## Editorial

During the years that we have been at Prince Alfred College, the opportunity to develop and mould our characters has been presented to us all.

The advantages given at our school are not merely academic. We have been moulded along the lines of young men with Christian ideals. The spiritual life of the school has been and always will be emphasized as of the utmost importance.

About the time many of you read this, you will be preparing for final examinations. Today, perhaps unfortunately, much importance is attached to the results of public examinations. But this is not the ultimate aim of education at P.A.C.

College boys have been accused of snobbishness, and this should not be so. It is the obligation of all at P.A.C. to make themselves worthy of the opportunities offered them, and to rise above such criticism.

To you who are leaving the school this year, this challenge comes, "Are you ready to face the world?" Remember people judge you, fairly or unfairly, by the way you behave.

P.A.C. has a grand reputation, and many men, both young and old, are very proud to wear the Old Scholars Badge. It is our privilege to carry on this tradition in our own lives, making the most of the advantages we have enjoyed, in order to give that little bit more to society, because of what we have received from the College community.

May we be bold to say:

"We're Princes men, yes now and always Princes men."

Let us look at the word "men".

The dictionary gives us a biological explanation, but is it not better to say that a man is a person who can adequately take his place in the world today? From the viewpoint of years, we automatically become men, but to attain real manhood means constant striving towards a goal. Drifting with the tide of easy living results in flabby minds in flabby bodies. Let us work hard to achieve strong minds in strong bodies, worthy of the ideals on which a school like ours is founded.

Many will be returning next year, and it is up to all to realize the value of the advantages that our school offers and to use them wisely.

Do not just take them for granted.

Here is the challenge to all Reds. Show Adelaide that we can take a rightful place in its society, so that the School will proudly say :

"He is a Princes man!"

W. D. P.

## School Notes

This Chronicle includes the notice of the Annual General Meeting of the Old Collegians' Association.

We welcomed the return of Mr. D. C. Kitney of the Preparatory School staff at the beginning of the second term after leave of absence for one term to enable him to visit his parents in England, but we regret that his return meant that Mrs. D. Prest had to leave us. We thank her for her help in taking Mr. Kitney's class during the first term.

The boarders were very sorry that Mrs. A. F. Smith of the sick room staff found that she had to resign at the end of first term. We extend a welcome to Mrs. Cusack who has taken her place.

Prince Alfred College has lost one of its most distinguished old boys and one of its most ardent supporters in the death of Mr. Justice F. E. Piper. Only a year ago we recorded with pride that he had been appointed a permanent judge of the Supreme Court, and we told of the great work he had done for his old school. He remained (until his death) a member of the College Council, in which his wise counsel will be greatly missed.

For the second year in succession a group of boys under Mr. Leak journeyed to Alice Springs in September to help the Board of Missions by doing painting and other work in the hostel. Other groups, also under Mr. Leak's direction, gave up days in the first week of the vacation to help some of our Adelaide missions by doing useful work.

Both the Preparatory School and Big School concerts were well attended and most successful. Great credit is due to those who present these concerts.

The turf practice wickets on the Back Oval are now in use. The larger oval for football was appreciated this year, and next season we shall be able to increase its length by a further thirty yards. The dry winter caused a delay in our plans for the oval in the East Parklands, but it will be fenced in the near future and after that it will be sown.

Our athletics and football teams were both reasonably strong ones, but were not as successful as those of recent years. Congratulations to our rivals on their fine win in the oval match. The crew, a light and inexperienced one, showed marked improvement as the season progressed and performed creditably in the Head of the River.

Representatives of the College Council conferred with representatives of the Council of St. Peter's College on the question of the intercollegiate athletics. We regret that St. Peter's College decided that it was not advisable to alter the previous decision to withdraw.

Old Boys' Week was again a most successful one. There was a record attendance of Old Boys who entered the school in 1899 or earlier, at the Thursday morning assembly. It was a difficult job to find room for our honoured guests, the Old Collegians' Association Committee, the staff and our six hundred Big School boys in the Assembly Hall.

At the conclusion of the Church Service on the Sunday morning, memorial tablets to the late Mr. A. G. Collison and Mr. H. W. A. Miller were unveiled in the Assembly Hall. Both Mr. Collison and Mr. Miller had given outstanding service to the Old Collegians' Association, and thus to the School.

The speaker at the second term meeting of the Parents and Friends' Association was Professor F. B. Bull, and his subject "Danger—Engineers at Work." A very large attendance heard a most interesting and instructive address. Mr. Richard Watson, formerly of the D'Oyley Carte Company, added to the enjoyment of the evening by his rendering of some vocal items from Gilbert and Sullivan operas.

## Mr. C. R. Davies, B.A.

The death is recorded in the Old Boys' section of this Chronicle of Mr. Clive R. Davies, one of the many P.A.C. old boys who have given outstanding and devoted service to their old school as masters.

Mr. Ward, in his history of the school, tells of the work of Mr. Davies in these words. "In 1911, Mr. C. R. Davies, B.A., became a master at Prince Alfred College. He was an old boy of the School, and proved a very successful form master in the middle school. In 1918 he resigned, but he returned again in 1929. In 1946, he gave up teaching and accepted the important position of Bursar, but resigned from that position in 1948. During all his years at the College, Mr. Davies was wonderfully successful as a coach for the first eleven. At his best, he was probably one of the finest cricket coaches in Australia, and the School owes a great debt to Mr. Davies for his good work in this sphere."

When Mr. A. S. Johnson died suddenly in 1955, Mr. Davies came to the help of his old school by returning to the staff for a short time to act as a part-time master. During his retirement, he maintained his interest in the school and particularly in its cricket.

Prince Alfred College was the sole beneficiary in his will, in which he directed that his estate be used for founding a scholarship to be known as "The Clive R. Davies Scholarship" to provide education for boys of the approximate age of 14½ years who are good cricketers, but otherwise upon such terms as the School Council shall think fit. The School Council has decided that due account will be taken of the scholastic and general record of a boy when the scholarship is awarded.

We acknowledge this bequest with deep gratitude and we know that the many friends of Mr. Davies will rejoice that his name is to be thus perpetuated in the School he loved so much.

## Westminster School

Since the last issue of the Chronicle, great progress has been made with the plans for the opening of Westminster School. The appeal was launched in June by the President-General of the Methodist Church of Australia, the Rev. Dr. A. H. Wood, and by the end of September almost £130,000 had been donated or promised. It is hoped that the total will reach £200,000.

The Council of Prince Alfred College passed the following resolution unanimously:

"The Council of Prince Alfred College has learnt with great satisfaction of the move by the Methodist Conference to establish another boys' Day and Boarding School in Adelaide to be known as Westminster School.

"The Council of Prince Alfred College heartily commends the venture and trusts that the movement will meet with immediate and generous support.

"The Council is of the opinion that the establishment by the Church of Westminster School will ultimately prove to be of great benefit to Prince Alfred College, and to the cause of Christian education."

The Old Collegians' Association was not officially identified with the appeal, but many of the most active workers for the appeal and of the most generous donors were old scholars of P.A.C.

The fact that Mr. Dunning has not been able to accept for 1960 many boys, both day boys and boarders, for whom applications for enrolment were lodged as long ago as 1954, gives an indication of the number of parents who will be glad there is another Methodist School in South Australia.

Westminster School will open for day boys in February, 1961, and for boarders in 1962. Building operation will commence early in the new year and applications will shortly be called for the position of Headmaster.

## Mid-year School Service

The Mid-year Service was held in Kent Town Methodist Church on Sunday, 28th June and was conducted by the School Chaplain, Rev. R. K. Waters, B.A. The lesson was read by the Headmaster and the choir, conducted by Mr. Rolland May, Mus.Bac., sang as an introit "Jesu, Stand Among Us," and the anthems "All in an April Evening" (Sir Hugh Robertson) and "Praised be the Lord Daily" (Cuthbert Harris). Before the service the organist, Mr. Mark Symons, gave an organ recital.

Preaching from the text, "If you continue in my word you are truly my disciples: and you will know the truth and the truth will make you free," the Chaplain indicated that freedom is something we too often take for granted. We seldom appreciate it while we have it. If it is lost, however, it becomes infinitely precious. Escape stories such as Eric Williams's "The Wooden Horse," demonstrate the lengths to which men will go to regain freedom.

The human spirit longs to be free. Again and again men have fought and died for freedom. In many parts of the world they are fighting for it still: for it is only too true today that "men were born free but everywhere they are in chains."

Freedom is a spiritual thing. You do not give a man freedom because you guard him from the secret police or preserve the press from propaganda or grant him liberty to speak his mind. These are the conditions of freedom but the thing itself is a state of the soul. The bravest soldiers cannot win it nor can the wisest statesmen shape it into law.

The truth and only the truth makes men free.

Not that we like the truth. It is so disturbing and can be dangerous. Socrates was killed

for trying to get at it. Other days and other custodians of traditional knowledge crucified Christ who said that He was the Truth. Another ecclesiastical system in a much later age burnt Giordano Bruno for teaching the Copernican theory. A little later the same people refused to look through Galileo's telescope to discover the truth for themselves. But it WAS the truth. And it set men free to explore and discover in a wider world.

Refusal to recognize truth has been characteristic not only of ecclesiastical authorities. The record of learned scientific assemblies is hardly any better. Newton's paper on his experiments with light created a storm in the Royal Society. The discoveries of Pasteur and Lister were scorned by the medical profession of the time. But it was the truth: and it made men free. Every new apprehension of the truth by scientists has brought new freedom—in the air, under the sea and now, no doubt, in space.

The late Archbishop William Temple defined truth as "the objective apprehension of things as they are as distinguished from a vision distorted by desires and special interests."

In the nineteenth century, the truth about child labour set the children free: the truth about slaves set the slaves free: the truth about life and God set the Pacific Islanders free from fear and superstition. Please God that in our day the truth about war will set mankind free that the truth about displaced persons and our starving neighbours in Asia will make us shake off the shackles of comfort and self-interest; that the truth about ourselves will set US free—free to give, to adventure and to achieve as those whose spirits are subject only to Truth; that is, to God. For God is Christ: and Christ is the Truth.

## Student Christian Movement

This term we departed from our usual forms of meeting, and formed three discussion groups led by Wesley College students, Doug. Allington, Bernie Clark and John Mugford. We are indebted to these young men for the time that they sacrificed to lead our meetings.

The theme of the group of studies was the Christian life. Each study was very relevant

to every-day life, and everybody should have gained much valuable information from the studies and Bible readings.

Next term the usual form of meeting will be continued, and if attendances are comparable with those of the first term, we shall conclude our S.C.M. year on a very high note.

## Library Notes

### WARD LIBRARY

During the first term 2,332 books were borrowed, 350 of these being taken for the holiday period, and loans for second term have already passed the 2,400 mark. The Library continues to be crowded at lunch time, and on one occasion, when it was necessary to remain closed, the very audible muttering of disappointed readers was adequate proof of how much the Library is in demand at this time.

A sale of old magazines raised £3/8/0 and, at the request of many boys, the money was used for a subscription to the American magazine, "Life." Another magazine which began to arrive during the term is "The Artist" which should be of particular interest to members of the Art Club.

Approximately 300 books have been added to the Library since the beginning of the year, bringing the total book-stock to 3,500. About forty donations have been received from various sources. Popular new books include "In Flanders Fields" (Leon Wolff), "May's Men in Australia" (Alec Bedser), "Hunting the Bismarck" (C. S. Forester), "Nautilus 90 North" (Commander W. R. Anderson) and "The Day of the Triffids" (John Wyndham). Among the new reference books are histories of art, archaeology, firearms and music, illustrated books about prehistoric animals, natural history, geography and the great religions of the world, an atlas of the Bible, a dictionary of architecture and several of Martin Hurlimann's brilliant photographic portraits of European and Asian countries.

At the beginning of the term two large bulletin boards were erected in the Library and this extra space has made it possible for many interesting posters and sets of pictures on a variety of subjects to be displayed. Photographs showing the Royal Air Force in training,

the history of the British Parliament and wool processing in Australia proved popular. The Library had a special display for the School Exhibition featuring a selection of paperback books, lent by Beck Book Company, pamphlets on careers, new books, posters done by the boys, prize-winning books of 1959, and a collection of books about different countries, rather precariously attached to their respective places on a map of the world by a system of tapes and flags. The Librarian received much help from boys on the committee and others during the setting up of this display, and from members of the hobbies group who printed loan cards.

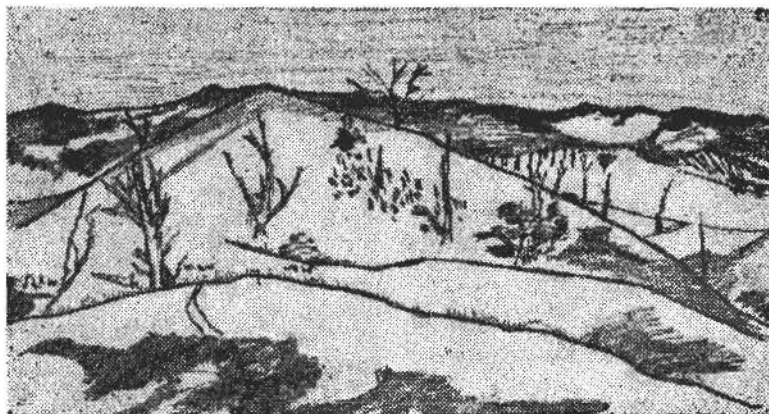

A reservation system has been introduced and boys may now put down their names for books which are out on loan. The pamphlet collection has been catalogued and is now filed on a separate shelf, with an index beside it.

Once again the help of various boys has been invaluable; posters, repairing of books, checking of periodicals and overdue books—much of the routine work of the Library is done efficiently and without fuss by a small group of dependable helpers. Their assistance is very much appreciated.

### MEMORIAL LIBRARY

It is hoped to add many of the critical works from the University first-year reading lists to the Memorial Library stock, and already several books on Chaucer, Shakespeare and Milton have been ordered. Many of the books in the Memorial Library have become a little battered from constant use and it would be appreciated if boys would report any badly worn copies to the Librarian, so that, if it is possible, the books can be repaired by the hobbies group, or replaced by a new edition.

## House Notes

### BAYLY

#### First Term, 1959

The House began poorly by coming last at the School Sports. School House, once again having a very strong team, took the honours. Standards also proved to be a weak point in the Bayly armour and it is felt, by members of the committee, that better attendances and a more determined effort would have gained us many valuable points.

The tennis was the next competition to be decided and Bayly filled third position in both the senior and junior sections. This year, Moyse was our only representative in the winning inter-collegiate tennis team, but rowing found us much to the fore, having no less than four members of the eight, and Giles (Captain of Boats) who was unable to take his place in the eight owing to a wrist injury. Congratulations to Kallin, Binder and the Jarman twins for their efforts in the Head of the River crew. We are looking forward to gaining full points in the inter-house rowing competition to be rowed in the third term.

The term finished on a brighter note, the House claiming second position for schoolwork.

#### Second Term, 1959

The first of the inter-house competitions this term was the house football, and although we defeated Waterhouse comfortably in the first round, we were beaten by Cotton in the final and later, in the challenge round, by School, to finish third. We also occupied this position in the junior competition.

We extend our congratulations to Moyse on being elected captain of the first eighteen and for his fine game in the intercollegiate match which won him the Norman Dowie Cup. Congratulations also to Frebarg, Trowse, Papworth and Drew (19th man) who were our representatives in the intercollegiate team.

The cross-country race once again created much interest within the House and by many determined efforts we were placed second. The House extends its congratulations to three of its members, in Somerville, Jeffery and Hilbig who were the winners in the U 15, U 16 and senior section respectively. Jeffery in particular put up a wonderful effort in the U 16 section, in reducing the previous record, held by Phillips, by thirty-nine seconds.

The cadets this term, under the experienced eye of Under-officers Giles, Michelmore and Thomson, have done exceptionally well, and with only the rifle shooting to be decided, it seems almost certain that Bayly will take top honours in the Cadet House Competition.

The debating and chess have still to be decided, but it seems as if we are not doing

as well as we might. The debating team was unexpectedly defeated in the final by Cotton, and has now to be challenged by Waterhouse for second place. Go to it, chaps!

It is disappointing to see that the schoolwork this term has fallen off considerably and that we have fallen to third position.

With Cotton well out in front in the House Competition, it is interesting to note that there is a difference of only four points between the other three houses. Thus competition in the final term should be very keen and we feel that with a little added effort Bayly can do very well.

### SCHOOL

We got off on the right leg this year by striking our good point, athletics, first. We won the standards by a clear margin and on Sports Day almost doubled the next house's score.

Congratulations go to Hurn, who won the Senior Cup by winning all five events in which he entered. Congratulations also go to Reichstein and Heaslip who won the U 16 and U 14 cups respectively.

Congratulations go to Clarke, who was stroke of the "eight" and Vandeeper a member of the crew.

Our Senior Party this year was a great success and we extend our thanks to the ladies who prepared the supper and the decorations, and Mr. Lockyer who was M.C. and organizer.

We came second in the senior house football after being narrowly defeated by Cotton in the first round and then defeating the other first round loser and winning the play off. The junior house football went to us.

After the mid-year examinations a bridge tournament was started and enthusiastic competition has been seen.

We came an unlucky last in the debating, being beaten by only one and two points in the two debates. Thanks go to the "old hands" Brandwood, Kelly and Edelman.

We will play off for second position in basketball in the last term and have high hopes, even though we have no regular players in the house.

In the Cadet House Competition we are now in second place, having won the Grenade Throwing and Bren Handling events.

In the cross-country race we were again successful and won the standards competition.

Schoolwork we shun mentioning as our "reserved" position of last was again taken in the first term.

We were sorry at the end of the second term to lose Mrs. Smith, the Assistant Matron, who had been with us for some years. We extend to her our best wishes for the future.

## COTTON

Cotton House have done excellently in all phases of the competition this term to increase their lead by many points. We are now sixty-seven points ahead of the nearest house, School. But don't let us become over confident, Cotton House. There is another term to come, in which many things can happen—so keep up the good work, and don't relax!

Cotton won the senior House Football after an easy victory over Bayly. However the first round was close and hard fought against School and it was only by cool and intelligent football that Cotton scraped home. The junior football was reasonably successful for us, and Cotton were second.

In the intercollegiate football this term, Cotton had six representatives. Congratulations to Morton, Moore, Hains, Davies, Laidlaw and Woollacott.

We were successful in the House Debating competition and defeated Waterhouse and Bayly to win well. The subjects were: "That the race for world domination will end in a 'dead heat'," and "That the best is yet to be."

Cotton again topped the schoolwork section of the house competition to gain thirty more valuable points. Congratulations to the many Cotton boys who worked well at their studies.

We shall not mention the cross-country run in this Chronicle, as Cotton came a bad last and the interest shown in it from our house was disappointing.

The House Basketball competition was played at the end of this term and we beat School, then Waterhouse to win once again.

To bring Cotton's success back to earth with a jolt we must report the result of the cadet house shield competition. Despite Cotton's extensive practice and merciless training we came last. One can only put it down to last minute nerves for the result seemed inexplicable to all concerned. But Cotton House boys' keenness in cadets was very apparent this term and we look forward to a better result next year.

Cotton, we have done well; but let us not become complacent, for there are competitions next term at which we are not strong, and it will take the continued keenness of all members of the house to do well.

## WATERHOUSE

At the close of the first term we were in third position in the house competition. Insufficient house spirit was shown in the athletics field, especially standards, in which we came last. This lack of house spirit is the cause of

our poor result. We hope that the members of the House will show added enthusiasm in the third term as we are still well in the running for the coveted House Cup.

Although Daebeler, Gerard, Phillips and Stain all gained many placings on Sports Day, there was insufficient support from the remainder of the House. This resulted in the House being placed third. Congratulations to our representatives for their efforts in the Combined Schools Sports.

Our tennis results were more pleasing as we gained second place in both senior and junior contests. Our congratulations go to Phillips for the fine way in which he captained the inter-collegiate team and to Lyle for his part in the victory. Unfortunately Phillips was narrowly defeated in the School Tennis Championship after a hard fought match.

We extend our congratulations to Fleming and Woodruff, our two representatives in the First VIII and trust they will strive to train two crews for the third term rowing competition.

The good results we expected in the academic field did not eventuate and we had to be satisfied with third position. Our overall position on completion of the first term was third.

Waterhouse began the second term determined to rectify our position. The first competition was the House Football. We were not very confident when we took the field against Bayly in the first round and we were soundly defeated. In the second round we proved poor opponents for the very strong School House side. The junior team, too, showed very little promise, coming a poor last. We extend our congratulations to Skinner, Stain, Phillips and Woodruff for their inclusion in the First XVIII.

In the cross-country competition our house representation in the Under 15 and Under 16 was atrocious. In the senior event the results showed little improvement with the exception of Phillips's brilliant run which resulted in him being placed second.

The very powerful House Debating Team were unfortunate not to win the contest outright. They were narrowly beaten by Cotton in the first round and have now challenged Bayly for second place.

The result of the House Chess proved more satisfactory. Our strong and experienced team consisting of B. E. Saint, J. L. Bridges, and D.J. Bridges defeated Cotton in the first round and Bayly in the final. Congratulations chaps!

An improvement in the classroom is evident, as we came second in schoolwork this term.

Owing to the added enthusiasm shown by many members, our overall position is now equal second with Bayly. So it is with confidence that we turn our thoughts to the cricket and rowing contests. If the performance of the House improves as much in the third term as it did in the second, we will be well in the running for the House Cup.

## The Wesley Visit

The Wesley visit was held on the week-end after school broke up. At first this was thought to be a disadvantage, but, as the week-end began, it was soon considered somewhat of an advantage. The only regret we have is that our guests were not able to attend a morning assembly as is customary.

The boys arrived on Thursday night, and were very quick to settle in. Mr. Fred Potts, brother of Mr. G. M. Potts, accompanied the Wesley Team, which is coached by Mr. L. Humphries.

On Friday morning a few of the Wesley lads had a loosening run at P.A.C. prior to the match against Saints at St. Peter's College. This match resulted in an overwhelming victory to the Lions to the tune of 18—18 to 3—9. The play-on game of the visitors was a pleasure to watch—from the boundary.

The Wesley dance was held at P.A.C. on Friday night, and all the guests went to buffet dinners beforehand. To the mothers who held parties and to those who helped Mrs. Dunning with the arrangements for the dance we express our sincere thanks.

The dance itself was a great success, highlighted by speeches from the two captains and Mr. Dunning at supper. The informal atmosphere that was created here lingered throughout the whole of the visit.

On Saturday, parties went to the various League football matches, and in this regard we are indebted to the S.A.N.F.L., and the S.A.C.A. for supplying passes and cross-over passes.

Saturday night was free, and groups of boys went to the pictures and some went to a dance. Sunday was free, and parents drove the boys to various pleasure spots in very pleasant sunshine. The boys had made arrangements among themselves where to go, and this resulted in groups at Victor Harbor and elsewhere.

Monday morning was again free, and some boys toured the city, while others gained some much-needed sleep.

Monday afternoon saw another fine exhibition of play-on football by Wesley, and, although Princes fought hard, we were defeated 15—15

to 4—9. Our congratulations go to Rob. Ashby on winning the trophy presented by Mr. P. A. Dalwood, for the best Princes player.

On Monday night groups again went to pictures while some met friends they had made on previous visits.

The plane departed from Adelaide Airport in the early hours of the morning, carrying with it twenty-eight boys, who left twenty-eight friends, plus a few of the other sex.

Thus another Wesley visit was completed, and many friendships were cemented.

## Club Activities

### ART CLUB

This year the Art Club has expanded enormously in its activities and achievements, the club funds having increased in the process.

A duplicator was kindly donated to the club by Mr. C. F. Brown, and has since been much in use, producing notices and Prep. magazines.

An effort to raise funds, in the form of a film evening, took place in the middle of the second term. It was well supported, which made the occasion well worth while. At about the same time, it was decided to have badges made for Art Club members in order to introduce a new system which will be functioning effectively next year.

An Art Competition was conducted last term and members showed keen interest. We are very grateful to Mr. Robert Campbell, the Director of the S.A. National Gallery for kindly consenting to judge the entries, and for his gift of six prizes. Many of the entrants had the satisfaction of having their work exhibited at the annual Hobbies Exhibition in the Assembly Hall.

During the September holidays, an Art Camp was held in Wilpena Pound in the Flinders Ranges. Mr. Gray and nine boys went to the camp, which lasted for ten days. We were much indebted to Colin Luke with his transceiver, who accompanied the party. The camp was a great success and enjoyed by all, and many more camps of this kind are planned for the future.

Work will shortly begin on a Club Studio. Our thanks go to Mr. L. Rasheed for his offer of land for the erection of the studio.

### PHOTOGRAPHY CLUB

The activities of the Photographic Club during the second term have been wide and varied. They ranged from talks and showings of photographs by members, to visits to local park-lands and Botanic Gardens. Late in the term our attention was devoted to preparation for the Annual School Exhibition and the commendations received on the club's show was sufficient gratification to the members who worked so hard. Our thanks to all who helped—particularly to Mack (and his father) and to the secretary, Boyce.

### LEATHERWORK CLUB

Again this year Mr. Steele and Mr. Duff have roused the constructive imaginations of the increasing number of boys in the club.

A variety of models made by the boys were put for inspection in the recent school exhibition. The designs and the uses that the leather was put to aroused the interest of many.

### JUNIOR CHESS

During the second term, the chess club has progressed under the helpful guidance of Mr. Kurtz. Later in the term a tournament was held to see who was the best player, but this has not been finished.

### RIFLE CLUB

This year has been a most successful and enjoyable one for those in the Rifle Club. The standard of the shooting was high and, as a result, many good scores were tallied.

The general improvement of nearly every member in the club, and the unerring keenness displayed during the last term, promise an even better year for those returning in 1960.

The need for a new back-stop is becoming more apparent every week, and it is hoped that we shall soon have a new one erected.

The Rifle Club was again run this year under the careful supervision of Mr. Luke, and we are indebted to him for the unfailing interest which he has shown in the club's well-being.

### SENIOR CHESS CLUB

This year the Senior Chess Club has had a membership of twenty. Under Mr. Kentish the club has progressed and the general standard has improved.

The school chess team did slightly better this year, coming seventh out of twelve. Next year we hope the team will do better, as there are some very promising juniors in the Chess Club.

The house chess competition was won this year by Waterhouse, Bayly coming second and School third.

### JUNIOR DEBATING SOCIETY

One of our number seems destined to enter politics. When he is on his feet he is quite unruffled, whether members interrupt or doze off; and what is more, he really enjoys speaking in public. Most of us are content to go on quietly, hoping that some day we shall be well qualified to respond to the toast of "The bride and the bridegroom".

The best meeting was the one in which two teams debated the subject, "I'd rather be a dog than a cat". All members are now well informed on the virtues and vices of these two domestic pets; and since the debate every home represented in the society keeps either a dog or a cat or both.

The minute secretary for this term has been D. A. Gilmour, and we are grateful to him for playing his part conscientiously and competently.

We hope the last session of our year's activities will be the best. To achieve this end all members must make their contribution the best of which they are capable.

### CHOIR NOTES

We spent the early part of the second term practising for the mid-year church service. We began the service by singing a verse of the hymn "Jesus, Stand Among Us". We also sang "All In the April Evening", by Hugh Robertson, and "Praised be the Lord, daily" by Harris. We should like to thank Mr. Mark Symons, the Kent Town organist, for accompanying us so capably.

We then set to work hard preparing for the School Concert which was to be held in early August. We presented four numbers to begin the concert, including Wheeler's popular arrangement of "Old Mother Hubbard". On this occasion our accompanists were G. Schlank and A. Baghurst, and we should like to thank them for ably supporting the choir.

Buttery, Leak and Martin performed "Three Little Maids" from "The Mikado" by Sir Arthur Sullivan. This was a great success, and a credit to the performers. The M.L.C. uniforms from "Miss Harris's Seminary" added to the humour of the item.

To complete the concert, R. Jarman, Linn, and Morris performed "Cox and Box" by Sullivan and Burnard. Their acting and singing were well done, and their trio "Ratapan" was a high-light.

Throughout the term Mr. May has spent a great deal of time looking after the choir's interests, and the success of our concert items was a worthy reward for his continued guidance and interest.

### OVAL MAINTENANCE

Our group has been working hard this year to rid the oval of paspalum. Isolated patches have been dug out, and it is proposed to poison the rest. Members have also been weeding the new practice wickets on the Back Oval, which should be in use by the third term.

### WOODWORK CLUB

The second term has been a most successful one for the Woodwork Club. The members, limited to twenty, have shown themselves keen and interested, many first-term models having been completed. It is extremely pleasing to see the continued use being made of the power tools, especially the lathe.

The Woodwork Club was well represented at the School Exhibition at the end of the second term. It had a large stand in the centre of the hall, and over twenty models were exhibited. It was pleasing to note the high quality of the

work shown. Many boys, having completed their models in time for the Exhibition, are starting on new ones and it is hoped that they will be as useful and as good as the previous ones.

We must extend our thanks to Mr. Welby for his untiring efforts in correcting many carpentering mistakes; we have all profited from his help. All told, the Woodwork Club should look forward to another very successful term.

### MODEL AIRCRAFT CLUB

The exhibition was held as usual this year with a good number of models being displayed. The number flying their models each Friday has been most encouraging and the club has become one of the biggest in the school. We hope to see even more models at school with as many participating in active modelling as possible.

During the past two terms, many 'planes have been aired. A few boys have also plucked up enough courage to diverge from the orthodox layout and come out with an unorthodox 'plane. Many machines have crashed, through inexperience in controlling, but this has not daunted the boy's efforts. Many, later on, have come out on Fridays with new models.

The majority of the types have been stunting 'planes. But now and again, someone breaks away, and flies a small, speedy machine, commonly known as a team racer. The boys are now beginning to realize the superiority of the glo-plug motors to the diesels and as a result many more flights have been made by everyone. One boy, feeling that he needed a change from the aircraft line, came along with a little car. This car was the most exciting feature on one or two occasions. Whenever it was set going, it would draw a maximum crowd of jostling boys to see the uncommon spectacle. But during the later part of the second term the outdoor activity has been reduced because of unfavourable weather which forced all model aircraft to stay under cover.

### DRAMATIC CLUB

Expectation is high now as the cast of that farcical comedy, "Wild Horses", eagerly await the presentation of their masterpiece in the Norwood Town Hall. The year has been a happy one for all involved in this production with, perhaps, the exception of Mr. Coombes, who has had the unenviable task of attempting to mould the newcomers in the cast into potential Oliviers. This is a task which not everyone could face, since only those who have attempted to do so know how hard it is to make "women". Yet he has again tackled this and many other tasks manfully, and with his usual enthusiasm. The cast this year have certainly worked as a team, and have consequently enjoyed practising, and although we are an even

cast, with no individual brilliance, we have high hopes that this will be the most successful school play yet performed by Prince Alfred College.

However this is for our audiences to judge, and we hope that these audiences will be large, and satisfied. Plans for next year's play have not yet been discussed, but it is likely to be something in a more serious vein.

### LIFE SAVING

During the second term the Life Saving Group had interesting talks on First Aid and on the running of the Police Force. Sergeant-Major Draper, from the regular army, gave us talks mainly on how to act quickly and correctly in case of road accidents, drownings or other mishaps where we could be useful. Inspector Forde from the Police Force told us how the police were functioning and stated that the criminal could now be caught efficiently.

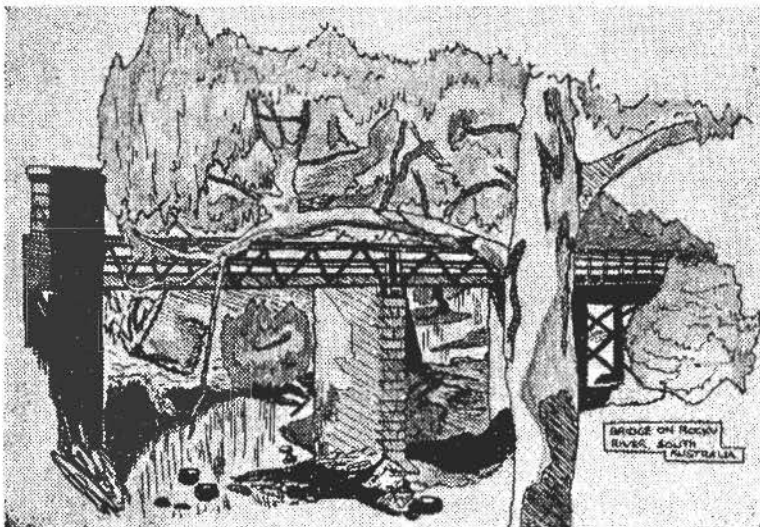

As a result of the school's success in the first term, we won fifth place in the school's competition, which is a very good and heartening improvement. Next term the swimming will be commencing and we hope for as great en-

thusiasm as before and that the boys will go on to win higher awards. Some of the boys will be going for the Bronze Medallion and others for the Bronze Cross. It is hoped that a few will obtain the Award of Merit which is the third highest award, coming after the Distinction Award and Diploma.

### SCIENCE AND RADIO CLUBS

The Science Group continues to do useful work, and is making a valuable contribution to the teaching and study of science in the school. The group has been chiefly occupied this term in the maintenance of laboratory equipment and in the construction of new apparatus, including an oscillator, an apparatus for measuring the acceleration of a freely falling body, some electroscopes, inclined planes, trolleys, meter cases, sets of apparatus for demonstrating the parrallelogram law of forces, and various other articles for use in practical lessons.

Good work has also been done in the preparation of bench reagents for use in the chemistry laboratory.

## The Art Camp

During the September holidays of this year a very successful art camp was held just outside Wilpena Pound in the Flinders Ranges. The party of eleven left Adelaide at about 7.30 a.m. on Friday, 21st, half of us travelling in the land-rover while the remainder accompanied the scouts (who were holding a hike in the area) on a chartered bus. The trip was made in perfect weather via Port Augusta where last provisions were bought and where we all had lunch. Darkness had fallen by the time we reached Wilpena and soon a suitable camp-site was selected and the first two tents were pitched. After a hasty meal, we all turned in for the night after a very exhausting day.

The next morning was spent in preparing the camp-site. The store tent was set up and trenches were dug around all the tents just in case of rain. A fire-place was dug, a camp-table, together with luxurious seats was erected and together with luxurious seats, was erected and readiness at the camp-site. During the afternoon we gathered together our tools of art and hiked to an area where there was a remarkable view of the outer perimeter of the Pound, and where many of us had our first opportunity to paint some real Flinders scenery.

Early Sunday morning we all set out to have an over-all look at the Pound itself, which has an area of over 8,000 acres, by hiking along one of the high ridges which border it. From this vantage point we could see the whole of the Pound as well as the colourful mountains and ridges which border it, striking a vivid contrast with the green vegetation of the inner Pound and the deep-blue sky above.

Numerous forms of animal life were observed, including grey and giant red kangaroos, foxes, lizards, rabbits, eagles and crows—the latter three being very prevalent around our own camp-site. During the afternoon we returned to the outer perimeter of the Pound visited the previous day and here continued our sketching under a really blue Australian sky dotted with patches of fluffy white cloud. On returning to the camp-site at about 3 o'clock, the more enthusiastic members of the party decided to visit the Pound proper and here we did some sketching of the old out-buildings which used to be associated with the wheat farm which flourished so many years ago. We all returned to camp very tired and observed the day in a short service before tea.

On Monday morning all set out in the direction of St. Mary's Peak. Numerous stops were made on the way when we saw a landscape which was obviously meant to be painted. Eventually, however, the summit was reached and we had lunch. The view was magnificent. All around us lay the Flinders, consisting of mountains and hills of every conceivable shape

and colour. We should probably have remained there all day had our attention not been drawn to some ominous clouds from the south which were already beginning to cover the sun. When we reached the camp, everyone was soaked but after a hot tea and a warm-up beside the fire all climbed into sleeping bags and settled down for the night.

On Wednesday rain set in and more or less confined everyone to camp, where colour was added to the sketches made during the previous days. The land-rover proved very useful in pulling numerous cars from the mud which was rapidly forming. By evening, however, the rain had gone and a camp-fire was held and enjoyed by all.

The next morning was spent sketching the scenery around the camp-site and after lunch we hiked to the summit of a neighbouring ridge where a number of rock paintings were attempted. It will be rather interesting to see if some world-renowned expert announces the discovery of a group of the rarest examples of ancient aboriginal art in the Wilpena area! That evening it was decided, of all things, to hold a corroboree! Consequently, that night, residents at the chalet and the camping area were amazed to see a long line of hideously-painted, screaming warriors weaving their way amongst the trees and caravans, demanding wurlies and witchetty grubs.

On Friday morning it was decided to hold a camp-fire that evening to which all our holidaying neighbours should be invited. Most of the day was used up in arranging a programme and rehearsing various items, but what time did remain was devoted to painting. By about 8 p.m. there were some fifty guests seated around a roaring fire and soon the merriment was in full swing.

The next day we began preparations for our departure on Sunday. The camp kitchen was dismantled and most of the gear was packed into the trailer.

On Sunday we rose at the unearthly hour of 4 a.m. and finished our packing. Once more half of us used the land-rover and the rest returned with the scouts in the bus. After stopping for lunch at Port Pirie, we arrived in Adelaide at about 6 p.m.

Taking everything into account, the camp was a wonderful success and everyone enjoyed himself immensely. Amongst our equipment we had a transceiver; every evening contact was made with Adelaide and greetings were exchanged between sons and parents. In view of the success of the camp it is intended to hold such activities regularly and we are already investigating the possibilities of arranging a tour of Tasmania during the Christmas holidays.

## The Alice Springs Trip

We left for Alice Springs at 8 a.m. on the 3rd of September. There were twenty-two of us, and we were all looking forward to the trip. The train journey was quite pleasant in itself, but the attentions of the waiters on the C.R. added to our enjoyment immensely.

In the morning we were taken to the Methodist Children's Hostel for inland children ("Griffiths House"), where we were to stay. No time was lost; we got there at seven and were working by nine. Our work consisted of painting, cementing, carpentering, and levelling. This work lasted for four days, in return, we got one of the best holidays one could wish for.

Sunday came, and the party worshipped in the John Flynn Memorial Church. This church must be one of the finest contemporary-style churches in Australia.

During Sunday afternoon we visited the Old Timers' Homes. These are cottage homes for old men. The property resembles a market-garden and the produce grown could compete with that from Adelaide.

After church in the evening, there was a social hour. On Monday night we went to a barbecue at Jessie Gap. A fireworks display was later given by "Smallgoods" and "Miff."

More work Tuesday, and then in the evening we went over to see Mr. Rex Battarbee's paintings. Mr. Battarbee was Albert Namatjira's tutor and we certainly learnt a great deal about art in a very interesting evening. We must pause here to ask Mr. Leak whether his painting IS really genuine.

We left on our tour of the surrounding country-side on Thursday morning. The first place of interest that we saw was Standley Chasm. This remarkable chasm rises 300 feet

sheer and is only 15 feet wide. Our next visit was to Palm Valley. Here we were all enthralled by "Leo's" story of a twelve-foot rock python seen just around the bend last year. We then went to see the Hermannsburg Mission Station. This was probably the most interesting place we visited. Many of the boys bought souvenirs here, including some wonderful kangaroo-skin rugs. One poor soul bought a fifteen-foot aboriginal spear. I think it did finally reach Adelaide intact, but that was only due to "Sister Ged." We then went on to Glen Helen and camped there for a day. We had our first swim there. It really was a shame that Mr. Leak had to be thrown in. The final place we visited was Simpson's Gap. We had another swim there and then went back to Alice Springs on Saturday night. We are quite sure the land-rovers we used will never work again. If all the drivers were like "Thomo," they would not, that is certain. We went out spotlight shooting several times and shot several 'roos and rabbits. On Sunday morning Vimpani and Smith were fortunate enough to visit the Flying Doctor base. Later that day we went to the gliding, and several of us enjoyed free rides.

Before we close, several mysterious questions remain unanswered. 1. Who lost his hair? 2. Who enjoyed himself at the pictures? 3. Who hurled the ice-cream? 4. Who sits on glass? 5. Does "Smoke get in your eyes"?

In closing, I should, on behalf of the boys, like to thank our master-in-charge, Mr. Leak. He took on a difficult task and performed it very well. We must also thank Mr. and Mrs. Rick Dyer and the staff of Griffiths House for the good time they gave us.

R. N. W., VIC

## Scout Notes

The past terms have been very active ones and good scouting has been maintained in each section of the group. Perhaps the highlight of the second term was the renovation of "Hazel-dene." This project started with Maintenance Month in June, during which the patrols of the First and Thirds stripped wall-paper off the walls of all the rooms, while the Sea Scouts worked on their boats and the Quartermaster and his patrol branded and repaired all gear in the store. At the end of the month, the parents held a working bee and erected partitions in the patrol rooms, covered the lower sections of the walls that were suffering from salt damp and erected a new side fence. After the mid-year exams work started again and the walls were spackled and sanded down so that a second working bee could paint through the patrol rooms and troop room in gay and attractive colours in one day. We must thank parents and all who have helped us in so many ways with this enterprise.

The "Bobs for Jobs" appeal this year again brought a record total sum and the highest average per head. We congratulate those patrols who won pennants and those who earned their Eager Beaver badge.

We especially congratulate I. R. Hall and P. N. W. Urquhart on being awarded their Queen's Scout Badge.

The Old Scouts once again ran the Parker Hike. They devoted a great deal of time, effort and imagination to the planning of the hike, and their efforts were rewarded by the most successful and enjoyable Parker Hike yet. The theme of the hike was that of archaeological investigations for the buried treasure in the tomb of "Toot and Come in." It was highlighted by the welcome cups of coffee on a bleak and wintry morning, the bazaar on Saturday night, the very attractive camp-site and the very high standard of hiking and camping.

The senior section was won by J. M. Kirk and D. N. French with O. P. Hilbig and R. Jeffery runners-up. The junior section was won by R. N. E. Smith and C. R. Philpot, with D. Smyth and R. Makin runners-up.

The Scouts Parents Association has continued to be very active in its work for the group. A most successful annual meeting was held in June when Mr. J. T. Lang was elected Chairman and Mr. L. E. Goldsmith Secretary. The group has been very fortunate indeed to have had the help and service of Mr. G. H. P. Jeffery, the retiring Chairman, who has held office as Secretary and Chairman since the association was refounded. The Parents Association held a second general meeting at the end of September to see slides and hear talks on the Flinders Hike and to inspect the re-decorated Hazel-dene.

### 1st P.A.C. TROOP

During Easter the troop camped at Mount Crawford Forest. In spite of heavy rain on the

Monday, the camp was thoroughly enjoyed and the standard of camping high. The camp spear was won by the Eagle Patrol.

A troop record was set this year when every member of the troop earned an Eager Beaver badge in the "Bobs for Jobs" campaign held during the May holidays.

The second term will be remembered for its troop meetings and games and for the enjoyable patrol week-ends at the chalet at Mylor. At mid-year the time of troop meeting changed from Friday night to Thursday afternoon from 3.30 to 5.00. This has enabled the troop meetings to involve stunts and games that were not possible at night time, and with the patrol dens repaired and re-decorated, more patrol meetings can be held. M.R.P.

### 2nd P.A.C. SEA SCOUTS

After a hurried completion, our second Y.W. cadet was ready for use at the May camp. This is the troop's third yacht and was officially launched as "Little Eve" during the camp. With our enlarged fleet, many of the younger and less experienced members of the troop have had many more sailing opportunities.

The troop is very grateful to Mr. Norm Howard for his time and effort with Sunday sailing on "Southern Myth." His instruction and interest have been of great assistance to those who have sailed with him. The four P.L.s were again fortunate in going on a cruise to Port Vincent on "Southern Myth," which they thoroughly enjoyed, and from which they gained a good deal of valuable experience.

This year's May holiday camp, which was again held at Goolwa on Mr. Harry's property, was attended by the four P.A.C. patrols. Plenty of sailing was possible for those in camp with four boats to use and the Sunday regatta proved very interesting. Although sailing was the theme of the camp, the camping standards of the patrols were quite high. Our thanks go to the members of H.Q. and Mr. Harry, who consented to our camping on his property, for a successful camp.

Troop activities, under the direction of Mr. Gray and Mr. Whitworth, have taken the form of troop meetings and patrol stunts. During patrol stunts the three boats have been serviced and painted.

The Sea Scouts were well represented at both the Flinders and Parker Hikes this year, and their programme of sailing for the third term is a full one. J.M.K.

### 3rd P.A.C. SENIOR LAND SCOUTS

This year has been a good one in all respects for the Thirds, since in badge passing, efficiency, hiking, camping and in fun-making—all of which are the essence of good scouting—we have excelled.

We have been fortunate that Geoff Peters, a medical student, was able to give us an

excellent series of extremely interesting lectures on various aspects of the Ambulance Badge. To him we are grateful and, to his credit, many gained the badge, after a theory and practical examination. Other test work has been directed towards the First Class Badge and we hope that nearly all members of the troop will have earned the badge by the end of the year. We have continued to run many varied and interesting patrol stunts to alternate with the troop meetings.

The Flinders Hike is now past, but for us all there are some memories which are unforgettable.

The patrol organization in patrols of six again proved the most successful and enjoyable basis on which such a hike can be run. We look forward to a re-union when slides will be shown and photographs and logs of the hike discussed.

Members of the troop have been engaged in new and unique experiences; the wide game raid on Rowallan Campsite; practice in barbecue-building; exploring caves at Curramulka, and patchwork-quilt construction. Moreover, we are likely to remember the hours spent scraping paper off the walls at Hazeldene and the sudden transformation of the rooms with a coat of paint.

We now look forward to the Scout Party, and the conclusion of a good year's scouting.

H.D.M.C.

### FLINDERS RANGES HIKE, 1959

A party of over thirty scouts left Hazeldene early Friday morning on the first day of the September holidays. The bus was comfortable, for which we were very thankful during the long journey north. After a few stops, we reached Port Augusta, where good uniforms were changed and left in the Scout Hall, and eventually we arrived at the camp-site in Parachilna Gorge just at dusk.

The next day was spent in climbing Mount Falkland, although some climbed the wrong mountain, Mount Bell, an adjacent peak. This initial day put everyone in good form for the next day's hike down the Aroona Valley to Aroona Out-Station, about fourteen miles. About a mile and a half from the out-station is a small, but very attractive gorge, after which the valley opens out into flat floor with the rugged Mount Hayward along the western side. In the middle of the valley is a rise with a fresh-water spring and weeping willows on top. As this was Sunday night, a Scout's Own was held around a camp-fire.

On Monday, the patrols hiked on to the Brachina Creek, arriving in time for lunch. The afternoon was spent exploring and following the creek out to the plains, or swimming in a waterhole, which was most refreshing.

Tuesday found us hiking on down the Aroona Valley to the Bunyerroo Creek about seven miles further on. The rest of the day was spent in climbing the nearby hills or hiking through the Bunyerroo Gorge, and one

group was fortunate enough to see a flock of emus.

The next day entailed quite a long stage up the Wilcolo Creek to Wilpena Station and then on to the Pound. The patrols out in front saw many kangaroos, euros and wallabies. On Thursday we climbed St. Mary's Peak, following a clearly marked track. The view from the top of St. Mary's is magnificent, covering all the pound, out across the plains to the west and up the winding Aroona Valley along which we had hiked.

Friday was a rest day in Wilpena Pound, which some used for washing clothes, others for exploring in the Pound, and others for going to watch the shearing at Wilpena Station. In the evening a camp-fire was held, with good singing and amusing skits.

The hiking on Saturday was quite strenuous, and we travelled further than necessary, since some patrols deviated too far to the right and spent several hours hiking up and down over the Arkaba Hills. The valley in which we hiked was most attractive and colourful and was a very rewarding stage of the hike. We were grateful to cram into Bartholomaeus's Land Rover and travel on it the last couple of miles along the road to camp. That night we slept comfortably on the sandy creek-bed under the stars.

On Sunday, the last day, we met the bus on the road soon after eight and travelled to Port Augusta where hot showers and clean clothes freshened us up; we are grateful to the Port Augusta scouts for arranging these welcome facilities. Then we went on back to Adelaide.

But the return to "civilization" did not in any way dim the memories of this truly memorable hike. We have been privileged to see the country that has inspired many painters and retain in our minds wonderful vistas of the magnificent Flinders scenery—rugged, craggy mountains towering over rounded hills, and gum-tree-lined creek beds, not to mention the breath-taking views from St. Mary's Peak and the quiet serenity of the green parkland of Wilpena Pound.

The trip was instructive and most enjoyable. Most of us have secured a record of it on film, but the photographs do not even rate with the vivid living memory of experience that we have brought home with us from the Flinders. Hiking in patrols we got to understand one another much better and this hike has bound the troop together in a way that is truly remarkable. For now we share the common privilege and joy of having seen and experienced the rugged Flinders Ranges country. C.D.

## The School Play

The School Play was held at the Norwood Town Hall on 30th September, and 2nd October. The play presented was a comedy, "Wild Horses" by Ben Travers, and was produced by Mr. H. E. Coombes. The story of the play is simply that several people wanted to buy a valuable picture, but the complications that arose were beyond our comprehension and in this limited space almost beyond description.

Wayne Phillips took the leading male role, and in his part as a much older man heightened the effect by a bearing and manner beyond his years. The leading female role was taken by Ken Badenoch with such grace and skill that one had to consult the programme to remember his former identity.

Another beautiful young lady was John Potter, a pattern of femininity, but only for the play.

Robin Jarman, as a clowning criminal, rarely

opened his mouth without sending the audience into peals of laughter.

Robert Makin, a home-loving wife, was a picture of sweet domesticity, but not so Robert Jeffery who acted well in his part of a dictatorial ex-mother-in-law. John Kallin took the role of an ex-criminal with skill to contrast with Geoff. Holdich who was a local judge and a source of anxiety to several characters in the play.

The most sophisticated parts were both male, taken by Rod Panter, a polished lover, and Ivan Simmons, a suave continental art dealer. Here again was a sharp contrast with the under-intelligent police played by David Combe, John Haslam and John Vardon, who were a disgrace to the Force and a source of great amusement to all present.

Once again the play was a success for the players and both audiences, due to the untiring efforts of Mr. Coombes and all those who worked so long and so hard, behind the scenes.

## Cadet Notes

The advance party for the May camp left school on Thursday, 7th May. This was the best advance party for years. They worked very hard to get the camp off to a very good start. U/O Thompson's group had their row of tents up long before the others, but we regret to say that their promised reward was not forthcoming. Camp went very successfully until about Sunday, when twenty per cent. of the unit decided to contract the flu. Most of these were marched out. Apart from the sickness, the camp was very good. The food was of a much higher standard than usual, and the number of complaints was noticeably lower. Only one thing was missing this year; eleven boys were disappointed because there was no sergeant's mess. We are assured, however, that this was not the school's fault.

The standard of our shooting has risen far above that of recent years. U/Os Geddes and Giles and Cdt. Chapple all scored the possible of 100 at the rifle part 1A, U/O Geddes qualifying for the A.N.A. plaque. We offer our condolences to Cdt. Fleming, A. J., who scored 98. Because of these scores and others, we have a very high chance of winning both the Earl Roberts and the Jake Rudall shoots this year.

The platoon cup has again added to the interest of cadets. A trio of platoons, 1, 2 and 7 are fighting in a neck and neck struggle for the honour. All three platoon-commanders are confident. It is rumoured that U/O Nelson has already written a speech in reply to Major-General McNichol (G.O.C. Central Command), and that U/Os Giles and Thomson have both started polishing up their sword-drill.

Since the last issue of the Chronicle, Sgt. Jarman has been promoted to WO2, Cpl. Marlow to Sgt., Cdt. Cowan to Cpl and Cdt. Day to L./Cpl. Congratulations to them.

Next year we should have some excellent N.C.Os. These will come from the pre-N.C.O. courses now being conducted at school.

The progress places in the house shield are as follows: 1, Bayly; 2, School; 3, Waterhouse; 4, Cotton.

Bayly won the rifle race and came second in the Bren race and grenade throwing. School won the Grenades and Bren competitions. Final positions in the house competition will depend on the house shoot.

The annual bivouac will be held on the first week-end of the third term at Waitpinga Beach. If this event is just half as successful this year

as last, then we certainly have something to look forward to.

### THE 1959 BIVOUC

On Friday, the 18th of September, at 4.30 p.m., fifty boys, Captain Woollard and Lieutenants Kentish and Panter left by bus for Waitpinga Beach on the annual Cadet Bivouac.

It was raining as we left, and two hours later when we arrived, it was still raining, causing spirits to be high in anticipation of two days' "living off the land" after which we all felt that the men would be separated from the boys!

Everybody hiked a short distance to our camping area, disregarding the premonition of our bus stuck in the mud.

The next step for all the amateur campers, after pitching our two-man tents, was to find water. The water was scarce and of a curious colour. But was this any reason for the discovery of a cork outside Nelson's tent?

After a late tea of a portion of our twenty-four-hour ration-packs we climbed out of the rain into our cosy sleeping-bags. Did I say cozy? For the scouts among us, perhaps. But all the first-time campers finished the night with more water inside the tents than outside!

Saturday dawned grey, cold and drizzling, and it is a credit to the P.A.C. cadet spirit that everybody was still in a holiday mood and ready for the day's exercise. We were to pretend that we were escapees from a P.O.W. camp, keeping concealed from the enemy and at the same time patrolling along the coast in syndicates of ten men to find a suitable place among the surf for a rescue boat to land. The day was successful for all but number 3 syndicate. They were meant to go east, up the coast, but, owing to faulty navigation, went west. Garry Brown proved himself a natural black-tracker and many others proved themselves to be natural city-slickers. About eight miles, and five hundred joules of energy later, we arrived home and collapsed in our tents.

It was a more successful night for all but one duo, who were so determined to make their tent water-tight, that they also made it air-tight and almost suffocated.

A really fine church service in a leaky old shanty concluded our bivouac and we all returned to civilization convinced that town-boys belong to the town.

## Partners in Crime

[Winning entry in the Kenneth Harley Memorial Prize Competition]

by H. D. M. Combe

Edgar Thomas turned the card over and read once more, this time aloud, that ridiculous verse which he detested so much:

"At Christmas time we hope to greet each old familiar face,  
At Christmas time we hope to meet in the old familiar place.  
Five thousand loving greetings, dear,  
From you to me,  
To welcome in a bright new year,  
I look to see."

From your old "Leech."

Edgar stared hard at the rhyme and the scrawled message beneath it. He was taking in, with a sense of cold misery, that the printed message on the card had been neatly altered by hand; the word "Five" was in ink, which indicated, no doubt, that the poet's original "a thousand loving greetings" had not contented Leech.

The huge hanging clock in Edgar's office beat out the maddening rhythm as he recalled with resentment how he had judged that the last payment had seen the end of this whole thing. He had returned from James's funeral triumphant in the belief that he had attended the burial of the bloodsucker who called himself "Leech." But he was wrong!

Five thousand at that! What face! Last year it had been only two! How in the name of all that is horrible was he going to raise all that money without Old Greenland, his partner, finding out about the whole thing. Of course he would raise the money: he would have to. The sickening, familiar routine would be gone through again. The cash in five pound notes would be packed in a trunk and left at the cloak room of the Adelaide Railway Station. Next day he would park his car at a North Terrace Parking Station. Beneath the wind-screen wiper—"the old familiar place"—would he tuck the ticket. When he returned in the evening, the ticket would be gone.

And that would be that—until next time. It was the way that Leech preferred it, and he had no option but to comply.

Yet there was one certain thing that Thomas knew about "Leech." He—or could it be a she—was a committee member of the local golf club, whence had come the invitation to the annual Christmas Party, which had accompanied this card.

Edgar Thomas had enjoyed great success in business, but after what may be described as an "unfortunate mishap" in the Eastern States,

he had come to Adelaide, where he had met kind, gentle, old "Smiler" Greenland. Thomas had built up in his new city a good progressive company, whilst "Smiler's" own well-established company was at the time stationary. Thus it was inevitable that the two should merge, since it suited both the progressive Thomas, and a much older Greenland.

So with the help of his partner, Edgar Thomas had achieved great popularity. It had not been surprising when he had been elected to the committee of the golf club after only two and a half years' membership—a committee whose composition was a constant one, of eight men and four women. Thus every year he was expected to be present at club re-unions, especially at Christmas time.

He put down the card now, and picked up the invitation and he thought with resentment how it had been at one of these golf club Christmas parties that the whole thing had started. Such boring functions they were, too, with their bright music, stale jokes, showing off, plentiful beer supply, and basket supper. It was five years ago, he thought, when he returned from one of these Christmas parties, only to realize that his wallet was gone! He had been cleaning up after the show, as it was customary for the committee members to do. It was a hot night, and he had shed his coat, and so his wallet had dropped out. Of course the following morning he had returned and retrieved it. But when it came into his hands once again, there was one item missing from its contents. Just one, a letter quite explicit, signed in a name that had become about then quite notorious in connection with an unsavoury enquiry into a large scale swindle of certain company shares. How he could have been fool enough to keep it a moment longer than was necessary—but it was no good going back over that.

It had been a year before he had heard from "Leech", who considered it his duty to send the letter to the police. Meanwhile "Leech" was a little short of money and for a small consideration he might . . . . So it had gone on for four years and always the card arrived together with his invitation to the golf club Christmas party.

Thomas had been so sure that it had been James! How had James been able to give up his job and spend his days playing with oil shares at the Stock Exchange; James, with his hand-made silk shirts, his shining pointed shoes, his long immaculately manicured finger nails, his red, wavy hair and even his pine-fresh

smell—the perfect fop. Of course it had been that tiny, cunning James, with his unquenchable thirst for whisky. But he had got rid of James last April and here was "Leech" again, hungrier than ever.

He shifted uneasily in his seat. "Got rid of him" was hardly fair to himself. He had merely assisted James to get rid of his seedy self. He had done no more than to ask James to dine with him at his club, fill him up with whisky, and leave him to drive home on a foggy night with the roads wet. There had been an unfortunate accident which had seen the end of James—and incidentally two strangers who happened to be on the road at the time. Forget it! The point was that the dinner and the whisky had been a dead loss. He could not make the same mistake again. At this party, he intended to make sure of who his persecutor was, and this time there would be no half measures.

He could, of course, have it out with old "Smiler" who was president of the golf club; he could explain the whole unfortunate set-up of the swindle, and tell of the letter, its loss, and the repercussions, and then ask who was responsible for sending his invitation each year. But no! This was hardly fair on the old chap. How hurt the kindly old fellow would be to think that people whom he had trusted so implicitly could be capable of such vile crimes. No, it was out of the question! It would break his partner's heart. Yet he must find out, and soon, "Leech's" identity, and he had, he reckoned, nine suspects from whom to choose. Since he could eliminate himself, James's replacement, and, of course, "Smiler", there remained of the committee five men and four women, of whom one would soon be . . .

Revelation came to him halfway through the evening and, when he realized, it was so simple that he felt ready to laugh out loud. It had not been difficult to achieve his purpose, since he had merely volunteered to act as barman for the evening. Thus he had been able to pour out for the ladies champagne which was his own contribution to the evening's festivities and which, incidentally, was part of a consignment which he suspected of being "corked". That champagne was more than enough to loosen Maud's tongue for one fatal instant.

Maud! Of course it was Maud! Maud Stevens, a spinster, was a tiny wizened creature, and Edgar had often wondered how so small a creature could contain so much vinegar. Grey, wispy hair was pulled back severely into an untidy bun, from the narrow, always frowning forehead. She was women's captain, and a wonderful golfer. She was also "Smiler's" private secretary, and was "Miss Efficiency" her vitriolic self.

It was by chance that Maud had spoken. But the facts of the case are these. She, being single, had for some time had her eyes on

Edgar Thomas, with a special interest in his fortunes, but her feelings had not been reciprocated, and, as she looked at him now, Edgar wondered how anybody could be so unattractive.

They had been discussing Christmas cards—a subject which Thomas intended to throw on each woman individually, in their drunken stupor, when Maud flickered red-rimmed eyes on him, sniffed as though dismayed by the sight, and blurted: "About time I heard from you."

Maud was smiling at him now—smiling with the confidential air of one mildly tipsy, her upturned shiny nose glowing pink in the light. She assumed a puzzled expression now as though trying to recollect what she had said. But Thomas was stone-cold sober and very happy.

Then came Edgar's chance. Maud, he could see would soon be ill, and it would be necessary for her to go below to the ladies' rest room, which was conveniently placed two flights of stairs down at the rear of the Pro's Shop. So it was easy for him to slip out now into the gentlemen's locker-rooms whence he could wait, ready . . .

Thus he set himself and waited in the darkness of the doorway; and waited. . . . Then the door of the ballroom above opened to reveal the swooning figure of Maud Stevens. Poor, foolish Maud! She would have told the others above that her head was very bad and that she would have a rest. The music of the band's polka rang in his ears as she reached the landing, level with the doorway. Then it beat out those stupid lines:

"Five thousand loving greetings, dear,  
From you to me,  
To welcome in a bright new year,  
I look to see."

as angrily he pushed her.

He heard the screams and the final thud, then everybody ran from the ballroom, and without seeing Edgar Thomas still in the doorway, down the two flights of steps.

He was just about to mingle with the mob when a hand grabbed his arm and with the strength of an ox shoved him into the locker-room, at the same time throwing the switch, to put the lights on. Edgar Thomas stood there staring into the eyes of "Smiler" Greenland—eyes that were no longer kind and gentle, but fierce, showing something of a leer in the old man's face.

Then amongst the cries of "She's dead!" that came from below, the murderer shaped blindly to attack his assailant, who he realized, had been watching the whole performance from the doorway of the ballroom. But as the words, "You've committed one murder tonight, don't do it again" came deliberately and sarcastically from the old man's lips, a small "Revellette"

French pistol revealed itself in what had always seemed to the world his "sinless hands"—enough to restore his partner's senses.

Then the older man said, "You have killed Maud." It was a calm statement rather than an accusation.

The other nodded speechless.

"But you have not stopped the Christmas cards. Didn't you understand what she told you this evening? The letter was in the post. It's her Christmas present for you. She expects one in reply—a proposal. Poor old Maud. It was only today that I found it missing. It was in a drawer in my office, and she cleaned up for Christmas yesterday," "Smiler" continued in the same flat, dry tone.

The other licked his lips and faltered, "So you were 'Leech'?"

"Of course. Who else? Do you think when I found out about that other business I could

have any more confidence in you? I'd have to provide in case of any more games on your part. Besides, I hate having my judgments of people proved wrong."

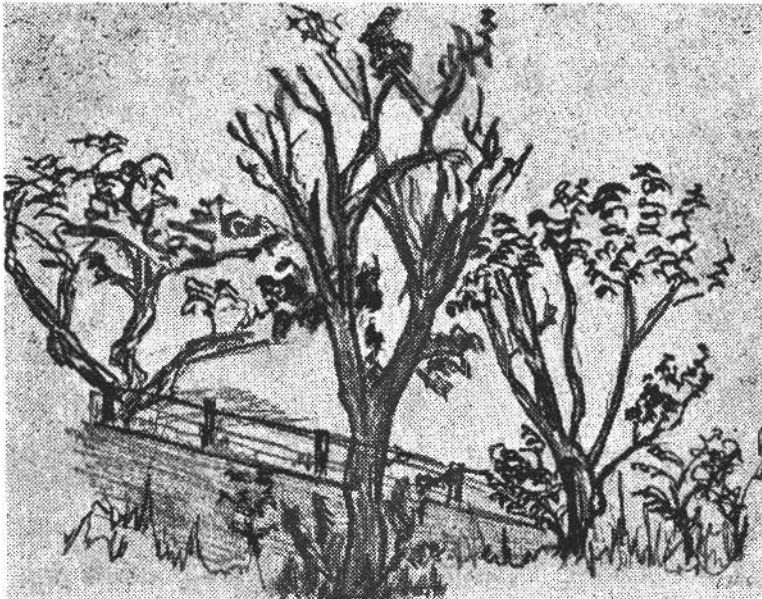

His voice was chilled, mocking.

Edgar Thomas felt himself hopelessly sitting on the bench that found itself there, looking up into what had now become merciless eyes, matching identically in colour the "Revellette."

"Of course," continued Greenland, "they'll all think she fell, but I know differently. Perhaps you'll make it ten thousand this year instead of five? Or you know the alternative." The other nodded assent.

"And when the letter arrives, I'd like it back for future purposes!"

Again reply was an automatic nod. "You can go now Edgar, and remember we'll still remain partners—in crime."

## Prefects' Palaver

During this term the prefects have continued to take foremost parts in the school's activities.

Football was the main interest this term, and in this regard we offer our congratulations to Saints on winning the intercoll. and Dudley Hill on winning the Gosse Medal. Bob Moysse was appointed Captain of the Firsts with Ashby filling the role of vice-captain. Congratulations to these two players who gave all they had in every match. It is fitting that these two won the Norman Dowie Cup and the Best and Fairest award for the year respectively.

Congratulations also to Dick Hurn, Don. Trowse, Peter Woodruff, Dan Hains, Dean Dawes and Wayne Phillips on their inclusion

in the intercollegiate team. (Garry Brown did a fine job carrying the towel for the season.)

The Cadet Unit has continued with its high degree of efficiency under the watchful eyes of the prefects.

Garry Brown is to be congratulated on coming top of VIUA for the second term. Other prefects are doing well scholastically.

The Wesley visit highlighted the term.

We will leave the following questions unanswered:

Who stayed up all night on a Monday night?

Who trained hard for the cross-countries?

Who kicked a much-needed Immanuel goal against Immanuel?

## Rural Youth

This year's club began the year with a somewhat smaller nucleus of older members than usual and a large number of recruits. These were initiated in February.

The Club was very fortunate in April to be able to make a trip to the Waite Agricultural Institute at Mitcham. This was a very interesting excursion made under the guidance of Dr. May of the Institute. We saw, among other things, the meteorological section, glass-houses, the Plant-physiology Department, and a well-equipped Biology laboratory.

Many busy people connected with the Agricultural Bureau have previously given their valuable time to speak to the club, and in June the club was privileged to have Mr. Brian

Jeffries give a talk on agricultural techniques in Uruguay, where he accompanied a team from Australia trying to improve the Uruguayan wool industry.

Among the other activities of the club have been films from the Australian Wool Board and the International Harvester Company. Two discussions have been held within the club. The club is very grateful to Rev. R. K. Waters who has made so many arrangements for us and given us valuable advice.

This year's officers were: President, R. J. Ashby; Vice-President, R. W. Hurn; Secretary, W. R. Kelly; Treasurer, J. W. Staker; News-reporter, R. G. Brandwood.

## Football

The annual intercollegiate football match was played at the Adelaide oval on 25th July. The turf was fairly firm generally, although rather slippery in the centre of the field and the goal-fronts. Moyse, Prince's captain, won the toss and elected to kick to the Cathedral end. The Princes team was:

Forwards: Laidlaw, Morton, Trowse. Half-forwards: Stain, Hurn, Freiburg. Centres: Moore, Moyse, Angel. Half-backs: Hains, Davies, Combe. Backs: Woollacott, Papworth, Woodruff. First ruck: Ashby, Skinner, Phillips. Second ruck: Woodruff, Laidlaw, Trowse. 19th: Bagshaw. 20th: Drew.

Saints began in rather startling fashion, getting the first knock, and having a goal on the board within a minute. Princes replied quickly, Trowse breaking clear of a scrimmage in the pocket and goaling. Hill of Saints, was dominating play in these early stages, both in ruck and field play. Skinner was playing well, and Papworth saved several times at full back. Good passing by Ashby and Phillips gave Morton a chance, but his kick went out of bounds. Laidlaw passed to Morton after being freed, and the Princes goal-sneak kicked accurately for his first goal. After Saints had goaled again, Morton kicked a point, breaking clear from a pocket throw-in. Princes were rucking well at this stage, and clearing the ball from the knocks. Woodruff winning his first few knocks. Moyse snared the Saints kick-in and passed to Morton, who kicked his second goal. Princes soon had their fourth posted, after Davies had passed to Hurn, Princes goaling from a snap kick from Trowse. Saints now drove in time and time again, gaining drive from their half-forward line, which seemed too fast for Princes, although Combe was playing well, Papworth slipped over, leaving the Saint's full forward to mark unopposed. The scores at quarter-time were:

P.A.C. 4-1      S.P.S.C. 4-3

At the start of the second quarter, Saints again began quickly. They were winning in ruck now, an advantage they held to the end, clearing the ball from the packs quickly and generally showing more dash than Princes. They were noticeably faster across half-forward, while the Princes half-forwards had difficulty in shaking off the close-checking Saints defenders. Saints added two quick goals, Princes replying by forcing the ball down to their end to score a goal through Morton, after a brilliant high-leaping mark. He followed with a point. Combe, Woollacott and Papworth saved for Princes, but the Saints half-back line was very strong and hard to penetrate. The Princes centre

line was giving some drive, but teamwork was not good, their handball too often going astray. A long kick from Moore scored a point for Princes, while Saints added two quick goals, Papworth clearing what looked like being another. Princes then added a goal to end the quarter, kicked by Skinner, and intelligently shepherded through the goals by Morton. Scores at half-time were:

P.A.C. 6-4      S.P.S.C. 8-5

After half-time Saints kept the pressure up, although Princes were battling on with determination, without the dash of Saints. Chances were lost in this quarter which sealed our fate. Saints added a quick goal, while we could manage only two points—both of which should have been goals, from only about twenty yards out. Saints then added five goals in eight minutes, Princes having no answer to the superior roving and ruck-work of Saints, who broke away from the bounce time and time again. After this onslaught, Princes came into the game again. Morton kicked his fiftieth goal for the season—a fine effort—and Phillips added another goal. Points came from Hurn, Moyse, Trowse and Phillips, with poor kicking proving costly. At the last change the scores were:

P.A.C. 8-10      S.P.S.C. 14-6

During this quarter, we added 2-6 to Saints 6-2, costly misses marring Princes chances.

Several positional changes were made for the last quarter.

A kick for goal was touched by one of our own players—a point resulting. Trowse left the field after battling on well all day. Morton, on the ball now, was playing determinedly and inspiringly, and added another point to his tally with a long kick. Saints were in the game everywhere, and added three quick goals. As the game reached its last stages, Princes, still trying hard, added three more goals—one by Morton, and two by Phillips, showing some of the teamwork we needed earlier. Final scores were:

P.A.C. 11-12      S.P.S.C. 17-13

Princes, favoured to win, were beaten on the day by a fitter, determined and faster Saints side, but we were by no means disgraced. Saints are to be congratulated on a fine team effort, and on the day were too fast for us.

Those chosen as best for P.A.C. were: Ashby, Freiburg, Moyse, Combe, Phillips.

Scorers: Morton 5.3, Phillips 3.2, Trowse 2.2, Skinner 1.0, Hurn 0.2, Moore, Laidlaw, Moyse, each 0.1.

1959 football season has been one of mixed fortunes. With as many as thirteen teams playing on a number of Saturdays, a large number of boys have had an opportunity to represent their school and this is in itself a most pleasing aspect of this season just past.

The senior teams have not quite maintained the standard of the last few years.

The Firsts, after a promising start, lost form in mid-season and were well beaten in the Intercollegiate match by St. Peter's, lost twice to Adelaide Boys' High School and suffered heavy defeats at the hands of Melbourne Grammar School and Wesley College.

Injuries to key players contributed to the slump, but with some notable exceptions, this team did not play with the spirit or enthusiasm of its predecessors.

Moyse deserves congratulations on winning the Norman Dowie Cup for a fine display on the Oval, one of a number of such games he played. Ashby performed a series of marathon ruck efforts which were a tribute to the immensity of both his physique and his spirit and he has won both the Old Collegians Trophy as best player for the season and Mr. Peter Dalwood's trophy as best player in the Wesley match.

Morton played splendidly throughout the season as did Phillips, Trowse (when fit), Hurn, Moore and newcomers Papworth and Combe.

The Second and Third Eighteens had moderately successful seasons and played very well at times.

The Under 15s were a particularly good side, individually and collectively and will provide some good material for senior teams next year.

The Under 14s showed promise early in the season but broke down under pressure in the harder games.

The Under 13s on the contrary started quietly but finished their season in good style.

Thanks are due to the men who have coached and organized these teams; Mr. Kurtz, Mr. Gabb, Mr. Provis, Mr. Keeves, Mr. Leak, Mr. Prest and Mr. Bennett, and to two old scholars, M. Edgeloe and J. Russell, who have assisted greatly by umpiring junior matches on Saturday mornings.

### CRITIQUE

**Moyse, R. M.** (captain), centre—A polished and efficient footballer. A fine mark, splendid kick and an elusive groundworker. He set his side an outstanding example of tenacity and enthusiasm both in matches and at practice and he deserves congratulations for an excellent season's play.

**Ashby, R. J.** (vice-captain), ruck—Tall, strong and mobile, he makes position well and marks strongly. He has played very consistently and with marked tenacity.

**Phillips, W. D.**, rover—Speedy, elusive and tireless, he has played consistently good football. A fine mark and good kick and a clever position player.

**Hurn, R. W.**, half-forward—At his best he is a matchwinner with his speed, marking and powerful kicking. He was brilliant early but suffered a lapse in form at the vital stage of the season.

**Moore, G. J.**, wing—Very good overhead and a good ball-handler, his clever body-work makes him a difficult man to beat.

**Morton, P. G.**, full-forward—Tall and remarkably agile, a superb high mark and a good kick, he played an excellent season's football.

**Trowse, D. D.**, rover—A capable and determined rover, he played fine football until injuries affected his form in the latter part of the season.

**Angel, J. E.**, wing—A speedy and courageous youngster with marked natural ability.

**Combe, A. G.**, half-back—Strong and determined, he developed into a class defender. He has good anticipation, goes through hard and kicks strongly.

**Davies, D. C.**, half-back—Mobile and determined, a safe mark and a good kick, he played some very good football.

**Freburg, P. C.**, half-forward—A good mark and strong kick, he played really well against St. Peter's, but his form was very patchy in other games.

**Hains, J. D.**, half-back—A strong, determined defender, very safe overhead, he played sound football in the early part of the season.

**Laidlaw, G. T.**, ruck—A busy, bustling player who played several good games. His groundwork and kicking are very uncertain.

**Papworth, R. W.**, full-back—Marks safely and anticipates very well. He held his position consistently during the season. One of our best players.

**Skinner, M. H.**, ruck—Tall and mobile and a high leaper, he was playing very good football when an injury cut short his season.

**Stain, P. W.**, half-back—A promising youngster who improved with every game.

**Woollacott, M. H.**, utility—A competent player, strong, determined and a good mark and kick, he gave good service in a number of positions.

**Woodruff, P. W. H.**, ruck—Strong and determined, and an excellent mark and good kick,

he was hampered by injury for a good part of the season.

**Reichstein, B. D.**, back pocket—He has pace, good anticipation and plenty of determination, and has developed into a sound footballer.

**Mooney, G. J.**, defence—A safe mark and tenacious groundworker, his effectiveness is limited by indifferent disposal.

**Bagshaw, R.**, rover, half-forward—A bustling, determined footballer. A good ball-getter but his disposal of the ball is slow and uncertain.

**Drew, C. V.**, wing, half-forward—Speedy and quite a good mark and kick but his position play and general handling are uncertain.

**Angel, R. J.**, half-forward—A good groundworker and an excellent kick but a lack of speed and vigor limit his effectiveness.

**French, D. N.**, rover, half-forward—A promising youngster who makes position well and wins kicks by his strong and persistent groundwork.

**Jolly, M. A. B.**, ruck—Tall and strong, he goes in hard and hits out well but his field play is slow and uncertain.

**Hall, I.**, wing—A fine mark and kick and a good mover, but his general play lacks aggressiveness.

**Hall, I.**, half-forward—A youngster of considerable promise. His play is purposeful and effective but he needs a more aggressive approach.

**Chappell, L.**, half-back—Opportunity did not come his way. He is a very competent footballer but limits his effectiveness by playing from behind.

**Smith, R. B.**, half-back—A competent player, strong overhead and a good ball handler.

**Willcox, D. R.**, rover—A robust and speedy groundplayer who played well when brought into the side late in the season.

### FIRST EIGHTEEN RESULTS

#### 6th June—P.A.C. v. C.B.C.

	1st	2nd	3rd	Final	Pts.
P.A.C.	7-4	14-12	19-15	24-21	165
C.B.C.	0-0	0-0	0-1	0-1	1

Goalkickers—Morton (10); Phillips (4); Trowse, Hurn (each 3); Angel (2); Skinner, Moore (each 1).

Best Players—Hurn, Trowse, Moyses, J. Angel, Moore, Woodruff, Phillips, Morton, Skinner.

Our first match was against Christian Brothers' College on our ground. The match was played under perfect conditions. Our centre-line, with Moyses at centre, continually sent us into attack where Hurn, at centre half-forward and Morton at the goalfrost helped to build up an overwhelming lead. The rovers, Trowse and Phillips, scouted cleverly around

the packs and between them scored seven goals. This was an encouraging beginning to the season but our back-lines had not been tested.

#### 13th June—P.A.C. v. S.C.

	1st	2nd	3rd	Final	Pts.
P.A.C.	3-5	7-9	12-11	16-15	111
S.C.	1-2	4-2	6-3	8-3	51

Goalkickers—Morton (7); Phillips (4); Angel, Hurn, Freyburg, Trowse, Skinner (each 1).

Best Players—Trowse, Moore, Morton, Phillips, Moyses, Freyburg, Davies.

This match was played under very gusty conditions at Scotch. Woodruff was out injured (the injury prevented him playing the next six matches) and Woollacott played on the half-back flank. There was a considerable drop in standard from the previous match as the half-forwards were playing from behind; the rucks were too far from the centre bounce and generally there was not enough teamwork. Morton again played brilliant football in kicking seven goals. Only in the last quarter did the team show some drive in outscoring our opponents against the wind.

#### 20th June—Bye

#### 27th June—P.A.C. v. A.B.H.S.

	1st	2nd	3rd	Final	Pts.
A.B.H.S.	6-1	6-2	9-4	10-5	65
P.A.C.	0-1	6-8	7-9	8-12	60

Goalkickers—Morton (3), Trowse, Drew, Hurn, Moore, Bagshaw (each 1).

Best Players—Skinner, Ashby, Papworth, Hurn, Moyses, Woollacott, J. Angel, Trowse.

Our third match was played against Adelaide High on our ground. As expected this was a close, hard game in which we were unfortunate to lose Trowse at half-time with cracked ribs and concussion. Skinner and Ashby rucked strongly while Papworth defended brilliantly at full-back. We began poorly but showed a good fighting effort in closing the margin at three-quarter time to seven points. In the final quarter we failed to make use of the breeze due to the ragged forward work and lack of handball. The match ended in Adelaide High being the victors by five points.

#### 4th July—P.A.C. v. Rostrevor

	1st	2nd	3rd	Final	Pts.
P.A.C.	5-3	11-4	14-8	18-12	120
R.C.	1-1	1-2	2-3	3-3	21

Goalkickers—Morton (8); Bagshaw, Freyburg (each 3); Laidlaw, Hurn, Phillips, Woollacott (each 1).

Best Players—Morton, Moore, Ashby, Freyburg, Hurn, Hains, Bagshaw, Moyses.

This match was played against Rostrevor at Rostrevor. Again conditions were gusty, but there was a noticeable improvement of form by most players. Morton, having a most successful season at the goal-front, was fed by the half-forwards and kicked eight goals. Moore, playing wing and Ashby in ruck provided much drive throughout the match. The team was now functioning well, despite players out with injuries, and we looked forward to the next match against Sacred Heart.

11th July—P.A.C. v. S.H.C.

	1st	2nd	3rd	Final	Pts.
P.A.C.	1-2	5-8	8-9	11-11	77
S.H.C.	4-1	5-1	6-2	6-4	40

Goalkickers—Morton (7); Phillips (3); Reichstein (1).

Best Players—Papworth, Morton, Moyses, Davies, Ashby, Hurn, Hains.

With great enthusiasm we met Sacred Heart on our front oval. All players were keen to impress as the Intercoll. was two weeks away. Under ideal conditions the match began evenly. After a most inspiring talk at half-time by Mr. Bennett, we went on to the field determined to win. Immediately drive came from Moyses at centre, whose passes found Morton. Papworth at full-back and Davies at centre half-back turned back countless numbers of Sacred Heart attacks to give our forward lines plenty of drive. After this fine effort we confidently looked forward to a good performance in the Intercoll.

18th July—P.A.C. v. P.G.S.

	1st	2nd	3rd	Final	Pts.
P.A.C.	4-2	8-6	11-10	15-16	106
P.G.S.	1-1	2-3	4-8	5-10	40

Goalkickers—Morton (11); Stain (2); Trowse, Phillips (each 1).

Best Players—Moyse, Morton, Trowse, Woollacott, Skinner.

We met Pulteney Grammar on the front oval, confident after our decisive win over Sacred Heart. Hopes were high of a victory but we began slowly. Moyses again was playing well, and combining with Morton, compiled a useful lead at half-time. Trowse was roving well after recovering from his injuries and Woollacott was showing great form. Players began looking after themselves as the Intercoll. was one week away. The standard dropped and the match ended tamely but without a casualty.

1st August—P.A.C. v. A.B.H.S.

	1st	2nd	3rd	Final	Pts.
A.B.H.S.	2-3	4-5	7-10	9-12	66
P.A.C.	1-8	1-9	3-12	5-14	44

Goalkickers—Morton (3); Phillips (2).

Best Players—Ashby, Hurn, Moore, Woollacott, Morton, Phillips, Trowse.

After our defeat in the Intercoll. and our previous loss to Adelaide High we met them on their ground keen to revenge these defeats. Several positional changes were made and we took the field determined to win. Ashby played brilliantly in ruck while Hurn in his new role as follower also played well. Moore fought doggedly on his wing and provided drive several times but to no avail. Inaccurate kicking ruined our chances in the first quarter. From then on the team was outplayed and we missed goals frequently.

8th August—P.A.C. v. K.C.

	1st	2nd	3rd	Final	Pts.
P.A.C.	2-1	4-6	7-10	9-13	67
K.C.	0-0	1-1	1-2	1-3	9

Goalkickers—Woollacott (5); Hurn, Morton, Phillips, Moyses (each 1).

Best Players—Davies, Moore, Morton, J. Angel, Moyses, Hurn.

Anxious for a win, we played Kings at Kings. Conditions were perfect, but we began sluggishly. The game developed into a scramble with few patches of good football. At half-time we held a useful lead with Davies playing solidly on the half-back flank, Moore winning his wing and Morton playing well at centre half-forward. Once again inaccurate kicking for goal marred what patches of good football we did play. Woollacott marked strongly and kicked five goals in his new position of full-forward.

15th August—P.A.C. v. I.C.

	1st	2nd	3rd	Final	Pts.
P.A.C.	2-2	4-3	7-8	9-11	65
I.C.	1-1	3-3	6-5	7-17	59

Goalkickers—Hurn, Morton, Woollacott (each 2); Hains, Ashby, Bagshaw (each 1).

Best Players—Combe, Trowse, Ashby, Woodruff, Papworth.

After a hard game against Melbourne Grammar the previous day, the team met Immanuel on their ground. Moyses was out through injury. The game began slowly. The team lacked concentration and pace, and at half-time were only one goal ahead. In the final half Immanuel were extremely unlucky in kicking twelve successive behinds. If they had kicked straighter they would have won. As it was, Ashby kicked the winning goal for us just before the final bell.

P.A.C. v. Melbourne Grammar School

	1st	2nd	3rd	Final	Pts.
M.G.S.	4-7	6-9	9-9	11-9	75
P.A.C.	0-0	0-2	1-2	3-3	21

Goalkickers—Moyse, Trowse, Woollacott (each 1).

Best Players—Ashby, Moyses, Morton, Phillips, Combe, Papworth, Stain.

This match was played on our front oval on 14th August. Conditions were ideal and we were out to show the Melbourne team that we could play good football. Our inexperience against a Melbourne side soon showed as we were winning few positions on the field. Ashby's rucking was, as usual, a marathon effort while Moyses played brilliantly at centre. Morton at centre half-forward and Stain, on the half-back flank, were both winning their positions. Soon after half-time Moyses scored our first goal, and it was not until the last quarter that we settled down and outscored Melbourne Grammar through goals from Trowse and Woollacott. Phillips (ruck), Papworth (full-back) and Combe (centre half-back) played sound football. The Melbourne side was too good for us, running out winners by 54 points.

P.A.C. v. Wesley College

	1st	2nd	3rd	Final	Pts.
W.C.	2-3	9-6	11-12	15-15	105
P.A.C.	0-1	1-2	2-5	4-9	33

Goalkickers—Trowse, Hall, Hurn, Woollacott (each 1).

Best Players—Ashby, Moyses, Morton, Papworth, Combe, Davies, Trowse.

We met Wesley on the front oval on 24th August under perfect conditions. In the first quarter we failed to make use of the wind and were down at the end of it. At half-time we were trailing by more. While Ashby, Morton, Moysé and a few others never gave in, the rest of the team were not showing their best form. Ashby is to be congratulated on winning the Old Scholars' Trophy for the best player against Wesley and this ended a successful season for him.

Our sincere thanks and appreciation go to Mr. Bennett for his coaching and helpful advice during the season. He has done a remarkable job and we appreciate the tremendous amount of thought and care he has shown. Disinterestedness shown by some members of the practice squad did them no credit and spoilt the very good efforts of the remainder.

### OTHER MATCHES

#### Second XVIII

This year the Seconds had a fairly successful season, winning five of the nine matches played. We were defeated by Saints Under 16 team twice, A.B.H.S. Seconds, and Concordia First XVIII.

Graeme Mooney was awarded the trophy for the best and fairest for the season, while Smith was runner-up. Others to play well during the season were Angel, Chappel, A., and Jolly.

The leading goalkicker for the season was Smith. Our largest defeat and victory were both against A.B.H.S. Seconds.

On behalf of the team I would like to thank Mr. Prest for his helpful coaching and advice.

#### Thirds (Red)

We did not have a very successful season but we were always optimistic after our first and only win which was our private "Intercoll." against Saint's Thirds.

During the season we lost by widely varying margins to S.C. Seconds, I.C. Seconds, C.B.C. Seconds, A.B.H.S. Thirds, S.H.C. Thirds and the Dayboys' Thirds

We would like to thank Mr. Leak, Mr. Prest and various members of the First Eighteen for the advice and coaching they have given to us.

#### Thirds (White)

The dayboys thirds had a fair season, winning four of the ten matches played. We defeated C.B.C. Seconds, K.C. Seconds (twice) and the Thirds Reds, and were defeated by A.B.H.S. Thirds (twice), P.G.S. Seconds (twice), S.H.C. Seconds and Scotch Seconds.

Best players were Jolly, Lovell, Pontifex, Chappell, Daebeler, Perrin, Dakin and Balfour.

We would like to thank Mr. Leak, Mr. Prest, and the members of the First Eighteen who helped us, for their invaluable advice and coaching.

#### Under 15 "A"

This year the Under 15 "A"s have completed a most successful season in winning nine of the eleven matches played. We lost once to A.B.H.S. and were narrowly defeated by the school's Second Eighteen. In the remaining matches we defeated P.G.S. three times, Saints twice, A.B.H.S., K.C., S.C., and S.I.C.

The most consistent player for the season was French (who won the trophy for the best and fairest player) while Ellis, Hall, Darley and Webb combined well to win many matches for us. Jackson, at the goalfrost scored most goals. We extend our congratulations to J. Angel and Stain on being selected in the Intercol. team.

The team would like to thank Mr. Keeves for the advice he has given us and the interest he has shown in us throughout the season.

#### Under 15 "B"

This season we were fairly successful in winning seven of the eleven matches played. Those lost were played against "A" teams. The best players for the season were Hill, Bruce, Cowham, Bayly, Saint, Acott and Smith.

Thanks are due to Mr. Keeves for his helpful advice throughout the season.

#### Under 15 "C"

Due to a most enthusiastic attendance at football practices a third Under 15 team was formed under the supervision of Mr. Keeves. Although the team was formed late in the season four games were played; we scored a win against P.G.S. "B"s and two losses to Saint's "B"s and S.I.C. Under 15 "A".

The most consistent players were Marrett, Mathews, Stone and Sommerville. Thanks are due to Mr. Keeves for arranging the matches and for his untiring encouragement and coaching.

#### Under 14 "A"

The Under 14 "A" football team has had a fairly successful season, having won five matches and lost six. We defeated A.B.H.S., S.C., S.P.S.C., K.C. twice, and were defeated by A.B.H.S., S.C., C.B.C., R.C., S.H.C. and I.C. Some results were close and others distant. Throughout the season votes were given for the three best players in each match and at the end of the season Lock was awarded the cup. Williamson and Vile were a few points behind. Many thanks go to Mr. Provis, our coach, for his patient and helpful coaching.

#### Under 14 "B"

During the winter term, the "B" team has progressed week by week under the supervision of Mr. Provis. Although we had many defeats we were successful against S.C. and P.G.S. and went down narrowly to S.P.S.C. The best players throughout the season were Woodrooffe, McArthur, and Eglinton. We would also like to thank Mr. Provis for his helpful advice during the season.

**Under 13 "A"**

The Under 13 "A"s did not have a very successful season, winning only four of the ten matches played. With a strong centre line and rucks, we won the opening match against A.B.H.S. The next three matches were lost and it was not until we played A.B.H.S. "B"s that we finally won again. We defeated them 16 goals 21 behinds to 1 behind.

After this came three successive wins and then a narrow defeat of 1 behind by Scotch. The last three matches were lost. The most outstanding players for the season were Denton, Tilbrook, McCallum and Koch.

The team would like to thank Mr. Gabb for his helpful coaching during the season.

**Under 13 "B"**

The Under 13 "B" team was successful in only two of its eleven matches. At the beginning of term Hannaford was elected captain with Searle vice-captain. All boys who attended practice were chosen to play in at least one match. We would like to thank members of the Intercoll. team for their assistance in coaching our side.

**Under 13 "C"**

Due to outstanding attendances at practices an Under 13 "C" team was formed for two matches.

P.A.C. 3—5, defeated by S.C. 7—3  
Best—Hester, Manuel, Rowe  
P.A.C. 2—3, defeated by S.C. 8—5  
Best—Manuel, Rowe Miller

The team thanks members of the Intercoll. team for their assistance in coaching them.

## Basketball

This year, basketball at P.A.C. has been quite successful. The Under 16 team came third and the Under 14 team won the premiership. At last we now have our outdoor, full-size court. It was ready for use in the second term.

We must congratulate Geoff. Brown and Keith Hocking on their selection for the Under 16 State practice group. It should be noted that Brown missed selection for the State team by one berth.

The "A" team, which played on Thursday afternoons, was captained by Walkley. We have improved immensely since last year, and came fifth on the premiership list. Our best win was against Pulteney Grammar School, when we won easily 60—16. The best players for the season were Walkley, Dube and Hall. Some of these boys played also in our Under 18 team playing on Saturdays with Walkley as captain. We came seventh although we played against the best juniors in the State. Halfway through the season we were coming second, but after losing our star guard, Dube, with a dislocated kneecap, we gradually slipped down the ladder. The season's most consistent players were Brown, Lokan and Hacket-Jones.

The "B" team, captained by R. W. Smith, had quite an unlucky season, losing many matches by a small margin. However, they played well to finish sixth. The most consistent players were Smith, Kerr, and Mickan.

The Under 16 team composed of some of the "B" team were unlucky to strike bad form at the wrong end of the season. At the end of the minor round, they were running second, level on points with the top team. They were defeated both in the second semi-final and preliminary final. Best players were Kerr, Hocking and Pascoe.

The Under 14 team, with Elvish as captain, played well throughout the season to defeat C.Y.M.S. in the grand final, 29—9. Best players were Elvish, Eberbach, Davis and Huntley. We should have quite a strong Under 16 team next year.

Finally, I wish to thank Mr. Woollard on behalf of all basketballers in this school for the wonderful job he has done to establish basketball in P.A.C. Our success is due to his fine efforts in coaching us.

**HOUSE BASKETBALL**

The house basketball proved a very interesting competition this year. In the first round, Waterhouse easily disposed of Bayly, 44—33, and Cotton comfortably beat School 37—19. In the second round Cotton defeated Waterhouse easily, 39—29, and School, under the leadership of the experienced Thompson, surprisingly beat Bayly. In the challenge match Waterhouse defeated School 35—18. So, final positions for house basketball were Cotton, Waterhouse, School, and Bayly.

## SCHOOL SPORTS

The annual Athletic Sports Day was held on Saturday, 11th April, under perfect conditions. The weather was ideal and the track fast. There was a fine attendance of parents and friends and some excellent performances were achieved by the competing athletes. The afternoon was most enjoyable and once again Mr. Kurtz is to be congratulated on the excellent arrangements which made things run smoothly.

This year the House March was won by School and we congratulate them on their fine performance. Because of last year's high standard in athletics, records were difficult to obtain. Despite this fact, five records were broken and three equalled. It was particularly pleasing to see Hurn break the Senior Broad Jump record as it had stood for thirty-five years.

The Senior Cup was won by Hurn whose excellent all-round ability gained him five first places in the five events he entered, giving him 25 points in all. He must be especially congratulated on his jump in the Broad Jump. He also equalled the record for the 220 yards hurdles and won the 100 yards, High Jump and 120 yards hurdles.

Phillips and Gerard were runners-up to Hurn, both with 13 points. Phillips won the Mile, 880 yards and was second in the 440 yards, while Gerard won the 220 yards, 440 yards and was second in the 100 yards. Ashby with 12 points was next. He won the Shot Put and gained places in the 100 yards, High Jump, 120 yards hurdles and 220 yards hurdles.

The Under 16 Cup was won by Reichstein with 17 points. He gained places in four events, breaking the 440 yards record by 0.7 seconds. He also won the 100 yards, 220 yards and was third in the 100 yards hurdles. Morton ran in record time for the 100 yards hurdles since they have been lowered three inches corresponding to the height of the hurdles in the Combined School Sports. Mention must also be made of Kobelt who gained second places in four events. Daebeler won the Broad Jump, P. Day won the Shot Put and Bastian won the 880 yards.

The Under 15 Cup went to Stain with 16 points. He won the 220 yards and was third in the 100 yards hurdles. In the High Jump Angel broke the record by 2½ inches. We congratulate him on his fine jump. In addition to this he gained places in 100 yards, 220 yards, Broad Jump and 100 yards hurdles. Day ran brilliantly in the 100 yards hurdles to break the record by 0.5 seconds. He also won the Broad Jump and the Under 16 Shot Put. Acott won the 100 yards while French won the 880 yards.

Heaslip won the Under 14 Cup with 18 points. He won the 75 yards, 100 yards, Broad Jump and was second in 75 yards hurdles. Williamson won the High Jump and Lock won the 75 yards hurdles. Morris did well in gaining two second places and a third.

Winter gained 10 points to win the Under 13 Cup. He sprinted well to win the 75 yards and 100 yards. Watkins won the High Jump and gained a place in the 100 yards while Koch won the 75 yards hurdles and tied with Denton for third place in the High Jump.

Five old scholars' events were held this year. In the 220 yards hurdles Crawford ran brilliantly to win, equalling the record time of 24.9 seconds. Peter Hopkins equalled the record of 10.1 seconds in winning the 100 yards and Dyke, in the Hop, Step and Jump leaped 43 feet 6½ inches. In the Shot Put Koch won with a distance of 52 feet 5 inches while Ridgway won the Half Mile Walk in the time of 4 minutes 0.8 seconds.

The House Competition proved to be one-sided. School House were very strong and again showed their supremacy in athletics over the other houses. The nearest house was Cotton who were 89 points behind School House. The thanks of the school are due to all those whose efforts assisted to make this annual event such an enjoyable occasion.

**COMBINED SCHOOL SPORTS**

For the first time since entering the Combined School Sports, Princes lost, being defeated by Rostrevor and St. Peter's College. Princes gained 114 points, narrowly defeated by St. Peter's with 116 points and well beaten by Rostrevor with 136 points.

The senior team was not as strong as in previous years but the under 15 and under 16 sections were strong, and outscored other schools with 63 points.

No Prince's boy gained a first place in any open event, but Hurn did well to come second in the high jump (lost on countback) and third in the 100 yards and Broad Jump.

Daebeler performed well to win the under 16 Broad Jump with a distance of 19 feet 7 $\frac{1}{2}$  inches.

Morton hurdled in grand style to win the under 16 100 yards hurdles.

Phillip Day ran excellently to win the under 15 100 yards hurdles in a record time of 13.3 seconds, breaking the previous record by 0.6 seconds. He also gained third place in the broad jump.

John Angel won the under 15 high jump with a very good height of 5 feet 3 $\frac{1}{2}$  inches.

We congratulate the other members of the team on gaining selection, and on doing their utmost to save the day.

The thanks of the team go to Mr. Connell for his efforts on their behalf.

## Rowing

This year there has been a marked improvement in keenness in our Rowing Club and a good spirit throughout. This is shown not only by good attendances at training but also the eagerness to help in other ways. This enabled us to enter more crews in the regattas preceding the Head-of-the-River than we have for several years. There has been an increase in the number of seniors participating in the sport, but the largest increase was in the juniors, whom we hope will continue in the sport in the coming years.

Another notable fact was that this year for the Head-of-the-River Regatta we rowed the lightest crew in each event, but lack of weight was largely compensated for by skill.

### Under 15 Tub Slides

Bow, Randall, D. W.; 2, Gardiner W. C.; 3, Giles, W. A.; Stroke, Susans, M. R.; Cox, Freeman, P. J.

A notable feature was their ability to sit their boat up and on occasions their finishing bursts were remarkable for one of the lightest crews on the river.

They rowed very fast times, but in the last week Giles developed tonsillitis and much valuable training was lost at this crucial stage.

In the second heat of the Head-of-the-River Regatta they were defeated by Scotch by half a length in fast time. Their coach was W. R. Giles, who put much effort into their coaching, as well as his duties as Captain of Boats.

### Under 16 Tub Slides

Bow, Charlick, A. M.; 2, Kirk, J. M.; 3, Watkins, T. J.; Stroke, Bagshaw, R. K.; Cox, Boswell, R. W.

This crew worked hard and their rowing in the Head-of-the-River Regatta showed their true form.

In the second heat of their event they easily defeated Scotch by three lengths, drawing away steadily from the very start. In their final against Saints they once again rowed to a close finish, thus earning a well-deserved win.

Congratulations go to this crew and especially to their coach Dr. Rennie, who spent a large amount of time and energy on them.

### Open Crew

Bow, Bowen, D. F.; 2, Kelly, W. R.; 3, Rowe, J. R.; Stroke, Cox, L. R.; Cox, Dalton, G. J.

Through their willpower and keenness this crew made rapid improvement. In the Head-of-the-River Regatta heat they defeated Scotch by two lengths. Their excellent style enabled them to get the boat running and sitting up well.

The final was a very close race against High School. Being very light, they fought well and it was stroke for stroke throughout the race

but unluckily High School were just completing their stroke as they passed over the line, giving them the win by the narrow margin of eighteen inches.

The crew extend their thanks to Mr. D. H. Prest, their coach.

### The Second Eight

Bow, Jacobs, D. L.; 2, Davey, A. H.; 3, Nelson, P. J.; 4, Jenkin, W. W.; 5, Cooper, D. M.; 6, Barker, D. E.; 7, Dibden, C. F. A.; Stroke, Ackland, P. R.; Cox, Souton, I. R.

This crew also made good progress. They rowed well and were unfortunate in losing Vandeeper to the First Eight.

In the Head-of-the-River they had bad luck in that Cooper's seat became detached and he rowed the race upon the brass slides which he found rather hard. They thus proved no match for Saints who easily defeated them because Princes were unable to raise their rating.

The crew extends their thanks to Mr. P. A. Humble who as usual spent much of his valuable time coaching them, and as usual formed a really good crew.

### The First Eight

Bow, Fleming, A. J.; 2, Kallin, J. L.; 3, Jarman, D. J.; 4, Jarman, R. J.; 5, Woodruff, P. W. H.; 6, Vandeeper, S. S.; 7, Binder, J. R.; Stroke, Clarke, W. B.; Cox, Prentice, A. J.

This year the crew showed much promise, rowing five days a week and having P.E. every Friday.

In the Port Adelaide Regatta they rowed well to come third in the mile-long course. In the Metropolitan Regatta they defeated a men's crew comfortably to win the Junior Eights.

The Head-of-the-River was a warm day and we had drawn Saints. The heavier Saints drew away and won comfortably in the first heat. We offer our congratulations to Scotch who defeated Saints in the final to win the Head-of-the-River.

The crew would like to thank Mr. C. D. Mattingley for his coaching and the valuable help and time he has given to them.

### Notes

There has been much activity in the boatshed this year and the fleet has been overhauled, so that it now includes seven Tub IVs. During the year a new Racing VIII was delivered.

The Rowing Club would also like to thank Dr. Rennie for his extreme interest and help in this mid-year rowing and work with films on rowing and lectures. Throughout the year his coaching, advice and help have been a valuable asset.

The boys would also like to thank Mr. Mattingley for his coaching and his running of the Boat-Cub which has been in good spirit throughout.

### THE GREATEST PERSON ALIVE

Not one of us knows what effect his life produces, and what he gives to others. That is hidden from us and must remain so, though we are often allowed to see some little fraction of it so that we may not lose courage.—Memoirs of Childhood and Youth.

The question is often asked: "Who is the greatest person alive?" The answers are rather varied. Some choose men like Churchill, the Dalai Lama, de Gaulle, Nehru, Eisenhower and other personages who are making news daily. There is, however, one man greater than all these, and one whose name seldom appears in print; and when it does, only when he is on one of his brief visits to his home. If you wished to meet him, you would have to travel for days in a 'plane, and the last few miles in a dug-out canoe, to his hospital and home at Lambarene, French Equatorial Africa. There you would meet a tall man of eighty-four, with grey wispy hair and a large moustache of the same colour. This man is Albert Schweitzer, who is comparatively unknown for his great work among the natives in French Equatorial Africa.

When Albert was at his Kaiserberg home, he was weak and frail, but when his father, a minister, became pastor at a church in Gunsbach, they moved to a house in Gunsbach. Maybe it was because of his mother's prayers or the mountain air or both that he grew into as healthy a child as any. He soon began to look forward to Sunday, when his father would preach in his simple way in his church. Albert came to know the characters in the Bible as well as his own play-mates, and the places in the Bible as well as the surrounding countryside.

A few years later, Albert found that his conscience was too strong and he could never lie, even if he had to let down his best friends. One day, when he went shooting with one of his friends, he found he could not shoot the birds, and scared them away before his friend could do so. Young as he was, he knew that it was not right to kill birds; and, later in life, when he could express himself, he reasoned that everything had a right to live. Who was he to take a life without cause? A few days later he beat a boy in a fight; but, when the boy said that he had been beaten because Albert had better food than he, Albert lost all the joy of winning the fight.

The next year Albert was sent to a big school at Mulhouse where he had hardly any time for relaxation. Even the joy of playing the piano, which he had been able to do since the age of five, was lost under the incessant pressure which

his music teacher put on him. His school work was not as good as it used to be for the same reason.

On his return home with a bad report, he could see how disappointed his parents were; but he said he would try harder next term. However, when the next term came, it was just the same. One day a new teacher came, and, because of his method of planning the lesson beforehand, so that the lesson would finish at the point he wanted it to, Albert's schoolwork was completely altered.

Taking the teacher as his example, Albert planned his day before him. As a result of this, his work improved considerably. This improvement was also due to the fact that Albert now took his lessons as a challenge. His music teacher said one day that he was no good as a pianist and put no feeling into his music. Albert all that night practised "Song Without Words" and adapted it to his playing. The next day he played it for his teacher and he was so successful that his teacher and he became firm friends until the older man's death.

When it came to leaving Mulhouse, Albert was very sad to do so, as he had, by then, eight years after his arrival, made many friends. After leaving Mulhouse, he won a scholarship and went to the University of Strasbourg, where he gained his doctor's degree in both theology and philosophy. He made a vow about this time, that when he reached thirty years of age, he would go and give up his life to others less fortunate than he.

During his time at the University of Strasbourg, he had become interested in pipe organs and had become a great player of them. Also during his time at Strasbourg he had written several books on famous musicians, and had become the principal of a theological college.

He was still dissatisfied with himself and went to medical school. While studying there, he often preached sermons. These were liked by all, as they were preached in his father's simple way, and everybody could understand them. After one of his sermons he met his future wife—Helene Bresslau.

Albert was acclaimed everywhere at this time because of his books, preaching and organ playing; and when he decided to go to French Equatorial Africa, everybody was against it. However, he managed to raise some money for medical supplies and went there, accompanied by his wife, who subsequently had to return home because of ill health.

As soon as he arrived there, natives came with all their ailments to him. He was always busy and at last managed to build a hospital. During World War I he was taken prisoner

of war. Undaunted, he carried on his work as a doctor by healing and comforting the sick and wounded in prison camps.

When the war was over he returned to Africa and built a bigger and better hospital. Now that he was assisted by nurses, his work became less pressing and he found time to write some more books and to practise his music on the one piano at Lambarene, for he was always appearing in recitals on his short visits home. He went back to his home and wife only once in every three years—his wife's health preventing her from joining him.

When the Second World War came, Doctor Schweitzer found it very difficult to obtain medical supplies. This was relieved by the people of America, in the form of a gift containing all the most urgently needed supplies, as well as a pair of rubber gloves for the doctor's use in operations. His other pair had worn out and he had been wearing some which were two sizes too big. All during the war the nurses stayed with him. His wife, after arriving at Lambarene by a very round-about way, worked indefatigably, although constantly worried by her health.

During all his time in Africa, Doctor Schweitzer never harmed an animal, unless to put it out of its pain. While he was at Lambarene, the doctor received thousands of letters commending him on a speech he made to celebrate the two hundredth anniversary of Goethe's birth. He, in his sincere way, attempted to reply to all these letters, although it meant many long nights for him under the light of an oil lamp.

In 1953 a servant rushed in to tell him that he had received the Nobel prize for peace. He put down his pen, and, without speaking a word, covered his face with his hands. The money which he received from this award and an equal amount from Norway, were spent in building a village for lepers. At this village were good houses, and a modern examination room and all the lepers were eventually cured and could return to their villages.

In 1955 Albert Schweitzer received the Order of Merit from Her Majesty the Queen. The only person outside the British Empire to receive this award is President Eisenhower. After having an honorary degree in law bestowed upon him, Doctor Schweitzer returned to Africa where he still continues his work to this day.

Doctor Schweitzer himself wrote the lines at the start of this brief resume of his life; and his life really had an effect—a great effect—on other people's lives. Despite his great brilliance as an organist, his outstanding work among the natives and his superb philosophy, he has not lost his humility. These things and many others make him, I believe, the greatest man alive.

### BEHIND THE FOOTS

Hours before the curtain's due  
The cast arrives, and so do you;  
Discuss critiques a while, and then  
Don the play's own garb again.

Last night's performance wasn't bad  
Although the audience acted mad.  
They couldn't even raise a grin;  
The words just didn't sink right in.

Five minutes left to check your face,  
Seconds like those could never race.  
You stand around, the greases melt  
And itches come you've never felt.

The curtains up; so this is it.  
You see the people in the pit.  
They fix you with an icy stare;  
You feel just like some wonder rare.

Soon their stare becomes a grin,  
The icy layer was but thin.  
This warms them to the actors' hearts  
And makes them put more in their parts.

The last act's o'er, the time's flown fast.  
The proud producer greets his cast.  
"Best audience yet; they made the show.  
A pity that they had to go."

The show is finished once again;  
You clean your face, get changed, and then  
Go home to catch some well-earned rest,  
Content you've tried to do your best.

### BOHEMIA

Next year many "Old Boys" of P.A.C. will become "Young Men" at Adelaide University. Here awaits them a strange new world. In the vaults of these hallowed halls float the soundless echoes of questions asked by those generations who have passed before. When? How? and Why?

University is the place of the "Angry Young Men" who have left behind the shackles of schooldays and convention. Beards, duffle coats and corduroys mark them out as citizens of the weird new world of "Bohemia."

There he goes to "Who knows what?" on rippling soles of crepe,  
His hair unkempt, his face unshaved and trousers out of shape.

He has the opportunities his parents never had,  
But somehow never sees this when he's quarrelling with Dad.

In politics, religion, and in every sphere of thought

He seems to have gained nothing from the lessons he's been taught.

His thoughts are queer, his parents know; experience proves them wrong.

They're strange ideas but don't forget, to him they're good and strong.

He's out to change the world; perhaps he'll do  
it by and by,  
Perhaps he won't, but, even so, he's going to  
have a try.  
Young rebels keep the torch alight, the wiser  
men agree.  
What of my generation? Well, I guess we'll  
wait and see.

### OUR CANARY

The golden songster lifts his head and sings  
Upon the quiet waking air of dawn;  
As every day a living song is born  
Of joy and hope, that glorious music wings.  
His wise philosophy with melody rings,  
That we should start afresh from early morn;  
Kind deeds, kind thoughts, kind words, till we  
are worn  
From giving joy, that only kindness brings.  
A bird so small with such a wondrous part,  
To play upon this grim old earth each day;  
He well deserves the love from our own heart,  
To make his cage a comfort every way;  
A world of music from one note can start,  
And neighbouring birds trill back with chorus  
gay.

### THE JOHN FLYNN MEMORIAL CHURCH — ALICE SPRINGS

I think one can say without doubt that the most imposing structure in Alice Springs is the John Flynn Memorial Church. This church was built to commemorate the life of the Very Reverend John Flynn, O.B.E., D.D., the founder of the Royal Flying Doctor Service and the first superintendent of the Australian Inland Mission. This £41,000 church, which took two years to build, must surely be the most symbolical modern church in Australia.

The first thing that strikes one on entering the church is the design, for the Flynn church is composed of three entirely different forms—the shrine, circular in shape, the rectangular church and the open-air bush clearing which is oval in shape. All of these forms harmoniously blend together.

The entrance to the memorial church is characteristic of the whole design, with an emphasis on certain very distinctive aspects of Flynn's approach. For to enter the church one has to cross a pool. Besides signifying that one must leave behind the things of the world when worshipping God, it reminds one that Flynn's early work was spent in drawing up rainfall and water drainage maps of Inland Australia. One of his favourite phrases was "Water is Life". Also water is one of the basic symbols of Christian life, and one realizes that no more fitting symbol could be used at the door of any church than the symbol of the entrance to the Christian life, the water of Baptism. Then there are the doors,

which are a striking example of the symbolic nature of the church. They are situated in the central north position opening towards the people and country which were Flynn's concern. The large plate glass entrance doors, with the initials J.F. placed centrally on the handles, are therefore wide open to the citizens of the North.

At the eastern end of the church is a sandstone wall which is much like a rugged red cliff in appearance, and which, when illuminated at night, seems to glow; during the day it "hovers mystically amid a glow of diffused blue-tinted daylight," and appears to move towards the people, carrying the message of Christ to them. This symbol of the bush has Christ, in the form of a cross, at its centre. The cross is made up of many small, porcelain crosses of St. Andrew. This is the "Shield of Flynn the Crusader" and we see Flynn, the dreamer, and his Master united.

The western wall is the second great rocky cliff, counterpoise to the Crusader's Shield. The latter appears to float in air, but this western wall, although very similar in shape rests firmly on the ground. It stands for the man, John Flynn, and guards the entrance to the museum which contains relics of his practical work in the outback and as founder of the Royal Flying Doctor Service. Built into this wall is a dedicatory plaque concluding with the words

"He spread a mantle of safety over inland  
Australia."

Sculptured into the cliff above this tablet is "The Mantle of Safety," a low-relief which summarizes his work.

And John Flynn, in memory of whom this church was built, will live for ever in the hearts and minds of the people of Inland Australia. His life and character may be summed up in Tennyson's immortal words,

"To strive, to seek, to find and not to yield."

I looked down  
And saw on the roof, under  
The jacaranda tree, a body, still, fur-clad,  
Grey and white, lying on the roof,  
On the myriad fallen leaves of the mighty jacaranda.

I wondered if it was alive  
For it was so still, on the roof  
Where the wind could not reach.  
It was afraid. Was it alive?  
And then it moved, raised its graceful body,  
Arched its back,  
and leapt.

## SCHOOL NOTES

### Staff

When the first term ended we said goodbye very reluctantly to Mrs. David Prest who had been taking care of IIA during Mr. Kitney's brief visit to England. Mrs. Prest endeared herself to the staff and boys during her term at the school. We wish her well and hope that she will come back from time to time to see us.

Mr. Kitney returned at the beginning of second term and was faced immediately with the task of licking into shape many of the items for the Prep. Concert. Those of you who saw the concert in July will know how well he succeeded.

### Painting

During the first and second term holidays the Boarding House was completely redecorated. Very little of the Prep. remains to be painted.

### Mothers' Club

The second term meeting was addressed by Mrs. David Prest who spoke amusingly of her experiences while teaching in English schools.

The Club has planned to assist the Prep. this year by providing class-room aids and a sand-pit for the younger boys. It is hoped that the sand-pit will be completed by the time this Chronicle goes to the printer.

The third term meeting will be held on 15th October, when Dr. Meadows of the University will speak on television and its effect on children.

The carol evening will be on 3rd December and the Fathers and Sons' Cricket Match and Christmas Tree on 12th December.

### Prep. Concert

The concert was held on 17th and 18th July. Once again the policy of two separate programmes was adopted. The senior concert was highlighted by some very pleasant singing by the Grade VI and VII choirs, "Lord Ullin's Daughter" with all elements provided, and a mad, merry play, "The Spirit" by III UA.

In the Junior concert, the programme provided a nice blending of music—vocal and instrumental—plays and enough unrehearsed bits to make it thoroughly enjoyable.

Congratulations to the staff and boys for the excellence of the performances.

In the last week of second term, III UB went on a full day's excursion to the Barossa Valley. The boys visited the Peter Simon Hatchery, run by two old Prep. boys, before viewing the other industries and towns that make the valley famous.

The boys of Grades III and IV visited the Parker's Colonel Light Bakery as the guests

of Mr. E. E. Parker. We should like to thank him and his staff for making this enjoyable visit possible.

All of the boys from IC to IIA attended the Norwood Town Hall in August to see Miss Cilli Wang's programme of puppetry, mime and dance. Miss Wang came from Holland to perform for the Australian Children's Theatre. Her programme was greatly enjoyed by all of the boys and the staff who attended it.

### Football

The Prep. School has had a most successful season. The first team won all of its twelve matches while the Seconds lost only one of its twelve.

A Grade V team played four matches. It won its game against Pulteney but lost the three it played against St. Peter's.

Players who have played well are:—

Firsts: Beauchamp, Thompson, Talbot, Woodcock, Jarvis.

Seconds: Eglinton, Chung, Gurner, Marshall and Close.

Grade V: Tregoning, Sellick, Palmer and Milner.

In the House Games instead of first and second teams, teams chosen from Grade VII and from Grade VI provided the two grades. Robertson won its two senior and four junior games and Chapple won one senior and two junior games.

### The Combined Sports, 1959

The Triangular Prep. School Sports were held on the Back Oval on 4th May.

Princes started well with wins in the Under 10 Long Jump and Throwing the Cricket Ball and led throughout the programme. Beauchamp, Sellick (2), Brown, Boer, MacNab, Marshall, Tregoning, Woodcock, and the Under 11 and Open Relay teams are to be congratulated on winning first places.

The team was particularly strong in the hurdle events with its twelve competitors winning five first, three second, and two third places in the six events.

For the first time since the inter-prep. competition started St. Peter's College was toppled from its pedestal.

Final results were: P.A.C. 109, S.C. 74, S.P.S.C. 48.

### The Prep. Sports

The Prep. Sports were held on Saturday, 2nd May. The weather was perfect and a large crowd witnessed a programme that ran smoothly from beginning to end. This smooth running was due in a large part to the loan of a "transhailer" by Mr. W. J. Smith. With it the marshals were able to collect competitors

without the shouting, the frayed tempers and the violent headaches of other years.

The Senior Championship showed an evenly matched group of competitors and was won by A. Woodcock with eight points from R. Hunwick with seven. Five other competitors had three or more points. In the Junior Championship P. Marshall won narrowly from P. Dalwood, thirteen points to eleven.

This year we had a particularly promising group of hurdlers. Ashley Woodcock with 11.6 secs. clipped .8 secs. off the senior hurdles and P. Marshall and R. Close lowered the Junior Hurdles to 11.9 secs.

Other record-breakers were P. Dalwood, Junior Hundred, I. MacNab, Under 10 Hundred and R. Hunwick, Senior Broad Jump.

Chapple House won the House Competition with Robertson second.

The prizes were presented by Mrs. Edgeloe.

An innovation, the House Tug-of-War, created quite an amount of excitement. Each team won one of the contests and shared the points.

**Standards**

The boys were keen and a very close tussle developed between Chapple and Robertson Houses. The final scores were Chapple 436, Robertson 435, and Mitchell 326.

**House Competition**

Points for the A. W. Welch Cup are as follows:—

First Term—		Rob.	Chap.	Mit.

From First Term	..	21	22	2
Work	....	3	6	-
Exams	....	3	6	-
Football	....	12	6	.
Total	....	39	40	2

**Collections**

The amount of £113/13/8 was raised in the first two terms for the various charities which the school supports.

**Natural History Club**

The usual May camp at Toc H Hut, Victor Harbor, was the main event in the first term.

Mrs. Gray is again to be congratulated for her management of the kitchen and her excellent cuisine. Helping her were Mrs. Robinson, Mrs. Tunbridge, Mrs. Whittenbury and Miss Wollaston. We are deeply grateful for the help given by Mrs. Gray and her helpers.

John Kallin, together with his team, Gray, Randall, Giles and Peterson, carried out the programme very efficiently. They are to be congratulated on a job well done. We should like to thank Mr. G. M. Gray who again helped us over the week-end.

The camp competition was won by the Emus, led by Tony Robinson.

During the second term we held two evening meetings. Mr. Pattison, who is a sea captain and is an expert on conchology, led the first. He gave an informal talk to members, parents and friends on various shells and curious objects from the sea. He followed this by an illustrated address on sailing ships and sailing ways. It was much appreciated by all.

For the second meeting, Mr. John Kallin brought out two television receivers, thus allowing us to use two classrooms for the large attendance.

The television programme was followed by a pasty supper and Cokes. We should like to thank Mr. Kallin and also Mrs. Close and Sister Rowe for heating the pasties and helping with supper.

**ORIGINAL CONTRIBUTIONS**

**THE NIGHTMARE**

It was a dirty night,  
 The wind howled,  
 The rain poured,  
 The man slept,  
 A door banged,  
 The chains rattled,  
 The wind whistled,  
 Still the man snored.  
 Then silence.  
 Something clammy touched his face,  
 The sleeper screamed.  
 He felt its breath, he leapt from his bed,  
 He lit a match.

WHAT WAS IT?

K. M., III LA

**THE TENNIS MATCH**

The courts looked fine,  
 And the sun was bright,  
 As I watched from my seat in the stands,  
 The people were gathering to view a sight,  
 Oft seen in many a land.  
 Our boys walked out  
 And the noise was hushed,  
 As our Captain gave his call,  
 The play then started, the net was rushed,  
 Each player gave his all.  
 I do not remember the final scores,  
 Or the names of the boys who won,  
 But I do remember the joy in my heart,  
 When the match was over and done.

P. W. P., III UA

**T.V.**

Television's here at last,  
Full-power transmission too;  
Homework, chores, all finished fast,  
'Ere we're allowed to view.

Room is darkened—light from hall,  
Chairs arranged all round;  
At the back must sit the tall,  
Small ones on the ground.

Concentration's fierce at first,  
Commercials quite annoying;  
Telephones now are cursed,  
Friendship near destroying.

Dashing cowboys riding fast,  
Flash across the screen;  
Bad men overcome at last,  
Marshal reigns serene.

Bedtime comes around too fast,  
Can just one more be viewed?  
Holidays, alas, are past,  
Discipline renewed.

**THE RIVER MISSISSIPPI**

On the River Mississippi  
Paddle boats are chugging ever  
Full of negroes singing gaily  
Singing of the rippling river.

J. F. W., III LA

**FISHING**

This summer if the weather's fine  
I'll spend my time with rod and line.  
Upon the shore I'll stand and cast,  
Then contemplate the ocean vast,  
And if perchance a fish should bite  
I'll haul it in with great delight.

B. F. C.

**RAIN**

Winter has passed with little rain  
To nourish the crops and grow the grain.  
The springtime lambs are seeking feed  
On dry brown hills with pale green weed.  
The farmers pray with troubled frown  
That God will water the thirsty ground.  
South Australians would gladly change  
The warm spring sun for the welcome rain.

The Objects of the Association are: To keep Old Boys, wherever they may be, in touch with one another and with the boys at the School; also to foster and maintain their interest in the School.

"Old Boys' Week" is observed annually towards the end of July, during which a dinner and other social functions as well as sports contests are held. Social gatherings are also held whenever occasions arise that make them desirable.

"The P.A.C. Chronicle," of which a large part is devoted to matters of special interest to Old Boys, is forwarded to each member of the Association.

The subscription is £1/- per annum. It is suggested that Country Members should remit sufficient to cover four years' subscription or

become Life Members by payment of £15/15/-. Any Old Boy wishing to become a member can do so by forwarding his name and address to the Head Master, or to any member of the Staff, or to the Secretaries.

The Association has donated the following Scholarships, which are awarded from time to time at the discretion of the School.

H. W. A. Miller (Old Collegians') Scholarship  
J. A. Hartley Scholarship  
Fredk. Chapple Scholarship  
W. R. Bayly Scholarship

## Purely Personal

Mr. John L. Cowan who left P.A.C. in 1909, has just retired from the Legislative Council after representing Southern District for almost ten years. He has also long been interested in Local Government affairs. For twenty-two years he was a member of the Mobilong District Council, including seventeen years as Chairman. At one time he was President of the Local Government Association of South Australia. He is also on the board of trustees of the R.S.L. Sailors and Soldiers Distress Fund. At present Mr. Cowan is on a trip to New Guinea, Japan and S.E. Asian countries.

Another old scholar who retired from the Legislative Council this year was the Hon. John L. S. Bice, who had represented Southern District since 1941. He was Hon. Sec. of the Liberal and Country party in the Council, acted as unofficial Whip 1944-48 and was a member of the Public Works Standing Committee from 1944 to 1959. His interest in Parliamentary affairs was probably inspired by his late father, Sir John G. Bice, K.C.M.G., who was a member of the Legislative Council for thirty years. Mr. Bice has also been a member of the District Council of Noarlunga. He served overseas with the First A.I.F. and was an officer in the V.D.C. during World War II. For many years he has been a member of the Legacy Club.

Mr. Andrew Keeves of the S.A. Woods and Forests Department has been awarded the Russell Grimwade Forestry prize for 1959.

Mr. Michael Schneider is returning from England to take up a position in the Economics Department of the Adelaide University where he will work on a research project for the Commonwealth Bank.

Mr. A. E. Hamilton has retired from the Board of the Bank of Adelaide and Sir Philip McBride was appointed to fill the vacancy. Sir Philip is also president of the Australian-American Association in South Australia.

Mr. Eric Williams recently retired as general manager of the Savings Bank of South Australia. He has been with the bank for forty-seven years.

Brian Hone, headmaster of Melbourne Grammar School is a member of the Council of the newly formed Australian College of Education.

Dr. Gordon Prest is chairman of the Order of St. John Association. He is also president of the Prisoners' Aid Association.

To complete an entry in our last issue—Dr. David Riceman is now entitled to the following letters after his name, D.Sc., B.Ag.Sc., R.D.A. (Hons.).

Dr. Donald Cheek, formerly assistant professor of Pediatrics at the University of Texas,

has now taken a senior research and consulting post at the Royal Children's Hospital, Melbourne.

Sir Shirley Jeffries is campaign chairman for the Westminster School appeal and Frank Heaslip general chairman of the campaign. Arch Alexander is chairman of the O.S. section of the appeal.

Mr. Bert Kelly, M.H.R., is a member of the Federal Parliament mining committee. He recently led a party of journalists on a tour of South Australia, which was sponsored by the Shell Company.

R. J. Deland recently gained his Ph.D. at the University of Pennsylvania. He had previously taken an honours science course at the Adelaide University.

Roger Opie (1951 Rhodes Scholar) has been on several economic missions to Geneva as one of the representatives of the British Government.

Dr. Ross Reid and Dr. John Waddy were recently admitted as members of the Royal Australasian College of Physicians at a ceremony in the Bonython Hall.

Brigadier Malcolm Joyner, Director of Dental Services A.M.F., has been appointed honorary dental surgeon to H.M. the Queen.

Professor Draper Campbell was appointed Professor Emeritus by the Council of the University of Adelaide. He recently led a party of dental research workers to Central Australia.

Hon. Sir Lyell McEwin recently completed twenty years of continuous service as Chief Secretary. He has been in Parliament since 1934. More recently he was installed as Chief of the Royal Caledonian Society.

Murray Barrett, Reader in Prosthetic Dentistry at the Adelaide Dental School, left recently for Britain and Scandinavia. He has received a grant from the Norwegian-Australian Cultural Fund to study the part which diet plays in keeping the teeth of Eskimos healthy.

Spence Williams, for many years senior maths master at P.A.C. has been appointed Director of Studies at the S.A. School of Mines.

L. H. Kirkman has been appointed a special magistrate in the Country and Suburban Courts Department.

Ken. DeGaris is now a district governor of Apex (District 4, Zone 8).

Leo DeGaris formerly president of Naracoorte Rotary is now secretary of the club.

P.A.C. folk were again prominent at the Royal Show.

The Rayner family were prominent exhibitors in the wool judging of the merino section, and L. D. Miell was also a successful exhibitor.

The Ashby family scored a double triumph parading the grand champion merino ram and merino ewe. Another branch of the family from Victor Harbor were also successful exhibitors.

R. Kelly gained an award in the Jersey cattle section.

Don. Barkley was elected president of the S.A. Branch of the Poll Shorthorn Society of Australasia.

Len Greenslade, who retired this year as president of the S.A. Branch of the Australian Poll Hereford Society, was elected to the committee.

The Collins family from Mount Bryan, who have been successful exhibitors for many years, secured top price of 2,100 guineas for a ram from their stud on the opening day of the sales.

The Hawkes family from Lucindale paraded the junior champion bull in the shorthorn section of the cattle.

Old Canowie Crusader, exhibited by John Parker, was awarded the supreme and senior championship in the shorthorn classes. This is the third year in succession that this bull has won the latter award.

C. L. Dunn, formerly president of the S.A. Stud Beef Cattle Breeders' Association, has been elected to the committee.

The Dawkins family and Jack Reddin and Don Barkley from Newbold were prominently mentioned in reports of the Gawler Show.

Dudley Coombe now has a noted Hereford stud at his property Moon Hills where he has been for about thirty years.

John Lavis recently left for the U.K. to do post graduate dental studies. He is at present at the Eastman Dental Hospital, London.

Jack Bloomfield, Alan Crompton, Dr. Bill Dibden, Jim Freeman, Fred Fricker, Jack Glover, Norman Knabe, Laurie Lawrence, Dr. Doug McKay, Sir Frank Perry, Sir Geoffrey Reed and Norman Todd (treasurer) are all members of the citizens' committee of the Adelaide Children's Hospital Building Appeal.

Mr. D. H. Hollidge celebrated his ninety-first birthday in June of this year. He was the founder and headmaster of Kyre College, now merged with Scotch College, and was a lecturer in classics at the Adelaide University for thirty years.

Sub-Lt. David Eckersley was recently in Adelaide on leave. He is at present at the R.A.N. air station at Nowra, N.S.W.

Drs. I. S. Magarey and H. R. Oaten have been elected to the Council of the British Medical Association, S.A. Branch.

Charles Sparrow (stage name Montague Shaw), now 76 years of age is living in retirement at California, U.S.A. He appeared on the English Shakespearean stage, American radio and television and feature motion pictures.

The Headmaster, Mr. J. A. Dunning, was one of a party of college principals who visited Duntroon Royal Military College in May.

Mr. P. R. Claridge, a former president of the Association, who recently completed two terms as Mayor of Burnside, was re-elected to the Burnside Council.

### YOUR CO-OPERATION PLEASE!

Your committee wishes this report to close with the same reminder as was given last year, namely—to enable our section of the Chronicle to be a history of the doings of Old Boys and to enable the Association to keep proper records you are asked to forward to the Secretaries

names of any deceased members, items of interest relating to the doings of members, and in particular, changes of address. Your committee wishes to thank you for your support during this Old Boys' Week and looks forward with confidence to an equal support next year.

## Old Boys Week

Once again Old Boys' Week has come and gone. Our own functions, and those against Saint's Old Scholars, have become, for many hundreds of Old Boys, a part of their existence. Our thanks are extended to our own conveners of the various events, and also to their opposite numbers for helping to make the week as successful as ever. Our thanks also to Bill Ewing, Secretary of Saints, for his help and co-operation.

Three events were held on Monday evening, 20th July. First, bridge and chess at Balfour's Cafe, and both resulted in victories for Saints—by the narrowest of margins in the former case, 12 tables to 11, and a good win in the chess, 5 games to 2. A very pleasant evening concluded with supper.

Squash was played on the same evening at Mr. Max Newcombe's courts at Norwood. As there is now an Old Scholars Squash Club in existence, competition to get into the team was very keen. The following were finally selected: P. Lewis, M. Newcombe, R. Lock, R. Catchpole, H. Welch, M. Barton, W. Lathlean, B. Measday, Peter Dalwood, G. Fricker, R. Piper and B. Fricker. Although we got away to a good start with meritorious victories by Ross Lock and the Fricker brothers, we were unable to maintain our lead and Saints with a good even team eventually won, 8 matches to 4. We would extend our thanks to Mr. and Mrs. Newcombe for the supper arrangements which were very much appreciated. Dr. Alan Clarkson (Junior Vice-President) congratulated Saints on their win and said he was also pleased to note Prince's improvement.

Lacrosse, hockey and baseball followed on Tuesday afternoon at P.A.C. Lacrosse played on the back oval resulted in a good win for Princes, as after leading 7 goals to 3 at half time, they added 10 goals to 2 by Saints in the second half, and so eventually won 17 goals to 5. Goalthrowers: P.A.O.C., Somerville, 5; Rogers, Wainwright 4 each; Richmond, 3; Vincent, 1. S.P.C.A., McCormick, 3; Cherry, 2. Best players: P.A.O.C., K. Forrest (who has a wonderful record in these matches), Perriam, Lloyd, Vincent. S.P.C.A., Hearn, Russell, McCormick, Wigg.

Baseball resulted in a further victory for Princes, final scores being 23 runs to 17. Princes led early (10—6) but Saints pulled up considerably when they scored 6 runs in the 6th innings, and thereafter scoring was fairly even. We would express our thanks to Mrs. Muggleton, who has so often acted as scorer and to Mr. Geoff Gough for umpiring the game. Fred Catt captained Princes once again and showed he has not lost all the skill which at one time

made him one of the best players in the State. Safe hitters: P.A.O.C., Hercus 4, Catt 3, Taylor Bartlett (2 each), Willoughby, Patterson, Heron, Staunton (1 each). S.P.C.A., West 3, Bednall, Rogers, Wood, Todd (2 each).

A victory in the hockey, which we have not won for some years would have evened the score, but it was not to be. An even first half found us trailing 1 goal to 2, but Saints with a good even team showed their superiority in the second half and eventually won, 6 goals to 2. Goal-hitters: S.P.C.A., Pope 2, Wemyss, Pascoe, Bradford, Norris (1 each). P.A.O.C., Millhouse, Hersey (1 each). Best players: S.P.C.A., Norris, Clayton, Wemyss, Finnis. P.A.O.C., Rolland, Kemp, Denton, Millhouse. Geoff Williamson was again captain, and we wish to express our thanks to him for his help and enthusiasm. Midway through the afternoon, tea was served and Mr. John Carne, Chairman of S.P.C.A., thanked the school for its hospitality.

In the evening table tennis was played at the Mehaffey Sports Academy and it is right that we should list the team on account of their record win of 15 rubbers, 30 sets, 622 points to Nil rubbers, 2 sets, 417 points. (The previous best was Saints, 14 rubbers to one, some years ago.) Our team comprised Dr. John Jackson (captain—who has a great record in these matches), Colin Grant, Alan Day, D. Collins, Ray Lyon, B. Wise, and so the day ended with the progressive score 4 wins to 3, still in favour of Saints.

St. Peter's College was the venue for the football and rugby matches on the Wednesday. Some rain overnight softened up the ground and was really very welcome. Geoff Marshall, who has given grand service to the O.S. team was elected captain. Saints were much the better side in the first half when they led by nearly three goals and would have been even further ahead but for poor kicking for goal. Princes picked up well in the third quarter and were only seven points down at the last change (5—15 to 5—8), and then playing their best football added 5 goals to eventually win 10 goals 13 to 7 goals 16. Goalkickers: P.A.O.C., P. Stewart 3, D. Tait, S. Schofield (2 each), D. McKenzie, D. Treloar, M. Doley (1 each). S.P.C.A., Cotton, Myer (2 each), Terrill, Hargrave, Wells (1 each). Best players: P.A.O.C., Gabb, Swain, Hannaford, Stewart, Turnbull. S.P.C.A., Lahey, Wells, Myer, Kitchener, Burton.

Bob Gill was elected captain of our rugby side and the team took some time to settle down, with the result that Saints led eight points to nil at half-time. Showing more deter-

mination and team work in the second half we scored two tries, both of which were converted and so eventually won a close match, ten points to eight—Saints having failed to score in the second half. Scorers: P.A.O.C., Lewis 1, Harvey 1 and Anthony converted both. S.P.C.A., Lines 1, Blandy 1, R. Nann 1 goal. Best players: P.A.O.C., Williamson, Reeves, Lewis, Harvey. S.P.C.A., Nairn, Russell, Lines, Allgrove.

At afternoon tea Mr. John Carne, Chairman of Saints, welcomed the visitors and Mr. Colin McKay (Senior Vice-President P.A.O.C.) thanked Mr. Carne for his welcome, and the school and the ladies committee for their hospitality.

Badminton was played in the evening at St. Andrew's Church Hall, Walkerville, and we would express our thanks to the authorities for again allowing us to have the match there. As with last year, we again had a very good win, 13 sets 212 points to 2 sets 98 points. Princes were represented by MacPherson, Walker, Harrison, Pearce, Anderson and Phillips. Most of these players have given us very good service over the years, and it is pleasing to note their fine results of recent years. After the match players and spectators had supper, which was kindly provided by Maurice Brown (Blues) and Mrs. Arch Alexander (Reds). Mr. Brown congratulated Princes on their victory and Mr. Norman Angel (President of P.A.C.) responded.

On the Wednesday evening old Reds and old Blues foregathered at the usual convocation of the United Collegians R.A. Chapter, when the W.M. of Pulteney Grammar Lodge was exalted. Ex-Comp. Arnold Morris officiated in lieu of Haynes Leader, who is now stationed in Darwin. We were glad to receive greetings from Haynes.

### OLD BOYS DAY

Thursday morning, 23rd July, saw a splendid muster of the old Old Boys who had entered the school sixty years ago or more. In all fifty-five attended and after being met by the Headmaster (Mr. J. A. Dunning) and the Association President (Mr. Norman Angel) they proceeded to the Assembly Hall. The Service was taken by the School Chaplain (Rev. R. Kyle Waters). The Scripture lesson was read by the Captain of the School, W. D. Phillips, and the Chaplain offered a special prayer for all old boys scattered throughout the world. After the benediction, the Headmaster told the Old Boys about the recent improvements to the school and playing fields, and also about the new Westminster School. He then read the list of Old Boys present, giving the year they had entered the school—pride of place going to Mr. J. Harris Hobbs who started at Princes in 1878 and is

now ninety years of age. Mr. Angel thanked the Headmaster on behalf of all present for his invitation. After a group photo had been taken, morning tea was served in the library, and once again friendships of many years ago were renewed.

In the afternoon the annual Town and Country Football Match was played. As has become a habit in recent years, the country team won and by a substantial margin. They led 5-6 to 1-6 at half-time, held the city team scoreless in the third quarter, whilst they added a further 5 goals 4 to their score and finally won 12 goals 12 to 5 goals 6. The respective captains were George Sauerbier (country) and Lance Burton (city), both veterans in these matches. Goalkickers: Country, G. Heaslip 7, G. Ashby 3, R. Catford, P. Bliesscke (1 each). City, G. Alexander 4, R. Morgan 1. Best players: Country, G. Ashby, B. Hurn, G. Sauerbier, G. Heaslip, J. Ashby. City, G. Alexander, I. Pontifex, A. Walker, R. Morgan, B. Constable. We extend our thanks to Brian May, an old boy and League umpire for officiating again for this match. At the half-time interval afternoon tea was served in the dining room and we wish to thank Mr. and Mrs. Dunning and their staff for their help and co-operation on this day and on other occasions during Old Boys' Week. The display of photos in the library was very much appreciated and of great interest to all those who saw them.

In the evening the Annual Dinner was held in the Myer Apollo Dining Hall. Guests at the top table included the Rev. C. T. Symons, M.A., President of the School Council, Sir Philip McBride, Mr. Maurice Fisher ("Vox" of "The Advertiser"), Mr. Rohan Rivett (guest speaker and Editor-in-Chief of "The News"), Hon. Mr. Glen Pearson (State Cabinet Minister), The Headmaster (Mr. J. A. Dunning), Mr. H. E. H. Mutton (a Senior Master at the school) and Mr. Bruce Thompson (Master of Prince Alfred Collegians Lodge). The Rev. C. T. Symons offered grace, and later the President (Mr. Norman Angel) gave the Loyal Toast. In due course the President welcomed all those present and introduced the guests at the top table. After some community singing, ably led by Mr. Jack Gerard, the President spoke on the "hook-up" to Old Boys who were also attending dinners at Perth, Broken Hill, Sydney, and Melbourne. He sent greetings to all branches, mentioned some of the guests who were present, gave details of sporting results against Saints, and spoke of the plaques to be unveiled on the following Sunday in the Assembly Hall, and the Westminster School Appeal. Brian Hone (Headmaster of Melbourne Grammar) responded from Melbourne, mentioning some of those present and said they all joined in wishing the school well. Bill White replied from Broken Hill. He said "Although we have no medicos or legal men present we are all healthy and

law abiding, and we are hearing the same old stories up here—but with diminishing accuracy". The President spoke a few final words to the interstate branches and members immediately took up the School War Cry.

Mr. Rohan Rivett (a third generation Wesley Old Boy) proposed the toast of "The School". Mr. Rivett referred to his old school, which he said had close ties with P.A.C. He said he had been looking at the Honour Boards in the Assembly Hall and the school could be proud that it had produced leaders in every branch of industry, science and in the professions. He thought that in the days gone by there was a sense of class and caste, which was being replaced now by an aristocracy of achievement in service to our fellowmen. He cited Sir Philip McBride—a great Australian—as a fine product of our church schools. He said "If we have had advantages—we must pass on these advantages; . . . P.A.C. has to be good if Australia is to be good." After paying a high tribute to the masters he went on to say that he hoped the day of the Public School was not over. "This school has done fine work for ninety years and I believe it will do a great job for decades to come."

After thanking Mr. Rivett for so ably proposing the toast, the Headmaster said, "The longer I am Headmaster at P.A.C. the more I realize what staff means to a school". He referred to the many improvements at the school in recent years—the Ward Library, new laboratories, improvements in the boarding house, more playing fields, etc., and two new scholarships—one a bequest from the late Mr. Shierlaw who had lived in New Zealand for many years, and the other to be known as the C. R. Davies Scholarship. Finally, he urged old boys to support the Westminster School Appeal "to enable future generations to have the same chance as you have had".

Dr. Alan Clarkson (Toastmaster) said, in introducing Mr. Mutton, that all present wanted to do honour to one whom they held in esteem and affection. Mr. Mutton commenced at the school in 1919 taking charge of the Prep. and moved over to the Big School in 1921. Mr. Mutton received a fine ovation when he rose to speak on "School Reminiscences." He said he had attended Old Boys' functions in Sydney and London in recent years and various country re-unions, and had always enjoyed himself. He said, "Two notable events took place in 1919: World War I came to a close and Mr. Potts and myself joined the staff of P.A.C.!" His stories were many and varied and brought roars of laughter. Auld Lang Syne concluded the formal part of the proceedings.

Friday saw the annual basketball match against Saints. We wish to express our thanks to the Y.M.C.A. authorities for the use of their splendid courts and to Mr. Foot of the Y.M.C.A. staff for refereeing the match. Geoff.

Woollard was elected captain of Princes and the other members of the team were Mickan, Symons, Turnbull, Taylor, James, Whitwell, Davis, Woodcock, Lawrence and Pearce. The second half was hectic and exciting with the spectators playing their part as well. The lead changed several times and the issue was in doubt right to the finish, with Princes finally winning, 33 points to 31. Scorers: P.A.O.C., Mickan 11, Davis 9, Whitwell and Pearce (4 each), Woodcock 3, Turnbull 2. S.P.C.A., Roderick 13, Horner 6, Thomas and O'Grady (4 each), Laycock and Johnson (2 each). Best players: P.A.O.C., Turnbull (a really brilliant effort), Whitwell and Davis. S.P.C.A., Roderick, Horner, Johnson.

### AT THE PALAIS

In the evening the annual dance was held at the Palais. Once again there was a splendid attendance and everyone voted it a very happy and successful evening. The official box was decorated with poinsettias, camellias, and hyacinths. The President and his wife, Mr. and Mrs. Norm. Angel, had in their party, the Headmaster and Mrs. Dunning, the School Chaplain and Mrs. Kyle Waters, the School Secretary, Mr. Reg. Hall and Mrs. Hall, and the President of the Parents and Friends Association Mr. Edgeloe and Mrs. Edgeloe. The stage was decorated with geraniums in red pots, silver pine cones and poinsettias, whilst School Shields and the School flag were also in evidence. During the evening prizes were distributed for the lucky spot dance, the streamer dance, and the balloon dance.

School songs and other well known tunes were sung during the evening. We wish to express our appreciation to Mrs. Angel and her committee for numerous arrangements in connection with the dance and also for the decorations. There was still a large crowd present at 1 a.m. to stand to attention for the National Anthem and then join hands for Auld Lang Syne.

The Old Scholars' Lodge met on the Saturday evening and the occasion was probably unique as the newly initiated brother was the President of the Association, Norman Angel. At the Festive Board after the Master, Bruce Thompson, had proposed the toast "To the Queen," and then "Grand Lodge," Worshipful Brother Dunn proposed the candidate's toast, in which he paid tribute to Bro. Angel's work for the Association over many years. Bro. Norman Angel responded and said he was very happy to have joined the lodge. Worshipful Bro. Mutton proposed the toast of the School, to which Bro. Dunning responded. This special meeting of the lodge is always held on the Saturday evening in Old Boys' Week. The lodge would particularly welcome country old boys who are lodge members elsewhere. Brother Charles

(J.W.) proposed the toast of "The Visitors," which was responded to by Claire Yelland, an old scholar and Master of the Lodge of Harmony, the Worshipful Master of St. Peter's Collegiate Lodge (W/B G. L. Robertson), and W/B Smart, Master of Lodge Cunningham, also an Old Boy. The ladies had done a splendid job with the decorations, and we would express our thanks to them. The evening came to a close with the usual Masonic Toasts.

### OLD SCHOLARS' SERVICE

There are many fine things about Old Boys' Week which leave a lasting impression but none more so than the service, which as usual was held in the Assembly Hall on Sunday morning, 26th July. Once again there was an excellent attendance of members and the service was broadcast over the 5KA network. We would express our thanks to that Station, to the Methodist Church for providing the broadcasting time, to Mr. Gordon Bowen, a master at the school, for playing the organ. The service followed its traditional form with the Assembly Hymn, the General Confession, and The Lord's Prayer. After the reading of the psalm, the Headmaster read the names and year of entry at the school of old boys who had passed away during the previous twelve months—nearly sixty in all. The Association President, Mr. Norman Angel, read the Scripture lesson taken from St. John's Gospel, chapter XIV. The address was given by Mr. W. B. (Bill) Kelly from Kangaroo Island, and will long be remembered for its sincerity and profound truths. He referred to the many sheltered places in our journey along life's way. Do we not find all through the ages that there are people who have felt secure in their work knowing that God has set apart a resting place for them? What ever you are doing, he said, it is worth while knowing why you are doing it. And again, if you are properly to serve God you must pass on in the light of your knowledge

and experience the Word, the Truth, and the Light. If you have not felt the hand of God, be patient. "Seek and ye shall find, knock and it shall be opened to you." The final hymn and the Benediction brought the service to a close. The retiring collection of nearly £63 will be used to augment the Benevolent Fund.

Immediately after the service, in a short but impressive ceremony, the President unveiled two brass tablets in honour of the late H. W. A. Miller and the late A. G. Collison. Mr. Angel quoting from Mr. Ward's "History of the School," said that when Mr. Bayly became President of the Association in 1905, he and these two men were primarily responsible for the Association assuming its present character as we know it. Both men had a wonderful record of service to this Association—Mit Miller as joint Honorary Secretary from 1905 to 1934, and Arthur Collison as Honorary Treasurer from 1900 to 1940.

The final event of Old Boys' Week, 1959, was the golf match at Royal Adelaide on Tuesday, 28th July. Following the rain of the previous day the morning was a little overcast, but the afternoon was pleasant and sunny. Altogether thirty-five matches were played and as the early scores came to hand it was evident that Saints were well in the lead and they maintained that position to record a very comfortable victory of 22 matches to 11, with two all square. This made the over-all result for all contests, seven to five in favour of Princes. Speaking for P.A.C. Old Scholars we would say that we were very pleased to see Mr. Colin Gordon, the Headmaster of Saints, at the club house in the afternoon. We hope he is feeling much better and well on the way to a complete and lasting recovery. In the club house after the match the President handed over the Rymill Cup to Mr. John Carne, Chairman of Saints, congratulated them on their win, and thanked Royal Adelaide for the use of the greens and club facilities, and the staff for helping to make the day a complete success.

## Annual Dinners

### EYRE PENINSULA

The annual dinner was held at the Hotel Boston, Port Lincoln, on Saturday evening 10th October. The party from Adelaide included Mr. G. M. Potts (representing the School in the absence of the Headmaster who sent his apologies), Mr. Norman Angel (president), Mr. Colin McKay and Dr. A. J. Clarkson (senior and junior vice-presidents, respectively) and other members of the committee. The position of chairman was capably filled by the Hon. Glen Pearson, who submitted the Loyal Toast which was followed by the singing of the National Anthem.

Alf Trestrail proposed the toast of "The School" in a very interesting and unusual manner. He referred to the early history of the State and to notable events and personalities at the time of the arrival of Prince Alfred, Duke of Edinburgh, the first royal visitor to the colony. He referred to the foresight and faith of the founders of the School, our debt to them, and our good fortune in now being able to look back on a long and successful record. Finally he referred to the line of great Headmasters and masters, and asked Mr. Potts to convey to the Headmaster an assurance of loyalty and allegiance. The toast was followed by the singing of the School Song, Ian Pearson being the pianist.

Mr. Potts received a standing ovation when he rose to reply. He gave details of the progress of the new Westminster School and said it was intended to have the first intake of boarders in 1962. He then referred to P.A.C. and the decision of the P.A.C. Council to erect an assembly hall which it was hoped to have under way within the next five years. He was happy to assure them that the School was carrying on in good heart.

Community singing during the evening was enthusiastically taken up, as was the interlude for questions "from anyone to anyone".

The toast of "The Old Collegians Association" was proposed by Geoff. Pearson. In a very personal way the speaker said his years at School and then as a member of the Association had laid the foundations of his life. The Association had and always would support the School in all its undertakings. He thanked the visitors for coming from Adelaide and for the work they were doing. The president, Mr. Norman Angel, responded. Amongst other things he said he was amazed and proud of the many activities of old boys in diverse walks of life. He made particular reference to Tony Clarkson who this year won the Hone Medal for the

best and fairest player in Grade A1 of the Amateur Football League. He presented Association ties to the following members: John Richardson, from Cockaleechee (the youngest O.S. present), Keith McFarlane (from Port Lincoln (the oldest O.S. present), and Vern. Dennis, from Merriton (who had travelled about 300 miles to be present). Brian Fricker gave details of the parklands oval and the proposed Public Schools Club. An enthusiastic rendering of "Auld Lang Syne" and a hearty three cheers concluded the evening.

Old Scholars on Eyre Peninsula are asked to take note that it has been decided to hold the dinner next year on the Friday evening following the Labour Day holiday. The local secretary is Mr. Glen Walkom, c/o Guinea Airways, Port Lincoln. New arrivals should notify Glen of their whereabouts as soon as possible.

The Adelaide party expresses its thanks and appreciation to Messrs. Glen Walkom and Lloyd Clarkson for once again arranging the dinner, and also to their wives and Hubert Mellor for their hospitality and help in making their stay so pleasant.

### MID-NORTH DINNER

In spite of the influenza epidemic, there was an excellent attendance at the Appila Hall on Saturday, 9th May, for the annual re-union. The party from Adelaide included the President, Mr. Norman Angel, Mr. G. M. Potts representing the School, His Honour Mr. Justice Piper (a member of the School Council), Dr. Alan Clarkson (Junior Vice-President of the Association), Mr. J. S. Steele, and a number of the members of the committee.

The Loyal Toast was submitted by the Chairman, Mr. Bill Francis, and this was followed by the National Anthem. The Chairman then welcomed all those present and referred in particular to the visitors from Adelaide. Jack Gerard then led some community singing and school songs.

The toast "The School and the Headmaster" was submitted by Mr. Justice Piper. The Chairman said they were very honoured that Mr. Piper had accepted their invitation to attend and propose the toast. Mr. Piper said P.A.C. needed no recommendation or introduction from him. On behalf of members he congratulated Mr. Potts on the recent appointment of his son Renfrey (a former Rhodes Scholar) to a professorship at the University. Mr. Piper said the success of P.A.C. was due to the way in which

the Methodist fraternity and old boys of the school had borne the responsibilities of church and education: the fact that the School had no endowments and had always had to work for what it wanted: its great headmasters and masters: and the boarding house which had always been a strong and integral part of the School and was composed largely of students drawn from the agricultural section of the community, that section that was closest to the soil and represented the backbone of the country. All of these things were the answers to "Why do we have these functions?" "Why does the School progress?" and "Why do we support the School?" He concluded thus: "If you remember with pleasure and gratitude your days at P.A.C. and if you have a great love for P.A.C., then stand and join me in this toast." This was followed by an enthusiastic rendering of the School Song, and a fine ovation for Mr. Potts when he rose to reply. He was here on this occasion, he said, because not even a headmaster could be in two cities at the same time! He said Mr. Dunning was now in his eleventh year at the School, but the amazing fact was that he knew all about P.A.C. in his first twelve months. He referred to a number of the masters at the School and to the time when the late Mr. Bayly had asked him to teach physiology. He then gave details of various recent improvements to the School and said the Back Oval had been transformed. Everybody at the School was very happy and that is how the Headmaster wanted it to be.

Elliott Smart proposed the toast of the Association. This dinner, he said, was another link in the chain of re-unions held throughout the Commonwealth and overseas. They all, as members of the Association appreciated what the Association had been able to do for the School and would continue to do. The president, Mr. Angel, in responding, said it was always an honour and a privilege to attend these functions. He then referred to the various activities of the Association and its sporting bodies. He presented three old scholars' ties, one to Gordon Pascoe of Wilmington, the second oldest old scholar present (Nigel Giles, the oldest, had received a tie last year), to Michael Hall of Jamestown, the youngest old scholar present, and to Glen Goldsack for coming the furthest distance—from Victor Harbor. After further school songs Jack Staker proposed the toast of "Our Visitors" to which Dr. Alan Clarkson responded. A grand evening concluded with the singing of Auld Lang Syne.

The committee desires to express its appreciation to the local committee for their excellent work and enthusiasm in organizing the dinner, and to the ladies for the decorations. The committee comprised Bill Francis, James Heaslip, Sydney Catford and Arthur Catford (secretary). Our thanks also to Jim Francis who acted as pianist. Finally, our grateful thanks go to Mr. and Mrs. Bill Francis and to Mr. and Mrs. Arthur Catford who entertained us at their homes afterwards.

## Fifty Years Ago

His Excellency Sir Day Hort Bosanquet presided at the Speech Day.

At the end of 1909, Herr Drews who for thirty-one years had taught German to many generations of Prince Alfred boys with signal success, resigned.

Mr. W. R. Bayly, B.A., B.Sc. (second master) was appointed Headmaster of Geelong College, Victoria.

J. A. Love won the Tennyson Medal for English Literature in the Senior Public Examination.

P.A.C. won the Intercollegiate Football against Saints but lost the cricket match in which E. P. (Dutchy) Howard secured the hat-trick.

L. B. Shuttleworth was successful in the final examinations of the Institute of Accountants of Australia.

Rev. J. H. Allen was admitted into full connexion as a minister of the Methodist Church and volunteered for missionary work in India.

## Eighty-First Annual Report

The Committee has pleasure in submitting the Report for the year ending 30th September, 1959.

**MEMBERSHIP**—Life Membership shows an increase of 88. Ordinary Membership has been well maintained and the total constitutes a record for the Association.

### COMPARATIVE STATEMENT

	1954	1955	1956	1957	1958	1959

**FINANCE**—The Revenue Account shows a surplus of £80, after payment of Income Tax amounting to £77. The Capital Account now totals £16,767. This fund is steadily increasing and constitutes a record.

**THE BENEVOLENT FUND**, for the relief of distress amongst Old Boys, stands at £417.

**THE EDUCATION FUND**—It is anticipated that the last two children of Old Boys who died on Active Service during the Second World War will complete their education at the end of 1959.

The Trustees will apply the balance of funds then remaining for educational purposes, with wider discretionary powers as provided for by the Deed of Trust.

**SUBSCRIPTIONS**—In order that the fullest advantages to the Association be achieved, prompt payment of Annual Subscriptions will be of great assistance. This will relieve considerably the work involved, and postage charges incurred, in collection.

**INVESTMENT OF FUNDS**—The Committee has actively pursued the policy of making investments in various companies by purchasing shares. The total cost of such investments is now £10,439, an increase of £6,450 during the year. The increase in income has fully vindicated this policy, but as purchasing has been spread throughout the year, the full benefit has not yet been realized.

**INTER-ASSOCIATION CONTESTS**—The results for the year were:—St. Peter's won Bowls, Golf, Hockey, Squash, Bridge and Chess; whilst this Association was successful in Football, Badminton, Basketball, Rugby, Table Tennis, Baseball and Lacrosse.

**OLD BOYS WEEK**—A full programme of sporting and social functions was arranged and carried out. Old Boys Day was suitably celebrated with the usual Morning Assembly for those who attended the School 60 years or more ago, and there was an excellent attendance.

The Town and Country Football Match was played as usual on Old Boys Day and attracted many country Members. The Annual Dinner was a great success.

## ASSOCIATION FUNCTIONS:

**SOCIAL EVENING**—In February a large attendance of new members gathered at the School to hear talks on the sporting activities and other functions of the Association.

**BOWLS MATCH**—In February a very successful Bowls evening was held at Toorak and interested a large number of members who play bowls only once a year.

**GOLF**—The usual Golf match for Association members attracted a record attendance at Grange Links in September.

Messrs. Gordon Whittam and Bob Meyer, through the courtesy of Mr. Harry Meyer, who made available his picturesque golf course at Ashbourne, arranged and provided the food for a social barbecue Golf day in August. Those attending had a very enjoyable day.

**SCHOLARSHIPS**—The Association maintained one Scholarship at the School during the year and made the usual Prize Donation.

**SPORTING ACTIVITIES**—There has been a continued strong interest in the sporting activities of the Association during the year.

The Athletics Club is to be congratulated on again winning the trophy as Champion Club Senior at the State Championships, and also winning the "A" Grade Premiership.

This year, for the first time, the Football Club fielded three teams in the S.A. Amateur Football League.

The Cricket Club is just now commencing its matches and hopes next season to field two teams.

A Squash Club was formed this season and has had five teams playing regularly each week. It is hoped to form a Basketball Club very shortly.

Each of the sporting clubs is keen to enrol new members and would welcome attendance at practice on the College grounds.

Your interest, either as a player or spectator, would encourage the club and assist these worth-while activities of our Association.

**COUNTRY RE-UNIONS** — Successful Re-Union Dinners were held at Appila, Keith, Port Lincoln and Minlaton. The improving attendance at these Re-Unions is evidence of the enjoyment gained.

**INTERSTATE BRANCHES** — Interstate Branches at Brisbane, Sydney, Melbourne, Perth and Broken Hill maintain the interest of Old Boys in their respective States. Re-Unions and other functions and sporting contests have been held. The London Branch Dinner has become an annual function which is appreciated by Old Boys resident in England, and also by visitors from Australia.

**MONTHLY LUNCHEONS** have been held regularly at Balfour's Cafe, King William Street, on the third Tuesday of every month. Very interesting and instructive addresses have been enjoyed during the year. Luncheons have been well attended, and it is hoped this will continue.

**HONOURS**—In the Birthday Honours List Mr. Maurice S. Fisher was honoured with the award of Member of the Most Excellent Order of the British Empire.

Mr. J. H. Hobbs on Old Boys' Day, 1959

Mr. M. S. Fisher, M.B.E.

### Installation of Bro. W. M. Potts, S.W. as Master

Prince Alfred Collegians Lodge, having been summoned to attend its duties on Friday, 2nd October, duly met at the Temple, North Terrace, and witnessed the installation of its master-elect Bro. W. M. Potts and the investiture of his officers. A fine body of masons assembled in the Way Room. The retiring W.M. Bruce Thompson installed his successor in office while Wpl. Bro. J. E. Vardon, D.C. capably performed the duties of director. The representative of the Grand Master on this occasion was R.W. Bro. Gilbert Potts, P.G.W., one of our distinguished and dearly-loved brethren, who had the unusual privilege of delivering the "Address" to his own son.

At the Festive Board the new W.M. was able to "retaliate" by proposing the toast of Grand Lodge. After referring to its ceremonial and administrative functions he said he thought that there was a third function that properly be-

longed to G.L.—viz., their value in setting a worthy example in upholding the principles of the Order. In responding, R.W. Bro. Gilbert Potts gave a delightful dissertation on the "head" and the "body" as applied symbolically to Freemasonry.

Wpl. Bro. Charles Dunn then proposed the toast of the newly installed W.M., sketched in brief his business career and his recreational pursuits and mentioned that Wpl. Bro. Don. Potts had been initiated in Lodge Balfour, New South Wales. He offered the hearty congratulations of all present. The W.M. suitably replied. He claimed to have known his father for a long time (miles of smiles) and hence always knew when his father was in earnest (much mirth).

Bro. Dudley Webb in proposing the visitors' toast said that this toast comprehended the very essence of Freemasonry—in the common sharing of beliefs and aspirations and in the common witness of what we stood for. Responders to the toast were the W.M. of the Lodge of Harmony (Wpl. Bro. Clair Yelland), and the W.M. of St. Peter's Collegiate Lodge (Wpl. Bro. G. M. Robertson). Harmony, both in the Temple and at the Festive Board, was supplied by Bro. H. E. Bache (a fellow chorister of the W.M.) and, of course, by the organist Bro. Phil Yeatman who played the odes superbly.

Yet once more we are indebted to the ladies for decorating the large supper room so beautifully with flowers.

## Sports

### PERSONAL

In the last issue the name of E. H. V. Riggs was omitted from the Australian team who competed against New Zealand in the first International Game Fishing Contest. He is also a member of the Committee of the Game Fishing Club of S.A. Ron Hone is the president, Bill Coombs is secretary, and Tom Cooper secretary elect. Joe Vardon is a foundation member and the late Jim Cowell was a former president and also a former Federal president of the Game Fishing Association of Australia.

Sir Lyell McEwin, Jim Heaslip, M.P., and Norm. Royal went to Queensland for the Australian Bowling Carnival and Championships.

Dr. John Jackson, president of the S.A. Table Tennis Association was in Perth recently as non-playing captain of the State women's team. Bob Tymms is on the executive committee of the same association.

R. Glasson was a member of the Adelaide White team in the S.A. Polo Association's annual tournaments at Birkalla.

Geoff. Burfield was a member of the Adelaide University crew which competed for the Oxford and Cambridge Cup at the Inter-varsity regatta in Sydney.

L. T. (Cud) Freeman finished third in the Golden Fleece veteran car rally. He drove a 1902 Gobron Brille.

To date Andrew Jeffrey has won all three trials conducted by the S.A. Orienteering Club during the winter months—at Salisbury, Loftia Park and Eden Hills.

Ian Hannaford, Port and State ruckman won the men's cup at the University Athletic Championships held last April. Others to gain places at the same meeting were Tony Clarkson, Graham Taylor, Grantley Page and Peter Whitham.

The following were the results of O.S. events at the School Sports in April:

Hop, Step and Jump: B. Dyke, G. Taylor, G. Crawford.

100 Yards: P. Hopkins, G. Crawford, G. Taylor, Time 10.1 secs. (record equalled).

Half-mile Walk: L. Ridway, P. Whitham.

220 yards Hurdles: G. Crawford, M. McLachlan, D. Walsh. Time 24.9 secs. (record equalled).

Putting the Weight: B. Koch, B. Dyke.

Tom Flint is vice-president of the Australian Yachting Federation. He is also president of the S.A. Yacht Racing Association and Commodore of Somerton Yacht Club.

Don. Roach who plays "A" grade baseball for East Torrens was a member of the State team for the Australian Championships this year. Bob Hercus has been playing in major "B" for Varsity this season.

Ken and Brian Forrest who play for Port Adelaide have for many seasons been amongst the leading lacrosse players in this State. Both were in the State practice squad and Brian played against the American team that was here recently. Ken is a member of the Lacrosse Association Executive.

Another old scholar playing lacrosse is Graham Vincent of the Burnside Club. Jeff Rogers who plays with University is on the club committee and is also treasurer.

Don Candy has taken part in various overseas tennis tournaments. He reached the quarter finals of the Swiss hardcourt tennis championships and the semi-final of the Antwerp and Australian Championships.

Mr. Roy Middleton has been re-elected president of the S.A. Cricket Association.

John Ducker (Prospect) and John Causby (Senior Colts) have been training during the winter with special cricket squads at the Adelaide Oval.

At the end of last cricket season Peter Dalwood (36 n.o.) and Brian Pittman were members of the employers' team in their annual match against the apprentices.

Lawrence Gibson who plays "A" grade hockey for Grange has been a prominent member of the State team for several years.

Percy Lewis who plays for Glenelg was selected in the S.A. squash team for the Australian Championships in Perth.

Bob Gibbs formerly a well-known member of the O.S. cricket and football clubs has been transferred by the National Bank to their London Branch.

Last Easter three young old scholars—Tom Chapman, John McNeil and Robert Johnston were members of the crew of Norm. Howard's Southern Myth, in events conducted at Port Vincent.

Graham Nicholls was a member of the S.A. State Football Team this season, and won the Pelaco award competition conducted over 5AD.

He has now decided to go to England in January and study singing at the Royal College of Music. A bass baritone, he was runner-up in the Advertiser Aria last year. He has played 110 games for Norwood.

Kim Kelly and Donald Hannaford who play for Port B's were members of the S.A.N.F.L. Second Eighteen team which played in Melbourne. When the State team was away in Perth, both were promoted to Port A's and were amongst the best players.

Doug Young, formerly of Norwood and now playing for Wilkawatt, won the Mail Medal for the best and fairest player in the Lameroo and District Association. Bill Tonkin of Ceduna and Grant Heaslip of Appila also won Mail Medals in their respective Associations.

The O.S. Football Club had four players in this year's S.A. Amateur Carnival side. They were Bob Skinner, Dene Perrott, Bob Gibbs and Peter Butcher and all played well in the matches in Perth. Bob Skinner won the Advertiser trophy for the best S.A. player—congratulations Bob.

Tony Clarkson who won the Chambers Medal in Grade A2 of the Amateur League last year, this year won the Hone Medal for the best and fairest player in Grade A1. A very fine performance and we extend our congratulations. He played for Sturt in their semi-final game and did quite well. Dene Perrott was also high on the list in the voting.

Fred Bashear is president of the Mid South-Eastern Football League. He is also a keen old scholar and attends all S.E. dinners.

Other old scholars who have been playing League football this season include Leon Lovegrove, Ian Day and Mick Wundke (West Adelaide), John Lill (Norwood), and Ray Trenorden (North Adelaide).

Bill Shepherd (Kooyonga) was appointed captain of the S.A. golf team which played in the interstate series in Sydney. He was also well up in the State Amateur Championship, and finished third in the Playfair Putter.

Rodney Hill won his first Mount Osmond Championship in August this year. He also represented Mount Osmond in the "B" pennant matches.

D. Southwood and R. Pearlman were members of the Adelaide University golf team which competed for the Drummond Inter-varsity Cup at Kooyonga in May last.

Ken Babidge and partner tied for second place in the S.A. Foursomes Championship.

Bob Christie who has been in the golf news for years finished third in the Kooyonga Cup.

S. J. Torr won the Milo Sprod Veterans events at Glenelg.

Brian Faehse has been playing in the Simpson Cup team for Glenelg and John Waddy has

been captain of the Bonnar Cup team for the same club.

A. B. Eckersley and R. D. Meyer competed for the Dalton Cup for the Champion of Champions covering thirty-nine clubs.

Other old scholars who figured during the winter in various club events include Ross Stanford, D. M. Southwood, R. M. McIntosh, L. F. Johnston, R. Babidge, R. C. Gray, J. H. Allen, C. Webb, M. Raggatt, R. Sharland, Paul Dalwood, L. W. Trott, P. Deland, H. F. Gaetjens, T. F. Ballantyne and Ross Pfeiffer.

John Richardson, of Port Lincoln, was captain of the Colts' Team which won the premiership in the Colts Section of the Great Flinders Football Association.

John Trestrail, of Yeelanna, this year won the Eyre Peninsula Table Tennis Championship.

Peter Penna, of Mount Wedge, won the trophy for the best and fairest player in the Lock Football Club, 1959.

Rev. C. J. Perry is this season president of the Adelaide Oval Bowling Club.

Many bowls clubs opened the season on October 10. Senator Rex Pearson officiated at Hawthorn and Mr. David Waterhouse at Abattoirs.

### CLOSE GOLF MATCH

This popular annual function was held at the Grange Club Golf Links on Tuesday, 22nd September. The day was fine with a fresh wind—ideal golf weather—and the greens were really looking well after the week-end rain.

Approximately sixty players took part but more players would be welcomed and if they would send their names in now they could be noted for next year when the circulars are sent out.

In the club house afterwards the senior vice-president, Mr. Colin McKay, thanked Grange Golf Club for the use of their course and thanked Mr. Russell King (secretary) and the staff of the club for helping to make the occasion such a success. He also thanked the Association conveners Messrs. Bon Gaetjens, Phil Clark and Jack Gerard.

Trophies were presented to Jack Fielder for the best individual score (2 up). He received the Clarkson Trophy (Prince's Cup) which he will hold for the next twelve months and also a silver tankard. John Haigh and Mr. Graham Wicks also received tankards for winning the four ball best ball competition against bogey with the excellent score of 7 up. The winners suitably responded.

This year this event took place later than usual, but it is proposed to revert next year to the usual time of May or June.

### ROWING

The Head-of-the-River Regatta was held on Torrens Lake on Saturday, 18th April. The Shannon Trophy for Old Boys' Eights was won by Scotch Old Scholars and we congratulate them on repeating their success of 1958. Your association was represented by the following crew: R. Morgan (bow), G. Southcott (2), M. Martin (3), G. Pitt (4), B. Dalton (5), T. Moore (6), S. Humble (7), P. Magraith (stroke), and D. Treloar (cox).

In the first heat against Adelaide High Old Scholars we were away to a good start, increased our lead approaching the Bridge, and were over a length in front. This lead was increased to two lengths at Long's Point and as High School were not able to narrow the gap we won eventually by two lengths.

The final was rowed against Scotch Old Scholars, they having defeated Saints in their heat. Scotch were away to a good start, established an early lead and passing the Adelaide Rowing Club premises were a length and a quarter in front. It was then that Princes made a bid, but Scotch held on, and eventually won by three-quarters of a length. Time, 3 min. 5½ secs., the same time as our winning time for the heat. We congratulate the school under 16 crew for winning their event and thank the school for the use of their eight.

### ASHBOURNE GOLF DAY

Through the courtesy of Mr. Harry Meyer, O.B.E., and Mr. Gordon Whittam, the Association held a delightful picnic golf day at Ashbourne in August. Don Whittam, Rob Meyer, their wives and daughters worked hard to prepare food for all, and Mr. Harry Meyer saw that the golf course was in its usual splendid condition. The day was ideal with a sharp atmosphere that made everybody ready to enjoy a steaming hot cup of tea before hitting off. The course, despite the dry conditions, was a credit to Mr. Meyer, and for those who didn't play such good golf there was a first-class excuse, because with all the wattle in bloom, one could not help admiring the beauty of the course and surroundings. Trophies were won by Charlie South, Mrs. Gaetjens, Cec. Davies, Mrs. Rob Meyer and Ferg. and Mrs. Ballantyne. Proceeds from the day were handed to the Headmaster, who indicated that the money would be used to provide extra seats for the oval. Mr. Colin McKay, who deputized for the president, thanked Mr. Harry Meyer, Mr. Gordon Whittam and Mr. Robert Meyer for their hospitality, and also for their invitation to make the outing an annual fixture.

### FOOTBALL CLUB

The football club this season created history by entering a third side in the Amateur League and our teams competed in Grades A1, A4, and A5.

Our A team commenced the season in great style by winning their first four matches, but then unfortunately they had a run of losses and finished the season in seventh position. However, as we had been elevated from A2 it was quite a good effort and next year we look forward to the team kicking on strongly and finishing higher up.

The B team was elevated by the League to A4 in order that we could enter a third side in the competition in grade A5. Whilst both these teams finished bottom of their respective grades great enthusiasm was shown by the players and we look forward to greater success next year after the experience gained. Throughout the season both our B's and C's were weakened by injuries and by supplying players for the A's.

We must express our thanks to our coach, Ted Norman, for his untiring efforts throughout the season. At all times Ted had the full support of all players and it was mainly due to his efforts and the enthusiasm he instilled that we were able to field three teams right up to the end of the season.

The club was well represented in the carnival team this year by Bob Skinner, Dene Perrott, Bob Gibbs and Peter Butcher, and we understand all played well. In addition Gordon Todd and Bob Horley were in the practice squad. The captains of the teams, namely Murray Ducker, Brian Pontifex and Peter Cox all did an excellent job and helped to maintain interest and enthusiasm right through the season. We would express our thanks to them and to our trainers "Chook" and Len, and to various other officials without whom it would have been impossible to carry on.

An invitation is extended to all old scholars who possibly can to come along next year and follow the teams. It has been of great help and benefit to the club to have some of the fathers of the boys taking an interest in things and we would be very happy were this state of affairs to continue. One of the greatest problems which we as a club have facing us is to be able to supply sufficient officials each week. We would appeal to any old scholar who feels that he could assist us by acting either as goal umpire or timekeeper to contact our secretary, Alan Statton (FU1587).

We also extend a cordial invitation to any member who is thinking of joining our club to contact the secretary. We can assure him that he will be made most welcome.

A very successful end of season dinner was held at the Majestic Hotel on Thursday, 27th August. It was a real thrill to see such a large gathering including a good representation of the younger members. Colin McKay, senior vice-president of our Association was in the chair, while Mr. Hugh Millard (president), Mr.

Dodd (secretary), and Mr. Graham Wilson represented the S.A. Amateur Football League. Mr. Clarrie Tideman, treasurer of the League and a former member of the club was also present. Toasts were proposed to the School, the Association, and the Amateur League, and responded to by Dr. Alan Clarkson and Mr. Millard. A number of trophies were presented, the main one going to Dene Perrott.

Congratulations to Tony Clarkson on winning the Hone Medal—a fine effort following his success of the previous season. Finally and as always, our very sincere thanks to the Headmaster and the School Authorities for all their help—it is very much appreciated.

### SQUASH CLUB

Considering this was our first year of competition, results were, on the whole, satisfactory. Five teams were fielded and three of them just missed a place in the final rounds; this being due mainly to inexperience at vital stages of some matches.

The "B" team, with only one player who had played competitive squash previously, finished in fifth position. Ross Catchpole, captain, is to be congratulated on a good season, winning eighty per cent. of his matches.

The "C" Red team, ably captained by Bill Lathlean, finished in fifth place; a win in either of the last two matches would have been sufficient to enable it to take part in the finals.

The "C" White team, Leighton Williams captain, although losing more games than it won, had plenty of fun and caused a few surprises; even to the selectors.

The "E" Red team, captains R. Best and W. Smith, was again unlucky finishing fourth on percentage, but out of the finals as only three teams were wanted in this grade.

The "E" White team, Ian Roarke captain, consisting mainly of younger Old Boys, finished in sixth place. The players in this team although not winning many matches were the most enthusiastic at practice and showed the most improvement. With this season "under their belts" and the summer season to be played and starting in October, all players should show some improvement.

Congratulations are to be extended to Perce Lewis, an old scholar, on his being selected in the State team to play in the Australian Championships in Sydney.

Also thanks to Ross Lock who came out on several occasions to give the players some helpful advice and a "work out."

Any persons wishing to play in either the summer competition or next winter should contact either Peter Dalwood (31 2497), Bill Lathlean (UA 2306), or Ross Catchpole (31 2161).

### CRICKET

After a somewhat disappointing season, the Old Scholars' Cricket Team will continue to play in A1 of the Turf Association. Some very enjoyable cricket is played in this Association which now comprises some fifty teams. Ten matches will be played this season—five on our College oval and five away. We are anxious to gain new players and can assure any who contemplate playing, a keen afternoon of cricket against some very experienced opposition. Any person interested should contact Murray Wellington (secretary) at UA 8278, or Peter Butcher at FU 1578 (assistant secretary). Matches commence on Saturday, 17th October and practice is held at the School on Tuesday and Thursday of each week at about 5 p.m.

### BASKETBALL CLUB

After the Old Scholars' basketball match in July it was decided to form an Old Boys' Club to play competitive games. Approval by the Old Scholars' Committee has already been obtained.

All Old Reds who are interested in the formation of a club to play during the winter season are cordially invited to attend a meeting at the School on Monday, 16th November, at 7.45 p.m.

If this meeting agrees to the formation of a club, it is then proposed to proceed to the election of officers, committeemen, etc.

If you wish to play next year but are unable to attend this meeting, please contact the convenor of the meeting, Mr. Geoff. Woollard, 18 Halsbury Avenue, Kingswood—UA 8376.

### ATHLETICS CLUB

On October 10 the S.A.A.A. season starts, with P.A.O.C. fielding teams in both A and B grades.

Vacancies exist in the club for runners in most events. Particularly welcome would be juniors willing to be trained in hammer and javelin throwing, pole vaulting, middle distance and walking. Andrew Jeffery (UX 2929) or Trevor Siegele (U 4214) would be pleased to hear from anyone interested in any event, either old scholars or schoolboys.

During the winter "off" season two important events in the club's history took place.

The team which started in the Gawler-Adelaide relay on July 4 was our first attempt in this event, and we did well to finish second in the B division making P.A.O.C. the third club across the line.

Our runners, in running order, were: R. Jeffery, Hilbig, Cleland, Moore, Linn, Harris, Payne and A. Jeffery (captain). Four of these were schoolboys, with Robert Jeffery (15) giving the team a great start when he beat several A-grade athletes.

Two weeks later the same four schoolboys, Jeffery, Hilbig (16 years), Cleland (17), and Linn (15) formed the team for the State junior three-mile cross-country. This was again our first attempt, and although running against much older opposition, we came third, Jeffery and Hilbig being 7th and 8th respectively out of about thirty.

The only senior to compete during the winter was Andrew Jeffery competing in distance events. Injury, however, hampered his running at a critical time before his main event, the marathon.

The club has suffered a great loss in the retirement of Bob Skinner, after nine of the ten seasons of the club's existence. Bob's services to the club both on and off the track have been a great asset.

The return of Graham Crawford to the team, after four years with University, will be welcomed. As Graham won his "blue" for athletics their loss will be our gain.

## Public Schools Club

A circular relating to the Public Schools Club was sent to every member of the Association with the notices for Old Boys' Week. The following old scholar associations are now represented on the general committee: Scotch, Sacred Heart, Pulteney, C.B.C., Adelaide High, Kings, Queens, Rostrevor, Saints and Princes. From this committee four sub-committees have been appointed dealing with (a) membership, (b) rules and incorporation, (c) premises, and (d) finance. The response to date has been very good and it is now hoped that by the end of the year the club will be established with a membership of 1,000. An option has been granted the Club to purchase a fine old two-storied residence with adequate grounds on East Terrace, which should in every way be suitable and make the Club worthy of its name and in line with similar clubs in Sydney and Melbourne. The committee hopes to build almost immediately three squash courts. Mr. Don. Davies, a member of the Association Committee, is the architect for the project and at present is preparing plans for alterations and renovations. Mr. Brian Fricker, another member of the Association Committee, is doing a fine job as chairman of the premises sub-committee. It is felt that this Club will have a long and continuing life and will be supported by succeeding generations of old boys from the associations previously mentioned. The original circular was necessarily very sketchy, but we express our thanks to those who replied and to those who intimated their willingness to become members,

and in many cases made offers of financial help. It would be of great assistance at this stage if those who still intend to join would please forward their names at once, and if they see fit or are able to offer financial help by way of a gift, an interest free loan, or a five per cent. debenture, to nominate that amount at the same time.

Each affiliated association has been asked to nominate two members who will act both as guarantors with the bank and trustees for the debenture holders. We are very pleased to be able to report that for Princes, two well known Old Boys in the persons of Mr. Norman Todd and Dr. Alan Clarkson have both unhesitatingly accepted the honour and the responsibility.

The acting chairman of the Club is Mr. W. J. M. Ewing (LA 3205), acting treasurer, Mr. Ian Black (LA 4303) and acting secretary, Mr. Ross Johnston, 4th floor A.M.P. Building (LA 2372). Correspondence and enquiries from Princes Old Scholars should be addressed to the latter.

It has been decided that the entrance fee will be £5/5/0 and the subscription for city members £5/5/0 per annum. (As the Club will have been in existence for less than twelve months, subscriptions for the year ending 30th June, 1960, have been fixed at £3/3/0.) The annual subscription for country members has not yet been determined.

## Interstate Branches

Rossiter is patron, other officers being: Immediate Past President, John Livingstone; Vice-President, Geoff. Playford; Committee, Frank Jones, Dr. Frank Gallasch, Doug. Guppy, Treasurer, Ray Buttery; Auditors, Vernon Dawe and Stan Dimond.

### NEW SOUTH WALES

The Branch President is Mr. Brian E. Monfries, 16 Pembroke Street, Eastwood, N.S.W. The Vice-President is Mr. Angus R. Read, 26 Carlisle Street, Rose Bay. The Secretary is Mr. Don. R. Spry, 2 Reely Street, Pymble, Phone JJ6441.

### Personal

We deeply regret the passing of two Old Reds during the last few months, namely Durham Nuthall and Lance Rhodes. They had attended a number of Sydney dinners. Lance was awarded the Military Cross in France and attained the rank of Captain. He was a grandson of a founder of the College, the late William Rhodes.

Reg. Garland was recently presented with a canteen of cutlery by Mosman Hockey Club in recognition of thirty-one years of playing service as a Foundation Member and Vice-President.

Paul Henstridge and Reg. Nancarrow have been transferred by the Bank of Adelaide to Adelaide and Brisbane respectively.

Ivor Hele was present at a dinner party given by the Governor-General, Sir William Slim and Lady Slim at Government House, Sydney, on 25th May, 1959.

Dr. Alex. Burnard has returned to the Conservatorium of New South Wales after several months abroad.

Lionel Edelman also recently returned from a business trip overseas.

Rex Farley is now living at Vancouver Avenue, Springbank, South Australia.

Des Babidge, who was prominent in school tennis in the late thirties, is now living at Evelyn Avenue, Turramurra, New South Wales.

Will Ashton is not able to move about these days but sent warm regards to all his friends at the Sydney dinner.

Peter Lister has been transferred to Perth by Knox Schlapp Ltd.

### Annual Dinner

The attendance at our Annual Dinner was forty-six which was the highest for a number of years. It was held for the first time at Cahill's Tudor Restaurant, Martin Place, and it was generally conceded that the atmosphere was very fitting for a function of this type.

After lending valued support for year after year on the organizing of dinners, Brian Monfries rose to greater heights as Chairman for this occasion and it was very fitting that he should be a contemporary of Norman Angel, the Adelaide President.

Among greetings received was a "terse verse" from Jim Cowan, "exiled" to Mauritius.

New faces at the dinner included those of David Davies, Colin Wilson, Tim Godlee and Eric Godson.

Herbert Botten overcame the difficulties of a new location and had the telephone hook-up operating smoothly in time to hear some School songs from Adelaide. The speakers in all centres were heard very clearly and a quiet remark was made in Sydney to the effect that the members in Broken Hill who drove 200 miles to their dinner would not be driving back again that night if the observed festive air was factual.

### Visit by the Headmaster

We were most grateful to have a visit on 20th May by Mr. J. A. Dunning, Headmaster of the Schol, who was entertained at a buffet dinner at Cahill's Restaurant by an excellent muster of thirty-two Sydney Old Boys.

### QUEENSLAND

The Branch Secretary is Mr. P. D. Coles, Room 12, Fourth Floor, National Mutual Building, 293 Queen Street, Brisbane—phone B 8017.

### VICTORIA

At the Annual Meeting of the Victorian Branch the following office-bearers were elected for the ensuing year:—

Acting President—Graham Williams (pending the return of Norm. Dawkins, indisposed). Business Address: C/o Goldsbrough, Mort and Co. Ltd., Cnr. Bourke and William Streets, Melbourne. MY 1231.

Secretary and Treasurer — Dean Crowe. Business Address: C/o Albright & Wilson, 610 St. Kilda Road, Melbourne. LA 6991.

Committee—Messrs. Charlie Crompton, Rob Hill, John Badcock, Bob Hughes, Neil Effick.

The Branch held its Annual Meeting and Annual Dinner on Thursday, 23rd July. The function was held at the University Union Private Dining Room at the Melbourne University, and the evening was a wonderful success. There were 40 present to do honour to the Old School, and some of those present had travelled over 200 miles to attend. Arch. De Garis proposed the toast to the School. The response was handled by Bob Hughes. Mr.

Mac Stidston, representing St. Peter's Old Collegians, Dr. T. H. Coates, the Headmaster of Wesley College, and Professor Sir Arthur Amies, Pro Vice-Chancellor of the University of Melbourne, were also present. Professor Norman Lade proposed the health of the guests.

In the absence of Mr. Dawkins, the chairman for the evening was Mr. Brian Hone.

## London Branch

Dr. Stanford Howard, of 49 Wimpole Street, London, W.1., is desirous of meeting all Old Reds who may be visiting London.

Concerning the latest dinner, Stanford reports as follows:

Dr. Noman Hall, O.B.E., was in the chair. He had not been to one of our dinners before, as his name was not on my list. It was due to the recent visit of my brother Egbert to this country that his name was included. My brother asked me if I had had any news of him so I immediately looked him up in the Medical Directory and wrote to him. He was delighted to come. Stanley Newman was not able to come as he is more or less house-bound with arthritis. After the loyal toast I made my usual introductory remarks and unfortunately had to tell those present of the death of Dr. Clin-

denning who failed to reach his 100th birthday by three months. A welcome was extended to all the recent arrivals and a strict injunction given them to keep me posted with any change in address. Norman Hall then proposed the toast of "The School" and young Dr. Colin Schwartz responded and told us of all the new developments going on. Altogether there were eighteen present. The other seventeen apart from me were Maurice Giles, Solly Hill, Dr. Howard Rayner, Dr. Mitchell Rees (Dunga), Howard Hobbs, Frank Gibb, Dr. Norman Hall, Dr. Dick Southwood, David Barton, John Hannaford, John Pitman, Rex Dawe, David Evans, Michael Schneider, Graham Gann, — Williams and Dr. Schwartz. David Evans and Williams are shortly returning to Adelaide so we will not have them next year.

### MONTHLY LUNCHEONS

The monthly luncheons are held at Balfour's Cafe, King William Street, on the third Tuesday in each month at 1 p.m., and country members are especially invited to attend.

Interesting addresses have been given by the following guest speakers:

Mr. W. L. C. Davies "Television in South Australia"; Rev. Frank Hambly, M.A., B.D., "The American on Holiday"; Mr. Thiele, "The American Character"; Mr. W. C. L. Badge, "Democracy and the Private Schools"; Mr. W. B. Coombs, "Game Fishing"; Mr. K. E. Gerard, "Plastics".

### THE HISTORY OF THE SCHOOL

Old scholars are reminded that copies of Mr. Ward's most interesting and valuable book of the First Eighty Years, 1867-1948, of Prince Alfred College are still available. No old scholar can afford to be without a copy of this valuable record. Copies are available bound in red cloth at £1/1/- plus 6d. postage. Order forms are available from the Association Secretaries, 77 Grenfell Street, Adelaide, to whom remittances may be sent.
