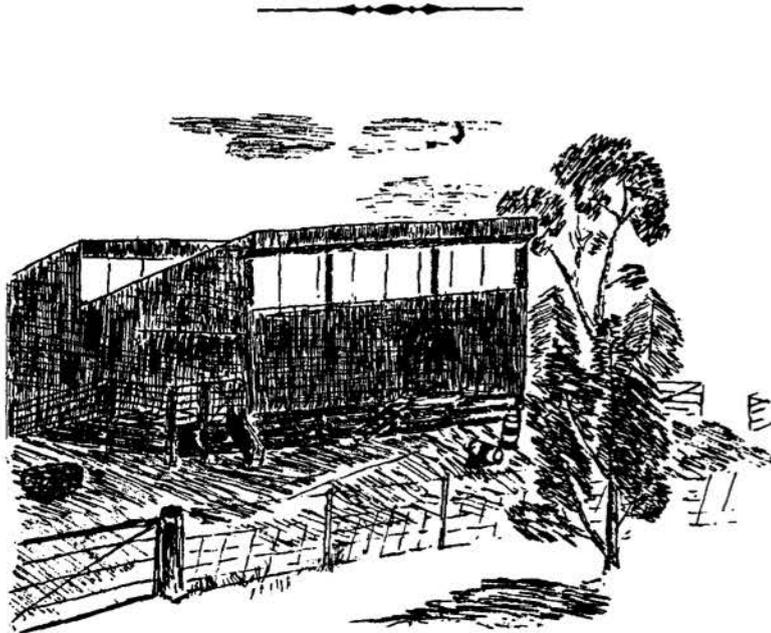

brief-cases, pad-covers, and key-holders. The committee consists of P. D. Martin, R. J. Gosling, J. M. D. Rowe, and G. H. Craig.

SCIENCE CLUB

The Science Club again had a very successful year under the supervision of Mr. Smith and Mr. Bowen. As usual, it was divided into three groups: science, radio and chemistry. The Science Club, with twelve members, does all the maintenance work on the physics apparatus. The Chemistry Club, with about five members, does a wonderful job in keeping the chemistry laboratory and its associated apparatus up to the expected high standard.

The Radio Club has for some years now been operating under adverse conditions, but, owing to wonderful work and organization by the senior members, a good aerial has been erected, giving much better short wave reception on the club's short-wave receiver. It is hoped, somewhere in the near future, to obtain a transmitting licence for the club and set up an amateur transmitting and receiving station. This will then give the twelve members a much better chance of training for their own amateur transmitting licences, as it is intended that the "rig" be built, maintained and operated by the boys themselves.

As an extra sideline, several boys are training on the workshop metal-working lathe. Two boys have already been trained to proficiency.

WOOL SHED

A. B., VIA

Cricket

INTERCOLLEGIATE CRICKET, 1957

In conditions that were ideal for cricket on the very attractive St. Peters College ground, Oaten won the toss for Princes and elected to bat on a firm wicket. Unfortunately for us, the wicket was very lively during the morning session of play and caused us to lose several very valuable wickets quickly.

Saint's captain, Lahey, opened the bowling with the breeze and our openers, Rogers and Paul, batting quite confidently, had each opened their account before the end of the first over. Left arm medium-pace bowler Sangster took up the attack from the other end and in his second over, he struck the first blow when Paul went leg before wicket. Causby followed and after batting well for a short time was unluckily caught at second slip off a ball which rose up from a spot on a length.

Oaten was next to come to the wicket. With Rogers, who was batting extremely well and taking no risks, he took the score to 35 before Oaten flashed at a rising ball outside the off stump and was caught behind. Fourteen-year-old Ian Chappell came in to partner Rogers, but after shaping well was unluckily caught at leg-slip off another ball which kicked up. Hopkins and Hurn followed in quick succession and we were then in a critical position. Opening bowler Woodcock, who had been badly out of form with the bat, defended with great determination with Rogers and they carried us through until lunch when the score was 6 for 57.

Rogers and Woodcock carried the score along slowly after lunch and the pair looked like making a grand recovery for our team. Anything loose was hit hard and the good balls were played cautiously. Our hopes for a complete recovery were rising higher and higher as the pair gallantly stuck to their task. But, unfortunately Rogers, after reaching 46 was out, having batted for two and a half hours, when a full-blooded hook off a short ball from Bradman was well caught by Burns at backward square leg. This was the end of a grand fighting innings which had made our total more respectable.

Woodcock carried on the good work and with some powerful pull shots to the boundary off Bradman he neared his half century. Our next three wickets fell—Blight, Gower and Woodruff, with Woodcock still fighting hard to score valuable runs. He pushed a ball to mid-

wicket for his 50 and the innings ended on the next ball with the total at 127. Congratulations to Woodcock and Rogers on their very fine innings.

Saints opened with McKee and Walker, while the bowling was taken up for us by Woodcock and Hopkins. After three overs, Causby replaced Woodcock and met with immediate success when he caught and bowled McKee. With half an hour to go before stumps Walker was dismissed when he lofted Gower to mid-off and Oaten held the catch. S.P.S.C. were 2 for 77 at stumps with Smith and Bradman at the wicket.

The second day was extremely hot and our boys took the field determined to keep Saints down to as low a score as possible. Our bowlers stuck to their job amazingly well and with wonderful support in the field we kept the opposition down to just over 300 in the day's play. Some missed chances early, however, proved costly. At stumps they were 7 for 383. Smith and Bradman had batted very well, if a trifle slowly.

We had the whole team out in under half an hour on the third day for 398 with Blight clean bowling Sangster and Burns and Rogers very neatly running Hardie out.

Our second innings began on a bad note when Rogers was dismissed with the first ball. Paul was soon to go and then Causby and Oaten came together and carried the score along at a steady rate. Both players were hitting the ball in the middle and we looked as if we might be able to hit up a respectable score. Causby was bowled on the last ball before lunch and our chances were greatly reduced.

Woodcock returned to the crease with Oaten after lunch and after settling down well was bowled by Lahey with a ball that cut back off the wicket. Oaten was soon to follow and the procession had begun again. Chappell, Hurn, Hopkins, Blight and Woodruff followed in quick succession with no one offering very much resistance. We were out for 118. Saints had won by an innings and 154 runs—a creditable performance. In this match, our young and inexperienced side was not disgraced but beaten by a better team.

Our congratulations go to the victorious Saints team which proved too experienced for us, and we thank them for an enjoyable encounter.

Woodruff, P. W. H.—Wicket-keeper, and the most improved player in the team. By keenness and determined effort he has made himself into a very reliable player, especially on the leg side. A useful bat who should get plenty of runs next year.

Trowse, D. D.—Sickness forced his withdrawal from the side just before the Inter-collegiate match. A most promising left-hand bat with very good temperament. Should do very well next year.

Hurn, R. W.—A promising young fast bowler who almost forced his way into this year's Intercollegiate team and who, with hard work, could be a match-winner next year.

THIRD TERM, 1957

FIRST XI

October 5 and 12—P.A.C. v. Teachers College

We started the new season off well by winning the toss and sending Teachers College in to bat on a wet wicket. At the end of the first over, Steve Woodcock had the remarkable figures of 3 for 1. From then on luck was against us and they compiled a respectable total of 196. Our batting failed miserably, and after being made to follow on, we made just enough to make Teachers College bat again for an outright win.

P.A.C. 71 (Oaten 22) and 142 (Paul 31, Causby 23, Hurn 20) lost to Teachers' College 196 (Woodcock 5 for 65) and 0 for 14.

October 19 and 26—P.A.C. v. Adelaide "B"

We met very strong opposition and after losing the toss we fielded all the first day and had the opposition out just before stumps for the excellent score of 363. Peter Willoughby, an old boy of P.A.C., scored a century. Our batting again failed despite two good opening partnerships in each innings by Causby and Rogers, and we almost lost outright.

P.A.C. 58 (Hurn 18 not out) and 9 for 114 (Oaten 27, Rogers 25, Causby 24) lost to Adelaide 363 (Hopkins 3 for 12, Gower 3 for 101).

November 2 and 9—P.A.C. v. University "B"

Again losing the toss, we were in the field for most of the first day. Missed chances, rather than poor bowling, was the main reason. University declared at 5.30 leaving 20 minutes to bat, in which we lost the valuable wicket of Causby. Our middle batsmen did much better and we reached a fairly respectable total before being dismissed.

P.A.C. 183 (Oaten 33, Hurn 33, Hopkins 29, Paul 29) lost to University "B" 7 for 242 (Woodcock 3 for 65, Gower 2 for 35, Blight 2 for 64) and 2 for 45.

November 16 and 23—P.A.C. v. A.B.H.S.

Our next encounter was against Adelaide High, and we were hoping for further improve-

ment after the form shown in the previous match. In wintry conditions Adelaide High batted first and declared at 8 for 198 at stumps. Causby and Rogers opened for us and at the end of the innings Causby was unbeaten for 91. He was the only batsman who showed any real resistance to the good attack.

P.A.C. 147 (Causby 91 not out) lost to A.B.H.S. 8 for 198 declared (Blight 4 for 49) and two for 35 (Hurn 2 for 19).

November 30 and December 7—P.A.C. v. Glenelg "B"

Glenelg batted first in this match and with Hopkins bowling well into the breeze, we got two early break-throughs. Our bowlers kept trying hard and with the score at 5 for 199 and a new ball in sight, Hurn and Hopkins returned to the bowling crease. Three wickets fell for no runs to make them 8 for 199, and after two more overs Glenelg were out for 203. We batted for thirty minutes and at stumps were 1 for 47. On the next day, Causby and Oaten took the score along towards the 200 mark—very slowly but surely, and added 113 runs for the third wicket. Both batsmen were out before we reached 203, but the middle batsmen had no trouble in scoring the runs required for victory. We were very pleased with our success in this match as Glenelg were top of the premiership and it gave us some much needed confidence.

P.A.C. 7 for 227 (Causby 69, Oaten 65, Trowse 27, M. M. Hurn 22) defeated Glenelg "B" 203 (Hopkins 5 for 46, Woodcock 2 for 28, R. W. Hurn 3 for 53).

December 14 and 21—P.A.C. v. Woodville

Woodville batted first on a good wicket, and despite good bowling by our boys, reached the good score of 215, due mainly to a fine hard-hitting innings of their captain—Darling. We batted on the second day on a wet wicket, and thanks to a fine innings by Rogers we reached a reasonable total of 162.

P.A.C. 162 (Rogers 56, Woodcock 34, Causby 25) lost to Woodville "B" 215 (Woodcock 4 for 62, Hopkins 3 for 28, Gower 2 for 56).

SECOND XI

(Captain—D. J. Perriam)

The third term was one of mixed fortune for the Second XI. Of the three matches played against other schools, two were won (one outright), but the other against S.P.S.C. Second XI was lost outright.

The match against S.P.S.C. U 16 "A" was a one-day game. A fine bowling performance by Kelly helped dismiss Saints for 39, and we ran out easy victors, having scored 178 in reply.

In our next game, A.B.H.S. Second XI was defeated outright by 8 wickets. Barratt, a recruit from the Under 15 side, took 8 for 29 in A.B.H.S. first innings, 4 for 33 in the second

and rounded off a fine performance by scoring 34.

The last match was lost outright to a better team, S.P.S.C. Second XI. Our batsmen collapsed unexpectedly in the first innings, scoring only 28. Although we rallied well in our second innings to score 170, our total did not reach Saints' first innings score of 223.

A match against our own U 16 Eleven was treated as a practice game, and a scheduled match against S.H.C. was cancelled.

The best batting average for the year was recorded by Rogers, who scored 154 runs at an average of 30.8 runs per innings. Henderson, who scored 169 runs at an average of 28.2, returned the best aggregate. Bowling honours went to Kelly who took 19 wickets at an average of 6.3 runs apiece, Chapman 9 at an average of 7.4, Trestrail 11 at 7.5, and Barratt 14 at 8.1 runs per wicket.

RESULTS

P.A.C. 178 (Rogers 53, Ashby 27, Chapman 24, Alexander 23) defeated S.P.S.C. U 16 "A" 39 (Kelly 7 for 17, Trestrail 2 for 4).

P.A.C. 128 (Barratt 34, Rogers 33) and 2 for 40 defeated A.B.H.S. 65 (Barratt 8 for 29) and 102 (Barratt 4 for 33, Kelly 5 for 60), outright.

P.A.C. 28 and 170 (Angel 42, Henderson 42, Alexander 22) lost to S.P.S.C. Second XI, 223 (Henderson 3 for 31) outright.

Under 16 A

The U 16 A had a reasonably successful season, winning three matches out of five. Carr (captain) and Pickering were the mainstays of the team, heading the batting and bowling averages respectively. Hurn, when not playing in the First XI, gave the team a great lift with his fast bowling. The results of the matches played were as follows:

P.A.C. U 16 A 70 (Reschke 17 n.o., Carr 17), lost to S.P.S.C. Second XI 6 for 149 (Pickering 2 for 14).

P.A.C. U 16 A 70 (Pickering 42) and 116 (Carr 52), defeated S.H.C. Second XI 53 (Pickering 6 for 13, Carr 4 for 28).

P.A.C. U 16 A 77 (O'Shaughnessy 32), defeated P.A.C. Second XI 69 (Carr 5 for 31, Pickering 5 for 35).

P.A.C. U 16 A 47 (Pickering 31 n.o.) and 45 (Carr 29), lost to Immanuel First XI 84 (Hurn 7 for 30) and 2 for 10.

P.A.C. U 16 A 145 (Pickering 32, Walker 29), defeated R.C. Second XI 67 (Hurn 6 for 18).

Under 15 A

The U 15 A had a very successful season this term, winning all four matches, three of them being outright.

Barratt, with two performances of 9 for 8 and 8 for 11, was the best bowler, whilst Angel, with 105 not out and 80 not out, was the most successful with the bat. Others to do well in a very even side were Keal and Hains with the ball, and Morton with the bat.

Most of our success may be attributed to the very fine coaching of Mr. Bennett, and on behalf of the team I should like to thank him most sincerely for the effort and time he has spent on us.

Under 14 A

During the season, we played four matches, and were successful in two of them. We defeated C.B.C. by one run in a thrilling finish, while we were defeated by several runs by Woodville High School. Several of our players were unlucky to miss two or three matches through injury, and so we were not at full strength for some of our matches. The team performed very well indeed, the best bowlers being Simmons and Shearer, while the best batsmen were Blake and Smith. Trophies were awarded at the end of the season to Simmons (bowling) and Smith (batting). On behalf of the team, I should like to thank Mr. Smith for his continual guidance and help throughout the season.

Under 14 B

We had quite a successful season, winning six out of nine matches. The teams we defeated were Saints (twice), Rostrevor, Immanuel, A.B.H.S., and Sacred Heart. The best batsmen were Bridges and Lovell, and our best bowlers were B. Paterson and A. G. Combe. We thank Mr. R. T. Smith very much for his help in coaching us.

Under 13 A

The U 13 A team had quite a successful season, winning six of the eight matches played. The two-day games meant more interesting cricket and gave greater opportunities to the batsmen. Shearer, the captain, Darley, Angel and R. Day were the most reliable of the batsmen, while Clapp, Angel and P. Day were the most promising of the bowlers.

The U 113 B team again provided an opportunity for boys to represent the school if they were keen enough to practise.

Under 13 B

The under 13 B team finished the latter part of the season with five wins out of nine matches. (Gerard 6 for 1 against Scotch), and Clarkson were prominent in bowling. Hill and Farley were consistent with the bat. The team would like to thank Mr. Provis for his coaching throughout the season.

FIRST TERM, 1958

FIRST XI

January 25 and February 1—P.A.C. v. East Torrens

East Torrens won the toss and batted on a wet wicket. Hopkins and Hurn bowled excellently and were well supported by some brilliant fielding, and we had them all out for 103 just before tea. We had passed their score before stumps, and were 2 for 128. We batted on the following week and were out for 190. Hopkins and Hurn bowled unchanged in the second innings, and with excellent fielding, we had our opponents out for 100. We made the

15 runs wanted for outright victory for the loss of only one wicket.

P.A.C. 190 (Paul 68, Oaten 50, Trowse 39) and 1 for 15 defeated East Torrens 103 and 100 (Hopkins 7 for 35 and 5 for 40, R. W. Hurn 3 for 19 and 5 for 55).

February 8 and 15—P.A.C. v. Port Adelaide

We won the toss and batted on a very warm day. After a very bright opening we lost two wickets fairly quickly and Oaten joined Trowse who was batting very steadily. The pair added 128 before Trowse was dismissed for 53. At stumps our score was 6 for 269. Our bowling attack was limited with the absence of Hopkins and Hurn but, showing great determination in the field, we strove to dismiss the Port Adelaide batsmen. We failed by one run to do so in a very exciting finish.

P.A.C. 6 for 269 declared (Oaten 104, Trowse 53, Angel 25, Chappell 24 not out, Causby 20) lost to Port Adelaide "B" 270 (Oaten 4 for 63, Barratt 4 for 69, Chappell 2 for 71).

February 22 and March 1—P.A.C. v. West Torrens

We met a very experienced side at Thebarton and after some hard hitting early in the innings by our opponents the scoring rate slowed down. We were still without Hopkins, but Hurn added fire to the attack and we dismissed West Torrens for 270. On the second day we were dismissed cheaply for 67 and 97, thus losing outright. We were very disappointed with this form after our good performances in the previous two games. Causby was the main scorer in the first innings, and Trowse in the second.

P.A.C. 67 (Causby 29 not out) and 97 (Trowse 32) lost to West Torrens 270 (R. W. Hurn 4 for 70, Chappell 3 for 44).

March 8th and 15th—P.A.C. v. East Torrens "B"

This last match resulted in perhaps the best win for the season, when we fought back from a very bad position to win outright, three balls before stumps.

On the first day, East Torrens batted first and after being 4 for 5, reached a reasonable total of 146. Hopkins and Hurn bowled extremely well to take 7 for 41 and 3 for 40 respectively.

At stumps on the first day, we were in a disastrous position being 7 for 67, Causby batting well for 31.

We were all out for 72 early on the second day and by tea East Torrens had hit up 115 for 6 wickets and declared. This left us 120 minutes to get 190 runs required for outright victory.

With nothing to lose, every batsman went for runs, and with 35 minutes to go we needed 77 to win. Youngsters Chappell and Angel carried us through with some brilliant hard hitting in the last few minutes, and we had won outright.

P.A.C. 72 (Causby 31) and 5 for 192 (Oaten 59, Chappell 40 n.o., Trowse 26, Hopkins 23), defeated East Torrens "B" 146 (Hopkins 7 for 41, Hurn 3 for 40) and 6 for 115 declared.

First Eleven Averages, 1957-58

Chappell	---	47	5	7	231	37.0

SECOND XI

The second XI were very successful in winning every match played this term.

We defeated the under 16A and then beat Saints under 16A outright. In this match, Pickering batted right through for 73 not out, besides taking three wickets in four balls. Duffield scored 33 and took 1 for 13 and 2 for 8. Combe scored 33 and took 5 for 18 and 3 for 24. McNeil took 3 for 5.

Next match we defeated Saints under 15A. Duffield scored a brilliant 71 and took four wickets. McNeil also took four wickets.

The next match was against R.C. Second XI, whom we beat 33 to 47. This was a much weakened side owing to the tennis; R. Smith scored 21 not out, and took three wickets for 5, and Evans two for 8.

Boarders' Third XI

At the beginning of the year Humphris was appointed captain. After his promotion to the Seconds, however, Farrow took the position.

Only two complete matches have been played this year. The first match was played against Immanuel. We lost the game after French and Combe had both taken three wickets.

The second match was played against Rostrevor. This was also lost after Bagshaw had taken three wickets and N. Patterson and Bagshaw had made 41 not out and 33 respectively.

In the third match against C.B.C. Farrow took six wickets. Bastian 31 and Wagner 27 helped the team greatly.

The last match, against Immanuel, resulted in an outright win for Princes. Bastian 85 not out, batted very well, while Farrow made 22 and later 32 not out. French took three wickets in the first innings, while Bagshaw and Combe took four and three wickets respectively. On the whole the team had a good term.

Under 16 A

With Mooney as captain, we started our season fairly well. We have played three games to date, defeating Saints outright and losing our other two matches by two and three runs.

We have several good players this year and look forward to the third term with confidence.

Our best batsmen were Moore, Morton and R. H. Smith, who scored 127, 83 and 77 runs respectively. The bowlers were Mooney and Hains each getting nine wickets, while Pearlman gained eight.

We thank Mr. Coombes for the help he has given us at practices.

Under 16 A Averages

BATTING					
	Inn	N.O.	Aggr.	Aver.	
Thomson	3	2	48	48	
Moore	5	2	127	42.3	
Morton	2	0	83	41.5	

BOWLING					
	O.	M.	W.	R.	Aver.
Pearlman	9	0	8	37	4.6
Harris	19	0	9	64	7.1
Mooney	31	6	9	67	7.4

Under 15 Red

This year, as there are only two schools in the competition, the programme is a limited one. There are, however, two equal teams from each school, and so we were able to have an even competition. R. B. Smith was elected captain at the beginning of the season, and the team, on the whole, has had a very successful season. We defeated both of the Adelaide High School teams very comfortably, the chief destroyer on both occasions being Bruce Paterson, who took ten wickets in the first match, and five in the second. The best batsmen were Blake and French, while Combe kept wickets very well indeed. We should like to thank Mr. Bennett for his guidance and held throughout the season.

Under 15 White

Simmons was elected captain of the Whites this year. We were successful in both matches against A.B.H.S., winning one match quite comfortably and the other by only four runs. Simmons, Bridges and Shearer were the most successful with the bat, while Angel bowled well in both matches.

We should like to thank Mr. Bennett for his help throughout the season.

Under 14 A

The U 14 A have had a successful season, winning all three matches played.

The most successful batsmen were MacIntosh (average 46) and Angel (average 21). The successful bowlers were P. Day with thirteen wickets at an average of 7 and Shaughnessy with seven wickets at an average of 2.

The team should like to thank Mr. Provis for his coaching and the interest he has shown in the team.

Under 14 B

The under 14 B team had a very successful year, winning three of the four matches played. We defeated Rostrevor, C.B.S., and A.B.H.S., and lost to S.H.C. by seven runs. W. R. Jory and D. J. S. Hill were elected captain and vice-captain respectively. Pascoe, Hill and Farley were the most successful batsmen, Clarkson and Hill taking the most wickets.

We should like to thank Mr. Provis for his interest in the team throughout the term.

Under 13 A

In our first match, which was played at Rostrevor College, we were unsuccessful. P.A.C. 70 and one wicket for 25 lost on the first innings to Rostrevor 121 and 134. We won our next match from Scotch, which was only a one-day match. The scores were P.A.C. six for 58, Scotch all out for 52. Our third match was played at P.A.C. on the front oval against A.B.H.S. We were defeated on the first innings, P.A.C. scoring 34 and eight for 75, A.B.H.S. 68 and 65.

The team were very grateful for the help given to them by Mr. R. Smith, and also by Causby and Trowse, who regularly attended our practices and matches and gave us valuable advice.

Under 13 A (Averages)

BATTING						
	Inn.	N.O.	H.S.	Agg.	Aver.

Barrett	16	63	8	7.9		
Gillespie	36	92	10	9.2		

Under 13 B

The under 13 Bs didn't start off very well this year but we are pleased to say that from Saturday to Saturday to our last match we improved very much in all points of the game. Our three coaches and umpires, Causby, Trowse and Angel kept us at it on practice nights and also at the matches. Altogether until Saturday, 29th March, we had played seven one-day matches; this includes the trial match held on the 15th February. Our first match was against C.B.C. on their grounds (Saturday, 22nd February), the second against A.B.H.S. at home (1st March), the third against C.B.C. at home (8th March), the fourth against Scotch College at home (15th March), the fifth against S.H.C. at S.H.C. (22nd March), and the sixth and last match against A.B.H.S. at A.B.H.S. (29th March).

GENTLEMEN V. PLAYERS

The Headmaster did not play this year, and several of the other masters were noticeably beginning to show the waists of time. The Gentlemen were greatly assisted by including Bruce Walker and R. Hurn in their team.

Various comments were offered by strongly partisan spectators as the stalwarts took the field. Mr. Bennett took a wicket in each of his first two overs, however, and thus quelled any suggestion of heckling. Chappell made an extremely fine 51, including nine fours, in 42 minutes, before he was given out l.b.w. to Mr. Coombes. The Players' 100 came up in just over three-quarters of an hour, and 200 in 108 minutes. M. Hurn was bowled at 39 (seven fours) by Mr. Leak just as he began to score disastrously for Mr. Close's bowling average. The Players were all out for 209. Mr. Bennett took 2 for 28, and Mr. Leak 2 for 15.

After the interval, the Gentlemen opened with Mr. Close and Mr. Provis who made 22 before he was given out. Mr. Bennett scored an interesting 55 in 46 minutes, including 13 fours. Mr. Coombes and Mr. Smith each hit a six, the latter making 25 in 29 minutes. The best bowling figures were those of M. Hurn (2 for 5) and Causby (2 for 8). The Gentlemen managed 8 for 173 before stumps were drawn, conceding the match to the Players.

Our thanks go to the worthy dignitaries who provided such an interesting and enlightening afternoon's entertainment.

COLOURS, 1957

The following colours were awarded last year:—

Cricket:

Full Colours—D. R. Oaten, J. P. Causby, C. J. Blight, S. N. Gower, P. M. Hopkins, D. B. Paul, P. L. Rogers, S. J. Woodcock, P. W. H. Woodruff.

Half Colours—I. M. Chappell, M. M. Hurn, R. W. Hurn, D. D. Trowse.

Football:

Full Colours—I. G. Hannaford, J. R. Deslandes, D. R. Oaten, J. D. Swain, K. S. Kelly, A. A. Bennett, W. B. Ashby, R. S. Berkin, P. W. Bumford, R. E. Carr, J. P. Causby, G. L. M. Coombe, E. J. Jenkins, R. W. Moyse, N. D. Pearce, W. D. Phillips, P. L. Rogers, J. N. Trestrail, N. G. Yates.

Half Colours—I. H. Craig, L. R. Gregurke, M. M. Hurn, P. D. Shaughnessy, W. F. Tonkin, J. A. Trethewey, D. D. Trowse.

Tennis:

Full Colours—O. C. Williams, W. D. Phillips, G. W. Bennett, D. W. Simmons, D. L. Davies, R. W. Moyse.

Half Colours—C. J. Prisk, J. R. Deslandes, J. M. Rowland.

Athletics:

Full Colours—I. G. Hannaford, G. J. Page, J. A. Trethewey, D. R. Watts, J. P. Causby, I. H. Craig, R. W. Hurn, I. J. Daebeler, W. D. Phillips, W. F. Tonkin, J. R. Deslandes.

Half Colours—P. W. Stain, R. S. Berkin, R. G. Candy, B. R. Moore, P. R. Buttery, P. T. Morton, D. R. Oaten, D. B. Payne.

Rowing:

Full Colours—L. R. Gregurke, R. N. Francis, T. O. Moore, K. S. Kelly, M. J. McNeil, W. B. Ashby, R. F. Bartholomaeus, R. G. Morgan, D. F. Bowen.

Half Colours—G. R. Wilsdon, G. R. Niehus, R. M. Adamson, J. L. Stewart, J. V. Lloyd, R. E. Thomas, D. J. Driver, D. J. W. Pearson, R. W. Barrows, P. J. Whitham.

During the year Merit Badges were won by: J. P. Causby (Colours in Cricket, Football, Athletics).

W. D. Phillips (Colours in Tennis, Football, Athletics).

UNDER AGE CRICKET TROPHIES, 1957

Special trophy (presented by Mr. Moyse of Lenroc Ltd.) for the outstanding junior cricketer of the year—A. Barratt.

Under 15 Batting—P. T. Morton.

Under 14 Batting—R. B. Smith.

Under 14 Bowling—I. Simmons.

Under 13 Batting—M. Shearer.

Under 13 Bowling—D. Angel.

R. N. W., VUC

Tennis

INTERCOLLEGIATE TENNIS

The annual Intercollegiate tennis match was played at the Memorial Drive courts on Saturday, 28th March, under perfect conditions in spite of somewhat doubtful weather during the week. The standard of the tennis this year was an improvement on that shown in recent years.

The opening round of doubles began at 10.15 a.m. and Phillips and Davies (first), although they began nervously, gained confidence, winning nine games in a row to take the first rubber from Hawkes and Warburton (S.P.S.C. third) 6-2, 6-0.

Our second pair Moyses and Woollacott, assisted by the fact that Moyses won all his services, were untroubled in defeating Gibson and Sangster (second) in straight sets 6-3, 6-4, while the P.A.C. third double Hopkins and Carlier played remarkably well to take a set from the more-experienced Roder and Bills (first) who finally won the match 6-1, 2-6, 6-2.

Thus the scores at the end of the first round were:

P.A.C.	2 rubbers	5 sets
S.P.S.C.	1 rubber	2 sets

The second round consisted of fourth, fifth and sixth singles.

Our fourth player Woollacott began slowly, and was 2-0 down in the first set. At this point, Woollacott overcame his uncertainty and won eight games in a row in fine style to take the first set 6-2 and be 2-0 up in the second to finally go on and win the rubber 6-2, 6-2.

Hopkins, who played fifth, began very well to go on to a 2-0 lead against Hawkes, and smashed Hawkes' numerous tosses accurately until 4 all in the first set. Combining his tossing with some excellent ground strokes, Hawkes passed Hopkins at net on many occasions and finally won the first set 6-4. In the second set it seemed as though Hopkins was set to make up the leeway, but Hawkes retaliated with some deep drives and finished the rubber with a glorious cross-court forehand, the scores being 6-4, 6-3.

Carlier, number six, began a little uncertainly against Warburton, as he was making his returns of service too short, hitting many into the net. The first set was fairly even to 4 all, but Warburton took the next two games to win the set 6-4. In the second set Carlier lost concentration and Warburton ran out the winner of the rubber 6-4, 6-2.

At this stage the players went to lunch with the scores steady at:

P.A.C.	3 rubbers	7 sets
S.P.S.C.	3 rubbers	6 sets

At 1.45 p.m. the players returned to play another round of doubles. The first pairs of both teams were matched on the centre court in one of the highlight matches of the day.

Saints began well, going to an early lead of 5-2 in the first set, but Princes, owing to solid serving and return of service won four games to take the first set 6-5. The second set began just as the first had, with Saints winning the vital points and they ran to a 4-2 lead, but Princes won two valuable games to level at 4-4. The last three games were of high standard and Princes won the second set and the rubber 6-5, 6-5, when Phillips intercepted and volleyed into the empty court between Roder and Bills.

Moyes and Woollacott played Hawkes and Warburton on the eastern court and served strongly to follow up with crisp volleys to take the first set 6-4. The Princes pair were too consistent and smashed well to take the second set, thus winning the rubber 6-4, 6-3.

Hopkins and Carlier played Saints' second double Gibson and Sangster and played remarkably well to win the rubber in three sets. In the first set, the two combinations were evenly matched to 5 all, when P.A.C. broke S.P.S.C.'s service to win 6-5. In the second set Saints immediately went to a 3-0 lead but P.A.C. fighting strongly picked up to 3-4 when Saints, in their turn, won the next two games to take the set 6-3.

In the third set Saints went to a lead of 2-0 but Hopkins and Carlier, playing very forceful tennis, levelled at 4-4 to go on and take the set, thus winning the match 6-5, 3-6, 6-4.

The scores at this stage stood at:

P.A.C.	6 rubbers	13 sets
S.P.S.C.	3 rubbers	7 sets

The next round played was first, second and third singles. Phillips was matched with Roder on the centre courts and led 4-2 in the first set after breaking Roder's service at 3-2. Phillips held his own service and again broke Roder's service to take the first set 6-2. In the second set P.A.C. confidently went to a 2-0 lead but Roder fighting strongly won the next two games and went on to lead 4-3 at the change when Phillips repeated the procedure of the first set to win the next three games and take the rubber 6-2, 6-4. Phillips' dropshots were remarkably accurate and he smashed Roder's tosses confidently, while his crisp volleying contributed much to his decided victory.

Davies, who played second, held his own against Bills until 5-5 in the first set, when Bills broke through to win the set 6-5. The second set showed Bills gaining confidence and, by powerful driving, he kept Davies on the base-line while he made good use of his own sound net play to win the second set and the rubber 6-5, 6-2.

Moyses, third for Princes, began confidently to obtain a 3-0 lead, but Gibson, playing more consistent tennis and directing his shots to Moyses's forehand won four games to lead 4-3. Moyses, however, retaliated to lead 5-4, but lacked the concentration to finish the set, losing it 6-5. In the second set Gibson played sounder tennis to go to a 3-0 lead. Moyses steadied and picked up to 2-3 but again lost concentration, allowing Gibson to win the set to secure another rubber for Saints 6-5, 6-2.

Thus S.P.S.C. had gained on Princes the scores being:

P.A.C.	---	---	7 rubbers	15 sets
S.P.S.C.	---	---	5 rubbers	11 sets

This left S.P.S.C. with the task of winning their remaining three doubles matches if they were to emerge victors.

Phillips and Davies immediately went to a 2-0 lead, but Gibson and Sangster hit some delightful shots to level at 2-2. P.A.C. went ahead to lead 4-2 when Sangster held service to trail 4-3 on the change. Davies held his service to lead 5-3 and P.A.C. broke Gibson's service to win the first set 6-3. Sensing victory Phillips and Davies combined well to win the second set 6-0 thus ensuring P.A.C.'s first Intercollegiate tennis victory for five years.

On the centre court, Hopkins and Carlier led Hawkes and Warburton 2-0, and by solid play were leading 5-1, but Saints fought back grimly to win the next three games, bringing the score to 5-4 in Princes' favour. Hopkins and Carlier, regaining confidence, won the next game and the first set 6-4. The first two games of the second set were both service breaks but both teams began to serve strongly to cause the games to go with service to 3-3. P.A.C. then won two vital games to lead 5-3, and finally win 6-4.

Moyses and Woollacott played consistently to win the first set 6-5 from Roder and Bills, but lost confidence to lose the second set 6-1. In the final set P.A.C. battled strongly but S.P.S.C. ran out winners of the rubber 5-6, 6-1, 6-4.

The final scores were:

P.A.C.	---	---	9 rubbers	20 sets
S.P.S.C.	---	---	6 rubbers	13 sets

Thus P.A.C., displaying a superiority in doubles and a grand fighting spirit, once more returned the coveted tennis cup to the walls of our hall.

Congratulations go to the team, and es-

pecially to Phillips, who won all four of his matches in straight sets and contributed greatly to his team's convincing victory.

Woollacott also did well to win three of his four matches and was the only other P.A.C. player besides Phillips to win his single.

I.C.H.

Tennis Critique

Phillips, W. D.: This year's Captain of Tennis, he is a sound, powerful player. Possesses the "big" game (forceful serving, accurate groundshots and strong volleying) and has an ideal temperament.

Davies, D. C.: A very good doubles player. Has a well-controlled service, good groundshots (especially on the backhand side) and volleys well. At present his temperament lets him down in singles play.

Moyses, R. M.: Brilliant but erratic. Possesses some very good shots (although his backhand can be improved), including a powerful service. Unfortunately, he suffers from lapses of concentration which affect his play.

Woollacott, H. M.: A tigerish and gifted player. He possesses strong shots on both wings and places his service very well. His temperament is admirable.

Hopkins, P. M.: Possesses a very fast service and volleys well. His groundshots, although not powerful, are accurate. He has a good temperament and could develop into a powerful player.

Carlier, B.: The youngest member of the team, he could develop into a very strong player. He has a well-controlled service and good shots on both wings. At present he is lacking in concentration.

Oaten, D. R.: A tigerish player. His groundshots are not powerful but he has a remarkable ability to recover seemingly impossible shots.

Kerr, D. A.: A left hander, he possesses a powerful swinging service and a well-directed forehand. Should develop into a strong player.

Drive Team

The Drive tennis team has had a remarkably successful term, since it was the only unbeaten team in the students' competition conducted by the S.A.L.T.A. In the six matches the results were as follows:

Feb. 15—P.A.C. v. Woodville High	---	9 sets to 0
Feb. 22—P.A.C. v. Sacred Heart	---	8 sets to 1
Feb. 29—P.A.C. v. Unley High	---	6 sets to 3
March 8—P.A.C. v. Adelaide High	---	7 sets to 2
March 15—P.A.C. v. Pulteney Grammar	---	8 sets to 1
March 22—P.A.C. v. Scotch	---	9 sets to 0

The most successful players were Woollacott,

Davies and Carlier, who were undefeated, and Phillips and Moyses, who each lost only one single.

SECONDS TENNIS TEAM

The Seconds Tennis Team again has had a very successful season in remaining undefeated. The only close match was the first encounter with Unley High School, when the scores were: P.A.C. 6 sets 55 games, to U.H.S. 6 sets 54 games—a margin of only one game. Players to do well were Heron, Brown, Hopkins and Oaten, while Watts has been unfortunate in being handicapped by a back injury.

Under 15

The team has had a most successful season up to date, winning all matches played very comfortably. Lyle, playing first single, has dropped only two games, while Smith and Wait have won all three singles. The team would like to thank Mr. Woollard for his very helpful advice and for taking such an interest in the team.

Under 14 A

This term's tennis has begun well, as we have lost only one set in the three matches played. After opening the season with a 12 set to nil victory over Immanuel College, we went on to defeat Woodville High School 12 sets to nil, and lost our only set against Pulteney Grammar School.

The boys of the team would like to thank our coach, Mr. Dennis, for his continual help and interest throughout the term.

Under 14 B

During the season the team has played three matches, against Scotch College, Unley High and Brighton High, and has had the satisfaction of winning all of them. A match was

organized against Saints A's during one of the Monday night practices, but unfortunately this resulted in a win for our rivals.

The outstanding players for the season have been Tamblin, McNeil and Motteram, who have won all their singles matches, while Wainwright, Tregilgas and March all played well.

Finally, on behalf of the team, we would like to thank Mr. Dennis for the interest he has shown in us and for the excellent way in which he has coached us.

Under 13 A

In our first match we played Kings College at Kings on 22nd February, 1958, and had a very good win. Final scores were: P.A.C. 9 sets to 3 sets. We won all our doubles and lost 3 of our singles.

Our second rivals were Scotch College at Scotch, but we were unsuccessful, losing 8 sets to 4 sets.

We hope to be more successful in the future, but we can say that we have had a most enjoyable season.

We should like to thank Mr. Glancey for the help and encouragement he has given us.

Under 13 B

We have been rather unsuccessful so far, as we have lost two out of three matches. Our first match was against Scotch College, which we won 8 sets to 4 sets. We lost the second match against Unley High School 7 sets to 5 sets. Our third match, against Woodville High School, we lost 8 sets to 4 sets. We hope, however, to make progress and obtain better results under the enthusiastic instruction of Mr. Glancey.

C. H. S., IV B

Rowing

Third Term, 1957

Our most important regatta this term was the House Regatta. This was rowed after school one day early in the term. Each entered both a Senior and a Junior crew, the Senior crews rowing from the City Bridge to our landing, and the Junior crews from the University landing to our landing.

After some exciting and close races, the afternoon ended with the following results:—

Senior	Junior
(1) Cotton	Bayly
(2) Bayly	School
(3) School	Waterhouse
(4) Waterhouse	Cotton

Besides the House Regatta, many of us entered in the Invitation Regattas run by various clubs, and some were successful in these.

The other important event of the term was the arrival of our new tub four. This has not yet been named, but has been used for training, and is a great acquisition to our club.

Rowing Camp, 1958

Twenty rowers and coxswains attended the rowing camp during the last week of the Christmas holidays. This was held, for the second year in succession, at our own boatshed. We rowed each day, from 9.30 - 12, then again from 2 till 5. The extra practice improved us all, especially after the long holidays. We should like to thank Mr. Mattingley for his help, and for giving up his time for us.

First Term, 1958

After a very well-attended rowing meeting, in which the dearth of seniors was more than compensated for by the many beginners and juniors, we soon settled down to rowing again, and entered an eight in the Henley-on-Torrens Regatta, which was on the first Saturday of the term. We were unsuccessful, being beaten by two more experienced school crews.

However, everyone is now settling down to train for the Head-of-the-River. We look forward to the Regatta, and wish all the crews success in their races.

Basketball

At the beginning of this term a basketball club was formed at school. Taylor was elected captain and James vice-captain. The members of the club are already learning much about the game, under the able guidance of Mr. Woolard, who has unselfishly given up much of his spare time to assist us.

We practise on Thursday nights after school at the Forestville basketball stadium. Mr. K. Miller, of the Basketball Association also helps us with our practice by showing us many of the finer points of the game.

Next term, two teams from P.A.C. will take part in the schoolboys' competition. These teams will be of "A" and "B" grade. We hope to leave our mark in this competition.

We have already played against Saints, and were beaten 46-18. We were not disgraced, however, as Taylor, James, Whitwell and Thompson all played well, and we hope to atone for our defeat next term.

This year there will be house basketball, which will count fifteen points towards the house competition.

Original Contributions

THE JUBILEE CORROBOREE HELD IN QUEENSLAND

The Jubilee Corroboree at Greenbank, Queensland, was held in conjunction with the celebrations of the jubilee year of scouting, and the corroboree was as much a success as the first camp at Brownsea Island.

The South Australian contingent consisted of 167 boys, two of whom came from our troops. We left by train on Christmas Eve and arrived at Greenbank Army Camp, generously lent to the scouts for the ten-day camp, three days later. The camp-site is next to the main railway line from Brisbane to Sydney, and we arrived there at the unearthly hour of half-past five and made our way to the camp-site, spending the rest of the day setting up camp.

The 4,000 scouts were divided into three totems, Totem one consisting of New South Wales and Tasmanian scouts, Totem two, Victorian and South Australian scouts, and Totem three, Queensland scouts, and these totems were divided into tribes, and the tribes into four patrols, each of seven boys. The patrols took turns at washing up and cooking for the tribe. The two canteens did a roaring trade in the hot, humid weather which varied little. Only once did it rain and then very lightly; so you can see we had no cause to grumble like those who went to the Melbourne Jamboree.

On 2nd January we were lucky in having the Governor-General to open the camp. He made a special visit from Sydney in order to do so. During the following days the boys made the most of their stay. There were organized tours around Brisbane—the one most popular being the Surfer's Paradise trip. There was also an activities section with prizes for the best totem pole, gateway, and decorated staff and other prizes for rope and crinoline spinning, billy-boiling, stilt races and fire-lighting by friction, as well as athletics events. There was also a lot of swapping of neckerchiefs, woggles and badges, our neckerchiefs being very scarce as there were only 167 of our scouts compared with about 4,000 others. At night in the camp arena there were camp-fires put on by each state, and films were also shown.

FIRST DAY IN HONG KONG

The summer sun shone down out of an azure sky as the ship drove silently through the shimmering waters towards the harbour of Hong Kong. Green-clad islands towered above us, whilst fishing junks rocked gently past on their way to the open sea.

At midday we drew up to the wharf at Kowloon, while coolies in tiny sampans clamoured around the ship, crying out the merits

of their wares or merely begging for coins. They caught these in nets, or dived for them as the more charitable of passengers parted with their loose change.

In the afternoon we left the ship and went across by ferry to the city of Victoria on Hong Kong Island. We enjoyed the hubbub of the city after the quiet of the sea. The brightly-painted Chinese signs, the quaint rickshaws, and the washing strung on bamboo poles out of nearly every first floor window, all combined with the high-pitched, ceaseless chatter of the people to make this city one of the most memorable I have visited.

As a rickshaw ride seemed to be the inevitable enjoyment of all curious tourists, we, too, had the pleasure of being pulled by a perspiring Chinese. Our destination was the foot of Victoria Mountain, which rises out of the city itself, and seems to overshadow the entire harbour. We wanted to go to the terminus of the funicular railway, which carries rich Europeans to their homes dotted around the peak of the mountain. Our Chinamen, however, were overcome with exhaustion two hundred yards from the terminus; so we left them as they screamed with new-found energy on the inevitable subject of the amount they had been underpaid.

The ride on the railway was somewhat terrifying as we seemed to go up vertically, clinging only to a tiny cable which looked as though it would break at any time. At the top terminus, we again put our feet on solid earth, rather thankful to be alive. We then followed a narrow, winding road to the peak. Far below us the city looked resplendent in the afternoon sun, appearing to us like a miniature of what we had walked through an hour previously. The tiny boats seemed fixed to the blue, glassy sea except for an occasional ferry crossing to the mainland, moving as if by some unseen giant hand in this tiny world.

Far away the blue mountains of China looked menacingly towards the unprotected British territory, like great monsters ready to pounce upon defenceless prey.

In the evening, acting on the advice of the officers on the ship, we again went up Victoria Mountain, this time by car. We later found that our driver had gained his skill behind the wheel only a week before, which explained his nervousness at driving up the narrow road to the peak. From this vantage point, the scene below us was spread like a fairyland of glittering lights on both sides of the harbour, while the ship lights were reflected from the silent waters. High above us the sombre moon looked down from her dominion in the heavens, throwing a silver light on all. Occasionally the bark of a ship's siren was brought to us by the warm breeze, but otherwise we existed in a world of silence.

Such are the lasting impressions I gained on my first day in this romantic city of the east.

THE MUNICIPAL BAND

In the derelict stables at the back of the Town Hall is a large trunk, originally felt-lined. Inside this trunk are an old trombone with a bent slide, a cornet, and a bugle. This is all that remains of the Municipal Band. The gloomy stillness of the musty stables is rarely interrupted; mice play hide-and-seek across and under the worn and broken brick floor. Cobwebs crowd in the high corners, and lace the backs of the broken wooden chairs. If you bothered to look, you would find an old photograph covered with the dust of years, hanging dejectedly to one side of the entrance.

This photograph shows seventeen gentlemen, for the most part bespectacled, resplendently arrayed, and holding their respective instruments in a manner that would put the Salvation Army to shame. The drummer, is a short, thick-set man with wiry whiskers, and with a very sour expression on his face. The euphonist, next to him, is a tall, awkward-looking youth, with a sheepish grin that seems to be a permanent fixture. A very stout looking gentleman was caught unawares by the photographer, and has his eyes shut; a stern gentleman with severe features, a moustache, and a trombone at his side, glares at the photographer's mild attempt at humour.

And in the centre of the front row, with his knees outspread, and short stubby hands clasped across his stomach, sits the bandmaster. The queer look in his eyes seems to make him alive above his fellow musicians. You can imagine him standing on the old trunk, and snapping his fingers at a careless mistake. The surprisingly deep and harsh voice announces the next tune, his sharp tongue mercilessly lashes the frightened, shy cornet-player, his roving eye ensures that all attention is focused on him.

Slowly and softly, the trumpet introduces its melody, rising and falling, then gaining confidence, and joined by the trombone, bursts into a deafening tirade of abuse against the sturdy, pumping tune emitted by the sousaphone. Growing to a resounding crescendo, the band swells its music, its brassy blare swelling and pulsating powerfully through the surrounding district. Abruptly it stops . . .

Inside, the gloom holds forever the memories of practice nights, the attempts and hopes of that stalwart group of citizens. The bleak floor is lit just a little by a shaft of sun through the splintered door. A small lizard stands alert in the centre of this patch, listening to the rhapsody of time that will go on forever.

JUDO

Ju-jitsu is the Japanese science of self-defence without weapons. It is a complicated,

highly skilful form of wrestling, in which no wrestling rules are obeyed. When used seriously, it is extremely dangerous and can result in loss of life, or at the best, broken or dislocated limbs; but when it is practised as a recreation, the strangle-holds and limb-locks are relaxed at a sign from one of the antagonists.

The training of Judo, which consists of plenty of fresh air, deep-breathing exercises, and certain gymnastic exercises, is very valuable. Tripping and throwing are essential features, and the expert has an extensive repertoire of throws. Much practice is needed to develop necessary agility and command of balance and, above all, skill in destroying an opponent's balance. Accurate timing is far more important than strength. The basic principle of ju-jitsu is never to oppose force with force, but to yield to an opponent and so take advantage of his movement to bring about his fall. When the defender steps back before an attack, he adds to the attacker's momentum and this adds to the chance of the attacker being forced off balance. Thus defence is turned into attack.

Throws take place with swiftness and great force, but their severity is minimised by knowing how to fall and roll. Instruction in falling is always given first and is perhaps the most important part of the sport, for on it rests the safety of the combatants. Unless the man thrown contrives to roll over and bounce quickly to his feet, the struggle continues on the ground, with a variety of strangle-holds and limb-locks, threatening dislocation and fractures. Sometimes the wrestler tries to grip parts of his opponent's body such as the armpit or ankle and press, so that he applies temporary paralysis.

The western counterpart of ju-jitsu is 'unarmed combat,' which forms part of soldiers' training; but this is simple compared with the elaborate Japanese method. This form of defence is, however, becoming increasingly popular in Australia both as a sport and as means of defence, especially for people whose work leads them into conflict with criminals. As a means of defence, it is taught to police and gaol warders and most of South Australia's judges and magistrates have learnt elementary Judo.

THE ROYAL PROGRESS

During the visit of the Queen Mother to Adelaide, the cadets of the upper forms of the school had to line the route. However, as I was not a cadet, I attended the Royal Progress as one of the crowd who were assembled along the route.

I took up my position behind the barricade, but was promptly told that this area was reserved for some special branch of a women's organization; so I was forced to vacate that position. I moved further along the barricade, and eventually I satisfied myself that I had

obtained a good position. I was greatly mistaken, however, for soon the crowd began to arrive, and I was jostled and bumped until I found myself at the back of a crowd three or four deep. The lady in front of me had a huge hat, and every time she moved, the hat brushed across my face, and I nearly fell over the person next to me trying to get out of its way. I received some very nasty looks from the people around me; so I quickly faded into obscurity. I next took up my position some two or three people back from the barricade behind two gentlemen—hatless this time, and settled down and waited for the Queen Mother to arrive.

I did not have to wait long, for soon great cheering and shouting were heard, and I craned forward for a glimpse of her. Just as she was in front of me, one of the two gentlemen took out his camera, and, holding it up, he took a photo of her as she passed. As a result, I was not able to see anything of her, except a glimpse of her dress, for the man's arm completely blocked out my view when he was taking the snap. I shall always have happy memories, then, of the Queen Mother's Royal Progress through Adelaide!

R. B. S., VIA.

COURTSHIP PROBLEMS

Even Adam 'ad 'em

In years B.C. when man was young and wore a robe of skin,
To have a lot of wives was never thought to be a sin,
Since Adam first met up with Eve it's always been the same,
We call it instinct, call it love—but then, what's in a name?

When man dwelt in a cave he won his mate—
or so it's said,
By lifting up his mighty club and tapping her on her head,
He grasped her tightly by the hair and dragged her to his home,
She found this so enjoyable she vowed she'd never roam.

Because of evolution ancient methods have all gone,
The modern miss would scarce enjoy a knock about the scone,
Today the so-called weaker sex is greatly idolized,
A change has come upon us, why we're almost civilized!

T'was easier when a fellow could just live inside a cave,
Just walk outside and hit her head and then she'd be his slave,
The modern boy is different, he employs a gentler touch,
This makes him shy and awkward, so he doesn't like it much.

He first goes to a dance-hall, he is shy, embarrassed, quiet,
He'd like to dance a step or two but feels to scared to try it,
A while he is unhappy, and he thinks he'll never win,
But soon he meets a certain girl and wears a silly grin.

Perhaps upon reflection we can see the brighter side,
A girl looks neater in a gown than in a lion's hide,
The modern miss is prettier, her figure's neat and trim,

If she'd been born in years B.C., her prospects would be grim.
She wouldn't have the hair-styles and cosmetics to employ,
When first she cunningly sets out to trap her chosen boy,
So with all things considered, I am happy to relate,
The modern boy's more fortunate when he selects a mate.

R. A. G., VIA.

THE ROYAL MUSIC FESTIVAL

The most outstanding feature of the recent Royal Visit was the Adelaide Royal Music Festival. Never before in the history of this state had so many people collected on the banks of the Torrens. By four o'clock in the afternoon, hundreds had settled in places, and the unlucky ones without tickets swarmed to the opposite bank of the river, and arrayed themselves, blanket to rug, from the water's edge to the road above. There was a long wait, of course, until the commencement, which was at eight o'clock, but everybody took advantage of the interval and relaxed to watch the swans flying home in the dim light of the rising full moon. It was really a beautiful evening and the crowd appreciated every bit of it. When the fountain was turned on, its light played brilliantly on the water.

At eight o'clock, the music began and, since the amplification was very good, everyone could hear distinctly all that the announcer said and all the music. We heard from the South Australian Symphony Orchestra, the Festival Band, and the Festival Choir, which numbered fifteen hundred people. Their white attire stood out under lights.

After a number of items by each group, the public were invited to take part in some community singing. Soon after, their Excellencies Sir Robert George and Lady George, arrived and took their seats in the rotunda. Then came the moment that everyone was waiting for. Her Majesty, Queen Elizabeth, the Queen Mother, glided up the river on the Royal Barge, lit by a spotlight. She was wearing a beautiful white gown which glistened in the light. It was a scene that no-one could ever forget. Moving

down the river, Her Majesty inspected the many beautifully decorated boats which formed the River Pageant. She then glided to the Torrens landing and joined their Excellencies in the rotunda. The cheering was at this time so great as to show clearly the love and affection the people of South Australia held for Her Majesty. From then on, we were all entertained by many lovely items, including community singing of the Queen's favourite hymn "The Lord's My Shepherd." The crowd loved it all. Most deserved applause went to the Scottish Pipe Band, which played two items.

Possibly one of the highlights was the rendering by the choir of the "Hallelujah Chorus." It seemed to move the crowd more than anything else before. Some, however, were immovable at the end and would not sit down. Under a shower of screwed-up paper that was hurled at them by the offended who were seated, they soon got down in bad grace.

At last the Festival ended with "Land of Hope and Glory," and "God Save the Queen." As the Queen Mother's barge slowly drifted back up the river, the choir and then everyone sang verse after verse of "Will Ye No Come Back Again?" It was a dramatic climax to a most memorable evening.

R. A. P., VI A

A TRIP TO WESTERN AUSTRALIA

The trip took place during the September holidays, taking three weeks in all. Planning had been going on for weeks before the 'flu suddenly hit the school and sent our hopes flying, but fortunately our family missed it. Then, when the Thursday on which we were to depart arrived, we added the finishing touches to our packing and at six o'clock we boarded the ship on which we were to travel, the "Kanimbla," and settled down for the five-day trip.

After having dinner, we went up on the promenade deck to watch Adelaide and the land disappear. At nine-thirty the last light dipped below the horizon and we found ourselves well out to sea as we went down to supper. Having satisfied ourselves, we went to our cabins and to sleep. The next morning broke a fine sunny day, and the sea had a moderate swell. Before breakfast we tried our skill with other members of the ship at the games on the sports deck. These games included deck quoits, which takes much practice if one is to become adept at it, as the roll and pitch of the ship have to be allowed for, cirlo, a game "land lubbers" call deck tennis, and tennis played in completely enclosed courts. Having had breakfast, we set about finding our "sea legs," getting to know the rest of the passengers and the ship itself. Ship-life consisted mainly of eating, playing and sleeping and, amongst other things, lotteries, which any South Australian finds a novelty. The trip, we found on the third day, was being cut short by a day and, because of this and good weather,

except for the last night, the "Kanimbla" made a record run, averaging 17.4 knots.

We berthed at Fremantle on Monday morning, which turned out to be a squally day with sudden showers, and were soon picked up by a friend and driven to our hotel, mid-way between Fremantle and Perth on the Stirling Highway. By lunch time the rain had completely cleared away and the sun was shining brightly. We found that, as we were used to the pitching boat, walking was very tiring, because sometimes we would have one foot in the air and the next step bang it down on the ground. As this was the case we decided to go on a river cruise to see all the points of interest on the Swan. It proved to be an excellent cruise and we came back with a solid afternoon-tea in our stomachs.

For the next four days we were lent a car and so we went sight-seeing. Canning Dam, Mundaring Weir and the War Memorial at Araluen were all included. All were wonders, especially the War Memorial in all its splendour. In the city there was London Court, an arcade built in the Tudor style, and the most wonderful of all parks or gardens, King's Park. This is approximately a thousand acres, most of which is in bushland state and grows a variety of wildflowers. The park is for the preservation of its native flora, which blooms profusely in the later months of the year. Kangaroo Paw, the most beautiful of all flowers, grows wild with its red head and green stalks waving above the grass. The park gives a wonderful panorama of Perth, the Swan, and the Darling Ranges. Quickly these days passed and then we set off on our six-day trip to Albany and back.

At a quarter to eight one Saturday morning a bus named the 'Miss Geraldton' pulled away from the Tourist Service in St. George's Street, Perth, on its way to Albany. We travelled at a good speed, through Armadale to Pinjarra in the cattle and sheep country before morning tea, then on through Waroona, where there was the condensed milk factory. Harvey, a potato growing area and Brunswick Junction to Bunbury, a seaside holiday resort. We lunched here and had a good look around at the newly-built harbour, but soon we were on our way again. At Donnybrook, the next main town, there were apple orchards and, just after passing them, we went down into the timber country, where the wild flowers grow in abundance. Karri trees mainly, with jarrah interspersed, grew to heights of 140 feet. These trees rose up right next to the road, arching right across with the vivid heliotrope sarsaparilla climbing up them. We passed through Nannup, a logging town, to Manjimup where there is a mill. After looking at this from a distance, we went on to Pemberton for the night. Around Pemberton there are the towns Nannup, Manjimup, Nyamup, Normalup, Tambellup, Koryup, Boyup, and other towns whose names all end in "-up." In the aboriginal tongue it

means water. There is plenty in the locality and it teemed all night.

On Sunday we visited the East or Gloucester Tree which towers over 210 feet above the ground. It is used as a fire look-out and has a range on a clear day of fifteen miles of forest and of the re-forestation being carried on there. Inspections of the trout hatcheries and special swimming pool were made. That night we had a sing-song and concert.

Next morning we left for Nornalup, to lunch there. On the way we stopped at Shannon Mill, one of the biggest in the area. While it was working we walked over to it and saw how each machine was operated. Wild flowers and enormous trees were always about us and several times our driver stopped and we got out and picked wild flowers. We lunched at Nornalup and went on a cruise on the river. At about two o'clock we embarked and travelled towards Albany, our destination that night. We had afternoon tea at Denmark and arrived at Albany at five-thirty. That night we walked through the town, window shopping, and it was almost ten o'clock before we crept into the hotel.

Tuesday we had free in order to visit places of interest in and around Albany. This took us most of the day and in the latter part we went shopping. That night we went to the pictures and arrived home at about one o'clock.

The following day we continued our trip, after having the morning free. During the morning we visited a whale-catcher at the port. This day we passed from the timber country into farming areas which were considerably drier than those where the timber grew. Pipelines were being put through to help cope with the demand. These areas were hot in the day but very, very cold at night. Katanning was the place we stayed at overnight before we continued on the last leg of our journey.

The last day took us up through more sheep and farming country, past Pingelly where we lunched. This last day was by far the least interesting, as there were no eye-openers to catch our attention. A tired and slightly bedraggled bus load of passengers stepped out and farewelled each other after a truly wonderful and beautiful trip together.

After another few days of sight-seeing and photographing in Perth we rather sadly set off for the Perth Railway Station. Here we boarded the Perth to Kalgoorlie train.

The train trip to Kalgoorlie was the worst trip I have ever experienced. Sleep was impossible. One moment our heads were hitting the side, the next our feet. Bags slipped everywhere and everyone was very thankful when we changed to the Trans-continental at Kalgoorlie. The change was exhilarating and we did not even notice the intense heat. The meals served upon the train were of a wonderful

variety and flavour. Although the trip over the Nullarbor Plains was long and rather arduous, we seemed to manage to amuse ourselves, even if it was only with the train's wireless. Slowly but surely the miles passed and finally we pulled in at Port Pirie to change trains to come to Adelaide. The last lap of a really magnificent trip was all that lay ahead and that was just as good as the rest.

R. W. T., VIA.

FISHING

During the Christmas vacation I was invited to go on a fishing trip with our neighbours. They are keen anglers, and often take up this sport, leaving home enthusiastic, and later in the day arriving home a little less enthusiastic.

I was awaked at 5 a.m., and was informed that we must leave before 5.15 in order to "catch the big ones" on the high tide at 5.40.

We left exactly at 5.15, and arrived at Port Adelaide shortly afterwards. I had learned that they possessed a dinghy with an outboard motor attached, and I was therefore surprised to find that we went to a wharf, and not to the boat harbour.

Once here, my friends set about baiting their lines, while I watched. I was informed that they would attend to my rod after the tide, since they could not afford to waste the time, which could be well spent fishing. I watched their movements closely and I soon picked up a rod, roughly baited it, and threw the line in. Of course, the inevitable happened; I caught two fish—and they did not. Another interesting sidelight was that there were two men in a dinghy—catching fish every minute. I did not intimate the conclusions which I had drawn, but I think they knew my thoughts. We then went in the boat along the river and caught enough fish to have a meal, but none for sale, or for giving to relations and friends.

We soon had breakfast, consisting of sandwiches and tea, on the boat, and returned home at about midday after an enlightening experience. I was asked if I should like to go on the same day for the evening tide, but declined.

J. A. H., VIA.

A WEEK ON A FARM

Towards the latter part of the recent school holidays, an uncle of ours came down from the property on which he is employed. The property is about one hundred and thirty miles from Adelaide, and about thirty miles from the Coorong. To reach this place you have to go down the mainland ten miles further than you expect and then turn around and come back seven miles on a macadam road. The nearest town of any size is Coonalpyn. Tintinara would be about the same distance away, but this town does not seem to be as popular as Coonalpyn.

When we arrived at our destination at about ten o'clock at night, we were not much better informed about all the towns we passed through en route, because all was dark and as it was a Sunday night, not much activity was seen. We unloaded the utility and, by the time the beds were set up and we were in bed, it was a quarter to eleven.

Monday was spent driving in to the Culburra store and purchasing our needs for the next few days, moving some sheep from one paddock to another, and finally, at about six-thirty, driving in to the paddock where the cattle were and counting them.

Tuesday and Thursday were the most exciting two days of the six we spent on the farm. On both of these days I drove the new Fordson diesel, without anyone complaining about the jerky take-offs and the changing of gears. On the Thursday, my sister finally plucked up courage, and, after about ten minutes trying to persuade her, my uncle and I finally talked her into driving the tractor on a smooth, easy track.

On the day omitted between these the morning was occupied by another visit to Culburra and just after tea we had a rough ride in the utility along the fenced boundary of the far paddock to see if there were any kangaroos in the vicinity. To our delight and surprise, there were a few small 'roos and plenty of rabbits.

Friday came all too fast and we had to prepare for our home journey. We left in the afternoon and arrived in plenty of time for tea. The Easter holiday period could be spent on this farm, but if this does not come about the May holidays will certainly be partly occupied by a week or so on the farm.

A. B., IVA.

A TALE OF TERROR

I was about to ascend in my balloon for the last flight of the day, when a complete stranger pushed through the crowd and volunteered to go up with me. He pressed his request with such earnestness that I, having satisfied myself of his respectability and having received his promise to obey my every order, allowed him to come on board. He stepped on board with evident eagerness and alacrity, and as the machine rose rapidly, did not show the slightest sign of trepidation. A bird could not have seemed more at ease, more in his element, and yet he assured me he had never been up before. Instead of showing any alarm at our great height, he derived the greatest pleasure from watching me empty the bags of sand, and even urged me to part with more of the ballast. The day being particularly clear, I pointed out to him many of the various objects in view, but when I remarked that we were directly over Leighton he showed some uneasiness, and anxiously enquired if I thought it possible for him to be recognized at this distance. I assured him it would be impossible. Nevertheless he con-

tinued to act uneasily, frequently repeating "I hope they don't see us," and earnestly entreating me to discard more ballast.

This, however, was out of the question, considering the height of the balloon, the course of the wind, and the nearness of the sea coast. But he remained deaf to these reasons and, upon my refusal to discharge more ballast, deliberately pulled off his hat, coat and waistcoat and threw them overboard.

"Hurrah! That lightened her!" he shouted, "but it is not enough yet," and began to unloosen his cravat.

I assured him that nobody could recognize him at this distance even with a telescope.

"Don't be too sure of that," he ventured, "they have sharp eyes at Miles's."

"At where?" I said, surprised.

"At Miles's Madhouse!"

Gracious heaven! The truth flashed upon me in an instant. I was sitting in this frail balloon car, at least a mile above the earth, with a lunatic! The horrors of the situation, for a moment, seemed to deprive me of my own senses. A sudden freak of a bad-tempered fancy, a transient fury, might send us both, at a moment's notice into eternity! He kept up his insane cry of "Higher, higher, higher," and threw off successively every portion of clothing. But judge my terror when I heard him say,

"We are not high enough. One of us will have to throw the other over."

To describe my feelings at this speech is impossible. Not only the awfulness of my position, but its novelty helped to bewilder me. It was horrible, horrible! Words, pleadings, remonstrances were useless, and resistance would be certain destruction. The maniac, however, was still dissatisfied with our height and began to mutter incoherently.

"Have you a wife and children?" he asked abruptly.

Prompted by the instinct of self-preservation, I replied that I was and had fourteen children dependent upon me.

The maniac laughed, with a sparkling of his eyes that chilled my very marrow.

"I have three hundred wives and five thousand children; and if the balloon had not been carrying double I should have been home to them now."

"And where do they live?" I asked anxious to gain time by any possible means.

"In the moon," replied the maniac; "and when I have lightened the car, I shall be there in no time."

I heard no more, for suddenly he approached me and, throwing his arms around my waist—!

K. B., VIA.

The Preparatory School

Staff: It is with the greatest regret that we report the resignation of Mrs. James Anderson who for twenty-three years has conducted the Speech Training classes in the Preparatory School and produced the plays at the Prep. School Concerts. Mrs. Anderson, after delaying her admission to hospital so that she could finish her school exams and hand in her marks and comments for the final reports, underwent a serious operation from which she has not recovered sufficiently to resume her work. We know that this is a tremendous disappointment to her and that she will miss coming to the school as much as we shall miss her coming. Shortly after school resumed she visited the staff room to present to us her library of school plays and to give us advice on the selection, adaptation and the production of them.

We should like to record our sincere thanks to Mrs. Anderson for her long, patient, but enthusiastic service to the school.

Mr. Kitney who is keenly interested in dramatic work, has taken over Mrs. Anderson's classes and will superintend the production of plays for the School Concert.

Mothers' Club: The Mothers' Club very generously presented the school with an electro-gram and a set of Celesta Chime Bars which will help tremendously in our endeavours to encourage the appreciation of music in our children. We are indebted to Mrs. Ward Smith for the gift of four records, "Instruments of the Orchestra," to start our record library.

The Club will be pleased to see that the flashing lights for which it has worked so hard are finally operating on Dequetteville Terrace.

The third term meeting of the Club was addressed by Mr. Rohan Rivett, who spoke on the opportunities and challenge of our undeveloped North.

The Prep. has asked the Club to help in the provision of a tape recorder to help in speech training and to record wireless programmes which occur at times when classes cannot listen to them direct from the radio. Already quite a number of donations have been received.

On Saturday, 14th December, a very successful combination of events took place. The Fathers and Sons' Cricket Match was played on the back oval. The fathers won convincingly 128 to 70. At the Preparatory School, Father Christmas visited the boys of IB and C and their small brothers and sisters and handed presents to them from the Christmas Tree, tastefully decorated and generously stocked by the Mothers' Club. The Junior Choir sang to

welcome Father Christmas. An Art Display was arranged in the classrooms. Afternoon tea provided by the mothers was served at the rear of Senior School.

Carol Evening: A most successful Carol Evening was held on the back lawn of the Preparatory School in November. The night was mild and warm and the singing was led by the boys under the baton of Mr. Kitney. Special carols were sung by the various singing groups and a Christmas film, "The greatest gift of all" was shown.

Cricket: The Preparatory School team had a most successful third term. It played eight matches and won seven. Kerr was our most successful batsman for the year with 221 runs, average 18.4 and Lower our most successful bowler with 32 wickets, average 6.4. We congratulate Lower on winning the Cricket Cup presented by L. O. Fuller, Esq.

The team this term has played five games and has won them all. It was, however, badly beaten in a practice game by Immanuel under 14B. Dickson in six innings has compiled 301 runs for twice out.

House Cricket: Robertson has won its two senior and two junior matches, Chapple, one senior and one junior and Mitchell has lost all of its four matches.

A. W. Welch Cup: The Welch Cup was won last year by Chapple House.

	R.	C.	M.
Brought forward	34½	42½	4
Work	—	6	3
Exams.	—	6	3
Cricket	5	3	1
Tennis	1½	6	1½
Total	41	63½	12

Tennis: The Preparatory School Singles Championship was won by R. W. Carmichael after an exciting final with P. A. Bonfield. Carmichael received the cup presented by J. C. Stephens, Esq.

Cricket Afternoon: We entertained St. Peter's College on 12th December to a cricket afternoon. Seven matches were played, in three of which we were successful. The Grade VII first and third teams won narrowly and the Grade VI first side easily. The tennis resulted in an easy win for Princes. An excellent afternoon tea was provided and we are grateful to the mothers who came to help in its distribution.

Junior Swimming Group: Most of the boys in this group are becoming quite proficient. Besides the overarm, the boys are practising back-stroke sculling, breaststroke and life-saving back-stroke.

We are indebted to Mr. John Lasscock for his "ferry service" to and from Henley Pool and also to Mrs. Male for her help this term.

The Natural History Club: Tasmanian Trip— An enthusiastic party of twenty-one boys led by Mr. Kesting enjoyed a wonderful sixteen-day tour to Tasmania during the latter part of the Christmas holidays.

From a natural history viewpoint, interesting things encountered were: apple orchards, caves, hops, hot and cold springs, ferns, fish, flowers, museums, zoos, trees, hedges, chitons and minerals.

From a more or less geographical point of view some of the things seen were: three capital cities, historic buildings, bridges and ruins, mountains, lakes, rivers, hydro-electric schemes, coastlines, lighthouses, towns and civic buildings.

Some of the things enjoyed were: trains (express, electric, diesel and cog), buses of various types, cars, trams, ships (including an intimate knowledge of ocean waves), good meals, fellowship, bike tracks, movies, chips, walking, running and swimming (freezing, cold, warm and hot).

We greatly appreciated the help given by Dr. O. B. Lower and Mr. Kitney who entered wholeheartedly into the various activities of the tour.

May Camp: A short camp will be held in the May holidays at the Toc H site, Victor Harbor. This camp has proved very popular in the past and we expect it will again.

Leaders: The following boys are to be congratulated on their appointment as Leaders for 1958, J. A. Trott, Captain of the Preparatory School, R. W. Carmichael, D. M. Close, J. L. Crompton, B. D. Dickson, P. M. Jackson, R. F. McLachlan, and I. M. Rudd.

Collections for Charity: £134 was collected during the year for distribution to the charities the school supports.

ORIGINAL CONTRIBUTIONS

A man was in a mountain pool,
Where shadows lay serene and cool.
He lazed there for a little while
Till snapped up by a crocodile.

The Objects of the Association are: To keep Old Boys, wherever they may be, in touch with one another and with the boys at the School; also to foster and maintain their interest in the School.

"Old Boys' Week" is observed annually towards the end of July, during which a dinner and other social functions as well as sports contests are held. Social gatherings are also held whenever occasions arise that make them desirable.

"The P.A.C. Chronicle," of which a large part is devoted to matters of special interest to Old Boys, is forwarded to each member of the Association.

The subscription is £1/- per annum. It is suggested that Country Members should remit sufficient to cover four years' subscription or

become Life Members by payment of £15/15/-. Any Old Boy wishing to become a member can do so by forwarding his name and address to the Head Master, or to any member of the Staff, or to the Secretaries.

The Association has donated the following Scholarships, which are awarded from time to time at the discretion of the School.

H. W. A. Miller (Old Collegians') Scholarship
J. A. Hartley Scholarship
Fredk. Chapple Scholarship
W. R. Bayly Scholarship
A. G. Collison Scholarship

Purely Personal

PURELY PERSONAL

Dr. F. R. Hone has been re-elected to the Council of the University of Adelaide.

Fifty years ago, Arthur Cubitt Brown topped the higher public examinations honours list. Gilbert M. Potts and Leslie Gemmill Tassie, also of P.A.C., were equal second. In the same year, Norman Jolly, S.A. first Rhodes Scholar, received his B.A. at Oxford University.

Dr. C. M. Deland has been elected to the Council of the Royal Society of S.A.

Bruce Wark has been awarded a scholarship to do post-graduate study in dentistry at Toronto University. He will leave for Canada in August.

Ivor Hele won the 1957 Archibald Prize with a self-portrait. It is the fifth time in seven years that he has won this award.

George Williams, who was a boarder at school fifty odd years ago, has in latter years devoted much of his time to painting.

Another retired Old Boy in Frank Day has also had several public exhibitions of his paintings.

Norman Todd donated the memorial plaque which was unveiled by Lady Baden Powell at "Woodhouse" in honour of scouts who died on active service during World War II.

Charlie Sutton is the Federal President of the Commonwealth Institute of Valuers. Harold Shuttleworth is the State President.

Mr. T. E. Cleland has been re-appointed Chairman of the Betting Control Board.

Ray Howland has been elected a Vice-President of the S.A. Institute of Creditmen. He is also treasurer of the Parents and Friends' Association.

Robert Bennett has been awarded a scholarship to Roseworthy College.

Rev. C. T. Symons, M.A., at one time on the staff of the school, is now President of the S.A. Methodist Conference.

Malcolm Charlick, a director of William Charlick Ltd., recently returned from the U.S., where he attended a Feed Manufacturers' Convention.

Mr. C. W. Martin will attend the conference of the Institution of Heating and Ventilating Engineers to be held in Dublin.

Mr. H. E. Pitt, now in his ninety-first year, still enjoys working in his fruit growing property at Payneham.

Robert Helpmann is returning to ballet after a successful career as a stage and screen actor.

D. R. Harvey has been awarded a S.A. Government Agricultural Cadetship to the

University of New England, Armidale, N.S.W.

Stephen Gower has been admitted to the Royal Military College, Duntroon.

Alan Crompton and Norman Todd have been appointed to the Board of Management of the Children's Hospital.

Mr. N. E. Peard, a master at the school, is Chairman of the S.A. Children's Book Council.

Mr. H. W. Botten, a director of Mick Simons Ltd., who was a regular attendant of the annual dinner in Sydney, has recently retired and at present is living in Adelaide.

Dr. A. R. Southwood, Director General of Public Health in S.A., is the first Australian to be invited by the College of Physicians to deliver the Milroy lectures in London next year.

Mr. Geoffrey T. Clarke, M.P., is at present overseas on a private business and holiday visit to the U.K. and Europe.

Rev. John Lewis has been appointed Superior of the Society of St. Barnabas at Ravenshoe, North Queensland.

A. D. W. Lake of Salter Springs won the State Championship Wheat Crop Competition and the Quality Competition for the second year in succession.

Frank Beauchamp has been elected President of the S.A. Guide Dogs for the Blind Association.

Russel Harris, who has lived at Boston, U.S.A., for many years, was in Adelaide some months ago visiting some of his old friends.

Dene Yelland, an executive of the S.A. Chamber of Manufactures, recently attended a conference in Melbourne of the Associated Chambers of Manufactures of Australia.

William Taylor has been elected President of the Contact Club of S.A.

Paul Goode, Secretary of the North Adelaide Cycling Club, has been appointed to the Nurses' Board of S.A.

W. A. Shepley has recently been appointed in charge of Overseas Operations at the Bank of Adelaide.

Professor H. P. Tuck, formerly Dean of the Faculty of Engineering at the University of Tasmania, is spending some of his furlough in Adelaide.

R. H. Berryman is the Chief Design Engineer at the zinc works, Risdon, Tasmania.

Sir Frank Perry has been appointed to the Industrial Matters Committee of the Chamber of Manufactures. Herman Menz is a Seal Holder.

Ron Sutton is general secretary of the Adelaide Junior Chamber of Commerce and also

on the Council of the S.A. Chamber of Commerce. Tom Cotton, school treasurer, is a Vice-President.

Mr. L. M. W. Judell has recently retired as a director of S.A. Country Newspapers Ltd. He was a member of the board for twenty-five years.

Mr. Joseph Crompton has been re-elected President of the S.A. Branch of the French Chamber of Commerce.

Harry Williams is the incoming President of the Adelaide Rotary Club and is also a Vice-President of the Retail Traders Association of S.A.

Leo. Buring was recently in Adelaide to attend the opening of the Wine Research Institute at Urrbrae Park.

Sir Shirley Jeffries has been appointed a Trustee of the Savings Bank of South Australia.

Mr. David Clarkson, Governor-Elect of the 250th District of Rotary International, left Adelaide in April to attend the annual Rotary Assembly and Conference in U.S.A. He is accompanied by his wife.

Mr. M. L. Lathlean, S.A. Consul for the Dominican Republic, was re-elected Dean of the Consular Corps in S.A.

Mr. O. A. Witt, one of our Old Scholars, has recently retired as chairman of the Board of Trustees of the Weigall Oval.

Dr. Dick Southwood left for the U.K. in April. He will be away for about three years doing post-graduate work.

Dr. Andrew Duguid has graduated Ph.D. at Cambridge University, where he has completed three years research in pure mathematics. He is now on the staff of Brown University, Providence, U.S.A.

Senator Rex Pearson has been re-appointed temporary chairman of Committees in the Senate.

Mr. Anthony, M.L.C., formerly a master

at the school, has been re-elected Vice-President of the Institutes Association of S.A.

Norman Chinner conducted the Royal Festival Choir of 1,600 singers held in honour of the visit of the Queen Mother.

D. A. Osborne-White is now with the Ontario Highways Authority at Toronto, Canada.

Hugh Aldersey, an early settler, is a Councillor of the new District Council at Coonalpyn Downs.

Bruce Chartres, who took his M.Sc. degree in 1952, is now engaged on cosmic-ray research at Sydney University.

Dr. John West is now doing medical research in the U.K. with the latest type of mass spectograph.

Colin Duncliff is secretary of the Kalangadoo Institute and President of the recently formed committee to build a swimming pool at Kalangadoo.

Dr. W. G. Elford, physics lecturer at the University, is joint-acting co-ordinator of the Australian Moonwatch. As such, he has figured prominently in the press in connection with observations of recently launched satellites. Gordon Bowen, a physics master at the school and a Federal Councillor of the Wireless Institute of Australia, who has an amateur radio station, allowed his home to be used for the collection of data about the satellites. His son Graeme is believed to have been the first person in S.A. to hear the satellites signals.

Dr. Colin Schwartz who topped the first year in medicine in 1954, is now doing research work at the Adelaide University in the Human Physiology and Pharmacology Departments. He is also Acting Master of Lincoln College during the absence overseas of Rev. Frank Hambly.

Dr. Brian Skinner formerly lecturer in geology at the Adelaide University has taken a position with U.S. Government in Washington concerned with research in economic mining geology.

Our President

Mr. Phil Clark, who attended the school 1913-21, was elected President at the annual meeting. At the prep. school he and his brother Andrew, were brothers amongst a remarkable number of families with two boys in attendance at that time. Whilst at school he played football, won several prizes at athletics, and was prominent in gymnasium contests.

On leaving school he entered the family business of Ellis & Clark, and is now managing director of Ellis & Clark Holdings Ltd. Mr. Clark has a married daughter, Jennifer, who lives in England, and a son Tony, who left school three years ago. In his younger days he was a prominent "A" grade lacrosse player for many years.

The new President served eight years on the

general committee, and was then a Vice-President for two years. He has always taken a keen interest in the school and was responsible for the lighting and electrical requirements at the War Memorial Fete. He has also been a keen supporter of the various old scholars sporting clubs and has served on several of their committees.

Our President has also served on a number of other committees including "The Electrical Apprentices Advisory Committee", "The Metal Industries Association of S.A.", the executive committee of the S.A. Chamber of Manufacturers, and he is a member of the Electrical Manufacturers' Association. He was recently appointed by the Chamber of Manufactures as their representative on the Council of the School of Arts and Crafts.

Obituary

BAYNES—On 5th April, 1958, (result of accident) William Claude Baynes, beloved husband of Muriel Baynes of Strathspey Avenue, Hazelwood Park. Aged 47 years. He attended the School in 1927. School Reg. No. 6408 and was a Member of this Association.

COCKRUM—On 16th November at Millicent, William George Hiles Cockrum, beloved husband of the late Josette Cockrum. Aged 79 years. He attended the School 1891-1895. School Reg. No. 2381 and was a Life Member, No. 224, of this Association.

COLLINS—On 23 December, Horace Clement Collins, beloved husband of Ursula Collins of "Wyndara", Terowie. Aged 74 years. He attended the School in 1910. School Reg. No. 4416 and was a Life Member, No. 327, of this Association.

CROMPTON—On 9th January at a Private Hospital, Robert Crompton. Aged 80 years. He attended the School 1890-1895. School Reg. No. 2179 and was a Life Member, No. 115, of this Association.

DAVENPORT—On 18th October, 1956, W. C. J. Davenport. Aged 66 years. He attended the School in 1904. School Reg. No. 3807 and was a Member of this Association.

FRANCIS—On —, Frank Robert Francis. Aged 54 years. He attended the School 1917-1918. School Reg. No. 5191.

HARDEY—On —, 1956, Hubert R. L. Hardey. Aged 74 years. He attended the School 1895-1899. School Reg. No. 2767 and was a Life Member, No. 1139, of this Association.

HARRIS—On 2nd November, Richard Henry Harris. Aged 86 years. He attended the School 1885-1887. School Reg. No. 1520 and was a Member of this Association.

HUNTER—On 11th January, 1958, at his residence, 8 Francis Street, Cowandilla, Leslie Gordon Hunter. Aged 78 years. He attended the School 1893-1895. School Reg. No. 2594 and was a Member of this Association.

I'ANSON—On —, Arthur K. I'Anson. Aged 70 years. He attended the School 1908-1909. School Reg. No. 4177.

LANE—On —, Stanley M. Lane. Aged 76 years. He attended the School 1897-1898. School Reg. No. 2960.

MALE—On 14th February, Euston John Male, beloved husband of Mollie Male. Claremont Avenue, Netherby. Aged 53 years. He attended the School 1921. School Reg. No. 5704 and was a Life Member, No. 2054, of this Association.

PELLEW—On 3rd November, Leonard James Pellew, beloved husband of Hirell A. Pellew of 11 Davenport Terrace, Wayville. Aged 76 years. He attended the School in 1894. School Reg. No. 2683.

RENK—On 6th December, at his residence, Herman Renk, beloved husband of Emily Renk of 11 College Road, Somerton Park. Aged 81 years. He attended the School 1889-1890. School Reg. No. 2136 and was a Life Member, No. 123, of this Association.

SIMS—On 7th December (result of accident) Robert Edgar Sims, beloved second son of Margaret and Edgar Sims of 1 Baulderstone Road, Myrtle Bank. Aged 17 years. He attended the School 1949-1956. School Reg. No. 9329 and was a Member of this Association.

VICTORSEN—On 1st November, at a Private Hospital, Julius Victorson, late of Clare. Aged 82 years. He attended the School 1889-1891. School Reg. No. 2023 and was a Member of this Association.

WICKES—On 5th April, 1958 (result of accident) Lewis Stephen Wickes, beloved husband of Coralie Wickes of Woodcroft Avenue, St. Georges. Aged 37 years. He attended the School 1934-1936. School Reg. No. 7173 and was a Life Member, No. 1267, of this Association.

WILLSMORE—On 12th March, 1958, at a Private Hospital, Frank Albert Willsmore, beloved husband of Ruby Willsmore of 708 Port Road, Beverley. Aged 70 years. He attended the School in 1902. School Reg. No. 3524.

New and retiring Committeemen

Mr. Len Shuttleworth gave notice of his retirement at the last Annual General Meeting, thus bringing to a close a remarkable record of forty-six years' service (forty years as secretary). This is a record without parallel in the history of the Association and unlikely to be challenged for many, many years. On his retirement as secretary in 1951 a very fine tribute, written by a former president of the Association, appeared in the February 1952 issue of the Chronicle, and little more need to be added except to say that he has worked just as hard since then for this association. We hope to have his advice and to see him at our functions for many years to come. All Old Boys will be pleased to learn that your committee has decided to make him a special presentation at the Annual Dinner in July.

Mr. Brian Fricker, recently elected to the committee, attended the school from 1941-46. He is one of a family of four brothers who are all old scholars—the others being David, Graham, and Malcolm. At school he played cricket and football, and represented the school at rowing for several years. He was also a sergeant in the Cadet Corps. He has always been a keen supporter of this association and its various activities. He has been a tower of strength to the football club as player, captain, secretary, committeeman and still is treasurer. He was awarded the club's gold medal for ten years' service as a player, and was recently presented with his player's life membership certificate by the S.A. Amateur Football League. He is also a member of Prince Alfred Collegians' Lodge. In private life he is a director and the secretary of Fricker Bros. Ltd.

"Chronicle" Editor

It is with very much pleasure that the committee is able to announce that Mr. W. L. Davies, M.C., B.A., has agreed to act as editor of the Old Boy's section. The committee is most grateful to Mr. Davies for so willingly and cheerfully undertaking this work, and indeed consider themselves most fortunate in having his knowledge and services available to them. As all our old boys would know, Mr.

Davies is himself an old scholar, who was for many years one of the senior masters at the school—one of his sons, Don, is a member of the Association Committee. Mr. Davies has had a distinguished record in both World Wars, and has always been a most keen and enthusiastic member of this Association.

P. E. CLARK
President

Committee Visits School

The Headmaster (Mr. J. A. Dunning) extended an invitation to the committee to attend morning assembly on Wednesday, 13th November last year. As always, this event is a great privilege to members of the committee, and of great assistance to the association because it enables the President to address the boys and particularly those leaving school at the end of the year. We would again express our thanks to the Headmaster.

After morning service the Headmaster welcomed Mr. Colin Hassell (President) and committee members. He referred to the help which the association had been able to give to the school over the years and to its many activities on behalf of Old Scholars. After con-

gratulating Mr. Hassell on being elected to the office of President he asked him to address the school. Mr. Hassell first introduced members present and then in an excellent address spoke of the activities of the association, its close liaison with the school, and the great privilege it was to be a member of the Association. He urged all the boys leaving school to join the Association, take an interest in its doings, and support it and the school. He wished the boys success in their examinations and the first XI good luck in the Intercollegiate Cricket Match.

The Headmaster thanked Mr. Hassell for his address and the committee members for attending.

Successes of Old Boys

The following degrees and diplomas have been conferred at the University since our last record. We offer hearty congratulations.

LL.B.—B. I. Collison, G. B. Gibbs.
 B.A.—M. G. Bennett.
 B.Ag.Sc.—I. S. Rogers.
 M.E.—L. W. A. Glasson, B.E.
 B.E.—J. A. Stevens, D. R. Pullin.
 M.B., B.S.—A. E. Gale, W. H. Hobbs, W. E. Mann, J. C. May, S. L. Skinner, M.L. Wellby, M.Sc.
 B.D.S.—P. R. Applebee, I. R. Dingle.
 B.Med.Sc.—I. R. McK. Parsons.
 B.Ec.—D. E. Cameron, J. N. Lithgow, T. M. Siegele, D. H. G. Taylor.
 B.Sc.—D. R. Fielder.

B.Tech.—T. J. Sweeny.
 Ph.D.—M. T. Elford, B.Sc.
 Dip. Pharmacy—J. M. Pledge, R. W. Waters.

SCHOLARSHIPS AND PRIZES FOR 1957

The Gerard Prize for Electrical Engineering—
 F. J. W. Symons.
 The William Gardner Scholarship for Surgery—
 Proxime accessit. W. E. Mann.
 The Thomas Hannon Prize (Dentistry)—B. G. Burfield.
 The Australian Society of Accountants Prize
 for Management Accounting—D. A. T. Luke.
 The Institute of Chartered Accountants in
 Australia Prize in Financial Accounting—
 J. N. Rogers.

Old Boys Week — 1958 Programme

MONDAY, 21st JULY—Bridge, Chess and Squash.
 TUESDAY, 22nd JULY—Lacrosse, Hockey, Baseball,
 Table Tennis in the evening.
 WEDNESDAY, 23rd JULY—Football and Rugby.
 Badminton in the evening.
 Old Collegians' Royal Arch Chapter.
 THURSDAY, 24th JULY—Morning Assembly.
 Football (Town v. Country).
 Re-union Dinner.
 FRIDAY, 25th JULY—Annual Ball.
 Basketball.
 SATURDAY, 26th JULY—Intercollegiate Football Match at Adelaide Oval.
 Masonic Temple: Prince Alfred Collegians' Lodge.
 SUNDAY, 27th JULY—11 a.m. Old Scholars' Service.
 GOLF—To be held on a date and place to be advised.

N.B.—Members will be given full details regarding time and place of each function by circular in due course.

The 79th Annual Meeting

The seventy-ninth Annual General Meeting was held at the school on Thursday, 21st November, 1957, when fifty-five members attended.

Mr. P. E. Clark was unanimously elected President for the ensuing year. Messrs. N. S. Angel, C. L. McKay and F. C. Hassell (the retiring President) were elected Vice-Presidents. Mr. E. F. Hunwick was re-elected Hon. Treasurer and Messrs. Harold Shuttleworth and Ross Johnston joint Hon. Secretaries. Messrs. Geoffrey T. Clarke, M.P., and C. W.

L. Muecke were elected Hon. Auditors.

The following were re-elected to the committee: Dr. A. J. Clarkson, Dr. M. W. Evans, Messrs. A. G. Alexander, H. F. Gaetjens, L. P. A. Lawrence, M. G. R. Perry, Norman Todd and one new member, Brian Fricker, was elected.

After the business of the meeting had concluded supper was served and Mr. N. A. Walsh who had recently returned from abroad spoke of his overseas visit which he illustrated with colour slides. He was heartily thanked.

New Members

The enrolment of new members still continues very satisfactorily, but your Committee wants every eligible Old Boy to join now and give the Association added strength.

If you know of an Old Boy who is not a member, send his name and address to the Secretaries; or, better still, bring him along personally to join up.

COUNTRY RE-UNION

The "Mid-North" dinner will be held at the Appila Hall, Appila, on Saturday, 10th May. Mr. W. J. Heaslip will be the chairman; the secretary is Mr. A. E. Catford, and a large attendance is expected. The Headmaster (Mr. J. A. Dunning) representing the school, the President of the Association (Mr. P. E. Clark) and several members of the committee will attend. Those who are intending to be present are asked to let Mr. Catford know as early as possible.

THE HISTORY OF THE COLLEGE

Old scholars are reminded that copies of Mr. Ward's most interesting and valuable book of the first eighty years, 1867-1948, of Prince Alfred College are still available. No Old Scholar can afford to be without a copy of this valuable record. Copies are available bound in red cloth at £1/1/-, plus 6d. postage. Order forms are available from the Association Secretaries, 77 Grenfell Street, Adelaide, to whom remittances may be sent.

Eyre Peninsula Dinner

This always very pleasant function was held at the Pier Hotel, Port Lincoln, on Saturday, 12th October. The Adelaide party who flew over on the Saturday morning included the Headmaster (Mr. J. A. Dunning), the President of the Association (Mr. Colin Hassell) and Messrs Walsh, Angel, Lawrence, Todd, and Dr. Clarkson. In the afternoon Lloyd Clarkson drove the party to various places of interest. We are also indebted to David Dickson for the use of a car on both Saturday and Sunday, for which we say "many thanks". In the late afternoon Mr. and Mrs. Glen Walkom entertained the party at afternoon tea and again we thank them for their wonderful hospitality.

In the evening, with Senator Rex Pearson in the chair, the dinner was a great success, and the attendance excellent. The chairman welcomed all present, tendered some apologies, and introduced the guests from Adelaide. Then followed the Loyal Toast, and the singing of the National Anthem. Members, having been given slips of paper with a number on each, were warned that three of them would later be called on to recount some humorous incident at school. Whether this was the cause of the trouble or not the writer is unable to say, but shortly afterwards the chairman was 'voted out of the chair'! How he staged a come-back is also a mystery. The toast of 'the school' was proposed by Mr. Arthur Cooper, who said that his father was one of the very early scholars at P.A.C. He said the school gave us all something which remained with us for the rest of our lives. "Our School Colours" followed with Trevor Pearson at the piano. The Headmaster in responding said the school roll was now over 800 for the first time, the examination results the previous year had been extraordinarily good, the athletics results equally so, and the football team probably one of the best ever. (They had defeated Melbourne Grammar, premiers of the G.P.S. Victoria). After referring to many of the Masters, he

gave some details of the proposed extensions to the back oval, which would mean an appeal in the new year. Mr. Dunning also referred to the wonderful offer made by Mr. F. J. Thomson in cleaning and levelling the back oval free of cost.

After some singing Mr. David Dickson proposed "The Old Collegians Association". He said the traditions of the school continued through the Association and we should all maintain our interests and do our best to support its aims and activities. Mr. Hassell in responding thanked the local committee for arranging the function and said it was always a great joy to come over to Port Lincoln. He supported the Headmaster in his remarks about the back oval and said, "When completed, it will be a milestone in the history of the college". He then referred to various activities of the Association and the successes of the sporting clubs. Old Scholars ties were presented by the President to Peter Dunn (furthest distance, excluding Reg Veitch from Whyalla who had won it before), Arthur Cooper oldest old boy who left in 1910, and John Richardson, youngest old boy who left in 1956.

An excellent innovation at this dinner was question time: "From anyone, to anyone, about anything", and members made good use of the time. The chairman then called three numbers and it fell to Ray Veitch, Ian Pearson, and Dr. Alan Clarkson to recount a humorous incident of their sojourn at school. All did very well, especially Dr. Clarkson who regaled us with about ten incidents!

Several visitors from Adelaide spoke and a highly enjoyable evening concluded with "Auld Lang Syne". On Sunday and Monday the visitors were entertained at "The Clarkson Shack" at Coffins Bay, and we would record our thanks to Mr. and Mrs. Lloyd Clarkson, Mr. and Mrs. Glen Walkom, and Mr. Hubert Mellor, who year after year do so much to make this dinner such a success.

LIFE MEMBERSHIP CERTIFICATES

Life Members Certificates are available upon payment of 2/6 to cover cost of printing and postage.

LIFE MEMBERSHIP

Subscription for life membership is £15/15/-.

ASSOCIATION BLAZERS

Blazers are now obtainable by members of this Association, but a certificate of membership must be obtained from the Association Secretaries.

TOKENS AND TIES

Supplies are now available for Association members.

Tokens are available at £1, and new Association Ties are 12/6 for woollen and 5/- for silk.

ANNUAL SUBSCRIPTIONS

Subscriptions for the year ending 30th September, 1958, are now due, and members are requested to remit promptly to facilitate the work of the Association.

The work of the Association has increased considerably, and your co-operation by prompt payment of subscriptions (£1/-/-) is requested.

South-Eastern Dinner

A very successful and well-attended dinner was held at the Kalangadoo Hotel on Saturday, 22nd March, and Mr. Fred Basheer made a splendid chairman. The party from Adelaide included the Headmaster (Mr. J. A. Dunning), the President of the Association (Mr. Phil Clark), two Vice-Presidents (Norman Angel and Colin McKay), and four committee members (Norman Todd, Jack Gerard, John Gilbert, and Arch Alexander). The chairman submitted the Loyal Toast which was followed by the singing of the National Anthem. He then welcomed all present, particularly the Headmaster and the Presidents of the Association. Members then stood and gave their names and the year they had left school. Dr. Jim Nicholls of Mt. Gambier did excellently in proposing the toast of the Old School. He said the school had given to us many of the positive things in life, and that men from P.A.C. had made their mark all over the world. In referring to the great traditions of our 'Alma Mater' he made reference to the great Headmasters, and said we looked back with pride on our school days. The toast was followed by the singing of 'Our School Colours'. The Headmaster received a standing oration when he rose to respond. He said he was glad to be there, thanked Mr. Basheer and his committee for their hospitality, and thanked Dr. Nicholls for proposing the toast. Details relating to masters at the school, examination results, and sporting activities followed. The Headmaster then gave a comprehensive report on the proposed alterations to the Back Oval and the success of the pre-launching appeal. He concluded by saying "We hope to set a high standard at P.A.C. and to prove ourselves by our deeds." The toast to "The Association" was given by Bill Cane of

Naracoorte, who said all old scholars were very proud of their association and what it had been able to do for the school. He hoped it would go from strength to strength. Mr. Clark in responding gave details of recent activities and then supported the remarks of the Headmaster regarding the Back Oval, which he said would also assist the old scholars' teams. He thanked Fred Basheer, Colin Dunning, and other old scholars who had helped to organize the function. He then presented Old Scholars neckties to Bill Clifford of Penola the oldest old boy present (apart from Perc Bayly who had received this presentation on a previous occasion.), to Cyril Cook from Keith who had travelled the furthest distance (130 odd miles), and to the youngest old scholar, Tom Perkins, who had left school last year.

The toast of "The Visitors" was in the hands of Dr. John Dunn who, in a very witty speech scored off most of the visitors. The official response was in the hands of Norman Angel who said it was always a very great pleasure to come to these country re-unions. He was supported by other members from Adelaide. During the evening Jack Gerard led the community singing which was a great success. The dinner concluded with the singing of "Auld Lang Syne" and three hearty cheers.

The dinner next year will be held at Keith on Saturday, 21st March, and arrangements are in the hands of Mr. Cyril Cook. The Adelaide party desires to express its thanks to Mr. and Mrs. Cyril Cook, Mr. and Mrs. Andrew Keeves, and Mr. Glen Jacob, for their hospitality on the Sunday.

Social Evening

The annual get-together for new Old Boys was held at the school on Friday evening 21st February, with an attendance of about 100 members. The Headmaster, Mr. J. A. Dunning, was present, and the President, Mr. Phil Clark, was in the chair. After those present had been welcomed, two films were shown—one dealing with the Australian Surf Life Saving Association, and the other a slapstick comedy. The president then asked Mr. Ted Norman to address the meeting on behalf of all O.S. sporting clubs, and the committee wishes to express its appreciation of the excellent manner in which Mr. Norman did the

job. Several representatives of the clubs concerned wearing distinguishing lapel badges were then able to have a chat with any of the boys interested. Supper provided a pleasant interlude for renewing old friendships, and judging by the way in which the boys stayed on and the number of country members present your committee feels that young old boys enjoy this evening. The President thanked the sub-committee, consisting of Michael Perry (convener), Alan Crompton, and Brian Fricker, for arranging the evening, and the Headmaster for the use of the Assembly Hall and the film equipment.

Prince Alfred Collegians' Lodge

FIFTIETH YEAR JUBILEE

On Friday, 6th December, at the Masonic Hall, North Terrace, the Jubilee Meeting of P.A.C. Lodge was fittingly honoured in the Way room by some 250 brethren. The W.M. (W. Bro. J. B. Lathlean) had the pleasure of welcoming M.W. the Grand Master (His Excellency Sir Robert George), the M.W. Pro Grand Master (Sir Geoffrey Reed), the R.W. Deputy Grand Master (Hon. Mr. Justice Ross), the Senior and Junior Grand Wardens (R.W. Bros. Rev. W. R. Ray and W. D. Sinclair), and an imposing retinue of Grand Officers.

Prior to the entry of G.L. the W.M. had welcomed the W.M.s and brethren of the Lodge of Harmony, St. Peters Collegiate and Pulteney Grammar Lodges and sixteen other reigning masters together with a fine array of visiting Wardens, P.M.s and Brethren.

Bro. Phil Yeatman presided at the grand organ and the new banner specially made for the occasion was borne aloft by Bro. Gordon Harris.

After the Chaplain had offered a prayer of thanksgiving and the choir had sung an anthem there followed the reading of the Warrant of the Lodge. Then R.W. Bro. C. C. Crump (Pres. of B.G.P.) delivered an historical address in which he first reviewed the preliminaries leading to the foundation of the Lodge. It was very fitting, he said, that the present Master was the son of one who had been initiated on the Lodge's first working night and who later became its seventh Master (W. Bro. Wesley Lathlean.) The lecturer then gave brief sketches of the Foundation Master (W. H. Porter), the Foundation Wardens (J. R. Robertson and W. R. Bayly) and the Foundation Deacons (W. J. Angus and A. A. L. Rowley).

The M. W. Grand Master then addressed the Brethren and expressed his great pleasure at being present. He felt that P.A.C. Lodge had achieved a character of its own. "It has produced," he said, "many distinguished brethren whom we this night remember with pride. The Grand Officers and I congratulate the Lodge and pray that it will continue to prosper. To mark this occasion I have great pleasure in conferring the rank of Past Grand Deacon on W. Bro. R. P. Goode (Secretary) for his many years of service to this Lodge and to Freemasonry."

At the Festive Board which was tastefully decorated with red and white flowers, the traditional toasts were honoured. After submitting "the Queen and the Craft," the W.M. in happy vein proposed the toast of "the M.W. Grand Master, the M.W. Pro-G.M., the R.W. Deputy G.M. and Grand Officers" and before

resuming his seat asked the Grand Master to accept a specially bound copy of the History of P.A. Collegians Lodge. The M.W. Grand Master, whose rising was greeted with applause, promised to convey the loyal greetings of the Lodge without delay. He felt it a privilege to attend the jubilee festivities and commended the ladies for their labours in beautifying the supper tables with such a wealth of flowers.

The toast of P.A.C. Lodge was proposed by Mr. Justice Ross, D.G.M., a distinguished son of the rival school. He pointed out that P.A.C. Lodge was the first "specialized" lodge in South Australia. He remembered being present at the twenty-fifth birthday celebrations and heard R.W. Bro. W. R. Bayly deliver the address on that occasion. In response, R.W. Bro. H. H. Cowell said that only two foundation members remained—Wpl. Bro. W. H. Campbell and Bro. A. G. Collison. Referring to his school days he claimed to have sat in the same form as J. F. Ward (later Headmaster of P.A.C.), Ward being dux of the form while Cowell sat at the bottom.

R.W. Bro. G. M. Potts, P.G.W., then proposed the toast of the Visitors in his usual captivating manner and responses came from R.W. Bro. Rev. W. R. Ray (S.G.W. and Headmaster of Pulteney Grammar School) and W. Bro. J. W. Hill (Lodge of Harmony).

Songs were contributed by W. Bro. Reg. Bellenger and Bro. Ian Cochius. The Tyler's toast concluded this happy and historic meeting.

PRINCE ALFRED COLLEGIANS' LODGE OFFICERS

W.M.: Wpl. Bro. J. B. Lathlean.
I.P.M.: Wpl. Bro. C. Dunn.
S.W.: Bro. B. E. Thompson.
J.W.: Bro. W. M. Potts.
Chaplain: Bro. Rev. R. K. Waters.
Treasurer: Wpl. Bro. G. K. Ryder.
Secretary: Wpl. Bro. R. P. Goode.
D.C.: Wpl. Bro. W. F. Patterson.
S.D.: Bro. A. J. Charles.
J.D.: Bro. D. N. Webb.
I.G.: Bro. H. F. Gaetjens.

Meetings are held on the first Friday in each month at the Freemasons' Hall, North Terrace, Adelaide.

Sports

PERSONAL

Staff Cadet Malcolm McLachlan now at Duntroon College, won the 120 yards hurdles in 15.5 secs. This is a record for the college and the A.C.T. He also won the high jump.

Doug Young from Wilkawatt again won the Country Tennis Singles Championship and was also captain of the country team which played against a Victorian Country team. He was also in the final of the mixed doubles Country Championship.

Murray Wellington, playing for the Old Scholars' team had at one stage 1 for 16, he finished the innings with 5 for 16.

Geoff Wilton, a son of the late Dr. Alec Wilton, coached the Paringa Park cricket team to its first premiership.

Bill Leak, who coaches the school XI, was one of those selected to help with the S.A.C.A. schoolboys' practice squad.

Charles Day, well-known secretary-manager of the S.A. Timber Merchants' Association, is still an active racing pigeon enthusiast.

A. F. Hobbs has been prominent with the Reedbeds team in S.A. Rifle Association matches.

Harry Bennett was captain and top scorer of the combined country team which played against a S.A.C.A. team.

Graham Fuller and Lou Curtis were other Old Scholars prominent in the Country Cricket Carnival.

Mr. John Piper is the president of the Marryatville Bowling Club. His brother, Mr. Acting Justice Piper, performed the opening ceremony for the season just concluding.

Jim Heaslip, M.P. for Rocky River, was prominent in the Country Bowls Carnival.

Amongst other Old Scholars were A.T. Ash, R. Paterson, R. M. Cane, M. Saint, R. M. Tiddy, Greenslades (2), N. Royal, and K. Burford.

The late Clem Hill and partner still hold the 9th wicket record in a Sheffield Shield match (232) against N.S.W. in 1900. Fifty-six years ago, a mere six runs would have given him three successive Test centuries against Archie MacLaren's M.C.C. team.

Cliff Starling is the president of the University Rifle Club.

Clem Blanche has been re-elected treasurer of the S.A. Amateur Water Polo Association.

Old Scholars are prominent on the committee of the Appila Athletic Club. Such names as Clarke, Francis and Heaslip come to mind.

Keith McCoy has been prominent in yachting events during the past season.

Ron Hone is chairman of the S.A.L.T.A. coaching committee.

Ian McKay has been re-elected to the management committee of the North Adelaide Football Club.

Old Scholars have been prominent in district cricket. Amongst those noticed were John Lill (capt.), Bob Waters, Jeff Rogers, Murray Ducker, Tony Corbett, Bob Gibbs (all University), Brian Pittman (Kensington), John Ducker and Tom Watt (Prospect), Ian Day (West Torrens), Colin Grant and Colin Parham (Port Adelaide), Ray Lyon (East Torrens), Peter Willoughby (Adelaide), Brian Hurn (Colts), Colin Webb (vice-capt.), and Bob Sharland (Sturt). Special congratulations to John Ducker and Hurn for selection to the State team.

The new scoreboard at Alberton Oval has been named the Norman L. Williams Memorial Scoreboard. The late Norman Williams took 965 wickets for Port Adelaide including eighty in one season, and 116 wickets for S.A.

Bill Shephard was a member of the S.A. Amateur Golf team when they played Victoria in Melbourne.

Chester Bennett and Don Davies were selected in the Combined Turf team which played senior colts early in the year.

Stewart Matters was one of the trophy winners of the Kilkenny R.S.L. Bowls Tournament.

S. Humble, a member of the Adelaide Rowing Club, has been selected in the S.A. King's Cup crew.

Fred Basheer is president of the Mid South-Eastern Football League. He is also president of the Kalangadoo Institute.

Henry Short has been prominent in racing car events over the past two months.

Bob Slatter is a member of the committee of the Grange Golf Club and one of the match committee selectors.

Bill Johnson won the Burr Medal of the S.A.L.T.A. (This award is the tennis equivalent of football's Magarey Medal.) He also reached the final of the S.A. Close Tennis Championship.

Other Old Scholars who have been prominent in district tennis include David Rowe and Ross Lock.

Ian Markey has been elected to the executive committee of the S.A. Amateur Football League.

Colin Runge has been appointed to the appeals committee of the S.A. Rugby Union.

Ern Dawkins and Norm Royal played for S.A. in the recent interstate bowls match against Victoria. Another Old Scholar in Fred Jackett was playing for Victoria.

Sir Lyall McEwin led the S.A. Rifle team in its recent match against a British team at Dean Range.

Colin Hockney who coached Willunga Football Club last season and who top-scored for the Southern District Cricket Association against Port Adelaide showed his versatility by winning the Amateur Sports Club Tennis doubles championship. His brother Bruce coached Renmark Football Club which played

off in the grand final last year.

John Wohlers, formerly a prominent tennis player at the school, won the singles and mixed doubles championship at the annual tournaments held in Windsor, Ontario, Canada.

J. Trescowthick took part in the Advertiser Vintage Car Rally (1910 Daimler).

Don Roach has been playing regularly with the Norwood Redsox team in the night baseball series.

David Timperon of Ardrossan has recorded some good fishing catches.

Paul Dalwood and partner won the P.G.A. four-ball event at Kooyonga.

Other Old Scholars who have been golfing during the summer include Ken Babidge, Keith Johnson, and Dr. John Waddy.

Walter Angel, veteran member of the Kensington Gardens Bowling Club, has produced a book on bowls entitled "Bowls to Suit Everyone". Containing a foreword by Mr. J. S. Butler, president of the S.A. Bowling Association, it is an attractive publication, printed by the Griffin Press of Adelaide. Far from being a theorist about the game, Walter, a ripe octogenarian, has displayed his skill this season by reaching the semi-finals in his club championships and was then beaten by only a narrow margin. He has retired from pennant games but renders valuable assistance by coaching the women members of his club.

The Packer family has been for years well represented in the Payneham Bowling Club. Eddie and Frank play regularly in Division I pennants and Fred in Division II. Another brother Matt plays for St. Peters.

Other bowlers playing regularly in the top pennant divisions are:

Toorak: M. Evans, A. Wright, Dr. West; Glenelg: H. Martin, B. Martin, McWaters, Dr. Guymer; Parkside: L. Walsh, J. Tiddy; Gawler: P. Dawkins, E. Dawkins; Kensington Gardens: H. Mutton, Dr. Kendrew, L. Davies, K. Angel; Glenunga: S. Chinner, V. Nimmo; Marryatville: P. Kitto, J. Piper, Dillon; Grange: R. Fewings, L. Northey; South Park: Cohen; Burnside: L. E. Rowe; Unley Park: L. Clark-son; Hawthorn: N. Walsh; Henley: R. Johns; Walkerville: K. Taylor; Salisbury: Rundle; Adelaide Oval: M. McKay.

Any old boy who has not previously played in this match and who would like to do so is asked to forward his name to the secretaries. The committee desires it to be known that ladies are very welcome at this function.

FOOTBALL

The annual general meeting was held on Tuesday evening the 11th March, with President Phil Clark in the chair. Ian Markey presented the report for the previous season, and Brian Fricker the financial statement. The meeting then proceeded to elect the officials for the coming season and appoint members to the various committees. Ian Markey was thanked for his long term of service to the club as player and official, and Alan Statton

was elected as the new secretary. Ted Norman was elected coach. Brian Fricker and Leighton Williams were presented with Amateur League players' life membership certificates. A successful well-attended meeting was followed by a very enjoyable supper.

This season the club will field two teams as usual in the Amateur League—one in Grade A2 and the other in Grade A5. Practice has already commenced at the school and any new players would be most welcome. Last year, both socially and in results, was one of the most successful for some time, and with proper support from old boys this season we can be even more successful.

The club wishes to express its appreciation to the Headmaster for his continued interest and for the great help he gives to the club in the matter of grounds. The secretary Mr. Alan Statton can be contacted at W 6644 or FU 1587 (private).

CRICKET CLUB

The team has had a reasonably successful season in grade A1 of the Adelaide Turf Association, finishing seventh out of ten teams (with very few points separating fourth, fifth, sixth and seventh placings), and is proud to be able to say that in this Silver Jubilee year of the Association. P.A.O.C. is now one of the four original teams.

The captain, Chester Bennett, once again was successful in winning the trophy for the batting average, whilst Peter Dalwood won the aggregate with the fine total of 630 runs for the season. Murray Wellington, another club stalwart won the aggregate and average for the bowling, closely followed by Don Davies. Two of the enthusiastic younger players in Malcolm Doley and Colin Forrest also received trophies.

The committee feels that the club had one of its best seasons for some years, socially as well as on the field. During the season gatherings were held at the homes of Messrs A. L. Dalwood, A. G. Alexander, Chester Bennett, and at Peter Dalwood's beach shack. A picture evening held at the school raised approximately £30 for the back oval appeal.

A successful end of season dinner was held at the Majestic Hotel on Friday evening, 28th March, with about thirty players and supporters present. Mr. Colin Hassell, president of the club, was in the chair, and amongst other notables who attended were Mr. Ray Smith (second master at the school representing the Headmaster), Mr. Phil Clark (President of the Old Scholars Association), and Mr. Don Bartlett (an old scholar and Chairman of the Turf Association). Michael Perry proposed the Toast of the School and the Association, and Chester Bennett the toast of the Adelaide Turf Association. Trophies were presented to the winners and in this regard the club wishes to express its thanks to Messrs Colin Hassell, Laurie Lawrence, Norman Todd, Michael Bridgland, and Lenroc Ltd.

The following are the main batting and bowling averages:—

BATTING

	Inn.	N.O.	H.S.	R.	Aver.
F. C. Bennett	13	2	122	543	49.4
P. A. Dalwood	15	2	96	630	48.4
M. M. Wellington	15	5	48	275	25.7
A. E. Norman	18	1	69	349	20.5

BOWLING

	O.	M.	W.	R.	Aver.
M.M. Wellington	109.4	16	33	463	14
D. L. Davies	112.7	5	31	568	18.3

As it is possible that a second team may be entered in the Association next season, the secretary, Mr. Alan Statton, would be pleased to hear of any interested old scholars during the winter months (phone FU 1587 private, W 6644 business).

Finally the club would once again express its appreciation to the Headmaster (Mr. J. A. Dunning) and the school authorities for the very excellent help and co-operation it has had throughout the season.

AUSTRALIAN OLD COLLEGIANS' CRICKET TEAM

Your association has been asked to publish the following information:

A world cricket tour involving travel by air, will be undertaken from 1st May to 1st September, 1959. Matches are to be played at Singapore, Colombo, Bombay, Karachi, Dusseldorf, Berlin, Paris, England, Scotland, Ireland, U.S.A. and Canada.

Any interested old scholars can obtain further particulars from Mr. K. W. Nicolson, c/o Geelong College, Victoria, Mr. G. H. Wallace Smith, c/o Brooklyn Pastoral Company, Wagga Wagga, N.S.W., or from the joint secretaries.

TENNIS MATCH v. SAINTS

This year the match was played at the Sturt Club courts, which were in wonderful condition, and on a beautiful afternoon—Wednesday, 2nd April. Princes were represented by Gordon Schwartz (captain), Gavin Battye, Alan Morris (13th appearance), Dr. Howard Welch and David Williamson, David Rowe, Colin Hockney and Gerald Cox. Saints, however, with a very even experienced side proved too good on the day. After the first round they led three rubbers to one. Princes started off with a great burst in the second round when Battye and Welch won their match 6-2, 6-0, but thereafter Saints won the remaining matches, and thus secured a well deserved victory, the final scores being S.P.O.C. 6 rubbers, 12 sets, 85 games: P.A.C., 2 rubbers, 5 sets, 63 games.

The match was followed by a dinner in the evening at the Botanic Hotel. This was an auspicious occasion, as our President (Mr. Phil Clark) who was in the chair, had the very great pleasure of welcoming both Headmasters (Mr. C. E. S. Gordon and Mr. J. A. Dunning) to the dinner. Also present were Mr. Acting

Justice Piper, a past president of this association and president of the S.A.L.T.A., Mr. Lance Pellew (President S.P.O.C.), Mr. Bob Barwell (Chairman S.P.O.C.), Mr. Ern Hunwick (treasurer P.A.O.C. and S.A.L.T.A.), Mr. Ern Rowe the donor of the cup, and other members of the respective committees. After the President had proposed "The Loyal Toast", he welcomed all those present. Mr. Acting Justice Piper and the two Headmasters responded. Mr. Clark then presented the cup (for twelve months only!) to Mr. Pellew, who said he had been very pleased to attend the match and the dinner, and hoped the latter would become a real tradition. He then handed the cup over to Michael Astley (captain S.P.O.C.) who said they would make every endeavour to hold it. Gordon Schwartz in congratulating Saints, said somebody had to take the blame and Saints were too good on the day. The President thanked the conveners, John Carne and Michael Astley (S.P.O.C.) and David Rowe (P.A.O.C.). Mr. Ern Rowe gave some interesting details of past matches and finally the President expressed his pleasure at seeing such a good attendance and hoped all had enjoyed themselves.

BOWLS MATCH v. SAINTS

This long standing fixture was played at South Park on Wednesday evening, 26th February, when the conditions were nigh perfect. As usual the competition was keen, with Princes eventually winning, 214 to 189. The two committee rinks, which are not included in the official scores, resulted in one win for Princes and one tie. It is very pleasing to see some of our good regular players maintaining their form so well year after year.

Supper was served on the verandah, when Mr. Lance Pellew (President of S.P.O.C.) handed over the shield to Mr. Phil Clark (President of P.A.O.C.). Mr. Pellew congratulated Princes on their win, and thanked the South Park Club and staff for allowing us to have the game there. He said it was most pleasing to see the two Headmasters (Mr. C. E. S. Gordon and Mr. J. A. Dunning) present at this function. Mr. Clark in responding said he was pleased that Princes had notched another victory. He supported Mr. Pellew's sentiments and also thanked the sub-committees of the two associations for arranging the match. Three cheers were given by the respective teams.

The ladies had supper in the club house, and the committees would like it known that they are always welcome on these occasions.

CLOSE BOWLS MATCH

There was an excellent attendance of members at Toorak on Wednesday 12th March, to take part in this function. The greens, as always, were in excellent order, and the evening though a little cool, was still very pleasant.

The President (Mr. Phil Clark) who skippered a rink against Mr. Harold Pynor (President of Toorak Club) suggested that their particular scores need not be included in this report! The winning rink comprised Fergie Ballantyne, Cec. Davies, Alan Macklin, and Vern Branson, who defeated their opponents 29-5. The "spider" at the conclusion of play, was won by Dr. Mervyn Evans, with Don Brebner runner-up. Players then adjourned to the club house where a very fine supper had been prepared by Mrs. Phil Clark (Convener) and the ladies committee, to whom we extend our sincere thanks. The President introduced Mr. Pynor (an old Melbourne Wesley boy) and thanked him and the club for having us there. Mr. Pynor responded, and hoped we would come again. The President also thanked Mr. Colin McKay (convener) and the sub-committee for arranging the evening, and then presented association ties to the winning rink and the winners of the "spider".

ATHLETICS CLUB REPORT

The Athletics Club can look back on a very successful season. Its crowning successes were two-fold, viz., the achievement of winning all three shields in the State Championships, and the gaining of places in the State side by four of its members. Unfortunately, we lost our crown as top club in the regular interclub competition.

Interclub competition—minor round

The club had fairly successful results in the minor round, winning six out of the ten matches contested and finishing third, behind Saints and Westerns.

Bryan Dyke was, by far, the outstanding competitor, scoring 169 points for the season, mainly in jumping and throwing events. The others gaining most points were Austin Gibson, 95, competing in sprints and hurdles; Andrew Jeffrey, 70, distance running; Graham Taylor, 69, jumping and sprinting; Dene Perrott, 51, hurdling; Don Walsh, 50, hurdling and sprinting; Trevor Siegele, 48, sprinting.

An increase in club membership has been evident, since nineteen athletes competed in senior events, average attendance being ten each Saturday.

Club Records

At the annual general meeting it was decided that a set of club records would be compiled. By the end of November the original set of records had been got together and distributed.

Since then the record book has been almost rewritten, especially in some field games events. Another up-to-date list will be circulated at the end of the season.

State Championships

The State titles saw the club take off the trophies for the outstanding team in all three

sections, winning the Challenge Cup, Walsh Shield and Aitken Shield for senior, junior and sub-junior events respectively.

Bryan Dyke was once again our outstanding competitor winning two titles (hammer and hop, step and jump) and gaining second in discus and broad jump and third in the shot put.

Klynton Kitto in a great comeback ran second in both the 100 and 220, becoming residential title-holder in the former, and running the 220 in 22.0 seconds.

We once again scooped the pool in the hurdles with first two in the 120 yards (Gibson and Skinner), first in the 220 yards (Perrott), and second and third in the quarter miles hurdles (Perrott and Gibson).

Best junior was Barry Koch, who won the junior shot, came second in the senior shot and second in the junior discus. Taylor won the junior hop, step and jump, and came second in the senior event and third in the junior long jump. Page with two seconds (440 and 880) and Hannaford with a second (120 yards hurdles) and two thirds (shot and high jump) also figured prominently.

The honours in the sub-junior division were shared between Craig, Hopkins, Hurn and Tonkin, all winning a title each. Craig also took out two seconds.

Interclub Semi-final

The interclub semi-final saw a strong P.A.C. team go down narrowly to an even stronger Saints line-up.

Kitto, Koch, and newly recruited junior walker, Whitham, were the only Princes men to win events. Kitto's run in the 100, clocking 9.9 seconds was the best by a local athlete for several seasons. Koch's 43 feet 4 inches with the sixteen pound shot was also outstanding, ranking highest ever by an Australian of his age. He also took out thirds in both discus and javelin. Whitham survived the walking judges to win the two mile event.

Once again Bryan Dyke scored heavily for Princes taking seconds in the discus, long jump, and shot put. Hannaford scored heavily, with seconds in the high jump and javelin and third in the broad jump. Austin Gibson had two seconds (120 yards hurdles and the 100 yards).

Congratulations must go to Saints, and more particularly to Ian Bruce, on their grand win. Bruce with five firsts and a third, as well as a leg in their winning relay team scored thirty-three of his team's 114 points. Leon Gregory and John Bradman both won two events each in very good times.

State Team

The club was very proud of the fact that four of its members were selected in the State team for the Australian Championships in

Brisbane, namely Bryan Dyke, Dene Perrott, Barry Koch, and Klynton Kitto. Of these Koch was outstanding. His sixteen pound shot put of 45 feet 5½ inches gained him fourth place in Australia and ranks him as the best ever Australian junior in this event. It was also the best throw ever by a native born South Australian—senior or Junior. Congratulations to all four on their inclusion in the team.

This report would not be complete without expressing our sincere thanks to the Headmaster for his interest in the club and for allowing us the use of the school oval and facilities. Likewise to Mr. Gordon Connell for his unflagging interest and enthusiasm, and for the great help he has been to the members of the club.

RUGBY

"The best season yet" is the resolve of all our members this year. Such has been the increased activity within the club, and the collective keenness of the members, that the

hand of the committee has been forced, and this season we field three teams right from the start of the season.

Most of the old stalwarts are back again, but a tremendous influx of new players has given the club a real shot in the arm.

Can we help engender your interest in the game? Kaye Gibbs, our secretary, of 8 First Avenue, Helmsdale, will be pleased to hear from you and will be glad to mail you information of our activities.

Dr. Michael Hone is once again club coach and we hope he will take us to at least two premierships this season. Among former stars who have returned to us from overseas or inter-state are Paul Le Mercier, former Captain and State Vice-Captain, and Bruce Burrows, a Victorian State trialist. Among new players who are showing promise is Austin Gibson, while we still have the services of Hugh Williamson, Geoff Hone, Graham Slee, John Sheppard, Eddie Reeves and John Harvey, with Col Runge cheering from the touch-line.

EDUCATION FUND

This fund has been raised for the purpose of educating the children (boys and girls) of Old Boys who lost their lives on Active Service.

Messrs. C. J. Glover, N. S. Angel and L. B. Shuttleworth have been appointed trustees to administer this fund, under direction of the Association Committee.

Several children are now receiving the benefits of this fund and making satisfactory progress.

All enquiries should be addressed to the Association Secretaries, 77 Grenfell Street.

MONTHLY LUNCHEONS

The monthly luncheons are held at Balfour's Cafe, King William Street, on the third Tuesday in each month at 1 p.m., and satisfactory attendances have been maintained. Interstate and country members are especially invited to attend when visiting the city.

Interesting addresses have been given by following guest speakers:

Mr. S. B. Hart (Government Town Planner) "Town Planning"; Mr. E. Harvey "The Motion Picture Industry"; Dr. A. R. Callaghan "American and Australian Agriculture—A Contrast"; Mr. Mel McInnes "Experiences of a Test Cricket Umpire"; Mr. Hubert Gerard "Impressions of Japan".

Interstate Branches

QUEENSLAND

The Branch Secretary is Mr. P. D. Coles, Room 12, Fourth Floor, National Mutual Building, 293 Queen Street, Brisbane. Telephone B 8017.

Monthly luncheons are held on the last Thursday of each month at the Commercial Travellers' Association Club, Elizabeth Street, Brisbane.

NEW SOUTH WALES

The Branch Secretary is Mr. Ern Kesting, 24 Loorana Street, Roseville Chase, N.S.W., and we are very pleased to learn that after nearly eight months of sickness, he has now returned to his business activities. We wish him well.

The following old boys have now become associated with the Branch:—

P. G. Schwinkel, 130 Beecroft Road, Beecroft, N.S.W. M. P. Tiddy, c/o Stewart & Lloyds (Aust.) Pty. Ltd., Mayfield, Newcastle, N.S.W. R. H. Turner, 4 Kareela Road, Chatswood, N. S. W. B. W. Wiberly, c/o B.H.P. Co. Ltd., Newcastle, N.S.W. V. R. Gibson, c/o Kimberly-Clark of Aust. Pty., Ltd., Mars Road, Lane Cove, N.S.W.

Personal Items

P. A. Fuller. We regret that we have lost Peter Fuller to Saints. While he is rightly an Old Blue, we gathered him into our fold by virtue of the fact that he formerly taught at our Prep. School and he proved to be a very worthy Old Red who took a leading part in our activities.

Unfortunately, Saints have now claimed him for their own as he has returned to Adelaide to take up a teaching appointment with his old school, in the performance of which we wish him every success and happiness.

H. D. Angwin. We congratulate Harry Angwin on winning second place in one of the sections of the "Sydney Morning Herald Metropolitan Garden Competition" which aroused widespread interest in Sydney last year.

J. B. Grant. Our old friend Jim Grant writes from 6 Kelvin Road, Remuera, New Zealand, to say that he is now on the mend and would be glad to welcome any Sydney Old Reds who may be visiting New Zealand.

B. W. Heath. We congratulate Bruce on his further advancement this year in being appointed to the Wagga Wagga South Branch of the National Bank.

Unfortunately, his success has removed him from further activity in the affairs of the Association in Sydney and has, of course, caused him to relinquish his presidential duties.

Barbecue or Hot Air at Emu Plains

Our annual barbecue had been arranged for Sunday, 23rd November, 1957, and owing to the continued illness of the secretary, Brian Monfries kindly agreed to organize it.

In spite of ever-rising temperatures, bush fire threats, and a State-wide ban on the lighting of fires in the open, the barbecue was held, but as it happened "sans steak, sans chops, sans sausage, sans fire", in other words, it became merely a picnic.

Our very old friend and oldest Sydney Old Boy, Leo Buring, once again made available to us his lovely property "Leonay" on the banks of the Nepean River at Emu Plains just thirty miles from Sydney. It was a green and cool oasis in an otherwise dry and thirsty land.

Bush fires raged some miles to the south and north of us as Old Boys commenced to roll in at the appointed place, while the ladies attended to lunch in the shade of the rustic arbour.

However, in the face of an ever-increasing blast as from a furnace, we very soon mutually agreed after lunch that "it was not our day" and that it would be better for us to wend our way homeward.

Several families therefore made off without further ado. It was at this stage that those remaining became aware of a sudden change in the wind, of smoke billowing overhead, and of flames approaching through the scrub about half a mile away.

In the face of such a threat who could think of retreating!

With the fire rapidly approaching the property, our President, supported by several members, grasped suitable implements and shouting something that sounded vaguely like "Fac fortia et patere" sailed off in the direction of

the approaching flames. He was soon to be seen in the eddying smoke striking left and right as if so many Saints' scalps were falling beneath his blows.

But reinforcements were at hand! The word had got around the district that "Leonay" was in danger. Who had not heard of the famous cellars at "Leonay"? The response was immediate! Cars and trucks rolled in from all directions and backed in to strategic positions—near the cellars.

In the meantime the fire had come raging down the gully at the rear of the homestead, but with help of all hands it had been diverted and with further change of wind the danger was over. The reinforcements rather wistfully drove slowly away with many a backward glance.

And so ended another memorable episode in the records of Sydney Old Reds. It did not quite end there, because on his return home Brian Monfries found that a bush fire which had started near his home during the day had reached his back fence and he had then to fight the flames to save his house without any assistance from his fellow Reds.

VICTORIA

The Branch President is Mr. Paul Fiddian, c/o The Conservatorium, University of Melbourne. The Branch Secretary is Mr. Neil Effick, 90 Beach Road, Sandringham S.8, Victoria.

BROKEN HILL

The Branch President is Mr. W. R. M. White. The Secretary is Mr. P. T. Conroy, Box 379 P.O., Broken Hill, N.S.W.

WESTERN AUSTRALIA

The Branch President is Mr. J. C. Livingston of 10A Bindaring Parade, Cottesloe. The Branch Secretary is Mr. L. E. Thurston, 11 South Terrace, Como.

The Branch continued to hold the Sundowners which have now been a feature of Western Australian activities for some years. Forthcoming fixtures include:

Friday, 30th May—Sundowner, Palace Hotel at 5 p.m.

Thursday, 24th July—Annual Dinner to coincide with the Association's dinner in Adelaide.

Friday, 3rd October—(Show Week) Joint Sundowner with Saints at the Palace Hotel at 5 p.m.

The annual golf match against Saints will be held during October.

London Branch

Dr. Stanford Howard, of 49 Wimpole Street, London, W.L., is desirous of meeting all Old Boys who may be visiting London.
