

Chronicle 2018

Thank you to those who helped in the production of the Chronicle 2018: Festival City Photography, James Knowler, and Ross Scrymgeour for the photography. To view and purchase College photographs of major events, class groups or images of Co-Curricular sports and music, please visit www.festivalphoto.com.au.

We are grateful to Elena Christianos, Chronicle Co-ordinator, and Printciple Source for their commitment in this production.

PRINCE ALFRED COLLEGE

OUR PURPOSE

We discover, nurture and develop the unique qualities of each boy to help him grow into an enterprising, confident and resilient man.

OUR BELIEFS

At Prince Alfred College we believe men have unique skills, talents and abilities. We believe it is their differences, not their similarities that need to be nurtured. We recognise that their traditional roles and responsibilities are changing. As a consequence, they need clarity, flexibility and a clear sense of purpose.

Our goal is to nurture and develop Princes Men:

- Men who know who they are, work hard and value their roles and contributions.
- And at the same time, to develop men with kindness, who care and support others.
- Men with empathy, humility and a respect for diversity, spirituality and the beliefs of others.
- Men who form strong networks and enduring relationships.
- Men with a sense of duty, honour and integrity.
- Men with courage and emotional strength.
- Men with a good sense of humour, confidence and self-reliance.
- Men with purpose and a capacity to contribute to a better world.

Director Finance	Mr C Tasborski (2014), CPA, B.Com (Flinders)
Director of Wambana	Mr DG Hobbs (2000), B.Appl.Sc. (RMIT), Grad.Dip.Ed. (Melbourne), M.Ed. (Monash)
Co-ordinator, Scotts Creek Outdoor Education Centre	Mr M Jensen (2008)

HEADMASTER'S REPORT

Bradley T Fenner
Headmaster

Our 2017 Year 12 results provided us with a third year of improvement, with a median ATAR of 87.55. This was a 1 percentile point increase on the previous year, consolidating our position amongst the leading boy cohorts in the State.

Similarly, our 2018 NAPLAN results improved across all years of testing - Years 3, 5, 7 and 9. Our overall improvement of 3.6% exceeded our targets and similarly positions our results well in relation to our competitor schools.

As one of the six objectives in our current Strategic Plan is to "raise academic expectations and performance across the College," these results are particularly pleasing. But these improvements did not come about by chance - they reflect a great deal of work by all of our teaching staff, and particularly Director of Teaching and Learning, Ben Evans, and his team of Assistant Directors and Academic Leaders.

Another of our strategic objectives is "to be a globally recognised leader in boys' education". This year we commissioned research into gender outcomes in the South Australian Certificate of Education. It demonstrated that, while girls outperform boys overall and across all subject areas, boys in boys' schools perform significantly better than boys in coeducational schools. Moreover, PAC's results place us at the top of the scale.

In line with this strategic objective, we utilised a bequest from an Old Scholar to establish the Max Lawton Boys' Education Endowment Fund. This fund will be used to support a range of projects specifically related to boys' education. In 2019, it will fund our first Max Lawton Visiting Fellow, with a visit from an American expert in boys' development and education, Dr Andrew Reiner.

Our enrolment numbers remain strong, with over 1,100 boys enrolled from Reception to Year 12. We have seen steady growth in our Secondary School over the last four years with an increase of 100 students to around 800. This has created some challenges in terms of space and classrooms, which we are currently addressing through planning for further development of our facilities in this area.

As I outlined last year, we have made some significant changes in the pastoral program in the Secondary School, as follows:

- The appointment of Shaun Oakey as Dean of Students to oversee wellbeing and pastoral programs throughout the Secondary School.
- Reduction in the size of our key pastoral care units, tutor groups, to between 12 and 16 students, to enable greater individual attention for each student.
- Further development of our taught curriculum within our pastoral care program to provide continuity, consistency and coverage of all key pastoral topics.

Our Co-Curricular program has continued to develop, with many successes in both sport and the performing arts. We won 10 of the 14 Intercollegiate sports in our traditional fixtures with our great friends and rivals, St Peter's College. Our teams also won, or finished runner-up, in a number of external competitions, including State Championships or equivalent. The redevelopment of the Prince Philip Theatre has seen a number of excellent

performances take place, including a fine production of the iconic play "Our Town" by Thornton Wilder.

2018 also saw the majority of the construction of our new boarding facility, on the other side of The Parade West, together with the installation of the new footbridge connecting the Boarding House with the main campus. The new facility, with accommodation for 150 boarders and seven staff, is a marvellous, state-of-the-art extension to our campus facilities. It also facilitates opening up the campus with the demolition of the existing boarding houses to take place later next year.

The ANZAC Hall is currently being renovated, with new seating, upgraded audio-visual facilities and improvements to the stage area to enhance performances. We are also expanding our facilities at Wambana with the construction of a new staff unit and first-aid centre, together with upgraded staff facilities.

Preparations for our Sesquicentenary year in 2019 have continued, with a program of events scheduled to celebrate this significant milestone. Our aim is to provide a range of activities and functions, which will engage as many of our wider community as possible. In April 2018, we welcomed HRH Prince Edward to Prince Alfred College, the fifth generation of the British Royal family to visit the College or attend one of our major events. This was a marvellous occasion which saw all sections of the school community and staff work together to provide an outstanding and memorable event.

As we now complete the third year of our five-year Strategic Plan, the College Council and Executive have recently reviewed our progress in achieving our strategic objectives. This process has affirmed our current Strategic Plan, whilst also developing additional strategies to achieve our key objectives.

In conclusion, I would like to acknowledge the Prince Alfred College Council, under the leadership of Chair, Mr John Keeves, for its outstanding leadership and governance of the College, which sees us in a very strong position and in good heart. I would like to acknowledge the College Executive Team for their leadership of their respective areas within the College, as well as working together in progressing our directions. I would like to thank and acknowledge our students and staff for an industrious and purposeful year, which sees us with much to celebrate in 2019.

PREPARATORY SCHOOL REPORT

Neil Andary

Head of Preparatory School / Deputy Headmaster

There are always mixed emotions as a school year closes. The boys are bigger, they appear more confident, more secure and more learned. There is always a year group that moves onto the next phase of their learning. 2018 was no different, and I am confident the boys have finished the year feeling successful. I say so because they have been prepared well.

Captain of the Arts, Roshan Ediriwirra, shared his thoughts on preparation in a speech to the School which offered a perspective worth sharing:

Most of us want to be successful. We want to be a good student, good sportsmen, good musicians and good artists. Later on, we dream of having good jobs, driving the best cars, owning nice houses, going on great holidays etc. But if we don't put in the effort, sweat and tears and prepare for what we want to achieve, how could we possibly achieve these things?

6

So, why is preparation so important?

1. *It helps to start well. When you prepare well, starting well is easy because you have put some work in before you start*
2. *It helps you understand the things you need to do and to work out where you need to improve, what you need to change or do differently. Sometimes it is also important to reflect on the work you have done or any setbacks that have occurred. This is preparation and planning for the future.*

It's not just enough to prepare - preparing well is also important. So how do we prepare well?

1. *Give yourself enough time*
2. *Understand what you are preparing for*
3. *Note all the things you have to do - if you have it written in front of you it makes it a lot easier to work on it*
4. *Set SMART goals - set specific realistic and timely goals that will help you achieve what you need*
5. *Focus and be disciplined about it: set a plan and set out to achieve it*
6. *Put as much detail in your plan as possible*

To finish off, I would like to leave you with a thought from Oprah Winfrey, who said "I believe luck is preparation meeting opportunity. If you hadn't been prepared when the opportunity came along, you wouldn't have been lucky."

2018 saw us focus heavily on preparation. In the ELC and Preparatory school, our teams have worked hard to ensure no stone is left unturned in our preparation and

consequently in helping our children be prepared. As the children progress through our school, we see a sense of self-belief, understanding and effort grow.

Preparatory Staff have worked hard to revisit our curriculum expectations and review the programs we offer over the last two years. This year, the outcome of that preparation was clearly evident in NAPLAN results and in the work the boys have produced throughout the year. The success of our academic progress has been consistent across all year levels.

There have been many highlights that show the pride the boys have in their school and themselves. In the next few pages, a photographic recount of some of these is on show. Events such as sports days, swimming carnival, exhibition and artsPACes provided highlights for some of the boys. For others, it was the performances at Assembly and Chapel or the school musical. Single studies music, choir and end of term band performances also provided highlights for the boys and parents.

We also celebrated the success of boys in a multitude of sport and Co-Curricular activities. These included a wakeboarding world champion, State Chess champion and IPSHA Poetry Recital champion and finalists. There were outstanding results in National Mathematics competitions and a number of State Literacy and Numeracy awards collected. We also had representatives at State and National level in swimming, indoor cricket, tennis, football, softball and cricket.

This year we introduced Arts Hour for Years 5 and 6. Boys learnt and performed Hip Hop, Tap, Theatre Sports, Singing, Ballroom Dancing and Stop Animation on a rotation and showcased their new-found skills to admiring audiences of parents and fellow students.

A special mention is deserved for the outstanding role that Director of Bands, Andrew Newhouse, has played in the advancement of bands and music in general over the last seventeen years. We wish Andrew well as he takes on a new challenge at Wilderness School in 2019.

We introduced a new sport and after school skill development program for our junior primary boys. This program was widely enjoyed by the boys and over the next few years, coupled with a specific focus on developing core strength capabilities, it will, I am sure, see more able athletes and students.

Late in the year, 1968 Preparatory School Captain, Dr Mark Ward Newman, visited the College and spoke to our boys about his time at school 50 years ago. He shared stories and even comments from his report card that outlined what school life was like for him and his peers. A highlight was Dr Newman sharing his cap with the boys and reflecting on how the lessons he learned at PAC have driven him during his life. His closing remarks were a reminder of the privilege it is to attend such a school:

As I get older, I often think how lucky I was to grow up in Adelaide and in particular how fortunate I was to go to school at PAC. We live in a country that offers us many more opportunities than in a lot of other countries, and this school is one of the very best in the country.

I loved my days at PAC. I am so grateful to my parents for providing me with the opportunity to attend this school. I hope that you enjoy your days at PAC as much as I did. Life in another 50 years from now will be different again. Be prepared for change, as nothing ever stays the same.

Your school years provide the foundation for you to be a better person. The lessons that you learn today should guide you right through your lives, whether it be your workplace, a sporting team or association, or with your relationships with your family and friends.

For the third year running, the results of our annual wellbeing survey showed our boys to have strong emotional health and wellbeing. With extra emphasis on developing the Princes Man, being your best and giving of your best, we continue to see boys learning how to be successful and enjoying the emotional health this brings.

Our Early Learning Centre (ELC) also enjoyed a full and engaging year. For those families in the ELC, we have produced a wonderful pictorial coffee table book as a lasting treasure of the year that was. This has been a labour of love for Teacher, Mel Bishop, and her efforts in producing the publication are to be commended.

So much credit must go to the strong and enduring leadership of the teaching staff in the ELC and Preparatory School who care deeply for the boys and their learning, no matter the activity. They are passionate and committed to the wellbeing and learning of every child.

The strength and support of our leadership team in Mr John Shackleton and Lisa Foster in the Preparatory School and Mrs Melanie Garland in the ELC have ensured the programmes we have implemented along with the day to day operations of the school have been well prepared and managed.

After two years of leave to care for her ageing father, long-serving Chinese teacher, Lihwa Chu, has resigned and relocated to continue to support him and her family. We thank Lihwa for her service to the school community and wish her well.

1 & 2: 2018 artsPACes

3 & 4: 1968 Preparatory School Captain Mark Newman, with 2018 Preparatory School Leaders

SECONDARY SCHOOL REPORT

Dr John Kinniburgh

Head of Secondary School / Deputy Headmaster

In 2018, there have been many things that have taken place within the Secondary School at Prince Alfred College, and which give us cause to acknowledge and celebrate. The boys have once again participated in a multitude of events and activities with great enthusiasm and spirit. In doing so, they continue to embrace the journey of the Princes Man, which it is hoped will provide the foundations necessary for life beyond school. The College continues to evolve with a very healthy enrolment of over 1,117 boys this year; an increase on last year. Irrespective of where each boy comes from, the College welcomes boys of all backgrounds and it is this diversity and inclusivity which adds to the wonderful fabric of a Princes education.

Following the Pastoral Care review that was undertaken in 2017, several key changes were made to the structure of the Secondary School with the appointment of Mr Shaun Oakey (Dean of Students), Mr Jeremy Rylatt (Head of Operations) and Mr Mark Dell'Oro (Head of Student Leadership and Management). These appointments have provided greater consistency in the delivery of pastoral care, school operations and student leadership this year. Furthermore, there has been a specific focus on the role of the Tutor as well as the taught wellbeing curriculum called the Princes Man Program. These areas will continue to provide us with a specific point of focus in 2019.

The year commenced with many boys returning to the College as well as many new boys, and their families, who were joining for the first time. A specific event was held called 'Meet the Tutor' day, which allowed families to establish a connection with their son's tutor at the start of the new year. This also provided an opportunity for the Tutor to hear about the student's hopes for the year and all the Tutors to share their own expectations. Several other key events provided an opportunity for parents to mix and socialise with the Middle and Senior School social evenings held in the garden of St Jacques.

At the start of the year, the whole school acknowledged Safer Internet Day by hosting cybersafety expert Susan McLean. Susan delivered several workshops to students about how to behave and act respectfully whilst online. As part of our ongoing commitment to supporting parents in this space, we engaged Susan to deliver a parent's masterclass on the risks and challenges of IT, mobile phones and social media, which was well

received. The secondary school also acknowledged the National Day of Action against Bullying and Violence on 16 March. In March, the College also hosted Steve Biddulph, world renowned speaker and author whose book "Raising Boys" has helped many parents and educators understand the stages of boyhood and how to raise boys who are gentle, caring and engaged.

Several other key events were also held early in the year. As is tradition, the Emeritus Assembly was held in Week 2. At this event, we invite our Year 12 leavers back to the College to present significant academic prizes following their examinations last year. This was once again an outstanding assembly with Anthony Rositano and Douglas Gerard being named joint Dux of the College. The Red and White Formal was held at the end of Term 1 and this was a stunning evening for our Year 11 and 12 boys, as well as their partners. Held again this year at the Adelaide Convention Centre, the theme was 'Carnival' and \$2,530 was raised for the chosen charity, "Hutt Street Centre", which was an outstanding achievement.

The College's cross-curricular and outdoor education program once again figured prominently in the lives of the boys at the College, particularly those in Years 7 to 9. Our Year 7 students again participated in the excellent eduCook program at 'Sprout', whilst boys in Years 7 and 8 enjoyed the stunning outdoor education program offered by Micha Jensen and his team at Scotts Creek. This included water-based activities and team challenges, adjacent to the Murray near Morgan.

Under the watchful eyes of Mr Dale Hobbs, Director of Wambana, our Year 9 students also participated in the Wambana experience at the College's Point Turton campus on the Yorke Peninsula. This unique program provides boys with an excellent experiential learning opportunity over a five week period and places a strong emphasis on character building activities. The boys completed a range of activities including a solo hike and reflective journal writing. Dale is working closely with the College to implement the recommendations outlined in last year's Polley review, and this includes some capital improvements that will take place next year. The details of this review continue to provide us with some key focus points to improve and develop the Wambana program.

A significant highlight for the College this year was the Royal visit by HRH Prince Edward, Earl of Wessex, in April. Whilst here to largely promote and celebrate the Duke of Edinburgh's Award scheme, he visited the College to unveil a marble plaque on the front of the main building. This was the fourth Royal visit to Prince Alfred following Prince Alfred in 1867, Prince Albert and Prince George (the future King George VI) and the Duke of Edinburgh, Prince Philip, in 1992.

The Princes Players Theatre Company this year presented 'Our Town' which is a 1938 metatheatrical three-act play by American playwright Thornton Wilder. The play, which was a stunning success, tells the story of the fictional American small town of Grover's Corners between 1901 and 1913 through the everyday lives of its citizens. Congratulations to all staff who contributed to this outstanding production. The Music Department also held several events including 'Princes Rock' Concert in August as well as the Mid-winter Music Night for our student performers.

This year, our swimming and athletics carnivals were well attended and supported by our boys. The boys also participated fully in the Summer and Winter Intercollegiate fixtures against St Peter's College. Once again, our boys acquitted themselves very well and displayed great sportsmanship across all age groups and games. Outstanding sporting and Co-Curricular achievements were acknowledged at several Honours and Colours assemblies throughout the year as well.

Early in Term 3 we held the annual 'Old Old Boys' assembly in the RED Centre. This outstanding event salutes the College's Old Scholars in a moving and heart lifting assembly. The process for selecting the College student leaders also commenced in Term 3. Under the guidance of Mr Mark Dell'Oro in his new role as Head of Student Leadership and Management, a thorough selection process took place resulting in the selection of 22 Prefects, each of whom were inducted at assembly. The boys, since their appointment, have been working tirelessly on several 'portfolios' which seek to support all students in the College. The selection process also resulted in three College Captains being appointed for 2018/19 they are:

- College Captain – Henry Hawkins
- College Co-Vice – Captain – Blake Favretto
- College Co-Vice – Captain – Samuel Bennetts

This year the College has continued to implement the Narragunnawali Reconciliation Action Plan under the guidance of our Indigenous Co-ordinator, Monica Magann. The 'Yaita Tita' group was established last year to provide an opportunity for our indigenous students to engage in educational activities including leadership development whilst at the same time mixing with

indigenous students from other schools. This program continues to develop and has resulted in several key events this year.

Prince Alfred College has always had a proud history of embracing international students. Under the careful guidance of Ms Mani White, our international student program has again flourished with over 17 students from China, Hong Kong, Saudi Arabia and Thailand. We greatly value the diversity that our international students bring to the College and they provide an enriching experience for all with whom they come into contact with. Harmony Day was also held on 22 March 2018 to celebrate the College's cultural diversity. A special assembly was held and there were several outstanding presentations from our international students.

The start of Term 4 also provided us with the opportunity to farewell our Year 12 students with a Valedictory Chapel service, assembly and dinner. Held at the Adelaide Oval, the evening was a lovely event and a fitting farewell for our senior students. At the event, College Captain Max Kirkby was awarded the Headmaster's medal and Luke D'Ortenzio delivered the Valedictory address. We wish all boys the very best for their final examinations and their future endeavours.

The Years 7 to 11 Prize Giving also occurred on the last day of Term 4. This is a major event on the College calendar and provides an opportunity to acknowledge and recognise outstanding student achievement. The event also included a Year in Review video as well as several outstanding performances by some of the College's brilliant musicians.

As 2018 draws to a close, it is appropriate to reflect on the diverse events and activities that have taken place and in which the boys at Princes have engaged. A Princes education is comprehensive in every way and it is a thrill to see so many embrace the opportunities that are available to them. There is an expectation on all boys to do their very best and to aspire to achieve high standards. Knowing what excellence looks like is important for all boys and it continues to be our pleasure to support students to achieve these objectives. I wish all boys the very best for the Christmas break and the commencement of the New Year.

ACADEMIC REPORT

Ben Evans

Director of Teaching and Learning

We are pleased to report on further improvements in academic performance for our graduating students, as well as many examples of academic success and endeavour from boys throughout the College.

The 2018 median ATAR score was 88.80, representing a fourth successive year of growth in this key academic measure. The median ATAR now stands a full six points higher than in 2014, meaning that academic results at Princes compare favourably with any boy cohort in the state.

Shine Wang was named as Dux of School for a perfect ATAR of 99.95 and was also awarded the Sir Thomas Elder Prize. In addition, Shine received six subject merits. Dejun (Jack) Cai was awarded the E B Colton Prize (Proxime Accessit to Dux of School) for an IB score of 44 (out of a possible points) an ATAR of 99.85 and six subject merits. Jack achieved the perfect score of seven in all of his academic subjects. 2018 School captain Max Kirkby received a Tuckwell Scholarship from ANU, with vice-captain Connor Kioussis and Ethan Lawson both awarded Excellence Scholarships at Bond University. Our co vice-captain Noah Miles is likely to take up a place at Harvard University, or another Ivy League destination.

The number of subject merits awarded to the Year 12 cohort also increased for the fourth successive year, with 63 merits achieved in 2018. This contrasts with 61 merits the previous year, 49 in 2016 and 39 in 2015. An increase of almost two thirds in the number of subject merits over a four year timeframe is an outstanding achievement and one that emphasises our commitment to genuine academic excellence and mastery of subject content.

I wrote a year ago that *'our mixed 2017 NAPLAN scores prove that this remains a work in progress'* and that *'it can take a little time for improved process to lead to improved results'*. We are delighted to report that the NAPLAN results for 2018 are very pleasing. Each of the four year levels tested showed improvement from 2017, with particularly significant increases in Years 3 and 5. The Year 3 results are the College's best ever, as are the Year 5 results. The Year 7 results are the best since the first year of NAPLAN (in 2008) and the Year 9 results are the third best ever.

Two years of progress in the areas of Maths and English are represented by between 39 and 78 'NAPLAN points'. We have increased scores in Years 3 and 5 by around 30 points in 2018, and this places our academic gains in the correct context. We can improve NAPLAN scores by concentrating primarily on effective teaching and on test preparation and a commitment to the seriousness of the tests as secondary measures. NAPLAN testing should never be invasive, but it remains a useful metric to judge student progress in the key areas of English and Mathematics.

We introduced weekly tutor group reading in 2018 with the aim that all boys should read around 25 more books during their time in the Secondary School than may otherwise be the case. The books are selected to be of genuine literary merit and also to represent texts and authors that boys may not come across in the ordinary scheme of things.

To quote cognitive scientist Daniel Willingham, 'Reading tests are often just knowledge tests in disguise'. Indeed, fluency in reading and understanding comes from the ability to understand context and pick up on allusions. We have expanded our approach to academic enrichment in 2018, and now have over 150 boys enrolled in the program. A dozen or so teachers are responsible for delivering the program, which enables boys to make natural connections between various subjects and areas of knowledge.

During our 2019 extension program, a selection of our Year 8 boys will be studying the 'Banality of Evil'; the art of Stanley Spencer; the siege of Leningrad; European modernism; Why sport matters; the *Weird Tales* of H P Lovecraft and the Beauty of Death. One of our Year 12 groups will be introduced to, and explore for themselves, the science of addition and memory; the photojournalism of Hoda Afshar; collaborative poetry; Beckett's *Godot*; Ian Curtis and Joy Division and the relationship between art and mental illness with a case study of van Gogh. Learning is always more joyful when there is no assessment task attached. Our youngest boys possess an insatiable curiosity and providing structure and rigour to channel this curiosity is essential. As boys get older, we need to work hard not to allow their natural curiosity to become submerged by an overly pragmatic view of education. Means are at least as important as ends.

Our students have achieved considerable success in academic competitions, and the following selection highlights a breadth of achievement in Mathematics, Science, Humanities and the Arts.

The Australian Mathematics Olympiad (AMO) Competition is a four-hour senior examination open to students by invitation only from the Mathematics Olympiad Committee, with no more than one hundred students being invited nationally. Steve Wu received a bronze medal and Andy Wu an Honourable Mention in 2018; Preshaan Thavarajah and Steve Wu have also been invited to sit this year's AMO in February.

The Australian Intermediate Mathematics Olympiad (AIMO) is the most challenging mathematics competition offered to Australian students in Year 10 or below. In 2018 Preshaan, Dinan Perera and Dongwoo Shin were all awarded distinctions.

In the Australian Mathematics Competition (AMC), Preshaan was awarded a prize for the top performing student in South Australia, with Mark Jiang and Hoon Kang (Years 7 and 8 respectively) being recognised in the top three in the state of their divisions. Oscar Wang in Year 6 earned a highly coveted prize for being placed equal sixth.

Students from Prince Alfred College have received 83 credits or better in the AMC over the last two years, an increase of around 50% on preceding years. It is also pleasing to note that the number of boys in the Preparatory School awarded distinctions and credits has increased markedly in the last two years, tallying with our recent NAPLAN improvements.

Harry Edwards in Year 6 was named as a finalist in the Young Writers' Award for 2018. His short story, *Harry and the Time Machine*, was worthy of H G Wells himself.

Boys from Years 5, 6, 7 and 9 once again competed in the Da Vinci Decathlon, the state's premier competition for academic agility. The Year 9 boys were placed second in Art and Poetry and third for English. The boys in Year 7 were placed first for Science and second for Mathematics. The boys in Years 5 and 6 were placed fourth for Mathematics. We aim to reclaim our state title (in at least one age category) in 2019.

Fifteen boys across Years 7 to 10 were awarded High Distinctions for their performance in the online Big Science competition, with Dylan Holland in Year 9 scoring the highest individual score of 28 out of 30.

There were over 1,000 entries for the science investigation awards and three boys from Year 7 (Aditya Ghai, Max Thomas and Henry Pontifex) were awarded prizes for their investigations and accompanying posters. Aditya was placed first for his expertly designed and realised *Sun Tracking Solar Panel*.

13 boys received High Distinctions in the Australian National Chemistry Quiz, a competition for Year 11 students. William Smart received the highest mark overall, being placed in the 99th percentile in the state and 98th percentile nationally when compared to all participants.

Harry Shum (Year 12, 2017) was announced in February as the winner of the Bright Awards graphic design section, a nationwide design competition for senior secondary students.

The National History and Geography Competitions are the major competitions in these subjects for students up to and including Year 10. Year 9 student Rory Rasumussen excelled in the History competition, achieving a High Distinction (88%) and being placed equal first in South Australia. Not to be outdone, Jason Gong in Year 10 was judged top of the state in the Australian Geography Competition.

2018 saw the awarding of the inaugural Helpmann Prizes for the best performances in academic Drama. The twin recipients were Angus Brill-Reed of Year 8, for his portrayal of Algernon Moncrieff in Oscar Wilde's *The Importance of Being Earnest*; and Dylan Holland of Year 9, for his performance as Claude Riviere from *Is He Dead?* by Mark Twain.

The standard for 2018's King's Speech Competition was very high, and after twenty speeches from students across the age range, the finest orators (and winners of the Lionel Logue Awards) were judged to be Nicholas Henchcliffe, Anthony Pham and Jackson Miller for the Preparatory, Middle and Senior School divisions respectively.

Thomas Dodsworth and Luke Bardy (both Year 12, 2018) represented PAC in the UN Youth South Australia Evatt competition. The boys progressed through the preliminary round in August and the semi-final in early September. On 15 September, they represented Poland in the state's Grand Final and were placed second in the state overall. They were also selected as one of three teams to represent South Australia at this year's National Evatt Competition at the very end of the year in Hobart.

EMERITUS AWARDS 2018

PASTORAL REPORT

Shaun Oakey
Dean of Students

I would like to thank the 2018 team of pastoral leaders (Year Level Co-ordinators) who have not only assisted me in my new position as Dean of Students, but who have consistently cared for, supported and together with our team of tutors, nurtured the development of character in our boys at the College. The Year Level Co-ordinators this year have been:

- | | |
|-------------------------|---------|
| ■ Ms Laura Townsend | Year 7 |
| ■ Mr Peter Bubner | Year 8 |
| ■ Mr Roberto Colaiacovo | Year 9 |
| ■ Mr Andrew Stace | Year 10 |
| ■ Mr Scott Parker | Year 11 |
| ■ Mr Andrew MacGregor | Year 12 |

2018 has been an exciting year for Pastoral Care and Student Wellbeing with continuation of many of the traditional Middle School pastoral activities such as eduKart and eduCook, (Years 7 and 8) the Scotts Creek Camps (Years 7 and 8) and Wambana, (Year 9), but also the introduction of new initiatives and guest speakers including a visit to the College by Steve Biddulph.

Our Senior School students were treated to the wit and good advice of Paul Dillon on themes such as 'Safe Partying' and 'Drugs and Alcohol awareness.' Our Year 10 and 11 students also experienced the very important Road Awareness Programs just at the time many are thinking of or setting about acquiring their licenses.

We also started the year with a study of cybersafety and the digital world, with Susan McLean visiting the College to speak to our different year levels about online behaviours, etiquette and tips for protecting our online identities. This is a rapidly developing field and an area that we will continue to give great attention to.

2018 has also been a year of review and development of our Character and Wellbeing Program which seeks to develop our Princes Men as they journey through the College from Years 7 to 12. There has been much work behind the scenes and with the boys to introduce a streamlined Character Vocabulary, a vocabulary that our boys can understand and relate to. The taught 'Princes Man' course is not about the school telling the boys how to be good people. Rather, it is about the school providing boys with opportunities to find this out for themselves. As part of a survey on this, the boys overwhelmingly felt that kindness, honesty and gratitude among others were of key importance.

Our pastoral team want to encourage our boys to act virtuously, to develop practical wisdom and to go out and seek opportunities to act virtuously. We feel very strongly that the latter (that is, the seeking of opportunity) takes place across the whole school, through pastoral engagement, Co-Curricular activity and in the classroom. The new Princes Man program incorporates this opportunity to discuss situations, study films, read stories, listen to guest speakers and actively participate in helping others through service and charitable events. There is still some work to do with this in 2019, but 2018 has been an important year of development and I thank both the outgoing Year 12 Prefects of 2018 and the new incoming prefects for all their assistance, comments and advice so far.

COLLEGE CAPTAIN'S REPORT

Max Kirkby
College Captain 2018

2018 has been marked by an increasingly cohesive student body and the improvement of intercollegiate relations with St Peter's College. It is these character developing aspects to a PAC education which ensure its moral and academic preparation continues to remain as strong as ever.

Being a 'Princes Man' has been exemplified across the College throughout the academic year. It is clear that boys enjoy the unrivalled sense of comradeship and mateship. It is this mateship which student leadership at the College seeks to continually improve. In this regard, PAC has seen measured progress in many aspects of student life.

Our sporting program has continued to go from strength to strength. The summer intercol saw the Firsts teams triumph in cricket, tennis and swimming, with an outstanding innings and 32 run victory by the First XI. The winter program saw us collect a dominant 6-2 margin of victory, exemplified by performances in Hockey, Basketball, Soccer, Football and Rugby. These victories by our Year 12 students have inspired boys all across the College, with recent success in the football program leading to a record number of players.

Our intercol program has however been directed through the implementation of the 'Intercollegiate Code of Conduct', based on the principles of the Princes Man. Through this initiative, the Prefect body aimed to further refine the tradition and history associated with the rivalry between PAC and St Peter's College, ensuring the contest could be conducted on respectful, but passionate grounds. While this has been a measured step in the right direction, it is important to note the progress that is still to be made.

The many Co-Curricular pursuits have also made PAC a home to the arts. Our performing art programs have flourished under the direction of Ms Paula Little, including the meticulous recreation of Our Town. This creative future was further reinforced through the launch of the 'PAC Players Company', marking a new era for drama at the College. The band program has also continued to go from strength to strength, with success at Generations in Jazz. Big Band 1 managed to receive an honourable mention in Division 1, placing fourth out of the nine best bands of the country, while PAC was recognised as winning the ABODA festival as best senior band.

It is also important to recognise the work of the Prefect Body in 2018, with the group initiating a number of programs throughout the school. These have included the work of the prep portfolio in the ELC and Preparatory Assemblies, the Gender Equity initiative with Wilderness, the Digital Age discussion spaces with Seymour College and a revamped house and SRC structure. The year also saw PAC raise in excess of \$32,000 for the Leukemia Foundation via the World's Greatest Shave, including the shaving of Headmaster Mr Bradley Fenner.

I would also like to express my gratitude to all involved with student leadership at the school, including Mr Dell'Oro, Mr Kinniburgh and Mr Fenner, as well as the continued support of my subject teachers.

Serving as College Captain for 2018 has been an honour. The cohesiveness of the student body, coming together as a Middle and Senior School in support of the College, has been inspiring and a pleasure to watch. I cannot express how proud I am of the Princes community to this day, especially in light of the 150th celebrations next year. *Fac Fortia Et Patere.*

Darryl Attiwill

Darryl commenced at Prince Alfred College in 2010 as Catering Manager as we moved to insource our Catering functions. Darryl has overseen the expansion of the Catering Function during that time as well as assisting the College in the transition to the new Dining Hall in 2017. In his new role as Catering Manager he managed a large team across the College and oversaw the catering to the many events the College undertakes. Darryl was well thought of throughout the College, particularly within Boarding, but more broadly in a role that crossed every area of the College. A well-respected member of the College, he resigned in June 2018 to pursue opportunities elsewhere and we wish him the very best for the future.

Lihwa Chu

Lihwa served the Prince Alfred College community for thirteen and a half years as Teacher of Chinese. During this time she was instrumental in supporting new initiatives in Chinese teaching and for two years worked closely with the University of Adelaide to design and develop a tailored program for our boys.

Lihwa deeply appreciated and valued the support, opportunities, skills, knowledge, and professional growth during her teaching at PAC. Lihwa resigned to continue to care for her aging father. We thank Lihwa for her service to PAC and wish her well in her future endeavours.

Pip Cooper

Pip joined Prince Alfred College in 1999, joining the team in Junior Primary, and quickly became known for her busy, stimulating and purposeful classroom environment and happy, engaged boys. After six years in Junior Primary, Pip was able to more deeply indulge her love of learning through play and understandings of the Reggio Emilia approach by joining the Little Princes Kindergarten team, and then moved with them to the current

Early Learning Centre nine years ago (with a few sojourns back to the Preparatory School across the years). Always an advocate for the importance of the early years, Pip was able to meld this dedication to excellent Early Childhood pedagogy with fun, love and joy. In the last twenty years Pip truly took every one of her students to her heart, understanding that relationships are the key to shaping children's learning. Her loyalty to 'her' boys is now often reciprocated as many walk across from the Senior School to find her to say goodbye when they finish in Year 12. At the ELC, Pip is renowned for her projects, no idea is too big or task too insurmountable, and in recent years she has been able to channel this can-do attitude into assisting other educators in her role as Educational Leader. Pip will leave us to take up a fantastic opportunity in Early Years at Emmaus College. We know that it was a difficult decision to make but know that she will take her positivity, loyalty and boundless energy with her.

Vanessa Di Biase

Vanessa joined Prince Alfred College in 2009 and immediately made her impact felt by demonstrating high-calibre Art and Design knowledge in her chosen areas. She was a most accomplished educator and had the ability to relate to virtually every kind of boy, whatever their interest level and ability in the subject. Vanessa was also gifted in getting the best from the students in the class. As well as sporting a great smile, her incredible propensity for hard work and industriousness made her a very loved and respected member of staff. Vanessa would remain behind on most evenings, preparing and marking work as well as frequently holding weekend and holiday sessions for her senior students. Vanessa will be greatly missed by all, especially her closer work colleagues, and we wish her well to a quieter family life in the Barossa Valley with baby, Alessio, and husband, Robbie.

Araminta Dunstone

Araminta, better known as Minty, commenced at Prince Alfred College in 2014 in the role as Finance Officer overseeing the Accounts Payable function of the College. During the last four years Minty has become a highly valued member of the finance department and a well-liked and respected member of the broader Prince Alfred community. One of Minty's greatest achievements during her time at the College was the successful completion of the CPA Program in 2017. Minty managed this postgraduate study commitment on top of an ever expanding AP function which is a testament to her professionalism and organisational skills. In late 2018 Minty accepted a finance role at software company, Sine, and on behalf of the PAC Community, and in particular the PAC Finance Department, we thank Minty for her contribution over the last four years and wish her well in all future endeavours.

Paul Griffiths

Paul joined the college in 2015 as the Director ICT. Building on the ICT team's previous works, Paul quickly took on setting the direction and gaining the trust and respect of his team and the boarder college community. In all faculties and areas of the College, Paul quickly built a reputation for excellence for himself and the whole ICT department, bringing out the best of each team member and achieving real and measurable results for teachers and students alike. Paul's commitment to excellence, his expertise and experience has left a lasting impact on the successful use of technology across the school. Early in 2018, Paul was approached to take on a role outside the college managing a much larger team, an opportunity that saw him leave us in March this year. Paul's approachable and friendly manner will see him remembered by everyone who worked with him as a person to go to when you had an idea or needed to get something done.

Jarrad Hirschausen

Jarrad joined the college in 2009 and has been a person of note in the Mathematics faculty. Students under his tutelage have received Merits in the SACE and 7s in IB.

During his tenure he has contributed to Co-Curricular tennis and squash and was also a most welcome addition to the staff versus students tug-of-war team on sports days. He will be remembered by staff for his infamous coffee choice (quadruple shot espresso, three sugars and a dash of milk), his passion for drumming and love of traditional Jazz.

The students in his care will miss their discussions with the Hirsch about, amongst other things, theoretical physics and higher level mathematics; an aspect of his role here that Jarrad has valued highly. We wish Jarrad all the best as he embarks on his next chapter in the pursuit of further knowledge via postgraduate study in Medical Physics.

Julie Ledgard

Julie retired at the end of this year after eight years of service as part of the Housekeeping team. As a well-liked and respected team member she consistently produced a high standard of cleaning and displayed great pride in her work; mainly within the Main Building and Boarding Houses. Her amiable personality and her positive input was always welcomed and well received. We thank Julie for her commitment and consistent level of service as part of this high performing team and wish her well for the future.

Caroline Lenman

Caroline, School Nurse (RN), retired after 17 years of caring dedication to the role. Caroline was committed to ensuring each boy received the best possible health care while they were at school. Her position as School Nurse saw her interact with all areas of the College and she seized any

opportunity to share her wealth of nursing knowledge and health promotion skills with students, staff and parents alike.

She was instrumental in launching the health databases and standard protocols in the Health Centre as the role transformed from a basic first aid purpose to a proactive and integrated health service for the whole school. Caroline's strong values and organisational abilities ensured she was deeply respected, especially by the boarding community.

Caroline is a highly regarded nurse and has made a memorable contribution to the College. Her passion, enthusiasm and tireless devotion to her role will be greatly missed. We wish her all the very best for this next chapter in her life.

Andrew Newhouse

Andrew began his career at PAC as a trumpet tutor in 1995 working with Pam Freeman, then Director of Music and Artistic Performance. His love for jazz inspired many boys in the early days, and in 1998 he and Pam took the first PAC band to Generations in Jazz at Mount Gambier. Although the tour had a shaky start with the school bus breaking down before they had left the school gates, that band's success ensured another band at PAC soon followed. Andrew has worked since then with a dedication to his role that is legendary. He is collegiate in his efforts and painstaking in his attention to detail. Many boys have grown up in the band program at PAC - one of the best in any school in South Australia. Performing and learning with the band program from Year 4 has instilled a clear sense of belonging and respect in Princes' musicians. It has been an outlet for talent and a hub for musical innovation, creating a culture of commitment which boys speak of highly. Andrew's high expectations and unwavering standards ensure the ongoing success of the bands. He is firm, fair and aspires for every

boy to achieve. His colourful socks and equally colourful character will be remembered fondly. Andrew's musical legacy is thus far unmatched, and the success of the bands program will go down in Princes' long history.

Christophe Pasquier

Christophe joined Prince Alfred College in 2016 as Head of Languages, and despite his relatively short tenure, departs as one of the longest serving members of the faculty. Christophe is an experienced teacher, in both South and Western Australia, and he leaves us to pursue other interests out west; we wish him every success. He has proved popular with the boys and earned his teaching spurs early during his time at the College. He masterminded 'Languages Week', which proved very popular with its focus on food and sports and he even donned a beret with typical Gallic flair. Christophe's management style has been light-touch, and this has allowed individuals to find their style and develop under his tutelage.

Nick Raimondo

Michel de Montaigne said that 'the most certain sign of wisdom is cheerfulness', and if this is true, Nick has indeed attained enlightenment. Nick joined Prince Alfred College from the tertiary sector, and he was able to adapt seamlessly from UniSA to Princes. Nick is an excellent teacher, both in the Design/Technology faculty and latterly in Research Project, enabling boys to achieve stellar results due to his insistence on high standards, always backed up with careful guidance and support. He has contributed widely to overall academic strategy, firstly with responsibility for education in the Middle Years and latterly as SACE co-ordinator. Nick has brought a mix of organisational competence and strategic insight to both roles and his obvious legacy is that much of what he has put in place will continue for years to come. Nick is a true intellectual, and his Past visions of the future extension course for

our Year 11 boys was a masterpiece in cultural polymath-ery. He has project-managed Daymap for the last three years, and its staggered rollout proves that Nick is able to manage both short and medium strategy. St John's gain is most definitely Princes' loss and we wish him all the very best as he moves into senior academic leadership, a position for which he is eminently suited.

Matthew Rawes

Matt has very ably managed and developed Admissions at the College for the past seven years. During this time he has continued to add value to procedures and systems and as result has ensured a pattern of increasing overall enrolments, to the point that the College is currently at record student numbers.

Matt is a highly regarded operator within the admissions ranks outside of PAC both locally and internationally. He is also a strong advocate for education in South Australia - one could say "parochial". Although highly competitive by nature (both professionally and personally), on numerous occasions I have been approached by his opposites from other schools at various events who pass on their thanks to Matt for the professional support, encouragement and wisdom he unselfishly shares.

Drawn from Maori Culture this proverb sums up a large part of what drives Matt:

He aha te mea nui o te ao

(What is the most important thing in the world?)

He tangata, he tangata, he tangata

(It is the people, it is the people, it is the people)

Although sad to lose the talents that we all appreciate Matt possesses, we are thrilled that Matt's efforts, knowledge and skills have been recognised through his appointment to this new leadership role as Manager of International Business in DECD.

Even though we will celebrate your time with us and your new role nearer the time of your leaving over the term break, on behalf of us all, I would like to take this opportunity thank you for the many contributions you have made to the College and wish you and your family all the very best for the future.

Owen Rowsell

Owen commenced at Prince Alfred College in 2014 as a Wambana staff member. Owen's passion for the outdoors and particularly the ocean saw him lead the aquatics program at Wambana. During his time at Wambana Owen made a big impact on students and their attitudes towards the marine environment. His ability to teach students the skills and knowledge of surfing was first class. Owen dedicated his time to improve the health and well-being of boys and was considered a strong role model for boys in his care. Owen was appointed as a Teacher at Scotch College in Term 2, 2018. We wish Owen all the best in his new role.

Peter Sillett

Peter commenced working at PAC on 10 July 1989. During the past 29 years Peter has had many job roles. He was appointed as a Laboratory Assistant working in the Physics lab. Over time he moved to working across all the areas in the Science Faculty.

Peter soon made contact with the Technology and Design faculties and his many talents were soon put to good use in the Sunboat 1 & 2 Solar Boat programs. His skills in electronics, wiring of solar panels, motors, controllers and manual boat building skills were invaluable in making these two projects successful. Peter was involved as a staff crew member on both boats during the three World Record setting expeditions we attempted from 1991 to 1999.

Peter was an integral team member of Paul Balestrin's Solar Bike Racing Team that designed, built and raced four solar powered cycles in the World Solar Bike Competition. Peter was the electrical man, bus driver, cook and bottle washer for the teams.

For most of his years at Prince Alfred College Peter oversaw the Hall Squad; the ever-changing team of boys who 'live in' the bio box of ANZAC Hall, teaching them valuable skills in sound, lighting, setting up for assemblies, musicals, drama productions and assisting outside hirers of the facility.

Peter was the 'go to' bus driver at the College. He worked for a time in the library, spending a great deal of time transferring VHS tapes to digital format; the pre-cursor to 'Clikview'. In recent years Peter moved to the Art, Design & Technology Faculty as the maintenance man, store man, material purchaser and bookkeeper. His contribution has been valued by the faculty. He took on a lot of the extra work needed to do to keep eleven workshops and three art/design areas working efficiently.

During his 29 years at the College, Peter has also contributed to Field Days, Boat Shows and Australian Science Festival in Canberra promoting the Sunboat 1 & 2. Peter has spent countless unpaid hours doing things that help make this busy College run so efficiently. He will be missed.

There is little doubt that Peter made a memorable contribution to PAC and he will be remembered fondly for his quirky character, his caring, helpful approach and his strong commitment to Christian values. We wish Peter and Jan all the best for their well-deserved retirement.

CHAPLAIN'S REPORT

Reverend Mark Dickens
College Chaplain

One's journey through life is marked by events which shape the life for that person. This so for each of us. It is the also the same for chaplaincy within the College. There are events that come and go, some of them run-of-the-mill and others unique and individual, that mark the year. Each of them leave their own impact and contribute to the shaping of lives, but not always in ways that can be seen.

Alongside assemblies, Chapel services serve to bring the community together either in its entirety, such as with the Easter Service, or sections of the College, such as the End of Year Chapel Service for the Secondary School. In the Preparatory School, the commencement and ending of each term brings all the boys together in the chapel to mark the occasion, while throughout the term the Junior boys, Reception to Year 2, and upper primary classes, Years 3 to 6, gather separately each week for a service that incorporates a class-led, values-based message.

Special occasion services include National Reconciliation Week, ANZAC and Remembrance Day commemorations, the Prince Alfred Old Collegians Association Annual Service, Victory in the Pacific Day commemoration (formerly the Ex-Prisoners of War Association of SA service), the Lessons and Carols Service in the last week of term, and others.

With the refurbishment of ANZAC Hall taking place in Term 4, the Reception to Year 2 Nativity was held in the Wesley Kent Town Uniting Church this year. With the backdrop of the organ and pipes, built in 1898, this annual event continued to be a much-loved presentation of the nativity story by the boys. In conjunction with this event, a presentation of donated food items was made to Ms Sue Pastro, the Emergency Relief Co-ordinator at UnitingCare Wesley Bowden. UCWB welcomed our support in anticipation of assisting over 300 families with food hampers in the lead up to Christmas.

A personal highlight for me as College Chaplain was the opportunity to attend the triennial conference of the Asia-Pacific Association of Methodist-related Educational Institutions in Lucknow, India. The theme of the conference was Building Communities for Peace; Making Peace Peacefully. Bringing together educators from schools and universities, this provided an opportunity to network with delegates throughout the region, and extend friendships established with people I met last year at the International Association of Methodist Schools Colleges and Universities conference.

ELC AND PREPARATORY SCHOOL

EARLY LEARNING CENTRE

Langley Room

The Langley children undertook a project of exploration based on colour in response to their musings. The children were provided with a variety of provocations aimed to deepen their connection to colour in the world around them. They were offered a variety of puzzles, texts, sensory and cooking experiences, and art and science investigations to explore in an open-ended way. The artsPACes event offered an opportunity for the children to showcase some of their individual and collaborative pieces of visual art.

Wilkins Room

In the Wilkins Room, we weave our Units of Inquiry through and around the focus books we read each week. The curriculum evolves around the lens of the shared story and many children extend upon these ideas in their play. We read for information like learning more about our class Monarch butterfly, know more about a recipe for cooking or imagining a different world. Our favourite books to read are 'We're Going On A Bear Hunt', 'The Very Hungry Caterpillar' and 'The Green Sheep'. Many children find comfort in our reading area to relax and flick through a book or two helping their minds and bodies transition into sleep.

Cooper Room

The Cooper children worked on a collaborative art project in Term 3, sparked by an interest in rainbows and subsequently sea creatures in particular the 'Colossal Squid', drawn by Liam W. We inquired into what makes sea creatures thrive in the ocean and used every step of

1: artsPACes collaborative colour installation

2: Harvey Yeo

4: Sybilla Piccione and Hugo Altmann sharing a story

5: The Cooper Class Colossal Squid Seaworld Project

6: Aleah Fenton, Charlie Siciliano, Ezra Spiers and Liam Williams preparing the backdrop of the Colossal Squid.

the project to engage our senses through the offerings of process art, nature walks, family projects and science experiments. We proudly chose to showcase this piece for artsPACes 2018.

Mead Room

This year the Mead children have shown a strong interest in colour and colour mixing. The children thought scientifically as they examined colours, testing out their hypothesis and recording their findings when they mixed colours together. We created a graph to record discussions about their favourite colour and to determine what the most popular colour in the class was. To extend the children's thinking further, we introduced the concept of shades of colours with a focus on lighter and darker. We explored how to make colours lighter and darker and engaged with a range of opportunities to match, sort and identify shades. To support this investigation into colour, we used the book "Mix It Up" by Herve Tullet.

Mattingley Room

In the Mattingley Room, our interest in Sustainability was piqued when we noticed that we were running out of paper towel in our bathroom over and over again. We observed that sometimes Mattingley friends were using A LOT of paper when they dried their hands. Did we need to use so much paper? What could we do? We collectively decided to just use one each! Our 'One Paper Challenge' sparked an interest in how we can be more sustainable in our ELC environment. We began to notice the recycling symbol as we discussed how recycling 'changes something to something else' and then we use it again, (Ava, aged 3.6). We fed the chickens with plants grown in our ELC garden, scraps from the ELC kitchen, and collected their eggs as well. The drought experienced by farmers in our rural areas added a strong

7: Mead class conducts a colour experiment

8: Hugo Gerlach uses colour paddles to make new colours

9: Hunter Campbell, Johnny Yue, Harry Denton and Owen Rawlings collecting eggs

10: The Mattingley class pledging their support for the One Paper Challenge

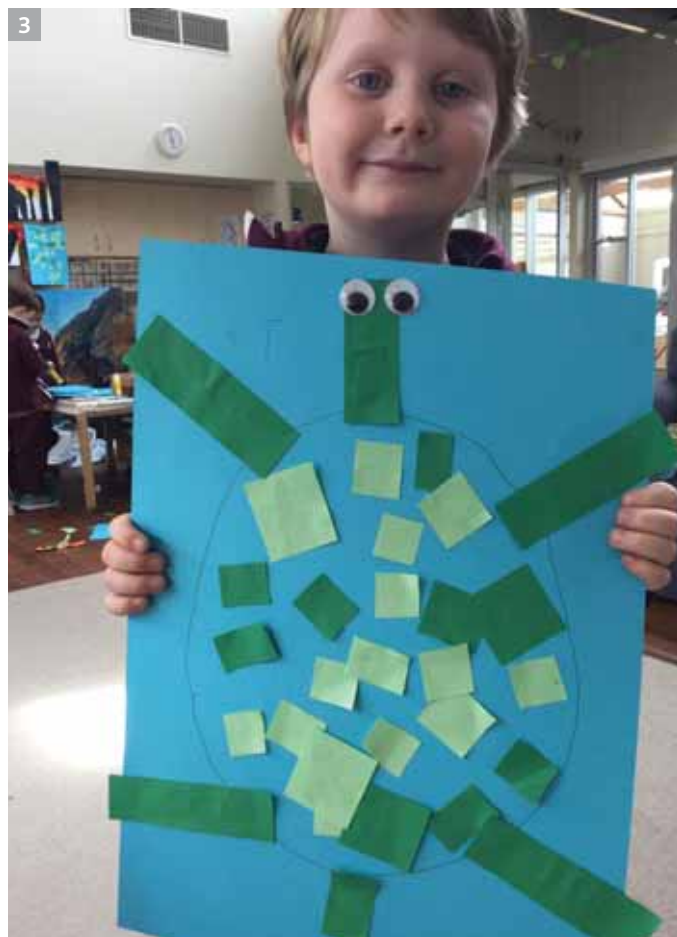

desire for many children to articulate their ideas and strategies to save water. In these hands-on experiences our youngest citizens were demonstrating awareness of their impact on the environment and ways to minimise it.

Edgerley Room

The Edgerley children wondered why we have a College crest and what it means. Some children offered different suggestions such as "it is a symbol", "it is the ELC's symbol", "it has a crown which means the king", "it has a cross, and sea shells", "it has numbers to say how old it is". We explored the College grounds to see if we could find any more. What alert eyes we had! We found symbol on signs, buildings, flags and even on school staff's uniforms. This led us into thinking about what our crest symbolises and the children decided it meant we are all part of the Prince Alfred College community. They soon realised they also belonged to many different communities such as the Edgerley class community, other Kindy communities, swimming lesson communities, families, and sporting house communities. We concluded that being part of a community meant being kind, helpful and welcoming to others.

Chapple Room

In the Chapple room we aim to prepare the children for school, whilst still giving them the opportunity to be four. We use the ideas of Belonging, Being and Becoming from the Early Years Learning Framework (EYLF) and structure the experiences so that they are enjoyable for the children whilst at the same time developing their learning. Throughout the year the children developed their phonetic awareness through rhyme and initial sounds. They made turtles and giant ants, acted in front of a green screen, engaged in cooking experiences, and wrote a class book following Mr Andary's provocation to the class - "Do snails smell?"

- 1: The Edgerley children discover the College crest on a hunt around the school grounds
- 2: Lewis Faulkner illustrates the College crest
- 3: Hamish Hewitt and his turtle
- 4: Quinn Gavin, Joshua Day and William Day act in front of the Green Screen
- 5: Kaeshav Rajasekaran and Mack Opie sorting a collection of feathers
- 6: Stirling Ratzmer, Ruby Le, Lola Hoffman and Sofia Gubatine investigate the causes of natural disasters
- 7: Parker Loi, Phoenix Taylor, Jaiyen Landers and Leonardo Scott testing and experimenting with a co-operatively made marble run

Angwin Room

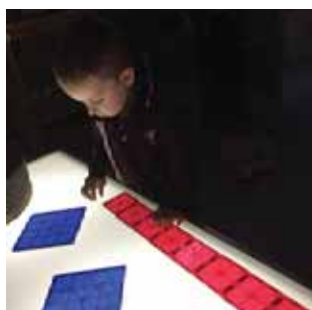

We have had many wonderful days in the Angwin classroom this year working together and inspiring each other to explore new opportunities and to make sense of the world around us. The Angwin children have developed many new skills which will stand them in good stead for their adventures to school next year. They have worked diligently with each other in a supportive learning community which has given them a sense of agency and encouraged them to test and push their own boundaries. They have collaborated on group projects, involved their peers in developing their theories whilst immersing themselves in rich and meaningful play. Observational opportunities have inspired the children's mark making and developed their literacy and numeracy skills. They have recorded their ideas on paper, used photos and objects and shared their learning in group discussions.

PREPARATORY SCHOOL CAPTAIN'S REPORT

Thomas Henchliffe

Preparatory School Captain 2018

Despite the unpredictable weather for many of our big events, 2018 was a great year for the Preparatory School. To start off an amazing year, we had the swimming carnival. This was a great chance for boys to show off their skills in the pool and to support their Houses. Taylor took out the Swimming Cup yet again. We finished the Term with the cross-country run. This provided an opportunity for boys to take a step out of their comfort zone and try their best, even when it was absolutely pouring with rain at the end. Waterhouse must be congratulated on winning cross-country.

In Term 2 it was the Year 6 Mother and Son Dinner. This was a great time and place for the Mums to have a catch up with each other and, most importantly, for the boys to thank their mothers for all the hard work that they do for us. The poem I shared on the night reflected how we all felt about our mothers. The two lines, "God made a wonderful mother, and He gave that dear mother to me" really drove home how special our mothers are to each of us. Special thanks to Mrs Sathurayar and the Year 6 teachers for organising what was a wonderful experience for the boys.

At the end of Term 3 we had Sports Day. This was a superb day and I got to see a lot of the wonderful events. Everywhere I went I saw boys trying their best. But the best part I noticed was that, no matter if they won or lost, the boys went up to encourage or congratulate their fellow competitors. Both of these things reflect the College's mantra of 'Work Hard, Be Kind'. A huge thanks to Mr Barton, Mrs Trengrove, Kim the running instructor, staff and older boys for helping out and most importantly the Preparatory students. My favourite part by far was the staff, parent and student relay. It was a wonderful sight to see Mr Hunter sprinting with all his might trying so hard to catch the same boys he teaches! But the best runner was Mr Barton. He was a jet. I swear at one point he was faster than Usain Bolt! The relay provided the boys with a laugh before the end of sports day. Congratulations to Watsford for winning the Spirit Cup and to Waterhouse for the overall Sports Day Cup.

The Preparatory School boys also showed how far their courage and public speaking skills have come this year with the King's Speech competition. Congratulations to Nicholas Henchliffe, who won for the Preparatory School. Alex McDonald, Alex Hamood and Daniel Teng are also to be congratulated for making it into the IPSHA Poetry Recital finals this year.

Every two years, the Preparatory School holds a major arts event called artsPACes, which also coincides with the Year 6 Exhibition. All the classes performed on the night, with dancing, art displays, stop motion films, singing and much more. Thank you to Mrs Bell, Mrs McCauley, Arts Captain Roshan Ediweera and all the class teachers for helping the boys demonstrate their artistic talents to our families.

There are several people I would personally like to thank for their help throughout the year. Firstly, my friend and Vice-Captain, Daniel Bergamin, who has been a great help and support whenever I needed it. Secondly, I would like to acknowledge all the work done by all the other Preparatory School Captains and for the support they have given to me. To Mr Fenner, Mr Andary, Mr Shackleton, Reverend Mark Dickens and my teachers this year and from previous years, I thank you for your support and guidance and for giving me that extra help to become a better leader. Finally, a big thank you to my parents, who are always there for me, whenever I need help. I never cease to be amazed by what they can do.

To the Year 6 boys moving into the Middle School next year, I am sure you are all very excited and probably a bit nervous. There will be lots of new and exciting challenges ahead for us as we continue our journey as Princes Men. This year has been fun, challenging and most of all for me, rewarding. A personal highlight was attending the two Intercol lunches with the St Peter's College Captain and student leaders. It was a good chance to get to know the St Peter's College boys, who were all very nice. Thank you to all of the Preparatory School boys. It has been an honour and a privilege to be your School Captain for 2018.

To all the new Captains, congratulations! 2019 will be a big year for you, as Captains in general, but also with the Sesquicentenary. To all the Preparatory School boys I'd like to say to you: whatever you do, don't give up. Whatever mountain you come across, climb it. You should all be proud of what you have accomplished this year whether big or small, and for developing as true Princes Men.

This year, the Reception Boys have been 'Working Hard and Being Kind'; developing the *IB Learner Profile*.

We have been Inquirers

We have had many hands on experiences; learning through our senses and investigating real objects and problems. We have generated interesting inquiry questions and found ways to make sense of the world around us.

We have been Communicators

We have brought in items from home to contribute to and extend our learning, and we used this to support our writing. Our "When I Grow Up" and "Mopoke" assemblies, along with our Chapel presentations, have been highlights for our year. We explored the use and meaning of signs and symbols in many different contexts and finished the year as authors of a published book.

We have been Principled

From the very start of school, we have learned to take care of our belongings and our classroom. We generated our Reception 'Essential Agreements' and took responsibility for our actions; working hard to build relationships, not break them. We have shared the roles of the classroom.

We have been Thinkers

Our learning has presented many opportunities and challenges to solve real problems and share new and different ways to do things. We have made connections between home and school, and found ways to express

our thinking to others. We loved using coding symbols to create a programme to move our Bee Bots through a cityscape.

We have been Caring

We have had big buddies in Year 5 and smaller buddies in the Three Year Old rooms at the Early Learning Centre. We have looked after each other and tried to see things from each others' perspectives. Mrs Boraso helped us learn how to 'Stop, Think, Do'.

We have been Open-Minded

We shared our personal histories and discovered that we all have similarities and differences. We found many different ways to sort collections, tell stories and create artworks. We also learned that our friends might not feel the same way that we do.

We have been Balanced

Mrs Schmidt taught us lots of different yoga poses, and we used many that were developed in the Early Learning Centre. We learnt it was important to slow our minds and take time to rest. In Term 3, we began participating in a variety of Physical Literacy sessions and had weekly opportunities to explore the outdoors. Our busy calendar of events included highlights such as Old, Old Boys' Assembly, Book Week, Father and Son Storytelling Night.

We have been Courageous

We have been challenged by lots of adventures and opportunities to participate in new experiences. We loved going to the Road Safety School in Term 2. Our artsPACes installation was a great chance to try new ways of creating sculptures using 'Junk' materials, and we found creative ways to present our installation.

Below: Harry The Hippo

We have been Knowledgeable

We have learned all of the Jolly Phonics sounds and many alternative ways to write sounds. We became experts about nocturnal animals in preparation for our artsPACes installation in Term 3. In order to solve more complex problems, we mastered many maths facts and developed strategies for quick addition. We enjoyed many 'hands on' experiences to learn more about the world and express our developing understanding.

We have been Reflective

In all that we have done, we have stopped to consider our responsibilities, our progress, our goals, and the impact we have on others. This has been at the centre of our learning; as we have developed strong attitudes for successful participation and developing healthy relationships with others.

1: Road Safety Talk

2: Road Safety

3: When I Grow Up

4: artsPACes

5: Playtime

2018 proved to be another fun-filled, exciting and adventurous time in Year 1. Throughout our learning journey this year we have developed and grown as students through the Learner Profiles to be developing as Inquirers, Thinkers and Communicators. We have worked towards the understanding that by being Caring, Principled and effective Communicators, it leads us to being Knowledgeable, Reflective, Balanced and Open-Minded.

Term 1 began with our contemplation on Who We Are and how peace begins with us. We developed our understanding that by following our school motto of 'Working Hard and Being Kind', we can be the best people we can be. The Year 1s presented an Assembly in which we encouraged everyone to take a stand against bullying in the community. We then developed our understanding of How We Organise Ourselves by delving further into what makes a community, and how we all have roles and responsibilities that are important to the efficient working of a group as a whole. We spent time with different members of our school community and travelled throughout the school interviewing different school community members to deepen our understanding of their important roles and responsibilities.

Term 2 started with a bang, with the Science Spectacular Show visiting us and driving our inquiry into How The World Works by exploring how we use science in our everyday lives. Each student became a scientist and through their curiosity they extended their knowledge of how science is all around us and how we interact with it throughout our lives. As part of this, we nominated

a 'Scientist Of The Week' who presented us with new and exciting ways that science touches us. Our term culminated with an inquiry into Sharing the Planet, and how our choices impact upon animals and their habitats. We travelled to Cleland Wildlife Park and explored the natural habitats of Australian animals. We then developed our research skills to create our own information reports on a chosen animal, so that we could extend people's knowledge of how we impact living things, and how we can minimise this impact.

Term 3 was a busy term as we started our weekly dance lessons with our dance teacher. This culminated in our amazing presentation of 'Find Your Feelings' at artsPACes, where we shared our interpretation of our inquiry into how The Arts enables people to discover and express themselves. We celebrated Book Week and won the prize for our Year level theme of 'Mr Men' by Roger Hargreaves. Year 1 also presented another incredible assembly where we celebrated our unique cultural heritages that make up the rich diversity of Australia.

In Term 4 we travelled back in time to investigate Where We Are in Place and Time by inquiring into how play has changed over the years. We had a visit from the Australian Museum of Childhood and we invited our grandparents to share their knowledge with us and reflect upon how our childhood differs from that of our parents and grandparents. We shared the story of Christmas through our Nativity play, and we relished in the relief of Swimming Lessons.

For now, we look towards Year 2 and another year of growing!

- 1: 1C dressing up as Mr Men for Book Week
- 2: 1C enjoyed exploring Cleland Conservation Park
- 3: 1C use resources in the library to support our inquiries
- 4: 1D Learning about Australian animals
- 5: 1D Meeting the locals at Cleland Wildlife Park

1: Aidan Chen reading with the ELC
 2: Andreas Elia, Austin Boiwko and Thomas Waddy create a tall structure in Technology
 3: Austin Boiwko at Father and Son Story Telling night
 4: Celebrating in 1D
 5: Hands on in the library

6: Scott Anderson and Andreas Elia make some close observations
 7: Year 1 boys
 8: Father and Son Story Telling night
 9: Oscar Minion and Jonathan Chong accurately explore chemical changes in Science
 10: Book Week Parade

How the World Works

We investigated the history of cars to study change and development over 100 years. We talked a lot about Henry Ford. We built our own cars and raced them on the gym floor, and it was spectacular. One hot day the Year 2s went to the Adelaide 500 and saw the racing cars. We got a Red Bull poster. The cars were super fast and it was great fun watching them.

The winner got champagne all over them. Red Bull team won.

Stephen, Leon, Sage, Ansh, Paul

Food, Fun and Fitness

In this unit we focussed on growth and development and the choices we can make to be healthy and strong. We visited the Central Market and made afternoon tea for our parents. We bathed Mrs Leeson's baby grandson at school. We liked Baby William's visit- he looked really cute. Each Thursday we do Kelly Sport. We learnt lots of sports this year. One Friday night we had games night. We played challenging games like throwing beanbags at a target.

Isaac, Nicolas

Book Week

For Book Week we dressed up as weird little things called Microbes. We made our costumes in class. Our class won a pizza lunch. One of the very best moments in the whole of Year 2 was when we went to Seymour to meet our new friends and play with them. We did literacy games with the Year 2 girls such as 'Fruit Cut', movie making and acting. We also played dodge run and had lunch together. The girls were lots of fun. This year we did something extra special for Story Telling Night. We all made incredible books for our fathers. My book was called The Mud Monster, and dad thought it was excellent. We enjoyed making them.

Oscar, James, Lachlan, Campbell B, Zander, Carter, Toby, Angus

My Place, Adelaide

Adelaide is quite old and there are interesting buildings very close to our school.

We explored the mind blowing Art Gallery and enjoyed seeing the impressionist paintings. Some boys could sit and look at them all day - they are amazing. In the history of excursions we liked the Art Gallery the best. The funniest thing of all was a man dressed up as Monsieur Matisse who taught us the stories of artists like Monet and Renoir. He also taught us some French like "en plein air" which means "outside". At the museum we held lots of aboriginal things like boomerangs and kids toys.

Sebastian, Campbell C, Knox

- 2: 2W Central Marketeers!
- 3: 2W Museum excursion
- 4: 2W Robot coding engineers

2W Comments for 2018

- **Archie:** I like to go on the excursion to the Central Market because we had fun and went to the chocolate fountain
- **Domenic:** Learning songs with Mr Waters on the guitar was fun and I liked doing the maths dates.
- **Jack McK:** Cheesy jokes were really funny at school this year. I loved creating Maths sums because it is really cool.
- **Christian:** I liked my reading and writing because we get to make up really cool stories. Everything else that I do is really good fun.
- **Jack A:** In Year 2, I like to do healthy fitness in the morning and doing tug of war with my friends and parents on Sports Day. Going to the Computer Lab to write stories was great because it helps me with my spelling.
- **Chase:** At the start of Year 2, I didn't know how to do multiplication or division, but now I know how to do that and I liked going on the excursions because we had a fun time in our groups and mum is always in our group. :-)
- **William:** Going to the Clipsal 500 was great because you got to see racing cars go really fast. I also enjoyed doing division and subtraction in Year 2.
- **James McD:** Making my own stories on the computer with Microsoft Word is what I liked and I really enjoyed programming with Bluebots and making my own celebrity jokes!
- **Aiden:** I loved how the excursions were exciting, like going to Clipsal. I didn't know how to do division because I thought it was different and now it is very easy to do.
- **Harrison:** When I started Year 2, I liked it when I went to the computer lab and wrote my first story, doing the pictures, adding a border and highlighting some words to make it stand out.
- **Max:** Doing sports was what I liked doing and listening to stories and going to the computer room too.
- **Noah:** The Clipsal cars were very, very fast and it was good seeing the Army display where we got to go in the tanks.
- **Hamza:** When I started at this school I was scared but when I met the people in the class I knew that it would be a good year. The excursions are fun and I can't wait to go to the Urrbrae Wetlands soon.
- **James M:** When I started this year I said to myself "What is division and multiplication?" Now I can do division and multiplication and I am pretty happy about that! I also liked going on the excursion to awesome places like the Museum and the Art Gallery.
- **Louis:** At the start of Year 2 in Term One, I didn't know anything about division or how to tell the time but now I know how to tell the time and some of how to do division.
- **Jasper:** I liked doing minus, plus, division and 3D shapes in Mathematics and working with maps.
- **Alexander:** Writing stories on the computer was fantastic and playing Maths games like Maths Invaders was cool.
- **Bernie:** On the computers, we did the Typing Tournament which helped me type better. We went to the Adelaide 500 and saw the supercars which was interesting and we got to sit in a Formula One car!

-
- 1: 2L boys enjoyed watching the Indigenous dancers
 - 2: Cooking for the Healthy Afternoon Tea
 - 3: Book Week – We are all microbes
 - 4: Our families enjoying our healthy snacks
 - 5: Mr Fenner explaining the history of PAC

Book Week

Our theme for this year's Book Week was the shortlisted picture book 'Boy' by Phil Cummings. Dressed as a variety of medieval soldiers, villagers, dragons and even the occasional cactus and lizard, the boys proudly took to the stage in the gym and posed for photographs. The boys also chose their favourite book and wrote mini reviews to say why their choice was so special.

Colours of Impressionism and Visual Literacy

This year our Term 3 'Art Mirrors Life' Unit of Inquiry fit perfectly with the 'Colours of Impressionism: Masterpieces from The Musée D'Orsay' Exhibition at the Art Gallery of South Australia. This presented a wonderful opportunity for the boys to view some renowned and famous paintings in a different light thanks to our knowledgeable and colourful tour guide in character as Henri Matisse. We were also lucky enough to enjoy a 'Visual Literacy, Learning to Look' tour which encouraged the boys to express their thoughts and interpretations of a range of different art works.

artsPACes 'Heat Is On'

Our Science Unit of Inquiry in which we looked at physical processes and the properties of heat, was programmed to make connections with our artsPACes event which celebrated the Arts. A version of Glen Frey's famous 'The Heat Is On' was performed on the evening of Wednesday 19 September and proved to be a hit with the boys. They thoroughly enjoyed the immersive nature of designing and making their own T-shirts, inventing different dance moves and performing live on stage. Zac Grice's drum accompaniment added a special edge to our item.

Woodhouse Programme

The Year 3 camp at Woodhouse, nestled in the Adelaide Hills, always serves as a Term 4 treat for us and the fantastic weather allowed us to benefit from the full range of activities on offer outside. Challenge Hill was once again a highlight and the boys set about encouraging each other to tackle a wide variety of obstacles which pushed them outside of their comfort zones. The Mini-Olympics amongst the gum trees and team games played in the beautiful pine forest, encouraged the boys to collaborate, while enjoying the wonderful natural environment.

1: Jarrah Bailey and Charlie Yellend dressed for Book Week
2: Learning to Look at the Art Gallery

- 1: Art Mirrors Life Impressionist painting
- 2: Book Week Year 3
- 3: Learning to look at Art Gallery
- 4: Heat Is On – Year 3
- 5: Woodhouse: Peter Papageorgiou, Spencer Tudorovic, Harry McFetridge and Patrick Edwards
- 6: Woodhouse Programme

I liked camp because we went boogie boarding in the ocean and it was fun.
Lucas Fusco

The camp to Victor Harbor was fantastic because I loved going boogie boarding down at Port Elliot. Holding the snakes and baby kangaroos at the wildlife park was also great fun. **James Williamson**

My favourite activity was definitely the camp because we got to go boogie boarding in the waves.
Oscar Larwood

I loved the school camp it was one of the most enjoyable things I've ever done. **Leonardo Fabrizio**

I loved going to the Year Four camp at Toc H because we got to go boogie boarding and we also got to play basketball. **Ky Fogarty**

I loved Sports Day because I came first in the 800m and 100m division 2. **Charlie Freemantle**

I loved playing basketball on camp because we had lots of fun.
Athan Harlaftis

I liked doing all the school camp activities and playing the games.
Alex Kelledy

Sports Day was my favourite thing, I thought it was a great way to end the term. **Oliver Siegle**

- 1: Excitedly waiting to go into the Wesley Uniting Church for the Easter Service
- 2: 4B representing their heritage during Book Week
- 3: Learning about the early days at the Migration Museum

I loved Sports Day because of the athletic events and I had fun spraying my hair green.
Sebastian MacIntosh

I loved going to camp at Toc H this year because we went boogie boarding at Horseshoe Bay.
Sebastian Miteloudis

I loved artsPACes when we dressed as Oompa Loompas. **Raphael Scalzi**

My favourite thing this year was artsPACes because of our Year Four Oompa Loompa performance.
Hugo Shaw

I liked the Swimming Carnival because it was so intense; and I had some very good results and came first in freestyle. **Christian Smith**

I loved the camp because it was so much fun and the activities were all good too. **Henry Stephan**

I loved camp because of the fun activities that the Year 11s ran.
Jack Stunell

I loved the swimming carnival because you jumped in the pool and I got first in breaststroke! **Ryan Tait**

I liked Jack de Vidas Art Show because you can see everyone's artwork. **Sebastian Veronese**

I loved the swimming carnival because I enjoyed getting a lot of points for Waterhouse.
Charlie Smart

My favourite event was Sports Day because we got to have fun and run around. **Finn Wundenberg**

I really liked playing dodge ball with Cooper. **Max Yang**

I loved going camping with my friends. It was the best! **Gabriel Yeo**

I really enjoyed going on the school camp because we did lots of exciting activities. **Zac Ahlburg**

I liked Swimming Carnival because I won my race which was quite hard. I thought it was really good to see how much I had improved and how others had improved.
Bruno Antonas

Sports day was the absolute best because I won age group champion and I did tons better than last year, last year I didn't get one first last year and this year I got four.
Leroy Condous

SAPSASA 200m was my favourite memory because I came 2nd to a taller boy than me. I also enjoyed Sports Day - we had a ball.
James Dixon

I really enjoyed camp even though I felt kind of home sick but the sand castle competition was great!
Kevin Gao

I loved school soccer because I love to run and play with my friends. I also enjoyed Cross Country.
Asterios Gerovasilis

Camp was awesome, in particular, body boarding because I caught great waves. **Oscar Holding**

SAPSASA was great because it was my first time and I loved having a go at it. **Charlie Kinniburgh**

I enjoyed Book Week extremely because you got to go to the ELC and read to them, they were so cute also because we got to dress up in funny clothes. **Jacob Liao**

I liked Adelaide 500 because there was heaps of different cars and fast cars too. **Nicholas Marshall**

The thing I liked was the robotics because it was fun when we did the pulling experiment and when it worked it was great! I also liked artsPACes because of all the fascinating shows and the Year 6s great Exhibition! **Rayan Masri**

I loved getting given an iPad this year because you get to play different games on it, like Essential Assessment and the best thing on Essential Assessment is Sunset Math – especially the money math. **Owen McCauley**

I think the Adelaide 500 was awesome because I got to see and hear my favourite cars with my friends. The other thing I really liked was Sports Day because I came 2nd in high jump and 100m sprint. **Thomas Neal**

A favourite memory was Band Concert because I was nervous but when I got on stage, I was excited. **Joshua Pullino**

I liked Grandies Day. It was fun because my cousin Ellie came with my YiaYia to walk around. **Sebastian Roccisano**

Getting my pen license was a highlight for the year because I think it is way easier to write with pen. Playing 'Into the Sun' at band concert was also really fun. **Ethan Rogers**

Cross Country was my most memorable moment this year because I won. **Leroy Rossi**

All that Jazz was a memorable evening because I got to play a very awesome song which was 'Into the Sun'. **Caleb Sam-Ling**

My favourite thing for 2018 was when I scored six points for school basketball, I was so happy and so were my team mates! **Hugo Sanders**

I loved Adelaide 500 because we stopped and watched, and the cars zoomed past! I also liked camp because we went body boarding it was so fun! **Alec Sincock**

My favourite thing this year was probably the poetry recital because I came first! **Daniel Teng**

A very happy memory was taking up bass guitar and qualifying for Preparatory Big Band! **Angus Thorne**

Camp was awesome, we did body boarding, tug-o-war and acid river. Cross Country was EPIC as well because it was my first. **Jet Yeend**

I really like Sports Day because I came 3rd in the 100m race. There were many events that I like. I had a lot of fun. I did pretty good. **Deren Yin**

I LOVE Typing Tournament because it is fun and it is also helpful, making me faster. **Toby Zhang**

-
- 1: 4M Book Week - Cultural Connections
 - 2: 4M pumped and ready for the waves at Victor Harbour
 - 3: 4M walking to the Migration Museum
 - 4: Learning water safety drills at Horseshoe Bay
 - 5: Sports Day fun

Camps

Year 5 classes went on two camps. The first was Father and Son Camp. This introduced the students to the fabulous facilities of Scotts Creek and gave the boys some time with their Dad.

At school camp the main focus was on Aboriginal Perspectives. They created dot paintings, did map drawings, enjoyed a visit by Aboriginal women and felt what it was like for the Aboriginal people to lose their land through various other activities. The boys were also spoilt with oven baked pizza and other delicious meals by the chef. They learned lots of outback skills such as canoeing, orienteering, bouldering and setting up and sleeping in tents.

Leadership day

Seymour College Year 5s joined our Year 5 boys for a day based on STEM (Science, Technology, Engineering and Maths). The day was extremely successful, with both boys and girls enjoying the day very much.

Gold Rush

As part of the Year 5 inquiry into the gold rush, the boys had the chance to visit the Barossa Goldfields. They got to enjoy delicious damper and attempt to pan for gold. Not many found gold, but most found special minerals instead.

How the world works – adapt to survive

The boys were extremely fortunate to be able to explore the Botanical Gardens and the Adelaide Zoo. They became acquainted with behavioural and structural adaptations, which led smoothly into a few experiments to do with phototropism, including putting a plant in a shoebox and cutting a hole in the top to see if the plant would grow towards the sunlight.

Where we are in place & time - Space unit

Our central idea for this unit of inquiry was how discoveries and explorations have deepened our

understanding of the universe. The boys enjoyed a visit to the planetarium and were taught about the planets, stars and life as an astronaut. We also did robotics where we built lego robots and coded them to do all sorts of things like spin, go forward, dance and lots more.

artsPACes

Possibly the most exciting event on the school calendar was artsPACes. Some of the evening's events included clay pots, photography, performances and buskers. The night was beautifully illuminated by lots of bright lanterns, which kept the students and their families well entertained.

How We Express Ourselves—To Buy or Not to Buy

The first inquiry for the year was advertising. The boys studied various techniques and visited the Adelaide 500 to see what real-life advertising looked like. Using the knowledge that they had obtained; the boys then made their own ads.

Performing Arts Hour

Each term, the boys participated in Performing Arts Hour, where they had a lot of fun learning various skills, from singing, to dancing to theatre sports. These were showcased to parents and fellow students in a special performance at the end of each term.

Owen Chen and Oliver Smith
On behalf of Year 5 students

1 & 2: 5L performing "Bicycles" at artsPACes
3: 5T on camp at Scotts Creek
4: 5T and 5/6M at the Barossa Gold fields
5: 5/6M at the Adelaide 500

- 2: At the zoo learning about animal adaptation
- 3: At the Planetarium at Mawson Lakes
- 4: 5T Performing Robot rap at artsPACes

6S

My overall feeling is that it was amazing, a roller-coaster ride and I was amazed with how well our group's final presentation was. **Seb Ahlburg**

My overall feeling is that Exhibition can be stressful, only if you leave the research and all the main things for the last minute instead of finishing early. But if you don't stress out and finish everything early, it will be alright. 'The more you do now, the less you do later'. **Mustafa Al Fayyad**

I'm not kidding - exhibition is not all about being with friends but to be with people who like the same topic as you. **Henry Allen**

Exhibition was highly challenging, not just with the work you had to do but also co-operating with each other. But in the end, it turned out very well. **Daniel Bergamin**

I absolutely loved Exhibition, especially on Exhibition night when I shared my creativity to my family and other parents. **Marlon Condous**

The Exhibition process lets you be creative, imaginative and lets you be yourself all at the same time. **Louis Habgood**

Exhibition has upgraded me to another level in terms of confidence, team work and independence. **Sam He**

I used to not know anything about my topic for Exhibition but as the days passed I gained new knowledge about my topic until I knew a lot. **James Kelledy**

What I could do better next time is to finish my research quickly and to ask for help when I needed it. **Jordan Kontos**

I think Exhibition is where I levelled up in learning. I think Exhibition was fun. **Oliver Kreminski**

Term 3, was exciting because of Exhibition. It is the best thing I've done because I loved presenting my knowledge. **Nathaniel (Nate) Lindop**

Exhibition was really tough but, in the end, it can teach you how to do a lot of different skills. **Alan Lu**

My experience with Exhibition taught me to make sure everybody does an equal amount of work. **Marc Milograd**

I used to think that Exhibition was just creating a little old model but, now I know that it is a once in a lifetime learning experience that will set you up for the rest of your schooling. **Angus Phillips**

The Exhibition was great fun. Our group had some challenging moments and decisions to make but it ended up to be a good night. **Aidan Pullino**

Persistence, courage and dedication, I believe that these three adjectives sum up Exhibition perfectly. **Blake Roberts**

In Exhibition I have learnt that you need to assign different members of your group to different jobs to work productively. **Lucas Romaldi**

Overall the Exhibition was a great assignment that helped me learn a lot about myself, my friends, and my chosen topic. I would do it all over again if I could. **Jesse Rothgrew**

Don't doubt yourself in Exhibition - it's just automatically giving you a bad mark. **Charlie Sanders**

Believe it or not Exhibition isn't that hard. My advice would be always to be 100% focussed and read the sheets carefully. **Sam Stunell**

Believe it or not Exhibition was the best part of my learning experience here at PAC. **Tom Thredgold**

Exhibition was a great experience and a good way to be able to work with other people in our class and other classes as well. **Amos Timms**

Exhibition was both a fun and challenging experience. It was challenging forming lines of inquiry and creating the installation piece. I enjoyed presenting information to other people and showing what I had learnt throughout the Exhibition. **Oscar Wang**

1: Marlon Condous sharing his knowledge at Exhibition

2: Wil Thomas, Sam Girdler and Thomas Henschliffe sorting through Exhibition topics

5/6M

My most memorable moment was the first assembly at the start of the year when all of the School Captains and I received the Captain's tie. **Thomas Henchliffe**

This year my most memorable moment in Year 6 was when we "borrowed" the chair that looks like a throne for a special event from 5T and never gave it back. **Roshan Ediriweera**

This year my most memorable in Year 6 was when we stole the chair that looks like a throne for a special event from 5T and never gave it back. **Zachariah Anderson**

I would say that one of my highlights this year has been writing a movie script with my friends, as it's been really fun and also educational. **William Cooper**

The best part about this year was being a Captain and helping out at events, especially sports day. **Ryan Percival**

My highlight for the year was Exhibition because you had to be creative to make the installation.

Francesco Ciampa

My highlight from Year 6 would have to be the Mother Son Dinner because I had lots of fun there and it made my Mum quite happy. **Hugo Evans**

The thrill and nervousness of waiting to see whether we won the House Cup on sports day is something I'll never forget, then the excitement. The next day my voice was hoarse because of all the cheering. **Fraser Newman**

My favourite memory of the year was writing the script for my movie with my friends: Will Cooper and Roshan Ediriweera. **Alex Nemeth**

My favourite task this year was definitely Exhibition as I learned a lot about myself and I learned how to speak confidently to anyone. **William (Bill) Holland**

I loved creating the installation because it tested how creative we can be. And to next year's Year 6s: don't take advantage of the process. **Rayan Al Hariri**

It is a great way to learn and rewarding when you finish, so you must get the most out of it. **Luca Bacon**

If you have an idea for the installation, use it, don't hold back. **Ethan Bailey**

The Exhibition was both hard and exciting when we created our installations and pretty tough while we were researching our line of inquiry for our topic. **Yutang Bu**

The biggest challenge in Primary School. I learnt so much, not only about plastic but also about time management. **Michael Cook**

I liked when we finished everything because of the enjoyment but I wish that I drew every idea I had for the installation. **Christian D'Annunzio**

The exhibition was a wonderful, interactive, and interesting experience but make sure to plan your work well, not waste time, and use different resources for information. **Harry Edwards**

Exhibition is something that satisfies you and makes you proud after lots of hard work, but only if you make the right choices. **Peter Hurn**

The Exhibition was problematic researching our lines of inquiry. You need to stay focused the whole time. **Dylan James**

It really takes a lot of effort but if you put it in, it becomes a lasting and exciting memory. **Lucas Jones**

Exhibition is a great process. It was not easy but it was exciting, and making the installation was one of the best parts, overall Exhibition was very enjoyable. **Samuel Kent**

Exhibition was great because of the great atmosphere. I was happy with my group's coral reef project made out of plastic bottles and cans. There were a few challenges throughout the process, but in the end it went great. **Alexander MacDonald**

It's a great experience and when you finish your installation it's a great feeling. **Nic Marino**

Exhibition was the hardest Unit Of Inquiry, but either way it was a really intriguing challenge. **Nickolas Miteloudis**

Exhibition was good, especially when we got to make the installation. **Angus Nicholls**

Don't waste your time and persist, it is a very enjoyable experience. **Nicholas Palyaris**

It was great, one of the biggest things I learnt is things can be enjoyable yet hard and challenging. **Liam Peak**

Exhibition was challenging at times, but it was exciting and rewarding when it was done. **Carmine Piantedosi**

The exhibition process is amazing but pretty tough. Two things you need to remember is use your time wisely and co-operate with your group members. **Christian Portokallas**

This was such a great experience and the most difficult task in the Preparatory school. **Mackenzie Roylett**

You learn a massive amount and it's really fun. Don't waste time. **Luke Szabo**

At first it was difficult but at the end it was a memorable experience and it really pays off and I really admired it, but just remember hard work does pay off at the end of Exhibition. **Mack Taylor**

The key is to not waste time and to get work done. **Wil Thomas**

I learnt a lot throughout Exhibition and I thought it was a great challenge. **Christopher Towers**

A great experience, it was really enjoyable, I was really excited when it came to the Exhibition and thought that my installation looked amazing and was really happy with it. **James Wagstaff**

1: Nickolas Miteloudis and Angus Harvey standing behind their installation

2: Exhibition night

3: 6T performing their Hip Hop dance during Performing Arts hour

4: 6S doing Theatre Sports during Performing Arts hour

5: Exhibition brainstorming

6: The beginning of the Exhibition journey

6T

Exhibition had its ups and downs, but I kept on trying and it paid off. **Henry Pearce**

I worked hard on my information, so it was easy on the night. **Archie MacMahon**

I really enjoyed making my installation, because it was a time to get creative. **Arjun Dosahnj**

Exhibition taught me about ocean pollution, especially to reduce, reuse and recycle. **Charlie Wundenberg**

Exhibition was an experience that makes you improve things like organisation and social skills because you are always communicating with your group. Also your organisation is key because you might have to bring in some things from home for your installation. Overall it was a fun experience to be part of. **Julian Hyde-Kelly**

I had to work hard for exhibition, so I could know all the information about my topic and my installation so it would be easier explaining it to the parents on exhibition night. **Eli Anders**

I liked working on exhibition because I learnt a lot and had lots of fun. **Fred Vartuli**

I really like constructing the installation with my team members. **Nicholas Henchcliffe**

I enjoyed researching and working hard because it made for an enjoyable night and I think this helped me to prepare for Middle School. **Max Whittle**

Exhibition was challenging but fun. I think I've learnt a lot during the Exhibition process. I thoroughly enjoyed working on our topic of Global Warming.

Archie Underwood

I enjoyed explaining to Prince Alfred College community that the refugee problem is something that we should be deeply worried about. **Miles Falahey**

Exhibition has to be one of my favourite learning experiences ever, because I researched so hard in something I was really was interested in and I got to explain what I learned and make a piece of art on it. **Josh Larkin**

I loved the freedom that we got when doing this project and to inspire the younger minds at Prince Alfred College on Exhibition night. **Matthew North**

The Year 6 Exhibition was a night of many special opportunities for the boys to show their fantastic creations - there's no secret to success, just hard work and all the boys spent tireless hours working on what they learnt and experienced. **Hugo Knight**

Not as hard as you expected... still challenging though! Try your best and don't give up. Pick your topic carefully. **Tom Cooper**

The exhibition was very interesting and I knew it was something I had never experienced before. My favourite part of the Exhibition was building the installation and seeing it created. **Will Bishop**

I think that the Exhibition was a great experience for all the Year 6 boys, I personally learnt a lot about my topic and I'm sure the other boys did; everyone worked very hard to achieve their goal. **Ash Rawlinson**

The Exhibition process was good and challenging at the same time, we came across a lot of problems with our installation, but overall it was a good experience. **Sam Girdler**

The best thing about Exhibition was making my installation piece, which was fun. **Eddie Chapple**

I enjoyed making and painting with my group. **Alex Annells**

I thought the Exhibition was a brilliant experience to co-operate with different students and teachers to construct a project. **Sam Ciccocioppo**

The Exhibition was a different learning experience for me to connect and help people that are in my group. **Angus Harvey**

I really liked constructing the installation with my team members and learning new skills such as communication and teamwork. **Jack Sennar**

STUDENT SUCCESS TEAM AND OLIPHANT SCIENCE AWARDS

The Preparatory School Student Success Team

Every year we take great pride in, and love making a difference to, boys' learning. We work hard to ensure all students are part of an inclusive, vibrant and exciting learning community where high expectations are maintained. In partnership with class teachers, we make sure that individual learning styles are identified and programmed for. We have especially treasured working in collaboration with families in our pursuit of success for each child.

Over the year we have provided excellent enrichment opportunities for academic extension, for boys who are having challenges accessing the curriculum, and for those students who do not speak English as their first language.

There have been many wonderful celebrations as boys move forward in their learning. Before school, explicit reading intervention programs were successfully implemented this year which have allowed boys to spend more time in class. The boys happily come into school at 8am, four days a week, to work on developing their reading skills. The Student Success Team facilitated the evidenced based MultiLit program to help the boys to develop basic decoding and reading skills. We were delighted to have the Year 11 CAS students join the team each morning to work with the younger boys in Book Club where they encouraged reading fluency, comprehension and confidence in reading.

With the introduction of iPads to all classes, Speech to Text and Text to Speech technology became readily available and has helped our students to access more

literacy experiences. Through this medium, we saw the boys showcase their learning with enthusiasm and confidence. Furthermore, online skills programs such as Literacy Planet, Nessy, Mathletics and Maths Invaders have provided a marvellous incentive for boys striving to measure their accomplishments and achieve their goals.

Across the Preparatory School, we saw the introduction of our new Academic Extension Program. Selected boys from each year level progressed through Literacy and Maths challenges aimed at their academic level. We encouraged like-minded boys to work together while nurturing individual learning and allowing their unique talents to shine.

Throughout the year we have placed great importance on supporting the boys not only with their learning needs, but also with their social and emotional needs. The Sea Cave was used as a quiet, safe place for the boys to come and relax, play games or hang out during lunchtimes.

The Student Success Team has developed strong relationships with many boys giving them the courage to focus on their learning. The boys have shared time together, told many wonderful stories and felt supported even when life is a little challenging.

We are all looking forward to an exciting 2019.

Debbie Duffield

The Oliphant Science Awards

The Oliphant Science Awards gave interested boys a wonderful opportunity to develop their science understanding through competition in a wide range of categories to suit a variety of abilities and interests. Students keenly participated in the program through their Units of Inquiry during the year and submitted posters, photography, models and inventions. The depth of entries demonstrated the enthusiasm for investigative sciences across all year levels. We congratulate every entrant for their passion, enthusiasm and commitment.

JACK de VIDAS ART PRIZE WINNERS 2018

Preparatory School Creative Arts

Wow, what an exciting year we have had in the Preparatory School Creative Arts. The boys have participated in artsPACes, two art shows, one for Grandies day in Term 1 and one in Term 4 for Jack de Vidas. A group of boys have also decorated a Christmas tree for the City of Norwood, Payneham and St Peters Council display. This year's Jack de Vidas art show exhibited a piece of art which the boys had created

throughout the year. The boys chose a two or three-dimensional piece of work in a variety of media to display. The Preparatory School Jack de Vidas art show was judged both by an invited judge and the attendees who viewed the display on the same night as artsPACes and the Exhibition. It resulted in a Judges prize and a People's Choice Award. The two winners for each year level are shown below:

- 1: Reception - People's Choice Award – Henry Stirling
- 2: Reception – Judges Award – James Bates
- 3: Year 1 - People's Choice Award - Ollie McKinnon
- 4: Year 1 – Judges Award – Lucas Pizzino

- 5: Year 2 - People's Choice Award – Oscar Gerard
- 6: Year 2 – Judges Award – Jasper Arnold-Chamney
- 7: Year 3 - People's Choice Award – Angus Tye

Congratulations to all the winners in the Preparatory School Jack de Vidas art prize and to all of the boys in the Preparatory School on another magnificent year in the creative arts room.

Kellie McCauley
Visual Art and Drama Specialist

- 1: Year 3 – Judges Award – Harry Grandioso
- 2: Year 4 – Judges Award – Oliver Siegle
- 3: Year 4 – People's Choice Award – Zac Ahlburg
- 4: Year 5 – People's Choice Award – Gill Wakelin
- 5: Year 5 – Judges Award – Lachlan Spitty
- 6: Year 6 – People's Choice Award – Hugo Knight
- 7: Year 6 – Judges Award – Luca Bacon
- 8: Year 6 – Overall Jack de Vidas Winner – Marlon Condous

In Term 3 the Preparatory School staff and students worked together to create an exuberant celebration - artsPACes: *Great minds, big hearts*. The large audience wandered through the beautifully lit Preparatory School grounds between performance spaces, stalls, buskers and displays.

The Jack de Vidas Art Exhibition was enjoyed and critiqued by many visitors to the Library.

The opening ceremony, presided over by Mr Neil Andary and Roshan Ediwirra, was preceded by excellent performances from the Junior and Intermediate Strings as well as our Beginner and Junior Concert Bands.

Running concurrently was the Year 6 PYP Exhibition where students, through recycled art installations, demonstrated the results of their inquiry into *Sharing The Planet*. The evening culminated in a spine tingling Finale in the Gym, where all boys from Years 3 to 6 performed a specially arranged version of *Beds Are Burning* and *Earth Song*.

MIDDLE SCHOOL

MIDDLE SCHOOL CAPTAIN

Thomas Mallick
Middle School Captain 2018

Having been at the College now for five years, I was very keen but nervous to take on the role of Middle School Captain for the 2018 school year. It was a goal of mine to represent the College in some point in my school career and I am extremely grateful and humbled that my fellow students and teachers recognised me as a leader and I was happy to represent the College and the Middle School.

At the end of 2017, the opportunity for a leadership position arose and I saw the chance to have a go at something different. Like many in the past I was quite anxious about taking a position of a leader at the College, but I was up for the challenge. For a while over the holidays I pondered how to gain qualities from previous leaders that made them successful, but I then felt proud and humbled to continue the work of the College and was optimistic going into the first term.

Once again, the Middle School in 2018 was a successful one with achievements from boys in academic studies and sporting achievements. With most teams winning their respective Intercol matches, there was also an increase in NAPLAN results and outstanding athletics and swimming carnivals. Furthermore, boys in the Middle School enjoyed their eduCook (Year 7), eduKart (Year 8) and Wambana (Year 9) experiences. Like many boys in Year 9, I thoroughly enjoyed the five weeks at Wambana. Over the camp, I found out a lot about myself and my capability of completing tasks. As well getting to know other boys on a greater level and having humility for each

other. I know that I will share long lasting experiences with my fellow classmates from Term 2 for the rest of my life, whether that may be the boat ride, living together in a Wardli or spending an hour trying to break through limestone in the ground. I know that as a cohort we will continue a rich culture and continue to strive for excellence.

I would also like to acknowledge the work of Mr Dell' Oro, Dr Kinniburgh and Mr Colaiacovo throughout the year in supporting Dinan and I with any questions about our leadership positions. I would personally like to say thank you for your belief in us and helping us set a standard for the boys to follow and strive towards. As well, thanks to Reverend Mark Dickens for his organisations of chapels and bringing forth key ideas to reflect on at our services. As someone who was looking for guidance as a young leader, I am very grateful for your time and constructive feedback for ways I could have improved. I extend my thanks to teachers and staff for your continual support of the boy's education and wellbeing throughout the year.

Much appreciation and acknowledgment must go to Dinan Perera, Middle School Vice-Captain, who constantly supported me throughout the year with his organisation and helping me complete many tasks. I would also like to say thanks as a friend who is grateful for your work and is proud of the achievements this year. Overall, I am very proud in how the Middle School has prospered in culture this year and looking forward to seeing the boys next year approach challenges and succeed greatly. I wish the best of luck and congratulate Josh and Henry on their leadership positions and hope next year you represent the college well in the 150th celebrations.

1: Jack Miller on the high ropes

2: Oliver Nicholls, Riley Stapleton and Will Stewart

In 2018 we welcomed 30 new boys to the Year 8 cohort. In quick time these new boys were welcomed and settled into their new school. Initially, beyond establishing normal school routines, the start of the year saw all boys at the pastoral camps at Goolwa/Hindmarsh Island where time was spent together in a casual, relaxed atmosphere while completing a number of active water-based activities with surfing a highlight. Time was also spent refining kayaking skills for the Scotts Creek camp later in the year (including the all important capsizing drill) and in planning for the extended expedition along the river.

All boys mentioned a highlight for them over the year was the eduKart program. Reports of "I didn't think my group would be able to actually build the kart" were common although all were eventually successful with their kart build. Boys spoke of relating various gear sizes to speed and velocity along with making links to ratio in maths and were somewhat surprised at how theoretical learning at school was related to the real-life problem of building a kart to race.

Many of the Year 8 boys continue an active involvement in the Co-Curricular program. We saw participants in the arts with My Town, Generations in Jazz, assembly performances and the musical showcase concert of older Rock n Roll bands. We also had very successful Year 8 team members in a vast array of other activities including water polo, football, soccer, cricket, tennis, rowing, badminton, table tennis, hockey, basketball, debating, volleyball and chess.

Throughout the year in tutor time the Princes Man Program saw us tackling issues of personal organisation, general knowledge, cybersafety, digital citizenship, study skills, self esteem, reconciliation along with character virtues of courage, kindness and empathy. Tutor time also saw the introduction of a regular reading time each week where a range of different novels were read and discussed within tutor groups and linked to issues being addressed in relation to character.

In 2019 we will welcome nine new boys to the group and despite some fears of living away from home for a lengthy period of time, we are all looking forward to what the Wambana Extended Stay Program will have to offer.

Peter Bubner
Year 8 Co-ordinator

- 1: Angus Watkins and Oliver Nicholls in the early stage of the kart build
- 2: Morgan Lindh ready to complete the capsizing drill
- 3: Campsite on Hindmarsh Island
- 4: Mason Ross towing his kayak to shore after capsizing
- 5: The group about to depart from shore in the South Lake at Goolwa
- 6: Will Biggs balanced nicely while surfing
- 7: Josh Tamke demonstrates good surfing technique
- 8: Will Newton, Finn Pannell and Alex Bilyk getting ready to test their kart
- 9: Rahul Ravindran getting his balance while surfing at Middleton
- 10: Riley Stapleton is happy with his test run

It's been a pleasure to have spent the last 12 months accompanying these young men through their final year of middle school at Prince Alfred College. When I was asked to remain at Year 9 for an extra year, I felt assured that it would be a great year, after getting to know some of the cohort through teaching them mathematics or in my role as cricket co-ordinator. In 2018, we welcomed numerous boys from varying parts of Australia as well as three more boys from China mid-year. As this cohort of boys begin maturing, preparing themselves for their senior years, new friendship groups established, and existing friendship groups have broadened. Through Wambana, a program designed to foster growth by helping adolescent boys manage the transition into adulthood, the boys were immersed in community, academic, spiritual and outdoor adventures. I hope each boy has been able to take something positive from this experience, as they reflect on how they practised being independent and responsible in a different environment.

I urge the boys to continue striving for excellence, knowing that excellence takes practise and we often learn more from our efforts if they do not work out as we planned. Patience and opportunity to try again, to do over, to have a fresh start are important cogs in this process. Our Princes men are forming who they wish to be and I hope in years to come, they can look back on their time in the Middle School as a positive experience that helped to foster the character that will carry them to their individual successes in the future.

Thank you to Thomas Mallick and Dinan Perera for being wonderful ambassadors for the College in their roles as Middle School Captain and Vice-Captain respectively,

and also to the middle school leaders – Kyan Jenkins, Ripley Stevens, Peter Moutos, Lincoln Cerchez, Zak Unerkov, Rory Rasmussen, Jayden Selvanayagam and Louis England – all of whom willingly assisted at various times throughout the year.

In closing, thank you also to all the subject teachers who have passionately given their all in helping these boys prepare for their senior years. To the Tutors: Mr Jarrod Cross, Ms Ashley Schofield, Mr Gary Jenkinson, Mr Ashley Hutchings, Mr Neptune Tang, Mr Brett Gilbert, Mr Craig Smith and Ms Lizzie Gregory – their support of these boys and assistance in delivering the Pastoral Care program is greatly appreciated. I would like to take this opportunity to wish friend and colleague Gary Jenkinson all the very best as he commences a new role from 2019 as part of the Wambana staff. Gary will make a truly fine addition to an already strong staffing group, led by the very capable and passionate Dale Hobbs.

Rob Colaiacovo
Year 9 Co-ordinator

1: Middle School Captain, Thomas Mallick with Addison Barnsley at Head of the River. The seven Year 9 rowing teams each won their regatta.

2: Thomas Searles and Peter Moutos during their Wambana program in Term 1

3: George Sandow and Oscar Brown with their Senior School tie and complimentary donut after the Year 9 Chapel Service celebrating their transition into the Senior School.

2018 was the eighth year of eduKart at PAC, and again the Year 8 boys have shown their enthusiasm for this unique program. For every group, the excitement at the start of the week was tangible, but with it was apprehension about the task that confronted them. As the week progressed the excitement grew as the chance to drive their karts became a reality. By the end of the program, apprehension had been replaced by exhilaration and confidence that the seemingly impossible had been achieved.

Whilst on the surface the program seems to be all about building and racing a kart, it is, in reality, much more. eduKart is delivered in a minimally guided environment, by which I mean that the boys receive very little instruction regarding the construction of their go-kart, but rather need to work out what to do by examining a completed kart. They need to work as a team and each night are asked to write a reflection on their day, focussing not on what they did, but rather on what they learned and how they felt when confronted with challenges.

The staff involved in the delivery of the program have, for some time now, said that the acquisition of social and emotional skills (commonly referred to as 21st Century skills) has been the great strength of the eduKart program. The teamwork (collaboration) and overcoming challenges (resilience) are often highlighted in the boys' reflections.

At the same time, because of the close links to the disciplines of Science, Technology, Engineering and Mathematics (STEM), eduKart is an excellent example

of what the Australian Curriculum refers to as authentic or real-world problem solving. Within the program, the boys explore the science of lead-acid batteries, the workings of an electric motor and work with cogs and gears to investigate the effect they have on the performance of the vehicle.

For many boys eduKart was the first time that they had used spanners, screwdrivers, washers, spring washers and Vernier callipers. It was also the first time that most had driven a powered vehicle! At the end of the day, eduKart 2018 provided the boys with an experience that they will long remember.

Rob Sieben
eduKart Facilitator

- 1: Stadium 2 in the RED Centre has served as a great temporary construction space for eduKART this year
- 2: Leith Johnson proudly shows off his creation
- 3: Cody Morris corners at full throttle testing at Southern Go-Kart Club
- 4: Facilitator Franz Wallner demonstrates apex cornering to the boys
- 5: The brake test is always an integral part of familiarisation and safety for all boys
- 6: Will Biggs, Oliver Nicholls and Angus Watkins proudly complete their kart
- 7: Matthew Adams and Angus Brill Reed fit the brakes to Kart 2

eduCook is always a highlight in Year 7. All Year 7 students have the opportunity to explore and learn about food and nutrition, this included skills and knowledge that will develop further in the future. eduCook is a dynamic practical experience which is more than just learning how to cook, it fosters the individual's self-esteem and is challenging for the students.

eduCook is collaborative learning set in a cooking context. Students produce meals and menus throughout the week, from the simple to the complex. It develops life-long skills in teamwork, learning from mistakes and problem solving.

eduCook has been developed in collaboration with Themis Chryssidis (PAC Old Scholar and an accredited practicing dietician) and Callum Hann (Celebrity chef and MasterChef contestant). Themis and Callum work with our students and staff to provide guidance and expertise.

The program incorporates the following elements:

- How to work in teams and co-operate with each other
- How to learn from mistakes and problem solve
- New cooking skills
- The correct use of kitchen utensils
- Budgeting
- Food handling
- Healthy eating choices
- Identifying and purchase of fresh produce
- Writing and analysing recipe
- Food safety and hygiene

1: Dusty Smith

2: Connor Stone and Sebastian Parisi

3: Tutor Groups VRI and MMS

4: Year 7 boys learning to cook at Sprout for eduCook

5: Hugh Caldwell

The moment students entered the kitchen they were engaged, interested and enthusiastic and at times genuinely surprised at how wonderful food can taste when cooked in different ways. As a finale on the final day students prepare a three-course meal for someone special. The students worked hard to display their new skills and were very proud to show what they had learned and produced.

The Adelaide Central Markets tour was a valuable experience that included trying the local produce and talks from stall owners. The students all enjoyed the delightful sights, smells and tastes whilst visiting the markets, and tasted some of the samples along the way.

Here are some of the words of thanks from the students to Sprout.

Dear Sprout Staff

Throughout the week that we spent at Sprout cooking centre I learnt many different things that are helpful in the kitchen. Some of the things that we learnt were different knife skills for cutting up different ingredients. We learnt about the five food groups which is important because it is good to get a healthy variety of each of these groups. We also learnt about cross contamination. This is very important because if you get it wrong you could end up with food poisoning.

My favourite part about the week was the final Friday cook because it was like a MasterChef cook. I also enjoyed going to the market because we were given our own budget and we got to pick what we got to buy.

Overall, I really enjoyed the eduCook week. Thanks very much for this AWESOME experience.

Kind regards

Joseph Erbé

Dear Sprout

Early in Term 3 we came to Sprout for eduCook. We were put in groups of three, (Lachie, Zac and I) and we had a ball of a time. We got to cook plenty of meals and we learned so much from you guys. We learnt lots of things like chopping, cooking and measuring.

Since eduCook I have been cooking with Mum and helping her do the dishes every night. I love cooking now and I have changed my view on cooking.

We thank the Sprout staff for a wonderful week in eduCook.

Kind Regards

Kyle Adams

SCOTTS CREEK

*"You learn that how you got there was what's important.
Not what you accomplished."*

Yvon Chouinard
180° South

This quote certainly encompasses much of the learning that takes place at Scotts Creek. At a time of year when we all generally have an opportunity to reflect on various aspects of the school year, for many students their interactions with Scotts Creek and the Outdoor Education program at the college are a highlight.

It has been another fantastic year of programs at Scotts Creek and the property continues to improve and evolve. This year has seen the completion of the student dorm upgrades. These include; new commercial vinyl flooring, repainting walls, replacement of all windows and screen doors, installation of LED lighting to exteriors and the installation of luggage lockers. These upgrades have certainly added to the look and feel of the dorms whilst maintaining the quintessential Scotts Creek feel. We have also made significant upgrades to the Garden of Eden including an extension to the chicken coop and the new citrus trees have established themselves well. These are going to provide a great top up of citrus in 2019 and beyond.

60

There have been many highlights this year. Certainly, the Year 8 programs have been particularly memorable, with many boys taking the time to reflect not only their extended paddle journey along the river but also their journey through the Scotts Creek program.

It has been a pleasure discussing and reminiscing with the boys about some of their experiences we have shared with them throughout their programs across the years and certainly brings into perspective the quote above from renowned climbing pioneer, businessman and environmentalist Yvon Chouinard.

The Year 5 Father and Son programs were another great highlight this year with two highly competitive weekends well attended. These weekends are a great opportunity for boys to spend some quality time with their Dad or significant male in their lives and to see Scotts Creek for the first time. The weekends were both very close results with the winning teams being: *Team Buzz* and *Team Slinky*.

We also bid farewell to two long term staff at the end of 2018. Alice Cook re-joined us this year and is about to embark on a winter in Canada before working on a summer camp. Allie Brinkworth has been a valuable member of the Scotts Creek staff for the last three years and is embarking on the next chapter of her life adventure a little closer to home in Keith. We wish both Allie and Alice all the best for the future and thank them for their significant contribution to Scotts Creek.

2019 is shaping to be another great year at Scotts Creek and all the Scotts Creek staff are looking forward to the year ahead.

Micha Jensen
Co-ordinator, Scotts Creek Outdoor Education Centre

- 1: 6 Hunter on their expedition to the Mallee
- 2: 8 JHA and 8 JOM boys are treated to seeing the Murray Princess paddle past
- 3: A great raft on the creek
- 4: Enjoying an early morning paddle – Year 5 Father and Son
- 5: Henry Harrison and Jackson Miller practise their emergency stops
- 6: Tent city for the Year 6 boys
- 7: Saying hello to the girls
- 8: Buddy joins the bibs team for Mission Impossible
- 9: Climbing high on the rockwalls

- 10: The SCOC Staff: Alice, Bel, Micha, Steve and Allie
- 11: Henry Goold and Henry Pontifex painting the extension to the chicken coop
- 12: Year 11 leaders in their outfits created by the Year 4 boys
- 13: Year 4 Bishop receive some final instructions before hitting the surf
- 14: Year 7 boys assisting with the Year 7 projects, topping up the softfall on big walls
- 15: Year 8 expedition enjoying near perfect paddling conditions
- 16: The Year 7 boys putting their feet up at morning tea
- 17: Hugo Evans and Alexander Nemeth enjoying a frosty start to the morning

"It was amazing spending 5 weeks with friends and learning all about certain life skills that will help me for many years to come."

Jack Rawlinson

This year we celebrated our 50th Wambana program. We have achieved so much over this time and continue to see new boundaries pushed with each new term and group of boys. Throughout 2018 there have been some great successes in the 11km run, which takes place quarterly. Although the fitness program is about personal improvements and achievements, we have noticed an increased level of physical ability coming through Wambana and are very proud of how hard the boys are pushing themselves, realising what they are capable of, and often surprising themselves with their accomplishments.

Students at Wambana have been helping out the local Point Turton Progress Association for a few years now, with 2018 making a major impact on the local playground. Throughout the four terms, students dismantled the previous playground and structures, and have helped to rebuild a nature play space in its place. Boys have replaced all the sand in the area, built a walking trail and also helped to design and start the construction of a mountain bike track. Their contributions have been paramount for this small community, and in return the students are taking away a sense of pride and a new set of skills for working with certain tools and equipment.

Students have also continued their contributions to the Bublacowie Military Museum, helping war vet Chris Soar in maintaining the grounds and gardens in exchange for a tour of his facilities.

Our boys in Term 4 had the opportunity to be a part of the 100th Year commemoration of WW1, taking an active role in the Remembrance Day ceremony, which was a great success.

It has been another wonderful year at Wambana with our program further expanded to 35 days. With the additional time spent living in the Wardli's, students were faced with some challenges, and learned the importance of open communication and teamwork.

"Living with seven other people is a real challenge and I think I learnt a lot of life skills like how to live with other people. I also really enjoyed the cooking aspect every night."

Thomas Mallick

Another addition to the program this year was a hike in Innes National Park. Looping from Browns beach to Gym beach, the students experience breathtaking views, covered trails, open beach, and always some emu sightings. This day hike gives students the chance to get used to carrying a rucksack before the final expedition in the Southern Flinders Ranges, and also acts as an introduction for hiking in a group, using basic navigation skills and observation techniques.

Well done to all the boys who have come through Wambana, we hope you remember what you've learnt and what you're capable of achieving. An extra congratulations goes to this year's Wambana men, who have been recognised by their peers for displaying the qualities of a Princes Man: Sam Peters, Finn Walsh, Samar Dosanjh, and Isaac Keighran.

Dale Hobbs

Director - Wambana

- 1: Isaac Keighran and Alex Heuzenroeder baking together in the Wardli
- 2: Tom Harrison enjoys the views at Innes National Park
- 3: Sam McKenzie leads his peers on a hike in Innes National Park
- 4: George Cox, Wilfred Ramsay and Alex Heuzenroeder lay a wreath on behalf of Prince Alfred College at the 100th commemoration of end of World War 1
- 5: Students in Term 2 on an inspiring early morning run
- 6: Will Pheasant, Josh Brazier, Harry Matthias and Finn Walsh digging out old playground equipment at Point Turton

SENIOR SCHOOL

COMMUNITY SERVICE

While the day after the last day of term was the start of the holiday break for students, for ten boys from Years 10 and 11 it was the start of a two week trip to Cambodia. They were accompanied by staff members Lizzie Gregory, Beau Muzik, Anna Thomson and Mark Dickens, and a group of students and staff from St Peter's Girls School. This opportunity has established itself on the school calendar, being the eighth trip undertaken since 2010.

The enduring relationship with the New Hope for Cambodian Children Village, located in Kampong Speu Province and home to approximately 170 children with HIV, sees the group warmly welcomed. For five days the group assisted in the Village School, undertook maintenance tasks, painted murals, and engaged in games and much conversation with the children.

In Siem Reap Province the group was similarly welcomed back by the staff of Volunteer Building Cambodia to assist in the building of three houses in a small village located half an hour from the city of Siem Reap. With no previous experience necessary, split into three groups, everyone was engaged under the direction and guidance

of the local VBC builders, sawing and hammering for four days. After a blessing ceremony performed by local monks, handing over the completed houses to the families was truly a moving experience. The gratitude and heartfelt thanks expressed will be a lasting memory for all involved.

Other activities across the course of the trip included visits to Tuol Sleng, a former high school which was utilised as an interrogation centre and holding facility during the Pol Pot – Khmer Rouge regime of the mid-1970s; the Choeung Ek Killing Fields, one of many such places throughout Cambodia during the period of the regime where approximately 1.5 million people were killed; a boat trip to Tonle Sap Lake, the largest freshwater lake in Asia; the Ta Prohm, Bayon, and Angkor Wat temple ruins; a cooking class in a local restaurant in Siem Reap; and the APOPO Visitor Centre, learning about the landmine clearance work being undertaken utilising scent detection rats, nicknamed 'HeroRATS.'

Mark Dickens

College Chaplain and Community Service Co-ordinator

The College Ski Trip is held in the third week of the July school holidays. This year we returned to Perisher Ski Resort in New South Wales. 43 eager students met five staff members at Adelaide Airport early on Sunday 15th July to fly to Canberra. A two and a half hour bus trip saw us arrive at our accommodation; 'Ski Rider Motel' which is 11 kilometres from the ski resort. A hot dinner, a good sleep and hearty breakfast saw everyone ready to start skiing and snowboarding.

The snow was fantastic, the best in 15 years, and the weather was fine for day one. A weather front on Tuesday delivered strong winds, snow and poor visibility for the next few days. This did not dampen the enthusiasm of the boys or staff. The boys were polite and responsible; with mountain staff, shop keepers, ski instructors and the general public making positive comments to staff about our lads.

I would like to thank the boys for their participation and co-operation and the staff; Paul Balestrin, Jarrad Jackson, Felicity Liddy and Megan McLaughlin for their dedication, care and long days of supervision. Everyone helped to make the 2018 Ski Trip safe and memorable. Four students have written brief personal reviews of their skiing / boarding experience.

Phil McLaughlin
Trip Co-ordinator

Recently I went on the 2018 Perisher Ski Trip with 40 other boys. The trip was well organised and it was obvious the staff knew how to run it and what to do in different situations. This was my first-time skiing and I thoroughly enjoyed it, I was quick to learn how to ski and after five days I could do black runs. You may be frustrated on the first day, but once you get the hang of skiing you can't stop. The trip is also good for intermediates and advanced skiers, as they have lessons for all levels. Also, you get to spend quality time with your friends. Overall this trip is amazing and I will definitely be going on the next one and I strongly encourage other boys to come on this trip.

Angus Marshall
Year 8

Ski Trip 2018 was my third time going on the trip and it was certainly one to remember. The ski trip is one of the rare opportunities PAC offers where boys across all year levels interact with each other. Our journey began with two plane trips and a long bus ride and then we arrived in Perisher. Everyday something special happened - there was always stories to tell and new targets conquered. While at the end of the day we would all come back tired and sore not one person walked back onto the bus without a smile on their face. The ski trip was such a fun

time and was great to enjoy time away outside of the classroom with fellow students. From doing our daily two hour lessons to going down double black diamonds in the afternoon everyday was full of surprises. The ski trip has left me with lifelong memories and I would like to thank all staff involved for their efforts - they made this trip one I won't forget. I look forward to being a part of future Ski Trips.

James MacDonald
Year 10

On Sunday 15 July at 8:15 am, at the Adelaide Airport, a group of students from Years 7 to 12 met with staff, Mr and Mrs McLaughlin, Mr Balestrin, Mr Jackson and Ms Liddy to take the first steps of the journey to Perisher Ski Resort for the Prince Alfred College 2018 Ski Trip. Though the travel hours were long, what awaited us was more than worth the commute. That night we were greeted at our accommodation immediately with a well-deserved three course dinner, followed by an early night's sleep, eager for the days on the slopes ahead.

In just five days at Perisher, we managed to experience almost all types of weather conditions, whether it be impeccably sunny, or discouragingly stormy, yet everyone, every day gave it their best shot and made the most of their time. As the fifth day came to a close with everyone covered in bruises and almost entirely defeated, the trip back allowed us all to reflect, and those bruises shortly were forgotten: maturing into nothing but high-spirited memories, new friendships and an overall incredible experience to look back upon. Thank you to all supervising staff for facilitating such an amazing trip.

Sachiel Paradzik
Year 12

Going on the school ski trip in 2018 was an outstanding adventure. It was amazing seeing all your friends doing outside school activities. Every day you could see everyone improving their skills and slowly going on harder runs. Each day there was something to do with or without your skiing partners and you never got bored skiing or snowboarding. You got to meet new people and build relationships with them. When you ski or snowboard, you can do runs for your skill level with your mates. When you are off the slopes, there is always entertainment to do at the dorms. It was a wonderful opportunity to have.

Stefan Balestrin
Year 7

1: Luca Farmer, Sam Prentice and James MacDonald – Year 10
 2: Jack Miller (Year 8), Erin McLaughlin, Mr Phil McLaughlin, Henry Harrison (Year 7), Mrs Megan McLaughlin, Fred Sands (Year 9) and Will Swanson (Year 7)
 3: Early morning at out accommodation – a light dusting of snow
 4: Ski Trip 2018

Back Row: Angus Porter, George Atmadja-Sharp, Mitchell Miller, Sam Prentice, John Maiello, Harry Henbest, Joshua Brazier **Third Row:** Lachlan Oowler, Aiden Le, James MacDonald, Luca Farmer, Ari Ralph, Mitthil Shah, Braheem Abraham, Harrison Haynes **Second Row:** Ted Henbest, Fred Sands, Thomas Harrison, Oliver Eliseo, Brodie Ramsey, Christian Scamoni, Charlie Anderson, Jack Miller, Joshua Geyer **Front Row:** Matthew Economos, Stefan Balestrin, Seb Foster, Riley Stapleton, Jack Pledge, Oscar Pledge, Lachlan Day, Hunter Laing, Henry Harrison **Absent:** Thomas Chapman, William Farrall, Yifan (Mark) Jiang, Angus Marshall, James Papp-Horvath, Sachiel Paradzik, William Swanson, Mr Jarrad Jackson, Paul Balestrin **Staff:** Mrs Megan McLaughlin, Ms Felicity Liddy, Mr Phil McLaughlin

OVERSEAS TRIPS

Barcelona / London Tennis Tour – July 2018

In July 2018, a group of Prince Alfred College boys went to Barcelona to live and train at the Bruguera Tennis Academy. After training six hours a day for one week, the boys were then entered into a few local tournaments to get the experience of playing against boys from another country. Gavin Centofanti won one of the 14 and Under tournaments held which was a great performance in testing conditions with the heat at around 32 degrees Celsius every day.

Barcelona was a great place to experience culture as well as improve the boys tennis skills. While in Barcelona, the boys spent a day touring the city which involved a guided tour of the old part of the city, walking down the famous Las Ramblas and a visit to the famous church of La Sagrada Familia. The touring party also spent a day at the beach town of Sitges.

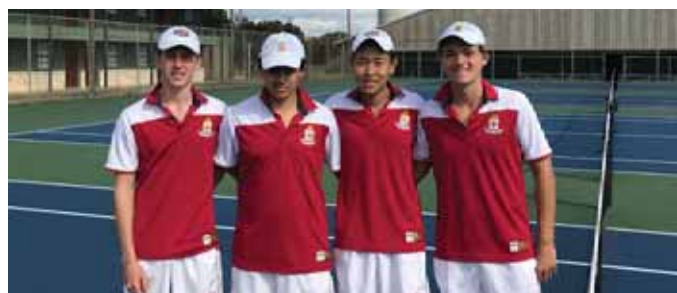

After nearly two weeks in Barcelona, the touring party flew to London where the boys had an opportunity to do some shopping down Bond Street and sightseeing including visits to Hampton Court Palace, St Paul's Cathedral and a night at the theatre to see The Lion King. The touring party was treated to a day at the country estate of past College Captain Marcus Thompson (1990), who also hosted us for a lunch and afternoon of tennis at the Queens Club which was the primary reason for the side trip to London. The tour finished with a friendly match against the Woking Tennis Club.

Chris Nicholls
Tour Manager

Texas Tennis Tour – January 2018

At the National Schools Tennis Championships held in November 2017, the boys were fortunate enough to win the inaugural scholarship to the John Newcombe Tennis Ranch in Texas, for demonstrating the competition's best teamwork and sportsmanship as voted by other schools competing in the event.

This stunning recognition of the team's sportsmanship on court and integrity off the court saw Sam May, Ethan Lawson, Jake Dodd, Jock Piper and Assistant Coach Josh Gregg fly off to Texas in January 2018 to participate in a full-time elite academy with other players from all around the globe.

The training at the ranch saw all boys improve their tennis both mentally and physically, with a positive and team-minded attitude being at forefront of the academy's focus. The boys were also given some time to explore Texas, including watching the San Antonio Spurs at the AT&T Centre. They were extremely privileged to have access to world-class facilities and coaches for the week, and were very thankful to get a glimpse of the American culture, thanks to many kind and generous academy members. It was a truly life changing experience for all boys and proved a fantastic lead in for the upcoming fixtures in 2019.

Sam May
Captain of Tennis

Back Row: Hamish Bartos, William Davies, Jasper Roberts, Oliver Cook, Gavin Centofanti **Front Row:** George Vagionas, Jack Wu, Matthew Penhall, Jack Cockington, Joseph Davies, Jordan Gough **Absent:** Jasper Ryan
Coach: Mr Chris Nicholls

OUTDOOR EDUCATION

New Zealand

The final Outdoor Education trip for 2018, saw thirty Year 11 students head off to New Zealand. The College's seventh tour of New Zealand was the biggest yet and once again had a little bit of everything. From a relaxing surf on the West coast to a 35m abseil into a 4 hour caving experience. We continued the action-packed adventure with white water rafting, including the 7m waterfall, mountain biking through the Redwood Forests of Rotorua and a chance to try lugging. Learning about the Maori culture and their love for the outdoors gave boys an insight into our close neighbour. Sailing, fishing and golf on Lake Taupo slowed things down a little before our big trek and most challenging experience, the 26km trek across the Tongariro Alpine Crossing including the summit of Mt Ngauruhoe at 2,287m. This was one of the most challenging but rewarding days. We finished off the amazing adventure with a jet boat ride on the mighty Waikato river, followed by a 47m Bungy jump above it and the 15,000ft sky dive!

Phil Noble

Co-ordinator Outdoor Education

- 1: Checking out the waves Raglan
- 2: Lachlan Brazier, Tom Worthley and Harry Boyd in Thermal vent on top of Mt Ngauruhoe
- 3: Group having a break on the Tongariro Crossing – 26km Alpine walk
- 4: Max Chapman has left the plane over Lake Taupo, 15,000ft
- 5: A nice day on Lake Taupo, Paddle boards
- 6: PAC Group at Velocity Valley Rotorua after the 40m Swoop
- 7: The 7m waterfall on the Kaituna River
- 8: 35m underground in the Ruakuri Cave
- 9: Charlie Keeves, jumps off the 47m Bungy above the Waikato River
- 10: Lake Taupo with the snow covered Mt Ruapehu in background
- 11: Taking a recess break after a 35m abseil underground, before entering the cold waters of the cave

Prince Alfred College recognises the importance of providing a range of career learning options to help students with planning their future pathways. The Careers Office works collaboratively with Year 9 – 12 students, their parents, and teachers to address student needs, educator insights, parent concerns, economic and industry imperatives, to assist students with subject and career decisions. The benefits of a holistic program are many and include:

- Better understanding and awareness of self
- Stronger confidence of the student
- Less angst regarding the future
- Stimulating work environment cognisance
- Connecting relevance and meaning to classroom studies
- Promotion of life-long learning
- Building a competitive edge for our students including jobs and scholarships

In 2018, students and parents accessed a 'yum cha' (buffet) of unique offerings. Year 10s were able to complete an online profile resource MyCareerMatch (with the assistance of UniSA) that helped explore subject preferences, interests, skills and career interests. This helped link their current studies to their futures, and started the process of developing a realistic understanding of further study and careers.

The annual Careers Expo offered to all Year 9 to 12 students and their parents was the biggest careers event of its kind at Prince Alfred College. Students were able to research top career interests by speaking with 30 exhibitors in attendance, including the 'Group of Eight' universities, and chose to hear from 30 guest career speakers to learn specifics about job pathways.

Our guest list of Old Scholars has been extensive and we believe the learning connection between current and past students will continue to grow.

Year 11 students were given the opportunity to look at workplace communication, employer expectations and interview guidance as the annual Year 11 Career Development Day was held on Monday 17 September in Piper Pavilion.

In addition to our fabulous local universities visiting, we welcomed two very special guests from the United Kingdom. Representatives from two of the highest-ranking UK universities shared insights with our students. Durham and St Andrew's universities are steeped in tradition yet have a modern global outlook. Students enjoyed hearing about their flexible degree structures, as well as hearing about the very best of British education and culture. Our students' interest in national and international universities continues to grow.

Interested students attended several information sessions on Med and UMAT/UCAT pathways this year, and for the eighth year in a row, the Careers Office offered a three-tiered interview workshop to prepare the students for interviews. The Careers Office also held an Elite Athletes afternoon tea with UniSA to talk about how universities can help students juggle elite sports with university studies.

These are just some of the highlights from the Careers Office at Prince Alfred College in 2018.

Monica Magann
Careers Counsellor

1: Years 9 – 12 students and parents enjoy the Careers Expo

2: Hypnotist Isaac Lomman talks about the power of the mind

3: Year 11 students Luciano Mercorella, Josh Benn, Rami Andary, Jack Cockington enjoy the hypnotist show

4: Marcus Luksch finds out about Management degrees

INDIGENOUS STUDENT PROGRAM

As I write this Chronicle reflection on the Indigenous Student Program at Prince Alfred College, a survey is about to be sent out to all staff to get feedback on how our Community is faring with the implementation of the Narragunnawali Reconciliation Action Plan (RAP) (launched May 2016).

As with any successful teaching and learning, engagement is the key, and everyone's voice is important as we seek to honour our commitment to support and foster a higher level of knowledge and pride in Australian Indigenous histories, cultures and contributions.

Consulting Aboriginal Elder, Uncle Ivan Tiwu Copley shared recently with Prince Alfred College leadership that he has seen great growth at the College with a wider net being thrown out to include other students from other schools. He reiterated the significance of the RAP actions empowering the Indigenous community but also specifically wanted to point out the empowerment of our non-Indigenous community. He remembers as a highlight from 2018, a powerful video of Aboriginal children singing at the Primary School during Reconciliation Week and said "that kind of teaching empowers not only the students but the teachers and this makes better teachers. This makes a better place, and better people." His future recommendation is to continue to implement the RAP with the view to 'stretching' the RAP, as it is ongoing and should not get lost.

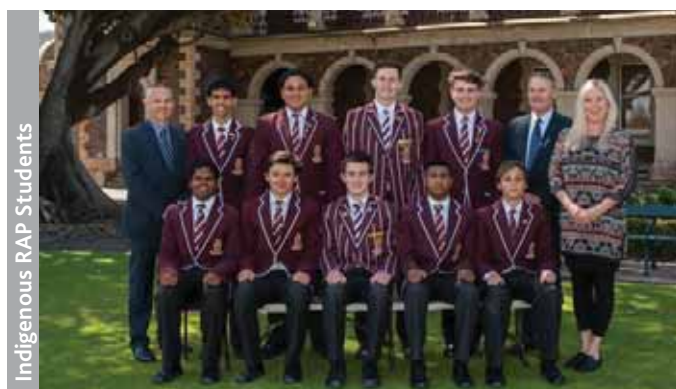

Our RAP Student Team has had regular meetings this year with all the Indigenous students at the school as well as non-Indigenous Year 12 students Noah Miles, Hugo Lidums and Angus Brosnan. Together we planned a great National Reconciliation Week and saw cultural learning implemented from the Early Learning Centre right through to Year 12. Staff have undergone vital cultural competency training this year, with a genuine interest in learning more. And there is so much to learn! If Aboriginal presence in Australia was measured by being here for 24 hours, then the first fleet arrived just five minutes and four seconds ago! People get so excited about old heritage buildings around the world, but to learn about Australian Indigenous cultures and histories (over 65,000 years old) is really precious.

Our Yaitya Tita Aboriginal Youth Connect Program has been exciting this year. In addition to the more serious goals of leadership development and building connections between different schools, students have had a chance to find a safe place to paint, play sport, make friends and start thinking about their futures. In 2018 the students were honoured to meet the Governor of South Australia, the Honourable Hieu Van Le as well as receiving a visit from the Premier, Steven Marshall. We anticipate our outreach to the other schools in the

Eastern Suburbs will grow in 2019 and beyond. While there are limited places around Australia where you can go to have didgeridoo lessons, PAC is in a unique position where students from Years 7 to 12 can experience learning this instrument directly here at the College. The didgeridoo learning program came to fruition after Mr Adam Mason performed on didgeridoo in several official events as part of the Reconciliation and NADOC weeks in 2014. At that stage Mr Mason was the assistant to the Director of Bands and teaching low brass across the college. Due to this exposure of the didgeridoo, Mr Mason had received interest from a student wanting to learn the didgeridoo and this is where the program all began. Mr Mason began to structure a curriculum for the program which was trialled during the following year with James Saunders, the first student to learn didgeridoo at PAC. With performances by both James Saunders and Mr Adam Mason at both school and public events over the following two years, the potential for more boys to learn the didgeridoo became more apparent. This was strengthened by the College increasing its exposure of its support to Indigenous recognition and reconciliation. Through demonstrations to Year 6 Music classes surrounding the cultural and performance aspects of the didgeridoo and its indigenous heritage, the program began in earnest with another student beginning in 2017 and then another five beginning in 2018. With numbers set to increase again for 2019, Mr Mason is set to hopefully begin a didgeridoo ensemble involving his more experienced didgeridoo players. This will take the program to a whole new level with students having to work as part of a team playing the didgeridoo as well as the tapping sticks, cajon and stomptbox.

In conclusion, to our awesome Indigenous students Jason Coleman, Ahzali Bin Omar, Jake Dodd, Kozzy Kropinyeri-Pickett, Isaiah Dudley, Samson Andrews, Tex Wanganeen, Eamon Peisley, Ky Bishop, Zac Bishop, Caleb Thomas and Oliver Wentzel – we say a big thank you to you and your families for everything you have contributed to Prince Alfred College, especially in the realm of cultural sharing. We are delighted to have you here. Good luck and all the best to Jason, Ahzali and Jake who are finishing Year 12. To Mr Darren Roylett and Reverend Mark Dickens, you are a great team to work with and thank you for all of your support.

Monica Magann

STUDENT SUCCESS TEAM

The open to all student access has seen another busy year in the Wellbeing and academic support areas. The supporting staff in the academic team, Mrs Sally Persian, Mrs Angela Spitty and Mrs Debbie Hulme have provided exemplary support to boys in all year levels.

Mrs Spitty and Mrs Persian have temporarily filled the Co-ordinator role this year and have worked diligently carrying out the role with aplomb. Mr Damien Coats will return to the Co-ordinator role in 2019 and staff and students welcome him back to Princes.

The wellbeing space has reaped the benefits of having Ms Rachel Tarn working with students in her role as mental health professional this year. Ms Tarn will continue in this role in a part time capacity in 2019 and I, Janine Tuffery, will continue in the full-time role as Wellbeing Coordinator.

Both teams will nominate two students to be academic and Wellbeing Captains in 2019.

The nominations are made after carefully considering the current Year 11 boys who access and who have

utilised the support available. These boys have also shown a willingness to support other students and have ingenuity and solid commitment.

The Year 12 students will have a mentoring role and also be proactive in initiating and supporting further education. This peer support approach encourages students to develop an acceptance of accessing support. Student support is a team approach at Princes and begins with teachers, Tutor and Year Level Co-ordinators. The academic and wellbeing support teams complement pastoral care to develop a bespoke support for each boy.

As the school year ends, the academic and wellbeing spaces at the top of the Wilfred Cooper building will have a facelift. Academic support will remain in W22 but will be extended to include a meeting room and office. Wellbeing support will move into W23 and incorporate two office spaces. The spaces are open and welcoming to all students and are centred in the Secondary School making them visible and accessible.

Janine Tuffery

Wellbeing Co-ordinator, ELC – Year 12

Prefect Report 2019

The 2018 Prefect group has excelled in our tenure as leaders of the College. Our trademark this year outlined the basic principles we abided by - to Serve, Strive and Inspire. The various portfolios divided amongst the group showcased our diversity across a range of areas and illustrated leadership at a high level.

Service and Fundraising became a large facet of the team's effort, with our annual involvement in the Leukaemia Foundation's World's Greatest Shave. All 23 prefects and a number of Year 12 boys raised funds and awareness for the Leukaemia Foundation. They were brave enough to have their heads shaved to a crisp number two setting for this wonderful cause. The original goal was set at an ambitious \$15,000, however by the end of the campaign the team was ecstatic when a \$32,000 cheque was presented to the ambassadors of the foundation. This was a record for the school and a quarter of the total amount raised in the State, which is an incredible effort from everyone involved.

The Prefects have also initiated steps for Prince Alfred College to become a White Ribbon School. This involves a two year program where staff and students undertake workshops within the College to open discussion on stopping and preventing Domestic Violence against women. The hope is that the Service and Fundraising Portfolio will continue working towards the goal of becoming ambassadors for this foundation.

Interschool Relations were strengthened this year with initiatives being driven alongside Wilderness as well as St Peter's. A group of this year's Prefects worked with student leaders from Wilderness School and developed a program to promote gender equality in both schools. This initiative was established by last year's Prefects, with us continuing the trend. We focussed on enlightening the two schools on the concept of unconscious gender biases, which are the phrases and ideologies which we as a society propagate without even realising we are doing so. This initiative, along with our relationship with Wilderness School, is something we would like to see developed further over the years and is an exciting prospect for the future.

A new initiative this year developed by the Captains and Vice-Captains of both Prince Alfred College and St Peter's College, was the intercollegiate Code of Conduct.

We worked closely with our counterparts to develop a set of principles detailing the expected behaviours of the students throughout the fixtures. PAC presented five pillars of conduct representing the Princes Man, those being: Men with Identity, Men with Duty, Men with Courage, Men with Positive Legacy, and Men with Passion, as the guiding principles for expected conduct on and off the field. Overall there was a significant improvement in behaviour and sportsmanship with the exception of a few minor incidents. The Prefect Body wishes its continuation and improvement with each year.

In the Preparatory and ELC portfolio, various leadership workshops were conducted for Preparatory School Leaders and explored goal setting, leadership styles, traits and team building. This was a highly rewarding experience for the prefects and strengthened relations between the year levels.

The leadership group in the Boarding House ran a successful sausage sizzle on Boarder's day to raise funds for Rural Aid's Buy a Bale initiative to help with drought relief. Many of the boarders have a close tie to farming so it was a fantastic way for the PAC community to donate to this worthy cause.

While the Prefects are openly recognised as leaders of the College, other leadership positions were held in areas such as House, Sporting and Boarding to name a few. The Year 12s were also encouraged to 'give back' to the school and had a positive involvement on the year's events and demonstrated their true passion for the College. Princes has embedded leadership into its curriculum by offering countless opportunities for students to demonstrate and develop the fundamental skills needed. It is a skill that we are truly grateful to have harnessed and utilised in our final year of serving the College. As both Prefects and Vice Captains of the College we are very proud and honoured to have worked beside such a cohesive team of boys to achieve our goals this year.

Finally leadership is ultimately not about instructing your peers, rather it is about creating a space of opportunity for others to harness their full potential. Princes has embodied this to a great extent and as a result, is producing cohorts of driven young men.

2018 has been another remarkable year for the boarding community with so much achieved by so many boys. Each boy has been challenged academically to enjoy the wide array of experiences offered through the College's vast Co-Curricular program which is enhanced by our boarding community activities program.

Boarders have again featured in many Firsts sporting teams, from AFL, soccer, cricket, table tennis and badminton. With sport at the core of many of our boys' lives, it is no wonder that the annual Intercol games are much anticipated, courageously competed in and enthusiastically supported by all within the boarding community. During Intercol week it is truly an emotional roller coaster in the boarding house, with every bruising bump, goal, victory and/or loss closely scrutinised by the boys. Importantly, much character development occurs during these times and it is certainly amplified in the collective community of the boarding house.

One of the year's standout achievements was the 2018 Boarders Day. Ed Downing (Captain of Boarding) thought it was time that the boarders put their support forward to assist with the drought which is affecting large parts of Australia and some farming families within the PAC boarding community. Through the *Buy A Bale*

campaign the boys were able to raise in excess of \$4,000 for drought relief through a uniform free day and also the fundraising BBQs. Ed was able to muster support from the Preparatory School who came on board with their own *Wear A Flanny for a Farmer Day*, which saw the Preparatory boys enjoy a uniform free day and make a significant contribution to the cause.

Another highlight of 2018 has been our team of staff (myself and *Mr Marathon Man* – Noble) and students which entered the City to Bay. As a first-timer, I really enjoyed the challenge and community feel on the day and possibly even more enjoyable was beating a couple of our students over the finish line! All in the name of charity of course!

At Princes, our boarding program offers extensive residential care for over 140 boys, catering for their individual needs, as well as ensuring that they feel part of a community. Our services run from accompanying boys to physio appointments, to replacing a lost text book, or organising the ever-popular weekend activities program. The structure and tradition of the boarding house ensures that all boys are offered the support and mentoring to achieve success at every level.

Second Row: Nick Longmire, Ahzali bin Omar, Will McMurray, Connor Craigie, Luke McCauley, Riley Chapman **Front Row:** Lachlan Pointon, Jason Coleman, Jayden Wong (Vice-Captain Boarding), Edward Downing (Captain Boarding), Reyner Clarke (Vice-Captain Boarding), Jordan Wu
Teacher: Mr Phil Noble – Assistant Director of Boarding **Absent:** Mr Darren Roylett – Director of Boarding

As I have previously said, structure helps boys succeed, and PAC's unique weekend activities program appeals specifically to teenage boys. By being fully engaged on the weekends, the boys are kept active, and become better organised. The program isn't just about fun and adventure, it's about being balanced. Our activities program enables our boys to engage with the world around them, and benefit from the multitude of learning opportunities that present through new experiences. PAC boarding activities range from training for specialist qualifications such as scuba licences or first aid, to baking and cooking classes with Mrs Toh; and there are always plenty of opportunities to socialise with the girls' boarding houses and community service activities. Giving the boys a solid background outside of academic achievement is as important as their academic program. We want boys to develop their leadership skills, and for them to make valuable contributions to their local and global communities when they complete their time at PAC.

At PAC, we are very proud of the talented sportsmen that we have within our community. But we are not wholly focussed on pursuing success on the field, court, or stage. Our boarding program is structured to enable boys to develop character and to be their personal best – in every aspect of their lives.

On the first Sunday in February we had our boarding community BBQ and team building event which was thoroughly enjoyed by all of the new boys and current boarders. The goal for the day was to create an event where all boarders could get to know each other better in a fun and relaxed environment with staff. After lunch, all boarders then went to the RED Centre, where boarding prefects led activities with groups rotating every 30 minutes. Activities included *Pictionary*, *water polo*, *volleyball* and *indoor soccer*. The focus of all the activities was having fun and making new friends. Our new boarders threw themselves into all the activities and our existing boarders and prefects had an opportunity to practice their leadership skills.

Also during the year, we enjoyed celebrating significant cultural events like Chinese New Year in the boarding community. This provided an opportunity for many of our international boarding students to showcase their culture and make vital connections with their homes and families.

Within the 2018 calendar the boys have had the opportunity to take part in many activities outside of their academic pursuits including: working towards their open-water scuba licence, learning to surf at Middleton, ten-pin bowling, attending Fringe Festival activities, and watching some of the most recently released films.

Throughout the year, I have the privilege of witnessing the trials and tribulations of Intercol sports, the drama and musical productions, and the other aspects of school life that surrounds us living on campus. These combine to give me an overview of the many shapes and sizes that a Princes man can be. Our positive culture helps to breed success in our community and through our emerging Princes Men.

As I reflect on the final days of the Year 12 boarders at the College I must thank them for the legacy of the culture that they have helped create which will influence and shape the character of the Princes men that will follow them. Go Reds!

Darren Roylett
Director of Boarding

NEW BOARDING HOUSE

The building of the new boarding facility adjacent to the Parade West Entrance to PAC, extending the PAC campus footprint on Parade West, has gone from well-thought-out plans to a realised (almost complete) structure during 2018. The new state-of-the-art boarding facility will accommodate 150 boarders and their carers, meeting the varying needs of students' study, comfort, socialisation, recreation, technology and wellbeing. The site of the facility, off the main campus, yet near the

College, is accessible via a private bridge across Parade West - allowing for secure, ease of access to College facilities.

Ross Scrymgeour
Director of Advancement

Progress from site clearance to January 2019

INTERNATIONAL STUDENTS

The College has welcomed students from mainland China, Hong Kong, Macau, Vietnam, Thailand, Malaysia and Saudi Arabia. Some have entered the mainstream upon arrival and others have joined the International Student Transition Program (ISTP). This year, we have had almost 20 students in the program including girls from our sister school, Wilderness.

In the ISTP, students study English for Academic Purposes (EAP), Science, Mathematics and Physical Education. They build confidence in using the language and develop their awareness of the expectations of an Australian school. In the chemical and physical sciences, and in mathematics, students are exposed to the learning of the content of these subjects as well as the learning of English. After two terms of integrated content and English learning, they are able to partake in the mainstream science and maths exams. Our students report feelings of real achievement when they can cope with and write and talk about such complex material in English. This year in the EAP course, students have explored topics related to health, technology and the environment. They have written paragraphs, essays and reports, and have delivered several oral presentations. Through the ISTP, students' sense of place is enhanced through tours of the city and surrounding areas. Students have not only explored the cultural landmarks of the city but have also visited Cleland Wildlife Park and Mount Lofty, and will soon tour the Japanese Gardens and the Haigh's Chocolate factory.

The international cohort has engaged with the College community through a variety of interclass activities which have helped develop camaraderie across ages and subject areas. At the start of the year the Middle School international students conversed with the Chinese second language students in informal lunch time language exchanges. The ISTP and Year 10 EAL classes attended a show in Term 1 as part of the Adelaide Fringe with Leo Hu and Chris Wang bravely volunteering to be part of Isaac Lomman's Hypnosis Show. In Term 3 the ISTP and Year 10 EAL classes took part in shared lessons, posing discussion questions and giving personalised feedback to their peers. These kinds of interactions build stronger bonds within the College community and provide opportunities for older students to mentor their peers.

Our international boys experience a very holistic education at Prince Alfred College. They are involved in the life of the entire school. Boys are placed in Tutor Groups and House teams. They attend assemblies and are strongly encouraged to take part in Co-Curricular activities including sports, music and art. Our international boys have made us very proud through their participation and achievement in a range of College activities including badminton, basketball, table tennis,

debating and musical bands. Our international boarders even performed the Lion Dance at the Early Learning Centre during Chinese New Year.

We believe that our International Student Captain's speech sums up the experiences and thoughts of most of our students. The following is a series of excerpts from Jack Cai's final address at the International Students Farewell Dinner in October:

"I still clearly remember the time when I first came to PAC in Term 3, 2016: I could not find the classroom independently, I felt extremely nervous when speaking English, and I felt a strong sense of homesickness during the night. I believe everyone has such challenges during the transition to our college and I really want to thank everyone who has supported me along the way. Looking back on my journey at PAC, and especially my experience as International Captain, I have been thinking about what an international student can do – and does do – for the school community. It is obvious that lots of our international valedictorians have brought fresh blood to sports teams and show their competitiveness on the sports field, in sports such as badminton, basketball and soccer. We also have had different academic achievements throughout the year, both school-based and outside the school. We look at things from different angles and give new perspectives. We reflect on our life and understand the culture of Australia. We try to break down all kinds of stereotypes by sharing our own experiences with people from other backgrounds. All these small things converge into a mighty current, which is cultural diversity, and this is something that makes PAC exceptional from other colleges in Adelaide."

This year, there are 17 international students who have completed SACE or IB courses, with most of them spending at least three years in the College. This group of intelligent, aspiring, creative and hardworking students have enriched our culture. We believe that they will carry the values and morals of a "Princes Man" to wherever their life journeys lead.

There is much emphasis in current educational discourse on STEM subjects (Science, Technology, Engineering and Mathematics). The popular perception depicts a rapidly changing, digitally disrupted world where a twenty-first century society values the 'hard' sciences above all else - perhaps becoming the kind of dystopian world memorably visually portrayed by Ridley Scott in the first incarnation of *Blade Runner* (1982). This approach to curriculum is missing one of the key purposes of education. Education exists to equip students with deep knowledge of every aspect of life; it has always existed for this reason. To my mind the Arts inform the Sciences. Artistic endeavours like *Blade Runner* act as a warning of the worst of what may come if we deliberately devalue the Arts in favour of progress in the Sciences.

Imparting knowledge and appreciation of the Arts underpins our philosophy. Students are aware that all styles of music naturally feed into each others. This generation knows the pop songs of Adele, but they may not yet know why her music owes everything to Schubert and why sampling wouldn't exist without Dvorák. Indeed, the beginnings of what is now recognised as original Australian theatre in the canon aren't officially recorded until Ray Lawler's *The Summer of the Seventeenth Doll* (1955), but of course it existed long before then in Louis Esson's plays and the voices of Indigenous stories. Arts education has a unique purpose in developing the intellect of our students and that is our guiding mission at PAC.

To be human is to be more than an economic producer.

Before we rush to pressure and push our sons (and daughters) out of the Arts and into STEM courses in their senior school years, we should think more carefully and listen more attentively to the voices and hearts of our young people. Let us ignite and fan their passions and encourage a broad liberal education that values them as the next generation - with hearts as well as minds, dreams as well as ambitions. They deserve to know and to ponder the very best of what has been composed and scripted if they are to be truly well-rounded young men.

2018 has been an exercise in building on the foundations of knowledge laid in 2017. Our Director of Music, Andrew Edge, has co-ordinated a number of high-profile musical events with the Music staff where College musicians have performed not only for families and friends, but also for royalty. Michael Oomens has continued to work extensively with Years 10 - 12 Film students achieving myriad successes in the realms of external and interstate film competitions.

In January, Drama students returned to school to beautiful new surroundings in the Prince Philip Theatre which has been restored and modernised with state of the art technology. We began the year with an interstate trip to Sydney for OnStage Week in February, an annual showcase of the best Drama performances across the state in the previous year's HSC. Our students attended three different productions including a Stage and Screen Writers' workshop. The high standard of OnStage work as live examined performances of devised drama is as close to professional as a student production can be, and the boys who attended have integrated new ideas and techniques in staging, characterisation and physicalisation in their classroom work throughout the year. Acting workshops at NIDA and a backstage tour of the Sydney Opera House completed a memorable

1: PAC Boys James Walters, Angus Porter, Shae Olsson-Jones, Matthew Adams, Bailey Lock and Sam Read at NIDA, Sydney
2: Years 7 and 8 boys at the Theatresports competition in the newly refurbished Prince Philip Theatre

weekend for all. This interstate trip will occur biennially with the next slated for Year 11 Drama students in 2020.

New opportunities in the theatre in 2018 also began with the offering of Speech and Drama graded examinations from Trinity College London by Alicia Zorkovic. Alicia has worked expertly with the Preparatory School students in different areas of Speech and Drama including Performance Arts, Poetry, Rehearsed Readings and more. Students in Years 1 to 6 performed for an external examiner who travelled from London and will soon receive certificates in their respective grades, like music examinations. I am pleased to confirm that these courses will continue in 2019.

Also in the Preparatory School, a new initiative aiming to offer boys broader experience in different forms of the Arts was instituted weekly on a Wednesday afternoon. It became known as 'Arts Hour'. Boys in Years 5 and 6 took instruction for one hour a week in hip-hop from Pure Funk Dance studio, in tap dance from Mel Brister, in samba/cha-cha from Australian national competitor and champion Jason Coleman, in green screen filmmaking from Kellie McCauley, in singing from Ross Burford and Mandy Bell and in Theatresports from Kirsty Wigg and Marshall Cowan. Just one hour per week in each term of 2018 has cultivated talent through direct instruction in each of these expressive art forms. In these sessions, students learned to think, move, speak and act with confidence. In making and staging performances they learned how to be focused, innovative and resourceful and how to take on responsibilities for drama presentations. They were excited by exploring their imagination and taking risks in storytelling through role and dramatic action. The program primarily focused on the basic skills of dance, filmmaking, improvisation and singing which will in turn be used to extend boys in 2019. Ms McCauley's work with stop motion animation with Years 5 and 6 has been a unique insight into how creative

students can be in this area and was a highlight in a successful program this year. My sincere thanks to all the tutors and classroom teachers who worked extensively on this weekly program which culminated in termly showcases open to parents.

Throughout this year, Theatresports continued to be a weekly Co-Curricular activity for Middle School boys. Coached by *ImproNow!* we competed against specialist Arts school Brighton High School and Mitcham Girls in what was a competition of high standards. We faced Wilderness School in Term 2 in our second major interschools competition. In both events, our team of Years 7 and 8 boys practised with gusto coming in quickly with effective offers and extending the narrative of scenes where they could. These teams will continue in 2019 with new members always welcome.

The Prince Philip Theatre was unveiled in a wonderful night of music and song in June. The rebirth of this historically important place and its significance to the College, in the heart of the school, was marked with the sounds of our talented ensembles playing together. Among others, we heard from the Senior Concert Band welcoming midwinter with a storming *Game of Thrones* theme and the Festive Overture by Shostakovich, conducted by Andrew Newhouse; the Street Jazz Band, fabulously conducted by Lizzie Gregory who also played the tuba as part of the group, and the new Motown Vocal Group who serenaded the audience beautifully from the grand piano accompanied by Ross Burford.

The Piano Trio of Edmund Black on piano, James Monro on cello and the fortuitously named Shine Wang shone in a finale of epic proportions, playing *Meditation* by Massenet and *Dance of the Comedians* by Smetana. It was a spectacular night of the very best of student performances.

3: Arts Hour Hip-hop

4: Arts Hour Theatresports

Our Town

In September, the Princes Players Theatre Company followed up the roaring success of last year's musical production of *Oliver!* with this seminal play written in 1938 by Thornton Wilder. Chosen for its significance on the eve of the College's sesquicentenary, the play enabled our young talented cast to immerse themselves in classic literature for five months; something which we all enjoyed. The cast, comprising PAC boys from Years 5 to 12 and featuring girls from St Peter's Girls' School and Seymour College, was bolstered by cameo appearances from Old Scholars Seb Walker, Fergus Teh and Thomas Fenner. It was marvellous to work with these Old Boys again. Their leadership, in particular, inspired and connected the cast remarkably, forging bonds of friendship that will undoubtedly continue.

One of the many joys of teaching is being able to introduce students to work one admires.

Since you can never relive the experience of seeing, hearing or reading a memorable work of art for the first time, you can do the next best thing: you can teach it. Through the discoveries students make you can recapture vicariously some of the exhilaration that accompanied your own discovery of that work long ago. This was my experience working on *Our Town* with the Princes Players.

It is important to note that *Our Town* is a great American play. Possibly, *the* great American play.

Like many works of art, the greatness of this play can be deceptive: a bare stage, spare language, archetypal characters. Wilder begins the play with clear stage directions, 'No curtain. No scenery.' Stripping the stage bare of fancy artifice, allowing two ladders, a few chairs, minimum props, Wilder directs that 'this play must

establish a value for the smallest events in our daily life.' That in itself was a challenge to which the young cast rose; they approached scenes which required detailed mime work with gusto, carefully practising making bacon and coffee in what was nothing more than wide empty space. In this regard Michelle Rupert (Mrs Gibbs) and Amelia Provan (Mrs Webb) excelled.

The perfection of this play starts with its title. Grover's Corners could be anywhere; is indeed anywhere, and it belongs to all of us - it is *our* town. The play is a microcosm of the human family and in that specificity it is also all of us. All towns, all cities, everywhere, including Adelaide. The play's success across cultural borders around the world attests to it being greater than an American play; it is a play that captures the universal experience of being alive.

Living in Adelaide after so many years in Sydney has reminded me of the beauty of a slower pace of life, of the strong bonds of old friendship, family and traditions - all of which encompass our College community. I grew up in a very small, close-knit town in which many of the characters in the play were regular fixtures. You will know them too: we all know a Louella Soames, the pillars of our communities like Doc Gibbs and Constable Warren and we may identify with the life experiences of George and Emily (played with intrinsic awareness by James Walters and Georgia Theofanous) as they navigate high school and progress down their life path.

There is wry comedy in the irony of our recognition when Mr Webb (Thomas Dodsworth) tells us that the residents of Grover's Corners 'note the change in seasons, and the birds - yes, we pay a lot of attention to *them*', and when the Stage Manager (Angus Porter) notes that 'we like to know the facts...about everybody', we laugh at what we know to be the humour of our humanity.

1: Ethan White and Stefan Drusian
2: Old Scholars Fergus Teh and Thomas Fenner (2017)
3: Full Cast

Yet there are darker moments too. Old Scholar Seb Walker brilliantly played Simon Stimson, the alcoholic choirmaster, with ease. He is a unique creation - buffoon and tragic figure all at once. Simon is not a stumbling town drunk designed for easy laughs although he may get them; rather, he is a tortured, self-destructive soul whose cries for help are ignored by a provincial people steeped in denial. In the tragedy of Simon Stimson, Wilder illustrates the failure of a society to help its own and the insidiousness of systematic ignorance. Likewise, the simultaneity of life and death, past, present and future pervades *Our Town*. As soon as we are introduced to Doc and Mrs Gibbs, in the first five minutes of the play, the Stage Manager informs us of the exact details of their deaths. Already the long shadow of death is cast. With the spectre of mortality hovering, the mundane daily business of the people of Grover's Corners attains a grandeur - the life lesson Wilder teaches us all. The small moments matter.

In 2019, our community celebrates the 150th anniversary of the opening of Prince Alfred College. This is a significant achievement; one which gives us ample opportunity to reflect on the rich history of our College and the rites of passage which it has witnessed in the thousands of boys who have been educated here.

'The cottage, the go-cart, the Sunday afternoon drives in the Ford, the first rheumatism, the grandchildren, the second rheumatism, the deathbed, the reading of the Will,' - it's all there, in *Our Town*, all the passages of life.

My thanks to Professor Donald Margulies whose work on this play inspired my own, and the tireless work of Nick Iadanza and Laura Townsend, the best stage managers the Princes Players could possibly have. Thank you to the entire staff team who worked on this production this year. We numbered eleven - a diverse group of talents brought together to create something special. Particular thanks are due to Troy McKinnon, Pat Noonan and Jayne Porter and their teams for their unwavering support and assistance in staging this production.

If you are new to *Our Town*, I envy you. A joyous discovery awaits.

"The response we make when we believe a piece of work of the imagination is that of saying: 'This is the way things are. I have always known it, without being fully aware that I knew it. Now in the presence of this play or novel or poem (or picture or piece of music) I know that I know it.' It is this form of knowledge which Plato called 'recollection'."

Thornton Wilder, 1957

The Princes Players Theatre Company presents *Bugsy Malone*

The upcoming College production, *Bugsy Malone*, will run from 18 to 21 June 2019. This musical will feature boys from Years 4 to 12 and will open in the newly renovated ANZAC Hall. It is sure to be a spectacular production with a large ensemble cast.

2019 heralds a new era in performance at PAC with an exciting year ahead treading the boards of this new space. I look forward with optimism for what is to come.

Paula Little

12: Georgia Theofanous

13: Michelle Rupert and Amelia Provan

Music

The Music Department has continued to be at the forefront of life at Prince Alfred College. Whether it is a brass fanfare to welcome His Royal Highness, Prince Edward to the College, our drummers setting the scene for battle as our First XVIII take the field against St Peter's College, or the Piano Trio receiving a standing ovation from their peers at an assembly, 2018 has been another year where dedicated Music staff and students have produced high-quality performances for all occasions. While the awards and applause of the crowd are rewarding, it's in the rehearsals, the sharing of great recordings and the long bus journeys together where relationships are formed and the true value of music is felt. It is always encouraging to see new scientific evidence of how learning music benefits the brain but apart from the individual growth that our music students experience, it is the music culture and camaraderie that most enriches the lives of our boys and the wider community.

A focus this year has been on expanding our musical offerings to ensure that boys of all interests and skill levels are catered for in our Department and that we have an ensemble fit for any occasion. This has led to the introduction of the Street Jazz Band and Motown Vocal Ensemble, the expansion of our Rock Band Program, and the running of class ensembles in all streams of classroom Music from Years 7 to 10. In 2018 we have added Jack Degenhart (saxophone), Sam Cagney (guitar), Jordan Lennon (drums/rock bands), Ross Burford (voice/choirs), Katia Labozetta (voice/piano/accompanist) and Graeme Quinn (accompanist) to our outstanding

team of expert tutors. We have also welcomed Music Teacher Lizzie Gregory to the faculty; she has instantly had a positive impact on staff and students alike as a result of her musical expertise, versatility and wonderful character.

A welcome challenge for the Music Department when the year commences is the series of events in the garden of St Jacques. A variety of ensembles and soloists impressed guests in the Headmaster's garden at the start of the year including our brand new Street Jazz Band which, at the time, was only two weeks old. Term 1's Autumn Concert has traditionally been about showcasing the breadth of our Co-Curricular Music Program which presents a logistical challenge. With a huge range of music styles, ensembles and soloists on display, the night celebrated the collegiality of the 2018 Music team in producing a high-class concert. After the long eleven weeks of Term 1, most of the College community were able to relax, but not the musicians. It was all-hands-on-deck preparing for the Royal Visit in the April holidays which was a highly memorable experience for all involved.

Term 2 begins annually with the hurricane that is Generations in Jazz. The storm brews in Term 1, with boys frantically learning their difficult parts and directors working overtime to get the pieces working; it then ramps up with holiday rehearsals and the Gearing up for Generations concert at the start of May. By that first Friday in May, the wind hits full force. This year, eighty boys and seven staff travelled to Mount Gambier along with 5,500 other students from around the country. As

we have come to expect our students achieved excellent results and represented the College superbly on this public stage - including having a band in the Small Jazz Combo division for the first time.

Following GIJ, the big bands' performances at Norwood Live at the end of Week 5 was a remarkable concert - with boys from all year levels jumbled up into four even bands alongside a staff superband. The music performed that night was the result of fewer than four weeks' rehearsals and was testament to the versatility of our musicians. Although we had heard two wonderful Strings Showcases and a SACE Solo Performance night in the Prince Philip Theatre by this point, the Midwinter Music Night at the end of June was the official launch of the recently refurbished Prince Philip Theatre. The marvellously decorated room and music of the highest calibre took the guests away to other times and places, from Westeros to a Russian Theatre and many places in between.

The inaugural Princes Rock Concert in Week 3, Term 3 saw numerous rock bands from PAC, Seymour College and Wilderness School hit the ANZAC Hall stage which looked more like Wembley Stadium for this occasion. The concept of a rock concert for the boys is one which

we will pursue again in 2019. The students enjoyed the bright lights, full sound and rock star treatment from the crowd. We look forward to making this event bigger and better next year. In Week 4 of this term, a larger-scale vocal concert, Voices of PAC, featured the wonderful talents of our vocalists and choirs. There were excellent performances from stand-out soloists and all ensembles delivered polished performances that left the crowd entertained and excited for the future of singing at the College.

The Drum Corps made its debut at the ABODA Band Festival in August this year while concert bands and Chamber Strings achieved outstanding results. The premier concert for the year, All That Jazz, was highly anticipated once it was announced that instead of one guest artist we would host a whole band. The Sydney Conservatorium Jazz Orchestra and their esteemed director Mr David Theak were extremely generous with their time, demonstrating the craft of big band jazz. With their help, the Music Department staged a jam-packed concert which included wonderful collaborations between our bands, strings and voice students on some memorable Frank Sinatra hits.

With a string of concerts and events planned for Term 4, the Music students and staff will no doubt continue to work together to produce excellent performances right up to the last day of the year. We look forward to the final concert in our outdoor series, Reds on the Green, to celebrate the start of summer. Whether it's listening and watching as an audience, singing in a choir, playing trumpet in a concert band or belting out some classic rock guitar, I thoroughly hope that on or off the stage you have enjoyed being a part of the fantastic music culture at Prince Alfred College. It is a culture that includes families too, and without your support the early morning rehearsals and the big concerts and tours don't happen. Lastly, thank you to all Performing Arts staff for their outstanding work in 2018, with a special mention to Mr Andrew Newhouse, outgoing Director of Bands, for the enormous contribution he has made to Music at the College during his tenure of 18 years.

Bands

2018 has been another exceptional year for PAC bands. The Autumn Concert in Term 1 featured our four Concert Bands, including the Beginner Band, playing confident sets after fewer than ten weeks learning their instruments. A highlight of the evening was our collaboration with St Peter's Girls' School Senior Concert Band and the huge sound that our combined group produced. The big bands hit the ground running in preparation for Generations in Jazz, with PAC being one of a handful of schools which have bands competing in all Divisions 1 to 4.

Against fierce competition from some of Australia's best music schools, Big Band 1 earned an Honourable Mention for their fifth place in Division 1. They were the only band from a South Australian independent school to compete at this elite level. Big Band 2 also continued their winning run, receiving an Honourable Mention and placing fourth against many other schools' first bands. Our students were also recognised individually with Max Thomas, Sam

Wong and Steve Wu being selected in the Division 4, 2 and 1 Super Bands respectively. In August, Big Bands 1 and 2 were at it again, delivering high-level performances and receiving the praise of judges at the Essentially Ellington Festival.

The ABODA Band Festival - also in August - is another annual highlight for our bands. Ensembles are awarded Gold, Silver, Bronze or Merit Awards. The Junior and Intermediate Concert Bands played very well to receive a Silver Award, while the Preparatory Big Band won Bronze despite being a lot younger than the other bands in the division. Up against some very tough competition (including Brighton Special Interest Music School), the Senior Band continued their run of Gold but this time also took out the overall first place award. The adjudicator was so impressed by their unique performance of his test piece that he requested a recording of our performance to be used as a definitive version of his work.

In previous years, we have enjoyed hosting some very special guest artists for *All That Jazz*, but this year we were fortunate to host 18 players from the Sydney Conservatorium Jazz Orchestra. Drawing on the ideas from our mentoring system here at PAC, we decided it would be best to have the whole band play against our guests. For the players in Big Band 3 to swing as hard as the SCJO was going to be a challenge. Fortunately, the boys put in an exceptional amount of work in the lead up with the help of our superb senior students. All five Big Bands and the Senior Band blew the audience away. The featured set by the SCJO will not soon be forgotten by our musicians, particularly with Old Boy Anthony Rositano (Class of 2017) featuring in this renowned guest band.

Farewells to Year 12 students are always an emotional time as we remember the contribution many of these players have made both as musicians and as leaders over nearly a decade. This year our farewells had added poignancy as I announced my plans to leave Princes at the end of Term 3. The music on the night was wonderful, but one of my most vivid memories will be of the heartfelt speeches from the boys and staff. Thank you for reminding me of the positive effect we can have on so many students in our vocation.

In Term 4 we formed the new bands which will uphold our exceptional reputation in 2019. These are amongst the strongest I have seen in my time at the College. With such talent and a remarkable team of conductors, I believe that the best years are still to come for bands at PAC.

Andrew Newhouse
Director of Bands

Strings

Our strings ensembles and performers had a very successful 2018 with some excellent performances presented. All ensembles had a chance to demonstrate their newly acquired skills during termly concerts and a few boys also had the opportunity to get out from the comfort zone of ensemble playing and to perform solo throughout the year.

The youngest group - the Junior Strings Ensemble, with leader Leon Thorne - has shown themselves as eager and enthusiastic young musicians, while the Intermediate Strings Ensemble led by Apollon Velonakis has set the benchmark for the junior boys to aspire to. The Chamber Strings, led and inspired by the talented Shine Wang, has been a superb group this year. They celebrated their first ever Gold award at the ABODA Festival in Term 3. This group has also learned to play without a conductor, where stylistically appropriate, as was done in the Baroque and early Classical Periods - a true test for the listening skills of each and every player!

The Camerata String Quartet continued to learn some beautiful works while sharing their music at concerts and, on occasion, as background music during major College events. After an inspiring performance of *Bohemian Rhapsody* at the end of 2017 the Piano Trio kicked off the new school year with a performance in the garden of St Jacques early in February at a Heads of School gathering. They also learned and performed several standard repertoire trios of which the Dumky Trio by Dvorák was the highlight. This group also had the honour to perform at Government House in April during the visit of His Royal Highness the Prince Edward, Earl of Wessex.

As I write this almost at the end of another year I feel very proud of the strings musicians at Prince Alfred College. They have again shown that PAC is a school steeped in musical excellence.

Erna Berberyán
Director of Strings

Choirs

2018 has seen many fine performances from our choirs and solo singers at Prince Alfred College. These have included Generations in Jazz, All That Jazz, Autumn and Winter Concerts as well as regular assemblies and Chapel services. The choirs have collaborated throughout the year with bands and strings to give our choristers the valued experience of performing alongside our instrumental ensembles.

Our Senior Vocal Ensemble achieved twelfth position, out of 52 choirs in Division 3 at Generations in Jazz in May. This has been our best result to date; full credit to the boys in this ensemble for achieving this result. Our warm up in the shuttle bus to the venue paid off! Our next generation of singers in the Junior Choir sang a very moving rendition of *I Am Australian* during the Ex-POW Service in Term 2, with some very pleasing feedback from the congregation of Old Scholars, their relatives, staff and peers.

Vocal students have continued to embrace all styles of vocal music including pop, rock, classical and jazz with more boys putting up their hands to volunteer to sing solo. 2018 Head Chorister, Max Batt, has been an excellent leader and has contributed to the Princes Choir, Senior Vocal Ensemble and the Motown Group, as well as attending Junior Choir rehearsals to support our younger boys with honest feedback. Our new vocal tutors, Ms Katia Labozzetta and Mr Ross Burford, along with accompanist/vocal coach Mr Graeme Quinn, have been welcomed warmly by the boys and in turn have given great support to their vocal development.

Tasso Bouyessis
Director of Voice and Choirs

HONOURS/COLOURS PERFORMING ARTS AWARDS 2018

Badge

- Max Thomas, Year 7 (Trumpet)
- Oliver Nicholls, Year 8 (Strings)
- Angus Porter, Year 8
(Lead Role in College play: Our Town)
- James Walters, Year 8
(Lead Role in College Play: Our Town)
- Marco Pagliarulo, Year 8 (Violin)
- Joshua Brazier, Year 9 (BleedRED Productions)

Colours

BleedRED Productions

- Bailey Lock, Year 10
- William Smart, Year 11 (also for Bands)

Piano Trio

- Edmund Black, Year 10

Vocal ensembles

- Thomas Howe, Year 11

Bands

- Seran Perera, Year 11
- Jackson Miller, Year 11
- Thomas Dodsworth, Year 12
- Axel Heinrich, Year 12
- Sam Wong, Year 12
- Clement Wong, Year 12
- Angus Marshall, Year 12
- Ethan White, Year 12

Honours Colours Citations

James Monroe, Year 9 – James has displayed artistic excellence in all areas of his music practice. He is soon to undertake an examination for the AMEB AMusA Diploma (Associate in Music, Australia), which is a prestigious award seen as the equivalent achievement of a tertiary qualification in Music. He was asked to play as part of the Piano Trio for royalty at Government House to celebrate Prince Edward's visit to the College this year. James has won First Prize in the Male Metropolitan Choir Scholarship Award for 2019, which provides him with \$2000 and the opportunity to perform on a number of occasions in 2019 including an event in the Adelaide Town Hall where he will be able to perform a cello concerto with an orchestra. This scholarship is awarded to an emerging musician in South Australia aged between 12 and 16. James was also honoured recently at the Adelaide Eisteddfod, with the David Bishop Award for the Most Promising Cellist. For someone in Year 9, James' Honours Colours is unprecedented, and we applaud James' artistic achievements.

Jack Wu, Year 11 – Jack studies IB Music as a multi-instrumentalist. He excels in playing the violin and trumpet. Jack's superior performance on these instruments in particular has seen him selected three times since 2014 for Superbands at Mount Gambier's Generations in Jazz, recognising him as one of the leading young trumpet soloists in Victoria and South Australia. Jack's high level of achievement on the violin can be seen also in his recent completion of the AMEB Grade 8 Violin Examination. He has led the Camerata String Quartet this year and continued his key role in Chamber Strings. Jack's musical talent has been rewarded by selection in the Invitational Big Band Workshops this September, following his work in the Division 1 Superband in 2018. Jack's excellent improvisation skills are also a feature of the new Street Jazz Band which he

demonstrated to great acclaim last week, playing with the Sydney Con Jazz Orchestra, the premier national young jazz orchestra.

Steve Wu, Year 12 – Steve studies IB Music and excels in composition, one of the most difficult aspects of studying music. Steve plays multiple instruments including the guitar, banjo and tenor saxophone, which enables his involvement across numerous ensembles in the College. Steve's high standard of musicianship was rewarded by his selection in the Division 1 Superband at Generations in Jazz in 2018, recognising him as the top big band guitarist at a national competition with over five thousand competitors - effectively, he is the best young band guitarist in Victoria and South Australia. On top of this, Steve has also been selected in the Adelaide schools' Invitational Big Band Workshops this month. Apart from his top-level guitar and banjo playing in Big Band 1 and Street Jazz Band respectively, Steve is also an integral part of Big Band 2 on the tenor saxophone. He regularly mentors a Year 9 group of guitar students achieving exceptional results with his teaching. Steve was also recently asked to work alongside David Theak, the section leader of the Sydney Con Jazz Orchestra.

Shine Wang, Year 12 – Shine completed the AMEB AMusA Diploma (Associate in Music, Australia) in 2015 when he was in Year 9, which is a prestigious award seen as the equivalent achievement of a tertiary qualification in Music. Shine has led the Piano Trio and Chamber Strings in 2018, including the Trio's performance for royalty at Government House to celebrate Prince Edward's visit to the College. Shine's virtuosic violin playing earned him a merit award for SACE Stage 2 Performance Special Study as a Year 11, and he is on track to receive another merit in Stage 2 Ensemble Performance this year. Shine's natural talent straddles the professional life of an artist through staging private concerts around the city. He is recognised as one of the best young violinists in the state.

SHADES OF RED

With another year comes another edition of the literary and visual journal, Shades of Red.

2018 saw the 9th edition of the Shades of Red Journal, with staff and students from across the college featuring in the amalgamation of poetry, artwork and photography. This year, we were pleased to publish the very first entries from ELC students, which now makes the Shades of Red Journal one of the key initiatives that encompasses the entire Princes student community. The 2018 Shades of Red committee was yet again led by world-class English teachers, Mr Nick Iadanza and Ms Melody Marshall, with their dedicated group of Year 11 and 12 students working tirelessly to present yet another superb journal. The committee consisted of:

Co-ordinators

Mr Nick Iadanza
Ms Melody Marshall

Year 12 students

Hamish Greenslade
Max Kirkby
Matt Lowe
Noah Miles
Angus Naughton

Year 11 students

Sam Bennetts
Jack Gulliver
Hanno Jacobs
Ross Porter

Each year, the Shades of Red Journal contains a central theme to inspire students and staff to get involved. This year, the committee encouraged the boys to 'see through a different lens' which was derived from this year's motif – a red polaroid camera. This symbol stimulated the boys' imaginations, inspiring them to capture something unique and transfer its beauty into a poem, artwork or photograph.

These masterpieces were certainly on show at this year's launch of the journal. In Term 3, the Piper Pavilion was transformed into a parade of literary and visual talent as staff, students, family and friends flooded the launch to witness the creative aptitude at the college. The launch was filled with poetry readings and displays of artwork and photographs, with several boys winning prizes for their innovative submissions. James Tye (Year 7) and Oliver Trudgian (Year 12) took out the top spots for prizes in photography and artwork, whilst it was Year 9 student, Tex Wanganeen who took first prize in poetry with his piece, Welcome to STRAYA. The launch was one of the most successful to date, and we congratulate all boys involved.

The Shades of Red Journal gives the opportunity for boys to demonstrate their skills across all literary and creative mediums. In a society where it is becoming increasingly difficult for adolescent males to discuss their issues, feelings and interests, the journal provides a platform for young Princes Men to express themselves. This was evident in the range of topics discussed this year, from the detailed descriptions of nature to the exploration of some of society's most pressing issues.

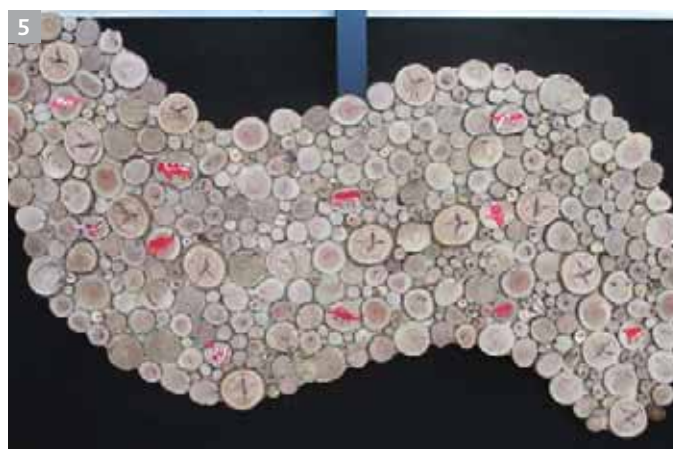

Congratulations to all boys and staff who had their poetry, artwork and photography featured in the 2018 Shades of Red Journal. It was a great success, and we look forward to seeing what the journal can offer next year in its 10th anniversary edition.

Angus Naughton
Year 12 Committee Member

Back Row: Hanno Jacobs, Max Kirkby, Noah Miles, Ross Porter
Front Row: Angus Naughton, Matthew Lowe, Hamish Greenslade, Jack Gulliver, Samuel Bennetts **Teachers:** Ms Melody Marshall, Mr Nick Iadanza

MIDDLE AND SENIOR ANNUAL VISUAL ART AWARDS

- 1: Christopher Oehler – Year 8 Middle School *Jack de Vidas Prize Winner*
- 2: Isaac Keighran – Year 9 Middle School *Jack de Vidas Runner-up*
- 3: Lloyd Rasmussen – Year 8 Middle School *Ashton Landscape Prize Winner*
- 4: Joshua Lasscock – Year 9 Middle School *Ashton Landscape Prize Runner-up*
- 5: Joshua Harris – Year 12 Senior School *Ashton Landscape Prize Winner*
- 6: Oliver Cook – Year 10 Senior School *Ashton Landscape Prize Runner-up*
- 7: Elias Raptis – Year 11 Senior School *Jack de Vidas Prize Co-runner up*
- 8: Joshua Harris – Year 12 Senior School *Jack de Vidas Prize Co-runner up*

Edmario Lesi – Year 12 Senior School *Jack de Vidas Prize Winner*

- 10: Anthony Pham – Year 9
- 11: Billy Trim – Year 9
- 12: Charlie Hannemann – Year 9
- 13: Christo Pseudos – Year 9

- 1: Edward Michael – Year 9
- 2: Harry Matthias – Year 9
- 3: Jack Kleeman – Year 9
- 4: Aiden Le – Year 10
- 5: David Yang – Year 10
- 6: Ryan Zhou – Year 10
- 7: Lee Do – Year 11
- 8: Tom Howe – Year 11
- 9: Tyson King – Year 11
- 10: Connor Feltus – Year 12
- 11: Edmario Lesi – Year 12

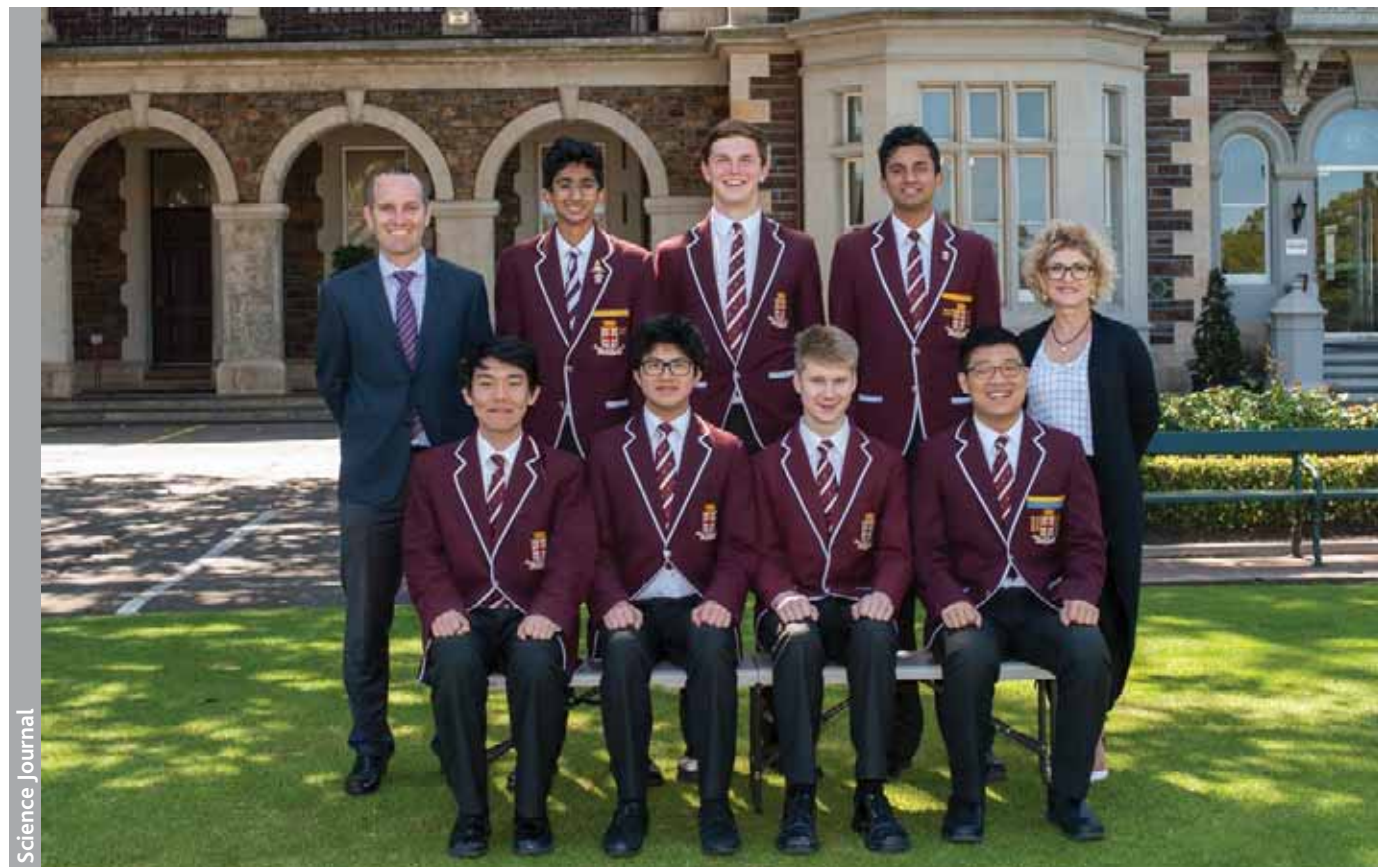

With a focus on enrichment, the students have participated in many activities outside the scope of the regular science curriculum this year. As always, central to these activities was the 74th edition of the Science Journal themed “*Standing on the shoulders of giants*” – in recognition on how the success of our future scientific endeavours relies so heavily on those that have come before us. The journal was launched towards the end of Term 4 at an evening function attended by students and their families. Guest speaker on the evening was Dr Timothy Barnes, a nanotechnologist from the University of South Australia. Dr Barnes was also the guest author for this year’s journal.

We also had several boys from all year levels, 31 in total, awarded high distinctions from a range of competitions held across the year. These competitions included the Big Science Competition, the Australian National Chemistry Quiz and the Physics, Chemistry and Biology Olympiads. In addition to these awards, we also entered two teams of Year 8 boys into the Aurecon Bridge Building competition and as always, our Year 10s represented the school admirably at the Science and Engineering Challenge at Flinders University this year.

In a new activity this year, our Year 7 cohort designed, conducted and presented scientific investigations as part of the Food and Fibre Science Investigation Awards. We selected a group of 20 boys to present their investigations at the state final of the event at the Royal Adelaide Show. As a result, three of our boys, Aditya Ghai, Max Thomas and Henry Pontifex were awarded first, second and third prizes respectively in the state in this competition.

As always we were well represented in the Oliphant Science Awards with Year 7s Aditya Ghai and Anthony Huynh awarded first prize in the Years 6 to 7 Computer Programming and Robotics category. These two boys came second overall with Oliphant’s highest award – the Department of Education Young Scientists Award. Dinan Perera won second prize in the Years 9 to 10 age group of the same category and Regan Nelsen (Year 7) was awarded second Prize in the Models and Inventions category. He based his entry around a waste management system he designed and in recognition of his work, Regan’s project was eligible to be entered into the National BHP Billiton Foundation Science and Engineering Awards.

Academic Leader - Science

Back Row: Dinan Perera, Hugo Jordan, Seran Perera **Front Row:** Xing Yu (Steve) Wu, Kwok Yan (Samuel) Wong, Blake Lindner, Jungho (Denny) Han
Absent: Henri Jury, Joshua Lesicar, Regan Nelsen **Teachers:** Mrs Christine Papanicolas, Mr Peter Hopkins

A keen group of Prince Alfred College students including six boarders and two staff chaperones took an incredible journey in April that encompassed a fascinating exploration of battlefields, museums, archaeological digs and historic landmarks in France and Belgium. The 2018 Battlefield History Tour was undoubtedly a great success for all concerned.

Our first port of call was the historic and beautiful city of Paris for four days. Averaging 12km a day, the boys walked up and down and in and around the left and right banks with Notre Dame, the Eiffel Tower, Napoleon's Tomb and the Arc de Triumph highlights. Skills in French language, culture and cuisine were developed in addition to historical lessons on the French Revolution, Napoleon and the Third Republic.

The warm French reception reserved for Australians was undeniable but became even more obvious once we departed Paris and headed into rural France! The guided tour of Normandy was memorable for us all from the inspiring 360 degree museum at Avranches to walking the infamous Omaha Beach. Bright sunshine seemed to greet us at almost every location but it was the inescapable influence of history on the landscape that astounded us all.

Our main focus was World War One battlefields and the experience was profound! From our first investigation of the battle of Fromelles, the boys were captivated as they contemplated exactly what had happened here 102 years ago. Certainly, looking up from the Australian lines to 'the Sugarloaf', which in 1916 was full of German machine gun placements, it made for some sombre and thought provoking reflection. Almost 2,000 young Australians lost their lives here in just over 24 hours! An infamous German corporal, Adolf Hitler was involved in this battle too. A number of boys discovered bits of shrapnel and bullet casings on this battlefield before we bunked down in Ypres for a few nights.

Each student had researched a fallen Old Scholar and then paid tribute to them at their grave or memorial and these tributes began in Belgium. The Menin Gate ceremony at Ypres has been held at 8pm every single night, 365 days a year – since the 1920s! It was here that boarders Cameron Smith and Ed Cunningham marched up to lay a wreath from the PAC community. The Ypres museum, *In Flanders Fields* offered a poignant look at the horrors of war and how this town had been devastated by it. On Tuesday night Tom Jenner read John McCrae's famous poem of the same name.

The final stage of our tour took us to Villers Bretonneux for the Dawn Service on ANZAC Day. It commemorated 100 years exactly since this stunning victory where 4,000 Australians in the 13th and 15th Brigades bravely forced the Germans back. Our group were all up at 2am to get to the service on time along with around 8,000 other Australians including Prime Minister, Malcolm Turnbull. Appropriately the rain came down on this chilly April morning but the words and images were quite inspirational for us all. Luke Bardy and Kadina lad, Connor Craigie were given the duty of laying a PAC Community wreath. Later that afternoon, we visited the Primary School where the sign, **DO NOT FORGET AUSTRALIA** has remained for many years.

The long journey home was a time for reflection and deep contemplation. Studying, living and breathing history tends to do that. The boys had a wonderful experience with many stories to tell and photos to share. Thanks must go to my colleague, Mr Ashley Hutchings who made an invaluable contribution to the success of this study tour and to the seven young men who joined us and were outstanding travel companions and commendable ambassadors for the College.

Ron Pippett
History Tour Co-ordinator

Premier's Reading Challenge

The Premier's Reading Challenge has been a huge success this year, with the introduction of the Tutor Group Reading Program, greatly assisting boys in reaching the goal of 12 books. Middle and Senior School recorded the highest number of participants since the program's inception in 2004 with Year 12 student, Joshua Harris, making College history in becoming the first PAC student to be awarded the '13 Year Reader for Life Certificate'.

2018 has also been another great year for the Preparatory School boys with 286 students from Reception to Year 6 successfully completing the Premier's Reading Challenge. Of these students, 23 achieved "Hall of Fame" medals which means they have completed the challenge for seven years. This year there are three "Readers for Life", meaning they have completed the challenge for eight consecutive years.

Children's Book Week

The theme for Book Week 2018 was "Find Your Treasure". Students had the opportunity to listen to guest speakers from a few of the countries closest to Australia and discover what treasure means to them. Guest like Gima, from Papua New Guinea, spoke of where he is from in Papua New Guinea and explained traditions of his culture. Dancers from Sampaguita Dance Group Inc, demonstrated traditional Filipino dance celebrations.

The Book Week Parade was held on Friday 24 August. This year, classes were challenged to celebrate an author, a title, theme or series. The titles shortlisted by the Children's Book Council of Australia were celebrated in

the library in the five weeks leading up to Book Week. The children in the Reception classrooms worked together to adapt the shortlisted book "Mopoke" by Phillip Bunting and performed it to the Preparatory School.

Inquiry into Animals

Each week in Term 2 the Library had a different collection of resources from the Nature Resource Centre. Students from the Early Learning Centre through to Year 6 were able to get "hands on" with these special resources.

Reconciliation Week

Ngarrindjeri Elder and Medicine Man, Uncle Moogy visited the College with the Talkinjeri Dance Group who took our Preparatory boys and ELC children on a journey of ceremony, stories, dance and song. During his performance he spoke about the traditional ways of the Ngarrindjeri people and the importance of connection to the land. In the Library students learnt about Kurna language with Peramangk/Kurna man, Ivan Copley.

Princes Poetry Slam

During June, our Year 9 boys participated in a series of poetry workshops with poets from Spoken Word SA. After three weeks of prose, poetry and workshops, PAC Year 9 students participated in the inaugural Princes Poetry Slam. Hosted by Spoken Word SA and Director Kami McInnes, our boys delighted the audience with insightful, inspiring and witty poetry. After some deliberation, a winner was announced by the Judges Panel. Bailey Lock, was awarded the 2018 Princes Poetry Slam Trophy for his poem, 'The Life of a Procrastinating Student'. Runners up were Anthony Pham, Alex Henchcliffe, Dhwarakesh Rajaram, Eric Luksch and Mitch Miller.

Learn to Swim Program

Kent Town Swim has seen a busy and exciting 2018. Our thriving Infant Program which is open to little ones as young as six months, is now operating five mornings a week, and will continue to grow in the New Year.

Now that KTS has been operational for more than five years, we are seeing students who began with us in Aquababies 1 in 2013 going off to school! We feel very lucky to have the privilege of guiding children through their aquatic education.

Our Learn to Swim program has also seen a busy year, with children from all corners of Adelaide working hard on their swimming development. Term 1 is always exciting for us as instructors, as many of our customers are newly motivated by school swimming carnivals and SAPSASA opportunities. We are always thrilled to hear about our swimmers successes in the pool!

Most recently the 2018 Christmas Splash and Dash saw over 75 of our Killer Whales and Squad Swimmers join in the fun for relays, facing off against the Parents and Coaches teams, slippery fun on the giant pool inflatable and a BBQ dinner. Thanks must go to State Squad Coach Ahlanna Hayes for all her work going into the event.

Lauren Teal

Kent Town Swim Operations Manager

Squad Program

With record numbers attending squad sessions and the swimming club numbers continuing to grow, the KTS Squad program has had another successful year.

We achieved third place at both the Summer and Winter State Championships. A national squad swimmer winning swimmer of the meet at the winter championships. Multiple state records were broken at the SAPSASA State Day and Winter State Championships and once again we had swimmers selected for SAPSASA, SSSA and Swimming SA state teams.

Two athletes represented us at the National Open Water Championships with one swimmer achieving a Top 10 placing in his age group.

Seven athletes qualified for National Age with five of them going on to represent the club in Sydney.

The coaching staff are very pleased with level of effort, intensity and great attitudes our swimmers bring to the pool daily and continue to work hard on making this still relatively young program thrive.

Head Swimming Coach

1: Six month old babies enjoying their swim with Instructor Bianca

2: Swimmers ready to race!

3: Coaches: Lucy, Sarah and Beth at the Christmas Splash and Dash

CO-CURRICULAR ACTIVITIES

Troy McKinnon

Director of Co-Curricular Activities

2018 has been a year of great participation and some outstanding performances – both on an individual and team level. There was a huge success with Intercollegiate sports in both the winter and summer series', a continued high-quality music program and a vastly improved drama landscape. We have much to be proud of and thankful for.

The benefits to students in an immersive and developed Co-Curricular program are well known to higher education researchers. Many empirical studies suggest that the more involved that students are in the sporting, cultural and social aspects of campus life, the more they benefit in terms of academic learning and personal development.

The wider concepts of student connection and school culture was a critical aspect of Astin's (1984/1999) 'student involvement theory', Pace's (1984) 'quality of effort' concept and many other studies of student outcomes. These and many other detailed studies, highlighted the distinct benefit that Co-Curricular undertakings have on both learning and personal development. In fact, student involvement (in Co-Curricular exploits) was found to distinctly and positively affect the educational gains (Mackay and Kuh, 1994) and academic achievement and retention (Hoffman 2002).

What we do know about life is that busyness has become the new normal – with a serious squeeze on time meaning that our children are far less likely to be given opportunity to 'just play'. Smaller backyards, conflicting interests, the ever-presence of social media platforms and parents working longer hours have had an impact on the likelihood that our children will engage in healthy pursuits such as music, sports, the arts and everything in between.

It is for these reasons and more that the co-curriculum at Princes remains an unequivocally critical aspect of your son's education. Yes, historically, Princes has been well known for the way in which it values its great sportsmen and musicians, but what is often overlooked is that we ultimately aim to ensure that every boys' wider interests are matched by quality offerings in co-curriculum. This means that, no matter the age or the level, our aim is to have consistent, high quality instruction, high standards and a consistent aspiration to improve.

In 2018, our boys have shone brightly and proudly, across a vast array of sports, music, arts and drama programs. We are proud of the boys and what they have achieved and we urge them to continue to place a high value on playing in a team, playing/singing in a band, acting in a play or simply coming to watch any, or all, of these. The camaraderie, pride in ourselves and each other, makes us an undeniable force.

Of course, for this to happen, many staff (both internal and external) have given their time and effort to ensure the best experience for our boys. We have a magnificent number of staff members; in roles as Directors, Co-ordinators, Coaches, Managers, Development Coaches, mentors, teachers, Grounds, Maintenance, Facilities and Catering – all of whom have gone above and beyond to give our boys the best opportunities to have an experience that is as good as we can muster.

To the boys, thank you for the way in which you represented the College this year. On a personal note, I am always so very proud to have connection to our boys as they always play, perform and compete with a genuine level of passion and pride. I know other staff feel exactly the same.

Go Reds!

Troy McKinnon
Director of Co-Curricular Activities

Preparatory School Co-Curricular Sports

2018 was a terrific and busy year in the Preparatory School with all students from Reception to Year 6 having the opportunity to be involved in Co-Curricular sporting activities.

This year we introduced a 'Sports Sampling Program' for our Reception to Year 3 students. This program was offered on a Monday after school for our Reception and Years 1 students and on Thursday afternoons for our Years 2 and 3 students. The idea of the program is to expose our boys to more opportunities to develop their fundamental movement skills while also giving them more games experiences, preparing them for when they start playing school sport in Year 4.

Our Years 4 to 6 students continued their involvement in our summer and winter sports programs, playing weekly matches against other colleges. We had an increase in teams this year and overall some excellent results.

We thank our dedicated staff who put a tireless amount of effort and energy into coaching and managing our teams. Their passion and enthusiasm go a long way towards making the boys' experiences so much more enjoyable.

We would also like to thank our Old Scholars who coached many of our teams. Their contribution to our sports program and the development of our boys is greatly appreciated.

SAPSASA

We had over 40 boys in Years 4 to 6 participate in the East Adelaide District days for either swimming, cross country or athletics.

A number of these boys were selected to compete at the State days. We also had a number of our Years 5 and 6 boys make the state teams in swimming, softball, indoor cricket, hockey, tennis, cricket and soccer.

Athletics

Our Tuesday morning Running Club continues to grow in popularity thanks to the dedication of Mark Howson and Deb Trengove. Their passion for running is infectious and continues to motivate boys to love running, no matter what their ability.

In the lead up to Sports Day in Term 3, we also added some specialised athletics training sessions on Tuesday mornings. These were run by Old Scholar, Patrick Gayen as well as some current senior students.

Swimming

We were again involved in the Independent Primary Schools Swimming Meets this year. There are three meets held over the year; this year held at PAC, Immanuel and Westminster. PAC teamed with the girls from Seymour and won the first and third meets but were narrowly beaten by Immanuel in the second meet. PAC/Seymour were crowned the overall winners.

Summer Sports – Tennis, Cricket, T-ball and Volleyball

We had a successful summer season with all of our teams doing well. In what was a first in many years, we had minimal cancellations due to weather meaning the boys were able to play as many games as possible.

Tennis again had really good numbers and cricket saw the introduction of new rules for our Year 4s resulting in more fun for the boys. T-ball had excellent numbers as too did volleyball which is gaining popularity in its second year.

Winter Sports – Basketball, Football, Hockey, Soccer, Table Tennis

Our winter team numbers were again strong with a mixed range of results over the year. We had two table tennis teams entered for the first time, an increase in number of participants in soccer, strong numbers again in basketball and an increase in popularity with the Hockey 5s competition that is held at PAC.

Sam Barton

Head of Sport – Preparatory School

Deb Trengove

Administrative Assistant

Chess

A pleasing number of boys again nominated to play chess in the Preparatory School and we were again fortunate to have the excellent, experienced coaching services of George Howard. PAC entered seven teams into the Primary Interschool Competitions with one A, four B and two C Grade teams during the season.

PAC Red convincingly won the Primary A Grade competition ahead of East Marden Primary School and North Adelaide Primary School. The Red team was well captained by Aditya Ghai and ably supported by Anthony Huynh, Ethan Liu, Jake Hamood, Alastair Whyte and Tim Gibbons. Ethan Liu and Aditya Ghai are to be congratulated on their 100% score throughout the season.

The two B Grade teams performed creditably during the season, using the fortnightly matches to further hone their chess skills. Jayden Yue is to be congratulated on his 100% score this season and fine individual B Grade performances were also noted by Luke Economos, Alex Hamood and Sam Zadow.

2017 has been another successful year for C Grade chess with an enthusiastic group of boys ranging from Years 3 to 6 entered across two teams that were competitive throughout the season.

An excellent number of boys competed in the City of Adelaide and South Australian Junior Championships held during the April and July holidays. It was pleasing many boys made effective use of provided weekly coaching and the July holiday coaching day.

The Preparatory School Championship was won by fast-improving Year 3, Jayden Yue.

A sincere thank you must go to Pam Martin for her invaluable support throughout the season and especially for her assistance in co-ordinating C Grade chess. Aditya Ghai is to be commended on being an excellent role model as Captain of Chess through his dedication

and tenacious playing spirit. Senior School students, Preshaan Thavarajah and Alexander Elix are to be warmly thanked for kindly giving up their valuable time to help the younger C Grade/Beginner boys develop their chess skills and playing ability.

Secondary School Sports

Head of Sport – Year Review

In 2018 Prince Alfred College has achieved remarkable results on the sporting field. I have been extremely impressed by the commitment and level of excellence, that Prince Alfred College students have achieved week in, week out. With significant numbers of boys competing every weekend it has been a pleasure to see boys in action, displaying strong character, resilience and teamwork. Nothing less than I would expect in a Princes man.

In 2018, success has been in the forefront of the sporting program at Princes. An outstanding number of State Championships in Squash, Hockey, Chess, Swimming and Year 10 Basketball.

Our Intercol fixtures against St Peter's College remains a focal point for the sporting program, and this year we dominated both summer and winter seasons. Intercol victories in: tennis, cricket, badminton and swimming in the summer season. Rugby, hockey, football, soccer (via draw), basketball and chess in the winter season. We will continue to build on these results and look to continue this dominance over our nearest rival!

This success could not have happened without the dedicated staff and coaches who, on a weekly basis inspire, challenge and motivate these young men to achieve their best. I sincerely thank all the staff and coaches who have taken teams this year from first team level to our third and fourth teams. Sincere thanks must go to Mrs Deb Trengove and the significant time and energy she has devoted, to seeing the sport program at PAC run as smoothly as possible. I would like to thank her for the assistance, guidance and support she has given me during my inaugural year.

As sport remains an integral part in character development and resilience, we will continue to develop programs and coaches to the ever-changing landscape of competitive sport. Our aim is to give every boy the opportunity to achieve his potential at whatever sport he chooses and whatever level he plays. At Prince Alfred College, we will continue to offer a sporting experience which will enable every boy to thrive and achieve success.

Lastly, to those boys who competed for the mighty Reds, thank you. Your effort, passion, drive and hard work rarely goes unnoticed. As we look to 2019 and beyond, we can look back on the success of 2018 and use it as a catalyst to inspire future success.

Paul Brown

Head of Sport – Secondary School

Badminton

Open A

The 2017/2018 season was the most successful that the Open A team has had in many years. Their outstanding performance over the season, which culminated in the team winning their intercol match and becoming SAAS premiers, is testament not only to their own commitment, but also to that of their excellent coaches, Lionel Seah and Danny Vo. Bernard Mak provided strong leadership over the season, building a positive and cohesive team spirit, and won the Most Valuable Player award this year. The Most Improved Player award went to Clement Wong, who showed excellent development of skills over the season.

It was a very tense start to the 2018 intercol, with three of the four doubles matches coming down to a third set. The Tang brothers drew first blood for PAC, winning their match in two fast sets, while Finn Johnson and Ray Wei hung on to win a nail-biting third set to level the scores 2-2. In the first round of singles, Jacky Lee and Ray Wei fought hard but went down to strong opponents before Ian Leung crushed his opponent in the third set and Bernard Mak levelled the score again with a skilful two-set win. Finn Johnson and Clement Wong both played very tight three-set games, with Finn edging out his opponent 21-19 in a thrilling finish. Cuthman and Benedict Tang wiped the floor with their opponents to bring in a 7-5 win for PAC. Thank you to wonderful PAC supporters who came to cheer the boys home for their second intercol title in a row.

Sally Persian
Co-ordinator

Open B

The Open B Badminton team has been hugely successful this season, winning all but the last of its Saturday morning competition matches. The team has remained relatively stable in membership and players have worked well together in training and in competitions to present a formidable opposition who have been strong team players both as individuals in their singles sets and in co-operation in their doubles games.

Players have all listened carefully to the valued advice and tips given by their talented coach Teoh Weixian, all displaying considerable improvement as the season has progressed. Strong leadership was displayed by skilful player Alistair Phillips, for which the coaches and team manager are most grateful. While Andy Wu has been recognised as the most improved player, this honour was closely contested by each of Thuch Chiangthong, Yash Giri and Vincent Feltus who have been regular Open B players since last year.

Jeff Ellis
Team Manager

Left to Right: Mr Danny Vo (Coach), Ray Wei, Cuthman Tang, Dao-Du Guo, Bernard Mak, Ian Leung, Benedict Tang, Jacky Lee, Clement Wong, Finn Johnson, Mr Lionel Seah (Coach)

Open C Red

The year started with an influx of new players, keen to try badminton for the first time. It was great to see their enthusiasm, but it did mean that we had to rotate the team to give all the boys a go, so they didn't get to play every week. The skill and improvement of the new players was impressive and, coupled with the consistent efforts of our more experienced players, we went into the final match of the season against St Peter's undefeated, with a number of boys barely dropping a set.

The intercol matches for the Open C Red team were close and hard fought. We drew 2-2 in the doubles and were down 4-3 with only one singles match still going. The boys all stood on the sidelines and cheered, but unfortunately, we couldn't hold the tie and ended up losing 7-5. A fantastic effort by the whole team.

Emmy Gerlach
Team Manager

Open C White

The Open C White team welcomed a number of new faces this season and it was good to see the senior players in the team guiding and encouraging the young new players throughout training and games. In addition, an influx of Year 7 and 8 students no doubt contributed to the development of badminton at the College.

At the end of a largely successful season, the team met St Peter's for a final time on 24 March. We had played both of their C teams throughout the season prior, and had won decisively on both occasions, so naturally the boys were in high spirits. Despite this, and the best efforts of all of the boys, we were defeated 12-0. We did find out later that we had been playing against a B team, and allowing for this, it is certainly fair to say that all of the boys performed admirably, not one of them going down without a fight. It was a somewhat disappointing end to a good season, but the boys held themselves well nonetheless.

Megan McLaughlin
Team Manager

Badminton Open A

Back Row: Dao-Du Guo, Hewei Wei, Shiu Hei Lee, Ho Ki Mak
Front Row: Cheuk Yin Tang, Teng Chi Leung, Clement Wong, Finn Johnson, Cheuk Hei Tang **Coach:** Mr Kevin Khaw

Coaches: Mrs Megan McLaughlin, Mr Kevin Khaw

Cricket

Since starting in the role of Director of Cricket in August, it has been a privilege to gain close insight into the complete cricketing pathway at PAC.

With Term 4s addition of the 'Junior Blasters' program for Reception to Year 3 boys, we now have every year level at the College participating in some form of cricket.

With the early origins of cricket dating back to 1550, and many claiming it is struggling for relevance in the modern age, it is terrific to note that close to 250 boys across multiple age groups are engaged by this great game and are drawing benefit from the many lessons in teamwork, decision making, patience and concentration that cricket provides.

Undoubtedly, it is a sport that requires considerable character and its parallels with the values of the Princes Man are clear for all who have ever played.

Our cricketers enjoyed many opportunities to host visiting schools and take part in some closely fought exchanges over the past year.

Our Year 8 students hosted Haileybury College whilst our Year 9s had the opportunity to travel to Melbourne to play two matches against Haileybury in what has now become a fantastic annual event for our Middle School cricketers. It is an event which challenges our players on the field whilst also building lasting friendships off the field with their Haileybury counterparts.

There is no greater occasion to host visiting interstate and international schools than our sesquicentenary cricket festival. On December 9-14, Newington (Sydney), Scotch (Melbourne) Churchie (Brisbane) and St Thomas (Sri Lanka) will join St Peter's and Prince Alfred College for a celebration of the College and the sport. The Chappell Brothers' Challenge will be a fantastic week of cricket and festivities and I look forward to sharing the experience with our community.

Our First XI cricketers have enjoyed much success in 2018, remaining strong despite losing a core group of talented Year 12s – an encouraging sign of the depth coming through at Prince Alfred College.

The highlight of 2018 was an emphatic victory in the intercol in Term 1, owing much to the efforts of a resilient 127 from Cooper Luke who, along with 96 not out from Jamison Murphy and contributions from almost all of our batsman, saw us post 505 all out. Our bowlers showed discipline and accuracy, bowling St Peter's out twice without making us bat again and Princes achieved a memorable victory.

The appointment of Princes Old Scholar and Test Cricketer Ashley Woodcock to the role of second XI coach has proved successful with the boys performing at a very high standard against First XI sides. The Seconds were given the opportunity to compete in the Messenger Bowl, the open A T20 competition for the first time and their development and ability to adapt to the format was clear with considerable improvement in a short amount of time.

The Greg Chappell Cricket Academy continues to make an impact on the training environments of our middle school and Preparatory School boys. Greg's philosophy of games-based training has not only brought holistic development, but obvious enjoyment to the players and it is fantastic to see all boys in Years 4-9 involved in realistic games to give them a complete understanding of the sport.

Greg's influence is most evident in the numerous 'coach the coaches' sessions which are conducted at the College and I have seen considerable momentum in this space.

No doubt there are many challenges that cricket faces as a sport nationally and globally. I believe it is more important now than ever to ensure that the next generation of cricketers are brought up with the core values of the game at the forefront of their learning.

I am buoyed by the positive progress I am seeing within our program and am inspired to tackle the challenges head on and continue to strive to provide students of all age groups with opportunities to learn and grow as cricketers, and as people.

Sam Knight
Director of Cricket

Term 4 has seen continued progress from the First XI and the young cricketers that have represented the team in both 20 and 40 over formats, have acquitted themselves with much credit. We were beaten in the semi-final of the T20 tournament by St. Peter's but have thus far been unbeaten on Saturdays – a run extending to over a year.

As with most teams who exclude Year 12s from Term 4, the opportunity for younger members to step up has presented itself.

Six members of the successful intercol team had to be replaced, and Burgess, Reid, Greber, Frances and Nichol have already shown immense promise of future success.

The emphasis on skill and mental development is critical for boys of this age, as is the acquisition of cricket 'nons'

that vital X factor that the differing levels will bring to each boy's game.

With the 150th year celebration of cricket tournament drawing near, our boys have much to look forward to as we approach a milestone in the College's history.

Mark Scott
First XI Coach

The Second XI had a short but busy season in Term 4 competing in the First XI T20 Messenger Bowl on Friday evenings and the 40 over open A2 competition on Saturday. The boys took a little time to adapt to playing against First XI teams but improved markedly with each match. Overall the team played four matches with one win against Mercedes First XI and three losses. The last match against Adelaide High School was a cliffhanger, with Adelaide High achieving the runs with nine wickets down. This match following on from the win against Mercedes showed how much the team had improved and how the boys were understanding how to play this format of the game.

The Saturday 40 Over competition has been a successful campaign for the boys. In every match the top order has performed and this has enabled the team to consistently bat the allocated 40 overs. The bowling group has also performed consistently dismissing the opposition in four of the five matches played to date. The team won four of the five matches with the only loss being against Pembroke School on the last ball of the day. Princes were 7/211 chasing 212 all out. Among the successes were wins against Pulteney Grammar First XI and Trinity First XI.

Individual highlights during the season with the bat included Tom Worthley's brilliant 121 not out against Trinity, Fergus Southon's 51 against Scotch, Patrick Singleton's consistent batting with scores of 47, 40 and 38 not out, Jaxon Dell'Oro's 48 against Pembroke, James Newman's 47 against Sacred Heart, and Tom Arnold's 40 against Scotch.

Performances with the ball included Winston Macgowan (4/15) and Zac Pulsar (3/30) against Adelaide High, Brodie Ramsay (3/38), Lachlan Dolling (3/13) and Lachlan Treloar (3/8) bowling against Sacred Heart, Zac Pulsar (3/21) and Solomon Musster (3/41) against Pembroke, and Zac Pulsar's 4/21 against Scotch.

All boys who represented the Second XI should build on their improvement and learnings both as individuals and from a team perspective over the rest of the cricket season.

In conclusion, Mark Dell'Oro (Team Manager) and Robyn Dell'Oro (Scorer) should be thanked for outstanding work in their respective roles. Their contribution cannot be underestimated in helping the team to develop.

Ashley Woodcock
Second XI Coach

The team has had little time to settle and gel due to Exeats and other teams forfeiting and as a result have played only four games. Having said that the boys have shown steady improvement and their last two games have gone down to the final over. The team has been able to set very competitive scores posting 165/5 against Sacred Heart and 125/7 against St Peter's. In the latter game Jack Pledge and Jake Heuzenroeder batted beautifully and their running between the wickets was exemplary. Unfortunately, the boys were unable to close out both games and must concentrate on bowling in the right areas and setting appropriate fields.

Nigel Madden
10A Coach

The difficulty around the numbers for Term 4 cricket meant that this team came together with a mix of Year 10 and Year 11 cricketers. What was pleasing to observe was the enthusiasm with which they approached their cricket and the ease in which they gelled together. Always encouraging each other, and quick with a funny line in the field, it was a pleasure to observe these boys just enjoying the game!

There were some notable performances in the games played. Karl Findlay made an impressive 40 retired against Rostrevor, as part of a total of 246 off our 25 overs. Jack Pledge made a good 30 not out against Pultney Grammar in a game where Angus McDonald took 4/7 off six overs of off spin.

In a term where exeats and bad weather plays its part in making the season have less continuity, I am sure the boys enjoyed their cricket this term, and hopefully learnt something along the way.

Craig Smith and Henry Cockington
10B and Fourth XI Coaches

The Year 9A team has had a term of ups and downs. The first game was a down; not being able to chase a relatively low total. Fortunately, the boys showed their class in the next game despite it being an exeat and having boys come up from the Bs. Chasing a good total nine wickets down was a good win for the boys. Our third game was another really good run chase after some good individual efforts from the bowlers. Unfortunately, the fourth game did not go our way and just about everything that could go wrong did go wrong. It has been a fun term for the boys with the two games we won going right down to the wire and requiring some cool heads to finish off. I hope they all continue to enjoy their cricket.

Charlie Marshall
9A Coach

The 9 B team benefited from a few staple players who were there week in and week out and led from the front every game. This was shown when the team had five Year 8 players step up to fill in for us during exeat week.

Kyan Jenkins and Mitch Miller stood up as Captain and Vice-Captain to take charge of the game and lead the team to a decisive victory against a strong Rostrevor side. The lads have applied themselves to all trainings and this has shown in their improvement each game, particularly in fielding which has been a focus of our sessions. It has been a pleasure coaching the year 9Bs this term and I wish them all the best going forward.

Sean Meredith
9B Coach

This term the Year 8 squad consisted of 21 players with a range of skill sets and experience. The first couple of games proved to be challenging for the group playing against two strong teams in Adelaide High School and Trinity College. Like any sporting team, there is always room for improvement and throughout each training and match the group demonstrated an eagerness to learn new skills and tactics. The more experienced players show plenty of leadership helping other players develop and were encouraged to learn new tactics and skills. There were plenty of highlights throughout the term with bat and ball. One of the best things about coaching this group is that they are always polite, honest and open to new ideas. This group of young men will continue to develop the more they play the game of cricket. I look forward to coaching them in the future.

Keagan English
Year 8 Coach

A combination of individual brilliance and teamwork has seen the 7A cricket team stay undefeated through Term 4. The boys have seen the benefit of an increase in intensity whilst batting and also the value in partnerships. Mitchell Dean, Kyle Adams and Lachie Croser have lead the way with the bat whilst we have had valuable all-round performances from Henry Pontifex and Henry Smart. The wickets were spread across the term but Sebastian Parisi returned the best figures in a match with 4/3. Our fielding also showed signs of improvement with less chances going down and more chances being created. It has been a pleasure to be involved with this group and I wish them all the very best in their cricketing future.

Chris Drew
7A Coach

The Year 7Bs have played extremely well this season, and they currently are undefeated in their league with five convincing wins. Standout players this season include Henry Norton with a quickfire 53 of 17 against Rostrevor College, Harry Siemer and Edward Dolling with two scores of 40 + not out. Zac Rasheed and Angus McDonald consistently bowled economically and took wickets all season. Hugo Deere has also been a marvel with the gloves taking some astounding catches behind the stumps. The boys have worked well as a team, have bonded and become good mates.

Krishna Venkatesh
7B Coach

Back Row: Jamison Murphy, Scott Madden, Hanno Jacobs, Max Kirkby, Evan Gregoric, Mitchell Thiele **Front Row:** Samuel Bennetts, Oscar Harms, Lachlan Pointon, Jasper Darley, Angas Marshall, Cooper Luke **Coach:** Mr David Mann

Rowing

The members of the Prince Alfred College Rowing Club performed well throughout the 2017-18 season concluding as clear winners of the South Australian School Boy Premiership ahead of St Peter's College. This is a great achievement and a representation of the strength of the whole club rather than one particular crew alone. The Rowing Club was this year led well by Captain of Boats Charles McInnis and Vice-Captain Harrison Cerchez.

Throughout the season our rowers demonstrated fantastic commitment to their rowing witnessed by high attendance rates throughout the preseason and midseason camps. The season began well with some strong performances early in the season followed by a fantastic Riverland Regatta in Renmark. An opportunity for rowers across all levels to work well together and represent the club with pride, the regatta was a great demonstration of a strong club both on and off the water.

Moving into Term 1, the competition intensive portion of the season, we once again witnessed some great performances and a well-disciplined club. Throughout the Schools Premiership Series all crews performed well, retaining the School Boy Premiership for the third year in a row and now totalling seven wins in the last 10 years. Further, we witnessed throughout the season some strong results within our younger levels almost always

qualifying A, B and C crews for A finals throughout the West Lakes Regattas.

The 2018 Head of the River (HoR) brought mixed results for the crews of the PAC Rowing Club. From the 18 crews starting, seven claimed the trophy for their division, while a further five finished on the podium. The highlight for the day was certainly the dominance displayed by our Year 9 crews who achieved a clean sweep of their events.

Our First VIII would meet an incredibly strong St Peter's College crew throughout the season. Making a good start early in the season, our young crew developed well and worked hard throughout the season. Unfortunately the Head of the River was not their day. After consistently performing in the top three all season a bad start, poor conditions, together with some simple errors made for a fifth place finish. Our Second VIII rowed well however and ultimately were over-powered in head wind conditions by a strong St Peter's crew who claimed the event by a large margin over PAC, who again led Unley by a large margin. Once again this year our Second IV raced in the First IV division and rowed a good race to place sixth overall. A great effort particularly given two members of the crew were introduced to sweep rowing only weeks earlier. Our First IV certainly produced their best race of the season on the day. Up against two crews from schools not contesting the Eights events, along with a strong St Peter's crew, our four executed a great race to finish second.

This year's Year 10 Squad completed a good season overall which, I have no doubt, will have prepared them well for the step up into the Senior Squad next season. Our A crew showed great early strength with some great racing results. Come Head of the River, they managed a good start however, like many other crews, found the tough conditions challenging. In the final 500 metres a strong Scotch crew capitalised in leeward conditions with a push to the line ultimately getting ahead of our crew. Our B and C crews also developed well throughout the season, and both finished fourth in their events.

Our large Junior squad of no less than 11 Quads this year performed well over the Years 8 and 9 Divisions. Our Year 9 crews had a fantastic season of often close racing. The A crew demonstrated great ability all season during some very close racing. Our B and C crews showed great strength and ability all season and did not disappoint. While our D, E, F and G crews all raced in the same race the strength of the squad was evident by each one of the four PAC crews beating all other D crews in the race. Each of our Year 9 crews were victorious on the day.

With four Year 8 crews taking to the water during the Head of the River our numbers were slightly down on last year however their spirit was not. Our A crew, complete with a rower new to the sport in January of the same year, performed very well in the lead up and during the regatta to finish in fifth place. Our B, C and D crews despite some last minute changes due to injury raced well finishing third, second and third respectively.

Again last year the academic achievements of the senior boys in the Rowing Club were noteworthy, with more than half of graduating rowers achieving an ATAR of over 90 for the third year in a row, while four joined the Over 95 Club. Of the 36 Diploma Program Merits achieved in 2017 ten of those were achieved by members of the Rowing Club. 2016 and 2017 First VIII member Douglas Gerard, concluded his time with PAC achieving a fantastic ATAR and being awarded Joint Dux of School.

Our Old Scholars also continue to excel with three selected in the 2018 Australian Team while one was selected to represent Germany. Five of nine members of the 2018 Kings Cup crew were PAC Old Scholars and two current students were selected within the Rowing South Australia Pathways crew, while one Old Scholar was selected as a state team coach.

The 2017-18 rowing season was another strong season for our Club and a great sign for the future of the Rowing Club. While there were crews who may not have concluded their season with the results they had hoped for it is evident that we have great depth and ability within our Rowing Club.

On behalf of the boys and myself, I must thank our many coaches for their tireless and dedicated work, Debi Wilson and Ross McDougall for their significant contribution, and the Rowing Parents Support Group for their continued support for the program through camps,

regattas and successful fundraising. And finally, a thanks to the College and staff for their support of our rowers throughout the season in so many different ways.

James Hammond
Director of Rowing

--------------------------------------	-------------

My time rowing at PAC started in Year 8 through to this being my final year. During this time I was fortunate enough to find myself rowing in many great crews despite never winning a Head of the River. I always found success in such a challenging, yet rewarding, sport and will always cherish my time rowing at Princes and I hope my fellow Year 12 rowers can do the same.

The 2017/18 season is one I will never forget, I was surrounded by a respectful group of senior rowers whom all showed amazing commitment and acted professionally on and off the course. Despite disappointing results at Head of the River for the First and Second VIII it was clear that both crews left it all out there.

Congratulations to all crews who won their Head of the River race, a great effort from the Year 9 crews with a clean sweep of their age category, an outstanding performance from each of the crews.

Lastly I would like to thank on behalf of all rowers Mr Hammond, Mrs Wilson and Ross McDougall who have spent hours behind the scenes making sure everything runs smoothly throughout the rowing season. Additionally, the coaches at all levels that gave up their time to get each crew performing to the best of their ability during training and come race day. Finally, it has been an honour working alongside Vice-Captain Harrison Cerchez and all rowers this season.

Charlie McInnis
Captain of Boats

First VIII

With a history of incredible success and a much more experienced rival St Peter's crew, this year's First VIII certainly had a lot to live up to and, with a significantly smaller and younger squad, no one could predict how the season would unfold. Even during our first camp at Scotts Creek, glimpses of the strength and determination that would be evident in every race began to appear and the crew began changing a few initial impressions. Following a gruelling fourth term of racing and threshold training, we spent the week training at our annual Berri December training camp, where we made significant improvements on our technique, strength and aerobic capacity. Each of the rowers worked hard both in and outside of training to further these gains through the summer break and did not rest with the thought of the older St Peter's crew in mind, which put us in ideal shape coming into Term 1. In the lead up to Head of River we decided on undergoing a week's taper, which would allow us, in theory, to perform out our maximum potential, however, the day's conditions and our rivals at St Peter's did not allow us the chance to reap the rewards of our labours. The leadership of this season's Year 12s was exceptional and I believe that we all learned lifelong lessons under our "leading by example" Boatshed Captain Charlie McInnis. This year's First VIII had an incredible season despite not winning many races, all the boys should hold their heads high and be proud of the work they have done, as look forward to and train hard for the upcoming season.

Andrew Brennan
Stroke

Second VIII

The Rowing season for 2018 was one of the toughest our boys have had to face. With rigorous training and exercise we were ready to take on anything. This put us in good stead heading up to HOR for the race and our morale was high for a possible win. We improved at an exponential rate getting a time of 6:20. On race day for HoR, St Peter's College took the victory with us falling solidly into second place. During the year, due to injuries our crews had to adapt to find the best possible seating combination. I am proud of the boys for their

commitment to the sport. It is a sign of true character to be able to endure, improve and excel at this level. Unfortunately for the other Year 12s and me, it is the end of rowing at PAC and on behalf of all the boys I would like to thank all our coaches. I look forward to watching next season's senior rowers.

Harrison Cerchez
Stroke

First IV

This year's First IV Crew were a tightly bonded crew who knew how to get the work done. We started the year with a not 100% set crew due to injuries but we were still able to hold a very consistent record, coming second in almost all races and almost beating Adelaide High at the Head of the River. All the boys worked well together. And we all knew when it was time to work hard so the crew could achieve our best. Although we didn't come home with any medals this season and we didn't come home with the Head of the River trophy everyone in the crew tried their hardest for every race, and I look forward to seeing the crew next season.

Nathan Pye
Stroke

Second IV

The season for the Second IV may not have been an overly successful one however we worked hard to ensure we rowed our very best come Head of the River. There was a lot of shuffling around within the boat as we were short on two rowers within the senior squad; this resulted in two inter rowers filling in the empty seats. Although we did not have a huge amount of time together as a crew, we all worked hard to improve our technique, fitness and individual strength in order to make the boat move as fast as possible. We improved dramatically over the season and, although our races were not overly successful, we should be proud of what we achieved as a crew and individually.

Rami Andary
Stroke

Year 10 A

For the Year 10 A crew the past season was a good year even though we did not win the Head of River, despite giving it our all. The season started a little rough with the boys jumping in and out of the crew, with boys coming back from Wambana. When Term 4 came around, and after much testing we got the crew together and it was a good crew. We came out strong winning our first race and training hard to maintain that. Yes, we had our losses but when we did we went back to the drawing board to see what we could do better and trained harder and harder to make sure we came back stronger and faster than our competition. The rowing camps over the holidays is where we really made up ground over the sessions and felt good coming into Term 1. We hit it well winning most of our races and everything felt good four weeks out. We had a small crew change and that made

all of us push harder to keep our spots. When Head of the River came around we were all ready for it. During the race, our crew pushed as hard as they could and lost it in the last 100 metres to a crew who just worked that little bit harder. After some tears of sadness, we reflected and were happy with second place and happy with our journey throughout the season.

Austin Arnold
Stroke

Year 10B

The 10B crew had a great 2017-18 season. With a remarkable start to the season being almost undefeated, we were able to maintain it at the Renmark Regatta. After Renmark we suffered many crew changes throughout the rest of the season. That being said, we were able to slowly improve our cohesion and boat run as we moved towards Head of the River. We accomplished this under the guidance of our coaches, Daniel Ralph and Jack Good. As a crew we were able to attend camps and train together despite the number of crew changes we had. To us it wasn't where we came in a race or who was better in the crew, but more about how we could improve as a team as well as individually. Overall the 10Bs had a strong season having to adapt to new changes and overcoming difficult challenges.

Michael Cacas
Stroke

Year 10C

The 2018, Year 9/10C crew had a successful year. Stroke being Harry Benn then three seat, Lachie Woolley, two seat Kai Lovett and bow seat James Papp-Horvath, coached by Jack Good, we were a significantly light crew, however we did not let this get in our way. This was evident because toward the end of the season we won a race. To conclude we did significantly well in Head of the River, placing second out of a combined race. Go Reds.

Harry Benn
Stroke

Year 9A

The 9As started off our season very well with our first ever Round the Island, a very difficult 7km time trial. We carried through our success through the first half of the season back in term four of 2017 and ended up winning six out of six of our races at the Riverland Regatta in early December. Keen to continue our success, we showed commitment throughout the summer holidays. The Berri camp in January was a good chance for us to improve our racing technique with the help of our coach, Amanda. During early Term 1 of 2018, we suffered some second places to Scotch and St Peter's. With a push in the final weeks of our season, we brought it all together and managed to grab Scotch in the final 300 metres of the race to become Head of the River champions. Special thank you to Amanda who worked tirelessly in order for our crew to succeed.

Oliver Smart
Stroke

Year 9B

The Year 9B crew was finalised only about four weeks before HoR, however as the crew was put together we instantly meshed very well. During our first training session on the water, our crew showed great potential as we worked well together in the factors of balance, power and timing. During race days we were consistently challenged as we were placed in the A Division. This pushed us further which helped us improve our racing and helped let us know how far we could push ourselves before we break. While racing in the A Division we still claimed respectable 3rd and 4th positions, which boosted our confidence and further improved our abilities. On HoR day our crew performed extremely well and took the win in the B Division by a convincing amount, this win truly did top off an amazing season.

Oliver Deere
Stroke

Year 9C

This has been my first Term of rowing and very enjoyable, in my crew were Robbie Brennan (3), Will Wheaton (2), Tom Bell (1) and I (4). At the start of the season we were chopped and changed until we were put into the new boy's crew. Our season started out well, winning our first couple of regattas. We were all new to rowing and I thought besides all our minor problems, technique and timing, we were going well. After we had lost a regatta, Stewart our coach changed us around the seats. Toward the end of the season we had me in stroke then Robbie in 3, will in 2 and Tom in bow. Our crew worked hard and raced in Head of the River, we raced in the 8D division and won. Overall our crew worked hard and well and I was definitely pleased with the outcome.

Jock Dunn
Stroke

Year 9 D

The 2018 rowing season was a really bumpy one, with my crew the Year 9 Ds winning just about every single regatta that came towards us, but we had the Year 9 Fs following us closely. So for every race we entered we knew that we had to push hard to gain a victory and that's exactly what my crew did. At the end of each race I could see that they were all hurting and that was really good to see because that means we did well. When Head of the River came closer and closer we knew we had to work hard to win it. The day of the race we performed very well even though we came second in our race we still came first in our division. We all worked immensely hard to get that win and we did in the end.

Mason Sargeant
Stroke

Year 9E

2018 was a terrific season, starting in the Riverland to the many Super Series regattas and culminating in the annual Head of the River. The boys all raced hard, especially in the final half of the season. Focused and with commitment, we piled kilometre on top of kilometre. We trained hard and raced even harder, either matching or beating our personal best each week. And where all credit is due, Edison West, Angus McBride, William Pheasant and the young Thomas Haden are what made this season so special. We worked very well together had a fantastic year, winning our race at the Head of the River.

Lachlan Hill
Stroke

Year 9F

Throughout the season we had worked hard and took all measures to be as successful as we could. The season was filled with many regattas that were very well fought but there is always going to be another crew which has trained that little harder than you have. However, if there is no one better than you then the only way you can go is down.

We had put more effort into each training session than the last throughout our time as a crew together. Every regatta, we had gotten a little bit faster and cleaner. Every training session we reflected on the weekend and implemented it into our training. This had helped us grow and learn as a crew.

When we were preparing for Head of the River we looked at our main issues and focused on fixing them, then we practiced our race plan and tried to perfect it. We had also tried racing the crew above us (9E) which motivated us to push harder and to keep our focus.

Overall the season was both enjoyable and a challenge for us as a crew. We were ecstatic when we won our Head of the River division. This came as a well-deserved reward to the boys for their hard work throughout the season.

Josh Lasscock
Stroke

Year 9G

The 2017/18 Rowing Season for the Year 9 cohort was an outstanding year. We had seven crews and they were all successful during the year. The G crew had a great season having to make up crews when there were missing rowers, however as a crew we bonded very well.

In the State Championships we finished 14th out of 31 boats, which was an outstanding achievement for a G crew. The Head of the River, even though we only rowed against ourselves, we still finished in front of the other schools competing in the race. Overall, we rowed as one. It was thrilling to see no other boats from other schools finishing in front of the Year 9 PAC crews.

Thomas Williams
Stroke

Year 8A

This was the first year of competition for us as rowers. We started off learning how to row on the Torrens last year before moving out to the boat shed at West Lakes. The season involved lots of fitness work like running and ergos and technique sessions on the water. All the boys had an opportunity to do single sculling work on Sundays. This year there was a lot of talent across the Year 8 group. As a result, the coaches were able to try a lot of different crew combinations. A number of boys, including some who had just joined PAC at the beginning of the year, had shown real improvement. The final A Crew wasn't selected until a couple of weeks before the Head of the River. On the day the conditions were very challenging with a strong headwind and rough water. It tested all crews. We were very pleased that we overcame the problems during the race by working together and finished strongly as a crew. We would like to thank Mr Hammond and our coach Smallsy for their support in teaching us to row and work as crew. We are looking forward to sticking together and having an even stronger crew next year.

James Walters
Stroke

Year 8B

The Head of the River was a rather hectic race for the Year 8B crew. The weather on the day wasn't the best it could have been but still not the worst, with medium winds and rather choppy water, even with the given circumstances the crew did quite well placing top four, although the crew may have placed higher if the stroke Thomas Chapman was not unfortunately out of the regatta due to illness. The crew's usual three seat Jasper Antonas had to move up to stroke seat for the race with Will Stewart in two seat and Chapman's replacement Tom Cook in bow seat. Overall, the crew were happy with their performance and can only improve on their performance for 2019.

Jasper Antonas
Stroke

Year 8C

My crew for the rowing season was a delight. Our crew thoroughly enjoyed the Berri rowing camp. It was the first time for us. We all bonded as a crew and a year level. Despite people being moved in and out of crew we managed to perform alright in Head of the River. Although we did not place first, our crew learnt a lot and we all bonded as a crew. This was our first Head of the River. This rowing season has brought all of the boys closer together and allowed us to make special connections. All the boys are eager for next season and ready to try our hardest.

Mason Ross
Stroke

Year 8D

The 8Ds 2018 season was filled with positives and negatives. Throughout the season there were many narrow wins and disappointing losses, however the crew came to learn that they needed to improve their rowing. With the help of our coach Nick Demianyk, we could develop and improve our technique, fitness and teamwork in the boat. The D Crew may have been the lowest crew but that does not mean that they did not try or were not good. The D Crew always put in as much effort into to every race and training session even if they were coming last in a race they never gave up. When Head of the River came the D Crew was in very good condition and was feeling confident, but unfortunately, due to boys needing to leave the crew, a Year 7 filled in and rowed for us. We were all very grateful for this. Although we did not win Head of the River I still feel that all the boys did very well and gave their all to it.

Sailing

The 2017-18 season saw Prince Alfred College enter South Australia's secondary school Team Sailing competition officially for the second time. After the trial and regional regattas, we entered two teams in the state championship regatta from which South Australia's top teams are chosen to compete in the Australian nationals.

Our first Metropolitan Trials Team Sailing Regatta took place on 18 February, where we came 13th out of 16 teams, ahead of Immanuel B, Walford 2 and St Johns, completing four races with one win and three losses. All six boys sailed well, but our best skipper was Henry Turner, with a special mention for Frederick Sands helming in his first event.

The year's second regatta took place in ideal conditions, with steady breezes beginning with an 8kn southerly in the morning, strengthening to 16kn sou'west by late afternoon. Out of 16 teams from eight schools, PAC 1 came eighth overall with four wins and PAC 2 came ninth, also with four wins. All the boys sailed well, especially with so many new inexperienced sailors. Best Skipper was Henry Turner, but the most improved was Cooper Johns. Competing in his first regatta, Cooper came first in one race and played a key role in the team's winning of at least two other races.

The State Championships at the end of April were held this year in Goolwa. The overall result for our two teams was 20th and 21st respectively for PAC 1 and 2 out of 27 teams.

This is six places ahead of what we achieved at last year's states. During the regatta, PAC 1 reached 12th position on the Friday, after hovering around 15th, but an unfortunate loss to Walford 1 on Saturday morning sent them down to 20th and there were not enough races scheduled on that last day to work their way back.

All boys sailed well, with Henry Turner our best Skipper, Angus Pointon and Frederick Sands showing great leadership in their respective teams, while a special mention should go to Lloyd Rasmussen. He moved from crew to skipper in the week before the regatta to fill a gap in the team and helmed in his first races with distinction. Cooper Johns also showed remarkable improvement, having moved from the second to the first team.

It is worth noting at a broader level that the Westminster team, which won our state championship, went on to make history by being the first Australian team to defeat New Zealand on their home turf at the October inter-dominions.

The new season began in November with a reduced number of Skippers, though we did recruit a few new boys. As a result, we only entered one team with seven sailors in the trial regatta at Port River on Sunday 11 November. Rotating Skippers throughout the three boats for each of our races gave the boys valuable experience sailing across the team. Struggling to get into gear for light weather sailing, the boys began having success late in the day, with some very close results being decided on the finish line. Starts needed more work, but Angus

Pointon showed great leadership with some copy book displays of tactical manoeuvres or 'pass-backs'. Other Skippers were Cooper Johns, Frederick Sands, Lloyd Rasmussen and Thomas Brand.

I owe another debt of gratitude to the wonderful parents who supported their sons so well throughout the season, from Sunday transport to catering to spectating throughout the four days of the states. A special thank-you should also go to Mr Mike Steer, who helped with weekly transport in Term 1.

Jonathan Scobie
Sailing Co-ordinator

Back Row: Lachlan Bryson, Fredrick Sands, Rory Rasmussen, Thomas Brand, Henry Turner **Front Row:** Harrison Copping, Daniel Annells, Samuel Zadow, Samuel Read, Alex Annells **Coach:** Mr Jonathan Scobie **Absent:** Angus Pointon (Captain), Cooper Johns, Liam Mitchell, Lloyd Rasmussen, Thomas Henchcliffe

Back Row: Hamish Newman, Isaac Keighran, Dominic Chi Kin Ng, Matthew Lowe, Henry Norton, Will Biggs, James Norton **Second Row:** Lucas Huxtable, Siwei Yang, Samuel Nykiel, Jackson Docherty, Daniel Leggatt, Will Ayres, Dongwoo Shin, Joshua Garrels **Front Row:** Joseph Erbe, Francesco Malivindi, Samuel Waltham, Connor Kiousis (C), Thomas Grech(VC), Billy Trim, Regan Nelson **Coaches:** Mr Peter Bubner, Ms Felicity Liddy, Mr Hayden Cleveland **Absent:** Ky Bishop, Zac Bishop, Joshua Clifton, Fergus McLachlan, Finn Walsh, Mason Whitmore

Swimming

In 2018 the PAC Swimming Team had high expectations for the season given we were crowned State as well as ISSA Champions in 2017. The team intended meeting the challenge head on, as we attempted to repeat our previous success.

The first of two major events for the season was the SSSSA A Grade meet held at the Marion Aquatic Centre. We began the evening in terrific fashion with swimming Captain Connor Kioussis and young star Fergus McLachlan winning the first two Butterfly events over 50m. This set a high standard and lifted the entire team. We lead for the rest of the meet as we finished in the first three places in 32 of the 39 events on offer. This was a demonstration of the overall talent in the team and the keen desire that was on display in competition. We ended the evening 130 points clear of the nearest rivals in Immanuel and St Peter's who finished second and third respectively.

The second major competition for the year was the ISSA Mini Meet Final. We came into the event as the second ranked school after our mid-week performances were tallied up. Following the Freestyle races, we were very close with St Michael's College but from that point on, we moved strongly ahead with some powerful swimming by all team members. We capped off a great season in winning the overall meet by over 50 points and hence retained the intercollegiate trophy for a fifth consecutive year.

Congratulations go to Fergus McLachlan who managed to break three school records over the season while Connor Kioussis swam four records which ensures he has a total 12 active school records to date.

Thanks go to Mr Bubner and Ms Liddy who have provided much needed support and guidance over the season.

A special mention must also be made for our Year 12 swimmers Matthew Lowe, Daniel Leggatt and Connor Kioussis who have left their mark on the sport. We wish them all the best for their future endeavours. Connor in particular has achieved some outstanding results for the college including receiving Swimming Honours Colours in 2014, 2015, 2016, 2017 and again in 2018. He has the lead the swimming team with distinction, class and purpose and his input will be sorely missed.

The following awards were presented at the end of term luncheon:

- David Leung Trophy "Most Improved & Outstanding Team Person" was awarded to: Isaac Keighran and Will Ayres
- Mark Sheppard Cup for "Most Valuable Swimmer" was awarded to: Connor Kioussis and Fergus McLachlan

Tennis

First Tennis

Squad: Sam May (Captain), Ethan Lawson (Vice-Captain), Edward Vo, Jake Dodd, David Wang, Jock Piper, Jack Wu, Matthew Penhall, Hamish Bartos, Finn Heard, Jack Heard, Henry Cleland.

Coaches/Managers: Mr D Schipanski, Mr J Gregg, Mr S Harris, Mr C Nicholls.

After winning the state championship in last year's season, our Drive team was given the opportunity to represent Princes at a National level at the Annual National Schools Championships at Albury Lawn Tennis Club. Unfortunately, the boys got off to a slow start unexpectedly losing our first tie to Brisbane Grammar which would prove to haunt us in the long run. The team did show fantastic resilience and courage to win all of our following matches in convincing fashion excluding a loss to eventual champions Brisbane Boys College. Yet, our spirited efforts fell one singular set short of reaching the semi-final stages with the boys rounding out the tournament in a respectful sixth. However, the team was met with a quite remarkable surprise at the closing ceremony. The boys were fortunate enough to win the inaugural scholarship to the John Newcombe Tennis Ranch in Texas for showing the competition's best teamwork and sportsmanship as voted by the other schools in the event. Four of the six boys from the team took the opportunity to go to the Academy in January 2018 being Sam May, Ethan Lawson, Jake Dodd and Jock Piper and had a great experience.

With Albury and Texas behind us, the Drive Team had a good start to Term 1 with convincing wins over Westminster, Immanuel and Scotch College in the opening weeks. The team's hard work and competitiveness at training throughout the term saw further strong wins against Concordia and Sacred heart. The boys went into our important tie against Marryatville with confidence, however some close-fought losses saw us surrender the state championship to the thriving tennis school.

Of course, our final fixture was to face off with our friends from down the road, St Peter's in Intercol. The boys handled the pressure and occasion in exemplary style resulting in a 6-2 lead after the singles matches. Some highlights included classy wins from Jake Dodd, Jack Wu and Matt Penhall against tough opponents. Additionally, Eddie Vo showed some fantastic grit to silence the St Peter's crowd and ground out a crucial three set win. After the completion of the doubles the scorecard read 8-4 in Princes Favour, a memorable twelfth straight Intercol victory equalling the all-time record for consecutive Intercol tennis wins.

Sam May
Captain of Tennis

Senior Tennis 2018

Coaches/Managers: Mr C Nicholls, Mr S Harris, Mr B Gilbert, Ms L Roe, Mr N Wilson, Mr C Pasquier, Mr P Barazin.

Players – Senior A: Finn Heard, Jack Heard, Hamish Bartos, Tom Roberts, Henry Cleland, Jasper Roberts, Jack Cockington, Tom Searles, George Pretlove, Will Davies, Jasper Ryan, Bryce Tindall, George Vagionas, Oliver Cook, Tyson King, Joseph Davies, Jamie Fennell, Damon Zygouris, Harlee Chandler, Michael Balestrin, Alek Zygouris.

Senior B: Jack Grundy, Dong Woo Shin, Cooper Morgan, Thomas Hales, Luca Corradini, Aiden Le, Oscar Clark, James MacDonald, Duncan Bussenschutt, Henry Hawkins, Ayo Oloruntoba, Charlie Gardner, Austin Kitschke, Marc Luksch, Alex Elix, Todd Hardiman, Ed Tyson, Tom Taylor, William Steinhardt, Jordan Neal, Lucas Shultz, Seb Trenorden.

Senior C: Tom Schaefer, Max Bidstrup, Oliver Last, Charlie McGown, Jack Lombardo, Henri Jury, Seb Desmazures, Mishari Alhariri, Cameron Smith, Max Carles, Noah Pedler, Isaac Mitolo.

The College this year had excellent depth in the Senior divisions so we played three A teams instead of our usual two. This had the benefit of giving more of our players a chance to play A Grade and by diluting the strength of the teams the boys were getting a more even match. Our strength was such that a lot of the time the boys were still winning which is an outstanding effort considering most schools were only entering one A team in the competition. Unfortunately, every now and then our B team came up against an A team from another school which made it very tough but a good learning experience. In the Senior A, B and C Intercol matches against St Peter's our boys winning two of the three A Grade matches, one of two B grade matches and lost the C Grade.

Chris Nicholls
Tennis Co-ordinator

Middle School Tennis Report 2018

Coaches/Managers: Mr C Nicholls, Mr B Gilbert, Ms J Omond, Mr Hirschausen, Mr Z Mizgalski.

Players – Middle A: Sebastien Vinel, Seb Girardi, Oscar Wang, Archie McEwen, Kalan Wright, Gavin Centofanti, Jordan Gough, William Newton, Henry Grey, Hugo Walker-Mizgalski, Myles McEwan, Hamish Searles, Oscar Taylor, Angus Brill Reed, Liam Maloney, Ethan Liu.

Middle B: Ethan Hickman, Christian Milograd, Henry Turner, Vasili Papageorgiou, Gus Dolling, Tex Wanganeen, George Sandow, Josh Brazier, Olufemi Komolafe, Lawrence Galluccio, Joseph Erbe, Oscar Sanders, Ben Piper, Austin Ridley, Henry Brill Reed, Harrison Jurisevic, Stefan Balestrin, Peter Moutos, Ben Schaefer, Mitthil Shah, Cameron Jaksic, Isaac Rocca, Vasilis Michalakakis, Jonathon Wong, Daniel Murray, Jack Hodby.

Middle C: Louis D'Odorico, Ripley Stevens, Zack Cornfield, Joel Cornfield, Matthew Van Gaans, Tim Gibbons, Morgan Lindh, Hugh Caldwell, Will McAskill, Thomas Catford, Will Hayman, Matthew Economos, Max Thomas, Sam Lombardo, Harry Deed, Isaac Dodd, Eamon Peisley, Orlando Moncrieff.

The Middle School provided many tennis players of various abilities in 2018 and it was pleasing to see many grow in confidence as the season went along.

The Middle A teams were very strong when we had our top players available to play. Unfortunately, as is the case most years, our top middle school players were lost to the Wambana program (Sebastien Vinel) while Seb Girardi was injured. This gave the younger players the chance to play more senior roles and it was pleasing to see so many Year 7 boys in Archie McEwen, Kalan Wright and even Oscar Wang in Year 6 pushing for the top spots in the Middle School teams. It did mean that we were outmanned in the Intercols in the A Grade but the boys gained good experience.

The Middle B teams had an up and down season again reflecting the fact that we had deliberately set out to challenge the boys as from past experience the boys tend to get bored winning too easily all the time. The B teams struggled against the stronger schools but developed their skill level over the season. In the Intercol it was pleasing to see PAC win two of its three B grade matches against St Peter's.

The C team was primarily a development team with winning / losing not the priority and it was pleasing to see the boys committed to improving their game.

Development of players for the future was our paramount goal and we thank Mr Brett Gilbert, especially for his quality work developing the Middle School players.

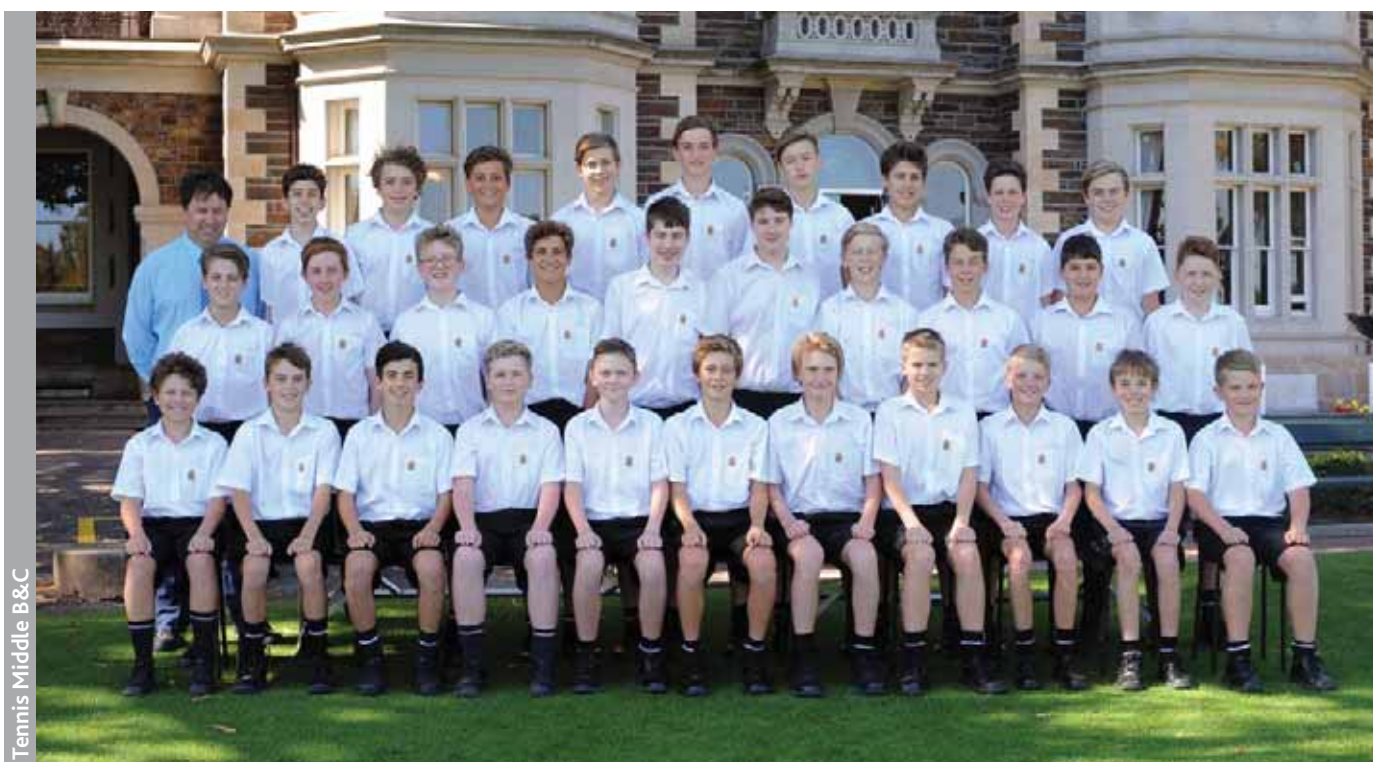

Chris Nicholls
Tennis Co-ordinator

Water Polo

Water Polo at Princes in 2018 enjoyed sustained growth with close to 120 boys playing across 11 teams in Term 1. A comprehensive training program including dedicated swimming sessions, intensive skills based pool training and dry-land strength and conditioning programs have given our players every opportunity to fast track their development in this challenging and demanding sport. This is ably supported by an experienced coaching team, many of whom bring their own state and national playing experience with them, providing an enviable group of adults whom are inspiring and influencing the players. The coveted Intercol victory for our Open As remains elusive but our depth across each year level is substantial. Our Intercol fixture includes four matches

being contested; Open A, B, C and Middle A. These results will be elaborated on further in this report.

Student leadership continues to develop and I would like to thank and acknowledge the work of Ky Bishop as Captain and Martins Lidums as Vice Captain. Their preparedness to be inclusive, encouraging and approachable has been an invaluable asset to maintaining and developing future star players. Their example in the water as players has been exemplary.

Prince Alfred College continues to enjoy the largest contingent of state representative players across school competition. This year, Will Ayers, Sam McKenzie, Zac Bishop, Christian Scamoni, Charles Atkins, Sam

Waltham, Henry Smart, Angus Parker, James Wheeler, James Archer and Ky Bishop have all enjoyed state squad training and various state team selections. Some of these boys continue to impress national selectors and I do look forward to continued PAC selection in national youth teams in 2019.

Of greatest importance is the cohesiveness and enthusiasm which the boys bring to the sport. Their help with pool set up and pack up, their willingness to accept feedback and their sportsmanship during matches has represented the College with pride, grace and humility. To watch so many boys enjoying the sport and developing each year through their experiences and mateship is a substantial measure of the quality of the program. We look toward continued growth and improvement next year.

Scott Parker
Water Polo Co-ordinator

Open A

The Open A Intercol match saw Princes narrowly defeated 5-6 against a strong St Peter's side. St Peter's led at quarter time two goals to none, and this dented our confidence. A strong second quarter with three PAC goals scored, two from Captain Ky Bishop and one from Lachlan Crawford allowed us to be 3-4 down at half time with some ascendancy. A solitary third quarter goal from Ky had the scores level going into the last seven minutes. St Peter's scored an early goal in the last quarter which Hugh Marshall responded to with a goal late in the match, score five-all. The match was looking like going into extra time or a penalty shoot-out until in the last 12 seconds St Peter's scored a goal from a near impossible angle, despite Josh Perk's excellent goal keeping. The win eluded us once again but the contest itself was a true spectacle. Strong defensive play from Sam McKenzie, Will Ayers, Charlie Archer and Zac Bishop kept us in the match each quarter. Angus Parker played valiantly with a dislocated right finger, sustained only a few days prior in training. Ky Bishop held strong under the St Peter's intimidation.

Post-match analyses revealed that we had 6 extra man opportunities and did not score from one of them, indicating that whilst we defended well and never gave up, we did indeed have plenty of opportunities to win the match. The boys are determined to learn from this and ensure a more efficient use of our possession for the next Intercol. A supplementary award the week after, of defeating Pembroke to achieve third place in the school boys state competition was a steady improvement but again we feel confident in 2019 in our ability of securing the top spot which Blackfriars currently holds over St Peter's. Shaun Baker continues to coach and inspire the boys with his usual flair and exuberance.

Open B

The Open B team had a mixed season of results but finished off strongly with a 4-2 victory against St Peter's College at the Intercol. Confident goal keeping from Lachlan Hislop and a strong defensive presence from Max Batt, Matt Lowe, Lachlan Watts and Luca Corradini provided a stable platform for our offensive plays. Isaac Keighran and James Borlase provided excellent pool speed in delivering the ball in attack and Christian Scamoni and Josh Garrels enjoyed success in front of goals, with Josh securing the game with a penalty shot in the last quarter. Year 12 Water polo stalwarts Cormac O'Brien and Tate Crowley completed five years in the sport with a coveted victory and we thank them for all of their contributions. Many of the younger boys in the team are looking eagerly towards Open A selection in 2019.

Open C

The Open C division comprised of four PAC teams which gave us a lot of depth coming into Intercol. Convincing wins most weeks in home and away matches afforded us the confidence to finish the season with a victory. The final Intercol result was a 6-6 draw which was to a degree disappointing as we had so many opportunities to run away with the game. Some skill errors and poor pool awareness cost us possession unnecessarily and St Peter's often took high risk shots that paid off. Goalkeeper Fletcher Wisman continues to show promise, and the strong body work of Charlie Keeves and Tex Wanganeen and the shooting accuracy of James Archer and James Wheeler hold us in good stead for future contests.

Middle A

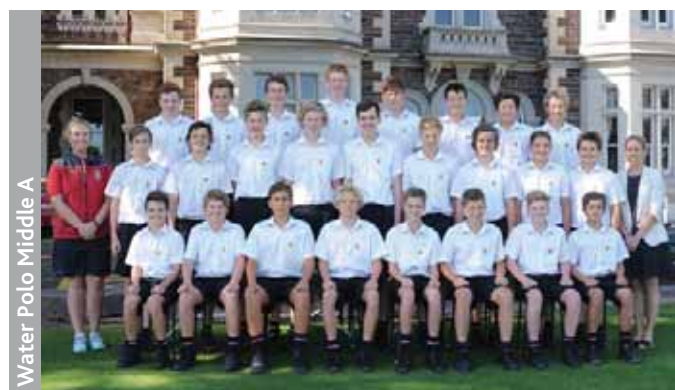

Our three Middle A teams enjoyed strong results during the season with a fast progression of skill and swim speed thanks to the boys' dedication with training. The 0-13 loss in the Intercol was a great surprise and highlighted the need for our boys to combine their individual talents to play as a team and to be more aware of their opponents when transitioning between offense and defence. St Peter's were simply too good on the day but the score line should not have been so one sided. More advanced offensive strategy will be a focus moving forward into 2019. Despite the Intercol loss there were convincing wins in many home and away matches. Impressive talent has been seen with the likes of Charles Atkins, Billy Trim, Fergus McLachlan, Harrison Haynes, Henry Smart, Will Biggs, Hamish Newman, Archie Allen and George Cox (in goals).

Middle B

The three Middle B teams often represent our least experienced players who are trying water polo for the first time. Pembroke pool offers a small arena which allows each boy to have an interactive involvement in the pace of the game. This is where game craft is honed and where skill sets are mastered. The weekly match score line is not our focus as some of the team's losses have been valuable learning experiences. They have also enjoyed some comfortable wins along the way and have entered the pool each week with enthusiasm and anticipation. The Year 7 students show particular promise as a group whom train hard, listen intently and show teamwork during games. Mark Jiang, Connor Mills, Finn Dorian and Sam Waltham lead the charge in this impressive squad of players. The work of coaches Graeme Brooksby on match day and Jon Harmer during trainings has been significant in fast tracking the success of these teams.

Back Row: Henry Hill, Fletcher Wisman, Lachlan Hislop, Matthew Lowe, Jesse Temme, Willa Taylor **Front Row:** Joshua Garrels, Charlie Keeves, Isaac Keighran, Lachlan Watts, Christian Scamoni, Sam Prentice, James Archer **Coach:** Mr Scott Parker

Athletics

The profile of athletics at PAC is something the College has been working on to develop in 2018. Although we have so much success in all of our sporting endeavours, athletics is an area in which there is more work to be done. We have many students with athletic ability and we are working towards having pathways for these boys to develop their skills and to enjoy the opportunity to compete on a more regular basis. We have introduced all year round weekly training sessions with Athletics Coach Kym Miller. Kym's expertise includes running technique, throws and jumps and he has been working closely with a core group of students from Years 7 to 12. We hope to develop this further in 2019.

The Preparatory School has also offered weekly Running Group sessions with coach Mark Howson and it has been very pleasing to see up to 30-40 boys attending. They have focused on running technique and endurance – and have enjoyed some long distance training. I would like to thank students Sam Nykiel and Jackson O'Leary for their dedicated help with these sessions. I would also like to acknowledge the passion of old scholar Patrick Gayen who has been regularly attending sessions and encouraging boys from all year levels.

Athletics Captain Noah Miles and Vice-Captain Sam Nykiel, have both been wonderful ambassadors for our Athletics Program. Both boys have been competing outside the College with some great results throughout

the year. They have both been very willing to attend our coaching sessions and to help with the younger boys.

Congratulations also to Noah who was presented with the Pierre De Coubertin Award in September.

The Athletics Program culminated in a very successful Athletics Carnival held on the Front Oval on 14 September. The high participation rate was pleasing to see and there were many outstanding performances on the day.

The Achilles Athletics Team was then selected from results at the Carnival. This team of 50 boys from Years 7 to 12 performed admirably at Santos Stadium on Thursday 27 September and finished second to St Peter's College.

I would like to acknowledge the work of Hayden Cleveland in organising the Athletics Carnival and for managing the Achilles Cup team.

We look forward to 2019 and developing our programs further. Congratulations to all of the PAC students who have represented the school at competitions and carnivals in 2018. It has been a very successful year and we hope to encourage many more boys to take up the exciting sport of Athletics next year.

Deb Trengove
Athletics Co-ordinator

Back Row: Thomas Harrison, Henry Norton, Oscar Brown, Sam May, Archie Fletcher, Jack Saunders, Henry Cleland, Samuel Nykiel, William Staples **Third Row:** Jackson O'Leary, Thomas Mallick, James Archer, Oscar Law, Noah Miles, Max Kirkby, Charles Ey, Will Ayres, Finn Johnson, Laurence Galluccio **Second Row:** Jake Hamood, Aiden Le, Jamison Murphy, Peter Rossi, Sebastian Quaini, Riley Stasinowsky, Matthew Lowe, Jesse Temme, Sean Madden, Sebastian Girardi, Zac Bishop **Front Row:** Chester Ellery, Jack Davidson, Francesco Malivindi, Finn Dorian, Regan Nelson, Benjamin Larsson, Olufemi Komolafe, Daniel Murray, Loch Rawlinson, Matthew Adams, Samuel Peter, Connor Mills **Absent:** Martin Lidums, Josh Clifton, Thomas Worthley, Ben Keane, Isaac Rocca, Blake Favretto, Henry Hawkins, Thomas Grech, Ethan Bald **Coaches:** Mr Paul Brown, Mr Hayden Cleveland, Mrs Deb Trengove (Absent)

Basketball

2018 saw a number of key changes to the basketball program at Prince Alfred College. Led by a new director of basketball, David Ingham, and a range of new senior coaches, the PAC program had one of the most successful years to date. Senior Coaches Paul Rigoni, Jimmy Alexander and Tom Hilbig are all currently working within the SA Metro program, with Paul recently coaching the SA Under-20 men's team to a silver medal at the National Championships. We were pleased to retain many of our old scholar coaches and appointed a number of new coaches as well. The profile of Basketball at Princes has certainly improved, and the College committed some large investments to improve our equipment and facilities (with immediate results). The RED Centre has also hosted a number of significant events in 2018, most notably, two National Wheelchair Basketball League (NWBL) games and an elite junior coaching clinic run by Cleveland Cavaliers Assistant Coach Mike Longabardi, of which six of our senior boys attended.

We fielded a record 12 teams across the Middle and Senior School this year and all have had successful seasons. The five Senior School teams fielded a range of new players from Year 10-12, all of whom contributed to the positive culture and atmosphere that is continually developing around basketball at PAC. The Open A, Open B and Open C teams had outstanding seasons, recording a combined 24 wins and only nine losses. The Open A team posted a particularly impressive season, finishing second in both the ISSA and State Knockout competitions, our strongest result in 37 years. No doubt they will be looking to go one better in 2019. A memorable 45-41 Intercol victory in overtime was a fitting way to end a brilliant season. Our Senior 2 and Senior 3 teams competed to the best of their ability every week, and special mention must go to the Senior 3 boys for their undefeated season. There was certainly a strong sense of spirit and pride across the Senior School teams and our outgoing Year 12 boys have left a great legacy for our Year 10 and Year 11s to follow.

We had a record number of Middle School players spread across seven teams and all teams recorded some impressive wins and were competitive against any opposition. The Middle A team made it through to the ISSA Grand Final, but were defeated by a stronger Trinity team. We had four Intercol victories out of seven games in the Middle School, but some significant wins in the Middle A and Middle C games and a thrilling last-minute win in the Middle B game. All Middle School players have represented themselves well during the 2018 season.

Now a fixture of the Preparatory competition, Prince Alfred College hosted the Friday afternoon Year 5 and Year 6 league. The PAC teams have been well coached by our senior leaders – Noah Miles (Captain of Basketball)

and Luke McCauley (Vice Captain). With Blake Cranna (Vice Captain) heading up the Friday afternoon referees, all three boys have done an outstanding job working with our younger players on Friday afternoons.

There were some outstanding individual performances throughout 2018 which should also be acknowledged; Riley Stasinowsky, Oscar Clark, Matthew Thomson and Josh Clifton were selected in the SA Country Under-18, Under-16 team and Under-15 teams respectively. Ethan Bryan and James Ingham were selected in the SA Metro Under-18 and Under-16 teams respectively. Following their performances in the National Championships, James Ingham and Matthew Thomson were selected to the Australian Under-15 team and are the only two South Australian players in the National team - an outstanding achievement! Matthew and James will represent Australia at the FIBA Under-15 Oceania Championships held from December 3-8 in Port Moresby, Papua New Guinea. All of these boys will return to play for PAC in 2019 and will be key members of what is certain to be a strong group in the future.

Jack Harford
Basketball Co-ordinator

Open A Basketball

This year has been a highly successful one for both the First V team and the PAC basketball program as a whole. Under an entirely new coaching and support staff, Princes basketball has certainly flourished into one of the leading school basketball programs in the state in 2018. This year's first team consisted of a very young, but highly talented group of men, with a number of new faces joining the College this year. The team also featured a few veteran Year 12s to bring some experience to the side. This shows promise for the future, with a multitude of talent coming through the ranks in years to come, especially considering they will get to enjoy the new private locker room in the RED Centre.

The team began the year with a bang, beating a very strong and experienced Nazareth side in the opening game of the season. Whilst not highly structured at this stage, the desperation and effort of the boys was able to get them over the line. From this, the team ran out the rest of the term undefeated with a number of extremely comfortable wins against some good sides. This was a testament to the hard work of the boys during training under the very able direction of the coaching staff, as well as putting in the hours behind closed doors in their spare time in order to constantly improve their games and come together as a close-knit team.

The team then rounded out the minor fixtures of the independent schools with a strong win over Cardijn to begin the third term, cementing our position in both the independent school's finals and the state knockout

competition. This was followed by the group's first loss of the year in a close match up against Cabra, where the Cabra side ran out to a strong first quarter lead that we were unable to overcome. However, we had the opportunity to gain our revenge the following week, coming up against Cabra again in the independent school's semi-final. The group played with intensity and effort unlike anything we had served up before, and were able to get the win in a hotly contested matchup. Leading on from this, the team faced Trinity in the independent school's final, where a disappointing effort saw us come away as runners-up for the tournament.

Following this, the team competed in the state knockout competition, playing against the best school teams from across South Australia. The boys played some of their best basketball across the day, making it to the grand final where we were simply beaten by a better Trinity team. The efforts of the team cannot be discounted, achieving our best result in 37 years.

The season concluded with our Intercol match against St Peter's, where the first team were able to grind out one of the hardest fought and gutsy wins in school history. The Reds prevailed 41-45 in overtime, regaining the trophy in a game that will go down in Intercol folklore.

It has been an honour Captaining the PAC first side this year, and I am looking forward to seeing what the future holds for this program.

Noah Miles

Captain of Basketball

Open B Basketball

With a record of 7 wins and 2 losses, the Open B team for 2018 had a very successful season. The team, which consisted of four Year 12s, four Year 11s and one Year 10, were able to bond together quickly and had consistent players throughout the year. The team averaged 55.2 points per game throughout the year led by Jake Heuzenroder (12.9 points) and Andrew Brennan (11.3 points), we kept to our team morals of: Play Fast, Play strong, Have Fun.

After starting the season with a tough loss to Nazareth, the group bounced back to have a six-game win streak, in which each of those the team won by 20 or more points. Following these six games a strong, taller bodied Trinity were able to beat us by six points in a game that had the boys disappointed, but proud of the effort. In our final game together against St Peter's, the boys were able to win 63-32 in a game that was over by half-time due to the all-round team effort.

All members of the team were influential throughout the season; however, Charlie Cameron earned the honours of Most Valuable Player, winning back-to-back MVP awards finishing on 11 votes, edging out the likes of Emmet Wildman (9 votes), Jordan Neal (8 votes) and Tristan Archer (8 votes). Thank you on behalf of the

Open B team to all the coaches and staff, mainly Jimmy Alexander, for your wisdom and guidance to allow us to compete to the best of our ability on a weekly basis.

Emmet Wildman
Player

Open C Basketball

Throughout the season, the Open C basketball team recorded six wins out of nine games. These three losses all came from very tough basketball sides from Trinity College, Sacred Heart, and unfortunately St Peter's in the final Intercol game. However, when looking at the score lines with our biggest loss coming at less than a 20-point difference, it becomes clear the boys always fought hard to the end of game. There was not one game where the team was completely out-matched by the opponent. The team scored 46.4 on average, whilst only conceding 30.3 points on average, which is a testament to our strong defensive presence. The team's Most Valuable Player was Jack de Wit with 14 votes, followed by Lachy Hislop with 12 votes. During the Intercol game the boys were fighting back and forth for the entire 40 minutes. The score line would continually swing to favour each side and both sides never took their foot off the pedal, with intensity from both teams rising throughout the game and never falling back down. The final quarters the game could have gone either way with tension at its peak, however in the final few minutes St Peter's managed to get a few key stops and convert at the other end. However, the boys did not let them stop them and kept fighting until the final siren. The final score was 32-41 as St Peter's pulled away in the final two minutes whilst the team made efforts to try and pull it back which failed, however this score does not reflect the closeness of the game for the entire stretch of time. I would like to thank all the players and coaching staff, particularly Ben Perkins, for their effort and commitments during trainings and game day.

Lachy Hislop
Player

Senior 2 Basketball

This year in the Senior 2 Basketball team we had a tough season. Despite the many losses that we had this season, as a team we have developed and worked hard throughout. We had two wins against St Peter's 36-31 and also against Sacred Heart College 54-44. We would like to thank our Coach Ashley Morgan for his time and effort to develop our team with skill training and he showed us how to work as a team, as we had a range of new players that had not played together before. The team's MVP was Cooper Morgan, who was the highest scorer with 100 points this season.

All of the boys that played in the Senior 2 basketball team should be proud of themselves on how they performed and conducted themselves with excellent sportsmanship this season.

We would like to take this opportunity to thank our co-ordinator of basketball Mr Harford for setting up this program for us to enjoy and to all the coaches for giving up their time to help us. Looking forward to next year.

Cooper Morgan
Player

Senior 3 Basketball

The 2018 basketball season had many great successes for the boys in red. The mighty D3 team was full of talent and skill which was shown every week as the team grew in strength and in character. Thanks to the leadership of the senior boys, and a range of difference scores every week, the team was able to finish the season 11-0, the perfect season. We did have some tough matches, with our closest match being a five point win. The close games were when the team was really tested, and we had to respond using our teamwork and skill. The boys also had a few big wins, beating St Peter's 64-2 and Pembroke 54-5. Overall, the boys all had great fun with many of the team playing basketball for the first time. After having the perfect season, the team would like to thank Brandon Reynolds for all the work he has done to keep the team grounded, but undefeated!

Stephen Ottanelli
Player

Middle A Basketball

For the boys this season, there were high hopes all around with a group of promising young and talented players looking to take the stage in the red uniform. The boys started the season well with a comfortable over Nazareth away from home. Unfortunately, for the second game they were unable to overcome Sacred Heart in what should have been a closer game, where our turnovers proved costly. After this slight hiccup, the team sailed through the rest of the season without any major issues, taking home wins against; St Michael's, IC, Modbury, Trinity and Cabra, the latter of which were two cutthroat games where one shot was the difference between winning and losing. After the second match against Cabra the boys proceeded to the grand final of the SAAS against Trinity College and were unable to secure a victory, going down by 10 points. Last but certainly not least, to end the season they were able to finish on a high by defeating St Peter's College with little to no trouble in a blowout Intercol game. Overall, the team performed well throughout and proved to have a prominent position within the competition giving all teams trouble when put head to head. We would like to thank coaches Tom Hilbig and Stuart Brennan for their tireless work throughout the season and for making this a very enjoyable year for all.

Josh Clifton
Player

Middle B Basketball

Playing for the 2018 Middle B basketball team was an exciting, fun and successful experience. With a total of twelve boys playing within the Middle Bs throughout

the season, it took some time for the team to feel confident and comfortable out on the court together. However, once united as one cohesive team we were almost unbeatable. We had a solid win to loss ratio of 6:3, however in two of the three losses we were missing key players. The highlight of the season was most definitely our amazing performance in the Intercol. It was a nail biter coming down to the very last 12 seconds of the game, with a win of only one point. It's been a great journey watching the boys and the team develop over the course of the season. Many thanks to the coaches Stuart Brennan and Tom Hilbig for critiquing and evolving our skills whilst also keeping us focused and ready for our games. Well done to all of my team mates, I can't wait to play together next season.

Peter Moutos
Player

Middle C Basketball

The Middle C basketball team achieved a high level of success this year, finishing with a record of 8-1 on the season, with our only loss to a talented Trinity college team. Our ability to score the ball was one of our highlights of the season we were able to score 46.9 points a game and hold the opposition to only 26.3. With some smart coaching, good individual and team play we were able to achieve lots of success this year. Our first game of the season was against Nazareth College with a 43-18 win with Angus Catt Taking out three votes for player of the game. Our second game was against Sacred Heart with a tight 32-31 win with Ethan Lunn Taking out player of the game our third game against St Michael's with a 36-19 win with Lachlan Osborn getting player of the game. Against Immanuel we had a 75-8 win, with Mitch Parker getting the votes. Pulteney was a 66-7 win, with Lachlan Dickens best on court. Trinity College was our only loss 33-60. In the Intercol game against St Peter's, we had a 48-37 win and the team all played well. Ethan Lunn was awarded the Intercol best player. A successful season from the boys where everyone improved their game in the end Angus Catt being MVP for the season with 12 votes. Thanks to all of the coaches for their work this year, particularly Brendon Francesca.

Max Spiniello
Player

Middle D1 Basketball

This year the Middle D1 finished with a record of eight wins and just three losses, considerable improvement from last season. The season started strong with a 48-2 victory over Pembroke, and we continued the momentum winning our next two games 29-25 over the Middle D2 team and 56-8 victory over St Peter's 1 before taking our first loss in a hard fought 33-38 defeat at Trinity. We quickly bounced back after this with a 52-12 win over the Middle D4 team and a 25-16 win over St Peter's 2. We lost our second game to a very strong Glenunga team but came home with three wins before Intercol over Nazareth and the PAC D3 and D4 teams. In our Intercol match we lost in a tough game 15-32

which was a disappointing way to finish the season. The team included players in Year 8 and 9 and was coached by Oliver Fox. The team's success came down to our fast transition offense and zone defence. This season we averaged a total of 38.1 points per game and only gave up 20.9 per game with the top scorers being Oliver Nicholls with 91 points and Angus Gniel with 80. This year's MVP went to Oliver Nicholls with 15 points beating out Angus Gniel by just one point in the end. Honourable mentions go to Louis D'Odorico with 12 votes and Shae Olsson-Jones with nine votes. Overall the team performed very well and have set a strong foundation for coming D1 teams. I would like to thank Oliver Fox for coaching us this year and all of the work he has put in to help us achieve the success that he had.

Oliver Nicholls
Player

Middle D2 Basketball

This year proved to be successful for the Middle D2 basketball team with more wins than losses, winning six games and losing five. The team consisted of all Year 8 players, with most having some basketball experience and this showed with their gameplay. Luka Procino-Kenyon scored the most points for the season and won the MVP with 18 votes. Alan Hsi came second in the MVP race by only one vote and also came second in points scored. He was closely followed by Isaac Dodd on 13 votes. The team improved throughout the season and the highlight was the fantastic 64-28 win against Pembroke, the team played a great high scoring game. Overall, it was a great season from the boys and next season they will be hoping for an 11-0 season. However, none of this would have been possible without the great coaching from James Nicholas and Lewis Smith.

Luka Procino-Kenyon
Player

Middle D3 Basketball

The 2018 winter basketball season for the D3s was a largely successful season. The entire team played to their strengths and most of the new players got to learn

some new skills along the way. It was a very fun and enjoyable season. I appreciate all of the parents and all of the staff that came to watch the games and also to help out with scoring, without them we would not been able to play. Mr Mann, our coach for most of the season did an amazing job, bringing enthusiasm to the team and encouraging us all to give 100% in every game we played. We won most of our games and the ones we didn't was a great opportunity to learn what to improve on for the next time we face off. Playing against some of the more advanced teams was also quite inspiring and I know that every play in the D3 team would then improve and we would become better every game we played together as a team. I enjoyed playing with all the boys in my team and I enjoyed learning everything that I needed to improve on for the next season of winter basketball.

Jonathan McKay
Player

Middle D4 Basketball

The Middle D4 team consists of only Year 7s, most of which hadn't ever played basketball before. Due to good teamwork and hard work by the end of the season we had a few promising wins, but also eight losses. The two wins were against Pembroke and Trinity (with a little help from Lachlan Osborn and Ethan Lunn). The team averaged a score of 22.6 points per game, with the opponents averaging 41.0 points per game. The MVP for this season went to Hamish Searles getting 17 votes for the season, followed by Caleb Thomas who got 14 votes. Although we didn't have many wins during the season, most of the games we played were very close losses. Some of these included a 22-30-point loss against Nazareth and a 11-24 point loss against St Peter's. The top scorer of the season was Hamish Searles with 70 points and a close second with James Tye scoring 35 points. The D4 team is a great group of people and I look forward to watching them grow in the upcoming seasons. A big thank you to Dr Kerrigan for his effort and patience coaching the team this year.

Senior School Chess

The 2018 Chess season began with much enthusiasm among the pleasing number of 36 Senior School boys who elected to play for their College, achieving outstanding success throughout the season in the Interschool and other local competitions.

PAC entered six teams in the Secondary Interschool competitions, winning the Champion School Shield for the ninth consecutive time ahead of Glenunga IHS and St Peter's College. PAC entered two teams in Division 1, two in Division 2 and two in Division 3.

PAC Red and PAC Gold teams played superbly to finish first and second in the secondary Division 1 competition with the White team in creditable fifth place. The Red team consisted of Denny Han, Oscar Herrmann, Preshaan Thavarajah, Axel Heinrich and Dongwoo Shin. The Gold team consisted of Maxwell Batt, Alexander Economos, William Economos, Saksham Pradhan and Mitchell Whiteman. Other leading scorers were Denny Han, Preshaan Thavarajah, Axel Heinrich, Mitchell Whiteman and Dongwoo Shin.

PAC White and PAC Red finished equal first and third in the Secondary Division 2 from about 22 teams entered. Leading scorers were Alexander Elix, Max Rupert and Romeo Nguyen.

PAC Red finished runner-up in the Division 3 competition with PAC White finishing strongly in 3rd place from 18 teams entered. The leading scorer was James Callen.

A pleasing number of boys also competed in the South Australian Junior Championships held during the July holidays. Preshaan Thavarajah won the Under 18 title for the second consecutive time and Anthony Huynh won the Under 14 title with Ethan Liu finishing as runner-up in the same event.

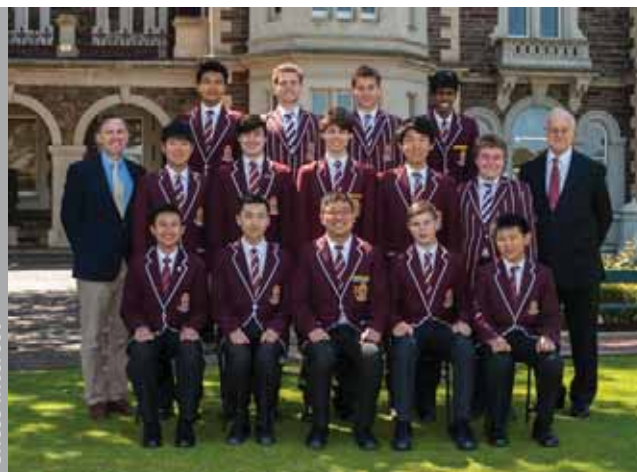

PAC won the annual Intercollegiate Chess match for a record ninth consecutive time, convincingly defeating St Peter's College 8.5 – 1.5.

The Senior School Championship was comfortably won by Preshaan Thavarajah and the Middle School Championships was won by Ethan Liu.

Quiet achieving, steadily improving, Dongwoo Shin, was a most worthy recipient of the Michael Wills Prize.

Denny Han is to be congratulated in his role as Captain of Chess along with Vice-Captains, Oscar Herrmann and Axel Heinrich. Denny Han and Oscar Herrmann are also to be congratulated on organising a third Daffodil Day Chess Tournament. Thanks go to Nick Raimondo for his support and good humour throughout the season. Special thanks must go to Richard Thorne and Will Wedding who generously invigorated the coaching programme with their immense enthusiasm, passion and love for the game which have been greatly appreciated by all.

Debating

Junior Debating

2018 has been a very successful year for the Junior Debating teams. The year was kicked off with several trial debates which showed off the unique manner and structure of the speakers. In these trials, the best speaker was awarded to Mark Jiang for his excellent manner and rebuttal style. From then on, the skill of the two teams only went up. As Junior Debating requires far more impromptu speaking skill than primary, it was a turning point in developing spontaneous rebuttal and

more structured arguments. Both teams entered round one with confidence, both delivering excellent cases on the topic of "animal testing should be abolished". Unfortunately, PAC 2 lost by a narrow margin, but PAC 1 was filled with assurance, with a win. As the rest of the season went by, the fixtures ended with PAC 2 finishing a respectable 15th place, and PAC 1 in first place heading into the finals. And so began the finals campaign, with PAC against All Saints Catholic Primary debating that "we should all be vegetarian" on the affirmative side. Winning by a margin of five points, this brought the team to the semi-finals. Our gallant team debated "That women's sport should be given the same coverage as men's sport", with PAC once again taking the affirmative side. Unfortunately, in a split three-way panel decision, PAC went down by a narrow margin of two points to Wilderness, alas being eliminated. We would like to thank our hard-working coach, Miss Ashleigh Schofield for her support throughout the year. Overall, this has been a season we have all enjoyed, and look forward to continuing our debating skills in 2019.

Max Thomas
 Year 7

Intermediate Debating

The Intermediate B boys had a very action-packed season which ultimately culminated in two of the three teams coming well within striking distance of reaching the finals, missing out on point difference. The boys developed many skills and learnt a lot about debating this year. This learning was likely accelerated with many topics being extremely hard to debate, such as the second debate, that schools should have to offer gender-neutral uniforms. The teams also learnt to be flexible, with debates prepared over a process of many hours of research, resulting in a loss due to the inability to adapt the team's case to counter the evidence and arguments provided by the opposition. Many unexpected things happened, including fainting and eight-point losses, which resulted in even more things to take away from the season passed. The first debate was a good experience for all of the boys as, apart from a few, it was the first time we had debated in a test debate, as opposed to a model debate. And while many of us didn't get it quite right, the feedback from the adjudicators that week was something that we could all take forward with us in debating. Overall, while no one made the finals, Intermediate B debating this year was great fun for all those involved.

Thomas North
 Year 8

Senior Debating

The 2018 debating season can only be described as a remarkable success. It has been my absolute pleasure to preside over two teams of brilliant young men - not only at defending their sincerely held beliefs, but at truly engaging with, analysing and criticising those beliefs in the face of constant bombardment with temptation to intellectual laziness and comfortable amorality. Debating, at its best, will always be a means to creating

a well rounded, informed and critically capable student; the success PAC's boys have seen in this is the true victory of the season in my eyes. Their fortitude and motivation is precisely why PAC's performance has been so historically memorable - an undefeated Senior A run in the minor rounds, and our best finals break in recent memory, are fine testament to the progress the boys have made this season. Our younger debaters have proven yet again that when presented with a challenge, Prince's Boys will always rise to the occasion and above, performing outstandingly in divisions far above their year level and with only the expectation of practice and development. In the knockout finals, the boys were faced with close losses in comprehensively excellent debates by both sides, and were invariably forward-facing and gracious in defeat. Their respect, sportsmanship and dedication to improvement is something to which I can only hope future debaters aspire. In summary, the boys this year have excelled expectations with a clear eye to the future, and I look forward to seeing them claim the rewards they have worked so hard for.

Football

We have had a very successful 2018 football season. We have had 403 boys pull on the red guernsey this season. These boys participated in 16 teams in our weekend competitions this year with another 43 children joining in the Friday Auskick program, ably supported by our senior football players. We enjoyed two tours this year with our senior boys travelling to Wesley College for two trial games in April against Haileybury and Wesley. The Year 8 boys hosted games against Wesley and Melbourne Grammar. We saw players represent the state across Under 12, 15, 16, 17 and 18 sides. We had two players Isaiah Dudley (Year 10) and Will Gould (Year 12) selected in All-Australian sides. Our First XVII again won the Intercol and Division 1 Messenger Shield and were runner up in the State Knockout competition. Our season success was completed when First XVII player, Harry Schoenberg came runner up in the Sir James Gosse medal for the Division A1 Best and Fairest player. Karl Finlay, Kozzie Pickett and Will Gould played in the future 17's game on AFL Grand Final day, while Captain Tommy Sparrow was invited to the AFL National Draft.

The enjoyment and successes of our teams can be attributed to the hard work and dedication of our wonderful coaches who have once again done a great job working with the boys as we develop their football skills. Several other staff, students and parents have also supported us throughout the year team managing, umpiring, running and providing first aid and we thank them for their help as well.

Our parent support each week has once again been fantastic – whether it's getting your boys ready for training and games, mending their gear and injuries throughout the season or supporting them from the side lines in all types of weather. There were a great number of parents who also cooked the BBQs throughout the season and I thank you all especially for your support during the Beyond Blue campaign, where we raised \$1,200, a wonderful effort.

A few special mentions must go to a few people for their continuous work throughout the year:

Thomas Foods – for their wonderful support and donation of all meat for our home BBQ events throughout the year.

Grill'd Burger Bar – Tom McClure donated weekly awards for our First XVIII home matches, providing awards for best players for each team. The Physio Studio – Luke Dixon and his team of trainers who supported our four senior side players with match day preparation and recovery and injury management throughout the season. Old Collegians - The PAOC Football club has once again been a huge supporter throughout the year running training session with players, providing after training BBQs to meet future footballers and sponsoring a new line of Senior Football Awards for the most courageous for our seven senior teams.

The families who donated prizes for the Football Raffle – Docherty, Clark, Read, Luke, Mavropoulos, Bruce, Noble, Neal and Keane families. Jayne Porter, Carmen Hung and the Grounds and Housekeeping team – for their hard work and set up each week of the BBQ, Piper pavilion afternoon tea and grounds for games. Darryl Attiwill & Catering Team – for their wonderful food throughout the season and the fantastic presentation dinner they provided.

The Football players – I must thank all of the boys for their effort and commitment to our football program for 2018. I hope they have learnt a lot not only about the game but the importance of sustained effort, team work and value of staying actively involved in the Princes community. Whether you are returning next year for school football or moving off to life outside of school I wish you all the best for your football futures.

Lastly I would like to thank the College, Troy McKinnon, Paul Brown, Megan McLaughlin, Paddy Johnson and Deb Trengove, for their support every week in preparation for our weekly football program. I look forward to seeing you all again in 2019 for another great year of football.

Phil Noble
Football Co-ordinator

First XVIII

The 2018 First XVIII football season has been a very successful one. From the beginning of our pre-season in the middle of Term 1 the players were committed to improving and developing our method of play. Our Melbourne tour was the highlight of the pre-season. It started with a win against Haileybury, which was followed by some sightseeing and viewing an AFL game before an excellent win against Wesley College in memorably atrocious conditions meant we regained the shield.

Our first game of the season proper was an excellent victory over St Michael's (home), dominating the game from beginning to end. The team was tested in our second game at Immanuel College, particularly in the first half, before showing the required composure to rally and win. We followed this up with a strong performance against St Peter's (home) to win well and then defeated Sacred Heart (away) by two goals to enter our fixture against Rostrevor full of confidence. They proved to be a very tough opponent. In a high scoring free flowing encounter, Princes established a six goal lead late in the third quarter before Rostrevor steamed home. The final siren sounding with Princes four points up and the play deep in defence. We next played Westminster at home and overcame a slow start to record a comprehensive victory. In our final match of Term 2 we travelled to St Peter's and found ourselves under pressure and trailing at quarter time. Led by Mitch Larsson the team rallied to kick ten goals to none in an excellent second half performance which left us well positioned for Term 3.

Term 3 started in exciting fashion with a gritty seven

point win over Sacred Heart (away) with Austin Kitschke and Tommy Sparrow crucial. This was followed by a complete performance against Scotch College (away), where our team play and work rate were excellent. We took this momentum into the pivotal clash against Rostrevor. In our best performance of the season to date, Princes was relentless at home taking control from the first bounce, dictating the rhythm of the match to run out comprehensive six goal winners and ensure qualification for the State Knockout Final.

In a repeat of the 2017 State Knockout we faced off against a formidable Henley High. This was a high quality encounter in which Henley led for most of the match. While we controlled significant sections of the game and three quarter time were only down by nine points. Henley surged at this point to run out 25 point winners. In a show of great resilience, the team put the disappointment of this result behind them to throw everything at the Intercol clash against St Peter's (home) three days later. Princes started strongly against a committed St Peter's team taking control early in the game and at no point relinquished it, running out dominant 77 point winners with captain Tommy Sparrow following up his excellent Knockout performance with a best on ground performance. This excellent result has completed a second consecutive undefeated College season and left our overall win loss column at 11 -1.

I would like to thank my fellow coaches, Craig Tasborski and Phil Noble, for their enthusiasm and wise counsel throughout the year and along with the considerable expertise of our Development Coach, Jarrad Jackson, they ensured that the players were given every opportunity to enjoy their football and be successful.

This was a successful season for an excellent group of players and I would like to thank them for their commitment and dedication to the cause. I look forward to following the development of our departing Year 12s and working with the returning Year 11s on the challenge of 2019.

Martin McKinnon
Coach

Second XVIII

Whilst the Second XVIII was presented with its challenges this season, not the least of which was being asked to compete in a First XVIII competition throughout, every player who represented the side across the season did so to the absolute best of their ability. After a slow start against the strong Westminster, as the boys became more accustomed to our structures and game style, we slowly improved, culminating in our first win of the season - a comprehensive run-away victory in Round 3 against Marryatville.

Unfortunately, we were re-graded to Division 3 at the midpoint of the season. However, this was a competition that we were confident of success in. We gained some momentum with strong wins against Pulteney and

Blackfriars. Given our loss to the latter earlier in the year, this win was a highpoint of the season and a clear measure of just how much we had improved over the course of the year. This set up a final round Grand Final of sorts, which saw us pitted against the previously undefeated CBC. After a good start in the game, we could not maintain our game style and we were eventually defeated by a better side on the day.

The season culminated in the Intercollegiate fixture against traditional rivals St Peter's. It represented the first time this season we were able to play prior to the First XVIII and also our first match up against a Second XVIII side in St Peter's. It was a keenly fought contest and despite the perfect conditions, scoring proved difficult for the first half. However, our superior talent and fitness began to show in the third and the longer the game went the more dominant we became, running out eventual winners by five goals. Jack Saunders played an epic game and his determination to leave nothing on the field eventually brought about his undoing, when he had to leave the arena late in the game after a heavy knock. He was a worthy winner of the best-afield award. It was a terrific result for the team who never took a backward step all season and a fitting way to farewell our Year 12s all of whom served the football program so well throughout their time at Princes.

The team was ably led all season by Captain Charles Rasheed and he was well supported by deputies Hugo Lidums and Daniel Mosey. Like all Second XVIII teams, we endured quite a transient line-up from week to week, however, when not playing First XVIII, the likes of Nick Longmire, Angus Naughton, Brodie Henderson all had good seasons. Nick Howe and Will Cowling were always very reliable contributors. Year 11s Tom Grech and Will Gerard displayed what they are capable of at Senior level and Miki Drogemuller also showed his potential.

However, despite both playing First XVIII at various times during the season, Max Kirkby and Cooper Luke were deserved winners of the Best & Fairest and Runner Up awards respectively. Will Cowling received the Best Team Man Award for his selfless attitude to the side and Angus Naughton's hard-nosed approach saw him receive the Most Courageous Award. Brodie Henderson's willingness to give of his all saw him the worthy recipient of the Coaches Award.

Special thanks to Darren Thomas who was our runner for the second part of the season. His knowledge of the game and willingness to help out were very much appreciated.

Peter Hopkins and Dave Cal
Coaches

Third XVIII

The Third XVIII showed some impressive development throughout 2018. The boys were pitted against top quality opposition consistently during the year, holding their own against many strong seconds sides. The team

achieved a 3-8 win/loss record for the season, with all three wins coming in the second half of the season. This was very much reflective of the boy's development and appetite for the contest as the season went on.

The side recorded their first win against Westminster's Second XVIII in emphatic style, notching a nine-goal victory with Miki Drogemuller displaying a dazzling display of speed and clean skills in what was a very wet and heavy afternoon.

Full of hope for the fixtures ahead in Term 3, the boys went on to comprehensively defeat Sacred Heart and Scotch College in consecutive weeks, teams that had their measure on the scoreboard earlier in the year. Thomas Worthley and Lachlan Brazier were important players for the Thirds in the latter half of the year and were influential in these contests displaying brute physicality and clean foot skills throughout.

Angus Leese's five-goal haul in the wet in a seven point loss to Rostrevor was a dominant display from the powerful key forward. Sure to say he made his way back into the seconds the following round and the Thirds were not graced with his talents again!

The side had joint winners of the best and fairest in 2018. Jordan Neal and Charlie Ey were tough and uncompromising in the middle of the ground and were standout midfielders in the competition all season. The team fell just short in what was a heart-wrenching Intercol loss trailing SPSC by 13 points at the final siren. Lachlan Brazier was the standout player on the day winning the Intercol Medal. It was a delight to coach and mentor all boys and I'm very much looking forward to watching them develop into stronger and more accomplished footballers in 2019.

Mitch Simpson
Coach

Fourth XVIII

Jack and I took over the Fourths in Term 3, and we were pleased to see a keen group of lads who enjoyed playing the game. Each week we came up against sides who didn't quite match up against our boys' skill and endeavour, managing to easily defeat the majority of sides. Our final game of the year was against St Peter's Thirds, and although the first half was scrappy we came out victorious in the end. All in all, it was a pleasure to coach such a hard-working and dedicated group of boys.

Tom and Jack Geyer
Coaches

Fifth XVIII

2018 started off with some hard games for the 5ths with minimal numbers showing up to games and a large portion of the students being Year 10s, in a Year 11/12 competition. The boys who did show up, however, demonstrated their will to play and determination to compete, with many regulars at all trainings and

games. Throughout a tough few weeks, the boys had been improving and edging towards a win, which they finally achieved in their last game of the term defeating Immanuel College. The last few games of the year had Phil Noble take over the coaching and saw the 5ths defeat St Peter's Thirds in their final game of the year. All in all, the 5th XVIII had a hard year, but the boys had a love for footy, and were always keen to take the field, playing a great brand of football with their schoolmates.

Tom and Jack Geyer
Coaches

10A

The 2018 10 A football season will go into the record books as one of high quality, for both effort and outcome. The playing group was both talented and hungry for success and this was evident throughout the season which saw the team undefeated and, in many ways, unchallenged.

The season began with a bang - a home game against traditional powerhouse, Sacred Heart. After an initial arm-wrestle our boys powered away to an emphatic victory that set the tone for the remainder of the year. Boys new to the College - Henry Kleinig and Jamison Murphy (both of whom were later deployed to First duties) - combined with 'old hands' James Borlase, Skipper Finn Heard, Hugo Kelly, Pat Singleton, Mitch Thiele, Willa Taylor and many others, to excite one and all for the year ahead.

Over the course of the season, many boys played strong roles in an unbeaten chain of wins against all-comers and one or two Open age teams as well! In fact, we had 21 boys listed in best players over the year and this was a credit to the breadth of talent at the level. This bodes well for the short and medium-term future of our senior teams.

Over the course of the year, our fundamental aims were to prepare the boys for senior football and this was underwritten by a focus on high intensity training, a clear directive on game style - including stoppage, defensive and offensive structures and above all, team rules written by the boys themselves.

Although the season was largely interrupted by some thin fixtures the boys remained committed to gaining all they could from their final year of year-level based competition and their application of a First level game plan and high intensity and game-based training is to be commended.

Special thanks to Joel Thiele and Tom Latchford for assistance with coaching in 2018!

■ Award winners for 2018

- Best and Fairest: Lucas Schultz - 11 votes
- Runner up Best and Fairest: Hugo Kelly, Willa Taylor, Mitch Thiele - 9 votes
- Coaches Award: Finn Heard

- Intercol MVP: Hugo Kelly
- PAOC Most Courageous: Josh Garrels

Troy McKinnon
Coach

10B

This season was my first season coaching football at PAC. I was lucky enough to be involved with both the 10As and Bs this season, and both had extremely successful, although interrupted seasons. Congratulations to the Bs boys, who I had the privilege of coaching for a majority of the season on going through the season undefeated which is a great achievement. Thank you to Lachlan Delbridge for all his help this year with the team - I wouldn't have been able to do it without you!

In the Bs, we had a lot of players come through the team this year and both Lochie and myself were extremely impressed with some of the talent that came through. There was not only an array of individual talent but as a team, I felt that we really gelled and continued to improve as the season went on. All boys showed great character and I was extremely impressed with how the boys held themselves week in, week out.

Some of the highlights throughout the season include watching the boys develop into great footballers and getting to know all the boys as the season went on. From the first game, narrowly beating Rostrevor by three points to then defeating them by 85 points later on in the season just shows how much the boys developed their skills as individuals and as a team. The game against Sacred Heart with a narrow win and the Intercol were also great highlights for both myself, Lochie and the boys. Sacred Heart and Intercol were always going to be two of the toughest games and to see the boys dig deep and show their grit, determination, and spirit, I believe was a great demonstration of the boys' attitude for this season.

Award winners were Best & Fairest: Fletcher Wisman, Runner up Best & Fairest: Lachie Watts, Intercol MVP: Angus Macdonald, Coaches Award: Solomon Musster and PAOFC Most Courageous: Will Pontifex

Congratulations to all boys for an amazing and unforgettable season.

Tom Latchford and Lochie Delbridge
Coaches

9A

I believe I said it last year, but what a pleasure it was to be involved with such a fine group of young men again. The first few games of the year was all about seeing how the boys played and where I could improve them as a team and as individuals. What I found was that there were a lot of very good players but they didn't necessarily play well as a team. Similar to last year we had games where they were only allowed to handball if

they picked the ball up off the ground. There were also other games where individuals were only allowed to handball. In the games where we lost, the boys learnt valuable lessons in how to prepare for a game and staying involved for the whole game and not drifting out of games. I stated to the boys at the start of the year that everything we would do throughout the season was to prepare them for the Intercol game.

Intercol was as close to the perfect game played by the boys with every player stepping up when it was their turn. They were brave in taking the game on and switching play when it was there. I could not have been more proud of the way they played as a team and how well they held structure.

I would like to wish all the boys all the best in their future endeavours. I would like to thank the parents for their assistance during the year and for staying away from the huddles at the breaks in the game, so as to allow me to coach the boys. Big thank you also goes to Trent Shorland for being the team manager throughout the year. Trent's assistance in looking after everything off the field was invaluable to allow me to concentrate on coaching the boys.

Steve Geyer
Coach

9B

The 9B football team had a fairly successful season despite being limited in players as boys attended the Wambana program. We started the season with an excellent win against Adelaide High School and were competitive in all but one game throughout the season. Our final win/loss tally for the season was three wins and five losses. The aim was to be defined by pressure and when the boys brought this to the contest, they looked dangerous and played their best football. However, bringing that level of pressure consistently to each game for four quarters was something that steadily improved as the season progressed (despite a few lapses along the way). I thought our best game of the season was our final game - even though we lost the contest by four points, I could not have been prouder of how every boy represented themselves and their school that day.

We had 33 boys in total represent the Year 9 football team and I would like to thank each and every one of them for committing to football. I hope they can walk away from the end of the season saying that they're a better footballer than when they started the season. I would also like to take this opportunity to congratulate the 9B award winners for outstanding seasons. George Sandow won the Best & Fairest award, Max Cunningham was runner up to the Best & Fairest and Edward Michael won the Coaches award.

Rob Colaiacovo
Coach

8A

31 out of 41 Year 8 footballers played at least one game in the 8A team, for season 2018. Princes was programmed to play only three teams in the home and away season. This created quite a challenge initially, and as the results indicate, it took the team until Term 3, the second half of the season, to break through for its first win. There was some excellent teamwork and improved skill development from match to match. Arguably a 62-point victory against Trinity College at Gawler, was one highlight and the team's most complete performance for the season. Remarkable because Trinity had defeated Princes by 46-points in the opening match. Mark Manno was awarded the Best & Fairest player for the season and Joshua Fedele was the runner-up. Sebastian Ginsberg received the most improved award and Will Biggs was awarded the most valuable player in the Intercollegiate match. Special thanks to Josh Garrels, one of our talented Year 10 footballers for his assistance at practices. Also, the Year 8B coaches, Hugo and Oscar Chapman for all their hard work. Mr Noble was superb with his leadership and organisation, and I thank Mr Brown and Mrs Trengove for all their assistance. Thank you all parents who supported the team and Mrs Manno for supplying half time oranges for every match. Finally, to all the Year 8 players, thank you for your application at practices, genuine love of the game and willingness to play in any position.

Intercollegiate Report

Spring arrived a week early for the 8A clash with St Peter's College, on The Caterer Oval at their home ground, on Saturday 25 August. Both sides demonstrated nerves at the opening bounce, but it was the St Peter's that settled first. Its dominant full forward booted all first term goals, and allowed the home side to lead PAC 4-6 to no score at the first break. Despite many clearances and inside fifty sorties, Princes just could not create any scoreboard pressure. Consequently, the margin at the major break was St Peter's 7-7 to PAC 0-0. Princes finally hit the scoreboard early in the third quarter through clever goals from Mark Manno and Ben Piper, and the defensive, led by Josh Fedele and James Norton restricted St Peter's to 3 goals. Princes showed true grit in the second half, against a St Peter's side that was taller, faster and stronger. At no stage did PAC 'throw in the towel'. In fact, the team demonstrated many fine passages of team football. All credit to St Peter's who capped off its undefeated season with a strong performance. Congratulations to their full forward, who remarkably, kicked ten of their twelve goals.

Gary Jenkinson
Coach

8B

The 8Bs had a tough season this year coming up against some very strong opposition resulting in some rough losses. That being said, the boys also had some good wins and plenty of positive things to take out from it. With our first win at home captained by Lachlan Lines,

they knew they could compete within the small sided competition. Having players float in and out of the team and not having 18 players every week made it hard for us to put up a solid contest against the stronger teams. That being said, the likes of Finn Pannell and James Norton often stepped up and took charge in their respective positions. James providing excellent lock down defence at fullback, reading the game well. Finn was excellent in the midfield, drifting forward and applying scoreboard pressure. Jock Piper was well deserved winning the Best & Fairest and playing a crucial intercept role off the halfback flank and also mixing it up in the midfield. It was excellent to see that the boys that came into each game with 100% effort, never giving up - which is the best outcome a coach can see. They showed some great resilience in their season, and never stopped working hard to try and improve to be the best they can be.

Hugo and Oscar Chapman
Coaches

Primary A

After a coach change early in the season, Term 2 was very much about learning, character development and team bonding. It was disappointing to begin the season with a couple of defeats; however, every team member began to flourish and positive signs were appearing. After analysing our first couple of games against Rostrevor, St Peter's and Sacred Heart, there was room for improvements on and off the field. The three key pillars in football that we focussed on throughout the year were: lowering the eyes to find target, using the space well and keeping our men accountable.

Term 3 signalled new beginnings for the team, who finished off the season winning every game. It started with the best team performance of the entire season at Rostrevor, where every boy played for each other and gone were the days of kicking long to no-one. Finn Dorian emerged as a vital part of our forward line by slotting five goals, however this could not have occurred if it was not for the midfield department who began to transition the ball downfield excellently and offer sublime delivery.

The great form continued, with wins against St Peter's and Trinity before leading into the Intercol. It was the benchmark and season defining moment that would really show if the group had truly improved in 2018. Despite a slow start to the game, the boys lifted a couple of gears and began to dig their heels in. It was a great game of football that eventually saw PAC run out as winners. I am extremely proud of the development the 7A group showed this season and look forward to seeing them apply the same characteristics next year.

Congratulations to Sam Waltham and Connor Mills for their selection and participation in the state team who placed third at the national carnival.

Award winners for the season were -

- Best & Fairest: Loch Rawlinson
- Runner up Best & Fairest: Lachie Croser
- Intercol MVP: Henry Pontifex
- Coaches Award: Stefan Balestrin

Lochie Delbridge and Riley Mislov
Coaches

Michelle Cruickshank
Team Manager

Primary B

The 7B side had a challenging first half of the season winning the only game of the term in the second week against St Peter's. The team struggled as a result of numerous injuries leaving a shortage of numbers available to play each week and going up against some excellent opposition schools including CBC, Immanuel and Pembroke which we incurred significant losses. However, credit must go to the team who did not drop their heads and continued to come out each week and did not stop giving all their effort even when the score was not going our way. A big thanks also goes to the Year 6s who came to fill in and showed they could match the skill level of the Year 7s.

In the second half of the season, the team came out recovered and determined, and we managed to pick up back to back wins against Pulteney and Rostrevor. The two losses which we incurred were from well fought out games from Westminster which we went down by seven points and the Intercol going down by just two points. One thing that was especially noticeable in the second half of the season compared to the first was that we played more as a team and this undoubtedly contributed to the side playing at a higher level. Congratulations to Eddie Gerard for taking the Best & Fairest award and runner-up Sam Gniel. The Coaches award went to Matt Economos, and the Intercol MVP went to Hugo Deere.

Stu Harris
Coach

6A

With great progress comes great satisfaction. Each week this season the 6A team stepped up their performance and this was reflected in both the scores and the positive feeling from playing better.

Our first game against Sacred Heart was a bit of a shock. Even though we were soundly beaten, the boys kept their heads up with the knowledge they needed to work on playing as a team by doing their own job and by looking for opportunities to support their teammates. The next two games, again against Sacred Heart, showed patchy improvement. Teamwork and approaches like 'forming a wall' across the half forward line were beginning to take shape. With subsequent confident wins over St Ignatius St Michael's and St Peter's, our form had improved greatly. The boys supported each other well, kept to their

positions, and implemented the plays and strategies learnt at training sessions on Thursdays. What is more, they had learnt to run, run and run some more!

Unfortunately, we narrowly lost the last couple of matches against Sacred Heart. However, the quality of football played by our boys in these matches was far superior to the standard played at the beginning of the season.

We went into our 'Grand Final' against St Peter's with confidence. We were playing well and had rolled them earlier in the season. They had, however, a different line up from that earlier match. A few quick goals was a great way to start the match. Unfortunately, we finished the match down by a few goals but could nonetheless hold our heads high. Jesse Rothgrew took out the Most Valuable Player award. The season awards went to Dylan James for Best & Fairest, Mack Taylor for Runner up Best & Fairest and Sam Kent received the Coaches Award.

Overall, the boys all showed marked improvement during the course of the season. I am confident they are in a strong position to go onto bigger and better things next year. Congratulations to everyone for a great season.

Mark Howson
Coach

John Shackleton
Team Manager

4/5 Red

In 2018, the Year 4/5 Reds experienced mixed success. Starting the year with a group of players who had varying levels of confidence and skill. By the end of the season there was a team of young Reds, thriving together through the ups and downs of football. To be able to watch the progression of each player, some of whom had never played, was a brilliant spectacle. The boys' passion, teamwork and resilience were traits that guided us to our big wins and softened our losses.

Starting the year fast, we enjoyed some tough wins before stepping into a dull patch nearing the term break. Coming back refreshed, the boys came out strong hitting their stride and put points on the board to celebrate a few wins. Unfortunately, the boys were unable to come home with the bacon on Intercol day but held their heads high like true Princes men.

Overall, we hope everyone enjoyed their season as much as we did and wish them all the best with their future football endeavours.

Jack Ryan, Charlie Riggs and Mrs Mandy Bell

4/5 PAC 2

The PAC 4/5 Gold football team was an even mix of Year 4 and 5s. The first few games saw us struggling to find cohesion as a team and as a result we were not overly successful. As the boys became more familiar with

each other they began to develop a great team game. Through the middle of the season the boys' belief in each other and their ability to persevere was evident as they stormed home to win three games in a row after trailing at three quarter time. The team really began to use run and quick handballs to break games open and give themselves opportunities to score. The second half of the season saw us play against our fellow 4/5 team who we were able to comfortably defeat and then followed this with great victories over Pembroke and Rostrevor College. By now the boys were really playing a fine team centred game, showing good positional play and always trying their hardest at every contest. The boys went into the last game of the year against St Peter's College full of confidence. Unfortunately, the opposition played a superior team game on the day which saw us go down by 18 points. Overall it was very rewarding an enjoyable season of football with much growth and great team spirit.

Auskick

2018 saw a few changes to the PAC Auskick program with a move to Friday afternoons. We certainly played in some trying conditions some weeks, although the children weren't fazed by the wind, rain or mud! We had 43 children enrolled this year and all saw a good development of basic football skills and game play, especially amongst some of our more seasoned Auskick participants.

We were very well supported by the senior students again this year. Their enthusiasm and commitment to the program is much appreciated by the parents, and the children think these boys are just fantastic. The boys developed confidence and skill in their ability to communicate with the children and develop their skills in kicking, marking, handballing, ball control, moving and game play. The boys worked in small coaching groups this year and took on additional responsibility for planning and managing their groups and should be commended for their great work.

Hockey

Co-ordinator's Report

Hockey at Prince Alfred College went from strength to strength in 2018 and the development and results across all teams was exceptional. A strong performance by both players and coaches as well as strong support from parents and friends was clearly visible each week.

In the Middle School program, we again saw excellent numbers of students participating and building upon their skills in the Wednesday night competition. Coached by Ben Quayle and managed by Paul Balestrin, the team was able to string together some impressive wins and had a hard-fought draw in the Intercol against St Peter's.

Many players were able to develop their skills through participation in the Second XI competition which will help with our overall development in future years.

The Second XI was this year coached by Matt Morton who also took on a role as Development Coach across all teams this season. Matt brought an immense knowledge of the game and was an excellent addition to our program. The way he was able to mentor and support boys across the different teams was very positive. The team had some very strong wins this season and with a stable team structure and a mix of both older and younger students, they were able to show significant development.

It was another great year for our First XI Squad. This year's team was ably led by Finn Johnson with William Steinhardt and Riley Chapman supporting the team as Vice-Captains. Coached by arguably one of the best hockey coaches in Australia, Mark Dell'Oro, the team went undefeated in 2018, something they last did in 2016 under Mark's leadership. This impressive feat is something that both the boys and the College is very proud of.

Impressively, in the week leading into the First XI Intercol, the team was able to win the State Knockout Hockey Championships again this year. This was testament to the work rate and effort displayed by the boys on the day. A 4-0 win against St Peter's in the Intercol capped off a flawless season.

The coaching and management staff have been exceptional again this year and I do wish to thank them for their support of the boys and our program. A number of players have now played their last game for the College after many years of service to the program.

We thank them for this and wish them well. Again, we have been able to show that a small community of players can support each other and the game they love with passion and pride and I look forward to seeing them play again next season.

Andrew Stace
Hockey Co-ordinator

Middle School Hockey

The Middle School Hockey Program continues to produce great hockey players at PAC and it was obvious from the first game that the boys involved were all very talented and keen players. It didn't take them long to remind me of the fact they hadn't lost a game in three seasons.

The season started very well with a few solid wins. Although we struggled with numbers and not having a full-time goalie the boys made up for it with their superior fitness and skill level, often winning games while being one or two players down.

The middle of the season saw our first draw however the boys picked themselves up and bounced straight back securing several more wins. Special mention to Myles McEwen who showed exceptional sportsmanship by playing for the opposition when they were several players down. Myles scored two great goals in the first half for the opposition before swapping back to PAC and scoring another two goals in the last five minutes of the game securing the draw. It is not often you can say you scored four goals in a two all draw. This is one of the reasons Myles was awarded the Best & Fairest award for 2018.

Most improved award winner Wilfred Ramsay was beginning to make his presence known on the field. Having never played hockey before he produced some

great touches and gained a lot of confidence in the last few games.

The boys maintained their form towards the end of the season leading up to the Intercol. This would prove to be a tough match, they boys showed a lot of character and heart to come away with a hard-fought 1-1 draw, unlucky not to score several times in the last few minutes of the match.

Coaches Award winner Gavin Sim showed great commitment often putting his body on the line for his team. He was always on time and gave 100% throughout the season. He is a great role model for this team mates and will become an exceptional hockey player in the years to come.

The boys played great hockey throughout the season and maintained a very high level of commitment, effort, and school pride. It was a privilege to coach such a great group of boys and I am excited about coming back for the 2019 season. Thanks to Andrew Stace and the rest of the coaching and management team for all their efforts and support for the boys this year. The hockey program at PAC is very well organised and will guide and produce some great young players in the years to come.

Ben Quayle and Paul Balestrin

Second XI Hockey

Season 2018 was a stellar year for the Reds as the boys went through the season with only one loss but secured the Second XI Intercol trophy. The year started off slow with players away on different occasions with camps, holidays and injuries, but the commitment shown by everyone to develop and improve was second to none.

During the season on Tuesday nights we had several players given the opportunity for development to train with the First XI Squad. Finn Walsh, Seb Foster & Myles McEwen were among these players, while on Thursday nights the Second XI squad would combine with the First XI in match simulation and modified games. It was great to see a combination of mateship, development & competitiveness throughout these sessions. This was a real highlight as it truly showed the power of a team environment and sticking together across all skill levels.

Seb Foster was awarded the Best & Fairest Player for his consistent performance across the season, while Thomas North was awarded the Coaches Award for his attitude, engagement and development during the season.

On behalf of the team, I'd like to thank Mr Andrew Stace for all his efforts behind the scenes and overseeing the Program, and Mr Mark Dell'Oro for once again sharing his wealth of knowledge to the Prince Alfred College hockey program.

Matt Morton
Development Coach and Second XI Coach

First XI Hockey

Emulating the success of the undefeated 2016 team not only demonstrates the depth of talent at Prince Alfred College but also the capacity to perform on a consistent basis year in and year out. While avenging last year's narrow Intercol loss with a comprehensive 4-0 victory was naturally satisfying, achieving victory in the State Schools Knockout Championship to make it three in a row was a tremendous effort. Ably led by Finn Johnson (Captain), Riley Chapman and Will Steinhardt (Co-Vice Captains), the team managed to score 48 goals, averaging close to seven goals per game, while conceding none during the regular Independent School Competition, a truly remarkable and rare feat. Individual achievements include Finn Johnson and Sam Markesinis' selection in the Hockey SA Under 18 team, Jaxon Dell'Oro in the Under 16 State Schoolboys (Co-Captain) as well as Finn Walsh and Dylan Holland in the Hockey SA Under 15 team. As a result of performances throughout the year numerous other players were also recognised and selected in the Hockey SA Development (DAP) and Priority Athlete programs (PAP).

This level of success does not happen by accident, but by astute planning combined with a passion for our sport. I would like to thank Mr Andrew Stace once again for his sage advice and management of the Prince Alfred College Hockey program. Once again, we were fortunate

in securing the coaching services of another successful and well credentialed coach in Matt Morton. Not only is he a well-regarded hockey player in the Premier League Men's competition but his coaching prowess has been recognised with his recent appointment as the 2019 Hockey SA Scholarship Coach. With continued improvement of all of our players, we look forward with great anticipation to next season.

Mark Dell'Oro
First XI Coach

Rugby

There was much to be celebrated in the 2018 Rugby season for the College; a fourth consecutive First XV Intercol title, both Junior teams making State Grand Finals, a new team welcomed to the SA Rugby competition in the Junior years and a record number of Juniors playing Rugby for PAC with a lot of boys playing Rugby for the first time. Training became easier for all involved as we were able to use Park 15 just across the road rather than get on a bus to Tregenza Oval each Tuesday. Each age level had a qualified coach and a staff manager for the first time in many years and this helped with the organisation of the teams and the level of coaching that the boys received. I would like to thank all of the Rugby coaches and team managers for their hard work and commitment over the season.

Under 18 – First Rugby

The 2018 season saw a large and experienced forward pack take the field with some fresh faces in the backline, eager to take their chances whenever the metre-eaters relinquished the ball.

The side's scrum and line out were the strongest in the competition and saw the team dominate the set piece. However, the boys were unable to convert opportunities into points and lost the two opening rounds to Pembroke and St Peter's by six and three points respectively. The competition looked even and the side realised they would need to play cohesively if they were to win tight games. A strong effort at training over the coming weeks saw the side begin to gel and the team went on to win the next three games decisively. A poor effort following

the holidays saw the team loose to Pembroke, 27 to 5. This result would go on to sink the season with two more wins seeing the team finish in third place by a single point to St Peter's College, with only one and two on the ladder going through to the final.

The result served to still the boys resolve and the next two weeks saw the team train hard and set their sights on an intercol victory. In what proved to be a hard-fought contest for the entire 80 minutes, PAC ran away with the win 29-20 – the fourth consecutive victory by the side in the annual intercollegiate fixture. Ahzali bin Omar was awarded the Philpot Cup and Scott-Heaslip Medal for Best Player in the intercollegiate match.

Captain Angus Chalk was awarded Best Back for the year, with Patrick Eteuati hooking his way to the Best Forward award. First-year player William Economos was adjudged the Most Improved Player, while Patrick Lowe capped off an incredible season of hard running and ferocious tackling with the Peter Layton Memorial Trophy for the Best & Fairest.

Andrew MacGregor

Under 18 Assistant Coach and Team Manager

Under 16

It has been a pleasure to coach this team throughout the 2018 season. I have thoroughly enjoyed the interactions and development I have witnessed throughout this year and have been extremely impressed and proud of the commitment and effort of all players during the 2018 season. We had a significant increase in playing numbers as the season went on and making it to the SARU Grand Final was an excellent achievement for a group of inexperienced rugby player.

The highlight for this year was very simple. It was witnessing first-hand the development of these young men. We had approximately 34 boys train and play during this year and more than half of those were new to the game. Which is exciting for the rugby program. The skill development, the game sense and the passion that they now display is a credit to them. I commend those new to the sport, for coming out and giving it a go, I truly hope they stick with it. This group now has formed a collective, that will see plenty of future success in the rugby program. I have no doubts that a number will represent the First XV in 2019.

I would personally like to acknowledge the work of Assistant Coach Dave Mann. Dave was a huge part of where these boys have ended up this year and I am extremely grateful for all he did and I know the boys are as well. His knowledge and enthusiasm is second to none and I know our backline was the beneficiary of this.

Award winners for 2018

- Best Back: Oscar Brown
- Best Forward: Angus McBride
- Most improved: Travis Rowe
- Best player in the Intercol: Isaac Pearce

- Players Player: Sean Madden
- Best & Fairest: Gates Family Trophy - Sean Madden

Paul Brown
Under 16 Coach

Under 14

Sean Meredith, PAC Old Scholar and our Under 14 Rugby Coach set the tone early for the 2018 season. At the first training session, with his high expectations and well-structured training sessions, Sean made it obvious that he was keen for a strong and successful season.

Having players both returning from 2017 and also some with club experience, the Under 14s had a core group of players that Sean was able to build the foundation of the team from. As the season progressed, it became evident that each week the team used the knowledge gained in training and combined it with the experience gained in matches to build upon their execution. As the team's skills developed it was also pleasing to see the players' confidence grow as well as their ability to operate as a team.

The first match of the season was against the Harlequins and it saw our Under 14 PAC team go down 48-0. The season came full circle when PAC, after a very successful season, met the Harlequins again in the Grand Final. The Grand Final was a very different match, this time going down 20-12 (after leading at one stage in the second half: 10-12). The result shows how much the PAC team improved throughout the season and although the boys weren't victorious on this day, they gave it their all, were gracious in defeat and represented both themselves and the College with pride.

The highlight of the season was definitely the annual Intercol match against St Peter's College. Our side was much depleted with many key players 'out' due to Year 8 camp. Despite this, the Under 14s were victorious on the day (25-20), with a come from behind win (scoring three tries in the final five minutes of the match).

Back Row: Thomas Cook, Sam Bowley, Ari Ralph, Thomas Saunders, Benjamin Bernhardt **Second Row:** Nicholas Kennett, Carl Arnold, Sean Madden, Henry Belcher, Jack Sullivan, Hugo Ellery **Front Row:** Oscar Taylor, Will McAskill, Mason Ross, Ted Henbest, Max Gordon, Chester Ellery, Ben Peter
Absent: Jasper Antonas, Thomas Chapman
Manager: Ms Deb King **Coach:** Mr Sean Meredith

Congratulations to all players for their dedication and efforts throughout the season. Special mentions to the following 2018 Under 14 Award winners:

- Best Back: Jasper Antonas
- Best Forward: Ari Ralph
- Most Improved: Tom Saunders
- Player's Player: Carl Arnold
- Best on Field at Intercol: Hugo Ellery
- Best & Fairest: Carl Arnold

Back Row: Isaac Pearce, Sean Madden, Angus McBride, Oscar Brown, Tom Harrison **Second Row:** Tony Huang, William Wheaton, Brodie Ramsey, Archie Fletcher, Lucas Schultz, Edward Tyson **Front Row:** Alexander Voon, Kai Lovett, Thomas Deakin, Oscar Chapple, Angus Baxter, Louis England **Absent:** James Saunders, Winston Macgowan, Charlie Lawrence, Henry Cleland, Zac Palser, Travis Rowe, Sam Ramsay, Sam Peter **Coach:** Mr Paul Brown

Finally, a special 'thank you' must be extended to the parents and family support provided by the sidelines each week, it certainly was appreciated by the team.

Deb King
Under 14 Manager

Back Row: William Economos, Luke Seifert, Ned Burfield, Cormac O'Brien, Patrick Lowe **Second Row:** Tate Crowley, Charlie Ey, Thomas Willson, Oliver Last, Angus Sanderson, Alexander Economos **Front Row:** Luke Vidovic, Connor Moore, Angus Chalk, Ahzali bin Omar, Nicholas Longmire, Benson Page **Coaches:** Mr Peet Arnold, Mr Andrew MacGregor

Soccer

This season was once again one which continued to show strong progress in the sport across the school. This has been reinforced with many fine performances on field and representation continues to be steady across the school.

The most striking thing to me has been the development of players and the ability of coaches to get the best out of the boys regardless of their abilities. This has been reflected with many positive comments from both parents and boys regarding the soccer programme offered at Prince Alfred College.

All of this has been made possible due to the passion of the coaches. The role of these great coaches has been paramount in the success of soccer at Prince Alfred College and their role has gone beyond developing individual development but making boys aware of the importance of team work and finding an appropriate balance between their academic pursuits and their soccer commitments. Another attribute of the coaching staff at Prince Alfred College that I have observed this year has been that like many players, each has used very different styles and approaches to find measures of success. This was seen in the development of the Third XI soccer team this year. The team which was comprised of many boys who had little success last year turned their fortunes from the start and ended the season with more wins than losses. This was in part attributed to their coach Mr Nigel Madden who not only instilled confidence in the

boys but fashioned a group of individuals with varying skill-levels into a cohesive unit that exceeded the sum of their parts while having some fun along the way. All this along with his colourful match day reports has helped the boys enjoy their soccer and has gone a long way in forging team spirit.

Coaching goes beyond winning and losing and another quality of each of the coaches has been their ability to teach boys the ability to deal with setbacks, increase resilience, put trust into their teammates, sacrifice individual needs for the team and encourage each boy to get the best out of themselves. Each has also in their unique way used their role to teach more important life lessons beyond sport and recognised that what they teach and how they teach it will have an impact beyond their years at PAC.

Saturday mornings were always enjoyable, and all present were able to witness and enjoy the rich vein of talent across all year levels at Prince Alfred College. While each team had its own trademark style of playing, the level of the intensity and the commitment of the boys was always present during each match. Each team at some point in the season experienced a wide range of emotions from disappointment to elation, but the camaraderie of the boys in all circumstances was demonstrated across all teams.

The other high point of the season was the conduct of the boys on and off the field. The sportsmanship showed

of 2017, Thomas Visser was invited to participate at the Beijing Cup (an international students soccer tournament) earlier this year where he played against teams from countries including Japan, Spain and Russia. Selected for the FFSA State Squad in 2018, he represented South Australia at the National Youth Championships – the FFA's primary national football (soccer) competition for 13 and 14 year old boys, held in Coffs Harbour. In 2019, Thomas will continue with the State Development Program having been selected in the FFSA NTC Squad.

Nicholas Aretzis

In January, Nicholas Aretzis was part of the Futsal state team that participated in the Craig Foster International qualifying tournament. The team did extremely well, played in the finals and as consequence were invited to participate in the World Futsal Championships in Orlando Florida in July.

In September, Nicholas travelled to England to play against several English teams including Bolton Wanderers, Doncaster Rovers, Manchester City and other teams that participate in the English Premier League.

Nicholas is currently playing for NTC FFSA and also training for trials for the Futsal Nationals to be held in Sydney in January 2019.

Stefan Casalbore

This year Stefan made his debut in the Premier League as one of the youngest players to be playing at that level. Playing for Adelaide City, Stefan's quality finishing, balance and ability to read the play makes him a valuable asset to the team.

Finally, a big thank you to all our coaches, assistants, parents and importantly boys for all the time that they have invested during the season and the support that I have received throughout the year.

Joe Russo
Soccer Co-ordinator

First XI

Despite losing key individuals from the year before, the First XI Soccer team again performed admirably with some outstanding individual performances, the highlight being Stefan Casalbore winning the Golden Boot with 18 goals and many young boys rising to the challenge and becoming high-impact First XI players.

Pre-season training began with Coach Phil Stubbins and assistant William Katsambis putting the boys through their paces with a vigorous program designed to improve mental toughness and aerobic capacity.

Playing in the competitive Wednesday twilight league the First XI matched it's against much more experienced and mature bodied opponents, the team was able to demonstrate the Princes spirit and continuously challenged teams. With a mixture of experience and raw youth, the team was able to showcase their skills and dominate games for long periods of time.

The opening game of the season away to Immanuel College set the tone of the season with the team recording an impressive 4 – 0 win, with Stefan Casalbore opening his account with two goals and one each to Ben Visser and Aiden Le. The following match against Blackfriars finished 1-1 although PAC was very unlucky not to come away with the victory when a late goal was called offside.

As Term 2 came to a close the high pressure game blended with a young, effervescent squad saw the team make into the top three of the competition dominated by Sacred Heart College and Blackfriars. This exuberance of the playing group was highlighted in matches against St Michael's College and Sacred Heart College, when PAC playing with depleted squads due to injury were able to walk away with the heads held high even though they suffered narrow defeats.

The first game after the holidays was the start of an impressive run from the team with a 7 – 2 defeat of CBC followed with a 15 – 0 thrashing of Gleeson with Stefan Casalbore leading the way with an impressive bag of 11 goals over those two weeks. With a top two finish possible and a place in the final, the boys were denied the opportunity after the final two games before the Intercol were washed out.

With morale riding high, the boys looked forward to the challenge of the Intercollegiate against St Peter's College who had had an outstanding season with only one loss. With the midfield dominating proceedings and quick ball movement which had the St Peter's defence and midfield in constant retreat it wasn't long before PAC were in front with Stefan scoring from the spot after he had been brought down in the box. Despite the dominance the scores were level after 20 minutes with St Peter's also scoring from the spot.

The second half began as the first half with PAC dominating but again lack of finishing and some great saves from the St Peter's goalkeeper keeping the scores level.

With dwindling light, the game went into extra time in which both teams had a chance to seal victory with some very near misses from both sides. The final score was 1-1 with PAC retaining the Simpson Cup. The match itself was indeed a true spectacle and kept the sizable crowd on edge for its entire 90 minutes.

Arjuna Ravindran was awarded best afield for his dominant performance in midfield. Notable mentions also to Ash Dann, Callum Martin, Josh Benn and Hanno Jacobs for their efforts.

Overall, it was an impressive season PAC First XI and despite playing one less match than the other teams the team finished fourth, one point behind third placed CBC.

Individually, Stefan Casalbore and Hanno Jacobs were co-winners of the Best Player Award for 2018, Laurence Galluccio was the winner of the Coach's Award, Harry

Thomas and Blake Favretto were joint winners of the Best Team Man award. Arjuna Ravindran was the voted best player of this year's Intercollegiate for his outstanding contribution over the whole match.

Finally, congratulations to Stefan Casalbore for his selection in the Twilight all-star's team.

Many thanks to coach Phil Stubbins and his assistant Ed Scalzi for their commitment, tutelage and encouragement to play "total football" at all times. Also thank you to manager Jarrod Cross for all his hard work behind the scenes.

Jarrod Cross
Manager

Joe Russo
Soccer Co-ordinator

Second XI

Overall the second eleven had a successful season, notching up more wins than losses. The team was mainly made up of Year 12s, with a strong Year 10 contingent, some Year 11s and a few Year 9s who despite playing against bigger and stronger opposition performed extremely well.

The opening match against a traditionally strong Rostrevor College was always going to be a challenge and although the team had not played together, the boys did have their chances and the 4-0 loss was not as devastating as it sounded, with Rojan Joshi showing his class.

Under the guidance of our coach Steve Benn and assistant Andrew Papp Horvath, the team was able to gel together, improve and become a tight cohesive, attractive unit. As a result of the hard work on the training track the team began to put in consistent efforts and achieve success on the field.

The next match against St Ignatius was a highlight as the team played with high intensity over both halves to come away with a 4-1 win, with Fraser Beveridge scoring twice and outstanding performances from Michael Balestrin, Mick Mercorella and Rojan Joshi.

After a narrow loss against the Scotch College First XI, the team bounced back in the best possible way, dominating St Johns for a 5-1 victory. Once again, Fraser Beveridge displayed his finishing skills to score an impressive hatrick with Nick Devlin and Hanno Jacobs scoring one each.

The team continued its great form into the next few weeks recording one more win and losing the last match before the term break to St Paul's 2 – Nil. Once again, the final score was not a true reflection of the match as the team had many chances to score.

Term 3 began with a tight 1-1 draw against St Peter's College with the defence led by Michael Balestrin and the Economos brothers having great games with Nick Devlin scoring a great goal against the tide of play. After a narrow loss against Blackfriars the team travelled to Cardijn College. Playing in very trying conditions with non-stop rain and gale force winds, the team showed incredible fight and commitment to turn a 1-0 half time lead to Cardijn into an impressive 3-1 victory with Thomas Hales and Josh Benn showing their class.

The Intercol match against St Peter's was reflective of the match played a few weeks before with both teams dominating for periods of the match, the game finishing 1-1.

The season was on the whole a most satisfying one with many highlights and memorable moments. Thank you to Steve Benn, Assistant Andrew Papp-Horvath and Manager Shaun Oakey, for all their hard work throughout the season and his many words of encouragement.

Individually, Michael Balestrin was awarded the most valuable player for 2018 for his outstanding and consistent season and Mick Mercorella (Year 9) was awarded the coach's award for a great season.

Joe Russo
Soccer Co-ordinator

Third XI

The Third XI had a wonderful season and a mere 300-word report is unlikely to do the team, and their remarkable achievements, justice. For those football aficionados, who can remember the golden days when the Mighty Bolton Wanderers played with the style of football that is the blueprint for the greats of today, it was a season to remember.

Once the boys had studied countless hours of Bolton games from the late 70s/early 80s and they mastered the fast flowing passing game there was no stopping them and the opposition often found themselves in awe of their movement, high press and ruthless finishing.

So famous did the team become that the magazine "4-4-2" picked up on their success and began reporting on their achievements. The article below is taken from the magazine.

At a wind-swept and rain-soaked Sir Donald Bradman Drive the PAC Third XI gathered for the penultimate game of the season. An early KO meant that the coach had another fretful morning as the team arrived in dribs and drabs but, true to form, it was Jack Wu who somehow managed to be the last to arrive. The game found the young Ed Priddle making his Third XI debut, initially shoring up the defence in the absence of Gary Neville who had a driving lesson. Thankfully his brother Phil knows where his priorities lie and how to ensure a good Chemistry grade.

The early encounters were completely dominated by a resurgent PAC team and it was with some inevitability that they took the lead when Ollie (The Postman) Jarman delivered a pinpoint cross to Vincent Feltus who was lurking at the back post. Vincent calmly tucked the ball away like a clinical Nicolas Anelka in his Bolton Wanderers heyday.

Mishari again looked comfortable between the sticks and he produced a series of incredible saves that ensured that PAC went into the break with a slender 1-0 lead. The team were warmly congratulated by Mr Fenner, who had enjoyed watching the team execute their full repertoire of skills in the preceding 15 minutes.

A tense 20 minutes followed before another slide rule pass found Max Batt bearing down on the CBC goalkeeper, who had completely lost his bearings, and allowed Max to casually tap into the gaping net.

The back four of Smith, Kay, Heinrich and Arnold, who was taking the opportunity to learn from the masters, did not allow the opposition any time to settle on the ball and were confident playing out from the back.

A third seemed inevitable and when Heinrich found himself felled in the box a penalty seemed the only option available to the referee. Unfortunately, Jack (should have gone to SpecSavers) Gulliver, in a lapse of concentration and clearly forgetting that the PAC coach had still to mark his Enthalpy of Solution practical, waved play on. Jack now faces a tense few days whilst his assignment is graded.

A third eventually did arrive from the energetic Batt who let fly with a shot from 35 yards. The ball, which swerved and dipped ferociously, was hit with such venom it crashed through the hapless goalkeeper's fingertips.

The worthy winner of the Man of the Match and the most sought-after prize in world football (a signed Frank Worthington photo!) was the unstoppable Luciano who was rock solid in defence. The award went straight to the pool room.

Individually, Sam Bennets was awarded the most valuable player for 2018 for his outstanding and consistent season. Best Team was awarded to Vincent Feltus and Trin Tongsirir was the winner of the coach's award.

Nigel Madden
Coach

Year 8

The 2018 Association Football season was one of growth and development. This is a talented group of boys, who had previously breezed past inferior opposition without breaking sweat. We moved up a league in 2018 and came up against stronger, bigger and better-drilled opponents. Boys do quite a lot of growing between Years 8 and 9 and most schools field a combined XI at this age. We were pleased to have the chance to compete physically and acquitted ourselves well.

Our traditionally 'friendly' fixtures were played in Term 2, and by the end of June our record was five wins and a draw from six games with 47 goals scored. Many of the games were one-sided, but we maintained good intensity throughout. Frankie Malivindi was a pacy threat up front, finishing the season with 16 goals, with Daniel Scinto an ideal foil, picking up space in an advanced midfield role to score at a ratio of one goal per game.

Term 3 was a different story, with three games played and no points gained. We were competitive in all three matches, leading in two games, before momentary lapses in concentration or fine play from the opposition consigned us to defeat. We saved our best footballing performance for the final game of the season, a see-saw battle in the Intercollegiate fixture versus St Peter's College which we eventually lost 2-5. Important lessons will have been learned: the currency of the goal means that games can turn on fine margins. The boys will be all the better for having tested themselves against the best.

Angus Brill-Reed captained the side well, never going missing when the games turned scrappy and providing a driving force from his central midfield role. Vasili Papageorgiou and Isaac Rocca provided some European touch and class out wide, and Femi Komolafe's long levers allowed him to cover the grass like a latter-day Patrick Vieira.

Tom Visser added quality to the midfield when he played, and Andre Scinto picked up the most-improved player award for his development between the sticks. Daniel Murray was our player of the season, epitomising a consistency of approach to training and matches that was an example to the whole squad and Andre Scinto was awarded most improved.

All 16 boys that represented Princes can be proud of their achievements and we look forward to Year 9 with genuine optimism for good times ahead.

Ben Evans
Coach

Year 7

Season 2018 began with some struggles as the Year 7 team bolstered by Year 6 players adjusted to playing together. Steadily as the season progressed so did the teamwork and confidence with the boys winning games convincingly.

Ethan Liu became a standout during the season diving to all corners of the goals and making some brilliant saves, despite the fact he volunteered as goalkeeper and had never done it before.

Ethan and Tristen Unerkov proved to be prolific goal scorers as well as great defensive players when asked. Nic Marino, Luca Bacon, Ben Fraterman, Zach Anderson and Phillipe Scalzi kept a tight midfield throughout the season, bringing the ball forward, taking chances on goal and at times scoring some great goals. Henry Brill-Reed and Max Whittle became a formidable force in defence

playing diligently to move the ball out of our defence, helped by Liam Mitchell, Anthony Huynh, Winston Huang and Fin Kotsoukos.

The boys made it very hard to pick a Best & Fairest player, due to all of them showing improvement and having standout games, however Daniel Bergamin won the title. Daniel played to his fullest potential in all games no matter the position, he was a key play maker allowing great us to place great pressure against our opponents. Ethan Liu was awarded most improved for the enormous steps he took in his development as goalkeeper.

This year's intercol was a hard-fought battle. Coached by Sean Madden and Joshua Benn for the game, the boys played with great spirit and only conceding a late goal by St Peter's who won the game 2-1.

A big thank you to Marie Viscione (Team Manager), Sean Madden and Joshua Benn for their help, support and mentoring throughout the season.

Frank Palladino
Coach

Squash

Squash is a distinct sport for us here at Prince Alfred College. There is no other sport like it, and there is no other school in SA that does squash like we do. Our four courts are used each weeknight for most of the year, and besides competing in the High School Team Competition and Individual High School Tournaments, we hold our own inhouse Current Scholar versus Old Scholar tournament in Term 1, and to end the season the competitive PAC Open and Year Level Championships are contested.

Head Coach Sam Haydon has been at the courts most weeknights with Old Scholar Assistants. At these training sessions, Sam provided the players with games and drills appropriate to their skill level, and in his second year with us, he has been able to extend on further developing the good work that has happened in previous years. Fitness has been a consistent part of training and it continues to push the players and have them best prepared for matches.

Will Gray, the Development Coach, has also worked solidly with a group of boys throughout the year. I can honestly see how these are the types of players truly benefit from a specialised morning training all year round. Here they play against other eager and competitive players from all year levels and can be given further points to improve their squash.

Stuart Harris from the class of 2015 and Alasdair McFarlane from the class of 2016 have also been good additions to our programme, they have been present for afternoon trainings and closely supervised and supported the players. I have been so pleased to see so many of our graduated squash players want to still be involved in the programme.

Immeasurable staff support has come in the form of the supervisors. Each teacher involved in the sport has been pivotal in being the primary contact for their teams; they have supervised and organised the team each week and this has been one of the key reasons why squash has run successfully.

Stephen Ottanelli has been an outstanding Captain again this year. He should be so proud of his achievements in the sport here at PAC and we all eagerly await to see what squash related achievements he works towards in the future. Vice Captain Ian Leung, also deserves thanks and attention in the way that he has been heavily involved in the program, and he is present at the courts most nights to train and offer support.

In closing, I would like to say that I've had many proud moments watching our boys play this year. I have observed countless games in the gallery and I have seen our players pushed and challenged by all types of players. I've seen uniquely squash habits form, in the way players have rolled a ball under their foot, players have cleaned their eyewear and wiped the walls between shots only like squash players can. But most notably, I've been

impressed by the number of players who have been able to compose themselves, even when they're down, they've plucked a high sitter out of the air and hit a shot to the nick, they've played a delicate straight drop that appeared glued to the wall, they've won a rally even after playing three consecutive shots from the back, and best of all when they've returned their opponent's straight drive, straighter, tighter and harder than the one they received. Well done boys, for all of your squash this year, there have been many moments to enjoy.

Cynthia Psaromatis
Squash Co-ordinator

Year 8

This season has been a huge success with PAC 1 placing second and PAC 2 placing fourth in the Year 8 division. All boys have put lots of effort in and have improved since the beginning of the year. I would like to thank Mr Tang for being our team manager and organising matches. Coaches Sam and Alistair also deserve to be thanked for their coaching as they have made us all better players and finally I would like to thank my squash team for being supportive members.

I would like to acknowledge Nick Harvey and Charles Atkins in PAC 1 for having won most of their games. Nick and Charles have been playing school squash for two years and improved significantly. They always put in effort during training and games. They are always willing to improve while also helping others. From PAC 2 I would also like to acknowledge Gus Dolling for having won most of his games too. Gus Dolling is new to the school and decided to play squash. It has only been his first season and he improved very quickly.

Both teams have faced challenges against teams that have better players but no matter the score both teams haven't gone down without a fight. I know that many of the boys who were unfortunate and didn't win learnt how to play better by observing the opponent's technique and strategy which has made them better players over time.

This season has been very successful for PAC 1 and 2. All boys have consistently shown effort and interest and developed into better players. I would like to thank all the squash staff and teams for a great season. With players constantly improving I look forward to seeing what the future holds for the boys in my year level.

Vasilis Michalakakis
Year 8 player

Year 9

This year has been a great learning time for the Year 9s. The squash team had a lot of new faces this year and a couple of people who kindly offered to help at the end, when there were absences because of Wambana. Despite this, PAC 1 finished third just missing out on the finals in their last game. PAC 2 came fifth overall. Both teams played extremely well and deserved their

positions. The highlight for me this year was winning the unofficial intercol against St Peter's College. This was easily the biggest milestone of the year. In that game, we had many new players and they had improved significantly. I hope next year we continue to be keen squash players.

Lastly, I would like to thank all the players involved in the season, especially the players who helped out in the last few games when we were really short on players. It saved us from forfeiting, and brought us closer to the finals.

I would also like to thank Mr Edge for giving us great advice every week and for turning up to every game and encouraging everyone. I would also like to thank our technical coach Sam, who has come to training every week, getting our squash teams to a higher level. He was a great coach who was dedicated to improving our technique. I would like to thank Mr Urban for his consistent support on Friday afternoons, he was like our home side host. Finally, I would like to thank Mrs Psaromatis for organising and managing the sport. We could not have played as well as we did or enjoyed ourselves as much as we did without these people.

Hamish Towers
Year 9 player

Division 3

This season was difficult for the team, coming out with only two victories. The season started out slowly for us, losing three times in a row without a win. However, with determination and hard work during training, we managed to win a game in week 4 against Saint Ignatius College. It took us until after the term break to gain another victory. But, between our two victories, the team improved massively. We started to lose by less and less. I believe the last game in the season was a testament to our hard work. We had played Heritage College earlier in the season and lost 3-9. When we met them at our last game, we lost 7-5, but all our games were much closer.

I have to thank all the boys for giving every game their all this season and for making it all the way to Ingle Farm, it's been enjoyable. I also have to thank Dr Browning and Mrs Martin for managing and supporting the team throughout the season. Head Coach, Sam, has also been an asset for us at training in the way that he was helping us to improve through the season. Another thanks goes to Mrs Psaromatis for organising squash this year. Finally, I need to thank the parents for supporting us and commuting us for the squash season. See you all next year!

Alexander Nind
Division 3 Player

Division 2

It has been a very good season for our teams. Over the season PAC 1 became a dominant team, positioning themselves in the top four of the ladder, while PAC 2 was more of a developing team residing in the middle of the pack.

The final week of the season was most exciting as PAC 2 came up against St Ignatius who had not lost a match. We decided to rise to the challenge and give everything we had. And we did. By the end we had equal rubbers, and equal sets, we were down by 12 points. While PAC 1 had a comfortable win against St Peter's cementing their position as number two on the ladder.

The brilliant efforts of PAC 2 meant they had clawed their way into the semi-finals. We were up against St Ignatius again! As the semi-final unfolded PAC 1 held Pembroke at bay. While for PAC 2 it was another tough match. Through a combination of determination, spirit and some luck we pulled off the incredible by beating the top team. Going from fifth to the Grand Final within two matches.

The best analogy for PAC 2 can best be likened to Alfred Lord Tennyson's poem "The Charge of the Light Brigade"

- Forward, PAC 2
- Charge PAC 2
- Into the valley of death
- Rode PAC 2
- PAC 1 to the right of them
- PAC 1 to the left of them
- PAC 1 in front of them
- Into the jaws of death,
- Into the mouth of hell
- Rode PAC 2

It was PAC 2s Waterloo while it was PAC 1s Trafalgar. In the Grand Final the ever-strong PAC 1 landed the last blow, 3 rubbers to 0. PAC 1 became the premiership winners for Division 2.

Thank you to Ms Christie who ran our teams with military precision and could we please thank Mrs Psaromatis, our squash co-ordinator who has done a wonderful job.

Alistair Phillips
Division 2 Player

Division 1

This season, we had a remarkable season where PAC Red were undefeated, and PAC White only lost when they played PAC White, and once against Pembroke. Both teams made the final, with PAC White defeating Pembroke in their semi-final, and the result of the final was PAC Red defeated PAC White 3-1.

The final was very exciting, one of the best match-ups was Harrison Cerchez playing against Cormac O'Brien. Harrison was losing 2-0, but he showed perseverance, in which he took the pressure and kept fighting to get the third game. Throughout the season, Tom Taylor was also a very good number one, he got a lot of challenges, but he benefitted and improved a lot. Tom Worthley is an experienced player who really knows his game plan, Brad Ledgard is a fast learner and improve significantly during the season, and Harrison Cerchez who shows

a respectable manner and sportsmanship. Stephen Ottanelli as the squash Captain, set an example of teamwork and leadership skills, he is always supporting and engaging with the team. Cormac O'Brien enjoys hitting powerful shots and maintains absolute focus in the court. Lachlan Brazier is a new member in Division 1 this year, he shows a great potential and excellent skill during games.

Of course, both teams wouldn't have this result if there weren't any good squash coaches and managers. I would like to thank Will Gray, Sam Haydon, and Mr and Mrs Mann.

And to Mrs Psaromatis, to organise and manage all the different matches and tournaments, and to always being there to support us and look after all the players.

Ian Leung
Squash Vice Captain

Table Tennis

2018 was an interesting and challenging year for Table Tennis at Prince Alfred College.

Numbers of boys playing in the Preparatory School increased, enabling us to create two teams for the competition. Our Coach, Kevin Malyschko continues to work with our young players to encourage their enthusiasm and develop the fundamental skills of the game.

I would like to thank Sam Barton and Russell Thompson for managing the teams this year.

Our numbers in the Secondary School were slightly down on previous years, especially in the Middle years. This resulted in us not entering a team in that division; instead we had all players in teams in the senior division. This change was supported by our senior coach. Coaching was held on a Wednesday afternoon, and a voluntary session was also offered on Thursday afternoon. Many of our Open A squad extended their practice time on Wednesday afternoon working with Assistant Coach Tom Williamson (Captain of Table Tennis 2016).

I would like to thank the following Year 12 players for their commitment to the sport over many seasons. Edward Downing, Kevin Ho, Harry Hooper, Ayo Oloruntoba and David Willmore.

The following reports for the 2018 season highlight the highs and lows of the weekly matches and the Intercol. I want to thank all the players for their dedication and support of the game. Your enthusiasm and friendly approach makes the task of co-ordination of this sport enjoyable.

Finally I would like to thank the team of coaches and managers who make table tennis happen at the College. The Coaches Kevin Malyschko and Tom Williamson; the Team Managers, Megan McLaughlin, Beau Muzik, Greg Zheng, Sam Barton and Russell Thompson. Their dedication at training, driving buses, scoring and recording results is appreciated and ensures a well-run season.

Phil McLaughlin

Table Tennis Co-ordinator

8th Annual Intercollegiate Table Tennis Report

The 2018 Table Tennis season, once again, saw another drastic change in table tennis at Prince Alfred College. Following the loss of four Year 12 players from the Open A team, Coach Kevin Malyschko continued to work tirelessly to rebuild and develop the young team. In the beginning of the season, we struggled to find our rhythm, losing 2-18 to rivals St Peter's College, however, it was noteworthy that most the games were drawn out to 5 sets giving the team hope and determination to improve.

As a team, we began to improve throughout the season thanks to our hard work and efforts during both trainings

and matches, preparing us for the impending rematch against St Peter's at the annual Intercollegiate match.

This year's Intercollegiate match took place at St Peter's College and while our young team was quite nervous coming in, not a single player doubted the training that we had undertaken. Despite many close doubles, PAC unfortunately fell behind in the early game and hence, required a lift in the singles matches. Ultimately, we were unable to close the gap due to the more experienced opponents and sadly fell, being defeated by the stronger team. Regardless of the end result, all players played to the best of their abilities and should be congratulated on their efforts throughout the season. Special mentions go to Thomas Mitev, Ayo Oloruntoba and Edward Downing for their outstanding performances and spirit on the day. Playing at Number 1, Year 9 Thomas Mitev felt immense pressure going up against a veteran state player and despite the odds being against his favour, he battled bravely, keeping pace with the veteran. Although eventually going down in a close game, he was able to earn the respects of both the audience and opposition as they applauded him for his fighting spirit. Playing at Number 3, Ayo was one of few who were able to confidently win a singles match after a long well fought match. Similarly, his fighting spirit was top notch as he maintained unwavering concentration throughout, allowing him to secure the win. Playing at Number 8, Edward showed respect and patience towards his opponent as well as a strong fighting spirit. Regardless of the score, he remained calm and positive throughout the day. Although these three boys specifically stood out on the day, all the other boys should also be commended. Strong players such as Thomas Roberts and Eric Luksch as well as new additions to the team such as Dongwoo Shin, Lu Zhang and Harry Hooper all made a huge impact on the day.

Finally, the work of Mr and Mrs McLaughlin has been invaluable in allowing all boys involved in the program to maximise their development and enjoyment in table tennis, which all the boys are grateful for. Similarly, Coach Kevin did an outstanding job, working wonders in stabilising and improving the young team. Overall, the work of all those who participated in table tennis this year whether it be staff or student, will no doubt prove a key stage in our relentless pursuit of Intercol success in the years to come. As Captain, I have had the honour and privilege of leading the boys this year and sincerely thank the College for this opportunity. Best of luck for next year.

Kevin Ho

2018 Captain of Table Tennis

Open A Season Report

The 2018 Table Tennis season commenced in Week 10 Term 1 with Coach Kevin Malyschko working with us as we looked to improve our skills before matches started. This year saw a lower number of students participating in table tennis compared to previous years. However, the competitiveness for positions did not change as we saw everyone improving from the training sessions

Mr Malyschko held. The Open A team came up against quality opposition every week throughout the season; with our only two wins against Adelaide High 18-2 and 15-5 respectively. Unfortunately, we did see tough losses against quality opponents including Pembroke 7-13 and 2-18, Immanuel College 8-12 and 2-18. We also saw tough losses against our friends St Peter's College 2-18 and Intercol 4-16.

With four Year 12 players leaving the team last year we saw opportunities for new players Lu Zhang, Dongwoo Shin, Edward Downing and Harry Hooper to show their skills against others in the Open A team.

With Thomas Mitev being selected again to represent South Australia in Table Tennis it saw him move into number 1 spot, where he challenged quality opposition players.

With both experienced players Ayo Oloruntoba and Eric Luksch developing a strategic doubles plan early in the season, it made them difficult to beat.

This season also has seen an immense improvement from our Captain, Kevin Ho and Dongwoo Shin's serving technique which both were a force to be reckoned with. Lu Zhang also working with Coach Kevin on his strategy when playing singles, saw him frustrate many opposition players. The coach worked closely with new players Edward Downing and Harry Hopper in order to improve their forehand and backspin shots, this saw consistent wins from Edward and Harry.

A special thanks to Kevin Malyschko who worked with us on Wednesday and Thursday nights, but also giving the team helpful tips during the game. Also a huge thanks again to Mrs McLaughlin for her amazing organisation throughout the season.

Thomas Roberts
Open A Player

Open B Red

Prince Alfred College B-Red team participated in eight matches this season against a number of different schools. All team members demonstrated great competitiveness during the season. We scored four victories and a draw from the matches. The victorious games, we won two matches against St Ignatius with a score of 10-2 and 16-4, we also scored a 13-5 win against St Paul's College and 15-6 win against Blackfriars Priory School. As for the draw game, we scored 7-7 against the B-White Princes team. Unfortunately, we lost two matches against Christian Brothers College and Blackfriars Priory School with a score of 0-20 and 9-11 respectively. Outstanding performances were seen among several team members. With Hamish Bartos and George Vagionas' outstanding skills, they only lost one game during the season. Significant improvements were also seen among other team members. Romeo Nguyen and Alain Bauwmans demonstrated improvement in their table tennis skills resulting in a number of winning matches.

Lastly, a special thanks to our Coach Kevin Malyschko, Co-ordinator Mr McLaughlin and our Team Manager Mr Zheng for making such a meaningful table tennis season possible.

Jazz Ng
Open B Red Player

Open B White

The Open B White team had a successful season in 2018. The players; Austin Arnold, George George, Tim Huo, Sam Kneebone, William Newton, Sam Wong, Steve Wu, Ryan Zhou, Romeo Nguyen and Jasper Antonas worked well as a team. Nine matches were played in the season, we had five wins, three losses and one draw. With players from Year 7 to 10 in the team, our skill level and game confidence was quite varied. When we played, win or lose, we held our heads high and we played with our hearts and did our best. I would like to say thanks to the staff that were involved with table tennis this year; Coach Kevin Malyschko and our Team Manager Mr Muzik.

Austin Arnold
Open B White Player

Co-Curricular Activities

BleedRED

BleedRED is a Co-Curricular Performing Arts activity that provides boys with an opportunity to produce media content that captures positive stories in the lives of Prince Alfred College students. This year saw BleedRED evolve from a group of boys who provided technical assistance and highlights packages from events to a fully-fledged television production team. As a result, the boys were able to produce a high-quality television news program, Princes TV, covering stories such as Athletics and Swimming Carnivals, Intercollegiate fixtures and the Old Old Boys' Assembly.

The highlight of the year was undoubtedly covering the visit of HRH The Earl of Wessex, Prince Edward. The boys were given special permission to capture the visit alongside professional photographers and media. This event required careful planning and management to ensure that boys were best placed to capture the Prince as he met with members of our community and unveiled a commemorative plaque.

This year the group was ably led by William Smart (Year 11), one of the founding members of BleedRED. William, the Captain of BleedRED, works tirelessly as our Director to ensure that boys what needs to be done, when it needs to be done and ensures that the work produces meets expectations. William works closely with BleedRED's Technical Producer, Mr Dan Woolford. Mr Woolford has brought a wealth of experience to the BleedRED crew and his support and assistance of the boys has been invaluable in terms of developing their skills and ensuring a high level of production quality is achieved and maintained.

William has led a small group of talented boys. Joshua Brazier (Year 9) has been our go-to camera operator for the last two years and has been an ever-reliable presence, particularly at live events. He has been joined by Joshua Lasscock (Year 9) who is a multi-skilled member of the team. Joshua is relentless in his pursuit of good footage and is an excellent young editor. Hugo Parisi joined the group this year and has been a great Floor-Manager and Runner. Finally, Bailey Lock (Year 9) has done an outstanding job being the inaugural presenter of Princes TV. Bailey is a highly dedicated filmmaker and media student who has been recognised outside of the College, along with Myles McEwen (Year 9), for his short films at various Film Festivals. There were also several boys, including Myles McEwen and Liam Hindshaw, who provided invaluable support by stepping in at various times to fill in when others were not available.

The BleedRED students would like to thank several people for making 2018 the most successful year yet. Firstly, Mr Troy McKinnon, Director of Co-Curricular, for his patience and support of the team, particularly as they developed the plan for BleedRED from his initial vision for a Film & Media Co-Curricular offering. Ms Paula Little, Head of Performing Arts, for her encouragement and advice throughout the year. Head of Secondary School, Dr John Kinniburgh, and Director of Teaching and Learning, Mr Ben Evans, for their continued interest in recognising the efforts of the boys in a wide range of pursuits. Finally, Mr Ross Scrymgeour, Director of Advancement, and his team for their advice in all matters regarding the presentation of the College in Media activities, as well as their enthusiasm for the boys' stories. The BleedRED team is looking forward to bringing the Prince Alfred College community more great stories in our 150th year.

Michael Oomens

BleedRED Co-ordinator / Producer Princes TV

Back Row: Jack Miller, William Smart, Hugo Parisi **Front Row:** Joshua Lasscock, Bailey Lock, Joshua Brazier **Teachers:** Mr Michael Oomens, Mr Dan Woolford

Public Speaking

'Speak Red'

In 2018, Public Speaking entered the next phase of its evolution at Princes, with the inaugural launch of its new public speaking club: Speak Red. With three new 'teams' (Preparatory, Middle and Senior School) meeting for weekly training sessions in Terms 2 and 3, under the guidance of myself, John Shackleton (Deputy of the Preparatory School), Mike Steer (Senior English and Drama teacher) and Patrick Bourke (experienced trainer in public speaking from the Rostrum organisation), students joining this club now have the opportunity to further develop their skills and confidence in oral communication, within the context of a supportive and sequential program spanning from Years 5 to Year 12. For those with an interest in competing, this club also offers support in the planning and development of speeches tailored for the various competitions which make up the Public Speaking calendar, including the King's Speech Competition.

2018 King's Speech Competition

After an initial field of 25 students battled it out in their respective heats, the Finals for the King's Speech Competition took place on Tuesday 12 June. As with previous years, there were a wide variety of speech topics in this year's competition, ranging from well-known environmental and social issues such as pollution and technology addiction, to more complex issues such as the Paradox of Time and The Bystander Effect. The results from this year's King's Speech Competition were as follows: from the Preparatory School, Nicholas Henchcliffe won the Lionel Logue Award for best speaker, with runner up Alex MacDonald and third place tied between Arjun Dosanjh and Mustafa Al Fayyad. From the Middle School, the Lionel Logue Award went to Anthony Pham, with runner-up Alexander Henchcliffe and third place Dinan Perera. And from the Senior School, the Lionel Logue Award went to Jackson Miller, with Runner-up Preshaan Thavarajah and third place awarded to Ethan Hayes.

The Lodge Short Talk Goes Co-Ed

As an added incentive for our Preparatory and Middle School boys in Term 3 this year, another new initiative was launched. Actually, it was the reshaping of an existing 'in house' competition into a new 'intercollegiate' competition with Seymour: the new PAC-Seymour Lodge Short Talk. With thanks to ongoing financial support from the old PAC Masonic Lodge, this competition (previously open only to PAC boys in Years 6 and 7) has now become an annual competition between the best Junior speakers from both PAC and Seymour. In 2018, its inaugural year, four boys from PAC and five girls from Seymour were invited to showcase their skills in an open topic competition, presenting a mixture of persuasive and informative speeches to a panel of two experienced Rostrum adjudicators: Mr and Mrs Bourke. Whilst first and third places were both taken by Seymour this year, Max Thomas (Year 7) made PAC proud by securing second place in what everyone agreed was a strong field of excellent young speakers.

Other Competition Highlights

As with previous years, boys this year were also invited to develop their oratory skills through involvement in a range of other internal and external competitions, including Mock Trials, the Legacy Junior Public Speaking Competition, the IPSHA Poetry Competition and the UN Youth's Evatt Trophy competition.

In the Law Society's Mock Trials competition, two PAC teams entered this year. There was a total of 16 students from Years 10 to 12 working together as barristers, solicitors, witnesses and court officials, arguing mock civil law cases against teams from 26 other schools around Adelaide. Adding to the realism of their experience, these court cases were judged by practising Law Society judges, with the second round even taking place in Adelaide's District Court. Although unsuccessful in the finals, both teams performed admirably and were well supported by Coaches Mr George Gardener (PAC teacher and himself an award-winning ex-Mock-Trials competitor), Will Gray (Old Scholar and practising lawyer), and PAC Legal Studies teacher Mr Chris Nicholls, who helped to forge new bonds between curricular and Co-Curricular activities this year by building a new team from his Legal Studies class.

Also active in forging bonds between the classroom and Co-Curricular activities was Preparatory School teacher Lisa Lacy, who this year co-ordinated the IPSHA Poetry Competition. Following on from individual class heats, in which all PAC Preparatory School boys were asked to learn and recite two poems each, place getters from the ensuing PAC year-level finals included: in Year 4, Daniel Teng (winner) and Christian Smith (second); in Year 5, Alex Hamood (winner), Owen Chen (second) and Seth Rocca (third); and in Year 6, Alex MacDonald (winner), Mustafa Al Fayyad (second) and Arjun Dosanjh (third). The three winners from these PAC finals then went on to compete in the interschool Grand Finals, with Alex MacDonald ultimately placing third out of 13 competitors and Alex Hamood winning an impressive first place among 16 competitors.

In the Legacy Junior Public Speaking Competition, the school was also well represented this year, with Anthony Pham, Henry Grey, Henry Pontifex and Max Thomas all speaking well on their respective topics relating to the Legacy ideals of voluntary service, social justice, caring, personal sacrifice and/or mateship. Anthony Pham's speech was a particular highlight in this competition, winning him the right to compete in the State Finals.

A special mention must also be made of Year 12 boys Thomas Dodsworth and Luke Bardy, who chose to compete in this year's Evatt Trophy Competition – a UN Youth competition in which pairs of students from around the state take on roles as international UN delegates within mock UN Security Council meetings, arguing from their allocated country's perspective on contentious mock UN resolutions. After successfully making it through the Preliminary, Semi and Grand Final rounds, in which these boys represented the USA, China

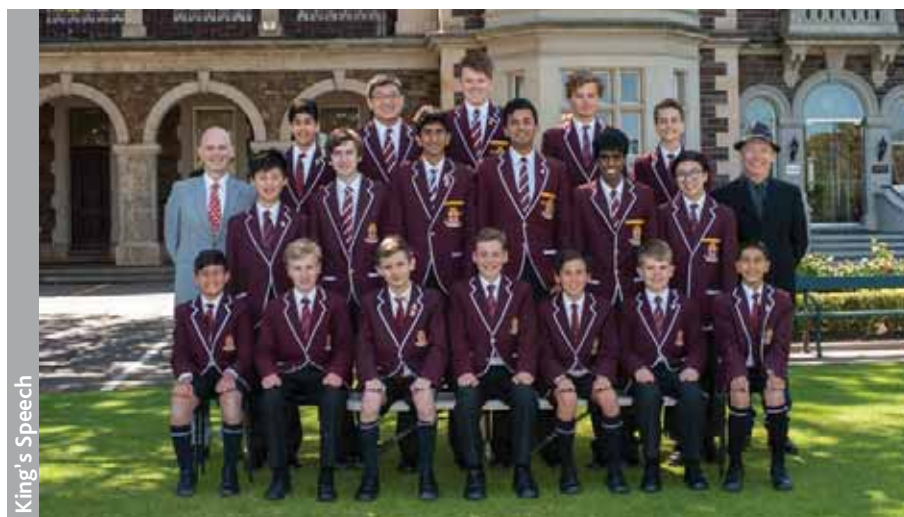

and Poland respectively, Thomas and Luke were judged second in the State, winning the right to represent South Australia in the 2018 National Finals in Hobart. This effectively placed Thomas and Luke in the top 30 teams from Australia and New Zealand and we congratulate both boys on their excellent achievement in Public Speaking.

Mark Bailey
Public Speaking Co-ordinator

The Finalists: Alex Henschliffe, Dinan Perera, Preshaan Thavarajah, Anthony Pham, Ethan Hayes (above), Mustafa Af Fayyad, Nicholas Henschliffe, Jackson Miller (above), Alex MacDonald and Arjun Dosanjh.

Middle School Competitors (heats): Max Thomas, Mason Ross, Henry Pontifex, Alex Henschliffe, Anthony Pham (above), Thomas North (below), Bailey Lock, Eric McCauley, Henry Grey and Mark Jiang.

Senior School Competitors (heats): Ethan Hayes, Denny Han, Jackson Miller, Seran Perera and Preshaan Thavarajah.

Co-Curricular Sports - Honours Colours Awards

Honours Colours is our highest Co-Curricular award, recognising individual brilliance within the College program and against higher levels externally, as well as evidence of leadership and sacrifice.

Bernard Mak - Badminton

Since his arrival at PAC in 2015, Bernard has played an integral role in the firsts team. His commitment, skill level and unstinting support of other players has earned him the respect of coaches

and players from all grades and has created a positive, cohesive team spirit.

Nominated once again as Captain in 2017, Bernard has worked tirelessly on improving not only his own game but also that of other team members.

Bernard has also excelled outside of school, finishing fourth in the 2017 Under 19 National competition and runner up in three State tournament doubles events last year.

Bernard is an exemplary sportsman in all facets of the game.

Jasper Darley - Cricket

Jasper has been a regular contributor to cricket at PAC by bowling with pace and accuracy. At a time where a respect for the opponent and game have been sorely tested, Jasper plays with a fairness and spirit that is a credit to him and the school.

Demonstrating resourcefulness, leadership and a commitment to Cricket Jasper has represented South Australia in the Under 17 National Championships

alongside four consecutive years in the junior Premier league competition for the Northern Mavericks.

A bowler who understands both his game and the state of the game, his resourcefulness allows him to impact upon the result and he is a regular wicket taker and partnership breaker. This was particularly evident on the PAC tour to the UK.

Cooper Luke - Cricket

Cooper is talented batsman who has consistently performed in his first season and then scored a magnificent century in his first Intercol, leading the team to a resounding win.

He is a shot-player and natural sportsman adding athleticism in the field and an excellent team ethic, the only disappointment has been how injury has curbed his bowling development.

Cooper has played for South Australia at the Under 15 National Championships, was Under 16 Country Back Captain and included in the SA Under 17 squad as an underage player after being the Country Cup leading run scorer.

Those lucky enough to witness his sparkling 127 in the Intercol match saw a free-flowing batsman playing an exceptional schoolboy innings that turned the match.

Lachlan Pointon - Cricket

The 2017-18 season started early for Lachlan with a highly successful PAC tour of England scoring two centuries and being the leading run scorer on tour.

His dedication to the sport is evident through every training session where he leads with enthusiasm, communicates the goals and sets a very high example.

Captain throughout the 2017/18 season, Lachlan has been a thoughtful, yet strong leader of the team combining his roles as Captain, top order batsman and spin bowler. Lachlan has maintained a high level of performance regardless of his workload. His solid technique and fluent range of strokes has allowed him to combine the need to build innings with delightful stroke play whilst at school.

Having been selected for the Under 18 Western Grit team and been the second top run scorer in the Under 17 shield with Western Torrens, Lachlan topped a fantastic year with selection in the South Australian Under 17 squad. A dedicated cricketer who works hard at his game away from planned training sessions Lachlan has demonstrated the work ethic required to make the most of the skills he has in the future.

Connor Kioussis - Swimming

Connor Kioussis has been an enormously powerful and talented swimmer whose performances have continued to improve throughout his six years at Prince Alfred College. Connor first swam for the school as a Year 7 student in 2013. He was elected Vice-Captain in 2016 as well as 2017 while in 2018 was given the honour of captaining the team.

Connor currently holds 14 school records spanning from Years 8 to 12. He has been Year Level Champion throughout this period.

Connor has worn the College swim cap with pride and has always enjoyed being involved with the swimming program. This year Connor assisted with coaching in our regular training sessions providing valuable feedback for our younger swimmers in the team.

Under his leadership, the swim team had another terrific season winning the following competitions: State Championships, The Adelaide Independent Schools/ Mini Meet Final, Swimming Intercollegiate Cup.

Connor has been an outstanding role model for the Prince Alfred College Swim Team, demonstrating all the character virtues expected of a Princes Man.

Sam May - Tennis

Since arriving at the College in 2014 Sam has played every year in the First Tennis team helping extend the run of Intercol wins to twelve straight. Since Year 9 Sam has been the number one player at the College and was instrumental in leading the College to three state championships in 2015, 2016 and 2017. He was the College champion in 2015, 2016 and 2018.

Sam has represented South Australia numerous times as a Junior in the Bruce Cup and Australian Teams Championships. He reached his highest national junior ranking of 3 in 2014.

Outside of the College Sam currently plays in the State League and has been a winner and finalist of various men's Australian Money Tournaments over the last few years.

As the College Co-Captain in 2017 and the Captain in 2018, Sam has lead the College to great honours and for his overall contribution to the College tennis program.

**Denny Han - Chess**

Denny has been a long-standing, esteemed member of PAC since 2012 when he arrived as a Year 6 student. Denny has continuously distinguished himself at the very pinnacle of chess,

having played in seven Intercols, winning every game. His playing style demonstrates high-calibre tactical flair and he has been a previous winner of the City of Adelaide and State Junior Chess Championships along with a fine record in the Australian Junior Championships, finishing runner-up in the Under 12 and Under 16 sections. He has been a member of the successful Division 1 Red team which has won the secondary Interschool Division 1 competition every year since 2014. Denny has been Captain of Chess this year, proving himself a leader both at and away from the chess board with much involvement and contribution to the development of chess with the younger boys. He was particularly instrumental in running and organising the Daffodil Day tournaments these past three years.

**Preshaan Thavarajah - Chess**

As the current Senior School champion, Preshaan has distinguished himself as a ferocious fighter over the chess board impressively winning a State junior title for his age group every single year

since Year 3, here at PAC. Last year, whilst in Year 9, he won the City of Adelaide Junior championships and is also the current overall State Junior Champion for the second consecutive time, an impressive achievement for someone still young. He has also performed admirably in previous Australian Junior championships and has a perfect score from four intercols against the old enemy. Last year, Preshaan finished third in the South Australian 'speed chess' championships. As well as playing outstanding chess, this young man shines, in his quiet, self-effacing manner, by consciously 'giving back' to the College by regularly helping-out with Preparatory School coaching and supervising Primary Interschool matches.

**William Gould - Football**

William has had a successful season both as a player and a leader. William arrived at Princes in 2016 and had an immediate impact, making his First XVIII debut as a Year 10, being used in a variety of

roles yet primarily as a back man or forward. William has played in three Intercol wins, was Vice Captain in 2018 and has been part of two runner up and one State Championship knockout teams.

William has played for the Glenelg FC for the past four years and represented them in Under 15, Under 16, Under 18 and reserves. In his reserves debut this year he had 17 disposals, five marks and two tackles, earning him a best player award. He has represented SA in Under 12, Under 15, Under 16 and Under 18 sides, winning national championships three times and been named All Australian twice, including this year as an underage player.

William once again volunteered his time this season to support the Auskick program on Friday afternoons, working with young children and helping develop their football skills. His strong work ethic and desire to get the best out of his football have made him an exemplary player both on and off the field.

William was awarded the Mervyn Evans Trophy for service to football and also won the MVP player for the annual Wesley college match this season. As Co-Captain of First XVIII this year he was an influential leader both on and off the track. He was regularly filling up bottles, packing up gear and attending training even when he had state commitments.

**Tommy Sparrow - Football**

Tommy has had an outstanding season both as a player and a leader. Tommy arrived at Princes in 2014 and had an immediate impact, winning awards in both Year 8 (Runner up Best & Fairest)

and Year 9 (Best & Fairest and Intercol MVP) as he worked tirelessly to develop his football ability. As a Year 10 student he made his First XVIII debut and has played ever since, having a strong season as a Year 11, winning the Chris House cup for best team man along with both the Messenger Shield and State Knockout Championship.

Tommy has played for South Adelaide FC for the past three years playing Under 16, Under 18 and Reserves. He is recognised for his contested possessions, clearances and hard running and has been part of the leadership team the previous two years. In his reserves debut game this year he had 23 disposals, three marks, 12 tackles and kicked a goal in a best on ground performance. He also made the SA State 18 team this year and had a very successful carnival winning the national championships along the way.

He especially led by example this season as the Captain of the First XVIII and leader of the Senior School. As Captain he set the tone and expectations on the training track and in the change rooms making sure it was left neat and tidy after each game and training. He always had time for new and younger players.

A fantastic season finished off with the MVP in Intercol and Best & Fairest for season 2018.

His strong work ethic and desire to get the best out of his football have made him an exemplary player both on and off the field. Tommy has made a significant contribution to Prince Alfred College football.

**Finn Johnson - Hockey**

Finn's achievements speak for themselves, having represented the state and country zones in every grade since Under 12s. A highly regarded player both in the school hockey system

and out, his thoughtfulness and positive demeanour are evident in his playing style. Finn's unflappable composure and excellent decision making under pressure has led to selection in the Under 18 Hockey SA team and rapid elevation to the Adelaide Premier League. His recognition as a player of the future was also highlighted by his selection in the Hockey SA Priority Athlete Program from 2015 to 2018.

Meticulously thorough in his preparation, Finn is also one of the fittest juniors in South Australian hockey circles. He is also renowned as a genuine pivot not only in attack but also for his ability to transition and marshal his team in defence when required.

Finn has been a First XI Player for Princes from 2016 to 2018 and was named the Best and Fairest player for the First XI in 2018. Through his Vice-Captaincy last year and his Captaincy in his final year at the College, Finn has led a young team with poise and maturity. Finn has also spent time giving back to the hockey community through umpiring and coaching both in Adelaide and the South-East which are further examples of his strong character and dedication to hockey.

**Sam Markesinis – Hockey**

Sam has been an enthusiastic member of the PAC Hockey Program for a number of years, having played in four hockey Intercols. This year, Sam was awarded the Dalton Casey Best PAC Intercol Player for

the match in the teams win over St Peter's College. He is a keen team member, assisting the younger players in the squad in both game and training situations as well as umpiring the younger grades.

His involvement in Senior hockey at Adelaide Hockey Club is also of note. Sam made his debut in 2018 in the Adelaide Premier League as well as playing an important role in the reserves team. Having represented South Australia in the Under 16 School Boys team in 2017, Sam went on to represent the state in the Under 18s in 2018.

Sam is creative and dangerous striker who can also be relied up to play a supporting midfield role when required. Elusive and highly skilled he finds space easily in attack and more often than not is a nightmare for opposing defenders.

Sam is continuing to develop into a great hockey player and this was further highlighted by his selection in the Hockey SA Priority Athlete Program for 2018 and 2019.

**Stephen Ottanelli - Squash**

Stephen Ottanelli has completed an impressive association with squash at the College in a humble yet triumphant way. Stephen has been the Captain for the second year, and has led by example and

encouraged all players. He played the season in second position of the Division 1 team. In the wider community, he has continued to be a member of the State Development Squad, and represented South Australia individually at the Victorian and South Australian state titles. Earlier in the year, Stephen had success in the Racquetball Doubles State Championship and was runner up in this event. Stephen should be proud of this year's achievements, as well as the service he has offered at Prince Alfred College since 2013. Stephen has been an honourable sportsman, dedicated individual and an inspiring player for all of us.

**Ian Leung - Squash**

Ian has had another successful year playing squash. For the College he has held the position of number 1, Division 1. He has been a player who trains with his team, as well as individually most

afternoons. His determination in individual training drills is a showcase of inspiration for all who are there to witness it. Ian has successfully made a positive impression in the South Australian squash community and has placed highly in various Junior tournaments. Nationally, Ian competed in the Australian Junior Open, one of three platinum events of this region, and placed in the Top 16 players of the Under 17s division. In September, Ian has been invited to represent South Australia at the Australian Junior Championships in Darwin, there he will represent SA in the individual under 19s event, as well as the team event. Ian has been a reliable Vice Captain of the sport, and we eagerly await his future successes in the sport.

Year 12 2018

Back Row: Mr Mark Dell'Oro, Charles McInnis, Martins Lidums, Jasper Darley, Jason Charlwood, Connor Craigie, Liam Rippon, Oliver Trudgian, Reynier Clarke, Jesse Bruce, Jack Trenorden, William Gould, William Cowling, Brodie Henderson, Thomas Taylor, Dejun (Jack) Cai, Seth Gates, Sebastian Quaini, Thomas Hales, Lachlan Crawford, Mr Jonathan Scobie **Sixth Row:** Mr Mark Wilde, Angus Sanderson, Ashley Dann, Max Drogemuller, Jack Thomas, Nicolas Howe, Thomas Sparrow, Thomas Sumner, Tom Singleton, Patrick Johnson, Oscar Waterhouse, Charles Ey, William McMurray, George Pretlove, Luke McCauley, Joshua Harris, Angus Chalk, Marc Luksch, Caleb Watson, Daniel Leggatt, Ayodimeji Oloruntoba, Mr Frank Palladino **Fifth Row:** Mr Chris McGuire, Angus Brosnan, Sachiel Paradzik, Fengwei (Steve) Wu, Nicholas Longmire, Duncan Bussenschutt, Patrick Lowe, Ahzali Bin Omar, Ethan Lawson, Fraser Beveridge, Angus Naughton, Edward Price, Kun (Kyle) Chen, Harry Standish, Angus Lange, Yiming (Scott) Liu, Shiu Hei (Jacky) Lee, Bradley Ledgard, Hewei (Ray) Wei, Matthew Lowe, Mr Michael Steer **Fourth Row:** Mrs Anna Williams, Patrick England, Charlie Thompson, Luke D'Ortenzio, William Zhang, Hou Lam (Vincent) Leong, Harry Ramsey, Sam Markesinis, William Steinhardt, Daniel Mosey, Oscar Harms, Finn Johnson, Jason Coleman, Jayden Wong, Emmet Wildman, Vincent Feltus, Sam Eriksson, Connor Feltus, Axel Heinrich, Cormac O'Brien, Maxwell Batt, Dr Margit Apponyi **Third Row:** Ms Jacque Sexton, Jake Dodd, Mitchell Larsson, Harry Bennett, Lincoln Halton, Mishari Al Hariri, Hao Zhe (Harry) Sun, David Willmore, Clement Wong, Joshua Heinjus, Jungho (Denry) Han, Ho Ki (Bernard) Mak, Saksham Pradhan, Shine Wang, Ethan White, Charlie Anderson, Kevin Ho, Jordan Pye, Yicheng (Tim) Zhang, Henri Jury, Mrs Tabitha Noble **Second Row:** Ms Christine Pananicolos, Saxon Sinclair, Edmario Lesi, Harry Hooper, Pitchakorn (Cuy) Yangyuen, An Nguyen, Benjamin Geyer, Harrison Gramp, Alexander Economos, Charles Rasheed, Damon Zygoris, William Economos, Hamish Greenslade, Luke Barty, Matthew Taddeo, Benjamin Le, Zihe (Eric) Zeng, Yufei (Jordan) Wu, William Southon, Gian-Luca Stirling, Cheuk Hei (Cuthman) Tang, Ms Melody Marshall **Front Row:** Oscar Herrmann, Lachlan Pointon, Hugo Lidums, Riley Chapman, Digby Hall, Stephen Ottanelli, Willoughby Clarke, Jack Heard, Noah Miles, Mr Andrew MacGregor, Max Kirkby, Connor Kiousis, Harrison Cerchez, Tate Crowley, Edward Downing, Samuel May, Jock Piper, Angus Marshall, Thomas Dodsworth. **Absent:** Basil Antonas, Runcheng (Jackie) Cai, Jonathon Lamb, Srivatsav Manokaran, Hugh Ragenovich, Harry Schoenberg, Luke Seifert, Mr Ron Pippett

The Friends of Prince Alfred College (FoPAC) has had a busy and successful 2018, which has seen increased attendance at meetings, launch of an exciting new fundraising initiative and hosting of several successful social events.

This year FoPAC has focused on 'friendraising' to build and strengthen the ties between members of our College community, with three of our major events focused on doing just that.

The first event of the year is always the Family Fun and Movie Night and it's a great opportunity to welcome new boys and their families to the College. This year was another scorcher, but the kids didn't seem to mind as they enjoyed the bouncy castles, commando course and other activities and the parents enjoyed the icy cold Pimms! We were also pleased to invite the Rowing community to provide the BBQ in support of their fundraising efforts.

In September we ran our first ever Father's Day Stall in the Preparatory School. A fantastic group of Mums from across the Preparatory School got together one morning and wrapped hundreds of gifts ahead of the stall. Being Mums, we could multi-task and chat and drink coffee at the same time and everyone enjoyed the opportunity to catch up. On the day of the stall our volunteers carefully demonstrated and explained the gifts on offer to each class and boys then made their selection for their Dad or other special person. It was lovely to see the excitement on the boys' faces and the pride and care they all took in choosing their gifts.

Our other major social event was 'Livvy and Pete', held in the Prince Philip Theatre on 19 October. Featuring Adelaide's own cabaret superstars Amelia Ryan and Michael Griffiths, those in attendance had a great night of laughs, singing along to the songs of Olivia Newton-John and Peter Allen. The audience included current students right through to Grandies, truly reflecting our aim of an inclusive College community event.

In addition to these events we have continued to support the boys and the College in several ways, including our ever-popular cake stalls and BBQs at the swimming and sports carnivals, meeting prospective new parents at

school tours and assisting at the Careers Expo, Welcome Back Morning Tea and Parent Social Events held at St Jacques at the beginning of the year.

None of our events happen without assistance from the wider College community and the Committee would like to thank everyone who has given their time or donations of goods to support FoPAC events and fundraisers, as well as the Events team who have worked tirelessly to support us.

Funds raised this year have been put towards our annual gift giving to boys graduating from the Preparatory, Middle and Senior Schools and the New Boarders pack. The Preparatory School Easter Raffle was a great success with 48 prizes available for the boys, as well as three huge hampers of eggs donated to Uniting Care Wesley Bowden. One lucky Year 9 boy was the winner of a 10kg block of Cadbury chocolate in our Middle and Senior School Easter Raffle! The Cancer Council's Biggest Morning Tea moved venue this year to the elegant surrounds of the Prince Philip Theatre. This year's sold out event was again held on an exeat weekend and we were delighted that several Boarding parents were able to attend which helped us raise around \$2,000 for the Cancer Council.

In October we launched an exciting new fundraising concept at the College – the FoPAC School Fees Lottery. At a cost of \$100 per ticket, one lucky winner will receive a \$15,000 fees credit at PAC in 2019. With only 300 tickets on sale the odds are fantastic and we can't wait to announce the winner at our meeting in early 2019.

This year the Chair of the College Council and Headmaster, as well as other members of the leadership team, have regularly attended FoPAC meetings to share information and provide updates on what is going on at the College. We appreciate their support and thank all our Committee members who have also made time to attend. The meetings are a great opportunity for feedback and discussion between parents and the College leadership team and I encourage you all to come along to these and other FoPAC events to get to know others and help us build our College community.

Last year we celebrated the 150th anniversary of the laying of the College's foundation stone and in 2019 we will celebrate the opening of the College. The one thing which predates these important dates is the philanthropy which provided the confidence to proceed with the concept of what became Prince Alfred College. What vision and generosity those who gave money had, and in doing so they established a tradition of giving which continues to this day.

2018 has been a particularly strong year for philanthropy, and it is testament to the strength of the College that over \$2,150,000 has been received this year. In looking at the past four years of fundraising, 2018 is some \$470,000 more than the next-most successful year of 2016.

The College is indeed lucky to have the philanthropic support of men and women who share in the vision of a world class school for boys.

Foundation Scholarship Fund

The Foundation Scholarship Fund continues to go from strength to strength. At the end of its first decade the Fund achieved the value of \$7,000,000 and the realisation of two significant bequests in 2019 will see this double. Hard work and generosity has enabled this to occur, and all donors share the vision of providing a Princes education to students who may not have otherwise had the opportunity,

The Fund was pleased to be able to support students on new scholarships including the Jim Lang Scholarship and the Bruck and Betty Wheeler Scholarship. The establishment of the Geoffrey Bean Boarding Scholarship also occurred and has generated significant interest amongst the Princes community, especially those whose lives were directly influenced by Mr Bean during his Headmastership.

The Fund also continued to appreciate the commitment of Mr Ken Lord which started a decade ago. The Ken Lord Family Boarding Scholarship supported four boys this year and will help a further two recipients in 2019. Ken's regular visits to the College and interaction with staff, recipients and their parents, are enjoyed by all.

The Fund is ably overseen by the Foundation President Mr Nick Heard, and members Mr Bradley Fenner, Mr Ashley Miller, Dr Brett Gooden, Dr Janet Young, Foundation Treasurer Mr Craig Tasborski, and the Foundation Executive Officer Mr David Cornish.

Library Fund

For many years the Library Fund has had a group of dedicated regular contributors who support its work. This year the Fund was the beneficiary of a major gift from a family who appreciated the role the library and its

staff has played in the education of their son. This gift and existing funds will enable further work to develop the College's library services to occur.

\$50,000 allocated by the Library Fund for new shelving and furniture was implemented in early 2018.

Building Fund

Throughout the year donations to the Building Fund were directed to the Boarding House project. Gifts to the Fund through the Annual Giving program will assist with the provision of new seating in ANZAC as a part of its refurbishment, which will be completed in the first part of 2019.

Bequests

During the course of the year the Foundation was delighted to be informed of a multi-million dollar bequest to the Scholarship Fund. Further details of this will be announced during 2020, suffice to say it will enable the significant expansion of an existing Fund scholarship and consequently the lives of more young men.

2019 will also see the realisation of the estate of the late Mrs Torrie Chapman (nee Hunt) of Mundulla who died in 2016. This major bequest will enable the implementation of a new boarding scholarship, and other initiatives with a focus on the primary industries sector. Mrs Chapman's generosity will provide many opportunities well into the future.

Grandies Club

Thirty years ago in 1988 the College introduced Grandies Day and welcomed Grandies of current students at an open day. This initiative was a way of acknowledging the significant contribution Grandies make in the lives of our students, and involving them in their education.

The College also has a Grandies Club which meets throughout the year. This year the group visited Scotts Creek Outdoor Centre, enjoyed morning tea in the recently refurbished Prince Philip Theatre, and celebrated the end of the year and Christmas with a lunch in the Piper Pavilion.

This active group welcomes new members and in 2019 will offer a similar program, including a day trip to the College's Wambana extended stay campus.

Sporting Endowment

During the year the Foundation continued its relationship with the Australian Sports Foundation and members of the College community are encouraged to donate to their favourite sport. Further details are available at www.asf.org

AIS USA Foundation

The Foundation has continued its membership of the AIS USA Foundation as a vehicle which enables USA based Old Reds to make tax deductible philanthropic donations to PAC. For further information visit www.aisusafoundation.com.

Remembering Donors

The October 2018 Princes Record paid tribute to four major philanthropists who died during the year. As this publication is the official record of the College's year, tribute is paid once again to Mrs Jean Lang, Mr Murray Evens, Mr Peter McBride and Mrs Marjorie Hassell. Their generosity will live on.

With Thanks

At the Foundation's AGM the chair of President was vacated by Dr Janet Young and acceded by Mr Nicholas Heard. Janet guided the organisation with a steady hand, presided over a number of very strong years, and ably worked with donors who shared her vision of a strong Foundation to the College's benefit. Thank you Janet!

The Foundation also thanks dedicated Old Red Grant Chapman for the best part of twenty years' service to the Foundation Board. Thank you Grant!

David Cornish

Executive Officer, Prince Alfred College Foundation

- 1: Grandies were well-hosted by students and staff at Scotts Creek
- 2: Guest speakers at the Grandies' Christmas lunch Mary Catford, Rosemarie Anders and Judith Vincent
- 3: Aiden Le is welcomed as recipient of the Colin Hassell Scholarship by Barb and David Hassell
- 4: Dr Janet Young is thanked by Nicholas Heard, Bradley Fenner and John Keeves
- 5: Ken Lord shares his 91st birthday with scholarship recipient Harry Siemer

OLD SCHOLARS

PRESIDENT'S ANNUAL REPORT

Thomas W Lambert (2004)
President 2018

The Prince Alfred Old Collegians' Association (PAOCA) turning 140 years old made this year that little more special. Over the past 140 years the Association and its members have remained engaged with, and committed to, supporting the operation and development of both PAC and our Old Scholars' community. This remains both our biggest objective and challenge, especially in a fast paced, new age world - to ensure we offer all our members, regardless of their stage in life, an opportunity to remain connected with the College and fellow 'Old Reds'.

A highlight in a very busy year was our famed Old Old Boys' Assembly and it was a privilege to sit on stage once again as President, and to meet many of the 188 Old Old Boys in attendance over morning tea. This is a truly Princes occasion, and I was proud to share it with my grandfather, Geoffrey Marshall, who is also a former PAOCA President.

Another highlight was the Annual Dinner held at the Adelaide Convention Centre on Friday 27 July. All 411 guests (the largest number for some time) were captivated hearing from guest speaker and former Australian Cricket Captain, Steve Waugh AO, in an 'on the couch' hosted by Ben Hook. It was a fantastic evening and the feedback was overwhelmingly positive, with the all-inclusive package providing a revitalisation of our flagship event. A big thank you also to all our invaluable sponsors for their support.

The Association hosted seven reunions in Adelaide as well as dinners in Melbourne, Sydney, Perth, Brisbane and Canberra – with all dinners continuing to grow, and I sincerely thank our interstate convenors and members for their support. We also held dinners in London, Los Angeles and New York, with the London contingent holding top spot as our strongest network abroad.

As you will read in their reports, our sporting clubs continued to prosper, and enjoyed Intercol successes in badminton, bridge, chess, hockey, squash and wine tasting!

I am also pleased to inform you that the PAOCA has pledged \$50,000 to the new PAC Boarding House project which is due for completion in 2019.

Excitingly, 2019 marks the College's Sesquicentenary. The Management Committee, after much deliberation, agreed to step away from our tradition of an Annual

Dinner and will join with the College for a Gala Dinner, to be celebrated at the Adelaide Convention Centre on Saturday 20 July. This decision was not taken lightly, but I remind Old Reds that we are not two separate communities but one unique community, and that the 150th Gala Dinner will be an opportunity to celebrate the College and its history, together with your partner, your friends, and the Princes' community at large. The PAOCA Annual Dinner will return in 2020.

With regards to the general administration of the Association, I am pleased to provide an update on a number of key strategic initiatives that were completed in 2018, ultimately placing the Association in a stronger position across the key areas of finance, administration and governance. These include:

- reviewing our Investment Policy to better manage our investment corpus, risk management and oversight prompting the Management Committee in consultation with its advisors to undertake a significant readjustment of our investment portfolio to fall in line with our renewed investment policy, financial objectives and risk profile;
- the review and restructure of our membership fees and Life Membership fees which whilst also building out our annual sponsorship prospectus, securing a new range of Platinum and Silver sponsors including Shaw & Partners, Solitaire Automotive and AusCold Logistics;
- review and adoption of our new Strategic Plan 2020, as well as commencing work on a PAOCA Annual Report, to be available in 2019; and
- increasing our exposure on social media by creating an Instagram account.

Finally, I would like to thank the PAOCA Management Committee for their contributions this year.

In particular, I wish to thank Andrew Clarkson for his invaluable service to the Association, who retired from the Committee at our AGM.

As President of the Association in both 2008 and 2009, and a highly respected Committee member since 2005, Andrew's input and guidance has seen the Association continue to flourish, including the implementation of the Executive Officer's position in 2009, and transforming the way the Association conducts its day-to-day operations. In addition, Andrew's continual support of the Prince Alfred Old Collegians' Hockey Club, and more

recently his contributions to the Princes Men Gallery Committee, is appreciated by the Association and the College respectively.

Writing this report each year is a wonderful point of reflection and recognises just how much we do as an active Old Scholars Association. This Association is so much more than a few dinners here and reunions there, and we can be very proud of what we achieved this year.

Thank you all for granting me the position of President in 2017 and 2018. I have enjoyed every moment, all the events, the robust discussions on certain issues, the highs and the lows. It is a position that I treat with utmost respect and an enormous pride, and it is an absolute pleasure to have served as your President.

Thank you and fac fortia et patere.

Absent: Samuel Richardson, Andrew Sullivan

OLD SCHOLARS' WEEK

114th Annual Service

This year's Old Reds Service was held in the Eric Freak Memorial Chapel on Thursday, 26 July 2018 with over 40 Old Reds and their partners present. The gathering was privileged in hearing from Year 11 students Cameron Smith and Edward Cunningham, who participated in the College's Battlefield Tour earlier in the year.

After the Service guests were welcomed to morning tea in the Ashton Room. Thank you to Reverend Mark Dickens for leading the service, Choirmaster Tasso Bouyessis, Director of Strings Erna Berberyan, organist Dr Mark Symons AM (1953), and most importantly the Princes choir and strings ensemble.

Old Old Boys' Assembly, Friday, 27 July 2018

If you think 1936 is a long time ago, it is! That was the year John Cooper entered the College and all these years later he was honoured as the Oldest Old Old Boy at the annual assembly. At the other end of the scale were the lads who entered the College in 1958 and who were officially welcomed as New Old Old Boys.

Front Row: Paul Houston, John Potter, Colin O'Donnell, John Castle, Neil Richardson and Richard Pledge **Middle Row:** John Merity, Donald Bosanquet, Peter Weinert, Peter Tregoning, Jim Goode, Doug Ashby, George Reeves and David Johnston **Back Row:** Peter Tunbridge, Andrew Boucaut, Roger Smith, Bevan Daniel, Owen Chapman, Graham Davies and Trevor Cock **Absent:** Chris Uppill

Across the intervening years, 188 Old Old boys were seated before the school and were welcomed by year group in reverse order. The assembled College, Old Old Boys, guests and staff gave a rapturous welcome to the four Oldest Old Boys: John Cooper, Langdon Badger, Ivan Morris and Colin Coker. Apart from acknowledging the Oldest Old Old Boys, perhaps the most special moment of the morning is the three cheers given in full voice by the boys honouring the oldest of our community, who reciprocate with three cheers for those many generations and many decades younger.

After Assembly, men mingled with boys at morning tea. Old Scholars marvelling at the current College and where the past six-plus decades have gone, students wondering what they will have achieved when their turn comes to be Old Old Boys in the later part of this century. It is little wonder that this event, which has been held annually since 1935, is the envy of kindred schools.

1: Mary Clarke, Lindsay Clarke and Peter Heinrich at the 114th Annual Service morning tea

2: The four oldest Old Boys: Colin Coker, Langdon Badger, John Cooper and Ivan Morris, with the College's three youngest boys: Isaac Chisolm, Lucas Drusian and Brian Wen

Annual Dinner

The PAOCA Annual Dinner was celebrated in Old Scholars' Week of the Association's 140th year. The black tie dinner was held on Friday 27 July 2018 in the new East Wing of the Adelaide Convention Centre with 411 Old Reds. Guests were welcomed to this historic evening by emcee Ben Hook, former first class cricketer who twice won the Bradman Medal for Best & Fairest player in the SA Premier Cricket Competition, and then entertained by guest speaker, and former Australian cricket captain, Steve Waugh AO.

The PAOCA wish to thank its valued sponsors:

Platinum

- Alfred James
- Shaw & Partners

Silver

- AusCold Logistics
- Solitaire Automotive
- Thomas Foods International

Annual Dinner

- Ashford Cardiac Clinic
- Clifton Hall
- Dave Benson Caravans
- Dean Newbery & Partners
- Elders Real Estate
- Knightsbridge Wealth Management
- Seven Stars Hotel
- Shortfuze Electrical
- Sullivan Consulting
- Westpac
- Coopers, Hugo Wines and Wicks Estate Wines

Reds in the CBD Drinks

It was tremendous to see over 90 Old Reds attend the first Reds in the CBD Drinks for 2018. President Tom Lambert and members of the Management Committee welcomed Old Reds at Red October in Gilbert Place on Friday 13 April 2018. Forty-nine "new" Old Reds from the Class of 2017 were given a special welcome to their first official Old Reds function and it was really lovely to see many of those boys were joined by their Old Red fathers.

Several of our guests were wearing an array of footy attire enroute to the Crows game at Adelaide Oval. Sometimes there is no accounting for taste!

Back Row: College Foundation Chairman Nick Heard, John Jovicevic, Reverend Mark Dickens, Simon Miller, Dave Benson, Graham Burfield, Fred Hamood, Bill Andary, Andrew Sullivan, Wesley Legrand and Andrew Markwick **Front Row:** Thomas Huxtable, Peter Crouch, Andrew Hough, Stephen Martiensen (Shaw & Partners), Guest Speaker, Steve Waugh AO, PAOCA President Thomas Lambert, Headmaster Bradley Fenner, College Council Chairman John Keeves and Sam Richardson

Back Row: Andrew, Geoff, David, Charlie, Henry and Stephen Olsson, and Connor Olsson-Jones **Front Row:** Trevor and Graham Olsson

19th Annual Vintage Reds Luncheon

Conceived in 2000 as a special gathering for Old Reds over 60 years of age, Vintage Reds brings together at the College over 300 men who eagerly anticipate it, book early, and ring well in advance to check the date so they don't miss out. It is indeed a special and happy function, with many guests coming year after year. This year's lunch was held on 18 October in the RED Centre and 340 Vintage Reds were present

Vintage Reds is the first public occasion at which the newly minted Prefects are present. Their job is to conduct Vintage Reds on a tour of the school, and the boys love hearing from the men as they move around the college their stories of decades past. For the Prefects, this occasion is a powerful example of the strength of Princes Men.

For the final time, Rex Wilson was master of ceremonies, and once again ensured the lunch ran smoothly with a dose of well received humour. In appreciation of his years in this role, Rex was thanked and his retirement referred to topically as 'Rexit'.

As always, the Headmaster's presence and pride in the College was appreciated, as were the sentiments and observations presented by Malcolm Germein AM in his Toast to the College.

Being held on the College campus presents also sorts of logistical challenges. These are managed by a dedicated team lead by Mary-Ann Standish and Jayne Porter, whose ongoing commitment and professionalism ensured yet another outstanding Vintage Reds occurred.

1: Peter Deere, Adam Gerard, Alister Willcox, Paul Kitching, James Schmidt and Andrew Sullivan

2: New Old Reds: Fergus Teh, Michael Willmore, Alex Mills, Josh Greber and Jarrod Marschall

3: New Old Reds: James Cleggett, Tom Geyer, David Chapman (1987) and Oscar Chapman

4: Back: Robert Hudson, Dave Thomas, Jim Rayner and Alf Brown
Front: Jim Stain, Rob West and John Hugo

5: "New" Vintage Reds: Richard Dennis, Nicholas DeGaris, Ian Lambert, Simon Haigh, Richard Martin, Richard Myhill with Headmaster Bradley Fenner (also a new Vintage Red!)

6: Glenn Cooper, David Tuckwell, Grant Harris, Bill Andary, Peter Williamson and Neil Richardson

Fleurieu Peninsula Lunch

46 Old Reds and their partners enjoyed fine weather and excellent surroundings for the annual Fleurieu Peninsula luncheon at One Paddock Winery, Currency Creek on Sunday, 18 March 2018.

Convenor Andrew Jeffery proposed toasts to "The College" and to the PAOCA. Elizabeth Tyson, Director of Human Resources responded on behalf of Headmaster Bradley Fenner, and Past President Andrew Clarkson (1980), a regular attendee at our dinners, responded on behalf of the Association President, Thomas Lambert.

There was plenty of opportunity for those present to socialise between courses, and after the grazing menu, which extended well into the afternoon.

Andrew Jeffery (1955)

Fleurieu Peninsula Dinner Convenor

South East Dinner

On Saturday 24 March 2018, our host and publican for the 2018 PAOCA South East Dinner was Old Red Geoff Prest (1974) at the Caledonian Inn, Robe.

The Headmaster was represented by Ross Scrymgeour, Director of Advancement, who updated guests on the current achievements and projects happening at the College. Ross gave a good update on the new Boarding House (many old borders thought the new boarding house a bit luxurious!). Ross received plenty of jibes about his Kiwi accent, and Ross made appropriate reference to our most esteemed old Kiwi Headmaster, Jack Dunning.

Peter Crouch, PAOCA Secretary, represented the Association and kept the rowdy attendees in order. News of the Association was gratefully received and in particular the current results against our Old Blue rivals.

54 Old Reds and their partners attended, amidst lots of noise, banter, mateship and reminiscing. An excellent dinner was had by all.

Peter DeGaris (1965) proposed the Toast to the College. He highlighted life in the boarding house in the 1960s which was in stark contrast to the future boarding at the school.

The dinner finished late in to the evening, with many lingering at the bar enjoying stories and camaraderie.

South East Dinner

1: Peter DeGaris proposing the Toast to the School

2: Ruth and David Clarkson

3: Tom Goode and Peter Crouch

REUNIONS

Class of 2013 Five Year Reunion

The Cumby in Waymouth Street played host to over fifty Old Reds from the Class of 2013 for their inaugural reunion on Saturday 6 October 2018. It was a fantastic night, full of friendly conversations among peers, many of whom hadn't seen each other since leaving the College. It was great to see these Princes Men from all walks of life meeting together again and resuming conversations as though they were never paused. There was plenty of laughter, with many of us deciding to make the most of the opportunity and continued to reminisce long after the event had ended!

Over the course of the evening more Princes boys filtered in and the beer garden was eventually completely filled. There were, naturally, many highlights to the night, one in particular being the massive group photo taken towards the end. It captured the wonderful sense of chaos and cheer that we all experienced as the evening progressed.

A massive thanks to Cameron Lowe for organising the event. It was a superb experience, and has left many of us satisfied but also longing for the ten year.

Alex Bean
Class of 2013

Class of 2008 Ten Year Reunion

After ten years since leaving Prince Alfred College, the 2008 Old Reds gathered in front of the Main Building on Friday 23 March 2018 for their first official "College tour" since their departure. A quick walk through the school visiting the RED Centre, and the newly constructed Boarders' Dining Room, provided a glimpse of how much the College has changed in the last ten years. Drinks at The Gallery commenced at 6:30pm with Old Scholars Ned Thwaites and Joseph Du Rieu heading up emcee duties for the night. Seb Moroney provided a Toast to the College and PAOCA President Tom Lambert provided an update on Old Scholar activity and upcoming events.

After drinks, the "unofficial after party" was held down the road at The Union Hotel with many of the Old Scholars digging deep to ensure the night didn't stop there! From all reports, a good night was had by all despite a few sore heads the next day.

Ned Thwaites
Class of 2008

1: Owen Powell, Michael Conway, Alex Bean, Tom Wheare, Henry Treloar, Ian Smith, Jayden Miell and Michael Kossatz

2: Hugh Schievenin, Sam Johnston, Angus Lawrence, Christian Columbo, Charlie Hall, Nick Parletta, Cam Burfield and Todd Alexander

3: Cam Burfield, Cameron Lowe and Simon Brown

4: Nick Robinson, Will Veitch and Sam Clarkson

5: The Class of 2008 with many of their teachers

Class of 1998 20 Year Reunion

Over 50 lads and a dozen teachers, including former Headmaster Brian Webber, converged from as far afield as the USA on the popular city nightspot, The Gallery, on Friday 15 June. It was a night of shared laughs as the Red men retold war stories and the drinks flowed with some having not met since leaving school in November 1998.

The night started off with a surprise as the official Year 12 video played on a big screen, making for an excellent ice breaker. Following an introduction, our furthest travellers 1998 Vice-Captain of School, Matt Dietman (New York) and Prefect Patrick Khoo (Los Angeles) proposed a Toast to the College. In reply, current Head of Economics, Chris McGuire, gave a witty response on behalf of current Headmaster Bradley Fenner.

The night continued on the top floor of The Gallery, and then at various city establishments into the early hours.

Special thanks to fellow convenors Andrew Sullivan, David Trim and Mary-Ann Standish for their outstanding organisation. A sublime night!

2: David Trim, Stafford Trowse and Michael Brinkley

Class of 1988 30 Year Reunion

On Friday 26 October 2018, around 55 Prince Alfred Old Collegians of the Class of 1988 gathered for their 30 year reunion. A significant contingent toured the College and enjoyed hearing about the recent developments to the land and buildings including the relatively new RED Centre, Library, Boarders' Dining Room, and the

commencement of building works for the new Boarding House across The Parade West. At around midday the group moved from Kent Town into the city to Marcus Bernardi's fabulous function venue, the historic Tattersalls Room at Harry's Bar on Grenfell Street for a long lunch.

Many travelled from interstate and overseas to attend the event including our Master of Ceremonies for the day, Anthony Thompson (Singapore), our 1988 School Captain, Adam Anders (Amsterdam), School Vice-Captain, Rob Pfitzner (Sydney), and Steve Pohl (Sydney) plus many others from rural and regional South Australia – a large and vociferous contingent of thirsty boarders. A number of notable teachers from the era were also present and in excellent form, led by Dr Brian Webber, our Headmaster in 1988.

Greg Vincent put together into a rolling slide show, a large collection of what would now be considered "vintage" images including class photos, sports day and Intercol images and some artistic photography for the group's enjoyment on a big screen throughout the day. A long list of top 50 hits from 1988 played as background music to remind us all of just how great the 80s really were. It was agreed that 80s themed parties are very popular now for good reason: we did it right back then!

After a sumptuous lunch complimented by an excellent 2012 Cabernet provided by Richard Ellerman of Patrick of Coonawarra and his Toast to the College, the Headmaster, Bradley Fenner, updated us with current affairs at the College. Thomas Lambert, President of the Old Collegians, spoke about the support and activities provided by the Association to any and all Old Reds that wish to participate.

Following that our studied MC Anthony Thompson hosted a chat session "on the couch" with Adam Anders, Phil Cook and Peter Ingman. Each of the men shared some brief details of what they have been up to since finishing school, including a warts-and-all account of some of the trials and tribulations of modern life, and not just the impressive successes that each had achieved in their career and personal lives. After all, life is a little more complicated than that.

Following the wind up of formalities mid-afternoon the majority of the group hung around, continued to catch up on old times and enjoy one another's company and the great camaraderie that comes with such an event. It is fair to say that all in attendance agreed the Class of 1988 is one of the lucky cohorts that have been able to stay in touch, for the most part, assisted by information and communications technology and the group's high degree of willingness to engage in idle banter in online forums such as Facebook.

All in all, an excellent day was had with copious reminiscing and story-telling of good old times during our school years and related escapades, most of the yarns at least partially true. Many a toast to

old friendships, absent friends and great memories continued long into the evening with little or no damage to anyone or anything except for perhaps a few egos.

Let us hope that we can do as good a job of bringing everyone back together to celebrate 40 years in 2028!

Sean Heylen
Class of 1988

Class of 1978 40 Year Reunion

The Class of 1978 celebrated its 40 year reunion with 40 Old Reds on Friday 9 November 2018! The dinner at The Gallery was preceded by a tour of the College taken by David Cornish, Foundation Executive Officer.

Guests travelled from far and wide including Nick Murray (Sydney), who was emcee for the evening, Jay Weymouth (Sydney), John Stuchbery (Donald, Victoria), Steve Timmis (Mildura) and Peter Treloar (Cummins) who proposed the Toast to the College. All those in attendance were pleased to see Headmaster Geoff Bean and past Masters Peter Morris and Roger Marshman.

Class of 1968 50 Year Reunion

The Class of 1968 was delighted to celebrate its 50 year reunion at the National Wine Centre on Friday 14 September. 48 Old Reds were able to gather, including some who had travelled from the US and Switzerland, as well as all States of Australia, with the exception of Tasmania. We also had 28 apologies including some from the US and NZ.

Mike Page was our emcee, and entertained in his customary manner. The Toast to the College was proposed by Mel Waters, with a lot of memories of the characters within the staff 50 years ago and how times have changed. The Headmaster responded with an update of activities and projects within the College, and Thomas Lambert spoke on behalf of the Old Collegians Association.

A summary of our 12 classmates who had unfortunately passed on was a reminder as to how fortunate we all were to be there on the day.

4: Langdon Badger, Jay Weymouth, John Prest and Richard May all of whom started in Year 1 in 1967

5: The Class of 1968

Class of 1958 60 Year Reunion

On Friday 24 August 2018, 30 Old Reds celebrated 60 years since leaving the College. Held on a beautiful day at the National Wine Centre, a great time was had by all. Seven of the group were taken on a tour of the College prior to the lunch with David Cornish, our very enthusiastic and knowledgeable guide. We were amazed at the changes over 60 years and excited about future developments. The front oval was getting final preparations for the Intercol football the following day and looked a picture.

The group assembled at the Wine Centre for pre-luncheon drinks and we reacquainted ourselves with the many old boys not seen in 60 years. David Motteram welcomed the group including special guests, Headmaster Bradley Fenner and PAOCA President, Thomas Lambert. Evan Jenkins read out the apologies – many from interstate, overseas on holiday or too sick to attend. He also read out the list of those who have died.

Thomas Lambert addressed the group giving a summary of the latest activities of the Old Scholars' Association and sporting results against our "old enemy". He made special mention of the "health" of the Association and its value to Old Boys.

Ian Gemmell proposed the Toast to the School where he reminded us of many of our teachers, all designated by their nicknames. We were reminded of some of the pranks performed by members of our class at the time which drew plenty of laughter. Ian spoke of the value we all received from our education at PAC and how it set us up for future life. Headmaster Bradley Fenner responded to the Toast giving us an understanding of the excellent progress of the school. This included the current and future building activity, curriculum opportunities and extra-curricular activities for boys. Bradley explained much of the building activity is a result of the many bequests received from families of Old Boys. Everyone in attendance really enjoyed the day and are now looking forward to their seventieth!

David Motteram

REGIONAL & OVERSEAS EVENTS

Melbourne Dinner

The Victorian Dinner was held this year on Friday 25 May at The Australian Club in William St, Melbourne where we were guests of that venerable Old Red, Trevor Lands (1966). Others of his era who were present were David Haynes (1964), John Tilbrook (1964) and Ian McKay (1958) who helped swell the number attending to 42. It was great to see so many young Old Reds there enjoying the wonderful atmosphere of this beautiful, historic building.

We were treated to a variety of delicious canapés before the formal part of the evening got underway with President Thomas Lambert welcoming us in his usual enthusiastic manner. He told us all about the past and present activities of the Association and in doing so made mention of Mary-Ann Standish's contribution to its smooth running, a comment which drew acclamation from all those present. His remarks were followed by Sam Duffield (2012), who proposed a wonderfully heartfelt "Toast to the College". It certainly made many of us ponder what the College meant to us then, what it means to us now and how it has affected our lives.

Headmaster Bradley Fenner spoke to us about how the College is physically changing and what examination and sporting results have been achieved. He also provided an update on the College's Sesquicentenary events and what is in store for next year. He certainly captured our attention with his talk and his presence at the dinner was really appreciated by everyone. The formal part of the evening wound up with a "lucky chair" prize, which was won by Gavin Coldwell (1985), who was delighted to receive a bottle of Grove Hill's pinot noir as well as a bottle of their chardonnay, both generously donated by attendee Sam Cottell (1993). The canapés beforehand, the meal, the drinks and service couldn't be faulted and together with the calibre of the speeches, they all combined to make it an absolutely outstanding dinner. At the finish of the dinner, the majority of those present repaired to the "Irish Times" in Little Collins Street to reminisce or chat to fellow Old Reds to round off a most successful night.

Ian McKay
1958

Brisbane Dinner

19 Old Reds enjoyed the hospitality of Blackbird Bar & Grill overlooking the Brisbane River for the 35th Annual Brisbane Dinner held on Friday 12 October, 2018.

We were delighted to have the Headmaster Mr Bradley Fenner attend and provide an update on life at the College, and especially in relation to the exciting new facilities being completed and plans for the College's Sesquicentenary celebrations to be held in 2019.

Mr Tony Ward (1982) offered a Toast to the College before our Association Secretary, Mr Peter Crouch (1974) provided a very enthusiastic update on the Association's many activities including results from Old Scholars' Week. It is significant to note the strength of our Association as it celebrates its 140th birthday, having been founded in 1878.

It was great to see some new faces attend the 2018 dinner including those who are reconnecting with the College. Mr David Weeks, who left PAC in 1967, was presented with a copy of the History of the School.

Brenton Gibbs (1984)
Brisbane Dinner Convenor

Sydney Dinner

The 2018 PAOC NSW Dinner was held at the Establishment complex in the Sydney CBD on Friday 31 August and I am pleased to report it was again a great success. We had a total of 62 Old Reds in attendance that collectively spanned the past seven decades of PAC's history, with alumni ranging from 1951 through to 2017. We also managed what may be a world first for a PAOC Dinner in welcoming as our guest speaker, a St Peter's Old Scholar (and an ex Adelaide Crow), namely the current GWS Giants Co-Captain, Phil Davis (2008).

Both the Headmaster Bradley Fenner and the President of PAOCA Thomas Lambert (2004) provided us with an excellent overview of the College's recent successes both on and off the field, and a sample of the planning and preparation currently underway to ensure the College's Sesquicentenary in 2019 is every bit the celebration it should be.

After a stirring and emotional Toast to the College, delivered by Aaron Brasher (1987), Matthew Wiesner (1985) then commenced an interview with Phil Davis that Andrew Denton would have been proud of. All of us came away in full appreciation of why the Giants opted to "draft" Phil from the Crows (to Crows fans' ire) back in 2011, as he showed us that (despite the fact he went to St Peter's College), he is a genuine thinking man's footballer and a leader of the game. Matt and Phil discussed topics ranging from the highs and lows of Phil's career (including that win over Port in 2012), the strategic direction of the Giants and the AFL, through to the impact of social media on players and what more the AFL can do to support young players drafted (often interstate) at a young age into the pressure cauldron of footy at its highest level. Phil then gave us a few reasons why he felt confident the Giants would touch up the

Swans on the following Saturday's Elimination Final at the SCG, where he had arguably the toughest job in the AFL, of trying to contain a well rested Buddy Franklin. By the time this report is published, whether Phil got the job done or not will be a matter of history.

The evening then moved into the highly anticipated prize giveaway phase, all made possible due to the support and generosity of Aaron Brasher of Oatley Wines and Blake Sanders (2005) of Oscar Hunt Tailors. Special thanks to Blake for arranging for a tailor-made Oscar Hunt two piece suit to be given away to a lucky attendee. A genuine attempt was made to ensure the suit ended up in the hands of the most needy Old Red, yet somehow it ended up in the hands of George Condous (1984).

All in all, another fantastic dinner enjoyed by all. Special thanks must go to Matt Wiesner for drawing on his vast Sydney network to set us up in the Establishment for the second year in a row, and for managing to convince Phil Davis to join us as our guest speaker. We look forward to seeing all of you (and more) again at next year's special 150 year Sydney PAOC Dinner!

OVERSEAS EVENTS

Los Angeles Dinner

The old saying goes that 'two is company, three a party, and four a feast'. And this year's gathering of Old Reds on Monday 4 June was a feast with Cameron Parsons (2007), Patrick Khoo (1998) and Cameron Schultz (2008) joining with David Cornish for dinner in Santa Monica. An informal dinner, the College's health was drank to, those who had apologised toasted as 'absent friends', and stories of school days on the other side of the Pacific recounted.

David Cornish (1987)

Executive Officer, Foundation

New York Dinner

Now in its seventh year, New York area-based PAC Old Scholars and partners came together on Thursday 7 June at Sotto 13 in the West Village, to celebrate our intergenerational but shared connection to the College. The Executive Officer of the Foundation, David Cornish, once again joined the 15 or so guests in the West Village to share old stories and discuss recent developments at the College.

It was a night to remember with many of our regular attendees, including Ian Darnton-Hill (1964), Chris Olver (2001), Josh Pugh (2004), Bryan Ackland (1968), Hamish Smyth (2004), Jesse Barker Gale (2007), Ed Brockhoff (2001), Tom Nicholls (2001), Tim Piper (1989), Kieran Altmann (2011), Neil Graham (1975), and partners. Bryan joined us for his first post-retirement alumni dinner, after a distinguished career in academia, and Jesse made the trek from Washington DC to join us for the evening. Ian provided the heartfelt Toast to the College, with a polished response from David.

The occasion once again demonstrated in physical form that the Princes spirit only strengthens over the years and kilometers (and miles!).

Ed Brockhoff (2001)

New York Dinner Convenor

Intercol Basketball

Having collaborated extremely well off the court to help establish the South Australian Amateur Basketball League, normal hostilities were resumed on the first Monday of Old Scholars Week as three games were played with their usual intensity and rivalry.

The Saints Old Boys fielded their best A Team for many years and were never headed as they gave Princes' A a basketball lesson from inside the key and beyond the three point line. St Peter's College proved themselves to be taller, stronger, faster and more skilful than the Reds.

To turn the tables, Princes Bs comprehensively accounted for the Saints Bs. The Reds Bs were almost as strong as the A team throughout the winter season and so it was no surprise that they prevailed in the Intercol.

To finish the night, Saints recorded a win against the Princes Cs in a tightly fought game. And so from there, it was off to the Maid and Magpie to celebrate a 2 – 1 win for the Blues as both victors and our generous hosts.

For the Reds, it is back to the training court to come back stronger in 2019.

Mark Waters (1972)

Chairman

Prince Alfred Old Collegians' Basketball Club

Intercol Bowls

The annual Intercol Bowls night between PAOC and SPOC was held at the Adelaide Bowling Club on Thursday, 15 February, 2018. The result was a comfortable win to the Old Reds by 22 shots: PAOC 105 to SPOC 83, with the Reds winning on four rinks to the Blues' 3, the event now having been won by the Reds the last two consecutive years.

Numbers of players, on both sides, were down on previous years with only seven rinks being fielded instead of the preferred eight, and on the Reds' side two of these were triples only, rather than the required rinks of four. The normal after game supper and drinks were consumed by all players, the shield was retained by the eventual winners, PAOC, and the Adelaide Bowling Club was thanked once again for hosting the annual event.

John Morris (1962)

Intercol Bowls Convenor

Intercol Bridge

On 26 July, seven pairs from SPOC and PAOC played strongly contested duplicate bridge under the directorship of Phil Gue. PAOC was successful with a score equating to 52% to 48%.

Our thanks go to Rebecca Foster for her organisation of the evening at St Peter's College and also to Phil Gue for his efficient and pleasant marshalling of the evening.

The following pairs represented PAOC this year:

- Richard Krantz & Paul Heywood-Smith
- Ian Sando & Tom Playford
- Robert Motteram & Robert Hunt
- John Clapp & Kym Perks
- Max Lemon & Brian North
- Peter Wickham & Rob Bickmore
- Ivan Simmons & Roger Trengove

Roger Trengove (1962)

Intercol Bridge Convenor

Intercol Chess

PRINCES WINS YET AGAIN!

After great effort from the PAOC and SPOC Associations, I am pleased to confirm that we managed to have seven boards of high-calibre chess enthusiasts competing in another enthralling encounter between the combatants held at our rival's Pentreath Building on Thursday, 26 July 2018.

Given last year's strong win by Princes (a convincing 4-1 result), we were very keen to retain the impressive piece of silverware that is proudly raised by the victors each year (as well as the bragging rights) - and yet again be crowned the undisputed best Old Scholars Chess Team.

We were well aware that St Peter's College was out to challenge us and redeem themselves after a poor performance in 2017 – and we noticed that their fighting contingent included the presence of two high-performance chess warriors (including the 1956 Australian Junior Chess Champion as well as the 2018 South Australian and 2017 City of Adelaide Chess Champion).

Despite our opposition's energised recruitment campaign and gallant efforts (not to mention their unrealistic confidence), from the moment the contest began four senior members of the Red and White army - Anthony Milton (2010), Fabian Ivancic (2011), Luke Dollman (1991) and Wesley Legrand (1996) and our newest member, Peter Gregoric (2017) - gracefully manoeuvred their chess pieces across the boards with military precision. They secured highly-valued wins for our team whilst the older members of our contingent (Michael Hoff (1977) and Oliver Oks (1996)) provided the spectators with entertainment throughout their very well balanced, hotly contested (and, at times, intensely-complicated) matches that ensured our retention of the highly-prized trophy (and, once again, demoralising the Blue team's collective ego).

In summary, once the war was over, our dynamic team (comprising a powerful combination of distinguished veterans and a recent school leaving "rookie") scored an impressive victory against our old foe : 5½-1½.

By the way, given that our team had a handy surplus of very capable chess players this year, I willingly sacrificed my playing position to take full advantage of the rare opportunity to view this stimulating and exhilarating spectacle.

I am very proud of each and every one of my teammates for their high level of concentration, displaying composure and complex mental agility over the chequerboard during this "serious" contest.

It is important to note that this gave Princes its 35th victory in 46 generally highly-contested battles since 1972 (which also includes four draws). Note: This event was not contested in 2009.

In a nutshell, the Princes men of chess continue to maintain mental mastery over Saints!

Thank you to all of our players – their strong fighting spirit ensured another enjoyable and very successful Old Scholars' Week function for the Old Reds, albeit amidst the historic fiercely competitive rivalry between our great schools!

Particular gratitude is extended to St Peter's College for hosting this event and Peter Serwan (PAC School Chess Co-ordinator).

Well done to the exultant Princes team!

Michael Hihimanis (1980)
Intercol Chess Convenor and Captain

Intercol Cricket

On Wednesday 14 February, after losing the toss, the Old Reds were sent out to field on a beautiful day at St Peter's College's main oval for the annual Chester Bennett Cup. Both sides showing youth and talent in their respective squads, a great sign for the future of old collegians cricket for both Associations. The day started off beautifully for the Reds as Will Daniel (2015) knocked over one of Saints' young guns and fellow Prospect teammate, Harvey Brennan in the first over of the day. This set the tone for the remainder of the contest with Jack Dent (2001) being able to restrict the flow of runs and restricting the Old Blues to 146. Jack was the leader of the attack with 3/30. Young Kensington quick, James Cleggett (2017) was very impressive finishing with figures of 2/17.

Chasing a small target of 146 is not an easy task with the potential of early wickets being able to swing the balance of the game. The Reds lost two early wickets in the first couple of overs of the day and Saints were starting to fight back into the contest. Fortunately, for Princes, Lucas Froude (2017) a Kensington wicketkeeper, came to the crease and compiled a chanceless 56 not out. Captain Jack Latchford (2012) opened and in typical Jack style made a graceful 75 not out to make the runs easily finishing at 2/147. This was a fantastic result for the Old Reds and all enjoyed the fantastic facilities at Saints whom we thank for their generous hospitality.

After the match, the two teams celebrated together as the two youthful squads had a chance to renew friendships.

Will van Dissel (2014)

Intercol Golf

On Friday, 20 July 2018, as usual, the Royal Adelaide Golf Club hosted dozens of Adelaide's finest golfers in the annual Old Collegian's Intercol golf day.

The morning started off fresh, with an eerie low fog blanketing the varying shades of freshly cut grass before lifting just in time for the shot gun start.

The rules were lenient and so long as a winner could be appropriately determined, the playing format was left to the individual group.

As the hours ticked by and players started to arrive at the 19th for a well-deserved luncheon, the scores were being tallied.

SPOC, after a stellar reign at the top and whom normally arrive with their name already engraved on the trophy, were fortunate to not have to do so this time as it was a draw! Not a win unfortunately, but an improvement on the usual defeat. After lots of mumblings as to how to best determine an outcome – putt-off to longest drive – it was decided that too much red wine had been consumed and it would be best to leave it as stands to avoid confrontation!

A fantastic day full of varied golfing ability, and a sincere thanks to all that were involved.

Next year will see a change of date to May to try and encourage more players, so please get your clubs ready!

Tom Lambert (2004)

Intercol Tennis

After a few too many recent years of the PAOCA forfeiting the E T Rowe Trophy to the St Peter's College Old Scholars, the Old Reds fielded an enthusiastic team with an injection of some new blood for this year's tennis intercol, held on 21 February 2018. Straight away the Old Reds got off to a flying start! As the first rubbers got underway at the Kensington Lawn Tennis Club, our boys started to take control of the early matches. Perennials Rob Bickmore (1966), John Brealey (1979), Justin Venning (1992) and Nick Wong (1996) got the job done against their opponents whilst new players Jack Schipanski (2012), Josh Gregg (2011), Zac Mizgalski (2017) and Will Cooke (2016) all came out on top in their first round matches.

Some cracking tennis from James Ma (2013), Corey DeCandia (2012), Elliot St Claire (1997) and Jock Clarnette (2011) saw them win their round in straight sets meaning that for the first time in a long time, Princes went into the half time break with a 6-0 lead.

With the boys only needing one rubber in the second half to claim the trophy, SPOC stepped up the pressure and started to get the upper hand. Valiant efforts by the Old Reds saw us narrowly lose a number of rubbers in tie-breakers as SPOC started to level the score. Daniel Gregg (2014) and Jack Wilkins (2016) fought valiantly in their first outing for the Old Reds but ultimately couldn't quite get over the line. However, eventually the new blood shone through with Jack Schipanski and Josh Gregg making short work of their opposition to give us the rubber we needed and claim the win for PAC. Elliot St Claire and Jock Clarnette followed that up with a strong win leaving the Reds victorious, eight rubbers to four. As was noted by a number of spectators, the quality of tennis on the day was exceptionally high and a great spectacle.

Thanks to those who took the time to represent the Old Reds and bring the trophy to its rightful home. Thank you also to Jon Silcock and the SPOC team for hosting this year's match. We look forward to hosting next year and ensuring that we retain the E T Rowe Trophy for a number of years to come.

Michael Garry (2000)
Intercol Tennis Convenor

Prince Alfred Old Collegians vs St Peter's Old Collegians Annual Hockey Match – Geoffrey Bean Cup

The annual hockey game between PAOC and SPOC for the Geoffrey Bean Cup was played on the PAC hockey pitch on the evening of Wednesday 8 August 2018. The fine men representing the Reds on the evening were the following: Mark Gobolos (1997), Nick Fitzgerald (2012), Tom Fitzgerald (2010), Nick Hoffman, James Keeves (2012), Blake Anderson (2012), Michael Staak (2010), Will Selway (2007) (GK), Alex Chapman (2000), Sam Tyler (2001), Andrew Baillie (2004), James Risby (2010), Henry Kitto (2011) and Patrick Gabb (2014).

Unfortunately, the dodgy lighting tower that infamously failed during the same game in 2017 appeared to again be on the fritz on this evening. The game went ahead despite the reduced lighting conditions!

Rumours before the game were that SPOC were struggling for players, compared with last year where they had 11 players rotating off the bench. Despite SPOC's claims of a weak team on paper, they managed to push the Reds in the first half in a closely fought contest. The score at half time had the Reds leading 1-0. This was a little close for comfort and left the door ajar for SPOC to climb back into the game. Thankfully, in the second half the Reds managed to find their stride a bit more and run over the top of the SPOC team in the end. The Reds piled on six goals to SPOC's one in the second half, to run out 7-1 winners at full time. Goal scorers for the Reds were: James Risby 2, Henry Kitto 1, Sam Tyler 3 and Nick Fitzgerald 1.

Both teams enjoyed a meal and a drink together after the game at the Seven Stars Hotel. We thank players from both teams making the effort to come out and hope they all continue to do so in the future to keep the long tradition going. There was even talk after the game of reviving the 'curtain raiser' fixture of a B-team for both sides playing off. This would be welcomed if playing numbers are forthcoming. The 2018 result meant that PAOC have now retained the Geoffrey Bean Cup for a record extending streak of ten consecutive games spanning 2009 through to 2018 inclusive. A great achievement and one that certainly annoys our hockey playing friends from down Hackney Road way.

We look forward to continuing the tradition in 2019 and encourage all Old Reds of any ability to get in touch if they are interested in being involved with the fixture.

Alexander Chapman (2000)
Chairman
Prince Alfred Old Collegians' Hockey Club

Below: James Morgan and Alex Chapman

2018 Combined Committee Dinner ("Wine-Tasting" Intercol): Two in a Row

The 2018 Wine Tasting Intercol was hosted by St Peter's College and held at Jolley's Boathouse on Tuesday 24 July.

Going in as underdogs and competing away from "home ground", we faced a very formidable task. The first half of the tasting saw the scores level, and the format this year and the wines presented were certainly a challenge. The second half proved crucial and the Princes imbibers tasted and drank as they never had before - after all our reputation and honour were both at stake.

But some brilliant performances by the PAOCA Committee, led by evergreen imbibers Alan Letcher, Rob Hall, Graham Burfield and Peter Crouch, saw us comfortably win the second half.

Special mention to our Headmaster Bradley Fenner who once again took it upon himself to sacrifice his A-Grade game to defeat the Saints' Headmaster in an enthralling one on one battle.

The camaraderie and fellowship between the two Committees on the night was exceptional and further enhanced the traditional "rivalry" between the two Colleges.

We look forward to our next encounter and to retaining the title.

Fred Hamood (1970)
Convenor

OLD SCHOLARS' SPORTING CLUBS

Prince Alfred Old Collegians' Badminton Club

National Championships

The South Australia State Team was proudly represented by ten PAOC club members at Nationals; Stephanie Fan, Emerson Krstic, Stuart Rowlands, Jonathan Wong, Lionel Seah, Panuga Riou, David Sun, Talia Saunders and Lee-Yen Khoo. Kevin Khaw managed the SA team and supported player-coach Stuart Rowlands.

South Australia were favourites but fell to Victoria in the finals. Congratulations to the proud silver medalists.

Summer Season

PAOC fielded two State League teams; PAOC Lions and PAOC Phoenix. Both teams performed very well to reach the finals. PAOC Lions won the summer season SABA league.

Winter Season

PAOC fielded two State League teams; PAOC Phoenix and PAOC Unity which comprised a mix of Glenelg, Sturt and PAOC players.

We welcomed a new A Grade team as well, which has contributed and supported the Club since their inclusion. PAOC Poserz have been performing well in the A Grade and the team morale has been excellent both on and off court.

PAOC Poserz won the A grade SABA winter season competition.

General Report

Members have been growing steadily while the junior coaching has become quite successful under the management and guidance of BWF Level 1 coach Tom Champion. PAOC Badminton Club hopes to grow and develop for the future. Chairman Kevin Khaw was also elected onto the board of Badminton Australia.

Old Collegians' Intercol

The competition between PAOC Badminton Club and SPOC Badminton Club is alive and well. Unfortunately PAOC lost to SPOC 3-6.

Kevin Khaw (1997)

Chairman

Prince Alfred Old Collegians' Badminton Club

Prince Alfred Old Collegians' Basketball Club

This year has been punctuated with significant developments off the basketball court. As well as participating in the South Australian Church Basketball Association on Saturday afternoons, the Club was integral in the development of a new Association, the South Australian Amateur Basketball League.

This led to four teams playing at St Peter's College and Prince Alfred College gyms during the winter season in a new quality, well organised and excellently refereed competition.

Whereas PAOC BC had dominated the Church Association over the past ten years, now there were new challenges and our Club was going to need to rebuild as other teams emerged as genuine quality opposition.

There were four remaining teams who continued to play in a depleted Church competition with our E team effectively competing in the Church A Grade. At the end of the season, seven teams played finals with several progressing to semi-finals. The Fs, made up of more senior players (including Troy Tirrell who is a founding continuous member of the Club), went to the Grand Final but lost in over-time.

The Club has also fielded successful weekday and summer teams throughout the year in social leagues. This once again demonstrates the strength and depth of the Club.

The PAOC BC Committee has been particularly active this year as we have managed the transition to dividing our loyalties across two leagues, and we have maintained a significant camaraderie through our social events as well.

PAOC BC is looking forward to the 2019 season where we will be tested once again but will emerge stronger for the experience.

Mark Waters (1972)

Chairman

Prince Alfred Old Collegians' Basketball Club

Prince Alfred Old Collegians' Football Club

The 2018 season was one that had many highs for the Club but overall fell short of expectation and the high standards we have set in recent years. The A Grade would finish the season in sixth position on the ladder, just missing finals and feeling that the year was one of missed opportunity.

There were however many positives, with a number of young players playing significant roles in the A Grade and the side maintaining its position in Division 1 for a fourth season.

Adam Perryman (2010) capped off another impressive season taking out the Best & Fairest. Adam continues to set the standards for the A Grade group with his commitment to the Club and the award was well deserved. Will Dalwood (2006) was runner up, while Tom Brinsley (2008) was acknowledged for his great contribution to the side with the Coaches Trophy.

Tom Bartlett (2005) had a great year up forward and took out the Club Leading Goal Kicker Award. Tom Fisher (2016) had a very impressive first year and was awarded Rookie of the Year. Finally, Tom Ricci capped off a remarkable rise through the grades over recent seasons cementing himself in the A Grade and winning the Most Improved Award.

The B Grade found themselves in a very tough competition but were always in games for long periods. James Dalwood's (2002) side worked hard all year and later in the season started to get reward for effort with some impressive wins.

Tom Humphries (2017) capped off an outstanding first year at the Club taking out the B Grade Best & Fairest, while Josh Hall (2009) was runner up.

The C Grade were led by first year coaches Angus Parkinson (2012) and Harry Barnes (2012) who set about building a strong on and off field culture for their side. The team finished fourth after the minor round but unfortunately could not get over Port District in the first week of the finals.

Ned Holmes (2012) was a runaway Best & Fairest winner for the side with Isaac Mantovan (2017) runner up.

The D Grade had a very impressive season led by Nick Rees (2004). The side only lost one game for the year and defeated Rostrevor OC in the grand final by 83 points. George Choimes (2004) was not only the Best & Fairest winner but also won the C6 Best & Fairest Medal in an outstanding season for the Assistant Coach.

Harry Bilyk (2012) was the star up forward all year and tied with Tom Bartlett (2005) for the Club leading Goal Kicker Award.

Off field we had another great year with highlights including Past Players Day, Ladies Day, the joint Business Lunch with SPOC, and a record turnout at the End of Season Dinner. We also had the debut of the Wine Lunch at the Hackney Hotel with a great Sunday turnout hearing speakers Jess Trengove, Jake Weatherald (2012) and Alex Carey.

At our end-of-season dinner we acknowledged some of the significant contributors to our season including Jim Parkinson (1977) and Cameron Johnston (1982) who were awarded the Best Club Man. Angus Parkinson and Will Dalwood shared the Headmaster's Trophy.

We now look to 2019, and already the majority of the side from 2018 has signed up and we have an impressive list of recruits as well. It is shaping up to be a very exciting season with our old rivals SPOC back up in Division 1 for the new season.

Any recent school leavers are encouraged to come out and join the Club and be part of a very exciting year ahead.

Michael Siciliano (2000)

Chairman

Prince Alfred Old Collegians' Football Club

Prince Alfred Collegians' Hockey Club

The Hockey Club in 2018 competed in the Metro 2s division of the HockeySA competition. In the previous season in 2017 the team had finished on top of the ladder but then proceeded to be knocked out of the finals in straight sets at the hands of Grange and Adelaide. Knowing that we were good enough to win the competition, the team was eager to make amends for the disappointing finals campaign of 2017.

Excitement was added to eagerness in January and February 2018, when news started to filter through the playing group that prodigal son Mark Gobolos (1997) was returning to the Reds for this season. Mark had departed the club for Adelaide in the early 2000s to pursue a wildly successful Premier League career, and more recently played a big hand for Adelaide in knocking us out of the finals in 2017.

It was a big coup for the Club in luring such a player back to play with the Reds. The unknown bonus was that Mark would in turn recruit to the Club himself a further two gun players in Damen Guest and Sam Pearse. Add to that the recruit of defender Ken Body out of retirement and Old Red Michael Staak (2010) from NEHC, it meant the team had undergone quite a transformation in playing personnel from the season prior. The transformation wouldn't stop at just the cattle on the pitch, with Mark Gobolos and others deploying a new look playing formation for this season. An overdue update to the system we had been using since the late 1990s.

The early start of the season was a bit mixed with some good performances mixed with some weaker ones. Despite that, we were still undefeated after six rounds with three wins and three draws. From there, the team started to hit their stride and gel more. Rounds 7 through 12 saw a streak of six wins on the trot including a stand out performance of an 8-0 win against top four team in Westminster. This was perhaps a marker of how well the team had developed across the season, as our Round 2 clash with Westminster was a 6-6 draw. We remained undefeated in the final six minor round games, including a 3-3 draw against second-placed Port, where discussions prior to the game of promotions and relegations for the 2019 season meant we didn't really switch on until the second half (after being 0-3 down). This result, however, gave us belief that we could win a game from any position, no matter the score.

We finished the minor rounds undefeated, in top spot on the ladder with 14 wins and four draws. We would be taking on second placed Port in the qualifying final. It was a very tight game, with the score 2-2 after regular time - Henry Kitto (2011) and Samuel Tyler (2001) were the goal scorers. In extra time, we dominated most of the play but unfortunately couldn't make it count on the score board. Sadly, this led to us going down in a one-on-one penalty shootout with Port going straight into the Grand Final and we would have to take the long route there. This would mean overcoming Woodville in the Preliminary Final, which we managed to do with 3-1 being the full-time score (James McGregor, Michael Staak and Samuel Tyler, the goal scorers).

The Grand Final saw us pitted against Port again, with the record against them for the season at that stage being one win, one draw and one penalty shootout loss. It wasn't a great start, with Port scoring the first goal of the game to take the lead. The Reds came back with a vengeance though, scoring two goals in three minutes (Alex Chapman and Derek Lee, 1998, the goal scorers) to snatch the lead from them about 15 minutes into the first half. From this point, it was a tense battle for the

remainder of the game. A few green and yellow cards started to be brandished by the umpires to both sides. Neither team could break through to score. A nervous moment or two occurred when it looked like Port had equalised through a short corner. But the shot was deemed too high and was correctly disallowed to ensure the Reds remained in front. No further goals were added in the tense final minutes, with the Reds erupting in jubilation at the final whistle as 2-1 victors.

It was a fantastic effort from the team across the season to remain undefeated in the minor rounds and win the Premiership in this division after being promoted to it in 2017. This makes it two Premierships in the last three seasons for the Club. The team scored 83 goals whilst conceding 26 goals in the minor round season. From a purely statistical point of view, this is the best attacking and defensive season the team has had in over a decade. The award winners for 2018 were Samuel Tyler collecting the Club Best & Fairest award for the third consecutive year with a division-leading 27 goals for the season, and Mark Gobolos being awarded the Best Club Man.

The Club wishes to thank Tom Ricketts (2004) for his ongoing support as sponsor through the Seven Stars Hotel. We encourage all to make use of the wonderful facilities and hospitality there. I would personally like to thank Andrew Baillie (2004) and Mark Gobolos for their help across the season in administration and coaching.

Next season gets underway in April 2019. We anticipate again fielding a team in the Metro 2s division, and continuing our affiliation with the SPOC Hockey Club. If you are interested in either returning to hockey or continuing hockey after finishing school, please contact Alexander Chapman (M: 0418 313 630 and E: chappy14@gmail.com).

The 2018 Metro 2's Premiers

Queen's Birthday Honours

The Prince Alfred Old Collegians' Association congratulates the following Old Reds honoured in the 2018 Queen's Birthday Honours:

Member (AM) in the General Division of the Order of Australia

- Mr Richard James Butler AM (1945-1949)
For significant service to basketball as a senior executive and administrator, and as an advocate for gender equality in development and competition.
- Mr Richard John Dennis AM PSM (1963-1974)
For significant service to the community of South Australia through a range of voluntary organisations, and to the Anglican Church of Australia.
- Mr Michael Philip McBride AM (1944-1954)
For significant service to primary industry in South Australia, particularly through the administration of pastoral and wool organisations.
- Mr Andrew James Marshall AM (1979-1985)
For significant service to the building and construction industry through professional organisations, to academia, and to the Anglican Church of Australia.

Australian Bravery Decorations

Ian Voysey (1958) received a Group Bravery Citation (for a collective act of bravery, by a group of persons in extraordinary circumstances, that is considered worthy of recognition), and a Commendation for Brave Conduct (for acts of bravery considered worthy of recognition) at Government House on Thursday 13 September, 2018.

Bruce Spangler (1964-1969)

On Tuesday 22 May an event was held at St Jacques to acknowledge Bruce Spangler's contribution to PAC as a Director of Dequetteville Nominees, the College's endowment fund. A number of current and former Dequetteville Nominees Directors were present to share in the celebrations.

Bruce gave great service to the College as Chairman of Council for a lengthy period. As a Director of Dequetteville Nominees, he was involved in the oversight and management of the College's endowment, during a period of significant growth. This has resulted in the College's current very strong financial position, supporting our ongoing building program, as well as a number of other College activities and programs.

Chairman of Council John Keeves paid tribute to Bruce's outstanding contribution to the College and presented him with a gift on behalf the College.

1: Ian Voysey with Governor of SA, Hieu Van Le at Government House

2: Chairman of College Council John Keeves presenting Bruce Spangler with a gift

Rex Wilson (1960-1966)

At the Squash SA AGM on 24 September 2018, Rex Wilson was awarded a Squash SA Service Award in recognition of his 40 years of service to the PAOC Squash Club.

Rex served the roles of Chairman, President, Secretary and Treasurer as well as being a long-term convenor of the very successful Old Scholars' Intercol team, which has won 49 of its last 50 matches! Rex secured the membership of many of the Uraidla Squash Club when their courts were lost, and this influx of players provided a strong internal competition for many years. Sam Abishara, President of Squash SA, spoke highly of Rex's length and extent of service, including a touching quote provided from Old Blue Mark Esau that "without Rex, there would be no PAOC Squash Club".

Rex's sound financial management throughout his time as Treasurer was the sole reason the Club was able to increase its membership, at one point to over 50 players, and ensured its survival in the three years it was without a home due to the renovations of the RED Centre.

Rex was Chairman and Treasurer when I joined the PAOC Squash Committee as a fresh faced 18 year old. Rex's support and mentoring was instrumental in my development and he encouraged my pursuit of growth within the Club. Rex supported an initiative to give students and new Old Scholars a free year of squash, which saw a significant increase in player numbers.

Rex has been a humble and tireless volunteer, and on behalf of the PAOC Squash Club and the wider squash and PAOCA community, we thank and congratulate Rex on the well-deserved recognition of his service to squash at Prince Alfred College.

Will Gray (2007)

REMEMBERING PRINCES GREATS

Athol Murray Olsson (1944-1946) – died aged nearly 90 years on 10 April 2018. Murray served as a member of the PAOCA from 1976 and as President in 1983 and again in 1996. He was also a member of the PAOCA Lodge from 1973 and served as Master in 1994-1999.

He was a long standing Board member of the PAC Foundation (1995-2010), a joint instigator of the Vintage Reds luncheon, an initiator and contact for both the Lodge Prize and Short Talk Competition in the Preparatory School, until present, and an initiator and advocate of the John Olsson Freemasons Memorial Scholarship for a boarding student (2004-2017).

The PAOC Cricket Club awarded Murray Player Life Membership (1965-1966) having played in 214 two-day games in 20 seasons between 1946 and 1978, and having served as the Club's President, Chairman and C Grade Captain. He held the distinction unique record of having played a game for the Club alongside his two sons Andrew and David in season 1971/72 (while they were still at school).

Murray was also a valued member of the Old Reds Football Club having played in 54 games across three seasons in 1947, 1948 and 1950, having been President in 1983 and 1996.

As a result of Murray's tireless efforts in the Old Reds and the College community, he was awarded Honorary Life Membership of the PAOCA in 1999.

The PAOCA gives thanks for the long life and contribution of Murray Olsson, and extends sincere sympathy to his children, Jenny, Andrew and David, and their families.

David Harris Prest AM – The life and contribution to Prince Alfred College and Wesley College of David Prest AM (1944-1949) was honoured four days after his death at the annual PAC and Wesley match at Wesley. David was Captain of the School and Dux in 1949, served on staff 1958-1962, and was Principal of Wesley College from 1972-1991. David's funeral was held in Adamson Hall at Wesley College on Tuesday 17 April 2018.

Deaths of Old Reds notified to the Association since the issue of the 2017 Chronicle, as advised to date of publication:

The objects of the Association are:

1. The furtherance of all that appertains to the welfare of Prince Alfred College.
2. The promotion of unity and friendship among the Old Scholars of the College.
3. The maintenance of the interest of Old Scholars of the College.

Old Boys' Week is observed annually in the last week of July.
