

Have you received this email?

If you ***haven't*** please check your email address listed with us!

XplorHub

The new way to sign.

What is the Hub?

A powerful iPad kiosk for parents to digitally sign children in and out of a service.

AT HOME

This must be **completed prior** to coming into to collect/drop off and using the iPad.

1. **Receive invite email.** Your centre will send you an invitation to Xplor. Notify your service if you haven't received this email.
2. **Set up Xplor account password.** Click on the link in the email to establish your full online account, including statements.

AT OSHC

You will need your Xplor account login credentials to set up the Hub. Staff will be here to assist.

3. **Set up your Hub pincode.** This is a 4-digit identifier which allows you to sign in/out your children on the digital kiosk.
4. **Start signing your child in/out.** Once you have set up your pincode, you can sign children in/out with your telephone number (or email) and pincode.
