# IB Learner Profile

---

The aim of IB programmes is to develop internationally minded people who strive to be:

<b>Inquirers</b>	They develop their natural curiosity. They acquire the skills necessary to conduct inquiry and research and show independence in learning. They actively enjoy learning and this love of learning will be sustained throughout their lives.
<b>Knowledgeable</b>	They explore concepts, ideas and issues that have local and global significance. In so doing, they acquire in-depth knowledge and develop understanding across a broad and balanced range of disciplines.
<b>Thinkers</b>	They exercise initiative in applying thinking skills critically and creatively to recognise and approach complex problems and make reasoned, ethical decisions.
<b>Communicators</b>	They understand and express ideas and information confidently and creatively in more than one language and in a variety of modes of communication. They work effectively and willingly in collaboration with others.
<b>Principled</b>	They have integrity and honesty, with a strong sense of fairness, justice and respect for the dignity of the individual, groups and communities. They take responsibility for their own actions and the consequences that accompany them.
<b>Open-minded</b>	They understand and appreciate their own cultures and personal histories and are open to the perspectives, values and traditions of other individuals and communities. They are accustomed to seeking and evaluating a range of points of view and are willing to grow from the experience.
<b>Caring</b>	They show empathy, compassion and respect towards the needs and feelings of others. They have a personal commitment to service and act to make a positive difference to the lives of others and to the environment.
<b>Risk-takers</b>	They approach unfamiliar situations and uncertainty with courage and forethought and have the independence of spirit to explore new roles, ideas and strategies. They are brave and articulate in defending their beliefs.
<b>Balanced</b>	They understand the importance of intellectual, physical and emotional balance to achieve personal well-being for themselves and others.
<b>Reflective</b>	They give thoughtful consideration to their own learning and experience. They are able to assess and understand their strengths and limitations in order to support their learning and personal development.

# Introduction

---

The International Baccalaureate Diploma Programme (IBDP) is a comprehensive and rigorous pre-university course taken in Years 11 and 12. The programme offers students:

1. a balanced and challenging academic experience, which emphasises the education of "the whole person", thus developing socially responsible citizens of the world.
2. an internationally accepted university entrance qualification into universities in Australia and in over 74 countries.
3. international understanding through shared academic experience and development of global awareness.
4. a sense of identity and cultural awareness.
5. development as critical and compassionate thinkers and informed participants in local and world affairs.

The IB Diploma Programme is successful and is growing. The IB works with over 3,500 schools in 145 countries to offer the three IB programmes to approximately 1,100,000 students. The Diploma Programme for students aged 16 to 19 started in 1968 with first examinations in 1970 and is now offered by 2,417 IB World Schools. Over 2,300 IB World Schools in more than 140 countries teach IB Diploma courses. Sixty three schools are currently offering the IB Diploma in Australia.

Prince Alfred College has been teaching the IB Diploma Programme since 1997. Over the last four years the average ATAR is 93.36.

The IB Organisation is registered as a foundation with the Swiss Federal Government, and holds consultative status with UNESCO. It is funded largely from fees paid by participating schools. The Head Office is located in Geneva, Switzerland, and there are three Regional Offices; Africa/Europe/Middle East (office in Geneva), Asia – Pacific (Singapore) and The Americas (Washington, Buenos Aires and Vancouver). Representative Offices are located in Sydney, Mumbai, Beijing and Tokyo. The Curriculum and Assessment Office, located in Cardiff, Wales, United Kingdom, oversees two examination sessions per year in May and November. Prince Alfred College prepares their candidates for the November session. Thousands of individual examiners worldwide participate in the assessment of student work.

## The IB Diploma Programme

---

The IB Diploma Programme is a balance between the desirability of a broad education and the need to allow some specialisation. In all subjects the emphasis is on the mastery of subject content along with the development of critical thinking and an appreciation of the value and art of learning. To achieve a broad and balanced programme the student must choose one subject from each of these six groups:

### **Group 1: Language and Literature**

The study of literature in the student's first language or the language of instruction of the school, including the study of world literature. Most students at Princes study English A Literature or Chinese A Literature.

### **Group 2: Language Acquisition**

A second language other than the student's first language. We offer Mandarin B, French B, English B (ESL) and Spanish *ab initio*. Other languages may be available through negotiation with the IBDP Coordinator.

### **Group 3: Individuals and Societies**

Economics, History, Environmental systems and societies (SL only)

### **Group 4: Experimental Sciences**

Biology, Chemistry, Physics, Environmental systems and societies (SL only); Sports, exercise and health science

### **Group 5: Mathematics**

Mathematics HL, Mathematics SL, Mathematical studies SL, Mathematical Studies

### **Group 6**

Film, Music, Visual arts or a second subject from Group 3 or 4

Students must choose three subjects for study in greater depth at Higher Level (HL) and three subjects for study in somewhat lesser depth at Standard Level (SL).

In addition to the above subjects, the Diploma student must complete the IB Diploma core which is made up of three additional requirements.

(1) Study a course of **Theory of knowledge (ToK)**.

This is an interdisciplinary course intended to stimulate critical reflection upon the knowledge and experience gained inside and outside the classroom. ToK challenges students to question the bases of knowledge, to be aware of subjective and ideological biases, and to develop a personal mode of thought based on analysis of evidence expressed in rational argument. ToK seeks to develop a coherent approach to learning which transcends and unifies the academic subjects and encourages appreciation of other cultural perspectives.

(2) Undertake original research and write an **Extended essay (EE)** of some 4,000 words.

This project offers the opportunity to investigate a topic of special interest and acquaints students with the kind of independent research and writing skills expected at university.

(3) Actively participate in **Creativity, Action, Service (CAS)**.

CAS involves students in a range of activities alongside their academic studies throughout the Diploma Programme. The three strands of CAS, which are often interwoven with particular activities are characterised as follows;

**Creativity:** arts and other experiences that involve creative thinking.

**Action:** physical exertion contributing to a healthy lifestyle, complementing work elsewhere in the Diploma Programme.

**Service:** an unpaid and voluntary exchange that has a learning benefit for the student.

Students are able to use their co-curricular participation in sport, music and drama productions to fulfil their CAS requirements.

# Why should I study the IB Diploma Programme?

---

We believe that the IB Diploma Programme is an exciting and challenging one. A student who wishes to be academically stimulated and is prepared to commit themselves to hard work should seriously consider the IB Diploma. The programme provides an excellent preparation for the demands of university.

Here are some comments from IB Diploma holders:

*"...it prepared me exceptionally well for the diverse range of challenges that confront any teenager leaving high school and entering university."*

*"...I realised I just couldn't miss the opportunity to participate in something as life-changing as this course."*

*"...I enjoy it because it is rigorous and I am getting a good education."*

## Enrolment requirements

- Students currently enrolled at Prince Alfred College are accepted into the Diploma Programme based on sound all-round Year 10 results. Most subjects have requirements for success that need to be met before a student can enrol in a DP subject. See the curriculum guide for details. An interview may be required.
- Students from other schools are enrolled based on an interview with the IBDP Coordinator and sound all-round Year 10 results.
- All students must have a commitment to their studies and must be able to work independently.
- Commitment to achieve a grade 4 or higher in all subjects throughout the course.

# Choosing your Diploma Programme Subjects

---

Use this document along with the Senior School Curriculum Handbook to make your selection and discuss these fully with your parents. Remember that you need to choose 6 subjects, one from each group and that 3 must be at Higher Level and 3 at Standard Level. Take into account:

1. Your interest and ability in the subject.
2. Your commitment to your studies and ability to work independently.
3. Your university and career plans - ask the IB Coordinator and Student Counsellors.

## IB subject groups

GROUP 1	English A, other Language A (negotiated)
GROUP 2	Mandarin B, French B, English B (ESL), Spanish <i>ab initio</i> (SL only)
GROUP 3	History, Economics, Environmental systems and societies (SL only)
GROUP 4	Biology, Chemistry, Physics, Environmental systems and societies (SL only), Sports, exercise and health science
GROUP 5	Mathematics HL, Mathematics SL, Mathematical studies (SL)
GROUP 6	Film, Music, Visual arts or another subject from Groups 3 or 4

In making choices at Group 6, students should be very aware of their special interests and abilities. In particular, students with previous success in The Arts should consider taking up one of the DP Arts offerings. Learning in The Arts is an important part of the IB vision and reflects all aspects of the IB Learner Profile.

## Sample Diploma Programmes

Example 1: Humanities focus

Subjects	Core Requirements
English A1 (HL)	<b>Creativity, Action, Service Theory of Knowledge Extended essay</b>
French B (SL)	
History (HL)	
Environmental systems and societies (SL) Or Sports science (SL)	
Mathematics studies (SL)	
Economics (HL)	

Example 2: Science focus

Subjects	Core Requirements
English A1 (SL)	<b>Creativity, Action, Service Theory of knowledge Extended essay</b>
Spanish <i>ab initio</i> (SL)	
Economics (HL)	
Chemistry (HL)	
Mathematics (SL)	
Physics (HL)	

Example 3: Talented musician / artist

Subjects	Core Requirements
English A1 (HL)	<b>Creativity, Action, Service Theory of knowledge Extended essay</b>
Chinese B (SL)	
History (HL)	
Biology (SL)	
Mathematics studies (SL)	
Music or Visual arts or Film (HL)	

All students considering taking the Diploma should discuss their proposed subject choices with the IBDP Coordinator before completing course selection forms.

All IBDP subjects at Year 11 are accredited SACE Stage 1 subjects.

IBDP students may either continue with DP in Year 12 or transfer into SACE Stage 2. SACE block recognition will be granted on the basis of satisfactory completion of DP studies. The SACE Board requires a DP score of 3 in English or HL Mathematics, to meet the Literacy and Numeracy SACE requirements, and a grade of 3 or above for all other subjects.

# IB Assessment Methods

---

A variety of assessment techniques are used by the IB to award an IB grade. These techniques vary from subject to subject.

1. **WRITTEN EXAMINATIONS** - in all subjects except Visual Arts.

These may include multiple choice tests, short answer questions, data and document based questions and essays. The examination scripts are marked by external examiners appointed by the IBO. The marking standards of these examiners are moderated by the Chief Examiner for the subject.

2. **ORAL EXAMINATIONS** - in Languages.

These are conducted by the subject teacher and recorded before being submitted to the IB examiners for moderation.

3. **INTERNAL ASSESSMENT**

In some subjects a proportion of the final marks is based on assessment by the subject teacher. In all cases the teacher's assessment is moderated by IB examiners who may require the school to submit samples of students' assessed work.

This applies to course work in Languages, Individuals and Societies, Sciences, Mathematics, Arts and to TOK essays.

Internally assessed work usually counts for about 20% of the final grade in a subject.

4. **THEORY OF KNOWLEDGE**

In Year 12, students are given a choice of 6 essay titles (prescribed by the IBO). They choose one to respond to. In addition, they must prepare and present an oral presentation. All Theory of Knowledge essays are marked and moderated by examiners appointed by the IBO.

5. **EXTENDED ESSAY**

Depending on the topics chosen, each student is assigned a mentor / teacher who supervises the student through the research process. All Extended Essays are marked and moderated by examiners appointed by the IBO.

6. **CREATIVITY ACTION SERVICE ACTIVITIES**

Students complete self-evaluations of their activities and then activity supervisors also write a brief evaluation.

These are then discussed with the CAS Coordinator. Samples of CAS folders are sent to the examiner for evaluation. If the school judges that a student has not satisfied the CAS requirement it will inform the IBO. This is likely to lead to the failure of the Diploma.

# IBDP Grading

The grading scheme used for IBDP examinations is as follows:

- |                  |               |
|------------------|---------------|
| 1 - Very poor    | 5 - Good      |
| 2 - Poor         | 6 - Very good |
| 3 - Mediocre     | 7 - Excellent |
| 4 - Satisfactory |               |

A grade will not be awarded in any subject where the student has failed to complete any of the required assessment components.

For a Diploma student the grades achieved in the six subjects are added together to obtain a total points score. Bonus points are added to the total as follows:

Bonus points matrix		Theory of knowledge (ToK)				
		Excellent A	Good B	Satisfactory C	Mediocre D	Elementary E
Extended essay	Excellent A	+3	+3	+2	+2	Failing Condition
	Good B	+3	+2	+2	+1	
	Satisfactory C	+2	+2	+1	0	
	Mediocre D	+2	+1	0	0	
	Elementary E	Failing Condition				

A candidate who writes a **Good** Extended essay and whose performance in Theory of knowledge is judged to be **Satisfactory**, will be awarded +2 bonus point.

A candidate who fails to submit any work for Theory of knowledge will not be awarded a Diploma. The failure to submit an Extended essay is also a failing condition.

## IB DIPLOMA SCORE

The maximum score for the IB Diploma is 45.

Students study 6 subjects with a possible score of 7 in each (6 x 7 = 42).

A maximum of 3 bonus points (ToK and Extended essay) is added to give the final possible total of 45.

# Conditions for the award of the Diploma

---

These conditions are an abridged version and should be read in conjunction with the following document published by the IBO – *General Regulations: For students and their legal guardians*, available at <http://www.ibo.org>.

All assessment components for each of the six subjects and the additional Diploma requirements must be completed in order to qualify for the award of the IB Diploma, except under the conditions stipulated in articles 18 and 19 of the *IBO – General Regulations: For students and their legal guardians*.

The IB Diploma will be awarded to a candidate provided all the following requirements have been met.

- CAS requirements have been met.
- The candidate's total points are 24 or more.
- There is no "N" awarded for theory of knowledge, the extended essay or for a contributing subject.
- There is no grade E awarded for theory of knowledge and/or the extended essay.
- There is no grade 1 awarded in a subject/level.
- There are no more than two grade 2s awarded (HL or SL).
- There are no more than three grade 3s or below awarded (HL or SL).
- The candidate has gained 12 points or more on HL subjects (for candidates who register for four HL subjects, the three highest grades count).
- The candidate has gained 9 points or more on SL subjects (candidates who register for two SL subjects must gain at least 5 points at SL).

Please note:

- A maximum of three examination sessions is allowed in which to satisfy the requirements for the award of the IB Diploma. The examination sessions need not be consecutive.
- A candidate who fails the Diploma is not awarded an ATAR score.

## IB Diploma Programme Fees

---

The fee contributes to the cost of the College's annual membership of the International Baccalaureate Organisation (IBO). The fee also covers the costs associated with student registration, correspondence, exam invigilation, online management system and courier charges for moderation and examination.

IB Diploma Programme fee in 2017 was \$2,020. The IB Diploma Programme fee is charged, in addition to the tuition fee, annually for both Year 11 and 12 and is part of the Fee Invoice.

Students on School Card or any type of fee remission are not exempt from this fee. Fee applies to all students and is not subject to any fee remission.

Fees are reviewed each year as part of the College's budget process to take into account changes in IBO charges and associated College costs.

If a student withdraws from the IB programme at the end of Semester 1 (Year 11) or at the end of Year 11 a pro-rata adjustment to the IB Fee will be made.

*Please note:* The above fee was for students commencing the IB Diploma in 2017 and is subject to change.

## Example of IB Diploma Deadlines 2017

---

These dates are set by the school and the IBO supports all school deadlines, therefore they must be adhered to.

### PAC IB Diploma Major Deadlines: Term 1 - 2017

Week beginning		Event / Task Due	Date
<b>Week 1</b>	Tuesday Jan 31	Extended Essay: RESEARCH and/or DATA ORGANISATION and ANALYSIS	Friday February 3
<b>Week 2</b>	Monday February 6	CAS Progress Review	Friday February 10
<b>Week 3</b>	Monday February 13	EE Progress Report sent to parents	Monday February 13
<b>Week 4</b>	Monday February 20		
<b>Week 5</b>	Monday February 27	EE Progress Report sent to parents	Friday March 3
<b>Week 6</b>	Monday March 6	CAS Progress Review	Friday March 10
<b>Week 7</b>	Tuesday March 14		
<b>Week 8</b>	Monday March 20	Biology / Physics IA Draft	Monday March 20
<b>Week 9</b>	Monday March 27		
<b>Week 10</b>	Monday April 3	Extended Essay: Complete First Draft	Friday 7 April
<b>Week 11</b>	Monday April 10	Biology / Physics IA Economics IA: Two Commentaries CAS Final Submission EE Progress Report sent to parents	Monday April 10 Wednesday April 12 Friday April 15

### PAC IB Diploma Major Deadlines: Term 2 - 2017

Week beginning		Event / Task Due	Date
<b>Week 1</b>	Monday May 1	Semester 1 Examinations	Monday May 1 to Friday May 4
<b>Week 2</b>	Monday May 8		
<b>Week 3</b>	Monday May 15	EE Progress Report to parents (Draft Feedback)	Friday May 19
<b>Week 4</b>	Monday May 22	Music Composition Folio (HL/SL)	Friday May 26
<b>Week 5</b>	Monday May 29	Extended Essay Meeting: discuss final submission	Monday May 27 to Friday May 30
<b>Week 6</b>	Monday June 5	Chemistry IA Draft EE Progress Report to parents (Refinement) Environmental Systems and Societies IA	Monday June 5 Friday June 9
<b>Week 7</b>	Tuesday June 13	History IA Visual Film Production Portfolio Art Comparative Study (external)	Tuesday June 13 Friday June 16
<b>Week 8</b>	Monday June 19	Sports Exercise and Health Science IA + Chemistry IA Chinese A Oral Commentary	Monday June 19 Wed June 21 - Friday June 23
<b>Week 9</b>	Monday June 26	Extended Essay final submission (2 copies) Economics IA: Two Commentaries	Monday June 26 Thursday June 29

### PAC IB Diploma Major Deadlines: Term 3 - 2017

Week beginning		Event / Task Due	Date
<b>Week 1</b>	<i>Monday July 24</i>	Year 12 Trial Examinations Mathematics HL IA Mathematics SL Mathematical Studies IA ****UMAT****	Monday July 24 - Friday July 28 Tuesday July 25 Wednesday July 26
<b>Week 2</b>	<i>Monday July 31</i>	Extended Essay Viva Voce	Monday July 31 – Friday August 4
<b>Week 3</b>	<i>Monday August 7</i>	Chinese A: Works in Translation English A: Oral Commentary Theory of Knowledge Essay final submission	Monday August 7 Thursday August 10 – Friday August 11 Friday August 11
<b>Week 4</b>	<i>Monday August 14</i>	Language B Written Assignment (Chinese English French Spanish ab)	Wednesday August 16
<b>Week 5</b>	<i>Monday August 21</i>	English A: Works in Translation (final submission)	Monday August 21 Friday August 25
<b>Week 6</b>	<i>Monday August 28</i>	Music Solo Performance Folio (HL)	
<b>Week 7</b>	<i>Monday September 4</i>	Musical Links Investigation (final submission) Film Oral	Monday September 4 Friday September 8
<b>Week 8</b>	<i>Monday September 11</i>	Visual Art Exhibition (internal)	Monday September 11 Friday September 15
<b>Week 9</b>	<i>Monday September 18</i>	Lang B Orals – (English French Chinese and Span ab initio)	Monday Sept 18 - Friday Sept 22
<b>Week 10</b>	<i>Monday September 25</i>		

### PAC IB Diploma Major Deadlines: Term 4 - 2017

Week beginning		Event / Task Due	Date
<b>Week 1</b>	<i>Monday October 16</i>	Visual Art Process Portfolio (external) Formal schooling finishes	Monday October 16 Friday October 20
<b>Week 2</b>	<i>Monday October 23</i>	SWOTVAC (including Valedictory)	Thursday October 27
<b>Week 3</b>	<i>Monday October 30</i>	Examinations begin	Wednesday November 2
<b>Week 4</b>	<i>Monday November 6</i>		
<b>Week 5</b>	<i>Monday November 13</i>	Examinations conclude	Thursday November 16
<b>Week 6</b>	<i>Monday November 20</i>		
<b>Week 7</b>	<i>Monday November 28</i>		
<b>Week 8</b>	<i>Monday December 5</i>		

## Recognition of the Diploma by Universities

---

The clearest indication of the acceptance of the IB has been the wide recognition it has received from Ministries of Education and universities around the world.

Since the first examinations were administered in 1970, over 500,000 students have earned the Diploma. Many of them have chosen to continue their studies, often in other countries, by using their IB credentials in making application.

The terms of recognition vary from country to country. In some instances a negotiated agreement between IBO and a central national authority has been drawn up thereby requiring all institutions in that country to accredit the Diploma in the same way. In others it is left to individual universities to define their own conditions. More information is available from the IBO website: [www.ibo.org](http://www.ibo.org).

A further distinction concerns the actual treatment of the Diploma by the universities themselves. Some use it simply as an admissions document; others find it more useful in placing students after they have been accepted. To some degree this distinction is often related to the time of year when final decisions are made by universities on the admission of students. If this occurs **after** the publication of IB results, the Diploma tends to be used principally as part of the admissions process itself. If it occurs **before**, as in some parts of the world, the results of the Diploma are more likely to assist university counsellors and tutors in placing students in the courses most appropriate to their proven academic record.

Two additional facts must be kept in mind. The extent of recognition is always dependent on the individual student's record. A Diploma score of 36 points is obviously bound to be viewed more favourably than a score of 25. Also, the combination of subjects, particularly at the Higher Level, is often important. Similarly, the degree of familiarity of the college or university with the IB is likely to influence the way it interprets the Diploma. When the IB is well known, recognition can be almost automatic. On the other hand, given the relatively brief history of the IB, there are still parts of the world or sections of certain countries where the IB remains relatively unknown.

### **IB and Australian Universities**

The IB Diploma has become well known at Australian Universities as an increasing number of IB students have been admitted, and have been seen to perform well. Comparability scales have been developed to compare IB scores with local scores. IB Diplomas are accepted for entry into courses at the University of Adelaide, Flinders University, University of South Australia and most other Australian Universities. Some Universities give credit for certain IB subjects.

### **IB recognition by USA Colleges**

Being an IB student can help students applying to USA colleges in two ways. Firstly, the fact that a student is attempting the IB Diploma shows that the student is committed to serious and challenging academic work. This may help gain admission to college. Secondly, many colleges award credit or advanced placement for good IB examination scores. There is considerable variation in credit policy between colleges, between departments within a college, and even from year to year.

### **IB and UK Universities**

The IB Diploma is well recognised by British universities. After considering the student's application submitted in the autumn before graduation the university may offer the student a place on the condition that they achieve certain IB grades. If she/he gets these grades she/he is guaranteed a place. If she/he just fails to achieve the required grades the university may still admit her/him if they have spare places following the publication of the UK examination results (A-levels) in August.

# ATAR Conversion

---

This table converts a Passing IB Diploma score to its notional Australian Tertiary Admission Rank (ATAR) value for the 2017 -18 selection year.

<b>2016 Passing IB Diploma Score</b>	<b>Combined Rank (Notional ATAR)</b>
45	99.95
44	99.85
43	99.70
42	99.40
41	98.85
40	98.30
39	97.60
38	96.75
37	95.85
36	94.60
35	93.45
34	92.25
33	90.90
32	89.20
31	87.35
30	84.60
29	82.15
28	80.15
27	77.95
26	75.50
25	72.45
24	69.05

Note: This is recalculated each year.

# Universities Language, Literacy and Mathematics Bonus Scheme

---

The Universities Language, Literacy and Mathematics Bonus Scheme encourages students to strengthen their preparation for undergraduate studies by undertaking a language other than English, or specified English and Mathematics subjects.

The Scheme will apply to all courses offered by Flinders University, the University of Adelaide, University of South Australia, Charles Darwin University and Tabor Adelaide **except:**

**Charles Darwin University**

- 114831 Bachelor of Clinical Sciences/Doctor of Medicine

**Flinders University**

- 214941 Bachelor of Clinical Sciences/Doctor of Medicine

**The University of Adelaide**

- 314552 Bachelor of Medicine/Bachelor of Surgery
- 324491 Bachelor of Science (Veterinary Bioscience)

In this Scheme, students will be awarded two points, up to a total maximum of four points, for successfully completing a subject in any one of these four categories:

- 20 credits of a LOTE in the Languages Learning Area (not including the subject Language and Culture – two 10 credit Australian Indigenous language subjects can be paired in lieu of a 20 credit LOTE)
- 2END20 English Studies or 2ECS20 English Communications
- 2MDS20 Mathematical Studies
- 2MSC20 Specialist Mathematics.

Successful completion is defined as gaining an Overall Grade of C- or better. Because the Scheme is designed to encourage enrolments in these subjects rather than reward outcomes, no higher bonuses will be granted for higher achievement.

Students undertaking the International Baccalaureate or interstate senior secondary certificates in Australia are also eligible to receive bonuses under this Scheme.

International Baccalaureate and interstate subjects equivalent to the SACE/NTCET subjects listed above can be found in the table "Interstate/IB subjects pre-approved as Recognised Studies" on the Recognised Studies page.

Refer to the University guides for further information.

## Award Ceremony

---

An award ceremony is held early in February each year in conjunction with the other IB schools in South Australia to celebrate the outstanding achievements of Diploma Graduates.
