Welcome to Summer Intercol 2024

Welcome to the playing fields, pools and courts for the playing of the 2024 Summer Intercol between Prince Alfred College and St Peter's College. The Intercol is the culmination of a long summer season; a season that for some of our students commenced in the winter months of last year.

Congratulations to the grounds team and all the officials for their hard work and dedication through the season as they have guided our boys in the ongoing development of their skills, fitness and character. Within our two schools we impress upon our boys the importance of playing these Intercols under the umbrella of sportsmanship and humility. There is nothing more important, as it sets a wider example to the younger students within our respective communities. Mr Browning and I are united in continuing to ensure these standards are adhered to.

The Cricket Intercol, which is where our great friendship and rivalry commenced, remains the oldest continuous cricket competition in the world, and remains a source of great pride for those fortunate enough to participate. We will seek to ensure over this week of competition that our boys soak up the atmosphere they are part of but also that they take time to reflect on how fortunate they are to be part of such a fantastic series of matches and races.

We look forward to seeing you around the grounds and wish all boys and coaches the best for the week ahead.

David Roberts | Headmaster
Prince Alfred College

The Summer Intercol fixtures represent the enduring relationship between St Peter's College and Prince Alfred College. It is a wonderful tradition of engagement in sport, first contested in 1871, that strengthens the sense of shared community between our two schools.

The renewed focus on spectating in recent years has been significant and I encourage all members of our community to support their peers across all levels of ability. We are all elevated when we take the time to honour another with our presence, to take an interest in our peers, to share in their experiences and to show an appreciation of their pursuits.

I thank Headmaster, Mr David Roberts and his staff team for their efforts in preparing these fixtures and hospitality. St Peter's College is grateful to our partners in providing the opportunity for so many students to participate over the full range of pursuits.

Although the scores will likely be revered among the peer groups, it is the character and spirit of participation and spectating which must stand as an example to the wider community of our shared values. As we celebrate our sporting programs, I ask that all participants, in and out of the arena, represent their community with humility, integrity and respect and wish all participants every success.

Tim Browning | Headmaster
St Peter's College
