CHRONICLE 2014

Front cover images from artsPACes 2014.

Thank you to those who helped in the production of the Chronicle 2014: Festival City Photography, Richard Lyons and James Elsby for the photography. To view and purchase College photographs of major events, class groups or images of co-curricular sports and music, please visit www.festivalphoto.com.au.

We are grateful to Elena Toskas, Co-ordinator, Margaret Gleaves, Editor, and Sally O'Connor, Graphic Designer, for their commitment to inspire excellence in this production.

PRINCE ALFRED COLLEGE

INSPIRING EXCELLENCE

Our Vision

Inspiring excellence

Our Purpose

Prince Alfred College develops young men who will engage in the world with confidence and compassion.

We are a community that seeks to challenge and inspire students and maximise every boy's potential.

Our Values

- **We value academic excellence, personal development and achievement.**
- **We believe in excellence in teaching, leadership and teamwork and an appreciation of Christian principles.**
- **We appreciate an international concept of curriculum and a sense of citizenship.**
- **We make every effort to develop well-rounded young men by nurturing their intellectual, physical, social, emotional and spiritual capabilities.**
- **We encourage boys to grow into confident and compassionate men by fostering their independence, self-discipline, integrity and social responsibility.**
- **We recognise the importance of the College as a community with shared responsibilities, including students, parents, staff, old scholars and friends of Princes.**

Headmaster's Report

Bradley T Fenner

Headmaster

In providing some reflections on my short time so far at Prince Alfred College, I would firstly like to acknowledge the two gentlemen who have preceded me in the role this year and have between them been in charge for the majority of the year.

In the first instance, I wish to acknowledge Kevin Tutt, who served Prince Alfred College in outstanding fashion over 16 years, including ten years as Headmaster.

I have known Kevin well, and have worked closely with him on some shared projects, over the last 15 years. Since taking over from him at PAC, I have gained an

even greater appreciation of his contribution to the good fortune of this fine school. Prince Alfred College is a school in good shape and also in good heart. And this can be contributed in no small part to a number of initiatives and developments that have taken place during Kevin's tenure over the last ten years.

Amongst other things, the concept of the Princes Man draws has built on the traditions, values and heritage of the College, as well as providing an inspirational message for our students. The development of the academic program, particularly through embedding the SACE and IB dual pathway, the upgrading of our facilities including the outstanding RED Centre, and the recent innovation of the Early Learning Centre, will all remain as significant legacies of the Tutt Headship.

I would also like to acknowledge the Deputy Headmaster and Head of Schools, Neil Andary, particularly for his work as Acting Headmaster during Second and Third Terms. As anyone associated with Princes knows, Neil is a man of great wisdom, commonsense and good humour. I have enjoyed getting to know him and have felt well-prepared for taking over, because of his thoughtful briefings on a range of issues. We are fortunate to have an educator of his calibre in this key role and I am thoroughly enjoying working with him.

In making a few observations about my time at Prince Alfred College so far, I do not wish simply to repeat the list of achievements which are reported elsewhere in this publication. Whilst I have enjoyed attending some wonderful events, and seeing some impressive achievements by our students, I will confine my remarks to some brief reflections and observations.

Neil Andary, Bradley Fenner and Scott Parker with the 2014 Senior Prefects

At my induction, which is reported elsewhere, I spoke about the importance of pride. One of the things which has come through to me very clearly is the pride that members of our community have in their association with Prince Alfred College. This can be seen in the wonderful support **for Old Scholar events, the** passion of our students in their Intercollegiate sporting events and the commitment of our staff.

This is an exciting time to be part of Prince Alfred College. We have a solid interest in places at PAC and have had steady growth in recent years to achieve a record enrolment this year of close to 1100 students. Whilst we do not wish to grow the school **significantly, we anticipate that** over the next few years we will fill up the remaining places and achieve our capacity. We have some significant plans for the further development of our facilities and we are also looking forward greatly to an exciting **time leading up to our 150th anniversary in 2019.**

This year has not been without its sad occasions and one of

these has been the death of **one of our teachers, Mrs Marie Milicevic, during Fourth Term** as a result of cancer. This came as a great shock for many in the **school community, but we have** been pleased to have had the opportunity to pay tribute to this fine teacher and gracious woman.

In conclusion, I would like to thank all the members of the Prince Alfred College community who

have made my family and me feel very welcome during our first term and a half at Prince Alfred College. This has reinforced to me the image of a welcoming and **inclusive community, which is of** course exactly the kind of school that we should aspire to be.

Bradley Fenner
Headmaster

Headmaster's Report

Headmaster's Induction

September 2014

It gives me great pleasure to commence as the 11th Headmaster of Prince Alfred College. All that I have seen of Prince Alfred College over many years, and all that I have learnt in recent months and weeks, has given me the highest regard and respect for this school, its ideals and traditions, and most importantly the education that it continues to provide.

There's a lot to like about Princes;

- **The commitment and efforts** of hundreds and thousands of members of the Princes community over 145 years to make their own individual contribution to the rich tapestry that makes up the history of this school, not just through their work at and for this College, but also in their contribution to the wider community.
- **I am impressed by the way in** which the enduring principles of PAC have been interpreted and developed in the current environment. The messages that I have seen displayed and expressed around the College all speak of a school with a clear understanding of what it is trying to achieve. Inspiring excellence; Work hard, be kind; the concept of the Princes Man. This is a school committed to its mission and prepared to commit its resources and efforts to achieving those goals.

It was very important to me that Lincoln and Te Raukura from Kings College in Auckland, two gentlemen for whom I have great respect, were here today to hand me over to Prince Alfred College. Having been extensively involved in Maori education at

my previous school, I was well aware of the Maori tradition that when someone moves from one community to another, members of the first community go with the person who is leaving to hand them over to their new community. I think that rites of passage are important to mark the major transitions in our lives, as we leave one phase and move on to the next. For me, this has helped to mark the completion of one chapter and the commencement of the next.

And I want to use a Maori concept as the starting point for some comments, particularly for the students of PAC.

Mana: Is the status, standing, authority or power of an individual. Mana is a spiritual quality, which comes with the position that you hold within your community. But mana is not fixed; you also have to earn it to maintain it. You increase your mana by your achievements, your conduct and the way you live, and conversely you can lose or reduce your mana through your actions as well. Lincoln and Te Raukura both possess considerable mana within their communities, Lincoln as a leading Maori educator and Te Raukura as a Maori student leader.

And mana does not exist only in individuals, it is also present within groups, organisations and institutions. Prince Alfred College has mana within the educational community, within this city and state, and even further afield.

It has the standing which comes with 145 years of the pursuit of excellence in the education of boys and young men. But what is really significant is that the mana of the institution is also increased and enhanced by the actions of the individuals who make up that community. That wonderful gallery displayed on the walls of our school, our Princes Men, celebrates the achievements and lives of individuals who have not only made a great contribution to the wider community in their chosen field, but have also increased the mana of their school.

There are two concepts linked to mana, which are part of my expectations of our students. The first is pride. I have seen pride on display in a very positive way over the last few weeks associated with one of our enduring traditions, and one of the great school rivalries in the world, our intercollegiate competition with St Peter's College.

I saw pride, quite rightly, on both sides. And I say to you now: Be proud. Be proud of who you are and what you are. Be proud of the things and institutions that you belong to: your heritage, your families, your school, your land. Be proud of what you do, and you will do it well and to the best of your ability. Pride in this sense is not a sin, but rather one of the key factors in achieving a happy, rewarding and fulfilling life. So, be proud.

The second relates to passion. I spoke to staff when I commenced about the importance of passion in what we are doing. To the students I say that there would not be an adult present at PAC who did not discover at least

one of their passions during their own schooldays. You will learn about some of mine as time goes by. To fulfill your potential as a human being, to achieve your own completeness as an individual, you need to find the things that quicken your pulse, that stir your soul, and that will ultimately enrich and fulfill your life. Whether that be found in the classroom, on the sports field, in the performing arts, in the Chapel, don't just drift, engage.

With passion, you will achieve great things, not just in the obvious sense of prizes, awards and distinctions, but also personally in the way that you develop. Passions will give you a sense of direction for your future life. And note that I use the plural: passions. A single passion does not do justice to our multi-faceted nature as human beings; there is more to us than that. A single focus can lead to a lack of balance and perspective, and to losing your way if that particular pursuit or pathway is lost for whatever reason. My second expectation or charge to you, therefore, is to seek out your passions.

My third expectation may sound like a more mundane one, but I believe it to be no less important. Good manners. They cost you

nothing and they can have an extraordinarily positive impact on the way you are viewed by others, and how you get on in the world. Providing a positive first impression, and treating all those we meet with equal respect and courtesy, will serve us well throughout our lives. Good manners are really a way that we show the respect to others that we would like to receive ourselves.

When I visited Princes a few months ago, and spoke in Assembly, I asked that when we meet, I wanted you to greet me, look me in the eye, give me a firm handshake and introduce yourself. I said that that will get our individual interactions off to the best possible start and will also serve as a model for how I hope you would greet anyone you meet, here at school or elsewhere. I want you to know that I have been impressed with the greetings and handshakes so far, keep it up!

Finally, there is a school I know of in Nairobi in Kenya, which has a verse from the Bible written above the entrance to the School. This is Jesus' powerful directive to his disciples: "Of those to whom much is given, much will be expected." The interesting thing is that this particular school is not a school for those who are well off. In fact, the

majority of the young men who attend the school come from the poorest families from throughout Kenya. Many are in fact orphans, who have been identified as talented and worthy candidates and have been accepted for sponsored places.

They arrive at the school with virtually nothing, and yet even at that point of arrival, the words above the entrance are telling them that much is expected of them. And that is because they have been blessed, firstly in having some talent, and secondly in being given the priceless gift of a quality education. It is now up to them to make the most of this. And if much can be expected of those students, is it not reasonable for us in our environment to expect the same, or even more, of ours? My final expectation of you students therefore is simply that: much. Much is expected of you.

I thank you all again for the warmth of welcome that has been offered to my family and me during our first weeks at Prince Alfred College and look forward with great excitement and anticipation to our shared journey.

Bradley Fenner
Headmaster

Reflections

10 years of headmastering at Prince Alfred College

It has been a privilege and honour to be the tenth Headmaster of **Prince Alfred College**, beginning as Acting Headmaster in April 2004. The College is distinctively a great school for boys, well regarded in Adelaide, South Australia and our Nation and increasingly on the global stage. The heritage and tradition of the College is balanced with innovative and cutting edge approaches to education. The College is blessed with an excellent staff, loyal old collegians and a committed community. Its greatest gift is the boys who endeavour in every way to fulfil our ambition for them to be Princes Men.

After a decade as Headmaster, I leave knowing that I hand over an excellent school to **Bradley Fenner**. I am thrilled with his appointment and have great confidence in his ability to sustain the culture and focus on achievement, and capably lead the school towards its 150th anniversary in 2019.

Three important elements of a high quality education have guided my leadership – **pedagogy, technology and space**.

I have been fortunate to oversee and contribute to the significant capital improvement of the Kent Town campus facilities in the last ten years. Culminating in the opening of the RED Centre, Prince Alfred College now offers outstanding facilities for its comprehensive curriculum and co-curriculum programs. My wish is to return to the opening of a new Boarding House, and to live long enough to see the redevelopment

of the current boarding house site. Scotts Creek is an exceptional outdoor education facility and Wambana, established as the first Extended Stay Experiential Learning facility in the State, has added significant value to our education program. The learning spaces for Preparatory, Middle and Senior School students have been fully upgraded. The 'space' of PAC is among the best in Australia.

The level of achievement at PAC in academic, sporting and cultural pursuits is well acknowledged. The College can hold its 'head up high' with respect to exceeding national standards of academic performance for boys' schools, and most significantly as a non-selective school. The use of IBO curriculum has seen a significant improvement in teaching methodology from ELC-12 and offered our teaching staff access to some of the best professional learning in the world.

The Directorate of Teaching and Learning established in 2009 is having great impact with its focus on communities of practice and best practice in boys' learning. The introduction of Princes Pedagogy in 2008 has provided a foundation for teaching and learning and enhanced this year with the determination of six elements of learning – investigate, create, solve problems, reflect, collaborate and communicate. Learning initiatives in eduKart, eduCook, and at

Wambana have complemented an exceptional curriculum. The New SACE has been effectively implemented. Our active involvement in the International Boys' Schools Coalition (IBSC) reinforces our commitment to single sex education for boys.

The Wellbeing Framework being implemented in 2014 is reinforcing our purpose and vision for inspired excellence and the all-round development of the Princes Man. This is based around six elements of wellbeing – character, connection, competence, confidence, courage and compassion. 'Work Hard, Be Kind' is our simplistic but highly effective approach across the school, and applicable to all members of the College community. Our community service and service learning programs are broad and diverse and we are engaging well in the global community.

Prince Alfred College has an exceptional sporting tradition which has been strengthened in recent years. Our success ranks at Intercol, State, National and International levels. A third consecutive win in the Head of the River this year was a record breaking achievement. Football, tennis, rowing, and cricket remain our most successful sports.

Technology at Prince Alfred College is an essential feature of the teaching and learning process. The introduction of the 'one-to-world' laptop program for students in the Middle and Senior schools has complemented our pedagogical approach. Technology features across the school in robotics, electronics, film making, music, design and 3D photocopying. The ICT department, under the leadership of Rob Sieben has overseen significant improvements in infrastructure and the network.

I have been guided by three Strategic Plans, each one better than the last. The current plan sets a pathway for the College

to the end of 2015, which is well timed for the transition to a new **Headmaster**. The vision, purpose and values of the College have remained firm. The strategic plan includes the right blend of continuous improvement and bold innovation to add value to the high quality education we offer. The Communications review undertaken in 2013 is seeing significant improvement in our **communications, marketing, knowledge management and public relations**.

Boarding at Princes is a significant strength. The culture of the boarding house is a fitting complement to the six elements of our wellbeing framework. Darren Roylett leads an outstanding team.

The Early Learning Centre at PAC is an exemplar of best practice. The outstanding facility is matched by an exceptional play based curriculum influenced by **the Reggio Emilia and IBO PYP** approaches to early childhood learning.

Prince Alfred College is well structured and organized. The One College: Three Schools model is catering well for the unique **age-based development of boys** and strengthened by distinctive

curriculum, co-curriculum and wellbeing programs. The Executive is based on the major **functions of the school: Education, Organisational Development, Boarding and School Operations**. We are blessed with talented leadership in these areas most **significantly Steve Bacon, Neil Andary, Kelvin Sparks, Darren Roylett and Terry Learmonth**.

The Student Success Team allows all boys to be inspired to excellence. The combination of learning support and counselling programs meets the academic and psychological needs of every student.

The Preparatory and Senior Parents and Friends Associations have provided great assistance to the College with both fund and **friend raising activities, and the amalgamation of the two P&F groups** will no doubt strengthen their effectiveness. The support of the Foundation over the years has been greatly appreciated as it has assisted the College to move forward with the provision of resources and with the building program. The PAOCA remains one **of the College's greatest assets**, and makes a diverse and broad contribution to PAC.

I have been privileged to work with a dedicated and highly professional governing body. In particular, I express thanks to three **Chairs of Council: Bruce Spangler, Ben Tidswell and John Keeves**. All members of Council and Chairs of Committees have supported me completely in realizing the vision for Prince Alfred College.

Finally, I pay tribute to Margaret Gleaves who has assisted me each and every day for ten years. Margaret shares my passion for **Princes, appreciates the hard work involved, and is a gatekeeper of standards**. Her service to the College and Council is beyond measure.

Kevin Tutt
Headmaster (PAC 2004–Term 1 2014)

Deputy Headmaster/Head of Schools

Neil Andary

Deputy Headmaster/Head of Schools

Thousands of minds and souls wander through the prestigious grounds during the week but all of these people share one connection. They are forever part of the Princes community... We all come from different upbringings from all corners of the state, country and globe. The more we know about each other, the more connected we can become through our shared humanity in an ever-isolating modern social climate.

Nelson Ellis Year 12, 2014

Princes is a community and each day, as Nelson reminds us, we come together to share our stories, our hopes and our fears. Together as a community we strive to raise our children to be the best they can be.

During 2014 our staff have continued to work to develop a consistent and visible program that supports our vision of inspiring excellence. We strive for this to be more than words on a page. **Work Hard, Be Kind** has become a mantra as we forge forward in our determination to help each boy fulfil his potential. Not always

an easy task! In my ten years at the College I have seen and felt the change inherent in our boys. Technology has swept into their lives and for many, engulfed them. For others it remains a happy pastime. Our teaching has had to change and so to our expectation of learning. Not our expectation of result, just how to get there. In a school with children from 2 years of age to 18, there is a generation of difference in how they learn, how they think and how they behave. What an exciting place to work in...but very complex. It is the capacity to see this generational change in one place that helps us determine how and why we consistently refine the teaching and learning program. It is why our newest families can rest easy in our understanding of the journey your son is on. It is also one of the reasons we have introduced a series of parent lectures which will continue

in 2015. We were fortunate in welcoming Bill Hansberry and Mark Le Messurier to speak with families during the year about the demands of parenting and the growing awareness of learning and behaviour issues in our society.

It is not easy to capture the spirit of a year at Princes. Every part of our College from ELC to Year 12 has been involved in an exciting and thoughtful event at some point. Assemblies, Chapel services, Grandies days, camps, cooking and go-karts, music performances, drama productions, discos and formals, intercollegiate rivalry, sports days, tests and exams, excursions, visiting performers and lecturers, family nights and information forums. This is exhausting and exhilarating all at once. It is indeed the busyness of our schools that provides the wonderful opportunities for our boys to find their passion. A passion that helps make the academic learning important and relevant.

The year in the ELC began with the opening of three new rooms, additional play and eating spaces. The rooms named after three special ladies in our history,

Isuru Dissanayake, Peter Serwan and Neil Andary celebrating Richard Thorne's birthday

Neil Andary at the 2014 Prefect's lunch

Neil Andary with 2014 College Captain, Will van Dissel (R) and Vice-College Captain, Ben Siebels (L)

Neil Andary congratulating recipients at the MS/SS Summer Honours and Colours Assembly

Mesdames Mattingley, Angwin and Wilkins, were officially opened by our Chair of College Council in the presence of their families and ELC students. The new spaces have proved popular and our outstanding facility continues to grow under the watchful eye of a wonderful staff.

Many outstanding things have taken place this year in the **Preparatory School, not least of which was artsPACes**. This was truly a **celebration of The Arts, learning and action** by our boys and staff. Whilst it culminates on one night it is hours of effort and collaboration beforehand that truly reflect the art of learning. Education is a **journey, one that lasts a life time**, and the confidence to embrace and enjoy learning is fostered through events such as this.

Our student leaders, comprising **College Captain, William Van Dissel, Vice-Captain, Ben Siebels, Prefects, Preparatory School Captain, Angas Parker, Vice-Captain, Patrick Singleton, Middle School Captain, Jordan Lesicar, Vice-Captain, Hugo Barry, our Community service, Arts, Library, Student Success, Boarding and House Leaders** have worked hard this year to foster **student voice, community spirit**

ELC Expansion Official Opening

and wellbeing. They have taken **on, amongst many other things**, the organisation and delivery of **the Formal, Assemblies, Chapel, tours, fund raising and awareness initiatives, student and staff support** and in the Middle School arranged for students to be heard via the online MS Suggestions **Box and the MS Wellbeing email service**. They have helped shape a vision for student leadership **and representation for 2015 and beyond**.

As the year draws to a close we can be well proud of our collective achievement. We said farewell to our tenth Headmaster and **welcomed our eleventh, with a short hiatus in between, all the while maintaining our vision and belief in a Princes education**. It has been a pleasure serving our **community as we embark upon, refine and rejoice in our personal journeys**.

Neil Andary
Deputy Headmaster/Head of Schools

Academic Report

Kelvin Sparks

Director of Teaching and Learning:
Years ELC–12

Teaching and Learning

Programme Developments

2014 has been a significant year with regard to our involvement with **International Baccalaureate programmes**. On September 22, the College was officially authorized to offer the Middle Years Programme. **As a result, Prince Alfred College is now one of only 250 or so schools around the world offering three IB programmes.**

Our MYP authorisation was the culmination of a lengthy Verification process involving extensive documentation of the **College's philosophy, organization and curriculum**. It was pleasing to see the College represented so positively by staff, students, and parents during the three-day verification visit. In the accompanying report from the IB, the College was commended for its **'strong, committed and clear pedagogical leadership'**, and the **'understanding and respect observed in interactions between teachers and teachers, teachers and students, and students and students, both inside and outside the classroom'**. We are very proud of these affirmations of the environment for living and learning that we are working hard to create.

The Middle Years Programme itself is in transition towards the **'MYP: Next Chapter'** which will launch across the southern hemisphere in January 2015. This has resulted in a range of detailed enhancements to assessments and learning programmes, as well as providing the opportunity for teachers to design and plan new learning experiences for our boys. In particular the focus on **'Global Contexts'** has prompted many discussions as to the global significance of the learning that **our boys undertake, especially** given the essential life skills that our boys will need as they move into 21st century careers in an **increasingly connected, challenging and changeable world.**

One of the key changes to the **MYP from 2015 on is a renewed emphasis on 'Approaches to Learning' – in brief, the 'toolbox' of skills that our boys bring to each and every learning experience – and it is easy to see the relationship between these ATLs and the various attributes of the 'Princes Man' that the College seeks to nurture and develop.** Our **eduCook, eduKart, Scotts Creek and Wambana** programs complement the **day-to-day classroom** environment by providing boys with enjoyable and challenging opportunities to practice and develop these learner skills in unfamiliar circumstances.

In addition, under **MYP Next Chapter, some subjects will operate under new names: Humanities will become 'Individuals and Societies', Technology will be known as 'Design' and our Language A (English) and Language B (LOTE) subjects will be referred to as 'Language & Literature' and 'Language Acquisition' respectively.** We will also be welcoming the **SACE Personal Learning Plan (PLP) into Year 10 in 2015,** complementing the existing **MYP Personal Project, which emphasizes our boys' capacity to approach independent projects with confidence, compassion and independence.** In 2014 the broad range of individual research topics developed by our Year 10 boys for their Personal Project included **"The use of algae in sustainable fuel production", "How can our mental health system be improved?", "Preserving or violating democracy: the Racial Discrimination Act", "The effect of social networking on social and mental well-being"** and over a hundred more diverse

and interesting topics that demonstrate our young men's ability for deep thought and commitment to a better world.

2014 has been the key year in our **5-yearly Evaluation cycle for the IB Primary Years Programme.** The PYP guides teaching and learning in the Early Learning Centre and Preparatory School through the use of inquiry to empower boys to be active learners and by focusing on deeper understanding to help our boys make sense of today's complex yet increasingly interrelated world and their place in it.

Evaluation is a detailed and **wide-ranging process to ensure** that PYP schools continue to **provide learning that is significant, relevant, engaging and challenging.** Accordingly, a thorough review was conducted by all sectors of the school community of all we do that relates to teaching and learning. This, in turn, culminated in a **deeply reflective Self-study** in which we assessed our performance against the standards and practices promulgated by the IB. To complete the process, a team of experienced PYP educators visit the school to gain evidence to **verify our self-assessment** and offer commendations and recommendations accordingly. We are proud to take part in an accreditation process such as this that helps us to move closer to our goal of inspiring excellence.

Achievements

The **2013 SACE and IB Diploma** cohorts continued the tradition of outstanding academic achievement. In total there were **45 Merits achieved (21 in SACE and 24 in the IB Diploma Program, underlining the academic excellence of the students in 2013.** Overall 39% students achieved an ATAR of 90.00 or more and the median ATAR of the 2013 cohort was 83.00

Preshaan Thavarajah at the 2014 King's Speech

Year 9 boys returning from Wambana on the One & All

2014 Emeritus Assembly

Two Prince Alfred College students, Theodore Squires and Hank Ly, achieved an ATAR of 99.95 in the IB Diploma, while 29 students (13 in the SACE and 16 in the IB DP) achieved an ATAR over 95 and joined the exclusive honour roll of our 'Over Ninety Five' Club. Students in the Diploma Programme continued to produce outstanding results with the cohort achieving a median ATAR of 97.35.

On the basis of these results the following prizes were awarded:

- **Edward Spicer Prize and Dux of College:**
Theodore Squires and Hank Ly
- **The EB Colton Prize (Proxime Accessit to the Dux of the College):**
Hugh Schievenin
- **The Malpas Prize for Science:**
Simon Brown
- **The Longbottom Prize for Mathematics:**
Henry Bui
- **The Colton Prize for Arts and Languages:**
Charlie Baker.

Prince Alfred students continued to display their academic abilities in a wide array of subject competitions,

including the Mathematics and Science Olympiads, Royal Australian Chemical Institute Chemistry Quiz and The Australian History Competition.

The College's tradition of excelling in mathematics competitions was upheld. In the SA Schools **Mathematics Competition**, Denny Han in Year 8 placed tenth in the State, while in the **Australian Mathematics Competition**, PAC students from Years 3 to 12 won two prizes (Alexander Elix, Year 7 and Daniel Park, Year 10), 19 High Distinctions and a staggering 99 Distinctions.

As usual, public speaking inspired excellence across the College. The **King's Speech Award** was won this year by Preshaan Thavarajah in the Preparatory School Division, Jordan Lesicar in the Middle School Division and Tim Hobbs in the Senior School Division. Ethan Hayes won the Lodge Short Talk competition and completed an admirable double by taking out First Prize in the Year 6 IPSHA Poetry Recital competition.

Preparatory School boys continued to perform strongly in the Oliphant

Science Awards, while in the ICAS Science competition, Olin Watters received the University of NSW medal for being the top Year 3 student in South Australia and Northern Territory.

Teaching and Learning Leader, Ms Christine Papanicolas once again led ten Middle School boys in the annual Aurecon South Australian **Bridge Building competition** involving over 50 schools and 200 participants. After months of designing, building and testing prototype bridges, our boys achieved great results including 2nd and 3rd overall for our Year 9 teams. Prince Alfred College was also the highest scoring school throughout the Adelaide and Adelaide South Regional Challenge events for the National Science and Engineering Challenge, which secured us a place in the Nationals Final.

We are proud of our boys who continually challenge themselves as they aspire to excellence.

Kelvin Sparks

Director of Teaching and Learning:

College Captain's Report

Will van Dissel

2014 College Captain

Student Leadership at PAC

Student Leadership has yet again had a very strong year at Prince Alfred College. Captains of Preparatory and Middle School have shown great qualities in leading their fellow men throughout the academic year. This was also the case for the 20 prefects of the College, who are the pinnacle of student leadership. From the start of Term 4 to the end of Term 3 the Prefect group had one simple goal, and this was to improve the College. Simple, I know, but this entails aspects of student life. This could be physically, mentally, emotional or just improving the schools ever-growing reputation. This year's prefect leadership team wanted to leave a 'legacy' for years to come, a character for future leaders of the school to uphold.

A significant prefect event was the 'Pull Up Your Pink Socks Day' which Braydon Cordingley and Jack Elsworthy organized. This involved a Saturday in the third Term in which every senior team would wear pink socks to raise awareness and funds for the McGrath Foundation. This was a highly successful event and

because of their hard work raised several thousands of dollars. Another prefect initiative was the creation of the 'Red Army'; this was done by Oliver Collison, Ned Murdoch, Will Burfield and Mr Troy McKinnon. This 'army' was a key group of supporters who would

attend intercols to increase school presence, chanting and overall pride. This made a clear impact on the games and every athlete that competed said that it helped the Reds.

There are also other leadership opportunities at the school which include House Captains, School Representative Council and Boarding House Prefects. All of these positions have busy times of the year but display leadership and the character to be a Princes Man.

There were several highlights throughout the year and no one event stands out from the rest. But the 2014 senior leadership team was one of the best group of young leaders I have been involved in. It was been so rewarding as a student of the College to be a part of this year, and look forward to seeing other young men graduate and prosper.

Finally I would like to congratulate all school leaders present and in particular to the 2015 leaders. There will be many challenges ahead, take them in your stride, don't stray away from your goal and be proud of what you will and can achieve.

Farewells

David de Lacy

David de Lacy joined Princes in 2009. His impact in both teaching and learning and sport

and co-curricular was immediately evident.

Over his time at Princes, David taught Physical Education from Years 7 to 12. His commitment to the boys was naturally progressed by his interest in technology for Physical Education. In recent times he has been a trailblazer for the use of iPads in sport and has presented at various conferences as an early innovator in this field. In 2013 he started the social media group 'Heaps Good Phys Ed' which aimed to deliver collaborative and deliberate programs to the wide network of Physical Education teachers in South Australia and on a national level.

David held many roles of significance at the College including Year 9 Coordinator, House Activities Coordinator and most recently Teaching and Learning Leader — Middle School Physical Education.

In the field of sport and co-curricular, David was equally effective. David held roles as Master in Charge Hockey from 2009 to 2011, before becoming a highly passionate contributor to the Football program whereby he was appointed as 'Performance Manager' of the First Football team. David was also instrumental in the Swimming and Athletics programs, having run House carnivals in both disciplines and being responsible for the Athletics Achilles Cup team for several years.

David worked tirelessly at being an advocate for the boys at Princes, developing strong relationships in teaching and learning. He is a determined and forthright person who was widely respected by staff and the parent community. We wish David well in the next chapter of his professional life.

Peter Hughes

Peter joined the staff at Prince Alfred College in 2001 as maintenance electrician. In a very

short time Peter became Manager Property Services and in 2009 was appointed Director, School Operations with responsibility for Grounds, Maintenance and Housekeeping services.

Peter is a caring and supportive member of the College community and it is these attributes that has enabled him to establish close relationships with all staff. His 'can do' attitude has seen significant improvements in the facilities provided by the College over this period. Peter's focus on quality, team and customer service are second to none. Some of his other contributions extend to the establishment of the Preparatory School Christmas carols night and his support for the various art events (ArtSpaces and the College Musicals) held at the College, contributing to their success.

Peter's love of music and singing has seen him work with many staff over many years in various events from Carol singing through to the establishment of a PAC staff band (Birdog pronounced BirrrDog) playing venues around Adelaide.

Peter's commitment to, and passion for the College is evident in all that he does and whilst he will be sorely missed we all wish him the very best in his retirement.

Ken Irvine

Ken began his career at Princes in 2000. He was always pleasant and cheerful and loved Princes. He often said

how much he enjoyed working at the College and he loved the friends he had made over the years.

Unfortunately, Ken's health finally got the better of him to the point where he could no longer work on a day to day basis. We all wish Ken all the best in his retirement from Prince Alfred College.

Janice James-Valentine

Janice James-Valentine has been the College Psychologist at PAC for two and a half years. Her energy

and passion for every boy to have support when they need it, is transmissible. She has been instrumental in supporting

the development of wellbeing programs, policies and protocols across the three schools and has been quietly at the center of any crisis. JJV's expertise in the areas of Psychology, mental health, learning support, sport and gifted extension is a rare combination. She has been involved with PAC football and is a great supporter of boys across the diverse range of interests the College supports.

JJV's expertise has been used in many facets of the College, from providing staff professional development, parent forums, year level and class interventions to support to individual boys and their families. We would like to thank JJV for her commitment and the stellar job she has done in her time with us. She leaves her mark for each of the boys, their families and staff. Her incredible passion and drive, her genuine care, compassion and empathy will be sorely missed. Every good wish is extended to JJV as she embarks on her retirement.

Irma Landi

Immaculately dressed, always a lady and the consummate professional, Irma Landi has been

Assistant to four Heads of the Preparatory School over the last 26 years. At the end of Term 1, 2014, Irma left the school for the last time. She enters retirement keen to share in the joy of her grandchildren and to foster her love of travel and adventure.

Spanning her long career at Princes, Irma has served our community tirelessly. A strong and stoic person, Irma enjoyed the friendship of her colleagues. She was always there to welcome new staff, parents and boys to our school and supported us all as we strove to ensure the needs of community were met. She must have played nurse to hundreds of boys in her time and was adept at determining the truly sick from those just interested in a chat to get out of class.

After 26 years, Irma's knowledge and understanding of the Preparatory school will be hard to replace. We are truly grateful she stayed on for Term 1 to help with

Farewells

the transition. We wish her a bright and happy retirement and thank **her for her tolerance, support, guidance and compassion.**

Susan Lock

Susan Lock has been an inspirational member of our teaching staff at **Princes, teaching in**

a variety of year levels within the Preparatory School for over 19 years. Susan has helped shape and guide hundreds of boys in **her time to be thoughtful, caring and engaging learners who work together to create a harmonious community.** Her special attributes include bringing out the **individual child's best by listening,** encouraging and always seeing the positive side of life. Susan has been an outstanding educator and will be remembered by so many students and families alike. We are very thankful for her versatile skills and expertise.

Susan worked tirelessly in planning and initiating our first purpose **built Kindergarten, "Little Princes".** The initial cohort included one class of four year old children. **Susan was diligent, always thinking of ways to enhance our children's learning, whether it was by initiating the Big Boys' breakfast and Princess' Tea Party on the Kindergarten verandah or filling up weekends at IKEA and the like** sourcing materials for our children to enjoy. She was fortunate enough to travel to Italy to investigate and learn more about the Reggio Emilia project in Northern Italy from which the teaching and learning values and philosophies **of our Kindergarten were inspired.** Her role as Director was tireless as she planned and initiated a play based learning programme which followed the interests of the children. Susan became well known within the Adelaide independent schools community for her passion and drive to provide the best for young children. Susan is and continues to be an instrumental member of the Reggio Hub Group.

Susan continued her work in **the kindergarten, whilst taking time to have her own family, Bailey and Olivia. Her flexible and enriched skills as a parent,** contributed considerably to the

expansion of our kindergarten to the new Prince Alfred College Early Learning Centre. Susan worked in both three and four year old **rooms, showcasing outstanding practice whilst being a central role model for others.** Her particular passion for enhancing our outside **environment, creating fascinating learning spaces and the ways she encouraged our learning team to strive for excellence will always be remembered fondly.**

We wish Susan well as she takes up her position of Director of Early Years at Seymour College.

Heather McDonald

Having spent over **25 years associated with the Prince Alfred College Community,** Heather has decided

to retire as she and husband Bruce embark on a new lifestyle of travel, spending time with the grand kid(s) and generally enjoying the 'golden years' together.

Heather first became involved with PAC as a parent in 1989 when her son Lachlan started in reception. Since then she has been a **College volunteer, been involved in the Parents' and Friends' Association** and in more recent times has become an integral team member of the Finance Department having full responsibility of the College's Accounts Payable function.

Her friendly and positive nature, her professional approach and her unconditional willingness to help others will be sorely missed by **not only the Finance Department,** but by the College Community as a whole. We wish her well in her retirement.

Dr Dirk Zadra

Dr Zadra first taught at Prince Alfred College **on a part-time basis** in 2008 and became a **full-time member of**

staff in January 2009. There are few teachers that have been able to assume such a variety of different roles across the Middle and Senior schools. Dr Zadra has taught **German, Humanities, Economics, Theory of Knowledge, English B and French.** He has supervised Extended Essays and the Personal Project **as well as being a Year 7 Pastoral**

Care teacher. He was Master in **Charge of Badminton and has** more recently provided invaluable support to colleagues as the Teaching and Learning Leader for **Language B in the Senior School.**

Dirk's musical talents saw him frequently called upon to assist in assemblies by playing the organ and his creative abilities were further demonstrated when he **wrote and directed a play, "I looked into the darkness around me".** The play raised money to support White Ribbon for which Dirk is an Ambassador.

Dirk is the personification of professionalism and courtesy. He has extraordinary knowledge **and talents but is easy-going** and approachable. It has been a pleasure and a privilege to have worked with Dirk and he will be greatly missed. We wish Dirk and **his wife Karen all the very best for their next venture which will see them return to Europe.**

John Wilson

John work at the College in the Finance Department from 2009 retiring from full time work in early

2014. John has been a wonderful support to the College over that period. Initially providing support **within the Finance Team, John's** abilities and personality saw him successfully take on the role of Director of Finance.

John is a true gentleman and a person greatly admired within the College community. His dedication to the role and to the College saw significant improvements in the area of finance and within other areas of College life.

John continues his work in the Education Sector working with AISSA on a part time basis before he fully commits to chasing his retirement dreams.

We would like to acknowledge the hard work and dedication of the following staff members who also left us this year:

Craig Burton
(Communications & Marketing)
Jeanine Dry & Alison Blake (ELC)
Danielle Holland
(Community Services)
Tasman McEwin (Property Services)

College Chaplain

Reverend Mark Dickens

College Chaplain

Heraclitus, an ancient Greek philosopher, said "Good character is not formed in a week or a month. It is created little by little, day by day. Protracted and patient effort is needed to develop good character." So then, what is it that shapes our character? Our character is largely defined by the principles and values we live by and ascribe importance to.

The place of chaplaincy and more specifically the role of the chaplain is to help articulate and reinforce the principles and values that we wish to develop and foster in the lives of students and staff at the College. Values that are reflected in but not limited to the Christian faith have been a focus for the chapel program throughout the year.

In my role as Chaplain this year I have taken on the additional responsibility of Community Service Coordinator across the College. This has involved me working closely with students to encourage and develop initiatives that benefit the wider community. A separate report details more about the activities that have been undertaken this year.

Bond Brady lighting the candle at the EX-Pow service

3M and Ex-POW association members

Headmaster's Induction Service. Dr Deidre Palmer, Mr John Keeves, Mr Bradley Fenner, Mr Neil Andary, William van Dissel, Reverend Mark Dickens

One of the highlights of the year was the induction of Mr **Bradley Fenner** into the position of Headmaster of Prince Alfred College. This service included participation from Dr Deidre Palmer, Moderator of the Uniting Church SA, and College Council Chairman, Mr John Keeves.

Early this year we were saddened to receive the news that the

Ex-Prisoners of War Association of South Australia was to disband. The declining numbers of the association due to members passing on and the age of those still living was the primary factor in this decision. This being the case the Association's annual memorial service held here at PAC was conducted for the last time in **August. This brings to an end 15 years of hosting the service.**

Isaac Campbell discovering his shadow

Oliver Stace, Oscar Minion, Ned Sheppard, William Halkett and Lucy Selby explore how the body works through hospital role play

Langley

As part of our Term 2 Unit of Inquiry "Home Sweet Home", the Langley children explored animal environments and animal homes. Children were very interested in investigating sea creatures and were eager to share their knowledge of animals they knew who lived underwater.

A tingray (stingray) — Denver

Jellyfish — **Phoenix**

A fishy — **Harry**

We created a colourful school of fish mural using our hand prints, and turned them into fish by gluing googly eyes on them. We also had a rich discussion about how to care for sea creatures by not polluting our water ways. Rubbish does not belong in the water, does it? Where should it go?

It goes in the garbage truck — **Anay**

In the rubbish bin — **Ryka**

Children were able to develop an awareness of the impact of human activity on environments and the interdependence of living things.

In Term 3 the Langley children

experimented with light using an overhead project, torches, the light table and even a dark tent with fairy lights above it. We also discussed differences between day and night.

There's no stars in the daytime — **Poppy**

The Moon — **Sebastian A**

Wilkins

Welcome to the Wilkins Room!

We excitedly opened the doors to the Wilkins room at the beginning of this year as part of the Early Learning Centre expansion, welcoming 32 new children and their families. We quickly settled as a classroom community and began our explorations with vigour.

In Term 1, we learnt all about our bodies and minds. We investigated the features of our faces and bodies and explored all of the amazing things that our bodies can do.

Spencer, big teeth, bones – **Spencer Wallace**

A skeleton. Me. White legs. Dat my leg, toes, my other leg, arms, here, tummy, toes, my other toes – **Eleana Karon**

Throughout the year we have been engaged in Chinese lessons. We are so lucky to have Laosai House come every Tuesday and Thursday to share the Chinese language and culture with us. We have learnt about different colours and our family members, we play games, sing songs and share stories and have even started learning and recognising Chinese characters.

Our unit of inquiry across the year has been around celebrations. We have engaged in lots of celebrations as a class group, year level group, Early Learning Centre and the whole school community. We have celebrated Chinese New Year, Holi Colour Festival, birthdays, Book Week, International Friendship Day, Grandies Day, Father's Day and Mother's Day just to name a few. The children enjoy engaging in these celebrations with peers and frequently reflect on these events.

My Daddy came to the Big Boys Breakfast with me. We had some pancakes with honey on it – **Joshua Baird** (Father's Day celebrations)

This is Ned and me playing with the Lego – **Charlie Bock** (International Friendship Day)

I'm going to draw Abi. I actually play with her. Dis is Charlie here,

William Pan, Hayley Redman & Syllas Wauchope finding their shadows on the hockey pitch

Olive Dawson, Lily O'Hara, Finny Marshall, Ned Mibus and Annie Christo investigating the clues of spring by creating their own blossom tree

did is Ryka here. Dis is you Miss Emily. You da big kid and dis is Billy da tadpole – **Scarlet Cooper** (International Friendship Day).

Cooper

The Cooper Room children have been busily exploring the overhead projector and how it projects shapes and colour onto the wall. The children were fascinated at seeing their hands projected and watching them grow in size.

We have also been exploring the outdoor yard for shadows. Once we located them the children experimented with the different things they could get their shadow to do. We discovered that shadows **can dance, run, walk and jump**. We also discovered that our shadows can overlap when we're standing near another person. During this experience we also talked about how our shadows follow us and also how they occasionally disappear when the sun is blocked by the clouds.

We also read the book 'Night Watch' written by Phil Cummings. The children thoroughly enjoyed finding the different shadows in the book and talking about their changing shapes.

My shadow is chasing me — **Anay**

My shadow dances with me — **Denver**

My shadow on Lucas' shadow — **Zoe**

Mead

The Mead Room began the year with an investigation into health and wellbeing. As a starting point we discussed the nutritional and inviting meals that Miss Sue and Miss Robina create for us every day. We followed the children's interests and found our inquiry moved to our own amazing body.

It began with the realisation by Lachlan that we have a skeleton underneath our skin.

With the help of Harrison T we **decided to discuss our body parts, (with the skin on!) and what they can do:**

There's a brain in your head — **Harry**

A mouth to eat — **Annie**

Eyes for looking — **Nicolas**

A nose for smelling — **Loukas**

Our ears for listening — **Olive**

In Term 2 we enjoyed many rich conversations relating to our

unit of inquiry about homes. We discovered that homes have many purposes.

A home can keep us safe — **Bernie**

It's for sleeping — **Scarlett**

For playing — **Harrison R**

My home is made of metal, bricks, plastic and wood — Sterling

During Term 3 we explored light and shadow, the differences between night and day, nocturnal animals, the phases of the moon, Indigenous art and the clues of spring!

Mattingley

This year we have been on an amazing learning journey in the Mattingley Room. We started the year of with our "Body and Mind" inquiry, which took us to some pretty fascinating places. We were lucky enough to have some of our talented parents come in to teach us about their jobs and how they look after people. **Chin Po, who is a Doctor, come in to talk with the children about going to see a doctor and showed us some of the instruments that she uses to check our bodies when we are unwell. Marsha Daych, who is a**

Mattingley children enjoying Dancify classes

Caitlyn Sam-Ling, Jaanav Alwarappan, Angelina Lindop, Angus Rawes-Ryan, Sujay Babu and Leon Thorne observe their shadows on a walk around the school

dentist, came in to speak with the class about the importance of visiting the dentist. Using a large **model of teeth**, she demonstrated to the children how to brush their teeth properly to keep them clean. **Both visits extended the children's** thinking and sparked their play in the dramatic hospital play area.

In Term 2 we moved on to our **"Home Sweet Home"** inquiry that began by look at our homes and where we live. While this was **thought-provoking for the children**, their interests soon turn to animals and where they lived. This led the children creating some fantastic **homes for animals using boxes**, Lego and whatever they could find.

During Term 3 we began the **"Shadow Lands"** inquiry, which has driven the children to become **experts in the art of, finding** shadows and explaining the elements needed to crate shadows. We have begun to make shadow **puppets, which have been used to** tell each other stories.

There is no sun so no shadows! — Patrick

You need the sun and I can see a blue sky — **Angus**

Look my shadow! It stomps! It copies me — Leon

Toby Noble, Alexander Roccisano, Hugo Gwynne, Knox Green, Zander Zacharia, Campbell Brown and Sze Yong Koh-Buckland enjoy the sights and sounds of the campfire with Mrs Nacca

Edgerley

During Term 3 the Edgerley class has enjoyed lots of dramatic play in our class campsite. The children have enjoyed thinking about the sounds they would hear in the day time and night time when they are "camping". One of our dads, Mr Bergin came in to share his camping experiences in Nepal, meeting real hippos and tigers. We got to see fold up buckets, a real swag, a backpack and even a Trangia (alcohol burning portable stove). The children were enthralled!

We even visited the boarders' garden to toast marshmallows over a real campfire with Mr Noble, Toby's dad. The children had such a sensory experience, hearing the campfire crackle, the smoke and then even eating melty marshmallows! Our artsPACes efforts will include our campsite along with sounds and images of us "camping" in the Chapel.

Chapple

The Chapple Room began the year with "Body and Mind" inquiry. Although we became a lot more interested in the bodies of animals as we set up our own role-play vets. Term 2 unit of Inquiry was "Home Sweet Home". We had

Chapple class after our Holi Festival Colour Run

Angwin children painting blossoms

great fun with construction and our own version of The Three Little Pigs.

A bear cave and spider's web, in the doorway, have made getting into the classroom interesting at times. We have baked some amazing and delicious creations such as Alien cakes. As part of our Celebration

unit, our colour run helped develop our understanding of the festival of Holi. Shadowlands enabled us to investigate light, which lead us to explore the wonders of Outer Space. We even had our own rocket and space cabin. We began to get ready for school and began to have fun learning our sounds.

Preparatory
School

Preparatory School Captain

Angus Parker

Preparatory School Captain 2014

2014 has been an amazing, exciting and fun year. I have **definitely learnt a lot about myself**, leadership and about others. At the beginning of this year I had two different feelings running through me. One feeling was that **I was nervous; I was nervous about** going into Year 6 and being one of the oldest boys in the Preparatory school. I had no idea what this year had in store for me but I was ready to accept the challenge.

Last year at speech night I was very nervous. I wondered if I would get a leadership position at all. **But it didn't matter if I didn't get** a captaincy role because it's not about the badge or people knowing you it's about showing leadership **and putting others first. It was, and is, and will always be, a huge honour.**

Some of the best things about being Preparatory School Captain is getting to know others. One of the most challenging things is taking the school tours. It's a bit challenging because you have to talk to people and make conversations with people you **don't really know. But it is fun and** exciting telling others about our school.

I would like to share with you some of my fun and exciting times this year.

- **Mother and Son dinner**
It was great seeing all of the Year 6 boys dancing with their mums. I had a lot of fun and it looked like everyone else did too.
- **Scotts Creek camp**
We did lots of challenging activities. One of my favourites would have to be canoeing in pairs. There were many boys who showed leadership during that week.
- **Swimming carnival /sporting events** Swimming carnival and all the other sporting events were exciting. There was encouragement from all the

houses to all the competitors, no matter which house they were in. I would like to thank Mr Weatherald and Mrs Trengove for making these events possible.

One of the things that was a huge honour to me personally this year was being able to give the **farewell speech, on behalf of the Preparatory School to Mr Tutt**, who went to Cambodia. It was very sad to say goodbye to him because he was a true role model and a great Headmaster. I would like to welcome Mr Fenner to the school and wish him all the best for the coming years.

I would now like to say thank **you. Firstly, thank you to Patrick Singleton for many reasons; for** being a great Preparatory School **Vice-Captain, always helping me** out with my speeches and the **running of assemblies, and always** having my back. I would also like **to thank Mr Thompson, Mr Andary, Mr Watt and Reverend Dickens**

for helping me with my role and guiding me to be the best I can be.

Lastly I would like to thank all the **boys and wish the current Year 5s** a great year next year and to remember to show leadership and **all the PYP attitudes, no matter if** you're not a captain... because it's not about the badge.

Developing the Learner Profile through Play

In Reception this year we have learnt about being a learner through playful inquiry. We thought about ourselves as a learner in this world and reflected upon what that means for each of us. Our philosophy is that "Play" is the vehicle by which our children inquire and make sense of the world around them."

This is how we developed our Learner Profile

Inquirers

We were inquirers as we walked around the SA Art Gallery looking at sculptures and exploring artists.

Thinkers

We were being thinkers during our Friendly Play time as we shared resources and solved problems together as a team.

Communicators

We were learning to be good communicators as we shared our personal stories through sculpture for our artsPACes installation.

Principled

We were being principled everyday by playing fairly and showing that we can follow rules to keep games fun.

Open-Minded

We were learning to be open-minded as we listened to our friends talk and share about who they are.

Courageous

We were being courageous as we presented at Chapel and Assemblies in front of an audience.

Caring

We were practicing being caring when we showed empathy for our friends at recess and lunch time.

Reflective

We were being reflective as we recorded our ideas and set goals in our Learning Portfolios across the year.

Knowledgeable

We used our knowledge in our dramatic play and shared ideas with our friends.

Balanced

We were balanced as we listened to our body's cues to make good choices for our wellbeing and taking care of our friendships.

Food, Fun and Fitness

We went to the shop. There were so many kinds of foods.

Food, Fun and Fitness was super fun. We got to make pancakes.

We did Food Expos and went to the market.

The food, Fun and Fitness Expo was fun because we got to sell stuff.

We had to go to the Expo and it **was lots of fun. It was great fun!**

We went to the market and the Chinese Restaurant.

We had an Expo where we ran stalls and people would come around.

We gave people drinks and taught them to drink more water.

We learnt to be fit, healthy and strong. So we don't have bad bugs, we need good bugs.

My favourite part of Food Fun and Fitness was the Expo because loads of people came so we were very busy.

We got to do an Expo. When you **get to do it, you will love it!**

Survivor Island

We built awesome Survival Islands made of plaster. They were so **fantastic!**

I loved writing my journal. It was really fun making the ideas.

We built an island and watched Ray Mears videos on survival skills.

We made a painted island. We worked together and had fun.

We made plaster islands at art. We painted them.

Top Gear

It was really fun because we got to make cars of all shapes and sizes.

We made cars of cardboard and raced them.

I liked Top Gear because we got to see old cars that were very interesting.

The museum was great fun!

The best part was the big race.

We went to the car museum and we had to find little cars.

We went to the Clipsal and the race. I liked creating the car. Mine was a Ferrari.

Read Between the Lines

I enjoyed making the Claymation figures for artsPACes.

We learnt a lot about fables and **folktales, We made our own fables** and it was fun.

It was super fun doing the cartooning for artsPACes.

I liked Book Week because the suits were awesome.

We made stories with messages **and did them in puppets, cartoon, Claymation** and acting.

We made fables with a message in it. My favourite was Aesop's Fables.

I enjoyed the Book Week Parade.

We made puppets, Claymation, acting and cartoons.

Hands on construction

Exploring one of the sculptures in the school

Indigenous Cultures

A visit to the SA Museum built on the knowledge the boys had already acquired about traditional **cultures, specifically our Australian Aboriginal Culture and that of the Pacific Islanders.**

Woodhouse Adventure Camp

The boys spent three days and two nights at Woodhouse — Mount Lofty in early Term 3. Outdoor adventure activities were carefully planned and delivered by the PAC Outdoor Education team. In facing new challenges the boys moved outside their comfort zones and proved to themselves that they were capable of showing **independence, and able to work collaboratively and positively in teams.**

Art Mirrors Life

After some valuable inquiry focusing on 'What is Art?', the boys researched the life and works of their favourite artist. This culminated in a twilight performance at ArtsPACes where the boys dressed up as their chosen artist and created 'frozen' tableaux that 'came to life' to inform the audience of their artist's art and inspiration.

On the move at the Woodhouse camp

Year 3 is a year of enormous growth and development for the boys. From Junior Primary to Middle Primary the transition is a big one. There have been many highlights throughout the year.

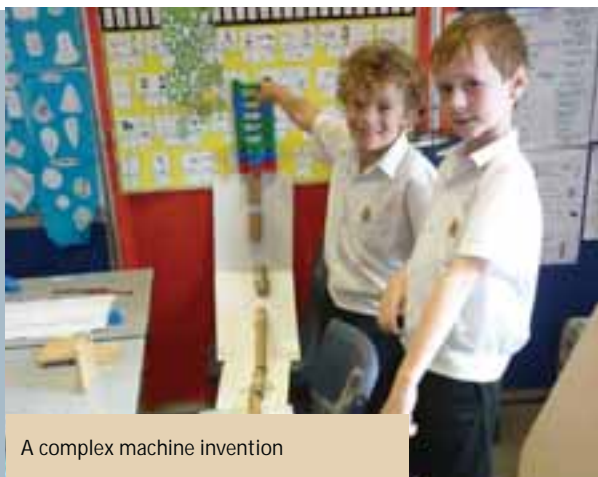

Machine Mania

V8 supercars, speed, and lots of noise, what more could you ask for? The boys loved all of the adventure and the excitement of getting up close and personal to the V8 cars and their teams. We learnt about simple machines and how they work together to

create more complex machines. We used our skills of construction to design and build our own complex **machines, inspired by Rube Goldberg.**

What's On Your Plate?

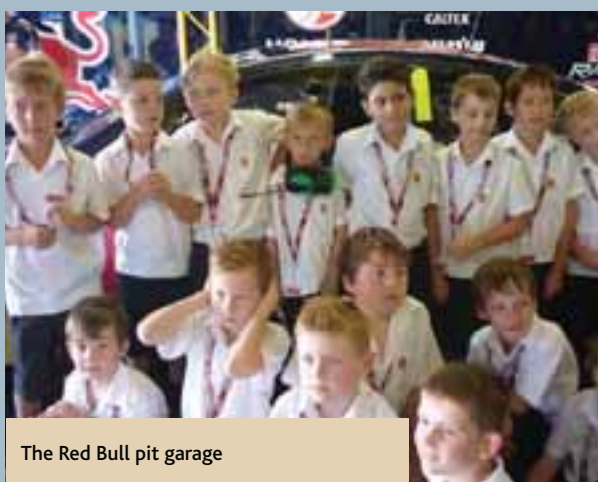

As part of our inquiry into the **human-made systems involved in food production**, we visited SA Mushrooms and learned much about the systems required to **produce delicious mushrooms.** Back at school the boys then conducted their own inquiries into the foods they found on their dinner plates.

A complex machine invention

Gathering on Granite Island to listen to Dreaming Stories

Year 4 Camp

In Term 1, Year 4 boys went to Toc H on the outskirts of Victor Harbor for a 3 day camp. On arrival, we thought it was time to kick back and relax - we were fortunately wrong. All classes took turns doing boogie boarding which was exhilarating because of the sizable waves in Horseshoe Bay meaning you could get dunked easily. As well, all classes took turns to sleep in tents at the Pt Elliot Caravan Park. For some people, this was a scary time because it was their first experience in tents. Greenhills Adventure Park was the highlight for many boys because of the large variety of fun activities such as racing on the water slides and the challenging maze.

Year 4 Invasion/ Settlement Unit of Inquiry

Term 2 saw the Year 4s inquire into the impact of migration on indigenous populations and the environment. Excursions to the Adelaide Botanical Gardens, SA Museum and the SA Migration Museum highlighted this unit, which culminated in the boys

deciding whether Australia was invaded or settled. Our guide Trent's likening of the native river red gum to an indigenous 'supermarket' stumped many, as the boys struggled to work out which aisle (or branch) housed the chocolates and lollies. And after hearing that prior to migration, young indigenous boys would have had to help collect food for their family if they wanted to eat, our boys seemed quite content as they scoffed their packed lunches.

"Afternoon Tea — All By Me"

Building on the TEAM Unit of Inquiry, in Term 2 students developed and presented this new event. Each class worked collaboratively to plan, organise and then deliver an afternoon tea for parents in the Preparatory School Courtyard area, with elements including:

- Writing of invitations
- Selection and cooking of food items
- Designing and creating personalised placemats for guests

- Organising for entertainment events on the day
- Voting of MC and organisers
- Collection of parent feedback and smiles.

Along the way students were also able to reflect upon and consider how their actions were demonstrating a wide range of PYP Learner Profile attributes and Attitudes, and of course having and sharing a whole lot of fun and some special time with our families too.

Gathering around the 'supermarket'

Examining traditional tools at the Adelaide Botanical Gardens

Investigating marine life at the Victor Harbor Whale Centre

5B on camp at Scotts Creek

Book Week 2014

Advertising — Visit to the Clipsal

As part of our unit on "Advertising" the boys had an excursion to the Clipsal. Their task was to observe the many advertising techniques that were on show and utilised by companies wanting to promote their wares. Some of the boys interviewed some of the stall holders regarding their choices of advertising techniques. Following this the boys adopted some of the techniques that they observed and created advertisements for their own products.

Well Being Unit — Other Brother

This unit based on the novel "Other Brother" by Simon French was well received and positively embraced by the classes. The boys' understanding of the categories: "Bully" and "Bystanders" was enhanced. They enthusiastically participated in responses and activities that related to the themes of the book. The learning from this unit was evident in the application of these themes in dealing with issues that arose in the class or in the yard.

Adaptation — to the zoo

As part of our unit on Adaptation, the Year 5 classes visited the Adelaide Zoo. They were treated to a special presentation inside the Enviro-dome where they were able to learn about and hold various varieties of stick-insects. They were able to learn about the behavioural and bodily adaptations that the animals use in order to survive.

Camps — Father/Son and Class Camp

Towards the end of Term 1, the boys and their dads went to Scotts Creek for the Father & Son weekend. For all of the boys it was their first experience at Scotts Creek.

For some of the dads it was a chance to reminisce of their time as students there. They participated in numerous team-building activities. The winning team was team "Dory". This was a great opportunity for the boys to become familiar with the surroundings of Scotts Creek before their own class camps.

Each Year 5 class then took turns to attend Scotts Creek for a four-day camp. The theme for the camp was

Jess Trengove with Lucas Bernardi and Seymour Year 5 girl

Aboriginal Perspectives and teamwork. The boys learned many skills such as: **canoeing, orienteering, bouldering, communicating** and working together. They enjoyed a variety of experiences from **bushwalking, painting, pizza-making** and listening to guest speakers about Aboriginal culture.

Book Week

As always, **Book Week** was an opportunity to indulge in our love of books and reading. The week's activities included a guest **cartoonist, performers, and a** special tour of the school which shared the history of PAC boys who fought in the World Wars. It included a tour of the school museum. The week culminated with a colourful and fun fancy dress parade.

Leadership Day

On Friday 28 August the Seymour College Year 5s joined our Year 5 boys for a series of leadership workshops designed to enhance these particular skills for our students.

The day began with a talk from **guest speaker, Jess Trengove**, Australian marathon runner and bronze medallist in the recent Commonwealth Games.

Mitch Parker, Edison West and Harry Henbest at Scotts Creek Year 5 camp

The students were then mixed into groups where a rotation of workshops delivered by the Year teaching team covered the areas such as **personal presentation, accountability, organisation and teamwork**.

The day was a great success, with students from both schools enjoying the opportunity to work together.

Winners of Kamp Krusty 5M camp — Will Ayres, Oscar Law, Sam McKenzie and Peter Moutos with Year 11 helper Joel Thiele

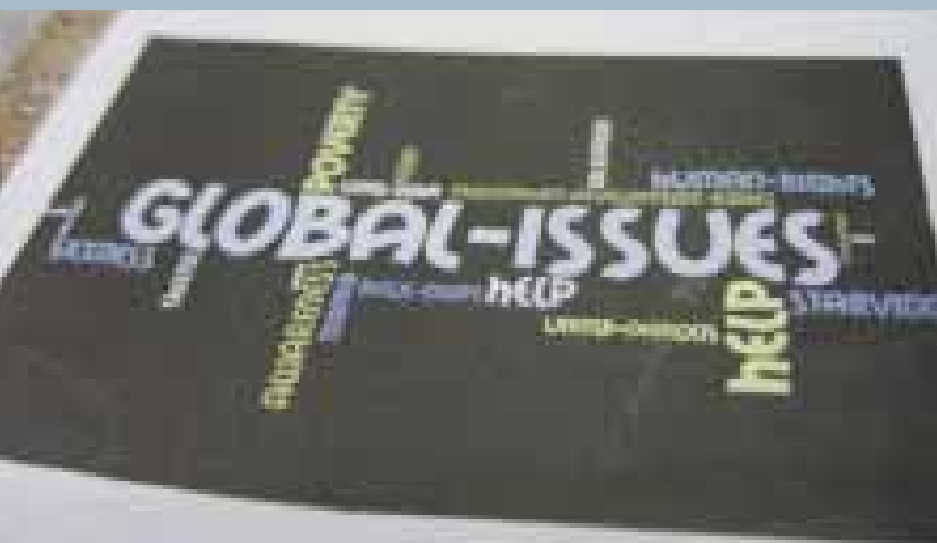

Year 5 students from PAC and Seymour at their Leadership Day

Year 6

Ollie, Luca, Will — The development of humans on the environment

Year 6 Exhibition 2014

The highlight of 2014 was the Year 6 boys working together to experience the PYP Exhibition. The Exhibition is a collaborative inquiry process that involves students in identifying, investigating and offering solutions to real-life issues or problems. The central idea for this year was 'Human spirit plus action equals change'. This is firmly in keeping with the PYP belief that thoughtful and responsible action is a natural result of the inquiry process. Below the boys have

shared the Central Ideas for their groups.

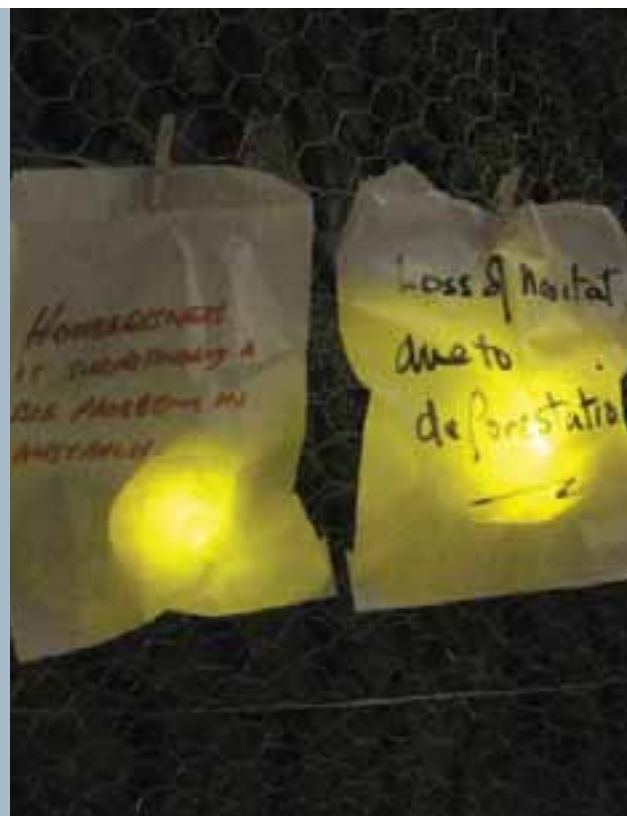

Willa, Pat, Jack W — Human interactions impact the world.

Angus, Jack K, Edward — Art and symbols impact our community.

Leron, Alex, Josh — Human decisions impact the natural world.

Harry, Seb, Charlie — Changes in our environment impacts on animal and human futures.

Thomas, James B, Mitchell — People find themselves expanding

existing problems that need to be resolved.

Finn, Alex, Henry G — By supporting each other we can create change.

Lachie C, Fabio, James N — Resolving conflict can improve social issues.

Max, Nic S, Jaxin — Stopping War + Stopping Homelessness = A better Life

Nelson, Oli E, Ethan — Helping terrorist victims is important

Will D, Charlie W, Daniel M — Gambling impacts our community

Hugo, Meshach, Max G, Ryan — If we can improve medical knowledge, we can help improve the function of the brain

John, Christian G, Edmund — Alternatives need to be developed for the world's finite resources

Oli C, James, Christian S — Pollution through water affects many species

William F, Lachlan Wo, Joshua L — The Survival of Animals is Critical to our Future

Preshaan, George V, Solomon M — Education can make change

Phil — Endangered Animals

The Exhibition opening ceremony

Thomas, James and Ryan sharing their knowledge

Preparatory Sport

The undefeated Year 6 soccer team, coached by Steven Benn and managed by Sam Jordan. Also an inspiring 3-1 victory at Intercol against St Peter's College

2014 has been a very exciting and fulfilling year of sport in the Preparatory School. Most boys in Years 4–6 are representing the school in at least one sport each season, many are playing two. The range of sporting opportunities continues to grow and develop, with the involvement of many high quality coaches and staff. As always we have relied heavily on old scholars coming back to the school, and this year in particular, the quality and dedication of these young men has been very impressive. Our boys engage very well with them and see them as genuine role models.

As a College we place much importance on the boys interacting with their classmates in a co-curricular environment, and it has been pleasing to see so many boys enjoying these opportunities. The staff in the Preparatory School show a strong commitment to our program, and always go above and beyond, whether it be coaching or managing the many teams. The Year 3 boys have again enjoyed an introduction to a variety of sports and now will look forward to blending into our inter-school competitions in 2015. We would

like to thank the many parents who play such a vital role in the development of their sons in a sporting sense. There are always plenty of parents and friends watching the games and their quality encouragement of fair play and teamwork is very evident.

Summer Sport

Cricket has again been a high participation sport, and with the hard work of our new Cricket Coordinator, Russell Thompson, the skill development encouraged by our quality coaches has been a highlight. We have fielded two Primary teams this year, combining Year 6 and 7 boys, and with coaches Jack Latchford and William Swale (both old scholars) and staff managing, they have enjoyed much success.

The Year 4s and 5s have also fielded three teams this year, and their coaches James Allen, Oliver Clarke, Alex Davidson and Nick Mosey have done a great job. Thanks again to the staff members who manage these teams each week. The Cricket Academy, started in 2013, continues to grow stronger, with more boys taking the opportunity to enhance

their skills and participation. Congratulations to Liam Greber who was selected in the State SAPSASA Team.

Tennis also has grown in popularity in recent years, with the great work of our Development Coach, Dean Schipanski and his team. Many boys in the Preparatory School benefit from quality coaching during school time and also private lessons before and after school.

Sam Barton, our tennis coordinator in the Preparatory School, has put some very successful teams together for competition and they have enjoyed many wins during the year. Again, without our dedicated staff who manage and coach these teams, the boys would not enjoy as much success. Congratulations to Jasper Benson, who was selected in the State SAPSASA Team.

Softball and T-Ball has again attracted many boys to the Friday afternoon fixtures. For many Year 4 boys this is their first taste of inter-school competition and they seem to thrive with the challenge. A big thank you to Year 12, Fraser Cramer, who made himself available to coach the t-ball team each week. Having a coach with baseball experience has been a huge advantage, and the boys really respect him.

Winter Sport

Term 2 and 3 sport always attracts maximum participation, and 2014 has been no exception. We have a record number of boys playing football, fielding two Primary 6/7 teams and three Year 4/5 modified teams.

Our new Football Coordinator, Phil Noble, has done a fantastic job of attracting quality coaches to the College, and his professionalism and organizational skills has given these coaches much needed support. Thanks to our great old scholars who have come back to coach — William Dalwood, Nick Mosey and Max Burford who, with the help of staff managers, have the boys playing some high standard football. It was great to see our school represented in SAPSASA football in Term 2. Congratulations to Jack Wheare and Willa Taylor who were selected in the State SAPSASA team.

Oscar Law Year 5, winning a SAPSASA Cross Country Medal at Oakbank in June

One of the three Year 4/5 Football teams in 2014. Coached by Greg Bishop

Soccer numbers have also **increased in 2014, with the** dedication of our Development Coach, Jason Hayhurst and some well experienced fathers, Steven Benn and David Martin, who have volunteered their time to help. We have also welcomed the inclusion of Sylvana Viscione and her mother Marie, who have done a wonderful job with the Year 5 team. This season we have a Year 6 and 5 team, plus 2 teams of 4/5 boys playing a modified game on a Friday afternoon. It has also been pleasing to see so many Year 2 and 3 boys out learning soccer skills after school with Jason.

Congratulations to Steven Benn and his Year 6 team who were undefeated all season, and won the Intercol 3-1 against St Peter's College. I am sure the inclusion of so many PAC boys in the SAPSASA Regional Team, is testament to the opportunities given to these boys at school. Well done to Scott Madden, who was selected in the State SAPSASA team for 2014.

Hockey and half-field/minkey competitions have proven quite popular again. Our teams play on Friday afternoons at the Burnside Hockey Club and have enjoyed much success this year. Thanks to Margot Leeson and Tom Mitton,

who pulled a Primary A team together for Saturday mornings, and they have really enjoyed the competition also. There are some quality players coming up through the ranks of the Preparatory and Middle School. This was evident again in the selection of many of our boys in the SAPSASA Regional team.

Table tennis has a great following on a Friday afternoon after school, and we have fielded a Primary AB team this year. Under the guidance of Development Coach, John Potter, the profile of the sport has lifted. I am sure the Middle School teams will be boosted by some quality Year 6 players in 2015.

Basketball was again offered as an extra sport for boys to play mid-week. This season has seen record numbers turn out and thanks to coordinator Andre Roller, we have attracted enough coaches to manage all of the teams. The skill levels continue to develop, and these teams have had plenty of success, including great results in the Grand Finals in Term 3. Matt Tothill has again entered two teams in the SAPSASA competition and look forward to some favourable results.

We have also initiated the PAC Running Group in Term 2 and 3 this year. Mark Howson, one of our groundsmen here at PAC is a very keen long distance runner, and it has been fantastic for him to share some of his vast knowledge and experience with our younger boys on a Tuesday morning before school, and Fridays after school.

We hope to continue this group of up to 20 boys, training in Term 4 and encourage the boys from Middle and Senior School to get involved. We anticipate this training will encourage boys to become involved with cross country running competitions and will improve fitness for Athletics Carnivals and general wellbeing.

Chess and debating have again been very popular and well represented in the Preparatory School. Thanks to the dedicated staff involved, these boys have enjoyed regular competitions against other schools and have had very pleasing and successful results.

Deb Trengove
Co-curricular Administrator

Middle Row: Fred Sands, Fabio Frisan, Rory Rasmussen, Ethan Bald, Sebastian Gerardi, Joshua Lesicar, Harrison Jurisevic, Hugo Jordan, Eric Luksch, Peter Moutos

Front Row: Preshaan Thavarajah, Edmund Black, Leron Rathnayake, Thomas Searles, Anthony Pham, Ben Ducker, Dinan Perera, Austin Swaffer, Jack Trim

Edmund Black, Ethan Hayes and Preshaan Thavarajah listening to the adjudication of their A Grade Semi Final which they won

Edmund Black and Ethan Hayes listen to Preshaan Thavarajah thanking the opposing team for their A Grade Semi Final which was won by PAC

This year Prince Alfred College fielded 32 boys in three A grade and six B grade debating teams. This is more teams than the school has ever had before.

The A grade teams were generally more experienced and were mostly comprised of Year 6s who had been debating for a year. They were extremely motivated and showed exceptional skill. Some of the topics that they had to argue were "That Community Service should be compulsory" and "Should violent video games be banned." All boys worked hard to come up with arguments and rebuttals so they could have a successful debate. The A1 team won all four of their debates thus earning them a place in the quarter finals which will be held in Term 4.

The B grade teams were comprised of Year 5 students. Most of the teams started the season with not much experience but they all had a desire to improve. They were very committed and gave

their best at every debate. During the season they debated on the topics "That cigarettes should be banned" and "That Zoos do more harm than good." By the end of the season, their skills had increased considerably and were well on their way to becoming A grade debaters.

All teams competed well in all of their debates and have learnt many valuable new skills. Thank you to all the coaches for all their invaluable support throughout the season.

Preshaan Thavarajah
Year 6, Captain of Public Speaking

Preparatory House Activities — Chess

An excellent number of boys nominated to play chess in the Preparatory School and we were again fortunate to have the coaching services of both Mr Richard Thorne and Mr George Howard. PAC Preparatory entered seven teams into the Primary Interschool Competitions with **three B and C Grade teams making the finals at season's end.**

Captained by Preshaan Thavarajah, the PAC Red finished third in A Grade. Preshaan won most his games and was ably supported by **Seran Perera, Ethan Hayes, George Vagionas, Alexander Elix and Mitchell Whiteman.**

PAC White came runner-up in the B Grade competition, narrowly ahead of PAC Red. The team consisted of **Leron Rathnayake, talented new-comer Max Galettis, Giles Atkinson and Lachlan Moore.** Good performances were also noted by **Griffin Bierlein and Nelson Then.**

2014 has been another successful year for C Grade chess with an enthusiastic group of boys ranging **from Years 3 to 6. The Tuesday CBC C Grade competition was won by PAC** and the main team consisted of **Adam Black, Lachlan Dickens, Alex Henchcliffe and Hamish Towers** who recorded solid performances. Special mention must go to Patrick

From back, left to right: Ethan Hayes, Mitchell Whiteman, Leron Rathnayake, Dinan Perera, Griffin Bierlein, Giles Atkinson, Max Galettis, Nelson Then

McGavin, Meshach Heinrich, Henry Knight and Elias Raptis who won most of their games throughout the year.

A number of boys competed in the City of Adelaide and South Australian Junior Championships held during the April and July holidays. It was pleasing many boys made effective use of **provided weekly coaching, July holiday coaching and tournament opportunities.** Preparatory School **Champion, Preshaan Thavarajah,** again won the Under 12 City of Adelaide Junior Championship and also the State U12 Championships with virtually perfect scores. PAC finished 3rd in the annual **prestigious EK Shield**

Thanks must go to Mrs Margit **Hosking and Ms Mandy Bell** for their invaluable support throughout the season especially **for co-ordinating C Grade chess.** Special mention goes to Peter Gregoric and Jack Greenslade who gave up their time to help the boys to develop their chess skills and sportsmanship.

Griffin Bierlein and Leron Rathnayake ponder their next chess moves

We are hopeful of further growth in the number of boys playing chess for PAC and continued improvement in next year's competitions.

Peter Serwan
Director of Chess

Oliphant Science Awards

Samuel Zadow, Charlie Gibbon, Samuel Read, Regan Nelson, Jack Miller

Prince Alfred College Preparatory School was well represented this year in the Oliphant Science Awards. All entries from our students were of high quality and this was recognised by the results. Samuel Read took out the very **prestigious Beach Energy Prize** which is only one of two awards given across the full age range of students from Reception to

Year 12. His model entry showed a dinosaur fossil being extracted from the ground but more **importantly, his accompanying** report focussed upon the role of a paleontologist in this type of work. Jack Miller's second place was highly deserved for the amount of research that he conducted before submitting his photographic entry. He spent

hours at the Adelaide Oval with the curator investigating the grass and turf and their management. Charlie Gibbon and Regan Nelson went one better this year with a second in the Models and Inventions category demonstrating how centrifugal force can be used to separate substances. It was marvellous to see the depth of **research, the application of time** and effort and the pride which all the participating students put into their entries again this year.

The following students were presented with these awards this year:

2nd	Jack Miller	3-5	Photography	'Sky High View'
2nd	Charlie Gibbon	3-5	Models/Inventions and Robotics	'Centrifugal Force in Action'
	Samuel Read	The Beach Energy Prize R-12 for an entry with a Geosciences theme.		

The following students received Highly Commended Awards for their entries:

Samuel Read	3-5	Models/Inventions	'The Magic of Discovering a Dinosaur'
Regan Nelson	3-5	Posters	'Carbon and its Amazing Molecules'
Samuel Zadow	3-5	Science Writing	'The Power of Predicting'

OSA Coordinator

Preparatory Arts Jack de Vidas Prize Winners

We've had a very productive year in the Preparatory School Creative Art room with the boys participating in both Visual and Dramatic art experiences. This year the boys have created art works for both St Andrews and Memorial hospitals. The boys created a variety of works both individually and as part of a group. The works at St Andrews can be seen in the day surgery section and the ones at Memorial Hospital in the new **children's ward**. **Below are copies of the art work sent to Memorial Hospital.**

This year for the Jack de Vidas art show the boys showcased their favourite piece of art that they created this year. They included a variety of artworks

in both a 2D and 3D format. The Preparatory School Jack de Vidas art show was judged by the Preparatory School Community during our artsPACes evening. Each person who came to view the art display had the opportunity to fill in a voting form to record their favourite pieces from each year level.

Congratulations to all of the winners and merit recipients in the Preparatory School Jack de Vidas art prize and to all of the boys in the Preparatory School on another wonderful year in the creative arts room.

Wishing you all a wonderful summer break.

Sir Ken Robinson, a leading Educationalist asserts..." Creativity is as important as literacy and numeracy, and I actually think people understand that creativity is important — they just don't understand what it is".

Albert Einstein says "creativity is intelligence having fun".

2014 in the Prince Alfred College Preparatory School once again produced a successful union between the highly creative process of artistic endeavour and the curriculum, along with encouraging the interests and passions of all students and staff.

The result was a joyful and exuberant celebration of the Arts; artsPACes 2014 — Illuminating Creativity, which demanded the attention of the large audience as they wandered through the beautifully lit Preparatory School Grounds and inventively transformed classrooms.

This year the installations were bound together by the theme "Illuminating Creativity." This became the catalyst that produced many performances showcasing the imaginative use of light, including shadow puppetry, an installation of lanterns, dancing with lights and film making.

James McDonald, Tony Huang and George Skothos led the Lion Dance for the opening artsPACes parade

A stirring Lion Dance, performed by Year 6 boys, as they led a procession of Junior Primary students, marked the transition between the Year 6 Exhibition and the beginning of the artsPACes Festival. The Lion Dance culminated under the big tree which had become a light sculpture as

mini lantern responses from the Exhibition were placed on the trunk. The "Poet Tree" also became the space to listen to young poets reciting throughout the evening, as well as the setting for "Les Refugees" a small but effective protest staged by Year 5/6 students of French.

Reception Sculpture Playground

Year 1 students channel Charlie Chaplin

The ELC transformed the Chapel into **"Shadowlands"**; a beautiful and meditative space including a fairy light interpretation of Vincent Van Gogh's **Starry Starry Night**, a **glowing giant light box**, **sand sculpture and tent shelter**, complete with the sounds of the **Australian Bush**.

Each Reception student displayed their final response to a Unit of Inquiry on Sculpture which was in the form of a beautiful rice paper lantern. The busy Reception playground became a magical, fairy like space after dark, as the unique sculptures crafted by the boys, to represent themselves, glowed in the darkness.

Year 1 were motivated by their Unit of Inquiry **"Arts Alive"** bringing boundless enthusiasm to the Courtyard Café space as they **performed and presented plays**, a **mini zoo**, **science show**, **magic** and **Mr Squiggle acts** and a **"rock band"** performing an original song. An inquiry into **"The Colour of Life"** prompted the makeover of a

classroom into a black and white **Chaplin inspired space**, complete with mini Charlie Chaplin's and Year 1 films.

The Year 2 Classrooms and Corridor became PAC's own Movie Theatre as the unit of inquiry named **"Between the Lines"** culminated in movie shows complete with **popcorn stalls**, **ushers with torches**, **box office sales** and **security**. Also displayed were the original puppets and clay animations used to tell the stories.

Year 3 wax work figures came to life in the Rose Garden, as the theme from **Ghostbusters** played, telling their stories as a result of research into musical and visual artists in their **"Art Mirrors Life"** Inquiry. Next to the Garden the Tennis Courts showcased students' investigations into the art of slapstick comedians.

Year 4 entertained all with **"Playing with Shadows"** a faultless shadow puppetry display; **"The Boys Light Up"** a colourful, and energetic light

Messages displayed in response to the Year 6 Exhibition

dance and tales of paintball and water pistol fun from the **"Paintball Studio"**.

Year 5 used **"Let's Get Loud"** as inspiration for an awe inspiring display of percussion and brass using the adventure playground as a giant instrument. They also **contributed to the festivities**, with **busking**, **clay animation**, **writing and performing an original play**, creating mini quiz experiences and stalls and presenting the PAC version of **Family Feud**.

The outstanding quality of Visual Art displayed in the Jack de Vidas **Art Prize**, **wowed the audience**, along with the refurbished Prep Library dressed and resplendent as an excellent exhibition space.

Where do we go from here? I wonder what 2016 will bring as the journey into creative expression in the Preparatory School continues to **deepen and flourish!**

Middle
School

Middle School Captain

Jordan Lesicar

Middle School Captain

I want to start by talking about something that affected me greatly at the beginning of this year and the way I view my schooling.

Not that he knows it, but the recent PAC graduate and Dux of School, Theodore Squires, said something that I took to heart. I cannot remember the entirety of the speech, but I remember the important message he felt was worth sharing about his experiences in education. He wanted to deliver a different message. He felt that learning was a tool in life which helped us grow and develop more as people. Education is not just a means to get a job; it is a way to live your life and learn about the world and all it has to offer to you.

I believe this message reflects changes in the Middle School and the way the students and teachers view education. Under new leadership there has been great change in how the Middle School is defined and how we can leave a legacy for those who will be in our positions one day.

The Middle School is changing so it does not just become the same **place every year, with different students in it. Middle School is more than just the programs**

it offers. Don't get me wrong; experiences such as eduCook, eduKart and Wambana are excellent and academic success is an important reason we are here. These allow us to develop new skills and enjoy our time at school. The student leadership team of House Captains, Vice-Captain, Hugo Barry, and myself, working under the guidance of Mr Oomens and Reverend Mark Dickens, have tried to make the Middle School a place defined by the people who are in it.

A love for learning and the drive to find out what knowledge and **information life holds, is something the Middle School already instills in its students. The passion of the teachers and the commitment they hold to help us grow and explore the world of knowledge is astounding. I have no doubt that each student would have been motivated at least once by their teachers, and after leaving the Middle School should grasp the**

understanding of how learning is a life journey. The important message that education in school is merely the beginning of learning about the world is something the Middle School does a fantastic job of developing in its students.

This year will be remembered for the great times in Middle School. **We have achieved, learnt and are changing towards a bright future for each student that comes through the school. I am thankful I got to try and make the foundations of change. Another mention of thanks should also go out to my partner Hugo Barry. Although he is known as a Vice-Captain, he really deserves to be considered Captain as much as I. I prefer to think that we are both equals and that we share the task of leading the Middle School. He has participated and contributed as much as I have, and deserves great recognition for his service.**

I believe I have achieved what I wanted to after hearing Theodore's words. I have tried to make a difference so that the Middle School of 2014 will be remembered for being a place where education means something more in the schemes of our lives than a means to a good job. I hope **that change continues, and that each year of the Middle School is remembered differently for what they leave behind.**

Finally, I would like to share one last message of my own. Whenever I am asked what my favorite thing about Prince Alfred College is I always reply with, "The opportunities." In this year alone I was Captain of the Middle School, experienced the China Cultural tour, went to Wambana, participated in the King's Speech, put entries forward to the Shades of Red and the Science Journal, learnt guitar and played soccer and rowing. The Middle School is a place filled with great opportunities. Take them. I promise you won't regret it.

7JHA on camp. Tyson King, Thomas Pitman, Sam Kneebone, Jackson Ryan, William Howard, William Quin, Samuel Wong and James Fennell in wheelbarrow

The Year 7 boys of 2014 are the largest cohort, 96 students, since the inception of the Middle School in 2009. They have been supported by caring and committed home group teachers in Mrs Courtney Dawe, Mr Gary Jenkinson, Ms Marilyn Hunt, Mr Jack Harford and during Term 3 Mrs Lynda Polain.

During the course of the year the boys have matured significantly in their approach to their **personal organisation, goals and responsibilities**. Beginning in the Middle School is often a quite daunting and challenging experience for the boys and it requires a good measure of patient and scaffolded mentoring from teachers to assist them in building solid skills to better manage the increasing expectations placed upon them.

The two major extra-curricular activities the boys are involved in in Year 7 are the eduCook Program and the Scotts Creek camp. Although these programs are vastly different in their nature, much of what is intended as individual learning for each of the boys is the same. Both programs require boys to collaborate, accommodate and support their peers in new and sometimes challenging situations. Many boys walk away from these programs

with increased confidence in their ability to work with others and achieve set outcomes independent of close teacher guidance. This was highlighted by a comment made by Jasper Ryan who said, 'It was great to work through problems whilst cooking for our parents on the final day of the program'.

Once again, as part of the Humanities curriculum, boys completed their individual Discovery Projects which explored an ancient invention or discovery. The display night for this project was held late in Term 3 and their collective presentation was nothing short of impressive. However, most importantly, on speaking with each boy, it became apparent the knowledge and understanding they had gained during their research project was much more than facts and figures and included their interpretation of the subsequent impacts on society.

It has been a pleasure to work with this fine group of young men and I wish them well in their future endeavours.

8PBA prepare to launch Titanic 2 — with similar succes to the first Titanic

Year 8 Reflections

The best part of this great year has been from eduKart, an activity that involves the making and driving of a cart. I found that the best part was, of course, the driving of the cart. I enjoyed the speed that the car goes and also how I was in control of an actual vehicle. For many this would have been the first time that anyone had been in control of an ACTUAL vehicle, me included

Angas Marshall 8PBA

This year, I have truly enjoyed the Scotts Creek expedition. It was something that was completely new to me but I felt I thrived in both the kayaking and activities such as the high ropes course and rock climbing. I feel as though the Scotts Creek expedition has greatly increased my ability to do things independently, and has taught me to push myself.

Ben Geyer 8PBA

During this year I have really enjoyed going to Scotts Creek as the class worked and bonded well and it was also good fun doing the kayaking trip and making our own food and working as a team to get through the trip.

Will Steinhardt 8PBA

I really enjoyed the challenge that was eduKart and I say this because you get to learn how to use quite a few tools, and you also get the ability to look at your kart and say that you have built this. I also really enjoyed learning about the best ways to take when driving the kart, like the apex turn when you go out wide and hug the line close when you make the turn.

Ned Bache 8PBA

This year so far I have really enjoyed the Scotts Creek camp as I felt it was a great experience for me, it was also a lot of fun. Another thing I enjoyed was the fundraiser for cancer, I felt it went towards a good cause and it was something I didn't mind spending my money on.

Caleb Watson 8PBA

I really enjoyed participating in the high ropes course at Scotts Creek for the first time. It was a great experience.

Emmett Wildman 8PBA

This year my favourite activity that I have enjoyed was the Goolwa camp. My favourite part of the camp was surfing at Middleton. I was especially happy when I stood up for the first time and caught a wave.

Luke D'Ortenzio 8PBA

I have really enjoyed the way we have been treated more like adults and been given more responsibility.

Thomas Dodsworth 8GZH

I have really enjoyed the Boy to World program when we participated in different activities in other classes.

Daniel Sladojevic 8GZH

eduKart was a great experience to have as it taught us about teamwork and the mechanics of cars while being fun. The fact that we have extension classes so there are better opportunities to strive for is also very good.

Sam Erickson 8GZH

Scotts Creek pushed me and challenged my limitations for the better.

Edmario Lesi 8GZH

I liked achieving the marks I wanted and being rewarded for my hard work.

Max Kirkby 8GZH

My highlight for the year would have to be the Cancer Council Fundraiser. I think the senior rowers really put in a big effort to make the day memorable.

Harry Ramsey 8GZH

I felt that this year was a great achievement for me both in academic studies and co-curricular activities such as sport, camp and eduKart. I have learnt lots of intriguing information in subjects and topics discussed and my performance in sport has improved.

Damon Zygouris 8BGI

After having a slow start to the year I have made friends and now really enjoy it.

Will Cowling 8BGI

Throughout the year I have experienced great things like eduKart, Scotts Creek and Goolwa camps. I developed great friends from these experiences. I also enjoyed the school sport and the intercols.

Noah Miles 8GZH

I enjoyed eduKart, especially the part where we were able to drive around fast without crashing. I also enjoyed both camps because they were a once in a lifetime experience.

Boys from 9 Williams in the rigging of the One and All

As another academic and school year draws to a close it is good to reflect on the achievements and successes of the year.

The highlight for the Year 9 boys is the five week Wambana program at Point Turton on the southern tip of the Yorke Peninsula. This program challenges the boys and **teaches them valuable life skills**, outdoor pursuits and introduces them to service and giving to the community of the southern Yorke Peninsula. For many it is a life changing experience and **they return home fit, tanned and confident** in their abilities to overcome challenges presented to them. As they sailed home on the One and All it exemplified a rite of passage from boyhood to manhood. I would like to thank the **staff at Wambana, led by Mr Dale Hobbs, for the wonderful program** they have created and deliver each year to our students.

Captain of Middle School, Jordan Lesicar and Vice-Captain, Hugo Barry have done a wonderful job in leading the Middle School, both by their example of a young Princes Man and in leading Middle School Assemblies. I would like to congratulate both young men for their assistance and support of the staff of the Middle School throughout the year.

House leadership from the following young men has been valuable at the Middle School Swimming Carnival and Athletics day this year. They have also contributed to running House activities in the Year 9 homeroom program. They have done a great job keeping House spirit alive and active in their year level.

Patrick Gayen, Jake Ledgard (Cotton House); Nick Demianyk, Tom Fulcher (Taylor House); Hamish Porter, Tom Geyer (Waterhouse House); Max Edwards, Harry Hockney (Watsford House).

I would like to acknowledge the time and effort the team of Year 9 Homeroom teachers give to their group of young men. Mr Jarrad Jackson, Mr Chris Nicholls, Mr Sam Jordan and Mr Peter Williams have developed a wonderful rapport with their boys during morning administration sessions and the two homeroom lessons during the week. They also spent five days with their boys whilst they were at Wambana. They offered a **wonderful role model, advice and counsel** to the boys in their care.

Sebastian Quaini and Sam May at work on the monocoque

2014 was another successful year for the eduKart program. Every Year 8 boy had the opportunity to experience an ever-evolving program where they can further develop many of the foundation elements of being a learner.

While many are aware that eduKart is based on the production of a unique electric kart; it is the how the process is presented and what is expected of the boys that makes it one of the most enjoyable and educational opportunities boys experience in the Middle School.

The eduKart staff, Mr Paul Balestrin, Mr Anthony Harradine, Mr Shane Reidy, Mr Peter Sillett and Mr Joe Quinzi worked 'organically' with each group this year, aiming to instil the values and life skills that each individual group needed to develop. Each group is very different to each other. Among the attributes developed while working with each other on their karts are: reliability, punctuality, dependability and self-discipline.

While eduKart is a tremendous amount of fun for the boys, there is a very serious side. It seems the serious side adds to the fun.

Throughout the week there are a number of expectations boys must meet and if they do not, there are consequences; but not in a punitive manner, rather in the sense of positive actions leading to great opportunities and negative or no action leading to a highly desired opportunity no longer being on offer. Boys are given choices to make, and the choices they make often reflect a deficit or strength in a boy. The staff works with each boy over the week to help them grow.

Our motto in eduKart is "good things take time".

Thanks to the fast moving lives we now lead, many of our boys look for maximum reward for minimum input. The days in the workshop, and also the track time, shows the boys that a complex task can be broken into smaller components and come together over time with great rewards not only at the end, but along the way too.

Sometimes those things that we work the hardest on are the most rewarding – it seems eduKart is a very rewarding week for our boys.

It is all thumbs for Ethan White in Miller eV #2

Paul Balestrin about to release Miller eV #6 in the Roll Test

What the boys say

Fraser Beveridge ek 4.1.14

EduKart is a program set up by several hard-working men, who deserve an applause. All these people gave us at the start were parts for the chassis and a finished kart. At first I thought to myself how are my team and I going to build this thing without instructions. In my head I kept on asking myself questions like, How am I supposed to know how all this works with only basic knowledge of building equipment? Although piece by piece and with help from my teammates I improved quite drastically from when I first turned up at the warehouse.

Ash Dann ek 4.1.14

Despite the arguments about who goes in the kart first, and Joe making so many mistakes, this is the best week of school I have had, no not because of the free food or Mr.H having to buy us a free lunch, but I have learnt so much and this is something I will treasure for a long time. Hopefully this EduKart program continues for a long time so when I'm an old [bloke] I can come back and see how far this program has come.

Angus Naughton ek 4.1.14

I think that I really excelled in working well with a team. Before

All smiles under that helmet, Denny Han at the wheel of Miller eV #4

Thumbs for Max Batt in Miller eV #2

The start, Denny Han, Lachlan Crawford and Edmario Lesi stand at the ready to begin assembling Miller eV #4

this, I would much rather prefer to work on my own whenever I could. But eduKART made me realise that working as a team is both fun and rewarding. We finish things 3 times faster that with just one person. I became better mates with everyone in my class too.

Ayo Oloruntoba eK 4.2.15

Astonished. I was astonished at what my group and I accomplished. This is because none of us were really that good at mechanics and didn't know a lot about cars, but we still persisted.

Tate Crowley 4.3.16

My brother who is now in Year 10 has told me many tales of his time at eduKart. Because of this I had a basic idea of what I was walking into but I was surprised at how much freedom we were given to experiment with each step. Most of what we did today was different to what I was expecting. The whole structure of eduKart from building the kart to talking in the classroom area was new. However I was expecting the karts to be similar to what they are except in less pieces.

Joshua Harris eK 4.4.17

I feel so privilege that PAC students have the opportunity to take part in this amazing program.

I think I have benefited from the program through:

- Improved driving skills
- Knowledge of vehicle building
- Teamwork
- Following instructions
- Time management
- Organisation
- Understanding of racing skills and techniques
- Persistence to get things right and not settling for second best results in not spending race days in the pits repairing things that weren't done properly in the first place

The worst things about this program is the fact it only goes for one week and that we only had two days of racing.

Will Cowling eK 4.4.17

The two best things were obviously driving but looking back I think that I enjoyed the explanations about how everything works and what goes where and stuff like that. I feel that these skills are very useful and I think learning by listening, doing and stuffing up is a much more effective way to learn than sitting in a classroom falling asleep. Life is a continual search for discovery.

Scotts Creek

5 Gilchrist pose for a group photo at Scotts Creek

We began 2014 conducting pre-program capsize training for boys in Years 5–8 in the RED Centre pool. This ability to utilise the wonderful facilities at school allows all boys to go through this important learning in a positive and perhaps more importantly, warm environment. We then moved into our Year 8 Goolwa program which saw the cohort descend on the Goolwa North caravan park to refine their surfing skills and learn vital basic kayak skills in preparation for their Year 8 kayaking expedition.

The Year 3s enjoyed three glorious days in the Adelaide hills participating in activities based around the Woodhouse campsite. They had a visit from some unusual Australian creatures as well as developing their teamwork skills and extending their comfort zone with the ever popular 'Challenge Hill'.

The Year 4 program at Victor Harbor saw one of the largest groups of the year with around **74 boys making the journey down to the Fleurieu Peninsula to learn about whales, share some Coorong dreaming stories and catch some gnarly waves at Horseshoe Bay!**

For the first time in many years the **Year 5 students were visited by two lovely women from the Riverland to learn more about Aboriginal culture.** The boys were able to get up close and touch a traditional coat, clap sticks, boomerang and other various artefacts.

The Year 6 program had a strong focus on the Mighty Murray and we explored the history of the river. The boys also explored the food chain, food web and the earth cycle as well as taking water samples to look at the overall health of Scotts Creek. **The Year 7 projects have continued this year with more turf laid around the high ropes area, a gravel path built in the Garden of Eden and the chook shed painted up ready for the arrival of our flock of chickens!**

One of the more significant program changes for 2014 has been the new look Year 8 program which has been extended to five days. This allows the boys greater flexibility over their kayak journey from Roonka to Scotts Creek while also allowing time to climb on the ropes course on their return to Scotts Creek.

The Scotts Creek campus has also seen some significant upgrades over the course of the year with upgrades to the High Ropes facility and also refurbishment of the staff accommodation hut.

At the end of the year we will say farewell to our GAP student for 2014, **Stephen Hausler. Steve** is a local to Morgan and has spent the year working with us in preparation for his future studies in Human Movement and Teaching. It has been fantastic to have Steve working with the team this year and we wish him all the best for his future studies and we look forward to seeing him out teaching in the **Outdoors!**

Scotts Creek

Outdoor Education

New Zealand rafting 2013: Left side: Nelson Ellis, Henry McMurray, Phil McBride
Right Side: Mitch Clarke, Daniel Gregg, Phil Noble. Back: Hiro

Outdoor Education for 2014 has seen our first Year 12 class complete the Stage 2 SACE program and both Year 10 MYP and Year 11 Stage 1 Classes. The addition of Senior Outdoor Education classes to complement our Scotts Creek and Wambana programs has given opportunities for our boys to pursue their love of the great outdoors and expedition based learning.

Year 10 boys completing the MYP Outdoor Pursuits subject have a variety of different outdoor activities to complete. Topics such as **What's Cooking (Nutrition and menu planning)**, **Lost! (Navigation and maps)**, and **Sync or Swim (Bronze Medallion / Synchronized swimming)** keep the boys challenged and engaged. Students also work on developing their leadership and skills through a four day expedition heading down to Yorke for a surfing trip or off rock climbing in the Adelaide Hills. These expeditions offer the boys an opportunity to work together with a group of mates in a unique Australian environment. The journey works to bring balance to their lives allowing them a time to reflect upon their schooling and to overcome some challenges outside of the classroom.

The Year 11 program can either be completed as a semester subject or full year course. This year we had two classes doing one of each course. The boys continue to develop their expedition planning skills looking into topics such as **menu planning, minimal impact camping** and technical skills of expeditions. They use these skills to organize and complete a three day expedition. This year the students completed a three day kayaking trip on the Murray River and a three day mountain biking trip through the Adelaide Hills.

Our first Year 12 class has really faced a lot of challenges this year in preparation for their **self-directed expedition at the end of the course, where they** organize and complete a three day expedition with no direct staff interaction. The boys prepared with months of physical training as well as **two group trips; Sea Kayaking on the Yorke Peninsula in April, and Bushwalking in June. Along with course work on navigation, weather, risk and leadership** the group has developed a keen understanding of all aspects of planning a safe and successful trip.

The 2013 Outdoor Education trip to New Zealand again saw a small

Sunrise on the River Murray

Outreach 2013: Jack Mann with buddy Jonathon

group of 11 boys head off to face some of the more challenging outdoor pursuits that we offer. **Starting off the trip with a 35m abseil** into a four hour caving experience is a great way to kick start the 10 days of travel. Three days of rafting including **the 7m drop and a chance to try sledging** are all part of the outdoor extension program. Learning about the Maori culture and their love for the outdoors also allows our boys insight into our close neighbour. The final day of activities sums up the adventurous side of New Zealand with a morning jet boat ride, **38m bungee jump and the 14,000ft skydive!**

As we approach the end of another year our next group of leaders prepare to assist with the Outreach program looking to volunteer their time to support students with intellectual disabilities. This group travels to Scotts Creek every year to provide an opportunity for boys from other schools with no **outdoor education, the chance to** enjoy the great outdoors like so many of our Princes men.

We also wish our Year 12 boys all **the best for their final self-directed bushwalking expedition.**

Wambana

The crew of 9Jordan and "Foss" are happy with their work on the duck pond

"You never know how strong you are, until being strong is your only choice"

There were four Year 9 classes that attended Wambana in 2014. Each program contained the essential Wambana elements. These include the introductory cycle tour of **up to 200 kilometers; Wardli inspections and the dreaded Wardli fairy who would fly through the Wardlis with surprise inspections;** the morning fitness and the **11km beach run, catching that perfect wave at Berry Bay, the farm visit to Orrie Cowie: chill out time when those wonderful letters arrived from home: touring the historic Bublacowie Military Museum;** cooking the 'best pizzas ever' in the wood oven: working with the local community through such programs as **Leisure Options, Warooka Community Garden, Hardwicke Bay re-vegetation program and the removal of the Aleppo Pine with the Southern Yorke Peninsula Landcare Group.**

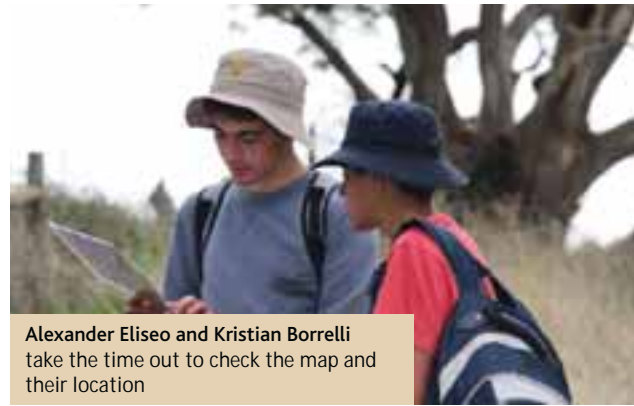

Finally how can we forget the final journey home via the tall ship **The One & All, leaving from either Point Turton or Wallaroo.** Our boys

attempted to tame the seas and sail the large wooden vessel into St Vincent Gulf and down the Port River to their waiting parents. More often than not it was the seas that **tamed our boys and the local King George Whiting appreciated the burley freely given overboard in that first 24 hours.**

New in 2014 was the expansion of the Wambana program from four weeks to five weeks. The additional week now includes a major expedition in the Southern Flinders Ranges. **Based at the township of Melrose, our boys spend seven days exploring the mountain ranges of the Southern Flinders.**

Building on their new skills learnt at Wambana, students work together in small teams and navigate their way through some of the most spectacular wilderness in South Australia.

The expedition focuses on **leadership, group dynamics and personal reflection.** A key element of the expedition relates to how

Alexander Eliseo and Kristian Borrelli take the time out to check the map and their location

Max Edwards at the entrance to Wambana ready for the beginning of the 4-day cycle tour

our students work together to achieve a common goal. Students begin to understand the importance of active listening and the need to be clear and concise in their communication with others. Problems are faced and **solutions are shared. Boys begin to understand the importance of informed decision making. Students learn the technical skills of map and compass reading, understanding bush terrain and basic survival skills.**

Community Service

1st XVllls raising awareness and funds for the McGrath Foundation

From the Early Learning Centre right through to the Year 12s, this year has been a full year when it comes to community service activities and fundraising for **not-for-profit non-government** organisations. These have ranged from the traditional sausage sizzle, pancakes, pink socks, to building houses in Cambodia.

Early in the year, led by College Psychologist Janice James Valentine several students and staff took part in the Leukaemia Foundation's World's Greatest Shave by having their hair shaved off or coloured.

At the beginning of Lent, Preparatory School students indulged in over 580 pancakes, raising nearly \$1600 for the community programs provided by UnitingCare Wesley Bowden.

The Early Learning Centre's Big Boys Breakfast saw a donation being made to BeyondBlue from funds raised on the day.

During Reconciliation Week in May, a sausage sizzle saw funds raised for the Indigenous Literacy Foundation. Other sausage sizzles throughout the year have seen donations made to SIDS and Kids Red Nose Day, the Cancer Council, Habitat for Humanity and the house building project being

Reds splash out for cancer fundraiser

undertaken by students and staff in Cambodia during December, and the purchase of library books in support of the work Kevin Tutt was undertaking with the Cambodian Children's Fund organisation

Other organisations that have benefited throughout the year from other fundraising activities or student participation include **World Vision, the Hutt Street Centre, the Cancer Council, Legacy, the McGrath Foundation, Kickstart**

for Kids breakfast and mentoring program at Hillcrest and Wandana primary schools, and Goodwill.

It is encouraging to say that there have been so many activities and events take place that it is not possible to comment on each of them individually. It all goes to show the Princes community spirit is alive and well in support of community service!

Nepal Trip

At Ama Dablam Base camp

Nepal Father & Son Experience 2014

During the October School Holidays, **Andrew Stace and Micha Jensen** led a group of seven fathers and their sons on an adventure through the mighty Himalayas.

Taking fathers and their sons away from their busy lives for a couple of weeks to spend quality time at such an important point in their lives was something that Andrew and Micha felt was important for people to experience. We all get caught up in the day to day of life and to step back and enjoy new sights and to go on a journey with family is an opportunity that might otherwise get skipped by.

The group spent a couple of days in **Kathmandu before the trip, taking** in important cultural and religious sites, **doing their last minute** shopping and relaxing before **heading to the mountains, flying** into the infamous Lukla Airport.

This year's group trekked to **Ama Dablam Base Camp (4500m) in the Everest Region. Because of the altitude, many of the days** walks were quite short which allowed the fathers and sons to immerse themselves in the village **lifestyle, visiting local shops,** temples and hanging out with the locals. The group shared many great experiences in the villages along the way and enjoyed the challenging terrain.

The highlight of the journey was getting a special blessing from the most important Monk in the region and then climbing over 800 vertical metres from Pangboche up to **Ama Dablam Base Camp for some** of the best views available of the Himalayas and Everest. To top it off the day was clear and the views were amazing.

After the trek, some of the group travelled to Chitwan National Park **to spend time in the jungle, others** went bungy jumping and some **chose to relax in the Kathmandu** Valley. All headed home better for the time with their father or son with amazing memories that only they will share forever.

Looking Up to Ama Dablam

Careers Counselling

Jo-Anne Curtain from Ducere Education shares with students about their programs at the Careers Expo

Prince Alfred College recognises and celebrates Australia's Indigenous culture

Year 11 student Benjamin Doley finds out about UniSA courses at the Careers Expo

Careers

It has been a fantastic year for the Careers Office at Prince Alfred College. The Years 9 to 12 boys have accessed a range of services including careers counselling, university application & scholarship support, guest speakers, interview coaching and job readiness training. A highlight of the careers program every year is our annual Careers Expo held in August. More than 400 people were in attendance with 30 exhibitors and over 35 industry speakers, who shared their expertise. Their presence, along with Marcellina's pizza and a raffle draw certainly contributed to the positive energy and fun on the night.

Year 9s learnt about the 'world of work', employers' expectations, resume and application letter writing, as well as how to present for an interview. Some attended "The Big Day In" Careers in IT Excursion. Year 10s undertook career profiling utilising the skills of UniSA. The Year 11 three day Career Development Workshop included a wide range of guest speakers, a visit to UniSA and The University of Adelaide. Students learnt about presenting themselves for employment, and study pathways, customer service and maintaining good mental health.

The Year 12s had a number of careers-focused presentations this year. The Careers Office hosted The High Commission of Canada (Canberra) who spoke at a "Work and Study in Canada Night in September for our students and for students from other schools.

Indigenous Student Team at Prince Alfred College

Prince Alfred College continues to recognise the rich culture of Indigenous Australia. Several thousand people attended a concert held here, featuring highly acclaimed Aboriginal musician Gurrumul. Our Aboriginal families said this was an inspiring night to remember! Aboriginal students Dylan Peisley — Year 9 and Chaise Eade — Year 12 (pictured above) continue to further build bridges of cultural understanding with our school community. The students joined with the school executive team for the raising of the Aboriginal flag to herald National Sorry Day. The Middle and Senior School students attended a National Reconciliation Week assembly that was profoundly moving. Port Adelaide Football

Club Aboriginal Programs Manager Paul Vandenberg (and fellow worker, Narelle) shared about the Stolen Generation and what Sorry Day means for Indigenous people. Colin Darcy, Aboriginal Rapper (also known as 'Caper') sang several songs about his upbringing, his culture and about hope for the future. We held a BBQ to raise money for the Indigenous Literacy Foundation and were thrilled to send off a cheque for more than \$800. Prince Alfred College was also invited to the Reconciliation SA Schools Congress in September. Students Chan Mayol, Adil Lathif, Dylan Peisley and Ray Brown learnt about identifying and combating racism and will share this with the PAC school community.

Monica Magann

Careers Counsellor
Indigenous Student Support

Year 11 student Chan Mayol and Year 10 student Stuart Brennan attend the Careers Expo

Nelson Ellis SST Student Mentor

Student Success Team

It is difficult to describe the work of the Student Success Team in so few words. As the team leader I have been amazed at the incredible passion and total commitment of the whole team in their efforts to nurture and develop our students. From the Early Learning Centre (ELC) right through to Year 12, the team has encouraged confidence, enthusiasm and the desire to be 'the best me I can be'.

I am honoured to serve the SST.

As College Psychologist I was able to increase the support offered within the ELC to include **classroom visits, staff and parent evenings, parent meetings and** some individual assessments. My day is always brighter for having shared some time with these gorgeous children and in this remarkable centre.

The Preparatory School SST had a busy year working closely with classroom teachers and parents to support the diverse needs of our students. Support ranged from team teaching in classrooms **with teachers, to working with** smaller groups on particular skills to working with individual students on intense programs **such as Reading Recovery, MINILIT and MULTILIT Reading Tutorial Program.** Numbers increased in **Literacy Planet (web based literacy program) and Mathletics (web based mathematics program).**

In 2014 we introduced Student Mentors as part of the Middle and Senior School SST.

Nelson Ellis, Edward Thomas, Mitchell Clarke, Chase Eade and Jeffrey Yuen did themselves and the team proud. Many younger students were encouraged and supported as part of this initiative. As the first ever SST – **Student Mentors, these young men were exemplary.**

The Academic Coaching Team has been elated to watch some of our **students achieve, academically,** far beyond the results they had **ever thought possible.** Likewise, **the positive growth in confidence, resilience and self-concept** seen in the boys working with

Janine Tuffery (Mental Health Coordinator) has been inspiring.

I proudly assert that PAC SST has been a source of inspiration for psychologists and counsellors from other independent schools. This year we have received numerous requests, from wellbeing and leadership teams, to visit us to gain insight into the 'Against the Deficit Model' we have developed. Janine Tuffery and I were also asked to

present at a conference held at St Peter's College to discuss the same.

By far the most satisfying and rewarding part of 2014 has been to see boys flourish, regardless of their individual differences, and to hear from so many parents that their boy is happy and wanting to come to school. Nothing builds

success like success, and this is what our team is all about. Just remember that success is measured very differently depending on each person – embrace difference, respect and include all.

Janice James-Valentine (JJV)
College Psychologist

Student Leadership

Ben Siebels

College Vice-Captain

2014 has been another fantastic year for Prince Alfred College that has been largely influenced by the student leadership that our Princes Men have shown. This year's Prefect group consisted of twenty young men who have all had their own unique approach to leadership and all of whom have performed admirably in the roles **as leaders of the College. But the prefects were not the only leaders that Prince Alfred College had this year, we were lucky to have** a variety of young men who were willing to stick their hand up and **lead from the front, these young men included our house captains, sporting captains, boarding prefects, student representative council members and every other boy in between.** This broad range of leadership was highlighted during the Student Life awards assembly where the College recognised the young men that loyally served the College with fine leadership and application within the College community. The recipients of the student life prizes included:

students to learn. In saying this, at the time of our induction each prefect was encouraged to work on a unique 'prefect goal' that would ultimately add to the already prestigious legacy that this great school has. Each prefect set out with an eager mind to grasp this opportunity to give back to the College that has given us so much. These prefect goals ranged from assisting sports teams of younger year levels that will grow to **become our next student athletes,** running tours that help promote the College to a wider community and participating in charitable fundraisers. One of the more prominent prefect goals that the Prince Alfred College community was able to witness this year was a new initiative in the form of the Red Army. The Red Army was an

matches and the state knockout football Grand Final and supported our competitors with several chants introduced by prefects **Ned Murdoch and William Burfield. The Red Army** became what we believe is the best supporting group in the state at high school level. This was one of the many highlights that the 2014 prefects were able to provide the College this year.

The year of 2014 was a great year for student leadership at the **College, we were able to uphold** the traditions that previous leaders had bestowed upon us whilst incorporating a few new innovations of our own. We hope that the College has grown that little bit extra from the input of **our student leaders, as we know** we have grown into Princes Men worthy of the roles entrusted to us. The prefect group hopes that the foundations we have laid down will continue to expand into legacies that will make the College a wonderful learning environment for young men. I would like to thank every student who has

Jack Elsworthy	Keith Swann Memorial — Best all round performance
Will van Dissel	Bill Bunday — Captain of School
Ben Siebels	Public Schools Club Ian Hayward — Character and Service (Vice Captain)
Braydon Cordingley	Frank Hunter — Leadership in Year 12
Kurtis Wilson	Max Wilson Prize — Character and Service to the School
Eddie Thomas	Don Steele - Character and Service to the School
William Burfield	P & F — Outstanding service to the school
Lachlan McNamara	Morley Bath Memorial — Service to the School

Cameron Pritchard	Rev Charles Perry — All round development in final year at school
William Cheng	PAC Prize for global citizenship
Jack Dascombe	Prefects Prize for effort and application
Vince Rocca	Caltex All rounder
Nelson Ellis	Long Tan prize for leadership
Phillip McBride	PAC Prize for leadership and Service within the Boarding Community
Charles Marshall	Pam Freeman Prize For Music Leadership
Rui Lin	Michael Wills Prize for Best in Interschool Chess Competition
Phil McBride	Rob Prest prize for Captain of Boarding

The prefect group this year was **one blessed with much diversity,** however we were all united under a common goal which was to enhance the College community and strive to make it the best possible environment for all

idea brought forth by prefect Oilly Collison that became one of the more significant contributions to student leadership in recent years. The Red Army attended various sporting events including a majority of intercollegiate

shown their leadership qualities throughout the year including my **fellow prefects, all of whom I am** sure would share the ideal that it has been an honour to serve the school as leaders in 2012.

Boarding House

Display of Regions and countries from which Boarders live

A key component in the success of a boarding community is the leadership that the senior boys demonstrate throughout their time at the College. At the commencement of 2014 I asked the Year 12 boys what their legacy would be for the boarding community. Undoubtedly the boys have shown through their actions that the 2014 Year 12 boys have made a significant contribution to enhancing the positive culture of the boarding community. This year the boys have proven that success on the sporting field can be combined with academic success. Further, we have seen the emergence of genuine leadership, embodied in boys taking time to do the small things that matter. Many examples are seen daily - a quick "hello" to a new younger boarder or a impromptu coaching session with the football prior to dinner or perhaps a guiding hand with the intricacies of understanding algebraic equations. These are daily occurrences within our boarding community. A highlight for me this year was witnessing the senior football boys who took up roles as Auskick coaches on Sunday mornings — it was leadership personified.

When boys commence in the boarding community at Prince Alfred College they commence upon a journey towards leadership. The boys may not realise this at the time but it is evident in the various leadership opportunities — **be it at Wambana, Scotts Creek** or through the myriad of opportunities presented throughout the College. Our aim is to develop young men who will leave the College with both the tools and the desire to contribute to the wider community and I am pleased to say that the 2014 boys will make us proud.

Leadership is not a right. It is a privilege earned through putting the interests of others **before self. Boys need to learn to** become leaders and we provide opportunities for them to mentor others and support this with leadership seminars throughout the year. This approach enables the boys to develop skills such **as consultation, negotiation and** mediation as well as a fair sense of justice and community spirit.

Some of the ways our boarders have been active in developing their leadership skills include participating and taking a lead

role in our activities program, co-ordinating the annual Red Shield Appeal, running and organising the Relay for Life, the City to Bay and other worthy causes. I would like to thank Philip McBride who has worked tirelessly in his role as Captain of Boarding throughout the year — he has been an invaluable ally throughout 2014.

Many of our boarders will become leading members of smaller communities. We know that the boys will see value in organisations such as their local community based clubs and associations. By developing leadership skills that are life skills we believe they are more likely to contribute actively to keep the service organisations alive. Rural communities rely on goodwill and volunteers and this is no more clearly demonstrated with the success of the various Field Days events at which I have been fortunate to represent the College. These communities and wider society need individuals who are committed to being active contributors to help facilitate positive change and I know our boarders will contribute to this process, embodied in boys taking time to do "the small things that matter".

Boarders' Day

Boarders' Day 2014

This year's Boarders' Day, held on Friday 12 September was a highlight of the year for the boarding community. It provided the 138 boarders with a fantastic opportunity to share their life in the Princes boarding community with their peers, teachers and non-teaching staff members of the College. The day provided a catalyst to bring together the many achievements of the boys who are from a wide and diverse background.

A highlight of the Boarders' Day was the early morning distribution of this year's annual Boarders' Herald. This year's 16-page publication (kindly printed by Michael Ellis and his team at the Yorke Peninsula Country Times) delivered to the boys and other members of the school community early on Friday 12 September, reflects the energy, efforts and achievements of boarding life. The 2014 edition is a further refinement on previous editions, highlighting the diversity of boys and their achievements — from cooking to jumping out of aeroplanes!

The Boarders' Day Assembly is a traditional event and the focus of Boarders' Day. This year's assembly

Boarders serving up a variety of dishes for lunch

Shaun Xiao, Scott Song, Hayley Hall and Xin Rong with the annual Boarders' Herald

did not disappoint and provided the broader school community with some insights into boarding life. The focus of this year's day was "Where do we come from?" Boys from Year 8 through to Year 12 spoke about aspects of boarding life and their backgrounds. The common thread through the diversity of experiences and backgrounds was that the boys were appreciative of their boarding

experience and were proud to be Princes men. The feature film shown at assembly presented a selection of the boarding activities program offerings, whilst Chris Harris (Year 12) and Patrick Lowe (Year 8) provided an insight into their life as a boarder at the College. Sam Taylor (Year 12) was a formidable master of ceremonies, and Captain of Boarding, Philip McBride, demonstrated through

Boarders' Day

Football match Fiddian against the rest of the Boarding House playing for the Ashton Cup

Captain of Boarding Philip McBride addressing the school at Boarders Assembly

his speech the significant impact that boarding has had on his life at Princes.

Following the assembly the whole school was invited to attend the annual Rushton Cup Football match which was played at lunchtime on the back oval in a country football atmosphere.

This game enabled the boys from **Fiddian and Bayly / Hartley** to fiercely compete for bragging rights over the Rushton Cup in front of a great crowd. The country feel was also contributed to with **a magnificent BBQ which was a fundraiser** for our chosen charity of Ronald McDonald House.

I must thank the Catering Manager Mr Darryl Attiwill and his team for providing the essential ingredients **for a great BBQ on the day** with the majority of ingredients kindly donated by some of the College's suppliers. Their support with the **BBQ preparation and the work of the Housekeeping team** in helping us set up on the day was certainly appreciated.

Special thanks must also be **extended to Captain of Boarding, Philip McBride, and the team of Prefects** who oversaw the production of the presentations and videos for the assembly and **the cooking of the BBQ**. I would also like to extend my appreciation **to the Boarding House staff** that assisted with general organization of the day and the significant contributions in putting together **the Boarders' Herald and the video**.

Overall, the day was a memorable occasion, raising funds for the **Boarding House charity, Ronald McDonald House**. Just as **importantly the day show-cased many of the boarders, the breadth and diversity of the activities** they are involved in after school hours **and on the weekends**, and it also allowed members of the school community to gain an insight into the diverse backgrounds of the boys.

For many boarders, home is hundreds or even thousands of kilometres from Prince Alfred College; for some boys it is even in another country.

Despite some of the challenges that are associated with living so far from home to attend school **here at Princes, the boarders are a happy, enthusiastic and very supportive group of young men**. They share a unique way of life and are part of a community that adds enormous value to the Princes Community.

Darren Roylett
Head of Boarding

International Students

International Students, The English for Academic Purposes Course (EAPC) and International Student Transition Program (ISTP)

The overall aim of the EAPC is to advance the academic English and learning skills of international students in order for them successfully access the mainstream curriculum. In their English lessons, students build confidence in using the language and develop their awareness of the expectations of an Australian classroom. They explore various topics from mainstream subjects including Science and Humanities. They produce essays and reports, deliver oral presentations and participate in group discussions. These activities improve their skills in areas such as research, evaluation, interpersonal communication, reflection and critical thinking.

This year, we have so far had over 20 students in the course, and have welcomed the involvement of girls from Wilderness and Seymour College. While PAC and our sister schools are committed

International Students Transition Program camp/hike in the Mount Remarkable National Park: Mr Jeff Ellis, Tony Li, Andy Chen, David Liu, Sam Hou, Tom Huang, Fred Zhang

to education in a single gender setting, we recognise that there are benefits for international students who are new to Australia working together in a dynamic learning environment, as it can stimulate discussions and ease the acculturation process.

Through the ISTP and the EAPC, we seek to create meaningful experiences outside the classroom. Students sense of place is enhanced through tours of the city and surrounding areas, which take place in the first few weeks of each semester. In Term two this year, visits to the Migration Museum, Haigh's Chocolate Factory and the Australian Broadcasting Corporation directly connected with units of work on Australian culture, small business success and the media.

Cultural transition is a very important part of the ISTP. There is an orientation day each semester when new arrivals, their friends and families and homestay parents are invited to participate in school tours. They meet with heads of schools, teachers and other staff. This allows our new students to develop a better understanding of the campus, community and school

culture, and enables them to settle into school life smoothly.

Our international boys experience a very holistic education in PAC. They are involved in the life of the entire school from the first day they arrive. Boys are placed in home room (well-being) classes and House teams. They attend school assemblies, participate in activities alongside their local peers and are strongly encouraged to participate in co-curricular activities, including music and drama. Our international boys have also made us proud through their involvement and achievement in a variety of College sports including badminton, basketball, swimming and tennis.

International students are valued members of the school community, and their presence is recognised in various ways. In Term one, we celebrated 'Harmony day', when some of our international boys performed for the whole school, and spoke on behalf of all international students at PAC. At the end of Term 2, some of our boys took charge of the inaugural EAPC completion ceremony. Thanks to their assistance in the organisation of the event and their

International Students

International Students Transition Program camp/hike in the Mount Remarkable National Park: Tony Li, Andy Chen, David Liu, Sam Hou, Tom Huang, Fred Zhang

touching and insightful speeches, it was a most memorable end to the course. In Term 3, we will be celebrating 'Boarders day', with our international boys making valuable contributions to the event.

Social activities and outings, which encourage interaction between local and international students,

are provided in both the Boarding House and everyday school life. These events give international students opportunities for further integration, and help them to build positive relationships and language skills. All students involved benefit from such activities as they enhance their intercultural understanding and communication

skills. International boys also have opportunities to associate with our sister schools through social activities such as ten pin bowling, dancing and ice skating.

In Term 3, new Year 9 international boys joined students from the Wambana program for a four day camping expedition to Melrose in the Flinders Ranges. They learnt camp-craft skills and enjoyed navigation and bushwalking through the beautiful Mount Remarkable National Park under the expert guidance of our outdoor education staff. In Term four, some of the boys will spend four days at Scotts Creek, where they will be involved in a range of activities including canoeing, climbing and team building.

It has so far been an enjoyable and successful year, with our courageous international students showing an interest in and appreciation of different approaches to learning and teaching. It is extremely impressive to witness the immense progress made by the EAPC students, and rewarding to be a part of their journey into College life.

Senior School Arts

Big Band

Over the course of 2014, the Prince Alfred College Music Program has developed greatly, and I have been privileged to provide leadership over each of the eight PAC bands. This year there has been a variety of achievements both locally and nationally. This includes the some outstanding results at this year's Generations in Jazz competition including

Division 2

Big Band 1 — 3rd (out of 26 bands)

Division 3

Big Band 2 A — 1st (out of 23)

Division 3

Big Band 2 B — 9th (out of 23)

Division 4

Big Band 3 — 1st (out of 25)

Division 5

Big Band 4 — Non-competitive section.

As well as awards for our bands, we received a record number of individual awards with an unheard of 6 Superband selections.

The Big Bands also placed strongly at ABODA School Band and Orchestra Festival.

Ensembles are awarded Gold, Silver, Bronze or Merit standard with roughly equal numbers in each standard.

Intermediate Band — Gold award

Senior Band — Gold award

Big Band 2 — Gold award

Big Band 1 — Gold award

Incredibly consistent results from all bands.

Furthermore, the students involved in the music program have had opportunities to play in front of large audiences, such as on stage before the Gurrumul concert, performing in the Osmond Terrace Function Centre, and jamming alongside Australian music prodigy Ross Irwin in the heart of Rundle Mall.

Occasions such as this would not have been possible without the hard work and professionalism of the music department, that has continued to strive to educate hundreds of students on the experience of playing in a band,

Senior Concert Band

ranging from year four students to year twelves such as myself. I hope that the music program at Prince Alfred College maintains and strengthens its already prestigious reputation once I'm gone, and I'm sure I'll be attending many performances to come.

Thomas Miller
Captain of Bands

Senior Concert Band

The Senior Concert Band has had another exceptional year of outstanding performances.

We started the year with a very strong front row having lost none of our flutes or clarinets last year. With Daniel changing to oboe we were given an additional voice that many other bands struggle to fill on this rare instrument. While the trumpets were all new, the saxophones, lower brass and percussion were all solid as ever.

Highlights off the year would have to be a 2nd place at the ABODA festival where we were beaten only by a Specialist Music School. This is especially outstanding considering

we only have three Year 12s in our current band. Once again PAC bands were exceptionally consistent at this competition, again matching our results from last year.

Senior Band — Gold standard

Intermediate — Gold standard

Big Band 1 — Gold standard

Big Band 2 — Gold standard

For this competition we played the entire First Suite in E flat by Gustav Holst, which is a piece by which all concert bands judge themselves and is in high need of musicality and technical understanding. The front row in particular had a mountain of notes to learn, but with a steady practice routine we easily got our fingers around the tricky passages. We were also given a considerable boost thanks to an outstanding mentoring session with Mr Bob Hower – conductor of the Adelaide University Wind Ensemble. He has some keen insights into raising our performance an extra couple of notches as we prepared for the big day.

Staff: Andrew Newhouse

Another highlight of the year would have to be our performance of **"Rising Dragons"** at our final concert **"All That Jazz"** in Term 3. This is an epic song which is a favorite for the few band members who have been around long enough to be playing it again. Playing alongside the Senior Concert Band from Wilderness doubled the size of our band for the night, ensuring this piece was played with the shock and awe it deserved.

This year has been a great year for the Senior Concert Band, but with such a young band the ensemble hopes for an even better 2015.

Choir

The year of 2014 has been a memorable and jam-packed experience for all the choristers, in both the Princes Choir and Jazz Choir. This year, the choir has seen an even larger increase in numbers from previous years, so that the Choir now sits at 30 with all present. New choristers, from both prep and senior schools, have allowed us to develop into a stronger SATB choir by focusing on singing 3 and 4 part harmonies and enabling us to present a more challenging repertoire. The boys have enjoyed the new variety of pieces, ranging from sacred and classical pieces such as "Ave Verum" and "Coram Deo" to pop, rock and jazz songs such as "Some Nights", "Bohemian Rhapsody" and "Sway". An increasing number of boys are receiving 5 year medals for their dedication to the choir, with a total of 7 boys this year; including myself, John Maiello, Edmund Black, Ethan Hayes, Oliver Eliseo, Jordan Pye and George Skothos.

This year's calendar for both the Princes Choir and Jazz Choir has been full with the choir performing at various concerts and events throughout the year including chapel services, the Old Old Boys Assembly, the Ex-POW service, just to name a few. Highlights for the Princes Choir included the Strings and Choral Showcase and the Term 3 Choir Concert where the choir was able to present their expanding repertoire as well as feature soloists. Highlights for the Jazz Choir included singing at the annual Barbershop Workshop with

Intermediate Concert Band

1st Row: Samuel Kneebone, Benjamin Le, Jackson Miller, William Howard, Thomas Arnold, Jack Wu, Thomas Worthley, Charles Keeves, Sparsh Tiwari, Thomas Dodsworth, Alexander Nind

the award winning TLA Quartet and performing at All that Jazz with famous jazz musician, Ross Irwin.

In looking to the future, the choir aims to continue to strengthen their musical ability and presentation skills, as well as to be able to feature more soloists at performances, to showcase the increasing talent within the choir.

Overall, this year has seen many highs for the choristers which would not have been possible without the extensive support, patience and guidance of the **Choirmaster, Tasso Bouyessis** and our accompanist, **Macarena Zambrano**. On behalf of the boys in the choir, I extend our appreciation and thanks to them both. Personally, I would like to congratulate all of the boys for their effort in developing their vocal skills and passion for singing. We are certainly ready for another **great year for the choirs in 2015!**

Connor Olsson-Jones
Head of Choirs

Strings

This year has been exceptional with an influx of talented new boys in the strings program. Everyone has strived to achieve their very best to perform at the highest standards and enjoy themselves.

The strong foundation of the Strings Program at PAC has created amazing performances across all the ensembles including **Vigoro**, **Orpheus**, **Sinfonia** and **Camerata** String Quartet. There was a huge variety of music from classical to jazz that gave every student the opportunity to perform and build upon their own skills and talent.

Throughout the year, the senior string orchestra (PAC Sinfonia ensemble) were honoured to perform with several schools in various workshops and concerts. A highlight of the year was the Orchestra and Vocal Showcase in Term 2 featuring St Peter's Girls and Cabra Dominican College. Students showed off their skills both individually and within an ensemble that delivered an

entertaining evening. Another **highlight** was the "All That Jazz" concert where we invited girls from Wilderness School to perform a variety of pieces. In keeping with **the theme of the night, we were** able to showcase our jazzy side through the piece 'Jazz Suite'. **Both concerts left memorable** performances for the audience.

The Strings Program has been a huge success all year round **due to the hard work, effort** and dedication provided by the students. This would not be possible without the dedication **of the PAC Stings Co-ordinator Mrs Erna Berberyan.** I would like to express my gratitude to Mrs **Berberyan for the tireless amount** of work she has put into the Strings program over the past years to make it a huge success.

Senior School Arts Awards 2014

Alan McInnes

It was again inspiring to see the development of our 2014 student leaders in the Arts Community.

Many thanks again to those boys recognized below. The mentoring of younger students by almost all our senior players is one of the key differences in our Department and one of the most significant factors in our success over the last 12 months.

There are two awards. Arts Colours recognizes a significant level of creative achievement combined with a consistent contribution to the artistic life of the school.

Winners for 2014 in this category were:

Zac Mizgalski
Oliver Fox
Matthew Smalls
Edward Hannemann
John Ahn
Andrew Thomson
Angas Marshall
Zac Weigold
David La Pietra
Brandon Reynolds
Anthony Rositano
Lucas DeGaris

The other award, Arts Honours requires a student to demonstrate continued artistic excellence, a genuine demonstration of service and commitment to the younger students and a significant contribution to the artistic life of the school beyond their first award.

There were six worthy recipients of this award this year.

Charles Marshall

Alan McInnes

Alan has made a significant contribution to music at Prince Alfred College over a number of years.

He began studying the flute in the **Beginner's Band** and was quickly promoted through the ranks, reaching the **Senior Concert Band** by the time he was in Year 9. Alan was then selected as section leader where he set an exceptional example for the front row. He has also played with the orchestra this year.

Alan has had numerous performance experiences outside the school, playing with ensembles, such as the Adelaide Symphony Orchestra and the South Australian Police Band. After auditioning successfully, he was selected as feature soloist as the 2014 'All That Jazz' concert. He has also performed as a soloist at numerous community concerts where he invariably played with distinction.

Alan has been an outstanding mentor to the younger flute players, frequently arranging one on one mentoring sessions to assist these players. Due to this, many players in the current Junior Band have now been inspired to follow in his footsteps.

Charles Marshall

Charles is a talented performer who has contributed greatly to the artistic life of the school.

He was promoted to the Senior Concert Band in 2010 and Big Band 1 in 2011. Charles was

Thomas Lancione

selected as section leader for both ensembles this year and has led the **trombones with distinction**, ensuring they are always one of the strongest sections in each rehearsal. Charles has also performed with the orchestra as well as arranging music for a school trombone quartet that he leads.

Charles was selected to play with the **South Australian Police Band** for a full week as part of their mentoring system. He in turn has been an inspiring mentor to the **younger trombones**, particularly through his attendance at Junior Band rehearsals.

As well as his ensemble experience, he is also most competent playing solo repertoire. Charles completed his **Grade 6 AMEB** exam last year receiving a Credit for his performance.

He has been a dedicated Captain of Music, spending many hours of his own time to ensure each event was a success.

Thomas Lancione

Thomas is an exceptional musician who has contributed to the life of the Music Department over a number of years.

He has played with both the Senior Concert Band and Big Band 1 this year where he has displayed **exceptional musicality, focus and organisation**. His exceptional reading skills have enabled him to play with many other school ensembles as a fill in player, frequently with very short notice.

Senior School Arts Awards 2014

William Cooke

At this year's 'Generations in Jazz', he again filled in for a lower band and despite minimal rehearsal time was selected as a division Superband member on the basis of his performance.

Thomas has a dedicated practice routine, ensuring his solo repertoire is always played at the highest standard. He completed his Grade 7 AMEB exam this year, passing with a merit.

Thomas was selected to perform for a week with the South Australian Police Band as part of their mentoring system and has also performed for two years with the Jazz SA Superband, as a section leader. He has been an exceptional mentor to the players in Big Band 3 and has arranged to regularly play with members of the Beginner Band.

Thomas is an example to all with his organisation, punctuality and effort in every rehearsal.

William Cooke

William is a dedicated musician whose hard work has enabled him to play at the highest levels.

While he was still in Year 8, he was promoted to both the Senior Concert Band and Big Band 1 and has since been selected as section leader in both ensembles. In rehearsals he has been a model of punctuality and organisation and has a level of focus and determination in rehearsals that few players have matched.

Hugo Chapman

An exceptionally diligent student, William also regularly sets himself goals for his solo playing and frequently surpasses expectations of what can be achieved. He passed his Grade 6 AMEB exam in 2013 with a High Distinction. Following this outstanding result, he was also selected as the best performer at this level in South Australia.

Outside the school, William has performed professionally with a corporate band which features his improvised solos.

Hugo Chapman

Hugo is a versatile musician with a broad range of talents on multiple instruments.

He has played in the Senior Concert Band on clarinet since 2011 and has since been selected as section leader. Through his dedicated approach to leadership he has lifted the standard of the clarinets and was a key reason for the success of the band at the State Band competitions earlier this year. Hugo has also found time to perform with Big Band 1 since 2012 on piano, frequently contributing inspired improvised solos. He has played with Big Band 2 on saxophone where he was selected as a Superband member at the 'Generations in Jazz' festival.

Outside school, he has been selected to play with the Adelaide Youth Orchestra as principal clarinet and the Jazz SA Superband as pianist.

Connor Olsson-Jones

In his Grade 6 AMEB exam on clarinet in 2013, Hugo was selected as the best player in the state for this grade level.

He has been an outstanding mentor to many of the younger players with his frequent assistance at lunchtime rehearsals

Connor Olsson-Jones

Award with Honours

Connor is an exceptional performer who has appeared in a remarkable number of productions at the highest level.

He joined the Princes Choir when he was in Year 2 and currently acts as both section leader and Head Chorister. In this role, Connor has been an outstanding example to younger singers and provided inspired support to the Choir Director. He was a foundation member of the Jazz Choir. Connor has also performed in the lead role in two school musicals and has sung lead vocals in a school band.

In the wider community his performances has been numerous, notching up 14 major roles in less than five years. Connor has been selected to play lead roles with both the Gilbert & Sullivan Society and the Adelaide Youth Theatre. He has performed with the State Opera of South Australia twice and has performed with the Australian Classical Youth Ballet. Connor has also toured internationally with the Australian Youth Arts Team.

Senior School Drama

Prince Alfred College has a long tradition of musical and theatrical performance. The Princes Music Theatre company, formed by Mrs Pamela Freeman has continued that tradition over the last six years.

In 2015 the director Mr Michael Steer chose to present a production of the Musical Rock Star. The production explores the theatrical potential of a band arriving on earth from outer space. An eccentric professor (played by Cale Amos) has constructed a teleportation machine. Due to the bumbling of his young nephew BP (played by Connor Olsen-Jones) the machine malfunctions and brings a group of aliens to earth.

Cast

Connor Olsson-Jones as BP

A fun loving young boy from the suburbs of Adelaide trying keep the affections of his girlfriend Suzi.

Chelsea Marchetti as Suzi

A star struck young girl in love with an alien rock star.

Cale Amos as Professor Seesquared

Jordan Lesicar as Bluto

A rock star from outer space.

Hugo Chapman as CB

A corrupt businessman and nephew of the Professor.

Senior School Drama

Musicals are great for kids

We remember very little about our time at high school; the names of our friends and some of our teachers stay with us. The grand final that we won, the parties that we went to, the day that we started school and the day that we went to school for the last time are etched in our memory, but much of the finer detail has faded.

A school musical stays with us for life. Whether it is as the lead

character, or as a spear carrier in the fourth row, much of what happens onstage and backstage remains vivid and clear in our minds.

The moments when the set fell over, or the time when the music failed to start, the anticipation of the first performance and the joy of the first applause stay with us forever.

Sometimes students discover a lifelong passion for performance and the Arts, other students grow in confidence, form new relationships and develop new skills. Some just have great fun!

It takes courage to stand onstage and perform, it takes commitment to attend rehearsals, it takes talent and intelligence to do it well. The reward for that risk is a challenge, a great experience and memory.

With another year comes another edition of the literary and visual journal that is Shades of Red. This year's publication is the 5th edition of the journal whilst under the appellation of "Shades of Red". The Shades of Red committee consists of eleven members in 2014, this includes five young men who have been a breath of fresh air with innovative ideas in their 1st year on the committee as Year 11s, four experienced Year 12s whose wisdom reflects off the sleek pages that comprise the journal and two enthusiastic English teachers as coordinators whose passion permeated onto the student contingent of the committee. This year the committee was able to collaborate and produce what is a sleek and highly enjoyable edition of the Shades of Red journal. The committee included:

Coordinators

Mr Nick Iadanza
Mrs Melody Marshall

Year 12 Students

Tyson Bateman
Oliver Collison
Lachlan McNamara
Ben Siebels

Year 11 students

Cale Amos
Oscar Ellery
Edward Hannemann
Tim Hobbs
Tim Jolly

Each year the committee decides on a theme that reappears in multiple stages throughout the production of the journal and this year's theme was the motif of red yarn. The yarn acted as our symbol for inspiration in that boys were encouraged to latch

onto an idea and see where their creativity took them. This symbol was revealed to the school in our shades of red video, starring committee member, Oscar Ellery, towards the start of the year and acted as motivation for students to submit their creative work. Oscar follows the red yarn around the school discovering that inspiration for creative expression can really be found in so many unexpected places. The boys, some staff and even a previous headmaster took

artistic design of the journal in **old Scholar, Henry Jarman**. The initiative that is Shades of Red was highly supported by departing **Headmaster Kevin Tutt**, displayed through the submission of his own poem **"taking a Tuk Tuk to work"** inspired by his time in Cambodia. The departure of Mr Tutt meant that **new Headmaster Bradley Fenner** was experiencing a Shades of Red launch for the first time. Mr Fenner was given the opportunity to address the launch attendees and recognised the bravery of the young men who read very personal **poems to the audience**. **Lastly**, coordinators Melody Marshall and Nick Iadanza addressed the **audience, introduced the Shades of Red Committee** and briefly spoke about this year's edition of Shades of Red.

to this task with eager minds and produced some fantastic creations that are displayed in this year's edition of Shades of Red. The motif of yarn was also displayed across the cover of the journal and can be seen within the pages as the yarn **links all of the artwork, poems and photographs** that filled this year's edition.

The Shades of Red launch for 2014 was highly successful with parents and students attending to witness and purchase the fantastic work that the boys had produced this year. The audience that attended the launch were

lucky enough to hear readings from students that feature in the journal ranging from years eight to twelve. The readers shared their ideas based on a variety of topics from the stolen generation of indigenous Australians to exploring the pressures that women face in a contemporary setting. They exhibited many forms that a poem can take and are a true reflection on the work that is displayed throughout this year's journal. Whilst hearing from the authors of some of the poems that give context to the journal the audience also heard from the man behind the creative and

Shades of Red is one of the many initiatives that makes the Prince Alfred College community so unique. In a modern era where young men often are reluctant to open up it is important that we have Shades of Red as we provide the boys with an opportunity to express themselves creatively. As Princes men we are taught to be **well-rounded and this journal is a welcome distraction for us to escape our sometimes meticulous lives**.

Science Journal: First Row: Mingrang Li, Hrishikesh Rajaram, Yu Le Kong-Lim, Eddie Seung Hun Han, Andy Nguyen
2nd Row: Jack Greenslade, Timothy Hobbs, Isuru Dissanayake, Luke Cialini, Jack O'Brien. Staff: Paula Mills, Christine Papanicolas

70 years ago the world was at war. As Winston Churchill was planning **Operation Overlord (D-Day)**, Prince Alfred College published its first Science Journal. Under the **guidance of Raymond T. Smith**, the senior science master at the time, and with the encouragement of **Ralph Beckwith**, winner of the bursary award in 1941, Editor John West was able to publish the first Science Journal all those years ago. The Journal was and remains a symbol of the College's outstanding scientific achievement. The continued practice of publishing an annual Science Journal reinforces the Princes man's interest in science and stimulates the belief that scientific advancements are key to progress **and development, something that** is heavily emphasised in science classes at the College.

The Journal reflects not only the belief in the importance of science but the emergence of new trends within the discipline itself. Over its long history the publication has foreshadowed the age of **physics, space flight, the power of the atom, the management of renewable resources** and exciting new innovative technologies.

Chemistry Class — Old Science Hall 1891

This year we look to the future. **The future of our planet, of space exploration and of the human race.**

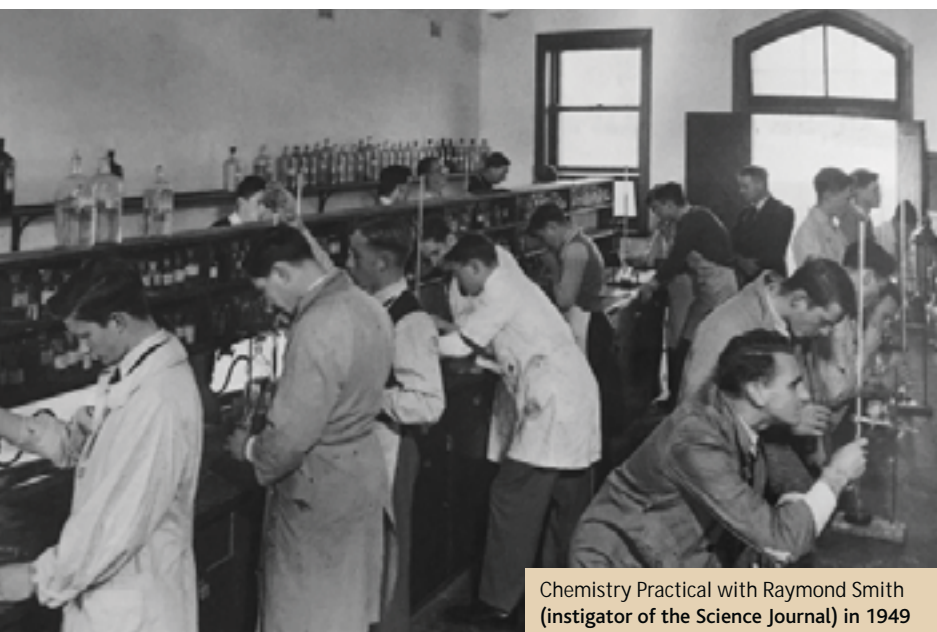

It is my honour this year as Editor of the Science Journal to announce **the theme of the 70th edition**, Earth and Space. Students from Princes are asking questions that have baffled the greatest scientific minds in history and push the limits of science to its extremes.

Raymond Smith with Science Students, 1965

Physics Lab, 1938

Chemistry Practical with Raymond Smith (instigator of the Science Journal) in 1949

The Science Journal Committee has worked tirelessly to choose the best articles from students in **the preparatory, middle and senior schools**. This year's publication features articles pertaining to **the link between Earth and space, current world events, scientific ethical dilemmas, the uncertain future of our planet, space exploration and PAC's scientific achievement throughout the year.**

It has been an honour serving **as the 70th Editor of the Prince Alfred College Science Journal** in 2014 and I look forward to joining the long list of distinguished and acclaimed previous editors. I have

enjoyed working together with such a passionate and motivated team of people to produce one of the College's most prestigious publications. The team should be congratulated for the time and effort they have put into making this year's Journal the best it can be. **Special thanks go to long-serving members of the Science Journal Committee Luke Cialini and Hrishikesh Rajaram, for their devotion to the Journal. Luke has been a committed team player, showing regular attendance at meetings and was responsible for the sensational front cover design. Hrishikesh another invaluable member of the committee whose**

hard work behind the scenes does **not go unnoticed. Luke and Hrishi, along with Andy Nguyen and Jack O'Brien are outgoing members of the committee and I wish them all the best with their future studies.**

However, without the continued support of Dr Paula Mills and Mrs Christine Papanicolas this Journal would not be what it is today. I express my profound gratitude to them for their commitment, perseverance and fidelity to the Princes Science Journal. Without them it is certain that this tradition of publishing an annual Journal would have been lost. I would also like to extend thanks to this year's guest authors Chief Defence Scientist of Australia's Defence Science and Technology Organisation (DSTO) Dr Alexander Zelinsky and Professor Denis Goodrum for their contribution to the 70th edition. We are honoured to have your work published in our Journal.

The Science Journal Committee looks forward to officially launching the Journal early in Term 4.

Tim Hobbs

Year 11, 70th Editor of the Prince Alfred College Science Journal

Chess Intercol. First Row: Joel Lee, Xin Louis Xiao, Isuru Dissanayake, Rui Lin, Denny Jungho Han. 2nd Row: Terence Ang, Jason Huynh, Aaron Hammat, Peter Gregorich. 3rd Row: Caleb Barns, Qi Le Kong-Lim, Eddie Seung Hun Han. Coaches: Richard Thorne and Peter Serwan

PAC Senior School chess completed **an exceptional year, recording an impressive clean-sweep** of the three Secondary Interschool Divisions. Our teams were invigorated by the arrival of the **Kong-Lim brothers, Qi Le and Yu Le**. Five teams were entered in the Secondary Interschool **Competition: two in Division 1, two in Division 2 and one in Division 3.**

The two PAC teams were superb to finish 1st and 2nd in the Division 1 competition. The Red team **consisted of Eddie Han, Qi Le Kong-Lim, Peter Gregoric, Denny Han and Joel Lee** and the White team **consisted of Isuru Dissanayake, Louis Xiao, Riu Lin, Jason Huynh, Terence Ang and Caleb Barns.** Riu Lin must be congratulated for winning every game during the past two years with a perfect score intact.

PAC Red finished 1st in the Division 2 competition ahead of Glenunga IHS with PAC Gold finishing strongly in 3rd place from 26

teams entered. Outstanding results were achieved by Aaron Hammat and Axel Heinrich's robust playing **resulted in a great picket-fence score throughout the season,** bolstering his team's overall result.

In the Division 3 competition, PAC Red also finished strongly in 1st place from 13 teams entered. A notable highlight of the team's **season was Kieran Fitch's superb win of 11 successive games only to falter in the final round.**

PAC won the secondary Champion School Shield for the **fifth consecutive year, ahead of Glenunga HIS and St Peter's College.**

We were pleased Peter Gregoric, Qi Le Kong-Lim, Joel Lee, Preshaan Thavarajah, Eddie and Denny Han were selected to participate in the 'Jets' national coaching clinic held in Hahndorf during the July break. The Senior School Championship was won by Joel Lee.

A pleasing number of boys competed in the South Australian Junior Championships held during **the July holidays. Qi Le Kong-Lim won the U16, Peter Gregoric the U15 and 12 year-old Preshaan Thavarajah the U14 titles.**

PAC won the annual intercollegiate Chess match convincingly defeating St Peter's College 9-1 in an awesome display of superior **fire-power.**

Isuru Dissanayake is to be congratulated on being an excellent role model as Captain of Chess through his dedication and fine competitive skills as a chess player. Special thanks must go to Mr Richard Thorne who generously gave his time and expertise to coach the senior school Chess **boys. His immense enthusiasm, passion and love for the game have been an invigorating driving force for all involved.**

Peter Serwan
Director of Chess

Debating

His Excellency the Honourable Hieu Van Le AO, Governor of South Australia, congratulates PAC Blue Sebastian Walker, William Dodsworth, Patrick Gayen, Peter Mourtzios. Staff: Mani White. Absent: Qi Le Kong-Lim (Wambana)

In many ways PACs 2015 debating season was our most successful for many years, both collectively and individually. In each year level at least one team made the finals and **Angus Brosnan in Year 10** was named Debater of the Year in his age-group. Under the guidance of Mrs White, the Year 9s reached the finals and debated in Parliament House in front of the Governor of South Australia. Year 7 Green, Year 8 Blue and Year 10 Blue remained undefeated during the regular season but lost out on either points or at the semi-final stage.

Both teams in the Senior Division reached the semi-finals — the Year 11s missing out on a Grand Final by the narrowest of margins (0.3 of a point). After such improvement

Year 8 Debating

William Economos, William Zhang, Alexander Economos, Max Kirkby, Cormac O'Brien, Edmario Lesi

Public Speaking

King's Speech: 1st Row: Sparsh Tiwari, Max Kirkby, Timothy Hobbs, Jordan Lesicar, Thomas Johnson, Yu Le Kong-Lim, Elias Raptis
2nd Row: Ethan Brewerton, Jack O'Brien, Stuart Cunningham, William Miller, Seran Perera, Lachlan Hislop. Absent: Patrick Gayen. Staff: Mark Bailey

Public Speaking: a world of opportunities

Once again, this year's Public Speaking programme offered a wide variety of opportunities for students to hone their skills, including the following events: the UN Youth SA Conference, IPSHA Junior Orator, Rostrum Voice of Youth, IPSHA Poetry Recital, PAC Lodge Short Talk Competition, UN Evatt Trophy Competition, Mooting, the King's Speech Competition and training workshops with Rostrum Freeman Patrick Bourke.

The 2014 King's Speech has a special guest!

Unbeknown to many competitors, this year's King's Speech Competition was quietly watched by a very special guest: Ms Alle Goldsworthy — the great niece of old scholar Lionel Logue — whose life achievements inspired this event.

After 52 speeches, ranging from 'mobile phones' and 'self-driving cars', to 'arson' and 'Section 18C of the Racial Discrimination Act', the winners and runner-up for the year's Lionel Logue Award (best

King's Speech Winners: Edmund Black, Stuart Cunningham, Jordan Lesicar, Timothy Hobbs, Yu Le Kong-Lim, Preshaan Thavarajah. Staff: Mark Bailey

speaker) in each division were as follows:

Preparatory School Division:

Lionel Logue Award:
Preshaan Thavarajah

Runner up: Edmund Black

Middle School Division:

Lionel Logue Award: Jordan Lesicar

Runner up: Stuart Cunningham

Senior School Division:

Lionel Logue Award: Tim Hobbs

Runner up: Yu Le Kong-Lim

UN Public Speaking

The United Nations Youth Australia (UNYA) runs a variety of Debating

William Miller and William Campbell competing at the EVATT Trophy State Finals

and Public Speaking events, designed to nurture the leaders of the future and open young eyes to the world of international politics. This year, there were two main UNYA events in which students from Prince Alfred College,

Tim Hobbs receiving the Lionel Logue Award from Ms Alle Goldsworthy and Mr Neil Andary

Jordan Lesicar (winner) and Stuart Cunningham (runner up) with their awards

Edmund Black (runner up) and Preshaan Thavarajah (winner) with their awards

Yu Le Kong-Lim (runner up) and Timothy Hobbs (winner) with their awards

including myself, were actively involved in.

The first of these, the UN State Conference, was held over a weekend in early March. This conference saw over 100 students from around the State gathering as mock delegates, debating on behalf of individual countries belonging to the UN General Assembly, whilst also attending interactive workshops, guest speaker sessions, discussion groups and interactive problem solving activities. This year, we discussed a range of issues, such as government, universal education and healthcare, gender equality, resource scarcity and threats to international peace and security. In

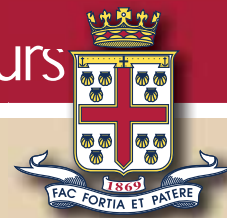

the main event, the convening of the General Assembly, we debated over espionage, intelligence and universal democracy, whilst also participating in an emergency crisis meeting regarding the situation on the Crimean Peninsula with Ukraine and Russia.

The second UNYA event which we were involved with was the EVATT Trophy Competition, in which students compete as pairs, representing countries on the UN Security Council. The teams compete against each other for dominance on the world stage and to have their country's voice heard by the international community. The competitions provides students with a deeper

understanding of global issues and trains them for the skills they need for active citizenship. This year we had three PAC teams make it to the State Grand Final: William Miller and William Campbell (representing the United Kingdom), Hrishikesh Rajaram and Ibukun Oloruntoba (representing the Republic of Korea), and Andy Nguyen and myself (representing the Russian Federation). Andy and I came second at the Grand Final and will now represent both the College and the State at this year's Grand Final, conveniently held in Adelaide.

Tim Hobbs
Year 11

Director of Sport Summer Honours Colours

Troy McKinnon

Director of Sport

There is absolutely no doubt that the boys at Princes love to engage in the sport and co curricular program. Each and every year, across many sports and pursuits, our boys thrive. In both the summer and winter seasons we have witnessed great engagement, significantly deep commitment and real energy around the opportunities that are afforded to our boys.

There is, however, so much more to it than that. The opportunity to play is core to this. 'Playing' is great for the development of young people as it allows them to explore their emotions in a guided and protected environment. Structured games and sports allow students to balance risk against reward, to experience both victory and defeat, to learn about the benefits of being a part of a team environment and to build character traits that will serve them in the 'real world'.

Put simply, the sports and co-curricular program is driven to support the development of the whole boy and in every sense is 'boy first' in it's design.

In 2014, there have been some terrific intercollegiate results from our teams. Some highlights included an historic first win in **Table Tennis**, an emphatic win in the **Chess**, a character filled win in the **Hockey** (giving us our 8th straight victory in Hockey intercollegiate matches), a remarkable win in the swimming after finishing last in 2013, a nail biting but terrifically brave victory in the **Tennis**, a **crunching win** in the football and a superb 3rd straight win in the **Rowing**.

What was equally pleasing were the efforts of the teams who weren't ultimately victorious. The boys who fought out a very close 1-0 in the soccer, the stoic efforts of the basketball first 5 and the improvement and grit of the **Badminton** teams really gave us hope that good things in store for them.

In 2014 we have seen the passion of our boys rise again. Initiatives including the **RED Army and Bleed Red Productions (multi media film crew)** have allowed more boys a connection with the programs even when not playing. The sight of the RED Army in full voice was noted by players as having critical impact to their performances and is something we would like to develop further in coming seasons.

Finally, whilst the programs themselves are designed with the boy foremost in our minds, the good running and management of the sports and teams is often driven by significant effort from our terrific staff, the parent community, support groups and a very hard working ground staff. Of course, the real benefit of this is that it allows the boys to simply enjoy 'playing'.

UK Cricket Tour

The tour for the boys is an opportunity of lifetime. The cricket is the foundation of the tour and something that cricketers at Prince Alfred College aspire to be part of throughout their tenure.

Playing 12 games in 18 days provides great opportunities to develop both individual and team aspects of the game. It provides challenges on and off the field that are not available to most cricketers.

Travelling as a group of 19 also provides great opportunities to put into practise the skills such as **patience, tolerance, self-reliance** and **selflessness** which are reinforced each day at the College.

Friendships are cemented during the tour whilst sharing cultural, historical and sporting experiences.

The boys attended the musical **"The Lion King"**, visited the Tower of London and St Pauls Cathedral and also experienced 'Lords' first hand.

Opportunities to build international friendships and relationships whilst playing and living with English families are positively reflected upon by all of our tourists. It is the highlight and essential aspect of the tour.

Boys from Felsted School visit regularly to Australia and opportunities to cement relationships. We look forward to their visit in 2015 and hope that teams or boys from the schools we visited travel to Australia and allow us to repay their hospitality in the future.

For Exemplary sportsmanship, selfless contribution and individual excellence to sport at Prince Alfred College

Jared Lundy: Rowing

Jared Lundy has been a member of the 1st VIII for the past two seasons and is only the 16th boy in the history of the Boat Club to win consecutive 1st VIII races at the Head of the River. He is a wonderful athlete and a valued member of the Prince Alfred College Boat Shed. He possesses a good 'feel' for the rhythm of a rowing boat and manages the crew well both on and off the water.

The 1st VIII won the Head of the River for the third consecutive year with Jared coxing the crew in 2013 and 2014. They placed 4th the Australian National Championships in the Under 19 Eight and 7th in the Champion Schoolboy VIII. Jared's attitude and performance at training, both on and off the water has been noteworthy.

In 2012 and 2013 Jared was selected into the South Australian Rowing Team coxing the Queens Cup Crew and the Mens Youth VIII respectively. He has won the RowingSA Most Outstanding Cox award in both 2012 and 2013.

Jared has played an integral part in helping his Boat Shed win the 2014 RowingSA School Boy Premiership.

Joshua Cameron: Swimming

Joshua Cameron has competed for the Prince Alfred College Swim

Team since he was a Year 7. In that time he has been an extremely strong competitor and represented the school with great distinction. Despite often being asked to swim against boys of greater age he has competed strongly and without fail given of his very best. He was third in the Champion of Champions race at the school swimming carnival this year even though just a Year 9. His efforts at the Intercol meet were a major contributor to the teams overall success and ultimate victory.

At the recent South Australian State Championships held at Marion Joshua competed in the 14 Year Age Group and medalled in six events

He is a current member of the Swimming SA State Youth Development Squad and his Breaststroke times satisfy National Age Time standards.

Josh also qualified for the Junior National Championships which were held in Sydney last month. Josh swam in the 200 Breaststroke finishing with a time of 2:46.01. This was a good experience for Josh being able to compete against the best in the country.

Connor Kioussis: Swimming

Connor Kioussis is a talented swimmer whose performances have improved markedly throughout 2014. Connor first swam for the school as a Year 7 in 2013. In that time he often competed against boys significantly older than himself but despite this challenge was an extremely strong competitor for the school. This year as a Year 8 he finished second in the Champion of Champion race to announce himself as the second fastest swimmer in the school.

At the South Australian Secondary Schools "A Grade" Swimming Carnival. Connor was an instrumental to our swim team picking up valuable points by winning two individual races and being a part of the U/15 Freestyle Relay which broke the state record. Due to this competition being a 50m pool we are able to match the results to the school swimming

records and by doing this Connor broke two existing records Yr 8 50m Freestyle in a time of 26.57 and the Yr 8 50m Backstroke in a time of 31.62.

In Early April Connor was part of the swim team which won the Independent schools Swimming Cup and in doing so was a part of bringing the intercol swim cup back to Prince Alfred.

Outside of school Connor is part of the Burnside Swimming Club where he has swam for many years. Connor just recently competed at the Junior National Championships in Sydney against the best swimmers in Australia for his age group. To be able to swim at this competition you have to be able to qualify for certain strokes before the competition.

Kurtis Willson: Tennis

Kurtis was awarded Honours Colours in 2013 for his elite ability in tennis. Since that award Kurtis has gained further personal and team distinction. He was promoted to play number 1 for the Broadview Tigers Mens Premier League team in the 2013/14 summer season and reached a personal best National Ranking at the end of 2013 of 189. This made him the third highest ranked tennis player in South Australia that is a full time secondary school student.

One highlight of his tournament play since being awarded Honours Colours in 2013 came in the 2013 Queens Birthday AMT Gold tournament where he beat current world number 1232 Li Tu in the quarter finals to make the semi final. Another was where he made the doubles final of an International Tennis Federation tournament in July 2013.

Kurtis was appointed Captain of Tennis for the College for the 2013/2014 season and led the Drive Team with distinction. Kurtis distinguished himself by his selfless attitude in coming to training to help advance the ability of his teammates and the team rather than himself personally.

Kurtis was the winner of the Gordon Schwartz Perpetual Trophy as the Open School Tennis Champion for 2014.

Badminton

The 2014 season has seen continued positive growth under the direction of new head coach Lionel Seah and development coach **Kevin Khaw**. **Players from all teams worked hard on developing their skills during training sessions and showed significant improvement as the season progressed. Most improved players for the season were Jason Huynh (Open A), Clinton Xu (Open B), Aaron Hammat (Open C) and Sam Kneebone (Middle School).**

The most dedicated player awards for the season went to **YuXing Zhang (Open A), William Cheng (Open B), Andrew Oakley-Conlon (Open C) and Gian-Luca Stirling (Middle School)**. **Encouragement awards from the Middle School team went to William Zhang and Shine Wang.**

Of particular merit this year was **the Middle School Badminton team. A number of these younger players entered the side having never played Badminton before; their dedication, enthusiasm and support of their teammates was a credit to them and augurs well for PAC Badminton in the coming years.**

Sally Wilson

Sports Coordinator — Badminton

Cricket

The 2014 season has seen a significant change with Mr Peter Williams signing off as First X1 Coach and MIC of Cricket after 18 years in the role. Peter has provided great service to the game of cricket and to the College throughout this time and has shown great commitment and passion.

Peter will leave with cricket continuing to be extremely popular with strong numbers of boys at the College. He has overseen fabulous development of resources and facilities which will maintain strong development opportunities for many enthusiastic cricketers at the College into the future

This year the 6th UK – Penang Cricket Tour was once again a fantastic success. The cricket and cultural experiences provided for the boys has left life long

memories and enthusiasm for it to continue well into the future.

The College continued to develop its Year 8 and 9 exchange with Haileybury College in Term 1 whilst **St. Josephs, Brisbane visited to play against our Year 8 and 9 boys in Term 4.**

Term 4 provided many boys opportunities to experience First X1 cricket for the first time. They have quickly gelled into a competitive team with a T20 Final reached with excellent **contributions from Joel Thiele, Harry Ford, Will Daniel and Hamish Nitschke. In the 2 day competition Ben Price has enjoyed responsibility with the ball with an outstanding 6/24 in his first game.**

A number of Year 10 boys have achieved First X1 caps with Alisdair McFarlane and Cooper Thompson along with talented Year 9 Lucas Froude taking their opportunities and demonstrating to all the cricketers at the school that opportunities are in front of them if they are prepared to work hard to develop their games.

In Year 10 Mr Andrew McGregor has continued to support the development of many enthusiastic and talented cricketers. Craig Smith has continued his role with the Year 9 boys. With ever changing teams the boys have performed well under the circumstances. In **Year 8 Angas Marshall, Max Kirkby have lead the team well. Steven Ottanelli and Digby Hall have both taken 5 wickets in an innings while Emmet Wildmann and Charlie Thompson have been consistent performers with the ball and keeping gloves.**

The Year 6/7 teams have abundant numbers and an overflow of enthusiasm and talent. Scott Madden, Sam Bennets, Liam Greber, Thomas Worthley and Harrison Chandler have represented the School at SAPSASA Level with Liam being selected for the state SAPSASA team. With 7 teams participating in the Schools competition from Year 4 to Year 7, who have been well coached and supported by staff and a number of recent Old Scholars such as Will Swale, Jack Latchford and Nick Mosey to name a few, we can

continue to see Cricket at Prince Alfred College develop and thrive into the future.

Russell Thompson

Sports Coordinator — Cricket

1st X1 Cricket

The exciting Twenty20 format of the game heralded in a new summer of cricket for a 1st X1 squad which was brimming with anticipation and enthusiasm.

A fantastic win over Westminster on our home ground suggested that our best cricket was good enough to compete strongly with any of our opponents. **Lewis Young (3/21) bowled beautifully and batsmen Tom Simpson (43) and Zac Richards (41) dominated the match. In our second T/20 Simpson also excelled with a brilliant half century and our score of 128 was too many for a strong Pembroke side which was dismissed for 64 with spin twins Young (3/17) and Jay Green (2/8) dominating. Needing to win our third match to secure a finals spot we faced a formidable St. Michaels outfit but we performed well to restrict them to 118 with Luke Bartlett (2/17) the best of the bowlers. In reply our batsmen struggled and only captain Will van Dissel (30) and exciting talent Joel Thiele (31) made good contributions. A dead rubber against a powerful Rostrevor side rounded off the tournament and we took the opportunity to expose some new boys to this level. Oliver Collison collected 3/27 when we bowled but Rostrevor made an imposing 179. In reply Cameron Pritchard (26) and Zac Richards (25) gave us a good, aggressive start and Joel Thiele (44) also capitalised but our score of 5/152 was promising but insufficient.**

Term 4 also showcased the longer form of the game but we were soundly defeated by Rostrevor **College in a 45 overs game which again suggested that our batting could, at times, be inconsistent. Zac Richards (40) made the only meaningful contribution in a disappointing tally of 133 which provided little concern for our opponents. Our next challenge was against Sacred Heart College who batted first and made**

223, a score which we felt was within our capabilities. Lewis Young (3/36) was the pick of our bowlers. Unfortunately a sprinkler malfunction occurred overnight and no play was possible on Day 2 much to the disappointment of both sides. A much anticipated two day game against traditional rivals St Peters College followed with Saints making 200 runs. All bowlers did a wonderful job in restricting the opposition. Excellent batting partnerships between **Tom Simpson (18) and Zac Richards (53) and then Richards and Will Andrews (64) proved vital and Sam Alexander (33) also played intelligently to allow us to achieve an excellent win.**

Our topsy-turvy season continued with a fine win over St Michael's College on our front oval.

Restricting them to 95 Bartlett (2/9), Green (2/12) and Daniel (2/24) formed a penetrating attack. After a shaky start our batsmen steadied to record a good win with 6/96 in reply. We rounded off our preparation for the intercollegiate match with two fine wins over **CBC and St. Ignatius. Tom Simpson dominated these matches with 86 and 91 runs and with all bowlers performing well.**

Rowing

The members of the Prince Alfred College Boat Shed performed outstandingly throughout the **2013-14 regatta season.** The season has been a memorable and enjoyable season for the Boat Shed and the last for Director of Rowing, Dr Andrew Randell. Dr Randell joined Prince Alfred College in July of 2009. Since then the Boat Shed has grown to a record number and achieved a record breaking streak

at the Head of the River. Dr Randell has worked hard to foster a sense of pride and comradeship within the shed and has been a fantastic role model for all boys under his care.

This was arguably the best season in the history of the Boat Shed which was led ably by **William Burfield (Captain of Boats), Tim Santin and Tom Vasileff (Vice Captains).** One of many highlights was a third consecutive win by our 1st VIII at the Head of the River Regatta, the first time in history that the School has achieved this honour. At the recent Rowing SA Annual Awards Presentation the **Prince Alfred College Boat Shed** was awarded the 2014 Schoolboy Super-Series Premiership for the sixth year in a row and the 1st VIII was awarded the Champion Schoolboy Crew for 2014.

2014 Head of the River: Prince Alfred College's performances at the **2014 Head of the River (HoR)** were impressive with 13 podium finishes from 16 starts (7 gold, 5 silver and 1 bronze medal). The performance of the 1st VIII was particularly impressive leading from start to finish to record a third straight win in this event for the first time in the history of Prince Alfred College Rowing. The 2nd VIII was competitive all season and finished a fighting second at the HoR. The 1st IV also finished second which was a wonderful way to end a season where they struggled at times to get on the water due to sickness and absentees in the crews above them. The Intermediate crews were very **dominant with our Y10A, B and Cs** winning their events in fine style. Nine Junior crews raced at Head of the River with the Y8/9 C/D/E crews winning their events and the **Y8/9 A&B crews finishing second.**

2014 National Championship: The 1st VIII (**Sidney Heitmann, Alex Cox, Kane Grant, Henry Brennan, Johannes Rentz, Tim Santin, William Burfield, Tom Vasileff and Jared Lundy**) and Year 9/10A Quad (**Alex Duthy, James Chalk, George Jaensch, James Nicholas and Henry Lock**) travelled to the National Championships following the HoR. The 1st VIII contested the U19 VIII and U19 Coxless Four

Championships as a warm up to the Schoolboy VIIIs event finishing a fifth and fourth respectively.

The Club Achievement Awards for 2013-14 Season are listed below:

The Alex Moffatt Trophy for Dedication and Leadership
William Burfield

Seniors

Most committed Senior Clubman (Gardner Cup) **Kane Grant**

James Hammond
Director of Rowing

Boats

In a season filled with triumph and success, through moments of adversity, each member of the First VIII demonstrated a consistent and conscious effort towards improving the quality of the crew. Coming off the consecutive back-to-back titles of the 2012 and 2013 seasons, the crew was placed in a position to be the first in College history to win three consecutive titles. As a

result, the expectation of success was high. This ultimately created a wealth of internal competition within the shed, as the top boys competed for a chance to be a part of a record-breaking dynasty.

Reflecting back to the day of the Head of the River, there was a subtle comfort in knowing all the hard work had positioned the crew as the favourable winner. The conditions on the day were not ideal, with high chop and a harsh crosswind adding an extra thirty seconds to the race. Yet through adversity, the boys were triumphant on the day, taking out the Gosse Shield and the Blackmore Shield and making history for the school.

The 2014 First VIII had a highly successful season, winning silver at the Melbourne Head regatta, gold at the Head of the Port, gold

at the Around the Island regatta, gold at the State Championships, West Lakes and gold at the Head of the River. The crew also went on to have a highly successful Nationals campaign, competing at the Australian National Championships in Penrith, Sydney at the 2000 Olympic course. The crew made the A-final of the Schoolboy Vllls, placing 7th in the country.

William Burfield
Captain of Boats

this title back to back to back; winning it the past two seasons meant we had the opportunity to make history.

The first camp of the season at Scotts Creek proved the crew's strength and fitness had been maintained over the winter break indicated by fast times recorded in the singles and eights. The crew quickly stamped their authority over the other schools at West Lakes, gaining respect from our competitors through remaining undefeated in Term 4. At the end of the term, we travelled to Berri where the seniors undertook a rigorous week-long training load following the regatta on the weekend.

We continued our winning dominance into Term 1 but an early loss to Scotch College forced us to reconsider the talent of our opposition. This loss drove the boys to train harder than ever leading up to the Head of the River, before a taper phase which allowed us to rest us before the big race. The conditions on the big day were extremely difficult but despite the gusty head wind and choppy water, Jared's precision steering allowed us to take the shortest possible route down the course which

helped the boys as they battled hard to keep Saints and Scotch off our stern to come away with the win.

This year's First VIII has had a very successful season and was deservedly crowned Rowing SA's 'Champion Schoolboy Crew', winning in Murray Bridge, Renmark as well as the Round the Island, Head of the Port and many Super Series regattas but what will be remembered above all will be the victory at the Head of the River.

Henry Brennan (Stroke)

Year 10D 4X+ Rowing

With a couple of new rowers joining halfway through the season and less than 2 weeks to practice as a crew before Head of the River, we as a crew had a huge challenge ahead of us.

We practiced enthusiastically while putting in all our effort however due to lacking the experience that the other crews, who had the whole season to train we were unable to win our race. Nevertheless we all enjoyed rowing together even if it was for a short time.

Caleb Barns (Stroke)

Swimming

The 2014 season was an extremely successful one for the PAC swimming team. We were able to hold our improvement of numbers from 2013 by retaining the majority of our existing competitors but for the second successive year had an influx of swimmers in the younger age groups. With a talented group of swimmers filling each age group we were able to win the majority of our Wednesday afternoon min meets. This held us in good stead for meets held later in the year.

The SSSSA A Grade meet was also held at the Marion Aquatic Centre shortly after the Relay Championships. This is an extremely prestigious meet as the best eight schools in the state compete. After the individual Butterfly and Backstroke events PAC was positioned seventh overall however in the Breaststroke and Freestyle races we were far more successful and moved to be just seven points behind second placed Immanuel College who followed Trinity College.

Our last major swimming competition for the year was the ISSA Mini Meet Final held at SPSC.

This doubles as our traditional Intercol event against **St Peters. State representatives Connor Kioussis and Joshua Cameron** won early races. This set the tone for the entire meet and we were never headed on **the scoreboard by Saints. Spencer Ng in the U15 age group** was also a very good competitor on the night as was Daniel Leggatt. In the older age groups and Tom Leggatt, Joel Thiele and Tom Nicholls were also big point winners. The depth of the team came to the fore in the relays. Our performances here not only enabled PAC to defeat our traditional rivals for the Intercol shield but we were able to secure the win as the best overall school at the meet. This was an outstanding culmination to a season that went from strength to strength throughout the year and must be attributed in no small amount to our new coach Mr Hayden Cleveland.

The Mark Sheppard trophy for "Swimmer of the Year" went to Connor Kioussis and the Chris Leung Trophy for "Most Improved and Outstanding Team Person" went to Joshua Cameron.

Peter Bubner

Sports Coordinator — Swimming

Tennis

Tennis at Prince Alfred College in the 2013/14 season was once again a very successful one with a team entered into the Division 2 metro grass competition, and another in the Division 1 Independent Secondary Schools Championships.

Throughout Term 1, the entire PAC drive squad competed in the annual PAC tournament to fight it out for a position in the intercol team. Friday, April 4th then came around very quickly and before we knew it we were getting photographed in front the Headmaster's building, about to embark on our journey over to St Peters. The first round of matches to start the days play were the number 2, 4, 6, 8, and 10 from each team. As the results for numbers 9 and 10 only count if it is a draw, the score after the first round of matches was 2 rubbers a piece. The second round of matches began which were the numbers 1, 3, 5, 7 and 9 from each team. Saints quickly raced to a match lead of 4-3 with their number 3 player leading by a set. However young Jonathan Babich, a Year 9 student playing in his 1st intercol, fought through pain and dug out the win in three nail-biting sets for the PAC team. The score heading into the lunch break was 4 rubbers a piece. Doubles then began, and were all evenly poised at the beginning. However the PAC pairing of Jonathan Babich and Joonky Nah playing in the second double then raced away and got the win in 2 comfortable sets putting PAC in the lead at 5 rubbers to 4. Shortly after, the fourth double competed with the St Peters boys, winning in straight sets also, and levelling up the scores once again at 5 rubbers apiece. The PAC boys in both the first and third double went down a set early but fought to bring the matches to a set a piece, with the rubbers also tied at 5 apiece. The Intercol could not get any closer than this!! The PAC boys in the third double then dug deep and got a crucial win; however the Saints boys led by Yuya Ito in the first double were too strong in the end, scraping out the win for their team. All matches had now finished and still no one was sure

Middle Tennis A&B

1st Row: Jock Piper, Joshua Benn, Cheng-Yu Wu, Callum Martin

2nd Row: Thomas Hales, Mark Jenkin, Thomas Grech

Staff: Chris Nicholls

Absent: Alec Limmer

who was victorious. After a 15 minute count back, it was Prince Alfred College who were winners, with the score being 6 rubbers a piece, 15 sets a piece and 139 games to 129 in favour of PAC. It was an experience that I, Kurtis Willson, Captain Of Tennis at PAC in 2014, will never forget.

Kurtis Willson

Captain of Tennis

Senior Tennis

The Senior players this year had excellent depth so we added a Division 2 Grass team to the roster and nominated 2 A grade teams. This had the benefit of giving more of our players a chance to play A grade and by diluting the strength of the team the boys were getting a more even match. Our strength was such that a lot of the time the boys were still winning.

In the Open A, B and C Intercol matches against Saints, our depth was evident by our boys winning the 2 A grade matches, the Bs and the Cs which gave us a clean sweep over our rivals.

Chris Nicholls

Sports Coordinator — Tennis

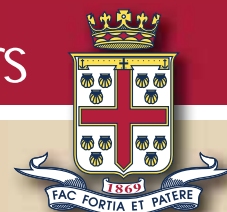

Middle School Tennis

The Middle School provided many tennis players of various abilities in 2014 and it was pleasing to see many grow in confidence as the season went along. The Middle A teams were mainly made up of many promising Years 7 and 8 boys which bodes well for the future. The boys had a reasonable amount of success but struggled against St Peters when a few players were unavailable. The Middle B teams had an up and down season again reflecting the fact that we had deliberately set out to challenge the boys as from past experience the boys tend to get bored winning too easily all the time. The B teams struggled against the stronger schools but developed their skill level over the season. Development of players for the future was our paramount goal and we thank Mr Brett Gilbert especially for his quality work developing the Middle school players.

For Exemplary sportsmanship, selfless contribution and individual excellence to sport at Prince Alfred College

Jack Doney: Athletics

For many years, Jack Doney has been a strong contributor to the Athletics program at Prince Alfred College. During this time he has been a standout competitor in his own year level, taking out multiple events with his most recent success at school level being his emphatic win in last years 'Champion of Champions' race.

Interestingly, whilst on exchange at Da Tong high school, Shanghai, he won a similar event over 100m at their Athletics Day.

Jack is the current 100m and 200m Little Athletics State Champion and also the 100m and 200m Athletics South Australian State Champion for Under 18 Men.

On the back of his remarkable 2013 form, Jack has been selected in the Australian Junior Athletics Championships State Team for 2014 whereby he will compete in the 100m, 200m, as well as the 4x100m relay.

As a genuine show of his talent and potential Jack has been selected in the Athletics South Australia, Under 19 Target Talent Program.

Harrison Wigg: Football

Harrison Wigg has had an outstanding season both as a player and a leader of the Prince Alfred College Football team.

Harrison arrived at Princes in 2012 and had an immediate impact being used in a variety of roles yet primarily as small defender. In his first game, as a Year 10, he was awarded Princes best player in a crunching game against Sacred Heart College. During the year, Harrison was selected in the South Australian under 16 side to compete at the National Championships.

After a successful year at Princes, Harrison was awarded the Best First year player award.

In 2014, Harrison was appointed vice captain of the Firsts. Harrison has demonstrated a tremendous team orientated mentality in as much that when he has had state duties or has been sidelined with injury he has at all times been at training and at games. He has assisted with the team in everything from running water to helping out on the bench.

Harrison spent most of the football season as a member of the South Australian State Under 18 team, playing all 6 games and averaging 20 disposals a game. Given the role of the 'general' of the South Australian defence, much of play coming out of the backlines was directed through him. Clearly coaches were impressed with his kicking ability, decision making and composure. The South Australian team won the National Championship with Harrison being awarded the MVP for an outstanding tournament. To complete his remarkable year he was selected in the All Australian Team for 2014.

Harrison has also volunteered his time this season to support the Auskick program on Sunday mornings, working with young children, helping to develop their football skills.

Kurtis Willson: Hockey

Since starting at Princes in 2012, Kurtis has been an integral part of the First XI. He has displayed silky skills and a very mature approach to his game. Kurtis is a fine young man who upholds very high standards and expects others around him to play a respectful yet relentless brand of hockey.

As captain of the team in 2014, Kurtis has led his team to an eighth straight Intercol win against St Peters and runners up in the State Knockout Hockey Finals. As captain of a very young squad, Kurtis has mentored and encouraged all of the players to develop their game and performance for the team.

Outside of school hockey, in 2010 and again in 2011 as vice-captain, he represented South Australia in the under 15s National Hockey Competition. Kurtis has also been a member of the Forrestville Premier

Director of Sport Winter Honours Colours

League hockey team, taking part in the highest league in the state in 2012, 2013 and 2014.

2014 has been an exceptional year for Kurtis and a reward for his dedication and hard work where he was named co-captain of the 18 and under South Australian team and he was also selected in the South Australian Hotshots development squad which is recognition of his great potential to be an outstanding, elite player in the future.

Dalton Casey: Hockey

Dalton Casey started at Princes in 2012. He had an immediate impact on the hockey field, fitting straight into the First XI.

Dalton has been involved in three winning intercol matches as well as being in the winning State Knockout Cup Team in 2012 and the runner up team in 2013 and 2014. Dalton is an integral part of the First XI, showing amazing stick control and he is able to make even the best defenders look average.

Dalton's hockey commitments out of school have been extensive. He has been playing Premier League Hockey, the highest level in SA since 2011 for North East Hockey Club and has been named in their 'team of the decade'.

Dalton has held an Associate position as the South Australian Institute of Sport in 2008, 2012 and 2013 and 2014 and has played in the National Under 15, Under 16, Under 18 team and is currently in the Under 21 Team although still in Year 12.

This year has been a big year for Dalton where he has he co-captained the SA Under 18 team with Kurtis Willson as well as being in the State Open Mens Squad, 'The Hotshots' and the Australian Futures and Youth Olympics Squads.

Exciting win at Athletics Achilles Cup

On Thursday 25 September 60 athletes (Years 7–12) represented Prince Alfred College at the B Grade Athletics Achilles Cup. Our quest was to win this event and regain our spot in the coveted A Grade competition — and this we did in grand style. Congratulations to this very dedicated team of boys, led by Captain Jack Doney.

It was an exciting day of good competition, and it was very pleasing to see every event filled and nearly all of the boys making themselves available on the day — whether it was for one event or numerous! Many thanks to the staff that attended on the day to help with judging and to support the team — Peter Bubner, Jack Harford, Zac Fitzgerald, Ryan Gunn and Cathryn Harris.

Special thanks must also go to our new athletics coach, Kym Miller, who has been running coaching sessions with the boys over the past few weeks. It is with great pleasure that we welcome Kym to our Athletics Program for the year ahead. Kym is very experienced in all aspects of athletics, and his passion for the sport will be a huge incentive and support for all boys in the Middle and Senior School looking forward.

It was especially pleasing to see our senior boys enjoying a crash course in pole vault and hammer throw before school for the week leading in to the meet. These boys loved the challenge and were very excited to gain first places in a number of these events on the day of competition.

PAC came home with 35 first places in a wide variety of events — and in many other events managed 2nd and 3rd places.

Special mentions to Under 13 Noah Miles, who won first place in Hurdles, Triple and Long Jump, 100m and 400m. Under 16 Charlie Riggs first place in Shotput, Discus and Hammer Throw. Under 14 Seb Quaini first place in Discus, Long Jump and Shotput. Matthew Lovell and Kosta Mavropoulos won first place in Under 16 Pole Vault. Captain Jack Doney also ran beautifully to win first place in Open 100m and 200m.

Thank you to all of the boys who enjoyed the day and competed so well. As coordinator, I really appreciated your support, dedication and enthusiasm. I look forward to competing in the A Grade in 2015 and doing the very best we can.

Sports Coordinator — Athletics

Middle Basketball

The Middle School teams also recorded impressive wins in many games and were competitive against any opposition. There were a large number of new players who joined the Middle School program in 2014 and all made great contributions to their respective teams. Many of the Year 7 players also competed in the SAPSASA basketball tournament at Pasadena High School. The team finished up winning 5 out of 6 games and had a successful day overall. The team's only loss was a 5 point defeat to eventual winners Belair Primary School. The Middle School

players should be commended for their approach this year – they have played with great spirit and represented Prince Alfred College very well in 2014.

Senior Basketball

Basketball at Prince Alfred College has continued to grow in 2014 – once again we have fielded 10 teams across the Middle and Senior School this year and all have had successful seasons. The six Senior School teams fielded a number of new players, all of whom contributed to the positive culture and atmosphere that is continually developing around basketball at PAC. The Open A, Open B and Open C teams had a number of players return after promising 2013 seasons and all three teams achieved winning seasons, recording significantly more wins than losses across Term 2 and Term 3. The Open D teams were competitive against many of the competition's top teams and all teams displayed a strong and enthusiastic approach in every game.

First XVIII Football

At the beginning of preseason I really didn't know what to expect as I knew we had some very good players and to me it was a matter of getting them to play a team first type of football and enjoy the experience. With this in mind I organized a Sunday boot camp through a friend of mine (Andrew Bruce) who has experience in running these. He took the boys for an 8 hour training session which entailed various exercises based around team work and coping when tired. It also gave me an insight as to who could work in a team environment and who had leadership qualities.

From preseason we ventured to Melbourne for our games against Wesley College and Melbourne Grammar, both of which we won handsomely. On the Sunday we had a recovery session at St Kilda beach and were fortunate to meet up with past PAC students Jack Viney and Bernie Vince. We were also lucky enough to catch up with Cam Giles (2013) who talked to the boys about his experiences of

going from a schoolboy to an AFL listed player.

The season proper began with the boys playing some exciting football and improving with each outing both individually and as a team. We went into the July break undefeated. When they came back from the break they didn't quite play with the same intensity and it resulted in a couple of defeats to Sacred Heart with the most notable being the knock out cup final. After that final we had 4 days to get the boys both physically and mentally ready to play St Peters in the Intercol and may I say the boys didn't let us down and played their hearts out to record a great win over St Peters.

In finishing I would like to wish all the finishing Year 12s all the best with their future endeavours and I look forward to the group of boys coming through for next year.

Steve Geyer

First XVIII Coach

Second XVIII Football

Season 2014 was a thoroughly enjoyable one for the Second XVIII. We had a brilliant squad of boys who knew how to play football but really appreciated each other's company as well. Consequently, whenever we were challenged they rallied and got us through some very tight situations. We had significant come-from-behind wins against St Pauls' First XVIII, Rostrevor, SHC, SIC First XVIII and in the Intercollegiate match. So on five occasions the boys had to keep calm, trust each other and think their way through – find a way to win.

The team showed commendable fighting spirit in our two losses too. In both games, against SHC 2nds and CBC Firsts, the boys were coming home strong only to be denied great wins. As we know in sport, it's the closely fought games against quality opposition that we tend to remember, not the massive routs.

So this was certainly a team with real character! However there was enormous talent in the Seconds too. Up forward we had a dynamic Lachy Pye who held down CHF all year, the mercurial Tom Simpson

who always kicked more goals than I recorded and the opportunistic, Will Daniels. Across the midfield we had some stars – Best and Fairest - Hamish Latchford, Jay Green, Ash Giles, Luke Bartlett, Jack Daly and Brad Griffiths. Tom Leggatt, Seb Higham and Harry Aughey played their respective roles in the ruck too. Utilities in Henry Reuther, Jack Geyer, Nick Gregurke and Jed Castree were very consistent throughout the season.

So after a season where we only lowered our colours twice (and finally accounted for SHC Seconds – twice), I must state that it's been a privilege coaching these boys and I wish them all the very best with their future endeavours in football.

Ron Pippett

Second XVIII Coach

3rd XVIII Football

The season was a mixed result for our thirds team with some great wins, narrow defeats and challenging games against football royalty Sacred Heart and Rostrevor. We started the season

with a great win against Scotch College with the highlight being 12 goals kicked by Will Daniel. We then had several tough rounds of football often against 2nd XVIII sides but our group of players continued to improve and work on their game. Throughout the season Oscar Ellery performed brilliantly, with fast running and contested football, winning the best and fairest for his consistent season. Our team captain Nick Oag also had an excellent season leading from the front and guiding others both on the field and during training, finishing runner up best and fairest. The coach's award went to Tim Branford for his desire and passion for the game and willingness to support his team mates. The intercol completed our season with a great 150 point win against St Peters. Our team came to play and showed that when at full strength our run, carry and support is hard to stop. With many contributes on the day it was the game of Riley Blackwell that saw him awarded MVP for the game.

David de Lacy
Coach 3rd XVIII

4th XVIII Football

Prince Alfred 4ths started with a lot of hope for the start of a great season. All year the boys were committed to training, and were very attentive and coachable. Many boys had only just learnt to kick a football and to see how far they have come was an absolute pleasure for me as coach, and the rest of the school. The boys served the Reds with pride and passion all year to make the 2014 football season a success. The coaches' award goes to Withan Wongsprasert for his dedication to training all year and his rapid improvement. The runner up best and fairest goes to Darcy Pittman. The best and fairest award went to Stuart Harris.

Thank you boys for this great year of football and I hope I can be a part of many more.

Arata Gwinett

4th XVII Coach

season started strongly with wins **against Cardijn, Immanuel, St Michaels and Trinity** building great belief and confidence in the team. This momentum paved the way for gritty victories over St Peter's (by a solitary goal) and Rostrevor at home. This early success was built on winning the contested ball particularly through the strength of **Rupert Benson (captain) and Mitch Crowden, a resilient defence** led by Cooper Thompson and **Bryce Chapman and great running from Jack Wilkins, Ben Jefferies and Albert Rasheed**. Despite this great start to the year the team struggled against might of Sacred Heart losing heavily twice before winning the final three games of the season including a strong win the traditional Intercol game. Charlie Scaife was awarded the medal for best on ground in this fixture. **Jack Wilkins was the Best & Fairest player for 2014, while Rupert Benson and Mitch Crowden were joint runner up.** Bryce Chapman received the Coaches Award.

Martin McKinnon
10A Coach

Year 10B Football

The 10B's this year surprised and impressed a lot of teams and coaches, us included! What started as a slightly lackluster season with only 14 players in Week 1, the boys managed to turn it around with unmatched dedication to the team and each other. Despite the lack of numbers, the attack on the footy that every player provided week in, week out was the best in the competition, and as our numbers grew the players' willingness to run and work hard only increased. Notable wins in the season came against Rostrevor, Saints and CBC and yet equally impressive were the strong performances against Sacred Heart and a strong Pembroke side. Although we lost some talented players to both injury and promotion to the A's late in the season, the boys proved that the team's strength was not in individual efforts but their ability and talent as a core group, which set them up for a fantastic Intercol win from behind, to make it three from three wins against Saints for the year.

Nick Braund and Will Swale
10B Coaches

Year 9A Football

We started the year off in fantastic fashion with a come from behind victory over Immanuel College. However, due to boys coming and going from Wambana Camp, unfortunately over the next 3 weeks, we were often unable to fill a team. This resulted in us having solid first and third quarters, and weaker second and fourth quarters (due to players not being able to have a rest). When we had a full squad to choose from we were competitive for the most part with really good wins over Pembroke School and St Ignatius. Midway through the season we came up against our next door rivals in St Peters. We went down by 1 goal but was a great tough grind by the boys and I believe was our best game for the year.

Some stand outs in defence for us were Jack Bennetts, who often stood their main forward, Jack Mills, whose foot skills were crucial exiting the back 50, and our Best and Fairest winner, Mackenzie Slee, who would have averaged 17 marks a game!

Led by Paris Duffield, Mark Jenkin and Oscar Bernardi, I believe the midfield were very solid all year. Their attack on the ball carrier and their tackling is something that everyone should be very proud of. Not to mention Hamish Porter who rucked for probably 75% of the season, often giving us first use around the ground.

George Thring
9A Coach

Year 8A Football

In my first coaching experience I didn't I think I would be lucky enough to be put in charge of such a great group of boys. I have really enjoyed watching these boys grow and gel together as a team. Through the way they work for each other, share the ball amongst one and another they have been able to display some of the best junior football I have ever seen. I would also like to thank all the parents for all the work they have done throughout the year, from getting their kids to the games and trainings, providing the boys with oranges and game day duties. The respect I have for these boys is enormous and I wish them all

the best for the future and look forward to following their footy closely in seasons to come.

Luke O'Connor
8A Coach

Year 8B Football

It's fair to say the 8Bs season was quite successful with a key focus on improvement. It was great to see some of the mediocre players at the beginning of the year, stepping up and being key players towards the end. Throughout the last game it seemed every single player was a lot better than what they were round 1.

The season got off to an extremely good start, winning their first 3 games against CBC, Pembroke and St Michael's College. However, a turning point in the season occurred round 4 when the team suffered a narrow defeat to Scotch. From there the team lost their next 4 games with close games against Sacred Heart (where we had 14 players) and Adelaide High. Things soon got better in thrashing Trinity, and beating Pembroke again in a thrilling, hard fought victory.

Unfortunately Intercol day didn't go so well for the boys, losing by just 7 points, however, in the words of Cathryn Harris "the boys played like winners". Congratulations to Noah Miles who picked up the well-deserved best and fairest award and Intercol medallion, and Jasper Darley (team captain) in a close second place for the B and F. Additionally, the team would like to thank Cathryn Harris (team manager and team mother) for all her hard work and dedication throughout the season. All the success the team had would not have been possible without her, so thank you.

Edward Thomas and Charlie Hall
8B Coaches

Year 6/7A Football

The 6/7 A football team had a good season and really came together as a team later in the season led by Mr McGuire. The team was slightly inconsistent in the middle part although coming later in the season we really hit our straps against Trinity College and Saints in the Intercol. Being the strongest teams we played, the team rose to the challenge. The

 2nd Row: Harrison Cal, Alex Karalis, Adil Lathif, Timothy Hobbs, Lucas DeGaris, Harrison Lindner, Andrew Thomson, Justin Tsang
 Coach: John Ross Savvas (absent)
 Absent: Harrison Lee, Anthony Rositano, Richard Larkin

Intercol was a great performance by the boys only losing by a goal after the siren. This was a great **effort representing a five-goal turnaround** from beginning the season. Throughout the season 30 boys played in the A's showing a great depth through the side with a lot of Year 6's playing in the A's and performing well.

Chris McGuire
6/7 Coach

Year 6/7B Football

The 6/7B grade team had a bit of a rollercoaster 2014 season with an even spread of great wins and close losses. With a fixture featuring two Intercol vs Saint Peters and four matches against varying Sacred Heart teams, we were always going to be tested and for the most part the boys all rose to the challenge and showed a lot of courage and skill in these games. Season highlights include Luca Corradini's **bone shattering (but legal) bump against St Pauls, our strong win against SHC** despite the fact that most boys were too busy worrying about the Socceroos score and our big 100 point win against St Michael's.

Our team was led from the front by football captain James Macdonald who took home the best and fairest award for his consistent performances in front of joint runners up Pat Singleton and Sam Nykiel. The coach's award was won by Lachy Cant.

Max and Meg Burford
6/7 Coaches

Hockey

2014 saw Hockey at Princes go **from strength to strength again**, with strong performances by both the First XI and the Middle School teams despite less numbers playing this year. Although this was the **case, those who pulled on the shirt** played with passion and intensity throughout the season.

Middle School Hockey

The Middle School Team was coached for the first time by Old Scholar, **Simon Brown**. Under his guidance and the support of Mark Dell'Oro who took on a new role as the Hockey Development Coach,

the team were able to develop their individual skills and the overall game plan very quickly and with great success. The number of players available each week to play in the team was excellent and they recorded some great results against rival schools including a strong win in their Intercol match. **Zac Schwalm was awarded the Best and Fairest for 2014** and Mitchell Moore received the Coaches Award.

Senior School Hockey

Our First XI, coached for the second year by old scholar Michael Staak with assistance from James Keeves, played against their rivals **St Peters, Concordia, Pembroke and Trinity College** on a number of occasions throughout the year, with strong performances against all of them. With the leadership of **captain Kurtis Willson the team was able to gel together well**, despite the large differences in ability and skills. The team were able to pull off an inspirational win in the Intercol recording a **3-2 win late in the game, leaving all who were watching relieved**. To top off **another strong season, the First XI took part in the State Knockout Hockey Finals** losing a nail biter in the final in extra time.

In 2014 Kurtis Willson was awarded the **PAOCHC Best and Fairest Award as well as the Intercol Best Player Award**. William Van Dissel was awarded the Coaches Award because of his dedication and leadership at both trainings and games. 2014 saw us farewell Year 12's **Kurtis Willson, Dalton Casey, William Van Dissel, Patrick Gabb and Albert Robbins, all dedicated and passionate players**.

We look forward to growing numbers and further success in 2015.

Rugby

The 1st XV Rugby team welcomed the introduction of two new coaches, **Peet Arnold and Jono Van Dissel**. Peet is a former professional Rugby player and has been successfully coaching adult teams for a number of seasons. Jono is a PAC old scholar and a former Captain of Rugby. Peet's disciplined approach to coaching soon benefitted the team as they

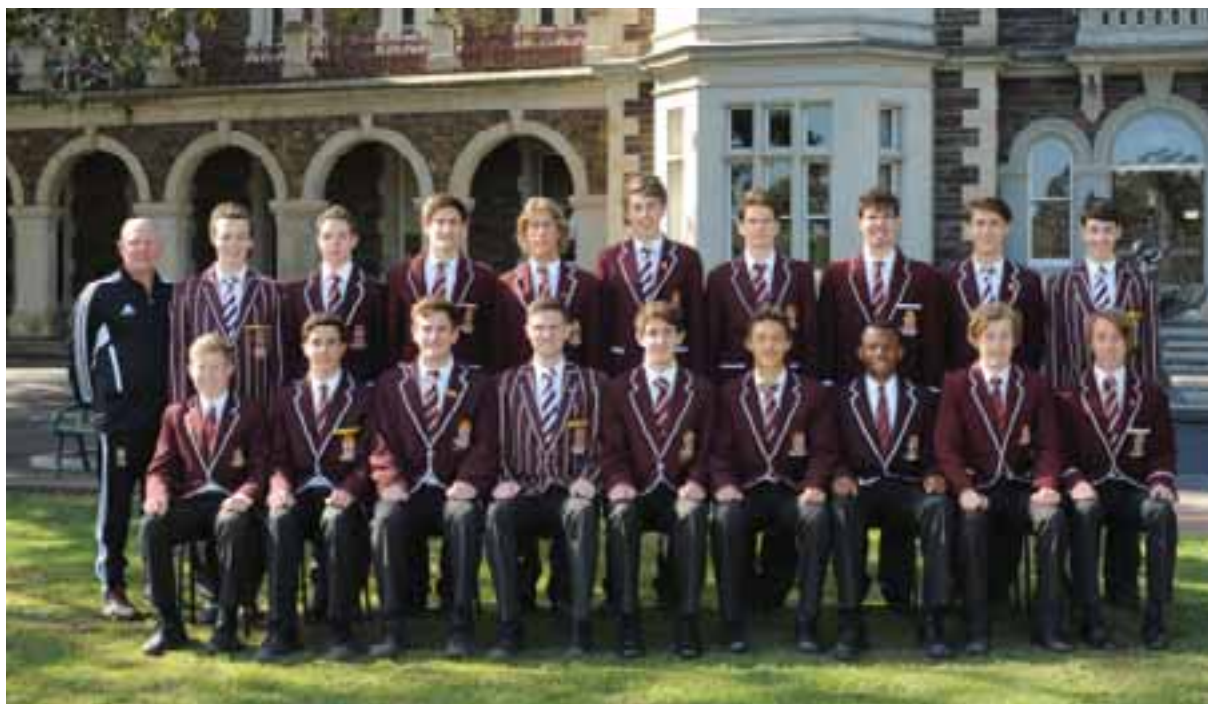

notched up a number of wins in the SASRU competition. They beat both Pembroke and Rostrevor and came second in the table to set up a Grand Final with SPSC. This provided the team with **one last match before the Inter-Collegiate game** and they used it as an opportunity to size up their opponents. At the break, **PAC lead Saints by two tries, although** unfortunately could not defend against the Saints backline and eventually lost by a try in the dying minutes of the game. In Term 3 the SASRU competition changed to a Seven's format which the PAC teams did very well in, **beating both SPSC and Pembroke**. The 27th Rugby Inter-Collegiate game was held in glorious sunshine on Saint Peter's Main Oval on Wednesday 20th of August. The first quarter saw waves of PAC attacks into the SPSC 22 with PAC winning a number of penalties that they unfortunately failed to turn into points. Indiscipline by both sides **saw two players sent to the sin bin**, reducing both sides to 14 players. SPSC scored 2 quick tries towards the end of the first half. In the second half the PAC boys scored an exciting intercept try against the run of play. The final score was **SPSC 29 to PAC 7**. Well done to all of the players and coaches and thank you once again to the parents for an enjoyable season.

Firsts Soccer

Despite losing key individuals from the year before, the **First XI Soccer team** again performed admirably with some outstanding individual performances, the highlight being **Anthony DePalma winning the Golden Boot with 13 goals** and many young boys rising to the **challenge and becoming high-impact First XI players**.

Playing in the competitive Wednesday twilight league the First XI and against much more experienced and mature bodied opponents, the team was able to demonstrate the Princes spirit and continuously challenge teams. With a mixture of experience and **raw youth, the team was able to** showcase their skills and dominate games for long periods of time.

The 37th Soccer Intercollegiate

Soccer First XI

1st Row: Jeremy Green, William Macdonald, Angus Smart, Tyson Bateman (v/c), Jordon Hayhurst (c), Orlando Norman, Flyinfolu Komolafe, Paris Duffield, Robert Smith

2nd Row: Jack Doney, Ray Brown, Anthony De Palma, Samuel Taylor, Hugo Barry, Finley Hayhurst, Charles Marshall, Jordan Lesicar, John Dongas

Coach: Jason Hayhurst

Absent: William Katsambis (Assistant Coach), Elena Zema (Team Manager)

between Prince Alfred College and St Peter's was a thrilling affair mirroring last year's close encounter. From the opening **whistle, the tension was evident** with both teams' defences clearly on top and forwards having very little space.

Ten minutes into the first half Saints opened the scoring when a lapse in concentration by the Princes defence allowed the Saints forward to casually slot the ball past our hapless goalkeeper Tyson Bateman.

As the first half progressed, the Princes midfield began to exert their domination. They were **quick on the break, comfortable** on the ball and the defence was continuously closing down any forays by the Saints forwards with ease. An equaliser appeared imminent but the Saint's defence continued to remain resolute and defend admirably.

After the break, Princes again picked up the tempo. The best opportunity to level the scores came midway through the second **half, when Orlando Norman's low** shot was deflected millimetres

around the upright by the outstretched hand of the desperate Saints goalkeeper. Despite Princes' best efforts Saints managed to hang on to their narrow margin and retain the Simpson trophy for 2014.

Many thanks to Jason Hayhurst and his assistant William **Katsambis for his commitment,** tutelage and his encouragement to **play "total football" at all times.**

Individually, Sam Taylor was judged by his peers as the winner of the **Player's award, Jordon Hayhurst** was the most consistent player of this year's Intercol and William Macdonald won the coaches award.

Second XI Soccer

Playing in the A2 division, the team had a successful season with strong wins against many schools fielding their First XI teams. Under the guidance of coach William **Katsambis, their rugged, hard-** **pressing, quick-countering style** caught many of their opponents unawares and the mixture of youth and experience was instrumental in the team's success. The highlight of the season was the convincing win

against St Peter's College in this year's intercol.

Third XI Soccer

The Third XI team had mixed success and put forward some **strong performances, the highlight** being the victory against St Peter's College in this year's intercol. The team coached by Duncan Soang and assisted by Zac Jackman showed improvement and by season end had become **a tight cohesive, attractive unit** playing one touch football. Daniel Subramaniam was awarded best player of the season.

Fourth XI Soccer

Despite playing more experienced teams the boys who represented the Fourth XI are to be congratulated on their efforts. **The highlight was the 5 -4 win** against St Peter's College. This game highlighted the boy's passion and desire to overcome adversity in true Princes style. Lachlan Delbridge was awarded best player for the season for his consistency between the goals.

Middle School Table Tennis

1st Row: Samuel Kneebone, Sparsh Tiwari, Peter Skothos, Luciano Mercorella, Rino Mercorella

2nd Row: Gian-Luca Stirling, Rami Andary, Angus Cowling, Lizi (Alex) Yue, Fergus Teh

Coach: Phil McLaughlin and Beau Muzik

Absent: Mingrang Li, Thomas Geyer

Open Table Tennis

1st Row: Xin Rong, Zun Liu, Tom Williamson, Fergus Willsmore, Cale Amos, Shing Fung Lai

2nd Row: James George, Joshua Sarah-Katnich, William Miller, James Whisson, Qinzhen Guo

Coaches: Megan McLaughlin and Phil McLaughlin

8A Soccer

Withy first year coaches Andrew Fortunatow and Lachy Duffy in charge, the 8A team's talent was constantly on show. They moved the ball with comfort and were able to quickly turn defence into attack on a consistent basis. The precision of their passing was a highlight throughout the season and although they were beaten 3-0 in their intercol match against St. Peter's College their passion and efforts were unquestionable. Fraser Beveridge was awarded best player for his consistent season.

7A Soccer

The 7A season was one of high success. Coached by David Martin, a gifted group of players and a potent attack, the team dominated most of their matches and registered some big wins during the season. Although they dominated the intercol against St. Peter's College, for long periods they were unable to get a result and the game ended with the scores locked at 2-2. Sam Dalgarno was the winner of the best player award.

Thanks to all coaches, parents and players for their efforts and support throughout the season.

Joe Russo

Sports Coordinator — Soccer

Middle School Table Tennis

During the Table Tennis season, we played successfully, not only just as a team but also as individuals when challenged by opponents who were often older and more experienced. A good example of this was Rami Andary and Sam Kneebone who were Year 7 members of the team; they showed determination throughout the season to gain a good win or play a great rally on many occasions.

Players who joined the team part way through the season were Tom Geyer and Angus Cowling. They had to quickly learn and play against tougher, seasoned opponents.

Angus quickly learnt the basics of table tennis and used them to his advantage and rose through the ranks to become a very important member of our team.

Players such as Sparsh Tiwari, Peter Skothos and Mingrang Li were some of our best players on the team and would always challenge each other to see who should take the lead role as our number one player.

Table Tennis was not just about playing the games but also having fun and making every member on the team laugh. Gian-Luca Stirling was our 'always happy and positive' member. He always tried to do his best and was a motivator for the team.

Fergus Teh
Year 9

Open A/B Table Tennis

The team enjoyed our most successful season in the history of the sport at Prince Alfred College. After a dedicated and intense off season where the team trained together twice a week, all the players showed improvement. We had commanding 20-0 wins over Blackfriars twice, Mercedes, Adelaide high and 19-1 wins over St. Ignatius. Our only loss for the season was to Pembroke 1 team. Zun Lui was an outstanding acquisition to the team winning all but one singles, combining well with Tom Williamson as strong A1 and A2 players. Captain, Fergus Willsmore was a dominant A3 player who combined well in doubles with William Miller and James Whissen at different times in the season, able to beat many of the top doubles teams from rival schools.

One of the advantages of the team was the amount of depth we had to choose from with six players able to fill the final 3 positions. Xin Rong, Cale Amos and 'team mascot' Josh Sarah-Katnich were solid contributors at the tail end of the team, but were made to work to keep their positions by pressure from Alex Yue and the late inclusion of George Guo to the group. A big thank you must go out to Coach, John Potter and our Manager Mrs. McLaughlin for their work throughout the season.

Fergus Willsmore (Captain) and Tom Williamson (Vice Captain)

Coaches: Will Gray, Adam Colman

Squash

The school entered seven teams in the North East School Squash competition this year with one Division One team, two Division Two teams, one Year 9 team and three Year 7/8 teams. With a number of new boys playing and ongoing and intensive trainings of continuing players by Will Gray, the number of boys who played squash this year increased and so did the quality of player.

The Year 7/8 teams started the season off very strong with all teams in the top four throughout the majority of the season. For the finals PAC 1 and PAC 2 made it through to the Semi's where they both narrowly lost, unfortunately both teams were unable to field full strength squads and this put them at a disadvantage.

The boys who played in the Year 9 competition were made up of one Year 9 boy and four Year 8 boys who were promoted up a division from last season. These boys played very good squash all season and easily won their Grand Final.

The two Division Two teams played in a mixed Division One/Two completion and this exposed these boys to more intensive matches at times. The boys in this competition played very well individually and also as part of a team, representing the school with pride and passion. One team made it through to the Grand Final and were narrowly defeated on points.

The Division One team was an enthusiastic and hard working group of boys this season who trained hard to achieve good results. There was much competition within the group and numerous player position changes as boys challenged for positions. This group went on to win the Division One Grand Final and score another squash victory for the school.

With the use of the Red Centre courts and growing interest in squash this year, next year's completion looks very promising for the Princes. Well done to all players this year for your commitment and passion for the sport.

Water Polo

From humble begins a decade ago the Prince Alfred Water Polo program has emerged as one of the fastest growing sports in the school. The college now fields 6 teams across middle and senior school divisions during Term 1 with the season culminating in the Water Polo Intercol at Saint Peters. The much anticipated completion of the Arrowcrest Aquatic Centre last year has enabled our teams to train in first class facilities and has prepared us for a competitive and successful season. We have also welcomed Olympic Water Polo Manager from London 2012, Mr Jon Harmer and club, state and national coach Mr Shaun Baker to our team. Jon is our performance development coach in the Middle School and Shaun is our performance development coach in the Senior School and coaches our Intercol team. The Intercol match this year was our best team performance to date and although we were humbled in the water by a formidable Saints team, the foundations for a very competitive 2015 were clearly visible.

Student leadership is an integral part of team sports and under the example of Captain Seb Higham and Co Vice Captains Sam Jackson and Harrison Crawford we

have developed a culture of participation, dedication and success. Seb and Harrison both play club water polo and have made state teams for their respective age groups. Sam has also achieved these club and state selections but has recently also received a SASI scholarship and is training with the State Men's team whom compete around Australia in their premier league. A number of other students have shown enormous development and we are enjoying competitive success across all year levels.

The interest and enthusiasm of the Year 7 and 8 players has been wonderful. Most boys are new to the sport and they have been eager to learn new skills and to enjoy the competitive and physical matches played each Friday afterschool.

I would like to thank the managing staff, coaches and parents whom have all assisted in the smooth and successful running of the 2014 season. We eagerly await the summer of 2015 where all grades will be ready to showcase that fighting "Reds spirit" on and in the water.

Biggest Morning Tea

Lara Wirth, Amanda English-Obst, LeeAnn Ferguson-Babyszka, Vanessa Harding, Samantha Grandioso and Helen White at Biggest Morning Tea

start of the year, the Family Fun Night, Easter Egg Raffle, Swimming Carnival and Sports Days Cake Stalls and Sausage Sizzles, and the Biggest Morning Tea are all co-ordinated by the Friends of PAC and we are pleased that these activities have been enjoyed by so many families and friends throughout the year. On behalf of the committee I would like to thank the entire school community for their ongoing support of the new Friends of PAC.

I would also like to pay thanks to the Friends of PAC committee and parent helpers for their dedication and fabulous efforts in coordinating our calendar of activities this year.

Rachel Walsh
President

2014 has seen significant changes for the school's Parents & Friends associations, with the recently formed single parent group across the school community called the Friends of PAC. This new committee continues to support the school community through enhancing the relationships of families within the school community, while also raising funds to help develop the facilities and resources provided to the boys.

We are proud to have been able

to provide the funds this year to purchase a new sound system and television equipment for the Preparatory School and four marquees to be used at sporting and outdoor events across the school. We are also honoured to again provide the graduation gifts presented to all Year 6 boys graduating the Preparatory School and Year 9 boys graduating the Middle School.

Foundation Report

This year saw the 40th anniversary of the establishment of the Prince Alfred College Foundation by a far sighted group of individuals under the chairmanship of W. Geoff Gerard CMG. The Foundation was the first of its type in a school in South Australia and thus the first to celebrate the milestone of **forty years of philanthropic support**, and the Foundation is very proud of what it has achieved for the **College since 1974**.

It is indeed worth noting that in the ten years since the Foundation celebrated its 30th anniversary it **has contributed nearly \$7,000,000** to development projects at the College and in the past five years established the highly successful Foundation Scholarship Fund. The generosity of the Prince Alfred College community has made all of this possible and continues the tradition of philanthropy which commenced with the College's establishment.

The highlight of the Foundation's 40th anniversary celebrations **was the staging of the Ruby Ball** in the stunning and brand new William Magarey Room at Adelaide Oval. **With a Broadway theme** the backdrop of the lights of the city of Adelaide complemented the visual effects of **Broadway and New York**, brass band music by Brass FX and

Thank you Ruby Ball staff volunteers: Molly Dyer, Jayne and Shaun Porter, Carmen Hung, Julie Green, Pam Oliver and Anna Thomson

Dr John Bunday (Captain of the School, 1941) is welcomed by Will van Dissel, Mr Bradley Fenner and Benjamin Siebels

the brackets of songs from famous musicals performed by Lynette Harris, James Scott, Tasso Bouyessis and Annamaria Beni. **The success of the Ruby Ball would not have been possible with the vision, drive and commitment to detail of Jayne Porter. Thank you Jayne!**

For the first time a Wine Wall was conducted and the generosity of **PAC winemakers, current parents** and our community made this highly successful. The Foundation thanks all donors to the Wall of

Wine, and to italktravel Glynde (formerly Jetset Glynde) and Copyworld for their generous sponsorship of the New York Lottery run in conjunction with the **Ruby Ball**.

The Foundation Library Fund **has provided \$50,000 for a radio frequency identification system** for streamlining the borrowing and returning of all library resources and has also supported new furniture in the Preparatory School Library.

Foundation Report

Foundation President Dr Janet Young cuts a ribbon at the commissioning of new equipment in the Preparatory School Library

Foundation Executive Officer David Cornish (second left) was coerced by students to join with colleagues Beau Muzik, Darren Roylett and Chris Pittman in being dunked on the Back Oval for Cancer research

The Foundation Scholarship Fund is currently supporting eight students in the College and once again donors joined with the Headmaster and Foundation President to enjoy the company of scholarship recipients at morning tea. The Foundation welcomes the opportunity to discuss how scholarships can be supported and the difference they are making to **lives, as they have done since first offered at the end of 1869.**

In conjunction with the Australian Sports Foundation the Foundation offers the Rowing Equipment Fund

which helps resource the College's Rowing program. Recent donations to the fund have helped with the development of rowing facilities in the RED Centre.

Once again the Grandies Club has made the most of opportunities to participate in the life of the College. For the first time a day coach trip to Wambana at Point Turton was undertaken and what a memorable day it was. After **lung-fulls of good sea air, a site inspection, and a long lunch of wood oven pizza and cakes and biscuits baked by the boys not one**

Richard Thorne's long commitment to Chess, the Scholarship bearing his name, and his 80th birthday was celebrated with Chess boys at a surprise party

Grandie saw the entire trip home!

Mrs Caroline Walker in her vote of thanks to the boys and staff expressed the good wishes of the group for the hospitality extended to them.

Grandies at the Annual Morning Tea were treated to a panel discussion entitled **Keeping Princes Strong**, at which they learned from senior staff about the seeking and securing of new students, the importance of boarding for local and international families, and strategies employed by the College to keep us at the forefront of a competitive market place. Guests on the panel were Mr Matt Rawes (Manager, Student Admissions), Mr Darren Roylett (Head of Boarding) and Mr Craig Burton (Manager, Communication and Marketing). The Grandies Club Christmas lunch in the Piper Pavilion was extra special this year as it enabled the Grandies to welcome the College's **11th Headmaster, Mr Bradley Fenner.**

The Foundation looks forward to supporting the College Council in its plans for Prince Alfred College in the lead up to our 150th anniversary in 2019.

President's Annual Report

John Jovicevic

1988–2000

Serving as our Association's President for the last two years has been a privilege and a role which I have thoroughly enjoyed. We are very fortunate to have so many dedicated and passionate members who continue to support our events and remain highly engaged.

I would like to thank Thomas Huxtable and Sam Richardson for their efforts in serving as Vice Presidents and the other members of the Executive Committee and thank them for their support and efforts this year.

I would like to take this opportunity to thank the Management Committee for their hard work and support over the last two years and I am proud of the achievements we have collectively been able to accomplish. A number of internal governance and procedural changes have been implemented over the last two years with the aim of further enhancing the efficiency of our operations as well as enhancing our governance practices.

Examples of some of the initiatives implemented by the Management Committee have been:

- **establishment of the Finance & Audit Sub-Committee**
- **with the assistance of the College's Archivist, the scanning of all College Chronicles** which are now available to read and download on the PAOCA website
- **establishment and running of a regular joint meeting held with members of the Management Committee and representatives of all PAOCA Sporting Clubs**

- **the development of a PAOCA Three Year Strategic Plan (2015–2017)**
- **adoption of an Investment Policy for the Association**
- **adoption of a Code of Conduct Policy for the Association**
- **investment in the development of an email database to ensure that our members are able to receive regular electronic communications via email and SMS**

The initiatives noted above would not have been possible without the tireless support of the Management Committee **and in particular, the members of the Executive Committee** who have all donated their time in delivering these outcomes.

A special mention must be said of one Old Red who undertakes an enormous effort in supporting our Association in **the UK. Nicholas Pontt does a tremendous amount of work and is extremely passionate about being the London Convenor and has excelled at banding together Old Reds living in the UK and Europe.** It is a testament to the strength of our Association that we now have up to five events a year being held in London which include the Annual Dinner and Intercol Cricket match against Saint Peters. I strongly urge **any Old Red, should they be in London, to touch base with Nick** to attend one of our events.

As you will observe throughout **this year's Chronicle, the Association has had a very busy year and held outstanding events. The Annual Dinner this year was attended by over 540 members, Old Old Boys Assembly saw over 200 Old Old Boys in attendance and the 15th Annual Vintage Reds Luncheon over 320 members.**

Looking to next year, we are very fortunate to have Thomas Huxtable leading the Association as President and we are fortunate to have the depth of talent within our ranks to be able to ensure we continue to offer the best possible services and experiences to our Members and wider College community. I wish Tom all the best in his role as President and I believe our Association will be in very good hands under his leadership.

I would like to extend my thanks and appreciation to our Executive Officer, **Mrs Mary-Ann Standish** for the hard work and support she has provided me over the last two years. **Mary-Ann works tirelessly behind the scenes with the high quality standard of our events reflecting the hard work and dedication she gives in her role.**

In concluding, I would like to thank all of the Members, volunteers, sponsors and the College for their continued support of the Association and for ensuring we still remain the envy of most other colleges.

Our President 2015

Thomas Huxtable

1996–2003

Dear Old Red,

I am honoured to serve as President of the Prince Alfred Old Collegians' Association in 2015. I will have some big shoes to fill after John Jovicevic's outstanding leadership and contributions over the past two years and I look forward to his support going forward in his role as Immediate Past President.

I have been a member of the PAOCA Management Committee since 2011, and 2014 was a fantastic year for our Association and a great time to be involved. We thank our Members for their continued support throughout the year and we look forward to continuing our success into 2015 and beyond.

We welcome Mr Bradley Fenner as the 11th Headmaster of Prince Alfred College. Having already spent some time with Mr Fenner, I am excited about the future of the College and I encourage all Members to introduce themselves to Mr Fenner who will be in attendance at our events next year.

I would like to congratulate Tom Lambert, who will be joining the Executive Committee in 2015, as one of our Vice-Presidents, along with Sam Richardson. With Tom joining the Executive Committee, Graham Burfield will step down from the Executive Committee but importantly, Graham will remain on our Management Committee for 2015.

The PAOCA Committee with Kevin Tutt at his farewell dinner

Back: Rob Hall, Graham Burfield, Peter Crouch, Nick Blanch, Rex Wilson, Michael Garry, Tom Lambert, Mary-Ann Standish, Sam Richardson and Fred Hamood

Front: Craig Moffat, John Jovicevic (President), Kevin Tutt (Patron and Headmaster), Simon Miller and Andrew Clarkson

Graham was our President in 2012 and has worked tirelessly over a number of years and we thank him for his service and professionalism.

The PAOCA Management Committee will continue to promote communication and collaboration between the Association's various sporting clubs. We are also excited to focus on building on our events by hosting a business lunch which will enable new Old Reds to connect with experienced professionals.

The Management Committee is passionate about maintaining our robust governance, and continuing to keep our Members fully informed.

Thank you for the opportunity to serve as President for 2015, and I look forward to meeting as many of our members as possible at the number of our PAOCA events next year.

Farewell Dinner to the Headmaster

The PAOCA Management Committee hosted a farewell dinner for the departure of the Association's Patron and the Headmaster, Mr Kevin Tutt at The Adelaide Club on Wednesday, 12 March 2014. The dinner was held to acknowledge and thank Mr Tutt personally for the support he has provided the Prince Alfred Old Collegians' Association during his tenure.

Mr Tutt has been a strong supporter and advocate of our Association's activities and attended our regional, interstate and overseas events to promote the College and the Old Scholars community. In recognising the significant contribution and support Mr Tutt has shown to our events and Members, the Management Committee had the pleasure of awarding him Honorary Life Membership which was formally presented at this year's Annual Dinner on Friday 25 July.

The Management Committee wishes Mr Tutt every success for his future endeavours and looks forward to welcoming him back to our events as an Honorary Life Member of the Association.

New Old Boys' Drinks

Over 30 "New Old Reds" from the 2013 cohort attended their first official Old Reds function on Wednesday 26 February at The Seven Stars, Angas Street (a pub owned by Old Red Tom Ricketts).

President John Jovicevic welcomed the New Old Reds, and the PAOC Sporting Club representatives were on hand to sign up some of the Old Reds for the forthcoming seasons.

Prince Alfred Collegians' Lodge No. 51

Prince Alfred Collegians' Lodge No. 51 was formed in 1907 by Old Boys of PAC who were Freemasons. It was the first School Lodge in Australia. The Lodge meets on the first Tuesday of the month (except

Bro Alan Branford (Adjudicator), Ethan Hayes (Short Talk Winner) and Rev Don Catford (WM)

January and August) at 1 Fisher Street, Tusmore, South Australia. More information is available from our website at www.pac-lodge.org Freemasons seek to live by the principles of Integrity, Goodwill and Charity.

Membership of the Lodge is open to PAC Old Scholars, past and present teaching staff, a father grandfather or step father of present or past scholars, an employee of the school (judged by the Executive to be eligible) and direct blood relatives to a current or past old scholar member of the Lodge.

During the year 2013-14 two old boys became Master Masons, namely Bro Joseph Moore and Bro Llewellyn Wood. Sadly, three of our brethren have died; W Bro Alex Gray, VW Bro Herman Brett and Max Raggatt.

One of the highlights of the year was on 1st July when PAC Lodge hosted Freemasons from St Peters' College. The Officers' Chairs were filled for the exemplification of the first degree by Freemasons who had attended St Peters and RW Bro Arnie Narayan took the Master's

Chair. Much chiaccking took place at the Festive Board!

The annual Middle School Short Talk Competition sponsored by the Lodge was held on Thursday, 28th August 2014. The senior adjudicator, Bro Alan Branford (our next Worshipful Master), commented on the very high standard of the presentations. Eight boys competed, each delivering a Prepared Speech and an Impromptu Speech. The winner of the 2014 Medal was Ethan Hayes, second Fabio Frisan and third Preshaan Thavarajah.

Each year at the end of Old Scholars' Week a Lodge Meeting is held at the School at which members of Freemasonry who are generally members of country Lodges fill the Officers' Chairs. This year on Saturday 26th July the Master's Chair was ably filled by W Bro Frank Kitto. At the festive board preceding the meeting, the PAC Worshipful Master W Bro Rev Don Catford, presented the 2014 PAC Lodge Annual Scholarship to Matthew Burgess.

Closed Golf Day

The Prince Alfred Old Collegians' Closed Golf Day resumed in 2014 and was held at the Mt Barker-Hahndorf Golf Club on Friday, 14 March. 25 Old Reds attended eager to show off their skills and share a laugh. Each team consisted of a group of four Old Reds whom formed two pairs, with the game being played under an "Ambrose Stableford" points format. Tee-off commenced at 8:30am and it was a fantastic day all round.

Winners on the day were Robert Humphris and Bruce Reichstein on 52 points followed by Chris Thredgold and Peter Deere on 46 points. The two longest drive awards were taken out by Chris Thredgold and Justin O'Donnell

with nearest to the pin being claimed by Chris Thredgold (again!), and Rob Motteram. The day concluded in the clubhouse over lunch.

We are pleased to announce that the date for 2015 will be Friday, 13 March and will again be held at the Mt Barker-Hahndorf Golf Club following a similar format to this year. The best individual and group of four trophies will also return in 2015!

Nick Blanch and Tom Lambert
Closed Golf Day Convenors

15th Annual Vintage Reds Luncheon

It is now 15 years since the inaugural Vintage Reds lunch for Old Reds aged 60 years and above. The event continues to be the highlight of the year for many, and on Thursday 30 October 2014 the President of the PAOCA, John Jovicevic, welcomed 325 men to lunch in the College's RED Centre and noted that more than 120 apologies were received. The President also extended a particularly warm welcome to the 11th Headmaster Mr Bradley Fenner, with some of the men

Vintage Reds Scott Adamson, John Mack and Neil Paterson

Vintage Reds Bob Francis, Peter Dunn, Bob Babidge and Ed Reeves

present going back to the days of the 5th Headmaster Mr Ward.

Rex Wilson, Master of Ceremonies, honoured the Oldest Vintage Red present, Murray Horner who had turned 92 in January, followed by fellow nonagenarians Gordon Schwartz, Ian Schafer, John Bunday and Brian Thomas, and the presence and longevity of these men was applauded.

Vintage Reds also took the opportunity to celebrate the sporting achievements of two current students. Gordon Schwartz proudly presented Bryce Woolard the Mark Schwartz Memorial Trophy for Best and Fairest at First XVIII level, and Kurtis Willson the Gordon Schwartz Perpetual Trophy for Tennis. This special moment celebrated not only success on the field but the thoughtfulness of the Schwartz family in recognising student success.

Malcolm Buckby proposed the Toast to the School and in doing so shared reminiscences of the College in the days of Headmaster Dunning and of the pride he knew we all share as Old Reds. The Headmaster responded and in turn spoke of his pride in being the Headmaster, paid tribute to his predecessors, and of his pleasure in meeting the staff, students and old scholars of Prince Alfred College.

Captain of Boarding Philip McBride with his father Nick, and grandparents Helen and Philip McBride

Scott Dolling, Peter Heinrich, Alwyn Dolling and Maureen Heinrich

PAOCA Annual Service: Chris Dibden, John Bunday and Rex Wilson

2014 Joint Committee Dinner — Wednesday 23 July

Alas, our solid 12 months of training came unstuck on the "intercol wine tasting" championship night.

Our Blue brethren hosted the night in salubrious surrounds at the National Wine Centre and the food and wines presented were of an exceptionally high standard.

All palates were tested to the limit, some more than others, and some interesting varietals and older vintages were presented, but it was just not our night to win.

The younger members of the team are showing great promise for the future, and with another even more solid regime of wine training rather than beer training in the next 12 months, hopefully this will see the Old Reds rise to the winner's podium next year.

President John, and Treasurer Simon need to lift their game as will Craig Moffat, whose training regime was hampered by a chronic shoulder injury he had sustained previously, and senior members of the team, Peter Crouch and Rex Wilson and Rob Hall had a very sobering night!

Roll on 2015 when we play host, and with any luck we will try and convince our new Headmaster to join us, and bring his international experience to the team.

Fred Hamood
Wine Tasting Intercol Adjudicator

110th Annual Service — Thursday 25 July

Old Reds, their wives, and friends of the College gathered in the Eric Freak Memorial Chapel to celebrate the 110th PAOCA Service, conducted by the College's Chaplain Rev. Mark Dickens.

It has become customary for an Old Scholar active in the ministry or church based activities to be the guest speaker at the service, but for the 110th a special change was implemented with the Captain of Boarding, Philip McBride invited to address the congregation. Philip, a sixth generation member of his family to attend the College, warmly welcomed guests to the service and then spoke about his family's links with boarding, recounted stories of days gone by in the Boarding House (of unknown authenticity, like all boarding yarns!), current life in the

Boarding House, and his pride in being Captain of Boarding. Philip's presentation proved popular with the congregation as did his company at morning tea.

Once again the congregation appreciated the Chapel Choir under the direction of Mr Tasso Bouyessis.

The PAOCA Service is held on the Thursday of Old Boys' Week and Old Reds and their family and friends are encouraged to attend and to enjoy fellowship at the conclusion of the service.

Old Old Boys' Assembly

Nine decades was the age range of those present at the truly unique Princes occasion of Old Old Boys' Assembly, held in the RED Centre on Friday 25 July 2014.

The very little chaps came from the Preparatory School and sat on the floor, the bigger boys from the Middle and Senior Schools filled the tiered seating, and teaching and non-teaching staff joined in as well. Most important were the 181 number of men who entered the college before 1954 and who were seated as a group, the centre of attention and the wonderment of young minds who were no doubt

New Old Old Boys

Back Row: Neil Wheatley, Julian Wilson, Doug Bloomfield, Ian Gemmell, Philip McBride and Brian Rossiter

Middle Row: John Tremlett, John Mack, Rod Evins, Leith Gregurke, Dean Davies, Ian Gray and John Gerard

Front Row: Bill Ashby, Peter Brebner, Andrew Hayes, Rob Saint, Rob Moyse, Les Cleland, Geoffrey Trott, William Heddle and Peter March

Absent: Neville Aitken, Ian Bassham, Gilbert Blackman, Ian Craig, Dean Davies, Robert Johnston, Dean Leech and Ray Trenorden

contemplating 'will I ever be that old and sit up there?' The Old Old Boys confess to similar thoughts in days past, are both grateful and excited to have 'made it', and express amazement as to where 60+ years has gone. Their pride in being Old Old Boys of Prince Alfred College knows no bounds.

The New Old Old Boys from 1954 sat as a group at the front nearest the official party, were warmly welcomed, and had a group commemorative photo taken at the conclusion of the assembly. How young they felt (and looked)!

The reverse roll call wound its way back in time and the hearty acclamation of Jim Crompton and Scott Dolling as the Oldest Old Boys was, as this moment in the assembly always is, so very special. Older minds remember Jim's centenarian father Lance (1906-13) as being the Oldest Old Boy in the mid 1990's.

A youthful 'three cheers for the Old Old Boys' was answered in old

but strong voice, and the assembly concluded for another year.

2014 PAOCA Annual Dinner

The Annual Dinner is the largest event held by our Association each year and this year, we had over 540 attend the dinner which was held at the Adelaide Convention Centre on Friday 25 July.

The large attendance resulted in the evening achieving the highest record attendance of the last 10 years and an increase of over 120 on last year's attendance numbers. It was extremely pleasing to note that we had tables represented from every graduating year between 2013 and 1991 which demonstrates the strong willingness and connection our younger members continue to share with the College.

The evening was highly successful with many Old Reds enjoying themselves well into the late hours of the night as the staff of the Convention Centre attempted to pack up the venue!

This year we were fortunate to have AFL and media icon John "Sammy" Newman as our Guest Speaker who entertained the audience for an hour sharing his life experiences and stories post his career as an elite VFL footballer. Particular humorous references and stories involving current day media icons and well known football identities added to the light hearted and jovial mood within the room.

The success of our Annual Dinners is only possible with the dedication and enthusiasm of our Members and I would like to thank everyone who attended for making it such a special and enjoyable night.

John Jovicevic
President

Intercol Sports

Badminton

The 2014 contest at the Saint Peter's College sports centre saw PAOC defeat SPOC:

5 rubbers, 12 games, 406 points to 4 rubbers, 11 games 431 points.

The 2014 PAOC team comprised of **Kevin Khaw (Captain), Daniel Tsang, Jayden Lim, James Griggs, Meng Ling** and Mehezded Schroff.

The team results were:

Mens Singles

- 1st Michael Haese defeated Kevin Khaw 21/8; 21/7
- 2nd Meng Ling defeated Michael Foo 21/16; 21/15
- 3rd Jayden Lim defeated Des Khoo 24/22; 21/13
- 4th Daniel Tsang defeated Andy Lo 22/20; 18/21, 21/13
- 5th James Griggs defeated Hui Chen 21/18, 16/21, 22/20
- 6th Qi Ren Ong defeated Mehezded Schroff 15/21, 13/21

Mens Doubles

- 1st Foo & Haese defeated Khaw & Ling 7/21, 21/12, 21/5
- 2nd Tsang & Lim defeated Khoo and Lo 21/16; 17/21, 21/17

PAOC & SPOC Committee Bowlers Nick Grieve & David Lowe (SPOC), Tom Huxtable (PAOCA), Andrew Jonats (SPOC), John Jovicevic (PAOCA), Tony Keynes & Mark Balnaves (SPOC), Rex Wilson (PAOCA)

3rd Griggs & Schroff defeated by Chen & Ong 23/21; 15/21, 21/23

At the conclusion of the contest the **Bundey Cup** was presented to the winning PAOC Captain Kevin Khaw.

Mr David Olsson of behalf of the PAOC Association thanked the SPOC convenors for hosting the event.

David Olsson

Basketball

With the A's being the only hurdle from clean sweeping the last three years we were determined to go one up this year.

In the C's game the Reds started **slow down 0-8 before Jay Nguyen** came off the bench and hit 3 3s to **take us into halftime up 18-15.** A slow scoring half saw us down by 3 with 20 seconds on clock. With **2.5 seconds on the clock Nathan Graham** hit a 3 to tie the game and **send it into overtime, 27-27.** In overtime we outscored them 6-1 to **secure the Trim Cup for the 5th consecutive year.**

In the B's Saints jumped early with a couple of quick buckets. **The B's steadied with some good**

scoring inside and Ben Palk hitting a couple of 3s, going in at the half up 8, 21-13. The second half Angus Crawford was everywhere, cleaning up the boards and scoring at will. We got up early by 13 but Saints came back on a 7-0 run. Some tight defence allowed us to win comfortably, 39-26, securing the Strangways Cup for the 6th year in a row.

The A's started well with Jack Harford making a couple of 3s and a jumper. The A's defence kept Saints to only 3 made baskets for **the half, going in up 3 at halftime, 18-13. The 2nd half the Reds** started to break Saints down — Corey Gaard and Josh Orken were too much inside. Up 10 with 8 mins to play, **the As kept it steady and won 39-29, securing the Caronia Cup for the first time in 4 years and capping off our third clean sweep of Saints.**

Nathan Graham

Bowls

The 2014 Intercol Bowls was held on Thursday 20 February at the **Adelaide Bowling Club** and SPOC were declared the winners on the night. It came to light the next morning that a scorecard

was mislaid and the result was, in actual fact, in PAOC's favour! PAOC were subsequently declared the winners with a score of 117-106 and the shield has now been returned to its rightful owners!

As is customary, the PAOC Committee team played the SPOC Committee — their scores certainly did not impact on the overall intercol result, thankfully! It should be noted that Committee members Tom Lambert and Nick Blanch played competitively for the first time and we are most impressed with their bowling prowess.

Gratitude was extended to our convenor of 26 years, Peter Broadbent (1944-45), who announced his retirement. Peter was presented with a leather-bound History of Prince Alfred College in appreciation of his dedicated service to this wonderful annual event.

Any Old Reds who play bowls or Night Owls, and would like to play in this annual event, are asked to contact our new convenor, John Morris, T: 8263 3590 or E: jnmjmorris@bigpond.com

Bridge

On Thursday 24 July 2014 at St Peter's College, the Princes Old Scholars took home the cup after a 5-2 victory, their first since 2008. Five wins to two is pretty comprehensive, but a couple of matches were close when play was stopped at about 10:00 pm.

Once again we were treated to a wonderful supper of sandwiches, sweets and splendid wines, a generous provision from the St Peter's Old Collegians' Association, for which we are most grateful. For the first time in several years players were asked for a \$10 contribution, but none begrudged that amount. And we are indebted particularly to Rachel Gabriel (SPOC) who organised the supper, tables, covers, and set up. The new function building in the St Peter's Preparatory School was an excellent venue for both the Bridge and Chess competitions.

It was pleasing to see some new faces, and a new partnership, but we could still only get seven

tables together, as the new players accounted for absent travellers.

But there are many out there who should be persuaded to join a night of fun and fellowship. We know of some older players reluctant to travel at night, so perhaps next year we shall ask them to get a game going at home to add to the score.

The five matches in favour of PAC were:

Richard Krantz and Rob Hunt (sub for Paul Heywood-Smith) — PAOCA defeated Peter Wilson and Chris Worthley by 2,100;

Roger Trengove and Rob Motteram PAOCA defeated Tony Wilkinson and Rob Chattaway by 1260;

Ivan Morris and Jeff Clarke (he played with Duncan Clarke last year) — PAOCA d Greg Newbold (after a gap of four years) and Bill Bradshaw (a new face, and welcome) by 900;

Ian Sando and Tom Playford PAOCA defeated Paul Black and Michael Nugent in a rematch from 2013 by 690; and

Evan Jenkins and Rex Pearlman (another welcome new player) — PAOCA defeated Bruce DeBelle and Rob Searcy, by the narrowest margin, 520.

In the last two matches, completion of an unfinished rubber might possibly have altered the result. But Saints had to do with just the two wins. As it happens they were by bigger margins!

In a match between the same opponents for several years, Andrew and Robert Black had a comfortable win against Max Lemon, who found one opponent to have a consistently excessive number of his chosen trump suit, and Brian North by 2,400; and

Mike Robertson and William Morgan had a runaway victory against Don and Jamie McKenzie (returning after an interval of five years?) by 3,640, which included a good slam.

Richard Krantz, was spontaneously elected PAC Captain (his win was the biggest!), and graciously accepted the trophy for safe keeping until next year.

Thanks to all who participated, and helped to make it such an enjoyable occasion.

Robert Black
St Peter's Old Collegians

Chess

Princes wins again!

After great effort from the PAOC and SPOC associations, I am pleased to confirm that we managed to have five Boards (Matches) of high-calibre chess enthusiasts competing in another exciting encounter between the combatants held at our rival's 'Junior School Function Area' on Thursday, 24 July 2014.

Given last year's historic win by Princes (a 6-0 merciless annihilation!), we were very keen to retain the impressive piece of silverware that is proudly raised by the victors each year (as well as the bragging rights) — and yet again be crowned the undisputed best Old Scholars Chess Team.

We were well aware that Saints were out to challenge us and redeem themselves after their dismal performance in 2013 — we noticed that their fighting contingent included the presence of two high-performance senior Chess warriors that had not been seen in the Old Scholars Week Chess arena for many years.

Despite our opposition's energized recruitment campaign and gallant efforts (not to mention their unrealistic confidence), from the moment the contest began the three senior members of this Red and White army (Michael Hoff; Peter Mathews; and Wesley Legrand) and our newest member (Anthony Milton) gracefully manoeuvred their chess pieces across the Chess boards with military precision in very well-balanced hotly-contested (and, at times, intensely complicated) matches to secure valuable wins for Princes — and ensured our retention of the highly-prized trophy (and, once again, demoralizing the Blue team's collective ego).

For the sake of keeping the peace with our arch-enemy and not wishing to destroy the glorious reputation of a past hero of the

game, I dutifully (but agonizingly) sacrificed (?) my match against the 1956 Australian Junior Chess Champion — it was an honour just to play against this formidable opponent.

In summary, once the war was over, our dynamic team (comprising a powerful combination of distinguished veterans and a recent school leaver) scored an impressive victory against our old foe : 4-2.

By the way, although there were only five matches played this year, we generously awarded Saints a match due to one of our players being a "no show" — it is rumoured that he may still be searching for the venue.

I am very proud of each and every one of my team-mates for their high level of concentration, displaying composure and complex mental agility over the chequerboard whilst imbibing ever-flowing beverages.

It is important to note that this gave Princes its 33rd Victory in forty-two generally highly-contested battles since 1972 (which also includes two draws — Note: This event was not contested in 2009).

In a nutshell, the Princes men of chess continue to maintain mental supremacy over Saints!

Thank you to all of our players — their strong fighting spirit ensured another enjoyable and very successful Old Scholars' Week function for the Old Reds, albeit amidst the historic fiercely competitive rivalry between our great schools! Particular gratitude is extended to Saints for hosting this event with a new expansive (and noisy) venue for this "serious" contest and for organizing the catering for the supper and Peter Serwan (PAC School Chess Co-ordinator).

Well done to the victorious Princes team!

Michael Hihimanis

Cricket — Chester Bennett Cup

A mild summer's day greeted the players for the 2014 Chester Bennett Cup fixture between

Chess: Anthony Milton; Peter Mathews; Michael Hihimanis; Michael Hoff and Wesley Legrand

SPCA and PAOCA. After last year's disappointing washout, all players were raring to go. This year's fixture held even more significance for the players from Saints with the tragic passing of old scholar and regular Chester Bennett Cup player Andy Cranmer just weeks before the fixture. A memorial Man of the Match Award has now been struck in his honour.

PAOCA skipper, Michael Richardson (1996-01) won the toss and elected to field. The Saints top order, full of star batsmen got off to a watchful start reaching a score of 35 before the fall of the first wicket. On the slowish outfield, the Saints batting line-up batted with unusual discipline, which was equally matched by the PAOCA bowling attack. Hiran Lecamwasam (2001-08) was easily the pick of the PAOCA bowlers with impressive figures of 10 overs, 3 maidens, 5 for 26. He was well supported by Jack Dent (1996-01), 2 for 49; and Eddy Greeves (2006-10), 2 for 63; with Sam Tyler (1996-01) also chipping in for one wicket. After having St Peters 8 for 168 the PAC boys were slightly disappointed to let them get away to a score of 219 at the end of their 50 overs; a score which we thought was around 'par'.

PAOCA in reply got off to a shaky start with opener Jack Latchford (2008-12) being dismissed without scoring. The rebuild of the innings was left to Alex Chapman (1987-2000) who anchored the innings with a patient 65 off 134 balls, and Nick Mosey (2010-12) scoring 28 off 37 balls. PAOCCC players Sam Tyler and Sam Hurburgh (1992-02) both made solid contributions, as did Michael Richardson who made

33 in quick time. PAOCA ended up needing 80 runs off the last 10 overs with 6 wickets in hand and a tense final hour was brewing. The tail started to wag with Jack Dent, Tim Boucaut (1998-05) and Will Latchford hitting some boundaries but it was all in vein with PAOCA falling 14 runs short of the victory target.

In what turned out to be one of the better games of cricket in recent years, Saints well and truly deserved their victory. Hiran Lecamwasam (pictured below) was awarded the inaugural Andy Cranmer Medal for his five wickets.

The Chester Bennett Cup ledger now stands at 35 games, 18 to PAOCA, 14 to SPCA and 3 draws. We look forward to the return fixture at Saints next year.

Michael Richardson (1996-01)
Captain, PAOCC

Intercol Golf Day

Played at picturesque Royal Adelaide Golf Club, 64 of Adelaide's finest gentlemen amateur golfers played the annual golf game in the true traditions of golf and PAC versus SPSC rivalry.

The many varied styles and methodologies of playing golf came to the forefront, and most may need a few more golf lessons to be able to progress to next year's British Open qualifying rounds!

The scores were very close in most of the matches, and the majority got down to the last few holes to gain a result. Some of us however, who lost their game, did not need to play the last few (plus) holes.

Saints won the contest and are to

Intercol Golf Lunch Back Row: Ian Conrad & Rob Skipper (SPOC), Jim McBride & Carl Dorsch (PAOCA) Front Row: Richard Haynes (SPOC), Grant Laidlaw & Rob Motteram (PAOCA)

Intercol Golf Lunch

Back Row: Joll Piper (PAOCA), Orso Osti (SPOC) John Easling (PAOCA) and Dion Stanbury (SPOC)

Front Row: Andrew Bradley (SPOC) and David Blanch (PAOCA)

be congratulated for their efforts, but be warned we will come back even stronger next year.

The signs were ominous from the beginning when the Saints Captain forgot to bring the trophy but it eventually got there! At least this year they did not pre engrave the trophy in anticipation.

We may have lost the golf but afterwards at the luncheon we won the imbibing contest most easily.

I must thank all the Old Reds that played on the day and look forward to a victory next year.

Fred Hamood

Hockey

Prince Alfred Old Collegians vs St Peter's Old Collegians Annual Hockey Match — Geoffrey Bean Cup

The annual hockey game between PAOC and SPOC was played on the PAC hockey pitch on the evening of Wednesday 30 July 2014. Both teams had fairly strong line ups, with players from Premier League and Metro 1 teams making up the bulk of the teams with some players from the respective Collegians' clubs rounding out the numbers.

By historical standards it was a fairly low scoring game. The Reds got on the board first but SPOC were able to draw level. PAOC then answered with the next two goals to take a 3-1 lead. However, SPOC scored with about four minutes to play to make the score 3-2 and a tense final few minutes ensued. The Reds managed to hold on until the final whistle for a 3-2 win. The result means PAOC has now

retained the Geoffrey Bean Cup for a record equalling 6th consecutive year. We hope to break the record for a 7th year in 2015.

Results:

Greg Siegele PAOC 53 points 3 games defeated Chris Plummer SPOC 45 points 1 game

Adam Colmon PAOC 45 points 3 games defeated Ben Esau SPOC 33 points 0 games

Nick Hicks PAOC 45 points 3 game defeated Mark Esau SPOC 24 points 0 games

Christian McIntosh PAOC 45 points 3 games defeated Ren Papillion SPOC 35 points 0 games

Stuart Eddy PAOC 42 points 1 game was defeated by Callum Anderson-Stanford SPOC 55 points 3 games

Dean Humphray PAOC 46 points 3 games defeated Phil Plummer SPOC 36 points 0 games

Sean Hobbs PAOC 45 points 3 games defeated Matt Holder SPOC 22 points 0 games

Alexander Chapman
Chairman, PACHC

Squash

The annual Squash Intercol was held in the RED Centre at Prince Alfred College on Tuesday 22 July 2014.

It was a great result with the Old Reds winning 6 rubbers to the Old Blues 1 rubber.

Tennis

On Wednesday 19 February 2014 an enthusiastic group of Old Reds tennis players including both seasoned veterans and a number of new old scholars and first time intercol players took to the courts at the Kensington Club to face the Saints Old Scholars team. Facing wind, rain, and a well-drilled Saints team with experienced doubles pairs, the Old Reds fought gamely, but lost.

Highlights were Rob Bickmore and John Brealey's marathon first tie, and the super tie-break epic fought by Riley Terrell and James Ma in the reverse tie.

Andrew Williams (1989-93)
Intercol Tennis Convenor

Reunions

Class of 1954: Julian Wilson, Bill Heddle, Chris Acott, Chris Bennett, Doug Bloomfield, Ray White, Ian Hone and Peter Brebner with Prep leaders Edward Tyson, Patrick Singleton, Hugo Jordan and Angus Parker

Class 1 of 1954 Sixty Year Reunion

On Friday 21 February 2014, a group of eight of the newest "Old Old Boys" from Class 1 of 1954 were welcomed to the Preparatory School. They attended Chapel in the Eric Freak Memorial Chapel led by Class 5M on "Competence" followed by a tour of the Preparatory School led by Captains Edward Tyson, Patrick Singleton, Hugo Jordan and Angus Parker, and the Deputy Head of the School Prep, Mr Sean Watt.

When asked our age the percipient Year 1 students stated "very, very old — about 87". A tour of the School followed morning tea in the Ashton Room.

The photographs highlight many members of the Class in 1954 with teacher Miss Angwin (after whom a room in the Early Learning Centre was named in 2014) and the eight "Old Old Boys" with the Captains of the Preparatory School.

On behalf of the group, I convey our thanks to Headmaster Kevin Tutt, the Headmaster and Deputy Headmaster of the Preparatory School Neil Andary and Sean Watt respectively, and most of all the School Captains and the Year 1-6 students for permitting us to briefly join them in learning.

We were very impressed with the diligence and the energy of the students.

Bill Heddle (PAC 1954-65)

Rear: Julian Wilson, Robert Close, John Woodruff, Robert Woodhams, Douglas Bloomfield and Robert McCubbin

2nd Row: Peter Gerard, Ian Hone, Chris Acott, Peter Brebner and Ashley Dodsworth

3rd Row: Ray White and Nigel Coombe.

Front Row: Teacher Miss Enid Angwin (now Mrs Bennett) and Brian Rossiter

Absent: Bill Heddle, Colin Gurner and Michael Rasheed

Class of 1964 Fifty Year Reunion

On Friday 19 September 2014, 66 Old Reds of the 1964 alumni came together for a luncheon at the National Wine Centre to celebrate the very special event of 50 years since they left Prince Alfred College. The day was made even more special with the attendance of former Masters Messrs Ian Houston, Malcolm Gray and David Mattingley.

Old Reds who travelled from overseas were Fred Chung (Hong

Kong), David Finnegan (UK), Ian Darnton-Hill (USA) and Bruce Beauchamp (Vietnam). Many Old Reds made the trip from interstate as well as those from SA country areas.

The luncheon was organised by a sub-committee of Max Thompson, John Gerard, Russell Heywood-Smith, Max Venning and Bob Snewin. Finding some Old Reds required significant "detective work" but generally the sub-committee was able to run to ground most old scholars from that year. As well as those attending the luncheon we did have 33 apologies and indeed we could not trace 18 of that year's students.

The luncheon was compered by Bob Snewin who presented reflections of the year 1964 as well as the 'goings on' at PAC that year. A sobering note was the minute of silence remembering the deceased Old Reds from 1964.

The gathering was very pleased to meet and hear an address from newly appointed Headmaster Mr Bradley Fenner as well as an update from the PAOCA's Immediate Past President Graham Burfield.

The Toast to the School was capably handled by Russell Heywood-Smith and the Response was ably managed by Max Venning.

This was a wonderful function enjoyed by all in attendance (exampled by the amount of email feedback received) with many requests of wanting to do it again next year!

The Class of 1964

The luncheon was completed with all in attendance joining in a raucous rendition of the school war cry!

Bob Snewin (PAC 1960-64)

Class of 1964 Committee

Class of 1974 Reunion Forty Year Reunion

On Friday 7 November 2014, approximately 70 Old Reds of the class of 1974 met for lunch at the National Wine Centre to celebrate 40 years since leaving Prince Alfred College.

Some of our number had travelled from interstate, including our 1974 School Captain, Mark Newman, who had flown in from Hobart. A number of former masters also attended, including Milton Haseloff, David Mattingley and Jacques Berlin (who had travelled from Melbourne). Special mention should be made of the fact that our Headmaster from 1974, Geoffrey Bean, attended as well as the new Headmaster Bradley Fenner.

Our MC for the day was Rob Sieben, who did a sterling job in keeping the program running to time and introducing the various speakers.

After the initial gathering for pre-luncheon drinks at which everyone began recognising old school friends who they had not seen for years, we

sat down for the commencement of official proceedings. Rob read out the apologies and then, sadly, the names of deceased Old Reds from our alumni. The next speaker was Geoffrey Bean who, before saying Grace, spoke about the school at the time of his arrival at Princes in 1970, which coincided with the first year of our cohort in the Senior School, which meant that we shared a special connection with Geoffrey at the time as the new Headmaster at the school.

Peter Crouch then provided an informative update about PAOCA activities on behalf of the President of the Association, John Jovicevic. David Jenkin followed with a very polished and amusing speech in proposing the Toast to the School. We were then honoured to have Bradley Fenner respond on behalf of the school. The formalities concluded with our well-known auctioneer, Anthony Toop, conducting an auction of a signed print featuring a cricket game on the front oval and an auction of a dinner for six people at the Headmaster's residence hosted by Bradley Fenner. The afternoon was then rounded off with lots of great conversations amongst the gathered Old Reds.

The organising committee of Brenton Eden, Rob Sieben, Richard Treloar, Peter Crouch and Richard

Class of 1984: Richard Wheaton, Tim Saint, Kym Skeer, Don Bensted and Craig Honan

Dennis would like to thank Mary-Ann Standish for all her hard work in putting together the reunion and special mention should be made of Richard Treloar who rallied a number of boarders.

The atmosphere at the lunch was great and I think that it is true to say that everyone who attended had an excellent time and I am sure that we will all be aiming to be back at our next alumni reunion — sadly in 10 year's time!

Richard Dennis (PAC 1963-74)

Class of 1974 Committee

Class of 1984 Thirty Year Reunion

Time is passing quickly and for the class of 1984. This was highlighted remarkably when they gathered for their 30 year reunion on Friday 12 September 2014.

The Class of 1974

Reunions

The morning commenced with a tour of the school which was led by Mr David Cornish. Those who toured **were able to see first-hand how the school has evolved from what the assembled group thought in their day were very good facilities to the world facilities that have been established.**

The Class of 1984 gathered at **The Gallery in Waymouth Street**, a fabulous venue. The room was buzzing from the start. Many **familiar faces, some not so!** However, once the ice was broken the time fell away and we were **back in the day, and rapport was comfortable and familiar.**

The day was capably emceed by Mat Henbest who kept the afternoon running smoothly and **near to time with great humour!**

We were privileged to hear a few words from Headmaster, Mr Bradley Fenner and the Vice-President of the PAOCA, Mr Thomas Huxtable who congratulated us on our gathering as well as informing us of the happenings of the PAOCA. A Toast to the School was given by Brenton Gibbs and Andrew "Pottsy" Moore responded.

Following main course George Condous took the microphone and interviewed John Day, Alastair Smart and George Kontopolous. Not sure if 30 years ago you would **have attached international pilot, aquaculture consultant and supplier of continental goods to their names but all gave a brief, and at times, humorous insight to how they have spent the last 30 years.** Mark Smith took home the prize for being the **furthest travelled (Hong Kong)**, however many interstate addresses were noted.

Somewhere in the PAC Archives **the Red & White film was found**, adding to the mood of the day — a reminder that yes we have changed and we didn't always study!!

The Class of 1984 would like to thank the masters who attended. It was great to see and talk with Messrs Bean, Coldwell, Fergusson, Kitto, Millard, Mattingley, Morris and Watson.

The Class of 1984 would like to sincerely thank Mr David Cornish for conducting the tour of the school, and PAOCA Executive

Officer, Mary-Ann Standish who coordinated the day one which all **attending agree was a great day**, with lots of laughs and lots of post show smiles.

Ian Jenkin (PAC 1981-84)

Class of 1984 Committee

Class of 1994 Twenty Year Reunion

On 10 October 2014 the Class of '94 celebrated its twenty year reunion at The Gallery on Waymouth. The lunch was attended by **some 55 students and 10 former staff.**

Attendees seemed somewhat reserved initially whilst getting reacquainted but everyone loosened up once the beverages started flowing. Former School Captain Matthew Whittle was MC for the day. PAOCA representative, Simon Miller, spoke about the Association and new Headmaster, Mr Bradley Fenner spoke of his new appointment. Occasional references to former head Dr Brian Webber brought a wry smile to many.

Once formalities had concluded, beverages continued to flow and celebrations and reminiscing continued long into the night.

Guy Collins (PAC 1989-94)

Class of 1994 Committee

Class of 2004 Ten Year Reunion

The first reunion for the Class of '04 was a corker. Over 60 attended and they hailed from as far as Paris, Papua New Guinea and Brisbane. Some even made the migration from their regular Friday night position at the front bar of the Seven Stars Hotel for the occasion.

A school tour kicked off the proceedings and all were impressed by the developments at the school over the past ten years. We moved onto Gallery on Waymouth where a combination of comedic reflections, rekindled friendships and a couple of drinks made for a rowdy catch up. Stories from the farm were compared with those from life in the Big Brother House. James Finnie and Alistair Houlihan were surprised to discover that they were currently living in the same Port Moresby hotel!

Class of 1994: Matt Trim, Andrew Fraser, Matt Hobby, Ben Nicholls, Dave Lutley and Nathan Wuttke

Class of 1994: Ben Christie, Craig Brown and Quentin Roberts

All enjoyed meeting the new school Headmaster Mr Bradley Fenner and members from the Old Collegians' Association. Things kicked on well into the night and plans for our next reunion were well underway by the time everything wrapped up. Thanks must go to all attendees, Alex Taylor at Gallery, the organising committee and Mary-Ann Standish.

Leigh Warren (PAC 2001-04)

Class of 2004 Committee

Class of 2004 Old Reds, Brad Moore and Tom Bailey with current staff member Chris McGuire

Class of 2004: James Finnie, Chris Browne, Lane Rochow, Ben Nobbs and Lanil Lecamwasam

Branch Reports

Melbourne Dinner

Some forty Old Scholars attended the Melbourne annual dinner on Friday, 4 April at the ever-popular and prestigious Australian Club. Following pre-dinner drinks and canapés in the Domino Room, the group moved to The Gallery dining room, which hosts some of Australia's preeminent and emerging artists. It wasn't the art that everyone had come to see though! Instead, what proved much more colourful was guest speaker Josh Philpot's (1990-92) recanting of his time as General Manager of the Melbourne Rebels rugby team during their joining the Australian Super Rugby Union. Josh discussed the challenges the club and in turn Josh faced, in building a team, brand and culture from the ground up in what is an AFL dominated town. As with all Old Scholar's functions "what is said in the room stays in the room" which would have been to the disappointment of any existing or aspiring journalists amongst our group!

Ben Prisk (1986-90) shared some anecdotes from his time at Princes before toasting the school with David Cornish responding on behalf of the Headmaster and providing an update on all things PAC. David also mentioned Mr Geoff Bean's 80th birthday celebration which brought many a nod, smile and polite discussion regarding one of the school's former Headmasters.

Sam Cottell (1986-93) wrapped up the evening with the Vote of Thanks while the convenor is certain he heard everyone committing to bring one absent Old Red next year to double our numbers to 80!

Matthew Gibb (1989-91)

Sydney Dinner

The 2014 Sydney Annual Dinner was held on Friday 22nd August at Wolfies, The Rocks and was a most memorable occasion. The dinner was convened by Robert Barry and attended by a small but vibrant group of 26 which made for a fantastic evening of mateship and the odd banter.

The evening commenced over welcome drinks and a group photograph before being seated to enjoy a lovely three course meal. In lieu of Grace, it was deemed appropriate that "Tis the Princes' First XVIII" was sung, not once but twice. Needless to say, the Princes' spirit was truly alive throughout the evening.

The guest speaker was Dr Andrew "Doc" Randell, former Director of Rowing at Prince Alfred College, whom spoke brilliantly about his journey as an elite sports coach, the competitive landscape in top college sport and the importance of student athletes ensuring school representation remains a priority.

Tom Lambert (1997-04)

Darwin Dinner

A small group of Old Reds including Dale Bennett (1995-96), Bill Piper (1972-82), Tom Polomka (1992-95), Dick Wallace (1965-69) and Martyn Wilkinson (1967-73) gathered at the Golden Orchid Thai Restaurant on Cullen Bay, Darwin for the Northern Territory's annual dinner on Friday 5 September 2014. A pleasant evening of fellowship was enjoyed by all at the Marina's waterfront venue. With the usual faces attending it was a great opportunity to once again catch up with news of what had occurred during the previous 12 months, both within the school environment and in our private lives.

Richard Wallace (1965-69) was honoured as the "Oldest Old Scholar", while Dale Bennett (1995-96) the "Youngest Old Scholar" attending this year's Dinner.

Michael Bratchell (1969-74)

Canberra Combined Dinner

Old Reds and Blues and their partners gathered in The Marquee of the Canberra Yacht Club on Lake Burley-Griffin on Thursday 16 October for the annual Combined Dinner arranged by Brougham Clarke (PAOC) and Mike Fowler (SPOC).

Michael Fowler was a very capable MC, it being Saint's turn to host the evening. School Toasts were proposed by Rob Graziani (1981-85) and John Carver (SPSC). All old boys, some not so old, were keen to hear the addresses delivered by the Headmasters of both schools. Of course there was just a little bragging about which school won which Intercol however an enlightened theme ran through both addresses that despite the competition between these two great schools, each drew much from the other and respect and many great friendships ensued. Old Reds were looking forward to meeting the new PAC Headmaster, Bradley Fenner, and he proved to have an engaging manner and impressed all, especially for a person who had been in the job for only a couple of months. It was commented that the personal friendship between both Heads would surely benefit both schools.

Special mention was made of the oldest in attendance, Ken Fowler (93) SPSC and the youngest, Nick Broadbridge whose last year at PAC was 2012; Nick is now at ADFA.

Brougham Clarke (1964)

Canberra Dinner: Headmaster Bradley Fenner with Sandra and Matt Branford (1984-88)

Regional Reports

Naracoorte: Lachlan Grundy with Nick and Katherine McBride

Naracoorte: David Brown, Yvonne Carter and Di Brown

Naracoorte Race Day

The South-East Old Collegians annual "Dinner" was held at the Naracoorte Races on Sunday 9 February. After last year's success in attracting bigger numbers of old scholars attending the annual get together, another "Day at the Races" was organised. This more relaxed and social event included wives and girlfriends (some being potential mothers of future scholars).

We were blessed with a reasonably mild day after the heatwave that preceded the event, the day before a sweltering 46 degrees. Better positioning of the marquee allowed the many part-time punters to enjoy the atmosphere of the day whilst catching up with old friends and making new acquaintances.

Again a lovely sit-down lunch was catered by Finn's Fine Food with wine, "Farmers Leap" and "Henry's Drive", provided by Old Reds, the Longbottom family whilst the beer was provided by Coopers.

Next year's event will be co-ordinated by Nick McBride and held at Robe.

David Charlick (1988-92)
South East Convenor

Fleurieu Peninsula Dinner

59 Old Scholars and their partners attended the Fleurieu Peninsula Dinner held this year at Hotel Elliot in Port Elliot on Friday 14 March 2014. Despite the noise from the band and patrons of the nearby bar, those in attendance enjoyed an evening of reminiscing and fellowship. Local convenor, Andrew Jeffery welcomed all present especially John Duncan (former Administrator at the College) and thanked Mary-Ann Standish for her untiring efforts which are very much appreciated.

Andrew proposed the Loyal Toast and pronounced Grace. Phil Craven (1953-65) proposed the Toast to the School and Rob Heaslip (1970-74) proposed the Toast to the Association to which PAOCA Management Committee member, Andrew Clarkson, responded.

Next year's dinner is tentatively booked for Friday the 13th (March) — at a venue to be determined!

Andrew Jeffery (1959-55)
Fleurieu Dinner Convenor

Eyre Peninsula Dinner

The Eyre Peninsula Old Scholars Dinner was held at The Hilton Motel in Port Lincoln on Friday 30 May 2014. The Chairman for the evening was Michael Treloar (1976-1980) who welcomed the thirty people who had travelled from across Eyre Peninsula as well as guests from Adelaide. Representing the school and the PAOCA were PAOCA President, Mr John Jovicevic and PAOCA Executive Officer, Mrs Mary-Ann Standish.

The Toast to the School was made by Darrin Stone (1996-98) who spoke of the good times he had enjoyed and wonderful friendships he made while attending Princes. John Jovicevic responded and spoke about current activities occurring at the school. He mentioned the high levels of success being achieved both on the sporting field and in the classroom. John also spoke of the wonderful contribution that past Headmaster Kevin Tutt had made in his time at the school.

The Toast to the Association was made by Michael Treloar who highlighted the important connection Kevin Tutt had

Eyre Peninsula: Darrin Stone, Joe Tapley, Michael Treloar and John Jovicevic

Eyre Peninsula: Jim and Glynis Calderwood, Peter Rehn, Andrew Chappell and Brian Treloar

made with the Old Scholars. He mentioned particularly the times Kevin had spent on the Eyre Peninsula and the friendships that had resulted. He thanked Mary-Ann Standish for all the work she does and the valuable contribution she has made to the PAOCA. John Jovicevic responded and spoke of the large range of sporting and social activities the PAOCA is involved in. He also made mention of the wonderful Old Old Boys Assembly which is growing every year and that this year's Annual Dinner speaker will be Sam Newman.

A query from local fisherman Joe Tapley (1996-2001) as to the significance of the twelve scallops that appear on the school flag caused quite a bit of discussion! The mystery was finally solved by current parents Steve and Petrea Glover who referred to the College's history book which was given to them as a gift on the night (please purchase one if you wish to know the answer!).

A PAOCA tie was awarded to Mr Robert O'Shaughnessy who had travelled from Whyalla for the dinner.

Michael Treloar (1976-80)

London Old Collegians 108th Annual Dinner

East India Club, Friday 26 July

The Mighty Reds who attended this year's 108th Annual PAOCA London Dinner saw in another fine after dark performance, taking in the highest of highbrow highs, and some of the lowest of lowbrow lows, that this great city has to offer.

Meeting in the American Bar of the Club for pre-dinner refreshments, all present were fortunate to witness a cameo appearance by Aaron "Brash" Brasher (1985-87), in town with Wine Australia on an extensive professional celebrity hand-shaking visit, but with the good humour and commitment for which he is renowned, to find time to stop by. Well played that man.

In addition, we welcomed PAOCA London hero and former stalwart Dr Ian Kneebone (1975-76), with that most perfect of surnames for a medico, in town from Sydney for a conference and adamant that he would dine with his beloved Old Reds.

A sumptuous meal and delicious course of red wine followed in the Clive Room, aptly named given the presence and efforts of our revered Master of Toasts, Colin "Super Cat" Frearson (1986-89). Terrific toasts and speeches given by the Cat, Mr David Gray (1954-62), and Leigh "Big Bird" Schelvis (1990-2001), it was time for our customary salute to the Inner Ratbag (in receipt of improved health news from Mr Charlton) before the Reds retired to the Library for photographs with the School pennant, and singing

of the Princes First XVIII, much to the surprise of other East India Club Members, and disgust of Mr Bailey, our St Peter's guest for 2014. Thereafter the Reds hit Soho, treating various establishments to a display of gentlemanly conduct and low key advance victory celebrations including drinking out of the David Gray Trophy, with former PE and Economics teacher and much loved Red, Paul "Ando" Anderson, in town for the evening and good enough to join us. The writer can confirm that all were safely in bed come 8am, in preparation for the cricket match starting at noon.

3rd Annual Intercollegiate Cricket Match, Wandsworth Park, Saturday 27 July

Later that day, in perfect conditions (made all the more perfect by Mr Wade Crouch's (1986-94) annual donation on behalf of Fuller's Brewery, of 11 cases of craft beer), and dressed impeccably in whites and their cherished baggy maroons, the Reds won the toss and went in to bat, with Rob (1952-60) and Fay Gerard, John Nosworthy (1942-53), and Ian Huntley (1955-63), among various partners and children, who came along to witness a knife's edge contest of great skill and athleticism.

On this front they were mostly short changed. However, all things being relative, it is accurate to observe that the Reds were marvellous with the willow, with all pairs doing damage, clubbing 10.5 per over to reach a gross total of 210, netted to 140 after accounting for wickets lost. Despite a spirited Saint Peter's batting reply, the Glorious Reds were not to be denied in their quest for supremacy. Dot ball after dot ball sent down, attempted runs crumbed like starving seagulls, the Princes of the Parade held their nerve to emerge victors by six runs, in equal measures relieved, triumphant, and exhausted. Presentations followed including to Mr Jackson the honour of Most Distinguished Player once more, not only for his run scoring (including some truly massive country cricket sixes) and wicket-taking, but also for his shattering Mr Firth's box with a delivery so deadly that CERN scientists have

London RAZZLE DAZZLE!
Victorious Reds

taken custody of the remaining plastic shards to ascertain whether Jackson's arm holds the answer to a more efficient Hadron Collider.

Post-match revivification took place at the again aptly-named pub The (Super) Cat's Back, where the THREEPEAT Reds celebrated their win alongside their Blue brothers, and made plans for the rest of the year. A wonderful weekend well attended, and brilliantly supported, many thanks to all.

Fac fortia et patere.

Nicholas Pontt (1993–95)
London Convenor

New York Dinner

The annual New York PAOC dinner took place at **Pazza Notte, in Manhattan, on Saturday, 26 July 2014.** Twelve Old Scholars and partners came from across the USA for the event including **Andrew Palios (1995-07), Paul Wakefield (1971-75), Ted Norman (1964-68)** from Memphis, **Gareth Roberts (1995-02)** from Texas, along with his father **Craig (1963-69)** visiting from Australia.

As a more recent Old Scholar, Gareth delivered the official Toast to the School, reflecting upon his experiences at PAC and his adventures in Australia and the USA since graduation. Professor **Ian Darnton-Hill AO (1959-64)** provided the Response, recounting tales of his school days and of his long career with the United Nations (serving with agencies including the World Health Organization and UNICEF and residing in exciting location such as **Manila, Rome and New York**).

Over fine Italian cuisine, reminiscent of the best of The Parade, and cool beverages, a diverse cast of characters shared fifty years' worth of PAC anecdotes and compared life back home with more recent adventures in the USA.

Ed Brockhoff (1997-01), Chris Olver (1992-01) and Simon White (1982-88)
New York Dinner Convenors

Hong Kong Dinner

Spurred by a visit to Hong Kong by the Chairman of College Council, **John Keeves (1977-81)**, seven HK-based old scholars: **Freddie Chung (1959-64), Scott Dolling**

(1982-86), Bill Hardy (1962-63), Hubert Law (2001-03), Will Nicholls (1990-96) and Alan Zhou (2007-09) dined at the Kowloon Cricket Club's Grill Room in what was a re-convening of the Hong Kong dinner after a hiatus in 2013.

Following an initial gathering on the balcony for pre-dinner drinks John proposed a Toast to the School and in the process brought us all up to date with many exciting developments at the school. Later, it was **Convenor Cameron MacDonald's** duty to nominate a suitable recipient of the perpetual Freddie Chung Award and this went, fittingly, to **Will Nicholls** whose own father, **David (1962-66)**, was well remembered by Freddie himself during their time at PAC together in the 60's.

A thoroughly enjoyable evening was night capped in Wanchai where some purposeful discussion ensued until the College Council Chairman called "time" and the few hearty souls that remained dispersed into the neon lit night!

Cameron MacDonald (1976-87)
Hong Kong Dinner Convenor

Inaugural South African Dinner

James Mumford (2007-09), David Krywanio (1979-83) and Edward and Sarah Jackson had a small but highly enjoyable inaugural South African Old Reds' dinner in Pretoria on 22 June.

Edward has been posted to the Australian High Commission to **South Africa, David Krywanio** is providing capacity building assistance to the South African Treasury, and **James Mumford** was visiting South Africa to attend a conference on agriculture in Cape Town.

A serious bout of Cape Town-belly in both David and James delayed the dinner by 24 hours, but given that James had flown half way around the world, all were determined that the dinner go ahead!

Edward Jackson (1986-93)
South Africa Convenor

Singapore Drinks

On Friday evening a gathering of Old Reds and their partners,

New York Back Row: Gareth Roberts, Andrew Palios, Ed Brockhoff and Simon White
Front Row: Paul Wakefield, Ian Darnton-Hill and Craig Roberts

Singapore: Scott Harris, Tom Jackson, Peter Brooks (with PAC Pennant), Nick Brooks, Grant Harris, Paul Elmslie, Nathan Ide, Phil Motteram and Phil Murray

currently residing in Singapore, met for cocktails on the rooftop bar of The Fullerton Bay Hotel. The ambience provided by the Marina Bay complex, combined with the adjacent Formula 1 Grand Prix track, made for a spectacular setting.

In addition to local attendees, some Adelaide based Old Reds, namely **Peter (1976-80) and Nick Brooks (2001-05)**, and **Grant (1963-69)** and **Judy Harris** also joined in the festivities whilst visiting to attend the Grand Prix. For Singapore residents this was a great opportunity to find out what has been happening back home and of course pass on some helpful local knowledge.

Many of the Reds also attended the Formula 1 Grand Prix. The racing spanned over the Friday, Saturday and Sunday with each night also hosting a different world class music act. This made for a thoroughly enjoyable weekend both on and off the track!

The inaugural Old Reds drinks were a great evening, and we look forward to hosting another in 2015.

Scott Harris (1994-00)
Singapore Drinks Convenor

Old Scholars' Sport

Basketball B Grade Winners – PAOCBC D Back: Chris Woodrow, Jon Read, Ben Palk, Stu MacDonald. Front: Josh Moorfoot, Brendon Francesca, Simon Miller, Ned Young

Basketball C Grade Winners – PAOCBC E

Back: Cam Smith, Daniel Foo, Brad Daniel, Dillon Haydon

Front: Alex Bubner, Mark Powell, Matthew Just, James Pritchard

Prince Alfred Old Collegians' Basketball Club

This year during the season we showed our true dominance of the Church Basketball league. At season's end we had 4 teams in the top 8 teams of the entire competition. We had 7 mens and 1 ladies team — 3 finished top, 7 made finals, 3 made Grand Finals, won 2 flags, and won all 3 intercols. All in all it was another successful year for the PAOCBC.

This year the competition decided

to have a separate A and B grade with the top 6 teams fighting for the 4 spots available for finals. The As secured top spot with only 1 loss for the year and the B's were clearly 4th, 4 wins ahead of their nearest rival. First week of finals the As beat Saints As to progress to their 10th consecutive A grade grand final and chasing their 7th consecutive title, a feat never seen in Amateur basketball before. The Bs had a tough ask against the eventual premiers and went down fighting in the Elimination Final. Going into the GF the As were already fighting uphill with their leading scorer and defensive anchor overseas. The As put up a good fight but Gateway lifted more. They got out to an early lead and held it for the rest of the game. A disappointing end to the season but they have been, and still are, the benchmark for success in amateur basketball.

We had 2 teams (C & D) in B grade and they finished top and 2nd, 2 wins separating them. The Cs and Ds contests had been tight all year and when they faced off in the qualifying final anything could happen. With the scores tied and 20 sec left the Ds got the ball inside and scored on the buzzer to

win by 2. The following week the Cs played the only team they had lost to all year and unfortunately went down. The Grand Final was a close affair with Unley As missing their best player and arguably the best player in the league. The Ds played a solid game and held off a late charge to win by 5. A great win to cap off their great season.

In C/D grade we had 2 teams (E & F). The E's finished top only by percentage and the F's finished 4th to have both teams in the C grade finals. In the Qualifying Final the Es ran out to an early lead and held off Saints Cs to advance to the Grand Final. The Fs in the elimination final were up late in the game but let it slip away. The Grand Final, between the Es and Saints Cs, was an epic contest with Saints Cs building sizable leads 3 times during the match. With 7 minutes left and down by 12 things looked all over, but the Es dug deep and aided by the scoring of Dillon Haydon to win by 2. The Es led for only 40 seconds, but it was the 40 seconds that mattered.

In E grade, our Gs had some great games this year, especially their last game of the season which they tied with SPOC, but were unfortunately unable to get enough wins to make the finals

The Player's Player award winners for best player in each Saturday team as voted by teammates were Josh Orken (A), Jono Self (B), Andrew Good (C), Stu MacDonald (D), Brad Daniel (E), Tim Corbel (F), and Dillon Haydon (G).

James Townsend's contribution to the club through scoring innumerable games throughout the season was invaluable to the club. We all thank James as this is a tough task to do all season. Phil Harford, having had a solid year on the court for both the Saturday A's and Thursday A grade team, is the recipient of the Club Champion Award. This is the first time Phil has been awarded Club Champion.

The Club strives to provide a welcoming, strong and competitive atmosphere for old scholars and their friends to play basketball. We are always looking for new players of any level to join in the fun and add to our Club. We have one of the lowest membership fees

and part time/student discounts. So if you're an Old Red looking for a basketball club, come join us. Check our website at <http://oldredsbasketball.blogspot.com.au/> for more information.

Nathan Graham
Chairman

Prince Alfred Old Collegians' Cricket Club

The PAOCCC had a somewhat disappointing end to the 2013/14 season with only the one premiership coming in the LOD 1- day competition, defeating Old Ignatius in an amazing match with Chris Drew and Michael Siciliano getting the boys over the line. **Kain Noack (535 runs) and Andrew Heitmann (41 wickets)** were the best with the bat and ball in the E-Grade.

The A-Grade finished minor Premiers, but were bundled out by Goodwood after being unable to chase down the 192 for victory in the semi-final prematurely ending what looked like a promising season. Greg Carmody won the Ted Norman Cup for A-Grade Batting (322 runs), Tim Boucaut won the Murray M. Wellington Shield for A-Grade Bowling (26 wickets) and Drew Clayfield won the Olsson Family Trophy for A-Grade Fielding.

The B-Grade was also knocked out by Goodwood losing a tight semi-final by 20 runs to eventual premiers Goodwood; this result was a vast improvement for the B-Grade after Christmas making the finals for the first time in 3 seasons. The B-Grade aggregates were won by Max Clarke (19 wickets) and David Larkins (279 runs), who also won the Redman Award for best player across all grades.

The C-Grade had a forgettable season with the team playing in a competition of cricket that was unfortunately beyond the depth of the team, although it gave some of the young players in Simon Bean and new players to the club a chance to see the level to work towards. The C-Grade aggregate trophies went to Antony Brabham (13 wickets) and Simon Bean (119 runs), who also won the Mark Schwartz Award for Best 21 and Under Player.

Div 8 C Grade Premiers

The D-Grade were able to sneak into the finals under the captaincy of Will Thomas eventually losing to premiers Unley, who were the dominant team all season in the C2 competition. The D's made a good start to their day having Unley 6/69, unfortunately letting Unley put on a further 80 runs for the last 4 wickets. The D's Batting just couldn't get started after that being knocked over for just 69. Michael Clarke (259 runs) and Will Thomas (13 wickets) won the awards in the D-Grade.

I would especially like to mention and thank Brad Weidenhofer whom has stepped down from his role as chairman and off the committee for the first time in 12 years, Brad has at times single handily kept the club running, and I thank him for all his time and effort. It was fitting that Brad was awarded the Moffat Family Trophy for Best Clubman at the End of Season Dinner.

The 2014/15 season sees some fresh and very talent cricketers join the PAOCCC for the first time, with recent old scholars Tom Brinsley, Seb Moroney, Sam Gunning all joining the A-Grade and have to date performed very well. We also welcome "new"

old scholars in Simon Brown, Ed Thomas, Tom Simpson, Charles Marshall and Chris Short who have all transitioned straight from school cricket to the club, which is wonderful.

The club's lower grades are always looking for active players with training taking place at the school on Tuesday and Thursday nights on the front oval.

Further details in relation to the club are available at www.paoccc.asn.au

Brad Weidenhofer
Chairman

Prince Alfred Old Collegians' Football Club

The 2014 season saw the Reds add a fifth team and resulted in record playing numbers. The year delivered three premierships with our B Grade going through undefeated and our C and D Grade also winning flags.

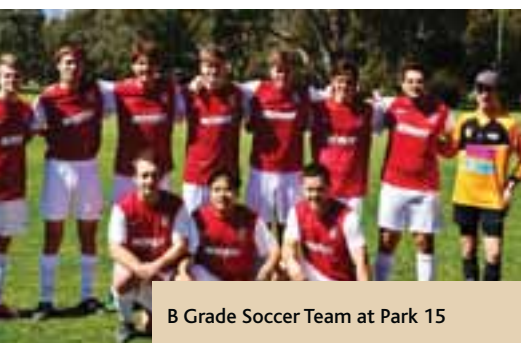

Our A Grade showed a great deal of promise through the year and finished the minor round in third place. This provided the side with a double chance come the finals and a famous win at Scotch gave

Patrick Sadlier (Most Improved), James McGregor (Best and Fairest), Hamish Tregeagle (Cedric Horsefield Trophy Winner) and Alexander Chapman (Club Chairman) at the Hockey Dinner

Soccer: Richard Gale (2001–10) and Brodie Dobson-Keefe (2008–12)

B Grade Soccer Team at Park 15

the team a double chance at a Grand Final spot. Payneham were the pace setter all year and against the odds we led in the final quarter against them but couldn't hold on. Payneham would go on to win the premiership against Sacred Heart OC who put on arguably their best

performance for the year against us in the Preliminary Final.

Justin Graetz was the stand out player for the season winning the **Ross C Johnston Trophy for Best and Fairest** and the Ron M Carter Award for most votes across all grades. Adam Perryman was runner up despite not being available for the entire season due to work commitments. Chris Hannemann was rewarded for a consistent season taking out the Club Rookie of the Year.

The side will be very optimistic **about their chances for 2015** with Tom Martin taking over as coach and **Troy McKinnon taking up** the role as Director of Coaching.

In the B Grade the side went through the season undefeated becoming the first PAOCFC side to do so. It was a remarkable achievement by the team and showed the depth at the Club. **Henry Olsson took out the Best and Fairest** and was also rewarded **with the League Best and Fairest Medal. Max Burford was rewarded for making the step up to B Grade** with the Most Improved Award.

Our C Grade had an impressive season and took out the Grand

Final under lights at Thebarton against Golden Grove. Tim Sanders continues to dominate the division **and once again took out the Best and Fairest. This was the 5th premiership in 7 years for the side** and Nick Sanders was the only **player to have played in all 5 of these.**

The D Grade took out the Division 8 Reserves premiership in a game to remember against Hope Valley. The side trailed all day against the favourites but managed to take the lead deep into the last quarter **with a Harry Bilyk goal. Chaotic** celebratory scenes took place after the game and the side deserves a great deal of credit for the character they showed in achieving the win. Cameron Garry took out **the Best and Fairest with Jack Dent** runner up.

The E Grade in their first season managed to achieve a Grand Final appearance. Pembroke were the stand out team for the season and were too strong on Grand Final day but the side should be very proud of its achievements. Nick **Pemberton took out the Best and Fairest** while John Waltham was the Club Leading Goalkicker with **71 goals.**

The season will be also remembered for off field achievements as well with **two very successful Business Lunches** held at the Hackney Hotel. On the first occasion we held a pre Showdown lunch with Mark Ricciuto and Peter Rohde previewing the game before our **guest speaker Craig Kelly.**

For the second business lunch Wayne Phillips was our host and Greg Ritchie the guest speaker. We **managed to squeeze 165 members** of the Reds business community into the Hackney Hotel for the occasion.

Jim Parkinson and Geoff Prest **were jointly awarded the Best Club Man** while Mackenzie Jarvis was acknowledged for his hard work on the committee and with the A Grade by collecting the Headmasters Award.

We now look forward to the 2015 season and there is a great deal of optimism. We hope that the development of Park 9 will start

to gain momentum in the off season and look forward to the commencement of pre season with our new coaching team.

Michael Siciliano
Chairman

Prince Alfred Old Collegians' Hockey Club

PACHC had a tough year in 2014, losing a few key players from the 2013 season due to moving away from Adelaide, and new recruits also not being able to continue for the full year. The season ended with seven wins, one draw and ten losses to finish in seventh, thirteen points away from making finals. **The team scored 51 goals whilst conceding 53 for the year.** Hamish Eske was our leading goal scorer with nine goals. The award winners for 2014 were James McGregor **collecting his third Best and Fairest** and Patrick Sadlier winning Most Improved.

The Club thanks Tom Ricketts for his ongoing support as sponsor through the Seven Stars Hotel. We will again be fielding one team next season in the HockeySA Metro 3's division, with the season getting underway in April 2015.

If you are interested in either returning to hockey or continuing hockey after finishing school, **please contact Alex Chapman (M: 0418 313 630 and E: happy14@gmail.com).**

Alexander Chapman
Chairman

Prince Alfred Old Collegians' Soccer Club

The 2014 season was a very significant season for the Soccer Club both off and on the pitch.

This season the Soccer Club welcomed Old Scholars from the old East Adelaide FC. The Soccer Club now boasts three teams and **in excess of 50 registered players**, the vast majority of whom are Old Scholars.

The Soccer Club switched from competing in the Collegiate Soccer League to the South Australian Amateur Soccer League. All players enjoyed playing in the new league.

The Soccer Club's on field performance was very encouraging.

Both the A and B teams finished in the top 4 and were in contention for promotion right up until the end.

The 2014 Season saw significant developments in the Club's off field culture. The game attendances were significantly higher **than previous years, the Club** commenced hosting barbeques at home games and organized a number of social events with the Seymour College Old Collegians' Soccer Club.

The Club would like to thank its major sponsor Drake Supermarkets for their support in Season 2014. The Club would also like to thank the contributions made by our volunteers as without their support the Club would not exist.

The Club is looking for a coach for **the 2015 season. The position is a paid position.** If you are interested **please contact Will Katsambis, M: 0424 963 972 or Michael Chrisohoou, M: 0423470000 or E: michael.chrisohoou@gmail.com**

Michael Chrisohoou
Chairman

Prince Alfred Old Collegians' Squash Club

The 1st Year 1959-60 Inauguration

"At an informal discussion after the AGM of PAOC Football Club with P Lewis and R Catchpole, two squash players of repute, it was decided to try and find enough Old Scholars interested in squash and form a Squash Club.

Word was circulated by interested persons and a meeting was called **for March 16th, to be held at Newcombe's Squash Centre at 8.00pm.**

The meeting was declared open **by Norm Angel, President of the Association** and there was an **attendance of 17 Old Scholars.**

Messrs. Angel, Dalwood, Lathlean, Williams, Owen, Wallace, Catchpole,

Harbard, Marshall, Shepherd, Rook, I Roark, Isaacs, Horley, Newcombe, P Phillips, & Johnson.

Officers elected were: — Patron — **J A Dunning, President** — **N Angel, Secretary** — **P Dalwood,**

Treasurer — W Lathlean, Captain — R Catchpole

It was decided to practice at **Newcombe's and to enter 5 teams (4 per team) in the forthcoming Winter competition.** No successes were gained during the Winter but in the Summer season 2 of our teams played off in the finals but were both beaten.

Ross Catchpole won the Club Champ and was presented with a trophy presented by the President.

Members of our Club helped entertain members of the visiting English team. No actual committee meetings were held but the Club was run by the Sec & Treasurer with references to committee **when seen at Pennant Matches."**

This extract comes from the opening page of 'Prince Alfred Old Collegians Squash Rackets Club — The First Years' written by Peter Dalwood Snr. who died in 2000 and finished his squash playing career for the Old Scholars in 1986.

On 11 February 2014 the Club **turned 55.**

Over the last few years times have been tough for our Squash Club due in part to our pennant and internal competition teams being dispersed across metropolitan Adelaide while the Red Centre was under construction. Unfortunately most of the teams decided to remain with those respective clubs so from being one of the strongest clubs competing in the metropolitan competition with 12 pennant teams and winning a number of pennants including the **Premier League, this year we had 3 teams compete in the Autumn Pennant with a State 2 team currently in 4th place competing in the Spring Pennant.**

Currently the Club has one team competing at State 2 level and 20 social playing members and we are very keen to hear from old scholars at all levels of ability who are interested in joining our Club .

You're most welcome to phone our Club Secretary Mark Esau on 0418 **852 606 or Chairman Rex Wilson on 0412 813 415 for further details.**

Rex Wilson
Chairman

2014 Honours & Marriages

2014 Australia Day Honours

The Prince Alfred Old Collegians' Association congratulates the following Old Reds who were honoured in the 2014 Australia Day Honours:

Medal Of The Order Of Australia (OAM)

Mr Wayne R ANTHONY (1956)

For service to Indigenous Australians, and to the performing arts.

Mr David B CARTER (1937-39)

For service to the Families of Deceased Veterans.

Mr W Rex JORY (1956-59)

For service to journalism, and to the community of South Australia.

Mr Scott M McPHEE (2004-09)

For service to sport as a Gold medallist at the London 2012 Paralympic Games.

Member Of The Order Of Australia (AM)

Emeritus Professor Andrew L GILBERT (1962-68)

For significant service to pharmacy as an educator, researcher and administrator, and to professional organisations.

Dr Mark E GRYST (1959-71)

For significant service to dentistry through a range of clinical, research and educational roles, and to professional organisations.

2014 Queen's Birthday Honours

The Prince Alfred Old Collegians' Association congratulates the following Old Reds who were honoured in the 2014 Queen's Birthday Honours:

Member Of The Order Of Australia (AM)

Associate Professor Leslie G CLELAND (1954-63)

The objects of the Association are:

1. The furtherance of all that appertains to the welfare of Prince Alfred College.
2. The promotion of unity and friendship among the Old Scholars of the College.
3. The maintenance of the interest of Old Scholars of the College.

Old Boys' Week is observed annually in the last week of July.

Annual General Meeting 2015

The 137th Annual General Meeting of the Prince Alfred Old Collegians' Association will be held on Thursday 19 November 2015 at 6:00 pm in the Ashton Room, Level 1 of the main building at Prince Alfred College.

Members are requested to note this date in their diaries and make every endeavour to be present.

PAC Chronicles

In early 2013 the College Archivist, Mr Tony Aldous, approached the PAOCA seeking funding for the scanning of the College's Chronicles which date from 1884 to current. The PAOCA at their June 2013 meeting agreed to fund the scanning of all PAC Chronicles and is pleased to confirm that this project is complete. The Chronicles may be viewed on-line at www.paoca.com

The PAOCA wishes to thank Mr Tony Aldous for his dedication and commitment to this valuable project.

Archives

The College is very proud of its archives, which has grown over many years to provide a wonderful record of the College since 1869. Archivist, Mr Tony Aldous, is always keen to receive suitable material for the archives, whether it is old school photographs, programs or other items of memorabilia.

Mr Aldous can be contacted at the College on Monday & Wednesday, Tel: 8334 1239 or Email: taldous@pac.edu.au

Staff List

Teaching Staff

Mr J Allen (2014), B.Ed. (Middle and Secondary), B.Appl.Sc. (Human Movement and Health Studies) (UniSA)
